TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 8:00 AM TO 7:30 PM
TUESDAY, MARCH 11, 1997

BUSINESS MEETING STARTS AT 7:30 PM ON
WEDNESDAY, MARCH 12, 1997

AT THE BROOKLINE ELEMENTARY SCHOOL

To the inhabitants of the Town of Brookline in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Brookline Elementary School in said Brookline on Tuesday, the eleventh (11th) day of March at 8:00 a.m. to act upon the following subjects.

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear reports of agents, auditors, committees, and all other Officers heretofore chosen, and pass any vote relative thereto.
4. To see if the Town will vote to raise and appropriate the sum of \$4,000 to engage an outside Certified Public Accountant to perform the annual Town Audit for the year ending December 31, 1996. (Recommended by the Selectmen and Finance Committee 5-0)
5. To see if the Town will vote to raise and appropriate the sum of \$25,000 as a nonlapsing appropriation for road/bridge improvements, or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 5-0)
6. To see if the Town will vote to raise and appropriate the sum of \$90,000 to replace the existing roof at the Town Hall (Daniels Academy Building) and repair deteriorating soffits, or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 5-0).
7. To see if the Town will vote to raise and appropriate the sum of \$15,000 as a nonlapsing appropriation for additional legal expenses

that may be incurred by the town, or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 5-0.)

8. To see if the Town will vote to raise and appropriate the sum of \$2,500 to be placed in the existing Hazardous Materials Contingency Expendable Trust Fund, and to authorize the Board of Selectmen and Emergency Management Director to expend the principal and interest as the need arises, or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 5-0)
9. To see if the Town will vote to raise and appropriate the sum of \$7,900 for two additional part-time weekend shifts for the police department, or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 5-0)
10. To see if the Town will vote to raise and appropriate the sum of \$6,000 to improve the public access and security of the police department, or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 5-0)
11. To see if the Town will vote to raise and appropriate the sum of \$4,675 to increase the library staff by one part time position and to increase the library's operating hours to thirty hours per week to enable us to retain the library's associate membership in the Statewide Library Development System, or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 5-0)
12. To see if the Town will vote to raise and appropriate the sum of \$5,000 for technology enhancement at the library, to include the acquisition, installation, and maintenance of technological equipment (including library bibliographic automation equipment) necessary to provide access to information in electronic and other formats made possible by new information technologies (including public Internet access) or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 5-0)
13. To see if the Town will vote to establish a "Community Center Committee" to study the feasibility of a "community center" for the Town of Brookline, and to raise and appropriate the sum of \$500 for research expenses, or take any action relative thereto. (Recommended by the Selectmen and Finance Committee 4-1)

14. To see if the Town will vote to adopt the provisions of RSA 202-A:4-d authorizing the library trustees to accept gifts of personal property, other than money, which may be offered to the library for any public purpose, provided, however, that no acceptance of personal property by the library trustees shall be deemed to bind the town or the library trustees to raise, appropriate or expend any public funds for the operation, maintenance, repair, or replacement of such property.
15. To see if the Town will accept the following legacies:
1. The sum of Two Hundred Dollars to be used for the perpetual care of the Gerald R., Jr. & Sandra A. Dee Lot #68-73, Lakeside Cemetery.
 2. The sum of Two Hundred Dollars to be used for the perpetual care of the Francis C. & Anna T. Kinney Lot #264, Pine Grove Cemetery.
 3. The sum of One Hundred Dollars to be used for the perpetual care of the Virginia J. Thistleton Lot #SF-12, Pine Grove Cemetery.
16. (By Ballot) “Shall we modify the elderly exemptions from property tax in the town of Brookline, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, \$40,000; for a person 75 years or age up to 80 years, \$60,000; for a person 80 years of age or older \$80,000. To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate, individually or jointly, or if the real estate is owned by such person’s spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$13,400 or, if married, a combined net income of less than \$20,400 and own net assets not in excess of \$50,000 excluding the value of the person’s residence.”
17. (By Ballot) “Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:
Amend Article IV: Industrial-Commercial District, Section B: Uses Permitted, to add new permitted uses in this district ?” (The Planning Board approves this amendment)
Note: All of the new proposed permitted uses, except for home businesses, are currently allowed in this district but are not listed. This amendment attempts to specify more clearly what activities are permitted. It also adds home businesses (which are currently allowed in the residential-agricultural district) as a new permitted use in the industrial-commercial district.

18. (By Ballot) “Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:
Amend Article IV: Industrial-Commercial District, Section C: Lot Requirements, to decrease the minimum frontage, minimum side and rear setback, and minimum land area requirements in this district ?” (The Planning Board **approves** this amendment)
Note: The Planning Board is seeking to enhance the economic attractiveness of the industrial-commercial district by relaxing land development standards while still preserving minimum standards for public health and safety.
19. (By Ballot) “Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:
Amend Article IV: Industrial-Commercial District, Section C: Lot Requirements, by adding a provision limiting structures in this district to a maximum of 35 feet in height ?” (The Planning Board **approves** this amendment)
Note: A height limitation in the Industrial-Commercial district would ensure the capability of fire protection and the preservation of scenic vistas within town.
20. (By Ballot) “Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:
- a. **Amend Article V: Residential-Agricultural District, Section B: Uses Permitted, to allow farm stands meeting specified public safety standards as a permitted use in this district; and**
 - b. **Amend Article VIII: Definitions by adding a definition for a farm stand ?”** (The Planning Board **approves** this amendment)
Note: Farm stands are not currently listed as a permitted use in this district.
21. (By Ballot) “Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:
- a. **Amend Article V: Residential-Agricultural District, to replace any reference to ‘single family dwelling’ with ‘single dwelling unit dwelling’, and any reference to ‘two family dwelling’ with ‘two dwelling unit dwelling’ ; and**

b. Amend Article VIII: Definitions by replacing the current definition of a dwelling unit with a new definition and by replacing 'two family house' with 'two dwelling unit dwelling' ?" (The Planning Board **approves this amendment)**

Note: This amendment would help prevent disputes over the definition of a family.

22. (By Ballot) "Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:

a. Amend Article V: Residential-Agricultural District, Section B: Uses Permitted, by adding a provision for manufactured housing as a permitted use in approved Manufactured Housing Districts subject to the provisions of Article VI; and

b. Amend Article VI: Mobile Homes, by replacing all references to "Mobile Home" with "Manufactured Housing"; and

c. Amend Article VIII: Definitions, by deleting the current definition of mobile home and replacing it with a new definition for manufactured housing; and

d. Amend the Brookline Building Code, Paragraph D, by adding a separate minimum square footage requirement for manufactured housing to qualify for building permits?" (The Planning Board **approves this amendment)**

Note: Manufactured housing, which is currently a permitted use in this district but is not listed as such, would be listed as a permitted use. The new definition and terminology would make the Town's ordinance consistent with current industry and state standards. A separate minimum square footage requirement is necessary for manufactured housing to qualify for a building permit since the minimum required size for manufactured housing is less than the size requirement for a single dwelling unit home.

23. (By Ballot) "Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:

Amend Article VII: Nonconforming Uses and Buildings, to reword provision #2 and delete provision #4 ?" (The Planning Board **approves this amendment)**

Note: Rewording provision #2 would improve its clarity. Deleting provision #4 would allow landowners who have sustained property damage exceeding fifty percent of its value to rebuild and continue the non-conforming use or building.

24. (By Ballot) “Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:

Amend Article VIII: Definitions, to add definitions for ‘farm’, ‘farming’, ‘funeral home’, ‘personal services’, and ‘restaurant’ and to delete the definition for ‘home produce and products’ ?”
(The Planning Board **approves** this amendment)

Note: The home produce and products definition is no longer referred to anywhere in the town’s zoning ordinance.

25. (By Ballot) “Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:

Amend Article XIII: Wetlands Conservation District, Section D: Special Provisions, to clarify the minimum dry area requirement for lots ?” (The Planning Board **approves** this amendment)

Note: This amendment modifies the wording of this provision to improve clarity.

26. (By Ballot) “Are you in favor of the adoption of Amendment No. 10 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:

Amend Article XVI: Growth Management Ordinance, Section F: Requirements, to better explain the annual building permit allocation procedure, to allow a minimum number of permits per subdivision per year based on subdivision size, and to allocate permits on a quarterly basis ?” (The Planning Board **approves** this amendment)

Note: The Planning Board is proposing substantive changes designed to make the building permit distribution process more fair and equitable by guaranteeing each subdivision at least one permit per year and by establishing a permit distribution system which provides all subdivisions an opportunity to receive additional permits.

27. (By Ballot) “Are you in favor of the adoption of Amendment No. 11 as proposed by the Planning Board for the Town of Brookline Zoning Ordinance as follows:

Amend Article XVIII: Sign Ordinance, by adding a new provision requiring a permit from the Board of Selectmen to erect or make alterations to a sign except for repairs, and minor upkeep and authorizing the Board of Selectmen to establish permit procedures and fees after due notice and public hearing ?” (The Planning Board approves this amendment)

Note: A permit process would help the Selectmen inform businesses of town sign standards before new signs are erected, thus avoiding the need to remove new signs which do not meet town standards.

28. (By Ballot) “Are you in favor of this amendment proposed by petition for the town zoning ordinance as follows?

To amend Article IV A (1) by adding the following Industrial-Commercial district location:

h) A portion of Tax Map Parcel A-6 of approximately 35 acres, located within the following boundaries:

Beginning at a point on the northerly side of the North Mason Road, said point being 800 feet easterly of the centerline intersection of North Mason Road and Ben Farnsworth Road; thence by said northerly sideline of said North Mason Road

- 1. Easterly 250 feet to a point; thence through said Tax Map Parcel A-6**
- 2. Northerly perpendicular to the Brookline/Milford Town Line to a point on said Town Line; thence by said Town Line**
- 3. Westerly to a point, said point being 200 feet easterly of and perpendicular to the easterly sideline of Spaulding Brook Road**
- 4. Southwesterly and Southeasterly to a point that is 200 feet northerly of and perpendicular to said northerly sideline of North Mason Road; thence by a line that is 200 feet northerly from and parallel to said northerly sideline of North Mason Road**
- 5. Easterly to a point that is directly opposite and perpendicular to the point of beginning; thence**
- 6. Southerly 200 feet to the point of beginning ?” (by petition) (The Planning Board approves this amendment)**

Given under our hands and seal this tenth (10th) day of February, in the year of our Lord nineteen hundred and ninety seven.

Russell Heinselman, Chairman
Bennett Chandler
Judy L. Cook
Selectmen of Brookline
A True Copy of Warrant, attest:

Russell Heinselman, Chairman
Bennett Chandler
Judy L. Cook

It is our practice to recess at 11:00 p.m., however, we will continue if it appears that the meeting will not extend beyond 12:00.

If the meeting recesses at 11:00 p.m., the meeting will reconvene Thursday, March 13, 1997 at 7:30 p.m.

**BROOKLINE PLANNING BOARD
ZONING AMENDMENTS
1997 TOWN MEETING**

Amend the Following Articles (amendments shown in italics):

I ARTICLE IV, INDUSTRIAL—COMMERCIAL DISTRICT.

Section B, Uses Permitted. Add new permitted uses and modify list to read:

“B. USES PERMITTED

- 1 Excavations (as per Article IX)
- 2 Establishments offering goods for sale including dry goods, foods, hardware, clothing and apparel, motorized vehicles, and other general retail commodities
- 3 Farming and forestry
- 4 Lumber yards and lumber mills
- 5 Health care facilities
- 6 Theaters
- 7 Hotels/motels
- 8 Warehousing, assembling and manufacturing
- 9 Office parks
- 10 Residential dwelling units existing prior to March 14, 1992 and home businesses within these units subject to the provisions of Article XIX
- 11 Banks and financial institutions
- 12 Restaurants
- 13 Professional offices
- 14 Personal services and offices
- 15 Churches and associated parsonages
- 16 Public, private, or nonprofit recreational facilities, fraternal orders, or membership clubs
- 17 Schools, nurseries and day care centers
- 18 Funeral homes
- 19 Automobile fueling, service and repair stations
- 20 Post offices
- 21 Police and fire stations
- 22 Any use which does not offend by emission of smoke, dust, gas, noise, odor or fumes.

Section C, Lot Requirements. Modify to read:

- “1. Frontage: Every building lot shall have at least 150 feet of frontage.

2. Setbacks:

- b. Side and Rear: Each structure shall be at least 15 feet from side and rear lot lines. In the case of a corner lot, the side distance shall be increased to 25 feet on the side bordering the frontage.

3. Land Area. Each building lot shall be at least one (1) acre.”

Add new provision: “6. Building Height: Except for structures not intended for human occupation (such as chimneys, water towers, and church spires), maximum building height is 35 feet.”

II ARTICLE V, RESIDENTIAL-AGRICULTURAL DISTRICT.

Replace all references to “single-family dwelling” with “single dwelling unit dwelling” and all references to “two family dwelling” with “two dwelling unit dwelling”.

Section B, Uses Permitted. Add the following permitted uses and renumber all subsequent provisions where necessary:

“1. Single dwelling unit dwellings, two dwelling unit dwellings

“7. Farm stands, provided that the stand is set back a minimum of 30 feet from abutting road right-of-way lines; the building area of the farm stand is not greater than two hundred (200) square feet; a minimum of two off-street parking spaces meeting the dimensional requirements of this ordinance are provided; and the stand does not pose a threat to public health, safety and welfare. Year-round, permanent structures for the sale of farm products must receive Non-residential Site Plan approval from the Planning Board.”

“8. Manufactured housing in approved Manufactured Housing Districts subject to the provisions of Article VI.”

III ARTICLE VI, MOBILE HOMES.

Replace all references to “Mobile Home” in this ordinance with “Manufactured Housing”.

IV ARTICLE VII, NONCONFORMING USES AND BUILDINGS.

- A. Reword provision #2, which states that “. . . any nonconforming use or building may not (2) Be reestablished after discontinuance for one year except to use conforming to this ordinance”, to read “.

. . . any nonconforming use or building may not be (2) reestablished after discontinuance for one year.” Amendment would improve clarity of the provision.

- B. Delete provision #4, which states that “. . . any nonconforming use or building may not be (4) Rebuilt after damage exceeding 50% of its value”.

V ARTICLE VII, DEFINITIONS.

- A. Dwelling Unit. Delete current definition and replace with:
“Dwelling Unit—A single unit providing complete independent living facilities for one or more persons with permanent provisions for living, sleeping, eating, cooking and sanitation.”
- B. Home Produce and Products. Delete definition. No reference to this activity in the ordinance.
- C. Mobile Home. Delete “mobile home” and current definition and replace with:

“Manufactured Housing—This term shall have the same meaning as that set forth in RSA 674:31, as that term is from time to time amended. The definition of this term as of the date of the passage of this ordinance is set forth as follows: Any structure, transportable in one or more sections, which, in the traveling mode, is 8 body feet or more in width and 40 body feet or more in length, or when erected on site, is 320 square feet or more, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to required utilities, which include plumbing, heating and electrical heating systems contained therein.”

- D. Two-Family House. Replace this term with “Two dwelling unit dwelling”.

- E. Add the following definitions and renumber all subsequent definitions where necessary:

“Farm—Land on which farming takes place.”

“Farm Stand—A structure for the seasonal sale of agricultural, horticultural or silvicultural products.”

“Farming—This term shall have the same meaning as that set forth in RSA 21:34-a, as that term is from time to time amended. The definition of this term as of the date of the passage of this ordinance is set forth as follows: Any land or buildings or structures on or in which agriculture and farming operations are carried on and shall include the residence or residences of owners, occupants, or employees located on such land. Farming shall mean all operations of a farm such as the cultivation, conserving, and tillage of the soil, dairying, greenhouse operations, the production, cultivation, growing and harvesting of any agricultural, floriculture, sod or horticultural commodities, the raising of livestock, bees, fur-bearing animals, fresh water fish or poultry, or any practices on the farm as an incident to or in conjunction with such farming operations including, but not necessarily restricted to, the following: preparation for market, delivery to storage or to market, or to carriers for transportation to market, of any products or materials from the farm; the transportation to the farm of supplies and materials; the transportation of farm workers; forestry or lumbering operations; the marketing or selling at wholesale or retail or in any other manner any products from the farm and of other supplies that do not exceed in average yearly dollar volume the value of products from such farm.”

“Funeral Home—A building or part thereof used for the preparation of the deceased for burial and the display of the deceased and rituals connected therewith before burial or cremation. Such building may contain space and facilities for embalming and the performance of other services used in preparation of the deceased for burial; the performance of autopsies and other surgical procedures; the storage of caskets, funeral urns, and other related funeral supplies; and the storage of funeral vehicles, but shall not include facilities for cremation. Where a funeral home is permitted, a funeral chapel shall also be permitted.”

“Personal services—Establishments primarily engaged in providing services involving the care of a person or his or her personal goods or apparel, such as beauty shops, dry cleaners and domestic services.”

“Restaurant—An establishment in which food and drink are prepared, served and consumed primarily within the principal building.”

VI ARTICLE XIII, WETLANDS CONSERVATION DISTRICT.

Section D, Special Provisions. Modify to read:

- “1. Wetland Conservation District areas, excluding bodies of water, may be used to satisfy minimum lot area requirements provided that the lot contains at least 60,000 square feet of dry area in conventional developments, or 32,670 square feet of dry area in open space developments, which is sufficient in size and configuration to adequately accommodate all required utilities, such as sewage disposal and water supply.”

VII ARTICLE XVI, GROWTH MANAGEMENT ORDINANCE.

Section F, Requirements. Modify to read:

1. The maximum number of building permits that may be issued in any calendar year for the construction of new dwelling units will reflect a three (3) percent annual growth rate in dwellings.
 - a. For calculation purposes, the Planning Board has determined that the number of dwellings as of January 1, 1994 is 1,232.
 - b. Although lots existing prior to November 24, 1993 are exempt from limitations on building permits, the building permits issued on those lots will be included in the building permit calculation.
 - c. The number of permits to be available in each calendar year shall be determined by subtracting the actual number of dwellings in Town in the current year from the target number of dwellings for that year as defined by this ordinance, adding next year's target number of building permits to that figure, and then subtracting buildable phased subdivision lots, approved undeveloped subdivision lots, and developable lots of record. If the resulting figure is zero or negative, no more than the minimum number of building permits required in section (d) shall be distributed. If the figure is positive, that number shall be added to the stated minimum in section (d).
 - d. A minimum of 10 building permits shall be available annually.
2. All subdivisions which apply for a building permit within the building year shall receive at least one (1) building permit per year. Subdivisions with ten (10) to nineteen (19) approved lots which apply for a building permit within the building year shall receive at least two (2) permits per year; subdivisions with twenty (20) to twenty-nine (29) approved lots which apply for a building permit

within the building year shall receive at least three (3) permits per year; subdivisions with thirty (30) to thirty-nine (39) approved lots which apply for a building permit within the building year shall receive at least four (4) permits per year; subdivisions with forty (40) or more approved lots which apply for a building permit within the building year shall receive at least five (5) permits per year. The intent of this section is to ensure that each developer will be assured a number of permits that is appropriate to the size of his/her subdivision and investment. The intent of this section is also to ensure that each subdivision receive a building permit, not for a subdivider to create small subdivisions or to sell off individual lots circumventing the purpose of this ordinance.

3. Each subdivision may receive their minimum building permit allocation at any time during the calendar year and are not required to wait until the quarterly allocation date for issuance. These building permits shall be exempt from the quarterly building permit cap described in section (5) and the quarterly allotment distribution process described in section (7).
4. Building permits will be issued in four periods of allocation, on February 15th, May 15th, August 15th and November 15th of each year. For the 1997 calendar year only, the first allocation date shall be April 15th instead of February 15th. One-half of the total number of available permits for the calendar year, rounded to the nearest whole number, will be issued in each of the first two allocation periods. Building permit applications must be received no later than 2:00 p.m. on the 13th of each issuance month.
5. The total number of permits which any one subdivision may receive in each of the first and second allocation periods is limited to no more than one-half of the total available permits for the calendar year.
6. In the event that the complete allotment of permits is not used in a period of allocation, the remaining permits shall be carried forward and shall be available during the next allocation period. In the event that the complete annual allotment of permits is not used after the fourth allocation date, the remaining permits shall be available on a first-come, first-served basis. Any permits remaining at the end of the calendar year shall not be carried forward to the next calendar year.

7. In the event that the total number of permits applied for exceeds the total number available during any allocation period, the following allocation formula shall be used:
 - a. Each subdivision eligible for at least one building permit, which has not yet received a permit if applied for within the building year, shall be granted one building permit. If the total number of building permits issued at this session exceeds the quarterly allotment, no additional permits shall be issued until the following allocation period.
 - b. If sufficient permits remain, each subdivision eligible for at least two building permits, which has not yet received more than one permit if applied for within the building year, shall receive one additional permit in the order in which the building permit applications were received. Permits so granted shall not exceed the quarterly permit allotment.
 - c. If sufficient permits remain, each subdivision eligible for at least three building permits, which has not received more than two permits within the building year shall receive one additional permit in the order in which the building permit applications were received. Permits so granted shall not exceed the quarterly permit allotment.
8. A building permit expires and becomes invalid if construction, which is deemed to be installation of footing and foundation, has not started within six (6) months from the date of issuance (as explained in the Brookline Building Code).
9. A lot can be transferred with or without a building permit. Building permits are tied to lots and cannot be transferred between lots.”

VII ARTICLE XVIII, SIGN ORDINANCE

Add new provision:

“H. Permit Process

1. After passage of this ordinance any person intending to erect or make an alteration to a sign shall, before doing so, obtain a permit from the Board of Selectmen. Repairs, general upkeep, and minor alterations of wording and graphics shall be exempt from the permit process.
2. Permit fees and procedures shall be set by the Board of Selectmen after due notice and public hearing.”

IX BROOKLINE BUILDING CODE

Paragraph D. Modify #1 to read:

- “1. No permit for a new dwelling shall be issued unless it contains at least 576 square feet of first floor living area. Manufactured housing shall require a minimum of 320 square feet to obtain a permit.”

PETITION FOR AMENDMENT TO ZONING ORDINANCE BY TOWN VOTERS

A petition has been completed by legal voters of the Town to request that the zoning ordinance of the Town be amended by adding the following provision:

I ARTICLE IV, INDUSTRIAL–COMMERCIAL DISTRICT.

Section A, Location. Add new provision to #1:

- “1. The Industrial–Commercial District shall be: . . .

h. A portion of Tax Map Parcel A-6 of approximately 35 acres, located within the following boundaries:

Beginning at a point on the northerly side of the North Mason Road, said point being 800 feet easterly of the centerline intersection of North Mason Road and Ben Farnsworth Road; thence by said northerly sideline of said North Mason Road.

- 1. Easterly 250 feet to a point; thence through said Tax Map Parcel A-6*
- 2. Northerly perpendicular to the Brookline/Milford Town Line to a point on said Town Line; thence by said Town Line*
- 3. Westerly to a point, said point being 200 feet easterly of and perpendicular to the easterly sideline of Spaulding Brook Road; thence by a line 200 feet easterly from and parallel to said easterly sideline of Spaulding Brook Road*
- 4. Southwesterly and Southeasterly to a point that is 200 feet northerly of and perpendicular to said northerly sideline of North Mason Road; thence by a line that is 200 feet northerly from and parallel to said northerly sideline of North Mason Road*
- 5. Easterly to a point that is directly opposite and perpendicular to the point of beginning; thence*
- 6. Southerly 200 feet to the point of beginning.*

BOARD OF SELECTMEN

Usually, we begin the annual Selectmen's report by reviewing building changes, computer systems, or some such, this year we are going to begin with accolades for Brookline's emergency services, the Road Agent's plowing and sanding crews, and all of the volunteers that carried us through a rather awesome year of weather. The Winter of 1995-1996 showed us that we can survive 10 feet of snow and storm after storm after storm . . . We should have known better after that; but, we were all surprised when July proved to be abnormally wet and cool; and, we were really surprised at the record rains in October. And, if that wasn't enough, the snow on December 6-8 created the biggest nature-caused power outage in New Hampshire history. Throughout all of this our road crews and emergency personnel couldn't have been better. And, the volunteers! Volunteers manned emergency shelters, cooked, donated food, commiserated, and comforted. There were more volunteers than we can name individually. Thank you all!

We did continue the renovations begun in 1992 to the Daniels Academy Building and the Library. This year we refinished more woodwork and floors in the Daniels Academy Building. And, to reduce operating costs we replaced the auditorium's electric heat with a new zone off the oil-fired boiler—the proposed 1997 budget shows the favorable impact this has had on electricity billing . . .

We continued the computer infrastructure renewal program for the Town Offices. All computers are Windows-based. The Town Clerk's computers operate as a team in a Windows-based networking environment to process auto registrations, dog licenses, and tax billing and receipts. The computers in the Selectmen, Planning, and Building offices are also linked in a Windows-based networking environment.

Brookline's channel 16 local access channel on Charter Communications cable network sports an improved character generator which makes programming easier and more functional. This is an all volunteer effort. Thanks to the efforts of Judy Cook and Sandra Fessenden we continuously run bulletins advertising public meetings, events, and special happenings. Pat Smith runs the video camera to bring us live coverage of town meetings, including the Town Meeting and Brookline School District Meeting—thank you Pat. More volunteers are needed to keep this going. Please let us know if you want to help.

Brookline was a participant in a New Hampshire Department of Transportation (NHDOT) low salt pilot program. A stretch of Route 130 was marked as a test section for the 1994-1995 and 1995-1996 winters. The final report for the program “. . . did not show substantial differences between test and control sections . . .” in Brookline. We understand that

NHDOT may implement some of the pilot practices on a broader scale.

1996 was the year that New Hampshire took the national spotlight and began its experiment in retailing electric power. Brookline was named a Geographic Area of Choice. We all received many mailings of solicitations to join the pilot program. The Selectmen negotiated a special group power discount for Brookline residents through Green Mountain Energy Partners. Over a third of Brookline signed with Green Mountain and they donated \$10,000 to a Brookline Community and Conservation Fund. The Town is seeing a reduction in its electric bills. The pilot program ends in 1998. By then the State of New Hampshire will have defined the parameters for a much broader program of retailing electric power.

It should not be a surprise to any of you that Brookline continues to grow. We are the fastest growing community in New Hampshire. This continues to stress all aspects of our infrastructure. You can see some of the effects in a quick perusal of the reports of the Building Inspector, Ambulance Service, Fire Engineers, Road Agent, Police Department, and school districts. Although we now exceed 3000 persons in population, Brookline is still a "small town". We all need to work together to accommodate and manage the growth. We depend heavily on volunteers for Town boards and committees. We challenge each of you to step forward. Volunteer! Join a Town board. Come to the annual Town and School District meetings. Participate in your future! Participate in Brookline's future!

Respectfully Submitted,

Russell Heinselman
Bennett Chandler
Judy Cook
Selectmen of Brookline

BROOKLINE FINANCE COMMITTEE REPORT

Matthew Cote—Chair
Bill Chapman
Cindy Magnano

The Brookline Finance Committee assists the Town Selectmen and School Committee in reviewing the proposed budgets of all department heads and the principal in the town. We strive hard to minimize the financial budgets of the town, and any department head can attest to that. The budget process begins each fall, and continues through to town meeting. A budget hearing is held each January to give the townspeople the opportunity to scrutinize each budget further.

This year, we are facing a potential significant increase in the town tax rate. The tax rate comprises four budgets; Coop Budget, Brookline School Budget, Town Budget, and County Budget. In addition, the tax rate is affected by any revenues generated by the departments, and the increase/decrease in town property valuation. Our best guess is that the town value will increase to approximately \$165 million. Therefore, every \$165,000 worth of a budget increase will equal approximately \$1 of new taxes. The following is a summary of the proposed budgets and warrant articles as of the publication of this book.

	Proposed Budgets	Last Years Budgets	Differences	Percent Increase	Approximate Tax Rate Effect
Town	\$1,364,748.00	\$1,219,136.00	\$145,612.00	11.94%	\$0.88
School	\$2,646,700.00	\$2,436,626.00	\$210,074.00	8.62%	\$1.27
Coop	\$2,237,630.00	\$2,028,946.00	\$208,684.00	10.29%	\$1.26
County*	\$393,502.00	\$374,764.00	\$18,738.00	5.00%	\$0.11
Totals	\$6,642,580.00	\$6,059,472.00	\$583,108.00	9.62%	\$3.53

*Estimating a 5% increase

Please note: As revenue figures fluctuate, so too will the tax rate. Also, any changes to the budget or warrant articles at town meeting, will affect the tax rate. These figures assume all warrant articles will be passed.

The good news is that the proposed budgets contain the last of several different bond payments totaling approximately \$450,000 that will not be in the 1998 budgets.

Respectfully Submitted,
Matthew Cote—Finance Committee Chair

The following were elected from the floor:

Surveyor of Wood & Lumber	Clarence L. Farwell
Memorial Day Committee	On motion by Russell Heinselman,
2nd Bennett Chandler, we voted to disband the committee.	V.V. AYE

Melendy Pond Authority
Sexton

Francis LaFreniere
Clarence L. Farwell

The above were declared elected by Moderator Arnold.

ARTICLE II. Motion Russell Heinselman, 2nd Rena Duncklee, to raise the sum of **\$1,168,286** to defray town charges for the ensuing year and make appropriations of the same. **AMD** Richard Van Deusen, 2nd Steven Riendeau to reduce the sum to \$1,068,286, with the intent to have the Selectmen decide where to cut the budget. After discussion Clarence Farwell moved the question, 2nd Scott Knowles. Hand vote nay. **AMD FAILED.** Ernest Hudzic moved the question, 2nd Louise Price. **HAND VOTE AYE.** We raised the sum of \$1,168,286.

ARTICLE III. On motion by Clarence Farwell, 2nd Rena Duncklee, we voted to accept as printed the reports of agents, auditors, committees, and all other officers heretofore chosen. **HAND VOTE AYE.**

ARTICLE IV. On motion by Scott Knowles, 2nd Charles Corey, we voted to establish a Municipal Fire Department, pursuant to RSA 154. This department will be known as the Brookline Fire Department, and, pursuant to RSA 154:1(I)(e), will have a form of organization, effective March 14, 1996, that results in three firewards. This section is to become effective immediately on its passage, pursuant to RSA 154:1 (deadline provision), and the two existing firewards (fire engineers), whose term is unexpired, together with the fireward elected in the March 1996 town election, shall constitute the first Board of Firewards empowered to serve under this organization, thereafter to be elected pursuant to RSA 669:17, with a fire chief and firefighters appointed by the firewards.

HAND VOTE AYE.

ARTICLE V. Motion by Charles Corey, 2nd Russell Heinselman, to authorize the Fire Engineers to sell the 1968 fire truck, and use the money from the sale to buy new equipment. **AMD** Betty Hall, 2nd David Wallace, money from the sale of the truck shall go into the general fund. **AMD Failed.** Motion passed. **HAND VOTE AYE.**

ARTICLE VI. Motion by Paul Dougherty, 2nd Brian Fessenden to raise and appropriate the sum of \$10,000 for the purchase of protective clothing, insurance, training, salary, physical etc. for the additional 5 firefighters to the Brookline Fire Department. Motion failed. **HAND VOTE NAY.**

ARTICLE VII. Motion by Louis Nadreau, 2nd Russell Heinselman to raise and appropriate the sum of \$30,000 to add a Sally port to the existing town hall for use by the Police Department. **AMD** Louis Nadreau, 2nd Russell Heinselman to establish a Capital Reserve Fund under the provi-

sions of RSA 35:1 for the purpose of a new Sally port-garage addition to the Police Department and to raise and appropriate the sum of \$20,000 to be placed in this fund. **HAND VOTE NAY YES 36, NO 68.**

AMD FAILED. MOTION FAILED HAND VOTE NAY.

ARTICLE VIII. Motion Russell Heinselman, 2nd Rena Duncklee to create a Hazardous Materials Contingency Expendable Trust Fund, and to raise and appropriate the sum of \$2500 to be placed in this fund, and to authorize the Board of Selectmen and Emergency Management Director to expend the principal and interest as need arises. The funds are to be held in Town accounts and managed by the Town Treasurer.

HAND VOTE AYE.

ARTICLE IX. Motion Clarence Farwell, 2nd Rena Duncklee to raise and appropriate the sum of \$25,000 for road/bridge improvements. (The plan is to rebuild Bohanon Bridge in 1996.) **HAND VOTE AYE.**

ARTICLE X. Motion Russell Heinselman, 2nd Judy Cook to raise and appropriate the sum of \$13,950 for additional legal expenses that may be incurred by the Town. **HAND VOTE AYE.**

ARTICLE XI. Motion Louise Price, 2nd Barbara Coon to raise and appropriate the sum of \$10,000 to computerize the circulation and cataloguing information at the Brookline Public Library. After discussion, the question was moved by Richard Van Deusen, 2nd Charles Lancaster. **MOTION FAILED. HAND VOTE YES 46, NO 68.**

ARTICLE XII. Motion Scott Grzyb, 2nd Kathleen Pelletier to raise and appropriate the sum of \$9400 to be used at the new ball field at the Brookline Elementary School to cut in the baseball diamond; install 180 ft. of fencing; to bring in a screening plant for loam and to include the labor to run it; and to hydroseed the field. **AMD Robert Parodi, 2nd David O'Sullivan to add \$10,000 for an irrigation system at the Town ball park. AMD HAND VOTE NAY. AMD Larry Hamilton, 2nd Rick Van Deusen to reduce the sum by \$2400. AMD HAND VOTE NAY. Main motion—HAND VOTE AYE.**

ARTICLE XIII. On motion by Marcia Farwell, 2nd Russell Heinselman, we voted to urge our Representatives to the General Court of New Hampshire and the United States Congress to pass laws reforming electoral campaign financing, thus returning the political process to the will of the people and encouraging the participation of candidates with great ability and limited means. The Selectmen are instructed to communicate this to our Representatives and Congressmen.

ARTICLE XIV. On motion by Clarence Farwell, 2nd Sandra Fessenden, we voted to accept the following legacies:

1. The sum of two hundred dollars to be used for the perpetual care of the Roy and Constance Ward Lot #195, Pine Grove Cemetery.
2. The sum of two hundred dollars to be used for the perpetual care of the G. Nye Lot #67, Pine Grove Cemetery.
3. The sum of two hundred dollars to be used for the perpetual care of the Neil and Shirley Johnson Lot #336 Pine Grove Cemetery.
4. The sum of two hundred dollars to be used for the perpetual care of the Winfred and Beatrice Creighton Lot #199, Pine Grove Cemetery.
5. The sum of one hundred dollars to be used for the perpetual care of the Charles Higgins and Emily Bagley Lot #SF11, Pine Grove Cemetery.
6. The sum of one hundred dollars to be used for the perpetual care of the Wayne M and Mary E Coleman Lot #SF10, Pine Grove Cemetery.
7. The sum of one hundred dollars to be used for the perpetual care of the Hammond G and Georgianna Creighton Lot #188A, Pine Grove Cemetery.
8. The sum of one hundred dollars to be used for the perpetual care of the Wilfred W and Margaret Pekkala Lot #332B, Pine Grove Cemetery.
9. The sum of two hundred dollars to be used for the perpetual care of the John J and Dorothy Vossahlik Lot #331, Pine Grove Cemetery.
10. The sum of two hundred dollars to be used for the perpetual care of the J E Wheeler Lot #200, Pine Grove Cemetery.

VOICE VOTE AYE WITHOUT DISSENT.

ARTICLE XV. (By Ballot) Are you in favor of the adoption of Amendment No 1 as proposed by the Planning Board for the Town of Brookline zoning ordinance as follows:

- a. Amend Article VI, Residential/Agricultural District, Section B, Uses Permitted, #5 Home Businesses, to require compliance with new Article XIX and the Non-residential Site Plan Review regulations?
- b. Amend Article VIII Definitions, #15 Home Businesses, by modifying the definition of a home business?
- c. Add a new Article XIX Home Businesses, to clarify when site plan approval for a home business is necessary, to define the requirements which home businesses must meet to operate in a residential neighborhood, and renumbering all subsequent Articles?

ARTICLE PASSED. YES 289, NO 164.

ARTICLE XVI. (By Ballot) Are you in favor of the adoption of Amendment No 2 as proposed by the Planning Board for the Town of Brookline zoning ordinance as follows:

Add a new Article XX, Driveway Ordinance, to require a Town permit and

compliance with certain design standards for any new driveway construction, alteration or relocation, and renumber all subsequent Articles? **ARTICLE PASSED, YES 249, NO 220.**

ARTICLE XVII. (By Ballot) Are you in favor of the adoption of Amendment No 13 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend Article III, General Provisions, by adding a provision to prohibit the subsurface storage and pipeline transmission of petroleum or related products, except for propane/liquified natural gas and storage tanks regulated by the State of New Hampshire?

ARTICLE PASSED. YES 336, NO 129.

ARTICLE XVIII. (By Ballot) Are you in favor of the adoption of Amendment No 4 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend Article IV, Industrial/Commercial District, Section C, Lot Requirements, by adding a provision to limit the gross area of any lot in this district which may be occupied by structures and impervious surfaces to a maximum of 75 percent?

ARTICLE PASSED. YES 308, NO 146.

ARTICLE XIX. (By Ballot) Are you in favor of the adoption of Amendment no 5 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend Article IX, Earth Removal, to permit by special exception excavations performed exclusively for Town road projects by the Town of Brookline?

ARTICLE PASSED. YES 281, NO 179.

ARTICLE XX. (By Ballot) Are you in favor of the adoption of Amendment No 6 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend Article X, Lot of Record, by reorganizing and by adding a requirement for building sites to have frontage and direct access on a Class V or better road?

ARTICLE PASSED. YES 276, NO 177.

ARTICLE XXI. (By Ballot) Are you in favor of the adoption of Amendment No 7 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend Article XIV, Floodplain Ordinance, by adding new definitions for FEMA; Historic structure; substantial damage; new construction; and violation, and by replacing section 9 (f) with a new variance and appeals procedure which complies with federal requirements?

ARTICLE PASSED. YES 313, NO 135.

ARTICLE XXII. (By Ballot) Are you in favor of the adoption of Amendment No. 8 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend Article XV, Aquifer Protection Ordinance, Section III, Permitted Uses, by adding subsurface storage of propane/liquified natural gas as a permitted use?

ARTICLE PASSED. YES 298, NO 159.

ARTICLE XXIII. (By Ballot) Are you in favor of the adoption of Amendment No. 9 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend Article XVIII, Sign Ordinance, Section C, Size, #2, to permit one free standing sign per entrance for buildings with multiple unconnected driveway entrances to separate businesses?

ARTICLE PASSED. YES 318, NO 140.

ARTICLE XXIV. (By Ballot) Are you in favor of the adoption of Amendment No. 10 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend Article XIX, Amendments, by adding a paragraph which allows the Planning Board to renumber provisions of the Zoning Ordinance so long as no substantive changes are made as a result?

ARTICLE PASSED. YES 312, NO 137.

ARTICLE XXV. (By Ballot) Are you in favor of the adoption of Amendment No. 11 as proposed by the Brookline Planning Board for the Town of Brookline zoning ordinance as follows:

Amend the Brookline Building Code by requiring that all building permit applications be accompanied by an approved current septic plan or a site septic assessment form, either of which should clearly demonstrate that the site will support the proposed building alteration?

ARTICLE PASSED. YES 307, NO 159.

On motion by David Wallace, 2nd Elizabeth Cross, we voted to adjourn the meeting at 10:20 PM. **V.V. AYE.**

TOTAL MONIES RAISED: \$1,219,136.

Fire Standby	6	Weakness	2

TOTAL CALLS: 194

Call volume increased by 10% during calendar year 1996. The full-time dayshift attendants handled 38% of the total calls. The volunteer attendants handled 31% of the total calls on weeknights and 31% of the total calls on weekends.

At the end of 1996, the Service had 21 attendants:

2—Paid Daytime EMT-Intermediates	
2—Volunteer Paramedics	1—Volunteer EMT-Intermediate
6—Volunteer EMT-Basics	3—Volunteer First Responders
3—Volunteer Apprentices	1—Volunteer Training Member
1—Chaplain	2—Military Leave Status

The new ambulance was put in service in January 1996 and has responded to the majority of the calls during the year. The ambulance attendants appreciate the added patient care area and availability of equipment which has equated to better patient care. The backup ambulance has been used 8 times during the year to transport multiple patients or as the primary unit for a second call.

Our third year of providing service to Mason, NH has resulted in 46 calls this year. During the year, 4 Mason First Responders successfully completed the National Registry EMT-Basic Course bringing their total roster to 12 EMTs. They purchased a Defibrillator matching ours which they respond with to all scenes with potential cardiac involvement.

In March, we began a Service Award Program to annually recognize the volunteer attendants for their commitment to the Town. A quality assurance program was also introduced with a confidential questionnaire mailed to each patient. Both these programs have met their objectives and will be continued next year.

Our Defibrillator purchased in 1992 was used on 2 calls to defibrillate and on 47 calls as a cardiac monitor. Every licensed EMT and First Responder with the Service is certified in its usage with a refresher program conducted annually in conjunction with the CPR recertification.

The Service again provided emergency medical coverage for the Annual Twilight 5-Miler Roadrace in August. We also provided emergency medical coverage for the annual Foot Stomp Picnic on the same day.

During the Winter Storm in December, attendants staffed the Ambulance Bay as an additional shelter from Sunday afternoon through Wednesday evening. Attendants performed varied duties to include checking on residents who elected to stay at home, keeping the town generators operational and providing comfort to the evacuees housed at the Bay.

With the ever-changing NH requirements for licensing as an Emergency Provider to perform as an ambulance attendant, every attendant has been busy maintaining and upgrading their skills to meet the future challenges. Through monthly training, continuing education courses and refresher training on nights and weekends, each volunteer attendant has committed to providing the highest level of pre-hospital care to the townspeople. I applaud the volunteers who provide the vitality necessary to provide this vital emergency service free-of-charge to patients.

Throughout the year the cooperation between the Fire and Police Departments has continued to allow the fulfillment of our public safety objectives. The Road Agent and many local businesses have assisted us in our mission. Appreciation goes especially to the taxpayers who have supported us in obtaining the necessary equipment and supplies to provide quality pre-hospital care to the community.

The Ambulance Service **NEEDS VOLUNTEER MEMBERS.**

Training is provided by the Service for registration as a National Registered EMT and as a licensed NH Emergency Provider. Continuing education opportunities are available to maintain the competency needed for the position. To learn more about this unique public service role in providing emergency medical care to your fellow townspeople, please contact the Ambulance Director anytime at (603) 672-6216 or stop at the Bay for a tour and more information.

Respectfully submitted,
Wesley N. Whittier,
Ambulance Director

BROOKLINE PUBLIC LIBRARY TRUSTEES 1996 ANNUAL REPORT

1996 was a year of growth and change for the Brookline Public Library. The number of registered patrons grew to 55% of the towns population. Brookline is now well above the U.S. library average of 30%.

1996 saw changes in the Brookline Public Library Board of Trustees for the first time in 16 years.

Veteran board members Eleanor Monius and Ellen deGuzman were replaced by Kate Finnegan and Kathleen Humphreys. We thank Eleanor and Ellen for their many years of service to the library. There were staff changes as well. The resignation of Assistant Librarian Claire Halley was regretfully accepted and Diana Boyle was welcomed to that position.

During 1996 the library took the initial steps needed to take advantage of new information and technology. Staff and volunteers have been hard at work converting the catalog information into a computer database. Librarian Claudette Gill who is working towards a Software Applications degree at NH Technical College is leading the effort. Claudette has even served as a software tester! Her efforts earned the library free software upgrades and maintenance.

Children's programming continued in 1996 with the summer reading program and fall story times. The friends of the Brookline Public Library were active during 1996. A very successful book sale gave the library a substantial donation towards books. We are especially grateful for their efforts this year as the cost of books has risen 20%. The Friends also provided a printer that allows the library to generate the catalog cards that the State Library no longer provides. The search for funding grants was renewed during 1996.

The library benefited from 1,338 hours of dedicated volunteer time this year. The library building continues to provide meeting space to the community at an increasing pace.

1996 was a year of continued growth for the Brookline Public Library, and we thank everyone who helped. We hope to continue that growth in 1997 with your help and for your benefit. 1997 plans include furthering the automation of the library up to Internet access, expanding the "Adopt-an-Author" program and volunteer activities, and expansion of adult as well as children's programs.

Respectfully Submitted,
Kate Finnegan

**REPORT OF THE POLICE DEPARTMENT
1996**

In June, Chief Louis P. Nadreau unfortunately for our Department, decided to retire, moving to the warm State of Florida along with his wife Sandra, our Department Secretary.

Being promoted from Sergeant to Chief of Police has been an extremely exciting experience for me. My eyes have been opened to avenues that I never knew existed. With input from the community, I hope to serve the Town well.

Brookline is growing each day and our activity unfortunately grows with the population. But as new Chief of Police it is my goal to serve the citizens of Brookline as best as possible. With this in mind, new community programs are being implemented. As the instructor of the existing D.A.R.E. program, I feel everything is going very well. Working with the children of the community has been a very rewarding experience. the HOSE CHECK program has been a great success. Although we haven't had anyone respond yet to our elderly "CALL-IN" program, I am hopeful that once the program has been more publicized, people will take advantage of this very worth while police service.

I look forward to the new year, and a usual my office door is always open to the people of Brookline. I welcome any thoughts or ideas you may have.

Respectfully submitted
Brian C. McCarthy

**1996 ANNUAL REPORT
OF THE
NASHUA REGIONAL PLANNING COMMISSION
TO THE TOWN OF BROOKLINE**

This past year was a very busy and productive one for the staff at Regional Planning, and among our more significant local projects of 1996 were the update to the Brookline Master Plan and our assistance in the organization of the Community Profile event. Our circuit rider planner assisted the planning board in amending their regulations, drafting changes to the zoning ordinance and analyzing current population and growth trends as a part of the review of the town's policy on growth management. Perhaps our most noteworthy achievement, after many years planning and regulatory delay, was the opening of the state's first permanent facility for monthly collection of household hazardous waste.

The following is a brief summary of our other notable accomplishments of 1996, but I also want to use this opportunity to offer a note of thanks and recognition to our Commissioners from Brookline: Selectman Russ Heinselman, Bob Sykes and Allan Fessenden; and by expressing my gratitude for the cooperation and support that we have received from all of Brookline's town officials.

Legal Services

To respond to the routine needs of our member communities for timely and reliable legal information and advice, our staff attorney provided counsel in the areas of land use, planning and zoning, and environmental law.

Geographic Information System

Staff applied our GIS resources and technology to a broad variety of local applications in a number of our communities including real property parcel mapping, build out analyses, floodplain and floodway mapping, aquifer protection, development constraints mapping, long range visioning and traffic analyses. A new digital base map of Brookline was created this year.

Data Services

In our role as a Regional Data Center for the Bureau of the Census, we responded to a broad spectrum of information requests. In addition, we distributed a revised edition of our very popular Regional Data Profile as well as numerous data briefs.

Souhegan River

The Souhegan River Watershed Management Plan was completed and presented to all of the participating towns including Brookline. Staff also helped the Souhegan Watershed Association with the publication of their “Green Guide”, a newspaper insert filled with comprehensive recreation and resource information on the river and its corridor.

Planning Board Training

In addition to another evening workshop aimed at the needs of our local planning board members but open to all interested parties in the region—we held a very well attended session on the topic of growth management—we also produced our fifth planning board training video on local applications of geographic information systems and made copies available for circulation.

Transportation Improvement Program

Our transportation staff prepared and submitted to the NH Department of Transportation an update of the Regional TIP/Transportation Plan which includes a twenty year forecast of traffic conditions along with recommendations for short and long range transportation improvements. The document provides the programming of all local and regional projects that seek federal funding. We also made it a priority to reach out to local officials and members of the public in each of our communities in the development of our TIP/Plan which is incorporated into the state’s so-called Ten Year Plan.

Transportation Information System

Among our most innovative accomplishments of the past year, we conceived and developed a computer based system of transportation related information to improve traffic congestion and air quality throughout the region. Comprised of a network of personal computers, and available through the World Wide Web, any commuter or casual traveler can now use a very friendly program of eye catching graphics to find out about ride matching, public transportation schedules, airline schedules, construction delays and alternative transportation options.

Traffic Count Program

With automatic counters at over 100 locations throughout the region, we maintained a traffic count system to provide the most accurate and current data to meet the needs of both public agencies and private businesses, and we published these data in an annual summary document.

Major Transportation Projects

We continued to work with local, state and federal officials to spur the implementation of this region's most significant highway projects including Nashua's Broad Street Parkway, the Everett Turnpike widening, the Route 101A signal coordination and the Circumferential Highway. NRPC also contributed to the development of a number of alternative transportation projects for pedestrians, bicyclists and transit riders through the Congestion Mitigation/Air Quality and Transportation Enhancements programs.

Commuter Survey and Newsletter

With the cooperation of the region's major employers, we administered a survey of both management and employees to inventory existing commuter assistance programs and to determine interest in ride sharing and car pooling. We also published our quarterly newsletter on transportation alternatives distributed to employers, municipalities and institutions throughout the NRPC region.

RECREATION COMMISSION

The Brookline Recreation Commission has had another busy year; we are a Board of five and have put in 893.5 volunteer hours.

We started the year off with the winter carnival and the 4th Annual Fishing Derby where more than 250 anglers came out from as far as New York. The spaghetti dinner and the sledding continue to be a night of fun and we still have some creative people participating in the snow sculpture contest.

In April we worked on getting the ball field ready for another very busy season with 280 children participating in the baseball program run by the B.Y.S.A. where we still experience a field shortage. We hope the new field by the school will alleviate some of these problems which should be ready to play on in the spring of 1997. In June we had another great year at the Grove with 334 memberships which kept our lifeguards and managers quite busy. Swimming lessons continue to grow with 3 two week sessions and 288 children signed up. Thank you to the lifeguards, managers and instructors.

In August we once again brought back Olde Home Days; the softball, volleyball, and horseshoe tournaments still continue to be a great success. The dance and family day are also a lot of fun for all.

In the fall we all geared up for the soccer program which is also run by the B.Y.S.A. which 340 children participated, and there again a field shortage was felt and unfortunately may continue for a couple more years until we can find a site and funds to create a new soccer field. Also this fall we participated in the Twilight Five Miler by providing baked goods selling soda and hamburgers and hot dogs. We thank them for the donation.

We hope to continue with our special events and proceeds from these events will go toward an irrigation system at the existing ball field. Please keep in mind that we may be elected officials of the Town of Brookline, but we are also volunteers; therefore, we do not get paid for what we do except for the gratitude and thank yous we receive from the townspeople which makes it worth any pay check.

We would like to thank all those who donated time, effort, and those who participated in our functions. We look forward to another great year.

Respectfully submitted,
Sheryl Corey, Chairman
Michele Hakala
Scott Grzyb
Kevin Gorgoglione
Stephanie Gay

1996 ANNUAL REPORT CONSERVATION COMMISSION

With the increase in residential and non-residential construction and renovations, the Brookline Conservation Commission (BCC) was busy conducting site inspections to verify compliance with applicable wetlands and dredge and fill regulations. The Commission would like to acknowledge Libby Wehrle-Anderson for the many hours she has spent reviewing site plans, conducting on-site inspections and communicating her findings and recommendations to the town and state. As has been the case in previous years, site plan review and inspections continue to occupy most of the Commission's time.

During the winter months we developed plans for the new Nissitissit Park, a bike path that will begin behind the Village Store and lead to the Ball Field, and future trail maintenance and cabin restoration at the Palmer Wildlife Preserve. Much thanks to Bill Stiles for developing a landscaping plan for Nissitissit Park and organizing our initial cleanup day this past summers. We will begin implementing these three project plans in 1997. In addition to removing trash and fallen trees from the new park area, the BCC also sponsored the 2nd Annual Town Cleanup day in April. Much thanks to all who participated. We look forward to an even larger group of volunteers this year.

The BCC also spent considerable time responding to a citizen complaint about the potential release of hazardous substances and/or oils at the now vacant Bartlett Tree Expert Site located on Route 13. The New Hampshire Department of Environmental Services (NHDES) responded quickly to the BCC's request for a site inspection and soil and water sampling. We are now awaiting the results of further testing which was performed by an independent environmental consultant at the request of NHDES. The BCC has followed the complaint since it was first brought to our attention in June and we will continue to work with the NHDES until the complaint is resolved.

Respectfully submitted
Kathy Harvey
Acting Chairman

EMERGENCY MANAGEMENT ANNUAL REPORT

Mother Nature dealt the Town some severe weather this year. The high water experienced in October forced some temporary road closings and rerouting of traffic. Many cellars flooded necessitating pumping by the Fire Department. Other than inconvenience and damage to interior contents, no real property loss was sustained.

By far the most dramatic event was the winter storm in early December when the Town was without power from Sunday morning through Wednesday evening. Temporary shelters were established at the Fire Station and Ambulance Bay. Sheryl Corey and her crew of volunteers provided hot meals around the clock during the seige. Firefighters, ambulance attendants, police officers and the road agents crew worked tirelessly to ensure that roads were kept open and the elderly residents were checked on and provided with essentials.

The Emergency Operation Center at the Town Hall was opened during the winter storm and functioned as planned with some unexpected troubles. The Town Hall generator ran throughout the storm to power the EOC and water pump at the Fire Station. The new generator final installation has now been completed to operate the designated electrical outlets in the EOC.

As with any emergency, several systems got a real testing and modifications are planned to better prepare for the next emergency.

The Enhanced 9-1-1 Emergency Phone System has been operating with minimal problems to the residents. The problems identified have been with equipment rather than with the system concept or personnel in the Concord Center. The annual update to the master data file at NYNEX was completed and monthly discrepancies in phone listings versus correct addresses were identified and revised.

To locate an open shelter in Brookline during an emergency or an impending disaster, call Hollis Dispatch 465-3636 or tune to Cable Channel 16 for instructions.

The two emergencies this year have reinforced that fact that the residents of Brookline still band together and work for the betterment of all their neighbors. Any resident who has emergency service skills which might be valuable during an emergency is invited to contact the Emergency Management Director to fill a role on the Local Emergency Planning Committee.

Respectfully submitted,
Wesley N. Whittier
Emergency Management Director

REPORT OF THE FIRE ENGINEERS FOR 1996

The Fire Department responded to a total of 147 calls, which resulted in a total of 2057 firefighter hours.

CALLS

CO Detectors	23	House/Structure	2	Chimney	8
Brush	5	Car Accidents	17	Mutual Aid	26
Alarm Act.	19	Gas/Propane	5	Illegal Burns	4
Smoke Check	7	Special Details	18	House Smoke Ck	7
Oil Burner	1	Oven/Dryer Fire	3	Car Fire	2

During 1996 the Fire Department has been very busy with its many hours of training, inspections, and fire calls. This fall we replaced the three overhead doors with much more energy efficient doors. To save on the cost we removed the doors ourselves, and the electrical work was done by Brian Fessenden. The Governor's Energy Council will also be reimbursing us for part of the cost of the doors. Thanks to all who helped with this project.

At Fire Prevention Week, Captain David Joki and his helpers went into the schools and gave tours of the fire station to teach the children about fire prevention. Please remember to check the batteries in your smoke detectors. A big thank you to Dave and his helpers!

During this past December's snow storm and big electric outage the fire department was very busy responding to chimney fires, trees down on wires, mutual aid calls, and helping with homes damaged by the storm. The fire station was opened as an emergency shelter and hot meals and a warm place to sleep were provided to the townspeople throughout the 4 day outage. A big thank you goes to Sheryl and everyone that helped her in preparing the meals, getting food, and cleaning up. Thank you to those people who donated food, milk and paper items. The cooperation between the town's various departments was tremendous. This shows how everyone in the community and town departments can really pull together and help each other in an emergency situation.

We would like to thank the townspeople for their continued support of our breakfasts. Anyone interested in looking at our fire trucks and equipment can view them at our breakfasts. Thank you to Lee Duval, the day-time ambulance attendant for her secretarial work for the engineers and the department.

Thank you to retired Captain Mark Fessenden for over 20 years of dedicated service to the department. As always we would like to thank our fire-

fighters and their wives and children for their many hours of dedication spent on training and calls.

Respectfully Submitted,
The Board of Fire Engineers
Charles E Corey Sr.
Scott Knowles
Curt Jensen

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing any open burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000.00 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the N.H. Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws please call our office at 271-2217.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments.

THE STATE OF NEW HAMPSHIRE

POLLS OPEN AT 10:00 AM - WILL NOT CLOSE
BEFORE 7:30 PM (BROOKLINE)

To the inhabitants of the School District of the Town of Brookline qualified to vote in District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE BROOKLINE ELEMENTARY SCHOOL IN SAID DISTRICT ON THE ELEVENTH DAY OF MARCH, 1997, AT TEN O'CLOCK IN THE MORNING TO ACT UPON THE FOLLOWING SUBJECTS:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose two (2) Auditors for the ensuing year.
5. To choose a member of the School Board for the ensuing three years.

GIVEN UNDER OUR HANDS AND SEALS AT SAID BROOKLINE THIS TWENTY-THIRD DAY OF JANUARY, 1997.

Ernest R. Hudziec
Dexter K. Decker
Jack B. Flanagan

**BROOKLINE SCHOOL DISTRICT WARRANT
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District in the Town of Brookline in the County of Hillsborough, State of New Hampshire, qualified to vote in District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE BROOKLINE ELEMENTARY SCHOOL IN SAID DISTRICT ON THURSDAY, THE SIXTH DAY OF MARCH, 1997, AT 7:30 O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS.

1. To see if the school district will vote to approve the salaries of the school district officers as follows: Moderator \$0, School District Clerk, \$50, Treasurer \$150, two School Board Members at \$200 each and the School Board Chair \$300.
2. To see if the school district will vote to raise and appropriate the sum of \$38,885 for the 1997-98 fiscal year, such sum representing the additional costs attributable to the increase in salaries, as negotiated, over those of the appropriation at current staffing levels paid in the prior fiscal year. The school board recommends this appropriation.
3. To see if the school district will vote to raise and appropriate the sum of \$16,000 to establish a capital reserve fund for equipment for a future public kindergarten program. The school board recommends this appropriation.
4. To see if the school district will vote to raise and appropriate the sum of \$58,000 for installation of two portables units consisting of four classrooms and furnishings for two of the classrooms. The school board recommends this appropriation.
5. To see if the school district will vote to raise and appropriate the sum of \$20,000 to provide architectural and civil engineering services to the district for the future construction of a school building. The school board recommends this appropriation.
6. To see if the school district will join the Hollis/Brookline Cooperative and Hollis School Districts in authorizing the creation of an SAU Coordinator of Technology beginning July 1, 1997. Funding for the position is submitted as part of the SAU prepared salary account. The school board has not taken a position on this request.
7. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of school

district officers and agents and for the payment of statutory obligations of the district. The school board recommends the posted budget.

8. To transact any other business which may legally come before said meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID BROOKLINE ON THIS 7TH DAY OF FEBRUARY, 1997.

BROOKLINE ANNUAL SCHOOL DISTRICT MEETING
MARCH 7, 1996
BROOKLINE ELEMENTARY SCHOOL

Prior to the opening of the meeting, Marcia Farwell, School Board Chair, dedicated the 1996 Annual School District Meeting to the memory of Sandra A. Dee, School District Treasurer for many years, who passed away January 30, 1996.

Moderator Thomas Arnold then officially opened the meeting promptly at 7:30 p.m. by reading Article 1: To see if the school district will vote to approve the salaries of the school district officers as follows: Moderator \$0, District Clerk \$10, Treasurer \$150, two Auditors at \$50 each, two School Board members at \$200 each and the School Board Chair \$300. The article was moved by Matthew Cote and seconded by a voter, and was affirmed without dissent by a show of cards.

The Moderator then read Article 2, which was supported by the school board: To see if the school district will vote to raise and appropriate the sum of \$36,398 for the 1996–97 fiscal year, such sum representing the additional costs attributable to the increase in salaries, as negotiated, over those of the appropriation at current staffing levels paid in the prior fiscal year. The article was moved by Jack Flanagan and seconded by Matthew Cote. School Board member Ernie Hudziec explained that 1.2% or \$9,800 of this amount is for step evaluations in the salary schedule, and the balance represents salary increases of 3.1% and includes approximately \$3200–\$3300 in benefits. One voter asked where do these salaries fall with respect to salaries in other schools in the area? Ernie Hudziec replied that Brookline has historically been one of the lowest in the area. It was also made clear that these increases represent professional staff increases only, not support staff. Betty Hall requested information about teacher student ratios. Ernie Hudziec said the current minimum ratio is 17:1 and the maximum is 26:1, except for readiness, which is currently 12:1. Susan Haight asked why, since we voted on a similar amount last year, will we be subject to these increases every year? Marcia Farwell responded by saying that since it is a multiple year contract, (2 years), the district must vote every year on that year's amount. A secret ballot was requested and granted. This motion passed 58–33.

The Moderator then read Article 3, which was supported by the School Board: To see if the school district will vote to raise and appropriate the sum of \$25,000 for the purpose of purchasing kitchen equipment at Brookline Elementary School. This article was moved by Peter Webb and seconded by Richard Maghakian.

School Board Chair Marcia Farwell explained that the need for this equipment grew from a "lunch survey" sent to parents of current students, who were asked whether or not their child took part in the current lunch

program, and if not, why? The results showed that if a hot lunch program were offered, more students would participate. School officials have estimated that the total needed for a hot lunch program is \$54,650, and this \$25,000 requested represents approximately half, and they will seek the other half next year.

Clarence Farwell asked if anyone has researched used equipment? Questions were also posed regarding other outsourcing options. It was explained that the school has tried to get a hot lunch vendor, but due to the current low participation, no one would do it, or the cost per lunch would be priced too high.

Jody Rivard asked if other area programs pay for themselves? Richard Maghakian said that the state's average for participation is 55%, while the participation rate in Hollis is around 35–40%. Jack Flanagan pointed out that with the increasing number of students, a lower participation percentage is required to break even. Ernie Hudzic said that the program would need to sell 100 a day lunches to break even.

Peter Webb asked if the equipment would be available to other organizations who use the gymnasium? Richard Maghakian said yes, for a fee. Jack Flanagan moved Article 3, which passed 44–33 by a show of cards.

The Moderator then read Article 4:

To see if the district will vote to raise and appropriate up to \$50,000 to fund the following purposes:

- **establishment of site committee that would select a site of at least 35 acres for a new school, perform any required testing of the site and negotiate a price for the site.**
- **establishment of an educational specification committee for the new school. This may mean the employment of a consultant or administrator.**
- **establishment of a building committee to select an architect to prepare drawings, specifications and cost of a new school. (Submitted by petition).**

It was then moved by Ernest Hudzic and seconded by Jack Flanagan that the district vote to raise and appropriate \$10,000 to fund the establishment of a site committee that would select a site of at least 35 acres for a new school, perform any required testing of the site, and negotiate a price for the site. (Amended from the originally printed article).

Betty Hall moved to amend this motion, seconded by a voter, to strike the 35 acre phrase so the article would read: **To see if the district will vote to raise and appropriate \$10,000 to fund the establishment of a site committee that would select a site for a new school, perform any required testing of the site, and negotiate a price for the site.** The

motion passed by a show of cards.

Discussion followed focusing on voter concerns. Ann Webb was concerned about spending this money when the growth projections show we won't need more elementary school space until 2001, and even then, we have other options such as expanding the coop, or tuitioning our sixth graders to Hollis, who have expressed interest.

Peter Webb asked what the true intention was of this motion.

Ernie Hudziec said that this land could be used for a school, portables, a ballpark . . . but 10 years from now there may not be a 20 or 30 acre parcel left in town suitable for major construction such as a school or even a town hall.

School board members Marcia Farwell and Dexter Decker gave their support for this motion by stressing the importance of planning for the future.

Betty Hall reminded the district that the town "very nearly lost the land on which the current elementary school now sits" because it didn't have the money. She recommended that the district have the foresight to plan ahead.

Don Rivard questioned the amount of \$10,000 for site work? Clarence Farwell responded that an exact price could not be put on the site work because no one knows the exact site, and what would be involved. Clarence Farwell thought \$10,000 was enough to test at least one site, maybe more.

The question was moved by Clarence Farwell, and the amended article passed by a show of cards.

Immediately following the passing of article 4, Betty Hall moved to see if the district would authorize this new committee, appointed by the School Board, to use the balance of the funds to purchase an option on a piece of land. Moderator Tom Arnold responded that an option gives you the privilege of buying a piece of property at an agreed upon price for a period of time.

Marcia Farwell moved to amend the motion to read: To see if the voters will authorize this new committee, appointed by the school board, to use the balance of the funds as an earnest money deposit on a piece of land. Marcia Farwell stated that it makes more sense to give an earnest money deposit and sign a purchase & sale contract, as long as you have the provision in the contract that the purchase must be approved by the voters. If the voters reject it, the earnest money deposit is returned. The amendment passed by a show of cards, and the amended motion passed by a show of cards.

The Moderator then read Article 5, which is supported by the school board: To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officers and agents and for the payment of statutory obligations of the district.

Marcia Farwell moved to raise and appropriate \$2,293,070 for the payment of salaries for school district officers and agents for the payment of statutory obligations of the district. This motion was seconded by Jack Flanagan.

Significant discussion followed. Many residents expressed concern about the need to stop increasing the budget every year. Specific discussion focused on the proposed budget for special education, guidance, principal's office salaries, and substitutes & aides. The budget passed, unamended, 57-13 by a show of cards.

The Moderator then moved that voting for school district officers at the polls be held at the same time as that for the town, as posted. The motion passed by a show of cards. Two resolutions were then offered entered in to the official record:

1. I would like to resolve, that the members of the Brookline School District show, by a round of applause, their appreciation for the dedication and hard work of outgoing School Board member, Marcia Farwell.

She has served Brookline for 25 years and has actively supported the educational needs of the children of Brookline. Marcia was one of the driving forces behind the school building projects and has been supportive of the administration and staff of Brookline Elementary. She consistently strove to maintain a balance between the needs of the school and the resources available.

And, I would like to personally say to Marcia that I highly value the support and friendship she has given me over the years.

Thanks, Marcia!

- Richard Maghakian

2. Citizens with commitment and leadership are not common. We have been fortunate that through the past twenty-five years we have had such a leader serving on the Brookline School Board. Marcia Farwell has seen many changes in the BES that mirror what has happened in our town. Marcia has been committed to the idea that changes do not have to negatively impact the children and people of our town. Marcia's leadership on the school board and in the community has resulted in a BES that has kept up with growth and educational standards. The accomplishments of her years on the school board are many, such as computer programs, state certification of BES, and various building additions. They have been at a price to her and to the community. She has spent many hours away from her home and family, but she had a commitment to the children and people of Brookline. I think many Brookline residents recognized her commitment and returned it by supporting the BES. I ask that the members

of the Brookline School District show, by a round of applause, their appreciation for the leadership and commitment that Marcia Farwell has given to Brookline.

Respectfully submitted,
Kathleen O'Sullivan

REPORT OF THE SUPERINTENDENT OF SCHOOLS

1995-96 was a most challenging year of activity resulting in several exciting initiatives for the students of Hollis and Brookline.

Several space needs projects received major attention:

The renovation of Hollis Upper Elementary School created an expanded, bright and spacious facility to provide appropriate instruction for Grades 4-6 children. Hollis Primary School will now more comfortably accommodate our grades K-3 population.

The successful passage of the high school bond culminated several years of preparation and planning by many in both communities. An attractively situated school is under construction on the former 95 acre Hackett farm, where an impressive and commanding view of the southern New Hampshire countryside will be provided. The building facilities will support many opportunities to expand program offerings to further challenge student learning. As this report is written, building construction is on schedule for September, 1997 opening and is on target for the \$10.8 million budget.

Funding at the March Brookline District meeting created a school space needs study to explore possible school sites because of significant projected student increases. Some next step recommendations will be presented at the 1997 March meeting. In addition, a very active kindergarten study committee carefully examined program need and is preparing detailed information for consideration as well.

The SAU has a new home as a result of support at the last Hollis District meeting to renovate the Lassins' farm property. The bright and spacious new facility attractively maintains the historic structure while providing much needed new housing for school administrative offices.

Curriculum and instruction involved considerable effort and organization in Hollis and Brookline: The Curriculum Council composed of teachers, parents, administrators, students and school board members was organized this year to monitor and assess grades K-12 curriculum and instruction. Five major task committees were also created to improve programs in technology, language arts, science, math and human relations. The Technology Study Committee presented recommendations in November, 1996 to facilitate improved opportunities for all grade levels. The curriculum focused plan emphasizes the need to coordinate equipment, software, networking, professional development and management across SAU districts. These possibilities are now being closely scrutinized by school boards and will be further analyzed as budgets develop this winter. Initiatives are underway in language arts, math, and science to align instruction with the New Hampshire Curriculum Frameworks and to expand the appropriateness of materials and instructional support to further

challenge thinking. The Human Relations and Sensitivity Awareness Study Committee is introducing curriculum strategies to support student interaction skills and enhance tolerance for differences within and beyond the greater community.

Four significant administrative changes occurred in our schools. Carol Sutton was hired as the Business Administrator of SAU 41. She brings several years of experience in supervising school business operations and financial management consulting. Dr. Frank Bass, the recently appointed principal of Hollis/Brookline High School, has enjoyed two previous administrative positions in New Hampshire and Massachusetts and is joined by Bob Ouellette, the new assistant principal. Pamela Henderson comes to the principalship of Hollis Primary School with several years of experience as a teacher, gifted and talented specialist and school administrator. We warmly welcome the new members of our administrative team and look forward to the contributions they will make.

We are delighted with the successes of the past year and expect significant and new learning opportunities to further materialize. Parents and interested citizens are encouraged to join us as we continue our efforts and share your interests or skills in many of the projects we have begun.

Kenneth L. DeBenedictis, Ed.D.
Superintendent of Schools

REPORT OF THE DIRECTOR OF SPECIAL EDUCATION

In accordance with the mandates of Public Law 94-142 and the New Hampshire Standards for the Education of Handicapped Students, School Administrative Unit (SAU) #41 continues to coordinate special education programs and related services to meet the unique needs of educationally coded students throughout Hollis and Brookline. This year we are coordinating services for 212 students ranging from 3 to 21 years of age. This constitutes 11.67% of the overall student body which is below the average for public schools across New Hampshire. Brookline continues to maintain the lowest ratio of special education students in the state.

The salient goal of special education is to assure all children have an "appropriate educational experience." This means that when students have significant deficits in the learning process, resulting in delayed achievement relative to their intellectual functioning and grade level, the school system provides services to address the factors adversely impacting academic performance. Special education interventions are twofold: remedial services to enhance growth in the child's deficit area(s) and compensatory services to facilitate the student's successful engagement with his/her regular classroom instruction. For example, if a student has significant difficulty learning to read, the special services personnel provide both reading programs to enhance the child's reading skills as well as supportive assistance to classroom experiences so that his/her acquisition of knowledge taught in the regular classes is not prevented by their learning difficulties.

Congruent with state department regulations, specialized instruction services take place in regular classroom settings as well as within reduced ratio resource rooms. The district's programs successfully address the needs of educationally coded students each year. Only a few students present significantly more complicated profiles necessitating alternative specialized programs outside their school. Due to the comprehensiveness and success of our in-district programs, the number of students requiring out-of-district programming has markedly reduced over the last year. The goal of all placements is for students to develop skill levels necessary to return to and successfully prosper from the district's regular educational programs.

Under the parameters of PL 94-142 and the state's "inclusionary" guidelines, all efforts are made to appropriately service students within the "least restrictive setting", that being regular education classes with their peers. We are continuing to work on enhancing the integration of special education and regular education instructional strategies to further address the needs of a diversity of learning styles within our regular classes.

Special education personnel, in conjunction with the state department, are conducting a year long study of the districts' programs and services.

This endeavor will entail a longitudinal study on the successful progress of special education students. Information regarding student performance data, case studies, and parental surveys will be collected. The study is being conducted as part of the district's overall educational improvement plan.

The special education budget reflects all expenditures for in-district programs and related service therapies including staff salaries, instructional materials, evaluation and placement services, out-of-district tuitions and specialized transportation costs. The department is pleased to report that overall SAU wide special education budgets have significantly decreased while continuing to maintain highly professional and comprehensive services.

Respectfully submitted,

Robert R. Kelly, M.A.
Director of Special Education
School Administrative Unit #41

**HOLLIS/BROOKLINE COOPERATIVE
SCHOOL DISTRICT WARRANT
The State of New Hampshire**

To the inhabitants of the School District in the Towns of Hollis and Brookline in the County of Hillsborough, State of New Hampshire, qualified to vote upon District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE WALTERS AUDITORIUM, HOLLIS/BROOKLINE HIGH SCHOOL, HOLLIS, NEW HAMPSHIRE ON TUESDAY, THE FOURTH OF MARCH 1997, AT 7:00 O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS:

1. To see if the school district will vote to approve the salaries of the school district officers as follows: Moderator \$ 00, School District Clerk \$ 90, Treasurer \$360, six School Board Members at \$450 each and the School Board Chair \$600. The school board and budget committee recommend this appropriation.
2. To see if the district will vote to raise and appropriate a sum of \$166,403 to fund the increase in cost items relative to professional staff salaries and fringe benefits for the 1997-98 school year which resulted from good faith negotiations with the professional staff, and which represents the negotiated increase over last year's salaries and fringe benefits. The school board recommends this appropriation. The budget committee does not recommend this appropriation.
3. To see if the school district will vote to raise and appropriate the sum of \$15,600 to fund the increase in cost items relative to support staff salaries and fringe benefits for the 1997-98 fiscal year which resulted from good faith negotiations with the support staff, and which represents the negotiated increase over last year's salaries and fringe benefits. The school board recommends this appropriation. The budget committee does not recommend this appropriation.
4. To see if the school district will join the Hollis and the Brookline School Districts in authorizing the creation of an SAU Coordinator of Technology beginning July 1, 1997. Funding for the position is submitted as part of the SAU prepared salary account. The school board recommends approval of this article. At press time the budget committee had not taken a position on this article.
5. (By petition to enact the provisions of Senate Bill 2) Shall we adopt the provisions of RSA 40:13 to allow official ballot voting on all issues before the Hollis/Brookline Cooperative School District?

6. To see if the district will vote to raise and appropriate \$7,836,422 for the support of schools, for the payment of salaries and benefits for employees, and for the payment of the statutory obligations of the district. The school board and budget committee recommendations are reflected on the posted budget.
7. To transact any other business which may legally come before said meeting.

Given under our hands and seals at said Hollis, New Hampshire on this 12th day of February, 1997.

SCHOOL BOARD

HOLLIS/BROOKLINE COOPERATIVE SCHOOL DISTRICT ANNUAL MEETING

Tuesday, March 5, 1996
Hampshire Hills Sports and Fitness Club
Milford, NH

The meeting was called to order at 7:05 p.m. by Moderator Jim Belanger. he reviewed the rules of conduct governing the meeting after which he introduced the members of the School Board, the Budget Committee and the SAU office.

Chairman of the Cooperative School Board, Tom Enright asked those present to join him in extending our appreciation to the 3 board members who would be leaving this year: Jack Flanagan, Kathy Pasko and Mike Harris.

The Moderator indicated his intention to address the warrant articles in a sequence other than as printed in the Annual Report. If the voters present agree, Article 4 pertaining to apportionment would be considered first after which the 3 bonding issues would be addressed in order of declining value: Article #1 for \$10,800,000, Article #3 for \$9,000,000, and Article #2 for \$1,200,000.

It was moved and seconded that the school district postpone action on Article 1 until after consideration of Article 4. The motion carried by a teller card vote (declared by the moderator)

It was moved and seconded that the school district postpone action on Article 3 until after consideration of Article 1. The motion carried by a teller card vote. (declared by the moderator)

It was moved and seconded that the school district postpone action on Article 2 until after consideration of Article 3. The motion carried by a teller card vote. (declared by the moderator)

ARTICLE IV

It was moved and seconded that the school district vote to amend the Articles of Agreement of the Hollis/Brookline Cooperative District by deleting Article 5 as it currently is written and substituting new Article 5 as follows:

Article 5: The capital and operating expenses of the Hollis/Brookline Cooperative School District, payable in each fiscal year, shall be apportioned sixty percent (60%) on the average daily membership of the students in each of the pre-existing districts in grades 7 through 12 during the preceding fiscal year and forty percent (40%) on the most recent equalized valuation of the preceding fiscal year and forty percent (40%) on the most

recent equalized valuation of the pre-existing districts as calculated by the Department of Revenue Administration. Average daily membership shall be calculated by the SAU using the figures submitted to the State Department of Education on form A 3a or its equivalent. The SAU will submit these figures to the Department of Revenue Administration separately.

Kathy Pasko gave a presentation for the Apportionment Committee explaining what apportionment is and what options and issues the committee considered before concurring to this recommendation.

Mary Norton, Chair of the Budget Committee indicated their unanimous support for this article.

Marcia Farwell gave a 10 minute presentation for an opposing view, espousing 50/50 as the only fair apportionment formula.

Mort Goulder gave a presentation and then moved the Article be amended as follows:

The capital and operating expenses of the Hollis/Brookline Cooperative School District, payable in each fiscal year, shall be apportioned 100% on the average daily membership of the students in each of the pre-existing districts in grades 7 through 12 during the preceding fiscal year. Average daily membership shall be calculated by the SAU using form A 3a or its equivalent. The SAU will submit these figures to the Department of Revenue Administration separately.

Discussion followed after which the question was moved and seconded. The motion carried by teller card vote. (declared by the Moderator)

The amendment was defeated by teller card vote. (declared by the Moderator)

The Moderator then opened the floor to discussion on Article 4. The question was moved and seconded and carried by teller card vote. (declared by the Moderator)

The vote on Article 4 by teller card was in the affirmative. (declared by the Moderator)

It was moved and seconded that we restrict reconsideration of Article 4. The motion carried by teller card vote. (declared by the Moderator)

ARTICLE I

It was moved and seconded that the school district vote to raise and appropriate the sum of \$10,800,000 for the purchase of land, site development, construction and original equipping of a new high school, including equipment and furnishings, architectural fees, professional service fees and any items incident to and/or necessary for said construction, and said sum to be in addition to any federal, state, or private funds made available

therefore, and to authorize the issuance of not more than \$10,800,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the school board to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the interest earned on the investment of these bond proceeds to be used for the above purpose.

It was moved and seconded that Article 1 be amended so that upon completion of discussion of Article 1, voting commence with a "yes/no" secret ballot for a minimum of one hour or when 15 minutes has elapsed since the last ballot was cast. The meeting will then recess until 7:00 a.m. on Wednesday at the Hollis Fire Department for voting all day through 6:00 p.m. At 6:00 p.m. the Moderator will declare the polls closed and the meeting will reconvene at 7:00 p.m. at the Hampshire Hills Sports and Fitness Club.

After discussion the question was moved, seconded and carried by teller card vote. (declared by the Moderator)

The vote on the amendment dealing with voting procedures was in the affirmative by a teller card vote. (declared by the Moderator)

A motion to restrict reconsideration of the amendment was made and seconded and carried by teller card vote. (declared by the Moderator)

Presentations were made addressing Article 1 regarding the viability of the Hackett site, the need for secondary space to better accommodate the educational programs and how this proposal will satisfy that need and the financing of the bond.

After discussion a motion to call for the question was made. This was carried by a teller card vote. (declared by the Moderator).

The polls were declared open by the Moderator at 9:35 p.m.

At 10:12 p.m. the Moderator declared the meeting in recess until 7:00 a.m. on Wednesday, March 6, 1996 at the Hollis Fire Station for all day voting. At 6:00 p.m. the polls will close and the meeting will reconvene at the Hampshire Hills Sports and Fitness Club in Milford, NH.

At the close of the meeting, the ballot box will be sealed, taken into custody by the Hollis Police Department and transported to the secure evidence room at the Hollis Police Station. The reverse procedure was exercised in the morning when the ballot box was transported to the Hollis Fire Station for all day voting.

Respectfully submitted,

JoAnne Decker, Clerk

Hollis/Brookline Cooperative School District

HOLLIS/BROOKLINE COOPERATIVE SCHOOL DISTRICT ANNUAL MEETING

Wednesday, March 6, 1996
Hampshire Hills Sports and Fitness Club
Milford, NH

The meeting was reconvened at 7:15 p.m. by Moderator James Belanger. The first order of business was to announce the results of the ballot on Article I. There were 2,560 votes cast, 1,751 - yes, 809 - no. A 2/3 majority would be 1,707 therefore the vote on Article I was a successful majority in the affirmative.

Chairman of the Board, Tom Enright, thanked all who worked so hard to accomplish this result. Now we can focus on the educating of our children.

ARTICLE III

It was moved and seconded to pass over Article III. Carried by teller card vote as declared by the Moderator.

ARTICLE II

It was moved and seconded to pass over Article II. Carried by teller card vote as declared by the Moderator.

ARTICLE V

It was moved and seconded to pass over Article V. Carried by teller card vote as declared by the Moderator.

ARTICLE VI

It was moved and seconded that the school district vote to raise and appropriate \$95,000 for payment of the first six months interest on the approved bond issue. There being no discussion, the Moderator took a vote. The motion carried by teller card vote as declared by the Moderator.

ARTICLE VII

It was moved and seconded to pass over Article VII. Carried by teller card vote as declared by the Moderator.

ARTICLE VIII

It was moved and seconded that the school district vote to approve the salaries of the school district officers as follows: Moderator \$00, School District Clerk \$00, Treasurer \$360, six School Board Members at \$450 each and the School Board Chair \$600. As there was no discussion, the Moderator called for a vote. The motion carried by teller card vote as declared by the Moderator.

ARTICLE IX

It was moved and seconded that the district vote to raise and appropriate a sum of \$130,232 to fund the increase in cost items relative to profes-

sional staff salaries and fringe benefits for the 1996–97 school year which resulted from good faith negotiations with the professional staff, and which represents the negotiated increase over last year’s salaries and fringe benefits.

Mike Harris presented the main points of the negotiated contract. While the School Board recommended this Article, the Budget Committee was unable to support the contract due to some specific concerns about the benefits portion of the contract. One of the reasons the cost per pupil is higher in the Coop than other school districts is in the benefits package provided to the teachers.

It was moved and seconded that the amount of this article be amended to \$129,232, the intent being to reopen negotiations with the teachers to try to satisfy the concerns of the budget committee and to garner approval from them. During the ensuing discussion, it was explained that the school board was not bound by line item dollar amounts and therefore this amendment may not have the intended result. A motion calling for the question was made, seconded and carried by teller card vote declared by the Moderator. The vote on the amendment was defeated by teller card vote as declared by the Moderator.

After additional discussion on the main motion, a vote was taken. The motion carried by teller card vote as declared by the Moderator.

ARTICLE X

It was moved and seconded that the school district vote to raise and appropriate the sum of \$24,675 to fund the increase in cost items relative to support staff salaries and fringe benefits for the 1996–97 fiscal year which resulted from good faith negotiations with the support staff, and which represents the negotiated increase over last year’s salaries and fringe benefits.

Kathy Pasko presented the main points of the negotiated contract. There being no discussion, the Moderator called for a vote. The motion carried by teller card vote.

ARTICLE XI

It was moved and seconded that the school district vote to raise and appropriate \$6,545,722 for the support of schools, for the payment of salaries and benefits for employees, and for the payment of the statutory obligations of the district. Tom Enright presented information showing reductions in staffing and special education and increases in technology in accordance with the technology plan being formulated. The result was an overall reduction in the budget by \$221,600.

The sum originally proposed did not include the sum that is returned from the state. It was moved and seconded to amend the motion by increasing the amount by \$68,111, bringing the total appropriation to \$6,613,833. There being no discussion, a vote was taken on the amendment. The

amendment carried by teller card vote as declared by the Moderator.

After additional discussion on the main motion as amended, a motion was made and seconded, calling for the question. This motion carried by teller card vote as declared by the Moderator. The vote on the main motion as amended was carried by teller card vote as declared by the Moderator.

ARTICLE XII

It was moved and seconded that the school district vote to authorize the Hollis/Brookline Cooperative School Board to sell any portion of the Hackett Site and to negotiate a fair and reasonable selling price.

Discussion on this article included concerns that the school board might be allowed to sell portions of the property indefinitely or that too much of the property might be sold.

It was moved and seconded to amend the article as follows:

: The school district authorize the Hollis/Brookline Cooperative School Board to sell not more than 3 acres of the Hackett Site and to negotiate a fair and reasonable selling price within 1 year.

There being no further discussion, the vote on the amendment was taken. The amendment carried by teller card vote as declared by the Moderator.

A motion calling for the question was made and seconded. The motion carried by teller card vote as declared by the Moderator. The vote on the amendment was in the affirmative by teller card vote as declared by the moderator.

There being no additional discussion on the main motion as amended, a vote was taken and the motion carried by teller card vote as declared by the Moderator.

ARTICLE XIII

It was moved and seconded to pass over article XIII. As there was no discussion a vote was taken and the motion carried by teller card vote as declared by the Moderator.

It was moved and seconded to restrict reconsideration of article XIII. The motion carried by teller card vote as declared by the Moderator.

It was moved and seconded to adjourn the meeting at 9:15 p.m. The motion carried by teller card vote and the Moderator declared the meeting adjourned.

Respectfully submitted,
JoAnne Decker, Clerk

HOLLIS/BROOKLINE JUNIOR HIGH SCHOOL

The 1996–97 school year opened in a renovated and updated building which is shared this year with grades 5 and 6 of the upper elementary school. Four portable classrooms have been added for additional classroom space. Each school operates independently with its own staff and schedule. The cooperative efforts of the professional and support staffs have ensured a smooth transition into this new environment for our students.

There are two new members on the junior high school staff this year: Catherine Craib, who teaches Spanish, and Jody Pellatt in the special education program.

The junior high school is working to accomplish these objectives:

- building from the curricula of the Hollis and Brookline elementary schools to develop a general educational program;
- providing students with opportunities to explore their ever-widening range of interests and challenges;
- preparing students for the more specialized programs at the Hollis/Brookline Cooperative High School;
- serving as a guide into career pursuits;
- promoting, developing, and nurturing individual differences and providing an educational structure to meet these individual scholastic and social needs.

We are pleased to report the following academic achievements of our students:

1. Thirty-nine 7th grade students have qualified for the SATs this year. This program is organized by the Johns Hopkins University Center for Talented Youth.
2. Phil Levine placed second in the Martin Luther King Art and Writing Contest this year. Honorable mentions in the essay/poetry division went to Kate Hall, Laurie Gorham, and Bria Ansara.
3. Our Math Counts Team placed first in the Manchester regional competition, and went on to place third in the statewide competition which was held in Concord. Congratulations to team members:

Mary Fries

Bert Lue

and to coach Rosemary Mezzocchi

4. Mimi Smith was the New Hampshire winner of the National Council of Teachers of English award.

As a result of the countless volunteer hours which were served, we again have received the Blue Ribbon award from the New Hampshire Partners in Education.

Thank you everyone for your terrific efforts!

ANNUAL PRINCIPAL'S REPORT HOLLIS/BROOKLINE HIGH SCHOOL

Since my arrival at Hollis/Brookline High School in mid-August, I have been most impressed with the level of community support and encouragement for the growth and direction of our schools. The construction of a newly designed, spacious high school facility has certainly had a lot to do with this growing sense of "great expectations." Due in large part to the diligence and planning of the CO-OP School Board and the Superintendent's office, the building project remains on schedule and within the budget. We anticipate our move to the "hill" in mid-August which will give us more than enough time to be ready to open the 1997-98 academic year in the new Hollis/Brookline High School.

For the 1996-97 school year several new initiatives are underway including a three year technology plan which will provide our students with the most up to date computer technology. Not only will all our students have the opportunity to use computers in their classes, but more importantly, the technology will become part and parcel of the curriculum across the disciplines. Two new math/science collaboratives have been proposed, *PreCalculus/Physics* and *Chemistry/Algebra II* as well as two exciting new programs in the humanities—*Classical Studies* and *Senior Seminar*. Moreover, these program initiatives have spurred several grant requests which have resulted in at least \$10,000 of support with the strong possibility of another \$10,000 being awarded within the next month. As we move to the new facility with new initiatives we are also looking to a new schedule, one that will provide more time in class (53 min.) and yet retain the diversity of an eight period day.

Beaver Brook Association which abuts the new high school has been working closely with school officials to develop a series of programs that will take advantage of their close proximity as well as the many educational opportunities in environmental science, ecology, conservation, etc. In addition we plan to expand our offerings in physical education, athletics and extracurriculars in general which fit very nicely with the environs of Beaver Brook. On the other end of the spectrum, Mrs. Melanson's "Learning -2- Work" program has met with rave reviews piloting as many as fifty students in a variety of work/research related opportunities in the community. Mrs. Melanson looks forward to continued expansion of the program for next year as well as securing outside funding from competing grant opportunities.

Student achievement continues to be a hallmark of Hollis/Brookline students. Elizabeth White was named National Merit semi-finalist while Tyler Dumont, Melanie Rheume and Gabriel Traber were cited as commended students. The Math team is enjoying a banner year leading their

division with individual honors going to Freshman Mary Fries, who is the top scoring Freshman in the state. Several students have been selected for all state band and chorus including Freshman Jessie Harris on violin, Senior Tyler Dumont on guitar, and Sophomore Missy Johnson and Junior Sarah Callahan for chorus. Lastly and perhaps most impressively, Freshman Richard LaBombard was selected to All New England honors for his deep Bass voice—Carnegie Hall and “Old Man River” may be on the horizon.

Athletically, HBHS is building off the success of the fall sports program with boys soccer and girls field hockey receiving top seeds in the state tournament. Several outstanding individual performances and achievements were noted in all our representative teams including Justin Giovagnoli and Brian Bizier as honorable mention all-state in soccer, Michelle Allaire and Alyssa Serian, all-state in field hockey. Other all-state athletes from HBHS include: Missy Johnson and Isaac Rattin, cross country, and Alyssa and Eric Larose, golf. In college admissions the early decision and early action candidates have received some very good news with Elizabeth White accepted at Dartmouth College, Tyler Dumont at Susquehanna University, Sara Wilhelmsen at St. Lawrence University, James Gascoyne at Skidmore College and John Collins at Indiana University. In addition, nine of our acceptees at the University of New Hampshire have been invited to apply for the “honors” program—Cora Beaudry, Tammy Berube, Scott Culver, Jill Durgee, Drew Kellner, Jessie Lawner, Suzanne Murray, James Robson, and Steve Watkins. We anticipate that more than 75% of our student body will go on to four year colleges.

We look forward to continued growth and success as we move to the new high school this summer. I have every confidence that the current atmosphere of “great expectations” will continue for many years to come for the expectations of parents, community, faculty and administration resound with the same message—to provide the best possible educational opportunity for the students we serve.

Respectfully submitted,
Frank Bass, Ph.D., Principal
