**TOWN OF BEDFORD  
STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Bedford in the County of Hillsborough in said State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the McKelvie School in said Town on Tuesday, the twelfth of March, at 7:00 o'clock in the forenoon to act on the following articles, numbers 1 through 16 excluding article 15. Polls are to close no later than 6:30 p.m. Action of the remaining articles commencing with article 15 and 17 through 34 will be at the Town Meeting on March 19, 1985 and will be in the McKelvie School at 7:30 p.m.

ARTICLE 1. To elect necessary Town officers and School District officers for the ensuing year and ensuing three years.

## ZONING ORDINANCE AMENDMENTS

Tuesday, March 12, 1985

VOTING ON THE FOLLOWING ARTICLES SHALL BE WRITTEN BALLOTT. POLLS ARE TO BE OPEN AT 7:00 A.M. AND ARE NOT TO CLOSE EARLIER THAN 6:30 P.M. VOTING WILL TAKE PLACE AT THE MCKELVIE SCHOOL

ARTICLE 2. To see if the Town will vote to amend Article XXV - Off Street Parking Requirements - by amending Sec. 6 as follows:

Offices - professional center, clinic - "one space for each two hundred fifty (250) square feet of gross floor area."

Passage of this Article will result in the deletion of the present requirement for offices - professional center, clinic which reads "one space for each one hundred fifty (150) square feet of gross floor area."

ARTICLE 3. To see if the Town will vote to amend Article XII - Limited Commercial District - by adding the following provision:

Sec. A-9 "Special Exception Use - the following use is permissible subject to Board of Adjustment approval pursuant to Article XIX.

a. Public utility building, structure or facility."

ARTICLE 4. To see if the Town will vote to amend Article XV - Service Industrial district - by adding the following provision:

Sec. A-13 "Special Exception Use - the following use is permissible subject to Board Adjustment approval pursuant to Article XIX.

a. Public utility building, structure or facility."

ARTICLE 5. To see if the Town will vote to amend Article XI - Commercial District - by adding the following provision:

Sec. K "any site plan approved by the Planning Board without substantial improvements and construction made in one year will be required to return to the Planning Board with the site plan revised to meet any new requirements."

ARTICLE 6. To see if the Town will vote to amend Article XII - Limited Commercial District - by adding the following provision:

Sec. A-10 "any site plan approved by the Planning Board without substantial improvements and construction made in one year will be required to return to the Planning Board with the site plan revised to meet any new requirements."

ARTICLE 7. To see if the Town will vote to amend Article IV - Residential and General Residential Districts - by amending Sec. A-1-a-1 to read as follows:

"served by both public water and public sewer - one-half acre/100 feet."

Passage of this Article will result in deletion of the present Section A-1-a-1 which reads: "served by both public water and public sewer - one acre/100 feet."

ARTICLE 8. To see if the Town will vote to change the zoning of the following: (by petition)

a 1.0 acre parcel of land located on the corner of Brook Drive and Back River Road being a certain parcels of land in the Town of Bedford, owned by: Robert E. Boisvert, c/o Lorraine Boisvert, 9 Brook Drive, Bedford, New Hampshire from Residential/Agricultural to Apartment/Residential zoning. Said parcel being lot #022-048 of the tax maps of the Town of Bedford. Said property being more particularly described as follows:

Parcle #48, belonging to Robert E. Boisvert c/o Lorraine J. Boisvert, located at 3 Back River Road consisting of approximately 1.0 acres and all improvements thereon. (The Planning Board is in favor of this article)

ARTICLE 9. To see if the Town will vote to change the zoning of the following: (by petition)

a 1.4 acre parcel of land located at 9 Brook Drive. Being a certain parcels of land in the Town of Bedford, owned by: Robert E. Boisvert, 9 Brook Drive, Bedford, New Hampshire from Residential/Agricultural to Apartment/Residential zoning. Said parcel being lot #022-050 of the tax maps of the Town of Bedford. Said property being more particularly described as follows:

Parcel #50, belonging to Robert E. Boisvert located at 9 Brook Drive consisting of 1.4 acres and all improvements thereon. (The Planning Board is in favor of this article)

ARTICLE 10. To see if the Town will vote to change the zoning of the following: (by petition)

a 0.9 acre parcel of land located at 196 South River Road on the corner of Brook Drive. Being a certain parcels of land in the Town of Bedford, owned by: Robert E. Boisvert c/o Lorraine J. Boisvert, 9 Brook Drive, Bedford, New Hampshire from Residential/Agricultural to Apartment/Residential zoning. Said parcel being lot #022-051 of the tax maps of the Town of Bedford. Said property being more particularly described as follows:

Parcel #51, belonging to Robert E. Boisvert c/o Lorraine J. Boisvert, located at 196 South River Road consisting of approximately 0.9 acres and all improvements thereon. (The Planning Board is in favor of this article)

ARTICLE 11. To see if the Town will vote to change the zoning of the following: (by petition)

a 1.0 acre parcel of land located at 10 Brook Drive. Being a certain parcels of land in the Town of Bedford, owned by: George W. & Victoire Bouchard, 10 Brook Drive, Bedford, New Hampshire from Residential/Agricultural to Apartment/Residential zoning. Said parcel being lot #022-049 of the tax maps of the Town of Bedford. Said property being more particularly described as follows:

Parcel #49, belonging to George W. & Victoire Bouchard located at 10 Brook Drive consisting of 1.0 acres and all improvements thereon. (The Planning Board is in favor of this article).

ARTICLE 12. To see if the Town will vote to change the zoning of the following: (by petition)

a 32.4 acre parcel of land located at Patten Road and County Road. Being a certain parcels of land in the Town of Bedford, owned by: Robert E. Boisvert, 9 Brook Drive, Bedford, New Hampshire from Residential/Agricultural to Apartment/Residential zoning. Said parcel being lot # 022-089 of the tax maps of the Town of Bedford. Said property being more particularly described as follows:

Parcel #89, belonging to Robert E. Boisvert located at Patten Road and County Road consisting of 32.4 acres of land and no improvements. (The Planning Board is in favor of this article)

ARTICLE 13. To see if the Town will vote to change the zoning of the following: (by petition)

a 1.87 acre parcel of land located at Route 101 being a certain parcels of land in the Town of Bedford, owned by: Robert H. Brooks, 111 Route 101, Bedford, New Hampshire from Residential/Agricultural to Limited Commercial zoning. Said parcel being lot #013-068 of the tax maps of the Town of Bedford. Said property being more particularly described as follows:

Parcel #68, belonging to Robert H. Brooks located at 111 Route 101 consisting of 1.87 acres of land and improvements thereon. (The Planning Board is not in favor of this article)

ARTICLE 14. To see if the Town will vote to change the zoning of the following: (by petition)

a 2 acre parcel of land located at Route 101 being a certain parcel of land in the Town of Bedford, owned by: John R. & Priscilla L. Jacobson from Residential/Agricultural to Limited Commercial zoning. Said parcel being lot #013-059-001 of the tax map of the Town of Bedford. Said property being more particularly described as follows:

The easterly half of Parcel #59 belonging to John R. & Priscilla L. Jacobson located at Route 101 consisting of 2 acres of land and no improvement. (The Planning Board is not if favor of this article)

ACTION ON THE REMAINING ARTICLES 15 & 17 THROUGH 34 WILL BE AT MCKELVIE SCHOOL ON MARCH 19, 1985 AT 7:30 P.M.

ARTICLE 15 To see if the Town will vote to raise and appropriate a sum of One Million Two Hundred Thousand (1,200,000) Dollars for the purpose of constructing a Town Office/Police Station on property owned by the Town of Bedford and located on North Amherst Road and designated on the Bedford Tax Maps at Page 20, Lot 95. Such sum to be raised by the issuance of serial bonds or notes not to exceed One Million Two Hundred Thousand (1,200,000) Dollars under and in compliance with the provisions of the Municipal Finance Act (NHRSA 33:1 et. seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds and notes and determine the rate interest thereon and to take such actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Bedford, New Hampshire, and to allow the Selectmen to expend such monies for the above stated purpose and pass any vote relating thereto.

ARTICLE 16 "Are you in favor of increasing the board of selectmen to 5 (five) members?"

**ARTICLE 17.** To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

11' Truck Plow	4,400.00
Spreader/Sander	8,000.00
Micro Fiche and Reader	4,300.00
	<hr/>
	114,688.00

**ARTICLE 24**  
 TO SEE IF THE TOWN WILL VOTE TO AUTHORIZE THE SELECTMEN TO BORROW MONEY IN ANTICIPATION OF TAXES, IF NEEDED, AND RAISE AND APPROPRIATE A SUM OF NINETY THOUSAND (\$90,000) DOLLARS FOR THE PAYMENT OF INTEREST ON SUCH BORROWING.

**ARTICLE 25**  
 To see if the Town will vote to approve the recommendations of the Board of Selectmen to accept the Citizen/Vicon proposal and enter into a 20 year contract as a "Participating Community" for the purpose of disposing community refuse at the proposed Manchester Solid Waste Resource Recovery Facility, and to make the necessary annual appropriations of funds for this purpose.

**ARTICLE 26**  
 TO SEE IF THE TOWN WILL VOTE TO DIRECT THE SELECTMEN TO SET A TIME DURING WHICH OWNERS OF REAL ESTATE SHALL BE ALLOWED A TWO (2%) PERCENT DISCOUNT FOR EARLY PAYMENT OF REAL ESTATE TAXES.

### **ARTICLE 27**

TO SEE IF THE TOWN WILL VOTE TO DIRECT THE SELECTMEN TO ACCEPT ANY AND ALL GIFTS, GRANTS OR CONVEYANCE OF LAND TO THE TOWN AS MAY FROM TIME TO TIME BE REQUIRED BY THE TOWN OF BEDFORD SUBDIVISION REGULATIONS OR THE TOWN OF BEDFORD ZONING ORDINANCE.

### **ARTICLE 28**

TO SEE IF THE TOWN WILL VOTE TO AUTHORIZE THE SELECTMEN TO APPLY FOR, ACCEPT AND EXPEND, WITHOUT FURTHER ACTION BY THE TOWN MEETING, MONEY FROM THE STATE, FEDERAL OR OTHER GOVERNMENTAL UNIT OR A PRIVATE SOURCE WHICHEVER BECOMES AVAILABLE DURING THE FISCAL YEAR PROVIDED THAT SUCH FUNDS:

- I. BE USED ONLY FOR LEGAL PURPOSES FOR WHICH A TOWN MAY APPROPRIATE MONEY;
- II. REQUIRED THE SELECTMEN TO HOLD A PRIOR PUBLIC HEARING ON THE ACTION TO BE TAKEN.
- III. NOT REQUIRE THE EXPENDITURE OF OTHER TOWN FUNDS;
- IV. BE EXEMPT FROM ALL PROVISIONS OF RSA 32 RELATIVE TO LIMITATIONS AND EXPENDITURES OF TOWN MONIES.

ARTICLE 29 To see if the Town will vote to accept Rutledge Road for a distance of 824' x 50' wide.

BY PETITION

### **ARTICLE 30**

To see if the Town will vote to discontinue that portion of Old Bedford Road which was abandoned upon relocation of the intersection of Old Bedford Road and New Hampshire Route 101 and to authorize the Selectmen to sell and convey that parcel of land shown on a plan entitled "Boundary Plan of Land Rocca Group, Inc., Bedford, N.H." by Thomas F. Moran, Inc. dated April 3, 1979, on which the abandoned portion of said Road is shown as "paved drive" to the abutter, David F. Murray, for \$50.00 and expenses, which parcel has no feasible use except to said abutter.

### **ARTICLE 31**

To see if Town will vote to authorize the Selectmen to convey Lot No. 21-29-4 on a Plan entitled "Subdivision - Plan of Land - Donald M. Wallace and Harriet Wallace Trust - Bedford, N.H." and located on Cobbler Lane in Bedford, N.H. to Donald M. Wallace and Clifford J. Ross, as Trustee under the will of the late Harriet Wallace, upon successful and satisfactory completion of road construction and paving of Cobbler Lane. This same lot was originally conveyed to the Town of Bedford by Warranty Deed dated January 23, 1984, to secure performance of road construction, completion and paving of Cobbler Lane, providing Donald Wallace be responsible and pay the appropriate tax for 1984.

### **ARTICLE 32**

To see if the town will vote to authorize the Selectmen to convey to Zepherine A. Chesbro two parcels of land, one shown as lot 35 on tax map 28 containing approximately eleven acres and the second shown as lot 32 on tax map 28 containing approximately four acres. Lot 35 was acquired for non-payment of taxes and lot 32 was conveyed to the town to be used as a recreational area for children. The taxes on lot 35 have now been paid and lot 32 is not now being used as a recreational area for children. As part of the settlement of a lawsuit, the Selectmen recommend that lot 35 be conveyed to Zepherine A. Chesbro as she has paid the taxes due, the lot was acquired while the Town was unaware of her claim to title, and that justice requires this conveyance. The Selectmen recommend that lot 32 be conveyed to Zepherine A. Chesbro as she represents herself to be the sole heir at law of the donor.

### **ARTICLE 33**

We, the Undersigned, ask that the following Article be placed on the Warrant for the 1985 Town Meeting to see if the Town will vote to Adopt the following Petitioned Article pursuant to Chapter 31:39(I) NHRSA:

To see if the Town will vote to adopt the following:

"As the traffic on Meetinghouse Road is already so heavy as to be dangerous to the residents of Bedford who walk, drive or ride school buses on Meetinghouse Road, and is detrimental to the character of the historic district through which it runs, shall all commercial developments, the building permit for which has not been issued by February 1, 1985, be prohibited from using Meetinghouse Road for primary access to the developments?"

## ARTICLE 34

To see if the Town will vote to adopt the following ordinance.

### **I. Definition and Application**

Any motor vehicle for hire, used or to be used for the conveyance of persons from place to place within the Town shall be deemed a taxicab within the meaning of this by-law, except a motor vehicle designed to carry eight (8) or more persons from a fixed place to places of interest about the Town, and motor vehicle collecting fares by tickets or coupons sold for interstate transportation.

### **II. Business License**

(a) License required. It shall be unlawful for any person, firm or corporation to engage in the business of operating a taxicab in the Town of Bedford without first having secured a license therefor.

(b) Application. Application for a license to engage in the business of operating a taxicab or taxicabs shall be made to the Town Clerk upon a form to be determined by the Town Clerk. The application shall include:

- (1) The name, home address, home phone number, business address, business phone number of the applicant and the name and address of the owner of any motor vehicle to be used in the operation of the business;
- (2) Trade name under which the applicant proposes to do business;
- (3) A description, including the license and registration number, of any motor vehicle to be used in the operation of the business;
- (4) A certificate of insurance that the applicant has been issued an insurance policy by an insurance company licensed to do business in the State of New Hampshire, protecting the licensee and the Town from all claims for damages to property and bodily injury, including death which may arise from operations under or in connection with the license; such insurance shall name the Town as an additional insured and shall provide that the policy shall not terminate or be cancelled prior to the expiration date except with thirty (30) days advance written notice to the Town; such policy shall provide coverage in the amounts of one million dollars (\$1,000,000.00) for personal

injury and five hundred thousand dollars(\$500,000.00) for property damage; and in addition, the application for a license shall include;

- (5) A description of the proposed location of the business and a certificate from the building department that the business location is consistent with the zoning ordinance.

### **III. Application fee**

Each application for a license shall be submitted with a fee of twenty-five dollars (\$25.00) plus ten dollars (\$10.00) for each vehicle.

### **IV. License fee**

The fee for the initial license shall be the application fee. The fee for each annual renewal shall be twenty-five dollars (\$25.00) plus ten dollars (\$10.00) for each vehicle.

### **V. License**

The license shall be an annual license expiring on April thirtieth of each year. Renewal of each license must be requested at least five (5) working days prior to expiration each year. Each license issued pursuant to this by-law shall be conspicuously displayed.

### **VI. Taximeter required; exceptions**

(a) Every taxicab in the Town shall be equipped with a mechanical instrument or device commonly called a taximeter, approved by the sealer of weights and measures, by which the charge for hire of such taxicab is mechanically calculated and on which such charge is shown by clear and distinct figures under adequate light.

(b) Cars for hire used for conveying passengers for attendance at marriages, funerals, christenings, or for use in ceremonial parades need not be equipped with a taximeter.

### **VII. Taximeters to be tested and approved**

All taximeters shall be tested and approved by the sealer of weights and measures during the month of April of each year, also when tires are replaced on any taxicab, or at any other time that he may require it.

### **VIII. Operation of taximeters**

Every taximeter shall only be operated with the flag on mileage position while conveying a passenger or passengers and only on time position when the taxicab is standing or waiting in accordance with the provisions of this by-law. No taximeter shall be changed from mileage to time operation while standing at traffic-control signals, or during delay caused by congested traffic conditions.

## **IX. Records requirement**

Each duly licensed taxicab company shall be required to keep a log detailing, at the minimum, on a daily basis the time and place of each pickup, the time and place of each discharge and the fare charged therefor. The log is to be maintained in duplicate and a copy forwarded to the police department on or before July 10, 1985, for the period ending June 30 and quarterly thereafter.

## **X. Rate cards**

Upon the issuance of a license for a taxicab, the licensee shall receive from the Town Clerk a card upon which the established rates shall be plainly printed. Each rate card issued shall be conspicuously displayed in every taxicab so that it can be seen by a passenger in either day or night.

## **XI. Consent of first passenger needed for carrying others**

(a) No operator of a taxicab shall carry any person other than the passenger first employing his cab without the consent of the first passenger.

(b) Any taxicab agent, before directing a second passenger to a taxicab employed, shall ask the person first employing the taxicab if he consents to another passenger or passengers.

## **XII. Taxicab driver's license**

(a) License required. No person shall drive a taxicab unless he shall have secured a license therefor as herein provided.

(b) The license fee for the driver of a taxicab shall be ten dollars (\$10.00) annually, the applicant to furnish a two-inch by two-inch (2x2) photograph to be mounted on the license.

(c) Each license to drive a taxicab shall expire on April thirtieth of each year. Renewal of each license must be requested at least five (5) working days prior to expiration each year.

(d) Each license issued to drive a taxicab shall have a photograph of the person to whom it was issued mounted thereon, and the license number assigned to him together with his name, address and personal description.

(e) No such license shall be issued to any person who is not competent to operate a motor vehicle or who is not familiar with the traffic laws and ordinances.

(f) The license of a driver of a taxicab shall at all times be conspicuously displayed in the cab operated by the driver so that it can be seen by a passenger in either day or night.

### **XIII. Prohibited Conduct**

The holder of a license to engage in the business of operating a taxicab and the holder of a license to drive a taxicab shall not:

(a) Operate or allow the operation of a taxicab in which the driver's license is not displayed;

(b) Operate or allow the operation of a taxicab in violation of any of the provisions of the highway laws of New Hampshire or of the ordinances of the Town of Bedford regulating traffic;

(c) Operate or allow the operation of a taxicab in which a rate card is not displayed;

(d) Operate or allow the operation of a taxicab with an inaccurate meter.

### **XIV. Penalty for Violations**

Any person who shall violate any provisions of this by-law shall upon conviction thereof be fined not more than one hundred dollars (\$100.00). Every day that a violation continues after the person has received notice of the existence of the condition that constitutes the violation shall be deemed a separate offense.

### **XV. Revocation of License**

In addition to any penalty imposed, The Board of Selectmen may revoke such license to engage in the business of operating a taxicab and such license to drive a taxicab for any violation of this by-law or of any Town ordinances or by-laws or state statutes regulating the conduct of such business.

To hear reports of Agents, Auditors, Committees and other Officers therefore chosen and to transact any other business that may legally come before said meetings.

Given under our hands and seal, this day of February in the year of our Lord, Nineteen Hundred and Eighty Five.

Stanton Tefft  
Alfred J. Lambert

## REPORT OF THE SELECTMEN TO THE TOWN OF BEDFORD

1984 was an eventful year for Bedford with to town government. Despite a changing membership on the Board of Selectmen, business continued as usual, with projects-in-progress moving forward and new plans developing.

In March, incumbent Selectman Clifford Clark was replaced by newly-elected Jane Melendy, the first woman to be elected to the Bedford Board of Selectmen. In December, the Town was the resignation of long-time member Aubrey Robinson, and finished out the year with a two person Board. On behalf of the people of Bedford, we wish to thank Cliff and Aubrey for their years of dedicated service to the Town, and we would like to welcome Jane to the Board.

Last year we reported to you plans to secure a local Post Office, and plans to establish a committee on the handicapped, as we are pleased to report that both these efforts have been successful. The Town of Bedford will finally have its own Post Office, which will open in January of 1985 and be located on Palomino Drive off South River Road. The Selectmen's Advisory Committee on the Handicapped was established in the Spring of 1984, and has accomplished several projects in an effort to bring the Town into full compliance with Federally mandated standards. The Committee completed an extensive evaluation of Town operations and facilities, developed a grievance procedure, made recommendations for non-structural changes, and developed a "transition plan" which describes recommendations for structural changes necessary for handicapped accessibility.

In other matters related to Town buildings, the Bedford Town Hall has been approved for entry into the National Register of Historic Places. The National Register is a program of the National Park Service which identifies the Nation's properties worthy of preservation. In order to be listed, a building must have a special historical significance, or it must represent distinctive characteristics of a type, period or method of construction. Listing of the Town Hall in the National Register will make Bedford eligible for building preservation grants and will enable us to secure the protective services of the Advisory Council on Historic Preservation.

At the March 1984 Town meeting, the proposed Town Office Building/Police Station was defeated by a mere 15 votes. We will continue to work for the passage of that proposal because we strongly believe that such a plan is in the best interests of the Town of

Bedford. Problems with the present facility continue to grow and further delays will only result in the eventual solution being more costly than it might be if we act promptly.

We are pleased to report that after nearly a full year of operating our new sewer system and river crossing facilities to the Wastewater Treatment Plant, we have not experienced any major problems. The operational responsibilities of this facility have been incorporated into the functions of the Public Works and Highways Department. The "user charge" rates are relatively high due to the small area served at this time, however they do appear adequately designed to provide a self-supporting service within this general area of our community.

The Town landfill dump site has been of concern to us for several years due to the natural "tight soils" and the possibility of some contamination of the storm drainage run-off to adjacent down stream areas. We will therefore recommend that Bedford join our surrounding communities (Tricounty Solid Waste District) and commit our solid waste disposal to the proposed Solid Waste Recover Facility (Citizen/Vicon) to be located in Manchester. Under this program, we would ultimately construct a "transfer station" at our existing landfill site and transport our refuse to the new incinerator facility for disposal, starting in 1987.

Again, we thank you, the people of Bedford for your continuing cooperation.

Respectfully,

Stanton Tefft, Chairman  
Alfred Lambert  
Jane Melendy

## BUDGET COMMITTEE REPORT

Given the myriad items that are reduced to numbers in this Annual Report, we feel that a discussion of several topics would be helpful:

– Town Employee compensation has been the subject of much debate. The focus has been essentially twofold:

The relative compensation for ostensibly comparable positions within the town departments and compensation as compared to that in other communities as well as in the private sector.

The situation doesn't lend itself readily to facile, apples with apples, comparisons and this committee is still seeking the development of clear, accurate guidelines, fair to both taxpayer and town employee alike.

– We have requested the department heads to take a considered look into the future as to their departments' roles in providing services to the town. How they foresee needs evolving and how they can best prepare to meet them, are among the issues we would like addressed.

– We have budgeted \$10,000.00 for consulting services to objectively evaluate how cost effectively town departments operate.

– The proposed town office building is budgeted at \$1,200,000.00, a 20% increase over last year's \$1,000,000.000, for essentially the same facility.

We are not pleased with this figure, particularly in light of an inflation rate of less than 5% and building material price increases of a similar magnitude. We have included the figure in the recommended column primarily to allow the taxpayers an opportunity to discuss the issues and vote on it.

We feel the present office/police station facility is increasingly inadequate and that some improved facility is warranted. However, we are not comfortable with the dollar amount of the new facility proposed or with the lack of lucid presentation of the alternatives considered which led to the choice of the present course of action.

- We are having some graphs prepared which will show both the town and school district costs over a period of years to give the taxpayer a context for where we have been as well as some projections for the future.

- Admittedly, the budgetary process lacks the drama of *Dynasty*; none the less, we would encourage wider citizen involvement both at School District and Town Meeting. This would be a positive step toward genuine community consensus as to spending priorities and tend to limit the adverse impact on taxes of special interest votes. Remember, we are all "shareholders" in this democracy.

Edward P. Moran Chairman  
Budget Committee

## TOWN OFFICERS

### Representatives to the General court

Anna S. Van Loan	Term Expires 1986
Leslie Burns	Term Expires 1986
Richard Stonner	Term Expires 1986
Mary Shriver	Term Expires 1986

### Moderator

Eugene Van Loan, III

### Selectmen

Aubrey G. Robinson, Jr. (Resigned 12/1/84)	Term Expires 1985
Alfred J. Lambert	Term Expires 1986

**REPORT OF THE TRUSTEES OF THE  
BEDFORD PUBLIC LIBRARY  
1984**

As Bedford's population approached 10,000 during 1984, the Library's circulation of books, records, magazines, art prints and film strips kept pace, rising to nearly 100,000.

The Community Room proved to be popular as well. One hundred and eighty six meetings were held there last year, including the sessions of the Adult Reading Group and the program on China and Antarctica provided by the Friends of the Library.

The Friends sponsored the annual Wassail Party in December, and through their membership dues and food and book sales, gave three special gifts to the Library - a VCR, a microwave oven for the Staff and a contribution toward new exterior signs.

Other gifts included more chairs for the Community Room given by the Bedford Newcomer's Club, enlarged signs designating various areas of the Library given by the Bedford Rotary Club, a VT 100 terminal given by a generous patron and many other gifts of books, including a memorial from the Fletcher family in memory of Walter Fletcher.

The Children's Room has had a full calendar this past year with a variety of events including movies, field trips - this year to the Worcester Science Museum, Polar Caves, Squam Lake Science Center and Olde Salem - reading programs for preschoolers, K-2 and during the summer, for ages 9-12, and a very successful Read-A-Thon. Children's Librarian Deirdre Angwin and the children held a Balloon Lunch to celebrate National Library Week. Every month there are Arts & Crafts programs for children 9-12.

Bedford's dynamic Library Director, Frances Wiggin, in addition to the many conferences and meetings she attended during the year, was asked by the State Librarian to visit Dublin, Ohio and take a computer tour to observe the Online Computer Library Catalog, Inc., known as OCLC.

The Bedford Library Staff are keeping up with new library techniques in this Computer Age, and the Trustees are grateful.

Respectfully submitted,

Alan Brennan, Chairman  
George Fournier, Treasurer  
Patricia Holland, Secretary

1984 has been a year of great progress in many areas at the Library.

We have started the second phase of our automation goal. As of December 31, 1984 we had bar coded 1206 patron's library and registration cards. We expect to have all our current patrons re-registered by the end of the year.

By mid-1986 we anticipate being totally automated. This means that we will have our circulation system operating and we will have the added capability to do data base searching. We already have the ability to access the State Library Computer which contains the

holdings of the majority of N.H. libraries since 1980. Thus a patron, by means of a terminal that was a gift to the Library, can find the location of the book he or she is searching. The status of bills before the State Legislature will be available to be researched by Spring.

In addition to our progress toward automation, we are constantly striving to offer an up-to-date collection of reference books, current books, recordings, prints, cassettes and periodicals.

We welcome suggestions from you, our public, as we continue toward our goal of making your library one that is a comprehensive, vital source of the most current information and one that you can be proud of.

We have had several staff changes. Elisabeth Thacher, our circulation librarian, resigned after 14 years of superior service. Betty Folsom has been promoted to fill that position. Lorraine Jensen has been hired as a part-time evening assistant. Shirley Parker, our page, resigned in the Fall and was replaced by Heidi Hanson.

Along with the Trustees I would like to add my personal thanks to all the clubs, citizens and Friends of the Library for their many gifts this year. Their continuing generosity is deeply appreciated. A very special thanks to the men of the Kiwanis Club who staff the library on Sundays. This is certainly significant contribution to the community.

To the Trustees, Staff and volunteers, a large thank you for their support, dedication and excellent work.

Respectfully submitted,

Frances M. Wiggin  
Library Director

Edith P. Schmidtchen, Collector \$128,739.04

**COUNTY TAX**

County Treasurer \$676,934.00

## REPORT OF THE BEDFORD POLICE DEPARTMENT

In 1985 our activities continued to grow in most categories. Motor vehicle accidents increased dramatically, almost 25%. I feel the increase was due partly to the weather conditions of last winter and partly to the increased amount of traffic in the town. One only has to drive on Route 101 or Route 3 at 5: PM to see this increase.

Another area that continues to rise is burglary alarms. We answered 20% more alarms in 1984 than in 1983. The increase is due mainly to the increase in the number of homes and businesses with alarms. We recommend the installation of alarms as a deterrent, however the national average shows that 97% of the alarms are false. We ask the cooperation of alarm owners in reducing that figure.

Of the major categories the third largest to increase was dog complaints. More people, more dogs, it is as simple as that. I am hoping to add a dog officer to the department so that the patrolmen will be able to have more time for other police functions.

Although attempted residential burglaries went up, actual residential break-ins went down. This we feel was due to aggressive patrol and co-operation of the citizenry who would call in suspicious persons and vehicles. So please continue helping us. If you see any suspicious activity, call us immediately.

Besides thanking the citizens, who continually support us, I wish to thank my supervisory staff, detectives, patrol officers and office staff for their dedicated work during the year. I also wish to thank the various town departments with which we work, Emergency Dispatch, Fire Department, Highway Department, Town Clerk's Office, Selectman's office and other for their cooperation and support through the year.

Again, as it has been in the past, it is our goal to make Bedford a safe place to live.

Richard D. Audette  
Chief of Police

## BEDFORD FIRE DEPARTMENT

The Bedford Fire Department has responded to 635 calls during 1984. They include the following:

Building and house	12	Mutual aid	14
Grass, brush and woods	11	Service Call	116
Automobile	19	False alarms	61
Chimney	30	Needless alarms	18
Rescue	354		

The department has had a good year, with 37 calls over the previous year. With the large increase in new homes, commercial buildings and the responsibilities of the Fire Department this a justified increase.

The training program for our call firefighters and officers has continued throughout the year under the direction of our training officers, Capt. Leo Bongers Jr. assisted by Lt. Randy Burbank. Some of the firefighters have taken advantage of advanced training in other training schools throughout the State.

The Chief has been busy with the Fire Prevention Program which includes inspecting all new and old commercial businesses, nursing homes, foster homes, private nursery schools, kindergartens, day care facilities, restaurants and motels. We have continued the inspections of wood and coal burning stoves. If anyone would like information on this matter, please call the station during daytime hours to make an appointment.

Fire Prevention Week was celebrated the second week of October. Fire safety programs and demonstrations were presented throughout the week under the direction of Captain Leo Bongers with help from Captain LeRoy Burbank, Lt. Randy Burbank and Firefighter Marc Beaulieu. All elementary schools, kindergartens, nursing homes and some businesses were visited. Many kindergarten children visited the Station during school hours with their teachers and some parents, as did Cub Scouts and Brownies with their leaders.

Through the Norman Richard Memorial Fund, established by the Fire Department, scholarships were awarded the following Bedford students:

Kelley Johnson	West High School
Timothy M. Pollock	West High School
Lynn S. Wolf	West High School

## FIRE DEPARTMENT REPORT

A new law passed by the State, states that smoke alarms to be installed in all rental units means any residential unit in a building or single family dwelling which provides permanent or transient living facilities for one or more persons, which is occupied by tenants on a rental basis. This term shall include, but not be limited to: hotels, motels, dormitories, apartments, duplex units, room rented out of the home of another and single family dwelling, so long as they are rented. Every rental unit as defined shall be equipped with at least one automatic fire warning device powered by house electrical service, such as plug-in type or hard-wired. Anyone buying and operating a kerosene space heater must first obtain a permit from the Fire Chief. Also, the Chief reminds anyone operating a kerosene, wood or coal stove to be very careful. If burning wood, make sure you keep your stove pipe and chimney clean. Always put your ashes in *metal containers* and store outside. The Fire Department lends chimney cleaning equipment, and fire extinguishers if you do not already own them.

The Fire Department added two permanent firefighters in April, bringing our force to five men. We also took delivery in June of a new Mack 1000 gal. pumper with a 2500 gal. water tank. This unit will be a great benefit in areas where we have limited water supply.

As Fire Warden, I appreciate your continuing effort to obtain fire permits before kindling outdoor fires. To all citizens of the town I would like to remind you that the law states that there will be no burning without a written permit from the Fire Department, except when the ground is covered with snow. You may obtain a seasonal permit for an incinerator or an outdoor fireplace, but no burning is allowed between the daytime hours of 9:00 a.m. and 5:00 p.m. Violators may be charged for the cost of extinguishing the fire and fined for starting a fire without a permit. You may obtain a permit from the Fire Department at the station between the hours of 7:30 a.m. and 5:30 p.m. Please check with the department if you have any questions. Our business number is 472-3219

As Chief, I would like to take this opportunity to thank the people of our community for their generous gifts throughout the year. Memorial gifts have been received from the families of several deceased persons. We are most appreciative of this expression of interest in the department. Also, the Bedford Newcomers' Club, Bedford Junior Women's Club and the Bedford Women's Club for

their continuing support to the Rescue Fund. My appreciation to the firefighters of the department, central dispatch which has taken over all dispatching for the department, and the Police Department for their continuing support and help.

Smoke alarms save lives!

Respectfully submitted,  
Ralph M. Wiggin, Chief

## REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

No. of Fires	875	169	4
No. of Acres	335	67	2½

## **BEDFORD PLANNING BOARD 1984 ANNUAL REPORT**

The Bedford Planning Board had another busy year in 1984 with more than a full agenda at each month's public hearing.

Subdivisions approved resulted in the generation on approximately 250 new building lots for the town. Non-residential site plans were reviewed throughout the year with 8 of these plans approved for construction.

On November 30, 1983 the Route 3 Corridor Study, commissioned by the Town, was adopted by the Planning Board. Initial phases were approved and funded at the 1984 Town Meeting, and additional phases are to be considered at the 1985 Town Meeting. Negotiations continue with the State for the necessary highway improvements outlined in the study.

The Planning Board has asked for the appropriations necessary to update the Town Master Plan, and this request will be presented at this year's Town Meeting.

1985 promises to again create a heavy work load for the board. Already, several major subdivisions and several commercial developments are before the Board.

Public hearings are held on the first Monday of each month, and the public is invited and urged to attend and participate in these discussions.

Respectfully submitted,

Richard Stonner, Chairman  
Bedford Planning Board

## **BEDFORD BOARD OF ADJUSTMENT ANNUAL REPORT**

During 1984, the Board of Adjustment met monthly and processed 46 applications for variances and special exceptions.

In March 1984, the town voted in accordance with New Hampshire law to provide for the appointment of the Board of Adjustment by the Selectmen. The members of the Board of Adjustment were previously elected. The present members of the Board of Adjustment, as appointed by the Selectmen, are: Bruce Biscornet, Richard Como, Paul Harrington, John Reilly, and Ray Walker. John Reilly served as chairman and Dick Como was elected clerk.

Charles Abbe, Robert Eaton, and Earl Tryder retired from board participation during the year. Each have served the Board of Adjustment and the Town of Bedford well and their participation will be missed.

The Board of Adjustment meets on the third Tuesday of each month at 7:30 p.m.

John J. Reilly  
Chairman

## ANNUAL REPORT

### Bedford Historic District Commission

The Historic District Commission had an active year, meeting every month except one. In addition, several special meetings were called to accommodate some residents who were unable to meet the deadlines of the regular meetings and coordinate the services of extremely busy construction contractors when needed. The members also made several on-site inspections of proposed changes in buildings.

Plans for two new houses were approved in the district and 12 additions or changes to existing dwellings. Action was taken on commercial signage at the Bedford Village Shops and one change in a commercial building was approved.

During the year, Ann Remus resigned as chairman and was replaced by Eugene Van Loan, Jr. She found it necessary to take a temporary leave of absence, but has now returned to duty on the Commission. Jane Melendy replaced Alfred Lambert as the Selectmen's representative on the Commission. Dorothy Bowers was appointed to a 3-year term, replacing Norman Stahl whose term expired.

There are still some residents living in the District who are unaware of the fact that they have certain obligations and restrictions created by the provisions of the Historic District. The Commission contemplates notifying all residents residing within the District of the terms and provisions of the regulations to which they have become subject.

The Commission is aware of the fact that there are many houses of historic significance which are not within the boundaries of the district and might wish to be included within the district. However, because of their scattered geographical location, it would seem impractical to expand the zone to such an extent. The Commissioners are investigating the requirements to have some of our historic homes entered on the rolls of the National Register of Historic Places. Information will be made available to those residents whose homes meet the criteria and have an interest in registering their homes.

**ANNUAL REPORT  
1984  
BEDFORD HEALTH DEPARTMENT**

Although the activities have increased within the Health Department, I am pleased to report that the appointment of Gerard Vallee as Deputy Health Officer in April of 1984 has been very helpful in maintaining an efficient department.

Mr. Vallee and myself are also pleased to report that the food service establishments are operating in an acceptable manner in respect to the State of New Hampshire Sanitary Food Code.

I predict that there will be an increase again in 1985, and I thank the Board of Selectmen and Budget Committee for their support in providing me with some assistance.

A reminder to everyone that if you have any suspicions or wish to file a complaint on any suspected health violations, please call the Bedford Health Department:

- 472-3838 - daytimes
- 472-3012 - evenings
- 472-5111 - Bedford Police Dept.

Respectfully submitted,

Robert J. Marceau  
Health Officer

## BEDFORD BUILDING DEPARTMENT 1984 Annual Report

Good times continue to roll and Bedford had its share of prosperity during 1984. The Town continues to be a number one area for residential and commercial development. Building permit valuations show \$47,146,456 in new construction during 1984.

221 new single family building permits were issued with a close average of \$150,000 cost per home, and an approximate total of 552,500 square feet in new single family dwellings.

Commercial development is progressing steadily with 28 commercial building permits (10 new buildings and 18 renovations or additions). With most of the development showing up on Route 3 and with Route 101 trailing close behind, 246,681 square feet in new buildings and 21,596 square feet in new additions was seen in 1984.

The 1984 commercial and residential building activity has been the busiest for Bedford ever, and it is expected to continue at the same levels in 1985 and 1986. The 1984 "re-boom" has seen most of the residential building taking place west of Wallace Road, an area that is zoned approximately 99% residential-agricultural. I expect that this location will continue to be the "boom area" for single family homes.

Ultimately, no matter how swiftly the Town "grows", I would like to take this opportunity to "commend" our Planning Board. They have had the responsibility to insure the long range planning needs of our community and have spent countless hours reviewing subdivision and site plans. Our safety, health and welfare is a number one concern of our Planning Board. We have a "Top Shelf" Planning Board that is the envy of surrounding communities.

Respectfully submitted,  
Robert J. Marceau  
Building Inspector

**1984 BUILDING PERMITS

Art. 24 - building without a permit	<u>425.00</u>
Total fees collected	\$78,041.90

## REPORT OF THE PARKS AND RECREATION COMMISSION

The Parks & Recreation Commission in 1984 helped support many new activities in Bedford.

Of major importance was the organization of the Bedford Friends of Recreation group. Lead by Paul Toolin its President, they worked with the Commission to bring to Bedford a better recreation program for both young and old.

A twenty station jogging/exercise track has been installed. The track was a joint effort of the Elliot Hospital, Bedford Rotary Club and Bedford Friends of Recreation.

Little League had another banner year with a total of over one thousand boys and girls participating. Soccer also had an outstanding year with thirty three teams playing.

The pool started a new adult only swim program in the evenings which was well attended. Over 125 children participated in the Bedford Swim Team program A new diving board contributed by the Bedford Men's Club added fun for all users of the pool.

As was noted in last year's report, the Parks & Recreation Commission members spend many hours with these various groups in setting up schedules. It is the Commission's request that a new staff member be added in the summer to coordinate all activities at the recreation area.

John Wood, Chairman  
Parks & Recreation Commission

## CONSERVATION COMMISSION 1984 ANNUAL REPORT

The approving vote for the revised Wetlands Conservation District on March 13, 1984, was a major step taken to protect the wetlands in Bedford. The main task now is to ensure that the ordinance provisions are understood and applied. Some sites and soils are not easily classified and must be evaluated carefully and objectively. The Planning Board with the help of the Soil Conservation Service must render such decisions and maintain the integrity of the ordinance.

A spring work day to improve and develop Pulpit Rock trails was extremely successful. Dave Collins of Back River Road and the Pulpit Rock Committee evaluated the work required, divided it into tasks, and made organizational assignments for accomplishment. Town organizations and individuals including the Junior Women's Club, Cub Scouts, Girl Scouts, Lions Club, Rotary Club, Men's Club, and PTG built pedestrian bridges, cut brush and trees, and collected and disposed of debris. The concluding pleasure was the enthusiastic consumption of the picnic lunch provided by the Junior Women's Club with donations from Allegro's Star Market, Schonlands, and Lafayette Beverages.

Commission representatives attended the annual meeting of the N.H. Association of Conservation Commissions. The program agenda stressed the growing public concern about protection of ground water resources. Some New Hampshire towns have initiated zoning ordinances to provide controls on industrial development in order to protect area ground water specifically.

Routine inspections of the Bedford sanitary landfill this summer by the Bureau of Solid Waste, Division of Health Services, Department of Health and Welfare, N.H., reported that (1) the sanitary landfill leachate was breaking out and contaminating the surface stream emanating from the southwesterly portion of the landfill and (2) that refuse was being placed in excavations on bedrock or in ground water. The Bureau criterion requires maintaining 10 feet of soil cover above the seasonal high ground water table. A 1980 report by the N.H. Water Supply and Pollution Control Commission (in cooperation with the Bureau of Solid Waste) concluded that tests of the three monitor wells at the eastern edge of the landfill tract established that a plume of leachate had already reached the property perimeter. It also reiterated the design requirement for 10 feet of soil cover above the seasonal high ground water table. A December 1984 test for organic volatile substances in the leachate of the monitoring wells revealed identifiable concentrations of benzene and chlorobenzene.

One of the Bureau of Solid Waste reports stipulates that the site *needs* an operational plan and additional exploration to determine the seasonal high ground water table and surface stream areas and to establish measures to control and minimize site runoff, leachate seeps, and flows into onsite brooks and streams. This Commission has included the sum of \$25,000 in the proposed budget to conduct the necessary investigation and develop the needed operational plan to protect our surface and ground water quality. These services, to be provided by an engineering concern, will be selected through a bidding process.

Plans are being discussed to collect and dispose properly of unwanted household toxic wastes such as solvent, paints, pesticides, petroleum products, etc., which are contaminants that should be neutralized and disposed of commercially and not placed in the landfill. The cost of the program is currently unknown, but assistance from community service organizations will be essential to organize and shoulder the financial burden.

The protective plexiglas on the display exhibit at Pulpit Rock was destroyed by vandals and replaced this fall with the tougher lexan provided by the Junior Women's Club and installed by the William J. Morrisons of Williamsburg Lane.

Respectfully submitted,

Harry N. Tufts

## REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

Bedford's membership in the Southern New Hampshire Planning Commission provides the Selectmen and the Planning Board with access to a variety of extremely cost-effective staff services that are available to help them deal numerous planning and planning-related concerns.

Staff services rendered under the Commission's local assistance program consist of (1) those which the Commission believes are important enough to warrant a general notification of all member communities and (2) those which are specifically requested by municipal officials in accordance with locally-determined priorities.

Local assistance services provided to the Town of Bedford during the past year included:

- At the request of the Board of Selectmen, updated the Town base map (roads and highways). This required the drafting of new road alignments, typesetting road names, preparing the final layout (art work) and appropriate reduction for printing;
- Updated the Town zoning map as requested by the Selectmen. Work involved was similar to that done for the new base map;
- At the request of the Selectmen, researched and prepared written documentation needed to support the nomination of the Bedford Town Hall for listing in the National Register of Historic Places;
- Advised the Board of Selectmen as to the statutory provisions governing the establishment of an industrial development council;
- Prepared ballot articles for the Planning Board relative to proposed zoning amendments to help implement recommendations contained in the "U.S. Route 3 Corridor Study" for consideration by the 1984 annual Town meeting;
- Co-sponsored the Municipal Law Lecture Series to which Bedford officials were invited;
- Provided the Planning Board with guidelines concerning new statutory requirements pertaining to the scheduling and notice of public hearings on proposed amendments to the zoning ordinance and building code in preparation for the March, 1985 annual Town meeting; and

- Co-sponsored the Natural Resources Lecture Series conducted by the Strafford and Rockingham counties Conservation Districts and Cooperative Extension Service.

Bedford's representatives on the Commission are:

Board of Commissioners: Mr. Eugene M. Van Loan, Jr.  
Mr. Alfred Lambert

Executive Committee: Mr. Eugene M. Van Loan, Jr.

Metropolitan Manchester  
Transportation Planning  
Policy Committee: Mr. Eugene M. Van Loan, Jr.

## REPORT OF THE DISPATCH CENTER

The Dispatch Center has again served us well in 1984. I would like to thank the four full time dispatchers and all the others who helped out, as this is a thankless job.

In an attempt to improve services for the town as of November 1, 1984 the dispatch center is now handling all emergency phone and radio communications for the Fire Dept. on a 24 hour basis. Again this year we have had an increase of between 75 and 100 new alarm systems installed in Bedford, both Commercial and Residential.

We are in hopes of improving Emergency Services even more in 1985 with the purchase of new and more modern equipment.

Paul J. Bolieau  
Chief of Dispatch

## ANNUAL REPORT OF THE SUPERVISORS OF THE CHECKLIST

The Supervisors of the Checklist report that 1029 new registrations were recorded in 1984. This represents an increase of Republicans from 3,033 to 3,488; Democrats from 1,450 to 1,771; and Independents from 1,565 to 1,818 for a total of 7,077 voters.

Residents are urged to register by filling out a form with the Town Clerk at the Town Clerk Offices from 8:30 to 4:30 Monday through Friday. Proof of age and residency is required.

Voters wishing to change their party affiliation may do so at the Town Office or when the Supervisors schedule open sessions which are mandated by law. In 1984, 14 sessions were held. These sessions are held on Tuesday evenings and Saturday mornings. Notices of dates and times are posted on the Town Office's Information Board, the Town Library Bulletin Board and published in the Bedford Bulletin and Union Leader.

The Supervisors thank Edith Schmidtchen, Town Clerk, and her staff for handling the majority of the registrations.

Respectfully submitted

Betty Folsom  
Doris Peck Spurway  
Beatrice Miller

**REPORT  
PUBLIC WORKS & HIGHWAYS DEPT.**

We are pleased to provide the following brief outline of activities of this department during the past year.

**HIGHWAY DIVISION** Our Town highway system has again been extended in mileage through the construction and addition of new streets servicing approved new residential subdivision developments. This continuing annual growth (by several miles each year) in our road system has reflected a budgetary need for item increases beyond the normal inflationary trend. In this regard, it has been difficult to prevent a gradual decline in some of our "on-going" road maintenance programs and services. An example of this concern can be seen in the need to annually extend the over-time use of personnel and equipment to a degree whereby substantial expansion of the department appears eminent.

The following major Town road upgrading and resurfacing projects were completed during the past summer months.

Smith Road	5,800 Lin. Ft.	Bedford Center Road	5,200 Lin. Ft.
Meetinghouse Road	2,200 Lin. Ft.	Chandler Road	1,100 Lin. Ft.
Worthley Road	1,200 Lin. Ft.	Rundlett Hill Road	3,400 Lin. Ft.
Cambridge Road	2,100 Lin. Ft.	Liberty Hill Road	3,500 Lin. Ft.
Essex Road	500 Lin. Ft.		

Additionally, many roads received major repair work at specifically deteriorated areas. An initial section of a major new storm drainage system was constructed on Plummer Road. Appropriated funds in the amount of \$50,000. have been escrowed (Town portion) for two intersection improvements on Route #3 (So. River Road) and engineering funds for possible improvements at the intersection of Back River Road.

**LANDFILL DIVISION** Our solid waste landfill dump site continues to expand commensurate with our continuing population increases. Our proposed budget this year has been increased to allow us to provide substantially more sand and cover material. It should be noted that landfill technology has been changing from year to year in an attempt to cope with increasing concerns for possible environmental contamination. Primarily on this basis of danger, we are currently proposing that the Town agree to a 20 year contract and become a "participating community" in the proposed Solid Waste Resource Recovery Facility to be constructed in Manchester, with a planned start-up date in 1987. Under this program the existing land-

fill site would be converted to a TRANSFER STATION and refuse would be transported to the private facility for disposal. The facility will incinerate the refuse and generate electricity from the steam by-product, defraying some of the community disposal cost. The initial "Tipping Fee", estimated at \$8.60 per ton of refuse, will only increase on the basis of an agreed upon indicator of inflation.

**SEWER DIVISION** Our newly constructed municipal wastewater sewer system is currently approaching the initial full year of operation. While the system requires daily attention and control adjustments in the river crossing facilities, we have not encountered and major deficiencies in design. We have had several privately financed sewer line extensions of service and are currently handling a volume capacity nearing 100,000 gallons per day.

The daily technical aspects of this operation are being performed by one fulltime sewer technician with some part-time assistance. The records and bookkeeping procedures, as well as the quarterly sewer user billings, have been incorporated into the functions of the Public Works office.

**MISCELLANEOUS** This office has continued to provide technical and engineering services to several other departments, boards and commissions. Additionally, we have continued to provide construction and snow plowing equipment for the schools and all other municipal facilities.

Armand A. Dugas  
Public Works Director

# BIRTHS REGISTERED IN THE TOWN OF BEDFORD, N.H., FOR THE YEARENDING DECEMBER 31, 1984

Date of Birth	Where Born	Name of Child	Name of Father	Name of Mother
January 7	Manchester, N.H.	Kristin Macaulay Nelson	Richard A. Nelson	Kathleen Macaulay Jones

Earl Legacy  
N. Suzanne Tyrie  
**SCHOOL BOARD**

## **TO THE CITIZENS OF BEDFORD:**

The Bedford School Board again enrolled the help of citizens, administrators, parents and teachers in studying major issues of concern:

A Program Review Committee was charged with providing the Board with information on:

1. A longer school day or longer school year.
2. The best way to provide curriculum development.
3. The existence of more economical or practical ways to transport elementary, middle and high school students than our current practice.
4. Current programs being taught that are required, desirable or not required.
5. Programs that should be added, modified or eliminated.
6. Whether neighborhood schools are desirable or feasible?

During negotiations it became evident that teachers in Bedford were concerned for the future of their profession. A Teachers Needs Committee was established to address issues facing teachers and schools. Major topics under discussion are:

1. Establishment of a career-ladder with different roles for beginning teachers, experienced teachers and master teachers.
2. Ways of attracting quality teachers to our community as well as maintaining incentives to retain our veteran teachers.
3. Prospect of year round employment or extended year employment.
4. Salary incentives such as merit pay to encourage excellence.

New Hampshire schools now face major shortages of qualified teachers in some subject areas and could face shortages in many more areas in the near future. The quality of the teachers we attract and retain to teach our children will be dependent on how we address these issues and on whether we look at educational spending as an expenditure or an investment.

A broad-based committee met throughout the year to review the procedures for the placement of first year students in the Bedford

Public School system. The Board approved the committee's recommendations that:

1. Public information is needed. An understanding of expectations of incoming students is imperative.
2. An extensive program of screening needs to be provided for first year entrants.
3. More information needs to be gathered by the placements team, prior to a decision.
4. A feasibility study for a Public Kindergarten needs to be undertaken as soon as possible.

A survey of this year's first grade parents showed overwhelming approval of the entrance procedures. We are greatly appreciative of all the time and efforts that went into achieving this approval.

The Board wishes to thank all those who unselfishly gave of their time and talents to serve their schools this past year. Their service will benefit all children who attend our schools.

Bruce Bridges resigned from the Bedford School Board this year. We were fortunate to have Earl Legacy agree to finish the unexpired term. The Board has greatly benefited from Mr. Legacy's past experience as a budget committee and school board member.

Bedford continues to grow and this is putting space pressures on the school buildings. The Memorial and Peter Woodbury sites are built to capacity. While the McKelvie site allows room for expansion, the School Board continues to feel that additional land will be needed in the future. The School Board has commissioned a local realtor to locate a suitable property to meet these future needs. He is actively working on this project.

It has been my pleasure to serve on the Bedford School Board for nine years. I leave with a genuine respect for the "Leadership Team" and the many teachers who have continually shown their dedication and caring for children. I applaud their sense of responsibility, their willingness to hear and respond to the wishes of the community, their vision and their professionalism.

Bedford parents and citizens have a right to be proud of their schools.

N. Suzanne Tyrie  
Bedford School Board Chairman

**BEDFORD SCHOOL DISTRICT  
SCHOOL WARRANT  
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District in the Town of Bedford, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the McKelvie School in said district on Thursday, March 14, 1985, at 7:30 P.M. in the evening to act upon the following subjects:

**ARTICLE I.** To see if the District will vote to raise and appropriate the sum of \$119,000 as a deficiency appropriation, said sum to be made available to the School Board and School District prior to June 15, 1985. Said sum to exceed the 1984-85 appropriation by \$119,000 for the purpose of paying the increase in high school tuition to Manchester.

**ARTICLE II.** To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of the school district and agents and for the statutory obligations of the district.

**ARTICLE III.** To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the school district meeting, money from any source which becomes available during the fiscal year provided it meets all conditions of RSA 198:20-b.

Given under our hands at said Bedford this 11th day of February 1985.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE CITIZENS OF BEDFORD

The 1983-84 academic year was particularly active in the areas of program review, revision and development. Literally hundreds of people participated directly or provided ideas and input that assisted in shaping the programs of the district for school year 1984-85 and beyond. Perhaps the most comprehensive of these studies dealt with the placement procedures for first year entrants to the Bedford Public Schools. Using surveys, public forums and long hours of analysis and discussion the program leading to placement of our first year students was reorganized to be more responsive to the needs of students and parents. The new procedures were implemented during the Spring of 1984 and all indications are that they were successful and well received.

Curriculum development included new documents guiding instruction in Industrial Arts, Home Economics and Study Skills ("How To" Curriculum) that have been approved by the Bedford School Board and implemented in academic year 1984-85. A major revision in Language Arts was also completed, approved and implemented in September 1984. These programs were produced as a result of the commitment of time and energy from the professional staff members of the School District and reflect their continued desire to implement programs of high educational merit within the Bedford schools. Objectives for a comprehensive Computer Education Program were also approved by the Bedford School Board. These came as a result of the continuing efforts of the Computer Education Advisory Committee made up largely of Bedford residents with High-Tech backgrounds. These objectives establish the direction and commitment of the School District not only in teaching and learning about computers but in teaching and learning by using computers.

During 1983-84 all three Bedford School Staffs affirmed an emphasis on Drug and Alcohol Education for all students. Cooperation with the Bedford Positive Action Committee, introduction of new instructional programs, evening programs for the community, and strengthening existing programs characterized this effort. Most noteworthy was the inclusion in the 1984-85 budget of a half-time professional person to serve as a resource to the youth of the community in this vital area. The willingness of Bedford parents to address the issue was manifested by their support for this position at the Annual School District Meeting.

For a number of years the Bedford School Board has included an objective aimed at establishing and maintaining trust and communication between all segments of the educational community. Four evening meetings hosted, in turn, by administrators, teachers, Bedford PTG and School Board were directed toward this goal. The establishment in the Spring of 1984 of a Teacher Needs Committee, consisting of representatives of the four groups has been designed to continue this effort to maintain positive and productive relationships within the schools of the District as well as to serve as a forum to address thoughts and concerns of the professional staff.

As a result of reports received by the Bedford School Board through the summer of 1984 three areas of study for 1984-85 were identified and organized. They were a proposed program in Foreign Language instruction, a feasibility study of Public School Kindergarten and a proposed program serving Gifted and Talented Students. Both the Foreign Language instruction and Gifted and Talented Education studies were designed to be completed for consideration by the Board when they underwent their budget development process for 1985-86. The kindergarten study included four distinct phases and was designed for conclusion and recommendations prior to the preparation of the budget for 1986-87. All three studies are a result of expressions of community interest, School Board objectives and the continuing desire of professional staff to be responsive to the needs of students into the 1990's.

The presence of asbestos in the public schools has been a major concern of both school and health officials throughout the nation.

Because of this concern all schools in Bedford were inspected by a consultant from the Division of Administration of the Department of Education of the State of New Hampshire. During the inspection, friable asbestos material was found in the ceilings of the original section of the Memorial School. However, both Peter Woodbury and McKelvie were found to be free of friable asbestos containing material.

The Bedford School Board, upon notification that friable asbestos had been found in the Memorial School, authorized additional testing and air sampling. The testing and air sampling was conducted by IHS and Company, Inc., Old Wilton Road, Mont Vernon, N.H. 03057. Based upon the sampling and testing, the following recommendations were made: "That all ceilings should be examined periodically. As soon as any deterioration is noticed, work should be initiated to seal and encapsulate and/or remove damaged material."

In August of 1984, the school buildings were again inspected for compliance with the Toxic Substance Control Act by a representative of the United States Environmental Protection Agency. On October 11, 1984, a letter was received from Paul Heffernan, Regional Asbestos Coordinator for the United States Environmental Protection Agency in which it was stated that the Bedford School District has satisfied the requirements of the "Asbestos in Schools Rule" and that the school district has a continuing obligation to comply with this rule at all times. The school district is continuing to inspect the ceiling material for any damage and make the necessary repairs.

However, the Bedford School Board in the near future must decide the issue of whether this friable asbestos containing material should be entirely removed from the school thus the elimination of any potential health hazard. In addition, the Board will be deciding as to whether to join with other school districts throughout the nation in several pending legal class action suits against various manufacturers of asbestos materials or to pursue individual litigation on behalf of the district to recover any costs that may be incurred for the removal of this asbestos material and its replacement with a suitable substance.

My last report concluded that our current school facilities may be commensurate with the current and projected enrollments until 1990 unless we experienced pupil immigration or we increased or expanded programs. Our grade 1-5 enrollment for 1984-85 was projected to be 846 whereas we actually enrolled 878. This represents an increase of nearly 1.5 classrooms. This impact is at the six year old level and will require our instant review. If this continues it will impact on all eight grades and require additional school facilities. It is none too soon to study this possibility.

The Program Review Committee appointed to review selected areas of concern has yet to render its final report. This report in addition to a forthcoming Teacher Needs Report, may point the way to significant changes in the district.

In conclusion, I commend the continued support of the residents of Bedford and its elected School Board Members for providing an excellent learning environment for the children of Bedford.

Respectfully submitted,

C.H. Leavitt  
Superintendent of Schools

## REPORT OF THE McKELVIE SCHOOL PRINCIPAL

To the Citizens of Bedford,

The September, 1984 enrollment was 567 students. The eighth grade graduating class of 1984 consisted of 215 students. As has been the case since the construction of the Memorial School addition, the McKelvie School houses grades six, seven, and eight. With the addition of one Home Economics teacher, one Industrial Arts teacher, and a Counselor, the school has regained full middle school/junior high school approval status from the New Hampshire Department of Education, Division of Instruction Services.

Four new staff members were employed by the Bedford School District as of September 1, 1984. Nannette Pope was employed as a seventh grade language arts teacher. She served as a permanent substitute in that position last year. Raymond Ross was employed as an industrial arts teacher, Susan Trudel was employed as a home economics teacher, and Jonas Taub was employed as a school counselor/community youth worker. The position of Community Youth Worker was created as a response to last year's drug and alcohol awareness programs that were sponsored by the Bedford Positive Action Committee (BPAC). The Community Youth Worker provides direct counseling services to students in the Bedford Schools and to Bedford students enrolled at Manchester West High School. He is also responsible for community awareness programs and preventative educational programs in the classrooms. Another part of Mr. Taub's job is to serve as a part time McKelvie School Guidance Counselor.

Program and curriculum work continues at the McKelvie School. Since the previous annual report, new curriculums in industrial arts and home economics as well as a curriculum guide for computer education have been completed. The Language Arts Department has completed a revision of their curriculum. A "How To" Study Guide has been written for use by teachers with their students. This guide offers suggestions to assist students with listening, writing and study skills. The interscholastic athletic program has written guidelines adopted by the School Board for student athletes and coaches. A proposal to add modern foreign language studies has been developed and will be considered in the 1985/1986 budget. Textbook purchases last year, this year and proposed for next year will complete the replacement process in language arts and mathematics. This will provide new mathematics texts in all three grades, new literature texts in all three grades, new spelling books in each grade and new grammar texts in grades six and seven.

Beyond the basic curriculum, the McKelvie School continues to offer many opportunities to students. Athletics, both intramural and interscholastic, offers competitive sports; the music department has both instrumental and choral performing groups; the McKelvie Players present musicals on an annual basis; and students were able to participate in various leadership and academically oriented programs such as Olympics of the Mind, MERIT (McKelvie Enrichment Research Interest Time), the American Industrial Arts Students Association and the Future Homemakers of America.

In conclusion, again this year the community continues to support our school through many hours of volunteer work and through donations of equipment from many service organizations. On behalf of the students and staff I wish to thank everyone who has helped to make this school effective and a positive place for students.

Respectfully submitted,

Robert G. Cook, Principal

## REPORT OF THE PRINCIPAL MEMORIAL AND PETER WOODBURY SCHOOLS

The present enrollment of 897 students in the Primary Unit includes 501 children at Memorial and 396 at Peter Woodbury. This represents an increase of 53 students from the same time period last year. The steady pupil growth over the last few years as well as the addition of new staff members has created a focus on the need for additional classroom space in the Primary Unit. An increase in the number of the staff members recommended in this year's budget will utilize virtually all remaining classroom teaching space at the Memorial and Peter Woodbury Schools.

The recommendations set forth in the revision of the language arts curriculum for the Primary Unit have been put into place. The purchase of the new language arts texts for grades four and five will complete the process of implementing the suggested revisions. Improving the quality of student writing has been an area of major emphasis during this school year. All Primary Unit classroom teachers have attended a series of workshops directed at developing students' writing skills. The focus on the writing process will continue to be a major emphasis of Primary Unit teachers.

We continue to place a major focus on the theme of safety with emphasis on drug and alcohol awareness. There is an ongoing program using films along with teacher explanation and discussion related to child abuse and sexual abuse. In conjunction with the Bedford Police Department, programs are held annually for our students in order to help them learn how to handle situations dealing with strangers. Such programs are conducted at specific grade levels each year. Bicycle safety is reviewed at appropriate times during the school year. In a related issue, we have instituted a procedure requesting all parents to call the school on mornings that their child is absent. If no call is received by the school, a call in turn is placed to the home or parents' place of employment to verify the child's absence.

An Ad Hoc Committee established by the school board to review the entrance procedure for incoming students met during the latter part of 1983. The committee initially reviewed the entrance procedure as it existed and, along with input collected from parents' surveys and three public meetings, used that information to develop specific recommendations to the school board. The resulting recommendations, a majority of which were instituted that spring with the incoming group of new students, included the following: A community

information program directed at explaining the entrance procedure as well as the developmental emphasis should be offered. The various instruments and procedures utilized in the entrance screening were also to be explained. Information on the importance of an extra year and why it is educationally appropriate for some children was also shared. The committee definitely felt that there was a need for more information prior to any placement recommendation. The importance of a multi-criteria base to make the decision related to placement, including consideration of parental and kindergarten input as well as any test results, was emphasized. The results of a parent survey conducted this fall indicated that reception to the revised procedure was positive. Parents felt much more informed and more a part of the decision making process.

An Ad Hoc Committee was established by the school board as a result of the recommendations of the entrance procedure committee to look at the possibility of public kindergarten in Bedford. The Bedford group joined and worked with a like group from Merrimack during the fall months to research and draw conclusions from a variety of data that would establish the merit or non-merit of a public kindergarten program. It was the conclusion and recommendation of the Bedford committee to the school board that a public kindergarten be established.

Through the generosity of the Bedford PTG group, seven computers have been donated for use in the Primary Unit over the last two years. This has allowed teachers to begin the implementation of computer education with our students. Several staff members have taken courses and/or workshops related to the use of computers in the classroom and taken the initiative to implement specific programs with their students.

Administrative objectives for the Bedford Primary Unit 1984-85 school year include the following:

1. Continue the ongoing objective of supporting all efforts to produce effective communications among staff, students, administration, school board, and community.
2. To facilitate the organization of the appropriate teacher workshops and monitor the implementation of the Writing Process program in the Primary Unit.
3. Implement and monitor the revised entrance procedure for first year students in the Bedford School District.

4. Initiate the planning and organization phase of the evaluation of the Primary Unit Schools and program which will be conducted during the 1985-86 school year.
5. Work to facilitate the implementation of the computer, language arts, "How To", physical education, and drug and alcohol abuse curriculums.

On behalf of students and staff, I extend thanks to all the volunteers who have come into our schools. The active support of the Bedford PTG is greatly appreciated. I extend my appreciation to all who have helped to carry on the educational process in the Primary Unit.

Respectfully submitted,

Arnold MacDonald

**SCHOOL DISTRICT MEETING  
BEDFORD, N.H.  
MARCH 15, 1984**

The annual Bedford School District Meeting was held on Thursday, March 15, 1984 in the McKelvie School. Seated on the stage were School Board members Elaine Tefft, Suzanne Tyrie, Margaret Comiskey, Bruce Bridges and Mary Ann Strong; Superintendent of Schools, Claude Leavitt and Assistant Superintendent, Raymond Raudonis.

School District Moderator, Eugene Van Loan III opened the meeting at 7:40 p.m. There were approximately 150 people present. Msgr Hines of St. Elizabeth Seton Church gave the invocation. Moderator Van Loan led the Pledge of Allegiance. He then read the results of the town and school elections held on March 13, 1984.

Prior to commencing with Article I, Mrs. Tefft moved we advance Article III to 1; motion seconded by Mrs. Strong. Mrs. Tefft addressed the motion stating since Article III carries a money figure, it should be dealt with before the budget. Vote on the motion passed.

Article III is to see if the District will vote to raise and appropriate the sum of \$50,000 as a deficiency appropriation, said sum to be made available to the School Board and School District prior to June 15, 1984. Said sum to exceed the 1983-84 appropriation by \$50,000 for the purpose of paying the increase in high school tuition to Manchester. Mrs. Tefft moved the article; seconded by Mrs. Strong. Mrs. Tefft explained that Manchester had not billed us enough to cover the cost of students attending West High School. The bill presented was for \$2200 per student and the actual cost came out to be \$2306 per student. Vote on the motion passed.

Article I - to see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of the school district and agents and for the statutory obligations of the district.

Ed Moran, Chairman of the Budget Committee made a motion that the Budget Committee's budget of \$6,501,289 be adopted; motion seconded. Mrs. Strong made a motion to amend the appropriation by \$243,366; motion seconded. She addressed the motion. She said they had not come to a conclusion in negotiations with the teachers and now they have; thus the increase of \$243,366.

Marian Villeneuve asked if we have not seen this before tonight, is it legal for us to act on this budget. Mr Van Loan said any figure that has gone before the Budget Committee can be dealt with and may be

increased by up to 10%. She asked if this figure addresses any other items than teacher's salaries. Mrs. Strong said this is for teachers, administration and support staff. Marc Jolicoeur asked if this figure included the additional Industrial Arts and Home Economics teacher. Mrs. Strong said we will address additional personnel later.

Chris Specht teaches IA for the PTG and spoke in support of the 2 positions. Arthur Tucker asked how they arrived at these salary figures. Mrs. Strong explained under the contract teachers receive 6½% increase, administration 6% and support staff 5%. Joe Flaherty would like the Budget Committee's comments.

Ed Moran said they just received this information about an hour ago so it is difficult to react to it. Tom Riley of the Budget Committee asked for clarification in the total increase in salaries. Mrs. Strong said the contract includes a salary schedule and each year the teachers move up a step. There is a 2.3% increase between each step until they reach the top of the scale. Marc Jolicoeur said the most valuable asset we have are the teachers who will be teaching our children. These wages are not exorbitant and are well within range. Vote on the amendment to increase the budget by \$243,366 passed.

Mr. Van Loan then went over each line item in the budget. Under 1100 - Regular Programs, Mrs. Comiskey made a motion that this figure be increased by \$20,000; motion seconded. She addressed the motion stating \$30,000 was included for a Home Economics and Industrial Arts teacher from which the Budget Committee cut \$20,000. She indicated there has been an increase in students at McKelvie by 300 and we still have the same staff to teach them. Marc Jolicoeur spoke in favor of the amendment. Bob Allan of the Budget Committee said we are adding 2 teachers for which we have no classrooms; he spoke in opposition. Paul Remus spoke in favor. Chris Specht spoke in favor stating the children need to know about basics. Edith Schmidtchen asked if this was adding one or two teachers. It is one Home Economics and one Industrial Arts teacher. She asked about any expansion in buildings. Mrs. Strong suggested everyone read the superintendent's report which indicates our situation at the present. We presently have one unused classroom in each building. If we should have a population explosion in the next few years, the board will certainly have to consider the building situation. However, the board is not presently contemplating any expansion.

Marion Villeneuve said she has very mixed feelings about this and suggested maybe we could cut out Industrial Arts for the 6th graders. If we keep saying yes, our budget will keep going up. Margaret Collins feels the School Board has addressed each item individually and came up with only a very few additions. Vote on the motion to increase the budget by \$20,000 passed.

1200 - Special Programs - Arthur Tucker asked the reason for the increase. Mrs. Strong said we have 252 children in out of district placement, many full time. We have 218 children in special education programs locally. Marion Villeneuve asked what the salary increases were. Mrs. Strong said they are for the special education teachers in our own system. Marc Jolicoeur asked if this is out of our control. Yes, this is all federally mandated plus an increase in special education transportation. Nancy Damour said if these programs are mandated, and were not passed in the budget, what would happen. We would have to take it out of our regular programs.

1210 - Guidance - Mrs. Tyrie made a motion to increase this item by \$22,000; seconded. Mrs. Strong addressed the motion indicating this is for the position of guidance counselor/youth drug counselor. She said there are too many students at McKelvie for one counselor to handle. This year they tried to share the counselor from Peter Woodbury and McKelvie benefited but Peter Woodbury suffered. She stated this position is sorely needed. Mrs. Tyrie strongly urged support of this position. Arthur Tucker wanted to know how the Budget Committee arrived at their figure which is down from the School Board's figure. Leo Gauthier of the Budget Committee said they eliminated this position and that is the difference. He stated it was not a unanimous vote by the Budget Committee. He feels this position is more important than the Industrial Arts and Home Economics teacher. Shirley Aumand spoke in favor stating this is for the benefit of our children and their future and the state is 100% in support of this. Marion Villeneuve suggested the counselor in the primary grades go between McKelvie and the primary. Ann Remus spoke in favor of this and feels the primary counselor is needed full time in the primary grades. Ellen Shapiro feels drugs are a social problem and have to be dealt with by a special counselor not just a guidance counselor. Carol                      feels we need a full time counselor in the primary grades to nip problems in the bud. She spoke in favor of the new position. Vote on the motion to amend the budget to increase it by \$22,000 called for; Tom Riley is concerned about voting on these amendments to the budget when the original motion was to vote on a budget figure. Vote on the motion passed.

1122 - Deficit appropriation - Stan Tefft asked for an explanation since we already voted on this \$50,000 in Article III; why is it in the budget again. He feels this is duplication. Mr. Van Loan explained that even though it was a separate article, since it contains a money figure it has to appear in the budget.

Eugene Van Loan, Jr. feels the negotiations by the teachers put the Budget Committee in a bind to wait until the last minutes to reach agreement. He feels this is a squeeze play on the part of the Teachers Association and does not feel enough time has elapsed.

The total amount of the budget that has been moved and amended is \$6,786,655. Vote on the motion to accept the budget in the sum of \$6,786,655 passed.

Article II - To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the school district meeting, money from any source which becomes available during the fiscal year provided it meets all conditions of RSA 198:20-b. Mr. Bridges moved the article; seconded; vote on the motion passed.

Earl Isham of the Richard K. Harvell VFW Post #8401 sponsored the "Voice of Democracy" contest and the winner was Ann Pelletier of Bedford. He presented her with the award.

Sue Tyrie read a resolution as follows: Wherefore, Kazys Daugela, better known as Charlie, has rendered outstanding service to the District; Whereas, he has given generously of his time and talents for the past ten years advising the board in its search for land for future school use; Whereas, he is concerned for quality education in Bedford, be it resolved: that this Annual School District Meeting convey an expression of thanks and appreciation to Charlie for these past services. Motion was made to adopt the resolution; motion seconded; vote on the motion passed.

Anna Van Loan said she has a question on the revenue side of the budget. She does not see the line item for the \$80,000 which was left in the land fund last year. Supt. Leavitt addressed this. Mrs. Van Loan would like to know if the School Board has had any discussion about returning the \$80,000 to the School District for the reduction of taxes. Supt. Leavitt said the School Board is actively searching for land and therefore does not intend to return this money. Mrs. Van Loan does not agree with this.

Chirs Specht said he does not like getting a paper given to us today; he feels we should have this information 3 weeks ahead of the meeting so we can study it. Peter McGee spoke on behalf of the Bedford Teachers Association regarding negotiations and apologized for it taking so long. He said they did not attempt to use this as a tactic.

Motion to adjourn; motion seconded; passed. Meeting adjourned at 9:20 p.m.

Martha Harris  
School District Clerk

## ACCOUNTANT'S REPORT ON COMPLIANCE

To the Members of the School Board  
Bedford School District  
Bedford, New Hampshire

We have examined the combined financial statements of the Bedford School District as of and for the year ended June 30, 1984, and have issued our report thereon dated September 21, 1984. Our examination was made in accordance with generally accepted auditing standards, the provisions of "Standards for Audit of Governmental Organizations, Programs, Activities and Functions", promulgated by the Comptroller General, which pertain to financial and compliance audits; the Office of Management and Budget's "Major Compliance Features of Programs Administered by State and Local Governments" (the approved compliance supplement); and, except as described in the following paragraphs, provisions of Office of Managements and Budget (OMB) Circular A-102, "Uniform Administrative Requirement for Grants-In-Aid to State and Local Governments", Attachment P, "Audit Requirements" and the Guidelines for Financial and Compliance Audits of Federally Assisted Programs (Guidelines), and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The reporting objectives for compliance audits contained in the Guidelines suggest an examination of all transactions for compliance purposes, as opposed to the selective testing required by Attachment P; therefore, we have followed the reporting objectives of Attachment P. In addition, the Guidelines do not provide sufficient guidance for determining the representative number of charges to be examined and performing the procedures to ascertain compliance. Accordingly, we utilized other materials as supplements in those areas.

Attachment P requires that the examination include a determination of whether the Federal financial reports (including financial status reports, cash reports, and claims for advances and reimbursements) prepared by the Bedford School District contain accurate and reliable financial data. We have been informed that OMB interprets the phrase "accurate and reliable financial data" to mean that the Federal financial reports present the underlying financial data of the grants within limits that are reasonable and practicable to attain under the circumstances.

In our opinion, except for the matters that might have come to our attention had our examination encompassed the provisions of the Guidelines referred to in the second preceding paragraph, for the

tested operations and records, the Bedford School District complied with the material terms and conditions of its Federal grants, contracts and agreements, and the tested Federal financial reports present the underlying financial data of the grants within the limits described in the preceding paragraph. Further, based upon our examination and the procedures referred to above and except for the matters that might have come to our attention had our examination encompassed the provisions of the Guidelines referred to in the second preceding paragraph, and except for the enclosed items, nothing came to our attention to indicate that the Bedford School District had not complied with the compliance matters referred to above, and the Federal financial reports do not present the underlying financial data of the grants within the limits described in the preceding paragraph.

### **Food Service Fund**

1)Our review of the food service fund disclosed that the School District has net cash resources on hand June 30, 1984, in excess of three months average expenditures, contrary to the National School Lunch Program regulations and without approval from the State agency. The amount is computed as follows:

Net Cash Resources	\$70,946
Three Months Average Expenditures	( 54,900)
Excess Net Cash Resources	\$16,046

If such resources exceed three months average expenditures, the State may require the School District to 1) reduce the children's prices, 2) improve quality or 3) take some other action designed to improve the food service. If the State does not choose one of these options, then it must adjust the reimbursement rates for the school food service.

2)In addition any interest earned on investing food service fund cash with general fund cash should be allocated to the food service fund and used only for the operation or improvement of the non-profit food service fund in accordance with the regulations.

This report is intended solely for the use of the Bedford School District and the cognizant audit agency and should not be used for any other purpose.

Carri, Plodzik & Sanderson

**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 1984**

Long-term debt payable at June 30, 1984, is comprised of the following individual issues:

**General Obligation Debt**

\$590,000 1963 School Bonds due in annual installments of \$25,000 through November 1, 1984; interest at 3.20%	\$ 25,000
\$700,000 1966 School Bonds due in annual installments of \$35,000 through June 15, 1986; interest at 4.10%	70,000
\$1,200,000 1972 Elementary School Bonds due in annual installments of \$80,000 through December 1, 1987; interest at 4.70%	320,000
\$1,000,000 1978 Memorial School Addition Bonds due in annual installments of \$70,000 through November 15, 1983 and \$65,000 through November 15, 1993; interest at 5.70%	<u>650,000</u>
<b>Total</b>	<b><u><u>\$1,065,000</u></u></b>

The annual requirements to amortize all debt outstanding as of June 30, 1984, including interest payments, are as follows:

**Annual Requirements to Amortize Long-Term Debt**

Fiscal Year Ending	General Obligation Debt		
June 30	Principal	Interest	Total
1985	\$ 205,000	\$ 51,628	\$ 256,628
1986	180,000	42,327	222,327
1987	145,000	33,428	178,428
1988-1994	<u>535,000</u>	<u>92,652</u>	<u>627,652</u>
<b>Total</b>	<b><u><u>\$1,065,000</u></u></b>	<b><u><u>\$220,035</u></u></b>	<b><u><u>\$1,285,035</u></u></b>

All debt is general obligation debt of the School District, which is backed by its full faith and credit.
