H. D. ABBOTT,	
EMMA B. STETSON,	

REPORT OF SCHOOL BOARD,

OF WARREN FOR YEAR ENDING AUGUST, 1896.

Eight schools have been maintained, the village grammar and primary having three terms of ten weeks each. The other six, Clough, East Warren, Swain Hill, Summit, Ore Hill and Foote's, each two terms of ten weeks.

These schools have been well managed by faithful and competent teachers; wise and efficient discipline, and thorough methods of instruction have been manifested in all.

Of the twelve different persons employed as teachers during some part of the year, all females, eight are residents of this town, graduates of our town schools. Three of these taught for the first time in 1895, two others in 1896. The notice of the school board has been called to no case of insubordination during the year.

BRANCHES OF STUDY. As usual, arithmetic receives its full share of attention, rather more than its due, perhaps. Grammar and geography are pretty thoroughly studied. Spelling and penmanship above

the average of former years, while to history decidedly more time and attention should be given.

But reading is the one branch in all our schools in which there is the loudest call for improvement. Methods of recitation in reading demand the careful attention of teachers. As a rule, the work of the older classes in this branch, is less satisfactory than that of the primary grades.

Whole number scholars five years of age and upwards, attending school not less than two weeks during the year, 127.

Whole number of any age attending one-half day or more during the year, 135

Average attendance during the year, 96.

Number between 5 and 16 not attending school, 8. Four of these are furnished with books by the school board and study at home.

Length of all schools in weeks, 182. Average wages of teachers per month, \$24.37.

Roll of honor for perfect attendance during the year : Glenn C. Clement, J. Ralph Goodwin.

Puritana Cures.

PURITANA is the prize formula of Prof. Dixi Crosby, M. D., LL.D., who was for 32 years at the head of Dartmouth Medical College. The foundation of this remarkable remedy consists of simple New England roots and herbs used by the Puritans, but first perfected and put up in permanent form by Dr. Crosby.

Ninety-two per cent. of all sickness is caused by a wrong stomach. Puritana makes the heart right, the lungs right, the blood right, the kidneys right, the nerves right, the liver right, and the health right,

because it makes the stomach right.

Puritana cures after everything else has failed. It is nature's stomach medicine and common-sense cure for diseases caused by neglect, imprudence, exposure, overwork, over-indulgence, and climatic and atmospheric influences.

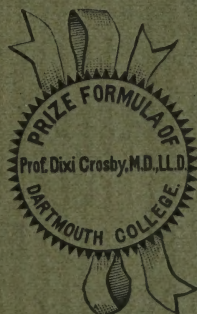

Puritana is indorsed by Ex-Gov. Busiel, Secretary of State Stearns, and all the highest officials in the State.

U. S. Marshal Clark Campbell, of the district of New Hampshire, suffered for a long time from disordered digestive organs, loss of appetite, and habitual distress after eating. He failed to receive the desired benefit from physicians' treatment, but he writes that relief came with almost the first dose of Puritana.

Chief of Police H. W. Longa, of Manchester, had indigestion, which caused shortness of breath, heart palpitation, and other serious symptoms. He writes that since he used Puritana all the old symptoms have disappeared, and he can indorse the statement that Puritana makes the health right because it makes the stomach right.

Strong indorsements have also been received from F. P. Kimball and John Eaton, of Manchester; Hon. John H. Oberly, W. A. Thompson, Samuel W. Emerson, of Concord; Rev. John E. Wildey, of New Boston; C. B. Downs, of Portsmouth; and hundreds of others in these and other cities and towns.

Get of your druggist this great disease-conquering discovery (the price is \$1 for the complete treatment, one bottle of Puritana, one bottle of Puritana Pills, and one bottle of Puritana Tablets, all in one package) and you will bless the day when you heard of Puritana. The Puritana Compound Co., Concord, N. H.
