RUTH SANBORN JOYCE
1918 - 1987

This issue of the New Hampton Town Report is dedicated to the memory of Ruth Sanborn Joyce.

For 20 years, serving as an educator at the New Hampton Community School, she shaped the lives of many in the community; and now despite the many physical changes the school has seen, it remains indelibly stamped by her presence.

Her contributions to the community extended beyond the school to the library and recreation department. After her retirement, a scholarship fund was established in her name to provide financial aid to New Hampton's boys.

Ruth's generosity of spirit and willingness to go beyond has been an inspiration to us all. She will not be forgotten.

“STATE OF THE COMMUNITY”

In 1986, we received and processed a total of 57 building permits. This year we expect to receive more than double this amount and will be interviewing for a part time building inspector to handle the additional work load. There have been driveway and building permit fees placed into effect to absorb the additional costs for these services.

We have also requested that the Town of New Hampton's Planning Board raise their subdivision fees considerably to offset the rising legal costs that the Town has accrued pertaining to these matters. These increases will take effect very shortly.

As we all are aware, the Town continues to grow at a very rapid pace and more and more demands are placed on our services. In spite of this we have managed to hold our proposed budget to last year's spending levels. Without too sharp an increase in the school budget, and an estimated 1 million dollar increase in our property values, there should be little or no tax increase in 1987.

Two of the most significant issues facing our Town continue to be rapid growth and the Town landfill. This year both are addressed in the Town Warrant. (1) We are asking to establish a Capital Improvement Program which will enable us to plan and control the direction of our future growth, and (2) we are asking that money be placed in a Capital Reserve Fund for the eventual close-out of the Town landfill.

This year, for the first time to our knowledge, we asked Town residents to take an active part and supply input to our proposed budget before it's actual final form. Many good ideas were gleaned from this meeting and a similar meeting will be held next year if the situation warrants.

Respectfully,
Board of Selectmen

March 15, 1986

Moderator T. Holmes Moore opened our recessed Town Meeting at 10:00 A.M. to have the articles of the Town Warrant voted upon. The Moderator led us in the Salute to the Flag. We sang America the Beautiful without music, done very well. Then Mrs. Edith Youst gave a very nice prayer.

Moderator read Article #4 as follows:

To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

Many questions were asked and questions on amounts of some parts of the budget were questioned. A move to table article till later in the meeting was defeated; a total of \$116,175.00 was agreed upon. The moderator reread article with this total and it was accepted with a unanimous aye vote. Article #4 for \$116,175.00 was accepted.

Moderator read article #5:

To see if the Town will vote to raise and appropriate the sume of \$20,030.00 for the support of the Fire Department.

Bill Clement Moved the article and Michael Drake seconded it.

Moderator reread article and it was accepted with an aye vote.

Moderator read article #6:

To see if the Town will vote to raise and appropriate the sum of \$8,720.00 for equipment for the Fire Department: \$7,020.00 for Pagers and \$1,700.00 for coats, helmets and boots.

Article on motion amended to \$7,475; \$5,775. for pagers and \$1,700. coats, etc., by Bill Clement and Seconded by Hope Clement.

Annual Police Report for 1986

The demand for the services on the Police Department has increased more than I had anticipated. I had hired the third full-time Officer in June of this past year, this took some of the work load off of myself and Doug Smith. Unfortunately, this person did not work out and has resigned from the Department. His resignation was handed in on January 26, 1987. Since that time I have not filled the full time position. I have hired a part-time man to help keep the overtime down. This part-time man is Kenneth Hamel, he lives in the Town.

During this past year, Belknap County Sheriff's Office, our dispatch, recorded 3,446 calls for our Department. In 1985 there were only 2,696 calls. We covered 68 motor vehicle accidents in 1986: 1 fatal, 20 with personal injury, and 47 with property damage over \$500.00.

During this past year the Department went to the New Hampton Community School and fingerprinted the children and gave the Child Registry Handbooks to the parents to hold onto. I hope the day never comes that I will have to ask for one of those books back. If there is anyone else in the Town whose child or children have not been fingerprinted and who would like to have this done please call the Police Department on Tuesday, Wednesday, or Thursday 9:00 am - 3:00 pm for an appointment. However I only have approximately 50 books left; if there is enough demand I will reorder them.

The 1986 Plymouth Gran Fury is running very well and it will have approximately 20,000 miles on it by Town Meeting. The 1985 Plymouth Gran Fury is fair and it will have 95,000 miles on it at Town Meeting. I feel that we can make it one more year on the 1985 cruiser. I have allowed some money for a larger than normal problem due to the high mileage on the 1985. The Low-Profile 1986 cruiser is working out very well. I have only heard a couple complaints on the fact that people could not see the lights on the bumper in the front. I will be putting in a new type of bulb and changing them to strobe. There will be the same lights left in the rear window.

As you can see, I am not asking for any main line items such as a new cruiser, radios or major expense items. I kept the budget as low as possible. I have however increased the amounts of pay for the employees. The reason for that is in hopes to keep up to or close to the area Towns' pay scale. The only way that this Town is going to be able to keep its help is to be competitive in the areas of pay, benefits, and working conditions.

Last item - there will be once again this year a Dog Clinic. The details will be in three area newspapers once the time gets closer and we have a definite date and time.

Respectfully submitted,
Merritt D. Salmon
Chief of Police

New Hampton Fire Department 1986 Report

1986 was not a good year all in all, as we had one complete loss of a mobile home, and one frame house. Fires in old mobile homes are very fast travelling and do not afford much time to alert, get out, and extinguish. We had 74 fire related calls of which 11 were structure calls — 4 intown; 17 chimney; 11 vehicle fires; 11 forestry, and several other minor categories such as dryer fires, smoke investigations, additional response to other towns and 61 medical calls.

The water tank was replaced in the 1974 International and the 1985 Ford was returned for 1 day to have its tank repaired under warranty. As of now all units have non-leaking tanks.

In the forthcoming years, the Fire Department must look at a replacement schedule of vehicles that will continue to give the town the best possible equipment. Our 1961 International should be considered to be replaced in 1988 at the latest, and ten years from then we should replace the 1974 International. This give each unit a life time of nearly 30 years. In terms of the 1961, it will soon be difficult and expensive to find replacement parts to keep the unit operational. Also in the next few years, we should be replacing the rescue van with a larger unit.

Buy and install smoke detectors. Public buildings and rental apartments must have them and private homes should.

Respectfully,
William H. Clement
Fire Chief

Report Of Town Forest Fire Warden And State Forest Ranger

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

Emergency Medical Service

Annual Report for 1986

The New Hampton EMT's were again kept busy this year with a large number of calls. In order to be better prepared for emergencies we have purchased two cold water rescue suits and a heavy duty suction unit. With the increase in population and the opening up of more river and pond recreation we have directed our goals to being prepared for water rescue. One of our great needs is a boat and motor. If someone in the community has one for sale or would like to donate one to the department it would be greatly appreciated. We have three certified divers on the squad and have used them once this year for an underwater search.

Again, it should be pointed out that if you need emergency first aid or help you should call Lakes Region Dispatch at 524-1545 as this will be the quickest way to get help.

We very much appreciate your continued support in keeping this service going.

Respectfully submitted,
Peter L. Gulick
EMS Coordinator

Newfound Ambulance Rescue

1986 REPORT

The second year of Newfound Ambulance Rescue's service to Bristol and the surrounding Newfound Area including the Towns of Alexandria, Bridgewater, Danbury, Hebron and New Hampton, saw an increase of 32 in number of calls from the previous year for a 1986 total of 365. A breakdown of number of calls per town is shown below.

It was also a busy year in several other significant ways. The fund drive, started the year before, was brought to a successful conclusion, having raised over \$36,000.00 for the purchase and equipping of a new ambulance. In the early months of the year an order was placed for a Wheeled Coach Type II Ambulance. The new Ford vehicle arrived in Bristol in the spring and was phased into service during the summer. The Town's original 1973 ambulance went to the Hebron Fire Department where it is being converted to Rescue/Utility use and hopefully will continue to serve the Newfound Lake area several more years in that capacity.

The ambulances moved into a "new" station in April. With the move of Bristol's Water and Sewer Departments to new quarters, the lower level garage area of Bristol's old Fire Station became available. The two ambulances now share these quarters with the Bristol Police Department. Repair and improvements to the garage doors, especially the addition of an electric opener on the ambulance door has improved response time. The ambulances had previously been housed in private garage and barn space.

A major step in continuing efforts to upgrade the level of pre-hospital care, made available to residents of the service area, was the delivery of a Defibrillator in late December. Ambulance attendants will be receiving training and certification in the use of this very valuable life saving machine in early months of 1987.

With the co-operation of the State E.M.S. Office arrangements were concluded to hold an Emergency Medical Technician (E.M.T.) course in Bristol during the first quarter of 1987.

New Hampton Highway Department

1986 was a busy and productive year for the Highway Department. The implementation of our shimming and resurfacing programs were an important part of the department's accomplishments. We plan to continue these in an effort to improve our paved roadways.

The replacement of the 1975 L-800 with a new 1986 L-8000 has substantially improved our capacity to clear and treat the roadways and we are very pleased with its performance. This year's equipment replacement schedule will include replacement of the 1981 Chevy one ton and setting aside dollars for the replacement of the 1975 Clark grader in 1988.

When the anticipated growth within the community becomes a reality we will see several miles of roadway added to our system. I feel we can effectively meet these demands as long as we continue to live up to our present equipment replacement schedule. Our greatest concern and shortcoming is our limited capacity to treat back roadways when storms and poor weather conditions make these roads unsafe and the public demands continuous access from these outer areas.

I am concerned with the growth on many of our so called "back roads", when you consider the fact that we have only added about 600 feet of paved roadway to our system in the last twelve years. I believe we are rapidly losing ground in that area and it is of critical importance that we begin to address this situation.

Report of New Hampton Landfill and Pemi-Baker Solid Waste Planning Board - 1986

Directives from the New Hampshire Bureau of Solid Waste Management have moved the Town in several directions: 1. Hiring Dubois & King to dig test pits for water contamination results. 2. The acquiring of closure plans. 3. Removing scrap metal in June. 4. Monitoring the landfill with attendant. 5. Removing the debris from the eastern slope (per order of State of New Hampshire).

The Selectmen have been studying results of new inspections and the hydrogeologic study from Dubois & King and have plans to put new dump regulations into effect on April 1, 1987. Signs are being made to assist with the new regulations.

Selectmen Horace Boynton or Linda Morgan, Arthur Seavey, and Patricia Schlesinger attend monthly meetings of the Pemi-Baker Solid Waste Planning Board. Each of twelve towns has one vote on this Board. The purpose of the Board is to plan the future of solid wastes for these twelve towns. During 1986 the planning board discussed several options but in late December voted unanimously to buy the Plymouth solid waste facility, buy a new state-of-the-art incinerator and an ash landfill in Rumney.

The next step for the Pemi-Baker Solid Waste Planning Board is to appropriate funds to draw up engineers plans, financial analysis and legal contracts. Each town has been assessed according to the percentage of their waste production. 6.6% is New Hampton's share.

The Selectmen and Pemi-Baker Solid Waste Planning Board are now waiting for the vote of the twelve towns as well as Plymouth's okay from voters to sell.

Respectfully submitted,
Linda D. Morgan

New Hampton Conservation Commission

The concept of a Pemigewasset River management plan, initiated by the Conservation Commission last January, has taken hold in many towns of the valley. Selectmen, planning board and conservation commission members from nine towns met through this year to draw an overlay zoning plan to be submitted to each town's Planning Board and a Master Plan insert, calling for a Pemigewasset River corridor protection plan. The plan requires building setback and lot frontage of 200 feet, and septic setback of 125 from the river. Excavations requiring permits would be prohibited in the 500-foot protected corridor (1000' in flood plain).

Plymouth included the Baker River for their voters at town meeting. Ashland enthusiastically approved the plan and overlay zoning in their November election. Five other towns and the New Hampton Planning Board, as of this writing, are working on their participation. The first Pemigewasset River Day in June, hosted by New Hampton, had participants from Londonderry. We plan another this June. Active New Hampton members of the Pemigewasset River Council are Dave Erler, Lil McCrelis, Nancy Park, Bob Fischer and I which represents the Conservation Commission, Planning Board and river-owner participation. The ad-hoc committee meeting this year became incorporated as a nonprofit organization with the Secretary of State's office on December 1, 1986.

The commission was encouraged by support received from the townspeople, Selectmen and NH Wetlands Board this year. The Board denied a permit for road construction in the Magoon Brook wetland at the Pemi River in March and recently issued a \$2,000 fine to a resident at Lake Winona for dumping debris into the lake. Other wetlands permits were reviewed, some approved and granted as submitted; two others discussed changes with the commission and were then granted.

The Army Reserve unit has cranes and other large equipment at the Conservation Area and Captain Peter Hall reports they will attempt work in January along the shorefront, if they can successfully break through the ice. Highwater at the frontage inhibited work at the site for the past months. The condition is being resolved. The commission met in Manchester some months ago with the unit's commanding officer to clarify plans.

Dave Erler led two walks at the area, one on wetlands and the other on ferns. Both well attended and everyone looking forward to more of Dave's walks this year.

Young and old enjoyed Kite Day in May at the Conservation Area. Guests came from Rumney, Holderness and Meredith.

Shawn Makris and his Boy Scout troop cleared brush and trees at the farmsite; a very welcome improvement. Shawn, working on his Eagle Scout badge, organized construction of an outhouse at the Conservation Area but we were distressed to find it deliberately torn apart and dismantled after a few weeks.

Bill Huckins reactivated the old family spring and by gravity feed we now have water at the farmhouse site again. Bill always responds to such requests. It's a joy. The water has Water Supply and Pollution Control approval.

With great disappointment, we accepted the resignation of Josette Hofling this year. Mrs. Hofling serving since 1978 gave many hours to wetlands and logging inspections and decisions. Her interest in horses and wildlife added a special dimension to commission work. Dr. William C. Walsh also asked to be relieved of his commitment. He has been serving since the first Conservation Commission appointments in 1970. Two large concerns of the first members, Lester Youst, Tom Urie and Bill Walsh, were the cleanup of the river and tree planting on Main Street. Jobs completed and well done. Bill has been through the thick of property acquisitions and logging computations. We'll miss you, Bill and Josette, but will call on you for special tasks!

Stewart Rand carved a wonderful sign for the Alfred Jenness Natural Area, Cold Spring and it was unveiled by Randy Marshall, Stewart's sister and Gordon Huckins, Selectman, December 14, with Alfred joined by his daughter, Barbara Wood, and many of his friends from town.

We received expertise from Rick DeMark, Soil Conservation Service and David Lorch, Belknap County Conservation District again this year. Dave is so enthusiastic with the Pemigewasset River Council, he volunteered to be secretary.

1986 Planning Board Report

The Planning Board has completed another very busy year approving 16 subdivisions involving 419.07 acres, creating 63 lots.

As the Planning Board is presented with larger development proposals we will be looking for more technical advice from both regional and state planning agencies.

We will truly miss the expert guidance and services of John Conkling, Joseph Miller, board members, and Debbie Phelps, clerk, who all resigned during the past year.

The major tasks facing the Planning Board in the year ahead are developing a capital improvements program and site plan regulations.

On behalf of the Planning Board thank you for your continued support. Our regular meetings are held on the third Tuesday of each month at 7:30 p.m. and are open to the public.

Respectfully submitted,
Chester W. Butcher Jr.
Chairman

Zoning Board Of Adjustment

After the vote in the affirmative to have zoning, the Selectmen appointed the following members: Dana Torsey, Robert Moulton, Michael Coleman and William Clement, with Gordon Huckins as Selectman representative. Brenda Erler, Robert Donnelly, and Alden Hofling were appointed as alternates. Due to employment considerations, Mike Coleman resigned, which was accepted with regret as he made a valuable contribution to the functions of the Board. Alden Hofling was appointed in his place and Barbara Chase was appointed as an alternate.

In the first year, we received 14 applications of which 8 were completed, 2 were denied and 6 are on file with no action.

The one area that has caused concern and controversy is the restriction of mobile homes that do not meet the 1969 standard for mobile homes. This standard covers the structural integrity of the electrical systems of all units from 1969 on. We feel that these standards are minimum and that with respect to life safety, all units entering New Hampton should meet these requirements.

We, as a Board, feel that zoning is a necessary part of the controlled growth of New Hampton and urge all citizens to consider the pros and cons and its effects on the Town.

The New Hampton Community Kindergarten 1986

The New Hampton Community Kindergarten is still functioning successfully, thanks to the support of the taxpayers and the active participation of parents and concerned citizens.

Under the guidance of the Board of Directors, teacher Shirley Boutte and assistant Cathy Green, the seventeen children enrolled in this year's program are receiving quality pre-school education.

Thanks to the continued generosity of the New Hampton Community Church, the town, various fund raising events, and the efforts of parents and friends, the kindergarten has remained solvent.

We would like to take this opportunity to express our appreciation to everyone who has helped keep the kindergarten program alive.

On behalf of the children of our community we ask for your support to continue this worthwhile endeavor.

Gordon Nash Library

The Gordon Nash Library opened its doors in 1896. Today the library has an estimated 35,000 books and serves more than 3,000 residents, students or sojourners. Over the years items other than books have been added. Newspapers, magazines, records, audio tape cassettes, tape recorders, film strips, art prints, puzzles and even a camera may be borrowed. Large print books are available too. Reference questions are answered, and inter-library loans are easier to make than ever before.

The library offers many programs, concerts and exhibits for the continuing education and enjoyment of the community. Space is available for the activities of non-profit groups in the attractive downstairs rooms.

The library serves the New Hampton School, the Community School and Kindergarten with reference help, instruction, story hours and film programs. In addition a newly formed preschool group meets at the library twice weekly. This program also includes a story hour for other preschool children.

The Trustees are looking forward to continuing and improving these library services which have been so important to the community over the past 90 years.

Newfound Area Nursing Association

At a recent meeting of the Board of Directors, the Finance Committee recommended N.A.N.A. seek an increase of 10% in appropriated funds for 1987 from the towns it serves as follows:

Bristol	\$12,078.00
Alexandria	\$ 2,662.00
Bridgewater	\$ 2,662.00
New Hampton	\$ 5,368.00

Federal and State programs such as Medicare and Medicaid continue to decrease reimbursement for home care services. Increasingly, hospitals are discharging patients sooner and sicker. These clients, therefore, are in need of more services at home. Even though home care is less expensive than institutional care, it is nonetheless costly. Many who are on a fixed income are able to pay only a portion of the actual cost of the services.

Nurses, therapists (Physical, Occupational and Speech), home health aides and homemakers average 500 home visits monthly. Many more residents benefit from our monthly hypertension screening, well child, immunization and foot care clinics.

The health care delivery system will recognize home care as a vital component as the need for home care increases in the future. A strong community based not-for-profit home health agency such as N.A.N.A. will therefore continue to be an important and valued asset.

We respectfully urge you to grant our request. May we take this opportunity to express our gratitude for your generous and ongoing support.

Sincerely,
Jeannine M. Martin
Executive Director

New Hampton Parks and Recreation Department

The Parks and Recreation Department has had an eventful and successful year. The previous Board members all resigned with two (2) exceptions. In June, new members were found and sworn into their positions in July.

Our first effort was the games on Old Home Day. Our next endeavor was a Foliage Trip for the Senior Citizens. Following was our 1st Annual Halloween Party which proved to be enormously successful. And finally, we ended with a Contra Dance in December.

Through mutual effort and support, we plan to have more activities for the coming year and in future years.

Respectfully,
Debora W. Frame
Chairperson
