FIRE WARDEN'S REPORT

The Fire Warden reports no fires, no expenses for the year.

JOHN B. McCANN

Fire Warden

HIGHWAY REPORT

The Highway is the old 10th Turnpike and has always been State maintained.

The Town of Hart's Location has just completed its second year of State Aid construction on the Willey House road, which brings the road to very nearly the two-thirds completion point. As usual, the E R U fund coming from the Federal Government was applied on the Sawyer River road and a new method of maintenance, putting on 8 inches of sand to work into the original surface, which is of the loam texture to dry up the mud which comes to this road in the spring. After this process of nature has worked, the road will have to be brought into shape with a road machine. This road is now maintained 12 months in the year with the help of the State Highway Department.

CHARLES H. MOREY, JR.

Road Agent

SCHOOL REPORT

No schools maintained; the school tax is raised from the Town at the rate of \$3.50 per thousand, on its total valuation, which amount goes into the State School Equalization Fund of the State School Department and the Department takes care of any needed education for this Town, due to the fact that the School District is un-organized.

Valuation is \$65,945.00 making the 1934 \$233.66.
