We have made an exchange of Geography's during the school year, Harper's being substituted for Monteith's: we have also put in Eggleston's U. S. History. We would recommend that an exchange be made in Arithmetics as those now in use are in a very bad condition.

Respectfully submitted,

I hereby certify that I have examined the foregoing accounts of the Treasurer and School Board for the year 1897, and find items correct with vouchers for all items.
