New Hampton Police Department

1983 Annual Report

As I'm sure most of you know there has been a change in the Police Department as far as personnel. Chester W. Butcher Jr. who has been the Chief of Police here for twelve years has resigned from the department. I took over the Chief's job as of the 7th of October 1983. I think that we all owe a lot of thanks to Chester for his 12 years as Chief. I know that I'm going to miss working with him.

The following burglaries were reported, 2 in year round homes, 2 in summer homes, 0 in places of business. There were 2 assaults, 2 criminal mischief, and 3 acts of vandalism. We covered 24 motor vehicle accidents with no injuries, and 15 accidents with minor and/or serious injuries.

The 1982 Chevrolet Blazer has 110,000 miles on its odometer. We have had problems with the automatic overdrive transmission. The Blazer has saved on fuel bills and we were able to get out on all of the roads this winter thanks to the four wheel drive. I don't know how much trouble we are in for this year but we are going to go another year with this cruiser.

The article that I have in the warrant is for a new mobile radio for the cruiser. The radio in the cruiser now is 12 years old and I've been advised by radio repair that it will cost a lot of money this year to keep this radio operable.

I would like to remind the dog owners of this Town to license their dog or dogs this year. The police department will strictly enforce this law in hopes of reducing the number of complaints.

I would like to take this time to tell you all that next winter anyone who parks their vehicle out on the street (any street) after 11:00 pm after November 1 until April 1 will be ticketed and the new parking tickets will be \$3.00 and if the vehicle is parked on the road a second time it will be towed at the expense of the owner. **THIS WILL BE STRICTLY ENFORCED!!!!**

Thank you for your support and cooperation.

Respectfully submitted,
Merritt D. Salmon
Chief of Police

New Hampton Fire Department

1983

Members of the New Hampton Fire Department express their appreciation to residents for their cooperation in fire control and prevention. They commend them for applying for fire permits when intending to have a controlled burn and for informing either a fire warden or Laconia Fire Dispatch when fire permits are not necessary.

The 1983 fire log totals 47 calls and 942½ man hours.

This included the following fire or fire related calls: 10 chimney, 8 mutual aid at the scene, 6 mutual aid cover truck, 5 forestry, 3 structure, 3 electrical, 3 car, 2 propane gas leaks, 3 car accidents, 1 search and rescue, 1 flooded cellar, 1 dialer alarm-false, and 1 false alarm.

Due to the increase in New Hampton population and building, the fire department is concerned with the age and limitations of the present rolling equipment.

17 M I is a 1951, 100 h.p. Ford, 500 G.M.P. pump and 500 gallon tank, 33 years old.

17 M II is a 1974, 335 h.p. Int., 750 G.M.P. pump and 750 gallon tank, 10 years old.

17 M III is a 1961, 325 h.p. Int., 500 G.M.P. pump and 500 gallon tank, 23 years old.

It is proposed by the fire department that a new pumper tanker be purchased. This new tanker will give faster and increased protection by having more power, more pumping capacity plus a greater tank supply of water.

A great deal of time and thought has been put into formulating a piece of equipment best suited for the town's fire suppression needs at a price that is sensible and in line with the tax base.

Your cooperation in aiding the department in securing this will be greatly appreciated by the department members.

Respectfully,
Joseph E. Powers Sr., Chief

Report Of Town Forest Fire Warden And State Forest Ranger

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

Emergency Medical - Rescue Squad

Annual Report for 1983

The members of the squad are grateful to the Ashland and Tilton rescue teams for the mutual aid provided for several bad accidents, as we experienced the greatest number of calls since our formation a few years ago. And special thanks to Ashland for their coverage to the North and East ends of Town.

This year we upgraded, as required by law, much of our equipment to provide better and more consistent service to the town. This service is provided voluntarily by the Emergency Medical Technicians (E.M.T.s) with the aid of the members of the Fire Department. Should you be in need of any Emergency Medical services call the regular fire dispatch number (1)524-1545 and we will be notified, as well as an ambulance.

We wish to thank the townspeople for the continued support of our squad. It has been our pleasure to serve in times of need.

Respectfully submitted
on behalf of the members,

New Hampton Conservation Commission 1983

This year's big effort has been to honor our \$10,000. commitment to the town's renovation of the old town shed as a new Town Office.

Richard Gallagher had been continuing a cordwood cut in the Conservation Area with some selective cutting of larger timber, so he was asked to broaden that operation. We had hoped to be more than half done by now, and indeed we may, by Town Meeting. However, we were asked by the mill to halt operations for a few months. We found another mill that could use the timber, and have cut about 66,000 board feet. To date, \$4,000 has been given the Selectmen.

Though the Commission's cash commitment is \$10,000, the actual contribution will be more like \$13,-14,000, as cutting and transporting the timber does not come free. Mr. Gallagher did donate the cutting of the first 5200 bd ft, a \$234. in-kind contribution. We very much appreciate that.

Bill Huckins' wooden bridge is completed and road work in the Area provides access to the waterfront. Additional beach will be cleared. Lil McCrelis is our negotiator with the Army Corps of Engineers who may be able to include this project in their agenda.

Clean-up (very selective cutting) on the island has been discussed. We remind residents that the island has some lovely picnic areas, but all fires require a permit from the Town Fire Marshal.

Again about 20 families availed themselves of the firewood cut supervised by Dick Gallagher. The area is improved by this cutting. A spring walk is planned to demonstrate the maintenance of a well-managed forest. Loggers have noticed a fungus (*pinus fomii*), a black streak, not harmful for logging purposes when the wood is taken reasonably soon. Also some red heart — causes not yet identified, perhaps the soil.

A fairly clearly cut area will be replanted in the spring with about 1000 seedlings.

A memorial tree for original Conservation Commission member Lester Youst will be dedicated in spring.

Two sites for which dredge-and-fill permits had been requested, were reviewed and approvals granted. We were notified by the Wetlands Board of concern of the Fish and Game Department with work being done at the

Town Office site. Through consultation with all parties the problems were resolved. The commission wishes to go on record with the Wetlands Board assessment: the work at the Town Office enhances the site physically, environmentally, and aesthetically.

1983 Planning Board Report

First, on behalf of the Planning Board, I should like to thank Walt Landry, Fran Maineri and Debbie Phelps for serving faithfully on the Planning Board. Debbie continues as our secretary. While I'm at it, thank you to the Planning Board in general, old and new, for continuing to volunteer their time in service to the community.

We approved 9 subdivisions, creating 38 lots. We have several important subdivisions in the works, including a condominium conversion, which is complex and challenging as we try to equably look after the town's best interests.

Several members of the Planning Board were able to attend the New Hampshire Municipal Association's Law Lecture Series on planning. These lectures dealt with the state recodification of planning laws, and current trends and court decisions related to planning.

The new laws, which went into effect January 1, 1984, have made it imperative that the Master Plan, done in 1967, be updated. We will need the input of the whole community and will be asking both for your help and ideas as we undertake this task. We have asked to raise \$3,200 for assistance in this project from the Lakes Region Planning Commission.

1983 was a busy year in development in New Hampton, especially along Route 104. With the upswing in the economy, we anticipate many new building starts and subdivision proposals. The Planning Board will continue its commitment to orderly development. Our regular meetings are the third Monday of each month, and you are all encouraged to attend.

Sincerely,
Lucy Stephenson, Chairman

New Hampton Community Kindergarten 1983

The New Hampton Community Kindergarten is happy to report our finances for this year as being a bit less bleak than that of last year. Due to the hard work and dedication of last year's officers, the generosity of the New Hampton Community Church, the town of New Hampton, and various other personal donations, we are finally operating on a reasonably secure budget. However, our enrollment is still quite low, only thirteen students, and there are those that have difficulty paying the tuition. Since the kindergarten relies on this tuition as its major source of income for teachers salaries and other necessary operating expenses, the lack of it does create a hardship for us. To compensate for this loss, we must depend on our fund raising efforts, funds from the town, and any other donations we may be fortunate enough to receive.

On behalf of the kindergarten, we ask the town for its continued support so we may continue to provide our children with the quality pre-school education they so rightfully deserve.

Sincerely,
Patricia Bailey, Marleen Lang

New Hampton Recreation Department

Report for 1983

We started this year with the Annual Easter Egg Hunt at the Townhouse. The children found and consumed their Easter surprises. Good Fun.

On July 11th we began the Summer Program. Some of the weekly trips were as follows: Weirs Beach Water Slide, Squam Lake Science Center, and the Morse Museum. Other activities consisted of a Pet Show, a Nature Walk, Peanut Hunt, a frisbie tournament and of course baseball. Unfortunately, we had a lot of problems with transportation for the swimming program. We want to thank Claire Hanagan, Director, Connie Pipe, Assistant Director, Mary Thompson, WSI and Lisa Mooney, Recreation Assistant for a very enjoyable Summer Program.

This year we also sponsored several Senior Citizen outings. If there are any Senior Citizens who would like to be on our call list please phone any one of the following: Margaret M. Leroux 968-7845, Mrs. Ruth Joyce 744-8403, Bob Duquette 744-8662, Mary Drake 744-3161, Madeline Wilkins 744-5106, Ellie Donnelly 968-3817 or Valarie Magdich 968-3923.

Bristol Community Center

Annual Report - 1983

On behalf of the Bristol Recreation Advisory Council, it gives me great pleasure to submit this annual report.

Certainly 1983 was a busy year for the BCC and one of change. There were a vast array of activities sponsored by the Center, to name a few: Aerobics, Newfound People in Action, Youth Basketball ranging from Grade 3 - 12, Scouts, Archery, Art, Baton, Volleyball and Open House six afternoons a week. In addition to these programs were special events and Fund Raisers: Billiard Tournament, Carnival Queen & Mr. B, March Ice Breaker Dance, Winter Family Carnival, Jack Frost & Miss Snowflake, Road Race, Tag Day, Ham & Bean Supper, Lobster & Chicken Supper and Santa's Village.

The year also saw a change in Directors. Best wishes to Mr. Nunez in Vermont and I look forward to the challenges and joys of the position.

The year round calendar of programs and Special Events will continue to grow and change with recreational needs. The BRAC & BCC is always open to residents of New Hampton, your ideas and participation.

As always, this department is ever so grateful to all the volunteers who've given so much of themselves for the Bristol Community Center - they're the heart and soul of the building.

Looking forward to 1984 as a year of great progress and cooperation.

Newfound Area Nursing Association

TOWN BUDGET REQUEST AND REPORT

The Board of Directors of the Newfound Area Nursing Association voted at their November 28, 1983 meeting not to request an increase in town appropriation for the coming year. Mindful of our own tight budget constraints we urge you to grant our request in order that we may continue to provide this vital and needed service to the residents of our area.

1984 Request

| | |
|-------------|---------|
| Bristol | \$9,900 |
| Bridgewater | 2,200 |
| New Hampton | 4,400 |
| Alexandria | 2,200 |

The following is a list of services provided during 1983:

| | |
|---------------------|-------------------|
| 1. Skilled Nursing | 1998 visits |
| 2. Physical Therapy | 363 visits |
| 3. Home Health Aide | 1368 visits |
| 4. Homemaker | 493 visits |
| 5. Supervision | 416 visits |
| Total | <hr/> 4638 visits |

In addition to the above home visits the Newfound Area Nursing Association offers monthly health screenings and clinics. These include the blood pressure clinic, the well-child clinic, the immunization clinic, the women and infant children clinic and the prenatal classes. Numerous other activities are undertaken during the year such as the Lion's Van screening and the Christmas Party for the area Senior Citizens.

During 1983 we received \$18,700. from the four towns and provided \$15,295. of services not reimbursable through other sources. The balance was used to supplement the cost of operating our many clinics.

We look forward to serving those who need our services in 1984.

Jeannine M. Martin
Executive Director

Lakes Region Planning Commission

1983

Local assistance during the past year has included meeting with New Hampton Planning Board to discuss Master Plan process and the Master Plan update procedures; discussing Historic Resources survey and possible nominations for National Register of Historic Places; providing information concerning proposed subdivisions within the Town; providing town office with copies of Town Base Maps; and providing five versions of town road standards for the Road Agent. We can do the most for the communities that ask for the most.

LRPC staff size is reduced to four full-time employees. Our staff is an experienced one - Jim Rollins and Mary Lee Harvey each have worked for the Commission for more than ten years; Jim Klinger, our draftsman, has been on board for seven years; Roger Akeley, Executive Director, is beginning his fifth year. This experience allows us to maintain a high level of service.

LRPC is increasingly dependent on local dues for staff support. We do not get a dime from the State Legislature. Federal dollars have been cut drastically. Combined dues of the towns will pay about 70% of the budget needed to keep a permanent staff of four persons. The average dues increase this year was voted to be 4%. The percentage for each community may vary, as each year we recalculate based on the most reliable population and the most recent available adjusted assessed valuation figures.

Inter-Lakes Day Care Center And Nursery School

1983 Report

During 1983 the Inter-Lakes Day Care Center served 125 children from 103 Lakes Region families. As a private, nonprofit agency governed by a volunteer Board of Directors the Center operates a preschool program with a full range of services including education, special needs, health care, vision and hearing screening, dental care, nutrition, and parenting. As a participant in the N.H. Child Care Food Program sponsored by USDA, nutritious hot lunches, breakfasts, and two snacks are served daily. Our school is open on a year-round basis from 6:30 a.m. to 5:30 p.m., making it possible for the parents of 105 children to maintain employment.

The primary concern of the Inter-Lakes Day Care Center is to provide a home-like, educational environment for children of working parents. Through our Nursery School program, open to children of non-working parents, and our before and after-school "Seven-Upper" Program we provide for the social, emotional, physical, and educational development of all ages.

A fairly new program we sponsor is a network of licensed Family Day Care Homes receiving federal reimbursement from USDA by serving nutritious meals and snacks while providing care for children of working parents in their homes. At the present time we have six homes under this program.

The total budget of the Inter-Lakes Day Care Center for 1984 is \$96,587.00. Of this we will be receiving in tuition paid by parents \$47,237.00, \$5,000. from N.H. Child Care Food Program (USDA), \$1,000. from N.H. Child Care Food Program (USDA) for sponsorship of Family Day Care Homes, and \$1,950. from CETA. This also includes the following: \$41,400. of which \$27,000. is Title XX and \$14,400. which must be raised in local funding. The money we receive from the towns that we serve is matched three times by the federal government.

Area residents are cordially welcome to visit the Inter-Lakes Day Care Center and Nursery School at 11 Lang Street in Meredith.
