97th Annual Municipal Government Report
FOR THE YEAR 1949

City of Nashua
New Hampshire
Ninety-Seventh Annual Report
OF THE
Municipal Government
OF THE CITY OF
Nashua, New Hampshire

For the Financial Year
1949
CITY OF NASHUA, NEW HAMPSHIRE

INAUGURAL ADDRESS
by Hugh Gregg

Nashua, N. H. January 2, 1950

Members of our City Government, Ladies and Gentlemen:

On this New Year’s Day of 1950, we pause at the halfway point of a century already marked by wars, economic depressions, and growth of new ideologies totally foreign to what our fore-fathers thought of as the “American Way of Life”. Yet, the fact that we are assembled here for Nashua’s 75th anniversary of this inaugural ceremony serves as proof of our continued reaffirmation of the democratic principles upon which this city was founded and which have made this country so great. It is fitting we should have these biennial opportunities to pause, reflect, and observe our course.

During the war, this country’s efforts were expended toward those things which would count directly toward victory. Nashua, along with other communities, found it necessary to forego many of those so-called “essential” city services to which its citizens had become accustomed. Fewer persons were needed on our city payrolls and new equipment was not available for purchase. People at home did not object to these inconveniences, for such discomforts seemed little enough as their share of the sacrifices being made by others overseas. Thus, almost without anyone realizing how it happened, the reduction of services and purchases during these years, coupled with a very effective municipal administration, caused a steady decrease in our tax rate from a high of $37.60 per thousand in 1940 to a low of $33.70 per thousand in 1944.

But with post-war prosperity and inflation, the attitude of the public has changed. Suddenly, we find ourselves in a position to direct our primary attention to our homes and community. People demand not only the services formerly given by their government, but they place new and greater burdens on the municipal departments. At the Federal level, the situation has become even more serious, with the rapid expansion of the “welfare state” philosophy. In Nashua, it has been necessary for us to grant pay increases to city employees to offset the reduced purchasing power of the dollar. It has been necessary to purchase replacements of equipment which we were unable to make during the war years. Capital expenditures are needed for the long neglected construction of such things as streets, sewers, and schools. The city has embarked upon some of these building programs and they are expensive. It
has been hard, and it will be hard, on the taxpayer's pocket-book. Since 1944 our tax rate has risen continuously from the $33.70 per thousand of that year to the 1949 all-time high of $46.30. During the same period, our bonded indebtedness has increased substantially. Last year our total municipal valuations showed a decrease of nearly 4½% as compared with 1948. Most departmental budgets have more than doubled since the war. The trend has been toward ever increasing city spending. Somewhere, sometime, this increased spending must stop!

The present tax burden is just about as much as our citizens can bear. We are dangerously near the point where the taxpayer may well ask, "I can spend my own money more wisely than my government, so why should I pay high taxes?" It is time we made a thorough examination of our city financing and a determined effort to make whatever adjustments may be necessary so that our tax dollars will attain the greatest possible purchasing power. Your Federal and State governments have already recognized the same need. Both are undergoing extensive reorganization studies to make savings and to find greater efficiency in administration. Nashua must do likewise. We must conscientiously study our departments for the purpose of abolishing unnecessary services, utilizing modern procedures, and producing greater efficiency. Yet, to do these things, we must in many cases be willing to spend money to save money. Frequently it is cheaper to purchase new equipment than to maintain the obsolete.

Our City Charter provides that "The Mayor shall be chief executive officer of the city . . . and shall exercise the general supervision over the conduct of all subordinate officers". This is a directive to the Mayor that he shall be familiar with the workings of all Departments of the City. I would consider myself remiss in my duties if I did not so interest myself. Obviously all City Departments are related, but, because many of them necessarily operate exclusively in their own sphere, it may be that some of our City Departments have grown out of all proportion to the over-all best interest of the community. I hope to be able to make an active study of the functions and administration of the various Departments with a view to determining whether or not reductions or consolidations may be made to give the public a better municipal administration. Such investigation will take time and will require considerable study. It is indeed unfortunate that our City Charter obligates any new Mayor to prepare his municipal budget as his first major order of business. This is to be done following his inauguration and long before he can possibly have any real op-
portunity to secure personal knowledge of the requirements of the City Departments.

During the past two years I have had the privilege of serving on one of the most progressive Boards of Aldermen which Nashua has ever had. It was this Board which was responsible for the passage of such constructive procedures for the better and lower cost government as our itemized budget and centralized purchasing. Fortunately, I am now to have the honor and pleasure of serving with nearly all of the same men in what I hope will be the further extension of the program for a sound financial policy so well started. Still, whatever is done to bring about the eventual lowering of our tax rate, it cannot be done except through the cooperation of city employees who are enthusiastic about their work, because they know they are doing a job and are being paid wages under working conditions which are comparable to or better than those of similar public servants elsewhere. It is only by pulling as a team and being willing to accept changed or increased assignments that we can raise efficiency to the point where all people can afford to pay their taxes and yet admit they are paying cheap price for the municipal services received.

There exists in many of our people a sense of frustration because they feel it is impossible for them to do anything about what they consider to be questionable financial policies of their city government. It is a serious thing for democracy when the people feel, as they do about government at the Federal level, that the complexities of their democratic system are too difficult for them to understand. It is from this confusion that the forces of "Statism" are gaining such footholds in our national government. When such theories are put forth in smaller political sub-divisions, they are more readily discernable and easily exposed. If you believe that the State should be subservient to the individual and not that the State should control and assume the obligations of the individual, then, it behooves you to take an active interest in the affairs of government. The best place to start is right here in the Nashua City Hall. Our operations are not of such a magnitude or complexity as to be beyond your understanding. The facts about its operation are available to you. I intend to solicit the active participation of all of you in an effort to have you understand and discuss with us the problems of the city budget.

It is your money which is being spent. You have a right to know where every cent is going. If any Department is wasting your money either through unwarranted expenditures or inefficiency, you should know about it. What is more, you
should do something about it, not just indulge in loose talk and idle gossip! You have a duty to tell us and show us just what you believe to be wrong. We are your servants who sought these positions from you. You gave them to us, we did not win them from you. If you remain silent with your discontent, you cannot justly complain if we act contrary to your unexpressed desires. On the other hand, if you think a man is doing a good job, tell him so! Nothing is more discouraging to a public official than indifference in his constituents. Indifference on the part of citizens begets indifference on the part of the office holder. Know your city government and know what is going on in it. Your interest is your protection.

Nashua is an industrial community and its prosperity is dependent upon operating plants. The partial loss of our largest industry and a general business recession early last year caused a tremendous rise in the number of persons unemployed. The situation was worse than at any time since the depression days of the 1930’s and the outlook was gloomy. But the community has already set about tackling its major problem and in less than a year has reduced its unemployed from 2,800 persons to 1,300. The job is still far from completed and your city government should have the major responsibility in helping to find jobs for all our unemployed in local private enterprise. Many of our neighboring cities are in a much worse condition than ourselves. They have greater areas of unoccupied manufacturing space and larger numbers of unemployed. By the same token, their public officials have been and are putting much more energy into programs to attract new industry than have ours. Selling industrial space today is a highly competitive business with many of our competitors having the almost limitless resources of large cities or even states from which to draw in offering advantages and inducements to the businessman. Nashua already has between 65 and 70 industrial plants, some 47 of which represent diversified fields of enterprise. We have many advantages to attract both the manufacturer and the merchant, but these advantages must be sold. It should be primarily the responsibility of the City to do the selling, as each new industry which operates here means more employment, more valuation, more business, and thus, more prosperity for the entire community. It is my hope that this new City administration will cooperate with any and all groups striving for full employment and will lead in an aggressive campaign to “sell” Nashua to the businessman who desires to relocate or establish a new plant.

I know that the voters expect many things of a new Mayor.
If they did not, there would seldom be occasion for the election of new Mayors. Nashua’s population is composed of persons descended from many different nationality groups. In the past, all too frequently, our elections have been won or lost on questions other than the basic issues or the qualifications of the candidates involved. It seems a shame to me that these conditions have existed and I disagree with those who feel these are delicate matters which should not be publicly discussed. If Nashua is going to set itself squarely in front as a leader among New England cities, it can only be accomplished by whole-hearted community support from all elements of our population assisting us in our attempt to achieve an effective city administration to the general benefits of everyone. It has not and will not be my policy to permit matters of religion, fraternal association or nationality to influence my administration of the city’s affairs. Other things being equal, I shall always endeavor to make an equitable distribution among the various heritage and social groups of whatever appointments I may be permitted to give. A man is either doing a good job or he is not, he is qualified or he is not — in every case, we are all fellow-citizens and should be primarily interested in the welfare of each other. During the war, our country learned of the value and strength to be found in the diversity of our population. We should be proud of these variances in our backgrounds and we should make them draw us together that Nashua may be a more prosperous community in which to live.

In closing, let me say that I appreciate the responsibility which has been placed upon me as your Mayor. I approach the task humbly and intend to do my utmost to safeguard the interest of the greatest number, to be considerate and fair in all decisions. There will be disagreements, as there always have been in the past. But in the long run, it has been the amicable resolving of our differences of opinion which has made our democratic way of doing things the very finest on this earth and which will make Nashua an even better city than it is today.

To all of you, I wish a most happy and prosperous New Year.
CITY GOVERNMENT OF THE
CITY OF NASHUA, NEW HAMPSHIRE
AS ORGANIZED FOR THE YEARS 1948-1949

MAYOR

HONORABLE OSWALD S. MAYNARD
Elected at Municipal Election for a
Two-Year Term expiring December 31, 1949

REPORT
OF AN AUDIT AND EXAMINATION
OF THE ACCOUNTS
OF THE
CITY OF NASHUA
FOR THE FISCAL YEAR ENDED
DECEMBER 31, 1949
Made by
THE DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
April 19 — May 11, 1950
To His Honor The Mayor and The Board of Aldermen:
City of Nashua, New Hampshire

Gentlemen:

In accordance with your request we have made an audit and examination of the accounts and records of the City of Nashua for the fiscal year ended December 31, 1949, and submit herewith our report thereon together with various Exhibits as listed in the attached Index.

SCOPE OF AUDIT

The audit consisted of a complete verification of assets and liabilities as recorded in the balance sheets of Revenue Accounts, Non-Revenue Accounts, General Indebtedness and the Trust and Investment Funds. We examined supporting checks, vouchers, payrolls and department records to an extent deemed adequate in conformity with accepted audit procedure.

BALANCE SHEET — REVENUE ACCOUNTS

(Exhibit A-1)

Cash on Hand and in Bank — $68,652.33:

The Cash on Hand and in Bank is comprised as follows:

Cash on hand:

- City Clerk .................... $133.00
- Police Department ......... 300.00

$ 433.00

Cash in Bank .......................... 68,219.33

$68,652.33

The Cash in Bank of $68,219.33 was reconciled with the balance shown by bank statement of Second National Bank dated December 31, 1949.

Appropriation Overdrafts — $1,977.85:

The following overdrafts of Cemetery appropriations have been carried forward to 1950 in conformity with established practice:

- Edgewood Cemetery ............. $ 929.18
- Suburban Cemetery ............. 1,048.67

Total Carried to 1950 ............. $1,977.85
Uncollected Taxes — $155,337.82:
The following comparative table shows in detail the uncollected taxes at December 31, 1949 and December 31, 1948:

<table>
<thead>
<tr>
<th></th>
<th>1949</th>
<th>1948</th>
</tr>
</thead>
<tbody>
<tr>
<td>Current Year’s Levy</td>
<td>$141,330.80</td>
<td>$115,104.66</td>
</tr>
<tr>
<td>Levies of Four Preceding Years</td>
<td>14,007.02</td>
<td>13,220.32...</td>
</tr>
<tr>
<td>Total</td>
<td>$155,337.82</td>
<td>$128,324.98</td>
</tr>
</tbody>
</table>

The amount of uncollected taxes of the current year’s levy at December 31, 1949, exceeds that at December 31, 1948 by $26,226.14. The proportion of increase, however, is less than the average increase throughout the State.

Unredeemed Taxes — Tax Titles — $6,254.34:
Exhibit G-6, presents a detailed statement of the changes in the Tax Title account during the year under review.

Tax Deeds — $4,376.64:
The balance of Tax Deeds’ account as at December 31, 1949, amounting to $4,376.64, represents the cost to the City of acquiring such deeds.

Temporary Loans — $50,000.00:
The above $50,000.00 represents the unpaid portion, at December 31, 1949, of Notes issued in anticipation of Taxes.

Unexpended Balances — $45,392.13:
This amount is comprised of various unexpended balances of appropriations, and/or revenues, to be carried forward to 1950.

Reserves — $3,457.65:
The $1,572.23 balance in Reserve for Tax Titles and Tax Deeds represents the accumulated profit from the sales of tax deeded property.

The Board of Public Works Retirement Reserve of $1,885.42 represents the amount of deductions from payrolls of that Department not yet invested.

Overlays — $62,709.30:
Following the practice established in prior years, the City accumulates as a reserve the balances of overlay of the current year’s tax levy plus that of the levies of the four preceding years. As of December 31, 1949, the uncollected taxes of the fifth preceding year (1944), were written off against the Overlay of that year and the remaining balance of 1944 Overlay, amounting to $8,891.06, was transferred to Surplus Revenue Current (Exhibit B-1).
In Exhibit C, we present an analysis of such accumulated overlays as of December 31, 1948 and changes therein during the year under review.

**Due State of New Hampshire — $186.00:**
The above liability represents the amount of Special Poll Taxes collected during the year under review and not remitted to the State as of December 31, 1949.

**Revenue Surplus — $74,896.75:**
The Surplus increased from $28,747.38 as of December 31, 1948 to $74,896.75 as at December 31, 1949, or an increase of $46,149.37. As indicated in "Analysis of Surplus Revenue — Prior Years" (Exhibit B-2), this increase consists of $45,793.24 of 1949 Surplus Revenue, plus a net of $356.13 of revenues on account of prior years' activities.

**BALANCE SHEET — GENERAL INDEBTEDNESS**
(Exhibit A-3)

**Bonded Indebtedness — $891,000.00:**
There was a net increase in bonded indebtedness of $28,000.00 during the year under review. This net increase was occasioned by the issuance during the year of $150,000.00 in Sewer bonds and the retirement of $122,000.00 of other outstanding bonds.

**Comparative Statements of Appropriations and Expenditures**
— **Estimated and Actual Revenues:** (Exhibits D & E)

In Exhibits D and E are presented Comparative Statements of Appropriations and Expenditures and Estimated and Actual Revenues, respectively.

During the year under review changes were made in the preparation of, and the accounting for, Budget estimates of Revenues and Appropriations. Under the new system all Departmental revenues excepting Cemeteries and Library were included in estimated revenue in budget preparation. The accounting for the receipt of such revenues was effected by crediting current Revenue account rather than the Departmental appropriation accounts as formerly.

As a result, the Comparative Statement of Appropriations and Expenditures (Exhibit D) will not show any credits for Departmental receipts, other than Cemeteries and Library, excepting refunds of expenditures previously made by the respective departments as indicated.
GENERAL COMMENTS AND RECOMMENDATIONS

Accounting Procedure for Added Taxes and Refunds:

In our previous report we made certain recommendations for recording Added Taxes and payments in refund of amounts abated after a tax had been paid in full. We are pleased to report that our recommendations relative to such transactions have been followed.

Departmental Expenditures:

Library:

In our previous report we recommended that the Library make use of a cash book in which should be entered all receipts and expenditures with classification as to source of receipts and purpose of expenditures. We are pleased to report that this recommendation has been followed and the Library records for the year under review were found to have been well kept and in good order.

Athletic Association:

While the Athletic Association is not a department of the City, in the sense that it carries no appropriation etc., it is felt that if its financial transactions are a part of the City records such transactions should be subject to the same regulations set forth for other City departments.

In connection with our examination of the records of the Athletic Association, we found that none of the expenditures were supported by bills, expense accounts or other detailed evidence of liability. Upon inquiry we were informed that whatever invoices were presented for payment had been destroyed. In keeping with City departmental regulations, it is our opinion that no disbursements should be made from Athletic Association funds unless evidence is presented as to the propriety of such expenditure and the same should bear the approval of some responsible Association official.

Conclusion:

The accounting system of the City of Nashua provides adequate financial information so that effective control of budgetary appropriations may be exercised.

The appreciation and thanks of the members of this Division is hereby expressed to the officials of the City of Nashua and their office staffs for the assistance rendered during the course of the audit.

Yours very truly,
CERTIFICATE OF AUDIT

This is to certify that we have audited the accounts and records of the City of Nashua for the fiscal year ended December 31, 1949.

The report submitted herewith sets forth, in our opinion, the financial condition of the City as of December 31, 1949. The various Exhibits, together with our comments, reflect the results of operations for the period under examination.

Respectfully submitted,

HAROLD G. FOWLER, Director

RESOLUTION

AUTHORIZING THE MAYOR, OSWALD S. MAYNARD, TO CONVEY CERTAIN REAL ESTATE ON MAIN STREET
CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Forty-Nine

RESOLVED, By the Board of Aldermen of the City of Nashua
That the Mayor, Oswald S. Maynard, be and is hereby authorized and empowered to convey to Edmond L. Cote of Plainville, County of Hartford, and State of Connecticut, all the right, title, and interest that the City of Nashua had, now has, or will have in the future, of the following described land:
A certain tract or parcel of land situated in Nashua, County of Hillsborough, and State of New Hampshire, and known as Lots numbered 9 and 10 on a plan of Land called “Overlook Park”, said lots being on the east side of Main Street in the City of Nashua, County of Hillsborough, and State of New Hampshire, Plan made by G. P. Winn, C. E., and recorded at the Hillsborough County Registry of Deeds as Plan numbered 367, said lots being bounded and described as follows:
(1) Northerly by land now or formerly owned by Madge Langston, one hundred (100) feet;
(2) Easterly by Lot No. 12 on said Plan, fifty (50) feet;
(3) Southerly by Lot No. 8 on said Plan, one hundred (100) feet;
and
(4) Westerly by Main Street, fifty (50) feet.
Said Lots containing 2500 feet each, more or less, according to said Plan.

RESOLUTION

AUTHORIZING HIS HONOR, MAYOR OSWALD S. MAYNARD, TO CONVEY
CERTAIN REAL ESTATE ON ALMONT STREET
CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Forty-Nine

RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, Samuel J. Dearborn, Tax Collector for the City of Nashua, con-
veyed a certain lot numbered 18, Sheet 103, of the Assessor's Map of the
City of Nashua, to the City of Nashua on March 22, 1917 for the taxes of
1914, 1915, and 1916; and
WHEREAS, said Samuel J. Dearborn, as Tax Collector, conveyed the
aforementioned lot to Alphonse Gendron by deed date July 14, 1937 and recorded
in the Hillsborough County Registry of Deeds, August 14, 1937; and
WHEREAS, title to the aforementioned lot was legally vested in the City
of Nashua:
NOW THEREFORE, BE IT RESOLVED by the Board of Aldermen of the City of Nashua, that His Honor, Mayor Oswald S. Maynard, be and is hereby authorized and empowered to convey, in order to correct a certain conveyance, to Alphonse Gendron, of said Nashua, the following described real estate:

Lot number 18, Sheet 103, on Almcnt Street. Said Lot and Sheet numbers being on the Assessor’s Map of the City of Nashua.

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF ONE HUNDRED FIFTY THOUSAND DOLLARS ($150,000.00) TO PAY THE COST OF ENLARGEMENT, REPLACEMENT, AND DEVELOPMENT OF PRESENT SEWERAGE SYSTEM

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Forty-Nine

RESOLVED, By the Board of Aldermen of the City of Nashua

That the Mayor and the City Treasurer are hereby authorized to issue and sell under the direction of the Finance Committee, negotiable general obligation coupon bonds of the City of Nashua, in the aggregate principal HUNDRED THOUSAND DOLLARS ($100,000.00) of the principal amount of said bonds to be issued for the purpose of paying the cost of a system of sewers called the Lake Street Project and FIFTY THOUSAND DOLLARS ($50,000.00) of the principal amount of said bonds for the construction of sewers on the following streets and plots of land:

East Dunstable Road
Booth Street
Learned Street
Philips Street
Underhill Street
Victor Avenue
Adam Street

Gardner Street
Dane Street
Concord Street
Amory Street
Union Street
Gordon Street
Douglas Street

The said bonds shall be payable to bearer, shall bear date of November 1, 1949, shall bear the City Seal, shall be signed by the Mayor and countersigned by the City Treasurer, and there shall be one hundred fifty (150) bonds of ONE THOUSAND DOLLARS ($1,000.00) each due and payable TEN THOUSAND DOLLARS ($10,000.00) on the first day of November in each of the years 1950 to 1964 inclusive.

Said bonds shall bear interest at a rate to be fixed by the City Treasurer, not to exceed 3 per cent per annum, and said interest shall be paid May 1, 1950 and semi-annually thereafter on the first day of November and May in each year.

Said bonds shall be general obligations of the City of Nashua, payable as to both principal and interest from advalcrem taxes which will be levied without limitation as to rate or amount on all taxable property within the territorial limits of the City of Nashua.

Both principal and interest shall be payable at the office of the City Treasurer, Nashua, New Hampshire or at the holder's option, at the First National Bank of Boston, Boston, Mass.

The coupons shall bear the facsimile signature of the City Treasurer. None of said bonds shall be obligatory without the authenticating certificate of the said First National Bank of Boston endorsed thereon.

RESOLUTION

AUTHORIZING THE LANDS AND BUILDINGS COMMITTEE TO CONVEY CERTAIN REAL ESTATE ON ARlington STREET TO THE PARK-RECREATION COMMISSION

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Forty-Nine

RESOLVED, By the Board of Aldermen of the City of Nashua
That the Lands and Buildings Committee be and is hereby authorized and empowered to convey for the good of the general welfare of the City of Nashua, to the Park-Recreation Commission, the following described real estate:

Beginning at a point in the southerly line of Bowers Street, said point being two hundred fifty-eight (258) feet easterly from the intersection of the east line of Arlington Street and the south line of Bowers Street and on the Easterly line of a twenty foot right of way from Bowers street to Arlington Street School House; thence
(1) Southerly by the easterly line of said right of way a distance of one hundred eighty-six (186) feet to a point which is thirty feet northerly from Arlington Street School House; thence

(2) Easterly at right angles to the above course a distance of two hundred twenty-five (225) feet to a point; thence

(3) Northerly at right angles to the above course a distance of one hundred eighty-six (186) feet to a point in the southerly line of Bowers Street; thence

(4) Westerly by the southerly line of Bowers Street a distance of two hundred twenty-five (225) feet to the place of beginning.

RESOLUTION ADOPTING AND APPROVING THE EXECUTION OF A GRANT AGREEMENT BETWEEN THE CITY OF NASHUA, NEW HAMPSHIRE AND THE UNITED STATES OF AMERICA, CIVIL AERONAUTICS ADMINISTRATION, PROVIDING FOR FEDERAL AID IN THE DEVELOPMENT OF, AND THE OPERATION AND MAINTENANCE OF BOIRE FIELD.

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Forty-Nine

RESOLVED, By the Board of Aldermen of the City of Nashua

Section 1. That the City of Nashua, New Hampshire shall enter into a Grant Agreement for the purpose of obtaining Federal-Aid in the development of Boire Field and that such agreement shall be as set forth herein below.

Section 2. That Oswald S. Maynard, Mayor of the City of Nashua, New Hampshire, is hereby authorized and directed to execute said Grant Agreement in sextuplet on behalf of the City of Nashua, New Hampshire, and Irene D. Ravenelle, the City Clerk, is hereby authorized and directed to impress the official seal of the City of Nashua, New Hampshire and to attest to said execution.

Section 3. That the Grant Agreement referred to herein shall be as follows:

DEPARTMENT OF COMMERCE

CIVIL AERONAUTICS ADMINISTRATION

WASHINGTON 25

GRANT AGREEMENT

PART I — Offer

Date of Offer — October 14, 1949
Boire Field Airport
Project No. 9-27-017-901

To: City of Nashua, New Hampshire
(Herein referred to as the "Sponsor")

FROM: The United States of America (Acting through the Administrator of Civil Aeronautics, herein referred to as the "Administrator")

WHEREAS, The Sponsor has submitted to the Administrator a Project Application dated July 15, 1949, for a grant of Federal funds for a project for development of Boire Field (herein called the "Airport"), together with plans and specifications for such project, which Project Application, as approved by the Administrator, is hereby incorporated herein and made a part hereof; and

WHEREAS, the Administrator has approved a project for development of the Airport (herein called the "Project") consisting of the following described airport development:

- Land acquisition; clearing; construct and pave runway extension;
- Install segmented circle and wind cone; air runway marking,

All as more particularly described in the survey map and plans and specifications incorporated in the said Project Application;

NOW THEREFORE, pursuant to and for the purpose of carrying out the provisions of the Federal Airport Act (60 Stat. 170; Pub. Law 377, 79th Congress), and in consideration of (a) the Sponsor’s Adoption and ratification of the representations and assurances contained in said Project Application, and its acceptance of this Offer, as hereinafter provided, and (b) the benefits to accrue
to the United States and the public from the accomplishment of the Project and the operation and maintenance of the Airport, as herein provided.

THE ADMINISTRATOR, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay, as the United States' share of costs incurred in accomplishing the project, 25 percentum of the allowable land acquisition costs and 50 percentum of all other allowable project costs, subject to the following terms and conditions:

1. The maximum obligation of the United States payable under this Offer shall be $29,500.00

2. The Sponsor shall
   (a) begin accomplishment of the Project within a reasonable time after acceptance of this Offer, and
   (b) carry out and complete the Project in accordance with the terms of this Offer, and the Federal Airport Act and the Regulations promulgated thereunder by the Administrator in effect on the date of this Offer, which Act and Regulations are incorporated herein and made a part hereof, and
   (c) carry out and complete the Project in accordance with the plans and specifications and property map incorporated herein as they may be revised or modified with the approval of the Administrator or his duly authorized representatives.

3. The Sponsor shall operate and maintain the Airport as provided in the Project Application incorporated herein.

4. The Administrator having determined that no space in airport buildings will be required by any civil agency of the United States for the purposes set forth in paragraph 9 of Part III of the Project Application, the provisions of the said paragraph shall be deemed to be of no force or effect.

5. Any misrepresentation or omission of a material fact by the Sponsor concerning the Project or the Sponsor's Authority or ability to carry out the obligations assumed by the Sponsor in accepting this offer shall terminate the obligation of the United States, and it is understood and agreed by the Sponsor in accepting this Offer that if a material fact has been misrepresented or omitted by the Sponsor, the Administrator on behalf of the United States may recover all grant payments made.

6. The Administrator reserves the right to amend or withdraw this Offer at any time prior to its acceptance by the Sponsor.

7. This Offer shall expire and the United States shall not be obligated to pay any of the allowable costs of the Project unless this Offer has been accepted by the Sponsor within 60 days from the above date of Offer or such longer time as may be prescribed by the Administrator in writing.

8. It is understood and agreed by the parties hereto that the Sponsor, within a reasonable time but in any event prior to final payment under this Grant Agreement, will submit evidence, satisfactory to the Administrator that it has acquired (1) title to the land shown as Parcels 2 and 3 on Exhibit "A" attached to the Project Application free and clear of all liens and encumbrances which, in the opinion of the Administrator, would create an undue risk of interference with the accomplishment of the project or the operation of the airport, (2) such easements or other property rights in the lands shown as Parcels 4, 5, and 6 on Exhibit "A" attached to the Project Application, which are considered necessary in the opinion of the Administrator.

9. It is understood and agreed by the parties hereto that the United States will not make, nor be obligated to make, any payment under this Grant Agreement, until an Agency Agreement entered into between the City of Nashua, New Hampshire, and the New Hampshire Director of Aeronautics, pursuant to the provisions of the revised Laws of New Hampshire, Chapter 306, Sections 15 and 15 (a), has been submitted to and approved by the Admi-
nistrator as not being consistent with the terms and conditions of this Grant Agreement, and that such Agency Agreement will not be amended, modified, or terminated without the prior approval in writing of the Administrator or his duly designated representative.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

UNITED STATES OF AMERICA
THE ADMINISTRATOR OF CIVIL AERONAUTICS
BY /s/ Ora W. Young
Regional Administrator, Region

PART II — Acceptance

The City of Nashua, New Hampshire does hereby ratify and adopt all statements, representations, warranties, covenants, and agreements contained in the Project Application and incorporated materials referred to in the foregoing Offer and does hereby accept said Offer and by such acceptance agrees to all of the terms and conditions thereof.

REPEALING AND REVISING ALL PREVIOUS ORDINANCES OF THE CITY OF NASHUA

1. Previous Ordinances Repealed: Exceptions.
   All ordinances of the city of Nashua heretofore made and passed are hereby repealed except ordinances creating sinking fund now in force.

2. Ordinances Heretofore Repealed Not Revived.
   The repeal of the ordinances hereby repealed does not revive any of the ordinances repealed by them. The ordinances hereby repealed remain in force for the trial and punishment of all past violations of them and for the recovery of fines and forfeitures already incurred and for the preservation of all rights and remedies existing by them and so far as they apply to any office, trust, proceeding, right, contract, or event already effected by them.

3. This Ordinance Not Printed, Etc.
   The Provisions of sections 4 and 5 of chapter III of these ordinances, prescribing the manner in which said ordinances shall be published and printed, shall not apply to this ordinance.

4. Takes Effect When.
   All the provisions contained in this and the preceding chapters shall take effect and go into operation from and after the first day of January, 1950.

AN ORDINANCE

AMENDING A CERTAIN ORDINANCE PASSED SEPTEMBER 12, 1939 AMENDED OCTOBER 27, 1943, ENTITLED "REGULATING THE USE OF BICYCLES WITHIN THE LIMITS OF THE CITY OF NASHUA"

BE IT ORDAINED, by the Board of Aldermen of the City of Nashua:
1. It shall be unlawful for any person to operate or cause to be operated
a bicycle on any way within the limits of the City of Nashua unless the same has been registered in accordance with the provisions of this ordinance and the number plate issued in accordance with the provisions thereof is permanently attached in a prominent place on the bicycle.

2. No bicycle shall be registered unless it shall have permanently cut, impressed, or embossed on some portion thereof a factory serial or identification number or mark.

Any person who shall knowingly have in his possession any bicycle from which such number or mark shall have been removed, defaced, obliterated or changed shall forthwith file with the Police Department a sworn statement describing such bicycle showing the source of his title, and, if known, the reason for such removal, defacement, obliteration, or change.

If satisfied, as to the facts, the Police Department may grant permission to cut, impress, or emboss permanently onto the bicycle a special identification number or mark which shall thereafter be deemed sufficient for the purpose of registration of such bicycle.

3. No bicycle shall be registered unless it is equipped with a signaling device and an adequate braking device.

4. The police Commission shall, in accordance with the rules and regulations which it shall prescribe, authorize properly qualified bicycle dealers to receive registration applications and fees, to issue registration cards and number plates and to perform any other duties required by the provisions of this ordinance.

5. The bicycle dealers so authorized are hereby designated as the persons to whom all applications for registration shall be made. Such applications shall be made upon forms prepared under authority of the Police Commission. The application shall contain, in addition to such other particulars as may be required by the Police Commission, a statement of the name and address of the applicant, a brief description of the bicycle and the serial or identification number or mark affixed by the maker or affixed in accordance with the provisions of paragraph 2 hereinafore. The proper fee shall be deposited before the registration is granted.

6. The duly authorized dealers shall register in a book or upon suitable index cards to be kept for the purpose, which will be furnished them by the City Clerk, the bicycle described in the application, giving to such bicycle a distinguishing number which shall be its registration number.

a. Said dealers shall thereupon issue to the applicant a certificate of registration. The certificate shall contain the name and address of the applicant and his registration number, and shall be in such form and contain such further information as the Police Commission shall determine.

b. Said dealers shall also issue one number plate which shall have displayed upon it the said registration number, the word "Nashua", and the figures showing the year of issue, and shall be in such form as the Police Commission shall determine.

c. The registration certificates and number plates shall be furnished by the City Clerk.

7. At the end of each week, each duly authorized dealer shall retain five cents ($.05) per registration for his own use and shall transmit the balance to the Police Department which shall transmit the same to the City Treasurer. At the same time he shall transmit copies of all registrations for which the said fees were received to the Police Department where the list of registrations shall be permanently recorded.

8. For every additional number plate furnished to replace one which has been lost or mutilated, or which is illegible, each duly authorized dealer shall collect the proper fee, assign the applicant a new registration number, make
the proper record, and in the same fashion as with the initial registration, retain five cents ($.05) for his own use, transmit the balance of the fee to the City Treasurer and a copy of the registration to the Police Department.

9. The Police Commissioners, the Chief of Police, the Aldermen of the City and any police officer authorized by any of said officials may at any reasonable time enter upon any premises used by any duly authorized dealer for the purpose of carrying out the provisions of this ordinance and examine all books, cards, papers, number plates, and other things relating to the registration of bicycles.

10. The registration fee for each registration period shall be fixed by the Police Commission at the beginning of the same and in no event is the registration fee to exceed fifty cents ($.50) for any one period.

11. All registrations now in effect and to become effective between now and March 1, 1950 shall expire on the first day of March, 1950. All registrations granted thereafter shall expire annually on the first day of March.

12. It shall be unlawful for any person to remove, deface, change, or cause to be removed, obliterated, defaced, or changed any factory serial or other identification number or mark on or from any bicycle.

13. It shall be unlawful for any person to operate a bicycle on any way within the limits of the City of Nashua during the period from one-half hour after sunset to one-half hour before sunrise unless said operator shall display on his bicycle a lighted lamp on the front of said bicycle and a tail light, so-called, or a reflector on the rear.

14. The Police Commission may revoke or suspend any registration for just cause. An appeal to the Municipal Court may be had by any person whose registration has been revoked or suspended. It shall be unlawful for any person to operate a bicycle while the registration thereof is revoked or suspended.

15. Any person violating any provision of this ordinance shall be fined not more than FIVE DOLLARS ($5.00) for each offense.

16. If any provisions of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared to be severable.

17. It shall be unlawful for more than one person to ride on a bicycle unless it be a tandem bicycle equipped with two sets of handle bars, two sprockets, and two seats.

18. This ordinance shall take effect upon its passage.

ANNUAL REPORT OF THE
BOARD OF FIRE COMMISSIONERS
FOR THE
FINANCIAL YEAR OF
1949
CITY OF NASHUA
NEW HAMPSHIRE

TO THE HONORABLE MAYOR AND BOARD OF ALDERMEN:

Gentlemen:

The Board of Fire Commissioners herewith submits its Annual Report for the Year 1949.

The board met on January 2nd 1949 and organized by electing V. Cote, Chairman; E. A. Whitney, Clerk; R. F. Girouard, Purchasing Agent.

OPERATING PERSONNEL

The operating Personnel on the two Platoon System of the Fire Department was as follows:
Chief, Senior Deputy, Junior Deputy, 2nd Junior Deputy, 7 Captains, 5 Lieutenants 45 Privates, Supt. of Fire Alarm, Master Mechanic, 26 Call Men.

FIRE APPARATUS

The useful Fire Apparatus operating out of the Central, Amherst Street, Lake Street and Arlington Street Stations were as follows:
Chief’s car, Dodge 1946; Deputy’s Car, 1948 Plymouth; Fire Alarm Truck, 1948 Dodge; Engine No. 1, 1922 Ahrens-Fox; Hose No. 1, 1949 Mack; Ladder No. 1, 1925 Ahrens-Fox; Engine No. 2, 1925 Ahrens-Fox; Hose No. 2, 1942 Dodge; Ladder No. 2, 1925 Ahrens-Fox; Engine No. 3, 1925 Ahrens-Fox; Hose No. 3, 1925 Ahrens-Fox; Engine No. 4, 1947 Mack; Hose No. 4, 1947 Mack; Engine No. 5, 1942 Chevrolet; Engine No. 6, 1937 Chevrolet; Aerial Ladder No. 1, 1946 85’ American-Lafrance.

FIRE ALARM SYSTEM

All the Fire Alarm Boxes in the City were tested every month during the Year. Due to the Telephone Company changing their lines from the North Side to the South Side of West Hollis Street, it was necessary for new construction from Palm Street through to Edwards Street which took most of a mile of wire. Cable was pulled in and cut over from Cottage and Temple Streets through to Commercial Street also a new lateral from manhole to top of pole which required 150 feet of 3” duct. 600 feet of new underground and aerial cable construction was used on Concord Street for Private Box No. 241 for Mount St. Mary’s Seminary. New aerial construction from King and Newbury Streets was run to Major Circle for new box No. 412 for the Housing Project. We also had the usual change overs and tree trimming due to new pole erection in various parts of the City.

A complete radio unit was installed on Hose No. 3 at the Arlington Street Station also additional speakers were installed at Central and Arlington Street Stations. The main Station Antenna was changed from an inside aerial to a twelve foot mast on top of the tower which improved the receiving and sending nearly 50%.

A survey was made by the National Board of Underwriters and their
recommendations are on file.

All fire alarm boxes are in very good condition. The cable is in very poor condition and we can expect serious trouble anytime.

TRAINING PROGRAM

The Permanent Members have been drilled on the average of four hours per week manually when the personnel and weather conditions allowed. The use of past fires have been used as topics for further training. The use of ropes, tying knots, raising and climbing of ladders, handling of wet and dry hose and the art of forceful entrance has been the base of many lessons and drilling periods. Location of tools, the proper use of same, the drilling and training on the use of 3 types of gas masks has been a big fact towards holding a fire in its incipient stage. The different fire trucks and the four Stations have been used as a drilling location and though the Stations serve the purpose in a way, a greater range of training could be acquired with a drill tower. Call Men are drilled four nights a month on outside drills and two nights a month during the winter.

FIRE PREVENTION BUREAU

For the year 1948 the Fire Prevention Bureau made a total of 4,750 dwelling and mercantile inspections compared with a total of 4,724 for 1949. Approximately 380 fire hazards were found of which the greater part were corrected. In conjunction with Fire Inspectors Kellogg and Cloutier of the State Fire Marshall’s Office and Mr. Flanders of the State Labor Board, the following establishments were inspected: Parochial and Public Schools, Convalescent Homes, Hospitals, Theatres, Municipal Buildings and Manufacturing Plants. We believe that inspecting has been of benefit to our Department and the Taxpayers from the fact that the number of Fire Calls has decreased steadily since the Fire Prevention was organized. Comparable figures on fire losses for the year 1948 and 1949 are listed below.

<table>
<thead>
<tr>
<th>Year</th>
<th>Number of Fires</th>
<th>Total Fire Loss</th>
<th>Loss per Capita</th>
</tr>
</thead>
<tbody>
<tr>
<td>1948</td>
<td>572</td>
<td>$115,147.86</td>
<td>$3.39</td>
</tr>
<tr>
<td>1949</td>
<td>572</td>
<td>$125,172.18</td>
<td>$3.57</td>
</tr>
</tbody>
</table>

Manufacturing plant officials, merchants, owners and occupants of dwellings were very co-operative in eliminating existing hazards and dangerous conditions. Our aim is to keep the fire loss at a minimum and if possible strive to achieve a further decline in our fire loss in the current year.

Respectfully submitted,

V. COTE
E. A. WHITNEY
R. F. GIROUARD

Romeo Anger
Claude L. Girouard

Superintendent of Streets
City Engineer
Assistant Superintendent
Clerk of the Board

ACCEPTED STREETS

The following streets were accepted by the City during 1949:

Adams Street — from Douglas Street to Hancock Street
Booth Street — from Caldwell Road easterly 200'
Burnham Street — from Stark Street to 200' South Courtland Street
Lund Street — from Brewster Street to Nowell Street
Major Drive — from Burke Street to Burke Street
Spalding Street — from Ingalls to Major Drive
Stark Street — from Raymond to Burnham Avenue
Stevens Street — from South Chestnut Street to Irene Street
Victor Avenue — from Roy Street To Delude Street

STREET CONSTRUCTION

Streets rebuilt — graveled and tarred following construction of sewer:

East Dunstable Road — from Hatch to Lund Road
Learned Street — from Harris to Dane Street
Phillips Street — from East Dunstable Road to Victor Avenue
Victor Avenue — from Roy to Delude Street
Victor Avenue — from Phillips Street northerly
Roy Street — from East Dunstable Road to Victor Avenue
Dane Street — from Learned Street to Robinson Road
Circle Avenue — from Nutt Street to end of Street
Underhill Street — from Newbury Street 600' easterly
Old Amherst Road — from Pine Hill Avenue to Milford Road

Streets graveled and tarred:

Booth Street — from Caldwell Road easterly 200'
Wood Street — from Courtland to Stark Street
Weld Street — from Main Street to Florida Avenue
Florida Avenue — from Clement to Kidder Street
Stark Street — from Raymond Street to Burnham Street
Spalding Street — from Ingalls Street to Major Drive
Ingalls Street — from Burke Street to end of street
Major Drive — A loop from Burke to Burke Street

Streets graveled:

Nutting Street — from Ashland Avenue to Charlotte Ave.
Nagle Street — Rebuilding street after sewer construction
Dexter Street — Rebuilding street after sewer construction

Widen Streets:
Alstead Avenue

Gutters Rebuilt:
- Main Street — opposite Professional Building
- Otterson Street — from Harbor Avenue — westerly
- Orange — from Lock and Lowell Streets

Rounding Corners:
- Arlington Street corner Underhill Street
- Arlington Street corner McKean Street
- Main Street corner Kinsley Street

Bridges:
- Boston & Maine R. R. (Foot Bridge) from Temple Street to Canal Street
  Replaced planking and painting, Chain link fence at both approaches to
  bridge also painted. Cost on 50-50 basis between the City and Railroad.

Culverts:
- Robinson Road — Rebuilt

Sidewalks:
- 437.20 sq. yds. were constructed in connection with installation of traffic
  lights and widening of Kinsley Street about two feet at corner of Main Street.

Tarring:
- 72,412 gallons of asphalt and tar were used on City Streets.

Patching:
- 321 tons of Premix asphalt used
- 97 tons of Cold Patch used

Edgestones:
- New stones set and other reset for abutters desiring to build new sidewalks

Parking Lots Tarred:
- Washington and Water Streets
- High and School Streets
- Spring & East Pearl Streets

CLEANING STREETS

Equipment used:
- 1948 Elgin Power Sweeper
- 1931 Elgin Power Sweeper
- 1945 Gutter Sniper Power Sweeper

Business District — Cleaned Daily
Main Thoroughfares — Cleaned Weekly
Spring Cleaning — All hard surfaced streets cleaned — 75% by machine
  and 25% hand labor

RUBBISH COLLECTION

Equipment used:
- 1938 — Autocar Chassis—Gar Wood Load Packer
- 1939 — Studebaker Chassis—Gar Wood Load Packer
- 1939 — Mack Chassis—Gar Wood Load Packer
- 1946 — Mack Chassis—Gar Wood Load Packer

Open Dump Trucks used to supplement above equipment

Collections — Weekly in City
Semi Monthly and Monthly in Outskirts
Rubbish must be placed at curb in containers for collections
Spring Cleaning — Two weeks period in April
Regulations are relaxed
Refuse may be placed loose in gutter if you do not have enough containers or
for large articles

DUMPS

South End — Off Lund Road and Old Acton Branch R. R. Bed
North End — Off Milford Road — vicinity of Airport
North End — Dump closed April 1st, 1949 by court order
Dumps were under supervision of Health Department until July 1st, 1950
Starting July 1st, 1950 we took over dump off Lund Road
Equipment Used: 1945 International Bull Dozer
1949 Caterpillar Bull Dozer
Power Shovel
Dump Trucks
Fill to cover dump was transported from City Pit on Main Street

WINTER MAINTENANCE

Equipment used for Plowing:
10 Heavy Trucks
5 Light Trucks
1 Power Grader
1 Sno Go

Equipment used for Snow Removal:
1 Sno Go — Snow Loader
1 Barber Greene — Snow Loader
9 Heavy Dump Trucks
5 Light Dump Trucks
Privately owned dump trucks rented as needed
Snow removed from Business District and as many streets as possible after each storm
Disposal of snow at Temple Street and Canal Street City owned snow dump

SNOW STORMS

Seven major storms of from three to seven inches
46% inches of snow fell

House Sewer Connections — 215

SOUTH OF LAKE STREET SEWER PROJECT

The entire project was designed and built by the Department. This is our first separate sanitary and storm sewer system. Two sewer lines laid out in each street. Sanitary sewer flows to Pumping Station at foot of Nagle Street, is pumped to present sewer system which drains to Merrimack Street. Storm Sewer (which drains surface water) flows into Salmon Brook. Sewer outlet into brook approved by N. H. Water Pollution Board. Sewer will be in operation early in 1950.

PUMPING STATION

Housed in brick building 15' x 15'
Pumping equipment — Two Duplex — 200 Gallons per minute Fairbanks Morse Pumps
Powered with 220 Volts, 3 phase — 60 cycles — electric motors
Operation — entirely automatic
Heating — gas heater

SEWER MAINTENANCE

Equipment Used: 1946 Elgin Eductor
1943 Turbine Sewer Cleaning Machine
1936 Flexible Sewer Rod Machine

Main sewer lines — manholes and catch basins cleaned and repaired as needed
House sewer connections built and existing ones cleaned and repaired as needed.
Our work confined to street right of way. Cost of said work assessed against property owner.

TRAFFIC SIGNS

38 — Stop Signs
40 — No Parking
19 — One Way
12 — Playground
4 — No Dumping
77 — Speed
8 — No parking here to corner
8 — Slow
4 — Two lane traffic
2 — Slow slippery when wet
115 — Street name signs

Excavation for traffic light at Main Street & Kinsley Street

NEW EQUIPMENT

1 — Caterpillar Tractor Angle Dozer
1 — Plymouth Passenger Sedan
1 — Ford Dump Truck & Baker Tripping plow

REPORT OF BOARD OF EXAMINATION OF PLUMBERS

To His Honor the Mayor and Board of Aldermen
City of Nashua, New Hampshire

Gentlemen:

The Board for the Examination of Plumbers respectfully submits its annual Report for the fiscal year ending December 31, 1949.

The membership of the Board consisted of the following: John P. Nash, Master Plumber; Eugene L. Carrier, Journeyman Plumber; A. E. Maynard, City Engineer as Secretary; Austin Hogan, Plumbing Inspector.

Regular meetings were held the first Monday of each month. Eleven examinations to pass upon the fitness of the applicants for plumbing license were held. Six candidates were successful in passing examinations for plumbing license.

There were thirty-four Master Plumber Licenses and fifty-seven Journeyman Plumber Licenses issued during the year.

The total number of inspections for the year was 631 in 401 buildings.

One Plumbing Law Violation was investigated and one case was taken to court.

REPORT OF CITY SOLICITOR

To His Honor the Mayor and Board of Aldermen,

City of Nashua, New Hampshire:

Gentlemen:

During the year of 1949, I performed to the best of my ability all the duties requisite to my office as City Solicitor. I was called on for advice by various members of the City Government and heads of departments. I was called upon for written opinions, drafting resolutions, ordinances, contracts, deeds covering tax-acquired property and other legal instruments.

Criminal cases were prosecuted by me in the Municipal Court. I also appeared for the City in several civil actions in the Superior Court.

Very truly yours,

Leonard G. Velishka,
City Solicitor
REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Mayor and Board of Aldermen:
City of Nashua, New Hampshire:

Gentlemen:

I hereby submit to you, gentlemen, a summary of my inspections as your Sealer of Weights and Measures for the year 1949.

Again this year, I would like to mention that I have had very fine cooperation from the Commissioner of the Department of Weights and Measures, Mrs. Alfred H. Dettrick, whenever I have needed information or help pertaining to this Department.

JOSEPH E. DESCHAMPS

Sealer of Weights and Measures
REPORT OF PARK-RECREATION COMMISSION

SUPERINTENDENT'S REPORT

To the Park-Recreation Commission.

Gentlemen:

Regular routine Maintenance of our parks, playgrounds and equipment, was followed as usual in 1949.

Due to unfavorable weather conditions, our skating rinks were much below their usual excellence. Not only was this true in January and February, but same conditions prevailed again in December. An attempt was made to operate an additional rink on the Old Dunstable Road, on land of Victor Delude, but because of uneven ground and the distance to the water supply, results were not satisfactory. However, the ground has now been leveled and a new water service installed, so that better results should be obtained in 1950. Rinks were operated at Holman Stadium, South Common, Textile Field, Marshall Street and Atherton Avenue, as in the past.

An additional to the bath house at Field's Grove beach, provided space for a checking room, satisfying a long felt need. The cost of this alteration was paid from a special fund for permanent improvements, and did not require an additional appropriation.

Due to the prevalence of polio during the Month of August, attendance declined sharply, but otherwise we had a very successful season.

The Kiwanis Club, in cooperation with the Red Cross, again provided instruction in swimming and life saving.

A new playground was opened in the Palm Street school yard, serving an area which was remote from any other playground, and was very well patronized. Other playgrounds were operated as in the past, at North Common, South Common, Textile Field, Sullivan Park and Atherton Avenue.

Attendance was good at all playgrounds and a very successful season was enjoyed.

The playground season was climaxed with an all day picnic at Greeley Park, where an extensive sports program was carried out, and free eats including hot dogs, hamburgers, ice cream and tonic, were enjoyed by all.

Senior Ward League baseball was discontinued this year but the Junior Ward League played through a 14 week schedule very satisfactorily. Included in the baseball program was a baseball clinic in the City Auditorium, January 12, when the boys listened to talks by several prominent major league ball players. They were also taken to Boston to attend a big league game at Brave's Field, in August. Funds to provide this trip, were generously donated by the Kiwanis, Exchange and Lions Clubs. To complete the program, a banquet was provided on December 12, at which time prizes and awards were made to the Championship team and to many individual players.

Holman Stadium was again occupied by the Dodgers, but as the New England League has disbanded, they do not expect to return next year. Nashua High and Junior High Schools both had baseball and football teams, so the playing fields were extensively used. Also the American Legion junior baseball team played out a short schedule. In spite of the extended drought, the liberal use of water kept the field in very good condition.

All of our parks and other areas were well cared for, with the usual planting of flower beds etc., with plants raised in our own greenhouse.

Elm trees in our parks and other city streets, were sprayed twice by a contractor, using the mist system, and came through the season in very good condition. We have now purchased a mist sprayer, so in 1950 the spraying will be done by our own employees.
