Post Office Address Sanbornton, N.H. 03269

**Annual Report of the**  
**Town of Sanbornton**  
**New Hampshire**

**For the year Ending December 31, 1980**

## DEDICATION

To a good neighbor and loyal citizen,  
this annual report of 1980 is dedicated;  
he will be long remembered and greatly missed.

**PAUL ABBOTT**  
1912-1980

Paul Abbott was born on the family farm on Sanborn Road on June 12, 1912, the second of four brothers. At a very tender age he took music lessons from Charles Moulton, founder of Sanbornton Moulton's Band, so that he might play the trumpet alongside his father Burt. Upon graduating from Tilton School, he attended the University of New Hampshire, then returned to help his father in conducting a retail milk business. In 1938 he married Anne Piecuch and took over the management of the farm which included a prize herd of Guernseys.

Paul was active in many community affairs to which he devoted much of his time and energy. As a fifty-year member of Harmony Grange he held many offices, including that of Lecturer and Master. When the Sanbornton Fire Department was organized he became a Charter Member. He was a Farm Bureau member, and was serving as a Director of the Belknap County Farm Bureau at the time of his death. Throughout his farming life he was ever mindful of the need for conservation and he conducted his work with proper land and water management. Paul received the Century Farm Award in 1954 in recognition of having operated a farm run by members of the same family for well over a hundred years.

Paul was happy that both sons, Roger and Tom, after graduating from college and completing their military service, returned to the family farm to carry on the work begun several generations back. His three grandchildren are the seventh generation on the farm.

In 1959, Paul prepared for a teaching career which included positions in Arizona, Belmont and Canterbury, as teacher and then as principal. In 1974 he retired from teaching to help the boys with farming which, by that time, involved market gardening. He died November 3, 1980, as the result of a fall while helping construct a new barn on the farm.

## TOWN WARRANT 1981

### The State of New Hampshire

To the Inhabitants of the Town of Sanbornton in the County of Belknap in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Sanbornton on Tuesday, the tenth day of March, next at ten of the clock in the forenoon to act upon the following subjects:

1. To choose all the necessary Town Officers for the year ensuing.
2. To choose all necessary district officers for the Winnisquam Regional School District.

You are hereby notified to meet at the Town Hall in said Sanbornton on Wednesday, the eleventh day of March next at seven-thirty in the evening, to act on the following subjects:

1. To raise such sums of money as may be necessary to defray Town charges for the ensuing year, to appropriate the same, and to see what action the Town will take on the Budget of \$425,309.59 as recommended by the Budget Committee.
2. To see if the Town will authorize the Selectmen to hire such sums of money as may be necessary to defray Town charges in anticipation of taxes; to administer or dispose of any real estate, at public auction, acquired through Tax Collector's deeds; and to apply for and accept grants and funds which may be available to the Town from private sources and from other governmental agencies.
3. To see if the Town will vote to raise and appropriate the sum of One Hundred and Fifty-One Thousand, Nine Hundred Dollars (\$151,900.00) to purchase the land and buildings of Gertrude Carrier situate on Meeting House Hill Road, Route 3B, and Pound Road in Sanbornton, and to renovate said buildings for use as offices for the Town Clerk, Tax Collector, Selectmen, Police Department, and meeting rooms; to install a septic system adequate to these purposes; the whole sum to be financed by the issuance of a twenty (20) year bond or promissory note upon such terms as the Selectmen may negotiate. (Recom-

mended by the Board of Selectmen; Not recommended by the Budget Committee.)

4. To see if the Town will vote to raise and appropriate the sum of Ninety-Eight Thousand, Five Hundred Dollars (\$98,500.00) to purchase the land and buildings of Gertrude Currier situate on Meeting House Hill Road, Route 3B, and Pound Road in Sanbornton for Town use. (By Petition; Recommended by the Board of Selectmen; Not recommended by the Budget Committee.)

5. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) to purchase a portion of the land of Gertrude Currier situate on Meeting House Hill Road, Route 3B, and Pound Road in Sanbornton abutting land presently owned by the Town, said parcel to include Four and Two-Tenths Acres (4.2 acres) for Town use including future building construction, septic system installation, and water supply; and to see also if the Town will authorize the Selectmen to apply for, accept, and expend Federal Funds from the Land and Water Conservation Funds, administered by a division of the New Hampshire Department of Resources and Economic Development, for that portion of the parcel not reserved for conservation purposes and recreational use; and to reduce the cost to the Town of the aforesaid purchase by the amount of such funds as are received. (Recommended by the Board of Selectmen; Not recommended by the Budget Committee.)

6. To see if the Town will vote to raise and appropriate the sum of \$1,700.00 for the use of the Sanbornton Historic District Commission, \$200.00 for its regular duties to be raised by the Town, the remaining \$1,500.00 for the purpose of obtaining an architectural survey and preservation plan for the Currier building; \$750.00 of which sum is to be raised by the Town, and \$750.00 in matching funds from the New Hampshire State Historic Preservation Office. (Recommended by the Selectmen; Not recommended by the Budget Committee.)

7. To see if the Town will vote to raise and appropriate the sum of \$46,020.70 for the Sanbornton Police Department.

8. To see if the Town will vote to raise and appropriate the sum of \$11,496.00 for the Sanbornton Fire Department.

9. To see if the Town will vote to raise and appropriate the sum of \$7,800.00 for a Highway Department road sander.

10. To see if the Town will vote to raise and appropriate the sum of \$6,149.59 for the Youth Assistance Program, this appropriation to be contingent upon continued participation in, and support of, that program by the Towns of Tilton and Northfield.

11. To see if the Town will vote to raise and appropriate the sum of \$4,591.51 for regional social services as follows: Belknap-Merrimack County Community Action Program, \$436.11; Lakes Region Community Health Agency, Inc., \$3,830.40; Lakes Region Family Services, \$325.00.

12. To see if the Town will vote to raise and appropriate the sum of \$113,047.00 for the maintenance of highways and bridges, this sum to include \$16,533.00 of State Highway Subsidy Funds.

13. To see if the Town will vote to raise and appropriate the sum of \$12,620.60 in Additional Highway Subsidy Funds in accordance with RSA 214:15 for Class IV and V Roads, and reappropriate the balance of such funds remaining from 1980 for use in 1981.

14. To see if the Town will vote to raise and appropriate the sum of \$1,446.61 for Town Road Aid, the State's share will be \$9,644.09.

15. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to the funds already appropriated for State Aid for Reconstruction projects, which funds are matched by State SAR funds on a basis of two State dollars for each Town dollar.

16. To see if the Town will vote to raise and appropriate the sum of \$11,500.00 for improvements to Johnson Barn Road. (By request; Not recommended by the Budget Committee.)

17. To see if the Town will vote to raise and appropriate the sum of \$11,758.22 and make the same available to the Library Trustees, \$1,000.00 of which is to be added to the Capital

Reserve Fund previously established by the Town for tower reconstruction. (See Article 15, 1980.)

18. To see if the Town will vote to raise and appropriate the sum of \$4,285.36 for the Winnepesaukee River Basin (Sewer) Program, which full amount shall be for the reimbursement of the Town's share of the capital costs of construction and no part of which shall be for reimbursement of administrative costs for the ensuing year.

19. To see if the Town will vote to authorize the Board of Selectmen to be designated agents of the Winnisquam Fire Department Fire Truck Capital Reserve Fund pursuant to RSA 35:15; to see if the Town will authorize the Board of Selectmen to contract the Winnisquam Fire Department to provide fire protection in Sanbornton; to see if the Town will vote to raise and appropriate the sum of \$28,425.00 for the purchase of fire and emergency services from the Winnisquam Fire Department, \$10,000.00 of which sum was previously raised and appropriated by the Town and is available for disbursement for this purpose. (Article 18, 1978 and Article 30, 1979.)

20. To see if the Town will vote to raise and appropriate the sum of \$7,878.00 for the purchase of a new Police Department cruiser, and to transfer the old cruiser to the Fire Department.

21. To see if the Town will vote to raise and appropriate the sum of \$1,525.00 for the purchase of radar equipment for the Police Department.

22. To see if the Town will vote to raise and appropriate the sum of \$15,000.00 to be placed in the Capital Reserve Fund established by previous vote of the Town for the purpose of defraying the costs of a complete revaluation of the Town; and to authorize the Selectmen to engage the Appraisal Division of the Department of Revenue Administration, or a qualified private appraiser, to conduct that revaluation in 1982 or thereafter. (See Article 23, 1980.)

23. To see if the Town will vote to appropriate and authorize the withdrawal from Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972, a total of \$20,000.00 to be used as offsets against appropriations in Articles 15 and 22 of this Warrant as follows:

---

State Aid for Reconstruction . . . . .	\$ 5,000.00	( Article 15)
Town Revaluation Fund . . . . .	\$15,000.00	( Article 22)
Total . . . . .	\$20,000.00	

24. To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to Support the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town, or other governmental unit of the state to five percent. (By petition.)

25. To transact such other business as may legally come before this meeting.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and eighty-one.

Wayne D. Smart  
Richard E. Howe  
Ralph W. Sleeper

## SELECTMEN'S REPORT

1980

A number of major improvements in the operations of the Selectmen's Office were accomplished during 1980. Among them, the new bookkeeping and accounting procedure which enables the Selectmen to keep accurate and up-to-date track of both town expenditures and revenues has proven to be most helpful, and will result in greatly decreased expenditure of time during the annual audit.

All property cards have been revised in accordance with the Tax Map data, and all required adjustments were reflected in the 1980 tax bills. The Selectmen's Secretary deserves credit for a major portion of these two accomplishments. Improvements in the record-keeping of the Tax Collector-Town Clerk's department also deserves credit for the excellent rating received from the Auditors in 1980 and which is recorded elsewhere in the Report.

Completion of improvements to Tower Hill Road and Hunkins Pond Road, the intersection of Lower Bay Road and Bay Road, and a start on the Lower Bay Road improvements project should be noted. The latter project has been delayed owing to the necessity for resort to the eminent domain process for acquisition of a slope easement on the Dodge property.

The Selectmen were pleased to receive notice from the U. S. Department of the Interior that the Sanbornton Historic District has been placed on the National Register of Historic Places. The District Commission should receive commendation for this very important achievement.

The slippage in the property tax equalization ratio continues, dropping from 31% to 24% for the coming tax year. The Selectmen again urge that revaluation be supported at Town Meeting. Inequities are such that we can expect to be ordered to revalue by the State if we do not undertake this action ourselves.

The Selectmen have worked closely throughout the year with the Building Study Committee and unanimously support the recommendation of that committee for purchase of the Currier property. After careful examination of all alternatives, consultation with engineers, building contractors and real estate experts, the Selectmen agree with the committee that this purchase will provide adequate space for town needs for a minimum of twenty years at minimum cost to the taxpayers.

In August, the Board accepted with sincere regrets the resignation of Police Chief Louis R. Nielsen who was forced to

retire due to a severe heart condition. Chief Nielsen's decade of service to the town, during which the population more than doubled, will be remembered as a period of continuous progress in professional law enforcement. The Department which Chief Nielsen developed is one in which the Town can take confidence and pride. The Board has appointed John J. Maurath to succeed Chief Nielsen. Chief Maurath is fully qualified by both State of New Hampshire standards for municipal Police Chiefs and by his long experience in the Sanbornton Department. The Board is confident that the administration of the Sanbornton Police Department will continue to be in good hands.

**TO: Property Owners and Residents of the Town of Sanbornton**

**FROM: Board of Selectmen—Ralph Sleeper, Wayne Smart,  
Richard E. Howe**

**PLEASE TAKE NOTICE OF THESE IMPORTANT ITEMS:**

1. Your Inventory of Taxable Property Must be filed by April 15, with a penalty for late filing. Note especially Item #4.

2. Please give your bank your Sanbornton residential address, as well as your mailing address. The town receives Bank Taxes from the State only on accounts listed in the name of Sanbornton residents. Why let other towns get these funds?

3. Please ask the Town Clerk for Privilege Stickers which will be free of charge to all Residents or Landowners of the Town of Sanbornton. The Town Clerk will need your plate number.

4. You should register all dogs with the Town Clerk by May 1. When registering your dogs you should bring in the rabies tag papers.

5. When doing business at the Town Office it would be appreciated if you would pay by check. Separate checks should be written when doing business with either Town Clerk or Tax Collector.

6. Selectmen meet every Monday night at 7:30 except for Holidays. Town Office open for business—Tuesday through Friday from 8:00 to 3:00. First and third Fridays from 7:00 P. M. to 8:00 P. M.

7. Those persons qualifying for Veteran's Exemptions, Elderly Exemptions, or Current Use Evaluation must apply to the Selectmen before April 15.

8. Appeals from Tax Assessments must be made within four months of the receipt of the tax bill.

9. Limited scholarship funds are available on application to the Selectmen. Application forms are available from school principals and at the Town Office, and must be filed with the Selectmen by May 1.

**TOWN WARRANT 1980**  
**The State of New Hampshire**

**The polls will be open from 10:00 A. M. until 6:00 P. M.**

To the Inhabitants of the Town of Sanbornton in the County of Belknap in said State, qualified to vote in Town Affairs:  
You are hereby notified to meet at the Town Hall in said Sanbornton on Tuesday, the eleventh day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To choose all necessary district officers for the Winnisquam Regional School District.

3. To vote on the following proposition as requested by the State of New Hampshire:

Are you in favor of allowing the Town Clerk to accept change of party applications and then submit them to the Supervisors of the Checklist? YES

4. To vote on the following proposed amendments to the Zoning Ordinances:

AMENDMENT NO. 1. Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinances as follows? To define conversions to condominiums or other cooperative forms of ownership as subdivisions and require compliance with the Sanbornton Subdivision Regulations. YES

AMENDMENT NO. 2. Are you in favor of the adoption of Amendment #2 as proposed by petition of the voters for this town? To permit conversion of single family dwellings to two family dwellings in any district by special exception upon application to the Zoning Board of Adjustment. The Planning Board disapproves of the amendment. YES

AMENDMENT NO. 3. Are you in favor of adoption of Amendment #3 as proposed by petition of the voters of this town? To rezone a portion of the present General Residence District to Agricultural; the portion is as follows: Bounded on

the east, by Interstate 93, the south, by the Sanbornton/Tilton town line, the west, by the Sanbornton/Franklin town line and on the north, by Threshing Mill Brook, and a line 1,000 feet south of Route 127. The Planning Board approves of the amendment.

YES

AMENDMENT NO. 4. Are you in favor of adoption of Amendment #4 as proposed by petition of the voters of this town to eliminate the Historic Preservation District? The Planning Board disapproves of the amendment.

NO

\* \* \* \* \*

You are hereby notified to meet at the Town Hall in said Sanbornton on Wednesday, the twelfth day of March next at seven-thirty in the evening, to act upon the following subjects:

1. To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and to appropriate the same, and to see what action the Town will take on the Budget of \$455,143.65 as recommended by the Budget Committee. Accepted as amended. Amended to total \$460,335.01.

2. To see if the Town will vote to authorize the Selectmen to hire such sums of money as may be necessary to defray Town charges in anticipation of taxes; to administer or dispose of any real estate, at public auction, acquired through Tax Collector's deeds; and to apply for and accept grants and funds which may be available to the Town from other governmental agencies.

Accepted

3. To see if the Town will vote to raise and appropriate the sum of \$5,124.29 for the Winnepesaukee River Basin (Sewer) Program; \$4,284.60 which are for the reimbursement of capital costs of construction assessed at five percent of the total Town's proportionate share of said costs but presently not including interest payments, and \$839.69 of which are for the reimbursement of administrative costs for the ensuing year. (Submitted without the recommendation of the Budget Committee; Recommended by the Board of Selectmen.) Accepted

4. To see if the Town will vote to designate Osgood Road, in its entirety, as a Scenic Road under the provisions of N. H. RSA 253:17 and 253:18. (By Petition) Accepted

5. To see if the Town will vote to designate Plummer Road from its junction with Hermit Woods Road to the Meredith town

line on said Plummer Road, as a Scenic Road as provided for in N. H. RSA 243:17 and 253:18. (By Petition) Accepted

6. To see if the Town will vote to pass an ordinance to prohibit the use of any chemical pesticides including defoliants, desiccants, plant regulators and any other herbicides within the town by any person other than the fee owner of the land on which the said chemicals are used, or with the express written consent of said fee owner. The Town shall enforce this ordinance through criminal, civil or equitable process by the Selectmen. The criminal penalty for a violation of this ordinance will be the maximum permitted by law. (By Petition) Accepted

7. To see if the Town will vote to authorize the Moderator to appoint a committee to inventory the Town roads. (By Petition) Accepted

8. To see if the Town will vote to discontinue the Old Tilton Bridge Road from Morrison Road to Interstate Highway 93. (By Request) Accepted

9. To see if the Town will vote to raise and appropriate the sum of \$105,623.00 for the maintenance of highways and bridges, this sum to include \$16,599.57 of State Highway Subsidy Funds. Accepted

10. To see if the Town will vote to appropriate the sum of \$13,884.93 in Additional Highway Subsidy Funds in accordance with RSA 241:15 for Class IV and V Roads, and reappropriate the sum of \$456.78 in Additional Highway Subsidy Funds remaining from 1979 for use in 1980 Accepted

11. To see if the Town will vote to raise and appropriate the sum of \$1,429.42 for Town Road Aid, the State's share will be \$9,529.47. Accepted

12. To see if the Town will vote to raise and appropriate the sum of \$33,226.00 for the purchase of a Highway Department Dump Truck; and to accept the sum of \$8,000.00 as a trade-in allowance on the old truck, leaving a balance of \$25,226.00. Accepted

13. To see if the Town will vote to raise and appropriate the sum of \$800.00 for the purchase of a two-way radio for the use of the Highway Department. Accepted

14. To see if the Town will vote to raise and appropriate the sum of \$42,927.20 for the Police Department. Accepted

15. To see if the Town will vote to raise and appropriate the sum of \$9,827.00 and make the same available to the Library Trustees, \$1,000.00 of which is to be used to establish a Capital Reserve Fund for the future reconstruction of the Tower of the Academy/Library Building. Accepted

16. To see if the Town will vote to raise and appropriate the sum of \$5,900.00 for the Winnisquam Fire Department. Amended. Accepted as amended. Amended to read:

16A. To see if the Town will vote to raise and appropriate the sum of \$4,475.00 for operating costs of the Winnisquam Fire Department.

16B. To see if the Town will vote to raise and appropriate the sum of \$1,425.00 to be applied to costs related to the Winnisquam Fire Department Rescue Squad.

17. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to the Capital Reserve Fund previously established for the purchase of a Fire Truck for the Winnisquam Fire Department. (Article 18, 1978) Accepted

18. To see if the Town will vote to raise and appropriate the sum of \$9,600.00 for the Sanbornton Fire Department. Accepted

19. To see if the Town will vote to raise and appropriate the sum of \$60,000.00 for the purchase of a new Fire Truck for the Sanbornton Fire Department. This sum to be financed by the issuance of a ten year mortgage bond or Promissory note. Accepted.

20. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to the funds already appropriated for a State Aid for Reconstruction (SAR) Project to improve the intersection at the junctions of Bay Road and Lower Bay Road, and Upper Bay Road and Hunkins Pond Road, which funds will be matched by the State's SAR Funds for a total of \$45,000.00. (See Articles 33 in 1978 and 31 in 1979) Accepted

21. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to the Town Building Improvement Fund established by previous vote of the Town. (See Article 35, 1978 and Article 24 below) Accepted

22. To see if the Town will vote to raise and appropriate the

sum of \$10,000.00 to be added to the Highway, Fire and Sanitation Heavy Equipment Fund established by previous vote of the Town. (See Article 34, 1978 and Article 24, below.) Accepted

23. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 to be placed in a Capital Reserve Fund for the purpose of defraying the costs of a complete revaluation of the Town; and to authorize the Selectmen to engage the Appraisal Division of the Department of Revenue Administration, or a qualified private appraiser, to conduct that revaluation commencing in 1981 or thereafter. (See Article 24, below.) Amended

To see if the Town will vote to raise and appropriate the sum of \$10,000.00 to be placed in a Capital Reserve Fund for the purpose of a complete revaluation of the Town. Accepted as amended

24. To see if the Town will vote to appropriate and authorize the withdrawal from Revenue Sharing Funds, established under the provisions of the State and Local Assistance Act of 1972, a total of \$25,000.00 to be allocated as follows:

Town Building Improvement Fund ..	\$ 5,000.00 (Article 21)
Heavy Equipment Fund .....	10,000.00 (Article 22)
Town Revaluation Fund .....	10,000.00 (Article 23)

TOTAL .....\$25,000.00 Accepted

25. To see if the Town will vote to authorize the Selectmen to apply to the N. H. Municipal Association Workmen's Compensation Insurance Plan for placement of the Town Workmen's Compensation Insurance Policy covering Town Employees. Accepted

26. To see if the Town will vote to raise and appropriate the sum of \$4,499.11 for regional social services as follows: Belknap-Merrimack County Community Action Program, \$356.11; Lakes Region Family Service, \$300.00; Lakes Region Community Health Agency, Inc., \$3,843.00. Accepted

27. To see if the Town will vote to appropriate the sum of \$1,200.00 for the use of the Sanbornton Town Historic District Commission, \$200.00 for its regular duties, the remaining \$1,000.00 for conducting workshops, research and professional consultation for the purpose of developing guidelines for the future administration of the District; \$500.00 of which sum is to

be raised by the Town, and \$500.00 in matching funds by a grant from the State Historic Preservation Office. Amended

To see if the Town will vote to raise and appropriate the sum of \$1,200 for the use of the Historic District Commission, \$200.00 to be raised by the Town, for its regular duties, the remaining \$1,000.00 for conducting workshops, research and professional consultation for the purpose of developing guidelines for the future administration of the District; \$500.00 of which is to be raised by the Town, and \$500.00 in matching funds by a grant from the State Historic Preservation Office.

Accepted as amended

28. To see if the Town will vote to raise and appropriate the sum of \$4,883.22 for the Youth Assistance Program, this appropriation to be contingent upon the continued participation in, and support of, that program by the Towns of Tilton and Northfield. Amended

To see if the Town will vote to raise and appropriate the sum of \$4,950.29 for the use of the Youth Assistance Program, \$4,883.22 to be contingent upon the continued participation in and support of that program by the Towns of Tilton and Northfield, and \$67.07 to be contingent upon Tilton's approval of renovation at Town meeting and Tri-Town approval of the rent increase. Accepted as amended

29. To see if the Town will vote to release the sum of \$5,000.00 from the Town Building Improvement Fund for the purpose of conducting feasibility and engineering studies of the capabilities of expansion of either or both the Town Hall and Central Fire Station to supply fairly long range space needs, with particular attention to architectural barriers, drainage, parking, and sewage facilities; and to charge the Building Study Committee, established by previous vote of the Town, to report the results of these studies, together with cost estimates, to the Selectmen in timely fashion so that construction can begin as soon as possible. Amended

To see if the Town will vote to release the sum of \$5,000.00 from the Town Building Improvement Fund for the purpose of Investigating the feasibility of purchasing an existing dwelling in the Square and conducting feasibility and engineering studies of the capabilities of expansion of either or both the Town Hall and Central Fire Station to supply fairly long range space needs, with particular attention to architectural barriers, drainage, parking, and sewage facilities; and to charge the Building Committee, established by previous vote of the Town,

to report the results of these studies together with cost estimates, to the Selectmen in a timely fashion so that action can begin as soon as possible. Accepted as amended

30. To see if the Town will vote to adjourn this meeting to the call of the Moderator for the purpose of placing before the Town the results of the feasibility and engineering studies as may be reported by the Building Study Committee to the Selectmen; and to see what action the Town may take on the recommendations of the Selectmen as to construction plans and financing of construction at that time. Amended

Amended to read: To see if the Town will vote to recess to reconvene this meeting on July 8, 1980 at 7:30 P. M. at the Sanbornton Town Hall for the purpose of placing before the Town the results of the feasibility and engineering studies as may be reported by the Building Committee to the Selectmen; and to see what action the Town will take on the recommendations of the Selectmen as to construction plans and financing of construction at that time; and to receive input from the Selectmen regarding any other business that may legitimately be brought before the meeting. Accepted as amended

Given under our hands and seal, this 25th day of February, in the year of our Lord nineteen hundred and eighty.

## TOWN MEETING

July 8, 1980  
Sanbornton Town Hall

The recessed meeting of March 12, 1980 was reconvened at 7:30 P. M. at the Sanbornton Town Hall by Moderator Robert Hurd. In his opening remarks Mr. Hurd outlined the evenings proceedings.

The first item of business was a motion by Mr. D'Angelo, Chairman of the Budget Committee to reconsider Article #1 (which refers to the entire budget as recommended by the Budget Committee). It was seconded and so voted.

Then it was moved, seconded and so voted to table Article #1 until all other business that may come before this meeting is completed.

The next item of business was a motion to reconsider Article #19 which concerned a \$60,000 appropriation for the purchase of a new fire truck. It was voted and seconded to reconsider. Mr. Sleeper explained that the purpose was to secure an official head count validating a two-thirds vote as required by statute. At the March 12th meeting there had been no voice dissensions, however, it was recommended by the Director of Municipal Finance Division, Department of Revenue Administration that a count be taken.

It was so voted to be accepted as read by secret ballot 23-0.

A motion to reconsider Article #29 was heard, seconded, and so voted. The purpose of reconsidering the article is to amend the wording of the article to read: "To see if the Town will vote to raise and appropriate the sum of \$5,000" (The article, as originally passed, improperly appropriated capital reserve funds for non-capital expenses). The article, as passed, at the March 12th meeting read "To see if the Town will vote to release the sum of \$5,000 from the Town Building Improvement Fund etc." This change is also recommended by Mr. LaPlante of the Department of Revenue Administration.

A Motion was made, seconded, and unanimously voted to read: "To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the purpose of conducting feasibility and engineering studies of the capabilities of expansion of either or both the Town Hall and Central Fire Station to supply fairly long range space needs, with particular attention to architectural barriers, drainage, parking, and sewage facilities; and to charge the Building Study Committee, established by previous vote of the Town, to report the results of these studies, together

with cost estimates, to the Selectmen in timely fashion so that construction can begin as soon as possible.

The next item to come before the meeting was Article #30. "To see if the Town will vote to recess to reconvene this meeting on July 8, 1980 at 7:30 P. M. at the Sanbornton Town Hall for the purpose of placing before the Town the results of the feasibility and engineering studies as may be reported by the Building Committee to the Selectmen; and to see what action the Town may take on the recommendations of the Selectmen as to construction plans and financing of construction at that time; and to receive input from the Selectmen regarding any other business that may be legitimately brought before the meeting."

Mr. Sleeper responded for the Board of Selectmen stating that there was no report to make at this time as the Building Committee was not able to reach any conclusions within the given time period. If a firm course of action could be defined before March, a Special Town Meeting would be called, otherwise the topics would be discussed at the March meeting in 1981.

Comments and questions were asked of the assembly regarding expansion of Town Office facilities. Sympathy was expressed for considering long term facilities, solar heating, more extensive parking and an additional building rather than conversion of any existing building.

The final item of business took us back to Article #1. It was moved, seconded, and so voted to take Article #1 from the table. A motion was made to accept Article #1 as amended by vote of the Town. It was seconded, and unanimously voted. The total budget as passed by the Town is \$465,335.01.

A motion was made, seconded, and so voted to adjourn the meeting at 8:20 P. M.

Respectfully

Submitted,  
Anne Ingemundsen, Town Clerk

**SPECIAL TOWN MEETING**

Sept. 30, 1980

Town Hall — Sanbornton, N. H.

Warrant:

**STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Sanbornton in the County of Belknap in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Sanbornton on Tuesday the thirtieth (30th) day of September, next at 7:30 P. M. to act upon the following subject:

To see if the Town will vote to raise and appropriate the sum of ninety-eight thousand five hundred dollars (\$98,500.00) to purchase the land and building of Gertrude Currier situate on Meeting House Hill Rd., Route 3B and Pound Road in Sanbornton to be used for Town Offices and conservation purposes. This sum to be financed by issuance of a twenty (20) year bond or promissory note upon such terms as the Selectmen may negotiate. To see also if the Town will authorize the Selectmen to apply for, accept and expend federal funds from the Land and Water Conservation Funds from that portion utilized for conservation purposes.

Given under our hands and seal this ninth day of September, in the year of our Lord nineteen hundred eighty.

Selectmen of Sanbornton

Results:

It was moved, seconded and so voted that any and all grants accepted by the selectmen under the authorization of this meeting shall be used only to defray the cost of the purchase of the Gertrude Currier land and buildings.

A motion was made to accept the article. It was seconded and a discussion followed. The discussion being concluded, Mr. Hurd, the moderator, recessed the meeting to enable the Supervisors of the Checklist to set up and reconvened to begin the voting. A "Yes-No" ballot was used.

The total number of ballots cast was 192. There were 113 votes cast in favor of the purchase of the Gertrude Currier property. There were 79 ballots cast against the purchase of the same. Since a two-thirds vote was needed, the motion did not carry.

The meeting was adjourned at 9:50 P. M.

Respectfully Submitted  
Anne Ingemundsen, Town Clerk

July 21, 1980

The Board of Selectmen  
 Town of Sanbornton  
 Sanbornton, New Hampshire

We have examined the financial statements of the Town of Sanbornton for the year ended December 31, 1979, and have issued our report thereon. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in detemining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance concerning the safeguarding of assets against loss from unauthorized use or disposition and concerning the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented intentionally by management with respect either to the execution and recording of transactions or with respect to the estimates and judgments

required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our examination of the financial statements made in accordance with generally accepted auditing standards, including the study and evaluation of the Town's system of internal accounting control for the year ended December 31, 1979, that was made for the purposes set forth in the first paragraph of this report, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. Our study and evaluation disclosed no conditions that we believe to be material weaknesses for which corrective action by management may be practicable in the circumstances.

## POLICE DEPARTMENT

The year 1980 showed a slight increase in total crimes and offenses while at the same time showed a marked increase in serious crimes, especially burglaries and thefts. Of the total amount of accidents, investigation revealed that 65% of them were speed related. This would indicate that greater emphasis will have to be placed on reducing speed on our town roads. As you know, Sanbornton covers a great area and has many miles of roads. We can not possibly be everywhere at once, therefore, we depend greatly on you, the citizens of Sanbornton, to help us by reporting any and all crimes to us as well as any suspicious activity which you may observe. I am sure that between us, we can continue to make Sanbornton a great place to live and to raise our children.

Members of the Department are continuing to attend St. Anselm College under LEEP Grants, to further their education in the field of Criminal Justice as well as attending seminars sponsored by the New Hampshire Police Standards and Training Council.

Again, as in the past, the Town Highway Safety Committee has sponsored a bicycle safety poster contest in both the Sanbornton Central and Sant Bani Ashram schools. This contest was a complete success. We can thankfully say that we have not had a single motor vehicle/bicycle accident in the Town of Sanbornton for the past ten years and we are striving to maintain this record.

We deeply regret that Chief "Dusty" Nielsen, due to medical reasons, had to retire from the Department. We sincerely wish Dusty the best of luck and success in all his future endeavors.

The Youth Assistance Program has enabled us to deal more effectively with juvenile problems and has outstandingly supplied our misguided youths with the direction and supervision that is so necessary to help them grow into responsible and productive adults. I also wish to thank the Belknap County Sheriff's Office as well as the Departments in the surrounding communities for their assistance to us, especially during the period when we were short handed. Now we are back to full strength and continue to look forward to serving you and the community.

John J. Maurath  
Chief of Police

Department Members:  
 Chief John J. Maurath  
 Chief Louis R. Nielsen (Retired)  
 Sr. Ptl. Robert E. Welch Sr.  
 Ptl. Gordon J. Summers  
 Clerk Beverly J. McKay

## PART I OFFENSES AS REPORTED FOR UNIFORM CRIME REPORTING

This information is reported nationwide and is sometimes known as the FBI reporting system. Part I offenses are the major crimes that are known to police.

### FINES AND PENALTY ASSESSMENTS

The following are fines and penalty assessments generated through convictions at Laconia District Court by the Department. Penalty assessment is an assessment of 10% or \$2.00, whichever is greater, of a fine imposed on a person convicted of a criminal or motor vehicle offense. This money is designated by law to support police training in the state.

Criminal Offense Fines	\$ 321.00
Traffic Offense Fines	1,105.00
Penalty Assessments	163.00
Income generated to the Town by the Police Department	\$361.00

## YOUTH ASSISTANCE PROGRAM

July 1980 marked the completion of five years for the Youth Assistance Program. Serving the towns of Northfield, Sanbornton and Tilton, the program was originally funded, through a grant from GCCD, as a Court Diversion Program. The program came into existence in response to the three communities' concern over juvenile crime involvement. At that time it was felt that a third alternative (Court Diversion) might best complement what was already in existence (court probation or Youth Development Center placement) and help prevent further crime involvement on the part of juveniles.

Now in its sixth year, the Youth Assistance Program continues to provide a court diversion program, as well as other services to the three towns. The major components of Y. A. P. are:

**Court Diversion:** It is the goal of Court Diversion that the juvenile be held accountable for his/her actions and, hopefully, through participation in the program will become a more responsible person. How is this goal achieved? The following are the steps in the process.

When the person commits a crime and is apprehended by the police, there are three options available: 1) reprimand the individual, placing him/her in the custody of the parents; 2) take the child to court, where the judge may place him/her on probation or remand him/her to the Youth Development Center; 3) Recommend Court Diversion. When the latter happens, the director of Y. A. P. meets with the police, receiving necessary background on the matter at hand. Following that, the director then proceeds to visit the home meeting with the individual and parents in order to gain a picture of the home environment, family dynamics, an idea of interest areas, relationships, needs etc. The next persons consulted are those who are involved with his/her educational process. In this interview school personnel are asked to evaluate the academic performance of the individual as well as the person's relationships with other students and teachers.

Having received this input from police, parents, and teachers, the director compiles that and calls together members of the Juvenile Review Board (JRB), who are briefed on the person involved and then meet with the juvenile and his/her parents. The results of the JRB meeting is that certain recommendations are formulated into a contract, which the juvenile is to fulfill within a required period of time. The con-

tract fulfillment is monitored by the Y. A. P. director and failure to comply on the part of the person involved means that the case is referred back to the police, who can take court action.

It is important to note that the JRB consists of members of the three communities, people who fulfill a variety of roles and fulfill certain responsibilities within the three towns. Their involvement and very presence in the process is, in many ways, a "communal pressure". We are all aware of peer pressure, which, more often than not, is a negative influence on the individual. This "communal pressure" hopefully can be a positive influence in leading the person towards a sense of accountability for his/her actions and a more responsible behavior within the community. In 1980, 35 cases were heard by the Juvenile Review Board.

Court Diversion is a response "after the fact", which means after an individual has had some contact with the law. Y. A. P. is also concerned about the question of prevention. What can we do to prevent these things from happening in the first place? We know that there is no magical solution or instant answer to that question but we at Y. A. P. are now working at strengthening some components of the program, and developing others, which we hope will be preventative.

**People Program:** This aspect of Y. A. P. has three dimensions to it. The first is that it provides youth of the area to come together for socialization, as well as the opportunity to discuss with peers and adults life interests and concerns.

Secondly, the People Program will provide adult matches for kids when that is a need. Often times a young boy or girl will benefit greatly from a relationship with an adult who is concerned, reliable, and will listen.

Thirdly, and this is a new dimension of the People Program, there has been developed a "Teen Awareness Series", which will begin in February 1981. What this series will offer to kids is a number of interesting presentations from ice fishing to communications with parents, and from photography to living with an alcoholic. Its emphasis is based on interests and needs. Diane Richardson, Y. A. P. assistant, has worked hard and long at making the necessary contacts in order to make this Awareness Series to become a reality.

**Community Education/Awareness:** Is it more difficult to be an adolescent in 1981 or to be a parent of an adolescent? Yes. Recognizing that parenting has its difficult moments, its frustrations and anxieties, Y. A. P. has arranged for a series

of talks, for parents, on the subject of Adolescence. These presentations, utilizing resource people from other area agencies, will be held in February of 1981 and will look at the pressures of the adolescent world, communication, and alcohol and drug use/abuse.

Y. A. P. also provides other services such as drop-in counseling, short-term counseling, and we provide a referral service, as well. On the drawing board, for the days and months ahead, there lies the thoughts of providing after school tutoring for kids, the establishment of a job bank, support groups for special needs.

None of what has happened, is happening, or will happen here at the Y. A. P. office would be possible or a reality without some people having laid the foundation. It is through the effort, "the blood, sweat and tears" of our predecessors that allows Diane and myself the liberty to work creatively. The Board of Directors also provide the challenges when necessary and support and encouragement always.

But, in the end, it is the community members of Northfield, Sanbornton, and Tilton who provide the bottom line, the funding. With the continued support of the communities, we hope that we can provide a very important service and help to enrich the communities.

## SANBORNTON PUBLIC LIBRARY

An increase in library use and services available is reflected in the statistics. We are now open to a total of 21 hours a week and the number of new borrowers continues to rise.

The Academy Building, which houses the Library and an upstairs hall, has been used to its capacity this year. In addition to its use by Harmony Grange and Moulton's Band, the Sanbornton Kindergarten is now holding regular sessions upstairs. This necessitated a number of improvements in order to comply with safety regulations. The former storage area on the ground floor was divided into two rooms with separate entrances. One section is a lavatory, the other one for library storage. Both were cleaned and painted by the staff and trustees, and water was piped into the lavatory. Several kindergarten mothers worked during the summer to clean, scrape and paint the upstairs room.

We are grateful to Lillian and Robert Wright for establishing a trust fund in memory of their son, Robert M. Wright, III. The total amount received was \$730.00 and there will continue to be income from the fund for purchase of children's books.

Friends of the library contributed to the library in many ways. Henry Andrews organized a drive for quality gift books. Many useful books were donated by individuals as a result of his effort. The library was open on Saturday mornings during July and August staffed by volunteers. Thanks is due each of the following for contributing their time: Elaina Surowiec, Carrie Keyser, Shelly Tracy, Kay Kennard, Betty Murdoch, Susan Shannon, Debbie Asbeck, Philip Bodwell, and Mildred Coombs. We would like to continue Saturday hours during the summer of 1981. Please contact us at the library if you would like to volunteer several hours of your time.

The Central School students and the kindergarten are regular users of the library. Many of the students borrow books each week while the remainder visit the library every second week.

The attractive and interesting bulletin boards arranged by Priscilla Bodwell continue to be a source of enjoyment and interest to all who view them. Anyone with a hobby suitable for display is welcome to use the library for this purpose.

Our annual THANK YOU to each of you who has contributed to the library with gifts of time, talent, books or money. Without your continued support the library could not grow.

## SANBORNTON FIRE DEPARTMENT

The Sanbornton Fire Department responded to 124 emergencies. The breakdown of these emergencies follows:

Mutual Aid	25
Chimney fires	21
Structure fires	6
Vehicle fires	5
Vehicle accidents	22
Forest & Grass fires	11
Medical emergencies	19
Miscellaneous	15

Mutual Aid agreements with the Winnisquam, Tilton and Franklin Rescue Squads were reaffirmed and clarified this year to provide for more efficient coverage for accidents and medical emergencies in Sanbornton. The telephone number 524-1545 (Lakes Region Mutual Fire Aid) should be used for these as well as fire emergencies.

The Sanbornton Fire Department extends its thanks to the people of Sanbornton for aid and support throughout the year.

## REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

## WINNISQUAM FIRE DEPARTMENT 1980

Total Miles in Service—1533

Total Man Hours—1799

The present vehicles in use are:

1—1968 International, 750 gal. pump—1,000 gal. tank

1—1952 GMC, 500 gal. pump—600 gal. tank

1—GMC Utility Van

1—1980 Ford Rescue Vehicle

After several years of hard, cooperative effort by members of the department, local and county residents, and other friends, we have acquired the long awaited Rescue Vehicle listed above. With an extensive list of equipment added to this up-do-date vehicle, we are now state qualified for full emergency rescue service. We have a number of members qualified, and many more taking the required courses for certification.

Financing arrangements are still underway for the new pumper/tanker, which we need to bring our firefighting capabilities up to date. When these are completed, an order will be submitted for a new truck to be built to previously approved specifications.

We have thirty-four regular and probationary firefighters on our roster, with ongoing training programs throughout the year.

Two new pressure demand air masks have been added to our current equipment, plus other necessary items for the new rescue vehicle.

The Annual Carole Davis Memorial Christmas Party was held in December for the benefit of local children, with Santa on hand, as usual.

Respectfully submitted  
Roy S. Ruggles, Clerk, W. F. D.

## SANBORNTON BUILDING STUDY COMMITTEE

Since its establishment, by vote of the town, at the 1974 Town Meeting improvements recommended by the Building Study Committee and implemented by the Selectmen include the following:

- A. Basic structural repairs on the towers of the Town Hall and Library
- B. Installation of composting toilets in both buildings
- C. Complete painting of the Town Hall
- D. Windows of the Town Hall repaired and caulked
- E. New heating system placed in the Library and that building insulated
- F. Modification of the heating system and partial insulation of the Town Hall
- H. A water line was brought into the renovated toilet room of the Library
- I. A new roof was put on the Town Hall
- J. The entire Central Fire Station was insulated overhead and the outside walls of the Town Office and conference room were insulated and finished with sheet rock
- K. Environmental Study of the Public Building area with regard to water source and sewage

Commencing in 1979 the Building Study Committee began a more intense study of alternatives to accommodate all the town offices as the need for additional space was clearly apparent and the cost of heating the present Police quarters was becoming more exorbitant due to the rising cost of fuel. Our first step was to set up criteria to be met keeping in mind our growth factor. The needs we had to accommodate for some 20 years include the following: work space needs for the Town Clerk/Tax Collector, Selectmen and Secretary, meeting rooms for various boards and Selectmen's meetings, space for the Police Department, additional space for the Fire Department, parking, and water and septic for the existing buildings. The following page shows a schedule of the major studies explored, the needs they met, the needs they did not meet and our reasons for rejecting each proposal.

On September 30, 1980 a "Special Town Meeting" was called for the purpose of voting on the purchase of the Gertrude Currier property. Though a majority vote resulted, the article required a two-thirds vote so, it was defeated.

In the next few days, members of the Building Study Committee were approached by a "Citizens Committee" asking that

we continue our study. Because they felt that this was a popularly supported project which needed more time for engineering and architectural studies and time to disseminate information to the voters, they began negotiation with Miss Currier and did procure an option which would give us the needed time to do a thorough study of the capabilities of this property. We concurred.

The Building Committee recommends, after receiving reports from the environmental engineer, Mr. Douglas Prescott, the architect, Mr. Lepene, the civil engineer, Dick DeMark, of the Soil Conservation Office and Mr. Chamberlain of the Fire Marshall's office, all highly qualified persons to speak in their fields, that the Currier property be purchased. The building would afford space for the Town Clerk, Tax Collector, Selectmen and their secretary, the Police Department, meeting rooms for other boards as well as storage space for some years to come.

Environmental studies of the land owned by the Town, on which the existing buildings sit, show that no area would accommodate a sewage system or a water supply. The land with the Currier property would provide space for a septic system, not just for that building, but for the Town Hall and Library as well, if the voting citizens should ever wish to utilize it for that purpose. The artesian well could be used as a suitable water supply for this and the other public buildings.

The sizable tract of land on which this building sits would further afford space for expansion on the same building or a separate building.

It is neither within our power nor within our charge to apply for or accept grants, but we feel it is necessary in support of our findings to explain that the Selectmen are considering a grant to help defray the cost of the purchase. (The Grant could only be accepted by vote of the townspeople.) Acceptance of the entire amount of this particular grant (\$7,500) would earmark 4.2 acres of this land as "open space". However, a building site could be cut out of the 4.2 acres and the amount of the grant would be reduced.

The members of the Building Committee unanimously agree that the purchase of this property, installing an adequate septic system for that building, and renovating a portion for the Police Department would be the best course of action as it fulfills more overall needs than any other option discussed to date for the soundest dollar value.

## ZONING BOARD OF ADJUSTMENT

During 1980, the Zoning Board of Adjustment held seven hearings to consider appeals for variances or special exceptions. The chart below indicates the nature of each appeal, and the Board's decision.

Appellant	Request	Decision
George Phillips	Variance for 2 lot subdivision, slightly under required size. Hermit Lake Road, Recreation Dist.	Granted
Maurice Hueber	Variance for building lot without road frontage. Hermit Lake, Island, Recreation Dist.	Granted
Jean Auger	Special exception for gravel pit, Route 3B, Agricultural Dist.	Granted
Willard & Alice Hoffmire	Special exception for bakery. Prescott Road, Residential Dist.	Granted
David Welch	Special exception for gravel pit. March Road, Agricultural Dist.	Granted
John & Ethel Mullen	Variance for mobile home. Birch Drive, Recreation Dist.	Denied
Pike Industries	Special exception for gravel pit. Pound Rd., Agr. & Res. Dist.	(Application withdrawn)

Respectfully submitted,  
 Jean Surowiec, Chm.  
 Zoning Board of Adjustment

## SANBORNTON PLANNING BOARD

### Annual Report for 1980

During 1980, the Sanbornton Planning Board convened 26 times and approved 23 new lots for community growth as a result of 12 subdivision applications. A great deal of time and effort was given by the board to the three subdivision applications of Mr. Richard Davis, concerning his Calef Hill Road property. The first application for a seven lot subdivision was denied because the size of the lots did not meet the amended zoning requirements. But two new applications were subsequently submitted and three lots were ultimately approved.

The Planning Board was also actively involved with the following issues, items and individuals in 1980:

Amended the Town Subdivision Regulations so that they would comply with State Law as determined by the 1979 session of the Legislature. The Town's subdivision application form was also revised accordingly.

Proposed an amendment to the Town Zoning Ordinance concerning condominiums and supported the rezoning of the Chapel area (Calef Hill Road/Burleigh Hill) from a General Residence to an Agricultural Zone. Both of these proposals were approved by the voters at the March Town Meeting.

Did not approve a petition article to amend the Zoning Ordinance to provide for multiple family dwellings. This article, however, was approved by the voters. The Board, along with the voters, also did not approve a petition article to abolish the Historic District.

Conferred with Mr. Dan Collins concerning the current status of the Winnepesaukee River Basin Program. According to Mr. Collins, the schedule had once again been reviewed and he did not expect the Sanbornton interceptor to be put out to bid until October, 1982.

Frequently consulted and cooperated with the Lakes Region Planning Commission and their Environmental Assessment Team, which enabled the Board to better evaluate some subdivision applications, including one that made a lease-development rights proposal. This latter issue was part of an in-depth study conducted by the LRPC and its Environmental Assessment Team and presented at a special meeting of the Board on August twenty-second. The study itself was an extensive examination of the environmental and developmental possibilities of the Calef Hill Road property of Mr. R. Davis. In the fall, Ms. Barbara Proksoch was appointed by the Selectmen

(upon nomination of the Planning Board) to serve on the LRPC Board.

Sought clarification of the legal status of a number of lots in Sanbornton Park which had been previously subdivided, but not recorded. After legal counsel had reviewed the matter and researched the titles, the Board was able to approve the recording of those lots in question.

Kept abreast of Sounding Board activities, particularly throughout the Spring and Summer months. In early October, the Board accepted with regret the resignation of Ms. Pauli Novicki as Chairman of the Sounding Board. She recommended Dr. Ralph Meader as her possible successor and at the November seventh meeting of the Planning Board, Dr. Meader was appointed Chairman. Since then, he and the members of the Sounding Board have been busy conducting the survey.

Worked in conjunction with the Conservation Commission concerning methods of preserving the Rollins and Cawley Pond areas.

Composed and sent letters to the N. H. Historic Preservation Office, expressing the Board's support for having the Historic District included in the National Register of Historical Places.

Kept abreast of the state activities concerning N. H. Agricultural and Land Preservation Program.

Submitted a grant to the State Historic Preservation Office relative to the Triangle Project (should the Currier option be granted). The Selectmen and the Historical District Commission did likewise.

Engaged the services of Linda Salatiello of Hermit Woods Road as secretary of the Board. Linda has done an extremely fine job in preparing clear, concise records for the Board on a timely basis.

The Planning Board, like most other Boards throughout the state, has found its planning time significantly limited as a result of a law enacted by the 1979 session of the Legislature and a subsequent Supreme Court decision. The cumulative effect of the law and the court decision has been to require almost constant attention to the more exacting details required for subdivisions. These procedures have been costly and time consuming to both the towns and the developers. This Board will be working with the LRPC in the formulation of state legislation designed to lessen these burdens on both the developer and Planning Boards, while continuing to provide adequate notice to concerned parties.

## SUMMARY REPORT OF THE SANBORNTON SOUNDING BOARD

1980

During the early part of the year 1980 the composition of the Community Attitude Survey forms was completed by the Sounding Board under the leadership of Pauli Novicki, Chairman, and with the guidance and assistance of the Lakes Region Planning Commission. Distribution of the survey questionnaires was begun in March with the intent to be sure that every household should be encouraged to contribute demographic data and that each adult of age 18 and over in each household should have an opportunity to indicate his/her attitude toward growth and development of the Town. It is expected that the analysis of the answers to the questions posed in the survey questionnaires will indicate the current wishes of the townspeople for revision of the Master Plan. About eighteen years have passed since the current Master Plan was adopted.

In the fall Pauli Novicki asked to be relieved as chairman of the Sounding Board for personal reasons. Ralph Meader accepted the invitation of the Planning Board to lead the Community Attitude Survey to a conclusion. A meeting of interested citizens was held in November and a concerted effort to complete the distribution and return of the survey forms was launched. A target date of February 2, 1981, Ground Hog Day, was set for beginning the tabulation and analysis of the returned completed forms. It is hoped that at least a preliminary analysis will be available by the Town Meeting time in 1981.

## HISTORIC DISTRICT COMMISSION

The District did not receive any building permit applications in 1980.

An Architectural Survey for the restoration and preservation of the Town Hall and Academy Buildings has been completed and a copy of the survey is in the Town Library.

Sanbornton Historic District is now registered with the National Register of Historic Places. The National Register is the official Federal listing of significant heritage resources.

Louise Sleeper, Chairman  
Barbara Prokosch  
Douglass Prescott

Barbara Akerman, Sec'y.  
Elizabeth Weiant  
Roland Junkins

## LAKES REGION PLANNING COMMISSION

The Lakes Region Planning Commission has been active in several areas of interest to Sanbornton. The Commission is beginning a bikeway project to work with all towns, from Meredith to Franklin, toward implementing a regional bikeway system by using the sewer line right of way.

While Sanbornton has a good sanitary landfill facility, the Commission has organized thirteen neighboring towns, from Gilford to Danbury, toward finding an areawide solid waste solution, one in which the waste materials can be recycled or used for productive energy.

LRPC is in the process of evaluating groundwater resources (quantity and quality) in the Lakes Region. The Commission has worked with six communities toward implementing a shared town manager program.

LRPC developed model Earth Excavation Regulations, based on Chapter 155-E. In February, it hosted a workshop for surveyors and developers toward identifying common mistakes made on subdivision proposals and working for prevention of such mistakes. This workshop was based on an analysis of information gathered through LRPC's National Science Foundation grant, where 13 developments were scrutinized in 1980.

The planner assigned to Sanbornton is Roger Akeley. He and his predecessor, John Dickey, assisted the town in the following ways:

- Conducted a detailed environmental assessment of a proposal to lease the town development rights on private property.
- Prepared an environmental statement for an EIS to meet grant requirements for the HRCS.
- Provided an interpretation on the town's requirements for provision of information prior to beginning the 90-day review process.
- Consulted with the Sounding Board Chairman on community survey analysis and sent him an example of other analyses.

## CONSERVATION COMMISSION

Meetings were held monthly at the Town Offices. Among the petitions dealt with were:

Opening a stone wall for a driveway on a scenic road — 1 — approved

Gravel pit opening — 1 — approved with restrictions

Electric and telephone pole placements on scenic roads — 3 — approved

Dredge and fill wetland areas (Rollins Pond, Hermit Lake, Lake Winnisquam) — in conjunction with the State Wetlands Commission — 8 were approved with some suggestions

Fence Crossing a brook — 1 — turned over to Fish and Game Dept. — not approved

The Commission has tried to keep abreast of new laws and regulations by having members of the State Conservation Commission, State Safety Commission, and the Wetlands Commission attend discussion meetings with the local Commission. Also, three members of the Commission attended the Annual Meeting of the New Hampshire Association of Conservation Commissions in Concord. The symposium on Acid Rain was one of the most widely attended sessions. At the session on problems of local conservation commissions, the Sanbornton Commission found that most problems other towns were having had already been solved here.

One time consuming activity of the commission has been that of surveying town-owned land with the view of recommending land use with long range planning. Up to the present time, four such surveys have been completed. Detailed reports of these are in the Commission's files at the Town Office. Recommendations range from limited, supervised timber stand improvement cutting to having another survey in 10 years, and using land for recreational purposes such as hiking, ski touring, nature classes, wildlife preserve, etc. The Commission plans to continue with these surveys until all town-owned property has been studied.

We would like better communications between this Commission and the Planning Board, and perhaps this might be accomplished by mutual membership by one person being on both the Planning Board and the Conservation Committee.

Committee members:

Frances Barry

Curtis Beaupre

David McKay

Wayne Smart, Selectman

J. Russell Spearman, Chairman

Elizabeth A. Weiant, Secretary
