ANNUAL REPORT

of the

TOWN OF TILTON
NEW HAMPSHIRE

For the Year Ending December 31, 1994

Digitized by the Internet Archive
in 2021 with funding from
University of New Hampshire Library

DEDICATION

MICHAEL E. BAKER

Town Moderator
1974-1994

Our sincerest thanks and appreciation are extended to Mike for his long term commitment and dedication to Tilton and its citizens.

DEDICATION

RICHARD A. PUCCI

School Board Member
Fire District Moderator

The Town of Tilton wishes to extend its thanks to Dick for all his many years of service as a School Board member along with all the many hours he has given to the community throughout his lifetime.

TABLE OF CONTENTS

DEDICATION

CHARLES E. VIRGIN

Planning Board
Supervisor of Checklist
Tilton Centennial Committee Chairman

Chuck served the community in many capacities throughout the years. For all his time and dedication, we thank him.

DEDICATION

SAVINA HARTWELL

It is in loving memory of his wife of 35 years that the Memorial Projects are being undertaken by Alan to demonstrate Savina's fondness for the Towns of Tilton and Northfield and the people who offered her their friendship and accepted hers in return.

For those who knew her, Savina inspired many people with her positive attitude, her will to overcome difficulties, her eager participation in, and enthusiasm for life in spite of adversities, and her genuine affection for people. She always wanted people to enjoy life.

These contributions to the Tilton-Northfield communities which were so dear to her are made with the hope that the bright glow of warm smiles, the sounds of laughter, the friendships treasured and the joy she derived from the community may continue to flourish in her absence.

Our sincere thanks to Alan Hartwell for this wonderful remembrance of Savina. We hope that the generations to come will enjoy the Island as Savina would have wanted.

1994 Town Meeting Summarized

Mar. 8, 1994
Tilton Public Works Building

1. Town Officers

Selectman - 3 years
Victoria T. Virgin

Moderator - 2 years
James N. Shepherd

Supervisor of Checklist - 6 years
Heber J. Feener

Treasurer - 1 year
Thomas G. Gallant

Budget Committee (2) - 3 years
George Hast
Harvey Morse

Budget Committee (1) - 2 years
Jon W. Emerson

Budget Committee (1) - 1 year
Jon Emerson (accepted 2 year position)
Patricia deYoung (appointed)

Sewer Commission - 3 years
J. Robert DeForge

Park Commission - 3 years
Karen Shepherd

Trustee of Trust Funds - 3 years
William Lawrence, Jr.

2. School Officials

Moderator - 1 year
Kenneth A. Randall

Northfield Candidate - 3 years
Christopher R. Irish

Sanbornton Candidate - 3 years
David A. Knapp

Tilton Candidate - 3 years
Roy E. Wakefield

3. Zoning Amendments
 - A. Re: Building permit definitions (failed) (126-149)
 - B. Re: Fees (passed)(134-120)
 - C. Re: Flood Plain Ordinance (passed) (165-74)
4. Re: increasing Board of Selectmen to 5 member board (petition) (failed) (111-220)
5. Re: combining town clerk/tax collector positions (petition) (failed) (128-202)
6. Long term borrowing for Town Hall renovation not to exceed \$750,000. (2/3 majority needed to pass - ballot vote - polls open for 1 hour) Article amended to allow committee to oversee project. Article as amended failed the 2/3 needed - Yes 47, No 41.
7. Sunday concert series & Summerfair funding - (passed)
8. Northfield-Tilton Economic Development Corp. \$1000 appropriation (passed)
9. Cable TV Committee & \$3000 appropriation - (passed)
10. New Beginnings (approp. already in budget) (article passed over)
11. Budget (\$1,719,738)

Michael Baker recognized for 20 years of outstanding service to Town as the Moderator

John McCarthy recognized for years of service as Selectman
12. Re: deeding of mobile home to previous owner - (passed)
13. Town owned land (U7-41A) allocated for Town's park system (passed)
14. Traffic ordinance - audio equipment (passed)
15. Accepting monies for Town - in effect until rescission - (passed)
16. Accepting gifts/personal property for Town - in effect until rescission - (passed)
17. Property acquired through Tax Collector's deed - (passed)

- a. Town Hall committee be retained and get bids for specific needs, report to Selectmen for setting up Special Town Meeting
- b. Change of time for Town Meeting business session from 10:00 to 8:00 a.m.
- c. Support HB 458 re: local welfare assistance
- d. Town Hall committee get comparison figures for alternative Town Hall site with comparable square footage to present site.

**REPORT OF THE BOARD OF SELECTMEN
1994**

During the past year, the Selectmen have concentrated on reviewing and updating administrative procedures and practices and have focused much of their energies on returning the town to a sound fiscal policy based upon strong internal controls and cost effective purchasing practices.

Paramount to this process was the recommendation of the Town's auditor that the Town's bookkeeping and financial record keeping conform to generally accepted accounting procedures for governmental units, including the collateralization of short term investments, review of purchasing practices, and closely monitored cash flow needs.

The recommendations of the auditor as well as the need to address a growing deficit were addressed shortly after receiving the auditor's report. The first step in this process was to invest the town's short term excess funds with the New Hampshire Public Deposit Investment Pool. Not only does this arrangement enable the town to realize maximum return on its short term investments, it also allows the town to reduce its expenses through the elimination of the use of "outside" financial consultants. Thus, this decision by itself not only saves money but also produces additional non-tax income for the town.

Additionally, in June the Selectmen took action to conform with the State of New Hampshire's method of reporting expenditures and income. State law dictates that towns use gross budgeting techniques and the Administrative Rules provide an outline or umbrella for reporting those expense and income items. Central to this change is the use of the State "Chart of Accounts" and the proper categorization of both expense and income items.

Concurrently, the Selectmen addressed the problem of the growing expense of tax anticipation notes. Close monitoring of the cash flow needs of the town allowed the town to timely redeem its tax anticipation notes and to postpone the necessity of borrowing until later in the fiscal year. Although the results of these decisions are not reflected in the expenditures for interest payments in 1994, we feel confident that the town will witness a significant reduction in this budget item in 1995.

Separate from these fiscal issues, in the second half of the year, the Board has attempted to redress the problem of the lack of job descriptions and the sizable inequities of the town's present wage scale. This year's proposed budget reflects the first step in the direction of correcting this problem.

The Board has worked closely with the standing committees of the town and with the administrative staff in identifying present problems and future needs of the town. Among those concerns is the need to use the newly updated Master Plan to plan for the extension of infrastructure to areas of the town in need of the same and to update the town's land use regulations to reflect the basic goals of the Master Plan.

1994 also saw the beginnings of the commercial expansion of the Exit 20 bonanza with the completion and opening of the Outlet Mall, and the construction of Wal-mart and the Tilton Ford Chrysler Dealership. Every indication is that the commercial development in this section of the town is only beginning and will be an ongoing benefit to the tax base of the town.

From this burgeoning commercial growth, the need to develop a long range plan for extending infrastructure has become apparent. Central to this concern is the need to develop and implement an organized plan to accommodate necessary capital improvements to the sewer system and to extend the benefits of that system to residential neighborhoods of the town.

The Selectmen in the past year have also made a concerted effort to resolve several law suits which have been ongoing since the early 1990's. Both the Tilton School case and the Sherryland Park case have been resolved to the satisfaction of both parties.

We are hopeful that the changes brought about by the fiscal decisions and by the openness brought to the governmental process will be reflected in savings to the town both in a reduction of expenditures and in expenses not incurred.

The Board extends its sincere thanks and appreciation to all of the members of the standing committees and the ad hoc committees of the town for their continued willingness to serve the public interest; their sense of civic duty is what makes democracy work.

Also deserving of recognition and acknowledgment are the endeavors of the town's employees--we take this opportunity to thank them for their consistent and unending willingness to serve the town and its residents. Their knowledge, expertise and willingness to assist us has been an immeasurable benefit to the Board in completing its sundry tasks. The town has been well served by their efforts.

Finally, we would like to extend our gratitude to Alice MacKinnon, the Town's Interim Administrative Assistant, whose experience and knowledge of municipal affairs has been a tremendous asset during this transitional phase of town government.

Kenneth Money, Chairman
William Joscelyn
Victoria Virgin

TILTON ANNUAL REPORT FOR 1994

TILTON SEWER COMMISSION

Revenues:		Expenses:	
Sewer Charges	\$161,491	Winnepesaukee River Basin	
Capital Cost Recovery	8,880	Treatment Charges	\$68,698
Other fees	<u>8,434</u>	Debt payments	17,937
OPERATING REVENUES	178,805	Office Expenses and Salaries	<u>29,433</u>
INTEREST INCOME	<u>4,432</u>	OPERATING EXPENSES	116,068
TOTAL INCOME	183,237	CONSTRUCTION EXPENSES	47,387
LESS EXPENSES	- 163,455	TOTAL EXPENSES	163,455
NET GAIN (LOSS)	19,782	CASH RESERVES LESS DEFERRED PAYMENTS:	
REDUCTION IN DEFERRED PAYMENTS	11,308	January 1, 1993	\$126,137
		January 1, 1995	142,008

In 1994 the sewer revenues increased \$20,759 or 11.3% This increase was the result of a slight increase in usage, the effect of a full year of usage of the accounts installed last year, and 5 months usage by the Lakes Region Factory Stores.

Net Income was \$19,782, \$12,933 less than last years \$33,715.

The Town Line Plaza, Cristy's Cove Restaurant and the Mall were the three major new users connected this year.

The Northern Shores area of Silver Lake has been engineered and a request is being made this year for a bond approval to provide sewers for this area. **The 'Users' in the Silver Lake area will pay for the bond thus not incurring an increase in taxes for those who do not benefit from this bond.**

In 1992, a private sewer line was installed from the main interceptor line, across the Pike property to the Oliver's Restaurant. This line was privately financed and the financiers want the Sewer Commission to reimburse them. We are asking the approval of a bond to do this. This bond like the Silver Lake area, will be paid for by users and potential users in this area.

The Commissioners plan to continue investigating all of the non-sewered areas throughout the Town. As other areas request Sewer service we plan to follow the above procedure, getting an agreement with the users then requesting a bond approval with the users paying for the bond.

A State law, passed in 1992, requires all properties with a septic system built prior to 1986 and within 150 feet of a sewer line, to be connected. Approved septic systems constructed in 1986 and later, may be exempted from connection until the septic system fails. The law still allows the Towns the option of requiring all properties within 150 feet to be connected regardless of year or condition of the septic system.

Medford Sattler, Chairman
 John Sanborn, Commissioner
 J. Robert deForge, Commissioner

1995 REPORT OF CHIEF OF POLICE

The Tilton Police Department handled 7008 calls for service in 1994 which is an 8% increase over last year and a 15% increase over the last two years. Undoubtedly this is a result of rapid growth in the areas off Route 3 in businesses and traffic. With the new Lakes Region Factory Stores opening in July of 1994, and with the construction of the new Walmart and other traffic producing businesses, I'm sure our calls for service will continue to increase. As these calls increase so does the ratio of calls per officer and the time it takes to properly investigate these complaints. I will be asking for additional manpower as this activity increases as I am concerned about providing the same level of service that you have and deserve.

In November 1994, Detective Kent Chapman was promoted to Lieutenant and will be handling investigations as well as a host of supervisory duties. Kent was certified as a Police Officer in 1981 and has recently earned a college degree in Criminal Justice. In fact, your police department now has eight members who hold college degrees, a fact we are proud of and will strive for in the future.

With the incidence of violent crime and burglaries becoming more prevalent in New Hampshire it is important that everyone become involved in the reporting of crime. The police department needs your help and assistance by calling in any suspicious activity that is observed at any time. If you are going away from your home for any length of time for business or vacation, please let the police department know so we can put you on a property check list while you are gone. A few precautionary steps towards prevention will help you and your family stay safe and avoid the turmoil of becoming a victim.

Respectfully Submitted,

Charles B. Chase

TILTON ANNUAL REPORT FOR 1994

ROAD AGENT'S REPORT

The winter of '93-'94 was a so-called "good old fashioned winter" with lots of snow, cold temperatures and frozen culverts. Other than most of the storms coming on the week-ends, most snow removal costs were about normal.

Spring work was about normal with the exception of spring clean-up. The huge amount of trash collected during spring clean-up required all the spare time available to process well into late summer.

An agreement was reached with State DOT to repair the retaining wall next to the island. The estimate to repair the wall was \$180,000 with the town share of \$60,000. We agreed to pay \$30,000 from Highway Reconstruction funds this year and the remaining \$30,000 from 1995 funds.

Park Road was shimmed and paved just prior to school start-up.

Regular maintenance was done on the cruisers and highway equipment. Work with the State crews repairing sidewalks and drainage in the Lochmere area. Several catch basins were also rebuilt. Several dead trees were removed under a shared agreement with the utility companies.

The highway garage was painted inside and a new ramp was constructed.

Respectfully submitted,

David E. Wadleigh
Road Agent

TILTON ANNUAL REPORT FOR 1994

TO THE RESIDENTS OF TILTON

On behalf of myself, officers and members of the Fire Department, we would like to thank the residents for their ongoing support in 1994.

It was a busy year for the Department and many hours were devoted to community service and training hours. The big news in 1995 will be the implementation of the 911 system.

Tilton's employees have been working with officials from the telephone companies, mapping the area to place the system on line, hopefully by July of this year.

Enhanced 911 will enable a person needing emergency assistance to dial 911 for all police and fire emergencies. Once the call has been answered by the 911 operator, they will make the decision of which department to call. If a person is unable to speak, the operator of 911 has the ability to see the telephone number which the call is being made from and also the location of the call on their computer screen. A response will begin quickly.

For us to improve the new system, we need everyone's co-operation with the following procedures: Your home needs to be well numbered to enable us to see it from the street. In order to do this, a large reflective number needs to be placed on the outside front of your home. If your home borders two streets, both sides of the home need to be marked. In rural areas, mailboxes need to be numbered on both sides of the box. All numbers should be reflective.

Do not assume that everyone on the police and fire departments know who you are and what your name is. I cannot stress the importance of this procedure enough. If you do your job, our job will be made much easier and save precious time. Remember, the next emergency may be yours and your ours.

Serving you in 1995,

Harold P. Harbour, Chief

Other	<u>8</u>	<u>5</u>	<u>12</u>
Total	155	61	83

Winnisquam only - 39 calls for service
Mutual Aid calls - 19

Present vehicles in use:

- 1 - 1968 International 750 gal. pump 1000 gal. tank
- 1 - 1981 International 1000 gal. pump 1000 gal. tank
- 1 - 1980 Ford rescue vehicle
- 1 - Forestry Jeep
- 1 - Rescue Boat

Regular business meetings are held on the first Thursday of each month at 7:00 p.m. Officers meetings are held the third Thursday of each month at 7:00 p.m. and special meetings are held as needed.

The Department consists of twenty-two active volunteers (no compensation) sixteen of the members are state certified to fire fighter Level 1 and two are Career Level. Twelve of the members are nationally registered EMTs, two of whom are certified to the intermediate level with IV capabilities. Most of the EMT members qualify for defibrillation and esophageal intubation.

During the past year, many hours have been spent on meeting with representatives from the three towns in developing specifications for a new truck for which funds are being requested at this years annual meeting. This will replace the 1968 International pumper that has been in service for over 27 years. Also, our volunteers spent a number of hours in updating the interior of the hall with new insulation, sheetrock on the walls, painting and a new drop ceiling. Replacement of roof shingles on the old section of the building has started.

TILTON ANNUAL REPORT FOR 1994

A number of fund raising events have been held to raise money for a new fire truck. Motorcycle week-end featured breakfasts, Haunted House in October and our annual Harvest Supper in November.

The Winnisquam Fire Department would like to thank the community for its continuing and ongoing support.

Rosanna Leighton,
Secretary

TILTON ANNUAL REPORT FOR 1994

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1994, our three (3) leading causes of fires were No Permit, Children and Rekindles of fires where the fire was not properly extinguished.

Violations of RSA 224:27 II, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

<u>Fire Statistics</u>	<u>1994</u>	<u>Average 1990-1993</u>
Number of Fires Reported to State for Cost Share Payment	283	443
Acres Burned	217	246

Suppression cost = \$90,000+

Fires Reported by Lookout Towers (1994)	
Fires Reported	588
Assists to Other Towers	363

Fires Reported by Detection Aircraft 89

Visitors 21,309

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

"REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES"

Richard S. Chase
Forest Ranger

TILTON ANNUAL REPORT FOR 1994

1994 HUMAN SERVICE OFFICE REPORT

The budget of the Tilton Town Human Services Office is approximately 5.16% of your budget, and averages \$461.74 per family unit serviced. The office makes use of as many charities, civic, and private philanthropies as possible to serve the clients' essential needs without direct impact to the town.

The 1994 expenditures here reflect the voucher amounts WRITTEN OUT for the directly assisted client family units. It does not, however, reflect the 115 family units that were serviced by outside funds. Were these funds not available, one might conservatively estimate the expenditure of another 53 K+/- . The administrative time spent for searching out and processing paperwork for clients to access these funds is mote compared to the savings to the town by their access.

The office makes use of two practicum student intern slots during our peak load periods. During these periods, students of N.H.T.I. and L.T.C. work directly under the supervision of your administrator, who holds adjunct faculty status at both of these academic facilities. Given an oath of confidentiality, they assist the administrator by assisting clients during the preparation of their forms, verification of documents, and perform associated office team duties within their capacities. They have logged significant contributions to our community through their efforts with the T-N-S Christmas Fund, the Community Thanksgiving Meal and Mobile Meals deliveries, the distribution of health care materials, and (the now eliminated) U.S.D.A. Food distributions, etc. to name only a few of their coordinated projects. The office also has used them as supervision for the female work-fare crews participating in many civic projects. Members of the male work-fare crew are supervised by the members of the town highway department whom they assist with their labors.

The Spring 1995 project will be the conversion of the office to a closed access data base system to upgrade services, and to facilitate our way out from under the mountain of paperwork that inhabits our office.

We are in hopes that proposed state and federal cutbacks will not be made before adequate changes can be made in NH RSA 165, the state law that regulates the internal functions of this office. It must be updated with fraud penalty clauses, a no quit segment, and other logical safeguards that are now present in all state and federal programs, but that ARE NOT PRESENT in the local segment of the welfare law, NH RSA 165.

TILTON ANNUAL REPORT FOR 1994

It should not be inappropriate that if a person quits his/her job (other than for just cause) he/she not be eligible for our assistance - any more than they are now not eligible for any state or federal program, but unless RSA 165 is changed they remain eligible for our assistance and the law, does in fact, demand we service them for they are now at \$0 income and that is poor and must be relieved and maintained by the town. If the cutbacks outlined are enacted without thorough planning with appropriate changes in the very outdated RSA 165, - such circumstances as noted above will drive most towns and cities to bankruptcy. Picture what a town our size with a population of 3,299 (most workers bringing home somewhere between \$11,440 and \$13,399 a year) would face for a town budget if all persons that have been on AFCD for two years were cut off of this program and had to go to the town for assistance. With the present way that RSA 165 is written, we would be bound by state law to assist each and every family that AFDC cut loose. I shutter to envision what our budget would be...

The town has had expansion, it has added jobs that were not present before, but most of our clients are becoming re-employed in jobs that are part time without benefits. Part time jobs do not support home ownership. Service to the clients must be fair, just, and totally within the guidelines and RSA 165, but it should not bankrupt the town and its taxpayers to achieve such a goal.

Respectfully submitted,

M. Marie Mahoney, Administrator
Public Health & Human Services

TOWN OF TILTON

TOWN WARRANT

TOWN MEETING

MARCH 14, 1995

**TOWN OF TILTON
BELKNAP COUNTY
STATE OF NEW HAMPSHIRE**

To the inhabitants of Tilton, County of Belknap qualified to vote in Town Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE TILTON SCHOOL GYMNASIUM ON TUESDAY, MARCH 14, 1995 AT 10 :00 AM TO ACT ON THE FOLLOWING SUBJECTS:

(Polls will be open from 10 am to 7 pm)

1. To choose all necessary town officers for the ensuing year as presented on the ballot prepared for the same.
2. To choose the necessary school officials for the Winnisquam Regional School District as presented on the ballot prepared for the same.
3. To see if the town will vote the changes in the Tilton zoning ordinance as proposed by the Planning Board on the ballot prepared for the same.

AND ON THE 18TH DAY OF MARCH, 1995 AT 8:00 IN THE FORENOON AT THE WINNISQUAM REGIONAL HIGH SCHOOL TO ACT ON THE FOLLOWING SUBJECTS:

4. To see if the Town will vote to raise and appropriate the sum of two hundred twenty-five thousand dollars (\$225,000) for improvements and betterment to Noyes Road and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; the term of the bond or note shall not exceed ten (10) years; the capital and debt service costs of such improvements will be borne by those property owners who abut the road or whose property is serviced by the road; RSA 231: 29)

Town of Tilton 1994 Town Warrant

and further to see if the Town will vote to authorize the Selectmen to accept Noyes Road as a public way upon the successful completion of the improvements to the same.

(This bond proposal has no impact on the general tax rate of the Town and will be the obligation of the property owners who are serviced by the road to repay.)

This warrant article requires a ballot vote and must receive a 2/3 vote of approval of those present and voting. (RSA 33:8-a)

5. To see if the Town will vote to raise and appropriate the sum of two hundred thousand dollars (\$200,000) for the extension and installation of the sewer line to that neighborhood known as "Northern Shores"; further to see if the Town will vote to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; the capital and debt service costs of such improvements will be borne by those property owners who will directly benefit from the sewer line extension.

(This bond issue has no impact upon the general tax rate of the town since it will be the obligation of the property owners to bear the cost of the bonded debt.)

This article requires a ballot vote and must receive a 2/3 vote of approval of those present and voting.

6. To see if the Town will vote to raise and appropriate the sum of fifty thousand dollars (\$50,000) for repairs and renovations to the Town Hall.

(The Board of Selectmen recommends passage of this article.)
(The Budget Committee recommends passage of this article.)

7. To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500) for the Winnisquam Revitalization Committee (a/k/a Summerfair). (By petition of at least 25 registered voters of the town.)

(The Board of Selectmen does not recommend passage of this article.)
(The Budget Committee does not recommend passage of this article.)

Town of Tilton 1994 Town Warrant

8. To see if the Town will vote to raise and to appropriate the sum of two thousand dollars (\$2,000) for the Northfield-Tilton Economic Development Corporation. (By petition of at least twenty-five registered voters)

(The Board of Selectmen does not recommend passage of this article.)

(The Budget Committee does not recommend passage of this article.)

9. To see if the Town will to accept the Budget submitted by the Budget Committee and posted as part of this warrant , and pass any vote in relation thereto.

10. To see if the Town will vote to repeal the 1981 adoption of the provisions of RSA 252 (now RSA 149-I) establishing a Board of Sewer Commissioners, and to have the duties and powers thereof henceforth assumed by the Board of Selectmen.

11. To see if the Town will vote to authorize the Selectmen to encumber a portion of town land identified as parcels no. R20-10-00, R20-11-00 and R20-11A on the current Tilton tax maps for the purposes of a general utilities easment.

12. To see if the Town will vote to adopt the provisions of RSA 79-A:25-a to account for revenues received from the land use change tax in a fund separate from the general fund. Any surplus remaining in the land use change tax fund shall not be part of the general fund until such time as the legislative body shall have had the opportunity at an annual meeting to vote to appropriate a specific amount from the land use change tax fund for any purpose not prohibited by the laws of by the constitution of this state. After an annual meeting any unappropriated balance of the land use change tax revenue received during the prior fiscal year shall be recognized as general fund revenue for the current fiscal year.

(By petition of at least 25 registered voters of the Town.)

13. To see what action the Town will take in regards to the reports of its officers and agents.

14. To choose any other officers and agents for the ensuing year.

Town of Tilton 1994 Town Warrant

15. To enact any other business that may legally come before this meeting.

Given under our hands and seal this 23rd day of February in the year of our Lord, nineteen hundred ninety-five.

**TILTON-NORTHFIELD
FIRE DISTRICT**

WARRANT

ANNUAL MEETING

MONDAY, MARCH 20, 1995

TILTON ANNUAL REPORT FOR 1994

TILTON-NORTHFIELD FIRE DISTRICT WARRANT

To the inhabitants of the Tilton-Northfield Fire District, qualified to vote in District Affairs:

You are hereby notified to meet in the Winnisquam Regional High School Cafeteria on Monday, March 20, 1995 at 7:30 o'clock in the evening to act on the following:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a Fire Commissioner for the ensuing three (3) years.
5. To hear the reports of the Treasurer and the Fire Commissioners and pass any vote thereto.
6. To see if the district will vote to renew the Water Contract and raise money for the same in the sum of Forty-One thousand dollars (\$41,000.)
7. To see if the District will vote to raise and appropriate Seventeen Thousand one hundred dollars (\$17,100) for the support of the Winnisquam Fire Department
8. To see what action the Fire District will take relative to the raising and appropriating of the sum of Thirty Five Thousand dollars (\$35,000) towards the purchase of a new fire truck for the Winnisquam Fire Department. It should be noted that the Towns of Belmont and Sanbornton have also received requests to raise an equal amount of money. In the event that this appropriation is approved by the District, such amounts of money will not be remitted to the Winnisquam Fire Department unless all other towns have raised an equal amount.
9. To see if the District will vote to accept the budget as submitted by the Fire Commissioners, and pass any vote in relation thereof.
10. To see if the District will vote to authorize the Fire Commissioners to apply for, accept and expend money from the State, Federal or other Governmental unit or a private source should any become available during the year.
11. To see what action the District will take relative to the ultimate disposition of accumulated insurance proceeds. Such proceeds are accumulated as a result of proceeds received from insurance companies as a result of transports by the Districts Rescue Squad.
12. To see if the District will vote to authorize the Fire Commissioners to borrow money in anticipation of taxes.

TILTON ANNUAL REPORT FOR 1994

13. To transact any other business that may legally come before the meeting.

A true copy of the warrant, attest:
Fire Commissioners

Thomas G. Gallant, Chairman
Andrew Sleeper
Lewis D. Read

TILTON ANNUAL REPORT FOR 1994

BUILDING PERMITS REPORT

The completion of the outlet mall and the ongoing projects at the new Tilton Ford and Wal-Mart locations made 1994 a busy year. These projects along with others should add significantly to the towns tax base as well as bring additional new jobs to the area.

During 1994 Building Permits were issued as follows.

Single Family Homes	4
Garages/Barns/Sheds/ Pools	11
Commercial Buildings	3
Utility Installations	1
Residential Alterations/Additions	29
Non Residential Alterations/Additions	15
Manufactured Housing	2
Replacements	1
Relocated	5
Removed	<u>6</u>
GRAND TOTAL	77

These projects have an estimated value of \$6,242,630.

Total fees collected: \$8,600

Joe Plessner
Building Inspector

TILTON ANNUAL REPORT FOR 1994

PLANNING BOARD REPORT

The Tilton Planning Board has had a busy year both in the area of site plans and subdivisions as well as in the area of ongoing planning, revisions of the Master Plan and proposed revisions to existing regulations.

The Board reviewed and approved new and or revised site plans for thirteen projects. The Board also reviewed and approved proposals for subdivisions which resulted in the creation of five new lots, as well as the review and approval of one lot line adjustment.

The Board, in conjunction with its consultant, continued and completed an exhaustive review and update of the towns Master Plan which originally was written in 1985. The updated Master Plan was approved on May 24, 1994, and has now been reprinted and is available through the Land Use Office.

The Board further has had an acute interest in the ongoing study of, and formulation of plans for the upgrade of the "Route 3 and 11 corridor". The Selectmen and the Board had agreed that a designate from the town of Tilton should be appointed, and act as a liaison to the boards on any matters regarding the proposed corridor upgrades. Mr. James Dodge has served us in this capacity and has met with the Board on an as needed regular basis to keep us abreast of current developments as well as to interface with the respective boards in order to formulate a general consensus of opinion relative to the study. Mr. Dodge has then very diligently conveyed this feed back to the DOT, LRPC, and or any other agencies and or State Representatives which he felt should be made aware of these matters. We would like to thank Mr. Dodge for his past and ongoing efforts in this regard. It should further be mentioned that Mr. David Wadleigh has served in an advisory capacity on these very same review committees and has interfaced with Mr. Dodge on the production of and the conveyance of appropriate testimony to the various committees.

The Board, in conjunction with its consultants, has spent an exhaustive amount of time to arrive at proposed changes as well as new and expanded zoning regulations, which more closely align themselves with the newly updated Master Plan and or which hopefully clarify or more specifically address current or future proposed development. The areas that the Board has specifically addressed are as follows:

- 1) A newly written and greatly expanded sign ordinance

TILTON ANNUAL REPORT FOR 1994

- 2) New Parking and Loading Standards
- 3) A complete review of the existing Zoning Districts and a proposal to expand the number of districts as well as the proposal of the boundaries of these newly proposed districts
- 4) A proposal for the subdivision of back lots used for residential purposes
- 5) The creation of not only new and expanded districts but in conjunction with these districts the creation of a "Statement of Purpose of Each".
- 6) "Tables of Uses" as well as a "Table of Dimensional Regulations" have been created and are proposed for adoption.
- 7) The Board has begun work on a complete review of "Site Plan Regulations" and a comprehensive look at and the basis for the creation of a "Capital Improvement Program". The Board will expect to complete its work on these items during 1995.

As the reader of this report can see the Planning Board has been very busy during this past year, and it is the Board's opinion that good and productive proposals have come from diligent and interactive planning work on the part of the Board, taxpayers and paid consultants. The Chairman, as well as the Board members, would like to thank all those taxpayers who have participated in our mutual efforts during 1994 and we would look forward to your continuing input in 1995 and beyond.

On May 24, 1994 the Selectmen accepted the resignation of the Planning Board's Chairman, Mr. John Mason. John, because of being relocated, found it necessary to resign his position, however, I feel as both his predecessor and successor as chairman, that a word of sincere thanks for John's efforts is in order. John very ably navigated the Board through the entire review process of the "Master Plan" as well as site plan reviews. We wish Mr. Mason the best and thank him for his prior service.

I would also like to take this opportunity to thank the Land Use Administrative Assistant, permanent members of the Board as well as the alternate members of the Board, for their dedication, input and contributions during 1994. I look forward to a very challenging as well as rewarding and growth filled planning year for 1995.

Thomas G. Gallant
Chairman

TILTON ANNUAL REPORT FOR 1994

ZONING BOARD OF ADJUSTMENT

Total Number of Hearings:	8
Informational Meetings:	1
Average Members Present:	5
Member Transitions: Losses:	4
Gains:	1
Total Membership as of 12/31/94:	5

Summary of Activity

Increased Signage:	1
Setbacks:	2
Wetlands Relocation:	1
Dwelling in Business Zone:	2
Mfg. in Business Zone:	1
Business Addition:	1

All of the above variances were approved.

Miscellaneous

During 1994 your ZBA went through a transition. Some longtime members stepped down, some longtime members stayed, newer members stepped up to fill positions and one new member joined. Guidelines, informational pamphlets, rules and regulations are tools for training. Someone once said "The only way to get experience is through experience".

I wish to thank Lenore Sattler of the Land Use Office for her knowledge and efficiency; Joseph Plessner, Building Inspector for his input and support; Board members Lester Rutherford and Ernie Smith for staying with the Board to lend their much needed experience, Board member Andre Boudreau for remaining on the Board and offering a youthful view, and Vice Chairman Foster Peverly for joining the Board and his clarifying inquiries.

I am sure that 1995 will bring new challenges and I know that with the support of the aforementioned group and the Board of Selectmen these challenges will be met.

Robert Szot, Chairman

TILTON ANNUAL REPORT FOR 1994

REPORT OF THE TILTON CONSERVATION COMMISSION

The purpose of the Conservation Commission is to help and encourage proper use of Tilton's natural resources and to protect our rivers, streams, wetlands, and ground water. The commission is able to comment and offer opinions on environmental matters but has no authority to approve projects or to enforce regulations. By law, we are required to review NH Dredge and Fill permit applications and, if necessary, provide written comments to the New Hampshire Wetlands Board on the environmental effects of the project.

This year although the overall number of applications related to building construction was down, the size of the projects and amount of impact increased. As in the past most of the applications reviewed by the commission related to shoreline erosion control and docks.

During 1994 the commission experienced a change. Our long time Chairperson, Justine Gengras, retired in June, resulting in a heavier work load for the rest of the commission.

We spent considerable time during the year working on two major construction projects that involved wetlands mitigation. These projects will require monitoring from the commission during the next few years to see all aspects of the permits are followed to completion.

The commission assisted the Planning and Zoning Boards and citizens of Tilton with wetlands and environmental information during the year.

The commission members also attended workshops to learn more about mitigation procedures, changes to the Wetlands Permit process, and setting up the procedure for dealing with the new expedited minimum impact permit. We would like to remind those planning to construct or repair docks, work in wetlands, or make shoreline improvements to obtain a NH Wetlands Board Permit before processing.

Commissioners are available to assist anyone planning a project or having questions regarding natural resources, wetlands and Dredge and Fill permits. Commissioners can be contacted directly or at the monthly Commission meeting held on the second Thursday of every month.

Respectfully submitted:

Robert E. Hardy, Chairman

TILTON ANNUAL REPORT FOR 1994

REPORT OF THE PARK COMMISSION

This year the Park Commission has become an active entity. At an organizational meeting in the spring, officers were elected and a monthly meeting date and time were determined.

We have met with the Selectmen, the Conservation Commission, Road Agent David Wadleigh, and the Tilton Island Park Committee in an effort to determine our responsibilities and establish good working relationships.

It was decided that our priorities in the short term should be the care of the town's statues and determining the best use for the parkland on School Street. To that end, we have engaged Bud Murphy to repair and seal the brickwork and masonry around the statue and war monument on Main Street opposite the Town Hall and the base of the Civil War monument. We have also begun, with the aid of the Boy Scouts, the survey of the plant life on the School Street land.

The Park Commission meets on the second Wednesday of the month at 7:00 p.m. in the Town Offices. The Commissioners are Robert Hardy, Treasurer; Lenore Sattler, Secretary; and Karen Floyd Shepherd, Chairman.

TILTON ANNUAL REPORT FOR 1994

1994 REPORT OF THE TILTON RECYCLING PROGRAM

A review of 1994 for the town's recycling effort again needs to acknowledge all citizens who participated in the voluntary separation of their mixed containers, old newsprint and corrugated cardboard from their household solid waste. Your diligence and recognition that this activity has purpose in the conservation of our resources and the reduction of our costs is appreciated.

Our program today operates in a state of "auto-pilot" in that we continue to provide materials to the secondary sorting facility in a very "clean" way. Very, very little of what Tilton sends there is unacceptable and so we rate highly on the quality of each load. Thanks to all of you for thorough pre-sorting in your homes !

Let me share a few numbers representing the amounts of material we received on site and recycled through the existing network. Coming from all of our homes was 20.5 tons of mixed containers (clear and colored glass, aluminum and steel cans, and mostly #1 and #2 plastics), 10.2 tons of corrugated cardboard, and 23.5 tons of old newspaper. Yes, the units of measure are tons ! From the transfer station we recycled 21 tons of misc. scrap metals and 60 tons of demolition materials.

As for the other household trash which is collected at the roadside, you and I must spend an additional 55 percent on the cost per ton for this incineration as compared to that cost for direct recycling. We know that there are yet more homes which could easily follow the simple steps to remove recyclable materials from their trash.

Lastly, let it be known that the recession years of 1990 through 1993 kept market prices down for the movement of recyclable resources in the economy. During the summer of 1994 markets improved dramatically and the technology to reprocess and hence re-use these resources has been signaled by price increases and actually some shortage of certain commodities. The market leaders are aluminum cans, #2 plastics and (yes, believe it) old newspaper !

Respectfully submitted,

Ross Krummel
Coordinator, pro tem

TILTON ANNUAL REPORT FOR 1994

TILTON-NORTHFIELD OLD HOME DAY

Because of rain, 1994 turned out to be the second time in 14 years that some of the Old Home Day activities had to be postponed to the following day. Even with the down pours on Saturday, which forced certain vendors to stand on crates to stay out of the puddles, there was a great turn out.

In spite of the rain, Bob & Diane Watson had a banner year with the Road Race participants.

Doris Nisbet said the parade goes "rain or shine", and rain it did! At 10:00 a.m. the down pour started and so did the parade! But somehow they pulled it off and it was great. We would like to thank all those people who stood in the rain to watch. Your support is what makes this day a success. This year's Citizens of the Year were, Al DeRoy of Tilton and Fire Chief, Harold Harbour of Northfield.

Sunday, things dried out and we still had a fairly good turn out. The horse pulling was held along with events for all to enjoy. That evening there was the usual spectacular display of fireworks.

At this time, we would like to thank all the people who make this day possible by their generous contributions and also those who come to join in the fun to make this day worthwhile.

We hope to see you all again in the upcoming year.

Respectfully submitted,

Mike Summersett, Chairman

Hall Memorial Library received a matching grant from the New Hampshire State Library to purchase a computer. We are connected to the State System and can search on-line for materials in other libraries.

Sixty-five children signed up for the Summer Reading Program. We received another grant from the State Library to pay for a storyteller to entertain as part of our program. A big "thank you" to First Deposit Bank and Advanced Heating and Plumbing for the savings bonds given to our star readers.

Our very successful summer book sale was the hard work of volunteers headed by Carl and Vivian Henry who did an outstanding job.

TILTON ANNUAL REPORT FOR 1994

We thank volunteers, Donald Abbott, Sigrid von Brockdorff and Jean Wright for their hours of support.

Thank you to Bob Landry for the tubs of flowers that brightened our walks, to Gail Drucker of Laconia Library for stories at our Halloween Party and to Richard Paulhus of the Tilton Police Department for helping with our summer program. Our beautiful Christmas wreaths on the door were from the Tilton-Northfield Garden Club made by Clara Hardy. The inside wreath was a gift of the Winnisquam Agriculture Center. Thank you all.

We appreciate the generous donations of money, books and time given to the library throughout the year.

The Tilton-Northfield Rotary has once again given a pass to the Christa McAuliffe Planetarium for use by local residents. It was well used this year and we appreciate their gift.

Respectfully submitted,

Roberta Burke, Librarian

TILTON ANNUAL REPORT FOR 1994

TILTON-NORTHFIELD RECREATION COUNCIL

The Tilton-Northfield Recreation Council would like to start our yearly report as we always do, by thanking the many volunteers who help out with our many community programs. Without this support, we would not be able to provide the wide range of activities we now offer at the Pines Community Center.

The Council is a non-profit organization that provides recreational services to the Towns of Tilton and Northfield. We are governed by a council of up to twenty volunteers of which ten members are from each town. The money we received from Tilton and Northfield in 1994 helps to pay the administrative costs of the Tilton Northfield Recreation Council.

The Pines Community Center is now two years old and our programs and participation are growing at an incredible rate! During 1994 we were fortunate to add Ellen Welch as our Program Director and Ron Bird as our Maintenance Coordinator. Their addition to the staff has helped provide the personnel foundation for the Center to move forward into 1995 with new program and improved facilities.

Also, in 1994 the Council adopted the following mission statement: "The Tilton-Northfield Recreation Council, formed in 1954, was founded on and continues to be committed to the ideas of enriching peoples lives through recreational and social activities. At the Pines Community Center and throughout the communities of Tilton and Northfield, the council strives to provide the community with programs that are mentally, physically and socially challenging for all". This statement will be the "personality" of the Council as we grow into the future. If you are interested in becoming a member of the Council, please call Cindy Rose, the Executive Director, at the Pines Community Center at 286-8653.

During the upcoming year, we will be launching a major fund raising campaign to local merchants, banks and volunteers to raise the funds necessary to complete the core facility of the Center by adding a dance studio, fitness center and accessibility for those who are physically challenged as well as other projects. Our goal is to enlist support whether financial, materials or volunteers to help complete the project.

I would also like to thank Cindy Rose, our Executive Director, for the last fourteen years for her continued dedication to the success of Tilton-Northfield recreation.

TILTON ANNUAL REPORT FOR 1994

The Pines Community Center is open from 9:00 a.m. - 8:00 p.m. Monday through Friday and Saturday afternoons. The multi-purpose room is also available to rent for parties and functions.

If you have any questions or comments about anything relating to the Council or the Pines Community Center, please call Cindy Rose at 286-8653 or myself at 934-7123. We will be happy to answer any questions and provide program information and tours of the facility.

Respectfully submitted,

Christopher R. Irish, President
T-N Recreation Council

TILTON ANNUAL REPORT FOR 1994

YOUTH ASSISTANCE PROGRAM

of Northfield, Sanbornton and Tilton, Inc.
Martha C. Douglass, Director
Dawn B. Shimberg, Asst. Director

Court Diversion is primarily for any youth under the age of 18 who has committed an illegal act and is a first time offender. Written agreement must be given by the parents and youth to go through court diversion instead of court and so it is considered voluntary. A contract is designed that addresses the needs and problems of the youth so that he or she may make amends for their crime and face the consequences for their actions. Case examples include simple assault, shoplifting, willful concealment, substance abuse/possession, truancy, some types of arson, burglary, harassment, illegal use of firearms, etc.

Prevention activities are for any youth and/or parents. Prior experience with this program or court does not bar anyone from participation if they can be helped by our staff and volunteers. Activity examples are as follows: youth counseling, crisis intervention, adventure based counseling, Challenge (substance abuse training), peer counseling, independent living training, mediation, parent training and support.

In 1994, we saw a 69% increase in our activity level. There were more participants in the Challenge Course than in 1993. A substance abuse program was brought to the Middle School. Thirty-nine students took part.

We wish to express our appreciation to our loyal volunteers, our supportive Board of Directors, the local police, school personnel and our many helpful friends in the community.

Martha C. Douglass, Director
Dawn B. Shimberg, Asst. Director

Board of Directors:

Marion Abbott	Bette Conlon	Jack Maurath

TILTON ANNUAL REPORT FOR 1994

REPORT OF NEW BEGINNINGS TO THE CITIZENS OF TILTON

On behalf of New Beginnings, I would like to thank the Town of Tilton for its continued support. Your \$630 allocation for 93-94 assisted us in providing emergency services, advocacy and support to victims of domestic and sexual violence.

Publicity surrounding the issue of domestic and sexual violence and its devastating effects on families and children has resulted in a significant increase in requests for our services. Our records indicate that we had 17 contacts with Tilton residents in 1993 and 68 contacts in 1994. In addition, 170 other contacts for services were not identified by town. Our agency documented over 899 requests for service and provided 673 bednights of shelter in 1994.

As you know, New Beginnings staffs a 24-hour crisis line solely with volunteers; operated a full-time shelter for women and children and safe homes for male victims; provides support and advocacy at court, the hospital, police stations, and social service agencies; offers peer support groups for victims of domestic violence and sexual assault; assists with needs assessment, case management and housing options; and does community outreach and education programs for teens and adults. All our services are provided free of charge.

We are members of the state-wide NH Coalition Against Domestic and Sexual Violence, promoting statewide networking and resource sharing among domestic violence and sexual assault programs. The Coalition is the evaluating body and administrator of state and federal contracts that provide subsidiary funding for member programs and advocates for legislative change that affects victims of domestic and sexual assault.

We greatly appreciate the solid support of the Tilton community. We are dedicated to human service, social responsibility and fiscal accountability. New Beginnings represents a very finite portion of the Tilton budget but the returns are immeasurable. We welcome your participation in our efforts to insure a world of safety for ourselves and our children. Volunteers are always needed and the opportunity to serve is fulfilling and satisfying.

Sincerely,

Barbara A. Cruickshank,
Executive Director

TILTON ANNUAL REPORT FOR 1994

THE VISITING NURSE ASSOCIATION OF FRANKLIN
1993 - 1994 YEAR IN REVIEW

Two words describe the 1993-1994 year in review - growth and change. The home health care industry continued to be the fastest growing segment in health care. In the past two years the Visiting Nurse Association of Franklin (VNAF) has experienced a 28% growth. This growth has brought unprecedented change in programs, services, staff and network development.

Outreach to and involvement with the citizens of Tilton has been a major focus of the Agency. There were many joint efforts and collaborative undertaking, enabling us to provide additional adult health support in your community. In addition, the VNAF received special funds from the Bureau of Maternal and Child Health to provide free immunizations for children two months to two years of age in Tilton, Hill, Salisbury, Webster and Northfield.

The accomplishments in 1993-1994 were due to a very supportive community a committed Board of Directors, dedicated staff and volunteers. Mutual respect and trust has been the foundation for success in both management and governance. The combination and interaction of these two ingredients made the mission of the organization come alive. Challenges became opportunities and roadblocks were only stepping stones to greater progress. We are confident that VNAF will continue to "ride the waters" of change and growth as it continues to fulfill its mission"

To ENHANCE the GENERAL HEALTH of the TILTON COMMUNITY by PROVIDING QUALITY HEALTH CARE to the people in need, by PERSONAL DEDICATION TO EXCELLENCE.

TILTON ANNUAL REPORT FOR 1994

1994 Service Statistics

In 1994 over 7,509 services were delivered to the people residing in Tilton and 33,899 to our entire catchment area. Our Hospice and Child Health Program continued to expand as did our volunteer component that assisted in these programs. We also offered Continuing Education Programs to registered nurses who work in the surrounding communities.

Skilled Nursing	2,212
Home Health Aide	3,508
Physical Therapy	419
Occupational Therapy	19
Speech Therapy	76
Homemaker Visits	765
Supportive Services	195
Hospice	80
Office Visits	57
Child Health Services	13
Community Health	76
Medical Social Worker	<u>89</u>
Total	7,509

Thank you to the many people who gave memorial donations to the VNAF in memory of their loved ones, this much needed support to our Hospice Program is appreciated.

Medford Sattler, Sandra Emerson, and Reverend O'Neil served on the VNAF Board of Directors and actively represented the Tilton community.

We can be reached at 934-3454, 24 hours.
Office hours are 8:00 a.m. - 4:00 p.m.
Monday through Friday

TILTON ANNUAL REPORT FOR 1994

LAKES REGION FAMILY SERVICE ASSOCIATION, INC.
ANNUAL REPORT

Lakes Region Family Services is a private, non-profit social service agency which offers supportive services to families from Tilton. The agency has been in existence for over 25 years in the Lakes Region of New Hampshire; our purpose is to provide accessible, affordable services to sustain family life.

The agency provides four core programs. These are a Family Counseling Program, a Mediation Program, a Child Advocacy Program, and a Parent Aide Program. We provide parenting programs, groups and workshops such as a Co-dependency group, assertiveness training, and stress management. The agency does parent-child mediations free of charge, and divorce mediation is available at reasonable rates.

Counseling services are provided on a sliding fee scale basis; many insurances also cover the cost of counseling. There is no waiting list for services.

Lakes Region Family Service is in the third year of a child advocacy program. This includes intervention with child sexual abuse victims and their families; we also do outreach, primarily in schools, to help people identify child sexual abuse and to know how to respond.

The agency is open four evenings per week to make services accessible. Anyone is welcome to call for information at 524-5835.

TILTON ANNUAL REPORT FOR 1994

NORTHFIELD-TILTON ECONOMIC DEVELOPMENT CORP.

NTEDC is a private non-profit (501C-3) economic development corporation comprised of 52 members and a Board of 15 Directors representing the two towns. Our primary objective is to encourage a diversity of businesses, especially manufacturing, to expand or locate in the Northfield-Tilton area. Monthly Board of Director meetings are held the 4th Wednesday of each month at 6:30 p.m. at the Voc/Ag Building Winnisquam Regional High School. Members and public are always invited to attend and participate.

1994 Highlights

Business Visitation Program: We concentrated on local business not previously visited and had great success. Were able to link one business with First Deposit National Bank to secure much needed financing; established a connection enabling another company to sell their product to a foreign country thus securing a large contract; attended the Northfield Planning Board meeting in support of Pike Industries to construct an asphalt plant.

Community Renaissance Program: This program brought together individuals, groups and agencies interested in economic development in Tilton and Northfield. Session 1: Developed a community profile, assessed Tilton and Northfield's strengths and weaknesses; Session 2: Planning Strategy to identify potential projects and required resources for implementation. Session 3: ranked the projects and developed specific action plans.

Education Committee: NTEDC initiated a scholarship program and presented our first Book Award Winner to Robert Clough of Winnisquam Regional High School.

Entrepreneurs Club: First meeting Janice Jurta, owner of Country Braid House spoke about the family history behind her business and explained business decisions concerning the direction of growth, product line and marketing. Second meeting, Mike Russell, Economic Development Specialist with the US Small Business Administration explained that SBA Loan Program and the changes made to simplify the application process.

Marketing Activities: Conducted a search for available space for a company interested in relocating to Northfield/Tilton area. Worked with the Chrysler Credit Corporation to donate property located on the Main Street

TILTON ANNUAL REPORT FOR 1994

of Tilton with the intent of renovating the building to create a small business incubator capable of handling light manufacturing by a private concern, have contacted the new owner and expressed interest to help develop the building and provide list of potential tenants.

Linking with Community Groups: Met with the Northfield Selectmen, Tilton Selectmen, member of Winnisquam Vitalization Committee, attend monthly NH Association of Industrial Agents meetings, meet quarterly with the Belknap County Economic Development Council to discuss current projects, attended all NHDOT Route 3 & 11 meetings; participated in the NHDOT Transportation in the 21st Century Forum; represented the economic interests of Northfield at WRSD Board meetings stressing the importance of economic development to a community and how choice of school sites would impact Northfield.

1995 Goals & Projects

The Northfield/Tilton Economic Development Corporation is requesting \$2,000 to be used for the following projects:

1. Continue to market all available commercial and industrial zoned sites and buildings in the Towns of Northfield and Tilton to developers, realtors and other interested parties.
2. Conduct a feasibility study to construct a 20,000 sq. ft. commercial/industrial building in Northfield. This building would become a business incubator available to local small business at reduced rents by sharing office expenses and staff.
3. Obtain a grant to ascertain the cost of cleaning up alleged hazardous waste at the abandoned Surette Battery Building in Northfield so that the building can be marketed and put back on the tax rolls.
4. Continue efforts to revitalize downtown Tilton. One project would be like both towns heritage in encouraging tourism to the downtown, thus filling vacant store fronts with quality retail/specialty shops and expansion of local home businesses.
5. Develop a brochure which highlights the unique characteristics of our area, displays a walking map indicating historical sites, statutes, architecture and advertise local businesses and services. This brochure will be displayed at local businesses and mailed to prospective businesses.

LAKES REGION PLANNING COMMISSION

The Lakes Region Planning Commission is a voluntary association of local communities designated by area towns as the organization that brings towns and cities within the Region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of current expertise include land use and transportation planning, master planning, environmental planning, capital improvement programming, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems and computerized cartography, household hazardous waste collections and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our circuit rider program or on a fee basis. The Commission also provides a framework to protect and further the interests of our communities with the state and federal government.

Your support helps the LRPC maintain a comprehensive regional planning effort and enables the Commission to perform various projects and activities for regional benefit. Over the past year the LRPC:

- * Provided consultation and assistance to thirty-one member communities.
- * Met repeatedly with federal and state officials and agency representatives to influence policy and help keep the Region an active participant in many ongoing programs.
- * Contracted and coordinated the 11th, and largest, regional household hazardous waste program in the Lakes Region serving over twenty municipalities in a one day super collection.
- * Sponsored fall and spring sessions of the NH Law Lecture Series.
- * Served as a Board Member of the Belknap County Economic Development Council, a county-wide initiative for economic betterment.
- * Initiated work on an innovative study of the Route 16 corridor from the seacoast to Errol, NH, in coordination with the NH Dept. of Transportation and three other regional planning commissions.

TILTON ANNUAL REPORT FOR 1994

- * Completed a draft of the regional housing needs assessment in the Lakes Region as mandated by state statute for local housing plans.
- * Initiated work on an agreement through the Scenic Byways program which will enable us to computerize and display historic sites using GIS and scanning technology for the benefit of the Lakes Region Heritage Tourism Roundtable.
- * Completed the Manual of Model Ordinances: a comprehensive report on best management practices containing model ordinances for shoreland protection, subsurface disposal systems, erosion and sedimentation control and wetlands protection. The report was prepared with support from many people including the NH Dept. of Environmental Services, Belknap and Carroll County Conservation Districts and the North Country Resource Conservation and Development Area, Inc.
- * Submitted another application to the NH Dept. of Environmental Services to continue implementation efforts identified in Phase I of the Lake Winnepesaukee Watershed Project.
- * Completed a major update of the Overall Economic Development Program (OEDP) which enables members to apply for economic development funding assistance from the US Economic Development Administration.
- * Participated in other regionally significant economic development efforts including, membership on the Newfound Economic Development Council's Mitigation Fund Advisory Committee, Legislative Conference Center Committee, Governor's State Park Advisory Committee, Ossipee Valley Chamber of Commerce EDA proposal and the Franklin Economic Development and Revitalization Committee.
- * Reorganized the regional transportation advisory committee to a technical advisory committee for the purpose of improving regional representation and identifying projects for inclusion in the update of transportation plans and programs.
- * Initiated a region wide land use and transportation inventory to support Department of Transportation efforts leading to the development of a statewide transportation model.

TILTON ANNUAL REPORT FOR 1994

- * Continued to be a planning information resource center for all municipalities, including the maintenance of an affiliate state data center of US Census information.
- * Continued to administer and participate in a number of master plan updates throughout the Region including, but not necessarily limited to Holderness, Sanbornton and Tamworth.
- * Prepared a comprehensive soils capability analysis of the Newfound River Watershed identifying areas with high to low development capability in cooperation with the Natural Resource Conservation Service and the NH Department of Environmental Services.

We look forward to serving your community during the coming year. Please feel free to contact us at 279-8171 whenever we can be of assistance.

TILTON ANNUAL REPORT FOR 1994

REPORT TO THE CITIZENS OF DISTRICT ONE:

As your Executive Councilor for this Town and area, it is a privilege to communicate with you in this District of 98 towns and 4 cities. The Executive Council is five in number and acts much like a board of directors at the very top of your executive branch of state government. Our authority extends to the approval of contracts with out of state government organizations, municipalities, individuals, and businesses. The judges in the judicial branch of your government all receive their appointment by nomination by the Governor and confirmation by the Executive Council.

All Community Development Block Grants receive final approval by the Governor and Council. The Governor and Council also act as the final approval on all Business Finance Authority loans. Major docks and mooring fields in state waters also must receive Governor and Council approval. There are dozens of Boards and Commissions established by law that require Governor and Council approval. There are 266 Commissioners and Directors of the various departments that require nomination by the Governor and Council.

As we look forward to 1995, citizens and local officials will be asked to bring forth recommendations for the 10 year highway plan for New Hampshire. Public hearings must be held in each of the five council districts. I plan to hold at least five in this large northern district and will be asking the regional planning commissions to assist in this process.

Other items to be on the look out for would be getting applications for the some three million dollars worth of transportation enhancement projects. Much of this money is already obligated ahead. (Your local regional planning commission can be of help in this area) We in this district should be most aggressive in applying for some of the 8 million dollars of Community Development Block Grant money through the Office of State Planning (Tel. 271-2155), and your local tourist promotion or Chamber of Commerce should be dreaming of ways to apply for some \$600,000 in matching money for area promotion (Tel. 271-2411 for more information)

Citizens, local officials and local businesses should also be aware of the vast number of people in your state government who are available and willing to provide technical assistance and information for local regional concerns simply by calling or writing my office.

TILTON ANNUAL REPORT FOR 1994

New Hampshire State Government is small enough and efficient to provide friendly, courteous and timely service to those who seek assistance and relief if such is a part of New Hampshire State law and budget.

Should my office be of assistance within the Executive Branch of your State Government, please write or call. It would be an honor to be of service to you in a friendly, courteous and timely manner!
