DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
CONCORD, NEW HAMPSHIRE

May 7, 1948

To His Honor The Mayor and The Board of Aldermen,
City of Nashua, New Hampshire

Gentlemen:

In accordance with your request an audit and examination of the accounts and records of the City of Nashua for the fiscal year ended December 31, 1947, has been made by this Division. Submitted herewith is our report consisting of various Exhibits, together with our comments and suggestions.

SCOPE OF AUDIT

The audit consisted of a complete verification of assets and liabilities recorded in Revenue Accounts, Non-Revenue Accounts, General Indebtedness and the Trust and Investment Funds. An adequate examination of supporting checks, vouchers, payrolls and departmental records was also made for the period under review.

BALANCE SHEET—REVENUE ACCOUNTS
(EXHIBIT A-1)

Cash on Hand and in Banks—$69,227.18

Cash on Hand in the office was verified by actual count and that in Bank by reconciliation with balances shown by bank statements obtained from the depositary. (Exhibit E-2)

Verification was also made of the Treasurer's Balance as of the date of audit, April 5, 1948. (Exhibit E-3)

Appropriation Overdrafts—$4,335.01

Overdrafts of appropriations in connection with the Edgewood and Woodlawn Cemeteries at December 31, 1947 were carried forward to 1948, as an asset account of the balance sheet, in conformity with a previously established practice. For the same reason, on the liabilities side of the balance sheet will be found an amount of $545.31 representing the unexpended balance of appropriation for Suburban Cemetery.
Uncollected Taxes—$104,487.55

In accordance with the established financial practice of the City, there is included in the above the uncollected taxes of the current year and of the four years immediately preceding. Offsetting these figures, under the Liabilities heading of the balance sheet, are the balances of Overlay for the five respective years. During the year, in accordance with past practice, the uncollected taxes of the fifth preceding year (1942) were charged off against the Overlay of that year, and the $8,948.50 remaining of 1942 Overlay was transferred to Surplus Revenue—Current—(Exhibit B-1).

We offer the following recommendations in instances of overpayments by taxpayers and for the proper recording of Added Taxes:

(1) All overpayments by Taxpayers should be refunded within the year of overpayment or be shown as a liability in the City's balance sheet as at the end of the year.

(2) Taxes added to the Warrant subsequent to commitment, should be immediately included in the City's accounts as Taxes Receivable, rather than present procedure of recording, whereby a journal entry is made charging Taxes Receivable account with the amount of collections as received on such Added Taxes, representing either payment in full, or installment payments.

Unredeemed Taxes—Tax Titles—$16,326.36

A total should be compiled of the unredeemed balances shown in the Tax Sale record and the amount by which such total differs from the balance shown by the Tax Title account in the general ledger should be the basis for an entry debiting or crediting the Reserve for Tax Titles and Tax Deed account, with a contra credit or debit to the Tax Title account.

Tax Title accounts with balances representing taxes prior to 1939, should be removed from the City's accounts by a charge to the Reserve for Tax Titles and Deeds account, as it is extremely doubtful that any attempt will be made to redeem such items.

Excess Credit Balances—Tax Deeds Account—$1,501.40

This credit balance is a result of crediting to the account, over a period of years, the total of net revenues received from Tax Deeds sold by the City. As at December 31, 1947, the total of such excess credits was $6,228.81. The adjusting entries, copies of which we have furnished the Treasurer to place on the books in 1948, necessary to correctly state the balance of the Tax Deed account, are as follows:

<table>
<thead>
<tr>
<th>Account</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tax Deeds</td>
<td>$1,501.40</td>
</tr>
<tr>
<td>Reserve for Tax Titles and Deeds</td>
<td>$1,501.40</td>
</tr>
</tbody>
</table>
Tax Deeds $4,727.41
Reserve for Tax Titles and Deeds $4,727.41

The result of these entries will be to create an asset account in the amount of $4,727.41, the total of balances of detailed Tax Deed cards as at December 31, 1947, against which will be carried in the Reserve account an amount of $6,228.81, representing accumulated excess of revenue received on Tax Deeds sold, over tax value of Deeds sold and any costs in connection with the sales.

General

We would recommend writing off the $16.00 balance in the Tax Duplications account and the Reserve for Outstanding Checks balance of $180.30. The $196.30 total of these two accounts at December 31, 1947 could be credited to Surplus Revenue Account.

Surplus Revenue—$8,275.10

The Surplus Revenue Account decreased during 1947 from $86,580.20 to $8,275.10. This was chiefly due to appropriations and transfers made from this account during the year as indicated in Exhibit B-2 titled "Analysis of Surplus Revenue—Prior Years." An analysis of the Current Year's Surplus Revenue account is shown in Exhibit B-1.

BALANCE SHEET—GENERAL INDEBTEDNESS
(Exhibit A-3)

Bonded Indebtedness—$823,000.00

The bonded indebtedness was reduced from $950,000.00 as at December 31, 1946 to $823,000.00 at December 31, 1947. This reduction of $127,000.00 was accomplished by making an appropriation of $45,000.00 from Surplus Revenue and raising $82,000.00 by general taxation.

GENERAL COMMENTS AND RECOMMENDATIONS

Departmental Receipts and Expenditures

Adequate records should be kept by all departments, classifying revenues received and all expenditures approved by the departments for payment by the Treasurer.

Our audit disclosed that the following departments either had no such record, or the records in use were not sufficiently classified as to source of revenue or nature of expenditure:

Police Department (Including Ambulance and Parking Meters)
Fire Department
Board of Health
City Library
Airport

In addition to recording all revenues of the departments, such revenues should be turned over to the Treasurer intact. If departments are permitted to make disbursements from departmental revenues, turning over to the Treasurer remaining balances of revenue, the result is that Departmental revenues are understated on the City's books and what is of greater import, the departmental expenditures are proportionately understated.

In connection with the records of the Board of Health, we ascertained that the policy of this department has been to use departmental receipts as a petty cash fund, disbursing therefrom certain expenses of the department. The result of this practice was to understate this department's receipts for fiscal year 1947, and the department's expenditures for that year, in the amount of $576.94. The receipts were further understated by the amount of $185.67 representing the balance as at December 31, 1947 of such Petty Cash not turned over to the Treasurer. It is recommended that, if required, a Petty Cash Fund be established for the Board of Health and all revenues be turned over to the Treasurer intact, and expenditures from such Petty Cash be periodically reimbursed by the Treasurer thereby properly charging the department for the amount of such expenditures.

The City Clerk should turn over to the Treasurer intact, all monies received on account of dog licenses and have all expenditures for Dog Damages payments to Dog Wardens, etc., made by Treasurer through regular Warrants.

The records of the Clerk of the Municipal Court were found to reflect a satisfactory classification of receipts and expenditures but it was noted such records had not been totalled for the last several months of 1947. While the Clerk did not remit net revenues from Fines and Forfeits for the months of March to December 1946 until March 1947, which are shown in Exhibit 1, remittances of such net revenues for the year 1947 were found to have been made more promptly, resulting in unremitted Fines and Forfeits due Treasurer at December 31, 1947 amounting to $1,354.24, as compared to $3,052.61 at December 31, 1946. It is recommended that the Clerk of the Municipal Court remit to the City Treasurer all funds which are due the City at the close of each fiscal year.

Conclusion:

The appreciation and thanks of the members of this Division is hereby expressed to the officials of the City of Nashua and their office
staffs for the assistance rendered during the course of the audit.

Yours very truly,

INAUGURAL ADDRESS
By Mayor Oswald S. Maynard

Nashua, N. H., January 1, 1948

Reverend Father, Members of the City Government, Ladies and Gentlemen:

I do not intend to burden you with a lengthy speech, but a short review of what we have done in the last two years and a preview of what we intend to do during the coming term, are in order.

First, I want to thank you from the bottom of my heart, for the wonderful compliment you have paid me by electing me, for a second term as your mayor, without opposition; and second, I want to thank you for your fine co-operation during my first term with the hope that I will have a similar help from you during the two years to come.

Now, as you remember, in my inaugural address of two years ago, I informed you that my policy would be to restore to the heads of departments their independence, their powers and their privileges. I have done so on all occasions whenever and wherever possible. In appreciation of that fact the heads of departments have responded with an one hundred percent loyalty to me, your mayor, and to the city which had elected them. There resulted from these actions a greater confidence amongst the city employees and consequently, a greater efficiency. We were able to better our recreation facilities, to partly eliminate the bottleneck in housing, to improve the disposal of garbage and rubbish and in general to give the citizens of Nashua better services. Also, with the help of our school authorities, we were able to place our teachers on a professional basis, both as to standing and earning capacity, thereby bringing, without a doubt, to the children of Nashua, better educational facilities.

It should not surprise you then if I repeat now that during my coming term I intend to continue to give the department heads a free hand as long as I feel that they are working to the end that our fair city may become a more pleasant and more peaceful place to live in. We have a lot of work cut out for us in the coming two years. We have improved the housing situation, but we have not completely solved that problem. With the help of God and by continuous work we hope to give Nashua enough homes so that all our families can live under healthy and normal conditions. Garbage disposal must be improved further and our sewer systems must be extended in such a way that all citizens will have the benefit thereof for a cleaner and healthier city. Our recreational and athletic facilities, though bettered in recent years must be improved further so as to guarantee decent pleasures and healthy enjoyment both for young and old. We must continue to tackle the traffic problems of the city and in connection therewith we must begin active work towards the elimination of the Main Street.
bottleneck. Other problems of great interest to the citizens of Nashua will also come before us and it is our intention to devote all our time to their solution.

Such is our program for the coming term and with the grace of God and your help I know that success will crown our efforts. In closing may I wish you all a Very Happy, Peaceful, and Prosperous New Year.
RESOLUTIONS AND ORDINANCES
PASSED BY THE
BOARD OF ALDERMEN
1947

RESOLUTIONS

RESOLUTION
WAGE AND SALARY READJUSTMENT TO MEET THE HIGH COST OF LIVING CITY OF NASHUA

IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED AND FORTY-SEVEN

RESOLVED, By the Board of Aldermen of the City of Nashua:

WHEREAS, an emergency exists in the City of Nashua, in that complaints have been registered by city employees relative to the inadequacy of wages and salaries under the present high cost of living; and

WHEREAS, the heads of the city departments, at a meeting held on December 29, 1946, recognized the justice of these complaints and unanimously recommended a high cost of living readjustment of wages and salaries for said city employees; and

WHEREAS, the Finance Committee of the City of Nashua, on the 2nd day of January, 1947, discussed this recommendation and passed upon it favorably; and

WHEREAS, on January 14, 1947, the Finance Committee, through its clerk, reported favorably to the full Board of Aldermen.

NOW THEREFORE, BE IT RESOLVED by the Mayor and the Aldermen of the City of Nashua, that each department be and is hereby authorized and empowered to include, in addition to its usual anticipated expenditures, an amount equal to TWO HUNDRED SIXTY DOL- LARS ($260.00), multiplied by the number of full-time employees on its payroll, including all full-time employees whose wages and salaries are regulated by city ordinances, and every individual department to make readjustment of the wages and salaries of its employees according to the rules and regulations heretofore operative in each individual department, to meet the high cost of living.
BE IT FURTHER RESOLVED, that school teachers of the City of Nashua are not to be included nor their wages or compensation as teachers, to be affected in any way, by the changes intended in the above resolution.

BE IT FURTHER RESOLVED, that said increases to meet the high cost of living, shall be temporary and not permanent, and shall be voted upon by the Board of Aldermen from year to year, and only for and during the period of this emergency, subject to any changes as to amount, according to the variation in the cost of living.

This resolution to take effect as of January 1, 1947.

RESOLUTION
MEMORIALIZING THE STATE LEGISLATURE NOT TO PASS
HOUSE BILL NO. 134
CITY OF NASHUA
IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED AND
FORTY-SEVEN
RESOLVED, By the Board of Aldermen of the City of Nashua:
WHEREAS, about 10,000 persons are employed in the City of Nashua under collective bargaining agreements voluntarily made by employers and employees through their duly selected representatives, and
WHEREAS, such agreements contain provisions that employees obtain and/or retain membership in the contracting union as a condition of continued employment, and

WHEREAS, these contract provisions have helped make the unions strong and well-disciplined leading them to constructive and responsible conduct which has contributed substantially to the industrial peace and prosperity of Nashua, and

WHEREAS, a bill has been introduced in the New Hampshire State Legislature by Rep. Philip S. Willey of Campton (HB No. 134) to illegalize the closed shop or any modification thereof and this bill if enacted would lead to the weakening of union strength and discipline and disturb the existing harmonious labor-Management relationship, now therefore

BE IT RESOLVED: that the Nashua Board of Aldermen does hereby memorialize the State Legislature not to pass House Bill No. 134 as it is clearly against the best interests of the employers and the employees as well as against the best interests of the towns, cities and state of New Hampshire.

RESOLUTION
REPORTS, QUARTERLY AND ANNUAL BY HEADS OF DEPARTMENTS
CITY OF NASHUA

IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED AND FORTY-SEVEN

RESOLVED, By the Board of Aldermen of the City of Nashua:

THAT WHEREAS, it is impossible for the Mayor and the Board
of Aldermen to properly determine the financial needs of the different
departments of the City from year to year without having followed
the financial transactions of said departments during the course of
preceding years, and

WHEREAS, the nature, amounts and reasons for said transactions
are particularly within the knowledge of the Heads of said depart-
ments. NOW THEREFORE BE IT RESOLVED

That the Heads of all departments of the City of Nashua make a
quarterly report in writing, on April First, June First and October
First, of each year, of all activities, financial transactions, stating the
amounts of said Transactions, the reasons therefor in goods or services,
and the purchase and purchase price of all capital or permanent equip-
ment, And

That the said Heads of all departments of the City make an annual
report of the nature described in the preceding paragraph and that
said report be made in writing within fifteen days of the close of
business as of December 31st, of each year. And

That an individual copy of said reports, both quarterly and annual,
be forwarded to the Mayor and to each and every Alderman on the
dates when they are due to be made as stated above.

RESOLUTION
"MEMORIALIZE THE PRESIDENT OF THE UNITED STATES TO VETO THE TAFT-HARTLEY BILL"
- CITY OF NASHUA

IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED AND FORTY-SEVEN

RESOLVED, By the Board of Aldermen of the City of Nashua:

WHEREAS, The President of the United States now has before him Legislation which will destroy the free trade unions of our nation and which will cause irreparable damage to our industrial democracy, and

WHEREAS, This restrictive and punitive Legislation will disrupt the economic balance which has been achieved between management and labor, and

WHEREAS, The trade unions of Nashua and the employers with whom they negotiate have proved throughout the years that the majority of all disputes can be successfully resolved through the ordinary processes of collective bargaining, and

WHEREAS, Experience has taught us that congressional fiat is not now and never will be a substitute for good faith and understanding at the collective bargaining table,

NOW, THEREFORE, BE IT RESOLVED, That the Nashua Board of Aldermen urges the President of the United States to veto the Taft-Hartley Bill, and then

BE IT FURTHER RESOLVED, That it also urges the Congressmen and Senators to sustain such a veto by the President of the United States.

AN ORDINANCE REQUIRING REPORTS FILED WITH THE POLICE DEPARTMENT AFTER ACCIDENTS INVOLVING DAMAGES IN EXCESS OF TWENTY-FIVE DOLLARS ($25.00) TO PROPERTY OR PERSONAL INJURIES

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua:
Section 1. IMMEDIATE REPORT OF ACCIDENT REQUIRED
The operator of every motor vehicle which is in any manner involved in an accident within this city, in which any person is killed or
injured, or in which damage to the property of any one person, including himself, in excess of Twenty-Five Dollars ($25.00) is sustained, shall give immediate notice, either verbal or written, by the quickest means of communication, to the police department.

Section 2. WRITTEN REPORT OF ACCIDENT
In addition, the driver of a vehicle involved in an accident resulting in injury to or death of any person, or total property damage to an apparent extent of Twenty-five Dollars ($25.00) or more, will within a reasonable length of time after the accident, make a written report to the police department.

Section 3. ACCIDENT REPORT FORMS
Every accident report required to be made in writing shall be made on the appropriate form approved by the police department of the City of Nashua and shall contain all of the information required therein unless not available.

Section 4. ACCIDENT REPORTS CONFIDENTIAL
Such written reports are for the confidential use of the police department, except that the department may disclose the identity of a person involved in an accident when such identity is not otherwise known, or when such person denies his presence at such accident.
In any civil or criminal trial arising out of an accident, the report made by a person involved shall not be used as evidence, except that anyone charged with failing to make a report may prove compliance with the statutory requirements.

Section 5. DEPARTMENT TO TABULATE AND ANALYZE ACCIDENT REPORTS
The police department shall tabulate and may analyze all accident reports and shall publish annually, or at more frequent intervals, statistical information based thereon as to the number and circumstances of traffic accidents.

Section 6. PENALTIES
Whoever fails to comply with the foregoing requirements, shall be fined not more than $25.00 or imprisoned not more than six months, or both.

AN ORDINANCE CREATING A PARK-RECREATION COMMISSION

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua:

(1) The Park-Recreation Commission for the City of Nashua, is hereby established.

(2) Upon the passage of this act, the Mayor shall nominate, subject to the approval and confirmation of the Board of Aldermen, nine citizens of Nashua as a Park-Recreation Commission. Three to serve for one year from April 1, 1947, three to serve for two years, and three to serve for three years from said date, and until their successors are appointed and qualified, and in the month of March 1948, and annually thereafter in the month of March, the Mayor shall nominate, subject to the approval and confirmation of the Board of Aldermen, three commissioners for a term of three years from the first day of April following, and until their successors are appointed and qualified, unless sooner removed. No member of the Park Recreation Commission shall be a member of the Board of Aldermen or any employee of any other city department. The members of said Park-Recreation Commission shall serve without compensation, except the Clerk, who shall receive ONE HUNDRED DOLLARS ($100.00) per year.

(3) The Park-Recreation Commission shall have full charge, control, management, and supervision over the maintenance and development of all city parks, commons, squares, the Holman Stadium, Swimming Pool, and all municipal playgrounds; shall conduct and promote play and recreational activities, equip and operate neighborhood center buildings, may operate public baths and swimming pools, and may employ such play leaders, playground instructors, supervisors, recreation director or superintendent, and other officials, as it deems best. They shall have the expenditure of all money appropriated from year to year by the Mayor and Board of Aldermen for the use of this department, and shall employ a competent person to act as superintendent and fix his compensation. Said superintendent is authorized to employ such persons as may be necessary to carry out the work delegated to him by said commission. Said commission is also authorized to appoint a director to take care of all city playgrounds and to provide for the employment of all necessary instructors and assistants. Said commission shall further have charge of the care and preservation of all trees in any city parks, commons, squares, or playgrounds. The Commission shall fix the compensation of all agents and other employees
and all bills for expenditures in this department shall be approved by
the chairman and the quorum of the Park-Recreation Commission.

(4) The Board shall organize annually in the month of March by
the choice of one of their members as chairman. They shall also elect
a Clerk. They may prescribe such rules and regulations governing the
improvement, care, and management of said parks, commons, squares,
Holman Stadium, swimming pools, and other lands within the jurisdic-
tion of said Commission, as the Board of Aldermen, heretofore or shall
hereafter, have the right to make under the laws of this State.

(5) Said Park-Recreation Commission is authorized to take and
hold any grant, donation, or bequest of property in trust, to apply the
same, or the income thereof, for the improvement or embellishment of
the parks, commons, squares, playgrounds, and other lands within the
jurisdiction of said commission, or for the erection, repair, preserva-
tion, or renewal of any monument, memorial, testimonial, or other
works, or for the planting and cultivation of trees, shrubs, or plants in
said parks, commons, squares, or playgrounds, and other lands within
the jurisdiction of said Commission, or for improving the said premises
in any other form or manner consistent with the purposes for which
said parks, commons, squares, playgrounds, and other lands within the
jurisdiction of said Commission were or may be established, according
to the terms of such grant, donation, or bequest; and any legacy, be-
quest, donation, grant, or deposit heretofore made to said city for a
like purpose, as well as all property or estate heretofore granted or
which may hereafter be granted for parks, commons, squares, play-
grounds or other park or recreational purposes, shall be placed under
full control, charge, or management of said Commission.

(6) And sums of money so received by said Commission shall be
invested by the City Treasurer of Nashua, under the direction of said
Commission, in any securities in which savings banks are authorized
by law to invest, unless other provision is made by the terms of any
such grant, donation, or bequest, and shall remain separate from and
independent of any other moneys or property belonging to said city and
free from all control of the Board of Aldermen; the income or earn-
ings of such funds shall be received by the City Treasurer, subject to
the orders of said Commission, who shall appropriate and expend the
same in such manner as they may deem best to promote and carry out
the purpose for which said grants, donations, and bequests are made.

(7) Any sum or sums of money realized from the sale of any ma-
terial found growing or being on said parks, commons, squares, or any
other land under the jurisdiction of said Commission, or money realized
from the sale, rental, or lease of any other property under the super-
vision and jurisdiction of said Commission, by the City Treasurer, as
well as all sums appropriated by the Board of Aldermen, to their use;
all which monies shall be used, paid, laid out, and expended by said
Commission in the construction, care, and maintenance of said parks, commons, squares, or any other land under its jurisdiction and the appurtenances thereto, and for no other purposes.

(8) Said Commission shall annually, in the month of December, make a detailed report in writing to the Mayor and the Board of Aldermen of its acts and proceedings, and of the condition of the parks and commons and other lands under its jurisdiction, and an account of the receipts and expenditures for the same in the funds subject to its order.

(9) Five members of said Board shall constitute a quorum for the transaction of any business.

This Ordinance shall take effect upon its passage.

AN ORDINANCE

CREATING A RETIREMENT SYSTEM FOR THE BOARD OF PUBLIC WORKS FOR THE CITY OF NASHUA

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua:

Pursuant to Chapter 292 of the 1943 New Hampshire Laws, the following Retirement System is hereby adopted for the employees of the Board of Public Works:

EMPLOYEES RETIREMENT SYSTEM OF THE BOARD OF PUBLIC WORKS OF THE CITY OF NASHUA

I. DEFINITIONS

The following words and phrases are used in this chapter unless a different meaning is plainly required by the context, shall have the following meaning:

(1) "Retirement System" shall mean the employee's retirement system of the Board of Public Works of the City of Nashua as set forth in section two hereof.

(2) "Board of Trustees" shall mean the board provided for in section ten hereof.

(3) "Employer" shall mean the department of the Board of Public Works of the City of Nashua.

(4) "Employee" shall mean any regular employee of the Board of Public Works, whether for salary or for wages. In all cases of doubt, the Board of Trustees shall determine whether any person is an employee as defined herein.
(5) "Member" shall mean any member included in the membership of the retirement system as provided in section three hereof.

(6) "Beneficiary" shall mean any person receiving a retirement allowance or other benefit as provided herein.

(7) "Service" shall mean service as an employee which is paid for by the employer.

(8) "Prior Service" shall mean service rendered prior to the date of establishment of the retirement system for which credit is allowable under section four hereof.

(9) "Creditable Service" shall mean prior service plus membership service.

(10) "Accumulated Contributions" shall mean the sum of the amounts deducted from the compensation of a member.

(11) "Retirement Allowance" shall mean the sum of employee contributions and city contributions.

(12) "Retirement" shall mean withdrawal from active service with a retirement allowance granted under the provisions hereof.

II. NAME AND DATE OF ESTABLISHMENT

The Retirement System hereby created shall be established as of August 1, 1947. It shall have the powers, privileges, and immunities of a corporation, and shall be known as the Board of Public Works Retirement System, and by such name, all of its business shall be transacted, all of its funds invested, and all of its cash, securities, and other property held in trust, for the purpose for which received.

III. MEMBERSHIP

(a) Any person who becomes an employee of the Board of Public Works, after the date of establishment, may become a member of the Retirement System.

(b) Any person who is an employee on the date of establishment may become a member as of that date, unless within sixty days thereafter, he files with the Board of Trustees on a Form prescribed by the Board, a notice of his election not to be included in the membership of the System, and a waiver of all present and prospective benefits, which he would otherwise have as a member. Any employee who so elects not to become a member by filing such a waiver, may thereafter apply for and be admitted to membership, but without credit for services rendered after the date of establishment and prior to the time he becomes a member, and without credit for service rendered prior to the date of establishment, unless he becomes a member within the first year following the date of establishment.

(c) The Board shall require from the Department of Public Works, such information relative to name, title, compensation, date of
birth, and length of service of each of its employees, as the Board may deem necessary.

(d) A member shall cease to be a member if:

1. He is absent from service for more than one year in any period of three consecutive years, unless his absence was or is due from an injury arising out of and in the course of his employment.

2. He withdraws his accumulated contributions.

3. He becomes a beneficiary.

(e) No benefit under the retirement system, other than a return of contributions as provided in section nine, shall become payable to or on account of any member, unless said member was in service as an employee at the time of becoming eligible for benefits hereunder.

IV. PRIOR SERVICE CREDIT

(a) With respect to service rendered prior to the date of establishment, each employee in service on the date of establishment who becomes a member within one year thereafter, shall file with the Board of Trustees on a form approved by the Board, a detailed statement of all service rendered by him prior to the date of establishment for which he claims credit. The Board shall fix and determine by appropriate rules and regulations, how much service in any year is equivalent to one year of service, nor shall more than one year of service be creditable for all service of one calendar year. Service rendered for the full, normal, working time in any year, shall be equivalent to one year's service, subject to the foregoing restrictions, and to such other rules and regulations as the Board may adopt. The Board shall verify, as soon as practicable after the filing of such statements, the service therein claimed. Upon verification of the statements of service, the Board shall certify to each member the length of service with which he is credited on the basis of his statement of service. Such finding shall be final and conclusive for retirement purposes as to such service. Provided that any member may, within one year from the date of such certification, request the Board to modify or correct said finding. When membership ceases, any prior service credit shall become void. Should the employee again become a member, he shall enter the Retirement System as a new member and not entitled to enter prior service credit.

(b) Anything herein to the contrary, notwithstanding any member who terminated his employment in order to enter directly into the Armed Forces of the United States, shall be entitled to prior service credit for his service rendered prior to the termination of his employment, together with time spent in the Armed Forces of the United States, provided he again becomes an employee within one year after the termination of such armed service, without intervening employ-
ment elsewhere, and elects to become a member of the Retirement System within one year after he again becomes an employee.

V. SERVICE RETIREMENT BENEFITS

(a) On or after August 1, 1947, any member in the employ of the Board of Public Works may retire on Service Retirement Allowance upon written application to the Board of Trustees, setting forth at what time he desires to be retired, provided the member, at the time specified for his retirement, has attained the age of sixty (60) years, or has had twenty-five (25) years continuous service for the Department of the Board of Public Works.

(b) Upon service retirement, the member shall receive a service retirement allowance which shall consist of

1. A sum not greater than one-half the average yearly salary or wage earned by the member during the period of his last full year of service.

2. If he has less than twenty-five (25) years of creditable service, but has reached the age of sixty (60) years, he shall receive such portion of one-half of the average yearly salary or wage earned by the member during the period of his last full year of service, as the number of years of creditable service bears to twenty-five (25) years.

VI. DISABILITY RETIREMENT BENEFITS

(a) Upon application of a member in service on or after August 1, 1947, any member who has ten (10) or more years of creditable service may be retired by the Board of Trustees on an ordinary Disability Retirement Allowance in not less than thirty (30) or more than ninety (90) days subsequent to the filing of such application; provided that he is found to be mentally or physically incapacitated for the further performance of duty, and that such incapacity is likely to be permanent; and provided further that any such member in service, on the date of establishment, may apply for an ordinary Disability Retirement Allowance, to commence not sooner than August 1, 1947, and notwithstanding that during such period of notification, he may have separated from the service. The fact of such disability or incapacity shall be established from time to time, as the Board may require by certificate of a physician designated by the Board. Upon ordinary disability retirement, the member shall receive a Service Retirement Allowance if he has attained the age of sixty (60) years, otherwise he shall receive an ordinary Disability Retirement Allowance, which shall consist of

1. If he has less than twenty-five (25) years of creditable service, but has not reached the age of sixty (60) years, he shall receive such portion of one-half the average yearly salary or wage earned by the member during the period of his last full year of service as the num-
2. While he is receiving Disability Retirement Benefits and the member becomes sixty (60) Years of age, he shall receive in place of the Disability Retirement Benefit, the amount he would have received upon a service retirement and this amount shall continue until his death.

3. Upon the application of a member in service, who has been totally and permanently incapacitated for duty as the natural and proximate result of an accident occurred while in the actual performance of duty, at some definite time and place without willful neglect on his part, such member may be retired by the Board of Trustees on a Service Retirement Allowance; provided that he is found to be mentally or physically incapacitated for the further performance of duty, and that such incapacity is likely to be permanent. The fact of such disability or incapacity shall be established from time to time, as the Board may require by certificate of a physician designated by the Board.

4. At least once each year following the retirement of a member on a Disability Retirement Allowance, The Board of Trustees may and upon application shall require any disability beneficiary who has not attained the age of sixty (60) years, to undergo a medical examination by a physician or physicians designated by the Board, such examination to be made at the place of residence of such beneficiary, or any other place mutually agreed upon. If any disability beneficiary who has not attained the age of sixty (60) years refuses to submit to such medical examination, his benefits hereof may be discontinued by the Board of Trustees until his withdrawal of such refusal, and if his withdrawal continues for more than one year (1) year, all his rights may be revoked by the Board.

5. If the Board of Trustees finds that any disability beneficiary is engaged in or is able to engage in a gainful occupation, no further benefits shall be paid to him under the provisions of this act; provided however that if the disability beneficiary reaches the age of sixty (60) years, he shall continue to receive his disability retirement benefits unconditionally for the remainder of his life.

6. At no time shall a beneficiary under this act be employed in any city department for compensation.

VII. RESTORATION TO SERVICE

If a disabled beneficiary is restored to service, his Retirement Allowance shall cease. The beneficiary shall again become a member of the Retirement System, and he shall contribute thereafter at the same rate he paid prior to his retirement. Anything herein to the contrary notwithstanding, any credit for membership service and any prior serv-
ice on the basis of which is creditable service, was computed at the
time of his former retirement, shall be restored to full force and ef-
fect; but if he is restored to membership after the attainment of age
fifty-five (55), upon subsequent retirement he shall receive a retire-
ment allowance based on his service as a member since his last restor-
ation to membership, plus a Retirement Allowance equal to the Re-
tirement Allowance on which he was retired at the time of his last
retirement.

VIII. ACCIDENTAL DEATH BENEFITS

(a) If, upon the receipt by the Board of Trustees of proper
proofs of death of a member in service indicating that such death was
the natural and proximate result of an accident occurring while in the
performance of duty at some definite time and place, and the Board
decides that death was the result of an accident in the performance of
duty, and not caused by willful negligence on the part of the member,
his widow shall receive during her widowhood, a sum not greater than
one-half the average yearly salary or wage earned by the member
during the period of his last full year of employment. If there is no
widow or if the widow dies or remarries before the youngest child of
the deceased member has attained age eighteen (18), then to his child
or children under said age, divided in such manner as the Board, in its
discretion, shall determine, to continue as joint and survivorship bene-
fits for the benefit of such child or children under said age until every
child dies or attains said age; or if there is no widow or child under
age eighteen (18) living at the death of the member, then to his de-
pendent Father or dependent Mother, as the Board shall determine, to
continue for life; and provided further that if none of the aforemen-
tioned beneficiaries are living at the death of the member, no benefit
shall be payable under the provisions of this section.

(b) Any amounts which may be paid or payable under the pro-
visions of any Workmen's Compensation or a similar law or plan on
account of the death of any member, shall in such manner as the
Board of Trustees shall determine, be offset against any payable in lieu
of any benefits payable under the provisions hereof on account of the
same death.

IX. RETURN OF MEMBERS CONTRIBUTIONS

If a member ceases to be an employee, the amount of his accumu-
lated contributions shall be paid to him within two months after writ-
ten request therefor. If a member ceases to be a member because of
absence from service for more than one year in any period of three
consecutive years, unless his absence was or is due from an injury
arising out of and in the course of his employment, his accumulated
contributions shall be paid to him within two months after the Board
of Trustees is notified to that effect. If a member dies, the amount of his accumulated contributions shall be paid to the person, if any nominated by him by a written designation filed with the Board, if such persons survive him, otherwise to the member's estate.

X. ADMINISTRATION

(a) The administration of this system shall be and is hereby vested in a Board of three trustees, one representing the commissioners of the Board of Public Works, another representing the employees of the Board of Public Works, and a third representing the Board of Aldermen, who is a member of the Finance Committee. The trustees shall be chosen in the following manner: The employee representative shall be chosen from one of its members of the Retirement System at a meeting duly called by the Board of Public Works expressly for the purpose of selecting a trustee. The trustee representing the commissioners of the Board of Public Works shall be selected from one of its members at a meeting duly called for this purpose. The trustee representing the Board of Aldermen shall be nominated by the President of the Board of Aldermen and confirmed by the Board of Aldermen. The trustees shall be appointed for a term of three years and until their successors are appointed and qualified, provided however, that for the first appointments, the trustee representing the employees shall be appointed for the term of one year. The trustee representing the Board of Aldermen shall be appointed for a term of two years, and the trustee representing the Commissions of the Board of Public Works shall be appointed for a term of three years respectively, and their successors thereafter to be appointed for a period of three years.

(b) The Board of Trustees shall establish such rules and regulations as it deems necessary for the proper administration of this chapter.

(c) The trustees shall serve in an honorary capacity, and shall receive no compensation for their service unless to recompense them for any expenditures they may incur in connection with their duties.

(d) Each trustee shall be entitled to one vote in the Board of Trustees. Two trustees shall constitute a quorum in the transaction of any business. Two votes shall be necessary for any resolution or action by the Board of Trustees at any meeting.

(e) The clerical work in connection with this chapter shall be executed by some person or persons designated by the Commissioners of the Board of Public Works.

(f) The Board of Trustees shall keep a record of all its proceedings. It shall annually make a report to the Board of Aldermen showing the fiscal transactions of the Retirement System for the preceding fiscal year, the amount of accumulated cash and securities of the sys-
and the last balance sheet showing the balance of the financial condition of the system.

(g) Immediately after the establishment of the Retirement System and from time to time as may be necessary by reason of changed conditions, the Board of Trustees shall certify the rates of contributions payable under the provisions hereof, and in no event to exceed more than 3 per cent of the base salary or wage of the employee.

(h) All retirement allowances shall be payable in equal weekly installments which shall cease with the last weekly payment prior to the death.

XI. EXEMPTION FROM ATTACHMENT AND EXECUTION

The employees retirement benefits under the provisions of this act shall be exempted from any executions, trustee process, attachments, or any other processes whatsoever, legal or equitable, as specifically provided herein.

XII. METHOD OF FINANCING FUND

The Board of Trustees shall certify to the employer, and the employer shall cause to be deducted from the base wage or salary of the employee on each and every payroll, an amount not to exceed 3 per cent of the base wage or salary of the employee as appears on the payroll of the employer. The employer shall certify to the Board of Trustees on each and every payroll, or in such manner as the Board may prescribe, the amounts deducted. The amount, when deducted, shall be paid to the Retirement System. The City Treasurer shall draw from the City Pension Fund an amount equal to the amount deducted from the base wage or salary of the employee on each and every payroll. The amount, when deducted, shall be paid to the Retirement System. The contribution from the City of Nashua shall correspond with the payroll deductions of the employees who are members of the Retirement System, and the City Treasurer shall be custodian of all funds of the Retirement System. The deductions provided herein shall be made notwithstanding the amount of wage or salary earned by the employee during any one week. Every member shall be deemed to consent and agree to the deduction herein provided as a condition of his membership. A member of the Retirement System, who has been a member for twenty-five (25) years, shall be exempt from further contributions without affecting his future benefits.

XIII. PROTECTION AGAINST FRAUD

Any person who knowingly makes false statements or shall falsify, or permit to be falsified, any record or records of this Retirement System, in any attempt to defraud the system as a result of such act, shall, if in the discretion of the Trustees, lose all his rights herein,
XIV. SEPARABILITY CLAUSE

If any provisions of this chapter, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions of applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

Annual Report of the Board of Fire Commissioners
FOR THE
FINANCIAL YEAR OF 1947
CITY OF NASHUA
NEW HAMPSHIRE

To the Honorable Mayor and Board of Aldermen:

Gentlemen:
The Board of Fire Commissioners herewith submits its Annual Report for the year of 1947.
The Board met on January 1st 1947 and organized by electing S. St. Laurent, Chairman; V. Cote, Purchasing Agent; E. A. Whitney, Clerk.

FIRE PREVENTION BUREAU
Fire Prevention Week October 5th through 12th was observed in the usual manner by bringing the attention of the Public to the seriousness of fires. The inspections of Private Dwellings was continued from the past year and a great deal more of these inspections were carried out. There were a great number of dwellings found that had taken the lesson from the previous year and fewer hazards were reported by the Inspectors. From this we learn that the Public has benefited by having the Inspectors call these hazards to their attention. Inspections of Mercantile establishments were continued and a larger number of them were made during the year.

FIRE APPARATUS
During the year a new 1000 gallon Mack Pumper was delivered also a 750 gallon Mack Pumper. These two pieces of apparatus replaced two 1918 pieces which were antiquated and for which we were unable to get vital repair parts.

FIRE ALARM SYSTEM
A new transmitter was purchased to send out alarms from the Central Station. This was a greatly needed piece of equipment since all alarms could not be sent out with the old transmitter.
The two-way radio and the PBX telephone switchboard were completely installed during the year and have proven to be indispensible to the Department. Both are operating very satisfactorily.
NEW EQUIPMENT

Many pieces of small equipment which were badly needed, such as more fog nozzles, gas masks of various types were purchased.

TRAINING PROGRAM

The training program which was installed during the previous year was continued successfully and the members of the Department were instructed in the proper use of all equipment in the Department and the care of same. They also received instructions in all the latest methods of fire fighting and how to control fires.

In conclusion we thank the Mayor and Board of Aldermen, the Board of Public Works, the Police Commissioners and the members of the Police Department, the many workers of the Red Cross, the Employees of the Telephone Company, the Public Service and Gas Companies, the Captains of the Salvation Army and their band of loyal Workers and all Citizens of Nashua who have taken an interest in and cooperated with our Department. Such cooperative help has been invaluable to us.

We commend the Officers and Members of the Fire Department for the efficient and enthusiastic manner in which they have performed their duties and carried out their responsibilities and work during the year.

Respectfully submitted,

S. ST. LAURENT
V. COTE
E. A. WHITNEY

WIDENING STREETS

Norton Street was widened between Shattuck and Laton Streets.
Dearborn Street was widened between Tyler and John Streets.
Pearson Avenue was widened by removing sidewalk on north side opposite parking lot of the Nashua Telegraph.

ROUNDING CORNERS

Corner Dearborn and Tyler Streets—Corner Fletcher and Green Streets—Corner E. Hollis and Chase Streets—Corner Chandler and Canal Streets—Corner Harbor Avenue and Bowers Street.

CLASS V ROADS

The following roads were widened—graveled—graded—tarred:
Birchbrow Road 615 feet — 26 feet wide
Thompson Road 595 feet — 22 feet wide
Harrisonia Avenue 300 feet — 24 feet wide

The following road was graded—drained—graveled:
Gosselin Road (Mathew Thornton Road) 1,850 feet — 20 feet wide

TARRING STREETS

35,477 gallons of asphalt and 98,648 gallons of tar were used in surface treating 105 streets.

PATCHING STREETS

170 tons of cold patch and 657 tons of asphalt premix were used in patching streets.

SIDEWALKS

A sidewalk was constructed opposite the new Coronis building at 222-226 Main Street and also on the east side of the Main Street Bridge over Salmon Brook. We also replaced several sections of walk leading to B. & M. Railroad bridge walk (off Canal Street).

EDGESTONES

Edgestones were set or reset as requested by property owners desiring to build new sidewalks.

BRIDGES

Main Street Bridge over Salmon Brook rebuilt a portion of retaining wall and concrete sidewalk.
Boston & Maine Railroad Bridge over Nashua River—City paid half of cost of replacing timbers and walk connecting Temple and Canal Streets.
Chestnut Street—Foot Bridge at Swimming Pool repaired and replace worn timbers. Lund Road—Bridge over Salmon Brook repaired guard rail.
**TREES AND BRUSH**

Trees in streets which had become a hazard were removed—Cutting brush on rural highways was carried out with our tractor and mower wherever possible—Large growth must be cut by hand.

**STREET CLEANING**

We used our 1931 Elgin and 1945 Gutter Snipe Power Sweepers in cleaning streets—2 workers in addition to Power Sweepers patrolled business district—all hard surfaced streets are cleaned in spring—Business district is cleaned every other day—Main thoroughfares are cleaned weekly—We expect delivery of a new Elgin Power Sweeper in 1948—This should improve our service and eliminate much hand cleaning.

**SNOW REMOVAL**

We had nine major storms of three inches or over and seventy-two and a half inches of snow (1946-1947 season). All city streets including rural roads were plowed. Snow was removed with power loaders from business district and congested streets and as many other places as possible. We purchased lot of land on north bank of Nashua River off Canal Street for a snow dump, this should greatly facilitate the disposal of snow.

**RUBBISH**

All refuse, excepting garbage (collected by Health Department) is collected once a week. Disposal is through open dumps which are under the care of Health Department. We use four Gar Wood Load Packers and open trucks when necessary. Cleanup week is held the last two weeks of April when all restrictions are removed.

SEWER MAINTENANCE

Cleaning of Catch Basins which is so vital for efficient operation of our sewer system was done by hand. This process is slow and not very sanitary as piles of refuse are deposited next to basin until collected. We expect delivery of an Elgin Eductor in 1948. With this equipment we should be able to clean up every basin at least once a year and greatly improve our service.

EQUIPMENT

We purchased the following equipment during the year:
1—SnoGo—Rotary plow and snow loader
2—Heavy Dump Trucks
1—Passenger Unit
6—Snow plows (2 new units and 4 replacements)

Cost of equipment rental for 1947 amounted to $4,645.51. This was mostly for dump trucks used in snow removal. The new SnoGo can keep from 15 to 25 trucks going depending on size of storm and distance from dumps.

TRAFFIC CONTROL

123 Parking Meters were installed on East and West Pearl Streets—Temple and Main Streets.
Parking regulation signs were installed on Main, West Pearl, Water, High, Washington, Canal, Spruce Streets and various other locations.

28 stop signs were replaced on Main, East and West Hollis, Concord, Manchester Streets, etc.

The above mentioned signs were all made in our Sign Department and installed by our workers. In addition street name signs were made for all newly laid out streets and to replace broken signs.

New parking lots were laid out on corner High and School Streets, corner Elm and Cedar Streets.

The following parking lots were tarred:
Corner East Pearl and Spring Streets
Corner Water and Washington Streets
B. & M. Railroad Lot between Main and Spring Streets

MISCELLANEOUS

We were also called upon for assistance on the following projects:
Cleaning refuse in street at Park Theatre Fire
Moving fill for Artillery Pond
Setting up and maintenance of Band Stand
Setting up fences, etc. for freedom train
Setting up and maintenance of voting equipment
Repairs to Community Building on Arlington Street
Cement work for Woodlawn Cemetery
Grading for baseball fields for Park Recreation Department and many other services.

Report of the Board of Examination of Plumbers

Nashua, N. H., December 31, 1947

To His Honor the Mayor and Board of Aldermen, City of Nashua, New Hampshire:

Gentlemen:

The Board for the Examination of Plumbers respectfully submits its annual report for the fiscal year ending December 31, 1947.

The membership of the Board consisted of Master Plumber, John P. Nash; Journeyman Plumber, Eugene L. Carrier, Chairman both of whom are plumbers with many years of practical experience; A. E. Maynard, City Engineer, as Secretary; and Austin Hogan, City Engineering Department as Plumbing Inspector.

Regular meetings were held the first Monday of every month. Six examinations to pass upon the fitness of applicants for plumbing licenses were held. Two candidates were successful in passing examinations for plumbing licenses.

There were thirty-three Master Plumber Licenses and forty-five Journeymen Plumbers Licenses issued during the year.

The total number of inspections for the year was 599 and 385 buildings, an increase of 92% inspection over the previous year.

Six Plumbing Law Violations were investigated and one case was taken to court.

The licensed plumbers have cooperated with the Board in securing safe and proper plumbing installations during the past year. The violations occurred mostly where plumbing was done by unlicensed persons not familiar with regulations and methods of performing the work. In the interest of public health for the protection of the people, the plumbing rules and regulations must be strictly enforced.

Report of the City Solicitor

August 9, 1948

To His Honor the Mayor and Board of Aldermen, City of Nashua, New Hampshire:

Gentlemen:

During the year of 1947, I performed to the best of my ability all the duties requisite to my office as City Solicitor. I was called on for advice by various members of the City Government and heads of departments. I was called upon for written opinions, drafting resolutions, ordinances, contracts, deeds covering tax-acquired property and other legal instruments.

Criminal cases were prosecuted by me in the Municipal Court. I also appeared for the City in several civil actions in the Superior Court.

Very truly yours,

LEONARD G. VELISHKA, City Solicitor
Report of the Sealer of Weights and Measures

To The Honorable Mayor and the Board of Aldermen:

Gentlemen:

I hereby submit to you, gentlemen, a summary of my inspections as your sealer of weights and measures for the year 1947.

Again this year, I would like to mention that I have had very fine cooperation from the Commissioner of the Department of Weights and Measures, Mr. John J. Hanson, whenever I have needed information or help, pertaining to this Department.

Report of Park-Recreation Commission

To the Park-Recreation Commission:

Gentlemen:

Early in 1947 the old five-man Park-Recreation Commission was abolished and a new Commission, consisting of nine members, was created by Mayor Oswald Maynard and the Board of Aldermen.

One of the first important acts of the new group was to remove the central heating plant at the Holman Stadium and install unit space heaters and hot water heaters in the two dressing rooms. This change was to give greater efficiency, as too much heat was lost in forcing steam and hot water from the central boiler room to the dressing room in the extreme ends of the building. The total cost of this remodeling was $3,591.04.

Another much needed improvement was the filling of the Artillery Pond basin with gravel, thus eliminating a very unsightly and unsanitary condition. This was accomplished through the cooperation of the Public Works Department, which provided trucks, and the Health Department, which provided a bulldozer.

A July 4th celebration was staged at the Holman Stadium, and included a band concert, ward league baseball game, fireworks at night and dancing on the tennis courts. All events were free to the public, and the cost, amounting to slightly over $1,300.00, was covered by a special appropriation by the Board of Aldermen.

The ward baseball league was enlarged to include a senior as well as a junior league.

Several new backstops were erected on the different playing fields as well as a new diamond at the Fairgrounds.

The Nashua Dodgers occupied Holman Stadium during the baseball season. The Stadium was also used by the Nashua High School for baseball and football home games.

Included under new equipment was an International dump truck and a sweeper attachment for our tractor, used in cleaning the skating rinks.

Playgrounds, swimming pool and skating rinks were operated as usual, and all other routine maintenance work was kept up.

Without employing any additional help, a 25' x 30' two-story addition was added to our existing frame storage building. All lumber used was cut from our own forests so that the cost was only for hardware, roofing, paint and milling the lumber. While this addition relieved the congestion in our storage facilities we are still cramped for space, and should eventually have a fireproof heated garage for all our motor equipment. We now have three dump trucks, two pickups, a power sprayer, a tractor and several power lawn mowers, garden tractors, etc.
Three cement wading pools were constructed on the Atherton Avenue playground, Sullivan Park and South Common at a cost of $7,856.78.

Expenses in connection with the ward league were $3,869.43 for uniforms, equipment, etc. and included $544.50 for a banquet. The cost of the Wading Pools was considerably higher than the estimated price, causing us to exceed our Budget for the year.
