DEDICATION

This town report is dedicated to the memory of the following Shelburne citizens:

Lala L. Jones Dinsmore

Lala Dinsmore passed away on December 9, 2014 at the age of 89. She was born in Florida and grew up in the South. Her family later moved to Lewiston Maine. She attended the University of Maine where she met her husband Bob. Lala and Bob moved to Shelburne in 1953 where she lived until recently. Lala taught English in Berlin and Gorham schools. She was also a newspaper reporter and wrote a weekly column called White

Mountain Viewpoints in Berlin newspapers. She was active in Theater North and the Gorham Congregational Church. She loved the outdoors and was an avid hiker and bicyclist.

She is sadly missed by her children Page, Sally, Amy, Phil and their families and her many friends.

Dorothy Kathleen Eichel

Dorothy Eichel passed away on December 9, 2014 at the age of 86. She graduated first in her class from Gorham High School and received a degree in Education from Plymouth State College. She taught high school in Orford and Meredith. She moved to California but returned east to live and work in Boston where she worked for several Universities. In 1997 she retired from MIT and moved home to Shelburne. She was active in the

Gorham Historical Society and the Shelburne Neighbors' Club. She moved to Maryland to be near her sister in 2012.

She is sadly missed by her sister Barbara, her brother Harold and her sister-in-law Mary and her nieces and nephews and by her many friends.

Mildred L. Hayes

Mildred Hayes passed away on October 15, 2014 at the age of 85. She grew up in Presque Isle, Maine. She married Richard Hayes. They lived most of their married life in Shelburne and raised five children here. She loved to knit and made hundreds of knitted things for family, friends and charity.

She is sadly missed by her husband, Richard, her children, Wanda, Timothy, Patrice, James, and Heidi and their families, her sister, Jean, her brothers and sisters in law and by her many friends.

Frank F. Kukene

Frank Kukene passed away on July 7, 2014 at the age of 64. Frank and his wife Darlene first moved to Shelburne in 1980's but left in the early 1990's. They were happy and excited to return to Shelburne in 2006. Frank enjoyed working in his yard cutting and stacking wood and he enjoyed his goats

He is sadly missed by his wife Doreen and his family and friends.

Beverly Joyce Stiles

Beverly Stiles passed away on March 30, 2014 at the age of 87. She was born in West Milan and graduated from Berlin High School. She was employed at Granite State Rubber Company and had lived in Gorham, Concord, Locke Mills, ME and in Shelburne for the last 25 years. She enjoyed snowmobiling, spending time at her camp, eating out, knitting and spending time with her family.

She is sadly missed by her sons, Randy and Brian and their families, her sister Gladys, her sister-in-law Iris and by her nieces, nephews and friends.

*Do not stand at my grave and weep.
I am not there. I do not sleep.
I am a thousand winds that blow.
I am the Diamond's glint on snow.
I am sunlight on the ripening grain.
I am the gentle autumn rain.
When you waken in the morning hush,
I am the swift uplifting rush
of quiet birds in circled flight.
I am the soft stars that shine at night
Do not stand at my grave and cry.
I am not there, I did not die.*

SPECIAL THANK YOU

To Stan Judge, Lucy Evans and Heidi Behling: Thank you for the job you do as Shelburne's governing body. You care about Shelburne and find time in your busy lives to take on this thankless job.

To Stan Judge and Ken Simonoko for all the work you have done to build an excellent transfer station and new garage at a very economical price. You have made every dollar count.

To Ann Leger for all your creative help on the town report.

To Beverly Pinkham for taking care of the town hall flower garden and the large planter in the park.

To Roma Hayes, Tillie Meyers, Reny Demers, Bob Pinkham and Bev Pinkham for donating your time to work on the Community Breakfasts and to **Tri-County Cap and North Country Elderly Programs** for holding the breakfasts in Shelburne.

To Ken and Paula Simonoko, Matt Tassej, Bob & Bev Pinkham, Josh Labonville, Darryl Bennett and the many other volunteers who contribute to Dump'n Donuts each week making it fun to take that weekly trip to the Transfer Station.

To Peter Behling, Stan Judge, David Hamel and many others who stop and shovel the ramp and walk at the town office.

To Robert Cone for donating his time to help lay the radiant heat tubing in the floor of the new town garage.

To everyone that takes the time to volunteer to serve on committees or to hold town office: Thank you!!! It is all of you that make Shelburne a very special place to live.

A discussion about the **GORHAM AMBULANCE SERVICE** was held. Jo Carpenter was advised on February 25, 2014 that our continued use of the Gorham Ambulance Service would cost us **\$54,000 per year**. That amount was based on our population. The Town of **Randolph** received a similar communication since they also share **Gorham's Ambulance Service**. Jo took steps to find out if we would be able to get services from Berlin or maybe even Bethel. Jo explained how the \$54,000 was determined. She said that the Town of Gorham's Ambulance budget does not include retirement, health insurance or dental coverage so these items were added and then Gorham took that total and

multiplied it by 10.5% to come up with a with a figure then 10% of that figure was determined and added for a total of \$54,000.

David M. Landry asked how many calls are there per year. Jo listed the number of yearly calls for 2000 – 2013. He also asked would we be negotiating for 4 years or one year. Jo said that was not yet determined.

It was mentioned that there are perhaps 7 or 8 highway accidents per year (in Shelburne) and several calls come from the Town & Country Motor Inn.

Val Dube asked if there are any Federal Funds.

Darryl Bennett mentioned that 2-3 years ago we paid Gorham an ever increasing amount for Police Services and asked if this would be the case now for Ambulance Service?

As of March 10, 2014, Gorham has reversed their decision, saying that “they would go back to what it was in 2013” for 1 year and then meet to discuss a new contract for 2015.

The consensus was that Shelburne should not automatically pay whatever Gorham wanted but to look at other options as well as negotiate with Gorham.

5. It was **VOTED TO RAISE AND APPROPRIATE \$1,000 for the purpose of long-term planning for updating the Town’s Master Plan and/or updating the zoning ordinance or other planning regulations.** This will be a non-lapsing article per RSA 32:7, VI and will not lapse until the work is complete or December 31, 2019, whichever is sooner.

Motion: Greg Corrigan Second: David M. Landry

6. It was **VOTED TO RAISE AND APPROPRIATE**

Motion: Jen Corrigan

Second: Jo Carpenter

A question was asked what this is used for. Ray Danforth answered, Shelburne residents are allowed to take their hazardous waste to AVRDD Transfer Station on the first Saturday in June.

20. It was **VOTED TO RAISE AND APPROPRIATE** the sum of \$1,000 for the purpose of **supporting the Family Resource Center** at Gorham. (*By petition*)

Motion: Greg Corrigan

Second: Ray Danforth

There were a few questions asked. Don't they get grants? Why do they continue to ask for money? What is the difference between the Learning Center and the Resource Center? Who uses these centers?

Diane Brodeur- Fossa explained that they do get grants but there are fewer and fewer grants available so they continue to also ask the towns for support. Diane also explained that the Learning Center is a separate entity for early childhood endeavors while the Family Resource Center encompasses activities and aid for all age groups. They just happen to be housed in the same facility.

21. It was **VOTED TO RAISE AND APPROPRIATE** the sum of \$1,500 for the purpose of **supporting the Gorham Community Learning Center** in Gorham. (*By petition*)

Motion Darlene Dube Second: Kristy Lavertue

22. It was **VOTED TO AUTHORIZE** the Selectmen to dispose of Municipal assets (recyclables, etc.) under the authority of RSA 31:3.

Motion :John Carpenter Second: David L. Landry

23. It was **VOTED TO INSTRUCT** the Selectboard to enact the following resolution to protect citizen health, safety, and quality of life: water resources and environmental quality; and local, regional, and state economies with respect to the transport of crude oil through New Hampshire.

WHEREAS, 18" and 24" pipelines were constructed across northern New Hampshire in 1950 and 1985 respectively, to transport imported light crude oil from Portland, Maine, to Montreal, Quebec; and

WHEREAS, present market conditions have substantially reduced demand for transporting imported light crude oil inland from the Atlantic coast; and

WHEREAS, abundant production of heavy crude and tar sands oil in western North America has created a market for transportation of these oils to Atlantic ports; and

WHEREAS, these market conditions suggest that reversing the direction of flow on the above-mentioned pipelines could become economically desirable in the foreseeable future; and

WHEREAS, spills of diluted tar sands oil create more costly and difficult clean-up challenges than conventional oil spills, including public health risks from toxic fumes and long-term water and riverbed contamination from sunken oil; and

WHEREAS, a significant spill of any petroleum product along the pipeline Right-of-Way in New Hampshire would have devastating effect on the economy and environment of Shelburne, including property values, business, tourism, recreation, hunting and fishing; and

WHEREAS, pipeline age and hydraulic stresses resulting from reversal of flow can contribute to the likelihood of a spill; and

WHEREAS, existing technologies and practices for inspecting pipeline integrity have failed to prevent catastrophic pipeline failures;

Now, therefore, be it resolved:

1. That the Town expresses its opposition to the transport of tar sands oil through New Hampshire and the Town of Shelburne and its deep concern about the economic, environmental, and public health risks of such transport; and
2. That the Town strongly encourages the New Hampshire General Court and the U. S.

Congress to take reasonable steps to ensure that any proposed flow reversal of the Portland-Montreal pipeline receives thorough review at both state and federal levels of economic, environmental, and public health and safety impact of spills; and

3. That the Town transmit a copy of this resolution to all relevant state, federal and other pertinent entities.

(By petition)

Motion: Dave Carlisle Second: Connie Landry

Greg Corrigan started the discussion by stating that he didn't agree with resolution # 1 but was OK with #2 and #3.

Jo Carpenter said, that if the Portland Pipeline was shut down the Town would lose \$6 million dollars in valuation and on last year's valuation would have caused the tax rate to increase by \$1.16 per thousand.

Ray Danforth said, if this passes who would the town submit copies to, the Federal Government? He feels that #3 not clear. He also stated that if a project is proposed the town can be part of the site evaluation process. He said that it is better to work with a company through the process that to just oppose a project.

John Carpenter said, that we were getting the cart before the horse. That this is all speculation, nothing has even been proposed.

Peter Behling said, that in his opinion, this would be a safe proposition. David L. Landry said, that so far Portland Pipeline has been "a GOOD NEIGHBOR!"

The Moderator called for a vote and the motion failed.

24. To **TRANSACT ANY OTHER BUSINESS** that may

legally come before said meeting.

Lucy Evans mentioned that if anyone would like the children from the Middle School to help clean-up their yards to contact her: 466-5164 or 723-5164, ASAP!

Burt Meyers asked, What is a stipend? Jo explained that it is a fixed regular sum paid as a salary or allowance. Also he wanted to know how much the town paid the Fire Chief (Nate Emery), \$2500/year to be chief and an hourly rate for calls.

Jo Carpenter said that the Selectpersons would like it to be known that they are grateful for the many years (20+) that Peter Nickerson served on the Shelburne Fire Department.

A motion was made to recess for counting of the ballots by Jen Corrigan and all present Seconded.

The polls closed at 8:00 PM and the ballots were counted.

Zoning Ordinance Ballot: It was VOTED to approve Amendment #1 as proposed by the Planning Board to add to Section 4-definitions the following definition for a sign: any devise, fixture, placard or structure that uses color, graphic, illumination, symbol, or writing to advertise, communicate information of any kind, or announce or identify the purpose of a person or entity.

DEPARTMENTAL REVENUES

Under the Municipal Budgeting System, each municipality must budget using gross expenses by department. The associated revenues are not permitted to be deducted to reflect the net operating expenses. In order to clarify the interrelationship of the departments' revenues and expenses, the following information is being offered.

1. **Executive** - This budget includes all of the Town's copier expenses. When used for non Town business, the Town receives compensation. The Town also receives reimbursements for certain other expenses such as public hearing expenses. For 2014, this totaled \$39.00. Some rebates and Staples rewards were also received. Miscellaneous refunds of \$49.50 were also received
2. **Elections, etc.** - The associated revenues include fees from motor vehicle registrations, dog registrations, and UCC's. For 2014, these fees totaled \$69,715.00. Fees for checklists totaled \$150.00. Fees for dog fines totaled \$11.00.
3. **Financial** - Costs of registering liens are recovered in the liening process. In 2014, \$2,314.27 was received in interest on taxes & liens.
4. **Revaluation of Property** - There were no associated revenues year.
5. **Legal** - There were no associated revenues year.
6. **Personnel Adm.** - Return of surplus was received from HealthTrust for health and dental. For 2014 the amount for Health and Dental was \$2,492.44.
7. **Planning** - The associated revenues include fees from the applications for site plan review, subdivision, and any associated expenses. For 2014, these totaled \$491.00.
8. **Buildings**- Several donations were received for use of the Town Hall. In 2014, this totaled \$175.00. Insurance settlements associated with the Transfer Station Fire of \$71,773.24 were received.
9. **Cemeteries** - This budget is partially offset by the interest received on Cemetery Perpetual care trust funds, burial fees and money withdrawn from the Cemetery Maintenance CR. In 2014, this amount was \$131.46. Burial fees in the amount of \$600.00 were received. No cemetery lots were sold.
10. **Insurance** - This budget is partially offset by the credit received due to past history. In 2014, credits of \$3,018.84 have been received.
11. **Regional Assoc.** - There were no associated revenues.
12. **Ambulance** - Gorham does receive revenues against their gross expenses. Our fee is calculated based upon actual usage, and their net operating expenses.
13. **Fire & Fire Warden** - The Fire Department receives 50% reimbursement for fire warden training, forest fire fighting. In 2014, this amount was \$ 682.62. \$1,798.43 was received for

- work and truck use at the Mt. Carberry Landfill fire. A grant of \$500.00 was received from Walmart.
14. **Building Insp.** - The building inspector's salary is partially reimbursed by the associated fees. In 2014, this totaled \$162.50.
 15. **Dispatch** - Our fee is calculated based upon actual historical usage. (running 3 year average). There were no associated revenues
 16. **Emergency Management** - In 2014, there were no associated revenues but we have begun working on updating our Hazard Mitigation Plan and the grant will be received in 2015.
 17. **Highway** -This department does receive occasionally income from plowing and sanding and from the highway block grant from the state based upon the number of miles of town roads maintained; and some other smaller misc. items. In 2014, the Block Grant totaled \$11,914.47 Revenues for sanding were received that totaled \$1,140.00. Refunds of the NH Road Toll Tax of \$834.48 and the Federal Road Tax of \$1,126.55 were received. Miscellaneous refunds of \$390.00 were received.
 18. **Solid Waste** - This department receives income from recycling, and fees for disposal of various items, from the sale of PAYT bags and from the sale of recyclables. In 2014, \$851.00 was received from fees; \$6,739.00 was received from the sale of bags; and \$207.00 from the sale of recyclables.
 19. **Health & Animal Control** - There were no associated revenue
 20. **Parks** - In 2014, a check of \$284.88 was received for damage done to the park several years ago.
 21. **Library** - The library received many gifts of books. The Library is authorized to receive monetary gifts. In 2014 they received donations totaling \$30.00.

AUDITORS REPORT

2013 & 2014

I have audited the books and records of the Town of Shelburne for the year ending Dec 31, 2013 and December 31, 2014, by means, at times, and to the extent deemed appropriate by the State of NH Department of Revenue Administration and make the following recommendations:

2013

General Ledger & Financial Records

- **Comments** – The Administrative Assistant’s records and files are very well maintained and organized.
- **Recommendations** – None

Treasurer

- **Comments** – The Treasurer’s ledger and records are very well organized and clearly track all transactions.
- **Recommendations** - None

Tax Collector

- **Comments** – The Tax Collector’s records and statements are well maintained.
- **Recommendations** – None

Trustees of Trust Funds

- **Comments** – The records and bookkeeping are excellent!
- **Recommendations** – None

Town Clerk

- **Comments** – The Clerk is still learning the many nuances of her job. Her files lacked some items which were backed up and exist in the Town’s

central files. Between the two sets of files, no documents were missing.

Recommendations – No specific recommendations. As the Clerk becomes more proficient with the job, the overall record keeping will certainly improve.

Library

- **Comments** – Town Treasurer and Library Trustee Robert Pinkham continues to oversee the accounting. One of two debit cards linked to the checking account is also being used for purchases.
- Mr. Pinkham informed me that the Trustees have still not taken steps to request a designation of the funds in the Library Trust. Consequently the funds in the Trust remain inaccessible. Some receipts for cash and/or debit card transactions are missing.
- **Recommendations** - I suggest the Trustees submit a letter to the State proposing a purpose for the Library Trust Fund.
- I suggest that an additional account be established to hold revenues from sources such as donations, fund raisers, etc. I feel it would be best to separate such income from the monies provided on the warrant.
- A better and more consistent protocol should be enacted to make sure all receipts are submitted and retained.

2014

General Ledger & Financial Records

- **Comments** – The Administrative Assistant's records and files continue to be well organized and easy to review.
- **Recommendations** – None

Treasurer

- **Comments** – The Treasurer's ledger and records are very well very organized.

- **Recommendations - None**

Tax Collector

- **Comments** – Record keeping, accounting and files are all very good.
- **Recommendations** – None

Trustees of Trust Funds

- **Comments** – The records and documentation are excellent.
- **Recommendations** – None

Town Clerk

- **Comments** – The Clerk's records and reports are clear and well organized.
- **Recommendations** – None

Library

- **Comments** – Town Treasurer and Library Trustee Robert Pinkham continues to oversee the accounting. One debit card is linked to the checking account is also being used for purchases.
- Mr. Pinkham informed me that the Trustees have still not taken steps to request a designation of the funds in the Library Trust. Consequently the funds in the Trust remain inaccessible.
- **Recommendations** – None

SELECTPERSONS REPORT

The Board of Selectpersons has had a busy year. This year the Board focused on many different issues: ambulance coverage, the Fair Point suit, working with the Fire Department, town policies and of course the transfer station/highway garage

The Board continued to spend time dealing with the construction of the new highway garage. The radiant heating system was installed. A lot of electrical work has been done. A new septic system has been installed. The office, bathroom and work area have been framed and wired. We are now insulating and finishing the inside of these areas. The Board hopes to have everything completed by fall. The Board would like to thank Stan Judge and Ken Simonoko for their hard work and dedication which has allowed the town to build an excellent transfer station and town garage for a very economical price.

In 2014 things were added to the transfer station to make the operation safer and more efficient. A new compactor was purchased for the facility. This is a container with a compactor built in. It generally needs to be hauled monthly not weekly. Single-stream recycling has continued the work well.

The cost of ambulance coverage for Shelburne became an issue last year just before town meeting. Due to the delay in getting the contract and the dispute over the proposed new contract, in 2014 we paid the same amount as we did in 2013. The Shelburne and Randolph Boards met with the Gorham Safety Committee in June to discuss this issue. The Boards met again in December and received a proposal for coverage for 2015. The Randolph and Shelburne Boards met several times and made a counter proposal to the Gorham Board. While some details have been worked out there is still much work to be done.

Having the State Police handle the coverage for Shelburne continues to work out well. But there are still

issues concerning the need for an officer at the site of an ambulance call. The Board still continues to investigate other options, including paying for extra state police patrols. The Board is proposing add to add \$3,000 to the Police Services Expendable Trust so that money will be available if needed.

It has been noted that there are several places in town that could meet the definition of a junkyard. It should be noted that junkyards are not allowed under the Shelburne Zoning Ordinance. The definition of Junkyard is as follows:

Junk Yard - Any place of storage or deposit, whether in connection with another business or not, of old metal, bottles, paper, plastic, cotton or woolen wastes, two or more unregistered motor vehicles, which are unfit for use on the highways, used parts and materials of any kind the accumulation of which is detrimental, injurious, or unsightly to the neighborhood.

If you look around and find this could apply to you perhaps you need to think about cleaning up around your property.

The Board is very pleased to announce that “Welcome to Shelburne” signs designed by Gemini Signs of Conway have been purchased and will be installed at each end of town in the spring. People will now know when they are in Shelburne. Signs for each cemetery have also been purchased which should help people find the cemetery they are looking for.

As has been the case for several years the Board has found budget development to be a challenge due to rising costs, declining revenues, problems that need to be addressed, the state of the economy in the North Country, the United States and the world. This year was no different.

The Board is committed to trying to keep expenditures down while at the same time addressing the needs of the town. Town expenditures, as proposed, have increased by 3.69%

Lastly, the Board would like to thank all the town departments for working to keep their budgets and expenditures down and all the citizens who give of their time to serve on boards and committees.

PUBLIC WORKS

It has been another icy, cold, snowy, windy winter. It seems that the highway trucks and I have been going nonstop.

I am trying a new additive mixed with the sand I put on the roads. It is called Clearlane. It contains some salt, magnesium, a corrosive retardant and a green dye which means that it is environmentally friendly. It is more expensive than salt but safer for wells and the environment and it works down to 0 degrees or a little below.

A lot of my time has been spent working on the new highway garage. I am now working on the office, kitchen and bathroom with the help of Stan Judge, Jeff Willey, Darryl Bennett Bob Hickey and Matt Boisselle.

Zack Wight once again mowed the park, town buildings and cemeteries. He got his transfer station license this year so he can now operate the transfer station by himself. He also trimmed brush on Village Road and several side roads which badly needed to be done. I appreciate having Zack available to work with me,

I would like to Thank Bob Cone for helping with the installation of the radiant tubing. I would also like to thank Val Dube for selling replacement tools to the town at cost.

REMEMBER – THE PLOW HAS THE RIGHT OF WAY

Ken Simonoko, Road Agent

Shelburne Waste District

During 2015, we have moved along with the construction of the two buildings. The larger one with the office and vehicle storage now has insulation and a concrete floor with heating and partitions for the office. The smaller one has been organized for temporary storage of materials to be recycled such as fluorescent lamps. Further work will be done in 2015. We have also completed the waste oil storage and have replaced the trash (garbage) container with a compactor. The compactor allows us to store trash on site for over a month, saving costs from hauling. In addition, we have moved to have containers in place for all metals and the mixed recyclables and demolition debris.

The cost for these buildings was covered by a combination of the insurance receipts and the capital reserve fund planned for construction at the transfer station. In addition to the buildings, the insurance funds have been used to cover the replacement costs of most of the materials that were lost in the fire.

Once all of the construction is completed, there may be some changes in the parking and driving areas to improve safety and the flow of vehicles through the area on Saturday mornings.

As stated last year, it will be a few years before we can definitely state whether this new way of operating is reducing costs or not. So far we are optimistic. But it has definitely made for a neater and smoother operation.

Pay-as-you-Throw bags are still available at both the Town office and the transfer station, and the cost is

still \$7.50 for a roll of 5 bags. The sale of collected recyclables brought in \$813.20 this year. The town received over \$851.00 for landfill fees, and \$6,739.00 from the sale of green bags. The income from sale of bags offset over 19.23 percent of the solid waste budget for the year. In addition we have put \$1,664.20 into the landfill equipment account against future purchases.

The transfer station charges for items which are neither recyclable or in green bags. Thus, for example, demolition debris will be charged at the amount estimated for their eventual disposal. For large jobs, such as reshingling a house, it is suggested that one hire a dumpster which can take the material directly to the landfill thus avoiding the need for double handling.

The Household Hazardous Waste collection day is scheduled for June 6 from 8:00 to 1:00. Please look for information at the transfer station in May. Please note that all costs for taking hazardous waste to the collection come from state grants and from the expendable trust fund. There are no individual costs on the day of collection for Shelburne residents.

We wish to thank all who helped to make our new way of operating go smoothly, and to help reduce the waste. Please join us for coffee and donuts.

FIRE DEPARTMENT REPORT

In 2014, The Shelburne Fire Department has continued to move forward with training and equipment updates. We have responded to over 20 calls for Shelburne and its surrounding towns. We are also pleased to report no injuries. The majority of our calls have been motor vehicle accidents. Due to the majority of our call volume being motor vehicle accidents, we have been working with the selectman to obtain and update traffic incident equipment to increase safety for our firemen and those on scene.

We have also had two longtime members of the department retire. Billy Davenport Asst. Chief and member for 30 plus years has retired, and Tommy Hayes former Chief and 30 plus year member as well. Both will be missed and have been of great value to the department during their time. Asst. Chief Davenport's position has been filled by Randy Davis. Randy began his fire career with Shelburne at age 18, and now many years later he is still pursuing his career with the town of Shelburne.

Training with other departments has also been a frequent occurrence. Some include water relay training with Gorham fire and search and rescue training with Gilead, ME fire department, as well as many in house trainings from ladder use to dressing hydrants. In this coming year we plan on updating our rescue truck and replacing our tanker truck that has been deemed unsafe for road travel by state DOT. Along with that goal we are also still in the long process of replacing and purchasing needed hand tools.

We hold our monthly meetings the second and fourth Tuesday of every month, and welcome any interested new members.

Nathan Emery, Fire Chief

EMERGENCY MANAGEMENT

This year was relatively quiet in our area.

We were concerned and did monitor the river conditions downstream of the Meadow Road Bridge due to early heavy river ice buildup along with the apparent changes in the Androscoggin River due to siltation caused by previous years' storms, especially Hurricane Irene in 2013.

High water events on January 4, 2014 and April 16, 2014 luckily did not materialize into a major event due to a short period of rain and rapidly falling temperatures after 10 PM.

We have met with FEMA during the recent flood plain mapping and more recently on September 30, 2014 with NH Office of Emergency Management, NH Department of Transportation and NH Department of Environmental Services, in particular relative to Clement Brook with mentions of concerns relative to the Androscoggin River. To date we have not received any follow up to this last meeting.

We are now updating our Hazard Mitigation Plan. We will receive grant money of \$6,000 which we will use to pay June Garneau of Mapping and Planning Solutions. The town's match is \$2,500 which will come from the time town officials spend on the project. Updating this plan every 5 years is a mandatory requirement

We continue to work with Brookfield Power to make sure we are ready for flooding emergencies involving the Androscoggin River.

It is very important for each household to be prepared for an emergency, especially in high water events. The Red Cross recommends that at least 3 days worth of water and food be kept on hand. We still have some weeks of winter to go and then there is always the possibility of spring floods, when parts or all of Shelburne could be cut off from either Gorham or Maine. So plan ahead and stock up.

Stanley Judge, EM Director

Shelburne Public Library

In recent years there has been changes in how people read books. The tradition book is being replaced by tablets, Kindles and computers. Books are downloaded either with text or audio. Libraries need to adjust to the times.

Shelburne Public Library has worked to fill needs in the community. A coffee hour was set up on the weeks that senior meals was not having a breakfast. This was a way to get out and socialize with our neighbors. It was also an opportunity for great food. We will never forget Steve Tasse's fresh tomatoes and toast.

The library instead of purchasing many new books borrows them through the state library system. This enables us to provide patrons with access to wide variety of books and materials at no cost or storage issues.

The library is continually evolving. We want everyone to feel welcome. The library has a table and chairs that are perfect for a small gathering or meeting. We have a Keurig coffee maker to help make you feel at home. Please take advantage of what we have to offer.

Our most popular feature is our computers. They are available for public access. Free Wi-Fi is also available in and outside of the library. We have cars parking in the parking lot to check their emails. We also provide research and help you find answers to your questions. We have helped created and print flyers for various organizations. So take the time and check out your library, you might be surprised in what we have to offer.

BUILDING INSPECTOR REPORT

In 2014, 7 building permits for various projects were issued:

Sheds	2
Additions	2
Yurt & Deck	1
Deck	1
Roof over deck	1

If anyone is planning any kind of building project, including purchasing a pre-built structure, they should contact the building inspector to obtain a permit. There are quite a few state laws around both building and demolishing structures that must be complied with and the building inspector has the necessary paper work to comply with these laws. In particular the NH Energy Code was revised as April 1, 2010; many more projects now require approval under that code. Please check with the Building Inspector when replacing doors, windows or re-roofing.

If anyone has questions about whether or not a project requires a building or demolition permit, please call the building inspector **before** the project is started **as an “after the fact” permits will cost more.**

TOWN FOREST

More and more the old clear-cuts are showing the white trunks of maturing birches. The years keep creeping by as nature takes its course and the birches keep growing. Unfortunately, so does everything else. Maples and cherries will have their say also and without our doing some intervention, they will eventually take over.

In recent years the best efforts of the Forest Committee have not been enough to beat back the “weed” trees. We will have to decide what to do next.

We still have problems with dead birches – victims of the ice storm years ago – that threaten traffic on Route 2.

Routine maintenance of the memorial took a detour from the normal with Zack Wight filling in pushing the mowers while Mike Ryan recovered from leg problems. We sure appreciate his help.

This season we will need to paint the flag pole again and replace the rope. Then it’s just cut brush and mow grass and watch the birches grow.

John Gralenski, Town Forest Committee

Planning Board Report

The Planning Board had another light year in the number of applications coming before it. The Board’s principal activities during 2014 consisted of several boundary line adjustments and continued work on the Master Plan.

The Board has reviewed a proposal to hire a consultant to help complete the remaining sections and bring the plan

to hearing in the next 12-18 months. There will be a warrant article for \$3,000 to provide the additional funds we will need to accomplish this task.

There are no proposed changes to Shelburne's Zoning Ordinances on this year's ballot. However, the Board would like to bring your attention the prohibition of Junk Yards in all zoning districts presently in the zoning ordinances. The Town has received correspondence in the past year relating to this issue and we urge all property owners to ensure they are in compliance. The definition reads as follows:

"A Junk Yard is defined as – Any place of storage or deposit, whether in connection with another business or not, of old metal, bottles, paper, plastic, cotton or woolen wastes, two or more unregistered motor vehicles, which are unfit for use on the highways, used parts and materials of any kind the accumulation of which is detrimental, injurious, or unsightly to the neighborhood."

John Carpenter, Chairperson

CEMETERY COMMITTEE

The Cemetery Committee met a couple of times this year to year review cemetery rules and plan their budget for 2015.

There were no cemetery lots sold in 2014.

There was one burial in Shelburne in 2014 in the Leadmine Cemetery.

We want to thank Ken Simonoko and Zack Wight for the great job they do maintaining the cemeteries.

Prices for cemetery lots remain at \$800 for a four grave lot, \$600 for a two grave lot, and \$400 for a single grave lot. The cost of burial is \$600 for a coffin and \$50.00 for a cremation urn. When a burial needs to be scheduled please contact Ken Simonoko, 723-0865 and remember winter burials are not allowed.

Shelburne Union Church

The Shelburne Union Church is a non-denominational church located in the center of Shelburne Village. Customarily the church is opened to the public for services through the months of July and August and for the occasional wedding or funeral service. Church Services begin at 7:00pm on Sunday evenings and last approximately one hour. A schedule of officiates is published in the Berlin Daily Sun and posted at the Town Hall and Landfill.

One annual meeting was held in the public library in 2014 for the discussion of future improvements to the church which included: a new roof, interior and exterior paint, a wheelchair ramp and the erecting of the church sign. Thanks go out to William Healy and his son for putting up a new sign post and hanging the sign! Other improvements are waiting funding and manpower! Anyone interested in helping with these needs or organizing an event to help raise funds for maintenance of the church, please contact Kimberly Landry at 466-5353.

Thank you to those who volunteered their time, services and baked goods toward this year's fundraiser bake sale. And to those who continually donate in the honor of loved ones...or simply for the sake of seeing this landmark survive...your annual support is greatly appreciated.

SHELBURNE HERITAGE COMMISSION

The Heritage Commission has had many accomplishments this past year:

- We have had several open house tours of the “Historic Peabody House” this summer. Fliers were designed for the “Open House”, posted at the information booth in Gorham, and other locations. Also, a group email was sent out as a reminder of the special dates, as well as Facebook, a useful tool for marketing. **Join our mailing list, contact information below.**
- Hildy Danforth will remain as our historical consultant.
- We welcome Dick Lussier as a new member, and treasurer.
- We have a new “Post Card” of the Historic Peabody House, that is free to all visiting the “Historic Peabody House”
- We are very appreciative to the families of Edith Endicott McMillan Tucker and Ferne Fogg for sharing their historic family pictures with us. We have some on display at the “Historic Peabody House”.
- We visited the “Poore Family Historic Homestead” in Pittsburg NH, to gain ideas on displays for our historic site.
- We are planning a work day next spring and/or fall, please join us as a volunteer.

The Heritage Commission members currently are: Cynthia Gralenski, Roger Morrissette, Dick Lussier, Ken Simonoko, Betty Werner, Stan Holmes, Mary Jo Landry, and Heidi Wight. We are very enthusiastic about working together as a team.

Mission Statement

The Heritage Commission is dedicated to the preservation and interpretation of the Historic Peabody House, and the history and heritage of the Town of Shelburne NH. The Heritage Commission seeks to accomplish its mission by preserving, interpreting, collecting, and researching historic material relating to the Historic Peabody House, and the Town of Shelburne; by providing educational services to diverse audiences of all ages and interests, through interactive events , tours, programs , and outreach publications; while working closely, in cooperation with the community and the public, to promote an awareness of and interest in the Historic Peabody House's history and heritage, also the history and heritage of the Town of Shelburne.

Our heartfelt thanks for the many generous donations of personal time, and monetary from our many supporters, they are greatly appreciated, and needed for success.

In the coming year we would like to welcome all to come explore, discover, and learn about our heritage, and culture, through upcoming interactive events, tours, programs, photographic timelines, historic books, and displays at our historic Peabody House.

All those interested in volunteering their time, and sharing ideas and new concepts, please contact us. We welcome all volunteers or "Friends of the Historic Peabody House"! Our mailing address is: Shelburne Heritage Commission, 74 Village Rd., Shelburne NH 03581. Volunteers are needed for many projects including creating displays, historic research, programs, maps, and docents. We also are welcoming volunteers experienced in, painting, restoration, carpentry, thru group participation and/or adopting those types of projects.

Shelburne Trails Club

The Shelburne Trails Club (STC) completed its fifth year as a locally based hiking club in Shelburne and continued to reopen “lost trails” and to improve the maintenance on our system of local hiking trails. If you would like to be a part of the club, contact Larry Ely, Secretary at 603-723-5822, or President Nancy Eaton at shelburnetrails@gmail.com.

Club Accomplishments for 2014:

- The club improved the Bill Hastings Memorial Forest Trail and installed a rustic picnic table next to the existing bench on the shoreline. The club will look at creating a take-out from the river along Conner Brook this coming season to allow boaters a rest stop before crossing the Maine border.
- A volunteer trail maintenance day was held in the spring with work focused on the Scudder Trail and the Philbrook Farm Inn based trails. The

Scudder trail had been impacted by recent logging activity. Volunteers were also able to remove the graffiti vandalism on the Austin Brook cable-car crossing. The old trail from the Scudder Connector Trail to Judson Pond has been flagged and will be re-blazed and opened in the 2015 season. Explorations continue to the airplane crash site on Mt. Success.

- The club purchased an assortment of hand trail tools and a gas-powered string brush cutter for the old woods trails requiring regular cutting of weedy brush and grasses. The tools will be available to all volunteers willing to work on our trails.
- The STC Facebook page continued to be popular and served as a secondary method to reach members and supporters. The page can be accessed directly through the following link: <https://www.facebook.com/ShelburneTrailsClub>.
- STC continues to be a member organization of the Mahoosuc Initiative and received a Betterment grant of \$2,500 through the Mahoosuc Initiative to support the club's initiatives in the Fall of 2014. The trail tools, picnic table installed on the Bill Hastings Trail, and a club furnished pull-down projector screen installed at town hall were all made possible by a grant from the Betterment Fund through the Mahoosuc Initiative.
- The club purchased a digital projector with sound system through a grant from Auto North of Gorham received in 2013. The projector is stored at the clerk's office in Town Hall and may be loaned by the club to other community groups for

presentations at Town Hall. The video equipment and pull-down screen were purchased to support the club's annual meetings and ongoing "Speaker Series".

- STC's Annual Meeting was held in September with a presentation by board member Dick Lussier highlighting a hiking trek to Camp 1 on Mt. Everest. The annual meeting included the election of one board member and Bob Pinkham was elected to serve a second three-year term on the board. Two board vacancies will become available at the Fall, 2015 Meeting. Following the general meeting, the new board met and re-elected Nancy Eaton as President, Dick Lussier as Vice President, Pat Lussier as Treasurer, and Larry Ely as Secretary. Club officers are elected directly by the board and do not have to be board members.
- A Fall "Speaker's Series" presentation was offered at Town Hall with Rick Wilcox of International Mountain Equipment of Conway reporting on the first New Englander's ascent of Mt. Everest in 1991. The club will continue to offer a "Speakers Series" at Town Hall with programs of interest to our hiking community.
- STC began participation in the Museum of the White Mountains "Trail Clubs in the White Mountains" exhibit to open in March, 2015 at the museum on the Plymouth State University campus. The exhibit traces trail clubs in the White Mountains Region from the 1800's to the present and notes

that STC is the youngest club to create and maintain hiking trails in the “Whites”.

- Work on the Shelburne Trails Map is still ongoing, with the project fully funded.
- The club continues to express its appreciation to the private Shelburne landowners whose cooperation make possible the use and maintenance of our trails and the volunteers who have worked on trail maintenance and otherwise supported the club. As always, our work would not have been possible without the support of club members and volunteers from Shelburne and throughout the region. The Town of Shelburne and Jo Carpenter are also thanked for their support and for allowing use of Town Hall for meetings and events.

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-1370 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfi.org.

This past fire season started in early April with the first reported fire on April 7th. April, which is the traditional start to our spring fire season, began very dry with unseasonably dry conditions continuing through the entire month. This dry pattern continued through the first half of May. 80% of our reported fires this season occurred during this six week period. The largest fire was 24 acres, occurring in the town of Tamworth. From mid May through early September, above average rainfall kept our total acreage burned statewide at 72 acres. This is the smallest amount of acreage burned statewide in several years. Late August through late September though brought a dry trend to northern areas, resulting in several deep-burning remote fires. Our fire danger days correlated well with the days that there were fires actually reported. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting capability was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2014 season threatened structures, and a few structures were burned, a constant reminder that forest fires burn more than

just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

Annual Report of the Family Resource Center To the Town of Shelburne

FRC Project Youth Afterschool Program: As was made known in May of 2014, the FRC and the Gorham Randolph Shelburne Coop School District jointly filed an application for significant funding to expand the Afterschool Program to Edward Fenn Elementary School and to enhance the existing program at the Gorham Middle School. That funding application, in the course of a very competitive grant process, was selected for funding with FRC's application ranking 3rd in the State of New Hampshire. That funding gives the FRC's Afterschool Program 5 continuous years of financial support for maintaining the program for the benefit of area students and families. At the end of December, 2014, 108 students were enrolled in the Afterschool Program in both of schools.

Family Support Programs: The FRC continues to deliver quality family support services to local families including **Toddler Time** for area families. At Toddler Time infant to age 3 children and their caregivers are provided healthy activities designed to improve relationships and strengthening parenting capacity.

In the **Support Services for Veterans Families** and the **Deployment Cycle Support Program** FRC staff provides supportive services to area families whose parent or child is engaged in the pre-deployment, deployment and post deployment cycle of US military service as well as assistance for Veterans and their families who may be experiencing homelessness or unsafe and unstable housing.

FRC's **In Home Family Support Programs** brings experienced case workers into the homes of local families to help heal family dynamics and provide support and referral services to re-energize positive family relationships and re-engage these families into the fabric of the community.

In 2014, with the continuous generous support of local businesses, we continued our traditions of supplying area families & children with **school supplies, winter coats & gear and holiday food baskets and gifts.**

We continue to host **Senior Meals** on a weekly basis and otherwise make the FRC available for community gatherings and meetings. Given our current economic climate these assistance programs were particularly welcomed by many.

Volunteer Income Tax Assistance: Area families also reaped the benefits of FRC's free Volunteer Tax Assistance Program (VITA) in tax year 2013. County-wide a total of 240 families collected over \$ \$273,700 Federal Income Tax returns due to the FRC's VITA program.

We sincerely thank the people of Shelburne for their past and continuing support of the FRC. We are proud of the many relationships we have forged as we work together towards a healthy and vibrant place for families. We look forward to many years of continued collaboration with our neighbors here in Shelburne.

GORHAM COMMUNITY LEARNING CENTER

The Gorham Community Learning Center is a non-profit fixture in our community. We currently have 67 children enrolled in our program from ages 18 months to 12 years old. We serve children from Gorham, Berlin, Randolph, Shelburne and Milan. We work closely with the local SAU to provide seamless transitions between our program and Kindergarten. We continue to have great partnerships with the members of our community.

This past year has been exciting:

- Auto North and Mountain Tire Corporation made generous donations to help pay for repairs to the GCLC van.
- We received a Business of Child Care Grant, which provides one-on-one consultation services with Kim Votta to help improve our business practices.
- The staff has received several staff development opportunities, including sending the director to the national conference for social and emotional development and sending the director and one staff member to the NAEYC Leadership Conference in Minnesota.
- Several staff members are working towards earning their early childhood education certificates, associate degrees, or bachelor degrees.
- After 175 hours of work, the center received approval of renewal materials towards their NAEYC childcare accreditation.
- Two Gorham Middle/High School seniors, Brady Fauteux and Fiona Collins, donated their senior projects to the center.
- In July, Amy Galipeau was hired as our bookkeeper; she has been an excellent addition to our team.
- In October, we held our first 5K fundraiser at Great Glen Trails and had over 60 participants.

NORTH COUNTRY COUNCIL, INC. 2014 ANNUAL REPORT

There were many changes at North Country Council this past year. In March a new Executive Director was hired. Shortly thereafter an administrative assistant was hired in order to ensure the efficient use of public dollars by organizing the office. There have been numerous administrative changes to reduce costs including small contracts that produced an \$800 per month reduction for the photocopier lease, new strategy for health insurance which will save almost \$20,000 a year and investments in information technology that will enable staff to provide better service to the region. Four new part-time employees were hired in order to increase the organization's capacity to serve member communities and new foundation and private funding sources were obtained to provide match for federal dollars; this allows more of the member dues to be used for direct services back to communities.

Governance of North Country Council also has seen some changes. The Representatives, that your community appoints, met to discuss and approve the budget and workplan that is carried out over the year. They asked many great questions and appreciated the meeting separated from the traditional Annual Meeting. As we move forward the Representatives will play a key role in assisting with defining the methodology used for.

Beginning in February/March the staff of North Country Council will be holding remote office hours once a month in Plymouth, Colebrook, Albany and Berlin. Questions about Board roles, services of the

NCC, land use issues, transportation process and other issues will be addressed by staff in more convenient locations.

The workplan can be viewed at www.nccouncil.org. Additionally you at this site you can find numerous work products and a list of services and Board and Representative information.

The North Country Council Board meets regularly on the Second Wednesday of each month at 9:30. Please check the website or call 603-444-6303 for changes or weather related cancellations.

Christine Frost, Executive Director

Report from Your North Country Senator Jeff Woodburn

Dear Constituent,

It is an honor to serve as your State Senator representing District 1, which includes 58-rural, northern communities, encompassing 27 percent of the state's landmass. It is a region larger than two states and 17 foreign countries and containing fewer than twenty people per square mile.

The North Country, including the White Mountains region, has a uniquely different culture, landscape, economy and history than the rest of the state. It is my focus to ensure that State government understands this and doesn't forget us. Our needs, challenges and opportunities are different. At the top of my priority list is stabilizing our fragile economy while improving the quality of life for our people. First and foremost, this means advocating for policies and projects that expand business and entrepreneurial opportunities that will raise stagnant wages.

We've made important bipartisan investments that disproportionately benefited our region in the previous session and I will fight efforts to repeal them. I will support our continued efforts to expand access to health care, reduce the burden of uncompensated care at local hospitals, invest in local road and broadband infrastructure and build a budget that reflects the needs of rural areas.

In the Senate, my goal has been to be practical and to work with everyone to get results for our region. But voting is only a part of my work; in the tradition of my mentor, the late Executive Councilor Ray Burton, I have been accessible and available to my constituents, holding town hall meetings, office hours and tours for state leaders. I have tried when possible and appropriate to bend state government to meet the needs of rural people and rural communities.

I love being the voice for the North Country and am constantly inspired by our people and places that make our beloved home so special.

Be in touch, if I can be of assistance to you or your community.

January 2015

As I start my 2nd year of service to you and the State of New Hampshire in Council District 1, I am reminded of the wonderful 35 years of service that the previous Councilor Raymond S. Burton gave to the people of New Hampshire. He will be deeply missed but not forgotten.

Governor Maggie Hassan has just been re-elected and I will work with her and the NH Legislature to solve problems, large or small, for the people of New Hampshire. Economic development is my top priority for the Northern most Council District and I will work with community and business leaders to assist in the creation of jobs and economic opportunity. County and regional economic development councils coupled with community action agencies will be putting forth new initiatives to carry out this work and I look forward to working with them.

The NH Congressional Delegation - Senator Jeanne Shaheen, Senator Kelly Ayotte, Congresswoman Annie Kuster and Congressman Frank Guinta in joining with other New England states and Canadian officials can cause new resources and partnerships to be created to support job growth.

2015 will start another year of the 10-year NH Highway Transportation Planning process working through the Regional Planning Commissions. National Infrastructure Investments (as known as TIGER Discretionary Grants), provide a unique opportunity to invest in road, rail, transit and port projects. The Transportation Alternative Program (TAP) grants replace the Transportation Enhancement (TE) for Recreational Trails, and Safe Routes to School. Contact William Watson at NH DOT for details at 271-3344 or bwatson@dot.state.nh.us.

The 2015 session of the NH House and Senate will be a trying time with proposed cutbacks yet still providing and meeting constitutional and statutory needs. Be watchful of proposed legislation passing costs on to the county and local levels of government. Stay close to your local state senator and house members.

The Governor and Council are always looking for volunteers to serve on the dozens of boards and commissions. If you are interested please send your resume to Governor Maggie Hassan, State House, 107 North Main Street, Concord, NH 03301 attention Jennifer Kuzma Director of Appointments/Liaison or at (603) 271-2121. A complete list is available at the NH Secretary of State website at www.sos.nh.gov/redbook/index.htm.

My office has available informational items: NH Constitutions, tourist maps, consumer handbooks, etc. I periodically send, via email, a list of my schedule for the week. Send me your email address to be added to the list if you would like at Joseph.Kenney@nh.gov.

Contact my office any time I can be of assistance to you.

NOTICE

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

Your property may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:

- During your ownership, without your consent; or
- Prior to your ownership, if no previous owner consented to the merger.

To restore your property to pre-merger status, you must:

- Make a request to the local governing body
- No later than December 31, 2016.

Once restored:

- Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.
-

This notice must be:

- *Posted continuously in a public place from January 1, 2012 until December 31, 2016, and*
- *Published in the 2011 through 2015 Annual Report.*

SNOW REMOVAL ORDINANCE passed 8/14/94

No person shall remove snow from his/her premises and deposit it on any street, highway or cul-de-sac.

Any person who violates this ordinance shall be fined not more than \$1,000 and not less than \$50 for each separate and distinct violation.

PARKING BAN

It was voted at the 1990 Town Meeting to mandate a parking ban within the boundaries of town roads' right of way during and 24 hours after a snow storm.

Vehicles in violation will be towed at owner's expense.

SPEED LIMITS IN SHELBURNE

The selectmen have set speed limits for the following town roads:

East end of North Road - from intersection with Meadow Road to the Maine Line - 35 miles per hour.

Village Road and all other town roads - 25 miles per hour.

Truck Travel Restricted Ordinance Adopted 9/15/2008

When signs are erected giving notice thereof, including any applicable vehicle weight limitations and/or restrictions upon any classification of vehicles recognized by the State and/or Federal Department of Transportation or Interstate Commerce Commission, streets or parts of streets shall be restricted to vehicles complying with such vehicular weight limitations and/or restrictions, provided, however, that if signs are erected restricting a street, or part thereof, with a sign stating merely "No Through Truck Traffic" or similar designation, without further elaboration, then such street or part of such street shall be restricted to vehicles that meet all of the following requirements: (1) a gross vehicle weight of 12,000 pounds or under; (2) no more than two (2) axles; (3) no more than six (6) tires; and (4) operates as a single unit. All trucks failing to comply with such limitations are expressly prohibited unless they have applied for and received a permit for an exemption from this ordinance. These restrictions shall not apply to vehicles making deliveries or pick ups to residences, businesses or properties on said streets, to Town owned vehicles or drivers traveling to their own residences on said street. Drivers traveling to their own residences shall not park said vehicle on any portion of the Town street or right of way.

This ordinance was applied to North Road from the intersection of Meadow Road by voted of the Board of Selectpersons on September 30, 2008.

LANDFILL REGULATIONS

Hours: Saturday - 6 AM to 12 PM all year
Wednesday - 3 - 4:30 PM June 17th to September 2th

Shelburne has adopted Pay-As-You-Throw. This means that garbage must be disposed of in special bags which may be purchased at the Transfer Station or the Town Office. The cost of a package of 5 bags is \$7.50.

Recycling is mandated by the Town of Shelburne. A list of recyclable materials is included below.

Any items containing mercury are collected separately. See Ken or John for more information.

There are charges to dispose of many different items. These fees reflect the cost to the Town for disposal and are subject to change. People wanting to dispose of items that have a fee associated with their disposal should see the landfill attendant and pay him before disposing of the item. People disposing of items, not paid for, will be billed. The list of fees is included below.

The Transfer Station **does not accept** any hazardous waste including hazardous household waste. A Hazardous Household Waste Collection Day will be held this year with the Androscoggin Valley Regional Refuse Disposal District on Saturday June 7, 2014. Details will be posted at the Transfer Station.

Reminder – outdoor burning of garbage is illegal RSA 125-N

Burning and Permits

Contact your local forest fire warden or fire department for information on obtaining a written fire permit.

It's The Law - RSA 227-L:17(II)

Anyone who wishes to burn clean, ordinary combustibles such as leaves, brush or untreated lumber, or have a camp or cooking fire must have written permission from the landowner and a fire permit (requires the free Adobe Acrobat Reader at 100% actual size) from the local forest fire warden or local fire department in the town or city where the fire will be kindled. You must be at least 18 years of age to obtain a written fire permit.

Gas grills or charcoal fires in a container up and off the ground on your own property do not require a fire permit.

Public or privately owned camp or picnic grounds must obtain an annual written fire permit from the town forest fire warden for use of outside fireplaces, camp or cooking fires used in the operation of the camp or picnic grounds. Such camp or cooking fires should:

1. be in an area cleaned to mineral soil at least 8 feet across;
2. have at least 6 inches of sand or gravel under the fire for any fire built on the ground;
3. have no limbs or other burnable material to a height of 10 feet above the fireplace area; and
4. be constructed so they cannot be moved from their mineral soil area.

What You Can Burn and When

Only leaves, woody debris or brush less than 5 inches in diameter, or untreated wood and dimension lumber can be burned. For any open burning a written fire permit is required. Even with the permit, no open burning between the hours of 9:00 am and 5:00 pm unless it is raining.

When the ground where you are burning is completely covered with snow no fire permit is required. However, be sure to check local ordinances that might restrict winter-time burning.

Air quality regulations restrict the type of material burned in the open. Stumps, painted or treated lumber, tires, tubes, plastics, foam rubber and shingles are some of the prohibited materials (see Department of Environmental Services, Air Resources Division Open Burning Rules) requires the free Adobe Acrobat Reader.

A buried fire is NOT an extinguished fire!

What You Need To Know

When you request a written fire permit you will need to know the following:

What are you going to burn? Material must be clean ordinary combustibles. Brush cannot exceed 5 inches in diameter.	How much help will you have during the burn? Your fire must be attended at all times, or completely extinguished.
Where are you going to burn? How far from the nearest	Do you own the land where you plan to burn? If not, do you have written

<p>structure, trees and dead vegetation or overhead phone or power lines?</p> <p>Fires must be no closer than 50 feet from a structure, or 25 feet if in an approved incinerator.</p>	<p>permission from the landowner?</p>
<p>When do you want to burn?</p> <p>Date, time of day, no burning 9:00 am to 5:00 pm unless it's raining (permit needed even when raining).</p>	<p>Will you be able to extinguish your fire if someone complains?</p> <p>Air pollution officials could require a fire be put out if there are smoke complaints.</p>
<p>What do you have for fire protection?</p> <p>A hose, shovel or rake, and a bucket of water should be available at the fire. You are liable for the costs of extinguishing escaped fires.</p>	<p>Are there any tires or tubes in the material to be burned?</p> <p>Tires, tubes, plastics, shingles, and foam rubber are just some of the prohibited materials.</p>

Commercial Permits

The Forest Ranger for your town/city and local Warden are needed to issue a commercial permit to burn when no other means of disposal of material is available, such as chipping, hauling to a landfill or other methods of legal disposal.

The commercial permit is for contractors who use hired help for the burning of material between the hours of 9:00 am and 5:00 pm and only needed when the ground is not covered with snow.

The permit will be required to have suppression equipment on site while the burning is being done and the fires will have to be totally extinguished or be constantly attended.
