**TOWN OF BEDFORD
STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Bedford in the County of Hillsborough in said State of New Hampshire; qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday the ninth of March, at 7:00 o'clock in the forenoon to act on the following articles, numbers 1 to 4 which shall be by written ballot. Polls are to close no earlier than 6:00 p.m. Action on the remaining articles commencing with Article 13 will be at the Town Meeting on March 16, 1982 and will be at the McKelvie School at 7:30 p.m.

ARTICLE 1. To elect necessary Town Officers, School District Officers, and Planning Board members for the ensuing one year, the ensuing two years, and the ensuing three years.

ARTICLE 2. Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a N.H. resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or if married a combined net income of less than \$12,000, and own net assets of \$30,000 or less, excluding the value of the person's residence.

ARTICLE 3. To see if the Town will vote to amend the Sunday Sales ordinance pursuant to RSA Chapter 332:D-4 adopted March, 1976, to change the present operating hours of 12:00 p.m. to 6:00 p.m. to read 10:00 a.m. to 6:00 p.m.

ARTICLE 4. To see if the Town will vote to repeal the Ordinance on campaigning or soliciting votes on Town property on any election day adopted by the Town on March 6, 1973 and enact the following Ordinance in its place: "Candidates for public office or their representatives are prohibited from campaigning or soliciting votes in any manner within one hundred fifty feet (150) of the polling place on any election day."

ZONING ORDINANCE AMENDMENTS

Tuesday, March 9, 1982

VOTING ON THE FOLLOWING ARTICLES SHALL BE BY WRITTEN BALLOT. POLLS ARE TO OPEN AT 7:00 A.M. AND ARE NOT TO CLOSE EARLIER THAN 6:00 P.M.

ARTICLE 5. To see if the Town will vote to amend the present zoning of certain real estate owned by David W. Murray located in the Town of Bedford at the intersection of Route 101 and Old Bedford Road from residential/agricultural to commercial. Said property being more particular described as follows: (by petition).

Beginning at the northeasterly corner of the granted premises at a corner of walls marking the westerly sideline of the Old Bedford Road and the southerly sideline of property now or formerly of one Fearon; then north 83 degrees 56 minutes west a distance of 300.7 feet along the wall by said Fearon land to an intersecting wall; thence south 16 degrees 29 minutes west a distance of 415.6 feet along the wall to a corner; thence south 80 degrees 25 minutes east a distance of 108.9 feet along the wall to a point opposite a barnway; then south 7 degrees 36 minutes west 289 feet along a wall to a bend in the wall; thence south 15 degrees 35 minutes east a distance of 34.7 feet along the wall to an intersecting wall marking the northwesterly sideline of the road to Bedford Center; thence in a southerly direction to an intersection of the road to Bedford Center and Route 101 as now traveled; thence northeasterly by the northwesterly sideline of Route 101 to the westerly sideline of Old Bedford Road; thence northwesterly and northerly by the westerly sideline of Old Bedford Road to the point of beginning.

Containing 5.3 acres, more or less.

(The Planning Board is in favor of this article).

ARTICLE 6. To change the zoning of a certain parcel of land in the Town of Bedford from "Residential-Agricultural" to "Commercial", said parcel being generally Lot No. 12-8-4 containing 18.8 acres, more or less, on Sheet 12 of the Tax Maps of the Town of Bedford and the abutting 50' wide right-of-way for the proposed extension of Kilton Road containing 1.1 acres, more or less. Said parcel contains 19.9 acres, more or less, and is generally bounded: (by petition).

—On the northerly side by Ridgewood Road.

—On the easterly side by the existing "Commercial/Residential-Agricultural" zone boundary, located approximately 1,000 feet west of U.S. Route 3.

- On the southerly side by Lot No. 12-28, now or formerly owned by Laurel Hill Associates and Lot No. 12-28-1, now or formerly owned by Diamond International Corporation.
- On the southwesterly corner by New Hampshire Route 101 Connector.
- On the westerly side by the property zoned “Apartment-Residential”, now or formerly owned by Briston Village, Inc.

(The Planning Board is in favor of this article).

ARTICLE 7. To see if the Town will vote to amend Article IV, Residential and General Residential District, of the Zoning Ordinance, with Sec. B-2 to read as follows: Home occupations are permitted in this district. A home occupation is one not adversely affecting or undermining the residential character of the neighborhood. Residences may be used to house such uses as offices for doctor, engineer, architect, lawyer, real estate and insurance or other recognized profession or such home occupation as hair dressing, crafts and the instruction of crafts, by the owner provided the owner is in continuous residence. Should the owner move his residence, the home occupation may not continue longer than six (6) months.

ARTICLE 8. To see if the Town will vote to amend Article XV, Service Industrial District, of the Zoning Ordinance, by inserting Sec. A-4 to read as follows: All uses permitted in Article VII, Par. 1-b, mobile home or trailer parks. The remainder of the paragraph will then be renumbered accordingly.

ARTICLE 9. To see if the Town will vote to amend Article XI, Commercial District, of the Zoning Ordinance, by adding Sec. A-11 to read as follows: Various types of schools for the creative arts including schools for painting and sculpture, music, dancing, ceramics, interior decorating and similar pursuits. Sec. A-12 would be added to read as follows: Business and trade schools of all kinds.

ARTICLE 10. To see if the Town will vote to amend Article IV, Residential and General Residential, of the Zoning Ordinance, with Sec. B-3 to read as follows: Churches and schools. In this district, schools are those institutions which have an identifiable curriculum suitably tailored to the needs of its student body; proposes to have an adequate physical plant to support the student body and the curriculum; and further proposes to have a qualified staff to teach the curriculum. The curriculum in such a school shall be designed to provide for normal educational progression.

ARTICLE 11. To see if the Town will vote to amend Article XI, Commercial District, of the Zoning Ordinance, with Sec. J to read as follows: Allowable business, professions or service enterprises shall be permitted outdoor advertising media on the premises, advertising goods or services sold on the premises. Advertising media shall not total over thirty-two (32) square feet in area, or in the case of a shopping center or professional park, there shall be allowed one (1) lot sign identifying the shopping center or professional park sharing a common group name which shall not exceed fifty (50) square feet.

ARTICLE 12. To see if the Town will vote to amend the Zoning Ordinance by inserting Article XXV for Off-Street Parking Requirements.

New article proposed for Off-Street Parking Requirements

ARTICLE XXV — to become page Z-25 of the Bedford Zoning Ordinance.

OFF STREET PARKING REQUIREMENTS

1. No land shall be used and no building or structure shall be erected, enlarged or used unless the off-street parking space requirements are provided as specified in this section. For the purpose of this section, an enlargement of any building shall require the provision of off-street parking for the existing buildings as if it were newly constructed.
2. Where the computation of required parking space results in a fractional number, only the fraction of one-half ($\frac{1}{2}$) or more shall be counted as one.
3. Required off-street parking facilities shall be provided on the same lot as the principal use they are designed to serve. All parking spaces shall be paved.
4. Each required car space shall be not less than nine (9) feet in width and eighteen (18) feet in length. In Commercial areas, parking lot access shall be at least twenty (20) feet in width.
5. Where one building is used for more than one use, parking requirements shall be computed for each use (a motel with a restaurant would be required to provide parking for both rental units and for seating capacity of the restaurant — a professional office in a residence must provide the space for both office use in addition to the residential requirement).

A landscaping and lighting plan is required for all parking spaces. The plan will specify plant materials and will illustrate how landscape provisions will visually screen and divide parking areas. Illumination levels and placement of light sources will be shown. Five percent of the internal space of a parking lot for greater than 20 spaces shall be set aside for green area.

Principal Use	Number of Spaces
One family dwellings	2 spaces per dwelling unit
Apartments	2 spaces per dwelling unit (one of which will be covered)
Hospitals	3 spaces per bed
Convalescent & Nursing Homes	1 space for each 2 beds
Hotels, motels & inns	1.5 spaces for each rental unit plus 1½ spaces for each 20 square feet of floor area available for meetings or functions.
Retail stores & services	One space for each one hundred fifty (150) square feet of gross floor area.
Restaurants, theatres and other places of assembly	In districts other than Commercial, one space for each four (4) seats.
Bowling alleys	Four (4) spaces for each alley
Offices — professional center, clinic	One space for each one hundred fifty (150) square feet of gross floor area.
Warehouses	One space for each twelve hun- dred (1200) square feet of gross floor area.
Commercial/Industrial building	One space for each six hundred (600) square feet of gross floor area.

Each section listed below would then be changed accordingly to reference ARTICLE XXV.

Article IV, pg. Z-3, B-9 would read: “For off-street parking requirements, see Article XXV” and delete what B-9 presently says.

Article V, pg. Z-4, Sec. F would read: “For off-street parking requirements, see Article XXV” and delete what Sec. F presently says.

Article VI, pg. Z-5, Sec. A-2-c would read: "In all proposals for building a hospital, sanatorium, or nursing home, a site plan, to scale, shall be submitted to the Planning Board for review and approval prior to issuance of a building permit. The site plan shall include off-street parking facilities according to Article XXV".

Article IX, pg. Z-7, Sec. B would read: "For off-street parking requirements, see Article XXV" and delete what Sec. B presently says.

Article XI, pg. Z-11, Sec. G would read: "For off-street parking requirements, see Article XXV" and delete what Sec. G presently says.

Article XII, pg. Z-12, Sec. A-7 would read: "For off-street parking requirements, see Article XXV" and delete what Sec. A-7 presently says.

Article XIII, pg. Z-13, Sec. A-12 would read: "For off-street parking requirements, see Article XXV" and delete what Sec. A-12 presently says.

Article XIV, pg. Z-14, Sec. A-14 would read: "For off-street parking requirements, see Article XXV" and delete what Sec. A-14 presently says.

Article XV, pg. Z-15, add Sec. A-12 to read: "For off-street parking requirements, see Article XXV".

Article XVI, pg. Z-16, Sec. B-10 would read: "For off-street parking requirements, see Article XXV" and delete what Sec. B-10 presently says.

ACTION ON THE REMAINING ARTICLES WILL BE AT THE McKELVIE SCHOOL ON MARCH 16, 1982 at 7:30 p.m.

ARTICLE 13. To see if the Town will approve the entry by the Selectmen on behalf of the Town into a Water Rights Agreement dated May 10, 1979 with Normandeau Associates, Inc., now D.A.N. Realty, Inc., and as part of said Agreement, the granting of an easement to Normandeau Associates, Inc. to enter onto Town property to install a water line and control system. A copy of said Agreement is available for inspection in the Office of the Selectmen.

ARTICLE 14. To see if the Town will accept a gift of land from Barbara C. Crafts to the Town, being shown as Lot 12-51 on a Plan entitled "Plan of Land Frances E. Parker Bailey Heirs, et als" dated February 6, 1978, and recorded in the Hillsborough County Registry of Deed as Plan #10977.

ARTICLE 15. To see if the Town will approve the conveyance of all rights of the Town in a right-of-way approximately twenty (20) feet wide and shown to exist over the land of Roger H. and Aline Y. Chagnon and Muriel G. and Mary Edith Berg, all as shown on a Plan entitled "Boundary Plan of Land of Roger H. and Aline Y. Chagnon, Bedford, New Hampshire, August 18, 1978" prepared by Thomas F. Moran, Inc., and specifically authorize the Selectmen to execute instruments necessary to accomplish this conveyance.

ARTICLE 16. To see if the Town will rescind the action of the Town Meeting of March 17, 1981 voting to elect a seven member Planning Board, and return to an appointed seven member Planning Board (six members appointed by the Selectmen and one Selectman chosen by the Selectmen as an ex officio member), all pursuant to R.S.A. 36:4 II(c).

ARTICLE 17. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

Land Back River Road	13,800.00
TOTAL	\$5,849,057.00

AUDITORS' REPORT

We have examined the balance sheet of the Town of Bedford, New Hampshire as of December 31, 1981 and the related statements of revenues and fund equities for the year then ended. Our examination was conducted in accordance with generally accepted accounting standards and accordingly included such tests of the accounting records and other auditing procedures as we considered necessary under the circumstances. Our audit included examination of the accounting records of the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Treasurer of the Public Library, and Trustees of the Trust Funds.

The schedule of town property and the related schedule of note payments on notes payable are presented separately instead of as an integral part of the balance sheet.

In our opinion, except as noted in the preceeding paragraph, the balance sheet and related statements of revenues and expenses and fund equities fairly present the financial position of the various funds of the Town of Bedford, New Hampshire on December 31, 1981 and the results of operations for the year then ended in conformity with accounting practices used by municipalities on a basis consistent with that of preceeding years.

H. Richard Spurway
Town Auditor

Robert N. Wheeler
Town Auditor

REPORT OF THE TRUSTEES OF THE BEDFORD PUBLIC LIBRARY — 1981

Bedford Public Library extended its resources to the community in a variety of ways during 1981. The Library staff, the Friends of the Library and many individuals from the town worked together to provide programs of interest throughout the year.

An auction in March was sponsored by the Friends of the Library, with Fran Wiggin as auctioneer. Many Bedford businesses, as well as citizens of the town, contributed items. All proceeds were given to the Library for its Community Room.

In the Fall, the Friends offered two films and a lecture by Mr. Roland Halle, and with the Library staff, in December gave a Wassail Party, highlighted by the Madrigal Singers.

An outstanding event of the year was a 19th Century Craft Fair in September, organized by Children's Librarian Deidre Angwin and former Assistant Librarian, Doris Peck. It was a great success and all proceeds were given to the Children's Room.

Each month, Deedee Angwin has planned seasonal and fresh activities for the children of Bedford. Programs have ranged from Arts and Crafts lessons and Reading Groups and Story-hour sessions to a pet show, frog-jumping and jelly bean contests and field trips to Sturbridge Village and Plimoth Plantations.

Adult activities have included the traditional and the new. Fifty men and women attended the Adult Reading Group and its second year study of the history of New England, led by Fran Wiggin. A favorite films program for adults was initiated in 1981. Films are shown on the first Friday of each month in the Community Room.

The Bedford Library and its patrons continue to enjoy the services of volunteers. For eight months of the year, the men of the Kiwanis Club staff the library on Sundays from 12:00 to 2:00 p.m. Last year they issued 2,257 pieces of library materials.

Forty one hours per week are contributed by volunteers: Harriet Cahow, Betty Clock, Frank Conn, Cathy Curtin, Lorraine Danais, Joan DuPont, Lois Earnshaw, Sylvia Edmunds, Kathy Falt, Jennifer Johnson, Carole Kelly, Marjorie Lieby, Barbara Muther and Lillian Warren. Sheila Dow and Janet Holland were weekly volunteers until they moved from Bedford. Without this gift of time from Bedford volunteers, the Library would require another staff person.

Phyllis DeNapoli volunteers as chairman of the Youth Employment Service, a clearing house for teen-agers who seek jobs, and sponsored by the Library.

Significant staff changes were made in 1981. The Trustees of the Library accepted with regret the resignation of Doris Peck, who as Assistant Librarian had served library patrons so graciously for many years. A farewell party was held in her honor last April.

Three new appointments have been made: Barbara Potter as Assistant Librarian, and Arlene Akerson and Betty Folsom as Assistants.

The Bedford Library Staff participate in the New Hampshire Library System in valuable ways. Fran Wiggin has been re-elected as the Chairman of the N.H. Advisory Council on Libraries, administers the Hills-Town Cooperative and serves as Membership Chairman for the N.H. Library Assoc. Deirdre Angwin is Program Chairman for the Children's Librarians of N.H. (CHILIS).

Memorials to Margaret Woodbury have enabled the Library to purchase valuable reference books and 20 new chairs for the Community Room. Memorials offered to the Library are always welcome.

The Staff and Trustees of the Library thank the Bedford Bank for printed bookmarks; the Merchants Savings Bank for a pamphlet rack; the Friends of the Library for their many gifts to the furnishings of the Community Room; and all organizations and individuals who have in some way contributed to our Library this year.

Last, our thanks to the town for the exterior painting and new doors at the Library.

Respectfully submitted,
James Scotland, Jr., Chairman
George Fournier, Treasurer
Patricia Holland, Secretary

**ANNUAL REPORT OF THE LIBRARIAN
BEDFORD PUBLIC LIBRARY**

Year Ending December 31, 1981

Library Trustees:	Term Expires
Patricia Holland	1982
George Fournier	1983

This year the Patron File has been completely updated so that it now accurately reflects only the current registered active patrons. A total of 6,239 patrons are now using our library services.

It would be remiss of me to submit my report without personally thanking Doris Peck for her twenty-three years as my dedicated Assistant Librarian, and to wish her happiness and fulfillment in her retirement.

I would like to welcome Barbara Potter as our new Assistant Librarian and Director of Technical Services, and also to welcome Betty Folsom and Arlene Ackerson to the staff. To the rest of the staff, the volunteers and to the Trustees, a large thank you for their unstinting dedication and hard work.

Nineteen eighty-one has marked the busiest year in the Library's history and this is apparent in the circulation statistics.

As I start my twenty-fifth year as your Librarian, I foresee many new challenges as the age of technology unfolds. With your continuing support, it is my goal to meet these challenges so that the Library will continue to bring you the best service possible.

Respectfully submitted,
Frances M. Wiggin
Librarian

BEDFORD SEWER COMMISSION REPORT

Since approval of the local funding for the initial construction of the Phase I Sewer System at the March 1981 Town Meeting, the Bedford Sewer Commission has spent most of the year finalizing the grant requirements for federal and state funding of the project. The budget cuts implemented by the Reagan Administration during 1981 has significantly affected all federal agencies and particularly the EPA. The result has been a slow down in the federal (EPA) funding of sewer projects such as the Town of Bedford's and so a reduced level of commitment is expected. Although the exact amount and time period when funds will become available for Bedford is still unknown, it is expected that the initial town sewer construction will only include the Merrimack River Interceptor-North from the Route 293 bridge north to the Manchester line and various small segments of other interceptors needed to pick up users along Route 3. It is not anticipated at this time, that the Merrimack River-South interceptor from the Route 293 bridge south to the Bedford's industrial land will be included in the initial construction due to the reduced level of funding anticipated from the federal and state governments. It should be emphasized, however, that even with these current budget problems Bedford has maintained its relatively high priority for sewer projects to be built in New Hampshire once federal funds are available.

REPORT OF THE BEDFORD POLICE DEPARTMENT

Although our activities have increased I am pleased to report that there has been a slight decrease in Burglaries and Thefts in our Town.

The decrease is due in part to the cooperation of you, the citizens of Bedford in reporting suspicious vehicles, persons and activities.

Our goal for the coming year is to continue to reduce the crime rate and to make Bedford an even safer place to live. With your help we feel we can achieve this goal.

Richard D. Audette
Chief of Police

BEDFORD FIRE DEPARTMENT

The Bedford Fire Department has responded to 462 calls during 1981. They include the following:

Building and house	9	Mutual aid	16
Grass, brush and woods	26	Service calls	63
Automobile	13	False alarms	8
Chimney	40	Needless alarms	16
Rescue	271		

The department is pleased to report less calls than last year and fire losses are down.

Training is of prime importance for an efficient department. Bedford firemen have practice sessions on Tuesday evenings under the direction of training officers Captain Leo Bongers and Firefighter Randy Burbank. They also participate in fire training schools located throughout the state. They receive experience in structural fires by burning abandoned buildings in town.

The Fire Prevention Program has continued under my direction. I have inspected new and old business buildings, restaurants, nursing homes and public buildings. I have inspected a great many wood and coal burning stoves and am very willing to do more. Just call the station during daytime hours and make an appointment. I will be glad to inspect yours.

Through the Norman Richards Memorial Fund, established by the Fire Department, scholarships were awarded to the following Bedford students:

James O'Loughlin
Helen C. Nagios
Jennifer Tyler

Using local Federal Revenue Sharing Funds as approved at the March 1981 Town Meeting, the Fire Department was able to purchase a new rescue wagon. Money for the equipment and radios was made possible through the generosity of interested townspeople and from memorial gifts given to the Fire Department in lieu of flowers. The new rescue unit went into service on June 29th. We also received two very important rescue tools, the "Jaws of Life" and air bags. These tools were made possible through a special fund started by a Bedford organization known as The Snow Owls, Inc. as a memorial to the late David Riley. As Chief of the department, I initiated a fund drive, and because so many Bedford residents, friends of the Fire Department and local organizations contributed, we raised \$10,885.00. I would

like to take this opportunity to thank all those persons and organizations whose generosity has enabled us to acquire so much valuable life-saving equipment to better help the department meet the needs of the community. I would like to thank, too, those persons who supported our annual dance.

Our sympathy is extended to the family of Ernest A. Jenkins, who died September 1, 1981. Ernest "Red" Jenkins joined the department in February 1937 and was the Bedford Fire Chief from 1963 until his retirement in 1965.

As Fire Warden, I would like to thank the residents of Bedford for their cooperation in obtaining fire permits before kindling outdoor fires. I would like to remind you that the law states that there will be no burning without a written permit from the Fire Department except when the ground is covered with snow. You may obtain a seasonal permit for an incinerator and an outdoor fireplace, but no burning is allowed between the daytime hours of 9:00 A.M. and 5:30 P.M. unless it is a rainy day. Permits are issued at the Fire Station between the hours of 7:30 A.M. and 5:30 P.M. seven days a week. Please check with the department if you have any questions.

Please be very careful if you are burning with wood. Make sure that you keep your stovepipe and chimney clean and always put your ashes in metal containers and store them outdoors. If you don't have a smoke alarm or fire extinguisher, please consider purchasing them. It may save your life.

As Chief, I would like to take this opportunity to thank the people of our community and the men of the department for their continued support and cooperation. Also, a big thank you to our central dispatch personnel and to the Police Department for their support.

Respectfully submitted,
Ralph M. Wiggin, Jr.
Chief

CIVIL DEFENSE REPORT

The year of 1981 has been an eventful one for Bedford Civil Defense in that we were successful in securing from the State of New Hampshire Civil Defense at no cost to the Town of Bedford a 10 KW generator that has been installed in the basement of the Town Hall. This unit, in the event of power loss, could supply minimum power for the Town Hall, old Fire Station and new Fire Station as well as keeping police and fire radios functioning.

In the event of a disaster, when housing would be needed, this unit would enable us to heat the Town Hall and Fire Station.

We are anticipating the construction of a Civil Defense Office in the basement of the Town Hall. This location will also eventually be the emergency operating center for the town.

It is our plan for 1982 to complete and equip the operating center to better serve the town in case of emergency.

We are fortunate in having a nucleus of knowledgeable citizens; however, additional help is always appreciated.

Robert J. Bullock
Civil Defense Director

REPORT OF THE BEDFORD PLANNING BOARD 1981

In the year just passed, several noteworthy items effecting the town and town planning were present. At the Town Meeting, the townspeople rejected the proposed Zoning Ordinance. This left us with the previous Ordinance as our zoning regulations and some of these are unclear and lack proper context. The Planning Board is attempting to clarify these areas and is proposing some minor zoning changes for this year's Town Meeting. They involve off-street parking requirements, customary home occupations, commercial signs, and a definition of schools.

In addition, we are proposing to allow mobile home parks in an industrial district. The purpose of this last proposal is to bring our zoning regulations into conformity with a new state law enacted last summer.

Also, at last year's Town Meeting, it was voted to make the Planning Board an elective body instead of being appointed. We feel this was a mistake because it destroys the objectivity of the board and makes it political. The Selectmen also feel this was a mistake and are introducing an article for this year's Town Meeting to return to an appointed board.

During the year, we adopted an procedure for excavation permits as mandated by state law and are in the process of adopting a change in our Subdivision Regulations to accommodate the wetland zoning voted by the town in 1980.

We held at least two meetings per month but found that general activity was off due to economic conditions.

At present we are attempting to find some solution to the problem of traffic and too many curb cuts along the northern portion of South River Road. The Southern N.H. Planning Commission has given us some constructive suggestions and a map of the area. We hope to have some definite progress on this before Town Meeting.

I wish to thank the members of the Planning Board for their hard work and diligence during the year.

Eugene A. Morgan
Chairman

**REPORT OF THE BOARD OF ADJUSTMENT
1981**

This year the Board of Adjustment heard 44 requests for variances from the Bedford Zoning Ordinance. We approved requests for 18 residential and 19 commercial variances. Seven commercial variance requests were denied.

Our alternate members, Donald Folsom, Richard Como, and Bruce Biscornet were most helpful serving on the Board when a member was unavailable or found it necessary to disqualify himself.

Our hearings are held on the second Tuesday of each month at 8:00 p.m. in the Town Office Building. We invite your attendance to see your town government at work.

Respectfully submitted,
Charles Abbe, Chairman

**ANNUAL REPORT OF BEDFORD
HISTORIC DISTRICT COMMISSION — 1981**

The Bedford Historic District Commission held 5 meetings during 1981 and approved an addition to Fireplace Village, and the site plan for the Bedford Village Shops to be located on Route 101. They also approved the construction of one residence within the district, two residential additions and an addition to a horse barn. The Commission denied one request for an off-premise sign but was subsequently over ruled on an appeal to the Board of Adjustment.

The Commission is also currently working on correcting some alleged violations within the district. We are working with the Board of Selectmen and their special counsel on this problem and hopefully will have it resolved as soon as possible.

David C. Bailey was re-elected Chairman and Urban Landini elected Vice-Chairman. Other commission members include Ernest Coupe, Norman Stahl, Ann Remus, Paul Harrington (Planning Board member) and Aubrey Robinson, Jr. (Selectman member).

The Historic District encompasses the area starting at Wallace Road and running along Church Road to Ministerial; over to Chandler Road and down to Bedford Center Road; then over to Liberty Hill Road and down Meetinghouse Road to Route 101 and back to Wallace Road.

The Commission is expressly concerned with the exterior architectural features of new structures being built in the District. The Commission takes into consideration the architectural style and general arrangement of such portions of the exterior as is designed to be open to view from the public way, including kind and texture of the building materials, type of walls, windows, doors, lights, signs and other fixtures appurtenant to such portion.

David C. Bailey, Chairman

VISITING NURSE ASSOCIATION-HOME HEALTH AGENCY OF GREATER MANCHESTER, INC.

The Visiting Nurse Association-Home Health Agency of Greater Manchester, Inc., continues to provide services as a certified Home Health Agency to the greater Manchester area, covering Manchester and five towns — Auburn, Bedford, Candia, Goffstown and Hooksett.

The agency is a voluntary, non-profit home health agency. It is nationally accredited by National League for Nursing/American Public Health Association, Medicare and Medicaid certified and a United Way Agency. The agency provides 24 hour home care services, with service between 9:00 p.m. and 7:30 a.m. on a selective and necessary basis. Anyone may request services by calling the office at 622-3781 from 7:30 a.m. to 5:00 p.m.

Mrs. Beth Hinton and Mrs. Claire Stone residents of Bedford serve on the Board of Directors of the Association.

The agency is supported by various funding sources. Home Health Services are provided within the resources of the agency. Attempts are made to provide necessary services without regard to ability to pay. Fees are discussed on the initial visit with a sliding scale used if full fee payment is not possible.

Home Health services are provided by the following staff members: licensed professional nurses, registered physical therapists, registered occupational therapists, registered speech therapists, registered nutritionist, social worker, certified homemaker/home health aides.

Adult health screening programs, occupational health services and immunization clinics are also provided by the agency. Walk-in blood pressure screening and health counseling/teaching is provided Monday - Friday from 1:30 p.m. - 3:30 p.m. at the office, 194 Concord St. in Manchester.

During the past year in Bedford, the agency served 72 people and made 497 nursing visits, 581 homemaker/home health aide visits and 80 rehabilitation therapy and other visits. Immunization and Adult Health Clinics were also held.

Total value of services rendered to Bedford during 1981 was \$27,246.00.

Total value of service rendered without direct payment from third party insurers or private pay was \$5,775.00.

These services were covered by town appropriations, agency acquired grants, donations and other solicitations.

Sarah Hubbard
Executive Director

Sewage (leachfields) failed systems	28
Miscellaneous	15
Fees collected	\$16,077.00
Complaints filed with Bldg. Dept.	8
Art. 24 - Building without permit	1
Art. 24 - fines collected	1 (\$25.00)

Robert J. Marceau
Building Inspector

REPORT OF THE PARKS AND RECREATION COMMISSION

The Year 1981 found the Parks and Recreation Commission actively involved in promoting, scheduling, and maintaining our Town recreational facilities. Our minor league field was expanded to a full little league field this year along with the addition of dugouts and fencing for the Riley Field. With the increased use of our baseball fields, the commission will be requesting an additional field in our 1982 budget.

Our Town baseball fields continue to receive heavy use from dawn to dusk during the summer months. Over 1,000 young men and women from the ages of 8 to 18 participated in Little League, Babe Ruth League and Legion baseball in 1981. Bedford was the host town of the New England Regional Senior League Tournament in August which brought together the state champs of each New England state to our Town for a very successful week long tournament. Congratulations to our Senior Girls Softball Team for becoming State Champions and representing New Hampshire in the New England Regional Tournament.

Our pool, with the membership of 262 family members, also received heavy use throughout the summer. Revenue for family membership and daily usage totaled \$14,897.35. Our early weekend openings prior to school summer vacation proved successful and the commission is considering the same schedule for 1982. The traditional Red Cross beginner through swimmer classes were expanded to three sessions allowing more people the opportunity to participate in this worthwhile program. The Barracude Swim Team completed a successful 8 wins, 1 loss season; congratulations to the team on a successful season and their 2nd place finish in the Annual Milford Rotary swim meet. Continued parental support and a very successful Swim-a-Thon organized by the parents resulted in the raising of \$1,300.00 to cover expenses of our swim team.

Before leaving the summer months and heading into fall sports, I would like to thank the Bedford Junior Women's Club and especially Elaine Murray for running a very successful Arts and Crafts Program for children ages 4 to 10 in the picnic area throughout the summer. This was a new program and was well received by the many residents that participated.

Our tennis courts continue to see heavy usage throughout the season and provide recreation for many residents and their families.

The youth soccer program continues to grow with additional teams and participants added each year. With the snowless winter of 1981 our skating pond was used extensively night and day throughout the winter season.

I would like to thank all the commissioners and summer employees of the Parks and Recreation Department for their hard work in making recreation so enjoyable to the residents of Bedford.

Respectfully submitted,
Donald G. March, Chairman
Parks & Recreation Dept.

CONSERVATION COMMISSION 1981 REPORT

After the acceptance of Article 18 at the 1981 Town Meeting, the Conservation Commission continued its work toward completion of the acquisition of the Pulpit Rock tract. Negotiations with the owners were finalized. Planning Board approval of the subdivision was obtained after completion of a perimeter survey.

During the first week in January, we were notified by letter from the N.H. Department of Resources and Economic Development that federal funding of 50% of the appraised value was approved. As of this printing, the purchase should have been completed.

The year ahead should be very exciting as we start to avail ourselves of the pleasures of the property. Public access to the 143.6 acre tract will not be along the present Civilian Conservation Corp. road which starts near Pulpit Road. The town will own 500 feet of frontage along New Boston Road running east from the Bedford/New Boston town line.

The Conservation Commission will be working with various town groups to lay out and build trails and appropriately mark the property lines. We expect to rely on volunteer help and donated materials for clean up and development work. Please feel free to contact our members with your ideas.

The Conservation Commission worked on about 15-20 dredge and fill applications and permits during 1981. Considerable time was spent trying to get the pond on Bowman Brook dredged according to the permit issued by the N.H. Wetlands Board. Some problems arose with the interpretation and enforcement of our local Wetlands Ordinance adopted in the spring of 1981.

Conservation Commission members attended the N.H. Association of Conservation Commissions' annual meeting in Wolfeboro. The meeting discussed by-law revisions, hazardous waste management and natural resource protection. Other statewide meetings attended considered town forests, prime wetlands and acid rain.

On November 1st, the Conservation Commission, the community and friends of Dr. John Kennard, were shocked and saddened by his untimely death. Having served on the Conservation Commission since 1978, his experience and knowledge as an ornithologist, traveller, author and conservationist was a tremendous asset. In May 1981 Dr. Kennard was elected as a Trustee of the N.H. Audubon Society, having worked with them on the Ponemah Bog acquisition in Amherst. Dr. Kennard was well versed on local geological history and was long interested in the unique formation and beauty of the Pulpit Rock area. The Conservation Commission anticipates setting up a Memorial Fund for work at the Pulpit Rock in his memory. His friendship and guidance will be sincerely missed.

Clark Gott, Chairman

REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

Since the Commission's last report to the Town, Federal budget reductions and recissions have hampered efforts to sustain the level of staffing and the varied work program to which our member communities have become accustomed over the past fifteen years.

Budget constraints have forced the Board of Commissioners (your appointed representatives) to eliminate one technician position, reduce the combination bookkeeper and secretarial position to a part-time bookkeeper status, and most recently, to leave the vacated graphic artist slot open. Thus far, the program area most affected has been the previously HUD-State supported regional planning element. A severe reduction in HUD '701' funding, and elimination of the State match to help support the Commission's Fiscal 1982 work program, forced the adoption of a much-abbreviated regional planning component.

Despite these problems, the Commission has attempted to balance the needs of the outlying towns with those of the central city, Manchester, and has been able, through its regional, transportation and local planning assistance programs, to continue services to local officials. In the form of various reports, special studies, technical assistance, etc., member communities have had important concerns addressed and been able to receive help on a wide range of issues. Several have been able to initiate public improvement projects which are eligible for State and Federal financial assistance.

During the past year, some of the work accomplished under the regional and transportation planning elements has included:

- An evaluation of progress made, by the Commission, toward the implementation of previously-adopted regional land use and housing plans (parts of the regional comprehensive plan);
- Publication and wide distribution of our newsletter, "Project", through which timely articles and news items on a wide variety of subjects ranging from recent court decisions on planning and zoning matters, community tax base analysis, and the use of performance standards for new development evaluation, to water quality management have been brought to the attention of municipal officials and concerned citizens;
- A seminar for General Court members representing the Commission's communities, during which they had an opportunity to informally discuss our responsibilities, programs, services and relationship with the towns with Commissioners and staff;

- A workshop on the National Flood Insurance Program conducted for the benefit of areawide selectmen, building inspectors, planning board members and the general public;
- A workshop conducted by representatives of the New Hampshire Department of Public Works and Highways on the Department's "5-Year Highway Improvement Program, 1981-1985 for the Southern New Hampshire Planning Commission Sub-region". Municipal officials and the public were invited to obtain a briefing on projects in their respective communities and to become familiarized with the project qualification and selection process;
- The completion of a "Community Recreation Survey" of facilities, programs, financing, staffing, and issues through interviews with officials in each community. The results are expected to be published by the Office of State Planning during the Spring of 1982;
- Extensive work, by Commissioners and staff, with areawide Boards of Selectmen and members of the New Hampshire Legislature in an effort to correct numerous inequities in RSA Chapter 566 which will seriously impact local tax rates resulting from implementation of the State Solid Waste Plan. (Details were reported in the December, 1981 issue of "Project"); and
- Co-sponsored, with the Nashua Regional Planning Commission, a workshop on interpretation of the provisions of RSA 31:118 and 119 regarding zoning for mobile homes. Staff also worked with the legal counsel of the New Hampshire Municipal Association drafting proposed amendments on behalf of our member communities.

Studies undertaken by Commission staff, or for the Commission by consultants, or by the State of New Hampshire in conjunction with the annual update of the Metropolitan Manchester Transportation Planning Study (area coverage includes the City of Manchester and the Towns of Auburn, Bedford, Goffstown, Hooksett, and Londonderry) include:

- "School Enrollment" (March, 1981);
- "Urban Goods Movement Study FY 1981, Central Business District Manchester, New Hampshire" (April, 1981);
- "Land Use Update FY 1981 Metropolitan Manchester Planning Study Area" (May, 1981);
- "Metropolitan Manchester Planning Study Area Employment Estimates" (June, 1981);

- “Urban Impact Analysis FY 1981 Metropolitan Manchester Planning Study Area” (June, 1981);
- “A Preliminary Evaluation of Reasonably Available Transportation Control Measures for the Reduction of Carbon Monoxide Emissions in the Manchester, New Hampshire Metropolitan Area” (June, 1981) by C. E. McGuire, Inc.;
- “South Manchester-Londonderry Sub-Area Transportation Study” (June, 1981) by the COMSIS Corp.; and
- “Metropolitan Manchester Planning Area Long Range Highway Plan” (December, 1981).

Local Planning Assistance Services

A representative sampling of staff services provided to the Town of Bedford during the past year included:

- A detailed preliminary investigation of the impact of existing and proposed development adjacent to the Route 3 corridor between N.H. Route 101 and Bedford Grove. Included were maps and overlays of some alternative solutions to potential traffic management problems, an evaluation of current non-residential site plan review practices, and a recommendation for a Master Plan amendment covering this “subarea”, based on further fiscal, environmental, and traffic impact analyses, including public participation in the Plan amendment process. This work was undertaken at the request of the Board of Selectmen.
- At the request of the Board of Selectmen, prepared an analysis of salary and fringe benefits information relative to Administrative Assistant/Executive Assistant positions in New Hampshire communities.
- Provided the Planning Board and Board of Selectmen with updated copies of “Planning Legislation in New Hampshire”.
- Provided the Building Inspector’s office with information regarding procedures for the adoption of amendments to the BOCA Building Code.
- Provided the Board of Selectmen with a written opinion regarding the “protection” of previously approved subdivision plats under N.H. RSA 36:24-a.
- Provided the Planning Board with information relative to zoning provisions governing public and private schools, nursery schools, and day care centers.
- Provided the Planning Board with sample material needed to bring the Subdivision Regulations into compliance with the 1981 amendments to RSA 36:23, “Board’s Procedures on Plats”.

REPORT OF THE DISPATCH CENTER

For those of you who are unfamiliar with the center, it is located in the Police Department and is manned 24 hours a day by a dispatcher. The Dispatcher has the responsibility of answering four telephone lines for the Police Department, two lines for the Fire Department and one line for the Highway Department. The Center has radio contact with Police, Fire and Highway Departments, plus the New Hampshire State Police and Hillsborough County Dispatch in Goffstown. A CB radio is also in the Dispatch Center, which is used to monitor channel 9, the emergency channel. The Dispatch Center also monitors many commercial and home burglary alarms that directly come into the Police Station.

The Dispatch Center employs four full time dispatchers and one part time dispatcher. I wish to thank the employees for their service during 1981. A Dispatcher's job is not an easy one and they are constantly working under pressure during emergency situations. Unfortunately we had somewhat of a turn over last year and those who were here worked long hours until replacements could be found. I commend them.

We are pleased with our communications center and feel that it is invaluable in providing essential services to the town. We hope you share our feelings and we welcome your complaints and suggestions at any time.

Richard D. Audette
Administrator
Dispatch Center

ANNUAL REPORT OF THE SUPERVISORS OF THE CHECKLIST

Between May 1 and September 1, 1981, the Supervisors of the Checklist held sessions for re-registration of voters as mandated by law. Persons who had not voted in the prior three elections were notified in writing and requested to re-register if they chose to remain on the checklist.

As of October 1, 1981, new checklists were printed and there were 2852 Republicans, 1380 Democrats, and 1218 Independents, making a total of 5450 registered voters.

Residents wishing to register may do so by filling out a form with the Town Clerk at the Town Offices. Proof of residency is required. Voters wishing to change their party affiliation may only do so when the Supervisors schedule sessions which are dictated by law. Notice of these sessions is posted on the Town Offices information board, the Town Library bulletin board, on the Town Hall building and published in the Bedford Bulletin.

The Supervisors wish to thank Edith Schmidtchen, Town Clerk, for handling the bulk of the registrations and questions concerning same.

Respectfully submitted,
Mary E. Foster

REPORT OF PUBLIC WORKS & HIGHWAYS DEPT.

Our community has again experienced considerable growth during the past year, which in turn has further strained the resources of our department. In coping with the added road mileage from year to year, we have in essence simply "tacked on" most of the extra work load without commensurately adjusting our basic manpower and equipment. Using adjusted 1981 dollar values and the increase in road mileage, the actual budget dollars have decreased by approximately \$400.00 per mile of road in the past five years. This year's operating budget proposes the addition of a small dump truck and operator, plus funds to equip two additional rental plow trucks during winter snow storms. This, plus normal expected increases in materials and labor accounts for the increase in our proposed general operating budget.

A few years ago, three of our Town bridges were found to be unsafe under a State-Federal inspection program. Two of these have since been upgraded to meet the required standards and this year we are proposing to upgrade the third one. (Beals Road over Baboosic Brook) Additionally, we are also proposing some structural abutment wall repairs to the triple barrel culvert on Jenkins Road over McQuade Brook. As part of a drainage improvement made possible by the addition of State storm drain facilities on Boynton St., we are proposing to tie in our own facilities to service the problem areas on Davies and Servant Streets.

Under our "Resurfacing and Rebuilding" roads program, we are proposing upgrading and resurfacing work on No. Amherst Rd., starting near Route #101 to So. Hills Drive for a distance of about 1½ miles. We are also planning upgrading and resurfacing work for a distance of about ¾ of a mile on Wallace Road from the New Boston Rd. to the Goffstown Town line. This work to be done through a shared cost arrangement under our State TRA program funds.

The following upgrading and resurfacing work was carried out during the past construction season.

Joppa Hill Rd. — Reclamation & Resurfacing	(3,700 L.F.)
Edinburgh Dr. — Shim & Resurfacing	(3,200 L.F.)
Mayflower Dr. — Shim & Resurfacing	(1,200 L.F.)
Briar Rd. — Shim & Resurfacing	(2,600 L.F.)
Holbrook Rd. — Shim & Resurfacing	(2,300 L.F.)
Keene St. — Resurfacing Overlay	(600 L.F.)

Structural repairs were made and new railings were installed at the bridge on No. Amherst Rd., over Riddle Brook. (This bridge now meets all State-Federal safety standards.) Several substantial drainage projects were carried out including a new system installed on Wallace Rd. approaching the "Ledge Curve", and major rebuilding of existing facilities on Curtis Lane.

A continuing program of dead tree removal along our roadways was carried out, as well as dust control work on gravel roads and the repainting of stop-lines at the more major intersections and the repainting of 10 miles of double yellow center lines. Approximately 60 street name signs and some 40 traffic regulatory signs were replaced, due primarily to vandalism.

New construction of residential subdivision development roads continues to account for a considerable amount of our time during the summer months involving the strict enforcement of our "Minimum Road Standards". We have also assisted in numerous public works projects undertaken by the community, primarily in the form of plans and specifications, bidding documents and construction inspections.

Armand A. Dugas
Public Works Director

LANDFILL AREA

The Landfill Area (Town Dump) located off Wallace Road, is operated for use by local residents. Please assist us by displaying a current Bedford sticker available to residents at no cost from the Selectmen's Office at the Town Office Building.

State mandated regulations require separation of materials such as large metals, wood and regular household trash. Please observe signs indicating proper disposal area, or see attendant on duty.

OPEN HOURS

Mondays	8 A.M. - 5 P.M.	Thursdays	8:30 A.M. - 5 P.M.
Tuesdays	8 A.M. - 5 P.M.	Fridays	8:30 A.M. - 5 P.M.
Wednesdays	8 A.M. - 5 P.M.	Saturdays	8:30 A.M. - 5 P.M.

Commercial dumping coupons and fee rates are available at the Selectmen's Office for paid haulers. Additional information is available from Mr. James Simon, Landfill Supervisor.

Compliance with Town Ordinance in the use of the Landfill Area is mandatory and will result in prosecution of violators.

ANNUAL REPORTS
SCHOOL DISTRICT
OF
BEDFORD, N.H.

For the year ending June 30, 1981

— DEDICATION —

The Bedford School Board is pleased to dedicate the 1980-81 Annual School District Report to:

Annabelle Gray Ton

Mrs. Ton served the Bedford School District as a teacher and school secretary from October 27, 1965, to March 6, 1981.

She was a friend to the children of Bedford that came to know and love her.

REPORT OF THE SCHOOL BOARD

During the past year the school board asked the administration to review curriculum and teaching methods in order to insure that programs within the classroom can be made flexible enough to meet the needs of children with different ability levels. The board believes that it is important to challenge all children at their particular skill level within a classroom environment. The board also examined scheduling problems caused by the need to have teachers travel from one school to another. Enrichment programs which could benefit a large part of the student population and still be cost justified were reviewed.

The administration implemented several changes in the past year in order to resolve the board's concerns. For the first time, each school was assigned its own physical education, music and art teachers which enabled better scheduling. A new manipulative math program which emphasizes basic math skills was introduced into our primary unit. The final phase of Bedford's new accountability program was also initiated. The accountability program helps monitor the progress of all children in their basic skills. The administration worked closely with the Bedford PTG to find economically feasible methods to enrich Bedford students. The PTG deserves much credit in helping to provide funds and ideas for the Great Books Program, the Philosopher in the Schools Program, and finally the computer program which would not have been possible without the volunteer work of Mr. Edward Gruhl to whom the board gratefully gives its thanks.

Budget

The board expresses its concern over the many economic pressures which it faces. The board has attempted to keep cost increases to a minimum during the past year. The proposed 1982-3 budget is level funded or cut in numerous program areas. In the future, the board will struggle with two economic realities:

1. Handicapped (special services) education will continue to increase more rapidly than any other area of the budget.
2. Non-controllable costs such as high school tuition and utilities can be expected to increase significantly.

Both of the above items are dictated by outside forces. The law requires special services but the state subsidies for these programs will drop drastically in the future. The current state subsidy of \$143,000 will fall to nearly a null balance. High school tuition is determined by the City of Manchester and not Bedford. High school tuition has a history of strong increases from year to year.

There is always a fervor to keep taxes to a minimum which means the board is under constant pressure to keep program costs down. The level funding in many program areas this year will cause programs to be changed or cut. Hopefully, our children will not suffer as a result. It should be recognized that this level funding cannot be continued forever. If it were continued the average elementary student will be faced with a deteriorating school system. The reason for this is clear. If the law requires the maintenance of special service programs and high school tuition and utilities are to be paid, the monetary difference in the budget must come from programs developed for our average elementary students. The average Bedford student will have difficulty in obtaining a quality education. Thus Bedford residents must work with the board to eliminate waste but they must also recognize that quality education is not free. If we are to maintain programs for the average Bedford student, costs will have to rise and we all will have to pitch in and pay our fair share to insure the future of our children.

Respectfully submitted by
Marc A. Jolicoeur
Chairman Bedford School Board

BEDFORD SCHOOL DISTRICT

Auditor's Opinion

To the Members of the School Board
Bedford School District
Bedford, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Bedford School District as of and for the fiscal year ended June 30, 1981, as listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Bedford School District at June 30, 1981, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Bedford School District. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

October 26, 1981

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Bedford

Based on the history of the past four years, school enrollments appear to have stabilized.

	1-5	6-8	9-12	Total
1978-79	878	552	628	2058
1979-80	884	535	617	2036
1980-81	882	539	629	2050
1981-82	835	580	623	2038
Estimated 1982-83	789	602	606	1997

It appears this will continue for the next three years and provide a much needed respite from school building construction which has been such an integral part of our past fifteen years.

The staff and administration of the school district continued to implement the NH guidelines for accountability. Fourth and seventh graders were tested in the areas of language arts, mathematics, and NH History and Government in the spring of 1981. Eighth grade students were tested in US History and Government. In addition, fourth and seventh grade students completed a writing sample. In general, results were very good, indicating that Bedford students are learning the essential skills of communication and mathematics. The Local Planning Group is still analyzing the test results, and developing a management plan to address areas of concern, and to maintain the excellence already attained in others.

One indication that many students are achieving beyond the essential skills is the result of the New England Mathematics League contest in which several McKelvie students were recognized. Also, standardized achievement tests results continue to show Bedford students achieving well above the national norms.

The Curriculum Committee, comprised of board members, administration, and staff, meets monthly to review current status of instructional programs, and to suggest future direction. As a result of this Committee, much work has been done in the past year to audit the instructional program, and provide a curriculum which meets the needs of all students. Several programs have been introduced on a pilot basis to address some of the specific needs and interests of the student body.

Much work has also been done to coordinate the staff development program with the instructional objectives of the school district. A good example is the extensive teacher training that has accompanied the increased use of manipulative materials in the mathematics program of the early grades.

The school board, administration, and staff are constantly seeking to provide a quality educational program, meeting the needs of **all** students, in a cost-effective manner.

The Special Services Department is an integral part of the school district's overall educational program. There is a specific population ages 3 to 21 identified as handicapped who require quite extensive services as mandated in State and Federal law. We offer a wide range of programs and services to meet the varying needs of these students. The staff implementing Special Education services and programs come into contact with about 25% of each school's population during the course of the school year. Screening, evaluation, and consultation services are made available for students in the regular classroom who are not identified as handicapped but have some special needs. The expertise of trained and experienced special services professionals assist child, parent, and school staff members in assuring that our students receive an appropriate and successful educational experience.

Raymond Raudonis completed his first year as principal of the McKelvie School. His concern for students and their various needs, combined with a caring staff, enabled the students at our middle school to have a most enjoyable school year.

In conclusion, I acknowledge the continued support of the residents of Bedford in maintaining a quality educational program for the children of Bedford and the school board for its expectation of quality.

Respectfully submitted,
Claude H. Leavitt
Superintendent of Schools

REPORT OF THE PRINCIPAL MEMORIAL AND PETER WOODBURY SCHOOLS

The following constitutes my annual report as Principal of the Memorial and Peter Woodbury Schools.

We continue to place emphasis on meeting the needs of our students on the total learning spectrum. The Reading Laboratory, Severe Learning Disabilities Class and our Resource Rooms service those students having difficulty with academic skill development. The Junior Great Books and Philosophy in the School enrichment programs are being offered once again. A Computer Program has been offered to the 4th and 5th grade students under the direction of Ed Gruhl. The Junior Women's Club and the Parent Teacher Group have donated funds to purchase micro-computers enabling the school to offer such a program.

The Language Arts, Mathematics, Social Studies and Science curriculums are each being reviewed with the objective of strengthening the enrichment activities offered to the students. The interdisciplinary approach being developed in Social Studies and the supplemental enrichment topics added to the Mathematics curriculum are excellent examples of such activities.

Children in grades R - 3 are using a special kind of mathematics program this year designed to help them learn a wide range of mathematical concepts as well as insuring knowledge of basic arithmetic skills. This program is based on current research evaluating the most effective ways to teach young children mathematics. Real-life mathematical experiences are stressed, rather than pages and pages of abstract drill. The children become actively involved with concrete materials and make many discoveries using ceramic tiles, pattern blocks, unifix cubes, geoboards, mirrors, collection of buttons, seed pods, bottle caps, etc., as well as a variety of measuring devices for comparing weight, length and volume. During the school year, the children will work with pattern sorting and classifying, graphing, measurement, addition and subtraction, probability, geometry, place value, and problem solving. Teachers have been involved in training to teach mathematics using manipulatives since last spring and will continue with workshops throughout the school year.

The implementation of the District's Accountability Program continues with the initial testing having been completed last spring. Final analysis of the test results and a reporting of the assessment to the State Department of Education and to the local community are in the process of being completed. The development of a management

plan is also being completed which, based on assessment results, will define changes the district considers necessary to improve student performance and educational programs. This will complete the first cycle of the Accountability Program.

The following are the Primary Unit Administrative Objectives for 1981-82:

The following are the Primary Unit Administrative Objectives for 1981-82:

1. Monitor the introduction and use of the computer in the Memorial School.
2. Continue to serve a leadership role in the development and implementation of the District's Accountability Program with emphasis on the management plan phase.
3. Coordinate and supervise the revisions in the mathematics program in grades readiness - three.
4. Establish math resource rooms in the Peter Woodbury and the Memorial Schools.
5. Continue to improve the enrichment activities offered to students in grades readiness - five.
6. Monitor the implementation of the revised music and physical education curriculums.
7. Implement the revisions in the staff evaluation process.
8. Continue the ongoing objectives of working to develop a positive climate of communication and trust among staff, students, administrators, school board and community.

The P.T.G. Volunteer Program continues to supply the students and teachers with much needed help and assistance. I would like to thank, on behalf of the staff, all of the volunteers for their efforts.

My appreciation is extended to all who have helped carry on the educational process in the Primary Unit.

Respectfully submitted,
Arnold MacDonald

REPORT OF THE PRINCIPAL McKELVIE MIDDLE SCHOOL

To the Citizens of Bedford:

McKelvie Middle School enrollment for September of 1981 was five hundred and eighty students. This is an increase of some forty students over one year ago. Two hundred and forty three students are attending our school for the first time. These young people are either sixth graders or newly arrived in Bedford. We also have five new teachers this year. They are Mr. Peter Majoy, Language Arts Coordinator, Ms. Nancy Grindberg in grade eight, Ms. Marge Leahy teaching Physical Education, Mrs. Virginia Warren in Home Economics, and Mr. Ed Chenoweth is a music teacher and choral director.

Spring of 1981 was a particularly active one for McKelvie Staff and students. Staff participated in a series of workshops on middle school topics that culminated in the creation of a steering committee for the purpose of organizing and leading a study of the McKelvie program. This effort will continue this year.

Accountability testing occurred in the spring for students in grade seven and eight. The results of this testing program are now having an impact on further development of curriculum in Bedford. The Local Planning Group for Accountability has begun meeting again to set future directions for this testing program.

In the spring of 1981 a new organization was established at McKelvie. The McKelvie Industrial Arts Students Association has been organized by Mr. Caron and available to all students. Among the activities that some club members participated in were a full day competition at Keene State College and attendance at a national conference in Tulsa, Oklahoma during the summer. This fall Mr. Caron has organized an Industrial Arts Crafts Committee consisting of business people, students (present and former), and interested citizens from the community. This crafts committee is intended to serve as an informal sounding board for new ideas and as an advisory and resource committee for the industrial arts program at McKelvie.

Also in the spring of 1981 McKelvie participated in a Mathematics competition sponsored by the New England Math League. Our eighth grade students finished first in Hillsborough County and our seventh graders were second. This program was under the guidance of Mr. Lombard the district's Math Coordinator.

The school's athletic programs enjoyed a great deal of success in the preceding year culminating in the 1981 soccer team's victory in an unofficial State Championship game against Littleton, N.H. This victory established McKelvie as the state's premier soccer team this year. Also in the preceding year our intramural program has grown to an extent that over two thirds of our students are participating in it. The growth of this program will provide every student at McKelvie with the opportunity to participate in an athletic endeavor of his/her choice.

The Bedford schools underwent a dramatic incidence of head lice infestation this fall. As a result of cooperative efforts by students, staff and community we were able to successfully deal with this problem in a remarkably short period of time. If there was a positive side to this problem it was the examination of our health policies and the informing of the community of the need to alert the schools to the presence of infestations when they occur even during periods of school vacation.

This fall was also highlighted by the implementation of a school wide enrichment program. Entitled the MERIT program (McKelvie Enrichment Research Interest Time) it is available to all students once a week and had included such programs as Genealogy, Computer Introduction, Basic First Aid, Junior Great Books, Landscape Design, Drama, Art Service, long distance running, Fitness and Nutrition, as well as twenty others. These programs are offered by both staff and volunteers from the community.

In general this past year has been characterized by the growth and improvement of successful programs and the addition of a small number of new ones as we reach toward our goals of a school that this community can continue to be proud of; a school that works hard to provide for the unique needs and characteristics of the middle school learner.

Raymond Raudonis, Principal
McKelvie School

**BEDFORD SCHOOL DISTRICT MEETING
MARCH 12, 1981**

The Bedford Annual School District Meeting was held on Thursday, March 12, 1981 at the McKelvie School with approximately 400 people in attendance. School Board members present included Chairman Lydia McIntire, Margaret Comiskey, Sue Tyrie, Ken Shutts and Marc Jolicoeur. Also present was Superintendent of Schools Claude Leavitt, and Assistant Superintendent Rodney Mansfield.

The meeting was called to order by School District Moderator, Eugene M. Van Loan III, at 7:48 p.m. The invocation was offered by Msgr. Leo F. Hines.

Mrs. McIntire presented a tribute to the two School Board members who are retiring. "Two years ago Kenneth Shutts responded to a request to serve on the Bedford School Board. Since that time, he was elected to serve an unexpired term. At this time, we acknowledge our appreciation for the service he has rendered the children of Bedford."

Mrs. McIntire then offered the following resolution and moved its adoption "Whereas Sue Tyrie has served on the Bedford School Board for six years; and Whereas, her interests and investment of time and talents have helped clarify the district's philosophy to the benefit of all children; and Whereas, her efforts have served to develop a closer understanding between home and school; and Whereas, her service has been dedicated to caring for children; Now, Therefore, be it resolved that we the citizens of Bedford, New Hampshire, extend our appreciation for these contributions and say 'thank you Sue'." The resolution was seconded and passed.

Following a review of the rules and procedures governing the meeting, Mr. Van Loan asked for a motion on Article 1. Mr. Shutts made the motion "that the District vote to appropriate \$15,000 for those Federal Programs for which the District may receive grants if the programs are such that they will not in this or subsequent years require that the District raise local money for any purpose, but this appropriation to become null and void to the extent that such grants are not made to the District. The motion was seconded; Mr. Shutts addressed the motion. Vote on the motion passed.

Article 2 — to see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of the school district and agents and for the statutory obligations of the district.

Bob Wheeler, chairman of the Budget Committee, moved the sum of \$5,350,855 be raised and appropriated; motion seconded. Mr. Wheeler addressed the motion stating if the budget is passed as the Budget Committee recommended, it would mean a 12½-13% tax increase; if the School Board and Selectmen's budgets are passed, it will be an 18% increase. "The time for conservatism is here and we must start tonight."

The Budget Committee has tried to set priorities. They cut only 1.6% from the school budget (\$85,000) while they cut 12.2% from the town budget (\$286,000). "Many people will be taxed out of town if we don't start to look hard at these budgets."

Mrs. McIntire then spoke to the School Board budget of \$5,435,524. She explained the lunch program account stating that it remains at \$12,000; the rest shown is offset on the revenue side. This is an in and out item. She stated the School Board has set as their priority the reinstatement of the cuts made by the Budget Committee. "The main issue tonight is whether or not the people of this community are willing to settle for an education that is less than minimum standards or are we to hold to an education that at least meets minimum standards of the State of N.H."

Mrs. Tyrie moved to increase the salaries account (1100) by \$36,000 to \$1,336,449; motion seconded. Mrs. Tyrie spoke to the motion stating they are not asking for additional staff but just to maintain the present staff.

Anna Van Loan presented a lengthy dissertation in support of the Budget Committee's request stating she did not feel this reduction of \$36,000 would reduce the pupil-teacher ratio significantly.

John Holland spoke in support of the School Board's position to restore the money. He feels if we start receding from the present pupil-teacher ratio, it will continue every year.

Jack Merrill supports the School Board; he does not feel we can afford to cheapen the quality of education in our town.

Missy Schroeder spoke in favor of the School Board stating she feels to maintain the present pupil-teacher ratio, we should be increasing the teachers instead of doing away with 3 positions. "We have been chipping away at our quality of education."

Marge Henrichon spoke in support of the School Board.

Marian Villeneuve supports the Budget Committee and Mrs. Van Loan. She feels there are classes that have almost the top limit of students but there are some with fewer students. She asked where the 3 teachers would be cut. Mrs. Tyrie stated that has not been determined; it will be discussed further after the budget is passed. Mrs. Villeneuve stated "there are many things Bedford teachers can teach but there are things Bedford schools do not teach." She believes budgets have to be cut everywhere. She does not feel the quality of education is becoming any better.

Chris Specht, "the old man of the mountain" stated he has been saying "people will be taxed out of Bedford" for several years and now the budget man says it. He spoke of people on fixed income and in support of the Budget Committee.

Claire Varney asked what the recommended state pupil-teacher ratio is and what is Bedford's? The state recommends 20-1 for primary and 25-1 for middle school; Bedford has not achieved this yet. Bedford has 22-1 in the primary and 27-1 in the middle school.

Paul Remus stated the cost of \$36,000 for 3 teachers is very minimal when talking about a 5 million dollar budget. He can think of nothing more important than the teachers. "This is the very heart of what makes our system good."

Bob Wheeler explained why the Budget Committee made the decision they did. They originally had cut 6 teachers but ended up cutting 3. "We now have one of the highest paid teacher staff in the State of N.H."

Charles Fairman asked if there was any place in the budget where they are adding people. Mrs. Comiskey stated the only addition in staff is a para-professional to work with the severe learning disabled students at McKelvie.

Marc Jolicoeur addressed the pupil-teacher ratio and spoke in favor of the return of the 3 teachers cut. "We have a good system because our pupil-teacher ratio has been kept down."

Jerry DuPont recognized the School Board for their support of the teachers and the Budget Committee for their work in keeping the budget down. He feels this is only 2% of the total budget and we should keep the teachers and cut 2% elsewhere.

Pete Thompson feels \$85,000 is reasonable to be cut but feels where we are cutting is not making sense. "We are cutting teachers but adding children."

Bob Allan of the Budget Committee stated "we have to stop somewhere; this 36,000 can be taken out of the 5 million somewhere."

A vote on the motion to increase the budget by \$36,000 in the area of salaries (1100 series) carried.

Tuition-out-of-district (1200 series) — Paul MacEwen asked the reason for the increase from \$197,718 to \$330,620. Mrs. Comiskey explained there are 10 students attending programs in other districts (an increase in number of students); 11 attend non public schools outside N.H. (cost increases because these are residential programs); 22 are attending non-public schools within N.H. Last year the state added an extended year for some of these special ed students (there are 9 in this situation).

Norm Stahl asked about federal programs. Are these all mandated programs? Yes.

Ken Hawkins asked if the town was supposed to receive some state monies on these programs; yes, \$18,250 will be forthcoming from the state and \$35,000 from other districts. These are gross numbers being shown. He also asked if there was any money in this budget to join with other communities involved in a lawsuit to be sure the state monies will come through. Bedford is not partaking in this suit; they are pursuing other means.

Marian Villeneuve asked what the increase in salaries in the 1400 series (coaching) is; is there someone new? There is no increase in staff; these are negotiated items.

Mrs. Tyrie moved the figure under salaries in the 2100 series be increased by \$17,349 bringing it to \$123,730; seconded. Mrs. Tyrie spoke to the motion and of the need for these specialists.

Bob Allan spoke to the Budget Committee's decrease in this area stating they cut it back to last year's figure. Vote on the motion to increase the budget by \$17,349 failed.

Mrs. McIntire made a motion to add \$6,500 to the budget in the 2100 series under census, testing & scoring; motion seconded. She spoke to the motion stating a good portion of this account is reimbursed by the state.

Missy Schroeder would like to support the School Board on this item stating if you have a child who really needs to be tested, you need the proper personnel and tools to do it.

Bob Allan stated this is a non-instructional area that is growing fast; it is a good place to make a cut.

Mrs. McIntire stated the school psychologist has increased his fees and most of this account is federally mandated.

Phil Johnson stated "if we go through any more of this garbage, we will all need psychologist help."

Motion to move the question was made, seconded and passed. Vote on the motion to increase the budget by \$6,500 in the 2100 series under census, testing and scoring carried.

Arthur Tucker appealed the chair's decision and requested a standing vote. The standing vote was taken and showed 220 yes, 141 no; motion still carries.

Paula Creekmore made a motion to increase the budget by \$1,904 in the 2200 series under salaries; motion seconded. She spoke to the motion stating this money is to establish a special education curriculum; at the present time, there is no formal special education curriculum.

Earl Legacy feels we should all go home because every item we challenge is mandated in some way or another. He spoke against reinstating this \$1,904 which the Budget Committee cut.

Charles Fairman feels this should happen once or twice but we go on every year with "new this and new that."

Mrs. McIntire explained this account further stating it includes staff improvement courses and library media.

Vote on the motion to increase the budget by \$1,904 in the 2200 series under salaries failed. Mrs. Tyrie called for a division vote. A standing vote was taken which showed 166 yes, 153 no. Therefore, the motion carried following the standing vote.

Don Padfield asked if this was the account under which equipment is listed to reproduce mimeo materials for the students. Yes. He feels the duplication of assignment sheets is atrocious; the "junk that comes home to me is an insult." Mrs. Tyrie stated the board will address this issue and does not need an increase to do it.

Victor Villeneuve would like the coat hangers repaired or completely taken down in the McKelvie halls because they are dangerous.

Arnold MacDonald make a motion to increase the budget by \$15,000 in the 2540 series under equipment and vehicle replacement; motion seconded. He spoke to the motion stating the money is to be used to purchase a tractor to be used at the 3 schools for plowing and mowing. There are approximately 22 acres of grass that has to be cut. The present vehicle is 10 years old and 15 h.p. Mr. MacDonald said the town does a good job plowing but this tractor would be used for the exits. The new tractor is 45 h.p., has a cab, bucket loader, etc.

Marian Villeneuve stated the town voted money to fix the town tractor for the recreational area. She doesn't see why we couldn't make an arrangement to get along with them and use the same tractor.

Edith Schmidtchen asked why the school needed a bucket loader. We have someone in Bedford who sells equipment; should check with him on prices.

Frank Zito said if the grass is what you are worried about, you could buy some goats who would also help out with the lunch program. He asked why there is a zero in the gifted and talented column. Mr. Van Loan said this will have to be taken up at the end as we have passed that item.

Patty Thompson said 22 acres is a lot to cut. Some year we will have an appreciable amount of snow and we must be ready to plow it. She asked when they first asked for a tractor and how much was it at that time. Mrs. Tyrie said the request was made 2 years ago and the cost was \$18,000.

Marc Jolicoeur said this figure was not completely reduced by the Budget Committee so they did recognize we needed something. "We will end up paying for this tractor without having it." We can't share a tractor with the town during the heavy grass growing season. "Band-aids won't work any more with the present tractor."

A motion was made to move the question; seconded; passed. The motion to amend the budget by adding \$15,000 in the 2540 series under equipment and vehicle replacement was defeated. Mr. Jolicoeur called for a division vote. A standing vote was taken with 121 yes, 171 no.

Discussion on the 2550 series, pupil transportation, Gus Garceau made a motion to have the figure read \$300,000, a reduction by \$69,732; motion seconded. He feels this is an area where a cut can be made. He feels the difference can be made up by a levy on the students then this burden would not be upon the people who do not have school children.

Someone else suggested this be put off until next year when we can put in a revenue item.

Jack Holland asked if the board could meet its statutory requirements within this \$300,000. Superintendent Leavitt read the article stating it is mandatory for the district to provide transportation for those up to age 14. Also, staying within the 45-minute delivery requirement means more units to be used.

Joanne Tilton stated she knows of one student from Bedford who attends Central High School and since there is no bus to Central, she drives her car and is paid by the district for it. She also asked about those riding the high school bus who did not pay. Superintendent Leavitt stated every effort is being made to collect the \$25 from each high school student riding the bus.

Missy Schroeder stated part of being educated is getting to school. It would be a real hardship for some people to get their children to school. Her concept of education is that the town gets everyone to school.

Anne Van Loan asked what about a student going to West High School who was not yet 14; the district still is responsible for that child.

Motion made and seconded to move the question; passed. A vote on the motion to reduce the budget in the area of transportation by \$69,732 was defeated.

A motion was made to pass the school budget in the amount of \$5,395,259; motion seconded.

Frank Zito asked about the gifted and talented (1400 series). Does the board have any plans for the gifted? Would they like a motion for gifted? Mrs. Tyrie stated she believed the funds in there were adequate.

Eugene Van Loan, Jr. had a question regarding revenues. Is the bus figure a net or gross. This is a gross figure. He asked where the net figure showed. It was explained that would be minus \$20,000 on the revenue side.

A vote on the motion to pass the budget in the amount of \$5,395,259 carried.

Meeting adjourned at 10:10 p.m.

Respectfully submitted,
Martha P. Harris
School District Clerk

Anne W. Tate
Notary Public

**BEDFORD SCHOOL DISTRICT
SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District in the Town of Bedford, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the McKelvie School in said district on Thursday, March 11, 1982, at 7:30 P.M. in the evening to act upon the following subjects:

1. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of the school district and agents and for the statutory obligations of the district.
2. **By Petition:** To see if the Bedford School District will appropriate a deficit appropriation of \$925.00 to provide Child Benefit Services to Trinity High School for the 1981-82 school year. This amount is broken down to \$8.00 x 119 students.
3. **By Petition:** To authorize the Bedford School District to enter into necessary agreements with the City of Manchester to provide Child Benefit Services to private high schools in Manchester in future years, and to appropriate the funds necessary for provision of these services.
4. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the school district meeting, money from any source which becomes available during the fiscal year provided it meets all conditions of RSA 198: 20-b.

Given under our hands at said Bedford this 8th day of February, 1982.

N. Suzanne Tyrie
Margaret Comiskey
Marc A. Jolicoeur

SCHOOL BOARD

**BEDFORD SCHOOL DISTRICT
SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District in the Town of Bedford, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 9th day of March, 1982, at 7:00 in the forenoon to act upon the following questions:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for ensuing year.
3. To choose two members of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. Are you in favor of changing the terms of the school district clerk, moderator and treasurer from one year to three years, beginning with the terms of the school district clerk, moderator and treasurer to be elected at next year's regular school district meeting?

The polls will be open from 7:00 A.M. and will close no earlier than 6:00 P.M.

Given under our hands at said Bedford this 8th day of February 1982.
