Vote was unanimous in the affirmative.

The Chairman named Gerry, Piper and Matthews as the members to act with the Commissioners.

It was moved by Mr. Gerry and seconded by Mr. Tilton that the County construct a new county home on the approximate location of the present home, the plans to be approved by the Delegation at a later date and that the County issue bonds to the amount of \$100,000 to be used toward the expense of building such home.

ANNUAL REPORT

COMMISSIONERS' REPORT

To the Citizens of Belknap County:

In compliance with the laws of the State of New Hampshire, the Commissioners of Belknap County present the annual report of the County Commissioners, Treasurer, Superintendent of Home and House of Correction, Home Physician, Clerk of Superior Court, Sheriff, Solicitor, Chaplain and Auditors for the year ending December 31, 1948.

In presenting the County Reports for the year 1948, we wish to state that we feel that Mr. and Mrs. John Pickard as Superintendent and Matron of the County Home, are doing an outstanding job, both in running a comfortable and orderly dormitory for the people who live there, and a well managed farm, which does much for their comfort and their economic support. Your Commissioners and the Superintendent extend a cordial invitation, to any who are interested, to inspect the Home and the Farm at any time, and would welcome any constructive criticisms.

Rev. Fitzpatric, who has been Chaplain for many years, has been most faithful in his duties, and is much appreciated by the Family at the Home and the Commissioners.

As in years past, your Commissioners wish to bring to the attention of the Delegation, the fact that the Dormitory is a very antiquated structure, and considered more or less a fire trap by people who know the conditions. The Superintendent is most careful, and uses all precautions possible to avoid a fire.

The Belknap Mountains Recreation Area has been for the past three years a little more than self-supporting. Also each year a sizeable amount on new construction and permanent improvements has been spent. We see no reason why it should ever be a financial burden for the tax-payers in the future.

Respectfully submitted,
JOSEPH F. SMITH

In the fiscal year ended December 31, 1946, appropriation overdrafts of \$13,782.67, less unexpended appropriation balances of \$9,737.96, resulted in a net budget deficit of \$4,044.71.

Table III—Balance Sheets

Table IV—Tax Apportionment

Table V —Receipts and Expenditures

ACCOUNTS OF COMMISSIONERS AND TREASURER

All orders issued by the Commissioners and Clerk of the Superior Court during the periods under review were examined and compared with corresponding entries in the Treasurer's records. Supporting invoices and payrolls were also examined and the classification of expenditures noted. Proof of the Treasurer's balance as of December 31, 1946 and December 31, 1947, is indicated in Exhibit I-C-1 and II-C-1, respectively.

CLERK OF THE SUPERIOR COURT

The financial accounts and records of the Clerk of Court of Belknap County were examined. Court receipts were checked by source, insofar as possible, and found to be properly recorded. Court orders issued by the Clerk were supported by invoices, vouchers and payrolls bearing the approval of a Superior Court Justice.

COUNTY FARM

The accounts and records of the Superintendent of the County Farm were examined. Receipts of the County Farm were checked by source through the triplicate receipt forms and were properly accounted for by the Superintendent through remittances to the County Treasurer. Classified summaries of the receipts and expenditures of the County Farm for 1946 and 1947 are presented in Exhibits I-F and II-F, respectively.

RECREATION AREA

Schedule A reflects figures of Departmental Profit or Loss which indicate Departmental results before any deductions for General Area Operation and Maintenance. Without accurate information as to space occupied by the respective departments, volume of power used, or other reliable bases for distribution of these general expenses to the various departments it did not seem advisable to make an arbitrary distribution for purposes of this statement.

Total Departmental Profit of \$25,715.04, less General Area

ANNUAL REPORT

Operation, Maintenance, Supervision and Administrative Costs of \$23,337.08, resulted in an Area profit for the year of \$2,377.96.

The cost of additional facilities and permanent improvements during the year amounted to \$10,231.76. The Area profit of \$2,377.96 deducted from this amount, left an excess of 1947 Expenditures and Liabilities incurred over Area Revenues of \$7,853.80.

Schedule A indicates a Restaurant departmental profit of \$4,377.01, before any charge for its respective share of Operating and Maintenance Expenses. This profit is approximately 20% of Restaurant revenue of \$21,643.65. Considering current menu prices this percentage of gross profit would appear to indicate that the management should make a careful study of the procedure of serving customers to insure that all items dispensed are paid for.

Schedule A reflects losses of \$784.54 and \$1,849.23 for the Gift Shop and Ski Shop, respectively. As no inventories were taken at either December 31, 1947 or December 31, 1946, it is not possible to arrive at accurate profit or loss figures for these departments.

Total Area costs for 1947, amounting to \$79,456.46 as indicated in Schedule A-I, are made up of actual expenditures in 1947, plus accounts payable on December 13, 1947, less accounts payable on December 31, 1946.

Schedule C details the items of Miscellaneous Revenues. Some of these revenues might be treated as additional revenue of certain related departments. However, as we have shown in Schedule A revenues as classified in the county records, no attempt was made to so distribute any of these miscellaneous revenue items.

A summary of the Recreation Area accounts payable, by departments, as of December 31, 1946 and December 31, 1947, is presented in Schedule B. These figures were arrived at by examining the Area bills incurred in 1946 and paid in 1947, and those incurred in 1947 and paid in 1948.

It will be noted that the accounts payable increased from

BELKNAP COUNTY

\$3,443.78 on December 31, 1946, to \$11,240.28 on December 31, 1947.

Because of the very substantial amount of funds which are handled at the Area it is recommended that the manager be bonded by a surety company.

GENERAL COMMENTS

Competitive Bidding:

Our examination revealed that bids were not usually obtained on larger quantities of Fuel, Feed and Grain, and certain other commodities purchased but that the waiver provision of the law had been generally complied with in connection with such purchases. Upon inquiry, we were informed by the Commissioners that market conditions at the time of purchase were such, that in order not to impair or reduce certain County services, it was necessary to make the purchases in the open market.

County Farm:

The incumbent Superintendent of the County Farm during 1946 and 1947 was very negligent in submitting reports of Petty Cash expenditures for reimbursement. In some instances they had accumulated over a period of several months, and the total to be reimbursed exceeded the \$200.00 amount of the Fund, such excesses representing expenditures made from the Superintendent's personal funds.

Proper accounting forms were in use at the Farm during the two years under review but the information therefrom was not always promptly submitted to the County Bookkeeper, as a result of which the County was unable to promptly send out bills for amounts due it for services rendered by the Farm, etc.

Our examination disclosed that the Farm Superintendent did not promptly forward to the County Bookkeeper invoices received on purchases made. 1947 Farm accounts paid in 1948 included some bills incurred during August and September. When bills are held back for as long a period as that, it is impossible to arrive at an accurate accounting for Farm expenses for the year.

The foregoing County Farm situations have been pointed out to both the Commissioners and the newly appointed Farm

ANNUAL REPORT

Superintendent, and we have been assured that proper accounting procedure will be followed in the future.

Conclusion:

The accounts and records of all county officials, with exceptions as herein noted, were found in good condition and the accounting procedure conformed to the uniform procedure prescribed by this Division. The records of the county bookkeeper were very complete and accurate.

In conformance with Section 31, Chapter 211, of the Laws of 1939, a copy of this report or a summary of its essential features should be published in the next annual report of the County. This letter of transmittal should be included in its entirety. The publication of Exhibits is optional.

The appreciation and thanks of the members of this Division is hereby expressed to the officials of Belknap County and the office staff for the assistance rendered during the course of the audit.

Yours very truly,

BELKNAP COUNTY

SUPERINTENDENT'S REPORT

To the Honorable Board of Commissioners of Belknap County:

We hereby submit our report for Belknap County Home and Farm for the year 1948. February 1, 1948 we assumed the duties of Superintendent and Matron of the Belknap County Home and Farm; the surroundings were not too unfamiliar to us as three years previously we were employed here as Farmer and Housekeeper, it was more or less of a home coming since most of the inmates were known to us.

We have been successful in keeping within the budget as appropriated for us, although prices have been very high and some needed new equipment was acquired for the farm. The Mens' Hospital was renovated throughout and some of the rooms in the male dormitory were painted. The rooms in the wmen's dormitory have all been papered and painted.

We wish to express to the Board of County Commissioners our appreciation for their guidance and council in the operation of the County Home and Farm this past year; we are also appreciative of the wholehearted cooperation we have received from the commissioners' staff, and from our own staff of employees here at he Home. To Dr. Hodgdon and Rev. F. W. Fitzpatrick for their able and kind services rendered to all of us here at the Home, and to all the other agencies with which we have been connected, our sincere thanks.

We are deeply grateful to the many friends and organizations who have so generously contributed gifts, books and Christmas cheer also for the programs which have helped to make life pleasanter for the inmates of the Home.

Respectfully submitted,

INA A. PICKARD, Matron

ANNUAL REPORT

REPORT OF THE COUNTY SOLICITOR

During 1948 sixteen men were prosecuted for felonies.

The most serious of the cases prosecuted were three rape cases. One of the defendants pled "guilty" and, having a prior record, was sentenced to States' Prison for ten to twelve years; the second one pled "not guilty," was tried and found guilty, and sentenced to States' Prison for eight to ten years; the third pled "not guilty," was tried, and was found "not guilty." All three of these defendants had been drinking at the time of the commission of the offenses with which they were charged.

Considerable trouble was had with escapes by inmates of the State School; these inmates were not only mental defectives but also had criminal records. Two such inmates, upon escaping, broke into some thirty camps around Lake Winnisquam. They were indicted, and after considerable study was given these cases by the State Probation Department, the County Solicitor, and the Court, it was decided that the best solution, although far from satisfactory, was to recommit them to the State School, which course of action was followed. Subsequently one of these same inmates, together with another delinquent inmate, beat an attendant over the head with a wrench, and escaped; they are now being held for the next term of Court. Actually, there is no institution in the State of New Hampshire that is satisfactory for taking care of such mentally defective delinquents; the State School is not properly equipped to keep them in confinement; the State Prison is properly equipped to confine them, but because they are mentally defective, association with other criminals is apt to have an ill effect on them; and they cannot be committed to the State Hospital because they are not insane. Until such time as an institution is established for such mentally defective delinquents, and for psychopathic personalities, the courts can only try to reach the best solution in each particular case.

Of the other felonies, there were four cases of breaking and entering, four cases of grand larceny, one bad check case, one statutory rape case, and one adultery case. All of the defendants in these cases pled "guilty," with the exception of

BELKNAP COUNTY

the defendant in the adultery case who pled "not guilty" and was found "not guilty." Three of the defendants were sent to States' Prison, two to the Belknap County Farm, and five were given suspended sentences, or their cases were continued for sentence, either because they did not have sufficiently bad criminal records to be committed or because they were turned over to the authorities of other states.

The Grand Jury was not called in at the March Term, 1948, because all the defendants who had been bound over waived their right to indictment by the Grand Jury; all but one of these defendants pleaded guilty and were sentenced by the court. It is believed that that was the first time the Grand Jury had not been called in at a Term of Court for many years, and was made possible by the relatively new procedure of waiving indictments.

Numerous misdemeanors were prosecuted by your County Solicitor in the various Municipal Courts in the County.

Two defendenats were committed to the custody of the State Board for the Treatment of Inebriates, with their own consent, under the law passed by the 1947 Legislature. The results in one of these two cases was very satisfactory, and the results in the other case are not yet known.

Excellent cooperation was received from local police, the Sheriffs' Department and the State Police in the investigation and preparation of all cases.

Respectfully submitted,
WILLIAM W. KELLER
County Solicitor

ANNUAL REPORT

REPORT ON HEALTH CONDITIONS AT BELKNAP COUNTY HOME

To the Commissioners of Belknap County:

The health conditions at the Home are on a higher level than one would expect, when we realize the occupants now all past middle life and many on the downward slope of life.

I can attribute this condition only to the constant care and supervision of the Superintendent and Matron who give freely of their time and sympathy to those ill or feeble.

There are three bed cases in the hospital, two of six years and one of two years duration, four other cases who are restricted in their activities because of circulatory ailments.

There were eight deaths during the year with ages ranging from sixty three to ninety three years or an average of eighty years.

Practically all of the older inmates of the Home are suffering from one form or another of heart disease, three have pronounced angina, also two diabetic cases and two patients with asthma.

The oldest inmate of the Home is ninety two years old; surely it is work well done when you keep these unfortunate inmates comfortable and contented.

E. P. HODGDON, M. D.

BELKNAP COUNTY

REPORT OF BELKNAP COUNTY COOPERATIVE EXTENSION SERVICE

To the Citizens of Belknap County:

A perusal of the County Budget will show that it included an appropriation of \$5,900 to the Farm Bureau. These funds were used to assist in maintaining a system of education Extension work in Agriculture and Home Economics, including 4-H work with boys and girls. The County Farm Bureau and the University of New Hampshire are jointly responsible for administering these funds and of State and Federal funds which also go to support Extension work.

The Belknap County Extension Staff includes a County Agricultural Agent, a 4-H Club Agent, a Home Demonstration Agent, and a part-time Forester. The work of these Agents is planned and supervised by the University of New Hampshire and the Farm Bureau Executive Board. This report contains only a very brief resume of the work done by the Agents. You are cordially invited to visit the Extension office and study the Agents' reports at your leisure.

I wish to emphasize the fact that the services of the Extension Agents are available to anyone, and not just Farm Bureau Members or farmers. If you have a problem on any phase of rural life or rural living, bring it to the Extension Service for information and assistance. This is the 34th year of Extension Work in Belknap County.

ROBERT S. SMITH,

County Agricultural Agent.

A resume of the work of the Extension Staff follows:

COUNTY AGENT WORK—ROBERT S. SMITH, COUNTY AGRICULTURAL AGENT

In 1948 the County Agent made 396 Farm and Home Visits, had 733 office calls and received 1035 telephone calls. He wrote 81 news stories, distributed over 500 bulletins, and delivered 22 radio talks. Thirty-eight educational meetings and conferences were arranged by the County Agent with a total attendance of 3,196. In addition, 42 other farm meetings were participated in by the Agent.

Educational programs were carried on with each of the

ANNUAL REPORT

three major commodity groups in the County—Dairymen—Poultrymen—and Fruitgrowers. At the beginning of each year, a committee of farmers assist the Agent in planning the educational program for the year. Some of the most important phases of the 1948 Dairy program were as follows: The Green Pastures program, a winter roughage show, fair exhibits on the value of improved pastures, hay equipment meetings, a marketing project with producer-distributors of raw milk, corn silage variety demonstration, annual meeting of the Dairy Herd Improvement Association, and the Artificial Breeders' Association, dairy sanitation meetings, Breed association meetings, and a fall roughage meeting.

Highlights of the fruit program included the Annual Meeting of the State Blueberry Growers' association which is held annually in Belknap County; a demonstration of grading equipment at New Hampton, an orchard meeting on pest control in Belmont, a twilight meeting in Gilmanton on orchard management, a joint meeting of bee-keepers and fruit growers, orchard visits throughout the growing season.

The Poultry program included—a survey to determine feed needs in the area, a planning conference, a joint Merrimac-Belknap County poultry grower's meeting, marketing work with producer-retailers, a dressing demonstration, and farm visits throughout the year, construction assistance to several poultrymen expanding or remodeling.

In addition to these commodity programs, meetings and demonstrations were held on a number of different subjects such as gardening, potato growing, corn, and farm economics.

The Agent is an advisor for the Veterans Farm Training Program. Over forty young farm men are now enrolled in Veterans Training in the County.

Guidance and counsel is furnished the Belknap County Young Farmers' Association.

Some of the other activities of the County Agent during the year were: Completion of a rodent control campaign started in 1943; attendance at Cornell University Summer School for professional improvement purposes;

Participation in a weekly radio program from January to September:

BELKNAP COUNTY

Organization of a soil sampling campaign and collecting soil samples on 2 farms;

Acting as ex-officio member of the County Agricultural Conservation Program Committee; serving as Secretary of the Soil Conservation Service Board of Supervisors; participation in Grange meetings and activities on several occasions; furnishing information on Farm Registrants to Selective Service Headquarters.

The County Agent is in charge of office management and organization of the County Extension Staff.

The Extension activity which probably drew most attention during the year was the Farm and Home Show held at the Gilford Recreational Area. Over 2000 attended this one-day show which was sponsored by Extension with Farm Machinery and Home Equipment dealers cooperating.

COUNTY CLUB AGENT—RUTH C. WESTON, COUNTY CLUB AGENT

STAFF

There has been one Extension Agent in Belknap County responsible for the 4-H club work. The Home Demonstration Agent, the Agricultural Agent and the County Forester have cooperated in carrying out the program.

The Club agent has spent 106 days in the office and 127½ days in the field, making 316 visits to 112 different homes. There have been 277 office and telephone calls during the year. Eighty-six news articles were written and 13 radio talks prepared and given, to let others know about the work. The mileage involved totalled 6,824.

The agent attended 81 method demonstration meetings with 1,276 present, held eight achievement meetings with 528 people there, and went to 21 other extension meetings attended by 471.

at work and the steps to take in developing the good-neighbor spirit at home and abroad, to the end that there may be a just and lasting peace.

The State winners in Health Improvement and Clothing Achievement were from Belknap County and received free trips to National 4-H Club Congress in Chicago.

Belknap County had one of four state winners in the Soil Conservation contest, with a \$50 bond as the award.

Ten members received L. H. Bailey medals from the National Garden Institute for good gardening.

Thirty-one girls rated prizes of 70 yards of cloth.

Twelve poultry members won 375 free chicks.

A bronze plaque and \$30.00 in case was received by the members of the best dairy team demonstration in the state.

HOME DEMONSTRATION AGENT—HARRIET L. CLARK

The importance of training volunteer leadership is stressed by the home demonstration work everywhere. Not only are local leaders essential if the information is to reach the largest possible number of people, but also the system frequently develops "timid" women into acknowledged leaders. Which indicates, correctly, that Home Demonstration work seeks to develop better people as well as better homes.

All Home Demonstration groups are organized as standard Home Demonstration Clubs with the following officers: President, vice-president, secretary and/or treasurer and project leaders; nutrition, clothing and home management and a recreation leader whose duty it is to give the club some bit of fun or foolishness at a meeting, such as a game—pencil and paper or active; a conundrum, a riddle or just a spelling bee—anything to give the women something they can carry home to use with their families.

The clubs meet each month and have a planned program. The project leaders have been given instructions and material for meetings in nutrition, clothing and home management which has given them enough lesson material for one meeting each month, and then the agent meets with them four times a year.

We have ten good strong clubs in the county and three

BELKNAP COUNTY

that are weak. This situation I hope to change in 1949.

In the nutrition projects this past year we gave lessons in Meal Planning, More Food for Your Money and Food Preservation: Canning and Freezing. The agent also gave a course in nutrition for the Red Cross consisting of ten lessons. In Clothing we gave Tailoring to help the women in doing a more professional looking job in making or making over suits, coats for children, and adults and any tailored article.

To further help in getting a finished look in their sewing, we gave help in Dress Finishes such as Setting in Sleeves, Marking Armseyes, Shoulder Pads, and Hems. Timely fashion notes and suggestions were included in other meetings.

In Home Management we had a project on Better Lights for More Attractive Rooms and to help in getting more light from their present lamps we made lamp-shades for all size lamps from little candle size to huge floor lamps. To further help in Interior Decoration work we had lessons on Window Treatment, and Selection, Framing, and Hanging Pictures and Choosing Accessories.

To give aid in easier cleaning methods we had a project called Slick Tricks in Cleaning.

Help was given in suggestions for building or remodeling 22 kitchens.

Our Christmas Greens project was given in five Women's Clubs as well as two Garden Clubs besides all our Home Demonstration Clubs.

Our Farm and Home Show was a huge success and showed excellent cooperation among dealers of the county. The show was built around the theme of the Old and the New, centered at the old kitchen of 150 years ago and then showing the very modern equipment in contract. More than 2000 people saw the show.

At Plymouth Fair in addition to the individual entries in Clothing in our Home Demonstration Building two clubs put on educational exhibits winning for their treasuries \$25.00 each. One showed 150 years of Progress in Lighting, the other Strengthening the Bonds of Friendship which exemplified the fine work done by many of our clubs in sending food, clothing, and letters to adopted families, all of which we have arranged

ANNUAL REPORT

by getting addresses and information regarding needs of the families.

An educational Nutrition exhibit was also put up by the Agent.

Our women have aided in the Field Army Cancer Dressing work and have made over 2,000 dressings this year.

The agent puts out a letter each month called the Lakes Region Echoes which gives help in nutrition, clothing, and home management. This has been sent to a requested list only and the mailing has grown now to 495 women. The splendid comments on this letter from women who are unable to get to meetings are indications that the time and effort put into getting the material ready each month is quite worthwhile and fills a need of interested Belknap County Women.

COUNTY FORESTRY WORK—ROBERT F. BRADLEY, COUNTY FORESTER

The County Forester's time is divided equally between Belknap and Strafford Counties. Interest in Forestry has increased tremendously, so that the present number of urgent requests has nearly doubled what it was a year ago. This is partly due to the "Trees for New Hampshire" program conducted in the fall of 1948.

One hundred forty-four different woodland owners, involving nearly 19,000 acres have been given marketing and forest management advice and about 500 MBF of timber and 175 cords of wood on many of these holdings have been marked to demonstrate selection cuttings, improvement cuttings, and thinnings. About 865 MBF of timber and wood converted from cords to board feet) valued at \$21,327 have been harvested under improved cutting practices on thirty-four different holdings, involving 413 acres of woodland. In addition, about 4,540 gallons of maple syrup, valued at \$24,970 were produced in this district.

Ten woodlot demonstration meetings were held within the district, one of which was for 4-H Youth. In addition one maple syrup meeting was held, and the study to determine the cost of maple production was continued.
