REPORT TO THE PEOPLE OF COUNCIL DISTRICT ONE

The five-member NH Executive Council acts much like a Board of Directors within the Executive Branch of your State Government. We have the authority granted to the Governor and Council by constitutional and statutory law for the overall administration of the affairs of State as defined by the NH Constitution, NH statutes, advisory opinions of the Attorney General and opinions of the NH Supreme Court.

We each represent one-fifth of the population divided into five districts. Our District consists of 98 towns and four cities spread over all or parts of five of New Hampshire's ten counties. The current population of our District is 221,000 people - basically the land area north of Concord.

Of prime importance to this region is the development of the highway transportation program throughout the State. The NH Legislature by law set in motion a two-year cycle which will start July 1, 1994 which requires each Councilor to hold public hearings to ascertain highway and transportation needs. We then meet, make our recommendations to the Governor, who then will make a recommended plan for highways to the NH Legislature by February 1997. Governor Merrill will be making his 1994 recommendations to the NH Legislature by February 15, 1994. Towns, cities, counties and citizens having an interest in this should contact their local State Representatives and State Senator.

Another project that is of continuing interest to this District is the nomination and confirmation of individuals to the dozens of State boards and commissions on which the Governor and Council are required to fill with qualified and interested citizens. If you are interested, please forward a copy of your resume to me.

Individuals having an interest in these duties and responsibilities should contact my office or Governor Merrill's office at the State House, Concord, NH 03301.

Raymond S. Burton
Room 207, State House
Concord, NH 03301
Tel. 271-3632

REPORT OF THE SELECTMEN

Many things took place in Tilton in 1993.

The change in the School District funding formula lowered the tax rate. The extension of the sewer system and contracting for a public water supply in Lochmere will increase property values. The Island restoration project is well under-way and the Sunday night entertainment was so enjoyable that it may become an annual event.

Plans for the renovation of our century-old Town Hall are completed and, if accepted at the Annual Town Meeting, the changes will improve efficiency and working conditions, and bring distinction to the Town for its excellence.

The private sector is constructing a tourist oriented shopping mall, recreational facilities and eating places which compliment the existing establishments. These cater to our growing leisure time and vacation business. With the continued wise guidance of our Land Use Boards and Conservation Commission, we should increase prosperity and preserve our rural New Hampshire beauty if we continue in this direction.

We are in the process of making up job descriptions and instituting a salary structure to fit these descriptions comparable to other New Hampshire towns our size.

1993 marked the year of bringing to a close several court cases over the 1990 re-assessment; most notably, Tilton School and Sherryland Park. These should be concluded as of this printing.

We also thank the Hartwell family for their generous gift of the gazebo, bridge, benches and the music series held on the Island. Thanks should go to the High School, Revitalization and all the others for the beautification of the Island. Our appreciation to Tom Jordan and the Town of Northfield in this Island Project that has brought the two Towns closer together.

We congratulate Tilton School who will celebrate their 150th year in 1995. Their programs of the arts, area clean-ups and their beautiful grounds are an asset to the community.

We are truly appreciative of those who currently volunteer their labor and time, and we urge all of our citizens, young and old, to get involved in the effort to make civic improvements in Tilton. We wish to thank all the Boards and Committees who graciously served the Town.

We want to applaud the Town employees for their diligence in providing the public with quality service at the lowest possible cost.

Lastly, we thank you the taxpayer who over the years has supported this Town and we invite your suggestions and criticisms to help make Tilton a better place to live and work.

William W. Joscelyn, Chairman
James W. Dodge
Kenneth F. Money
Selectmen

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying general purpose financial statements of the Town of Tilton, New Hampshire, as of and for the year ended December 31, 1993, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the Fiduciary Fund Type or the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amounts that should be recorded in the Fiduciary Fund Type and the General Fixed Asset Account Group are not known.

In our opinion, except for the effect on the general purpose financial statements of the omissions described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Tilton, New Hampshire, as of December 31, 1993, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The individual fund statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Tilton, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements, and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

February 16, 1994

REPORT OF THE CHIEF OF POLICE

The Tilton Police handled a record 6,478 calls for service in 1993. This is a 7% increase over 1992 and the upcoming year promises to be even busier.

Due to our location, much of the activity that is generated in Tilton is imported from surrounding communities via Interstate 93 and Route 3 and 11. In addition to this, the tremendous growth that we will experience makes it important for the citizens of Tilton to take a serious, active interest in public safety problems and call the Police whenever the need arises.

We dealt with some time consuming and important investigations including a driving while intoxicated negligent homicide, armed robberies, youth involved shooting, as well as an Interstate theft ring involving millions of dollars. I am sure the days of "nothing happening in small towns" are over. These incidents were all handled in a very efficient, professional manner and I think you can be proud of the Police Officers that work for you.

Again we have been successful in reducing some of our major crime rates such as burglary which is down again this year to 21 or 44% reduction over last year. We can keep this statistic low by reporting any suspicious activity any time it occurs, and by keeping an eye on your neighbors' property.

Having to move to Franklin District Court for our trials in 1993 has worked out extremely well. We brought 431 cases before the district courts resulting in \$42,240 worth of fines being imposed with only 21 cases being found not guilty.

We are braced for a definite increase in calls for service for 1994-95, attributed to new businesses in the area as well as an influx of people that these will bring. We will monitor this closely to assure the Town of adequate public safety coverage.

As always, we appreciate your continued support.

Respectfully submitted,

Charles B. Chase
Chief of Police

ROAD AGENT REPORT

Reports are always difficult to find a start.

Things were nearly normal from January to March 12th with the usual problems of frozen culverts, snow storms, freezing rain and plugged sidewalks. Then the " '93 blizzard" struck. We didn't get hit as badly in Tilton as other places did but we did get about 16 inches of snow on March 13th-14th. The Town received \$1,308.62 disaster funds from the State and Federal Emergency Management Funds which just about covered the costs of clearing Main St. The rest of the winter was about normal. Total snowfall was above normal.

Perhaps this is a good time to mention snow removal policy. In general:

1. Streets are plowed and treated (bus routes first);
2. Sidewalks are plowed and treated (if we can);
3. Rubbish is collected (if it's a rubbish day);
4. Snow banks are removed from Main Street.

Unfortunately, snow storms have a way of lasting a long time and we aren't able to clear the sidewalks as early as we would prefer. The sidewalks that parallel the State highway will be cleared and sometimes filled back in again by the State plows. Frequently the accumulated snow is too much to move with the sidewalk plow which then requires drastic measures to clear the sidewalk.

We don't intentionally hit mailboxes or fill the driveways after they have just been shoveled out. However, our obligation is to clear the highways and sidewalks to the best of our abilities. This situation is aggravated by mailboxes set too low or too close to the road, and driveways next to an embankment or sidewalk. People should be aware that there are ordinances against pushing or shoveling snow into sidewalks and roadways.

Over the years we have received many compliments for the condition to Tilton's roads (in reference to snow and ice) compared to other towns and cities to get the roads into this condition requires quite an expense in salt and labor. We wonder: Are we doing too much? Would the taxpayers be willing to tolerate more snow and ice in the streets? It's a question of safety and "driveability" versus expense. We would appreciate hearing from the taxpayers either way. Let us know how you feel about this.

Spring work was as usual with the exception of large amounts of sand to clean up which was left over from winter. The Spring trash clean up was exceptionally heavy. The huge pile of scrap metal that accumulated required a lot of time to "process" because of the wood, rubber, plastic, etc. which must be removed before we can dispose of the metal. Regular clean up of the cemeteries, monument and Island was done with much brush and leaves removed. Parking lines and crosswalks were painted. The State has requested that we not use the yield and pedestrian symbol in the streets because it isn't a standard used nationally.

We have had a few requests to have a fall clean-up. We would like to hear from residents on this considering the expense of labor and wear and tear on the trucks. Again, let us know how you feel.

Our summer projects, other than mowing and collecting rubbish, were: drainage and reconstruction of Mountain View Drive; drainage work on Daniel Drive; closing the demolition dump; and construction of the

ROAD AGENT REPORT (cont.)

transfer site.

Projects for 1994 include: drainage and reconstruction of Circle Drive (if the water line can be replaced first); shim and pave Park Road; work with the State D.O.T. to repair the retaining wall next to the Island (if we have enough money - we don't have estimates yet).

1993 RECYCLING REPORT IN TONS

DATE	MIX. CONT.	O.C.C.	PAPER	MO. TOTALS
1/6	2.25		1.17	3.42

12/8	2.76	.89		3.65
=====				
TOTALS	24.27	10.15	23.96	58.38

COST TO DISPOSE @ \$39.45/TON	\$2,303.09 (AT PENACOOK)
COST TO DISPOSE @ \$26.00/TON	\$1,517.88 (AT HOOKSETT)

COST AVOIDANCE	\$ 785.21

REGULAR RUBBISH GOES TO THE INCINERATOR IN PENACOOK. COST FOR 1994 WILL BE \$40.50 PER TON.

RECYCLED MATERIAL GOES TO THE B.F.I. M.R.F. IN HOOKSETT @ \$26.00 PER TON.

OPERATIONAL COSTS ARE ABOUT THE SAME FOR RECYCLED MATERIAL:

1. IF MATERIAL WASN'T RECYCLED, IT WOULD BE IN THE RUBBISH;
2. THE DISTANCE IS A LITTLE FARTHER TO HOOKSETT BUT THE TIME IS USUALLY LESS BECAUSE OF DELAYS AT PENACOOK;
3. THE TRUCK NEEDS TO BE CLEANED OCCASIONALLY;
4. THERE IS SOME EXTRA LABOR INVOLVED.

Respectfully submitted,

David Wadleigh, Sr.
Road Agent

PLANNING BOARD REPORT

The past year has been a busy one for the Planning Board. The year's major activity has been the review and updating of the town's Master Plan, with the assistance of consultants Bruce Mayberry and Doug Woodward, engaged with funds authorized by last year's Town Meeting. At this writing, the Master Plan review continues. A report should be ready by this year's Town Meeting.

Master Plan public information sessions were held in May (at the Tilton-Northfield Recreation Center) and in December (at Tilton School). The Board will hold another public forum to discuss the Master Plan as the review draws to a close. Following the Master Plan review, the next step will be to consider possible changes in zoning and revisions to the site plan and development application regulations. Also ongoing is the development of a Capital Improvements Program. Many town officials and town residents have contributed their ideas and expertise to the Master Plan review, and we thank them for their valuable input.

In spite of the continuing cool economic climate, Tilton continues to attract development. This past year has seen the beginning of construction at the Fisher Mall. Included among the developments for which the Board approved site plans during the past year are: Quin-T, the new Burger King, Jay's Seafood Restaurant, an addition to Lochmere Place, alterations at Mona Lisa Pizzeria, the relocation of Fairlane Mobile Homes, Railroad Tie Landscaping, and additions to Oliver's Restaurant. Currently under review at this writing is the proposal for a major WalMart store in Tilton. In connection with the WalMart development, the Board has devoted considerable time and discussion to economic development in Tilton and the potential impact of the WalMart store, requiring the preparation by the developer of a comprehensive economic impact study with a review by our consultant.

Several aspects of highway planning are underway which impact Tilton, and the Board has contributed to these. We have participated in public sessions regarding the redesign of Exit 20. The Board has also offered reactions and recommendations to the proposals for improvements to Rte 3/11. The Board has strongly recommended the development of off-corridor improvements in an effort to protect downtown and other businesses and to better meet the needs of Tilton residents. Partly because of the need to participate in regional planning in order to have the town's concerns heard and recognized, the Board has recommended that the town reaffiliate with the Lakes Region Planning Commission.

Again this year, the Chair wishes to thank the Board members as well as the many town residents who have given their time and energy to the Planning Board in order to make Tilton a better place to live and work for all. I would also like to thank the Land Use Administrative Assistant, Ms. Lenore Sattler, for her valuable and efficient work managing the Land Use Office and assisting the Board's activities.

John B. Mason
Chairman

MISCELLANEOUS:

In order to better serve the general public, a minor but significant change to our "Rules and Procedures" was ratified in August 1993. This change limits the number of appeals to be processed at any regular hearing to a maximum of three.

Despite the availability of an excellent Handbook published by the Office of State Planning and other sources of reference material, it normally requires years of hard work and experience to fully qualify a new member of the Board. Because of this, the lose of an experience member can jeopardize the overall efficiency of the Board. Earlier this year, we were faced with the loss of two members, one permanent and one temporary, with only one alternate to fill the void. In early July, a memo to the Board of Selectmen, requesting their assistance, yielded two new alternate members, Andre Boudreau and Robert Szot, who have both demonstrated an excellent ability and understanding of their task. Welcome "Andy" and "Bob" and my thanks to the Board of Selectmen for their timely support.

Congratulations to one of our senior Board members, Karen Cornell and her spouse Charles, on the birth or their beautiful baby girl "Brittany". Welcome back, Karen.

Finally, a special thanks to my devoted fellow Board members who were faced with many difficult decisions this past year. WELL DONE!

Robert G. Brown,
 Chairman

REPEAT-2	4	17	11	11	13		
REPEAT-3+	1	4	2	6	6		

In the majority of repeat cases on our 1993 client list, a couple of very relevant issues surfaced: The lack of a high school education or GED in the lower age groups of repeat clients, and the age discrimination regularly reported by the clients in the older age groups. In the older age category the majority of repeat cases suffered by having both issues as their roadblock to re-employment that offered benefits and a wage that could support a home-ownership issue. The office makes great use of the N.H.J.T.P. referrals for approximately 75% of the clients who completed the N.H.J.T.P. classes are still employed and not on any form of assistance. The office maintains a very pro-active position on adult education and job training for our clients. The shift to higher input in the middle and upper age groups is mainly explainable as the more seasoned families took immediate precautions to download their family indebtedness at the start of the economic slide and withstood the bulk of economic impact up to the point that they had

WELFARE OFFICER REPORT (cont.)

to work with the office. In many cases, these clients took longer to work with because some almost waited too long before they sought help and their recovery, therefore, took a longer intervention period. The clients have performed creditable work fare and have contributed time and effort to each town sponsored event, i.e.: the Island project, Old Home Day, Downtown Fair and Christmas fund, to name a few. The office believes in "community bonding" as a source of personal pride and recovery for our clients. They take pride in the work they do for the town that assists them and are more likely to be on assistance for a shorter period of time than those in communities who have no such program. We remain guardedly hopeful that a few of our numbers will find employment with the new retail operations that are scheduled to come into our area.

Respectfully submitted,

M. Marie Mahoney, Welfare/Health Administrator

1993 REPORT OF THE CONSERVATION COMMISSION

This year has been a busy one for the Commission, as development interest around I93 Exit 30 continues to increase. We have experienced an increase in requests from engineering firms for preliminary meetings to discuss wetland impacts, wetland mitigation and development constraints on proposed project parcels. Most of our 1993 fall meetings were devoted to discussions with representatives for the Rodgers Development project and other proposed projects near I93, Exit 20.

We are required by law to review Tilton applications for N.H. Wetlands Board permits. This involved inspecting project sites and sending written comments to the N.H. Wetlands Board. In 1993, the number of applications remained approximately the same as in 1992. We also reviewed site plans, inspected wetlands on several proposed developments, and provided comments on the wetland impacts to the Planning Board and Zoning Board of Adjustment. Proposed projects reviewed included I93 improvements, widening of Routes 3/11 bridge near Jay's Marina, extension of the sewerline to Jay's Marina, dredging the Lochmere Hydroelectric Project tailrace, and land alterations on several private properties.

At the request of the N.H. Wetlands Board, we inspected four locations with reported wetlands violations and monitored a stream bank stabilization project during construction. We also monitored several permitted projects to insure that erosion and sedimentation controls were constructed as approved.

We participated in the Town's Master Plan update by meeting with the Town's consultant, reviewing and commenting on draft chapters about land use, conservation and preservation of open space.

Commissioners attended meetings for the Route 3/11 Corridor study and the proposed I93, Exit 20 improvements. We also attended training workshops in stormwater drainage and erosion control, environmental regulation enforcement, wetlands function evaluation, NH threatened and endangered species, and streambank erosion control and stabilization methods.

Two useful handbooks were added to our reference library in 1993. The first describes the requirements of all State and Federal environmental permits; the second is about methods of stormwater management and drainage and erosion control in urban and developing areas.

Commissioners are available to assist anyone planning a project or having questions regarding natural resources, wetlands, or N.H. Wetlands Board permit applications. Commissioners can be contacted at home and at monthly Commission meetings.

Respectfully submitted,
Justine B. Gengras
Chairman

BUDGET COMMITTEE

The Budget Committee, as directed by State Statute, is responsible for preparing budget appropriations for the ensuing fiscal year. Also, the Committee's duty is to review the budget through the year to check for overspending.

To accomplish this task, information must be supplied to the Committee as directed. The following text is entered to address a serious problem that faces the budget process:

As part of its deliberation, the Budget Committee for the Town of Tilton is asked to review and make recommendations on several salaried positions of the Town Administration. In the absence of clearly articulated job descriptions and a formal written evaluation of performance for each of those positions, we find ourselves making decisions that could be viewed as subjective.

We are as a Committee not only uncomfortable with this process but feel strongly that it does not serve the Town well. We recommend that job descriptions be written for each position and that a formal reporting and review process be implemented by the Selectmen as well as all Boards whose organizations appeal for Town funds.

It is our view that salaries should be determined on the basis of the responsibilities commensurate with each position as well as the performance of those responsibilities, particularly as they relate to economies and efficiencies brought to the Town government and administration.

It is further recommended that all agencies of Town government and administration, as well as other social service agencies as part of their petition for support, be required to submit audited financial statements including revenues and expenditures, and that their petitions for support be submitted in a timely manner, otherwise they may not be considered.

Unanimous Vote of Budget Committee

John McCarthy given a standing ovation as recognition for his years of service to the Town.

Retired Chief of Police George Prescott given standing ovation and appropriate recognition will be given at Old Home Day.

Meeting adjourned at 11:10 a.m.

TOWN OF TILTON WARRANT
Polling hours 10:00 AM to 7:00 PM

To the inhabitants of the Town of Tilton, in the County of Belknap, qualified to vote in Town affairs.

You are hereby notified to meet at the Tilton Public Works Building on March 8, 1994 at 10:00 AM to act on the following subjects:

1. To choose the necessary Town officials as presented on the ballot prepared for same.
2. To choose the necessary School officials as presented on the ballot prepared for same.
3. To see what action the Town will take on the adoption of the amendments to the existing Town Zoning Regulations as proposed by the Planning Board on Special Ballot prepared for same.
4. Are you in favor of increasing the Board of Selectmen to five (5) members? (by petition)
5. Are you in favor of combining the office of Town Clerk with the office of Tax Collector, thereby creating an office of Town Clerk/Tax Collector to be held by one individual for a term of three (3) years? (by petition)

And on the 12th day of March 1994 at 10:00 in the forenoon at the Winnisquam Regional High School to act on the following subjects:

6. Long-Term Borrowing: To see if the Town will vote to raise and appropriate the sum of \$750,000 (gross budget) for the renovation and equipping of the Town Hall, and said sum to be in addition to any federal, state or private funds made available therefore, and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The total expenditure not to exceed \$750,000. The Board of Selectmen recommends this appropriation. The Budget Committee recommends this appropriation. (2/3 ballot vote required)
7. To see if the Town will raise \$2,500, which includes \$2,000 to fund Sunday concert series on the Island, and \$500 for Summerfair. The same is requested of Northfield. The Board of Selectmen recommends this appropriation. The Budget Committee recommends this appropriation. (by petition)
8. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000) for the Northfield-Tilton Economic Development Corporation, a private non-profit corporation, for the purpose of promoting economic development and business expansion in the two Towns. The same request has been made of Northfield. The Board of Selectmen recommends this appropriation. The Budget Committee recommends this appropriation. (by petition)

TOWN OF TILTON WARRANT (cont.)

9. To see if the Town will vote to direct the Selectmen to annually appoint a committee of three residents for a term of one year to oversee cable television operations within the Town; to act as the local franchise authority for the Town, with authority to execute an appropriate agreement with the Lakes Region Cable Television Consortium, and through the Consortium, retain appropriate counsel for the purpose of negotiating appropriate franchise agreement or agreements for local approval, and for the purposes aforesaid, expend a sum not to exceed \$3,000.00 during 1994. The committee hereunder appointed is to explore and implement any scheme by which the Town's general fund can be reimbursed for any funds expended hereunder. The Board of Selectmen does not recommend this appropriation. The Budget Committee recommends this appropriation. (by petition)
10. To respectfully request that the Town of Tilton vote to raise and appropriate the sum of Six Hundred Thirty (\$630) dollars in support of New Beginnings - a women's crisis center. The Board of Selectmen recommends this appropriation. The Budget Committee does not recommend this appropriation. (by petition)
11. To see if the Town will vote to accept the Budget submitted by the Budget Committee, and pass any vote in relation hereto.
12. To see if the Town will vote to authorize the Selectmen to deed the mobile home located at Map R18-85-21 to the previous owner for the amount equal to the 1990 taxes and interest plus all other expenses incurred by the Town.
13. To see if the Town will vote to dedicate the Town owned land located off School Street, Map U7-41A, as part of the park system of the Town.
14. To see if the Town will vote to pass the following amendment to the Town Traffic ordinance Article II Section 9 of Chapter 200:

It shall be unlawful to operate any motorcycle, automobile or vehicle on any way using any audio equipment which is clearly audible beyond the confines of the motor vehicle.

Proof of ownership of any vehicle operated in violation of this chapter shall be prima facie evidence that such owner operated said vehicle and in all cases where the owner shall permit another to operate said vehicle the said owner or operator may be charged for any violation of this chapter.
15. To see if the Town will vote to accept the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Board of Selectmen to apply for, accept and

TOWN OF TILTON WARRANT (cont.)

expend, without further action by the town meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year.

16. To see if the Town will vote to accept the provisions of RSA 31:95-e providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Board of Selectmen to accept gifts or personal property which may be offered to the Town for any public purpose. The Selectmen must hold a public hearing before accepting such gift, and the acceptance shall not bind the Town to raise, appropriate, or expend any public funds for the operation, maintenance, repair or replacement of any such person property.
17. To see if the Town will vote to authorize indefinitely, until specific rescission of such authority, the Board of Selectmen to convey property acquired by the Town through Tax Collector's deed by public auction.
18. To see if the Town will vote to accept the provision of RSA 33:7 providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Selectmen to issue tax anticipation notes.
19. To see what action the Town will take in regards to the reports of its officers and agents.
20. To choose any other officers and agents for the ensuing year.
21. To transact any other business that may legally come before said meeting.

TILTON-NORTHFIELD FIRE DISTRICT WARRANT

To the inhabitants of the Tilton-Northfield Fire District, qualified to vote in the District Affairs:

You are hereby notified to meet in the Winnisquam Regional High School Cafeteria on Monday, March 14, 1994 at 7:30 o'clock in the evening to act on the following:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a Fire Commissioner for the ensuing three (3) years.
5. To hear the reports of the Treasurer and the Fire Commissioners and pass any vote relating thereto.
6. To see if the District will vote to renew the Water Contract and raise money for the same in the sum of Forty-One Thousand dollars (\$41,000.00).
7. To see if the District will vote to raise and appropriate Sixteen Thousand dollars (\$16,000) for the support of the Winnisquam Fire Department.
8. To see if the District will vote to accept the budget as submitted by the Fire Commissioners, and pass any vote in relation thereof.
9. To see if the District will vote to authorize the Fire Commissioners to apply for, accept and expend money from the State, Federal or other Governmental unit or a private source should any become available during the year.
10. To see what action the District will take relative to the ultimate disposition of accumulated insurance proceeds. Such proceeds are accumulated as a result of proceeds received from insurance companies as a result of transports by the Districts Rescue Squad.
11. To see if the District will vote to authorize the Fire Commissioners to borrow money in Anticipation of Taxes.
12. To transact any other business that may legally come before the meeting.

A true copy of the Warrant Attest:
Fire Commissioners

Thomas G. Gallant, Chairman
Andrew Sleeper
Lewis D. Read

NEW HAMPSHIRE HUMANE SOCIETY

The 1993 totals of the number of animals brought to the N.H. Humane Society shelter from your Town are as follows:

By your Animal Control Officer:

Dogs & Puppies	17
Cats & Kittens	4
Total	21

From local residents:

Dogs & Puppies	39
Cats & Kittens	64
Total	103

Total all animals: 124

Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements.

Every town has stray animal problems. We encourage your town, and especially your Animal Control Officer, to use our services more in 1994.

Fritz T. Sabbow
Executive Director

YOUTH ASSISTANCE PROGRAM

Our volunteers, board of directors and staff members have worked hard to help solve problems facing young people, families and concerned citizens in our communities. We are all aware of incidences that threaten the peace of this rural area. We are concentrating on trying to stop major problems from entering our communities. Larger cities and towns have already experienced tragedy from the growing "gang" problems among young people. The participants in the Youth Assistance Program are dedicated to help bring together schools, police, businesses and other agencies affecting the lives of our youth so that we can work together to try to prevent the rise of dangerous youthful activity.

While this major effort is now going on we have seen a rise in activity in our court diversion program for first time youthful offenders. It is important for young people to take responsibility for their actions, to learn to make positive choices, and for victims to be compensated.

To help parents learn good parenting skills we began an Active Parenting class in addition to our Parent Support Group, family mediation, and parent-child counseling. We continue to see many young people on an informal basis, individually and in groups. We have planned healthy activities for young people.

Our substance abuse training program had five different groups in 1993. This is a useful tool in the effort to slow down the use of dangerous and illegal substances among our young people. Referrals for this program come from the police, the schools, families and sometimes the young people themselves.

Respectfully submitted,
 Martha C. Douglass, Director
 Dawn B. Shimberg, Assistant Director

Total 23,769

The Town of Northfield received a grant to hire an architect to do a feasibility study for a handicapped access to the library. The study will be completed in 1994.

A people count which began in October shows we average 55 people per day. This figure does not include the school children who visit during the school year.

Thirty children enrolled in the summer reading program. Performances by the Little Red Wagon and the Perry Alley Theatre were made possible with donations from Shop and Save and Tilton-Northfield-Ford-Chrysler-Dodge with the Franklin Public Library. A thank you to Mary Ahlgren, Children's librarian at the Franklin Library for putting this all together.

Norm Gauthier presented a program on haunted buildings in New Hampshire at the Northfield Town Hall in October sponsored by Hall Memorial Library.

Pre-school storytimes began in November and continue weekly.

We appreciate the generous donations of books, magazines, time and money given to the library through the year. The Christmas wreath made by Clara Hardy was given to us by the Tilton-Northfield Garden Club.

Thank you to the Tilton-Northfield Rotary Club for once again giving the library a pass to the Christa McAuliffe Planetarium for use by Tilton-Northfield residents.

The library accepted with regret the resignation of Rinske Van Epen. We wish her well as she pursues other interests.

TILTON-NORTHFIELD RECREATION COUNCIL

The Tilton-Northfield Recreation Council would like to start our yearly report by thanking the many volunteers who help teach and coach the youth of our community. Without this support we would not be able to provide the wide range of activities we now offer.

The T-N Rec Council is a non-profit organization that provides recreational services to the towns of Tilton and Northfield. We are governed by a council of twenty volunteers of which ten members are from Northfield and ten are from Tilton. The money we receive from your tax dollars pay for our basic operating budget and help defray the cost of our summer program and our sports programs. There is a slight cost to our sports programs which helps cover the cost of their shirt which they get to keep and their participation trophy. We have worked very hard to try to balance the cost of our programs and the operating budget we ask the tax payers to assist with. We have never turned anyone away from our programs because they cannot afford the registration fee and any matter such as this is kept strictly confidential.

The Pines Community Center is now a year old. The Building has allowed us to expand our programs to all age groups where in the past most of our activities were geared toward children. The Community Center is open from 9:00 to 8:00 Monday through Friday and Saturday afternoons. The multi-purpose room is available to rent for parties and functions for a sliding fee based on the number of people using the facility. Please contact Cindy Rose at 286-8653 for rental and/or program information.

Steven Hoyt
T-N Rec Council President

VISITING NURSE ASSOCIATION OF FRANKLIN

The Visiting Nurse Association of Franklin experienced continued growth in 1993. This growth at 9% is certainly welcomed, in order to meet this growing need for service creative planning was required. It was through long range strategic planning that we set the objectives that enabled us to integrate more sophisticated technology, operating systems and programs into our organization. At the same time we were striving to keep in touch with the community, as it is only in the community that our mission is accomplished.

Amidst our rapid growth, changes in the home health care industry have required that we develop new approaches in doing business. We face new laws and regulations, a proliferation of competitors and a reduced number of payers as we move toward managed care. We must address all of these elements of a regulatory and competitive environment as well as carry out the mission of providing care to all, including the underserved.

It is through teamwork with the Board of Directors, Agency personnel and other VNAs that our mission was accomplished.

Each individual care provider approaches their patient and takes pride in their work, bringing QUALITY CARING home health care to the special people of Tilton.

Service Statistics

In 1993 over 6,020 services were delivered to the residents of Tilton and 32,022 to our entire catchment area. Our Hospice and Child Health Programs are requested by many families in Tilton. The footcare, immunization and flu clinics as well as blood pressure screenings, educational programs and support groups continue to expand.

Skilled nursing visits	1,558
Home health aide	2,922
Physical therapy	299
Occupational therapy	90
Speech therapy	56
Homemaker visits	664 (1,916 units)
Supportive services	204
Hospice visits	42
Office visits	41
Child Health Service	15
Community health	114
Medical Social Worker	15

TOTAL	6,020

We appreciate the support from Sandra Emerson and Medford Sattler from your community who actively serve on our Board of Directors.

We can be reached at 934-3454, 24 hours per day.
Office hours 8:00am-4:00pm, Monday-Friday

LAKES REGION FAMILY SERVICE ASSOCIATION, INC.

Lakes Region Family Service Association, Inc. is a private, non-profit social service agency which offers supportive services to families from Tilton. The agency has been in existence for over 25 years in the Lakes Region of New Hampshire; our purpose is to provide accessible, affordable services to sustain family life.

The agency provides three core programs. These are a Family Counseling Program, a Mediation Program, and a Child Advocacy Program. We provide parenting programs, groups and workshops such as a Co-dependency group, assertiveness training, and stress management. The agency does parent-child mediations free of charge, and divorce mediation is available at reasonable rates.

Counseling services are provided on a sliding fee scale basis; many insurances also cover the cost of counseling. There is no waiting list for services.

Lakes Region Family Service is in the second year of a child advocacy program. This includes intervention with child sexual abuse victims and their families; we also do outreach, primarily in schools, to help people identify child sexual abuse and to know how to respond.

The agency is open four evenings per week to make services accessible. Anyone is welcome to call for information at 524-5835.

Secretary/Treasurer

RECYCLING COMMITTEE

We feel it is important to again announce that Tilton has an active and effective recycling program which operates on the site of the Town's Highway Department, and is open Saturdays from 9:00 AM to 1:00 PM and receives the standard household mixed containers, newspapers and corrugated cardboard. Our program began three years ago through the efforts of an increasing group of volunteers who gave of their time to staff our facility and handle the items which people have brought in. Our growth has come from word-of-mouth, participants' involvement of neighbors and hopefully from our school children bringing home this message of importance to Mom and Dad. To date approximately 10% of our solid waste stream is recycled. The State's goal of towns reaching 40% by the year 2000 is attainable only if we all do our share.

We see familiar faces week after week yet know that there are many more citizens who do not participate in the program - and worse, may still really not even know our facility and program exist. Let the word go out again. We invite the rest to check us out and come on-board. We are proud to let all know that we have succeeded to date without any major capital expense nor increased burden from such on the taxpayer. We co-op with a major receiver for what we collect and therefore have no burden upon us to find the secondary markets. The separation of appropriate recyclable materials from within our homes is truly a simple process. It always works best when performed voluntarily rather than enforced and funded by mandate. Help us to avoid that sort of decision in this Town. We look forward to seeing you in the coming year!

Respectfully submitted,

Ross Krummel
Coordinator

TILTON SEWER COMMISSION

REVENUES:

Sewer Charges	\$146,038
Capital Cost Recovery	9,500
Other Fees	<u>3,774</u>
OPERATING REVENUES	159,312
INTEREST INCOME	3,166
TOTAL INCOME	\$162,478
LESS EXPENSES	-129,763
NET GAIN (LOSS)	<u>\$ 32,715</u>
REDUCTION IN DEFERRED PAYMENTS	\$ 6,002

EXPENSES:

Winnepesaukee River Basin Treatment Charges	\$ 68,657
Debt payments	18,641
Office Expense & Salaries	<u>27,237</u>
OPERATING EXPENSES	114,535
CONSTRUCTION EXPENSES	15,228
TOTAL EXPENSES	\$129,763
CASH RESERVES LESS DEFERRED PAYMENTS:	
January 1, 1991	\$ 74,800
January 1, 1992	39,904
January 1, 1993	73,175
January 1, 1994	\$111,892

In 1993 the sewer revenues increased \$20,690.00 or 14.9%. This was after an 18% reduction in sewer rates that were implemented on January 1, 1993. This increase was the result of a 7.5% increase in users and the increase of users being metered instead of using flat rate charges. Plans are to have all users metered by the end of 1995.

Net Income was \$32,715.00, \$556 less than last year's \$33,271.00.

The sewer extension from the Tilton/Franklin town line to Jensens Mobile Home park was connected in late August, with 42 users. The sewer meter has been purchased and will be installed this spring. The Town Line Plaza has not been connected as of this date. A sewer extension was installed from a new pumping station at Jay's Marina to the West end of the Winnisquam line. This line is planned to be put into service this Spring.

The new Laconia Lakes Mall sewer plans have received State approval. This line is to be installed on Route 3, from a manhole in front of Oliver's Restaurant, continuing to the Town Garage property. Construction is to begin early this spring and will connect to the private sewer line serving Oliver's Restaurant. The Oliver line will be deeded to the Town at the time of connection.

Preliminary plans have been approved to install a sewer line to five homes, one business and 2 or 3 building lots on Route 3, East of Manville Road. If final cost approval and financing can be obtained this line is to be installed this Spring.

A new State law was passed last year that requires all properties with a septic system built prior to 1986 and within 150 feet of a sewer line, to be connected to the sewer line. Approved septic systems constructed in 1986 and later, may be exempted from connection until the septic system fails. The law still allows the Towns the option of requiring all properties within 150 feet to be connected regardless of year or condition of the septic system. The commissioners plan to continue investigating all of the non-sewered areas throughout the Town and construct extensions where ever arrangements can be made.

Steve Swain is retiring from the Commission this year. Steve is the Elder Commissioner and his knowledge and input will be truly missed.

Stephen Swain, Commissioner
 John Sanborn, Commissioner
 Medford Sattler, Chairman

NORTHFIELD-TILTON ECONOMIC DEVELOPMENT CORPORATION

NTEDC is a private non-profit economic development corporation comprised of 45 members and a Board of 15 Directors representing the two towns. Our primary objective is to encourage a diversity of businesses, especially manufacturing industries, to expand or locate in the Northfield-Tilton area, while maintaining the manufacturing employment base.

1993 HIGHLIGHTS

Establishment of the Entrepreneur's Club; hired a part-time staff person; continuation of our Business Visitation Program; granted Scholarships; established a quarterly newsletter; continued involvement in Education Business Partnership; rented our building to Carlson Locke & Key and continued involvement on the route 3 & 11 study.

1994 GOALS & PROJECTS

Develop further our Community Communication Program; expand our Business Visitation Program; establish a Revolving Loan Fund; keep informed of local development; coordinate and complete a Community Renaissance Program and complete our Community Profile (Northfield & Tilton) for the Department of Resources and Economic Development (DRED). These profiles will be used to give prospective employers and others who are interested in our area an idea of our community's characteristics, resources and services.

We hope you will continue to support the NTEDC. It's good for your community and business.

Respectfully submitted,

Steven V. Bauer
NTEDC, President
