COMMISSIONERS REPORT

1992 ANNUAL REPORT

The Commissioners had a busy and successful year. The Nursing Home continued to have a small waiting list but beds were filled almost all of the year. In November, the food service was contracted to Fitz Vogt, a private company doing food services for other nursing homes. This was done as a cost saving measure. During the year, there were two bomb threats which were handled professionally by our staff with excellent cooperation of law enforcement agencies and the fire department.

At the Jail, the electronic monitoring system continues to be cost effective and accepted by the Court System.

A first contract was negotiated between the Sheriff's Department and the Teamsters Union.

Our farm continued to perform the grounds care of the complex. We also produced the normal amount of hay, cord wood, vegetables and berries for sale.

We renovated new space on the first floor of the Annex building for the offices of the County Attorney. This enabled us to rent the entire second floor of the Annex to the Health & Home Care Services for additional income.

The State Department of Transportation installed at no cost to the County a new water main complete with curb stops at all residences from the Superior Courthouse to the Department of Transportation garage following Old Route 25. The line replaces our old line and will reduce our repair needs.

We ended the year with a surplus of \$600,000, enabling us to add \$200,000 to our Capital Reserve fund for future building needs; and use \$400,000 to reduce the tax rate for 1993.

We continue to thank our Department Heads, employees and the Carroll County Delegation for their support.

Respectfully submitted,

Brenda M. Presby, Chairman
Carroll County Commissioners

TREASURER'S REPORT
1992 ANNUAL REPORT

During 1992, there were few changes concerning Carroll County monies. Collateralization was again required for banks holding significant amounts over \$100,000., and deposits were monitored and invested in Carroll County banks to bring in the greatest amount of revenue consistent with safety of the funds.

Thank you, town officials, for your timely payment of town tax remittances. All towns again paid on or before the due date of December 17, with many paying one or two weeks early.

We received nine bids for the purchase of our \$3.7 million Tax Anticipation Notes on January 9, ranging from 3.43% to 4.49%. The low bidder was Fleet Norstar. Borrowing expense totaled \$122,808, which was offset by income of \$84,486 from investment in repurchase agreements at Berlin City Bank, the high bidder. This resulted in a net cost of borrowing of \$38,322 or 1%.

At this time, I would like to express my sincere thanks to my deputies John Bridges and Ann Aiton, Bank Commissioner Roland Roberge, State Treasurer Georgie Thomas, and my Treasurer's Advisory Committee for their advice and support.

Also, I thank the County Delegation, the Commissioners, and the Business Office staff for the courtesies shown me.

Respectfully submitted,

Mary C. Mills,
Treasurer

REGISTRY OF DEEDS
1992 ANNUAL REPORT

During 1992, we experienced a noticeable return to traditional real estate conveyancing. Meanwhile, there continued the recording of many specialized documents and foreclosures in addition to the usual mix of deeds, mortgages, attachments, releases, etc., all of which contributed to the fact that our income of \$456,638 greatly exceeded the projected income of \$410,450 for 1992.

\$378,818 was the result of the "labor intensive" aspect of the Registry work which continued at a relatively high level. In 1992 recording and all related service produced an income of \$315,717; sale of customer copies to researchers earned \$58,447; and the FAX service earned \$4,654. Commission collected on sale of Transfer Tax Stamps was \$72,069 up from \$71,039 in 1991; Bank interest earned was \$5,751, up from \$5,013 in 1991.

In 1992, our Index System was up-graded so that it provides further efficiency of service and programs for expanding inter-office reports. As this report is being written, a new computer terminal and printer is being installed to issue State of New Hampshire Transfer Tax Stamps. This system will also produce daily and monthly control reports as well as an analysis of documents recorded.

The County Commissioners join me in expressing our appreciation to Paul and Celia Lang for providing the Registry of Deeds with the painting of Poland Brook Marsh, (done by Paul Gray in April 1956) as a tribute to both Lee T. Gray and Paul Gray. Lee was the Register of Deeds from 1949 until his death in 1962. His son, Paul, served as his deputy from 1956 until 1962, and then as the Register of Deeds until 1966. It is a most thoughtful and generous recognition of their service to the County.

I wish to express my sincere appreciation for their splendid support, to my deputies, office staff and the County Business Office, as well as the courtesy shown me by the County Commissioners and members of the Delegation .

CARROLL COUNTY SHERIFF'S DEPARTMENT

1992 ANNUAL REPORT

As required by statute, I hereby report my activity and the activity of the Carroll County Sheriff's Department, for the year 1992 .

Due to the economic situation in 1992, there was a decrease in the work level in the Civil Division. This has resulted in my Department receiving less revenue, than was expected, to be credited to the County against my budget.

The Sheriff's Department, again, received funds from the Federal Government, which allowed us to continue our law enforcement patrol within certain areas of the National Forest system, within Carroll County. This Patrol was done by assigning a full time Deputy and a Special Deputy to cover the two patrol shifts. A copy of the activity for the years patrol of the Kancamaugus Highway is attached.

The Child Youth Services Unit, again, has had a very active year, as shown in the attached Youth Services Unit Report. Members of this Unit have also spent many hours in the County Elementary Schools, where they have presented our Child Safety and "DARE" programs.

The Dispatch Center continues to try and upgrade and provide the same courteous and professional service to you, the public, that they have in the past. The Department logged over 474,381 radio and phone messages in 1992. There were 168,334 requests that were made through the New Hampshire State Police On-line Telecommunications System, SPOTS Terminal in the Dispatch Center, for this Department and other Departments, within the County.

This Department wants to say thank you to the Mutual Aid Fire Department's for their help and monetary support they provide in helping to keep our Central Dispatch Center equipment updated and replaced as the need arises.

Training was again on the agenda. All full time Deputies and all Special Deputies received their mandatory training in 1992, along with all of the Dispatchers. The following are some of the training courses attended:

- "K-9 Handler and Dog Certification Course"
- "Civil Process Seminar"
- "Child Abuse Prevention Forum"
- "Search Warrant, Affidavit and Application"
- "Domestic Violence Laws"
- "Police Liability"
- "Landlord Tenant Actions"
- "Restraining Orders and Child Custody Actions"
- "UCR Seminar"
- "SPOTS Terminal Operators Training and Recertification"

- “Dispatch Seminar”
- “DARE Refresher Training School”
- “Firearms Instructor Recertification Course”
- “Administrative License Suspension in DWI Arrests”
- “Identi-kit System”
- “FBI/NA New England Training Conference”
- “New Criminal Laws”
- “New NIBRS Arrest/Incident Report Forms”

All of the members of the Carroll County Sheriff’s Department, along with some of the local Departments, received their firearms training from our qualified instructor, at our firearms training range.

There were 2,457 Writs served and 90 Executions acted upon, as of December 31, 1992. This resulted in a revenue of \$68,000, being turned over to the County. There is \$1,864.49 on hand and \$1,401.30 owed by Attorney’s at this time.

As 1992 comes to a close, I would like to thank the County Commissioners, the County Delegation, members of my Department and all law enforcement agencies, along with you, the general public, who have helped and aided me and the Sheriff’s Department throughout the year. Your support and vote of confidence is greatly appreciated.

Respectfully submitted,

Roy H. Larson, Jr.,
Sheriff

Deputy Karen A. Jones
Communications Supervisor
Carroll County Sheriff's Department

Dear Sheriff Larson,

This past year has been another busy one for the Communications Center. It has been a year of some changes with the biggest change being in the schedule that is now being run. The Dispatchers have now gone to a 4 day work week and are very pleased with the schedule and the fact that it allows them to have partial double coverage on the busy ends of their shifts. We have seen the start of a new Alarm Policy that has been successfully tried with the Bartlett Police Department. The system allows for more privacy of information for the property owners and is carried out by the use of a coding system. The new year will see this service offered to the other local Police Departments, that may want to participate.

The Communications Center is looking forward, with great anticipation, to the new year and the installation of a computer system in the Center. The Dispatchers are excited about the fact that they will have easier access to information and they will also have the use of a new CFS System, that the State has agreed to install in the Communications Center's system. They are also looking forward to the use of the new FAX machine, making their job of confirming and passing along information on Capias' much easier.

The new year will also show us installing the new console and matching the old one to it. The fact of having two identical consoles, will make training and usage of the radio equipment much easier for all Dispatchers.

Training wise, this year saw all Dispatchers attending and passing the Recertification Course given by the State Police, on the SPOTS Terminal. I was also able to attend a Liability Class, which has lead to a Communications Policy Manual being written. This will be put into effect later in the year, after it is completed, edited and copied.

Over all it was a very good year for the Communications Center, with many new improvements and many more planned for the new year.

I have enclosed all vital statistics for the Communications Center.

Respectfully yours,

Deputy Karen A. Jones,
Communications Supervisor

RE: 1992 Annual Report of Request for Services, Criminal Activities, & Forestry Patrol

Dear Sheriff Larson:

During the past year there was a significant increase of various orders of arrest processed through the Carroll County Sheriff's Department. We received 1,118 additional warrants during 1992, and effected a total of 594 arrests. (An itemized break down of these arrests is listed below). Of these, 15 were returned due to errors on their face, 144 vacated by the issuing authority, 2 have the defendants being held in custody awaiting extradition, 169 closed without having to effect the arrest and we presently maintain an active warrant list of 564 warrants.

In the forum of Bad Check investigations, during 1992 a total of 262 bad checks were submitted to the Carroll County Sheriff's Department for investigation. Of that number I am pleased to report that 235 cases have been brought to a close with the amount of \$22,166.12 being returned to the victims by way of restitution and fees.

ANNUAL REPORT/JUVENILE DIVISION

Dear Sheriff Larson,

Another year has come to an end, and once again it has been a busy one. Please find enclosed the annual report from the Carroll County Juvenile Division.

The summer months were a busy time for deputies involved with Illegal Possession of Alcohol. There were 128 subjects arrested for this offense (under the age of 21). 34% of these arrests were juveniles (under the age of 18 years of age). Unfortunately, Carroll County has endured the tragic loss of dear ones, due to the alcohol consumption of teenagers.

There were 45 reported child abuse cases handled through the juvenile division. Of these 45 cases, three were physical assault cases, 42 were sexual assault cases and 24 of these cases were assists to other departments with interviews and investigations.

Twenty-five percent (25%) over and above the number of cases handled by this agency were diverted to other agencies because of heavy case load and the decline in manpower.

There were 19 Grand Jury Indictments this year, due to child abuse investigations. Some of these cases have successfully completed the judicial process, while the remaining cases are still under investigation.

The County of Carroll has undergone many changes this year. Carolann Puopolo, Victim Witness Advocate is leaving the County Attorney's Office. I will dearly miss Carolann as a friend, but most importantly all victims in Carroll County will miss her support in making the court process a little less frightening for them. I certainly wish her the best of luck in the future.

I would like to take this opportunity to thank the citizens of Carroll County for their support to the "Deputy's" of Carroll County. Without this support our duties as professionals would be impossible to accomplish.

Lieutenant Dennis Robinson, Superintendent of the Carroll County Jail and House of Correction, displays a daily printout received from electronic monitoring services detailing the whereabouts of "off premises" prisoners.

CARROLL COUNTY JAIL AND HOUSE OF CORRECTION
1992 ANNUAL REPORT

To The Carroll County Commissioners:

The following is my report of the Carroll County Jail and House of Correction for the year 1992.

There were 719 subjects, with 28 being held over from 1991, giving us a total of 747. There was a total of 47 females, of which 13 were committed.

A total of 12,728 days were served, and the total number of meals served to the inmates were 33,395.

Our electronic monitoring program is going very well and it is proving to save the taxpayers some money, by keeping the prisoner working in the community and therefore keeping his or her family off of welfare.

We now have a Chaplain to call our own. His name is John Bubar and he has over 20 years of service as chaplain, in the State of Connecticut Department of Corrections.

I would like to thank the staff at the Jail and House of Corrections, and the maintenance personnel for their loyal and dedicated service throughout 1992.

I also thank the County Commissioners, Nursing Home staff, the County Business Office, County Attorney and staff, the Sheriff, State and Local Authorities for their assistance and cooperation.

Respectfully submitted,

Dennis Robinson,
Superintendent

COUNTY ATTORNEY
1992 ANNUAL REPORT

1992 was a year of transition for the Office of the Carroll County Attorney. William D. Paine, II, who had served as County Attorney for the previous ten years, resigned to accept an appointment to Judgeship of Conway District Court. He was succeeded, as County Attorney, by Warren R. Lindsey who was Commissioned to Perform the Duties of the Carroll County Attorney from April 17, 1992 through the end of 1992.

The volume of cases which were referred to the office were level. The cases disposed were down by five cases in 1992. However, in view of the fact that the office operated with only one Attorney during two-thirds (2/3) of the year, this was not a significant reduction.

Both Warren Lindsey and Bill Paine wish to extend their warmest thanks to all who assisted the Office of the County Attorney during the year. They also wish to extend their sincere appreciation and thanks to all the law enforcement and correctional personnel whose support, advice and hard work was appreciated throughout the year.

Respectfully submitted,

Maurice D. Geiger,
County Attorney

Mountain View Nursing Home

MOUNTAIN VIEW NURSING HOME

1992 ANNUAL REPORT

The nursing home mission to care for its 103 residents was successfully carried out by the 116 employees during 1992.

The beds were full most of the time as the occupancy rate was at 99.3%. There is a waiting list of prospective residents.

From a financial standpoint, the home's \$3,586,627 budget ended with a small surplus of \$22,000. In addition, the annual Medicaid and State Licensure survey results were very good, as, there were only a few minor deficiencies.

The dietary department served 173,628 meals to residents, staff, the Jail, the House of Corrections, and guests.

On November 9th, Fitz-Vogt, a food management company, signed an agreement with the County to manage the dietary department. Ken Byers, their resident manager, manages the department on a daily basis. A special conveyor table distribution system was installed in the department to expedite the residents' meals .

The nursing department experienced changes in two key positions. Karen Swinton resigned as Director of Nursing and she was replaced by Kathy Rouse, RN. The inservice director position was filled by Cathy Leeming, RN.

To bolster the registered nurse positions, the "Baylor Plan" scheduling system was introduced to provide better weekend coverage and more balanced RN and LPN weekday coverage.

In compliance with the latest federal and state regulations, the Social Service department strengthened the admission process to ensure all residents or their guardians declared their intentions about treatment and death/dying issues under the "Advanced Directive Statements". The Residents "Bill of Rights" was also revised and updated.

A one year union contract with AFSCME was signed on March 31, 1992.

As we close out 1992, we wish to thank all our supporters, the volunteers who come weekly to help us, the staff, our benefactors, families, tax payers and all the county officials who provide us with the equipment and funds to continue with "our mission" of caring for these elderly citizens of Carroll County.

Sincerely,

Gregory F. Froton,
Administrator

Ernestine D. Steeves

Pamela J. Gray-Crouse

EMPLOYEE OF THE MONTH

DENISE J. MISIASZEK, for the months of January and February. Denise, a CNA on the Thayer Wing enjoys working with the Alzheimer residents and many other residents of the home. (Picture not shown).

ERNESTINE D. STEEVES, for March and April. Ernie, a housekeeping aide for seven years on our Alzheimer Unit enjoys working with her fellow employees and she derives a great deal of satisfaction from helping the residents on the Unit.

PAMELA J. GRAY-CROUSE, for May and June. Pam, an RN, is our 2nd shift Nurse Supervisor and has been employed with us for nine years. She enjoys the interacting with residents and staff.

Ethel V. Varney

Janet D. Welch

Paula J. Buckley

EMPLOYEE OF THE MONTH

ETHEL V. VARNEY, for the months of July and August. Ethel has been employed for over 10 years with us and particularly enjoys "mingling" with the residents and tries to make their days more cheerful.

JANET D. WELCH, for September and October. Janet, a CNA on the 3rd shift, derives a sense of satisfaction when she can help the residents and bring pleasure to their lives.

PAULA J. BUCKLEY, for November and December. Paula has worked in the Business Office as Accounting and System Support Clerk for the past four years. She is responsible for all patient personal funds and their accounts. She enjoys the hustle and bustle of the Business Office commotion.

At a luncheon Mountain View Nursing Home volunteers were honored. Greg Froton, Nursing Home Administrator, gave a special rose bush to Beryl Kramer, who has set a record as the home's longest serving volunteer. Also honored were Nellie Goodwin, Betty Cellarius, Grant Kramer and Lora Lester.

CARROLL COUNTY HUMAN RESOURCES
1992 ANNUAL REPORT

To the Carroll County Commissioners,

The responsibilities of the Human Resources Department remained the same - that of monitoring and accounting for the funds expended for the local unit share of the cost of Old Age Assistance, Aid to the Permanently and Totally Disabled, Intermediate Nursing Care, and Board and Care of Children, and for the local responsibilities in regards to the administering of the programs covered under Board and Care of Children (Abused and Neglected, CHINS, and Delinquent children).

With the exception of Intermediate Nursing Care, the expenditures were consistent with the appropriated amounts. In 1991, sharp increases in the Intermediate Nursing Care costs necessitated a supplemental budget. The 1992 appropriation allowed for little more than the expense realized in 1991, however, an unexpected leveling of the case load and a decrease in the average monthly cost resulted in an over-appropriation of \$300,000.

In addition to monitoring and accounting for funds, the department administered the grant program to provide incentive funds for Juvenile Prevention Programs. Consistent with the rules of the Division for Children and Youth Services, grant applications are received by the County and a panel of seven members review the proposals and make funding recommendations to the Commissioners. In January of this year awards were made for the state's 1991/92 fiscal year. A total of \$36,419 was available. Awards were granted to the Ossipee Children's Fund (Preview Fair/Campership Program), Appalachian Mountain Teen Project, Inc., North Country Education (Family Resource Center), Carroll County Big Brothers/Big Sisters, Wolfeboro Area Children's Center (Early Support for Children & Families), Children Unlimited (Parent Aide), and the Bearcamp Valley School (Family Service Worker). The awards exceeded the funds available by \$8,581. This was covered using excess funds from prior years.

A total of \$42,465 was available for the 1992/93 state fiscal year and grant applications were processed and awards made in October. Awards were granted to the Appalachian Mountain Teen Project, Inc., Carroll County Big Brothers/Big Sisters, Children Unlimited, Inc. (Parent Education Course), Families Matter, and the Wolfeboro Area Children's Center (Early Support for Children & Families). A total of \$36,000 was granted. The remainder of the funds will be addressed in 1993.

The panel members for both review cycles were M. Jayne Jarvis, Frances Strayer, and Forrest Painter as representatives for the three County Commissioners. Elizabeth Bernat, Eileen Mullen and Kathy Regan as representatives for the three positions assigned to the Division of Children and Youth. The seventh member, Jan Huddleston, from the Carroll County Sheriff's Department, was elected at large by the other six panel members.

Respectfully submitted,

UNH COOPERATIVE EXTENSION

1992 ANNUAL REPORT

UNH Cooperative Extension is a partnership between the University of New Hampshire and federal, state and county governments.

As the outreach arm of the University of New Hampshire, Cooperative Extension provides practical education which helps people of all ages throughout New Hampshire in two major program areas including Natural Resources and Family, Community and Youth.

Cooperative Extension is at work teaching Carroll County residents about critical issues of today, and encouraging them to improve the quality of life around them.

The Extension program is guided and supported by a 13 member elected County Council. In 1992 the County Council received \$139,300 from the county to operate the Extension office. During 1992, we received a total of 5,256 phone calls, supplied 10,433 bulletins on a host of subjects, mailed 11,148 newsletters, provided 294 press releases, handed out 180 water bottles and had 705 visitors to our office. The following are some highlights of the four Extension Educators' activities:

Peter Pohl, Forestry, made a total of 145 woodland exams involving 5,358 acres. He assisted 96 new landowners and 246 repeat contacts. Approximately 4,700 acres of forest land owned by 23 landowners was referred to licensed foresters.

A five week forestry course attended by 25 landowners was presented during the spring. Six environmental workshops attended by 310 students were presented.

Peter also supervises the federal cost share landowner assistance programs and serves as office manager.

Ann Hamilton, Family Development, reached over 1,500 people with programs and fact sheets on food safety, nutrition, human development, and personal financial management. Highlights include:

Six hundred eighty six families received the parenting newsletters Cradle Crier, ToddlerTales, and/or Preschooler.

The Taking Charge of Your Finances series was presented to 45 adults. Highlights from the follow-up evaluation show that 87% are paying bill/credit charges on time, 53% decreased their debt load by an average of 21%, and 86% had increased the amount of money being saved.

One hundred sixty four people received information on reducing fat and cholesterol in their diet.

Dotty Burrows, 4-H and Youth Development, works with young people between the ages of 5 and 18 to empower them to become active, productive members of their communities. During 1992, 278 Carroll County youth were formally enrolled in 4-H Club programs. They learned subject matter in project groups which helped them increase their skills and knowledge base in their project areas. A total of 359 4-H volunteers assisted the youngsters to strengthen skills in the areas of decision making, problem solving, self esteem building, relationship building, group process, learning to learn and communications. Through the efforts of the 4-H members and volunteers, a total of over \$2,000 was earned in premiums at Fryeburg and Sandwich Fairs in the exhibit halls alone.

Two thousand eight hundred eighteen youth were involved in School Enrichment activities, such as IFYE (International 4-H Youth Exchange) speaker programs, K.O.B (Kids on the Block - a handicap awareness puppet program), Embryology and Stream Study.

Seven hundred seventh graders took part in a Conservation Field Day, co-organized and co-sponsored by UNH Cooperative Extension and the Carroll County Conservation District.

Twenty teens from the Region 9 Vocational Center increased their knowledge of land stewardship and safe farming and forest industry practices. This was illustrated through the design and construction of an 8' x 12' diorama depicting land stewardship in New Hampshire. This was on display at the Farm and Forest Expo in Manchester last February and at Sandwich Fair where it received the Commissioner of Agriculture Award.

David Sorensen, Agriculture, provided assistance to individuals from seeding hayfields to reducing pesticide use in orchards, and provided basic gardening information to home owners. He helped seven towns in the collection of household hazardous waste and one town with a 3.5 mile trail system for recreation. Several individuals were assisted to start up agribusinesses, such as a 13 year old 4-H'er in Freedom with an FHA loan and .25 acre of raspberries. A family was assisted in a 50 acre blueberry operation which gave summer employment to 45 city youth. Over 327 people visited the Agriculture office and over 1021 phone calls were responded to in 1992.

JULY 27, 1992

On Monday, July 27, 1992, members of the Carroll County Delegation met as the Executive Committee at the Administration Building, Ossipee, NH, with the following present: Representatives G. Chandler, G. Wiggin, N. Allard, M. Beach, J. Bradley, R. Daly, Jr., R. Jean, H. Saunders; Commissioners B. Presby, M. Webster, R. Abbott, Jr., and Treasurer M. Mills.

The purpose of this meeting was to discuss the 2nd Quarter Operating Statement and to consider and act upon any other business which might properly be brought before this meeting or any adjournment thereof.

Representative R. Daly, Jr., made a motion to approve the Minutes of April 27, and May 18, 1992, as written. The motion passed unanimously.

The Delegation proceeded to review the 2nd Quarter Operating Statement, discussing Sheriff's Department Income, Nursing Home Housekeeping and Human Services.

The total budget is running under the projected 50% for the half year mark.

It was decided that the October 19, 1992 meeting would include a public hearing on the County adopting a policy on tax liens in Unincorporated Places (Hale's Location).

A tax lien instead of tax sale procedure would be used.

Representative R. Daly, Jr. made a motion to recess to the Call of the Chair. The motion passed unanimously.

OCTOBER 19, 1992

On Monday, October 19, 1992 members of the Carroll County Delegation met as the Executive Committee at the Administration Building, Ossipee, NH, with the following present: Representatives G. Chandler, R. Foster, G. Wiggin, N. Allard, M. Beach, J. Bradley, R. Daly, Jr., R. Jean, H. Saunders, A. Wiggin; Commissioners B. Presby, M. Webster; Treasurer M. Mills and Allen Durgin, Business Office Manager.

The purpose of this meeting was to hold a Public Hearing to obtain comments on whether the County should adopt the provisions of RSA 80:58-86, to put tax liens on property located in Unincorporated Places, (Hale's Location), rather than advertise for tax sale if property taxes are not paid.

Also, the Delegation would review the County's 3rd Quarter Operating Statement and consider and act upon any other business which might properly be brought before the meeting or any adjournment thereof.

Commissioner Presby explained that using the tax lien would be less costly and just as effective. The change to place tax liens on Unincorporated Places was approved unanimously.

The Delegation proceeded to review the 3rd Quarter Operating Statement after Chairman G. Chandler closed the Public Hearing.

At the 3rd Quarter mark, revenues at 74.8% and expenditures 67.9%. Delegation members and Commissioners were pleased with this status.

Representative R. Foster made a motion that there be one Public Hearing on the 1993 Budget at 9:00 AM, on December 7, 1992 at the County Complex. The motion passed 7-2 with Representatives G. Wiggin and J. Bradley voting against the motion.

Representative R. Foster made a motion to accept the Minutes of July 27, 1992, as written. The motion passed unanimously.

Representative R. Daly, Jr., mentioned that Gary Millen, Kennett High School's Football Coach, celebrated his 100th win. The Delegation will send a letter of Congratulations.

Appreciation was expressed to Representatives R. Daly, Jr., and R. Jean, who won't be returning in January 1993.

Representative A. Wiggin made a motion to recess to the Call of the Chair. The motion passed unanimously.

DECEMBER 7, 1992

 Clerk James E. Higgins
 County Convention

A certified copy of this Budget as voted by the County Convention should be filed with the Division of Municipal Services, Department of Revenue Administration.

County Apportionment

The first step in the tax rate setting process is to determine how much each municipality owes the county. This starts with a review of the county's financial report with special attention being paid to the amount of surplus available. We verify that the amount of surplus is accurate and available because each county uses an amount of surplus to reduce its county tax.

Next we read the minutes of the county convention. (The county convention is the county's legislative body made up of the state representatives from the county). The county convention votes the amount of appropriations, the revenues and the amount of taxes to be raised. We compare the votes on each of these with their counterparts on the appropriation statement to make sure that the appropriation statement truly reflects the votes of the county convention.

We next apportion the amount of county taxes each municipality will be asked to raise. First we determine the municipality's proportion of county tax by dividing that municipality's equalized valuation by the county's equalized valuation. The municipality's county tax assessment is then calculated by multiplying the amount of county taxes to be raised by the municipality's proportion of county tax.

A Glimpse of the Past.....

The Carroll County tax for 1893 totalled \$25,000. Conway's share was \$3,027.44. There had been all of 10 prisoners committed to the county jail during that year, only one of whom remained to see 1894 in from behind bars.

INDEPENDENT AUDITOR'S REPORT

March 12, 1993

Board of County Commissioners
County of Carroll, New Hampshire
Ossipee, New Hampshire

We have audited the accompanying general purpose financial statements of the County of Carroll, New Hampshire as of and for the year ended December 31, 1992, as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 3 to the financial statements, the County does not accrue the current portion of accumulated vacation pay in the General Fund in accordance with generally accepted accounting principles. The effect on the combined financial statements of this departure from generally accepted accounting principles cannot be determined.

In our opinion, except for the departure from generally accepted accounting principles referred to above, the combined financial statements present fairly in all material respects, the financial position of the County of Carroll, New Hampshire as at December 31, 1992 and the results of its operations and cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

County of Carroll, NH

March 12, 1993

Our audit was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements. The information has been subjected to the audit procedures applied in the audit of the combined financial statements and in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Respectfully submitted,

Mason & Rich P.A.

County of Carroll, New Hampshire

We have audited the accompanying statement of costs claimed (Exhibit A) by the County of Carroll, New Hampshire, under Victim/Witness Assistance (#VWA-89-7430-090b) Year 4 for the year ended December 31, 1992. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and "Government Auditing Standards", issued by the Comptroller General of the United States. Those standards that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As part of our audit, the allowability of costs claimed under the Grant was determined in accordance with the provisions of the Grant and applicable Federal regulations. We found no costs questioned in this regard.

In our opinion, subject to the effects, if any, on Exhibit A of the ultimate resolution by the cognizant agency of any questioned expenditures, if any, Exhibit A presents fairly the financial information contained therein in accordance with the financial provisions of the Grant and generally accepted accounting principles.

This report is intended for use in connection with the Grant to which it refers and should not be used for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
STRUCTURE AND RELATED MATTERS NOTED IN A FINANCIAL
STATEMENT AUDIT CONDUCTED IN ACCORDANCE
WITH "GOVERNMENT AUDITING STANDARDS"

March 12, 1993

Board of County Commissioners
County of Carroll, New Hampshire

We have audited the financial statements of Victim/Witness Assistance (#VWA-89-7430-090b) grant of the County of Carroll, New Hampshire, for the year ended December 31, 1992 and have issued our report thereon dated March 12, 1993.

We conducted our audit in accordance with generally accepted auditing standards and "Government Auditing Standards," issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the financial statements of Victim/Witness Assistance (#VWA-89-7430-090b) of the County for the year ended December 31, 1992 we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the County is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

- 1) Accounting Applications
 - a) Cash Receipts and Disbursements
 - b) Accounts Payable and Purchasing
 - c) Payroll

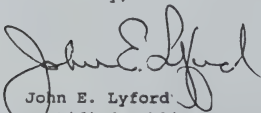

- 2) Controls Used in Administering Federal Programs
 - a) Specific Requirements

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended for the information of the Commissioners, management and Federal and State audit agencies. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Sincerely,

John E. Lyford

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
LAWS AND REGULATIONS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
"GOVERNMENT AUDITING STANDARDS"

March 12, 1993

Board of County Commissioners
County of Carroll, New Hampshire

We have audited the financial statements of Victim/Witness Assistance of the County of Carroll, New Hampshire, as of and for the year ended December 31, 1992 and have issued our report thereon dated March 12, 1993.

We conducted our audit in accordance with generally accepted auditing standards and "Government Auditing Standards," issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts and grants applicable to the County of Carroll is the responsibility of the County's management. As part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, we performed tests of the County's compliance with certain provisions of laws, regulations, contracts and grants. However, our objective was not to provide an opinion on overall compliance with such provisions.

The results of our tests indicate that, with respect to the items tested, the County of Carroll complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the County had not complied, in all material respects, with those provisions.

This report is intended for the information of the Commissioners, management and Federal and State audit agencies. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

In planning and performing our audit of the financial statements of the County of Carroll, New Hampshire for the year ended December 31, 1992 we considered the County's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated March 12, 1993 on the financial statements of the County of Carroll, New Hampshire.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various County personnel and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters or to assist you in implementing the recommendations.

Respectfully submitted,

A. Workers Compensation Insurance Refunds and Dividends

Finding - Workers compensation refunds and dividends receivable at year end were recorded correctly as a receivable. However, the other side of the entry was made to the accrued liability account for workers compensation.

Recommendation - Refunds and dividends received and receivable should be recognized as revenue by posting to the insurance refund revenue accounts for the County and Nursing Home.

Management's Comments - Refunds and dividends received and receivable will be recognized as revenue and posted to the appropriate County department accounts.

B. Payroll Deductions-Insurance

Finding - We noted during our audit procedures that the liability accounts for payroll deductions for medical insurance, other insurance and dental insurance had not been reconciled.

Recommendation - The accounts should be reconciled at least quarterly, if not monthly to either a subsequent payment or to a listing of amounts paid or received in advance of payment.

Management's Comments - The County Business Office will reconcile all liability accounts for payroll deductions to a listing of amounts paid each month.

We would like to express our appreciation to
