SELECTMEN'S REPORT

Once again Jackson's town government lived within its means; in fact, we returned money to the general fund to offset some of what will be needed for 1997.

It is not by accident that we have been able to keep the Town running smoothly while supplying the essential services to the community. Experience is the key word here. From the Selectmen to all our department heads, Jackson is fortunate to have a wealth of experience to draw from.

As many of you know, the Selectmen have addressed the building of a new municipal building to meet our space and administrative needs. The long range Gray's Inn Planning Committee has undertaken the task of planning for the eventual building of a facility on town property, the former site of Gray's Inn. The Selectmen are also in the process of appointing a smaller building committee to deal with the actual building design, cost, etc., by March of 1998. Nine of fifteen payments to pay our loan off on the Gray's Inn property will have been made. Are we ready to actually build? The community will be the judge.

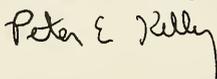

Experienced people in the right jobs make for sound town government, but another very important element is a town's volunteers. Volunteerism has always been the cornerstone of small towns of the North Country. What makes Jackson so special is the high quality of people we have been able to attract to positions that pay little or nothing but require much time of an individual. Volunteers have helped to make the town what it is today, while keeping our taxes at a reasonable level. It is our sincere hope that people will continue to step forward in maintaining the Town of Jackson as a great place to live in and visit.

We want to thank Chuck Stone for doing his best at the ice skating rink, to John Pepper for fifteen years as Trustee of Trust Funds, to Lewis Fernald and Rodney Charles for mowing town lawns, to Fran Henry for keeping flower boxes and beds looking bright and cheerful, and to Arnold Bennett for overseeing operations at our transfer site that have resulted in better compliance in our recycling program. 1997 promises to be an exciting year in the life of our town.

**ARTICLE 47** Voted to raise and appropriate the sum of \$21,000.00 plus the trade in of the 1990 one ton highway truck for the purchase of a 4x4 highway truck. There was a question as to whether or not the sander could still be used, the new 1997 vehicle is the same type vehicle. The question was also raised about paying more for a diesel, the reasons were stated as a diesel holds their value longer and have lower maintenance costs.

**ARTICLE 48** Voted to raise and appropriate the sum of \$2,000.00 for the State Aid Reconstruction Program: the State of New Hampshire to appropriate \$4,000.00 on July 1, 1996.

**ARTICLE 49** Voted to raise and appropriate the sum of \$5,000.00 for the capital reserve fund known as the Ambulance Capital Reserve Fund (only request by ambulance).

**ARTICLE 50** Voted to raise and appropriate the sum of \$5,000.00 for Transfer Site Capital Improvement as an expendable trust fund under RSA 31:19-a.

**ARTICLE 51** Voted to create an expendable trust fund under the provisions of RSA 31:19-a, to be known as the Bridge Repair and Maintenance Fund and to raise and appropriate the sum of \$15,000.00 for that purpose. Alice McLane questioned specific bridges. There was also additional discussion on Green Hill Road and the school bus.

**ARTICLE 52** Voted \$4,000.00 for a culvert for Eagle Mountain Road.

**ARTICLE 53** Voted to raise and appropriate the sum of \$10,000.00 for the Town Administrative Office Building Capital Reserve Fund.

**ARTICLE 54** Voted to raise and appropriate the sum of \$1,000.00 for expenses which may be incurred by the Gray's Inn Committee in preparing a master plan for the property. The committee of about 20 is an informal group of citizens and the selectmen will control any expenses. Peter talked about small office buildings. There will be public hearings per Frank on building, \$60-70M in reserve. The paydown of Gray's Inn note is about half done.

**ARTICLE 55** To act upon other business. There was a question by Rich Johnson regarding the enhanced 911 system. The numbers aren't on yet because the state hasn't sent the maps; however, the names are completed and 911 is working.

Frank DiFruscio spoke of Eleanor Lang's coming semi-retirement and Tracy Scranton's change to full-time. Ellie received a standing ovation at Frank's suggestion.

A motion was made to dissolve and the meeting was dissolved at 10:30 AM.

**AUDITOR'S CERTIFICATE**

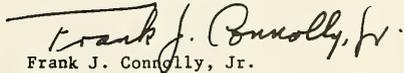

The undersigned, auditor of the Town of Jackson, New Hampshire, does hereby certify that he has examined the accounts, books, vouchers, statements and other financial records of said town and its various officers.

Auditor found that unpaid liens of April 15, 1993, were not deeded to the town after April 16, 1995, approximately \$7,881. Auditor found that unpaid liens of May 16, 1994, were not deeded to the town after May 17, 1996, approximately \$1,109. I recommend that this be done immediately.

Auditor found that the selectmen have not adopted and reviewed a written investment policy (RSA 41:29, IV) so as to maximize the investment of idle funds.

Auditor found the accounts, books, vouchers, statements and other financial records of said town and its officers to be true and accurate in all other respects.

Respectfully submitted,

Frank J. Conolly, Jr.  
Auditor

LIBRARY TRUSTEE'S REPORT

The Jackson Public Library remains a small, friendly, rural library, despite the many changes that took place in 1996.

After sixteen plus years of directing the library, Priscilla Bissell retired in June. A well attended reception was held in mid-May to honor her for all those years of service. Thank you, Priscilla, for those wonderful years.

In June we welcomed Susan Dunker-Bendigo as our new Librarian. Susan has been hard at work implementing new ideas and has been ably assisted by Susan Way. Thank you both for your fine work and diligence.

In July we added Saturday morning hours to improve our service to the Jackson Community. This has been well received, and we will continue to remain open Saturdays throughout the year.

The children of the Jackson Grammer School still continue their exclusive weekly visit to the library, now on Thursday mornings, 9:00 to 11:00. The presence of the children in the Library is positive and exciting, and we look forward to continuing and possibly expanding this program. The Jackson-Bartlett Pre-School children, under the direction of Melissa Grady, also continue to visit the Library. Story time is a popular happening.

The Library received a significant grant from the Kendall C. and Anna Ham Foundation in October. Through this grant we were able to recarpet the entire Library, upgrade the telephone system, purchase a new desk chair and typewriter, and recover the window seat cushions. Our thanks to the Ham Foundation.

In the fall we were given a computer by the Tamworth Library. It is currently in use for inter-library loans and to schedule van deliveries of inter-library loan materials.

The annual summer book sales were most gratifying. Our thanks to all who donated books for the continuing sale and to those who purchased them.

We look forward to 1997 and welcome your suggestions on how the Library can better serve the community.

**1996 ANNUAL REPORT**  
**TRUSTEES OF CEMETERIES**

The usual fine grooming of the Village Cemetery was done by Pat Donnelly with Floribunda maintaining the flower plantings. Reg Illsley continued to keep the equipment in running order. Dean Davis keeps the Dundee Cemetery mowed.

A major task of maintenance was completed by Arthur's Memorials of Redstone. Broken graves were repaired and many others were straightened up and reset in concrete. During 1997 we hope to clean many of the stones at the Dundee Cemetery.

The sun and acid rain have taken toll of the fencing around the Village Cemetery by destroying some of the vinyl coating on the galvanized tubing. At some time in the future a major painting project will be required to preserve the green coloring of the fence.

## JACKSON CONSERVATION COMMISSION

ANNUAL REPORT - 1996

The members of the Jackson Conservation Commission are appointed by the Board of Selectmen to serve three year terms. The principal role of the Commission is to ensure the protection and preservation of the natural and historic resources of the community by advocating good land stewardship. This concept often entails the interpretation of environmental laws at the local, State and Federal levels. Members continue to review local regulations and projects in order to best serve their advisory function to the Jackson Board of Selectmen to whom falls the role of enforcement. Continued support from the community for enforcement of all environmental laws will help to contribute to the protection of our natural assets.

In 1996 the Commission reviewed a number of Dredge and Fill applications, three from the Town of Jackson. The Conservation Commission and the N. H. Wetlands Bureau are often maligned for the time interval between submission of applications and final approval of projects. Most delays are usually the fault of the applicant due to incomplete applications. One of the Jackson proposal was for repairs to the berm of the firepond in Memorial Park. The Commission judged the map/drawing to be inadequate and foresaw a delay due to rejection by the Wetlands Bureau. A member of the Commission rendered a more detailed and appropriate drawing, and the project received State approval a short time later. The Town still needs funding and Federal approval for the project, but this case illustrates how the Commission can work with the Town and other members of the community for the common good.

Memorial Park and Jackson-Falls continue to be popular sites for day visits. The Commission provided two new picnic tables to both sites and had hoped to get community volunteers to stain them. No one came forward, so I guess the Commission will have to do it themselves in the Spring. The Fist Stocking Program at Memorial Park continues to be a success for the younger members of our community.

The Conservation Commission is proposing to sponsor a River Cleanup Day to coincide with National River Cleanup Week (May 10-17 1997). In the past we have also sponsored road cleanups, but you have probably noticed that our various by-ways have been "adopted". We urge any individual or civic group with ideas for river cleanup projects to submit them to assist us in our planning process.

We no longer receive Town funding for our programs and thus must schedule our activities accordingly. Insurance considerations also limit the scope of our programs. The Commission hopes to continue its tradition of supporting work at Prospect Farm and doing some low-impact work on the Iron Mountain Trail, Eagle Mountain Trail, and the Thorn Mountain Trail. We also plan a number of site visits to the Gray's Inn property in the Spring to explore some possibilities for site development of the land which may include a nature trail.

Members of the Community are welcome and encouraged to be involved in our activities. We will address any environmental concerns which fall under our jurisdiction or expertise. Please contact any member or come to our monthly meetings held at 5:00 P.M. at the Jackson Grammar School on the 2nd Thursday of each month.

Respectfully submitted,

  
George J. Bordash, Chairman

ROAD AGENT'S REPORT

The winter of 1995-96 was a snowy one with no major breakdown of equipment. We had some washouts in January. Due to lots of storms, 875 extra yards of sand was used.

We purchased a new Dodge one-ton truck to replace the 1990 Dodge. This year we need to replace the sander on the 1992 International, which is twelve years old. It is also time to replace the Town mower, which is eight years old.

Three hundred and fifty yards of pugmill was mixed and spread on Thorn Hill Road, Black Mountain Road, Whitney Hill Road, Lower Highlands Road, Mountain View Road, North Hampshire Ridge Road and a section of Eagle Mountain Road. These roads were also sealed with tar. A larger culvert was installed on Eagle Mountain Road; which, hopefully, will solve the problems with washouts. Eight additional culverts were replaced around town. Roads which were damaged by heavy rains in the late Fall of 1995 were repaired using funds received for flood damage.

Work was done on the road at Prospect Farm, maintenance work was done on Town property and in the Fire Station.

Respectfully submitted,

Arthur E. Fernald  
Road Agent

JACKSON POLICE DEPARTMENT

The activity was about the same in 1996 as it was in 1995 for the Police Department. The State Police and the Sheriff's Department have handled some calls in Jackson in 1996. This was due to the fact that John Kelly was involved in a motor vehicle accident while he was off duty in his own vehicle. John was out of work from July to September due to injuries received in the accident.

Police Activity For 1996

40 Criminal Cases  
23 Criminal Cases Cleared by Court or Other Means  
60 Defective Equipment Tags Issued  
57 Motor Vehicle Warnings Issued  
42 Motor Vehicle Summons Issued  
45 Motor Vehicle Accidents

The Jackson Police Department would like to thank the Jackson community for all their help and support we have received in the past.

John E. Moulton  
Chief of Police

## JACKSON FIRE DEPT

The 26 member Jackson Fire Department logged in 3,633½ man hours for this past year. These hours included structure and chimney fires, vehicle and construction accidents, a propane leak, alarm activations, department training, and out of town man power and equipment assistance for mutual aid. In addition the department has spent time and fundraised monies on equipment and upgrade projects beneficial to the ongoing safety services for this community.

1996 saw continued training provided to the membership in the form of school bus and vehicle extrication, hazardous material management, and ongoing equipment use and familiarization. The radio communication system has been upgraded on the summit of Tyrol. Solar-powered panels have been installed to keep the radio communication system up and available when power is out. Previously, when power was out, the station had to be manned by personnel with communications being limited to the telephone for both the communities of Jackson and Bartlett. A summit radio building was erected using fundraised monies and built by members of the department. To further address the issue of continuity of service when power is out, we have obtained a 10 K-W generator which will allow us to operate the station for an indefinite period of time, keeping the building heated and lit. Another accomplishment of the department was the development and implementation of the blood-borne pathogens and TB protocols, both required by the State of New Hampshire and OSHA regulations. The protocols are in place and TB and Hepatitis B screenings have been done.

This department is your fire protection and safety service, made-up of members of your community who give of their time and their service. The entire department wishes to thank the community for the continued support through fundraising efforts such as the chicken barbecue and the open house.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing any open burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the N.H. Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws please call our office at 271-2217.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments.

BARTLETT-JACKSON AMBULANCE SERVICE REPORT

In 1996 we responded to 258 calls for service. This is down about ten percent from 1995.

We ended the year with twenty-four members, all of whom are nationally certified Emergency Medical Technicians. Some have gone on to higher training at the Intermediate level. These members are medically certified to start intravenous fluid lines into the body and give certain drugs in the field. We have one member in a Paramedic course and another starting soon. It is interesting to note that all members combined have invested over three thousand hours of training or service to the towns in the past year alone.

This past year Bob Kroger has retired from the ambulance service. He has given nineteen years of service to the Towns of Bartlett and Jackson. Bob was always there when needed regardless of time of day or weather conditions. Bob's specialty was water rescue and high angle rescue. He will be missed by all; thank you, Bob!

By the time this report is out, we should be in our new station, adjacent to the State Garage in Glen. We will be planning an Open House in the spring. This facility is modern and so far ahead of what we had. It even includes indoor plumbing conveniences.

This will be the second year in a row that our budget comes to you with no cost to taxpayers. Over the past two years, we have gone to computer billing and collecting systems. A lot of hours have been invested by Sue Gaudette to set up this system.

As always, many thanks to the Fire and Police Departments for their help on our calls.

Respectfully submitted,

James Clemons, Jr.  
Director

1996 ANNUAL REPORT OF THE JACKSON PLANNING BOARD

The past year for the Planning Board was one which had a number of lot line adjustments, several small subdivisions, but no major developments. One topic which has been much discussed and is still being fine tuned is the issue of accessory apartments. This issue is one which the Planning Board feels a need to address and would welcome public in-put on this topic.

The Planning Board and my personal thanks go out to Dee McClave for her dedication, organization and wise counsel. I would also like to extend my thanks to the Board members for their patience and advice.

The Planning Board meetings are held on the second Thursday of each month, at 7:30 p.m. in the Jackson Town Hall. All interested members of the public are welcome to attend.

Respectfully submitted,

### NORTH COUNTRY COUNCIL ANNUAL REPORT - 1996

This has been a very busy year at the Council. We completed 53 local and regional projects and were directly responsible for the investment of \$7.0 million in local infrastructure projects by federal or state funding sources. In cooperation with the NH Department of Transportation, the Council was involved in the development and implementation of \$16.5 million of transportation projects on the Ten Year Transportation Improvement Program (TIP). NCC was called upon many times each day to provide local technical advice, be "on call" for our members, respond to questions or provide guidance to land use boards, development corporations, boards of selectmen, chambers of commerce and civic groups. There are over 300 of these local bodies in the region and this last year saw us interacting with most of them at least once and many of them on numerous occasions. In addition, we convened numerous meetings, hearings and informational sessions on regional environmental, regulatory, development, permitting and public policy issues. Similarly, we provided advice, technical assistance and guidance on a weekly basis to businesses, public agencies and non-profit corporations. This last year, we responded to more than 200 requests for data, direction and advice from a very diverse mix of businesses, agencies and organizations. Beyond these requests, we have continued to maintain a regular dialogue with those state agencies that depend on us for a "linkage" to the communities of the North Country.

A new beginning for the Council was the opening of the North Country Council Development Center, located at the historic Rocks Estate in Bethlehem. The Center is the site of NCC's offices, the offices of the NH State Library and the North Country Arts Alliance. This next year will see the addition of another four tenants in spaces that will be ready for occupancy in the summer of 1997. Equally important to its function as a home for all these and other important regional resources, the Center will function as a research/demonstration site, partnership facilitator, conference center, source of market information and communication vehicle for the North Country of New Hampshire.

During 1996, the Center hosted teams of planners from the Netherlands, Central America, the Caribbean, and Eastern Europe. Through these meetings we have gained a mutual understanding of the planning and development challenges we face as a world community. More specifically, these visits have provided us with an opportunity to learn new approaches to conserve resources and foster appropriate development, as well as make many new friends.

This year has been a watershed year for the Council. We have enhanced our staff capacity; we have undergone significant internal strengthening and we have restructured and reorganized, all in an effort to respond to regional need. Our goal, however, remains the same: to provide support and leadership to the region, its governments, businesses and citizens.

Sincerely,

Preston S. Gilbert  
 Executive Director

**MOUNT WASHINGTON VALLEY ECONOMIC COUNCIL  
ANNUAL REPORT**

---

1996 has been an exciting year for the Mt. Washington Valley Economic Council. Our twelve town region has benefited from the efforts of our 30 member volunteer board. We have tried to be the organization that listens to business people, educators, elected officials, State agencies and other organizations as we focus on meeting our mission and goals. Some of the highlights for 1996 include: the wiring of the region into the Internet; completion and distribution of the Vision 20/20 survey to help guide growth and the quality of life in the region; approval of a \$100,000 per year for 2 years Capacity Building Grant to hire a full-time Executive Director and office assistant to work directly with businesses and local government on Community Block grants and our revolving loan fund program; success in obtaining town's support from 9 out of our 12 towns in our region based on equalized valuations; support from the Northern NH Foundation has provided operational and program funds, while a grant from the Ham Foundation made the purchase of computer equipment possible; educational forums addressing municipal cooperation with the Selectmen and Planning Board members; a Maine Sales Tax Forum, addressing concerns and rights of N.H. businesses; an informational forest forum addressing the challenges facing the forestry industry and value added products; an anticipated reopening of a local employment office (a result from needs expressed at the forestry forum); a highly successful and informative annual meeting (standing room only) with guest speakers Governor elect Jeanne Shaheen, and Cranmore's new owner George Gillett; energy forums addressing the cost of fossil fuels and examining our alternatives; "Economically Speaking", MWVEC's newsletter made its debut and will be published quarterly to keep our towns' people informed and abreast of our activities; and finally, increased membership and corporate sponsorship support.

As we begin a new year, the Council will be relocating to Conway Village. This new site will also include the establishment of a one-stop small business resource center. To keep in touch with business needs and issues, monthly business leaders' breakfasts will be held beginning in March. The Business Visitation Program will shift into high gear throughout the region in hopes of providing support and economic opportunities for all who live and work in the Mt. Washington Valley. MWVEC welcomes public input and volunteers to serve on our committees. Your involvement in our programs will help make them more successful. MWVEC can make a difference.
