REPORT OF THE CARROLL COUNTY COMMISSIONERS 1986

The year 1986 saw many changes, but those changes are part of the ongoing challenge of county government. We continue to take pride in the services provided by Carroll County and the fiscal responsibility we maintain.

The Clerk of Superior Court of 17 years, John McLaughlin, retired and the new clerk is Richard J. D'Amours, formerly of the Manchester N.H. District Court. The New Hampshire Superior Court has exhibited an interest in purchasing the court house from the county and negotiations continue.

We completed a 200,000 gallon water reservoir adjacent to the old 90,000 gallon reservoir. This not only increases our storage capacity, but also provides additional fire protection.

Some changes were made in the farm operation. The herd of cattle was phased out and the swine were sold. These livestock endeavors were becoming more costly and impossible to staff. We are now concentrating on woodland operations, crops, and land reform. We had a selective timber cut yielding \$15,704.

The Mountain View Nursing Home volunteers raised funds for an expanded lobby and have worked with Architect Donald Coburn and the Commissioners to prepare a design. To date \$44,000 has been raised through contributions and projects.

The Jail and House of Correction has been at maximum capacity. Obviously, the county's population boom is being reflected in our number of inmates.

A computer system was purchased from International Business Machines, Corp. after much study, and hopefully will fulfill our needs. Two software firms, along with IBM, supplied the computer programs for the Nursing Home and the county business office.

Senate Bill I instituted many changes in our Social Services Department. The grant for alternatives to placement for juveniles has given us the opportunity to fund several innovative programs for young people.

By participating in the N.H. Municipal Association insurance trust, we were able to survive the insurance crisis. All county property, personnel, and functions are insured at a reasonable cost.

We ended the year with a \$300,000 surplus. Of this amount, \$250,000 was used to reduce taxation and \$50,000 was deposited in the Capital Reserve fund.

We are grateful to the County Delegation, our elected and appointed officials, and all of our county employees for their continued dedication and cooperation.

Respectfully submitted,

Brenda M. Presby
Milburn F. Roberts

**CARROLL COUNTY SHERIFF'S DEPARTMENT
ANNUAL REPORT
1986**

TO THE HONORABLE COUNTY COMMISSIONERS:

As required by Statute, I hereby report my activity and the activity of the Carroll County Sheriff's Department for the year 1986.

The work load in the Civil Division remained at the 1985 level; however, the number of services per unit increased which resulted in more revenue collected by the department and turned over to the County to be credited to my budget.

The Criminal Division which is responsible for the handling of all criminal investigations and, upon request, with the assisting of other departments within the County, has had a very active year. A copy of the Criminal Division's report submitted to me of their activities for the year is enclosed.

This was to be our last year for law enforcement patrols within the National Forests under a contract with the Federal Government. However, there have been monies funded in 1987 for the continuing of these Patrols within certain areas of the United States National Forest Systems with Carroll County being one of them. The patrol was done this year by Deputies Charles Morneau and Robert Moulton. During 1986, this area was plagued with numerous motor vehicle accidents, some of which resulted in fatalities, so that a heavy concentration of manpower was used along the highway by this department to slow down the speed and thereby reduce the chance of accidents. This resulted in a fairly large number of speeding violations and warnings being issued by this department. A copy of the activities for this year's patrols of the Kancamagus Highway, is included in this report.

The Dispatch Center has done an excellent job throughout the year and will continue to provide the same courteous and professional service to you, the public, in the year to come. This department logged over 351,762 radio and phone messages for the year 1986. There were 9,436 requests

that went through the Carroll County Police Dispatch Telecommunication Terminal for this Department and other Departments within the County.

The County purchased a new emergency generator system in 1986. This has been placed into operation at the County administration building and has already proven its worth during peak times that we have experienced power failures in the area.

Training programs continued this year as they are essential tools of any profession. This year Deputy Richard Jones and Deputy Steve Richardson attended and completed a course on "The Investigative Process in Cases of Child Sexual Abuse" and a course on "Understanding and Dealing with Sexual Abuse of Children" which was presented by the School for Lifelong Learning, University of New Hampshire Systems. Deputy Wayne Black, our Juvenile Officer, attended and completed a course on "Violence Against Children" which was presented by the City of Westbrook, Maine, Police Department. Deputy Malcolm Noyes and Deputy Robert Daly attended and completed the "New Hampshire Courtroom Security Seminar" at the New Hampshire Police Academy in Concord, New Hampshire. Deputy Nathaniel Sawyer attended and completed the "NRA Firearms Program Instructors Course" at the New Hampshire Police Academy in Concord, New Hampshire. I attended the "New England Narcotic Enforcement Officers Association Force Conference" on "Crack/Cocaine" in Bedford, New Hampshire. Several members of the department attended a seminar on "Detection and Observation of the Drunk Driver" which was presented by the County Attorney, William D. Paine, II. All of the members of the Carroll County Sheriff's Department received firearms training from qualified instructors. At this time, I would like to thank Chief Stanley Stevens of the Wolfeboro Police Department for the use of his range. The County has given the department a section of land upon which to build a range and I am in hopes of being able to utilize this range in 1987 for our firearms training programs.

Overall my budget for this year is in good shape with only a few categories being overspent but the bottom line not changing. Court sessions have increased again this year and I have had to hire an additional bailiff, which has resulted in an over-expenditure in this category; however, I cut other areas in my budget as an offset.

At this time, I would like to thank the County Commissioners, County Delegation, and members of my Department and all Law Enforcement agencies, along with the general public who have helped and aided me and the Sheriff's department throughout the year. Your support and vote of confidence is greatly appreciated.

There were 1,411 writs served and 65 Executions acted upon as of December 31, 1986. This resulted in revenue of \$50,000.00 being turned over to the County. There is \$1,784.10 on hand and \$2,876.70 owed by attorneys at this time.

Respectfully submitted,

Roy H. Larson, Jr.

**CARROLL COUNTY SHERIFF'S DEPARTMENT
CRIMINAL DIVISION
YEAR END REPORT FOR 1986**

To: Sheriff Roy H. Larson, Jr.
From: Sgt. Guy H. Eldridge

1986 has come to a close, but not the activity which was generated by members of the Carroll County Sheriff's Department. 1440 calls for service were drawn by members of this department during 1986 and a breakdown of them follows this report.

During 1986, Deputies assisted State and Local Police Agencies on 361 separate occasions. Many times these assists were in the form of Deputies offering their expertise in various forms, i.e.: photography — including video, all aspects of drug investigation from surveillance to the use of police informants, to the application and issuance of warrants and the investigations of possible arsons. Several important cases were solved and the accused persons brought to trial as a result of the team work between the Sheriff's Deputies and local and state agencies.

Deputies were also very much involved in the transportation of accused persons being incarcerated in various institutions to District and Superior Courts, for hearings and for actual trials. Many times the transport of an accused person to trial makes it necessary to use several deputies because of the severity of the alleged crime and the protection of the accused as well as the general public. Several trials within Carroll County this year expended many man hours in order for the accused as well as the public to be protected.

15 persons were transported to the State Hospital on an emergency basis. It is always essential that two deputies make a transport of this nature together.

In April of 1986, Sgt. Robert Meserve was assigned all Bad Check cases. He handled over 200 bad checks and brought accused persons to all of the three District Courts in the County. Sgt. Meserve collected over \$18,000.00 in restitution of bad checks.

Deputy Richard Jones is still assigned to the Carroll County Attorney's Office, assisting the County Attorney in the preparation of felony cases

coming before the Superior Court and also in investigating Child Abuse cases

Deputy Wayne Black continues to receive numerous reports of child abuse and child sexual abuse throughout the county. He works very closely with the New Hampshire Division of Human Services. Deputy Black's report to follow.

The following is a breakdown of this year's activities, which shows other complaints and duties performed by Deputies of the Carroll County Sheriff's Department.

COMMUNITY JUVENILE SUPPORT SERVICES

During 1986 the Juvenile Division either put on or assisted in three child safety programs at area elementary schools using the "BEING SMART ABOUT BEING SAFE" training program.

Promotion of the "HOME SAFE HOME" program was continued in the Wolfeboro, Tuftonboro areas.

Talks were given to two adult community groups on the role of the Juvenile Division and its direction.

TRAINING RECEIVED IN 1986

Training was received in the following areas:

- Use of Aids in Child Sexual Abuse Investigations
- Child Exploitation and Pornography Investigations
- Aspects of Child Sexual Abuse
- Investigation Techniques in Child Sexual Abuse Cases

**CARROLL COUNTY SHERIFF'S DEPARTMENT
KANCAMAGUS REPORT**

To: Sheriff Roy Larson, Jr.
From: Deputy Charles Morneau

Due to the rainy weather just about every weekend, except for Labor Day weekend, activities along the highway and in the campgrounds were on a decrease for 1986.

The decrease in activities was also due to the Federal Government leasing out "Jigger Johnson" and "Passaconway" Campgrounds to a private individual to operate. Due to the screening and constant supervision of the campgrounds by that individual, any strange activities were immediately reported and taken care of by the Patrol Officer.

Due to the number of highway accidents that occurred along the Kancamagus Highway, some of which resulted in fatalities, a heavier concentration to slow down the speed of drivers was made by this department. This resulted in a fairly large number of speeding violations and warnings being issued by members of this department.

The following is a total of activities for the summer:

Disorderly conduct	62	Larceny-theft	6
Drunkenness	31	Indecent exposure	4
Minors in violation		Simple Assault	1
liquor law	72	Vandalism	1
DWI	3	Theft from a MV	3
Drug laws	11	Assist General Public	52
Stolen Property	3	Assist Forest Personnel	55
Traffic violations	67	Fires along highway	3
Accidents	3		

Deputy Robert Moulton and myself were very pleased with the summer activities and in closing, we wish to extend our fullest thanks to the Forest Service and the State and Local Departments, for without their cooperation our jobs would have been made much harder.

MOUNTAIN VIEW NURSING HOME ANNUAL REPORT TO THE CARROLL COUNTY COMMISSIONERS

Last year was an exciting and busy year as our staff pursued its mission to care for our 103 residents.

We are extremely proud of our nursing home as one can sense the warmth that radiates between the staff and residents. Our facility is clean and is without the aroma of incontinence. This is characterized in the fact our residents have very little skin breakdown, which is a reflection of excellent nursing care.

Our occupancy hovered around 99% last year. During the first quarter of the year we had a few empty beds; however, the remainder of the year we experienced our usual high census. Our resident mix had 21 private payers and 82 Medicaid recipients. The room rates were \$62.00 for a semi-private room and \$67.00 for a private room. Our Medicaid reimbursement was \$54.00 per day. Our total budget was \$2,427,851 and our expenditures were \$2,323,249. We experienced an increase in revenues due to rebates of Workman's Compensation insurance and more meals served to the jail. After the auditors made their final adjusting entries, the home had a \$98,000 balance in the trust fund account after all expenses had been paid.

Here is a brief synopsis of some of the programs we implemented:

Employee of the month program. An employee is selected by peers and an award is presented.

New wage/salary program. A committee of employees met frequently to develop a new wage/salary program. Each position was evaluated and reclassified using special factors which had numerical values. All positions were regraded.

Resident Support Group. A small group of residents meet weekly to discuss and vent their personal feelings about significant issues such as life in a nursing home, death and dying. Our social service person acts as a facilitator.

Our Social Service Department processed 24 new admissions, 43 readmissions and 24 deaths. The department has recently completed the work on a new color informational brochure about the nursing home.

The In-Service Department held two Certified Nursing Assistant Courses. Eleven students completed the 4 month program and were certified. This program helps us to maintain the necessary number of CNA's employed at the home.

Our Dietary Department served 163,493 meals. The department purchased a new convection oven and a new six-burner double oven.

The Physical Therapy Department continues to be extremely busy with a caseload of 55 residents. The department purchased a stainless steel foot whirlpool.

The Social Activity Department was busy providing recreational and special entertainment programs for the residents. In addition, the department was instrumental in raising \$8,700 via special fund raising events such as the Summer Fair, Walk-a-thon and Penny Sale.

Our Mountain View Volunteer Association had successfully reached their goal and raised \$44,000 to help construct a new lobby which will offer a panoramic view of the mountains for our immobilized residents to enjoy.

The Maintenance Department moved the residents' personal laundry from the annex building to the nursing home. This move alleviated the need to transport the soiled/clean linen daily.

A new large Kebo whirlpool tub was purchased to provide comfort and a better hygiene for a special category of residents.

A new special Scale-tronic machine was purchased to facilitate the weighing of bed-ridden residents, as it is necessary to monitor the residents' weight monthly.

A special note of thanks to the volunteers who spend so much time helping our residents with art programs, entertainment, visitations, card playing, etc.

I would be remiss if I didn't thank the Wranglers for their square dancing and the Moultonboro Lions for their continued support with Bingo games and invitations to their special suppers.

Lastly, on behalf of the residents and staff, I want to thank the commissioners and delegation for their continued support.

Respectfully,

Gregory F. Froton
Administrator

CARROLL COUNTY PUBLIC WELFARE 1986 ANNUAL REPORT

The County Welfare Department began 1986 with a change in responsibilities as a result of the passage of Senate Bill One. This bill was passed by the N.H. Legislature in 1985 to take effect January 1 of 1986. In short, this bill redistributed welfare responsibilities amongst town, county and state government. While the County no longer held any liability for general relief cases, it in turn became responsible (financially) for all County juvenile cases. The transfer of responsibilities from town to county and vice-versa had been planned for and as such was a smooth transition.

Concurrent with the transfer of juvenile cases from the Towns to the County was a redistribution of the financial liability for such cases. Whereas previously the local government unit bore 100% of the costs of a juvenile placement, Senate Bill One instituted cost sharing between the Counties and the State. Effective January 1, the Counties became liable for 25% of the cost of juvenile placements and the State for the other 75% (this includes cases at State run facilities which had previously been the liability of the State alone — Youth Development Center and the Philbrick Center).

Recognizing the County's vested interest due to the financial liability, Carroll County, in conjunction with the State Association of Counties, entered into contract arrangements with the State Division of Children and Youth Services. As a result, the County is able to work directly with the Division to impact on the programs for which County dollars are being spent.

The major activities of the department focused on developing programs that would impact on the provision of services to juveniles in Carroll County. Our first goal was to establish a network of juvenile workers in the County to maximize resources and talents. Thanks to the interest of many professionals throughout the County, the network is growing and striving to meet the needs of the County's juveniles.

Through a provision in Senate Bill One, the County received funds from the State to be used to develop programs in the County which would aim to reduce the placement of children out of their homes. Thus, the second goal of the County was to implement the methodology to distribute these

funds. A panel of five advisors was chosen by the Commissioners to distribute RFP's, to process the applications, and to make recommendations to the Commissioners for distribution of the grant funds. The five member panel, consisting of Jayne Jarvis, Citizen; Theresa Shanellaris, Area Director for DCYS; Brian Collins, Conway Police Department; David Hawkins, Conway School Department; and Forrest Painter, County representative; met throughout the fall and made recommendations to the Commissioners in November. Upon review, the Commissioners granted funds to the following programs: Appalachian Mountain Youth Project, Northern Educational Services (WRP/TRIumph), and the Children and Youth Project of the Mt. Washington Valley. The panel will continue to meet throughout 1987 to monitor the programs for placement prevention effectiveness.

The remainder of the department's responsibilities were largely in the area of general administration: budgets, contract meetings, inter-agency coordination, program support, and monitoring of payments to the State for the County share of State administered programs (Old Age Assistance, Aid to the Permanently and Totally Disabled, Intermediate Nursing Care, and Board and Care of Children).

Respectfully submitted,

**CARROLL COUNTY JAIL
AND HOUSE OF CORRECTION
ANNUAL REPORT
1986**

TO THE CARROLL COUNTY COMMISSIONERS:

This is my report of activities at the Carroll County Jail and House of Correction for the year ending December 31, 1986.

We processed 673 inmates and handled a total of 700, with 27 hold-overs. We booked and held 36 female offenders of which nine were committed. A total of 325 days were served by held and committed females. Total time served in 1986 was 8,774 days. We served 23,846 meals.

Of the alleged crimes, D.W.I., D.W.I. 2nd, and aggravated D.W.I. accounted for 158 of the 944 alleged crimes committed. The mandatory 7 day sentence for D.W.I. 2nd, has had its impact on all county jails, and we are packed each and every weekend. It has been necessary to double up in the one man cells, making it necessary for some of the inmates to stand while eating their meals. This is a problem we must address in the very near future.

The Support Group Programs are still very active, with ups and downs depending on the types of inmates.

I extend my thanks to the Rev. Paul Williams, Don Nuri, the A.A. Volunteers, and Lee Cram of the C.A.P. Learning Center.

The inmates are well fed and clothed, and the general morale is good. I again thank my entire staff for a job well done.

In closing my report, I extend my thanks to the Commissioners, Delegation, Nursing Home Staff, County Attorney, Sheriff and state and local authorities for their cooperation and assistance during the year.

Respectfully submitted,

Russell F. Whiting, Sr.
Superintendent

**CARROLL COUNTY FARM & MAINTENANCE
ANNUAL REPORT
1986**

To The Carroll County Commissioners:

The year 1986 has been my most difficult year; parting with the cattle and hogs has not been easy. We have made the change-over, and are utilizing the inmates in new ways.

I find with our wood cutting of 120 cords per year, snow removal, grounds care and mowing of approximately 7 acres of lawn, the maintenance of the county buildings, water system, sewer, along with our hay crop, berries, asparagus, potatoes, squash and small garden vegetables, there is work for all available inmates.

I am most fortunate in having Alan Wilkinson transfer back to the maintenance and farm operation. Paul LaMotte has joined us at the Administration Building as building custodian.

The long awaited 200,000 gallon water storage tank became a reality, G2S Constructors Inc., of Laconia, New Hampshire, with the low bid, became our contractor. Douglas Tillotson of Anderson-Nichols, Inc., was the project engineer. The job was well planned and the construction was well done. We now have water storage of 290,000 gallons. The Commissioners accepted the project as completed on December 11, 1986, when the water tests were made and the state approved. We connected into the main line and have been trouble free. It is a relief to know that we have this amount of water available.

All county equipment is stored, and general maintenance and painting is done on stormy days.

In closing, I would like to thank the Commissioners, Delegation and our many farm friends who will continue to support us in our new type of operation.

Respectfully submitted,

Russell F. Whiting, Sr.
Superintendent

CARROLL COUNTY REGISTRY OF DEEDS 1986 ANNUAL REPORT

During 1986, our volume of business in the Registry of Deeds continued to increase about 30% over 1985 until December, when it sky-rocketed. Our projected income for 1986 was \$375,000. We actually remitted to the County a total of \$528,641.

In spite of the extraordinary amount of business during December, we had our records up-to-date by January 9th, 1987, with the complete compilation of the 1986 index produced and placed for use in the vault.

Beginning April 1, 1986, we embarked on a new computer indexing system which has enabled us to provide better service and keep pace with the increasing volume of recordings. The new system has replaced the old handwritten daybook with an "electronic daybook". As soon as a document is recorded, it is indexed into the system and immediately becomes available for up-dating title research. It appears on a chronological printout and in a computer "inquiry terminal" on the counter. Alphabetical index printouts are also provided on a daily basis to supplement the "inquiry terminal". The new system has enabled us to streamline a number of our office procedures, including the handling of accounts receivables.

Our annual maintenance and repair of records included the rebinding of several deed books and extensive repairs to the older Plan Books.

Additional tables and chairs were placed in the vault to accommodate the increased number of researchers. The installation of air purifiers in the staff area has further improved the air quality in the Registry.

We look forward to another busy year in 1987 and the accomplishment of plans that will make the Registry more convenient for all.

I wish to express my sincere appreciation for their splendid support, to my deputies, office staff and the County Business Office, as well as the courtesy shown me by the County Commissioners and members of the Delegation.

**CARROLL COUNTY
COOPERATIVE EXTENSION SERVICE REPORT
1986**

Created by an act of Congress in 1914 and the New Hampshire State Legislature in 1915, New Hampshire's Extension Service is designed to be a true partnership of federal, state and county governments. Each of these partners share in the UNH Extension Service's financial support as well as program planning and decision-making.

To help county citizens put knowledge to work in areas ranging from agriculture, home economics and youth development to forest resources, a team of agents is located in Conway with specialist backup support on the UNH campus in Durham. These extension agents provide educational opportunities, information, guidance, and support on everyday issues, and on problems or concerns that may be unique to home, farm, business or community.

The Extension Service relies on the involvement of volunteers-program assistants, group leaders, and county advisory council members to fulfill the mission of providing Carroll County citizens with practical, researched-based information and answers to today's questions and concerns.

Extension educational messages are being shared through public meetings, mass media, publications, phone calls or personal visits. At the Conway Office over 800 bulletins are given out each month, 70 to 80 people each month visit the office, over 1500 county people receive extension newsletters on a monthly basis and phone calls received each month number on the average over 400 with 556 in the month of March. On the average, each of the four Carroll County agents travel 700 miles per month to make individual and group visits to woodlot owners, farmers, 4-H youth activities, home economic groups and other organizations throughout the county.

County Extension Agent, Agriculture
and County Coordinator

9180.07	Early Intervention Program	4,000.00
Gafney Library (Split Jail & Nursing Home)		3,200.00

The question was raised as to why there was no request from the North Conway Early Intervention program.

Commissioners proposed budget for Federal Revenue Sharing funds, 1986.

Sheriff	2 Cruisers (24,000) & Recorder (4,000.)	28,000.00
Farm	Mulch laying machine & wood sawing atch.	2,000.00
Jail	Camera equipment & road repair	4,500.00

Annex	Hot top area, laundry side	3,000.00
Nursing Home	Equipment - kitchen, furnishings, paint	34,000.00
Water Works	Add & renovate reservoir	<u>100,000.00</u>
Total		<u><u>177,500.00</u></u>

It was brought up that a possible use of revenue sharing funds could be for a copier machine for the Registry of Deeds and a generator for the county administration building. All of the revenue sharing monies were invested in interest bearing accounts or deposits and were earning maximum interest.

The amount of surplus used to reduce taxes was proposed by the Commissioners to be \$300,000, based on the projected revenues to be received by the end of 1985. The total amount of money needed to be raised by taxes in 1986 is \$35,000 less than the 1985 amount.

Rep. Dickinson asked if the county was over expended in any categories. Commissioner Presby answered that we were in four or five and that they would be dealt with in the future.

Respectfully submitted,

Robert B. Holmes, Jr., Clerk
Carroll County Delegation

**CARROLL COUNTY DELEGATION
OF THE
NEW HAMPSHIRE HOUSE OF REPRESENTATIVES
RESOLUTION**

WHEREAS, as the United States Department of Energy is considering New Hampshire as a site for disposal of all past and future high-level radioactive waste generated east of the Mississippi River; and

WHEREAS, our crystalline rock is reported to contain numerous cracks and striations, allowing sub-surface water movement in all directions; and

WHEREAS, fault lines transverse the region causing significant, although not frequent, earthquake activity from time to time; and

WHEREAS, major groundwater discharge areas lie within the region, supplying the headwaters for the river systems which serve New England with its present and future source of drinking water and recreation opportunity; and

WHEREAS, the area contains numerous aquifers and aquifer recharge areas, which not only serve as present and future water supplies, but contribute significantly to the water resources of Massachusetts, Connecticut and Rhode Island; and

WHEREAS, New Hampshire and the North Country serve a huge tourist and seasonal population, not indicated in the census figures, which results in a population density considerably in excess of 1,000 people per square mile; and

WHEREAS, good road and rail transportation routes do not exist in northern New Hampshire; and

WHEREAS, a major portion of the State's financial health is based upon the tourist industry which will be destroyed by the public's perception concerning the safety of a high-level nuclear waste dump; now therefore be it

RESOLVED, by the Carroll County Delegation, the duly elected Representatives to the State Legislature, that northern New Hampshire, Carroll County in particular, not be designated as a site for the high-level nuclear

waste treatment or storage facility for the eastern United States; and be it further

RESOLVED, that these factors immediately be considered in the Department of Energy siting process; and be it further

RESOLVED, that Governor Sununu and our Congressional Delegation be requested to convey the foregoing points to the United States Department of Energy.

STATE OF NEW HAMPSHIRE
HOUSE OF REPRESENTATIVES
CONCORD

March 20, 1986

To: Members of the Carroll County Delegation and the County Commissioners.

During the last month I have briefly touched upon a subject which I believe would be of great benefit to the citizens of Carroll County; namely the construction by the County of both a solid waste disposal facility and a sewage treatment facility. Both of these items are most certainly the most complex, costly, and hardest to solve problems faced by most if not all of the towns in Carroll County.

One of the biggest obstacles facing the towns in dealing with these problems is cooperation among the various towns involved. This is a problem which has been in existence since the beginning of town government and is a reflection of each individual town trying to maintain their own sovereignty and a problem which is not easy to overcome. This coupled with the fact that it is economically unfeasible for each town in Carroll County to deal with these huge problems within the confines of rational budgeting, leads one to believe strongly that a county-wide solution would be in the best interests of the majority of county residents. I realize that some towns, mainly Wolfeboro and Ossipee, either have or are planning possible solutions to one or both of my concerns, but I am certain these possible objections can be overcome. Although I have traditionally been opposed to studies and consultants in general, I see no other alternative but to appropriate a sum of money, perhaps \$5,000.00 to get on with looking into this proposal.

I believe with the right facility we can use the treated waste to fertilize our fields and woodlands and conceivably use energy from the solid waste facility to heat and/or light our county complex. With these possible energy savings it may encourage more of the various county supported offices to locate at the Carroll County complex. I do not intend to give the impression that these programs would be self-supporting, but I think if we go ahead with the construction of one or both of these facilities, the savings in some areas of our county budget could be substantial.

Due to the seriousness of the situation that our towns are faced with, I would hope we could proceed in a well thought out but expedient manner.

Sincerely,

GENE G. CHANDLER

CARROLL COUNTY DELEGATION
OSSIPEE, NEW HAMPSHIRE
April 24, 1986

On Thursday evening, April 24, 1986, the Carroll County Delegation held a public hearing at the Mountain View Nursing Home at 7:00 P.M. The purpose of the meeting was to discuss plans for the County Farm and to solicit public comment.

The meeting was called to order at 7:04 P.M. by the Chairman, Howard Dickinson, with the following members present:

Rep. Howard C. Dickinson, Chairman
Rep. Kenneth MacDonald
Rep. Jack A. Schofield
Rep. Howard N. Saunders
Rep. Robert B. Holmes, Jr.
Rep. Gerard E. Powers, Jr.

After a brief introduction, Chairman Dickinson turned the meeting over to Rep. Schofield who then gave a background of the events leading up to tonight's public meeting.

Dave Sorensen, of the Co-operative Extension Service, spoke about the educational value of the farm and the use of labor by the inmates. He also commented that the farm had the only swine operation in the County and that if the dairy herds in the County went out of business, competition in the haying operation would probably increase.

Peter Pohl stated that the elimination of the produce and livestock could be the first phase of the sale of the farm and its land. He, and other persons, were willing to contribute money from their pockets to continue the operation of the farm.

Russell Whiting spoke about the changing problems of operating a farm over the past several years. Now the farm has to pay farm hands time and a half overtime, whereas before we didn't.

Some of the comments made by several of the county citizens in attendance were:

- Would the loss of the farm affect the operation of the jail and/or nursing home?
- The use of rental equipment.
- Need for more automated equipment.
- Why not eliminate meals as a fringe benefit?
- Could inmates in Concord come up to work the farm?
- The County Nursing Home could use fresh pork and beef in its operation, as well as fresh produce.
- Is there any other county that does better?

The general feeling among the approximate 30 persons in attendance was to continue to operate the farm in its present manner. There would be more good and benefit derived this way than to close down part of the farm and try to break even.

Rep. Dickinson made up a sheet of paper and asked those in attendance to sign it and vote whether they were in favor of Proforma A (continue operation with beef and pigs herds and produce) or Proforma B (delete beef herd, pigs, and produce). A copy of this sheet is attached.

There being no further business the hearing was closed at 8:32 P.M. with the announcement that the Delegation would meet on Monday morning, May 12th at 9:30 A.M. in the County Administration Building to further discuss the farm situation.

Respectfully submitted,

Robert B. Holmes, Jr., Clerk

CARROLL COUNTY DELEGATION
OSSIPEE, NEW HAMPSHIRE
May 12, 1986

On Monday, May 12, 1986, at the Carroll County Administration Building, the Carroll County Delegation met and was called to order by Chairman Howard C. Dickinson at 9:36 A.M., with the following members present:

Rep. Howard C. Dickinson, Chairman
Rep. Kenneth J. MacDonald, Vice-Chairman
Rep. Robert B. Holmes, Jr., Clerk
Rep. Gene G. Chandler
Rep. Frank McIntire
Rep. Paul Ashnault
Rep. Gerard E. Powers, Jr.
Rep. William Hounsell
Rep. Russell Chase

Also, present were Commissioners Brenda M. Presby, Gordon O. Thayer and Milburn F. Roberts.

1. Review and discussion of first quarter report.
2. Rep. Hounsell requested a quarterly Treasurer's Report.
3. Rep. Holmes resigned as the Clerk of the Delegation. Discussion. Chairman regretfully accepted the resignation. Delegation agrees to make proper efforts to obtain a secretary.
4. Rep. Hounsell was elected the Clerk of the Delegation.
5. Rep. Chandler moves acceptance of the quarterly report.
6. Chairman appointed a sub committee to study the salaries of the elected officials and present a report at the meeting of June 2, 1986. Sub committee members are: Chairman MacDonald, Ashnault, and Hounsell.
7. Discussion of the County wide waste disposal plan. Chairman read letter from the Conway Selectmen in support of a plan. Rep. Holmes read a letter from the Eaton Selectmen, also in support. Chairman

appointed a sub committee to begin study of regional waste disposal for Carroll County. Sub committee: Chairman Chandler, Ashnault, McIntire, Powers and Comm. Presby.

8. Chairman requested the Commissioners to prepare a list of their long-range concerns.
9. Discussion of powers of Delegation and Commissioners.
10. Comm. Presby announced that due to the absence of liability insurance on the farm, there are no plans for a County farm field day this year.
11. Discussion of farm situation and report continued until the meeting of June 2, 1986.
12. Motion by McIntire to extend the appreciation of the Delegation to Rep. Holmes for his services as Clerk.

Adjourned at 12:00.

Respectfully submitted,

William J. Hounsell, Clerk
Carroll County Delegation

CARROLL COUNTY DELEGATION
OSSIPEE, NEW HAMPSHIRE
June 2, 1986

The Carroll County Delegation met Monday, June 2, 1986, at the Carroll County Administration Building. Chairman Howard Dickinson called the meeting to order at 9:40 a.m. The following members were present:

Rep. Howard C. Dickinson, Chairman
Rep. Kenneth J. MacDonald, Vice-Chairman
Rep. William Hounsell, Clerk
Rep. Paul Ashnault
Rep. Gene G. Chandler
Rep. Russell C. Chase
Rep. Robert B. Holmes, Jr.
Rep. Frank McIntire
Rep. J. Lisbeth Olimpio
Rep. Gerard E. Powers, Jr.
Rep. Howard Saunders
Rep. Jack Schofield

Also present were Commissioners Brenda M. Presby, Gordon O. Thayer, and Milburn F. Roberts.

The minutes of 3/21/86, 3/24/86, 4/24/86 (Public Hearing), and 5/12/86 were handed out by William Hounsell. Rep. Russell Chase was present at the 3/21 meeting; his name was added to the list of those present.

Rep. McIntire made a MOTION THAT THE MINUTES BE ACCEPTED AS CORRECTED. Motion seconded and PASSED.

With reference to the minutes of 3/21/86, Rep. Hounsell referred to page 3 and Rep. Powers' motion "that expenditure for the position be at a per diem rate of \$65 until the position employs a member of the New Hampshire Bar." He asked whether the rate has changed. Commissioner Presby replied that as of last week invoices were coming in at the same rate.

Re the 3/24 minutes, page 1. Rep. Hounsell's motion should read "Revenue Sharing," not "Saving." Re page 3, concerning a relocation of the Extension Service — Paul Ashnault asked whether anything has been done

on that. Rep. Hounsell's recollection is that the Extension Service be informed and a public hearing held rather than the straw vote. No such action has been taken. Chairman Dickinson asked whether it is still desirable to hold a public hearing. Rep. Powers suggested that it be postponed until the new Delegation is organized. A STRAW POLL SHOWED 6 AGREEING TO POWERS' PROPOSAL AND 0 FOR A PUBLIC HEARING. Jack Schofield also suggested that before a lot of time is spent, it should be determined whether there is enough space to accommodate the Extension Service. Rep. Chandler made a MOTION THAT THE MINUTES OF 3/24/86 BE ACCEPTED AS CORRECTED. Motion PASSED.

Rep. Chandler moved THAT THE MINUTES OF 4/24/86 BE ACCEPTED AS WRITTEN. Motion PASSED.

Rep. MacDonald asked that the agenda be changed to allow a short recess before the Salary Committee Report.

Rep. Chandler MOVED THAT THE 5/12/86 MINUTES BE ACCEPTED AS WRITTEN. PASSED.

The agenda for today's meeting is: (1) Elected officers' salaries (2) County Attorney Report (3) Operation of the Farm (4) Solid Waste Proposal (5) Review of 1985 Auditor's Report (6) Other Business.

Rep. MacDonald made a MOTION THAT THE POWERS REPORT BE CONSIDERED FIRST. PASSED.

(2) COUNTY ATTORNEY REPORT:

Rep. Powers discussed the report as written. Chairman Dickinson asked what action this Delegation needs to take, and Powers responded it has to make a decision whether to remain as is — the County Attorney choosing the Assistant — or whether to fund in the next biennium a full-time Assistant Attorney and assign his/her duties. The goal today is to set parameters for the office before advertising the position. When nominees file, there will be a complete understanding of the duties and responsibilities. There was discussion with regard to the responsibilities and salaries of the County Attorney and Assistant. Various options for staffing were considered. There was further discussion as to whether the County Attorney should be an elected official or a hired official.

Rep. MacDonald made a MOTION THAT STARTING NEXT YEAR THERE BE A FULL-TIME ATTORNEY AT A SALARY OF \$50,000 and asked

for a straw vote. Sheriff Roy Larson came in and stated his preference for a full-time attorney, full-time person from the Sheriff's office, and a secretary.

Rep. Powers asked for a straw vote on two options: (1) full-time attorney with inexperienced assistant (2) part-time attorney with experienced full-time assistant.

Straw vote results:

	YES	NO
Rep. MacDonald's motion — full-time attorney	5	0
Rep. Powers (1)	1	0
Rep. Powers (2)	3	0

The Subcommittee recessed from 11:05 to 11:18 a.m.

Rep. MacDonald gave the Subcommittee's recommendations:

Full-time County Attorney	1987	\$50,000
	1988	\$55,000
Asst. County Attorney (if needed in the next budget)	1987	\$20,000
	1988	\$20,000

It will be the decision of the future Delegation to determine need for Assistant County Attorney. Further clarification indicated there would be \$20,000 to be used as needed.

Rep. MacDonald made a MOTION THAT THE SALARY FOR FULL-TIME ATTORNEY BE \$50,000 IN 1987 AND \$55,000 IN 1988.

Rep. Powers urged that this motion be turned down and recommended the County Attorney and experienced full-time Assistant.

Rep. Chandler AMENDED MACDONALD'S MOTION TO A SALARY OF \$31,000 EACH YEAR FOR THE COUNTY ATTORNEY AND \$24,500 EACH YEAR FOR ATTORNEY II AS OUTLINED IN THE COMMITTEE REPORT. These salaries are for the biennium, and the positions to be appointed according to RSA 7:33E, RSA 23:7, and any other pertinent statutes passed in 1986.

The first vote on Chandler's amendment was a tie. In a revote, THE AMENDMENT LOST 5-6.

MACDONALD'S MOTION PASSED 8-3.

(1) ELECTED OFFICERS' SALARIES

The Salary Study Committee recommended that salaries of elected officials be set biennially according to the cost of living index.

Rep. MacDonald's MOTION — THE SALARIES OF THE SHERIFF, CHIEF DEPUTY SHERIFF, DEPUTY SHERIFFS, REGISTER OF DEEDS, TREASURER, DEPUTY TREASURER, AND COUNTY COMMISSIONERS REMAIN AT THE PRESENT LEVEL — THAT THE DELEGATION IN 1987 AND 1988 BASE FIGURES ON THE NATIONAL COST OF LIVING INDEX TO MAKE ADJUSTMENTS TO SALARIES.

There was discussion as to whether Deputy Sheriffs' salaries should be included. (The Chair divided the question. The original motion is not to include Deputy Sheriffs.) The Chair finally ruled, "We have conducted a process which has worked for 12 years, and it has worked so far." He stated he would accept motions for positions one at a time.

Rep. McIntire MOVED THAT THE SAME FIGURES STAY IN EFFECT AS SHOWN IN THE 3/21/86 MINUTES — THAT THESE ELECTED OFFICIALS LOOK FORWARD TO 1987 "SUBJECT TO THE WHIM OF THE DELEGATION."

Rep. MacDonald WITHDREW HIS MOTION.

Rep. Powers urged that McIntire's motion be rejected.

Rep. Holmes made a MOTION TO TABLE THE MOTION IN ORDER TO GIVE EVERYBODY A CHANCE TO COLLECT THOUGHTS AND DEAL WITH IT AT ANOTHER TIME. MOTION PASSED.

Rep. Schofield made a MOTION THAT THE TABLED MOTION TO CONSIDER SALARIES BE REMOVED FROM THE TABLE. MOTION PASSED.

Rep. Schofield stated that after conferring with the Chairperson of the Sub-committee, he made the following MOTION: THAT WE ESTABLISH THE SALARIES OF THE ELECTED OFFICIALS FOR THE FULL TWO-YEAR TERM, EFFECTIVE 1/1/87.

Commissioners	5,000
Treasurer	3,000
Register of Deeds	23,000
Sheriff	25,500
Attorney	50,000

All salaries per year for the biennium. MOTION PASSED 9-3.

This motion supersedes the previous motion on Attorney salary.

Rep. Hounsell stated his opposition to this based on the fact he considers these salaries were presented in a "shot gun" manner.

Rep. MacDonald made a MOTION THAT WE TABLE THE CONSIDERATION OF THE DEPUTY SHERIFFS' SALARIES UNTIL THE POINT WHEN WE REVIEW THE BUDGET FOR THE NEXT YEAR. MOTION PASSED.

Rep. Paul Ashnault thanked everybody in the Delegation for their cooperation for the past four years and announced he does not intend to file for reelection. He will file for the Senate seat in District 3 and would appreciate the members' support in the future.

Chairman Dickinson suggested that all who plan to file for reelection do so Wednesday, June 4.

Reps. Ashnault and Hounsell left the meeting at this point.

(3) OPERATION OF THE FARM

Chairman Dickinson opened the subject of The Farm. His understanding is that the Delegation funded it at the level proposed by the UNH Task Force Recommendations Report, Exhibit B (getting rid of all livestock at the Farm).

A public hearing was held April 24 with about 29 people attending. There was considerable opposition to doing away with all the animals.

Rep. Schofield explained Exhibits A, C, and D (attached to minutes) and noted that Exhibit D is a compromise, getting rid of swine and beef, but keeping produce.

Rep. Chandler supported the vote already taken by the Convention, saying that special interest groups shouldn't rule decisions. Also that

produce in season could probably be bought as cheaply as raised on the farm.

Rep. Lisbeth Olimpio agreed with Chandler. She felt the role of the Delegation is to do what is best for taxpayers.

Russell Whiting, superintendent of The Farm was present to answer questions.

Rep. Chase asked whether there is still a problem with personnel, and Whiting said, "Yes." Getting help for 40-hour week ok, but the weekends are a problem. Prisoners are not always "attuned" to performing farm tasks.

Rep. Holmes asked whether the Delegation has a written request from the Commissioners requesting that they cease funding The Farm and recommending that the Delegation take a "definitive direction."

The only letter that was received was from the Superintendent of The Farm last July recommending that we get rid of the cattle. This resulted in the Task Force.

The Chairman asked to give some other people present a chance to speak.

1. Ed Banker, Ossipee resident, brought up the point that this is a prison farm and should be put in the proper perspective. It was his opinion that under proper management, it could break even.

Mr. Whiting responded that in a prison farm, prisoners are usually there for longer terms and training programs can be set up. Many of our prisoners are short term, so programs are difficult to plan and implement.

Banker also commented that without cattle there would be no fertilizer for the fields, and commercial fertilizer will be expensive.

2. Nick Littlefield, Ossipee resident, expressed the opinion that The Farm should be kept. He felt that a full-time farmer is what is necessary. He said the present superintendent is a jailer and farmer.

Whiting responded with some history, saying he is a jailer. In previous years when farm help could not be obtained, he said he would do those duties until a farmer could be found. The Farm could not make a profit then, and the troubles have continued.

Rep. Schofield stated that Whiting should be commended for his work.

Commissioner Presby said the letter from Whiting had been sent to the Commissioners, and they forwarded it without a cover letter. There has been a pattern of losses over the past 15 years. It is the feeling of the Commissioners that operating a farm with animals is no longer feasible. Commissioners Roberts and Thayer were in agreement with Presby.

Recess for lunch at 1:20 p.m.

Reconvene at 1:40 p.m.

Rep MacDonald MOVED THAT "WE RECOMMEND TO THE COMMISSIONERS PLAN (Exhibit) C."

There was a question as to whether this motion could be made without rescinding a previous motion.

The Chair ruled that even though a specific motion to adopt was not made, figures that represented a plan were adopted.

There was discussion as to the motion and procedure because the figures in Plan C are different from those voted in Convention.

Three-minute recess.

Chairman Dickinson explained that only the Commissioners can propose budget figure changes. All that can be done today is to take a position for one of the plans. The Commissioners would then ask for a supplementary budget, following the budgetary process of advertising, etc.

Rep. Powers pointed out that in that case advertisements for the hearing stating that changes could be made were erroneous.

Rep. MacDonald noted that Plan C can be accomplished by using the figures in the current budget.

Commissioner Presby stated that she had been present at all meetings and had said that figures could not be changed without Commissioners' request. The Commissioners have always been agreeable to requests and called supplementary budget hearings. The UNH Task Force Report was given without policy or direction from the Commissioners. She said the Commissioners would try to come up with a budget to meet the wishes of the Delegation.

There was lengthy discussion about the procedure for changing figures on the budget.

The discussion then reverted to the operation of The Farm and the changes to be made. Rep. Holmes stated that this is a long-term plan and decisions should not be made hastily. Rep. McIntire said that this year is a loss at The Farm because of indecision. Rep. Powers stated his opposition for any consideration of the Farm's being used as a waste disposal area. Rep. Chandler responded that there is no connection between the incinerator plan and the selling of animals on the farm.

Rep. Chase took the Chair.

Rep. Dickinson made the MOTION — "HAVING VOTED ON THE PREVAILING SIDE IN EXECUTIVE COMMITTEE TO ACCEPT THE PROPOSAL AS DETAILED IN EXHIBIT B, I NOW MOVE RECONSIDERATION."

The results of a roll call vote were:

Rep. Dickinson	YES		
Rep. MacDonald	YES		
Rep. Holmes	YES	Rep. Saunders	YES
Rep. Chandler	NO	Rep. Schofield	NO
Rep. McIntire	NO		
Rep. Olimpio	NO		
Rep. Powers	YES		

The MOTION PASSED.

The Chair returned to Rep. Dickinson.

Rep. MacDonald made a MOTION THAT THE DELEGATION RECOMMENDS TO THE COMMISSIONERS THAT WITHIN THE CURRENT BUDGET THEY TRY TO KEEP HIGH-QUALITY ANIMALS, PRODUCE AS PART OF THE OPERATION OF THE FARM. The MOTION PASSED.

(4) SOLID WASTE DISPOSAL

Rep. Chandler brought up the subject of supplemental budget money to be used for a cost analysis of a solid waste proposal for the county.

Rep. Powers informed the group that the Town of Ossipee had voted there would be no disposal in that town and questioned the relationship of

a county action involving a town within the county that had taken such action.

Rep. Chandler MOVED "WE RECOMMEND TO THE COMMISSIONERS THAT THEY PRESENT A SUPPLEMENTAL BUDGET IN THE AMOUNT OF \$7,500 TO STUDY A COUNTY-WIDE WASTE DISPOSAL PLAN." The MOTION PASSED UNANIMOUSLY.

Rep. Chandler MOVED TO GO INTO CONVENTION TO REAFFIRM MATTERS PASSED IN EXECUTIVE COMMITTEE. The MOTION WAS SECONDED AND PASSED.

Rep. Chandler made the following motions:

1. TO APPROVE THE RECOMMENDATIONS OF THE EXECUTIVE COMMITTEE PERTAINING TO SALARIES OF THE EXECUTIVE OFFICERS.

MOTION PASSED.

2. TO APPROVE THE RECOMMENDATIONS OF THE EXECUTIVE COMMITTEE CONCERNING THE COUNTY FARM.

MOTION PASSED.

3. TO APPROVE THE RECOMMENDATIONS OF THE EXECUTIVE COMMITTEE CONCERNING THE REQUEST FOR A SUPPLEMENTAL BUDGET TO STUDY THE SOLID WASTE DISPOSAL PROBLEMS IN THE COUNTY.

MOTION PASSED.

4. TO APPROVE THE EXECUTIVE COMMITTEE RECOMMENDATION TO CONSIDER THE SALARIES OF THE SHERIFF'S DEPUTIES AT THE SAME TIME THAT WE CONSIDER THE ANNUAL BUDGET FOR THE COUNTY, REFLECTING THE ACTION OF THE EXECUTIVE COMMITTEE WHEREBY CONSIDERATION OF THE DEPUTY SHERIFFS' SALARIES WAS TABLED UNTIL WE CONSIDER THE ANNUAL BUDGET IN 1987.

MOTION PASSED.

There was a MOTION TO RECESS THE CONVENTION TO THE CALL OF THE CHAIR.

(5) REVIEW OF THE 1985 AUDITOR'S REPORT. The report will be presented with the quarterly report in July.

Meeting adjourned at 3:15 p.m.

Respectfully submitted,

William J. Hounsell, Clerk
Carroll County Delegation

(Note: Exhibits referred to in these minutes are on file in the County business office.)

**CARROLL COUNTY DELEGATION
OSS�PEE, NEW HAMPSHIRE
August 4, 1986**

The Carroll County Delegation met Monday, August 4, 1986, at the Carroll County Administration Building, Ossipee. Chairman Howard Dickinson called the meeting to order at 10:05 a.m. The following members were present:

Rep. Howard C. Dickinson, Chairman
Rep. Kenneth J. MacDonald, Vice-Chairman
Rep. William B. Hounsell, Clerk
Rep. Paul Ashnault
Rep. Gene G. Chandler
Rep. Russell C. Chase
Rep. J. Lisbeth Olimpio
Rep. Howard Saunders
Rep. Jack Schofield

Also present were Commissioners Brenda M. Presby and Gordon O. Thayer.

Five representatives of the Mountain View Home Association were present to discuss the building of a solarium at the County Home. Minutes of a meeting of the Solarium Building Committee with the County Commissioners July 24, 1986, were distributed. (Copies attached.) Spokesperson for the Committee, Al Varrieur, asked questions regarding the amount and status of funds for the project. The estimated amount needed for the solarium is \$44,000. The sum of \$28,000 has been raised, and the Solarium Building Committee approached the Commissioners for permission to use the Grant (tent) fund of approximately \$10,000, leaving a balance of \$6,000 to be raised.

Commissioner Presby stated that Thursday, July 31, the Commissioners voted not to be in favor of turning the tent fund money for that purpose. She gave a history of the Grant fund. There have been three considerations for the use of these funds — a tent, a gazebo, or a solarium.

The president of the Mountain View Home Association stated the solarium has first priority with that group.

An effort was made by the Chair to see if the Commissioners would send a letter of intent to release these funds. Presby responded not at this point — after the vote of July 31.

Rep. Chandler made a MOTION THAT THE DELEGATION RECOMMEND TO THE COUNTY COMMISSIONERS THAT THE TOTAL AMOUNT OF THE SO-CALLED TENT FUND BE AVAILABLE TO COMPLETE THE SOLARIUM WHEN THE BALANCE FOR THE PROJECT HAS BEEN RAISED. Seconded by Rep. Saunders.

Rep. Schofield made a MOTION TO AMEND THE MOTION TO READ THAT THE FUNDS RAISED BY THE ASSOCIATION FOR THE SOLARIUM BE USED EXCLUSIVELY FOR THAT PROJECT.

Varrieur commented that the monies raised “shall be directed for the solarium, not anything else.”

The AMENDMENT MOTION PASSED. The ORIGINAL MOTION AS AMENDED PASSED UNANIMOUSLY.

The Association is to receive a copy of these minutes.

Varrieur again stated the need for a commitment from the Commissioners. Rep. Saunders said the Commissioners will be reminded.

The minutes of 6/2/86 were presented and the format approved. Rep. Chandler MOVED THE ACCEPTANCE OF THE MINUTES. MOTION PASSED.

Rep. Chandler suggested that the minutes be mailed to Delegation members so they could be read before the next meeting.

Rep. Hounsell questioned whether the Delegation can go to Convention without advertising. He suggested that the motions of the Convention of 6/2/86 be repeated in today's Convention to be sure of their legality.

A letter from the Department of Energy responding to the Delegation's Resolution was read. (Copy attached.)

Rep. Chandler reported he had received two studies regarding the county-wide solid waste problems. He recommended that Weston Company in Concord be hired to do the study. Weston's proposal was what the

Delegation had asked for. Chandler does not favor a study for a county-wide landfill. Rep. Chandler made a MOTION THAT WE TRANSFER FROM THE CAPITAL RESERVE FUND NO. 1026.00 UP TO \$8,500 FOR THE PURPOSE OF FUNDING THE COST OF THE STUDY BY WESTON ENGINEERS FOR THE COUNTY WASTE DISPOSAL. The motion was seconded by Rep. Schofield and PASSED UNANIMOUSLY.

Sheriff Larson appeared before the Delegation to present a plan to construct two buildings housing radio equipment for the Sheriff's Department. The two sites, one on Eidleweiss in Madison and the other at the summit of Mt. Trask in South Wolfeboro, would cover communications for the entire county. The cost of the project will be \$44,000, covering a period of a 99-year lease.

Rep. Ashnault made a MOTION THAT THIS DELEGATION RECOMMEND APPROVAL OF THE FUNDS REQUESTED FOR THE CONSTRUCTION OF THE TWO SITES, EIDELWEISS IN MADISON AND MT. TRASK IN SOUTH WOLFEBORO — FUNDS NOT TO EXCEED \$44,000 — TO BE APPROPRIATED FROM THE CAPITAL RESERVE FUND NO. 1026.00. Rep. Saunders seconded the motion. PASSED UNANIMOUSLY.

**CARROLL COUNTY DELEGATION
OSS�PEE, NEW HAMPSHIRE
October 20, 1986**

On Monday, October 20, 1986, at 10:15 a.m. a meeting of the Carroll County Executive Committee was called to order with the following members present:

Rep. Howard Dickinson, Jr., Chairman
Rep. Kenneth MacDonald, Vice-Chairman
Rep. William J. Hounsell, Clerk
Rep. Gene G. Chandler
Rep. Robert B. Holmes, Jr.
Rep. Frank McIntire
Rep. Gerard E. Powers, Jr.
Rep. Howard N. Saunders
Rep. Jack H. Schofield

Commissioners Present:

Brenda Presby
Gordon O. Thayer
Milburn F. Roberts

Rep. Chandler moved to accept Minutes of August 4, 1986. The Minutes were approved as written.

Chairman Dickinson previewed the agenda for this meeting:

- A. Variance Report
- B. Report of Subcommittee on Solarium
- C. Payment of Early Intervention Funds
- D. Other Business

B. REPORT OF SUBCOMMITTEE ON SOLARIUM

Rep. Powers reviewed the history and current status of the Solarium. The Mountain View Home Association has committed \$34,000 for the project, and there is \$8,000 (approximately) in the so-called tent fund. This would leave a balance to be raised either in the County budget or by further fund-raising. Commissioner Presby informed the Delegation members that costs of the project have risen from \$44,000 to \$52,000-\$56,000.

For the record — all three Commissioners, the staff, and a majority of the Delegates all want the Solarium. The intent is for the county to appropriate funds necessary for its completion.

The Subcommittee wants to know when the Building Committee will have its first meeting, what action is taken; and Rep. Powers is to keep Mrs. Helen McCarthy of the Mountain View Board informed.

C. PAYMENT OF EARLY INTERVENTION FUNDS

At the time when letters went out reminding organizations of the budget process, Visiting Nurse Services of Northern Carroll County, Inc. informed the County that the Early Intervention program had become a new organization, Children Unlimited. Since funds of \$4,000 had been granted to Visiting Nurse Services for their distribution to Early Intervention, there was confusion about how it should be handled. Two thousand dollars has already been sent. After discussion and explanation by members of the Delegation, it was decided to send the remaining \$2,000 to Visiting Nurse Services, to be given to Children Unlimited this one time. The new organization must make its own presentation for the next budget cycle. It was also suggested that it would be more efficient if the Early Intervention for the whole county made one proposal and then the distribution be made. A letter is to go to Children Unlimited and copies sent to members of the Human Services Subcommittee — Rep. Schofield, Rep. Chandler and Rep. Olimpio.

A. VARIANCE REPORT

The Variance Report was discussed page by page. Commissioner Presby responded to all questions.

It was suggested that the Delegation be informed at each meeting with regard to federal and/or state funds that will be cut costs coming down to the county level.

Rep. Powers announced a breakfast tomorrow (10/21/86). Gov. Sununu will be present; members of the Delegation are invited.

D. OTHER BUSINESS

The following subcommittees were announced:

Human Services: Rep. Schofield, Chairman
 Rep. Chandler
 Rep. Olimpio

Solarium: Rep. Powers
 Rep. Saunders

Solid Waste: Rep. Chandler, Chairman
 Rep. McIntire
 Rep. Powers

The next meeting will be Monday, December 9, 1986 — 5:00 p.m. organizational meeting at Sunny Villa, followed by Budget Hearing for 1987 at Carroll County Nursing Home at 7:00 p.m.

Rep. Saunders moved to adjourn at 12:00 noon. Motion passed.

County of Carroll, New Hampshire
Ossipee, New Hampshire

Commissioners:

We have examined the combined financial statements, as listed in the table of contents, of the County of Carroll, New Hampshire as at and for the year ended December 31, 1986. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 3 to the financial statements, the County does not accrue the current portion of accumulated vacation pay in the General Fund in accordance with generally accepted accounting principles. The effect on the combined financial statements of this departure from generally accepted accounting principles cannot be determined.

In our opinion, except for the departure from generally accepted accounting principles referred to above, the combined financial statements referred to above present fairly the financial position of the County of Carroll, New Hampshire as at December 31, 1986 and the results of its operations and the changes in financial position of its proprietary fund types for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements. Such information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

COUNTY OF CARROLL, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTSNOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Carroll, New Hampshire, conform to generally accepted accounting principles as applicable to governmental units, except as noted in the following. The following is a summary of the more significant policies:

A. Reporting Entity

The accompanying financial statements include the transactions of all funds and account groups of the County of Carroll, New Hampshire, and other governmental organizations over which the County's elected officials exercise oversight responsibility in accordance with the criteria set forth in the National Council on Governmental Accounting (NCGA) Statement No. 3. The funds are established under the authority of the County and their operations as reflected in these financial statements are those under the control of the County. The account groups are those required by financial reporting standards for governmental units.

B. Basis of PresentationI. Fund Accounting

The accounts of the County are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures or expenses as appropriate. The following fund types and account groups are used by the County:

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the County. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

COUNTY OF CARROLL, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
(Continued)

Capital Projects Funds - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by special assessments or enterprise operations.

PROPRIETARY FUNDS

Enterprise Funds - Enterprise Funds (Mountain View Nursing Home) are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises -- where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

FIDUCIARY FUNDS

Agency Funds - Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments, and/or other funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

II. Account Groups

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

(Continued)

COUNTY OF CARROLL, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
(Continued)

General Fixed Assets Account Group - Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. No depreciation has been provided on general fixed assets.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair market value on the date donated.

Prior to January 1, 1977, the County did not maintain a record of general fixed assets. The general fixed assets which were acquired prior to January 1, 1977, are shown on the financial statements at estimated historical costs (\$867,216).

General Long-Term Debt Account Group - Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Noncurrent portions of long-term receivables due to governmental funds are reported on their balance sheets, in spite of their spending measurement focus. Special reporting treatments are used to indicate, however, that they should not be considered "available spendable resources", since they do not represent net current assets. Recognition of governmental fund type revenues represented by noncurrent receivables is deferred until they become current receivables.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

The proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight line method. The estimated useful lives are as follows:

Buildings	10 to 40 Years
Equipment	4 to 15 Years

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All Governmental Funds and Expendable Trust Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Property tax revenues (taxes) are collected for the County by the Towns and Cities in the County and are remitted to the County annually in December. Accordingly, tax revenues are recognized in the year for which taxes have been levied.

Licenses and permits, charges for services, and other revenues are recorded as revenues when received in cash as they are generally not measurable until actually received. Investment earnings are recorded as earned if they are both measurable and available.

In applying the susceptible to accrual concept to intergovernmental revenues (grants, subsidies and shared revenues), the legal and contractual requirements of the numerous individual programs are used as a guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the County; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to the purpose of expenditures and nearly irrevocable, i.e., revocable only for failure to comply with prescribed compliance requirements, e.g., equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the criteria of availability.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; (2) principal and interest on general long-term debt which is recognized when due; (3) prepaid expenses; and (4) certain general fund inventories.

All proprietary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

D. Budgets and Budgetary Accounting

The County observes the following procedures in establishing the budgetary data reflected in the financial statements:

1. The County Commissioners deliver or mail to each member of the County Convention and to the Chairman of the Board of Selectmen in each town and the Mayor of each city within the County and to the Secretary of State prior to December 1 annually their itemized operating budget for the ensuing calendar year, together with a statement of actual expenditures and income for at least nine months of the preceding calendar year.

2. Within ten to twenty days after mailing the budget, a public hearing is held on the budget estimates as submitted by the Commissioners.

3. Twenty-eight days must elapse after the mailing of the operating budget before the County Convention may vote on the appropriations for the ensuing budget period.

4. The County Convention must adopt its annual budget no later than March 31.

5. The final form of the County Budget is filed with the Secretary of State's office and the Commissioner of Revenue Administration no later than March 31.

6. The Commissioners are authorized to transfer budgeted amounts within any department. However, any revisions that transfer amounts between departments or alter the total expenditures of any fund must be approved by the Executive Committee of the delegation.

(Continued)

COUNTY OF CARROLL, NEW HAMPSHIRE
 NOTES TO FINANCIAL STATEMENTS
 (Continued)

7. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds (Revenue Sharing and Extension Service) and Enterprise Fund. However, the County legally adopts only one budget for the three funds.

8. Budget appropriations lapse at year end except for any outstanding encumbrances or approved appropriation carryovers.

9. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgets for the Enterprise Fund are adopted on a basis which is not consistent with GAAP. The budget for the Enterprise Fund is prepared on a spending measurement focus using the modified accrual basis of accounting while the Enterprise Fund is reported on a cost of services measurement focus using accrual basis of accounting.

E. Deposits and Temporary Investments

Temporary investments consist of certificates of deposit and are reported at cost, which approximates market value.

Deposits

At year end the carrying amount of the County's deposits was \$746,199 and the bank balance was \$1,431,313. Of the bank balance, \$659,417 was covered by federal depository insurance and \$771,896 was uninsured and uncollateralized.

Temporary Investments

The County Treasurer is authorized by State statutes and with the approval of the Commissioners to invest excess funds "in obligations of the U.S. Government, in savings bank deposits of banks incorporated under the laws of the State of New Hampshire or in certificates of deposits of banks incorporated under the laws of the State of New Hampshire or in national banks located within the State or the State of Massachusetts".

	<u>Insured</u>	<u>Uninsured and Uncollat- eralized</u>	<u>Total</u>
Certificates of Deposits	\$ 477,559	\$ 46,421	\$ 523,980

F. Inventories

Inventories are priced at lower of cost or market on the first-in, first-out basis.

(Continued)

COUNTY OF CARROLL, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS

Inventory in the General Fund consists of expendable supplies and gasoline. The cost is recorded as an expenditure at the time individual inventory items are purchased (purchase method). Reported inventories on the General Fund are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

Inventories of the Enterprise Fund consist of supplies and food.

G. Prepaid Expenses

Prepaid expenses of the General Fund are for prepaid insurance. Reported prepaid expenses are equally offset by a fund balance reserve account (reserve for prepaid expenses) as they do not represent "available spendable resources" even though they are a component of net current assets.

H. Interfund Receivables

Interfund loans receivable (reported in the "due from" asset accounts) are considered available spendable resources.

I. Accrued Liabilities

Accrued liabilities of the Enterprise Fund (Mountain View Nursing Home) are comprised of the following:

Accrued Payroll and Related Payroll	
Taxes	\$ 15,491
Accrued Interest on Bonds	5,806
Accrued Employee Compensation -	
Vacation Leave	24,543
Total Accrued Liabilities	\$ 45,840

J. Deferred Revenues

Deferred revenues of the Enterprise Fund represent private patient billings billed one month in advance of the month of service.

K. Reserved for Encumbrances and Fund Balance Designated for Specific Appropriations

Encumbrances and designations of fund balances of the General and Special Revenue Funds are carried forward to the following year. Encumbrances outstanding at year end are reported as reservations of fund balances since they do not yet constitute expenditures or liabilities. The amount of \$122,757 designated on the Special Revenue Fund represents Federal Revenue Sharing fund balance appropriated by the County for specific Federal Revenue Sharing expenditures (\$103,959), Extension Service fund balance designated for the Extension Service (\$446), and Juvenile Placement Fund fund balance designated by the State for specific grants (\$18,352).

The amount reserved for encumbrances on the General Fund represents encumbrances approved by the County Commissioners for specific expenditures as follows:

General Government:	
Register of Deeds	\$ 14,408
Jail	2,000
Capital Outlay:	
Computer	28,600
Register of Deeds	5,000
Sheriff	1,000
Administration Building	<u>7,000</u>
Total	<u>\$ 58,008</u>

L. Fund Balance Designated for Specific Capital Projects

The \$244,805 of fund balance designated for specific capital projects represents the following:

Waste Disposal Project	\$ 28,652
Capital Reserve Fund	<u>216,153</u>
Total	<u>\$244,805</u>

M. Total Columns (Memorandum Only) on Combined Statements

Total columns on the Combined Statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - PENSION PLAN

The County full-time employees participate in a contributory state-wide retirement system under New Hampshire law ("System"), a multiple-employer public employee retirement system. The payroll for employees covered by the System for the year was \$1,767,004; the County's total payroll was \$2,216,904.

Covered employees are required by State statute to contribute 4.6 percent of their salary to the Plan. The County is required by the same statute to contribute the remaining amounts necessary to pay benefits when due. The contribution requirement for the year ended December 31, 1986 was \$131,560, which consisted of \$39,413 from the County and \$92,147 from employees; these contributions represented 2.23% and 5.21% of covered payroll respectively.

The amount shown as "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the "actuarial present value of credited projected benefits," is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among PERS and employers. The System does not make separate measurements of assets and pension benefit obligation for individual employers. The pension benefit obligation at June 30, 1986 for the System as a whole, determined through an actuarial valuation performed as of that date, was \$551,051,000. The System's net assets available for benefits on the date (valued at market) were \$920,000,000, leaving an unfunded pension benefit of \$-0-. The County's 1986 contribution represented .86 percent of total contributions required of all participating entities.

Five-year historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the System's June 30, 1986 annual financial report.

NOTE 3 - ACCUMULATED UNPAID VACATION AND SICK PAY

The County does not accrue accumulated vacation pay in the General Fund, but rather records these costs at the time the payments are made. At December 31, 1986, unrecorded General Fund liabilities for vacation pay were not available for inclusion in this report.

Statement 4 of the NCGA requires that the current and non-current portions of vacation liabilities be reported on the governmental fund and general long-term obligation account group balance sheets respectively. As the amount of current and non-current vacation pay was not available for the general fund, no liabilities have been recorded.

The Enterprise Fund (Mountain View Nursing Home) accrues accumulated unpaid vacation pay and recognizes the expense in the period the pay is earned. The accumulated accrual is \$24,543. Sick pay is not vested.

Employees are entitled to paid vacations according to the following schedule:

After	Six Months	5 Working Days
After	1 Year	10 Working Days
After	5 Years	15 Working Days
After	10 Years	20 Working Days

The \$450,000 budgeted decrease in fund balance shown on Exhibit 3 represents fund balance (\$300,000) budgeted by the County to be used to reduce the 1986 tax rate and \$150,000 of fund balance budgeted as a transfer to the Capital Reserve Fund.

NOTE 10 - CONTINGENT LIABILITIES - FEDERAL GRANTS

The County participated in the following federal assistance programs during the year:

	<u>Amount of Expenditures Recognized During the Year</u>
1. DEPARTMENT OF TREASURY	
Revenue Sharing - ORS #30-1-002-002	\$ 341,336
2. DEPARTMENT OF HEALTH AND HUMAN SERVICES

3. ENVIRONMENTAL PROTECTION AGENCY	
Grants #C330177-02/03	\$ 11,838

These programs are subject to program compliance audits by the grantors or their representatives. The audits of these programs for or including the year ended December 31, 1986 have not yet been reviewed by the grantor. Accordingly, the County's compliance with applicable grant requirements will be established at some future date after the grantor's review. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

*Spending measurements focus using modified accrual basis of accounting.

**Adjustments are to (1) expense assets previously capitalized, (2) reclassify bond principal retirement as expense, (3) remove accrued vacation leave, (4) remove depreciation expense and (5) recognize interest on bonds when due.
