Decrease of Debt.,		\$243 43

This small decrease in the debt is owing to the returning in the indebtedness of the town, the trust funds deposited in the town treasury amounting to \$1,950.00, also to the purchasing of the steam roller for \$2,800.00.

The trust funds are an indebtedness of the town and must always remain so, but have never been returned as such. These two items would decrease the net indebtedness \$4,750.00 more, making the total decrease of debt \$4,993.43.

We are also pleased to report the delinquent taxes which have appeared in the reports from year to year as an unsettled account, as settled, and to begin the new year with the taxes collected to the last list, 1906.

All of which is respectfully submitted,

In submitting this report, I feel justified in making a few explanations and suggestions. The falling off in the receipts during the year is traceable to the large number of "free" and "local" low rate rentals and the very few outside or high rate rentals. It has become almost impossible to rent to any first-class attraction, owing to our poor stage arrangements and accommodations. This is also a source of expense in the care of the building, as it has been necessary to let down and examine the scenery, cordage and fixtures very often as a precautionary step to avoid serious accidents. This could and should be remedied, as a comparatively small expenditure of money would make this one of the best stages in the state. The switch board which controls the hall and stage lights is not proper and should also be changed.

Respectfully submitted,

GEO. U. L. LEAVITT, Town Hall Agent.

CEMETERY REPORTS.

The Report of the Superintendent of Glenwood and the Village Cemeteries.

The usual care was given to the cemeteries. A part of the road leading to Glenwood Cemetery was graveled with the best gravel obtainable for the purpose. The W. M. Kendall lot in the Glenwood Cemetery and the P. E. Davis lot in the Village Cemetery were added to the perpetual care lots during the past season. It is not good judgment to erect a fine monument and leave nothing for the care of the lot as the following incident, taken from "Perpetual Care" in American Cemeteries will illustrate. "I heard of a case not long since where the owner of a lot, who was possessed of a large portion of this world's goods, stipulated in his will that twenty-five thousand dollars should be spent in the erection of a suitable monument on his lot. The executors faithfully carried out the provision of the will, and the 'suitable monument' was erected, and the remaining portion of the estate, after paying sundry bequests to charitable institutions, was distributed among the heirs. Nothing was left for the Perpetual Care of the lot and the monument, and in an incredible short time the heirs failed to pay any attention to the matter and the twenty-five thousand dollar monument was surrounded by a hay field, which was fortunate as it prevented passers by from seeing that the grave of the one whose money paid for a 'suitable' monument, was badly sunken and neglected."

There are only a few small bills against the Cemeteries, but there are quite a number of bills due the Cemeteries for care of lots and labor that are good.
