To the Commissioners of  
Sullivan County:

We have examined the financial statements of the various funds and account groups of Sullivan County for the years ended December 31, 1982 and 1981, listed in the foregoing table of contents. Except as disclosed in the following paragraph, our examinations were made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Inventory of the Enterprise Fund was not audited, since no perpetual or periodic inventory records are maintained.

In our opinion, except for the effects of such adjustments, if any, as might have been required had the inventory been audited, the aforementioned financial statements present fairly the financial position of Sullivan County as of December 31, 1982 and 1981, and the results of its operations and changes in its financial position for the years then ended in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

The accompanying supplemental information and the column on the accompanying combined balance sheets captioned "Totals - Memorandum Only" are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. The supplemental information has been subjected to the tests and other auditing procedures applied in the examinations of the financial statements listed in the foregoing table of contents and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

## SULLIVAN COUNTY DELEGATION PROCEEDINGS

February 18, 1983

### Solid Waste Committee - Sullivan County Delegation

The Sullivan County Delegation held a meeting to hear from the Solid Waste Committee. Meeting was held in the Court House, opened at 3:00 P.M.

Present for the Delegation: Reps. Virginia Irwin, Gordon B. Flint, Sr., Larry Converse, Farrell Quinlan, Leonard Gray, Robert Brodeur, Robert Carlson, Everett Reney, Paul Johnson and Susan Lawrence. Senator George Wiggins was also present.

For the Solid Waste Committee were: Ted Seigler, Project Manager; Alston Barrett of Acworth, Chairman Sullivan County Committee; George Moulton, Chairman N.H./Vt. Solid Waste Project (Charlestown); Donald LeBrun representative for the County; Sydney Clarke, Commissioner from Claremont; and Leon Geil, Sullivan County Engineer.

Mr. Moulton explained the function of the Committee, its goals and accomplishments. He stated that it included 26 towns and that it was an approved Bi-State compact. Copies of the N.H./Vt. Solid Waste Project forms were handed out to the County Delegation. Also mentioned was the Clark-Kenith Company who is working with the Solid Waste Project. The amount of tonnage to make the project cost-effective was discussed in detail.

Senator Wiggins spoke on the upcoming bills that would extend the time to join in Solid Waste Groups and might extend the open dumps and burning, by as much as two years. He felt that Senate Bill #20 would not pass as it was now written.

More information was given on the Project including hopes to unite with Lebanon, Hanover, Keene and their surrounding towns. Tipping fees were reported to be stabilized for a 20 year period.

District concerns were addressed by Mr. Barrett. He noted that \$500,000 was already spent in hard cash and as much spent in volunteer participation.

Senate Bill #20 was discussed as being harmful in that it might destroy the group cooperation that took so long to form. He then gave a history of what the surrounding towns have done to date to comply with the State Regulations.

Rep. Irwin asked about the Solid Waste Bureau and Mr. Sweeney and Moulton answered.

A question was asked about the contract to sell electricity. Mr. Barrett said there was no contract, just a letter of intent. Rep. Johnson asked about the tonnage amounts. There were comments from Mr. Lantz of Newport, Rep. on the Solid Waste Committee on their dump and the unequal enforcement of the N.H. Solid Waste Regulation.

A motion was made by Rep. Lawrence; That Senator Wiggins arrange a meeting between Mr. Helie, Mr. Sweeney and the County Delegation, in his office some morning of a day that the House of Representatives is in session, to discuss the proper enforcement of the Solid Waste Laws. The motion was seconded by Rep. Johnson. The vote was unanimously in favor.

Rep. Irwin suggested that the Solid Waste Committee get notices on all upcoming legislation on this matter.

Meeting adjourned at 3:50 P.M.

Irwin made motion that Transit System be taken up next - motion failed for lack of a second.

Rep. Irwin spoke as a citizen and a former social worker that it is very hard to find anyone to do that job, at that wage (minimum).

Letters were given to the Delegation to prove this. Pat Daigle said the people were very poor and could not pay a full taxi fare.

Rep. Townsend asked about the County Home workers. Sue answered that those runs more than paid for themselves. Jim Egloff stated that by using public highways the taxis are in fact subsidized. Mr. Berry said that it is inefficient not to have both public and private systems available.

Sullivan County Delegation

Notices of this meeting were posted on August 12, 1983 in Claremont City Hall, and Court House, Newport.

Rep. Flint opened the meeting and announced that many letters were received by the County pertaining to the sale of County lands.

A letter from Attorney Howard Dunn was addressed first. The County Commissioners were asked to speak to the issue, but they said they had no further information.

Rep. Lawrence questioned why all the letters and additional information from others suggested there was \$150,000 to \$200,000 of lumber on the property including Mr. Ahern, yet Comm. Clarke had reported to the Delegation that there was little or no value in the timber left on the properties. Clarke said that he did not say there wasn't any timber that was saleable, just that we should sell before all the timber was cut. He also listed the reasons he still felt the land should be sold.

Rep. Townsend said that the last meeting's minutes had not yet been approved. She wanted the minutes corrected to include the conversation she had held with the Delegation gaining agreement that the proper procedures for sale of the County lands would be to offer the job openly for bids to all Real Estate salesmen; which wasn't included in the minutes and a procedure that was not followed by the County Commissioners.

Lawrence moved that the discussion be added to the minutes. Irwin seconded. In discussion Irwin felt that the minutes were so long and complicated that they should be taped to get the full sense of the conversations.

It was mentioned since the conversation was a sense of the meeting, and not a motion voted on, it really was not required to carry it in the minutes. Irwin withdrew her second and the motion died.

Irwin then moved that the meetings minutes be approved as printed. Cutting seconded - motion carried.

Rep. Johnson asked Commissioner Clarke if the timber was cruised. Clarke answered that some one did it and \$100,000 of timber was reported. Johnson asked when. Clarke said in the last month. Irwin asked who had done the work on the County lands. It was said ASCS was contacted about it.

Lawrence asked who cruised the properties and gave Clarke that low figure. Clarke would not tell. Lawrence asked if the person who gave the information was personally bidding on the land. Clarke said yes.

Rep. Carlson asked if other real estate agents were approached to handle the land. Clarke said about 30 people who wanted to buy the land cruised it. Rep. Townsend said she felt Mr. Clarke did not answer the question asked. The question was on Real Estate agents to work for the County to sell land, not on agents to put bids in.

Clarke said Mr. Swinyer was hired and any other agent would have to split a commission with Mr. Swinyer.

Rep. Brodeur asked what would happen to the Beagle Club. Mr. Clarke said they only had a one year lease left.

Rep. Cutting asked what groups in the county were necessary to go through to sell the land. Flint said the County Commissioners, Executive Committee and the full Delegation.

Rep. Tucker wanted a public hearing before the sale of the land, after the Commissioners opened the bids. Tucker moved that the County Delegation hold a public hearing on the recommendations of the County Commissioners on the sale of County lands. Irwin seconded it, as well as all the rest of the Delegation.

The Assistant County Legal Counsel addressed the meeting and said that procedure would be legal.

Rep. Mehegan inquired the proper procedure for selling the land and outlined what she felt was the procedure. Gray moved the question. Irwin seconded. Motion passed.

Cutting asked for a parliamentary inquiry. Could the public hearing be held before the Executive Committee met on the issue? The question was answered affirmatively. The motion passed unanimously. Irwin, Johnson, Townsend, Mehegan, Flint, Carlson, Brodeur, Gray, Cutting, Ingram, Palmer, Tucker and Lawrence present.

The public was allowed to address the meeting. Dick Webb, Exec. Committee of the Sullivan County Chapter of the N.H. Timberland Owners' Association spoke thanking the Delegation for voting affirmatively on a public hearing.

Irwin requested a tape recorder. The Commissioners said they have been waiting for the Delegation to request one, and would purchase one.

Irwin brought up the issue that the mailings were not sent out by the County office as requested. Flint said he also was not able to send information through the County office to the Delegation and something would have to be done to fix that situation.

Comm. Woodhull said that the Delegation should ask the Commissioners to approve what was to be done by the secretaries.

Lawrence felt that a chain of command should be set up by the County Chairman as to who had the authority to send out work and mailings. Tucker felt that it was out of the County Commissioners jurisdiction to pass judgment on requests for secretarial work by the Delegation. Flint said that another person was put on the county staff to handle any extra work.

Lawrence stated that particularly in important issues, copies of all pertinent materials should be made available to all members.

Rep. Flint requested that the Committee appointments be listed in these minutes. They are as follows:

Conservation District	Robert Carlson
Homemakers' Service	Susan Lawrence
Transit System	Robert Brodeur
Eldercare	Mildred Ingram
Counseling Center	Virginia Irwin
Rehabilitation Center	Larry Converse
Community Youth Advocates	Mable Cutting
Solid Waste Commission	Paul Johnson
Co-Op. Extension Service	Robert Brodeur
County Engineer	Leonard Gray
Bldg. Needs Committee	Flint, Gray,, Johnson, Carlson, Brodeur and Palmer

Johnson asked to be excused.

Lawrence wanted copies of the land appraisal to be made available. Flint said they would be, and requested three copies.

Ingram again requested that a tape recorder would be purchased.

Meeting recessed at 10:55.

11:05 Meeting re-adjourned.

Mehegan, Flint, Carlson, Brodeur, Gray, Cutting, Ingram, Palmer, Lawrence, and Irwin still present.

Commissioner Olden addressed the County Delegation about the furnace and attached electrical works. Also the jury room was discussed. \$38,000 to \$40,000 was originally expected, but \$25,000 was now the figure given for the room.

Lawrence said it should be done now that the building costs are cheap and save money. Irwin questioned the source of funds. Olden suggested Revenue Sharing Funds. Cutting wanted to know the procedure for releasing the funds. Olden said a public hearing was necessary. Cutting questioned using the money from the Hirsch Bldg. funds. Olden said they were earmarked. The Assistant County Attorney said a public meeting was necessary. Lawrence suggested that the two public hearings be held together. Everyone agreed.

Clarke spoke about the Hirsch property. Discussion continued on the expenditure of the money.

Cutting mentioned the State Association of Counties meeting, and asked about the juvenile and womens' quarters at the County jail. Olden said Mr. Ahern was addressing those issues.

Palmer moved, Lawrence seconded, adjournment. Adjourned 11:25 A.M.

**FINANCE COMMITTEE**  
Judge's Office, Probate Court  
Newport, N.H.  
October 19, 1983

Meeting of the Finance Committee of the Sullivan County Delegation opened shortly after 9:30 A.M. Present: Cutting, Mehegan, Gray, Irwin, Renny, Flint (non-voting). The meeting was conducted by the chairman, Rep. Cutting.

Irwin asked that the minutes of the previous meeting (August 26, 1983) be corrected to read: "Irwin moved that the Finance Committee recommend to the County Commissioners that they hold a public hearing to consider using 1983 Federal Revenue Funds for the special purpose of building a jury room." Irwin then moved and Gray seconded that the minutes be accepted as corrected. Motion passed.

The following requests from the County Commissioners to increase budget items were approved:

1. a/c #4102.21 for auditors, \$500.00.
2. To increase life insurance category in all departments., \$3,600.00
3. For new jury room, \$25,000.00, to be drawn from surplus in county jail income account.

A letter from George Thomson, Chairman of County Environmental Engineers, was read indicating his anticipation that budgeted funds in his department would fall short of expenditures because of added telephone expenses.

The next portion of the meeting was devoted to a quarterly budget review. The committee found that the budget statement was in order for the most part. The chairman agreed to question outside services of \$550.00 in the Commissioners' office; overpayment to assistant county attorney; staff expenses of Clerk of Court; additions to equipment under Laundry and Linen; and Other Fees and Outside Services under jail.

At 10:45 A.M., review of the budget was interrupted to discuss the new jury room, the plans for the Hirsch Building and the Ambargis Building with Ted Lewis, Architect, and his son, Greg. McGray & Nichols, Inc., of Newport, were the lowest of three bidders on the new jury room, at \$34,591.00. The request from the County Commissioners for this purpose had come to us at \$25,000.00.

The Ambargis Building on Sunapee St. and behind the Hirsch Building, has been offered for sale at \$45,000.00. Mr. Lewis recommends the purchase of the property as part of the overall Hirsch package. The building would be torn down and the space used for access and parking. The general feeling of the committee at this time seemed to be that the price is too high.

Much time was spent discussing the Hirsch Building. Title has now passed to the county, for \$60,000.00, and we learn that we have inherited rental income, from Hubert, Jenkins and two apartments, as well as monthly bills for oil, trucking, pest control, electricity etc. The Hubert lease, now at \$500.00 per month, has another eight plus years to run. Alternatives: Hubert stays and remodeling goes on around him, raising the possibility of suits for damage to merchandise and/or interference with the conduct of his business; Hubert moves temporarily, expenses of moving to be paid by the county, and entire building is remodeled, preserving first floor store for Hubert to return to finish out lease; some financial arrangement is reached with Hubert to terminate the lease and move. Mr. Lewis said it would cost at least an

additional \$100,000.00 to have to remodel around the Hubert store. He also said that the county needs all three floors of the Hirsch Building at 2,700 sq. ft. per floor. Even then, an addition is planned to give a total of 25,000 sq. ft. for court facilities, a low figure compared to those of other counties. The day is in the offing when each county will be expected to have two courtrooms. Our second courtroom is projected to occupy the first floor of the Hirsch building.

At 11:13 A.M., we were joined by the County Commissioners and the conversation continued. An offer of \$25,000.00 by the county to Hubert has been spurned, as expected. An offer of \$50,000.00, made on October 12, has received no answer.

Olden believes acquisition of Ambargis property is essential and should go in next year's budget. The Commissioners were questioned as to how much more should be offered to Hubert but there did not appear to be total unanimity of opinion.

It should be noted here that, among papers received from Woodhull with reference to sums asked for by Huber for cancellation of his lease, one was both undated and unsigned.

(The Commissioners and the Lewises left around noon and the committee resumed further review of the budget and consideration of other matters.)

Irwin moved, Gray seconded: The request of the County Commissioners to increase the amount of the appropriation for the new jury room by the amount of \$9,591.00 is accepted and it is further stipulated that that amount be taken from surplus County Jail income funds. Motion passed unanimously.

It was decided to call a meeting of the full delegation on Tuesday November 1st, at 7 P.M. in the County Courthouse, to report on the status of the Hirsch building purchase.

Irwin moved, Mehegan seconded: We recommend to the rest of the delegation that a maximum sum of \$75,000.00 be offered to Mr. Hubert for the purpose of terminating his lease with the county. Motion carried with Cutting voting in the negative.

Meeting adjourned at 12:50 P.M.

Rep. Flint opened the meeting of the Sullivan County Delegation at 7:10 P.M. with the following Reps. present: Palmer, Brodeur, Gray, Reney, Carlson, Johnson, Ingram, Townsend, Converse, Mehegan and Irwin. Commissioners Clarke, Woodhull and Olden were also present.

Minutes of the meeting of August 26 were approved, on motion of Johnson, seconded by Palmer, after making two changes: the minutes should have shown that the following members of the delegation were present at that meeting: Irwin, Johnson, Townsend, Mehegan, Flint, Carlson, Brodeur, Gray, Cutting, Ingram, Palmer, Tucker and Lawrence; the entry on page 3 reading "11:05 meeting re-adjourned" should be changed to read "11:05 meeting re-convened".

Reports of various committees were presented.

Commissioner Olden reported that McGray & Nichols, Inc. have signed a 45-day contract for the new jury deliberation room. The contract came in at \$34,500. The original estimate was \$25,000. He was asked about a tape recorder and promised one for our next meeting.

The New Hampshire Timberland Owners Association has notified us by letter that they are doing a survey and cruise of county lands in Unity at their expense. We should have the result in a week or two. Discussion of the need for and advisability of a public hearing at this time. Query? Did we leave the public with the idea that we would hold a hearing whether or not we decided to sell the land?

Motion by Johnson, seconded by Reney, that we accept the recommendation of the County Commissioners not to sell any county land at this time due to the inadequacy of the bids. Motion carried unanimously.

Motion by Palmer, seconded by Converse that the Chairman appoint a committee of three on County Land to pull together all available information on county lands and place it in the county records, working closely with the commissioners in this effort. Motion carried unanimously. The Chairman named Reney, Irwin and Johnson to the Committee. This committee will consider the advisability of holding a public hearing.

Irwin moved, seconded by Johnson, to go into executive session to consider the status of the Hirsch building and financial matters related thereto. Townsend proposed an amendment to this motion, seconded by Irwin, to permit the commissioners to be present as expert witnesses. The amendment was adopted by a show of hands and the motion carried unanimously by a roll call vote of Flint, Palmer, Brodeur, Gray, Reney, Carlson, Johnson, Ingram, Townsend, Converse, Mehegan and Irwin.

Executive session at 7:50 P.M.

Out of executive session at 9:05 P.M.

Mehegan moved, Converse seconded, that we reiterate our motion of July 21 to give the County Commissioners authority to negotiate problems concerning the Hubert lease of the Hirsch building within the guidelines discussed in executive session. Motion carried unanimously.

Irwin moved, Ingram seconded, that the Building Committee be instructed to set a deadline for negotiation with Mr. Hubert and for renovation plans to be presented to the full delegation for consideration. Johnson spoke against the motion as being too limiting on the commissioners. Motion failed with 6 in the negative, 2 in the affirmative and 4 abstentions.

Converse moved, Carlson seconded, that the Commissioners be authorized to negotiate for the Ambargis Building. Motion carried with 8 for, 2 against and 2 abstentions.

Meeting adjourned at 9:15 P.M.

## PUBLIC HEARING

December 15, 1983

The Public Hearing on the Sullivan County Commissioners 1984 budget was held on Thursday, December 15, 1983. It was held in the Superior Court Room, Newport, N.H. and began at 7:00 P.M.

Present from the Sullivan Delegation were: Reps. Carlson, Irwin, Cutting, Converse, Ingram, Palmer, Johnson, Flint, Lawrence, Gray, Mehegan, Brodeur, Reney and D'Amante. Present for the Commissioners were Woodhull and Clarke.

Chairman Flint began the meeting by appointing Rep. Irwin secretary pro-tem, as Rep. Lawrence has resigned as secretary for the Delegation. At the next regular meeting of the Delegation a new secretary will be elected/appointed.

A tape was made of the entire hearing and is available at the Commissioners' Office.

Rep. Flint invited the public to raise questions or comments and then explained the procedure. The budget which is attached for a complete detail, was presented by department. Comments or changes are noted here. Otherwise the request is as printed and only department totals are in the minutes.

Commissioners Office a/c #4100-\$67,129. Total is reduced as Mrs. Waltz is going on half-time beginning in 1984. She has been there for 28 years.

Treasurer - a/c #4101 - \$2,717. This total is reduced as well.

Auditors - a/c #4102 - \$8,000.

County Attorney - a/c #4110 - \$46,725. Mr. Tenney, the County Attorney explained the budget. His salary will be the same. The increase is for the assistant attorney. At this time, Rep. Flint told the public that there is a committee to study the need for a full time attorney. A preliminary report has been presented to the Delegation but the study is not finished. Rep. Mehegan spoke to the report.

Registrar of Deeds - a/c #4120 - \$88,125. Mrs. Austin explained that part of the increase was for a new copier and paper and that the rest was in salaries. Rep. Flint asked the Commissioners if a guideline for salary increases had been given the departments and Mr. Woodhull said that overall it was 5%.

Registrar of Probate - a/c #4130 - \$5,658. This is substantially reduced due to the Unified Court System and the State of N.H. taking on more of the costs.

Sheriff's Dept. - a/c #4140 - \$148,816. The amount requested by the Sheriff is \$1,295 more. The cut is in salaries. Mr. Bruno explained that his budget increase is because of a request for a new cruiser and a new position. Under Sheriff - Special Grant - a/c/ #4142, the amount requested is \$7,171. This reduction from last year is due to a new position in the regular department budget.

Medical Referee - a/c #4150 - \$1,190.

Court House - a/c #4160 - \$26,402. This shows a reduction because the boiler has been installed.

Records Building - a/c #4170 - \$11,532.

Superior Court - a/c #4180 - \$49,935. This shows a substantial reduction due to the Unified Court System. There are also three new Superior Court Judges so we should no longer have Masters and this saves the County \$10,000.

Clerk of Court - a/c #4183 - \$5,910. This is a \$102,263 reduction due to the Unified Court System.

Public Welfare - a/c #4190 - \$941,780. This is an increase of \$178,168. Part is due to an overexpense of \$160,000 (more or less) for 1983, and requests for assistance have increased. Someone inquired if part of the increase was for burial expenses (increased) of paupers as indicated in the papers a while ago. The answer is yes, if the person was a county liability.

County Engineer - a/c #4195 - \$36,823. The request from the Sullivan County Engineering Review Council was presented by Mr. George Thompson, Chairman. They are asking for \$39,679. They were not informed by the Commissioners about the proposed cut or the reasons why. They are asking the Executive Committee to review the original request.

Claremont County Bldg. - a/c #4196 - \$9,705.

DeWolf Block - a/c #4197 - \$10,800. This is a new expense for the County and there is some income to offset this expense.

The next categories all relate to the County Home and Jail Complex.

a/c #5100 - \$667,054. There is a 20% increase in this category. Mr. Ahern explained that many of the increases were due to costs over which he has no control, (F.I.C.A., Workmens' Comp., Medical Insurance) and a salary increase. Rep. Lawrence inquired if the salary figure included more help or just increases. Mr. Ahern responded that it was both, and that he did not know the percentage at this time. Mr. Bill Hagadorn, (a nursing home employee) then spoke on the issues and problems at the County Home. He mentioned the vote of 96 to 86 against the establishment of a union. He indicated that a 5% pay raise was insulting on top of low wages. He also indicated that the Union Committee would continue. Rep. Flint then discussed the concern that the Delegation was responsible for the wages that the employees received. He wanted to go on record indicating that for the three years he has been on the Delegation, that there has never been a case where they reduced the wages at the County Home. He then recognized the rest of the Delegation if they wished to speak. Rep. Ingram asked Mr. Hagadorn why if he were so unhappy, didn't he quit. He replied that he liked his job but that the working conditions could be improved. He also indicated that he supports the idea of a County Administrator. Rep. Lawrence then spoke. She said that the Delegation could no longer plead innocent about the wages at the County Home. She suggested that we establish a study committee to look at all wages below \$5/hr.; look at who deserves raises and not just give a flat 5% across the board raise. She wanted to go on record as saying she wanted to see a change that would be in everyone's best interest, including the patients.

Rep. Palmer spoke next. He agreed with what Rep. Flint said. Commissioner Woodhull spoke next. He felt that our County was the best run in the State. He said it was run efficiently and conservatively. He also said that this was his last term, after being a Commissioner for 20 years. He quoted some salary figures but it was not clear what he was referring to. He stated that salaries are not low or "sweat shop" prices.

Next Mrs. Hagadorn spoke. She indicated that after 6 years she was making \$3.75 in her present position. She said that all the employees were asking for is a little more in order to having more purchasing power in the supermarket. Rep. Irwin commented that the message to the Delegation was clear that almost half of the employees feel something is wrong and we have a responsibility to look into it.

Mr. Taylor asked how many patients there were at the County Home. Mr. Ahern responded that we have 194. There was some confusion about absolute numbers and average numbers. He next gave the daily cost which is \$47.00. Mr. Taylor wanted to know if we compared our costs with other County Homes in New Hampshire. He suggested that there might be ways to cut expenses in one area in order to increase salaries without increasing the overall costs.

Commissioner Clarke read the list of costs at the other facilities and we are the lowest. (Figures available at the office). Mr. Leatch asked if there was also a comparison of salaries available. Answer - No.

Dietary - a/c #5130 - \$496,842.

Nursing Care - a/c #5140 - \$1,479,198. Part of the increase includes more personnel, an increase in oxygen and some repairs and renovations. A question was raised as to what happened to salary not expended. It was explained that any funds not expended end up as surplus and applied against taxes. Rep. D'Amante wanted to know how often and by whom our books were audited. We have an annual audit by Smith, Batchelder and Rugg.

Operation of Plant - a/c #5150 - \$333,170.

Laundry & Linen - a/c #5160 - \$105,190.

Housekeeping - a/c #5170 - \$178,496.

Physician & Pharmacy - a/c #5180 - \$139,285.

Special Services - a/c #5190 - 5196 - \$111,114.

Jail - a/c #6100 - \$364,207. This is an increase of \$50,000. Some of it attributed to building renovations, food and medical insurance.

Farm - a/c #7100 - \$161,236. This is a \$21,000 increase. Some is due to equipment, feed and insurances. There was some discussion about the income vs. the expenses of operating the farm. This year is about the same as last, that is there has been a loss. A question was raised about the tax value of the land that was proposed for sale. The County pays taxes on it. Unity collects the taxes. The County would have had no gain in revenue. And Unity may not have benefited either.

Cooperative Extension Service - a/c #8360 - \$100,932. This includes funds for an assistant forester, salary, benefits.

Special Grants - a/c #8362.1 - 9:

Homemakers' Service - \$52,000. This includes a \$7,000 deficit.

Conservation District - \$6,000.

Transit System - \$12,500.

Eldercare - \$8,500.

Counseling Center - \$27,500.

Rehabilitation Center - \$26,000.

Community Youth Advocates - \$35,000.

Womens' Supportive Services - \$15,000.

It was noted that the Counseling Center will be requesting additional funds not previously presented to the Commissioners. The request of CYA is what is usually requested but not received. It is also to pay salaries and mileage that in the past have either been reduced or not paid. The increase in Womens' Supportive Service is due to increased demands for service.

Debt Service - a/c #9100, 9120, 9170 - \$315,795.

Revenue Sharing - a/c #9285.1, 2, 3, & 4. Some for the Deeds Office (\$24,163). for micro-filming. \$50,000 for the purchase of the Ambargis Property in Newport for parking, and \$15,000 for computers for the County office.

Delegation Expense - a/c #9370 - \$2,500.

Grand Total \$6,208,205.

A question was raised by Rep. D'Amante regarding the proposed purchase of the Ambargis property. He further asked if there was a master plan available in the County expansion project. He was told that Fleck & Lewis was working on it. Mr. Lou Thompson speaking for the Newport Revitalization Committee asked that the County work with the Town.

The next hour was devoted to a request for a County dispatch system. Mr. Phil Terrill, Chief of the Alstead (?) Fire Department presented one proposal for \$114,297 and Sheriff Bruno presented one for \$80,000. Details of Discussion on tape #3 and #4. Conclusion was the appointment of a study committee of the Delegation to report back to the Chairman and the Finance Committee by March 1, 1984. The committee consists of Chair, Rep. Carlson, Rep. Ingram, Cutting, Rep. Converse. A list was passed around to gather the names of those present who were interested in attending the Study Committee meetings.

Rep. Cutting, Chair of the Finance Committee requested that all members of the Delegation submit their expense requests as soon as possible.

Rep. Irwin informed the Delegation that a request will be made for around \$20,000 to be included in the Commissioners office for an administrative position. Rep. Flint asked for committee reports other than those already presented. Rep. Irwin reported that the Committee to study Children & Youth Services report is still in study.

Next the Revenue Section was discussed. Income is down because of loss of Court fees, income from caring for other counties prisoners is also down.

Rep. Palmer moved and Rep. Lawrence seconded the meeting adjourn at 9:30 P.M.

Addendum: Reps. Palmer and Johnson moved, seconded, and accepted amendment regarding deadline, the establishment of a committee to study county dispatch system. Vote was unanimous. Commissioner Clarke spoke in favor as well.

Respectfully submitted,  
Rep. Virginia Irwin, Clerk Pro Tem

## COMMISSIONERS' REPORT

In accordance with the laws of the State of New Hampshire, the Commissioners of Sullivan County herewith respectfully submit our Annual Reports of the Commissioners, County Attorney, Superior Court, Sheriff, Supt. of the Nursing Hospital, House of Correction, Farm, Chaplains and Physicians. Also the County Extension Service and the County Auditors for the year ending December 31, 1983:

The Commissioners are pleased to report that continued progress, with respect to the services provided, by your County government have been maintained and expanded.

The facilities at the County Hospital received their normal maintenance in order to keep it at the high level we believe the residents of Sullivan County have come to expect. Equipment was purchased in order to continue to provide the type of services our elderly citizens deserve. We congratulate Superintendent Ahern and his dedicated staff for giving outstanding service to the residents in the Nursing Hospital. They make us all proud of this excellent institution.

Over the years many citizens have complained about this county owning 1500 acres of land when it didn't seem possible this amount of land was needed. The Commissioners, after many years of hearing this, decided to test the market on land values to see if anyone was willing to purchase some of it at an acceptable price. This was explored and the Commissioners found that buyers were not willing to pay what this land was worth, so all bids were refused.

Over the years this land has increased in value because of inflation and selective cutting of the timber. Past Commissioners and future Commissioners should be complimented if this practice is continued.

1983 has been a year when action was taken to start the expansion of space needs at the County seat in Newport. The DeWolf Block adjacent to the County Court House was purchased and an architect employed to plan the renovation of the building, which will take a year or so to accomplish.

A much needed Jury Deliberation Room was built next to the Court Room which will give security and privacy to the members of the jury.

Room needs for the Court, Registrar of Deeds, Registrar of Probate, the Commissioners business office, the prisoners and Sheriff Department have been studied for several years and are now being finalized. They will be done in Phase #1, #2 and #3, so as to spread out the cost.

The Commissioners wish to express their sincerest thanks and appreciation to all County officials and especially our Superintendent and Matron, who have helped make 1983 a successful year.

Our appreciation to many private citizens and organizations who have contributed so much to the welfare and happiness of the patients and inmates at the County Home. Sullivan County can be proud that so many citizens are striving each day to do their utmost in seeing that the sick, aged and needy are not forgotten.

Respectfully submitted,  
Dana E. Olden

December 31, 1983

Sullivan County Commissioners  
Main Street  
Newport, N.H. 03773

Gentlemen:

In accordance with our Revised Statutes Annotated, I submit my report for 1983.

During 1983, according to the Clerk of Court's office, 102 Felony, 37 Misdemeanor, and 16 Violations, were brought into Superior Court, either as Indictments or as Appeals as to misdemeanors and violations.

Of these new matters, 90 Felony, 18 Misdemeanor, and 13 Violations, were disposed of. In addition, either my assistant or myself attended Sentence Review hearings in Concord, and I personally handled in excess of 100 URESA petitions including those initiated in other states and prosecuted in the County.

I, personally, appeared before six sessions of the Grand Jury during the year, and my assistant attended two lengthy hearings as to a highway dispute in the town of Washington with our County Commissioners.

There was, also, an extra two weeks session of Superior Court in July, three days in November, and one day in December. Court, also, convened one month early during the Spring session so we had a three month rather than a two month session, as had been the custom for years.

It is, indeed, unfortunate that the cost of operating the County Attorney's office increases each year. However, I know of no way I or anyone else can control the amount of activity, criminal and otherwise, this office must handle. It is not possible to control such by limiting appropriations for any specific item as the Courts will not limit the administration of justice or limit an individuals constitutional rights because of the failure on someone's part to appropriate enough money to prosecute matters.

If the public wishes our laws enforced they should be prepared to pay for such.

Edward J. Tenney, II

**SULLIVAN COUNTY SHERIFF'S DEPARTMENT**  
**ANNUAL REPORT**  
 January 17, 1984

Pursuant to N.H. RSA 104:29, the following is the total civil process served and the total civil fees collected and turned over to the Sullivan County Commissioners in 1983, with a comparison to the previous year:

	<b>1982</b>	<b>1983</b>
Civil Services	\$1,927.00	\$ 1,785.00
Civil Fees to County	7,216.30	24,207.70

Also, the following is a partial listing of Sheriff's Department activities and data for 1983:

Prisoner Transports	509
Arrests	48
Escourts	66
Hours in Court:	
Superior	376
District	156
Overtime hours - over	500

During the year the deputies handled a number of transports on weekends and evenings for Superior Court arrests. Such trips have been to Texas, Ohio, Washington, D.C., and Rhode Island. There has been an increase in the amount of evening and weekend Involuntary Emergency Hospitalization transports to Concord State Hospital. Court sessions and related transports also continue to grow. Many deputy hours have been spent outside of regular office hours handling such items.

With the increasing demands of the courts and workload, it has been difficult to operate within the budget. I have found it necessary to make several requests of the Commissioners to overspend in certain line items.

I would like to express my gratitude to all those who have shown their concern, and to all the local, county, and State agencies that have been so cooperative since my appointment in November, 1982.

Respectfully submitted,  
 Edward J. Bruno, Sr.  
 Commissioner to perform the duties of Sheriff

## SULLIVAN COUNTY ENGINEER'S ANNUAL REPORT

Engineering activities continued to expand during 1983 as the case has been during previous years. Assistance was provided to each of the fifteen (15) communities in Sullivan County as well as the County itself. In addition to the County/community assistance, eight (8) other State, local and regional organizations received assistance. Included in these requests was a request from the Claremont Rotary Club to speak at one (1) of their meetings on the progress of the Solid Waste Project. Along this same line, Dartmouth College had requested the Engineer to be a panelist, along with other State and industrial leaders, during a session on solid and hazardous waste before a group of students. Assistance was also requested toward the end of the year from the Forum on the Valley's Future and the U.S. Cold Regions Research and Engineering Laboratory (CRREL) in developing a pavement management program for rural communities. This program is expected to continue well into 1984 and is to assist rural communities with finding the least costly means of maintaining their roads. It will also provide the most cost effective work needed for reaching a specified level of service.

In order to create some uniformity in master plans, flood plain criteria, solid waste, zoning and planning, considerable time was spent coordinating and developing these activities with the Upper Valley - Lake Sunapee Planning Council and various State agencies. Further assistance was provided to several communities and agencies with criteria drafted for driveway access on to public roads, the development, operation and closure of gravel pits and detailed design and construction criteria for road and drainage work in new subdivisions.

During the 1983 session of the Legislature, assistance was given on several pending bills. This assistance ranged from critical review of pending legislation to actually providing testimony at both the Senate and House Committee hearings. In all cases, these bills could have created serious impacts on local communities.

At least one (1) Bill before the Senate would have had a dramatic effect on the NH/VT Solid Waste Project and respective communities. As a result of this Bill, the Waste Project requested and received a very successful hearing with the Sullivan County Delegation, Sullivan County Commissioners and our District eight (8) Senator. This hearing provided a very effective forum for local Waste Project representatives from each community in the County to inform their Senate and House representatives their concerns over the pending legislation. In addition to this, the Waste Project has continued to progress in final contract negotiations with Clark-Kenith, the proposed full service vendor, and with property acquisition for the plant site and the backup/ash landfill site. In conjunction with the development of Waste Project, a considerable amount of time has been spent developing and coordinating individual community facilities. These services ranged from improvements to existing landfills and transfer stations to design of landfill close-out, dump close-out and transfer stations.

Specific local assistance was provided several communities with subdivision review, site inspection and construction inspection. Plans, specifications and construction supervision were provided for various recreation facilities in Sunapee, Charlestown and Claremont. Detailed inspections, reports and expert testimony were provided for highway and bridge projects in Washington, Stoddard, Cornish, Plainfield and Springfield. All in all, 1983 proved to be a fairly active year with assistance, as noted above, being provided every community in Sullivan County. It is hoped that 1984 will be as successful. Thank you for the opportunity to serve you.

Respectfully submitted,  
Leon H. Geil, P.E.  
Sullivan County Engineer

## SUPERINTENDENT'S REPORT

December 31, 1983

To the Honorable Board of County Commissioners:

As we look back over this past year of 1983, we can see that many changes have taken place in our nursing care services. More professional nurses, as well as licensed nursing personnel and nursing assistants, are required to meet the needs of our residents and the Federal Medicaid Regulations.

Of the 193 residents, in the nursing home, 20% require feeding and another 13% assistance with feeding - 69% need assistance in activities of daily living and even the 31% who are independent need help in dressing, etc. - 45% are confused and disoriented and the same percentage are dependent on wheelchairs. Most of the residents require medications. Many of the services we provide today such as intravenous feeding, tube feeding, oxygen therapy, etc. were previous functions of the general hospitals. For these reasons, the cost of nursing care has increased considerably and this affects our annual budget.

The Sullivan County Nursing Home is recognized as one of the finest in the State and we would hope to continue with this reputation. Because of the LPN Training Program at the NH Vocational Technical College in Claremont, we have been well-supplied with Licensed Practical Nurses. There is an ongoing training program for nursing assistants at our own facility. Presently we are fortunate to be staffed with a sufficient number of professional nurses.

We want to express our thanks and appreciation to Dr. Richard Hutchins, our Medical Director; Miss Judith Brogren, RN, our Director of Nursing Services; all our Department Supervisors; and all our employees, who have a vital role in providing the care and meeting the needs of our residents.

The County Home buildings continue to be maintained in good condition with carpentry, painting, electrical work, and plumbing as part of the everyday routine. It was necessary, this year, to upgrade our water system to meet the State and Federal standards - this proved to be an expensive undertaking.

The Correctional Facility continues to function efficiently with Mrs. Viola Lunderville, as Correctional Supervisor, and her staff of officers. The average population is 35.

The County Farm Program continues to improve, and this year we have set new records - our rolling herd average for milk is 15,000 lbs. - butterfat 581 lbs. with a butterfat test for the herd of 3.9%, which is good for a Holstein breed of cattle. New programs have been developed to reduce farm costs and improve our revenue and thus the farm continues to be a profitable enterprise for the county complex.

Our Catholic Chaplain, Father David Morley, and our Protestant Chaplain, Rev. Ronald Prinn, are meeting the religious needs of the residents, and we are very grateful to them. We are fortunate to have members of the clergy, of various faiths, visit our residents often and conduct other religious services.

We would like to take this opportunity to thank the volunteers, who have given many hours to the residents of the facility, the organizations for their numerous contributions, and the community for its continuous support.

It was with deep regret that we learned that Dana E. Olden, Chairman of the Board of County Commissioners, had resigned as of December 31, 1983. He has been a tremendous help to us with his great insight and knowledge. He will be greatly missed. At this time we want to extend our sincere thanks to the three Commissioners for their support and cooperation.

In closing we want to express our thanks to all the other County Departments, who have assisted us throughout the year.

Omer C. Ahern, Superintendent  
Administrator  
Rosa C. Ahern, Co-Administrator

### **MEDICAL DIRECTOR'S REPORT** December 31, 1983

I am pleased to report that the quality of patient care continues to remain exemplary. This is noteworthy since 1983 was marked by a great deal of strife and turmoil over efforts to unionize the work force at the Sullivan County Home. The fact that there was no change in the quality of care rendered to our patients during this time is certainly a tribute to the professionalism of our entire staff.

The County Home continues to provide a full range of patient care including physical therapy, speech therapy, and occupational therapy. Our department of social service has been quite active this year, and we have made a number of placements back into the community. Our pharmacy budget continues to grow each year, and this is a reflection, not only of inflation, but of the fact that our patient population is slowly changing. We now have many patients who require a great deal of nursing care and are on numerous medications. Although this has not been verified, it is my impression that the average age of our residents is higher than it was five to ten years ago. If this kind of trend continues, and I see no reason why it won't, the county is going to have to be prepared to increase the nursing staff since the amount of care per patient will increase as their age and complexity of problems increase.

I would also like to recommend that the Social Service Department be increased by at least a half-time if not a full-time person. Our social worker has to spend more time with individual discharge planning which is required by State law. I do not believe that one person can fulfill all of the responsibilities that are required by this position.

I also have one final recommendation which concerns admission procedures. In the past, we have simply used a waiting list and taken the person at the top of the list when a bed is available. Now, however, the State is requiring that all Medicare/Medicaid patients be certified by them prior to any funds being made available for these patients. I believe, therefore, that we should apply the same criteria for admission to every patient regardless of whether they are a private - pay patient or a Medicare/Medicaid patient. I would still recommend using the waiting list and then review the people on the top of the list as for need. If they fulfill the necessary needs as set forth by the State for ICF level of care, then they would be admitted as soon as a bed is available. In order to determine whether they, in fact, meet these criteria, I would also recommend that we make on-sight visits either in the hospital or in their home to better assess their level of care.

Respectfully submitted,  
Richard K. Hutchins, M.D.  
Medical Director

## SULLIVAN COUNTY HOME REPORT OF THE CATHOLIC CHAPLAIN

A very important concern of St. Mary Parish is our ministry to the Sullivan County Home. Each year we attempt to fulfill the religious needs of its residents and to bring comfort and understanding in the following ways.:

1. Monthly Mass on the last Monday of each month.
2. Holy Communion distributed once a month by the priests of St. Mary, coupled with the availability of private confession.
3. Holy Communion distributed twice weekly by a parish team, headed by Sr. Helen Driscoll, our Pastoral Minister, comprising of eight lay Eucharistic Ministers, affording each resident at least four visits per month for their religious needs.
4. Members of Ct. Virgil H. Barber (Catholic Daughters of the Americas) come monthly to prepare residents for Mass and assist at Mass.
5. Once a year the Sacrament of the Sick is administered to each resident in a special ceremony at the County Home.
6. During 1983, an effort was made to reach out to inmates detained in the County Jail. The visitation program was most active during the summer months due to the presence of a seminarian. Since his departure, the rate of visits has been approximately one a month. A more concerted effort is needed.
7. We are continuing the Small Bible Sharing Groups started with Renew. This opportunity will continue to be offered to residents at the County Home. Transportation to special parish events is provided on request. Missalettes are furnished for those who can follow the TV Mass.

Our own Parish Ministry Team consists of:

Rev. Michael Pollit

Rev. Roger Moquin

Deacon David Robinson (during summer)

Sr. Helen Driscoll

Sr. Denise Therriault

Sr. Marietta Laporte

Miss Gertrude Bantle

Mrs. Helen McGuire

Mr. Flora Blain

Mrs. Theresa Coutu

Mrs. Margaret Ferland

Very Rev. David P. Morley, V.F.

## REPORT OF THE PROTESTANT CHAPLAIN

Regular services of worship continued on Sundays and Thursdays at the Sullivan County Home during 1983.

These services were conducted by representatives of the Claremont and Charlestown Congregational Churches, the Claremont Assembly of God Church, the First Baptist Church of Claremont, the Methodist Church of Claremont, Union Episcopal Church in Claremont and St. Luke's Episcopal Church in Charlestown.

In cooperation with Mrs. Smith of the Activities Department the various congregations involved provided these services of worship on a scheduled basis. Special services at Easter, Thanksgiving and Christmas were provided in the same way. Some of the birthday parties held during the year had a minister in attendance to give thanks for the celebration.

I continue to visit the residents in their rooms on some kind of a regular basis. The Rev. Ernest Drake of the Claremont Methodist Church began to share in this pastoral calling during 1983, and I am most grateful for his assistance.

The Agape Fellowship continues to provide regular Monday evening worship at the House of Correction and Jail. This small group of faithful Christians provide fellowship, caring, and study for any prisoners who are interested. I personally share in that ministry about one Monday a month.

In conclusion, I would like to express my thanks for the cooperation of the staff both at the Nursing Home and at the Jail and House of Correction. In particular I am grateful for the help and guidance of Mrs. Thirza Smith and for the hospitality extended to all of us in this ministry by Mr. & Mrs. Omer Ahern.

Respectfully submitted,  
The Rev. Ronald Prinn
