*During the year, the Cemetery Committee turned over $1,194.72 to the Trustees of Trust Funds; this money plus the interest of $47.46 earned during the year makes up the "Redistributed Accumulated Cemetery Interest" item of $1,242.18. This money is unexpended Cemetery Funds' interest which has been accumulating for several years. The Trustees have apportioned this accumulated interest money back to the respective Cemetery Funds to which it belongs. This work has been as carefully estimated as the Trustees believe possible.

Since the audit of this report, we have received the sum of $50.00 for the care of the Mathew Richardson cemetery lot and $50.00 for the care of the John Currier cemetery lot.

REPORT OF FROST FREE LIBRARY

The annual meeting of the trustees of Frost Free Library was held in the library building Saturday, October first at 8:15.

Rufus S. Frost, the president, presided, and called on Rev. Herbert J. Foote to offer prayer. Mrs. Carrie Whitney Webb who served efficiently as secretary of the trustees for ten years, owing to ill health found it necessary to tender her resignation, which was accepted with profound regrets. Rev. Herbert J. Foote was elected to serve as secretary pro tem.

The secretary’s report was read and adopted. The treasurer, Fred D. Hemenway, reported cash on hand Oct. 3, 1931 $447.44 received during the year $494.48 making a total of $941.92. The expenditures during the year $635.29, leaving a balance of cash on hand October 1, 1932 of $306.63. The auditor approved the report.
The librarian read an interesting report of the library activities during the year. The report was adopted.

Mr. Frost spoke briefly regarding the interest taken by the late Merrill Mason in the work of the library. The president appointed Rev. Herbert J. Foote to prepare suitable resolutions, and send same to Mrs. Ada H. Mason. On motion of Walter Buckminster, the work on windows be left with Executive Committee. Voted to spend not more than $100.00 for new books. The following officers were elected: president, Rufus S. Frost; vice president, Mabelle F. Page; secretary, Rev. Herbert J. Foote; treasurer, Fred D. Hemenway; librarian, Elfreda K. Cheeseman; auditor, Rev. Herbert J. Foote.

The following were elected as members of the executive committee: Mabelle F. Page, Walter Buckminster, Ernest Flint, Rufus S. Frost, Rev. Herbert J. Foote.

The following were named as members of the Book Committee: Mrs. Mabelle Page, Mrs. Carrie Whitney Webb.

HERBERT J. FOOTE,
Secretary.

LIBRARIAN'S REPORT

To the president and trustees of the Frost Free Library, the librarian submits the following report for the year ending Sept. 28, 1932:

The library has been open 102 times with a total circulation of 5874 books; 3,391 of which were adult fiction; 1,746 juvenile fiction; 543 adult non-fiction and 194 juvenile non-fiction.

The total circulation of magazines was 5,448. The circulation of magazines shows a steady increase each year. "The Silver Screen," a moving picture magazine has been added to the list of magazines to which the library subscribes. The
following people have thoughtfully continued to donate magazines: Miss Ruth Hemenway, Mrs. Carrie Whitney Webb, Mrs. Abbie Landry, Miss Lillian Boucher and Mr. Harry Bemis. Miss Wally Kaerfer has also given several copies this year.

The library has been especially fortunate in acquiring "Fortune" the splendid new magazine which Mr. Rufus S. Frost has so kindly given us. He donated the 12 copies for 1931 and is continuing to give them each month this year.

I wish to thank each and every one of the above mentioned persons who so thoughtfully give us their magazines every month.

I feel that we have an exceptionally fine assortment of magazines for a small library, in fact quite a number of people from other towns have spoken about our magazine collection.

Mrs. Carrie Whitney Webb has again donated the Junior Literary Guild books, which come monthly, making 24 during the year. I am sure the boys and girls appreciate her kindness. These Literary Guild books have been of especial value to the library as many of them are on the list of required reading for the school children.

Two hundred and twenty-six books have been added during the year. Seventy-three were purchased from the library fund. The remaining 153 books were donated by the following persons: Mrs. S. D. Bush, 95; Mrs. Dr. Stowell, 33; Miss Mary Faulkner of Keene, 2; Mr. Arthur Trombley, 9; Mrs. David Woods, 6; Charles Tarbox, 8.

I wish I could adequately express the thanks and appreciation that are due all who have given so generously to the library this year.

Miss Dorothy Annabelle, from the State Library in Concord, went over all the library books and discarded many of the old ones, which makes much more shelf room available.

The library walls and ceiling have been painted, the bookcases, shelves and shutters varnished, and some of the chairs painted chinese red. On the whole, the library’s appearance is wonderfully improved and it is much brighter at night.
I would like to have the townspeople, many of whom haven’t been in the library for a long time, come in on a friendly tour of inspection even if they do not care to take out books.

A splendid assortment of 30 modern novels written in French were loaned to us by the state library and were certainly enjoyed.

REPORT OF HEALTH OFFICER

The town has been very free from contagious diseases the past year.

The sanitary conditions are good, with practically no complaints.

L. G. HILDRETH,
Health Officer.

NURSING ASSOCIATION REPORT

The Marlborough Community Nursing Association submits the following reports for the year ending Dec. 31, 1932.

Our association has carried on, and, we are thankful to say, to date all bills are paid.

Miss Burke has had a busy year, doing beside her community nursing and school duties, a very great deal of welfare work. Many of our citizens and organizations, following her investigations and solicitation, have been most helpful in donating needed articles for those less privileged. Another project which we deem very worth while is the work in co-operation with the Boy Scout Master, Mr. Ernest Croteau, in first aid work with the Boy Scouts. The boys have been most interested and have learned lessons which may be of invaluable aid to them later in life.

Our membership drive, again conducted by mail, was as successful as last year, which was gratifying considering the present economical distress. We find the majority of our citizens interested and ready to help in any possible way. This fact is indeed appreciated by Miss Burke and your Nursing Association’s officers.
Again may we remind you that this is your work, and each of us will get as much out of it as we put into it. Let us keep on keeping on.

Respectfully submitted,
RUTH E. HEMENWAY,
President.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Marlborough:

I herein submit my tenth annual report as superintendent of schools.

The economic situation today compels us to weigh everything that we are doing to make sure that it is worth while, to
evaluate it from an economic standpoint, to make sure that it is being done in the best way possible and at the least cost commensurate with efficiency.

Your school officers have tried to eliminate unnecessary leaks, to take advantage of every reduction of costs in needed materials, to maintain standard qualities and not to cripple the efficiency of the teachers through lack of things necessary for successful work.

Taxes and tax burdens are today the topic of much discussion. There is no denying that public education faces a crisis. What shall we do? Shall we lose faith?

Due to the world-wide depression, a popular wave for the cutting of teachers' salaries swept over the country last year.

An error was made in placing the development of children on a level with mercantile and manufacturing business. For the business may recuperate its loss when times become favorable; but the loss to the developing child is loss forever.

Here, I wish to commend the action of the towns of my district, in the fact that five of the eight towns maintained the same salaries for their teachers, and the other three made only moderate cuts.

If I may judge from what I read in the papers today, the peak of cutting teachers' salaries is past. The wave is on its ebb.

A question which is sometimes asked is: "How far can a man go into the woods?" The answer, "Only half way." For after that he is on the way out. We trust that as far as the depression effects our public school system, New Hampshire and the rest of the country are on the way out.

However, let us be optimistic. Let us not take the props from under the bridge over which the country must travel to reach better times. But, as citizens of the greatest republic in the world, let us be mindful of the following facts: (1) The school is the agent of the state in preserving itself. (2) Education is not a charity but a part of the national defense. (3)
Education is the author of national ideals, the moulder of the soul of America.

Therefore, let us resolve: Not until other means have been exhausted, should the necessary appropriations for education be touched. We have no right to punish the children for our lack of foresight, and they are the ones who will suffer under this procedure.

The above statements are made not for any emolument unto myself, but they are made in the interests of your children and for the prosperity of our state and nation.

I incorporate in this report the reports of headmaster of high school and school nurse.

To the Superintendent of Schools:

MARLBORO HIGH SCHOOL

The following is a report in brief of the activities in Marlboro High School:

The enrollment in the Junior High this year is thirty-five in the seventh grade, the eighth grade is thirty-six making a total in Junior High of seventy-one. The number in High School is more than ever before, there being seventy-nine enrolled of which thirty-six are in the Freshman class.

There is a growing tendency toward a High School education and within a few years a high percentage of our youths will at least have a High School education.

Among those enrolled are two tuition pupils.

HIGH SCHOOL GRADUATION

On the evening of June 1932, thirteen were graduated from the High School. The program was as follows:

Salutatory, Virginia Vigneault
Essay, Warren West
Class Will, Ina Kauppi
Class Prophecy, Dorothy Hart
Essay, Reginald Baker
Class History, Melvina Poisson
The athletic program in the school has been carried on as usual. The High School has maintained a creditable standing in the Monadnock League in both baseball and basketball.

The economic situation is reflected in the finances of the athletic department and also in the success of the team, for good teams must have the support of the people whom they represent.

School loyalty and discipline are enhanced by an athletic program and it is hoped that nothing will arise to prevent its continuance.

LITERARY AND SOCIAL ACTIVITIES

Each pupil expresses his own individuality and is different from everyone else with whom he comes in contact. He must develop his talents and abilities as fully as possible as in so doing he is better able to fit himself into the world of which he is a vital part.

The literary and social activities of his school life aid him to discover and develop the talents he has. He is given a chance for leadership in various activities.

The school play is one outlet for talent in a particular line. "Adam and Eve," which was presented by the High School this year, met with success.

Pupils are given leadership in another direction, in organizing a school paper. To do this they must have originality,
organizing ability, and a certain mastery of the English language.

School assemblies aid in giving confidence to each one taking part.

The musical talent of the school is shown in connection with its various social activities.

Various parties are enjoyed by both the High and Junior High. A New Year’s Party was enjoyed by the High School while the Junior High has had a Christmas and a Valentine’s Party.

Various clubs have been formed which aid greatly in developing the pupil along these lines. The French Club in High School is doing a great deal in this direction. The Sunshine Club formed by the Junior High girls gives them not only a bit of social life necessary to the life of a school but also gives them a chance for leadership.

Basketball not only gives the student an incentive for fair play but aids him in his social contacts.

Leadership, a necessary development in the life of every pupil, is given direction through the various activities in which he takes an active part.

Respectfully submitted,
RALPH H. BISSELL,
Headmaster.

The above promotions were made on the following points viz.: regularity of attendance, term rank, standard tests and regular examinations by teachers.

Stanford’s Achievement Tests were given; one at mid-year and one in June. The Otis Standard Graduation examination for elementary schools Form C was given to the eighth grade.

In these tests, the pupils with few exceptions maintained creditable standing in their respective grades.

The teachers maintained their former reputations for efficiency in instruction, methods of teaching and in accomplishment of required work.

At the beginning of the present school year, Miss Fairbanks having resigned and the Wallace school closed, Mrs. Arsenault was transferred to the Junior High. Otherwise the corps of teachers in elementary and high schools remains the same as last year.

IN GENERAL

The work of the past year has been exceptionally good. The spirit of the schools has been wholesome and the co-operation of teachers helpful. The teachers enjoyed good health so that we have employed very few substitutes. The quality and quantity of work in the high school has been strengthened and increased. In fact, our teachers received the highest rating by the high school inspector that we have received in ten years.

Here, I wish to express my appreciation and that of the pupils for the forty new seats in the fifth grade room. Indeed, as I have visited this room, I have felt like going into a modern school room, and I feel certain that the pupils have done better work.

Science tells us, ‘‘Clear, agile thinking can be materially assisted by proper attention to the sitting posture of children in schools.’’
Our high school, with an enrollment of seventy-six pupils, has taxed the seating capacity of our rooms to the limit.

Next September, we anticipate an increase of fifteen to twenty pupils. To meet these conditions, we ask a generous appropriation.

In conclusion, I wish to thank the school board, teachers, parents and citizens for their co-operation and support.

Respectfully submitted,

FREDERICK T. JOHNSON,
Superintendent of Schools.
