## **FIREHOUSE DEDICATION**

---

On August 15, 1981 a dedication was held at the Campton-Thornton Fire Station on Route 49 in Campton, N.H. The invocation was given by Dr. Ward Glenn Gypson. The history of the Fire Department was given by John Dole. The keys to the Fire station were presented to the Fire Chief Robert Mardin by Selectman Bertram W. Pulsifer. The flag raising was handled by Lester Mitchell, Jr. and the VFW Color Guard.

The flag was donated by Willis Merrill, Jr. in memory of his father, Willis Merrill, who was a long time resident of the Town of Campton and was a rural mail carrier in Campton and Thornton for many years.

**HISTORY OF CAMPTON-THORNTON  
FIRE DEPARTMENT  
By JOHN L. DOLE**

This fire department had its beginning in 1946 at a meeting in the basement of George Estabrook's house. That is where George Burhoe lives now, better known as "Bud" to most of us. There that evening plans were made to form a fire department. Up to then, we had one reel of hose rolled on to wagon wheels and if a fire started in the Village or Precinct area where we had hydrants and water, someone would go to E. Dole & Co., hook on wagon wheel reel and start for the fire. Most of the time it was the old truck that the Dole Company had and they would pick up men along the way to the fire. Outside the Precinct we called on the Plymouth Fire Department to handle the fire with the local neighbors and men in the Village area.

Some of you people really could tell some stories of years ago and the fires of this town. Me being just a young fellow, I remember two very well. One in the lower village at Jason Webster's where my father and that fellow from Plymouth Fire Dept. who wore that white coat and white hat, known as the Chief, had words about how to fight the fire. Then the other was Jim Philbrick's house, right near the Cricket Shop. That time my mother bundled my sister and I up and gathered up what we could and moved us out, but the wind changed or slowed down and all that was burned was that one house.

I will not attempt to list those people who were at the first few meetings for I will forget some, as our records are not that good. However, I remember Sterle Cheney, Mort Uhlman, Red Madison, and then many others who are no longer with us.

Mr. and Mrs. George Estabrook gave the department a piece of land to build a house on. All the firemen started in full force. We got a lot of lumber from Eunice Morrison's building known as the old garage and that place down Rt. 175, known in those days as Draper Corporation. We ran out of steam as most projects do after a couple of months. Yet, I remember three men who worked hard and long hours, sometimes alone, sometimes the three, sometimes others would join those three, and they were Shirley Tracy, George Thompson and Mort Uhlman.

The next major event was the J.C. Haartz family bought and gave the fire department a portable pump. Then George Tirey located an American LaFrance Fire truck in Maryland, so we decided to buy it and George Tirey, Bud Burhoe and Chief, Dick Bean went after it and drove

it home. I understand the young fellow of the group, Bud, did most of the driving. Open cab too. That was a BIG day when Chief Bean drove that into the fire department yard. I figured every time a wheel turned over it went a quarter of a mile. Some truck, served us well, pumped a lot of cellars at Draper during floods. One time Sid Cheney took it to Meredith, sat up along side a new truck from the Laconia area. They say he really showed those new trucks how to put water out in Meredith Bay. I guess he never did have to get it wide open before they were all done on distance.

We had minstrel shows in the spring, suppers, bazaars, food sales and raffles to raise money to keep operating. We got \$500.00 from the town on first appropriation to cover insurances and major expenses.

Next we purchased a 1953 Intl. Cab and Chassis from Bartlett Motors. That place down the road, known as Draper again, helped out and built the tank for the truck. That truck is still in service today.

We grew and the state said we needed a new pumper to keep on. So we purchased a 1961 GMC cab and chassis through Howard McKinnon, and Moody equipment of Nashua built the body and that is the front end pumper we have in the house now. However, to make room for it we had to sell the old fire truck for lack of space to store it. That was one of our sad mistakes over the years.

Next we received a state tanker, which we stored at a sub station at Lock's or Waterville Estates along with a pumper that they owned. We then added on to the old fire house to store more equipment. We purchased our first Midship Pump in 1973 after much study and work. We waited nearly two years for that after ordering. Had to house it at Draper in Beebe River because couldn't get it in the station in the Village.

Then in 1970 Thornton joined us and we became the town fire department of both towns and received our operating expenses from the taxes of both towns. Our name changed to Campton-Thornton Fire Dept., governed by five commissioners under the selectmen of both towns.

We then purchased radios and pages to call the firemen together and signal fires for the siren no longer worked. This goes through Plymouth to the Dispatch Center which is covered 24 hours a day.

Next we started to study the needs of the department. Plans began to be made for a new fire house. We went through a few years of hard

work before we got this building. Now we have it and have hopes of one in the West Thornton area by the end of this year.

Now we have purchased another tanker and last July 17th we received the new pumper built on a GMC cab and chassis by Middlesex Fire & Equipment in Middlesex, Vt. Our latest major equipment decision is to invest in 4" hose and fittings.

I must say that no good man can get along without a good woman by his side. Formed in 1946 was the Women's Auxiliary, who has served this department faithfully over the years and is still doing a fine job, such as the refreshments today for this open house.

The department has had its ups and downs and has made news for their good and bad jobs done, which many of you will remember. Yet, all in all this department has been a big help in these two towns. The firemen also want to thank you people for your support over the years. Also for donations, work and the support of your votes at town meetings.

This is a well equipped fire department and Chief Mardin is always looking for good people to become active members.

Right now the Fire Commissioners are trying to form a back-up group of former firemen to help this department in many ways. It will be known as an inactive firemen's group headed by our Chairman of Commissioners and former chief, Bill Drake.

Then we will have the fire department consisting of firemen, firemens association, firemens auxiliary and inactive firemens group. And we welcome all of you people to become active in one of these groups.

## **SELECTMEN'S REPORT**

---

Snow, snow, and more snow, after several winters of very little, this winter is making up for the two we missed. We are glad for the ski operators and the skiers, but are really sorry for the property owners and taxpayers who will have to pay to move the white stuff.

We are sorry to lose the Draper name which has been in operation at Beebe River for more than 50 years, and the principal employer of Campton people; but we extend our welcome to Tru-Tech who recently bought the plant and buildings. We wish them many years of success.

We trust you will notice and appreciate the light over our Town House that was installed as a gift to the Town by Larry Stearns - our sincere thanks.

Be sure to read the history and dedication of our new Fire Station and the acceptance of the new fire truck in the Fire Department report. We are pleased to report that Thornton has about completed their new fire station, which will soon house some of the Fire Equipment to better serve that end of the two-town fire district.

We are assured by John March that the mapping of the Town will be completed by Town Meeting.

The Campton and Thornton selectmen have called an informational meeting for February 18, 1982 to hear all sides of the Waterville Estates Village District to secede from the two towns and become a new Town. Such a separation, of course, has to be established by a law passed by the State Legislature.

We would be amiss not to extend our thanks and appreciation to Olive McBride and Lynda Mower who run a very efficient office, do the record keeping and keep up with the flood of paper work and cheerfully take care of everyone's needs. Our thanks also to all other Town officials, elected and appointed for all the good things they do to benefit us all.

Your Selectmen feel that the reduction of funds from the State and Federal level may mean additional costs to our taxpayers, but feel sure if we can just eliminate much of the regulations and paper work, we can run our own affairs much better and, in the long run, much

cheaper. We are sure that the Selectmen are much more responsive to the needs of our townspeople than a bunch of bureaucrats in Concord or Washington.

Campton is facing many challenges from what is referred to as progress. The time has come for more citizens to take an active role in guiding and directing the Town through the coming years. We would like to remind the residents of Campton that the Selectmen meet every Monday night at the Town Office at 7:30 p.m. Please drop by to see the Selectmen at work and discuss the issues of the day.

## LIBRARY REPORT

1981

---

We have purchased a good variety of books this year and have also received gifts of both paper backs and hardcovers. A couple of readers have each given a book in memory of loved ones. Perhaps others will be interested in doing the same.

In August we had a successful book sale

We are glad to interest our regular readers and hope they and others will look over the following partial list of new books and will want to read them. If we do not have a particular volume we will be happy to try to find it.

The Founding of New England	James Adams
The Reagan Wit	Bill Adler
The Weeping Ash	Joan Aiken
To This Day - History of N.H. Legislature	Leon Anderson

Board of Selectmen  
Town of Campton  
P.O. Box 127  
Campton, New Hampshire 03223

Dear Selectmen:

Allow me to bring you up-to-date on our ongoing CATV activiteis in Campton.

On Thursday, February 18, 1982, a productive meeting was held between Commonwealth, New England Telephone Company, New Hampshire Electric Cooperative, Inc., and Public Service Company of New Hampshire. The agenda for discussion was the terms of the CATV pole attachment license agreement, work schedules, and other items of mutual concern.

Commonwealth is proceeding to expedite all procedures outlined by the respective utility companies relative to the licensing process. Our current projections indicate that on-going activities will increase through spring and for construction to be underway by July. We anticipate that installations of the first subscribers will be in September.

The selection of a construction and business office is ongoing and Commonwealth intends to resolve the matter shortly.

In sum, the construction of the Campton system is proceeding expeditiously.

Sincerely,

Paul W. Mazza  
Vice President & General Manager

## CAMPTON PLANNING BOARD

---

The Campton Planning Board has had another busy year. Although there were approximately 12 subdivisions - a slight decline from last year, the Board was busy with Site Plan Review Regulations and rewriting Subdivision Regulations. The Soils Maps were also completed and received by the Planning Board. These maps will aid in determining soils of individual subdivisions, etc. The maps will also help in forming the Master Plan.

The Planning Board also rewrote the Subdivision and Site Plan Review Regulations to conform with the new State Laws. In rewriting the Regulations we changed our format for meeting. Applications must be submitted prior to appearing before the Board. Applications and Subdivision Regulations are available at the Town Office. This new format helps us in better utilizing our time and yours.

**ANNUAL REPORT  
BOARD OF ADJUSTMENT**

---

During 1981 there were seven applications for variances and/or special exceptions to the Town of Campton Zoning Ordinance. Of this number, three requested relief pertaining to signs, three for relief from the density requirements and one for a non-conforming use. Four requests were granted, two were tabled for more information and one was denied.

Since one request was a continuation of a hearing held in 1980, the amount in filing fees turned over to the Town Treasurer was \$60.00. There were 21 certified notices sent to interested parties.

For the Board of Adjustment,  
Jane Stohn

## CAMPTON-THORNTON FIRE DEPARTMENT

---

Here it is the end of another year and time for this report as they are ready to print the Town Report.

The Financial Report will be found elsewhere as well as the Fire Chief Report.

First off, the Temporary Chief, John Duguay, resigned. The Selectmen of both towns appointed Commissioner Robert Mardin as Chief. William Cheney is the Deputy Chief. The Selectmen of Campton appointed John Thompson as a Fire Commissioner.

Next, we have installed 4" hose on the fire trucks. The firemen tell us we don't have anywhere near enough but we are purchasing some each year and maybe we will get the trucks equipped with 4" hose in a few years.

In July, our new truck was delivered to the Campton-Thornton Fire Department. It was built by Middlesex Fire Equipment Co. on a GMC chassis. We have it equipped and ready for use. The total amount was less than \$70,000.00 for truck, body and equipment. Through the help of the Firemen's Association, the Firemen's Auxiliary and public donations we were able to do this job for this price.

August 15, 1981 we held an open house at the Campton Fire House. The Fire House was dedicated, the firehouse and present equipment were on display for inspection.

You will find an article in this town report covering the program and a short history of the Fire Department. Through the years of our ups and downs the Commissioners feel we have come a long way. The job is not completed but each year we will improve this department.

This past fall a new fire house has been built in the West Thornton area of the Town of Thornton near Route 3 and the Cross road from 175 to Rt. 3. A very good location. It is completed and we hope to get the finishing touches done and some equipment in this station soon. The Commissioners don't feel we should put a piece of equipment in there until we are sure of no freezeups and that someone will be responsible to check the heat and building each day. We sure hope this is done by town meeting.

As you can see by the articles in the warrant the department is asking for ten percent increase due to the addition of a new fire truck and another station. The Commissioners and Selectmen agreed that this is a small increase and we ask the voters of both towns to support this article at the town meetings.

Again, we want to thank the Firemen for giving of their time to fight the fires in our towns as well as mutual aid calls. The Chief can still use more members. The Firemen’s Auxiliary has been a big help this year and I am sure they can use more members if you are interested.

Thank you for your continued support.

William Drake, Chairman  
 John Dole, Commissioner  
 Donald Hutt, Commissioner  
 Lewis Marcotte, Commissioner  
 John Thompson, Commissioner

**REPORT FROM THE PEMI-BAKER  
HOME HEALTH AGENCY  
1981**

---

The Pemi-Baker Home Health Agency wishes to extend Campton an invitation to once again become a member of our home health care service. This service is becoming more and more important in the health field, statistics proving that hospitalization costs are reduced by having home health care services available in your community. Therefore, primary payors such as medicare, are encouraging earlier discharge from hospitals and extended care facilities to the home care situations. This creates less financial burden and the well being of the patient who is happier recovering in the home setting. This year Pemi-Baker has noticed a decided increase in requests for home health care.

During 1981 the Pemi-Baker Home Health Agency supplied Campton with 281 skilled nursing visits; 73 para-professional home health aide visits; 389 trained homemaker visits; 142 Physical therapist visits; 7 speech therapy visits; 125 free blood pressure clients plus office calls for blood pressure, shots and other skilled care for those not housebound.

Blood Pressure clinics are held in Campton at the Church Vestry on the 3rd Thursday every other month from 1:30 to 3:00 p.m. Immunization clinics are held bi-monthly at the American Legion Hall in Plymouth. The following immunizations were administered to Campton residents: Polio 30; Mumps 3; Rubella 4; Measels 1; Measles/Mumps/Rubella, combined: 7; Adult tetanus 5; Diphtheria/Tetanus/Pertussis 23.

In October 1981, the Agency added Speech Therapy to its list of services. This service is under the direction of Paul Lister, M.A., C.C.C. He attended Long Island University where he received a B.A. in Speech Pathology. He has a private practice serving Home Health Agencies, Hospitals, care facilities and schools in the north country of N.H. and Vermont.

The Pemi-Baker Home Health Agency is looking forward to serving you and your needs in 1982.

William A. Walsworth  
Campton Representative

## **PARK AND RECREATION COMMISSION**

---

The Campton Park and Recreation Commission was appointed by the Selectmen at their May 1981 meeting for the purpose of running a summer program for the children of the town.

The summer program of 1981 involved mostly sports and children in grades 4-8. A two week camp was run for children in grades 1-3. A total of 89 children participated with 3 children from the Fresh Air Program. All children were charged a fee except the Fresh Air children and they were allowed to attend at no charge.

In the fall, an aerobic dance exercise program was held with Jane Cantlin as the instructor. 19 women participated and many expressed an interest in doing it again.

A volleyball program was run in the fall with 12-15 participating.

In December, the Commission was asked to sponsor a Men's Basketball League. With Park and Recreation Commission approval, they formed their teams and started playing January 10th. There are 6 teams at present which involves about 60 men.

Looking forward to summer of 1982, the Park and Recreation Commission is asking for \$2,000 in public funds to assist in the program. This summer program is completely new and involves children who have completed kindergarten through 8th grade. A few activities planned for this summer are playground activities, hockey tournaments, movies, field trips, swimming lessons, roller skating, swimming, hiking, basketball tournament, obstacle races and many more. The fee charged for this program will be considerably less than last year.

We feel there is a need for an active Park and Recreation Program in Campton and the children, as well as adults, can and will benefit physically and mentally from it.

Respectfully submitted,  
Susan Johnston, Chairman  
Sandra Hoyt, Clerk  
Catherine Barton  
James Colantuoni  
Philip Look  
Selectmen Representative

## AUDITORS' REPORT

---

We have examined the foregoing accounts of the Treasurer, Tax Collector, Selectmen, Town Clerk, Library Trusts, Trustees of Trust Funds, Campton-Thornton Fire Department, Walter I. Lee Educational Fund, and Federal Revenue Sharing Fund for the year ended December 31, 1981.

In our opinion the transactions in the accounts have been properly recorded and adequately supported.

**NOTICE AND WARRANT**

---

To the inhabitants of the Waterville Estates Village District, in the Towns of Campton and Thornton, in the County of Grafton, in said State, qualified to vote in Waterville Estates Village District Affairs:

You are hereby notified to meet at the third floor Conference Room of the Waterville Estates Pool Building on Monday, March 15, 1982 at seven o'clock in the evening to act on the following articles:

**Article 1:** To choose a Commissioner for a three-year term, a Moderator, Clerk, Treasurer and any other officers for the ensuing year.

**Article 2:** To see if the District will vote to raise the sum of **Eighty-Five Thousand Dollars [\$85,000.00]** for the purpose of acquiring all legal and equitable interest and title to a 1980 Osh Kosh snow fighting vehicle and any and all expenses incidental thereto; and further to authorize the Commissioners to raise said sum by the issuance of serial notes in said amount under and in compliance with the provisions of the Municipal Finance Act (R.S.A. Chapter 33) or other enabling authority and to authorize the Commissioners to issue and negotiate such notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation and delivery of such notes as shall be in the best interest of the District. (2/3 vote necessary).

**Article 3.** To see if the District will vote to appropriate the sum of up to **Eighteen Thousand Dollars [\$18,000.00]** to fund the current year's debt service on the \$85,000.00 loan used to acquire all legal and equitable interest and title to a 1980 Osh Kosh snow fighting vehicle (Contingent upon Article 2 being approved by the voters).

**Article 4:** To see if the District will vote to appropriate the sum of **One Hundred Twenty-Three Thousand Four Hundred Thirty-Seven Dollars [\$123,437.]** to carry out for calendar year 1982 one of the purposes for which said District exists: to wit: the purpose of accepting and maintaining roads within said Village District pursuant to R.S.A. 52:1 (l). (M).

**Article 5:** To see if the District will vote to authorize its Commissioners to contract with the Waterville Estates Association for the year-round management and maintenance of the District's road system and to take any and all other action necessary to accomplish said purpose.

**Article 6:** To see if the District will vote to authorize the Commissioners to dedicate to the Town of Campton and/or Thornton such of the District roads as the Commissioners, in their sole discretion, may deem to in the best interests of the District, and further, to authorize the Commissioners to take any and all actions necessary to accomplish said dedication, contingent upon the voters of said town or towns voting to accept said roads at their annual meetings set for March 9, 1982, the purpose of said vote being to create town roads in accordance with R.S.A. 230:1.

**Article 7:** In the event the Town of Campton and/or Thornton shall fail to accept such District roads as the Commissioners choose to dedicate, to see if the District will vote to authorize the Commissioners to institute and pursue such legal action against either town as may be necessary to have the District roads laid out as town roads in accordance with R.S.A. Chapter 234.

**Article 8:** To see if the District will vote to appropriate the sum of **One Hundred Fourteen Thousand, Five Hundred Eighty-Seven [\$114,587.00]** to carry out for calendar year 1982 one of the purposes for which said Waterville Estates Village District exists, to wit: the purpose of supplying water for domestic purposes as authorized by R.S.A. 52:1 (l) (d).

**Article 9:** To see if the District will vote to appropriate the sum of **Fourteen Thousand Eighty-Three Dollars [\$14,083.00]** to fund that portion of the debt service that falls due in the current fiscal year on the \$50,000. loan used to acquire the assets of the Winterbrook Water Company.

**Article 10:** To see if the District will vote to authorize its Commissioners to contract with the Waterville Estates Association for the year-round management and maintenance of the District's water system and to take any and all action necessary to accomplish said purpose.

**Article 11:** To see if the District will vote to authorize its Commissioners to accept on behalf of the District, or to acquire by eminent domain, title to certain properties situated within the boundaries of the District which may be offered to or become available to the District from time to time. The intended purpose of the acquisition of such property within the boundaries of the District is to insure that ample property is available to the District in the future so that the District can carry out the purposes for which it exists.

**Article 12:** To see if the District will vote to authorize the Commissioners to borrow monies, from time to time, for current indebtedness of the District within the scope of the budget for the ensuing year, in anticipation of taxes to be collected for the year 1982 and to be paid therefrom and, furthermore to see if the District will vote to appropriate the sum of **Ten Thousand Dollars [\$10,000]** to cover the interest on said borrowed monies.

**Article 13:** To see if the District will vote to appropriate the sum of **One Thousand Dollars [\$1,000]** to be used as a contingency fund in the event unforeseen expenses or emergencies take place during the ensuing year.

**Article 14:** To see if the District will vote to appropriate the sum of **\$750.00** to be used to pay each of the Commissioners a salary of **\$250.00** for the ensuing year.

**Article 15:** To see if the District will vote to authorize the Commissioners to apply for, accept, and expend money from the State, Federal or other governmental unit or a private source which may become available during the year in accordance with R.S.A. 31:95-b or such other enabling authority.

**Article 16:** To see if the District will vote to authorize its Commissioners to expend its 1981 surplus of **Twenty Thousand Two Hundred Sixty-Five Dollars [\$20,265.00]** for any and/or all of the purposes for which said District exists.

**Article 17:** To see if the District will vote to transact any other business that may legally come before said meeting.

Given under our hands this 19th day of February in the year of our Lord, nineteen hundred and eighty-two.

To the Commissioners  
Waterville Estates Village District  
Campton, New Hampshire 03223

We have examined the financial statements of the various funds and groups of accounts of Waterville Estates Village District for the year ended December 31, 1981, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the financial statements referred to above present fairly the financial position of Waterville Estates Village District at December 31, 1981 and the results of its operations and changes in its fund balances for the year then ended, in conformity with generally accepted accounting principles.

Our examination was made for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying financial information listed as supporting schedules in the contents is presented for purposes of additional analysis and is not a required part of the financial statements of Waterville Estates Village District. The information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects to the financial statements taken as a whole.

WATERVILLE ESTATES VILLAGE DISTRICT

GENERAL FUND

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of the Organization and Significant Accounting Policies

Nature of the organization:

Waterville Estates Village District is incorporated in the State of New Hampshire. Its charge is to collect taxes and use those funds for the maintenance and improvement of common area roads and the water system within the village district area.

Significant accounting policies:

Fund accounting:

The village district follows the principles of fund accounting in the preparation of its financial statements.

Revenue and expense recognition:

These financial statements are prepared on the modified accrual method of accounting whereby tax revenue is recognized when levied and expenses of the general fund are recognized when incurred. Principle and interest payments on long-term debt are considered to be obligations of the general fund in the year in which amounts are appropriated to make such payments.

Note 2. Commitments

Waterville Estates Village District has contracted with Waterville Estates Association to provide certain clerical and maintenance services on behalf of the village district. The fee for such services amounted to \$163,850 for 1981.

Note 3. Merger of Village Districts

At the annual meetings of Waterville Estates Village District and Waterville Estates Water District, held March 30, 1981, the voters of the village districts passed resolutions calling for the assets, liabilities and function of Waterville Estates Water District to be transferred to Waterville Estates Village District. In these financial statements, the transfer was treated as if effective January 1, 1981. The beginning fund balance, as reflected in the Statement of Operations and Changes in Fund Balance is comprised as follows:

Fund balance, Waterville Estates Water District,	
at December 31, 1980	\$ 611
Fund balance, Waterville Estates Village District,	
at December 31, 1980	406
	<u>\$ 1,017</u>

WATERVILLE ESTATES VILLAGE DISTRICT

GENERAL FUND

NOTES TO FINANCIAL STATEMENTS

Note 4. Accounts Payable

Included in accounts payable is a bill, amounting to \$6,300 for the drilling of wells. The village district is not legally obligated to pay this until it receives clear title to the property and equipment of Winter Brook Water Company, Inc. It is the Commissioners' opinion that this event will take place in the near future.

Note 5. Taxes Receivable

The Town of Thornton is withholding \$3,485 of the District's taxes pending the outcome of tax abatement hearings. The ultimate collectibility of these taxes by the District has not been determined.

Note 6. Long-Term Debt

The village district is obligated to repay notes and liabilities under capital leases amounting to \$214,407 plus accrued interest at December 31, 1981, as more fully explained within the Long-Term Debt Group of Accounts section of these financial statements.

Note 7. Designated Fund Balances

The following schedule reflects the activity in the capital outlay projects for the year ended December 31, 1981:

## ANNUAL REPORT OF SCHOOL NURSE

1981

---

This year the school health program has been able to provide a variety of services for the students at Campton Elementary School.

For the first time, Dr. John Hopper came to the school to do physical exams on children in grades 5-8 with parental permission. Hemoglobin tests were done by Annie Bridgham RN, to determine the amount of iron in the blood. No major problems were found and Dr. Hopper was very pleased with the health status of the children at Campton School. I hope to continue these physicals on a yearly basis paying particular attention to those students who will be involved in interscholastic sports.

Additionally, each student was screened for height and weight, vision, hearing, and color vision. Blood pressure and posture are checked on grades 5-8. Those with possible problems are referred through their parents to their own physician. An effort is made to put the parent in contact with agencies providing special services or funding.

This year School Administrative Unit #48 instituted a new immunization policy which insists upon exclusion from school if a student has not had all required immunizations. I am pleased to report that parental cooperation has been excellent and all those attending Campton School have been fully immunized. Free immunization clinics are offered in both Plymouth and Lincoln and all needing immunizations are encouraged to attend.

During the spring two events for preschoolers occurred. The first is a state sponsored vision and hearing check. Secondly, Campton School provides a preregistration program for all incoming Kindergarten students. All students come to the school with their parent(s) and are screened by a speech pathologist for possible difficulties and by a resource teacher for physical and emotional readiness. Parents whose children will be five by September 30 should call the school for information on Kindergarten registration.

As school nurse, I am available as a resource person to parents, students and teachers. I try to provide films on various aspects of health and safety and do specific health teaching.

I am very pleased with the cooperation of parents, students, teachers, and the many physicians with whom I work and wish to thank you all.

Respectfully submitted,  
Martha B. Aguiar, RNMN  
Campton School Nurse

## **CAMPTON ELEMENTARY SCHOOL PRINCIPAL'S REPORT 1981**

---

With great pleasure and honor, I present to the residents of Campton my seventh annual report.

For the first time in a number of years, it appears that the enrollment has stabilized. Although we opened with 6 more students in 1981 than in 1980, the current enrollment for January 1982 versus January 1981 is exactly the same at 227.

The school faculty has four new members: The Kindergarten and Title I teacher is Mrs. Alma Grand, previously employed by the school district as the Federal Project Assistant; Miss Shirley Sheehan is our second grade teacher replacing Mrs. Phyllis Morse who provided 31 years of dedicated service to the town of Campton.

Mrs. Annemieke Meau is our new fourth grade teacher taking over for Mr. Ribas who is now teaching 6-8 Science and Social Studies. Our Music Program is now under the direction of Miss Christine Fieldsend. The school aides are Kindergarten and Transition -- Mrs. Deborah Tobine and Special Services aide -- Mrs. Priscilla Hammer. The Hot Lunch assistant is Mrs. Edith Littlefield.

### **Playground**

The playground has some new additions including a climbing structure designed by a second grader and built by the students involved in the Artist in the Schools program under the direction of Emile Birch. Two other projects were sponsored by S.T.A.F.F.: an A-frame log climber and a triangular tire climber. A special thanks go to the members of S.T.A.F.F. and local businesses for their support and participation with the completion of these projects.

### **S.T.A.F.F. - Students, Teachers, All Families and Friends**

The new slate of officers of S.T.A.F.F. for the 1981-82 school year are William Hammer, President; Sue Karsten, Vice-President; Sharon Davis, Secretary; and Kathy Barton, Treasurer.

### **Artist-in-the-School Program**

To date, Dwight Graves and Rudy Houk have been our Artist-in-Residence providing clay art experiences for the youngsters. In addition, our assembly program is very active, and the performances have included the American Children's Theater presenting Charlie Brown skits, Spiff the Clown, and the Canterbury Folk singing and dance group. We have scheduled a singing group from Plymouth State College and a puppet group, with other performances being looked into. This program is being made possible to our students through a

cooperative venture with A.I.S. and the Waterville Valley Elementary School.

### **Energy Conservation Project**

The Energy Conservation Project which was a warrant item last year is progressing steadily. Some readily observable conservation measures (ECM's) which will be completed soon include insulated ceilings, additional storm windows, and a solar trombe wall on the south faces of the building. Other ECM's will include ceiling fans in the gymnasium, the installation of a flame-retention burner, energy saving lights, and weather stripping.

In conclusion, I would like to report, that in my opinion and in the opinion of the faculty, the school is operating extremely well. We are working hard with each child to maximize learning, and we greatly appreciate the fine working relationships that have developed with our parents. The school remains committed to our mission of quality education for the community's children.

Respectfully submitted,  
Michael Martin  
Principal

## REPORT FROM THE SUPERINTENDENT OF SCHOOLS WHAT IS A SCHOOL ADMINISTRATIVE UNIT?

---

New Hampshire School Law states that the State Board of Education has "the same powers of management, supervision, and direction over all public schools in this state as the directors of a business corporation have over business, except as otherwise limited by law." The state of New Hampshire has 168 school districts which the State Board of Education has divided into approximately 47 School Administrative Units, each administered by a superintendent of schools.

Schools, like other public agencies and business corporations, must have a management system. The New Hampshire school management system is the School Administrative Unit. School board members who are elected by the voters of their individual school districts comprise the policy making School Administrative Unit board. The superintendent serves as the executive head of the public schools, and is responsible for planning and administering their affairs subject to statutory requirements, the regulations of the State Board of Education, and the policies of the local districts. In performance of these duties, the superintendent is responsible to the State Board of Education through the Commissioner, and the board or boards of the School Administrative Unit.

School Administrative Unit budgets, following a public hearing, are annually voted by the School Administrative Unit School Board. The budget provides for the salaries of the superintendent and other School Administrative Unit personnel along with other necessary central office expenditures. School Administrative Unit school boards decide the number of persons to be employed, their duties, and their salaries. Local districts share the services provided by the School Administrative Unit and share the costs of operating a central office. The local school district's share of the School Administrative Unit budget is determined by two factors: half on the basis of pupil membership and half on the basis of equalized valuation. Approximately 285 million tax dollars will be expended in 1981-1982 to educate New Hampshire's 180 thousand public school students. About 2 percent of the above expenditures is spent to provide management services to the 168 school districts.

School Administrative Unit #48 includes the communities of Campton, Holderness, Plymouth, Rumney, Thornton, Waterville Valley, and Wentworth. It is one of the largest in the State of New

Hampshire from the standpoint of school boards (9) and square miles (200). It was formed so that local school districts could join together to provide themselves with necessary administrative services they could not independently furnish efficiently or economically. Services provided include, but are not limited to:

- budget preparation and control;
- building and maintenance programs;
- state and federal, record keeping and reporting;
- recruitment and employment of all staff;
- public relations, annual reports;
- supervision and evaluation of all staff;
- curriculum development and coordination of school programs;
- staff development and re-training;
- energy conservation activities;
- coordination and development of federal programs;
- school health services;
- school food service programs;
- special education programs;
- salary preparation and fringe benefit documentation; and
- teacher negotiations and professional assistance to school boards in many areas.

The Superintendent of Schools and his staff function so that the above mentioned services are provided with a single goal in mind -- to provide the best possible education to the children in our communities in a cost-effective design. The attainment of this objective is enhanced by your continued support and cooperation.

Respectfully submitted,  
Daniel A. Cabral  
Superintendent of Schools  
Gerald P. Bourgeois, Ed. D.  
Assistant Superintendent of Schools

## EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1980-1981

---

Chapter 189, Section 58 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each superintendent of a School Administrative Unit shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same ... Said report shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the unit."

One-half of the School Administrative Unit expenses is prorated among the several school districts of the unit on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$29,838 which was received by the Superintendent of Schools of School Administrative Unit #48 during the 1980-1981 was made up as follows: \$2,500 paid by the State of New Hampshire and \$27,338 was prorated among the school districts comprising the School Administrative Unit. Allowance for \$1,500 travel within the Unit was also prorated as stated above.

The salary of the Assistant Superintendent during 1980-1981 was made up as follows: \$2,274 paid by the State of New Hampshire and \$24,309 was prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.
