REPORT OF SCHOOL BOARD.

To the inhabitants of the town of Piermont we present the following report of the schools in town for the year ending February 15, 1900.

In presenting this report we would say that we have tried to secure good teachers and think as a rule we have done so. We are sorry that some of our schools have been somewhat broken on account of sickness, but taking all things into consideration we think they have been a success.

We do not see so many marks in the register this year, and are very glad to know there is an improvement in this direction, we hope for its continuance. We are grateful to all who have taken such a kindly interest in the schools as to visit them, and wish more had done so.

We have made some changes in text books which we think very much for the better, and it is necessary that more changes be made.

More than usual has been expended for supplies during the past year, but we have nothing that is not needed.

With two or three exceptions our school houses are in fine condition and we hope this may be said of all in the near future.

We will give the roll of honor as returned to us, giving the names of those who have not been absent or tardy.
