Town of Effingham  
OFFICE OF THE SELECTMEN  
2020 Annual Report

Tom Hart was elected to the Board of Selectmen (BoS) at Town Meeting in March. We bid farewell and thank John Meisner for his years of service to the Town of Effingham. Tom joins Chuck Fuller, elected to the Board in 2019 and Mike Cahalane, elected to the Board in 2018. The Board elected Mr. Cahalane to serve as Chairman of the Board of Selectmen for 2020.

The Board of Selectmen worked on several initiatives in 2020

- Financial Stability of the Town
- Ambulance Contract
- Assessing Revaluation
- Police Department
- Transfer Station
- Public Works Projects
- Town Office

#### Financial Stability

The Town's bank accounts were transitioned from Citizens Bank to the Bank of New Hampshire. Instead of paying fees, these accounts have earned interest in excess of \$11,000 on the Town's operating and reserve funds. Working closely with the Budget Committee and BoS were able to bring the Town expenses in under budget. Careful budget planning has put the Town in a strong financial position at the end of 2020. With this solid financial footing the Town will have sufficient funds in place to support many of the warrant articles proposed for 2021

#### Emergency Response

A new 5-year ambulance contract was negotiated with Action Ambulance providing shared services for Effingham and the surrounding towns of Freedom, Madison, Eaton, Tamworth and Ossipee. The Selectmen spent hours at the negotiating table. Our new contract provides, updated services with additional Ambulances at the ready. Staffed with highly qualified Paramedics and EMTs.

#### Assessing Revaluation

Town underwent the final year of the 5-year assessing by Avitar Associates. This provided the town with the new property revaluation which is used to set the new tax rate. As a whole, Property values increased, resulting a higher resale valuations for the individual property owners.

#### Police Department

The Police department has been rebuilt over the course of 2020 with plans to increase part-time staffing to provide greater coverage. Joe Duchesne joined the force as a part-time lieutenant. The new police cruiser, the Town voted to acquire at the March Town meeting, was put into service.

### Transfer Station

Our Transfer Station employees are to be commended for keeping the facility operational during the pandemic. Construction of a new oil containment system began and should be complete in 2021. The newly established Special Revenue Fund for the Transfer Station's future infrastructure needs has produced over \$15,000 in the first nine months with expected fund increases up to \$25,000 in April 2021.

### Public Works Projects

The Town experienced an Emergency Culvert Replacement in 2020 when the Pine River Road culvert was washed out due to flooding. This culvert was on the list of those needing to be replaced but was not on the list for 2020. The Elm Street Bridge underwent the expansion joint replacement and structural repairs this past Spring/Summer. Green Mountain road reconstruction continued in 2020 with the next phase of reconstruction, many of the culverts were replaced and a new wearing surface was paved to preserve the existing first phase. Considerable planning has been ongoing for the replacement of Snow Road Bridge and planning for the Bailey Road Culvert replacement.

### Town Office

The employees at the Town Hall are to be commended for keeping the Town running during the Covid-19 pandemic. The Town Clerk and support staff made it through 3 elections working inside the Effingham Elementary School and outside in tents to assure everyone had a chance to vote. The Town offices remained open by appointment with much of the year transacting business outside. A permanent Town Administrator, Audrey Fraizer, was hired. Audrey brings a strong business background with her and we are fortunate to have her in this role.

### Conclusion

To say that 2020 was a challenging year is an under-statement, but with the support of the town staff, officials, volunteers and residents it was a successful year. The Board of Selectmen extends its thanks to the staff for their diligence and efforts to control expenses and deliver valuable services to residents and visitors.

It is an honor to serve the residents of Effingham as your Selectmen. We are grateful for the opportunity and thankful for the communities participation and support. Please reach out to any of us to relay concerns or ask questions. We are here to service you.

Respectfully Submitted,

The Effingham Board of Selectmen

## **Effingham Budget Committee 2021 Annual Report**

**Members:** Chairman David Strauss, Vice Chairman Leo Racine, Tim Eldridge, Theresa Swanick, David Garceau, Ben Eldridge, and Chuck Fuller (Selectmen's Representative)

**As Budget Chair my goal was to guide and direct the Select Board through the budget process to ensure the townspeople were getting a fair return on their tax dollars.**

The duties and authority of the Budget Committee are found in NH RSA 32:16.

This year the town went through a real estate revaluation process that is designed to bring the town's total valuation to 100% of its true value. There was much concern that the effect on the tax rate would have negative repercussions; fortunately, the tax rate went down by a significant portion. The tax rate was decreased by \$5.65/k to \$21.25/k and the changes in the tax bills for most property owners were minor.

The Budget Committee prepared the budget sheets and scheduled the combined Board of Selectmen (BoS)/Budget Committee meetings. This year the BoS Chair set a goal to have all their budgets sheets completed before the Budget Committee meetings started. The BoS was able to provide the Budget Committee with the completed budget sheets of their estimated request by the second meeting of the Committee. The BoS put in a lot of work to provide the Budget Committee with this data so early in the budgetary process and this enabled us to see what the big picture before reviewing the individual budget sheets. Being able to see the overall financial picture and final budget numbers was very helpful to the Committee members. This proposed budget by the BoS was a \$44,000 decrease from last year not including the final ambulance number as the town's share is based on percentage used and that percentage was not known at the time this report was due. Preliminary numbers indicate this will be about a \$28,000 increase.

The Committee is extremely grateful the BoS has been a partner in the budget process this year. This has allowed our Committee to provide the citizens with a budget that not only supports the reasonable budgets for the Departments/Boards and Committees of our town, but also provides a reasonable town tax rate impact.

**What is in store for your next December tax bill?** We are projecting the town budget impact will be approximately \$16,000 less than last year (\$0.7/k less). The County tax rate (1.3%) is expected to be about a \$.08/k increase and the school is projected to be about \$0.97/k increase. Overall expected increase is approximated at \$0.98/k.

### **Conclusion**

Running a town costs money and taxation is how that money is raised. The Committee worked diligently during the past year to present what it believes is a responsible town budget. You are welcome to attend Budget Committee meetings and we appreciate your ideas, comments and questions.

Thank you to the BOS; Chair Mike Cahalane, Budget Committee Representative Chuck Fuller and Thomas Hart for providing the Committee the support needed for this budget year.

To my Committee members; I thank you all for your commitment and hard work for our town especially during these unique times of Covid-19 restrictions.

Respectfully Submitted  
David Strauss  
Chair

## Effingham Conservation Commission 2020 Annual Summary

2020 began much like any year. In January, representatives from GMCG presented a summary of the previous year's water quality monitoring in Effingham, including a five-year data summary and analysis for the streams that GMCG tests within or assigned to Effingham. One site on South River is just over the state line in Parsonsfield, Maine.

The detailed presentation covered issues with cyanobacteria, conductivity, and some E. Coli reports at some sites.

Among the concerns and questions put forward by ECC members were the suggestion that the South River site should be much closer to Province Lake, or at least more centrally located on the part of South River in Effingham, and that Wilkinson Brook should be tested because of its long, circuitous course through the heart of Effingham to the Pine River.

Work began in January on a solar energy ordinance draft for the town. The first stage was to look at a model ordinance provided by the state and ordinances already enacted by some other towns. Kamal Nath led the way on this research with his customary thoroughness and energy. This draft would then be presented to the Planning Board for actual crafting of the ordinance that will eventually be put before the voters.

Members also discussed dates for educational programs to be offered in the spring and summer.

The action continued in February with an application for review of a wetland dredge and fill permit. The commission does not judge the merits of the projects, only the completeness of the applications which are reviewed by the state. Members discussed potential topics for the Earth Day Poster Contest for students at Effingham Elementary School and continued work on the solar energy ordinance draft.

In March ECC continued perking along on issues ongoing and emerging. The commission had been approached about possible acquisition of a 57-acre parcel on Hobbs Road, adjacent to some SPNHF land, but by March the owner had decided to go in a different direction, and ECC had decided that it was not a good investment of public funds at that time anyway. Attention turned to topics like milfoil and lake host programs, and the educational presentations coming up in April and June. Work also continued on the solar energy ordinance draft.

The next regular meeting was scheduled for April 6. It never happened. The state had gone into lockdown. The educational presentations were canceled. With no other pressing matters, ECC coordinated the spring roadside trash cleanup by

email. The cleanup collected more than 200 bags of rubbish, from which was separated aluminum worth \$400, and 350 pounds of glass, to support a fundraiser for renovations of the historic town hall building. Additional help for roadside cleanup came from volunteers provided by Effingham Elementary School, who had time available due to the COVID-19 school closure. This initiative was led by EES Principal Patty Morrissey. Thanks go also to the Board of Selectmen for collecting the blue bags from the roadside and delivering them to the Transfer Station. These special efforts turned a year that could have been a meager showing or even canceled due to the pandemic into a big success and an example of community involvement.

ECC met next in July, at the picnic table outside the town offices. Just on general principles for the meeting of any public body, wearing a mask over the mouth and nose and sitting more than six feet apart was probably an extra good idea for people who couldn't get their hands on toilet paper. ECC had continued field work throughout the spring, and communicated with service providers like New England Milfoil for the usual annual survey of the demon weed in Effingham waters. And yes, work continued on the solar energy ordinance draft.

The drought was bad for wells, but kind to boards and committees holding outdoor meetings. August continued the trend. Among other things, members discussed issues of sediment and debris control on the Elm Street bridge project. Oh, and did I mention the solar energy ordinance? ECC finally tied that off to be submitted to the Planning Board for them to go through their own lengthy slog with it. These laws do not write themselves.

Beginning in November the commission started meeting in the Effingham Historical Society building, thanks to the kind hospitality of the Historical Society. Anyone attending is required to wear a mask over mouth and nose and respect the recommended safe distance between participants. Meetings are kept as brief as possible because of the dangers of long exposure in a confined space. The Earth Day poster contest at EES, canceled in the spring, was reinstated in the fall. ECC also worked in the Pine River Cherubini Preserve on Pine River Road, and the Larry Leavitt Preserve on Route 153, maintaining existing trails and surveying for possible expansions on these publicly accessible properties.

The annual milfoil survey harvested a near record low of only ten gallons.

Poster contest entries were judged at the December meeting. ECC also welcomed Diane Jarecki as a prospective new member. ECC welcomes any citizen of Effingham interested in joining.

Respectfully submitted, ECC.

Action Ambulance Service Inc is proud to be serving the residents of Effingham New Hampshire. We are grateful to have been chosen by the 6-town ambulance search committee to provide Advanced Life Support Ambulance service to the towns of Eaton, Effingham, Freedom, Madison, Ossipee, and Tamworth starting on April 1, 2020.

We operate two Advanced EMT staffed ambulances, and a Paramedic Staffed Ambulance 24-7, 365 days per year with an on-duty supervisor, and an on-call senior manager.

Our bases of operation are in Center Ossipee, and Tamworth.

Special thanks to the Effingham Fire departments, and all local first responders for their much-appreciated assistance on each call.

Action has responded to the following calls in the town of Effingham since April 1, 2020 through December 31, 2020:

129 calls requiring Advanced life support care.

4 calls requiring Basic life support care.

148 call requiring no transport or Fire standby request.

Once again thank you for allowing us to become your community partner.

Respectfully,

John S. Hatch, Executive Vice President

New Hampshire Division, Chief

To the Citizens of Effingham and like-minded Historic Preservationists,

The Historic Town Hall-Library (HTH) Project is moving forward. On behalf of the dedicated volunteer individuals of the HTH Project Team, we **Thank You All** for your past and continuing support. There are quite a few highlights in 2020 that propelled the project Phase 1 into high gear. A few of the notable events are:

- A new HTH project business website was launched in January. Historic education material, project phase work descriptions and the growing list of Our Supporters are just a few of things you will find. Please visit: [HistoricEffingham.org](https://HistoricEffingham.org) Secure on-line charitable donations may be made to the project.
- Effingham Property Taxpayers continued to support the project by providing a total of \$9,500 in two warrant articles at the 2020 Annual Town Meeting in March.
- Freemasons from Charter Oak Lodge #58 in Effingham contributed \$10,000 to the restoration and preservation of the building.
- The Grant Writing Team members include Jen Van Cor and Grace Fuller and Grant Consultants Catherine & David Lynch from Evanston, Illinois. Their efforts resulted in two grants being awarded to the project totalling \$165,650.
- The NH Land & Community Heritage Investment Program (LCHIP) \$165,000 grant was a 100% match of the funds raised by the Effingham property taxpayers, from public donations and individual and company charitable donations. Your ongoing support of this important work will help ready the building in time for the Town's 250<sup>th</sup> anniversary in 2028.
- Effingham Preservation Society continues to play a key role as a 501(c)-3 partner in collecting and managing general donations, charitable donations and foundation grants for the HTH Project. Karen Payne's incredible on-line bake sales have been profitable and provide wonderful eats and treats for the winning bidders.
- Steve and Sue Regal's impact has been two-fold: their efforts to collect, crush and redeem aluminum cans throughout the summer resulted in over \$1,700, plus reduced the town waste recycling costs.
- Jacobs Glass Inc., Winslow, Maine, was engaged to repair and restore 8 of the large first floor windows in the Town Library. Beech River (Shutter) Mill, Ossipee, was hired to create 8-pairs of window shutters using their ca 1851 machinery. 50% of the cost for the window restoration work was provided by a NH Moose Plate Grant awarded in 2019.

- Huge THANK YOU goes to Chris Garcia, Cobalt Construction Management (Cobalt Farm, Champion Hill Road) who has kindly volunteered his professional expertise in the construction trades to help expand the field of contractors willing to put proposals together for different items in Phase 1. The furthest distance that a contractor proposal has come from is Buffalo, NY.

Phase 1 historic preservation work items approved by LCHIP may include:

Architectural plan for the building's ground floor; possible structural engineer review  
Interior ground floor construction per the architectural plan  
New and upgraded insulation and electrical wiring  
Exterior window trim and clapboard rot repairs  
Restoration of the remaining 5 ground floor windows  
New and upgraded storm windows for the entire building  
New window shutters for the building  
New cladding for exterior window caps and roof return caps  
Entire building scraped and painted using lead remediation methods  
Upgraded fire/security alarm system  
Upgraded HVAC system

Actual construction listed work items were mostly identified and reviewed in the historic architect's preservation report of May 2019. Project work items will be completed in accordance with the Secretary of the Interior's Standards for Rehabilitation.

Historic Town Hall-Library Phase 2 Fundraising has started. The HTH website, under the Restoration tab, lists items that are intended to be worked on in future phases. With more updated information as the project proceeds, some of these work items may be modified or removed, or may change to a different phase.

Where possible, the HTH Project Team is looking to find grants that will 100% match the money raised by the town taxpayers and through donations.

Once again, Thank You all for your continued support of the Historic Town Hall-Library restoration project.

## Effingham Public Library 2020 Annual Report

During the COVID-19 crisis, the Effingham Public Library continued to offer services and resources, adapting to the continuously changing situation. Patrons continued to be served, via curbside pick-up of books and other media, through Winter 2020. Other accomplishments include:

- ❖ Volunteers and staff painted walls, trim, doors and windows, outside ramp, and shed
- ❖ Restored windows were re-installed on the Main Floor – what a difference with the light and no air leaks!!
- ❖ New shelving was installed in the Children’s Room
- ❖ Provided the Summer Reading Program: “Imagine Your Story”
- ❖ New library logo designed
- ❖ Friends of the Effingham Library held a very successful grab bag book sale in the EPL parking lot.

- ❖ New “campfire” Reading Rug installed in the Children’s Room
- ❖ The Library shelving was re-arranged to provide more light in the space, and easier browsing. More changes to come!

Two grants were received in 2020.

- The NH State Library Summer Learning Grant provided funds used to purchase TECH (Tinker, Explore, Create, at Home) STEM-themed kits. These include a metal detector kit, bug collecting kit, an Engino kit for learning about physics and engineering through bridge and structure building, and many others. Fun for children AND adults!
- The Children’s Literacy Foundation provided a grant for \$2,000 worth of new children’s books for the collection and \$500 new children’s books for the Effingham Elementary School, as well as two story-telling events and book giveaways.

The Effingham Public Library has an active roster of volunteers, and welcomes others. Stay tuned to our updated website (<https://effingham.lib.nh.us/home>) for new programs and offerings. We hope to see you soon!

## ANNUAL REPORT 2020

In this year of a global COVID pandemic and declared statewide emergency, the Planning Board rapidly put into place a state-approved secure remote meeting method, utilizing the Zoom online virtual platform, to conduct regular business. For complex site plan and subdivision applications requiring large plans to review, this mode is challenging. Indeed, for public hearings where the Board needs to hear from all abutters and interested members of the public as can attend, this was especially challenging, and required enlisting assistance with co-hosting online hearings. The Board expresses thanks to Knute Ogren of the Zoning Board and Pat Piper, Library Trustee, who assisted Zoom co-hosting with large online public hearings.

The Board conducted 22 meetings including public hearings, and 1 subdivision site walk.

The Planning Board completed an update to the annual Capital Improvement Program (CIP) this year for the ten-year period 2021-2030. In 2021, this program will further review municipal buildings. The written CIP will be updated annually in preparation for each budget cycle to facilitate long term planning and assist with stabilizing tax rates to the degree possible. Recognition to Grace Fuller for chairing the committee with members of the Select Board, Planning Board, Budget Committee, Trustees of Trust Funds, Police and Fire department heads.

In June, the Board finalized an Effingham Excavation Ordinance, effective upon adoption.

Other tasks accomplished by the Planning Board over the course of the year include:

1. Public Hearing on zoning amendments to the zoning ordinance for town warrant.
2. Major Site Plan/Excavation permit application regarding a possible gravel pit operation.
3. Major 3-lot Subdivision/Special Use Permit/wetlands application heard over many months.
4. 4 lot mergers, 2 Subdivision applications, 2 Accessory Dwelling Unit (ADU) applications.
5. 1 Site Plan Preliminary Consultation on expansion of an existing nonconforming use.
6. Monthly Zoning Officer reports related to town zoning and regulations.
7. Due to an extremely demanding schedule, deferred any updates to the Zoning Ordinance.

In 2021, the Board will consider zoning amendments including a proposal submitted from the Effingham Conservation Commission for a solar ordinance, and discuss plans for chapter-by-chapter Master Plan revision process over several years. Public input is always welcome as are individuals curious about or willing to serve as alternates to the Board.

I close thanking this dedicated board for rising to the state of emergency caused by the pandemic and adapting readily to the remote online meeting format to safely continue meeting.

Respectfully submitted,  
Theresa Swanick, Chair

## **TRUSTEES OF TRUST FUNDS Annual Report for 2020**

The Trustees held six meetings: April 17, May 28, Sept. 22, October 13, December 10 and 16, and several work sessions. The April and May meetings were held remotely via conference calls per the COVID-19 order of the Governor.

The spreadsheet included in this Annual Report details Trust Fund income, withdrawals, and balances for 2020. The Trust Funds are divided into three sub-categories: trusts that require a Town vote to expend, trusts with *Agents to Expend*,\* and one of the longest lists in the state of Cemetery Funds from which the Town's Cemetery Trustees (i.e our Selectmen) may spend the interest only.

Total of annual deposits was \$69,450, with \$304,694.82 in withdrawals. The largest withdrawals were: \$200,000 to Town-owned Bridges for the Snow Road Bridge (Article 26), \$36,174 for the new police cruiser (Article 23), and a check to the Town of Effingham for the closing balance of \$51,698.22 from the discontinued Public Safety Building CRF (Article 24).

Respectfully submitted,

*Karen Payne, Trustee*  
*Carol Pfister, Trustee*  
*Theresa Swanick, Trustee*

**Trust** - [law] - property that is held by one party for the benefit of another

**ToTF** - All trust funds are held in the custody of the **Trustees of Trust Funds** who will only release funds when they have a voucher executed by the agents to expend documenting that the monies are requested for the purpose for which the trust fund was established.

**\*Agents to Expend** - Withdrawing money from a trust fund requires a town vote unless the town has voted on "agents to expend." Agents may be named at the time the fund is established, or at a later Town vote. Agents may authorize expenditures at any time for the purposes of the fund.

## ANNUAL REPORT 2020

In this year of a worldwide COVID pandemic and declared statewide emergency, the Zoning Board of Adjustment (ZBA) rapidly adapted to a state-approved secure virtual meeting method, utilizing the ZOOM online platform, to conduct regular business.

The Zoning Board of Adjustment (ZBA) provides relief from the literal wording of the Zoning Ordinance (ZO) in cases where conditions of a lot will make strict compliance difficult or impossible for an applicant. Relief cannot be granted in every case because the applicant needs to meet specific criteria. Applications for relief are reviewed by the ZBA followed by a public hearing and deliberation by the ZBA.

The criteria weigh the relative benefit or harm to the applicant, potential abutters and the townspeople at large. The goal is to achieve a just result. The decision can require a long consideration of competing factors. Sometimes, the answer is clear, and the process simply has to follow the requisite steps to reach a decision.

Over the past several years, the ZBA and the Planning Board have been working together to make specific revisions to the ZO in order to minimize the number of unintended violations that had been occurring concerning non-conforming lots of record in town. While the issues cannot be completely avoided, the number of cases was reduced and the hearing process streamlined with each refinement of the ordinance as a whole.

In 2020, the ZBA reviewed applications that resulted in the following decisions:

Case 091: Variance – from ZO Section 402 – to add a storage shed.

Case 092: Special Exception under ZO Section 709 – tear down/rebuild of home.

Case 093: Variance – from ZO Table of Permitted Uses and Section 702: Change or Expansion of a Nonconforming Use, with four stipulated conditions of approval.

In addition, the board met for annual board elections, the filling of a vacancy, and annual budget review and approval.

Thank you to the members of the Board for their dedicated commitment to our town. 2020 required adapting to a remote meeting method during a pandemic, which proved safe indeed but challenging in some ways and beneficial in other ways. The board will discuss improvements to procedures in 2021.

Respectfully submitted,  
Theresa Swanick, Chair

## **Town of Effingham Zoning Office**

The number of Building Permits issued was considerably down 2020, for a total of 90 permits. This is after a record 120 permits in 2019. As usual, majority of the permits were for additions, accessory structures and seasonal RV use.

Due to COVID 19 the Zoning Office has been closed, but there has been no reduction in service to the community. I am readily available by email and willing to call folks if they give me a telephone number. I was able to attend Planning Board & ZBA meetings and Carroll County Court electronically.

I sent 42 warning letters, mostly for small violations, such as additions and outbuildings that had been built without securing a building permit and for RVs being used without an RV permit. 11 of those were letters sent to owners of properties that met the legal definition of junkyard. I'm happy to report progress on all but 1 property, with 4 of the properties being removed from the list.

I will continue updating our property owners on changes to the Zoning Ordinance and basic dos and don'ts of land use in Effingham with an annual information postcard.

## Fund Balance Retention

<b>Enterprise Funds and Current Year Bonds</b>	<b>\$75,000</b>
<b>General Fund Operating Expenses</b>	<b>\$5,080,928</b>
<b>Final Overlay</b>	<b>\$150,985</b>

DRA has provided a reference range of fund balance retention amounts below. Please utilize these ranges in the determination of the adequacy of your municipality's unrestricted fund balance, as currently defined in GASB Statement 54. Retention amounts, as part of the municipality's stabilization fund policy [1], should be assessed dependent upon your governments own long-term forecasts and special circumstances. Please note that current best practices published by GFOA recommend, at a minimum, that "...general purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." ## **EFFINGHAM TOWN MEETING RULES OF PROCEDURE**

The Town Moderator will use the following general Rules of Procedure to conduct the Town Meeting, keeping in mind that voters at the Meeting always have the right to vote to change the rules. The Moderator will not follow Robert's Rules of Procedure, but will conduct the Meeting according to the following rules so that voters can express their opinions and so that the Meeting keeps moving forward. The goal is to avoid having the Meeting bog down in procedural technicalities and confusion.

1. By majority vote, the voters can overrule any decision that the Moderator makes and any rule that the Moderator establishes. A voter can raise such a request by a Point of Order.
2. The Moderator will take Articles in the order that they appear on the Warrant unless the Moderator announces the intent to take Articles out of order.
3. The Moderator will consider each Article as follows:
  - a. The Moderator will announce the Article number and the text of the Article.
  - b. The Moderator will recognize a member of the Board of Selectmen or Budget Committee, or the petitioner (for a petitioned article), to move the adoption of the Article.
  - c. If the motion is seconded, the Moderator will recognize a member of the Board of Selectmen or the petitioner to explain the Article.
  - d. The Meeting will debate and then vote on the Article.
4. Everyone who speaks must use a microphone so they can be heard. If the voter is unable to reach the stand-up microphone, the voter should raise his/her hand and a hand-held microphone will be provided.
5. No one may speak unless he or she is recognized by the Moderator and has the floor.
  - a. Each speaker must provide his/her name.
  - b. Even if a voter does not have the floor, he/she may speak to raise a Point of Order, to challenge the Moderator's ruling, or to overrule the Moderator.
6. The Moderator will allow only one motion on the floor at a time. There are two exceptions to this rule:
  - a. A voter may raise a Point of Order at any time;
  - b. If the voter has the floor, the voter may make a motion to:
    - i. Amend the pending motion;
    - ii. Call the Question
7. The Moderator will not accept negative motions, which are motions that require a "no" vote to vote in the affirmative, such as: "I move that we not adopt the budget."
8. Motions to Call the Question limit debate and require a 2/3 vote. If passed, the motion stops debate on a motion. However, the Moderator will recognize all voters who are standing at a microphone or holding a microphone and anyone seated at the Selectmen's or Budget Committee's table who has previously told the Moderator he/she wishes to speak. Also, the Moderator has the right to refuse to recognize a Motion to Call the Question if, in the Moderator's opinion, the voters have not yet had an adequate opportunity to discuss an issue.
9. Non-voters may not speak at the Meeting without the permission of the voters. However, the Moderator will allow non-resident town officials and consultants or experts who are at the Meeting to provide information about an Article to speak.
10. All speakers must be courteous and must speak to the issues, not the individuals raising them. The Moderator will not allow personal attacks or inappropriate language.

11. Any person who behaves in a disorderly manner and, after notice from the Moderator, persists in such behavior, or shall in any way disturb the Meeting, or willfully violates any rule of proceeding may be removed from the Meeting. The Moderator may have a police officer, or any legal voter of the town, remove such person. (RSA 40:8)
12. Speakers will address all questions and comments to the Moderator. The Moderator will choose who responds to the questions.
13. With the exception of initial presentations on Articles, which the Moderator asks to be limited to 10 minutes, all speakers in debate will be limited to 3 minutes.
14. Speakers will be recognized only once on an issue until everyone who wishes to speak on the issue has spoken.
15. The Moderator will determine the method of voting except as determined by law. However, any voter who doubts the accuracy of any non-counted vote may require the Moderator to determine a vote by a counted show of hands or counted standing vote.
16. Any 5 voters may require that a vote on any Article or question be by secret ballot. To do so:
  - a. All 5 voters must be present and identified, and
  - b. The request must be presented in writing to the Moderator prior to the end of debate on the Article or question.
17. Any vote on a bond issue of over \$100,000 by law must be voted on by secret ballot. (RSA 33:8).
18. Motions to reconsider an Article may only be made immediately after the vote on the Article, and may only be made by a voter who voted on the prevailing side of the vote to be reconsidered. However, the following limits may apply to the reconsideration of the Article:
  - a. **Mandatory Restriction:** In accordance with RSA 33:8-a, if a motion to reconsider a ballot vote on a bond issue of more than \$100,000 passes, the Article cannot be reconsidered until a reconvened Meeting that is at least 7 days after the original vote. The restriction on reconsideration automatically applies without the need for the Meeting to vote for it.
  - b. **Optional Restriction:** Voters may postpone reconsideration of any Article at this Meeting by voting to restrict reconsideration of the Article in accordance with RSA 40:10. If the Meeting passes such a motion, the Article cannot be reconsidered until a reconvened Meeting held at least 7 days after the date of the original vote.

**Reminder:** Since any rule of the Moderator or decision of the Meeting can be reversed or changed at any time prior to the end of the meeting by a majority vote of the Meeting, there is no rule that can be adopted that can absolutely prevent the reconsideration of an Article.

19. The Moderator may vote on all Articles. However, the Moderator plans to vote only in two instances:
  - a. To break a tie
  - b. To make a vote a tie vote if a motion the Moderator opposes would otherwise carry by 1 vote
20. The Moderator will make every effort to recess the Meeting at an appropriate time so that voters may make donations to enjoy food and refreshments provided by the PTO.

Susan Slack  
Effingham Town Moderator
