# Inaugural Address

By Rolfe W. Camp

Delivered on Monday, January 2, 1967

I want to take this opportunity to tell you it has been my pleasure and privilege to serve as your Mayor in 1966.

I am also very grateful that you have given me the opportunity to continue my service by re-electing me to this important office for 1967.

To the best of my ability I will work for the best interest for all the people of Franklin.

One year ago I briefly outlined the program for 1966. I will now review the progress we have made and also give you a preview with some recommendations for the year 1967.

To the Land and Buildings Committee I recommended a study be made of the old recreation building at the High School. This study was made jointly with the School Building Committee, the School Board and the Land & Buildings Committee and their recommendations were that this building could not be of any worthwhile service to the school system. After receiving this report it was voted by the council to remove this building and this work has now been completed.

A study of the present Fire Station was made with the possibility of remodeling this building, but it was felt that this building was not suited for alterations. A report from the Fire Underwriters advised that we build a new Fire Station at another location.

A study was made of possible sites and the Sulloway property was chosen as the No. 1 site. The council voted against the purchase of this site for a Fire Station. This property could have been purchased for \$23,000.00 as the No. 1 site.

I will recommend to the Fire Committee that they start to investigate the possibility of another area or areas and report to the council within the next 2 months. I feel that this program should move ahead in 1967.

Under the Land and Buildings Committee, no work was done on plans for alterations to City Hall. A maintenance program was set up and a portion of painting on the outside of the building was completed and a certain amount of rouse cleaning was completed on the inside of this building. The balance of the outside program will be completed in 1967.

I will recommend to the council that a program for altering the interior of the City Hall be started this year. We are badly in need of proper office space for the following: Police Dept., District Court, Nurse's Office, Tax Assessor, Overseer of the Poor, and Public Toilet Rooms.

This building is sound in construction and well maintained and I

cannot see any reason why this structure cannot serve this city for a long time with proper alterations.

The recommendations for the Highway Dept. which I made in my 1966 address have been completed. The accounting system was installed and proper records for highway equipment for maintenance and operating costs have been kept. I feel that this was an important step in operating this department on a sound and efficient basis. We purchased a garbage paker, a sewer rodder and several miscellaneous items, all to make the operation more efficient. This coming year I don't foresee any purchase of any large piece of equipment unless something develops beyond our control.

Our School Building Committee and School Board are conducting a study for added classrooms in our elementary level. This report will be forthcoming sometime this month. These committees have put a lot of time and effort into these studies besides traveling to other cities for the purpose of inspecting other educational methods, and I am sure everyone will be interested to read this report.

We are very fortunate this past year to enjoy a large building program. There have been several large construction projects as well as several new homes and many remodeling jobs. This indicates that our city is enjoying a steady growth.

The Police Department has been strengthened by adding a police officer and a stenographer. The office work in this department has increased considerably over the last few years. This is caused by increased motor vehicle traffic and increased court proceedings. Also an officer has been on duty in Ward I for 3 nights a week. With these improvements in this department it has added better protection to the city.

As 1966 has come and gone, we must look to 1967 and to what developments that will take place. I predict that this is going to be one of the busiest years that any Mayor and Council has faced for a long time.

The largest project will be the Water Pollution program. As you know, this program is well underway, engineers working on the final surveys that are needed before final plans and specifications can be drawn and made ready for construction bids. This work is to be handled by Camp, Dressen and McKee of Boston. The State will classify these rivers in June or July and I hope that we will be able to move into construction the latter part of 1967.

It is my opinion that if we are ready for construction early in this program, we will save several thousands of dollars in construction costs. As this country-wide program gets underway there is going to be a shortage of contractors and engineers. If this condition does develop then the construction costs will without question rise very rapidly. Franklin will be in a position to take any and all advantages of the State and Government participation.

It has been a pleasure to work with the members of the council as each man has worked hard to make this city a better place in which to live.

I would like to take this opportunity to thank all department heads and all city personnel for their fine cooperation that they have given me in the operation of conducting the city business. No mayor could ask for better cooperation.

I have asked the chairman of the Standing Committee to give a report on their respective departments. I felt that these reports would enlighten the operation of the respective department to the people of Franklin.

The Standing Committee for 1966 and their chairman are as follows:

Public Works, Sheldon Morrill; Police, Charles Pierce; Fire, Howard Kelley; Land and Buildings, Robert Hinds; Claims, Edward Chateaufort; Daniell Park Development and Insurance, Alexander Lachiatto; Street Lighting, Howard Kelley; Health and Welfare, Richard Gosselin; Ordinance, Roger Pouliot.

In closing I would like to wish each and every one a Happy and prosperous New Year.

I thank you.

# Auditor's Report

CITY OF FRANKLIN, NEW HAMPSHIRE

FOR THE YEAR 1967

January 30, 1968

To the Honorable Mayor and City Council  
City of Franklin  
Franklin, New Hampshire

Gentlemen:

Complying with our agreement, I have made an examination of the books and records of the City of Franklin for the year ended December 15, 1967 and in this connection am submitting my report consisting of exhibits and supporting schedules.

## SCOPE OF AUDIT

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and of the supporting evidence as was considered necessary under the circumstances. A substantial number of verification letters were mailed to the open accounts on Property and Poll Taxes. Except for the Taxes, Accounts Receivable and some year-end adjustments, the general books of the City are kept on a cash basis.

## BALANCE SHEET — GENERAL FUND

### EXHIBIT A

The Balance Sheet, General Fund, represents the financial condition of the City of Franklin as at the close of business December 15, 1967. Exhibit A, Schedule 3 is a Comparative Balance Sheet showing the increases and decreases in the various accounts between the years 1966 and 1967.

### CASH ON HAND AND IN BANK - \$165,248.50

The cash in the various checking accounts was reconciled to both the bank statements and the confirmations received directly from the depositories, while the cash on hand was verified by count. All checks cancelled during this period were compared with the cash disbursements records and the receipts were traced to the bank deposits.

### ACCOUNTS RECEIVABLE - \$5,025.56

A listing of the open balances was in agreement with the above

control. I would recommend to the Council that the Accounts Receivable - Parking Area Contracts in the amount of \$4,167.90 be charged off as they appear to be uncollectible.

**TAXES RECEIVABLE - \$175,271.18**

The activity in the Taxes Receivable account is shown on Exhibit A, Schedule 1. The cash receipt stubs representing collections on Poll, Property and Head Taxes were checked to the cash receipts records and to the tax warrants. Several hundred verification letters were mailed to the open accounts and any differences reported to me were thoroughly checked.

The 1967 Tax Warrant was completely footed and compared with the Tax Warrant control. The tax rate of \$62.20 per thousand was confirmed directly with the New Hampshire State Tax Commission.

**UNREDEEMED TAX SALES - \$29,514.07**

**PROPERTY ACQUIRED BY TAX DEED - \$2,646.44**

A listing of the Unredeemed Tax Sales was in agreement with the General Ledger control and verification letters were also mailed on the unpaid balances appearing in this account.

**HEAD TAXES RECEIVABLE - \$6,687.50**

This item represents the unpaid Head Taxes and when collected are payable to the State of New Hampshire.

**TEMPORARY LOANS IN ANTICIPATION OF TAXES - \$200,000.00**

This liability was confirmed directly with the First National Bank of Boston.

**BOND ANTICIPATION NOTES - \$130,000.00**

The above liability represents a note dated November 27, 1967 and due November 15, 1968 bearing 4.1% interest in the amount of \$130,000.00, of which \$50,000.00 is payable to the Franklin National Bank and \$80,000.00 to the First National Bank of Boston, both independently confirmed with the banks.

**NOTES PAYABLE - BANK - \$23,000.00**

The Franklin National Bank holds a 4% demand note dated October 30, 1967 which was confirmed directly by the bank.

**RESERVE FOR HEAD TAXES — \$6,610.00**

This caption represents the City's liability to the State of New Hampshire on the 1967 Head Taxes and is liquidated with the receipts from the Head Tax levy.

**SURPLUS — \$76,244.61**

A detail of the changes in the Surplus account is shown on Exhibit A, Schedule 2.

**BALANCE SHEET — GENERAL INDEBTEDNESS**

**EXHIBIT B**

The Balance Sheet discloses the City's liability with respect to bonds

and notes as at December 15, 1967.

The cash in the various banks was reconciled to both the bank statements and the independent confirmations received from the depositories.

All bonds and coupons cancelled during the year were produced for my inspection and the outstanding coupons reconciled to the bank statements.

### **BALANCE SHEET — TRUST FUNDS EXHIBIT C**

The Balance Sheet, Trust Funds, records the Assets and the sources of such Assets in the custody of the trustee of the Trust Funds.

#### **CASH IN THE BANKS — \$42,062.45**

The cash in the Commercial Bank was reconciled to the bank statements and the direct verifications from the depositories while the cash in the savings accounts was verified by examination of the passbooks and the confirmations from the savings banks.

#### **INVESTMENTS — \$171,213.85**

Exhibit C, Schedule 1, lists the securities which were examined in the presence of a trustee of the Trust Funds.

#### **OVERSEER OF THE POOR — STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS**

#### **SCHOOL DISTRICT — STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS**

#### **PUBLIC LIBRARY — STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS**

I examined the books and records of the above departments and reconciled the bank statements as at the end of the year. All checks cancelled during the year were compared with the cash disbursements records and the receipts were traced to the bank deposits. A test check was made of the vouchers supporting the payments during the year.

#### **PAYROLL**

The payroll bank statement was reconciled as at the end of the year.

#### **CITY CLERK**

I tested the books and records in the office of the City Clerk and traced the daily register tapes to the cash receipt books. In addition, I tested the entries on the automobile permits, dog licenses, as well as other business licenses.

Because of the lack of bookkeeping personnel, all of the postings to the General Ledger, the Appropriation Ledger and the Estimated Revenue accounts were made by my office.

I wish to express my appreciation to all the City Officials and the members of their staffs for the cooperation and courtesies extended during the audit.

Respectfully submitted,  
LEONARD D. RICCIO  
Certified Public Accountant

## REPORT OF THE LIBRARIAN

1967

A long look at Franklin Library circulation statistics is somewhat baffling, the tendency being for them to fluctuate with no definite reasons apparent. While our overall circulation decreased the past year, we lent more books to schools, and our registration figures are higher than last year. Business changes which seem to be leading away from Central Street as a shopping center, and general full employment which leaves less time for reading could be two possible reasons, but these are only theories which it would be difficult to prove.

We delivered 390 books by our Shut-in service as against 141 last year. Janet Brailey has rendered faithful service in this area, and Mr. John Shepard, Trustee, has assisted with transportation.

Films from the Canadian Travel Films have been lent for use 33 groups, and were viewed by 1,464 people. Nine films were borrowed from the State Library for use with five groups.

In response to a request for a summer library activity for pre-schoolers it was decided to hold a Saturday morning Picture Book Hour. These have been continued to date supplementing the monthly Story Hours held by Mrs. Krueger for the past number of years. Attendance has varied from zero through one, three, and four to eighteen.

Class visits have been welcomed when requested by the teachers. Mrs. Peter White and Mrs. Briggs brought their Nursery School classes; Nancy Cass, who teaches in Tilton, brought her class, and the children wrote delightful letters in appreciation; all the Headstart children in Franklin came in three groups (about 50 in all); Mrs. Lemire brought her class of 36 children from St. Mary's. In each instance the Librarian read short stories and poems or talked about the use of the library.

National Library Week in April was observed in two ways. During that week a long-considered project came to fruition when the Friends of the Franklin Public Library was organized. Mrs. Donald Cushing served as temporary chairman, and the group was finally organized with the Rev. Stewart Hild as Chairman. Several meetings have been held and possible projects have been discussed. In November the Friends sponsored Kathy Keegan speaking on her experiences as a participant in the Experiment in International Living. Several members of the Friends Group have shown their interest in the library throughout the year with special arrangements of plants and flowers which have been much appreciated by patrons and staff.

The second observance of National Library Week was an Open House. Special invitations were issued to business men of the community to take their coffee break at the library on that morning; to these there was practically no response.

The annual summer book sale received excellent publicity from the papers and W. F. T. N. and was well patronized as a result. A satisfying sum was realized from this and the sale of other books and magazines to swell the fund earmarked for microfilming the Journal-Transcript.

A number of improvements were made to the building, notably additional lighting in the basement, repainting the front hall, and combination windows and draperies in the office. The latter, with repairs made to the furnace, have resulted in more comfortable heating conditions than we have previously had.

We were again fortunate this summer in having the volunteer assistance of Miss Elaina Graves who cataloged French and German books for us besides helping at the desk.

An additional lift is the transferring to the City Clerk's office of the drawing of all salary checks; this will free the Librarian of the detail involved in Social Security and Withholding records thus releasing her for work of a more strictly library nature.

We have received welcome gifts of books, some new, and some which could be used to replace worn-out copies; four books were received as Memorials. Other gifts have included pictures of old Franklin and other historical materials, and miscellaneous items chief of which was a staff for the flag presented by the Elks Club.

Special displays and collections of books appropriate to the season or linked with particular events have been arranged. Chinese and Japanese figurines were lent by Deborah Nedeau; photographs of covered bridges from the collection of Charles Wilkinson were shown during the summer; Fall displays were enhanced by gourds from the garden of Mr. William Fisher, and for the children, a scarecrow named Benny. Indian artifacts were loaned by Mr. Fisher, during the Christmas season, the doll house, newly painted inside and out by Mrs. Hanley and Mrs. Stein, was an attraction in the Children's Room. During the holidays and since, Mr. and Mrs. Arthur Farnsworth have generously permitted the library to use the window of an empty store for display purposes.

For the interest, help, and generosity of our Trustees, Friends, City Officials, and patrons your Librarian and the Staff of the Franklin Library are grateful, and we hope that sparked by enthusiasm we may continue to work together for the best library interests of all citizens of Franklin from toddlers to the golden age group.

Respectfully submitted,

HOPE R. SWAIN

## Annual Report of the Superintendent of Schools

The Franklin School System under the leadership of the Board of Education with support from the City Council raised the status of education in the Franklin Public School System to new heights in 1967.

The willingness of these officials to look ahead in their plans for a new elementary school in West Franklin has injected a new enthusiasm for excellence in the Franklin educational system.

This enthusiasm has manifested itself in a large percentage of the teaching staff in Franklin and many of the parents in West Franklin who once again look forward to having their own neighborhood school.

To assure adequate preparation for effective use of this new school an Institute on Team Teaching and Individualization of Instruction was offered in Franklin by Plymouth State College.

The willingness of Plymouth State College to assist us by offering an innovative course of this nature illustrates the value an academic community makes to the region it serves and deserves the commendation of our whole community.

Dr. Robert H. Anderson of Harvard University had this to say relative to this Institute, "in my opinion this is one of the most promising programs in the country at this moment".

Many other groups gave us either financial help or contributed their experience to assisting us in our preparations to use the new elementary school in the most effective and efficient manner.

Educational Facilities Laboratories of the Ford Foundation and the Center for Education Field Services of the University of New Hampshire Educational System gave monetary support to help this program jointly in the amount of \$5,000.00.

Dr. Rollins from Rhode Island College of Education, Dr. Dufay, Assistant Superintendent of Schools, Wayne, New Jersey, Dr. Lester Goodridge, Principal of the Bridge School, Lexington, Massachusetts, Dr. Gilbert Berry, Elementary Principal, Lexington, Massachusetts, Dr. Robert Anderson, Professor of Education, Harvard University, Dr. Joan Kerelegza, Coordinator of Instruction, Farmington Public Schools, Connecticut all contributed their knowledge to assist us.

Personnel from the New Hampshire State Department of Education, school personnel from Lexington, Massachusetts and Timberlane High School, Plaistow, New Hampshire also shared their experience with us.

Certainly this has been a demonstration of cooperation among many educational agencies making possible better educational resources in terms of materials, consultants, and teaching personnel as compared to a single agency.

This significant step taken this year assures the proper housing accommodations for the public school children of Franklin. Building facilities for school purposes should now be adequate to accommodate our needs as far as we can project into the future.

Any significant population change or changes in parochial education

arrangements could necessitate a review at that time.

School building maintenance is a continuing process. Modernization to keep our facilities up to date had also been a continuing process but in the future this will need to be considered at an accelerated pace.

Technology that has enabled medicine to accomplish today what was impossible just a few years ago, send man into space, solve problems in minutes that would have taken years or been impossible a short time ago, is also coming of age in education.

Films, filmstrips, tapes, television, programmed instruction, teaching machines, language laboratories are early examples of electric and electronic equipment rapidly playing a major role in the education of students.

The use of this new technology holds the promise of a better quality education as its application has proven in other fields of endeavor. The purchase of this equipment and the modernization of plant to its use require significant monetary outlays and this will continue in education as in all other walks of life.

The most immediate problem and one that seems destined to continue far into the future is the shortage of qualified teachers to properly staff our schools. Though this is a national problem it is much more acute in New Hampshire and our own community. This is certainly due in part by salaries that are approximately \$800.00 below the National Average in New Hampshire and \$1,000.00 below the National Average in Franklin.

Recruiting of teachers which a few years ago required three or four months in the late spring has become a year round task with vacancies on our staff being filled by substitutes until certified teachers become available.

Following are the operational costs for the Franklin Public Schools for the past three years as compared to the average for the State of New Hampshire.

#### AVERAGE COST PER PUPIL

	1964-1965	
	Franklin, N. H.	
Elementary	284.24	326.99
Jr. High	381.50	437.62
Sr. High	442.57	493.76
	1965-1966	
	Franklin, N. H.	
Elementary	352.00	401.06
Jr. High	467.00	517.89

Sr. High	521.00	538.76
	1966-1967	
	Franklin, N. H.	
Elementary	429.00	401.00
Jr. High	503.00	518.00
Sr. High	544.00	589.00

Even though our school budgets in Franklin have been rising, the increases still have not kept pace with the average increases in school costs in New Hampshire as a whole.

Attached to and a part of this report are the reports from school administrators, directors and supervisors summarizing the work in their field during 1967.

# Report of School Nurse

1967

Schools in our society are charged with the responsibility of educating youth. Consistent efforts are made in the Franklin schools to improve the quality of education so that every pupil is inspired to work toward his maximum potential with complete recognition of his worth and dignity as an individual. The health status of children has a direct influence upon their educational achievements. Therefore, a comprehensive school health program is essential. All aspects of the program have been planned to support and stimulate the learning process. Primary responsibility for the health of a child rests with his parents, and, in the older child, increasingly with the individual himself.

The following reports of the major health activities in the Franklin Schools during the past year points up the cooperative role of the school, home, and community in conserving the health of the Franklin School children.

Twenty-five hundred eighty-eight pupils received routine inspections which included height, weight, posture, condition of hair and general condition of mouth and teeth. Obvious irregularities were referred to parents with recommendations for follow-up by family physician and dentist immediately. Others were kept under observation by teacher and nurse. If the condition continued, these pupils were eventually referred.

Because most learning is based upon visual experiences, it is very important that the school children have good vision. The detection of visual handicaps through yearly screening with the T/O tester has been most effective. Two thousand four hundred eighty-three vision screenings were done. One hundred fifty-seven pupils were referred to the family ophthalmologist or optometrist for a complete and extensive eye examination. One hundred fifty-two corrections resulted.

Normal capacity for hearing represents the second most important sensory resource for learning. A serious deficiency of hearing will result in impairment of the learning facility of the affected child. With the Maico audiometer we tested every child in the school system at least once, and repeated the test several times if necessary. Twenty-four hundred eighty-three tests were given. Thirty-six pupils were found to have a hearing loss in one or both ears. These children were referred to the family physician.

The most common physical defect found in school-age children and youth is dental decay. Nearly all children experience dental decay in some degree. Much of this decay is preventable by use of methods and procedures currently available. In an effort to relieve the situation, we have instituted a dental clinic in the Franklin schools. The materials and equipment used are provided for by the New Hampshire

Department of Dental Welfare. We hired a dental hygienist, Mrs. Claire Lyons, to clean and give fluoride treatments to any and all youngsters, grades one through twelve. Over six hundred ninety pupils participated. In order to complete the dental care which is so vital, this year, for the first time, we have applied and received State Matching Funds. This will benefit pupils in the so-called borderline group who badly need dental care. This particular program was made possible through the combined efforts of the Dental Staff in our community and the financial aid of the Franklin Kiwanis Club.

Protection from illness can be provided through immunization. Children should complete their immunizations during the first years of their lives. However, in many cases, this is not the situation. With this thought in mind, we hold each year, in connection with the Visiting Nurse, the Toxoid Clinic. One hundred sixty-six school children were given immunizations at this time. Offered at these clinics were Smallpox Vaccinations, Diphtheria Toxoid, Toxoid Boosters, and Sabin Polio Vaccine Oral drinks. I also assisted the Visiting Nurse with the measles clinic which was held in June 1967. Two hundred forty-two children received immunizations against measles.

Flu shots were offered to the entire school personnel. In an effort to immunize against the expected flu incident, forty-eight teachers and kitchen personnel received the shots.

The hazard of tuberculosis in childhood and in our adult society is still sufficiently great as to justify the school's paying particular attention to the tuberculosis control program. We conducted such a program, recommending and offering during the month of January, sterneedle testing for all pupils in the first, fourth, eighth and twelfth grades. Thirty-eight teachers and cafeteria personnel also participated. We tested five hundred thirty-eight students. The positive reactors were x-rayed and these findings were sent to the family physicians. No active T. B. cases were reported.

Pre-School Clinic was held in May of this year. Over one hundred-forty-one prospective pupils attended with their parents. These children were weighed, measured, and vision screenings were given. All children are required to have a physical examination by the family physician prior to entering school. This gives a complete medical appraisal and facilitates us in assisting the child to acclimate to school life.

In order to protect the health of our athletes, each athlete must have a complete physical examination before he or she is allowed to actively participate. Dr. Morin, Athletic Physician, examined one hundred eighty-six possible candidates. This service gives these youngsters maximum protection needed by active athletes.

Healthy growth depends on good nutrition more than on any other factor. The nutrition of the school child will have an influence on his health of tomorrow. Proper nutrition is a vital concern in any health program, particularly in view of the important part it plays in the

achievements of the child in the school situation. Total lunches served to deserving and needy pupils was five thousand three hundred ninety three lunches. The money for these lunches was made available through the generous donations received from the Melinda Tobie Fund, Franklin Rotary, Franklin Kiwanis, Catholic Daughters, Knights of Columbus, Franklin Emblem Club, The Timely Club and the Methodist Church W. S. C. S. On behalf of these youngsters, I wish to express my sincere gratitude for this financial assistance.

Eight hundred thirty-one first aids were performed by the school nurses. The majority of these were minor, however, the major accidents were immediately referred to the parents with advice for further medical attention by the family doctor.

We made two hundred eighty house calls during the school year.

In cooperation with various organizations within our community, I assisted in delivering several food baskets and toys to our less fortunate at Thanksgiving and Christmas.

In order to meet certification requirements and to prepare myself to better serve as a specialist in School Health, I took two courses this past year, **Nutrition** and **Comprehensive School Nursing**.

I wish to take this opportunity to recognize and acknowledge the teachers, parents, doctors, and the dentists, and the pupils themselves for their tremendous cooperation and contributions to the Franklin School Health Program. It has been my pleasure working with you and for you. Thank you.

Respectfully submitted,

MARTHA GILCHRIST, R. N.

**ANNUAL REPORT**  
**OF THE**  
**VISITING NURSE ASSOCIATION, INC., 1967**

The Visiting Nurse Association of Franklin, with headquarters in the City Hall, has completed its twenty third year of these objectives: skilled home nursing and therapeutic care, immunization clinics for prevention of disease, and the promotion of individual, family, and community health.

Mrs. Priscilla Doucette, R. N., reports the following statistics for her year's work:

Total Visits	2050
Home Visits	1619
Office Visits	331
Admissions	61
Discharges	33
Average Monthly Case Load	32

In cooperation with the School Health Department and the Bureau of Communicable Diseases, diphtheria, whooping cough, tetanus, oral polio, small pox, and measles vaccines were administered by local physicians at immunization clinics on March 7, April 11, May 11, and June 20.

The Visiting Nurse makes follow-up visits for Crippled Children's Services, Heart Program, Convulsive Clinic and Child Guidance.

Mrs. Matilda O'Brien, R. N. assisted and substituted for Mrs. Doucette during vacations and busy periods.

Mrs. Doucette, as a member of the American Nurses Association, has attended meetings and workshops to keep informed of new developments and methods.

The association has continued as a Home Health Agency under Medicare. With the increased bookkeeping and clerical duties involved the services of Mrs. Roberta Webster as a part-time Medicare secretary were secured.

The executive board and members of the association assisted throughout the year with clinics, the annual rummage sale and Christmas projects.

RESOLUTION  
NO. 12

In The Year of Our Lord One Thousand Nine Hundred and Sixty-seven

A RESOLUTION RELATING TO SEWER CONSTRUCTION

Whereas, at its regular meeting held on December 15, 1966, the City Council unanimously adopted Resolution No. 15 authorizing the construction of a sewer project at a total estimated cost of \$2,500,000 and appropriating therefor the sum of \$1,540,000, together with the proceeds of federal grants estimated to be \$960,000; and

Whereas, although such federal funds are expected to be received for said project, some delay is expected before a formal Grant Agreement can be executed with the Federal Government; and

Whereas, certain preliminary expenses have been incurred in connection with said project and it is essential to acquire certain land now in order to avoid further delays in carrying out the project; and

Whereas, certain divisible portions of said project can be completed within the limits of the \$1,540,000 appropriation by the City and bond counsel has advised that before funds are borrowed pursuant to said Resolution, a determination by the City Council should be made that such portions can be so completed; now therefore be it

RESOLVED by the City Council of the  
City of Franklin that:

1. It is hereby determined the following portions of the sewer project described in the recommendations for an initial construction program proposed in the report entitled "City of Franklin, New Hampshire, Report on Sewerage and Sewage Treatment, January, 1965" prepared by Camp, Dresser & McKee, Consulting Engineers, Boston, Massachusetts, namely

Project	Estimated Cost
Stabilization Ponds	\$300,000
Merrimack Interceptor	457,900

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

December 29, 1967

**CERTIFICATE OF AUDIT**

This is to certify that we have examined and audited the accounts and records of the City of Franklin Water Works for the fiscal year ended December 15, 1967. In our opinion, the Exhibits included herewith reflect the true financial condition of the Water Works on December 15, 1967, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

**Harold G. Fowler**

**Director**

Division of Municipal Accounting

State Tax Commission
