(* - Appointed by Board of Selectmen)

SELECTMEN'S REPORT

We begin this report with sincere thanks for the generous contributions of time, effort, and skill by the many volunteers of our town government boards and committees and of the town's nonprofit organizations who do so much for our quality of life, and with special thoughts and prayers for the safety of our men and women serving in foreign lands.

This 2006 Town Report is dedicated to Mrs. Ann "Tay" Clark who retired from town service after 31 years of service as a library trustee, librarian, part time police officer, and town treasurer, a rare commitment to the community's welfare which is deeply appreciated.

TOWN HALL OPERATIONS

We recognize Lorraine Locke for the 24 years she has handled the duties of the office of town clerk and tax collector and thank her for this service. 2005 town meeting voters approved the town clerk/tax collector's compensation from fees to an hourly wage, to take effect on town meeting day in 2007. They also overwhelmingly endorsed the selectmen's recommendations to bring in new technology, expand hours, and make other changes to increase efficiency and decrease wait times. Deputy Town Clerk/Tax Collector Marj Roy plans to run for the clerk's position and has developed a plan to implement these changes if elected.

The effect will be that residents can complete many motor vehicle transactions that now require them to go to an online town or to the DMV. Renewal reminders will be sent at the beginning of the month and residents may, if they choose, process their renewals by mail. The town clerk/tax collector's office will be open approximately twenty hours per week, making it more convenient to conduct business, especially for people who work out of town. We ask for your patience during the transition, which should be complete by year-end.

To make these changes most effective, we ask your support of the \$12,600 appropriation request for computer software, a special printer, and a new counter area at which the clerk's business will be conducted.

MASTER PLANNING AND GROWTH MANAGEMENT EXTENSION VOTE

The professional help hired to help with the master plan update has essentially completed those tasks and the planning board will now be moving on to preparation of the master plan itself. That update is expected to lead to proposals for significant revisions to Andover's zoning ordinance, now 33 years old in its central elements and needing a new community review. All Andover residents are welcome to participate in this process and we urge all who are concerned for the community's future development to do so.

These steps take time, and the planning board strongly recommends an extension of the present growth management ordinance to make that time available without enabling major housing developments, which are the kind that would put further strains on our school and other public services at a time when substantial expenditures may be necessary to meet our present requirements.

We urge you to vote YES on Article 2. The growth management ordinance protects Andover's typical landowner by allowing any present owner of property anywhere in town to build on that land, provided the usual requirements are met. The number of building permits allowed is based on the rate of growth in the area and we don't believe anybody has been deprived of the right to build. Indeed, in some years the number of building permits allowed have not been applied for. The Planning Board's report in this annual report contains further detail which we recommend you review.

TOWN EQUIPMENT

We are pleased to report the arrival and entry into service of both major items of equipment authorized by our 2006 town meeting. The road grader and the trailer at the transfer station. The former was budgeted at \$245,000 and cost \$231,065, while the latter was budgeted at \$52,000 and cost \$51,144, and we were able to purchase a 90 yard capacity trailer instead of the planned 75 yard. This provides even greater capacity in the years ahead.

DAMS, BRIDGES, ROADS AND SPECIAL PROJECTS

Nature demonstrated her power again in May, with heavy rains that compromised Highland Lake dam and culverts on Maple Street, Elbow Pond Road, and Sam Hill Road. These all require extensive repair and because of this the special projects budget for this year has doubled to \$365,000.00. With the exception of Maple Street, all this work needs State approval of our plans before it is started. However, we don't expect any holdups. Professional engineers have been retained to work on the plans and get the Town through the permitting process at the State level.

The Highland Lake Dam will be designed to stand up to "hundred year" floods for the next half century as required by the State. The work will be started after Labor Day and should take six to eight weeks. It requires a draw down of the water level after September 1st.

The Maple Street project starts at Tucker Mountain Road and goes just beyond Thompson Point Lane. This is an old underground system which has been rendered ineffective by time and changes to abutting land. The replacement system will help protect homes in that area.

These same heavy rains, perhaps exacerbated by the efforts of a local beaver colony, wrought serious damage to Elbow Pond near where Mountain Brook passes under it, rendering it impassable. Some folks have expressed an interest in closing this section of road. In the selectmen's view, doing so would make access by emergency equipment to sections of this road slower and would pose significant difficulties for our snow removal equipment due to the lay of the land itself.

Sam Hill Road's crossing of a tributary of Sucker Brook is equally jeopardized by recurrent high water and closing it is not an option. We need to install sufficient capability to accommodate the heavy flows during heavy spring rains which is almost an annual event.

On the positive side, the bridge on Bradley Lake Road was replaced in 2006 by NH Department of Transportation staff, on time and under budget, not bad for government work.

BUDGET

For the last five years the Town portion of the tax rate has stayed the same. In anticipation of a tough budget in 2007, we did only repair work after the flood to make roads passable and cancelled the special projects in the 2006 budget, to allow as many dollars as possible to return to surplus for this year's budget. The impact of these proposed expenditures is an approximate 17 cent increase in the tax rate for 2007. This will cause a delay to 2008 to get back to normal, when we would to start the Chase Hill project which was cancelled last year.

POLICE

Recent years have seen large rises in demand for Andover Police Department service. These are detailed in the department's separate report. Some of this increase, we believe, comes simply from the fact that the department is better staffed and equipped to respond than ever before, generating an increase in requests for service. But some of it is from the growth of crime and social problems which affect us, and government's first job is the safety of our people.

CABLE TELEVISION

Cable television provider Adelphia was sold to Comcast in midyear, and we expect to negotiate a new franchise agreement within the next few months. Your municipal cable committee has invested much of the 2006 annual franchise fee in preparing to move to all-digital equipment, making it simpler to operate the system for our volunteer staff, and preparing to make our Channel 8's offerings available to all on the Internet. Please watch the Andover Beacon and our local station for further announcements.

Respectfully submitted,
Dennis E. Fenton, Chair
Roger B. Godwin, Member
Andrew P. Guptill, Member

Amelia Gilchrist, Grade 6

TOWN OF ANDOVER
2007 WARRANT
 State of New Hampshire

The polls for the election of officials and for questions on the official ballot will be open from 11:30 a.m. to 7:30 p.m. The business meeting will start at 7:30 p.m.

To the inhabitants of the Town of Andover, County of Merrimack, State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet at the Phelps Auditorium in the Andover Elementary/Middle School on Tuesday, March 13, 2007 to act upon the following subjects:

ARTICLE 1: To choose the necessary officers for the ensuing year.

ARTICLE 2: To see if the town will vote, under the provisions of RSA 674:16 and 675:3, to amend the Andover Zoning Ordinance, as proposed by the planning board, by extending the expiration of Article XI from March 31, 2007 to the date of Town Meeting in 2012. (OFFICIAL BALLOT VOTE.) (Recommended by the planning board.)

The business meeting to consider the following articles will start at 7:30 p.m.

ARTICLE 3: To see if the town will vote to raise and appropriate the sum of \$6,000 to be added to the police cruiser capital reserve fund previously established. (Recommended by the selectmen and by the budget committee.)

ARTICLE 4: To see if the town will vote to raise and appropriate the sum of \$10,000 to be added to the highway equipment capital reserve fund previously established. (Recommended by the selectmen and by the budget committee.)

ARTICLE 5: To see if the town will vote to raise and appropriate the sum of \$20,000 to be added to the bridge rehabilitation capital reserve fund previously established. (Recommended by the selectmen and by the budget committee.)

ARTICLE 6: To see if the town will vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of purchasing equipment for the transfer station and to raise and appropriate the sum of \$5,000 to be placed in this fund and to designate the selectmen as agents to expend. (Recommended by the selectmen and by the budget committee.)

ARTICLE 7: To see if the town will vote to raise and appropriate the sum of \$4,000 for the purpose of repairing monuments and fixtures in the Lake View and Lake Side Cemeteries. This will be a special non-lapsing appropriation per RSA 32:7, VI, and will not lapse until the restoration is completed or December 31, 2012, whichever is

sooner. (Recommended by the selectmen and by the budget committee.)

ARTICLE 8: To see if the town will vote to raise and appropriate the sum of One Million, Three Hundred Sixty Eight Thousand, Four Hundred Eighty Three Dollars (\$1,368,483.00) for general municipal operations as recommended by the budget committee. The selectmen recommend an amount of One Million, Three Hundred Seventy Four Thousand, Nine Hundred Eighty Three Dollars (\$1,374,983.00). This article does not include appropriations voted in other warrant articles.

ARTICLE 9: To see if the town will vote to discontinue the highway equipment capital reserve fund created in 1972. (The voters at the 1995 town meeting authorized with withdrawal of the remaining balance in this fund but took no action to discontinue it.)

ARTICLE 10: To see if the town will vote to go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of Andover. (Submitted by petition.)

ARTICLE 11: To see if the town will vote to leave the swap shop open two days a week, year-round. (Submitted by petition.)

ARTICLE 12: To transact any other business that may legally come before this meeting.

Given under our hands and seal, the 5th day of February 2007.

BOARD OF SELECTMEN:

Dennis E. Fenton
Roger B. Godwin
Andrew P. Guptill

*Only one half of the actual current use change tax revenue is reported here. The balance is turned over directly to the conservation commission pursuant to a town meeting vote in March of 2000.

ANDOVER TOWN MEETING
March 14, 2006

The meeting was called to order by Moderator Ed Becker at 7:30 PM. Mr. Becker read the rules of conduct for the meeting and then closed the polls at 7:40 PM.

ARTICLE 1: To choose the necessary officers for the ensuing year.

The following officers were elected:

Selectman for three years	Roger Godwin
Moderator for two years	Edward Becker
Road Agent for two years	John Thompson
Supervisor of the Checklist for six years	Arthur Urie
Library Trustee for three years	Eileen Neville
Library Trustee for three years	Diane Rice
Trustee of the Trust Funds for three years	Howard Wilson
Cemetery Trustee for three years	Susan Schnare
Budget Committee for three years	Sharon Darling
Budget Committee for three years	Carroll Gautreau

ARTICLE 2: To see if the town will vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of purchasing a new police cruiser and to raise and appropriate the sum of \$6,000 to be placed in this fund and to designate the selectmen as agents to expend. (Recommended by the selectmen and by the budget committee.)

Moved to adopt by Ed Hiller, seconded by Rene Lefebvre.

Article 2 was adopted without any discussion.

ARTICLE 3: To see if the town will vote to raise and appropriate the sum of \$245,000 to purchase a new road grader and to authorize the withdrawal of \$165,000 from the capital reserve fund previously established for that purpose. (Recommended by the selectmen and by the budget committee.)

Moved to adopt by Ed Hiller, seconded by Jom Delaney. Selectman Guptill addressed the article stating that the town is spending more money on repairs for the old grader than the machine is worth. A question regarding leasing verses purchasing was posed, and it was stated that while the economic impact would be about the same, the town would have more reliable access to the grader if it owned it, rather than renting it.

Article 3 was adopted.

ARTICLE 4: To see if the town will vote to raise and appropriate the sum of \$20,000 to be added to the bridge rehabilitation capital reserve fund previously established. (Recommended by the selectmen and by the budget committee.)

Moved to adopt by Howard Wilson, seconded by Ed Hiller. With very little discussion, **Article 4 was adopted unanimously.**

ARTICLE 5: To see if the town will vote to raise and appropriate the sum of \$52,000 to purchase a new trash trailer for the transfer station and to authorize the withdrawal of the entire balance of approximately \$30,000 from the capital reserve fund previously established for that purpose. (Recommended by the selectmen and by the budget committee.)

Moved to adopt by Ed Hiller and seconded by Mary Ann Levesque. With very little discussion, **Article 5 was adopted.**

ARTICLE 6: To see if the town will vote to raise and appropriate the sum of \$4,000 for the purpose of repairing monuments and fixtures in the Lake View and Lake Side Cemeteries. This will be a special non-lapsing appropriation per RSA 32:7, VI, and will not lapse until the restoration is completed or December 31, 2011, whichever is sooner. (Recommended by the selectmen and by the budget committee.)

Moved to adopt by Ed Hiller and seconded by Jeff Miller. With very little discussion, **Article 6 was adopted unanimously.**

ARTICLE 7: To see if the town will vote to raise an appropriate the sum of \$24,000 as the town's share of the cost to rehabilitate the bridge on Bradley Lake Road over the Hameshop Brook. (Recommended by the selectmen and by the budget committee.)

Moved to adopt by Mary Ann Levesque and seconded by Howard Wilson.

It was stated that NH DOT will pay 80% of the cost and is doing the work on this town-owned bridge. The work will start before Memorial Day, and the road will be closed to vehicles for 3 days.

Article 7 was adopted unanimously.

ARTICLE 8: To see if the town will vote to raise and appropriate the sum of One Million, One Hundred Forty Four Thousand, Two Hundred Thirty Nine Dollars (\$1,144,239.00) for general municipal operations. This article does not include appropriations voted in other warrant articles. (Recommended by the selectmen and by the budget committee.)

Moved by Ed Hiller to adopt and seconded by Mary Ann Levesque.

Mark Stetson stated that the selectmen plan to take enough funds from the town's previous years' surplus account to keep the town portion of this year's tax rate the same as last year.

The moderator led the meeting through the budget section by section.

There was no second to Howard Wilson's motion to reduce the transfer station budget by \$12,000. Vicky Mishcon moved to add \$5,000 to this section for the purpose of constructing a pole shed on the side of the recycling building. After much discussion the moderator determined that the voice vote was too close to call and took another vote by dividing the room. The vote was 50 in favor and 71 opposed. The motion to amend was defeated.

Leighton Terwilliger moved to raise the \$5,000 for the pole shed by reducing the tipping fee line by \$5,000. No second was made.

There was no discussion on the Highways & Bridges section, and no changes were made under the Solid Waste Disposal section.

Article 8 was adopted as presented.

Les Fenton moved to limit reconsideration of the budget and it was seconded by Ed Hiller. **The motion was adopted.**

ARTICLE 9: To see if the town will vote to establish a Police Safety Detail Revolving Fund pursuant to RSA 31:95-h. The revenue received from fees and charges for police detail services remaining after deducting all costs associated with providing those services shall be allowed to accumulate from year to year, shall not be considered to be part of the town's unreserved general fund balance, and shall be expended only after a vote of town meeting.

Moved to adopt by Mary Ann Levesque and seconded by Ed Hiller.

Article 9 was adopted.

ARTICLE 10: To see if the town will vote, under the provisions of RSA 72:37-b to modify the exemption from property tax for the disabled in the Town of Andover, based on assessed value, for qualified taxpayers, to be \$30,000. To qualify, the person must be eligible under Title II or Title XVI of the federal Social Security Act, must occupy the property as his principle place of abode, must own the property individually or jointly, or if owned by such person's spouse, they must have been married for at least five years. In addition, the taxpayer must have a net income of not more than \$19,300; or if married, a combined income of less than \$28,900; and own net assets not in excess of \$50,000, excluding the value of the person's residence.

Moved to adopt by Ed Hiller and seconded by Mary Ann Levesque.

After very little discussion, **Article 10 was adopted.**

ARTICLE 11: To see if the town will vote, under the provisions of RSA 72:39-a to modify the elderly exemption from property tax in the Town of Andover, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 year of age up to 75 years, \$20,000; for a person 75 years of age up to 80 years, \$40,000; for a person 80 years of age or older, \$50,000. To qualify, the person must have been a New Hampshire resident for at least five years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least five years. In addition, the taxpayer must have a net income of nor more than \$20,800; or if married, a combined income of less than \$30,300; and own net assets not in excess of \$50,000, excluding the value of the person's residence.

Moved to adopt by Howard Wilson, seconded by Donna Duclos.

Mark Stetson explained the article and some comments and questions followed.

Article 11 was adopted.

ARTICLE 12: To see if the town will vote to designate all of Chase Hill Road as a Scenic Road under the provisions of RSA 231:157 & 158, for the purposes of protection and enhancing the scenic beauty of the Town of Andover. (Submitted by petition.)

Moved to adopt by Judy Perreault, seconded by Jim Danforth. Annette Bashaw, the lead petitioner, spoke on the article. There were considerable comments and discussion by residents of the road, and others, after which a voice vote **Defeated Article 12.**

ARTICLE 13: To see if the voters will vote to establish an ordinance restricting the taking of real property by eminent domain and the taking of personal property without a two thirds vote of the voters at a regular town meeting for each taking. (Submitted by petition.)

Moved by Toby Locke to adopt and seconded by Jim Danforth. Mr. Danforth stated that this issue is being well covered in the legislature and that there are 7 or 8 bills pending. **Article 13 was defeated by nearly a unanimous vote.**

ARTICLE 14: To see if the town will vote to re-name the ball field at Blackwater Park the Howard George Ball Field. (Submitted by petition.)

Moved to adopt by Gail Fitzpatrick, seconded by Don Kaplan.

Jim Emerson pointed out all that Howard George has done over the years for children's recreation in Andover. It was also clarified that the park would still be called Blackwater Park and that only the ball field would be re-named. **Article 14 was approved.**

ARTICLE 15: To see if the town will vote to reclassify 625 +/- feet of Hoyt Road from Class VI to a Class V conditioned on this section of road being brought up to current town road specifications. (Submitted by petition.)

The petitioners withdrew their request. It was moved and seconded to clear the article from the agenda and **Article 15 was unanimously defeated.**

ARTICLE 16: To transact any other business that may legally come before this meeting.

Bryant Adams brought up his request from last year that the selectmen look into improvements in the town clerk/tax collector's office. Selectmen Fenton stated that they have been looking into more hours and more online registration capabilities but that nothing can happen until after the 2007 town meeting.

Adams also voiced concern about dog waste on the town beach. The selectmen invited him to come to the next meeting.

The meeting approved Charlie Darling's resolution regarding the importance of volunteerism to the community.

The meeting adjourned at 9:50 PM.

Respectfully submitted,

A handwritten signature in cursive script that reads "Lorraine Locke". The signature is written in black ink and has a long, sweeping underline that extends to the right.

Lorraine Locke
Town Clerk

David Wesoja, Grade 7

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Andover
Andover, New Hampshire

We have audited the accompanying financial statements of the governmental activities, the major fund and the aggregate remaining fund information of the Town of Andover as of and for the year ended December 31, 2006, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund and the aggregate remaining fund information of the Town of Andover as of December 31, 2006, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison information is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Town of Andover has not presented a management's discussion and analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Andover's basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. They have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S COMMUNICATION OF CONTROL DEFICIENCIES AND OTHER MATTERS

To the Members of the Board of Selectmen
Town of Andover
Andover, New Hampshire

In planning and reporting our audit of the financial statements of the Town of Andover as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Town of Andover's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Andover's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Andover's internal control.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town of Andover's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Town of Andover's financial statements that is more than inconsequential will not be prevented or detected by the Town of Andover's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town of Andover's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

This communication is intended solely for the information and use of management, the board of selectmen, others within the organization, and state agencies, and is not intended to be and should not be used by anyone other than these specified parties.

BUILDING INSPECTOR'S REPORT

A total of 74 building permits were issued during 2006. Twelve were for new dwellings, two less than last year and two less than the limit established by the growth control provisions in the zoning ordinance. The balance broke down as follows: seven for replacement dwellings, two for commercial construction, three for pole barns, and nine for storage sheds. The rest were for remodeling projects, swimming pools, garages, additions and the like. One of these permits was issued for remodeling a home damaged by the May flood.

Property owners are reminded that town ordinances require permits for new or replacement structures, renovation of existing buildings that include structural changes or have value in excess of \$100.00. Permits are also required for storage sheds, swimming pools, permanently installed generators, garages, breezeways, and changes to electrical and plumbing systems.

Office hours are on Tuesdays from 7 to 8 pm at Town Hall. Feel free to stop by or call 735-5332 during that time with questions about the permit process or to schedule an appointment at another time.

Respectfully submitted,
Lloyd Perreault, Building Inspector

Josh Vallee, Grade 3

CABLE TELEVISION ADVISORY COMMITTEE REPORT

The Cable Television Advisory Committee has the special privilege of operating Ragged Mountain Community Access Television on Channel 8 for our broadcast area of Andover, southern Danbury, and fringes of Wilmot and Salisbury.

Our priority is Andover news and events, including town government, history, school events, community events, regional programming, and more – and in addition we present public television programming hard to find elsewhere. Even with a satellite link for your other viewing, you can enjoy Comcast's "Basic Analog Cable" plan (which includes Channel 8 as well as regional network affiliates, independents, and two PBS stations) for around \$18 per month.

In 2006 we have gotten Andover residents involved with Channel 8, and worked with the students, staff, and parents at AE/MS to help them cover many of the exciting and interesting events at the school. We'd love to find ways to do the same with MVHS and Proctor. If you can help us in that regard, please be in touch!

We have also upgraded our video editing equipment to make it easy to use for people who aren't comfortable with computers, and added an Apple Macintosh computer with iMovie video editing software. Andover residents are welcome to use either one to edit their personal videos or copy them from tape to DVD, or to work on community videos for airing on Channel 8. Station volunteers are happy to show you how to use the equipment, even if you've never done any video editing before.

Our ongoing "Welcome to Andover" project is creating a DVD of short promotions introducing each of the many non-profit and government organizations that play such an important role in our community.

Following the flooding last spring, we can now show an emergency screen-bottom "crawl" on Channel 8. We've worked with Andover's emergency management team to plan a role for Channel 8 in the event of another emergency. Thankfully, we haven't needed to implement it yet!

Working with The Andover Beacon, Channel 8 now broadcasts a slide show of photos from the Beacon every month. The Beacon receives 100 or more photos of life in Andover every month, but only has room to publish 30 or so. Having them all on Channel 8 provides a look at parts of Andover life that may be new to you.

Looking to the future, we recently installed a digital broadcast server, which will allow us to "digitize" all the programs we broadcast. Now we can store programs on a computer's disk drive, then broadcast them on Channel 8 AND for the first time make them available "on demand" via the Web. Anyone in the world with a fast Internet connection will be able to view any Channel 8 program whenever they want, wherever they are. This will be a big improvement and we hope to have it all working later this year.

Channel 8 is ever better for its audience and easier for its volunteers to operate. Please stop by for a tour of the station. We're there most Thursday mornings, or contact us through the Town Office or Station@AndoverCableTV.com to arrange a tour for yourself or your group at your convenience.

Working with a public access station like ours is a very interesting, very rewarding experience. And there's so much more we could be doing with Channel 8, so many more interesting programs and exciting projects we could offer, with more volunteer power. To see what helping out would entail, please contact the station through the Town Office or at Station@AndoverCableTV.com.

Respectfully submitted,
Andover Cable Television Advisory Committee

Alisha Smart, Grade 2

CEMETERY TRUSTEES' REPORT

The recording and mapping of Lakeview Cemetery is nearing completion. Over the summer Pat Cutter cataloged the stones and in the coming months John Graves will bring the map up to date. Computer and paper copies of the ancient cemeteries and the Church Cemetery records are available for review at the town offices.

Our stonemason, John Clegg, Jr. of Morrisville, Vermont, continued his work restoring stones in the Lakeview and Lakeside Cemeteries in East Andover, where some 35 were repaired and/or reset. The cemetery is being systematically restored section by section. Unfortunately, several stones were damaged in early November by a runaway pick up truck that broke through the fence.

A badly broken stone in the Hobbs/Swett Cemetery on Elbow Pond Road has been replaced. Broken stones, one in the Church Cemetery in East Andover, and one in the Old Center Cemetery in Andover Village, were repaired by setting the fragments into a concrete jacket. The repaired stone in the Old Center Cemetery was that of John Gale, Jr. It was broken into four pieces years ago and had been propped upright using the broken pieces as support. Now the inscription can be read and the story of his death in a train accident in 1857 has been rediscovered. Four other stones in the Old Center Cemetery have been reset or straightened.

Bill Farrington ably maintained the cemeteries and pruned the hedge in the Proctor Cemetery, despite a wet summer.

Respectfully submitted,
Cemetery Trustees

Elizabeth Daneault, Grade 8

CONSERVATION COMMISSION REPORT

The Conservation Commission is an advisory board for the town on land and wetlands preservation, shoreline protection, and other activities that may impact our local environment. Most of our work is initiated by Andover citizens.

The most exciting and rewarding project for 2006 was working closely with the Ausbon Sargent Land Preservation Trust on the Hersey Family Farm conservation easement. Several members worked on funding initiatives and we learned about several grant-funding opportunities. All involved were elated when the final \$45,000 needed was donated in late November by a Virginia resident, Virginia Cretella Mars, representing the Mars Foundation. Her family has vacationed in the Lake Sunapee area and strongly supports land and wildlife preservation. Once the final paperwork is completed in 2007, Jerry Hersey's 267 acres of fields and woodlands will remain undeveloped forever and will serve as a beautiful rural gateway into our town from the east.

Wetlands applications have included the Martin Smith subdivision on Route 4A, sandbagging along the small brook crossing Plains Road in order to preserve the covered bridge built by the Bares, and several site visits that did not require permits from the state - dredging of a fire pond and a road extension.

Torrential rains in May, June, July and September caused several unusual problems, which prompted the immediate response of citizens and town officials. Two of the worst problems were the erosion of Elbow Pond Road into the wetlands and runoff of silt and debris from logging operations off Maple Street. Hopefully a permanent solution in 2007 will prevent further erosion of Elbow Pond Road. The logger and forester overseeing the Maple Street timber harvesting were each fined \$20,000 by the State.

Concerned about pollution in Webster Lake, the City of Franklin secured a grant from the NH Department of Environmental Services to develop a watershed management plan for Webster and Highland Lakes. A partnership group was formed consisting of residents, representatives from conservation commissions and lake protection groups, and municipal officials from the City of Franklin and the Town of Andover to assist a consulting firm hired to prepare the plan. Consultants concluded that the pollution was caused by a number of conditions, not all of which originated in Andover. Erosion of Valley Road and nearby farming activities were two areas of concern that Andover residents noted objection to.

The proposed expansion of the Ragged Mountain Resort in Danbury will have a major impact on Andover if, or when, approved by the Danbury Planning Board. Andover can expect an increase in traffic, seasonal homes, permanent housing for employees, and so on. Planning for this will increase the pressure on the Master Plan Committee to have a revised Master Plan in place before the expansion is approved. Meetings with former State Representative Jim Danforth and NH Department of Transportation engineer Alan Hanscom on future plans for Route 11 at cemetery corner, the intersection with Route 4, and improvements to Route 4 near the Andover/Salisbury line have eluded to the resort expansion.

The Conservation Commission has continued to have an extra meeting each month to work on its plan of recommendations for priority areas of open space, water supplies, wildlife, and recreation. Tina Cotton took a GPS-GIS course and is working on financial grants to enable the town to utilize software that can analyze various land uses and scenarios. Most of the digitized information for Andover, including tax map parcels, is already available. Andover can also look at itself in a more regional way by meshing our priorities with those of the Ausbon Sargent Land Preservation Trust and the Society for the Protection of New Hampshire Forests.

Our boundaries have also been extended through the visit of Ken Grossman, chair of the Wilmot Conservation Commission. He was interested in documenting the quality of the Blackwater River over time. As an offshoot, we met informally with representatives of conservation commissions from several other towns.

All alternate members of the commission have been converted to full members to replace the regrettable stepping down of Peter Southworth, Peter Zak, and temporarily, Jerry Hersey. We look forward to Jerry returning as chair of the commission once his easement has been finalized. Mary Anne Broshek is the temporary chair. We could use another couple of members if you would like to join us.

CONSERVATION COMMISSION
Financial Statement

Conservation Fund

January 1, 2006 Bank Balance	\$47,783.64
Interest income	2,251.30
Current Use Change Tax	15,649.10
Hersey Family Farm - appraisal	(1,500.00)
Hersey Family Farm - surveying	(11,605.64)
December 31, 2006 Bank Balance	\$52,578.40

It should be noted that an additional amount of \$11,894.36 has been pledged from the conservation fund to assist with the costs of acquiring the easement for the Hersey Family Farm. It is anticipated that amount will be spent in 2007, so the actual available balance in the conservation fund is \$40,684.04. This fund was created with a \$10,000 appropriation at the 1992 town meeting. Beginning in 2000, one half of the current use change tax revenue received by the town each year has been added to that fund with expenditures for conservation easement acquisition assistance and monitoring costs. This fund is in the custody of the Town Treasurer.

Land Conservation Fund

January 1, 2006 Bank Balance	\$1,264.03
Interest income	3.08
Publications	(40.00)
December 31, 2006 Bank Balance	\$1,227.11

This fund originated from a private donation with the intention that it be used for land conservation purposes. During 2006, \$40 was spent for the purchase of additional copies of *Conserving Your Land—Options for New Hampshire Landowners*, which is available for loan (or replacement cost of \$5) at the Town Hall.

Regular Savings

January 1, 2006 Bank Balance	\$1,393.29
Interest income	3.87
Town appropriation	500.00
NH Association of Conservation Commission Dues	(200.00)
Meetings and training	(242.25)
December 31, 2006 Bank Balance	\$1,454.91

The annual town appropriation and regular savings account cover the conservation commission's annual operating expenses.

Total of all funds on December 31, 2006	\$55,260.42
Total of uncommitted funds on December 31, 2006	\$43,366.06

FOREST FIRE WARDEN'S REPORT

Despite all the rain in the spring, fire activity was very high during the first several weeks of the 2006 fire season. "Red flag" (highest degree of danger) conditions were issued by the national weather service and there was extreme fire danger in many sections of the state. The largest forest fire during this period occurred in late April and burned 98 acres. The extremely dry conditions in the spring resulted in over twice the amount of acreage being burned than in all of 2005. Our statewide system of fire lookout towers is credited with keeping most fires this season small and saving several structures due to the quick and accurate spotting capabilities.

We had very few fires spotted in town from our local tower on Mount Kearsarge. Fires in the wild and urban interface damaged six structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent wild land fires from spreading to their homes. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials.

In the event of a lack of snow coverage, we would like to remind you to take caution in disposal of your woodstove ashes. Please keep your ashes in a metal container outside of your residence and off of your decks for a few days before dumping them on the ground.

We would also like to remind you how important it is – and required by law – to obtain a fire permit before doing any outside burning without snow coverage. For a burn permit or any questions about burning please contact:

Stephen Barton	735-5984
Rene Lefebve	934-2197
John Thompson	455-7490

 Forest Fire Warden

FOURTH OF JULY COMMITTEE REPORT

The Celebration

Tuesday July 4th was clear, warm and beautiful. A great day for celebrating Independence Day!

As is the custom, the day started bright and early with the annual Lions Club pancake breakfast. This was followed by the opening ceremonies on the Village Green, including the flag raising by the Andover Boy Scouts and Girl Scouts, an invocation by Paul Fenton Jr. and the singing of the National Anthem. Other pre-parade activities on the Green were the flea market, music by the Kearsarge Community Band, a medley of patriotic songs by Margo Coolidge and a terrific performance by the Andover One Wheelers.

At noon the parade began. The parade theme, which was selected at the 2006 Town Meeting, was "Fabulous Fifties". This theme was interpreted very creatively in the various parade floats prepared by Andover's community groups. The children marching in the Children's Parade did a wonderful job in following the parade theme.

Right after the parade, there was a concert provided by a combination of the Kearsarge Community Band and the Andover Elementary Middle School Band. This concert was held on the lawn next to Proctor's Holland Auditorium and was enjoyed by all. Also, in the evening just before the fireworks, the Andover Service Club and the Andover Girl Scouts put on an old-fashioned "Ice Cream Social" on the Village Green.

Dedication

The Fourth of July Committee decided to dedicate this year's parade to the Irene Jewett in recognition of the years of service which she has provided to Andover's 4th of July celebration as well as to many other Andover community organizations. We all have appreciated the exceptional work which she has done for our community over the years.

The Finale

Andover's 64th celebration of the America's Independence Day ended with the grand finale ... a terrific fireworks display!

Recognition

The work of organizing Andover's Fourth of July celebration is accomplished by a dedicated group of Andover residents who volunteer their time

each year in order to make our community's celebration a success. Listed below are the officers and committee chairpeople who keep this Andover tradition alive.

Chairman, Bob Ward

Vice Chair, Irene Jewett

Secretary, Rose Tilton

Treasurer, Shirley Currier

Masters of Ceremonies, Bill Leber and Wayne Nicoll

Parade Committee Chairs, Judy Perreault and Craig Perreault

Flea Market Chair, Howard Wilson

Children's Parade Chair, Sara Tracy-Arone

Clean-up Committee, Howard Wilson

Donations Committee, Irene Jewett

Community Support

Our Committee would like to take this opportunity to thank the entire Andover community for its support. This very special event is both a celebration of our Nation's independence and a celebration of our own small community. Andover's Independence Day Celebration would not be possible without the continued enthusiastic support from all of you. Thank you.

Respectfully submitted,

Andover Fourth of July Committee

KEARSARGE COUNCIL ON AGING, INC.

December 31st of the year 2006 marks the end of the fourteenth year that the Kearsarge Council on Aging has been serving those people 55 and over in Andover, Danbury, Grantham, Newbury, New London, Sunapee, Springfield, Sutton and Wilmot.

As we have aged, so we have grown, until in 2006 our membership passed the 2500 mark. Many well-organized and dedicated volunteers, 225 in number carry out the numerous programs and services which enhance the quality of life of so many of our area seniors. Thus our motto: PEOPLE HELPING PEOPLE. COA has never charged any fees for membership or participation in its programs and activities – with the exception of trips, which are offered at cost. COA has neither asked for nor received federal or state funds to defray its operating expenses. We are most grateful for the annual appropriations from each of the nine towns we serve. The balance of our operating expenses is covered by donations from individuals and businesses that recognize the continuously growing need for the services we offer. We are especially grateful this year to the Mascoma Bank Foundation and to Hannafords for grants to enable special projects. COA is proud of the fact that we have consistently operated on a “bare-bones” budget. Our paid staff continues to consist of a full time executive director and a part-time administrative assistant.

COA sincerely believes that area seniors reap many benefits from the towns’ annual appropriations. Not only do they benefit from participation in and use of our services and activities, but also younger residents, as well as those from away, find it helpful to have these available to their elders who live here. Participation in activities outside oneself is well known to benefit seniors mentally as well as physically. COA volunteers provide area residents 55 and older with free door-to-door transportation for hospital and doctor appointments (locally, as well as to White River Junction, Lebanon and Concord), for grocery shopping and other activities. These trips totaled 60,000 miles in 2006 and we expect these numbers will increase with the continuing growth of the senior population (commonly known as the rise of the “baby boomers,” and of course their parents!) in the areas we serve. *(Further, recognize that COA drivers are seniors themselves, and there is always a need for new volunteer drivers to insure that everyone who needs a ride gets one.)*

COA is grateful to all of its supporters – towns, individuals and businesses and is always open to suggestions for new programs. We also cooperate and work together with all of the other service organizations in the area to achieve a better quality of life for all seniors.

Respectfully submitted,

Hugh Chapin
Vice Chairman

LAKE SUNAPEE VISITING NURSE ASSOCIATION

When you speak to patients' families, no matter what the age, the desire to have the family unit together with the support of community friends and neighbors is key to their sense of well-being. The number one need/concern of seniors according to a 2003 AARP study is how to live in their own home and their own community for as long as possible. Eighty-three percent want to stay in their existing home as long as possible and recognize that they may need to make some changes in order to do so.

The population in New Hampshire is expected to grow 29% between now and 2020. The NH population 65 years and over will grow 177% from 163,615 to 332,178 during that time. Friends and family members provide eighty percent of all long-term care at home.

All of these changes will have substantial impact on our community in terms of needed social and economic resources. A vital community depends on a variety of resources to meet the needs of its residents. Town leadership depends on the quality and commitment of community-based organizations to support physical, emotional, social and financial "health" in the town.

Since its founding in 1970, Lake Sunapee Region VNA has evolved to meet the needs of the community. Our mission is to provide home health, hospice, personal support, health promotion and other non-medical services that encourage independence and preserve dignity for people of all ages. This year was no exception.

Lake Sunapee Region VNA invested in education to ensure competency of staff in pediatrics, hospice and palliative care, wound care and more. A number of staff became certified in specialty areas in order to ensure that the latest advances in health care are available to you at home. We continue to acquire the necessary medical and information technology to support excellence in care. LSRVNA consistently ranks above the 95th percentile in patient satisfaction, and meets or exceeds state and national standards for patient outcomes. In October 2006, Outcome Concept Systems ranked Lake Sunapee Region VNA in the top 25% of home care agencies nationally based on publicly available data.

When you choose Lake Sunapee Region VNA for your home health and hospice care, you can feel comfortable knowing that among the more than 120 staff and 70 active volunteers, many are your neighbors and friends who stand ready to care for you 24 hours a day, 7 days a week. Almost 30% of the staff has been with us for over 15 years, with six years being the average length of employment. Sixty-three percent live within the Kearsarge, Sunapee or Newport area. Every staff person undergoes reference and background checks, extensive orientation and training. Every employee is fully covered by liability insurance. We know that these kinds of standards are important to you when you choose a provider.

Think about your family, friends and neighbors and what home health and hospice care might mean to them. Think of the woman who suffered from a rare neurological disorder for the last 10 years of her life. After falling in love in high school and 50 years of marriage, her husband was determined to care for her at home. After he experienced some health problems, he realized he would need help. LSRVNA physical therapists helped him get back to good health. Physical

therapists, nurses and home health aides helped this patient to “make the best possible use of her continuing more limited abilities.” “The aides were so capable and loving that my wife felt like they were a part of the family. Finally, hospice care became a reality. Hospice “made it possible for my wife to be comfortable at home surrounded by our family.”

Think of the young couple bringing home their first born infant who needed to be closely monitored for newborn jaundice and breathing issues. “Bringing home our newborn was exciting and overwhelming. The Lake Sunapee Region VNA nurse came to our home several times to check on our son’s feeding, weight, breathing and on my progress...all in the comfort of our own living room. The care we received made the transition from hospital to our home much more manageable.”

Think of the teenager whose life changed forever when he was struck by an automobile and sustained life-threatening injuries. The family was insistent on bringing their child home rather than having him enter a rehab facility. Unable to walk, speak, eat, or use his arms, this child needed nursing care, physical and occupational therapy. His parents believe that their son is doing better at home than he could ever have done in a facility away from the support of his family, friends and community. Miracles do happen!

The Lake Sunapee Region VNA volunteer Board of Trustees and staff plans for the future using information gathered from all of you in the community. As we look to that future, we are grateful for the support of our member towns, businesses, service organizations and individuals who value our work and our mission. Our planning focuses on achieving operating efficiencies, expanding revenues sources, and collaborating with local and regional organizations to implement programs and services that will support town residents; in short, to help strengthen the rich tapestry of services and support that makes your community special to you.

More than 250 residents of Andover utilized home care services and programs through Lake Sunapee Region VNA during the past year. Home care was provided for 35 residents; and hospice, volunteer support and bereavement care for 3 residents and their families. Long-term care and personal care support services helped 4 patients remain at home. Lifeline and home telemedicine services monitored 20 residents during the year to keep them safe at home. More than 150 residents used our many community health services including support groups for adults and children, foot care, blood pressure and immunization clinics. Thank you for the opportunity to care for residents of the Andover community. We renew our commitment to you to provide the quality home health and hospice services you expect with the caring, respect and compassion you deserve.

Sincerely,
Andrea Steel
President and CEO

FRIENDS OF THE ANDOVER/BACHELDER LIBRARIES

The Friends of the Library organization has done much to help our libraries and the residents that they serve, and is now being reactivated. We are committed to extending and improving the wonderful educational and entertainment resources that our libraries provide, and will be focusing on beginning a book club, expansion of story hours for children, beautification of the Bachelder grounds, and attracting more members. To see how you can share the pleasure of helping out, please contact one of the librarians or a library trustee.

LIBRARY TRUSTEES' REPORT

Andover and Bachelder libraries continue to be very busy.

Tay Clark retired from the Andover Library in March after 31 years of faithful and dedicated service. An extremely well attended salute and open house was held in her honor on September 24th, reflecting yet again the high regard in which Tay is held by the whole town for her many years of contributions to Andover. Enjoy your retirement, Tay! Priscilla Poulin was hired as the new Andover librarian in April. Welcome, Priscilla. Mary Sell and Priscilla Poulin work to keep our books and information resources up to date. In March 2006, Brenda Jurta's trustee term ended and Diane Rice joined our group. Welcome, Diane.

Many thanks to our dedicated library volunteers who help us throughout the year, including Barbara Doe, Anne Hewitt, Eileen Neville, Marilyn Gould, Brenda Jurta, Pam Brown, and Michelle Bengivengo. And thank you to the Andover Boy Scouts who helped move hundreds of books for the July 4th book sale.

Ray Mitchell is working toward re-activating the Andover Friends of the Library. This is part of a national group FLUSA (Friends of the Library USA)

Bachelder Library's front walkway was resurfaced in October. Thanks to Jim Lake for a job well done.

By law the Bachelder Library in East Andover is considered to be a branch of the Andover Public Library. It was originally established by former Governor Nahum J. Bachelder in honor of his father William A. Bachelder and continues to be funded today by income from the trust fund set in place at that time, but that fund does not generate enough income to enable providing the modern services our patrons have come to expect of libraries. We ask that you consider making private donations to help us serve the people of East Andover.

Donations are very important to both libraries, and we give our sincere thanks to all who have donated books, tapes, and the like, as well as money. Having two libraries in town is a great convenience to all, and perhaps especially to our young people. We have two fundraisers yearly, the July 4th book sale on the town green and a refreshment table at town meeting, and look forward to your patronage.

The trustees meetings are held monthly on the 3rd Thursday, alternating between each library, and we welcome your attending and participating.

Respectfully submitted,
Marilyn Gould, Secretary

PLANNING BOARD REPORT

ZONING AMENDMENTS

We ask for your vote this year to extend Andover's growth management limits. They limit the number of permits for new residential units to the average percentage growth in all neighboring towns. They also require "phasing" of new developments of five or more lots, but do not affect the typical "mom and pop" subdivision of one lot into two. Building permits are available through the end of February of any year to any owner of a lot on which a dwelling was allowed on March 11, 2002.

Up to five years may still be needed to complete the current master plan update, prepare amendments to the present zoning ordinance, and present them for a vote by Andover's citizens. If that happens sooner, the limits end sooner.

The 2002 reasons for limits still apply. Our location and schools make Andover attractive as a residential town, which in turn makes larger developments more likely, the kind with a big impact on local services and property taxes. We have new needs since 2002, including a proposed \$3.8 million school renovation/expansion, more extensive road and bridge renovations (an average of about \$155,000 per year), a salt and sand storage shed, new fire engines for both the Andover and East Andover Departments, and other equipment, altogether over a half million dollars.

Legally, the master plan must be updated so that zoning can be modernized. We think it is fair and feasible. The building permit limits of 2001 and 2002 have not caused hardship to current owners, as building permit applications never exceeding the limits. Any sizeable development is likelier to bring higher numbers of children per household, the kind of growth we need to limit to avoid harsh tax rate impacts that might make it impossible for fixed-income residents to keep their homes.

For these reasons, we urge you to vote for this extension.

MASTER PLAN UPDATE

The master plan is where Andover defines its future. The planning board is responsible for it, but the board can't do the job without the help of the town's citizens. So far the board has used funds approved in 2005 to have contractors create digital tax maps, prepare a 'build-out analysis' to see where we end up without zoning changes, inventory our natural resources so that all residents can know what we have to save, and help with what is called a "visioning process" to assist the board to help residents imagine our shared future. The questionnaire being distributed soon is a start, and a good place to make your opinion heard. Soon after we'll be scheduling larger public sessions to talk out our preferences, and the board very much wants you to participate, for yourself and for the members of groups you belong to – hobbies, nonprofits, sports, fraternal, employment, and any other kind of organization with a view to express. We'd like every interested person to be a regular part of the process, and invite you to contact master plan chairmen Paul Currier (735-5280; e-mail pcurrier@tds.net) or Doug Boisvert (735-5218; e-mail dwboisvert66@tds.net) for more information.

PLANNING BOARD REVIEWS AND APPROVALS

The planning board is also charged with acting on applications for approval in accord with state and town law concerning subdivisions and related land dimension changes, site plan review involving business uses, excavation and certain other land use issues. In 2006 it conducted 21 public meetings that included many public hearings and non-binding consultations to assist citizens and others through procedures necessary to effect the desired land use changes in accord with applicable law.

These included site plan approvals for a change of residential to office rental space for Arthur Urie on Main Street, a mixed use facility for residence, retail, and professional offices for Doug Gay and Joanna Sumner on Main Street, and an additional studio apartment for George & Yvette Crane on Cilleyville Road. Change of a three family residential building to two dwellings and a bed and breakfast inn for Chris & Michelle Bengivengo on Main Street. Change of residential rental unit to office space for Arthur and Thomas Miller on Depot Street.

Minor subdivisions (one lot into two) were approved for Philip and Sarah Theodore on Flaghole Road, Judith and Lawrence Shedd on Chase Hill Road, and Richard Holzer on Bridge Road. There were no major subdivisions (one lot into three or more). Lot line adjustments were approved for Howard Libby and Paul & Jane Fenton on Salisbury Highway, David Newton and Elizabeth Miller on Franklin Highway, Stan & Bonnie Lockwood on Lockwood Road, and Florence Gove and Billy & Karen Sanborn on Route 4A. Mergers of two lots into one was effected for Kurt & Lisa Meier on Park Street and Souliotis Real Estate Partnership on Main Street.

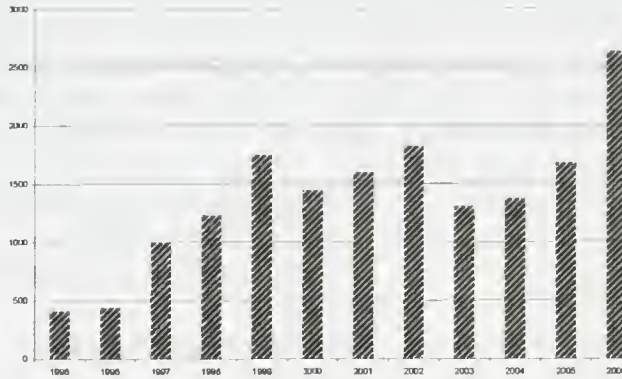

Suitability findings were made for an additional single-family residence on Ragged Mountain Fish and Game Club property. An excavation permit was approved for an expansion of present excavation operations and a reclamation plan which was submitted by Jonathan Ohler on 109 Morrill Hill Road. A temporary breach of a stonewall on a scenic road was approved to facilitate installation of an underground electric service on Old College Road.

Our Lakes Region Planning Commission membership and resulting access to professional assistance has been most helpful.

Respectfully submitted,
Planning Board

POLICE CHIEF'S REPORT

The Andover Police Department responded to 2,635 calls for service during 2006. This is a dramatic increase over 2005's total of 1,681. The following chart demonstrates the history of call volume over the past twelve years.

A partial summary of calls during 2006 is as follows:

Accidents	41	Juvenile Complaints	7
Animal Complaints	55	Motor Vehicle Summons	152
Assaults	7	Motor Vehicle Warnings	949
Assist to Fire Department	20	OHRV Complaints	12
Attempted Suicide	3	Parking Violations	27
Burglaries	4	Pistol Permits issued	35
Criminal Arrest	68	Thefts	16
Criminal Mischief	14	Traffic Arrest	14
Domestic Disputes	14	Unattended Deaths	1
House Checks	58	Vehicle thefts	3

A large part of the total increase in calls was due to the department's heightened enforcement of motor vehicle laws. There were fewer accidents in 2006, so it appears that this effort had a positive effect. There were also fewer major criminal complaints in 2006. That's a good trend that we would like to see continue. The number of animal complaints was down to about half that of the previous year. Thank you to owners for being responsible for your pets. More pistol permits were issued. Remember, state law requires a permit if you carry a loaded concealed weapon. Application forms are available at Town Hall and at the police station.

With the addition of Officer Daniel Shaw, the department is now up to full staff. Welcome, Officer Shaw. We're still showing off the new police station; stop by if you want a tour.

I want to thank the members of the department for their outstanding dedication. The job can be very challenging and dangerous at times, but they do their part to keep Andover safe. Thank you also to the citizens of Andover for your support. Have a safe year.

Respectfully submitted,
Chief Glenn E. Laramie

PROCTOR LIAISON COMMITTEE

INTRODUCTION

The Town of Andover and Proctor Academy are profoundly important to one other, contributing mightily to the welfare and service to the constituents of each. The Proctor Liaison Committee meets quarterly except summers to maintain good relationships and communication between the town and the school. Meetings provide the opportunity to discuss topics of mutual interest including ways in which each can be helpful to the other. Some we've developed are described below. Members of the committee include:

William Bardsley	Budget Committee Representative
John Cotton	Public Representative
David Hewitt	School Board Representative
Dennis Fenton	Selectman
Laurie Ferguson	Public Representative

Proctor Academy's delegation:

Michael Henriques	Head of School
Dani Hinkley	Student Activities Coordinator
Karl Methven	Dean of Faculty – Moderator
Chris Norris	Campus Master Plan Coordinator
Peter Southworth	Assistant Dean of Students – Secretary
Chuck Will	Proctor Director of Communications

COLLABORATIVE EFFORTS AND SHARED FACILITIES

In the Town's 2005 Emergency Operations Plan the Town and Proctor have planned for a joint use of facilities, equipment, vehicles, personnel and other resources. The planning paid off during the severe flooding last May when Andover emergency crews and those from several other towns responded to pump water out of the Proctor school pond to prevent what would have certainly have been extensive damage to buildings and grounds.

Andover Police, Fire and Rescue officials will walk through Proctor buildings to familiarize themselves with the floor plans, and later this year the Andover Elementary Middle School will rehearse its emergency evacuation plan and all students and teachers will walk to the Wilkins Meetinghouse at Proctor.

Just before the holiday season, the Proctor Academy Parent Association donated \$500 to Andover families in need as identified by the Andover Elementary Middle School, and Proctor faculty look forward to participating in Share Day at the Andover Elementary Middle School.

In October Proctor opened its fields for a season-ending soccer tournament for middle school teams hosted by the Andover Elementary Middle School and very much appreciated the use of the AEMS gymnasium in October for use as a quiet SAT test center when Proctor buildings were all in use for family weekend.

The Andover Snowmobile Club used the Proctor kitchen to help prepare food for a fundraising dinner to benefit Easter Seals, as did the Andover Outing Club to host its rib eye dinner fundraiser. And this March, Andover's Young Life Group will use the facilities for a fundraising dinner.

Andover residents are again welcome at the Proctor ski area (day pass \$10 for alpine, \$5 for XC). The Blackwater Ski area hosts the Andover Outing Club jumping and Cross Country Ski Program, and the Buddy Werner Alpine Racing Program. The Proctor skating rink is open to the public at no charge on Sundays from 3 to 4 pm. On Friday afternoons this winter, students from the Andover Elementary Middle School students are skating at the Proctor hockey rink and are skiing at the Blackwater Ski Area, and the gymnasium is open daily for the Council on Aging walking program.

COMMUNICATION

The Town welcomes advance notice of major events scheduled at Proctor, both those where townspeople are welcome (sports events, theater performances) and those for the Proctor community itself (family weekends, graduation). The Proctor communication office regularly advises the Andover Beacon of what is happening and what they may especially enjoy.

STUDENT COMMUNITY SERVICE

Proctor students and others contributed impressively to sandbagging Highland Lake dam during the May rains, and other possible community service projects include cleanup projects on the Andover Elementary Middle School grounds and at the skateboard park. And Proctor groups have "adopted" the roadside of Route 11 one mile east and west of town, keeping it tidy.

Again this winter a Proctor student group is reading to young children and getting involved with games and activities in the Andover After School Program. Proctor students have volunteered this year with the Girl Scouts and with the Lego and knitting clubs, and also with the basketball program at the Andover Elementary Middle School.

Anyone with ideas for community service suitable for Proctor students should contact Dani Hinkley at 735-6000 or dani@proctornet.com or Eric Viandier at Eric_Viandier@proctornet.com.

USE OF PROCTOR WOODLANDS

Proctor welcomes the use of its woodlands by Andover residents for hiking, camping, fishing, hunting and other appropriate activities. Proctor asks that people carry out what they bring in and treat these beautiful resources with respect. Please understand that unauthorized use of vehicles on the property is prohibited. Any questions regarding use should be directed to David Pilla at 735-6255.

PROCTOR ADMISSIONS REPORT

Proctor will continue its policy of admitting all qualified students from Andover. There is no 'cap' of the number of students admitted and the number fluctuates from year to year. The ability of a family to pay is not a factor in admission decisions for Andover students. Proctor favors admission of qualified students from Andover over similarly qualified day applicants from other towns. Proctor seeks to meet the documented needs of Andover families who apply for financial aid.

NEW CONSTRUCTION AT PROCTOR

Proctor plans to build two new 16-bed dormitories off of Observatory Lane to replace Morton House and to end the use of Thoreau House on Lawrence Street as a dormitory. Construction is expected to begin this summer.

The next meeting of the Liaison Committee is scheduled for May 7, 2007.

Elise Goodwin, Grade 7

RECREATION DEPARTMENT REPORT

The following list outlines the programs offered by the Andover Recreation Department.

The ski program includes conventional downhill skiing and snowboarding at Ragged Mountain Ski Area as well as cross-country skiing at Proctor's Blackwater Ski Area. The program runs for six weeks starting in January and is open to kindergarten through grade eight. Lessons are included to help not only the beginners learn the basics, but to help the advanced skiers master the expert trails in a safe and courteous manner. Skating was again offered last year at Blackwater Park.

The basketball program consists of teams for girl's grades three and four and grades five and six, and teams for boys grades three and four and grades five and six. The school sponsors basketball for the higher grades. The basketball program runs from December through February with games on Saturdays.

The softball program sponsors girl's junior and senior teams that play in the American Softball Association Lassie League that consists of teams from Hill, Franklin and Andover. The junior team players must be eight years old by December 31st (or in the second grade) and not eleven by June 30th of the year of sign up, depending on experience. The senior team members must be at least 11 years old before June 30th or not be 15 years old before December 31st of the year of sign up and cannot play after graduating from the eighth grade.

The swimming program at Highland Lake ran for two weeks and was a success again this year. We would still like to see the program run for four weeks; however, we are in need of a certified instructor to make that happen. If you are interested in becoming certified, please stop by the town office or contact Howard or Ellie George for more information.

A soccer program is offered in the fall for girls and boys preschool to sixth grade. Seventh and eighth grade soccer is run by the school.

Plans are still being developed for a building and the pumping system planned for Blackwater Park. Once complete these facilities will provide much needed storage, bathroom facilities, space to operate a snack bar, and a source of water for irrigation of both Blackwater field and Corson field.

The fundraising program, which was started two years ago, has been successful. However, we still need more money to make it a reality. If you have not already done so and would like to donate, your tax-deductible donation can be mailed to Andover Recreation Fund, c/o Town of Andover, PO Box 61, Andover, NH 03216.

Thank you in advance for your support of Andover youth athletics and I hope to see you cheering on our teams!

Respectfully submitted,
Howard George, Chairman

RECYCLING COMMITTEE REPORT

Recycling glass became easier for town residents and transfer station attendants in 2006. Glass no longer has to be separated by color. In addition, ceramic plates, drinking glasses, and the like can now be added to the combined glass. These materials are taken to New London and ground into a product that is used during road construction. Glass weighs a lot and does not burn, so the next time you hear bottles rattling down the hopper, you will know that sound is costing you more than ever before. It isn't difficult to recycle them!

The town held a hazardous waste collection day in 2006. Traditionally, we have an event every three to four years. It was disappointing that twenty-two people showed up in the afternoon for a morning-only event. The Recycling Committee resolves to post better signage for the next event.

Swap events were held monthly from May through October. These Saturday festivities usually began at 8:00 AM and lasted until 2:00 PM. Thanks to our team of faithful volunteers who made it all possible, tons of items were exchanged and found more appreciative homes, saving participating individuals and the town money. As long as we have sufficient volunteers, the same is planned for 2007.

The Town purchased a Freon extractor that enables us to extract the Freon from these appliances instead of paying an outside company. The amount of money saved has already offset the cost of the extractor. As a result, Andover residents will not have to pay an increased fee for disposal of these items.

Recycling electronics was initiated in 2006 a little ahead of the state's mandate. The fee revenue versus costs will be evaluated to determine if a revised fee schedule is needed. The program has been successful but consumes a lot of space in the recycle building. Plans are being made to build a shed addition to the recycling building to offset the storage requirements.

In 2006, the Selectmen decided to make recycling a mandatory requirement. In 2007, the Recycling Committee will continue search for recycling opportunities. In 2006 we paid \$41.50 for each ton of trash sent to the Penacook incinerator. That tipping fee in 2009 is anticipated to be \$65.00! Let's get prepared for the 2009 rate hike.

Recycled Materials 2006

<u>Materials</u>	<u># Tons</u>	<u>Income/ (Expense)</u>	<u>Savings</u>	<u>Net</u>
Aluminum cans	5.01	\$6,889.84	\$ 298.33	\$7,188.17

#1 (PETE) Plastic	2.93	571.40	174.34	745.74
Glass	36.45	(859.50)	2,168.78	1,309.28
Tin Cans	5.87	280.94	349.27	630.21
Scrap Metal	<u>133.47</u>	<u>7,716.32</u>	<u>7,941.47</u>	<u>15,657.79</u>
Total	358.30	\$18,916.10	\$21,319.11	\$40,235.21

The above totals do not reflect the approximate 16.5 tons of cardboard on hand on December 31, 2006. Those amounts will be reported in the 2007 tally.

A total of 139.68 tons of construction debris was disposed of with a net cost to the town (after deducting fees collected) of \$1,650.47.

Respectfully submitted,
Recycling Committee

RESCUE SQUAD

The Rescue Squad continues to evaluate other town's models to provide ambulance service to Andover, whether with paid personal, a regionalized service, a private service or through the fire service. The transition from our current all-volunteer squad - with transport services provided at no cost - to something different will probably occur sooner than later. As we explore these options, and share ideas with the selectmen, fire commissioners and public we will be looking to make a recommendation perhaps as early as 2008.

The Mother's Day floods put the town's emergency services to the test. Fire department staff was out in full force, leaving the Rescue Squad in dire straits (many firefighters are also Rescue Squad members). Fortunately we were able to handle all emergencies, but this event forced us to look at the increased needs during catastrophic emergencies. We have to think not only of our own concerns, but - as part of the Lakes Region Mutual Aid system - also regional and statewide conditions as well. Ongoing evaluations and training help us to keep up with issues as they arise.

The Rescue Squad took a step towards recruiting additional members by sponsoring a First Responder Course this past summer and fall. Seven individuals completed the course. At this writing the testing and licensure procedure is in the works. Course participants have been able to respond to calls, which has been a tremendous help in meeting the person-power needs for assistance. The commitment of time and effort of these new recruits - as well as long-time members - is commendable.

Three major changes this past year affected emergency medical personnel both statewide and nationally. The N.H. Department of Safety implemented a new ten-part protocol requirement for Emergency Medical Services providers. Training seminars brought Andover Rescue personnel up-to-date on topics including WMDs (weapons of mass destruction), blood glucose level testing and epinephrine injection administration. A new computer-based incident reporting system was launched in April, which initially added considerable length to calls for "(non)paper work", but reduced as members became familiar with it. The American Heart Association revised its CPR standards, which required additional training for all providers at time of re-certification. CPR certification is mandatory for all licensed providers; it is also taught as part of many basic first aid courses.

The Andover Rescue Squad is dependant on funds raised through our annual spring appeal letter and through memorial donations. Thank you to those families that remember their loved ones and honor them by supporting Andover Rescue Squad. Please help us maintain this outstanding level of support again in 2007.

Memorial contributions were received in memory of Leo Scrivens, Carrol Fontano, Jennie Lull, Chris Smith, Virginia Hutchinson, Anna Sell, Richard Stetson, Kennard Smith, Shirley Davis, Rodney Smith, Mary Nixon, Dorothy and Ervin Patten, Thomas Mullen, Willis Nowell, and Elizabeth Miller.

\$5,000 was invested in a Certificate of Deposit towards the replacement cost of a new ambulance.

Emergency Response Activity

In 2006, Andover Rescue Squad responded to 142 calls, a 9% decrease over 2005. Of those 142 calls, 109 were for medical emergencies, and 23 were for motor vehicle accidents. Only four responses were for service calls.

2006 Rescue Squad Roster

Brad Hardie, NREMT-P	Patrick Smith
Dave Hewitt, NREMT	

Please remember to check you house identification number so that we will find you when you call. Best wishes for a safe and healthy 2007.

ROAD AGENT'S REPORT

The highlight of 2006 was the delivery of the Town's new Caterpillar 143 all-wheel drive road grader. It saw plenty of use both during normal maintenance work and after heavy downpours when washouts had to be repaired.

The rains that caused the record floods in May wreaked havoc not only with several roads in Andover, but also with the dam at Highland Lake. This summer's planned projects include permanent repairs to the dam, replacement of the undersized culverts on Elbow Pond Road, installation of a new underground drainage system on Maple Street between Thompson Point Lane and Tucker Mountain Road and replacement of the undersized culvert on Sam Hill Road. We are hoping to get back on track in 2008 with the improvement project on Chase Hill Road that was originally planned for last year.

We were able to have 6,500 yards of gravel, 1,000 yards of erosion stone, and 1,000 of drainage stone crushed at the transfer station. These stockpiles should last for a couple of years.

So far this winter there hasn't been much snow, but a fair amount of ice, freezing rain and sleet. I would like to thank the members of my road crew for their dedication and hard work.

Respectfully submitted,
John Thompson

Mike Donovan, Grade 8

ZONING BOARD OF ADJUSTMENT

The Andover Zoning Board of Adjustment is an appointed group. It is charged with the responsibility of dealing with matters that fall within the guidelines of the Town's zoning ordinance, which was adopted by the Town in 1974.

To fairly and reasonably apply and interpret the ordinance, the board members must constantly review related material, laws and court decisions. Each and every situation brought before the board is unique and each applicant has different needs or hardships. In most cases brought to the board the ordinance does not clearly and specifically guide us to a decision. With the ordinance as a controlling principle, the decisions are made both consistently and with state law and trying to keep the community's best interest in mind. As simple as these decisions seem, they often are very difficult.

If you are considering any type of building or property changes, it's best to review all of the Town ordinances and laws that might pertain. Ask questions if you are unsure. The zoning ordinance was developed to protect and guide the community. It is a collection of general and specific rules, which cannot predict every situation and will often require adjustments, particularly as times change. Many changes are being considered to make the rules simpler, fairer, and more in tune with the present. Please get involved, come to a meeting and let us know how things affect you. Pay attention to proposed changes of all rules in your community and vote.

I would like to thank our board members for the many volunteer hours and the courage to face the difficult decisions. Special thanks to our Administrative Assistant, Lisa Meier.

We need volunteers for Zoning Board positions

**ANDOVER VILLAGE DISTRICT
ANNUAL MEETING MINUTES
MARCH 6, 2006**

Moderator Bill Zimmerman called the meeting to order on March 6, 2006 at 7:00 PM. The following is a summary of the annual meeting minutes:

ARTICLE 1: To hear the report of the last annual meeting. The minutes of the March 7, 2005 meeting were read and accepted.

ARTICLE 2: To hear the reports of the commissioners, treasurer and auditor. The reports were read and accepted.

ARTICLE 3: To elect the necessary officers for the ensuing year:

Commissioner for three years:	Bill Zimmerman
Moderator for one year:	Marj Roy

ARTICLE 4: To see if the district will vote to accept and expend any federal and/or state grants received by the district. Accepted.

ARTICLE 5: To see if the district will vote to accept water rents totaling an estimated \$64,000.00 to be billed quarterly at a gallonage rate with a user fee. Accepted.

ARTICLE 6: To see if the district will vote to accept the budget of \$75,960.00 as recommended by the commissioners and presented by the budget committee and to raise and appropriate such sums as may be necessary for the budget. Accepted.

ARTICLE 7: To transact any further business that may legally come before this meeting. Discussion ensued regarding the dam at Bradley Lake. Howard George made a motion to petition the town to take over the dam at Bradley Lake. Kurt Meier seconded the motion and those district members present voted in favor. There was discussion about billing and going back to true quarterly billing.

There being no further discussion, the meeting was adjourned at 7:40 PM.

Respectfully submitted,
Lisa Meier
Clerk/Treasurer

**ANDOVER FIRE DISTRICT NO. 1
2007 WARRANT
State of New Hampshire**

To the inhabitants of the Andover Fire District No. 1, in the Town of Andover, County of Merrimack and the State of New Hampshire, qualified to vote on district affairs:

You are hereby notified to meet at the Andover Fire Station in said district on Wednesday, the 21st day of March 2007, at 7:30 PM to act on the following subjects:

ARTICLE 1: To hear the report of the last meeting.

ARTICLE 2: To hear the report of the treasurer, auditor, commissioners and fire chief.

ARTICLE 3: To elect the necessary officers for the ensuing term:
 Commissioner for three years
 Clerk/Treasurer for one year
 Moderator for one year

ARTICLE 4: To see if the district will vote to authorize the use of the December 2006 fund balance of \$1,124 as revenue for the 2007 budget. That fund balance is composed of \$19 which is the balance of the unexpended 2006 appropriation, \$684 which is the 2006 surplus from district taxes collected by the Town of Andover, and \$421 which is the additional interest earned in the building capital reserve fund that was closed in 2006.

ARTICLE 5: To see if the district will vote to create an expendable trust fund under the provisions of RSA 31:19-a, to be known as the Fire Equipment Maintenance Fund, for the purpose of repairing and maintaining the district's fire fighting equipment and to raise and appropriate the sum of \$2,000 to be placed in this fund and to appoint the commissioners as agents to expend from this fund. The commissioners and budget committee recommend this appropriation.

ARTICLE 6: To see if the district will vote to accept the total budget (inclusive of article 5) of \$73,061 as recommended by the commissioners and by the budget committee and to raise and appropriate such sums.

ARTICLE 7: To transact any other business that may legally come before this meeting.

Given under our hands and seal, the 29th day of January 2007.

* This proposed 2007 budget was submitted by the commissioners and has been recommended by the budget committee.

**The balance of this appropriation (\$3,200) was paid by the Fire Department's Benevolent Association.

Note: The additional funds available for 2007 includes \$684 which is the surplus from the district taxes collected by the town, \$19 which is the balance of the unexpended 2006 appropriation, and \$421 which is the additional interest earned in the building capital reserve fund that was closed in 2006.

ANDOVER FIRE DISTRICT NO. 1 CHIEF'S REPORT

The department responded to approximately 125 calls in 2006, up substantially from prior years. While calls to fires remained level, service calls due to the town wide flooding increased our call volume dramatically.

All members completed NIMS training and four firefighters completed First Responder training during 2006. We welcomed three new members to the department this year and their enthusiasm and willingness to train and learn is greatly appreciated.

The biggest event for the town emergency services was the spring flooding. As indicated above the flood increased our call volume substantially. In a five-day period the department was manned 24 hours per day and during that time we responded to approximately 40 calls for service, many of which were flooded basements. The most significant call was to Proctor Academy to help alleviate the pond flooding. We were successful and the school's boiler room and maintenance facilities were spared from flooding. We would like to thank all who helped out during that challenging week.

I would like to take this opportunity to thank the volunteers for all of the time and effort that they donate to the community through the fire department. Much of the work is done under trying and dangerous conditions and their only compensation is the satisfaction of having helped someone in need. If anyone is interested in joining please stop by or contact one of the members listed below. We have meetings every Monday evening at 7:00 PM.

The roster of members for 2006 includes:

Dennis Bartlett	Mike Donnelly – Lieutenant	Todd Donovan
Cathy Ellis	Chuck Ellis – Deputy Chief	Darren Gove – Captain
Jessica Grace	Alex Green	John Green
Glenn Haley	Brad Hardy	Fred Lance
John Landry – Chief	John McDonald	Joe Poulin
Justin Smith	Patrick Smith	Red Soucy
Eric Tilton – Lieutenant	Justin Wells	Dan Woodhams

Remember, test your fire and CO detectors frequently and replace the batteries at least twice a year.

Respectfully Submitted,
John Landry - Chief

Keith Davis, Grade 3

**ANDOVER FIRE DISTRICT NO. 1
ANNUAL MEETING MINUTES**

The annual meeting of the Andover Fire District No. 1 was held on March 15, 2006. Moderator Mark Stetson called the meeting to order at 7:30 PM.

ARTICLE 1: A motion was made by John McDonald and seconded by Les Fenton that the minutes of the 2005 annual meeting be accepted as printed in the town report. The motion was approved, all in favor.

ARTICLE 2: The auditor's report was read by Fred Lance. Les Fenton commented on the Status of the Capital Projects report that he distributed before the meeting. The report was written with input from Chief John Landry, Commissioner John McDonald and other officers and is an effort to provide a framework for future capital projects. John McDonald made a motion to accept the commissioners' report as given, the auditor's report as read and the chief's report as published in the town report. Les Fenton seconded the motion. The motion was approved, all in favor.

ARTICLE 3: The following officers were elected:

Commissioner for three years:	John McDonald
Clerk/Treasurer for one year:	Fred Lance
Moderator for one year:	Mark Stetson

ARTICLE 4: A motion was made by Les Fenton and seconded by John McDonald to authorize the commissioners to borrow money in the anticipation of taxes in perpetuity or until rescinded. It was so voted and accepted.

ARTICLE 5: A motion was made by Les Fenton and seconded by Doug Gay to accept and expend any grants or gifts to the district, whether federal, state or from private individuals in perpetuity or until rescinded. It was so voted and accepted.

ARTICLE 6: To see if the district will vote to authorize the use of the December 2005 fund balance of \$476 as revenue for the 2006 budget. That fund balance is composed of \$396, which is the surplus from the district taxes collected by the Town, and \$80, which is the balance of the unexpended 2005 appropriation. Les Fenton moved the article and Doug Gay seconded it. The motion was approved, all in favor.

ARTICLE 7: To see if the district will vote to close the building capital reserve fund and to allow the balance of \$5,000 plus accumulated interest to be used as revenue for the 2006 budget. This article was moved by Les Fenton and seconded by John McDonald. It was so voted and accepted.

ARTICLE 8: To see if the district will vote to raise and appropriate the sum of \$2,000 to be added to the new fire truck capital reserve fund previously established. The commissioners and budget committee recommend this appropriation. John McDonald moved and Les Fenton seconded. It was so voted and accepted.

ARTICLE 9: To see if the district will vote to accept the total budget (inclusive of article 8) of \$71,376 as recommended by the commissioners and the budget committee and to raise and appropriate such sums. This article was moved by Les Fenton and seconded by John McDonald. It was so voted and accepted.

ARTICLE 10: To transact any other business that may legally come before this meeting. Les Fenton moved that the meeting be adjourned. John McDonald seconded the motion. All voted in favor. The meeting adjourned at 7:58 PM.

Respectfully submitted,
Fred Lance – Clerk/Treasurer

EAST ANDOVER FIRE DEPARTMENT CHIEF'S REPORT

The events of 2006 for the Fire Department seemed to be dictated by the weather. In very early spring we responded to several brush and woods fires. Some took all night to control. And then, by Mother's Day, we were motoring down Route 4 in our new boat. Flooding kept us responding to calls for help along the Blackwater River, Proctor Academy and on Maple Street. After three days and nights of dealing with flooding our resources were spread thin. A call to warn us that sinkholes were appearing at the Highland Lake Dam was not welcome news. Thanks to the tremendous support from the students and faculty from Proctor Academy several hundred sand bags were placed along the Dam stabilizing the danger. Food provided by several kind Andover residents and by the Proctor kitchen was often the only bright and dry spot in our day. To all who rallied in support of your fire department – many thanks.

We lost two retired fire fighters in 2006, William (Teddy) Walker and Tom Mullen. Teddy served with the Fire Department and Rescue Squad for many years and was a prime mover in both. We are all fond of saying that Teddy knew better than anyone else where everything was kept on the ambulance and you were the safest when he was driving to the hospital. His presence in the ambulance is still felt by his friends on the Squad. Tom Mullen served as a Fire Commissioner and helped shape the financial stability we now enjoy in our Fire Precinct. Tom was a first rate fire equipment operator and kept interior fire fighters safe. These two fine people were fire fighters, community leaders and our friends. We think of them often and they are missed.

We received new digital radios this year as part of a Federal and State Homeland Security grant program. The program more than met its goal by having each fire, police and ambulance department in the state use compatible communications equipment. This program that was designed and launched in New Hampshire has become the model for other states to follow.

Please again accept the thanks of your fire fighters. Your support and kindness is truly appreciated.

Chief Rene Lefebvre

Members

**EAST ANDOVER FIRE PRECINCT
ANNUAL MEETING MINUTES
March 21, 2006**

The 73rd annual meeting of the East Andover Fire Precinct was called to order at 7:30 PM by the moderator JoAnn Hicks on March 21, 2006, at the East Andover Fire Station.

The warrant was then read and the following action taken:

ARTICLE 1: A motion was made by Rene Lefebvre and seconded by Scott Kidder that the following slate of officers be elected:

Moderator for one year	JoAnn Hicks
Clerk for one year	Kathleen Kidder
Treasurer for one year	John Cotton
Auditor for one year	Mark Stetson
Commissioner for three years	Roger Kidder

There were no other nominations. The above named individuals were elected unanimously to the respective positions.

ARTICLE 2: To hear and accept the reports of the treasurer, auditor, commissioners and the fire chief. Each reported that there were no changes to the reports as printed.

ARTICLE 3: To see if the precinct will vote to apply the entire 2005 fund balance (surplus) of \$1,648 as revenue for the 2006 budget. That fund balance is composed of \$642 which is the 2005 surplus from precinct taxes collected by the Town of Andover, \$6 which is the 2005 checking account interest, and \$1,000 which is the insurance reserve. A motion was made by Howard Wilson and seconded by John Cotton. There was no discussion and the motion passed unanimously.

ARTICLE 4: To see if the precinct will vote to raise and appropriate the sum of \$25,000 to be added to the capital reserve fund previously established for fire suppression equipment. A motion was made by Roger Kidder, seconded by Howard Wilson and passed unanimously.

ARTICLE 5: To see if the precinct will vote to raise and appropriate the total budget (inclusive of warrant articles) of \$52,600 as recommended by the commissioners and by the budget committee. A motion to accept the article was made by Scott Kidder and seconded by Rene Lefebvre. There was no discussion and the motion passed unanimously.

ARTICLE 6: To transact any other business that may legally come before the meeting. There was no other business and the meeting adjourned at 7:37 PM.

Respectfully submitted,
Kathleen Kidder, Clerk

SCHOOL BOARD REPORT

The Andover School Board would like to thank all the members of the Facility Task Force, all the staff at the Andover Elementary Middle School and the SAU office for their undying support during the many months that were spent coming up with the bond proposal that the Board is bringing to the voters at the Andover School District Meeting. Many people had to rearrange their schedules to enable their attendance at these important meetings. Thank you again!!!

All these people worked tirelessly to help create a proposal that would cover three main objectives:

Safety

Space

Spend the taxpayers' money wisely

The Board unanimously has taken these objectives and has worked very hard to create the proposal that will be voted on at the School District Meeting.

There have been many public meetings and hearings held to discuss the reasons that the Board is bringing the bond vote to the District this year. The Board has tried to inform the public by using Channel 8, the Andover Beacon and one-on-one conversations. We still believe that some of the community members are not fully informed about the proposed bond. We encourage anybody that has a question to call any member of the Board. Please come and vote at the School District meeting.

The Board would like to thank the Community for the support it has provided both in the past and at the present time. Without your support, the Andover Elementary Middle School wouldn't be the school it is today.

As always, the Board welcomes attendance at any of our meetings. We meet on the first Tuesday of every month at 6:30PM.

Thank you,
The Andover School Board

SUPERINTENDENT'S REPORT

I am pleased and honored to present my eighth annual report to the Andover School District.

The year of 2006 will be remembered as the year focused on evaluating our school building needs from top to bottom. This was the third year of a three-year study beginning with the writing and adoption of the district's Long Range Plan, followed by a Facility Study completed by the New Hampshire School Administrators Association. At the 2006 Annual Meeting the voters approved \$15,000 to fund the cost of an architectural study, most of which was completed by September. This work has meant a serious additional commitment of time on the part of your elected officials - from one or two meetings a month to four meetings a month - lasting two to three hours. The following is a list of some of the major highlights.

May 3 rd	Interview architects
June 3 rd	Review and select a firm (Banwell of Lebanon)
Aug	Review architect input and engineer status (electrical/mechanical)
Sept	First Task Force Meeting
Sept	Meet with structural engineer to review hip roof
Oct	Fourth Task Force Meeting
Nov	Public Meeting to hear Task Force recommendations
Dec 13 th	Board's facility recommendation - presented to budge committee
Dec 19 th	Board's facility recommendation - presented to Task Force
Jan 10 th	Budget/Facility Hearing
Jan 30 th	Bond Issue Hearing

To prepare, to study, to learn and mostly important to seek and receive answers to questions, the board met faithfully every Tuesday to prepare for upcoming meetings, to struggle with issues, and to make decisions.

As we move forward to the March 2007 Annual School District meeting, there will be a warrant article to address the facility needs. The last time Andover addressed its facilities was in 1992 when the town passed a bond to build the middle school classrooms and to renovate the library. The warrant article being proposed is for both additional space, (cafeteria, gym and kitchen), and for renovated space, (current cafeteria, kitchen, gym and classroom space and small group instructional space). Information about the project is available at the school. Also meetings and tours can be arranged.

On a special note:

I want to thank the forty individuals who served on the Community Task Force. I believe that they were representative of the community as a whole, and their input was highly valued as they learned about the facility, discussed the needs of the community and school, and made their recommendations. I appreciate the opportunity to work on this project.

Respectfully submitted,
 Michael J. Martin
 Superintendent of Schools

**ANDOVER SCHOOL DISTRICT
2007 SCHOOL WARRANT
Annual School District Meeting
March 5, 2007**

To the inhabitants of the School District in the Town of Andover qualified to vote in District affairs:

You are hereby notified to meet at the Andover Elementary/Middle School Gymnasium in said district on Monday, the 5th day of March 2007, at 7:00 p.m. to act upon the following subjects:

ARTICLE 1: To see if the school district will vote to raise and appropriate the sum of Three Million, Eight Hundred Seven Thousand, Three Hundred Five Dollars (\$3,807,305) for the following purpose: Construction of an addition, a gymnasium, cafeteria, kitchen plus renovations to the Andover Elementary/Middle School and, to authorize the issuance of not more than Three Million, Six Hundred Thirty Four Thousand, Nine Hundred Forty One Dollars (\$3,634,941) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the school board to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and to authorize the school board to accept and expend on behalf of the district any federal, state, or private funds that may become available for any projects described above and to have the resulting balance of up to One Hundred Seventy Two Thousand, Three Hundred Sixty Four Dollars (\$172,364) be funded from the interest earned on the investment of bond/note proceeds. **(The school board and budget committee both recommend passing this article.)**[Two-thirds ballot vote required for passage.]

ARTICLE 2: To see if the district will vote to accept the reports of officials, agents, auditors and/or committees as printed in the school district report.

ARTICLE 3: To see if the district will vote to authorize the school board to make application for, to accept and expend on behalf of the district any and all advances, grants or other funds for educational purposes which may now or hereinafter be forthcoming from the United States of America and its agencies or from the State of New Hampshire and its agencies.

ARTICLE 4: To see if the district will authorize the school board to accept and expend on behalf of the district private gifts and contributions for educational purposes.

ARTICLE 5: To see if the school district will vote to raise and appropriate the sum of Four Million, One Hundred Eighty Seven Thousand, One Hundred Forty One Dollars (\$4,187,141.00) for the support of schools, for the payment of salaries of school district officers and agents, and for the payment of statutory obligations of said district. The school board shall certify to the selectmen of Andover the amount to be raised by taxation of said town. **(The school board and budget committee both recommend passing this article.)** [Majority vote required]

ARTICLE 6: To transact any other business that may legally come before this meeting.

Given under our hands at said Andover the 6th day of February 2007.

Andover's share is 11%, Merrimack Valley's share is 89%

ANDOVER SCHOOL DISTRICT MEETING
March 6, 2006

The meeting was called to order at 7:04 by moderator William Bardsley. Cateline Zapolski, an Andover senior attending Merrimack Valley, led the assembly in singing the national anthem. Moderator Bardsley introduced the school board members, those present from the superintendent's office, and the AE/MS administration. He also reviewed the business rules for conducting the meeting. There were a total of 78 people present during the district meeting.

ARTICLE 1: To see if the district will vote to accept the reports of officials, agents, auditors and/or committees as printed in the school district report.

Brenda Lance moved to accept the reports as printed in the town report; Arthur Urie seconded. With no discussion, Article 1 was adopted.

ARTICLE 2: To see if the district will vote to authorize the school board to make application for, to accept and expend on behalf of the district any and all advances, grants or other funds for educational purposes which may now or hereinafter be forthcoming from the United States of America and its agencies or from the State of New Hampshire and its agencies.

Arthur Urie moved to accept article 2; Wallace Scott seconded the motion. There was no discussion and Article 2 was adopted.

ARTICLE 3: To see if the district will authorize the school board to accept and expend on behalf of the district private gifts and contributions for educational purposes.

Howard Wilson moved to accept article 3; Percy Hill seconded the motion. With no discussion, Article 3 was adopted.

ARTICLE 4: To see if the school district will vote to raise and appropriate the sum of Three Million, Five Hundred Five Thousand, One Hundred Twenty Nine Dollars (\$3,505,129.00) for the support of schools, for the payment of salaries of school district officers and agents, and for the payment of statutory obligations of said district. The school board shall certify to the selectmen of Andover the amount to be raised by taxation of said town. (The school board and budget committee recommend passing this article.) [Majority vote required]

Ed Hiller moved to accept the motion at the stated budget amount; Peter Zak seconded the motion. Moderator Bardsley stepped through the budget, category by category. David Hewitt explained the increase in 1100 Regular Education Program-High School Tuition includes not only the negotiated contractual increases but also an increased student population at Merrimack Valley High School. Howard George emphasized an ongoing need for, and importance of, grounds maintenance under category 2630 Care and Upkeep of Grounds. David Hewitt also explained after some discussion that the 2006-2007 budget reflects the school board's best guess at anticipated expenses, not actual expenditures from the previous years. Article 4 was adopted.

ARTICLE 5: To see if the school district will vote to approve to create an expendable trust fund under the provisions of RSA 192:20-c. to be known as the regular education high school tuition expendable trust fund, for the purpose of preparing for unanticipated increased tuition costs associated with current and future agreements. Furthermore, to name the Andover School Board as agents to expend from this trust fund. (The school board and budget committee recommend passing this article.) [Majority vote required]

Carol Guptill moved to accept the motion; Peter Zak seconded the motion. Victoria Mishcon explained that this trust would provide a cushion for future negotiated tuition costs and future increases in student population at Merrimack Valley High School. Michael Martin also clarified that any future contracts would require approval by warrant articles voted on during both the Andover School District and the Merrimack Valley School District meetings. Article 5 was adopted.

ARTICLE 6: To see if the school district will vote to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000) to fund the previously established Regular Education High School Tuition Expendable Trust Fund. (The school board and budget committee recommend passing this article.) [Majority vote required]

Ed Hiller moved to accept the motion; Peter Zak seconded the motion. David Hewitt stated that this dollar amount was to provide for an increase in the student population beyond what is currently budgeted. After some discussion on current and anticipated tuition rates as well as the student costs

paid by towns within the Merrimack Valley School District, Armand Boisvert reminded the audience that Andover rents space at Merrimack Valley High School while towns within the Merrimack Valley School District are owners of their entire district. Article 6 was adopted.

ARTICLE 7: To see if the school district will vote to raise and appropriate up to Fifteen Thousand Dollars (\$15,000) for the payment of the cost of architect/engineering fees for renovations/additions to the Andover Elementary/ Middle School. This will be a non-lapsing appropriation as per RSA 32:7 and will not lapse until the Architect/Engineering Plans are completed or by June 30, 2007, whichever is first. (The school board and budget committee recommend passing this article.) [Majority vote required]

Ed Hiller moved to accept the motion; Percy Hill seconded the motion. Doug Boisvert explained that this appropriation was to evaluate current facilities. Article 7 was adopted.

ARTICLE 8: To see if the school district will vote to raise and appropriate up to Twenty-Five Thousand Dollars (\$25,000) for the purpose of hiring a part-time teacher to teach Reading/Enrichment/ESL classes. (By petition.) [The school board and budget committee do not recommend passing this article.]

Betsy Paine moved to accept the motion; Howard Wilson seconded the motion. As one of the primary authors of this petition, Betsy Paine stated the need for addition support of reading to meet standards introduced by No Child Left Behind. David Hewitt explained that while several new positions, including this position, had initially been in the proposed budget the Andover School Board had felt compelled to postpone these positions to help limit the increased costs of education. Ed Hiller also stated the Budget Committee appreciated the effort to the school board to help stem increasing costs and agreed this position was worthwhile but not absolutely necessary. Several in the audience spoke in favor of this article, restating the importance of successful readers and in favor of providing extra reading support. Lorraine Cline presented moderator Bardsley with the required five signatures for a written ballot. Article 8 was adopted with a written ballot of 39 ayes and 30 nay votes.

ARTICLE 9: To transact any other business that may legally come before this meeting.

David Hewitt requested the public participate with the Andover School Board to provide input and guidance during the next year as the school board receives and reviews the architectural and engineering reports on future facility improvements and expansions.

Andy Guptill moved to adopt the following motion: To request that the government of the United States fully fund all mandated education projects. Howard Wilson seconded the motion. David Hewitt affirmed that all four of the congressional representatives would receive a letter requesting that all education mandates be fully funded. The motion was adopted.

There being no other business to come before the district, the meeting was adjourned at 9:17 pm.

Respectfully submitted,
Christie Coll
School District Clerk

SCHOOL DISTRICT AUDITOR'S REPORT

The independent auditor's report was not complete as the Andover Town Report went to press. Copies will be available for pick up at the Andover Elementary/Middle School and at the SAU office in Penacook as soon as the audit is complete.
