DEDICATION

This town report is dedicated to the memory of the following Shelburne citizens:

Rodney A. Hayes

Rodney Hayes, a quiet and well respected man, passed away February 18, 2013 at the age of 64. Rodney was very active in town government. He had served as a selectperson, planning board member, deputy town clerk and auditor. He was the Shelburne Town Clerk at the time of his death. Rodney had an unassuming manner, undeniable

wit and charm. He was a dedicated and active member of the Seventh Day Adventist Church.

He is sadly missed by his wife, Debbie and his canine kids, Bitsy and Buster, his family and his many friends.

John Michael Arsenault

John Michael Arsenault passed away on January 23, 2013 following a snowmobile accident at the age of 29. He grew up in Shelburne and was a 2001 graduate of Gorham High School. He also graduated from the Concord Technical College with a degree in Business management. He loved the outdoors – hiking, fishing, boating and snowmobiling. He will be remembered for his radiant smile.

He is sadly missing by his parents, Anthony and Kathleen, his brother David and wife Jamie, his sister Amy, his niece Hailee and his nephew Owen and his many friends.

Roger Norman Rousseau

Roger Norman Rousseau passed away August 31, 2013 following 1 ½ year battle with ALS. He was 59. Roger grew up in Berlin. He attended the Berlin Vocational School and was employed by Gorham Paper and Tissue Company until his retirement due to illness in 2012. He enjoyed walking and the company of his dogs, Sammy and Teddy, driving his Mustang and he was an avid Patriots fan.

He is sadly missed by his wife, Nancy, his daughters, Kathryn and Megan, his family and his many friends.

George R. "Archi" Palmer

George R. "Archi" Palmer passed away on June 4, 2013 at the age of 87. He was raised in Pepperell, MA and joined the military at age 17. He served in the Pacific Theatre during World War II and also served in the Korean War with the Army Air Corps. After the war he settled in West Long Branch, NJ where he worked as a draftsman in the early development stages of computers. He moved to Shelburne in 2008 with his wife Elsie to live with his daughter's family.

He is sadly missed by his daughter Rose Marie Van Sant and her husband Marc, his granddaughters, Gabrielle and Rachel and his many friends.

SPECIAL THANK YOU

To Stan Judge, Lucy Evans and Heidi Behling: Thank you for the job you do as Shelburne's governing body. You care about Shelburne and find time in your busy lives to take on this thankless job.

To John Gralenski: Thank you for donating your time to help out at the Transfer Station on Saturday mornings, serving on the Landfill Committee and many years serving on Town Forest Committee and working in the Town Forest.

To Ben Mayerson: Thank you for hosting the website for the town. We appreciate the work you do to make it a great site. Also thank you for doing a great job as our town auditor.

To Ann Leger for all your creative help on the town report.

To Beverly Pinkham for taking care of the town hall flower garden and the large planter in the park.

To Ray Danforth: Thank you for help with our energy and landfill issues and your excellent work as a Trustee of Trust Funds

To Ken and Paula Simonoko, Matt Tassej, Bob & Bev Pinkham, Josh Labonville, Darryl Bennett and the many other volunteers who contribute to Dump'n Donuts each week making it fun to take that weekly trip to the Transfer Station.

To David Landry for donating the use of your dirt compactor to compact the soil for the new garage site.

To Josh Labonville for donating his time to run the tamp at the new building site.

To everyone that takes the time to volunteer to serve on committees or to hold town office: Thank you!!! It is all of you that make Shelburne a very special place to live.

Discussion of Article #4, Purchasing a Fire Truck

Charlie Hillsgrove is in favor of buying a NEW Fire Truck.

Stan Judge said that the Select Persons had already been looking around and there are (used) fire trucks available.

Tommy Hayes came forward and complained about the fire trucks we have now are "unsafe" and that the Fire Dept. needs a "New Fire Truck."

A question was asked: How long would it take to get a "new fire truck?"

Tommy Hayes replied, the next day-BUT- the men would have to be trained on it and that would take a few days or weeks, depending.

Ray Danforth talked about Jo Carpenter's "TAX IMPACT CHART" and just how much taxes would go UP!

Fran Chamberlin then asked if \$160,000 would be enough.

Another question was asked: Why was Article #5 not a bonded issue?

Tommy Hayes talked about water sloshing out of the tanker as it travels along.

Dave Landry suggested that there could be baffles put into the tanker truck, it is done all the time in oil trucks.

Wendy Mayerson asked which truck we were planning to replace.

Jo Carpenter told the gathered voting body that the Select Persons had asked to meet with the Fire Department last year. They wanted to know what the Fire Dept. wanted as far as "new or used" equipment. But there was not much response from them. At this time the Select Persons feel that we are not able to purchase a "New Fire Truck."

5. To see if the town will **VOTE TO RAISE AND APPROPRIATE** the sum \$160,000, and withdraw from the existing Fire Truck Capital Reserve Fund, \$40,000 to purchase a new \$200,000 Fire Truck (*By petition*)

Motion to pass over:

Motion: Ben Mayerson

Second: John Carpenter

The amendment passed on voice vote. Article was not acted on.

6. It was **VOTED TO AUTHORIZE THE ESTABLISHMENT of an Expendable Trust Fund** pursuant to RSA 31:19a to be known as the **Police Services Expendable Trust Fund** for the purpose of covering expenses (wages, equipment, vehicle, etc.) necessary to provide Police Services to the town and **RAISE AND APPROPRIATE \$14,000** toward this purpose and **APPOINT** the Selectmen as agents to expend from this fund.

Motion: Ray Danforth

Second: George Corriveau

7. It was **VOTED TO RAISE AND APPROPRIATE \$30,000** to be added to the **Heavy Highway Equipment Capital Reserve Fund** previously established. (12/31/2012 Balance - \$19,281.08)

Motion: Greg Corrigan

DEPARTMENTAL REVENUES

Under the Municipal Budgeting System, each municipality must budget using gross expenses by department. The associated revenues are not permitted to be deducted to reflect the net operating expenses. In order to clarify the interrelationship of the departments' revenues and expenses, the following information is being offered.

1. **Executive** - This budget includes all of the Town's copier expenses. When used for non Town business, the Town receives compensation. The Town also receives reimbursements for certain other expenses such as public hearing expenses. **For 2013, this totaled \$35.00. Some rebates and Staples rewards were also received. Miscellaneous refunds of \$15.00 were also received**
2. **Elections, etc.** - The associated revenues include fees from motor vehicle registrations, dog registrations, and UCC's. **For 2013, these fees totaled \$64,801.00. Fees for checklists totaled \$150.00. Fees for dog fines totaled \$31.00.**
3. **Financial** - Costs of registering liens are recovered in the liening process.
4. **Revaluation of Property** - There were no associated revenues year.
5. **Legal** - There were no associated revenues year.
6. **Personnel Adm.** - Return of surplus was received from HealthTrust for health and dental. **For 2013 the amount for Health was \$673.22 and the amount for Dental was 160.60**
7. **Planning** - The associated revenues include fees from the applications for site plan review, subdivision, and any associated expenses. **For 2013, these totaled \$641.00**
8. **Buildings**- Several donations were received for use of the Town Hall. **In 2013, this totaled \$150.00. Insurance settlements associated with the Transfer Station Fire of \$184,692.00 were received.**
9. **Cemeteries** - This budget is partially offset by the interest received on Cemetery Perpetual care trust funds, burial fees and money withdrawn from the Cemetery Maintenance CR. **In 2013, this amount was \$110.00. No cemetery lots were sold.**
10. **Insurance** - This budget is partially offset by the credit received due to past history. **In 2013 credits of \$6,511.19 have been received.**
11. **Regional Assoc.** - There were no associated revenues.
12. **Ambulance** - Gorham does receive revenues against their gross expenses. Our fee is calculated based upon actual usage, and their net operating expenses.
13. **Fire & Fire Warden** - The Fire Department receives 50% reimbursement for fire warden training, forest fire fighting.. **In 2013, this amount was \$ 154.05 and another \$511.07 is still due.**

14. **Building Insp.** - The building inspector's salary is partially reimbursed by the associated fees. In 2013, this totaled **\$540.00.**
15. **Dispatch** - Our fee is calculated based upon actual historical usage. (running 3 year average). There were no associated revenues.
16. **Emergency Management** - In 2013 we received grant money of **\$2,500.00** for updating our Local Emergency Operation Plan.
17. **Highway** -This department does receive occasionally income from plowing and sanding and from the highway block grant from the state based upon the number of miles of town roads maintained; and some other smaller misc. items. In 2013, the **Block Grant** totaled **\$12,270.32** Revenues for sanding were received that totaled **\$360.00.** Revenues from 1 test pit totaled **\$75.00.** Refunds of the NH Road Toll Tax of **\$647.28** and the **Federal Road Tax** of **\$873.90** were received.
18. **Solid Waste** - This department receives income from recycling, and fees for disposal of various items, from the sale of PAYT bags and from the sale of recyclables. In 2012, **\$770.25** was received from fees; **\$6,600.00** was received from the sale of bags; and **\$876.00** from the sale of recyclables. **\$1,000.00** grant from NH the Beautiful was received toward the purchase of the skid steer. Insurance refunds associated with the Transfer Station Fire for hazardous waste disposal totaled **\$10,000.00**
19. **Health& Animal Control** - There were no associated revenues but homes were found for several stray animal found in Shelburne.
20. **Parks** - The development and some of the park maintenance is supported by the FOSR. In 2013 the Friends of Shelburne Recreation disbanded and fund totaling **\$3,878.89** were turned over to the town.
21. **Library** - The library received many gifts of books. The Library is authorized to receive monetary gifts. In 2013 they received donations totaling **\$468.58** and earned **\$205.01** from their spaghetti diner.
22. **Memorial Forest** - There were no associated revenues
23. **Conservation** - There were no associated revenues
24. **Welfare** - There were no associated revenues.
25. **Principal** - **Long-term note** - There were no associated revenues.
26. **Interest - Long-term note** - There were no associated revenues.
27. **TAN interest.** - There were no associated revenues.
28. **Land use change fees** - This money can be used by vote of the Town, to offset a special warrant article. In 2013 no **Land Use Changes Fees** were used.
29. **Special Revenue Fund** - Funds from fees and sale of recyclables are deposited in this fund. The use of this money must be authorized by town meeting

23. To see if the **Town will VOTE TO INSTRUCT** the Selectboard to enact the following resolution to protect citizen health, safety, and quality of life: water resources and environmental quality; and local, regional, and state economies with respect to the transport of crude oil through New Hampshire.

WHEREAS, 18" and 24" pipelines were constructed across northern New Hampshire in 1950 and 1985

respectively, to transport imported light crude oil from Portland, Maine, to Montreal, Quebec; and

WHEREAS, present market conditions have substantially reduced demand for transporting imported light crude oil inland from the Atlantic coast; and

WHEREAS, abundant production of heavy crude and tar sands oil in western North America has created a market for transportation of these oils to Atlantic ports; and

WHEREAS, these market conditions suggest that reversing the direction of flow on the above-mentioned pipelines could become economically desirable in the foreseeable future; and

WHEREAS, spills of diluted tar sands oil create more costly and difficult clean-up challenges than conventional oil spills, including public health risks from toxic fumes and long-term water and riverbed contamination from sunken oil; and

WHEREAS, a significant spill of any petroleum product along the pipeline Right-of-Way in New Hampshire would have devastating effect on the economy and environment of Shelburne, including property values, business, tourism, recreation, hunting and fishing; and

WHEREAS, pipeline age and hydraulic stresses resulting from reversal of flow can contribute to the likelihood of a spill; and

WHEREAS, existing technologies and practices for inspecting pipeline integrity have failed to prevent catastrophic pipeline failures;

Now, therefore, be it resolved:

1. That the Town expresses its opposition to the transport of tar sands oil through New Hampshire and the Town of Shelburne and its deep concern about the economic, environmental, and public health risks of such transport; and
2. That the Town strongly encourages the New Hampshire General Court and the U. S. Congress to take reasonable steps to ensure that any proposed flow reversal of the Portland-Montreal pipeline receives thorough review at both state and federal levels of economic, environmental, and public health and safety impact of spills; and
3. That the Town transmit a copy of this resolution to all relevant state, federal and other pertinent entities.
(By petition)

24. To **TRANSACT ANY OTHER BUSINESS** that may legally come before said meeting.

REPORTS OF OFFICERS AND COMMITTEES

SELECTPERSONS REPORT

The Board of Selectpersons has had a busy year. The main focus has been rebuilding at the Transfer Station and working with the Fire Department. The Selectpersons held 31 meetings (approximately 90 hours) and two public hearings – both concerning the acceptance of insurance money.

The Board appointed Nathan Emery as the new fire chief on May 2, 2013. Nathan 's qualifications include Fire Fighter I & II, as well as several other specialized training courses. He has been a member of the Shelburne Fire Department, The Stark Fire Department, the Milan Fire Department and the Dudley, Massachusetts Fire Department. He returned to the Shelburne Fire Department in April.

The Board met with Chief Emery throughout the year and good communication has been established with the Fire Department. It has been an eventful beginning for Chief Emery. The one remaining pumper broke down in late May and it quickly became obvious that the truck could not be repaired. A used truck was quickly purchased using capital reserve funds. The tanker had to be taken off the road because of weight issues. This was addressed by converting the Ford pumper (which no longer pumps) to a tanker for the short-term. Then began the real challenge – to find a fairly new pumper using the funds approved at town. This was accomplished by the purchase of a 2003 Freightliner pumper from K&T Fire Equipment in October. At this point the department is in pretty good shape and has begun to work on a vehicle replacement plan.

The Board also met periodically with Ken Simonoko to address the needs of the Public Works Department. A new pick up was purchased in July.

No paving was done this year since funds in the Paving Capital Reserve Fund were a bit low and the cost of paving materials is high.

Rebuilding at the Transfer Station has been the ongoing project of the year. Stan Judge and Ken Simonoko have spear-headed the project with input from the Selectpersons, administrative assistant and Landfill Committee.

It was decided to build a highway garage and a Transfer Station Storage shed. The storage shed and the three of the containers use the old cement slab. The highway garage is a new metal building built on a new foundation appropriate for that building.

The storage shed was built by Jeffrey Willey Building Co. and sided and roofed by Construx so it would match the highway garage. The storage shed is now complete.

The pre-engineered highway garage building was fabricated for Construx and they erected the building. The foundation of the building and the shell of the building are complete; however, there is still a lot of inside work to be accomplished before the building is finished. The floor containing the radiant heat tubes needs to be poured, the electrical needs to be done, an office, bathroom and work area needs to be built. The Board is planning to have this building finished by the end of 2014.

Ken Simonoko with help from Carlisle Survey Consultants and Zack Wight did all the site work. Stan and Ken have acted as clerk of the works. The combination of these efforts has helped to keep the costs of the buildings down. The Board anticipates that the entire project will be finished using the insurance money and the Town Building Capital Reserve Fund.

Having the State Police handle the coverage for Shelburne has worked out well. The Board still continues to investigate other options, including paying for extra state police patrols. The Budget Committee suggested that the Board continue to add money (\$6,000 this year) to the Police Services Expendable Trust so if another solution is found there will be money available to pay for it.

As has been the case for several years the Board has found budget development to be a challenge due to rising costs, declining revenues, problems that need to be addressed, the state of the economy in the North Country, the United States and the world. This year was no different.

The Board is committed to trying to keep expenditures down while at the same time addressing the needs of the town. At this time it appears that the town portion of the tax rate will increase about 2.5%.

Lastly, the Board would like to thank all the town departments for working to keep their budgets and expenditures down and all the citizens that give of their time to serve on boards and committees.

Selectpersons – Stanley Judge, Lucy Evans, Heidi Behling

PUBLIC WORKS

Wow!! What a cold winter this has been! What snow?? You mean ice.

As you can see we are building a new town service garage. The old one was built in 1950 by a man named Arthur Mansfield. It housed the plow truck, school bus and later a fire truck. Later on a sand shed was built that held 75 to 100 yards of sand. In 1997 a new sand shed was built at Transfer Station location, which holds 1,000 yards of sand. This year I had to refill the shed in January. Where did it go? Well, between the residents and keeping our roads safe, it is a good thing that I had a reserve.

Now sixty-four years later we have outgrown the old town garage. We have built the new next to the sand shed at the Transfer Station site, keeping the highway operation all in the same location, which was the plan in 1997 when the sand shed was built.

A new street light has been installed near the Meadow/Village Road intersection that lights the intersection and the area in front of the garage.

Just a reminder that the rule of 2 five gallon buckets per week is still in effect.

Another reminder **THE PLOW TRUCK HAS THE RIGHT OF WAY.** Please be cautious and so will I.

General reference, the first town plow truck and plow was purchase in 1945 for \$5,700. The last town plow truck, plow and sander was purchased in 2010 for \$172,500.

Ken Simonoko, Road Agent

Shelburne Waste District

At this time last year we were operating the transfer station without buildings while designing the types of structures that could best store transfer station material and serve as a garage. This has resulted in the construction, but not finishing, of two buildings - one to hold an office and the vehicles that were stored in the old transfer station and a transfer station storage shed. Both of these are now useable, but will be finished next summer.

The costs for these buildings was covered by a combination of the insurance receipts and the capital reserve fund planned for construction at the transfer station. In addition to the buildings, the insurance funds have been used to cover the replacement costs of most of the materials that were lost in the fire.

Once all of the construction is completed, there may be some changes in the parking and driving areas to improve safety and the flow of vehicles through the area on Saturday mornings.

As stated last year, it will be a few years before we can definitely state whether this new way of operating is reducing costs or not. So far we are optimistic.

Pay-as-you-Throw bags are still available at both the Town office and the transfer station, and the cost is still \$7.50 for a roll of 5 bags. The sale of collected recyclables brought in \$876.00 this year. The town received \$770.25 for landfill fees, and \$6,600.00 from the sale of green bags. The income from sale of bags offset over 16% percent of the solid waste budget for

the year. In addition we have put \$1,646.25 into the landfill equipment account against future purchases.

The transfer station charges for items which are neither recyclable or in green bags. Thus, for example, demolition debris will be charged at the amount estimated for their eventual disposal. For large jobs, such as reshingling a house, it is suggested that one hire a dumpster which can take the material directly to the landfill thus avoiding the need for double handling.

The Household Hazardous Waste collection day is scheduled for June 7 from 8:00 to 1:00. Please look for information at the transfer station in May. Please note that all costs for taking hazardous waste to the collection come from state grants and from the expendable trust fund. There are no individual costs on the day of collection for Shelburne residents.

We wish to thank all who helped to make the recovery from the fire go smoothly, and to help reduce the waste. Please join us for coffee and donuts.

FIRE DEPARTMENT REPORT

2013, The Shelburne Fire Department is reporting a total of 25 calls of service (see breakdown below). Also the department would like to report the appointment of a new fire chief this past May. We have also begun the replacement process of out of date apparatus and equipment to better serve the community, and our members. We are also proud to report the purchase of a pierce pumper with a water capacity of 1500 gallons, and a 2003 freightliner pumper with 750 gallons of water capacity. Both of these trucks provide a home for the department's fire suppression and rescue equipment, and have so far been a great addition to our fleet also proving to be very beneficial to the department. New members have also joined the department and are currently in the training process which brings our total member count to 15. In 2014 we hope to add to the roster, and encourage anyone with interest to inquire and stop in. New members will attend a FF1 and EMR Nationally accredited training courses. The department would also like to say thank you for the continued support from the citizens of Shelburne. Our goal is to see all are safe and our department continue to grow.

TRAINING

With all the changes within the department, our training is also changing. This year the state of New Hampshire has opened a North Country Fire Academy Located in Bethlehem, NH (Ray Burton North Country Fire and EMS Training Facility) it was to our advantage we were able to attend the first class offered on November 9th this past year. The class was an intense 6hrs of class room and hands on vehicle extrication. The class was a great wealth of knowledge and technique, and we were able to operate lots of the new tools and equipment now available to the fire service. This facility will be available for many years to come for our members to use at little to no cost. The department has also hosted much in house training. These range from Search and Rescue procedures, Ropes and Knots, Ice Rescue, Engine Pump Operations, Fire Suppression Techniques, Ventilation, and a 4hr traffic incident management responder training.

EMERGENCY MANAGEMENT

This year we had no major disasters in our area.

We are still very concerned about the amount of gravel dropped down stream of the Village Road Bridge and continue to try to get FEMA to look at this section of Clement Brook.

We are also concerned about the ice jam in the Androscoggin River. This jam is also causing an ice jam in Clement Brook. A heavy rain before the jams let loose could cause major flooding along Meadow Road and in the village area. We will be monitoring this situation and will contact the appropriate people if flooding is imminent.

We finished updating our Local Emergency Management Operating Plan and have received our grant money of \$2,500 which we used to pay June Garneau of Mapping and Planning Solutions. The town matched these funds with the time town officials spent on the project.

We continue to work with Brookfield Power to make sure we are ready for flooding emergencies involving the Androscoggin River. We attended a tabletop exercise in June to test our planning.

It is very important for each household to be prepared for an emergency. The Red Cross recommends that at least 3 days worth of water and food be kept on hand. We still have some weeks of winter to go and then there is always the possibility of spring floods, when parts or all of Shelburne could be cut off from either Gorham or Maine. So plan ahead and stock up.

SHELBURNE PUBLIC LIBRARY

Shelburne Public Library had another year that was filled with activities. The library is open on Thursday afternoons and Saturday mornings. Books, magazines and other media have been lent out throughout the year. The most popular feature is the ordering of books through the State Library. This gives us access to books without having to purchase them all. It really helps keep us on budget.

The Monday morning coffee hour is also a popular event. Coffee is provided by the library with pastries and other snacks provided by the participants. It is a great opportunity to meet and socialize. It is open to anyone who would like to attend. We meet the weeks that do not have a Senior Breakfast. The time is 8:00 am.

Our spaghetti supper was postponed to April due to the weather. You never know about the weather when you live in northern New Hampshire. It was a fun night with great food. The funds were used to help the Shelburne Neighbor's Club with their scholarship fund.

Our computers and internet access are also being used by the community. They are available during our open hours and also whenever the town hall is open. Internet access is available in our parking lot and we often see laptops resting on steering wheels while email is being checked. We also have helped with creating and printing flyers and brochures as well as doing searches on the internet for information.

The Shelburne Craft Fair donated their funds this year to the library. They have been set aside towards the purchase of new computers when they are needed. We want to thank them for that donation to our community

BUILDING INSPECTOR REPORT

In 2013, 8 building permits for various projects were issued:

Sheds	2
Additions	1
Storage Building	1
Drying Building	1
Barndominium	1
Highway Garage	1
Concrete pad & cabinet	1

If anyone is planning any kind of building project, including purchasing a pre-built structure, they should contact the building inspector to obtain a permit. There are quite a few state laws around both building and demolishing structures that must be complied with and the building inspector has the necessary paper work to comply with these laws. In particular the NH Energy Code was revised as April 1, 2010; many more projects now require approval under that code. Please check with the Building Inspector when replacing doors, windows or re-roofing.

If anyone has questions about whether or not a project requires a building or demolition permit, please call the building inspector **before** the project is started **as an "after the fact" permits will cost more.**

Planning Board Report

The Planning Board had a very light year in the number of issues coming before it. The Board's principal activity during 2013 was a boundary line adjustment, a minor subdivision and continued work on the Master Plan. We have finished work on several sections of the Master Plan and hope to bring it to hearing in 2014.

There is one proposed change to the Zoning Ordinance – the adoption of a definition of a sign which will be on the ballot at Town Meeting

Again the Board would appreciate any one willing to assist with the writing of the Master Plan we will be working on Energy, Town infrastructure and Housing.

John Carpenter, Chairperson

TOWN FOREST

The trees in the Town Forest continue to grow, as trees tend to. More and more birches are old enough to turn their classic white. Unfortunately, the “Weed Trees”, the maple, cherries, etc., are doing equally well. The weed trees and some dead trees need to be removed but due to aging, injuries and job requirements this does not seem to be happening as often as we would like. The need for new blood on the Town Forest Committee gets more pressing every year.

The Memorial got raked and mowed, the trash, pine cones, branches and leaves got picked up, and in general, the place looked like a respectable Veterans' Memorial.

Thank you to John Gralenski for his many years taking care of the town forest and thank you to Mike Ryan for hours of running the mower for at least part of the season..

SHELburnE UNION CHURCH

The Shelburne Union Church is a non-denominational church open for services through the months of July and August. Services begin at 7pm on Sunday evening and last approximately one hour. A schedule of services and officiates is published in the Berlin Daily Sun and are posted at the Shelburne Town Hall and Landfill.

Our annual meeting was held on May 5th. Those present addressed the current needs which included a handicap access ramp to the church, a new roof and a sign. Fundraising was discussed and plans made for a supper and bake sale to raise money to offset costs.

The dinner and bake sale helped to raise over \$1000.00. Thanks to Tillie Meyers and all those involved who helped to put on the dinner. Thanks also to Lisa Willey and others for holding the annual craft fair giving us the opportunity to call on all the great baker's in the community to donate their favorite treats to help raise money for the church.

We are currently looking for anyone interested in joining the church committee to help keep the church open for summer services and help in any way to maintain this historic building. If that is of interest to you, please contact Burton & Tillie Meyers at 466-2490 or Kimberly Landry at 466-5353.

The Church Committee

CEMETERY COMMITTEE

The Cemetery Committee did not hold many meetings, as everything seemed to be going smoothly.

The front fence at the Hazelton Cemetery was replaced using insurance settlement money.

There were no cemetery lots sold in 2013.

We want to thank Ken Simonoko and Zack Wight for the great job they do maintaining the cemeteries.

Prices for cemetery lots remain at \$800 for a four grave lot, \$600 for a two grave lot, and \$400 for a single grave lot. The cost of burial is \$600 for a coffin and \$50.00 for a cremation urn. When a burial needs to be scheduled please contact Ken Simonoko, 723-0865 and remember winter burials are not allowed.

SHELBURNE HERITAGE COMMISSION

The Heritage Commission has had many accomplishments this past year:

- We have had several open house tours of the “Historic Peabody House” this summer. Fliers were designed for the “Open House”, posted at the information booth in Gorham, and other locations. **Join our email or mailing list, contact information below.**
- We have scanned many historic pictures to preserve the history of the town of Shelburne. We are thankful to the Edith Endicott McMillan Tucker family for sharing some vintage photos of their historic house

located near to Reflection Pond area. We have created a beautiful display, using those photos. Available for viewing at the "OPEN HOUSE" events.

- We are in the process creating a website; we have started with an invitational Facebook site, email, or write to us to join, view, and or share information that you may have.
- This year we also designed a "Post Card" of the Historic Peabody House. Free to those visiting our "Open House" events.
- Great appreciation for our newest member Dick Lussier, he restored the living room wood floor. Removing the many layers of flooring below, carpets, etc. Stop by an "Open House" to view it.
- Another new member, Stan Holmes has joined us. He helped to set up our "facebook" account, maintain the gardens, as well as preparing and serving, apple crisp and apple cider at our "Open House" in September. He has a wealth of knowledge of our history to share.
- We visited the "Moffet House" in Berlin NH to gain insights and ideas. Mary Jo Landry organized our meeting with the board or the Moffet House.

The Heritage Commission members currently are: Cynthia Gralenski, Roger Morrissette, Ken Simonoko, Betty Werner, Mary Jo Landry, and Heidi Wight, Stan Holmes, and Dick Lussier. We are very enthusiastic about working together as a team.

Mission Statement

The Heritage Commission is dedicated to the preservation and interpretation of the Historic Peabody

House, and the history and heritage of the Town of Shelburne NH. The Heritage Commission seeks to accomplish its mission by preserving, interpreting, collecting, and researching historic material relating to the Historic Peabody House, and the Town of Shelburne; by providing educational services to diverse audiences of all ages and interests, through interactive events , tours, programs , and outreach publications; while working closely, in cooperation with the community and the public, to promote an awareness of and interest in the Historic Peabody House's history and heritage, also the history and heritage of the Town of Shelburne.

Our heartfelt thanks for the many generous donations of personal time, and monetary from our many supporters, they are greatly appreciated, and needed for success.

All those interested in volunteering their time, and sharing ideas and new concepts, please contact us. We welcome all volunteers or "Friends of the Historic Peabody House"! Our mailing address is: Shelburne Heritage Commission, 74 Village Rd., Shelburne NH 03581. Volunteers are needed for many projects including creating displays, historic research, programs, maps, and docents. We also are welcoming volunteers experienced in, painting, restoration, carpentry, thru group participation and/or adopting those types of projects. The Heritage Commission

Shelburne Trails Club

The Shelburne Trails Club (STC) completed its fourth year as a locally based hiking club in Shelburne and continues to reopen “lost trails” and to improve the maintenance on our system of local hiking trails. If you would like to be a part of the club, contact Larry Ely, Secretary at 603-723-5822, or President Nancy Eaton at shelburnetrails@gmail.com.

Club Accomplishments for 2013:

- The club adopted the river-side loop trail in the town’s Bill Hastings Memorial Forest in the spring and conducted much needed trail work there. The trail was re-blazed in the fall and made easier to follow. The STC board authorized purchase of a rustic picnic table to be placed next to the existing bench on the shoreline this coming season.
- Volunteer trail maintenance days were held in the spring and fall, with work focused on the Philbrook Farm Inn based trails and the Bill Hastings Town Forest trail.
- Additional signs were created and installed at trailheads and junctions, including trail signs to identify the short cut-off trails linking the main Philbrook Farm trails and a trail sign to Mary’s Aerie.

- The club completed the installation of a manual-pull cable car on Austin Mill Brook just above the “Yellow” Trail crossing during the summer. The cable car, formerly at a crossing over Lary Brook for access to a private camp, was donated to the club by Paul and Michelle Cormier of Randolph. A grant from the Betterment Fund was used to purchase all new cable and hardware for the car and to upgrade the car. The project was lead by Dick Lussier, Bob Pinkham, and Darryl Bennett, with a huge number of volunteers turning out to assist in the installation. The cable car provides a safer crossing of the brook in all seasons and now links the two systems of Mahoosuc trails on both sides of the brook.
- STC created a Facebook page during the summer, adding another way to reach club members and supporters beyond the E-mail newsletter. The Facebook page has expanded the club’s outreach and now has followers throughout the region and in several other states. The page can be accessed directly through the following link: <https://www.facebook.com/pages/Shelburne-Trails-Club/268496626625963>.
- Trail exploration seeking a route to the Success airplane crash site was continued by several volunteers and their work can be seen on the club’s Facebook page.
- STC continues to be a member organization of the Mahoosuc Initiative and received a Betterment grant of \$2,500 to support the club’s initiatives, with a similar grant approved for 2014. Hikers will continue to see the use of those funds in trail improvements and other benefits to the club.

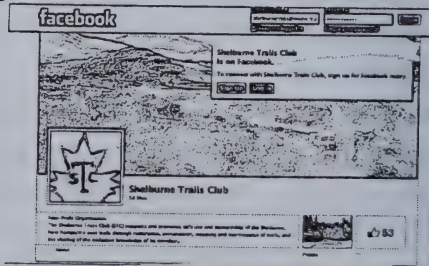

- Auto North of Gorham donated \$1,525 to the club in November. The donation was based on Auto' North's monthly sales as part of its continuing effort to support the local community.
- STC's Annual Meeting was held in September with a presentation by AMC's cartographer, Larry Garland, titled "How mapping has changed in recent years with the proliferation of new technology and data availability". The annual meeting included the election of two board members for the expiring three-year terms of Larry Ely and Dick Lussier. Dick Lussier was elected to an additional three year term and Shelburne resident Dave Landry was elected to a three year term. Larry Ely's two year term as President ended with the election of new board members. Following the general meeting, the new board met and elected Nancy Eaton as President, Dick Lussier as Vice President, Pat Lussier as

Treasurer, and Larry Ely as Secretary. Board member Darryl Bennet offered his resignation by E-mail and the board later elected Larry Ely to fill the third year of Bennet's three-year term on the board. Club officers are elected directly by the board and do not have to be board members. Board member Bob Pinkham continues serving a three year term and completes the five member board.

- Work on the Shelburne Trails Map is continuing and the project is fully funded, including printing costs, thanks to grants and donations from generous club members. Completion will be based upon AMC's workload, but we hope to have the map available during the coming hiking season.

The club wishes to again express its appreciation to the many private Shelburne landowners whose cooperation make possible the use and maintenance of our trails. We also thank the many volunteers who have worked on maintenance of the trails and otherwise supported the club. Wagner Forest Management is also thanked for its efforts to preserve the Scudder Trail tread-way during recent logging operations and former board member Darryl Bennett is recognized and thanked for his past and continuing service to the club.

All of our work this past year would not have been possible without the support of club members and volunteers and the board and officers would like to thank all of you. We also thank Jo Carpenter and the Town of Shelburne for its support and for allowing use of town hall for meetings and events.

Larry Ely, Secretary - Shelburne Trails Club

FOREST FIRE WARDEN & STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L: 17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-1370 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfi.org.

The past fire season started in late March with the first reported fire on March 26, 2013. April, which is the traditional start to our spring fire season, started very dry with little measurable precipitation until the middle of the month. Approximately 70% of our reportable fires occurred during the months of April and May. The largest fire was 51 acres on April 29th. 81% of our fires occurred on class 3 or 4 fire danger days. By mid-May, extensive rains began which provided us with a very wet summer overall. We had a longer fall fire season due to drier than normal conditions following leaf fall. Fortunately most of these fires were small and quickly extinguished. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting was supplemented by NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are

located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2013 season threatened structures, a constant reminder that forest fires burn more than trees. Homeowners should take measures to prevent wildland fires from spreading to their home. Precautions, including keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

GORHAM COMMUNITY LEARNING CENTER

The Gorham Community Learning Center is a non-profit, NAEYC accredited childcare program that serves children from ages 18 months to 12 years old. We are open year round and provide vacation and summer programs. We currently serve 68 children from the Gorham, Randolph, Shelburne, Milan, Berlin and Conway areas.

We continue to work closely with the SAU 20 to ensure that our children have seamless transitions into Kindergarten. Our open communication allows us to use the same curriculums such as Social Thinking and

Handwriting Without Tears. This allows us to familiarize the children with terminology and systems to ensure academic success. We also continue to visit the Ed Fenn for Reading Buddies and Library weekly.

2013 Highlights:

- In January, Melinda Beaulieu was hired as the new director.
- Melinda has spearheaded the transition to using Teaching Strategies Gold, an online research-based evaluation tool for children from ages 18 months to kindergarten.
- GCLC was awarded a grant through The Neil and Louise Tillotson Foundation to purchase iPads, training, materials, and mentoring in order to help implement TS Gold throughout Coos County.
- The GCLC is one of 10 centers in the state to receive a Business of Childcare Grant. This grant provides the tools necessary to evaluate business strengths and weaknesses, with training to improve on those areas.

Annual Report of the Family Resource Center To the Town of Shelburne

FRC Project Youth Afterschool Program: 41 of the 93 students at the area Middle School (grades 6-8) were enrolled in our Afterschool Program. Over the 2012-2013 academic school year we note the following:

71% of students maintained or increased Social Studies Grades

62% of students maintained or increased Language Arts Grades

32% of students maintained or increased Math Grades

Afterschool Social Enrichment Activities

November 2012: Veterans Appreciation Dinner for all North Country Veterans – Students sponsored an annual Veterans Appreciation Dinner at the American Legion Post #82, serving 100 and interacted with Veterans and their families from many towns in Coos County. This year students created and mailed personal invitations.

January 2013: Master Chef- Students choose a recipe they are interested in, research the country/culture of origin, create posters, create a shopping list, make their dish, and present their dish and its history to invited parents, school staff and community members. This year, we all even ate with chopsticks in honor of the Chinese New Year.

February 2013: Students choreographed and practiced a series of dances set to specific songs chosen by the students and performed their skit for all invited guests from the community.

March 2013: Students created their own games, including: Bowling, At the Races, Yum Yum and Your Guess Is As Good As Mine, for a Carnival put on for GCLC students. Beverages served were named by their Spanish flavors which were learned earlier in the month.

April 2013: Students held a 'Purple Up 4 Military Kids' field day at Community Field in honor of the children and youth that sacrifice so much when their parent(s) are deployed.

May/June 2013: as part of the Global Youth Service Initiative, students planted flowers and trees at Libby Pool. The flower garden was intended to keep our pollinator populations healthy and vibrant while adding beauty for patrons. The tree planting was intended to help prevent erosion along the river bank, while acting as a natural fence line. Students also visited residents of

Coos County Nursing home and served scrumptious desserts and spread good cheer while they socialized with the elderly citizens.

Family Support Programs: The FRC continues to deliver quality family support services to local families including **Toddler Time** for area. At Toddler Time infant to age 3 children and their caregivers are provided healthy activities designed to improve relationships and strengthening parenting capacity.

In the **Deployment Cycle Support Program** FRC staff provides supportive services to area families whose parent or child is engaged in the pre-deployment, deployment and post deployment cycle of US military service.

FRC's **In Home Family Support Programs** brings experienced case workers into the homes of local families to help heal family dynamics and provide support and referral services to re-energize positive family relationships and re-engage these families into the fabric of the community.

In 2013, with the continuous generous support of local businesses, we continued our traditions of supplying area families & children with **school supplies, winter coats & gear and holiday food baskets and gifts.**

We continue to host **Senior Meals** on a weekly basis and otherwise make the FRC available for community gatherings and meetings. Given our current economic climate these assistance programs were particularly welcomed by many.

Volunteer Income Tax Assistance: 65 area families reaped the benefits of FRC's free Volunteer Tax Assistance Program (VITA) in tax year 2012. County-wide a total of 455 families collected over \$540,000 in Federal Income Tax returns due to the FRC's VITA program.

We sincerely thank the people of Shelburne for their past and continuing support of the FRC. We are proud of the many relationships we have forged as we work together towards a healthy and vibrant place for families. We look forward to many years of continued collaboration with our neighbors here in Shelburne.

NORTH COUNTRY COUNCIL

As we celebrate our 40th year of regional planning, opportunities to make the organization more sustainable have never been greater but we need your membership support. NCC and its communities will face challenges in the coming months particularly in such a large remote region, experiencing both accelerated change and declining state and federal funding. But this is the very reason for the existence of North Country Council—to be aware of problems and pressures and to be ready to provide assistance and advice to each town and to lead the region forward.

North Country Council is your Council. It is responsive to your requirements and requests, and above all, it is willing and capable of successfully addressing your needs, large and small. As one of our greatest supporters Colonel Oliver Nelson put it, “Over the past several years,

the Council and my small town have worked closely together on problems with both local and regional impact. The solutions have saved my town money, solved the problems, and provided the Council with yet more knowledge and experience which could be used to assist other towns in the North Country”

Building communities and regional capacity is no small task and certainly is not a straight forward one. To prepare for the future, the NCC Board of Directors and staff just completed a strategic planning process to meet our regional challenges head on. North Country Council’s FY 2014-2016 Strategic Plan not only reorients our regional planning focus to our seven subregions including Upper Coos, Lancaster Area, Androscoggin Valley, Littleton area, Haverhill area Plymouth area, and Mount Washington Valley but identifies five strategic priorities that the organization is determined to address in the next three years. A summary of these five strategic priorities include:

1. **Leadership:** *NCC identifies and effectively addresses local and regional issues and opportunities. As a regional leader NCC is focused on continuous education and productive teamwork through its board, staff, and partners (members, funders...).*
2. **Evaluation and Assessment:** *Within each program area (planning and economic development), evaluate projects and services, focus on outcomes. Identify emerging issues and project opportunities at the local and regional level – assess stakeholder needs, impact, staffing, cost, and availability of resources.*
3. **Financial Sustainability and Asset Utilization:** *Strengthen long-term viability through revenue diversification, asset utilization, and establishment of reserve funds.*

4. **Stakeholder and Public Relations:** *Further engage stakeholder groups through targeted communication. Spotlight regional issues, forums, and leaders. Communicate NCC accomplishments, value of service, and impact.*

5. **Strategic Development:** *Advance NCC's commitment to quality work and relevancy through the implementation of the FY 2014 - 2016 Strategic Plan.*

NCC is now stronger and better prepared for the future as a result of the FY 2014-2016 Strategic Plan.

Thank you for your on-going support of North Country Council and our mission to strengthen the North Country. If there is a project or need in your town, please call us because we are at your service.

Jeffrey R. Hayes, Executive Director

Report from Your North Country Senator Jeff Woodburn

Dear Constituent,

It is an honor to serve as your State Senator representing District 1, which includes 58-rural, northern communities, encompassing 27 percent of the state's landmass. It is a region larger than two states and 77 foreign countries and containing fewer than twenty people per square mile.

The North Country, including the White Mountains regions has a uniquely different culture, landscape, economy and history from the rest of the state. It is my focus to ensure that State government understands this and doesn't forget us. Our needs, challenges and opportunities are different. At the top of my priority list is stabilizing our fragile economy while improving the quality of life for our people. This means expanding Medicaid for low-wage workers and rural hospitals, increasing the minimum wage and opposing the Northern Pass project.

In the Senate, my goal has been to be practical and to work with everyone to get results for our region. To this end, I'm proud to be the chamber's most independent member and recognized by Business NH magazines as one of the most influential members. But voting is only a part of my work; in the tradition of my mentor, the late Executive Councilor Ray Burton, I have been accessible and available to my constituents, holding town hall meetings, office hours and tours for state leaders. I have tried when possible and appropriate to bend state government to meet the needs of rural people and rural communities.

I love being the voice for the North Country and am constantly inspired by our people and places that make our beloved home so special.

Be in touch, if I can of assistance to you or your community.

Regards,

Jeff Woodburn

RULES, REGULATIONS AND INFORMATIONAL MATERIAL

NOTICE

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

Your property may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:

- During your ownership, without your consent; or
- Prior to your ownership, if no previous owner consented to the merger.

To restore your property to pre-merger status, you must:

- Make a request to the local governing body
- No later than December 31, 2016.

Once restored:

- Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.
-

This notice must be:

- *Posted continuously in a public place from January 1, 2012 until December 31, 2016, and*
- *Published in the 2011 through 2015 Annual Report.*

Read the full statute at RSA 674:39-aa Restoration of Involuntarily Merged Lots.

SNOW REMOVAL ORDINANCE passed 8/14/94

No person shall remove snow from his/her premises and deposit it on any street or highway.

Any person who violates this ordinance shall be fined not more than \$1,000 and not less than \$50 for each separate and distinct violation.

PARKING BAN

It was voted at the 1990 Town Meeting to mandate a parking ban within the boundaries of town roads' right of way during and 24 hours after a snow storm.

Vehicles in violation will be towed at owner's expense.

SPEED LIMITS IN SHELBURNE

The selectmen have set speed limits for the following town roads:

East end of North Road - from intersection with Meadow Road to the Maine Line - 35 miles per hour.

Village Road and all other town roads - 25 miles per hour.

Truck Travel Restricted Ordinance Adopted 9/15/2008

When signs are erected giving notice thereof, including any applicable vehicle weight limitations and/or restrictions upon any classification of vehicles recognized by the State and/or Federal Department of Transportation or Interstate Commerce Commission, streets or parts of streets shall be restricted to vehicles complying with such vehicular weight limitations and/or restrictions, provided, however, that if signs are erected restricting a street , or part thereof, with a sign stating merely "No Through Truck Traffic" or similar designation, without further elaboration, then such street or part of such street shall be restricted to vehicles that meet all of the following requirements: (1) a gross vehicle weight of 12,000 pounds or under; (2) no more than two (2) axles; (3) no more than six (6) tires; and (4) operates as a single unit. All trucks failing to comply with such limitations are expressly prohibited unless they have applied for and received a permit for an exemption from this ordinance. These restrictions shall not apply to vehicles making deliveries or pick ups to residences, businesses or properties on said streets, to Town owned vehicles or drivers traveling to their own residences on said street. Drivers traveling to their own residences shall not park said vehicle on any portion of the Town street or right of way.

This ordinance was applied to North Road from the intersection of Meadow Road by voted of the Board of Selectpersons on September 30, 2008.

LANDFILL REGULATIONS

Hours: Saturday - 6 AM to 12 PM all year
Wednesday - 3 - 4:30 PM June 18th to September 4^m

Shelburne has adopted Pay-As-You-Throw. This means that garbage must be disposed of in special bags which may be purchased at the Transfer Station or the Town Office. The cost of a package of 5 bags is \$7.50.

Recycling is mandated by the Town of Shelburne. A list of recyclable materials is included below.

Any items containing mercury are collected separately. See Ken or John for more information.

There are charges to dispose of many different items. These fees reflect the cost to the Town for disposal and are subject to change. People wanting to dispose of items that have a fee associated with their disposal should see the landfill attendant and pay him before disposing of the item. People disposing of items, not paid for, will be billed. The list of fees is included below.

The Transfer Station **does not accept** any hazardous waste including hazardous household waste. A Hazardous Household Waste Collection Day will be held this year with the Androscoggin Valley Regional Refuse Disposal District on Saturday June 7, 2014. Details will be posted at the Transfer Station.

Burning and Permits

Contact your local forest fire warden or fire department for information on obtaining a written fire permit.

It's The Law - RSA 227-L:17(II)

Anyone who wishes to burn clean, ordinary combustibles such as leaves, brush or untreated lumber, or have a camp or cooking fire must have written permission from the landowner and a fire permit (requires the free Adobe Acrobat Reader at 100% actual size) from the local forest fire warden or local fire department in the town or city where the fire will be kindled. You must be at least 18 years of age to obtain a written fire permit.

Gas grills or charcoal fires in a container up and off the ground on your own property do not require a fire permit.

Public or privately owned camp or picnic grounds must obtain an annual written fire permit from the town forest fire warden for use of outside fireplaces, camp or cooking fires used in the operation of the camp or picnic grounds. Such camp or cooking fires should:

1. be in an area cleaned to mineral soil at least 8 feet across;
2. have at least 6 inches of sand or gravel under the fire for any fire built on the ground;
3. have no limbs or other burnable material to a height of 10 feet above the fireplace area; and
4. be constructed so they cannot be moved from their mineral soil area.

What You Can Burn and When

Only leaves, woody debris or brush less than 5 inches in diameter, or untreated wood and dimension lumber can be burned. For any open burning a written fire permit is required. Even with the permit, no open burning between the hours of 9:00 am and 5:00 pm unless it is raining.

When the ground where you are burning is completely covered with snow no fire permit is required. However, be sure to check local ordinances that might restrict winter-time burning.

Air quality regulations restrict the type of material burned in the open. Stumps, painted or treated lumber, tires, tubes, plastics, foam rubber and shingles are some of the prohibited materials (see Department of Environmental Services, Air Resources Division Open Burning Rules) requires the free Adobe Acrobat Reader. 

A buried fire is NOT an extinguished fire!

What You Need To Know

When you request a written fire permit you will need to know the following:

What are you going to burn? Material must be clean ordinary combustibles. Brush cannot exceed 5 inches in diameter.	How much help will you have during the burn? Your fire must be attended at all times, or completely extinguished.
Where are you going to burn? How far from the nearest	Do you own the land where you plan to burn? If not, do you have written

<p>structure, trees and dead vegetation or overhead phone or power lines?</p> <p>Fires must be no closer than 50 feet from a structure, or 25 feet if in an approved incinerator.</p>	<p>permission from the landowner?</p>
<p>When do you want to burn?</p> <p>Date, time of day, no burning 9:00 am to 5:00 pm unless it's raining (permit needed even when raining).</p>	<p>Will you be able to extinguish your fire if someone complains?</p> <p>Air pollution officials could require a fire be put out if there are smoke complaints.</p>
<p>What do you have for fire protection?</p> <p>A hose, shovel or rake, and a bucket of water should be available at the fire. You are liable for the costs of extinguishing escaped fires.</p>	<p>Are there any tires or tubes in the material to be burned?</p> <p>Tires, tubes, plastics, shingles, and foam rubber are just some of the prohibited materials.</p>

Commercial Permits

The Forest Ranger for your town/city and local Warden are needed to issue a commercial permit to burn when no other means of disposal of material is available, such as chipping, hauling to a landfill or other methods of legal disposal.

The commercial permit is for contractors who use hired help for the burning of material between the hours of 9:00 am and 5:00 pm and only needed when the ground is not covered with snow.

The permit will be required to have suppression equipment on site while the burning is being done and the fires will have to be totally extinguished or be constantly attended.
