SELECTMEN'S REPORT

Times are definitely changing in our quiet, little town, and some of the changes are not very welcome. Over the past three or four years both the volume and significance of issues coming before the selectmen have increased, and so has the difficulty of the decisions we're being required to make. Some of these decisions are not the selectmen's alone, and those show up on the warrant for town meeting.

Now everyone wants a short town meeting and we complain about long warrants, but perhaps there is no other way to run a democracy than for all of us to work our way together through the decisions that have to be made. It then becomes our job as selectmen to do our best to see that townspeople receive as good and as complete information as possible to make those decisions.

Along with many other towns in New Hampshire, the demands which our small town is experiencing are often in direct conflict with each other. To take a small, but perennial example, when we have snow or ice storms there is a surge of demand for better road maintenance, but when it comes time to add another truck or replace an old one there is reluctance to increase the budget. Everyone, selectmen included, is worrying about the tax rate.

In Hancock, townspeople are frequently quite supportive of the selectmen's recommendations, but that support is being strained by ever larger budgets caused by rising costs and the need to maintain and replace the buildings and equipment we already have. In addition, there are the cost of improvements and the inevitable costs resulting from normal growth.

Another example of the conflict we all face may be seen in the police department. The old system of using "specials" became impracticable when long overdue improvement in state standards and the growing tendency to sue combined to make being a "special" less feasible both for a working person and for the town. In 1989 we added a second fully-trained, full-time police officer. Police officers cost money in salary, equipment, and supplies, but all of us want the security of being able to rely on a prompt response when we need it. Further, there is just no way around the fact that while there are 168 hours in a week, in most jobs 40 hours is considered a normal work week; how many hours can we reasonably expect our police to work? If we want a full-time police response, we are faced by the conflict between the demand for coverage and the expense it engenders.

Similar issues exist in every facet of town government, and such thorny issues are difficult for all of us, but the most difficult one of all is the question of who is going to do the work required to administer it all. Suitable

people for the paid positions are possible to find, and there is still a willing pool of capable volunteers for specific projects, but the pool of townspeople who are willing to run for elected positions such as selectman seems to be shrinking. The primary reason that everyone cites is the amount of time the job requires, and should not be confused with a lack of concern for the way the town is run.

Selectmen set policies for the town, but first they have to research, develop, and write them; then they also must administer them, oversee their implementation, monitor the budget, and keep an eye on every other town activity. As town government becomes more complex, the sheer quantity of work needing attention does in deed demand more and more time.

We have all been reluctant to consider a change in how we handle this job, but given the reaction of the dozens of people who have been approached and refused to take it on, perhaps it is at last time to consider hiring a town administrator and let the selectmen go back to setting policy.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Hancock
Hancock, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Hancock and the combining and individual fund financial statements of the Town as of and for the year ended December 31, 1989, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Hancock at December 31, 1989, and the results of its operations and the changes in financial position of its nonexpendable trust funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town at December 31, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

The entire report is available for
inspection at the Selectmen's office.

INDEPENDENT AUDITOR'S OPINION

Members of the
Board of Selectmen
Town of Hancock
Hancock, New Hampshire

In accordance with the laws of the State of New Hampshire (R.S.A. Chapter 41 Section 36), we have audited the books, records, and accounts of Irene Bozogan, Tax Collector of the Town of Hancock, New Hampshire for the period January 1, 1989 through June 30, 1989, and as a result of our audit submit the following exhibits as listed in the accompanying table of contents. Our audit was made in accordance with generally accepted auditing standards applicable to cash transactions of this type and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying exhibits present fairly the activity in the accounts of Irene Bozogan, Tax Collector, arising from cash transactions for the period January 1, 1989 through June 30, 1989 on a basis consistent with that of the preceding year.

The entire report is available for
inspection at the Selectmen's office.

HANCOCK FIRE DEPARTMENT

The breakdown of the 124 calls for the year is as follows:

51 Rescue Calls	24 Mutual Aid Calls
9 Chimney Fires	7 Brush Fires
1 House Fire	24 Misc. Calls
8 Auto Accidents	

The new tank truck was delivered in March. After installing shelves and draws in the cabinets it was put into service. The new lower design of the tank makes it handle much better and is much safer on the road.

With training now being held twice a month, there were over 1700 hours of training held this year. This does not include the eight men that are in a 100 hour certified fire fighter course, or the course taken at the Meadowood Fire School in the spring and fall.

This year, we are asking for money to give all the members Hepatitis shots, Emergency responders are five times as likely to catch Hepatitis as the general public. The U.S. Department of Health and Human Services, the town's insurance carrier and the N.F.P.A. strongly recommend that all emergency responders have the shots.

This year we are also asking that one man be trained in a 40 hour class in Hazardous Materials. The possibility of a call for hazardous materials increases all the time.

The Fire Department also asks that if you have a problem and need help, call the emergency 1-352-1100 number not individual firemen. This not only takes more time, but it puts an extra burden on the firemen.

Robert Kierstead, Fire Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During the calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without written permission of a Forest Fire Warden, children and debris burning fires that escaped control. All of these causes are preventable, but only with your help.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden or the Division of Forests and Lands at 271-2217.

HANCOCK TOWN LIBRARIAN REPORT

For the staff and volunteers of the Library, 1989 was an exciting year. Construction of the Daniels Room was completed, the new furniture was delivered, the books were arranged and rearranged and finally the new Hancock Town Library was complete.

On June 24 a dedication ceremony was held in the Daniels Room to honor those people who donated time and money to this project. At the conclusion of her speech relating the history of the Library, Doris Rogers said, "The Hancock Town Library is now ready to enter the 21st Century."

In order to comply with New Hampshire Confidentiality Laws, the staff began issuing numbered library cards in September and by the end of the year 370 adults and 65 children (first grade through age 12) were registered.

A 26% increase in circulation over 1987 (the last full year of operation) reflects the appreciation of the people of Hancock for the new facilities. The childrens circulation increased from 5599 books in 1987 to 8793 books in 1989.

The staff of the Library, Marge Hastings, Icy Lent, Sue Roper and Mary Ann Hitchcock, have devoted many extra hours to ensure the smooth running of the Library in 1989 and look forward to serving the patrons in 1990.

The following volunteers contributed a total of 1182 hours during 1989: Mary Ann Auth, Thelma Babitt, Janet Beach, Bea Dechert, George Dechert, Joan Drinkwine, Dot Grim, Betty Gunther, Shirley Kane, Edgie Kokoski, Wales Meisinger, Mary Sheehan, Lewis Tuttle, Marjorie Tuttle, Ruth Viall, and Barbara Woods.

HANCOCK LIBRARY TRUSTEES REPORT

For the trustees and staff of the Library, a major goal for 1989 was to learn how best to operate the newly expanded building facilities. Another key goal continued to be to encourage the maximum use of the Library by all the people of the town. The year's operations produced great progress toward both goals.

The major questions during the year included the following:

1. What new or revised policies would be necessary to encourage the widest use of the facilities?
2. What would be the increased costs of operating the expanded facilities?
3. After the completion of the building program, what funds would remain to be added to the endowment funds to help defray the higher costs of operating the enlarged facilities?

By yearend, the trustees and staff had developed preliminary answers to these questions.

1. With respect to the first question, it was found that most previous policies and procedures continued to meet the new requirements. Some new policies, however, became necessary. The trustees, for example, decided to encourage the use of the Daniels Room free of charge by all appropriate town organizations. At yearend, it appeared that this policy could be continued without placing an undue financial burden on library funds.
2. With respect to the second question, it became obvious that some operating costs such as heat and light would increase marginally because of the continued ingenuity of the Library's dedicated staff and the continued availability of its enthusiastic volunteers. It would, therefore, be possible to continue library operation at the level of town appropriation customary in the past. For many years, the town has paid only one third of annual operating expenses. Two thirds have been met by income from endowment funds. Most neighboring towns pay from 80 to 100 per cent of annual costs.
3. An exact answer to the third question of how much construction money will remain to be added to the endowment funds will have to be determined in 1990. A few construction items still remain to be completed in the coming year. In addition, unfortunately, as a result of financial difficulties experienced in mid-1989 by Dayspring Builders, the building contractor, final construction costs will not be known until 1990. It is already apparent, however, that sufficient funds will become available for addition to the endowment funds to permit operation of the expanded facilities with the same general level of financial support as provided by the town in the past.

At yearend, the trustees are pleased with the results of the building plans. The services of the staff and volunteers have been exemplary. The use of the library by the people of Hancock, children and adults, has increased substantially.

HANCOCK PLANNING BOARD

This has been an interesting Planning year. Meetings and hearings with the National Radio Astronomy Observatory, to weigh and measure whether their desire to locate in Hancock could be acceptable to the Town's ordinances, regulations, and desires, were time consuming, created significant hours of extra Planning effort and a special Town Meeting. Residents observed and acted with diligence and, overall, asked enough questions and made enough suggestions to guide the Board to a proper conclusion.

There was a 10-lot subdivision in May that required until December to conclude. In this, and in the work with NRAO, Perreault and Boisvert guided us in many, important engineering matters; and, similarly, Phil Runyon of Runyon and Sweeney, Attorneys, counseled us expertly in legal considerations and decisions. We appreciate the Selectmen for working with us to obtain these excellent, professional assistances.

We processed 17 application for subdivisions and boundary line adjustments, and the town saw its first, two condominium applications. The 1989 warrant introduces proposed modifications and new articles to the Zoning and Building Ordinances, and several changes and additions to the Subdivision Regulations, all of which are meant to be better controls with which the town can continue to have accord with its Master Plan.

The Chairperson would like to express his gratitude to Barbara Caverly and Wendy Brennan, and to the Board's members for their hours, many of them extra hours, of caring, selfless, and intelligent attention to varieties of tasks, more than a few of them new to Hancock. Most of all, he thanks them for their patience as he tried to catch up to their knowledge so that he could feel contributory.

LANDFILL COMMITTEE

1989 was the year in which the disposal of solid waste (better known as trash) became a significant issue in Hancock. At the March Town Meeting, a mandatory recycling ordinance was passed, as was an article allowing the selectmen to negotiate with other towns relative to solid waste. Under this authority, many meetings were held involving representatives from Hancock and Peterborough, to work out details of an agreement that would allow Hancock residents to use the Peterborough Solid Waste facility. The resulting proposal was presented to the voters of Hancock at a special Town Meeting on Sept. 28, 1989 and was narrowly defeated. Following the vote, a separate committee was appointed to investigate and report on options available to the town for solid waste disposal. These options to be presented for a vote at the March 1990 Town Meeting.

Independent of future solid waste disposal options, Hancock has an existing landfill that must be closed in the near future. Toward this end, Normandeau Engineers Inc. completed a hydrogeological survey of our landfill and submitted it to the NH Dept. of Environmental Services for approval.

In addition, William Bean of Peterborough performed a survey of the boundaries and topography of the landfill. The topographic data was used in the Normandeau Study, and the boundary information was important to know just what area we are working with.

Since we suspected that some refuse was being brought to Hancock from other towns, new landfill stickers were issued in late October. This action appears to have lessened the amount of waste received. Further, an increased level of recycling over the year has helped minimize the amount of waste being burned.

All of the above required considerable amounts of volunteer time on the part of many individuals. My sincere thanks go to the members of the Hancock Landfill Committee and the Options Study Committee as well as the Hancock and Peterborough Boards of Selectmen and the Contoocook Valley Solid Waste Committee. Special thanks to the staff at the Hancock Town Office for outstanding administrative support.

RECREATION COMMITTEE

Over 100 Hancock children participated in the baseball and softball programs offered at the Hancock field in 1989. These teams are open to girls and boys ages 6-12 (R-1-2 teams through Little League). The Recreation Committee's goal this summer was to set up a second playing field to relieve the demand for practice and game time on the main field. To this end a portable backstop was purchased and assembled by the Committee at the start of the season in May.

The Hancock field has been maintained in excellent condition for at least twenty years by Merton Knowles of School Street until mid-summer this year. Mert made an extremely valuable contribution to the town benefiting many activities which take place at the field - baseball, softball, soccer, and even Old Home Day - we will all miss him!

The town beach on Norway Pond was competently staffed by Ann Forrest, Waterfront Director, and Karen Verduin and Heather Buren, Lifegaurds. As part of their duties, the waterfront staff conduct Red Cross swimming lessons for beginners through basic water safety. This summer approximately 80 children received instruction at the beach.

The successful 1988 pilot tennis program taught by Irene Bozogan was expanded this summer to include lessons for teens and adults as well as 8-14 year olds. Carol Lunan taught 2 eight week sessions for fifteen 8-14 year olds. Tammy Vezina instructed 2 groups of adults. She also offered private lessons for all ages.

HOME HEALTH CARE AND COMMUNITY SERVICES, INC.
REPORT TO THE TOWN OF HANCOCK
JANUARY 1, 1989 - DECEMBER 31, 1989

ANNUAL REPORT

In 1989, Home Health Care and Community Services continued to provide home care and community services to the residents of Hancock. The following information represents a projection of Home Health Care and Community Services' activities in your community in 1989. The projection is based on actual services provided from January through September 1989 and an estimate of usage during October, November and December.

SERVICE REPORT

Homemaker	151 Hours	151 Hours
Home Health Aide	35 Visits	35 Visits
Medical Social Worker	0 Visits	0 Visits
Nutritionist	0 Visits	0 Visits
Office Visits	12 Visits	12 Visits

Total Unduplicated Residents Served: 15

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone and consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

FINANCIAL REPORT

The actual cost of all services provided in 1989 with all funding sources is projected to be \$12,707.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town. In 1989, town support is projected to be \$2,631.00.

For 1990, we recommend an appropriation of \$3,750.00 to continue home care services at the current level.

Thank you for your consideration.
