**TOWN OF BEDFORD
STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Bedford in the County of Hillsborough in the State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the McKelvie School in said Town on Tuesday, the Eleventh of March, at 7:00 o'clock in the forenoon to act on the following articles, numbers 1 through 20. Polls are to close no later than 6:30 p.m. Action on the remaining Articles commencing with Article 21 through 38 will be at the Town Meeting on March 13, 1986 and will be in the McKelvie School at 7:30 p.m.

ARTICLE 1. To elect necessary Town officers and School District officers for the ensuing year and ensuing three years.

Selectmen's Report

1985 saw the Town of Bedford continue to grow and prosper. In the first five years of this decade the Town's population increased by approximately 25% and the assessed valuation is now approaching \$ 300,000,000. 1985 also witnessed major changes on the Board of Selectmen with the March election of Francis J. Davis, Jr. and the re-appointment of Stanton Tefft to fill the unexpired terms of first Aubrey Robinson and then later Alfred Lambert, who both regretably resigned for personal reasons. The Town wishes to thank both these men for their long years of service.

The business affairs of the Town were changed substantially beginning with the move to evening meetings for the Board of Selectmen. While attendance by the public varied, on some evenings there were over 50 people in attendance to voice their opinions on a variety of issues. All in all, the change in meeting time was well received by the community. In the same vein, the Board now meets monthly with our department heads and state legislators and this also provides a forum for community members to express their views.

The current Board, in an attempt to be more fiscally responsible, has carried out recommendations made by the Town's auditor, the Budget Committee and members of the community at large. A bid process has been instituted for the Town's insurance plans, banking services, and the public employee pension plan. The Board has also installed new metered/locked gas pumps for all town vehicles, hired a full time town mechanic, and following the vote of the people at last year's Town Meeting, entered into an agreement with the Tri-County Solid Waste Commission which should substantially reduce our landfill operation and send our solid waste and ash to Manchester beginning in 1988.

As the Town grows, so too has the necessity for increased services and the facilities to render those services. At the Town Meeting last year, the Town Office Building/ Police Station was disapproved by a 15 vote margin for a second time. Since the present facility becomes more inadequate with each passing day, the Selectmen will again present a plan to upgrade the facilities as soon as possible. This year's plan is substantially reduced in size and funding and it will hopefully be approved by the Town so that construction can begin this summer and be completed by late fall.

The Town has been very fortunate in these times of tremendous growth to have maintained a stable tax rate. This has been possible through the hard work of all the Town employees and elected officials. The Selectmen, in cooperation with these individuals, have been able to raise sufficient revenues to offset necessary expenditures and thereby keep our tax rate down.

In an attempt to continue this strategy, the Board is asking for a total revaluation of the Town which will serve to further stabilize our tax structure. As part of the overall strategy to maintain a level rate, the Board has already revised our Current

Use policy to bring it in line with State guidelines. As a result, our revenues in this area have increased by \$ 200,000. the Board has also attempted to make as many Town functions as self-supporting as possible by raising user's fees, where that is appropriate. We see the revaluation as a final and necessary step in the proper financial management of the Town.

Respectfully Submitted,

Jane E. Melendy

Francis J. Davis

Stanton E. Tefft

ZONING ORDINANCE AMENDMENTS

Tuesday, March 11, 1986

VOTING ON THE FOLLOWING ARTICLES SHALL BE BY WRITTEN BALLOT. POLLS ARE TO BE OPEN AT 7:00 A.M. AND ARE NOT TO CLOSE EARLIER THAN 6:30 P.M. VOTING WILL TAKE PLACE AT THE MCKELVIE SCHOOL.

ARTICLE 2. Amend Article III, General Provisions, Section F, to read as follows:

F. The Placement of mobile homes is prohibited within the designated Regulatory Floodway.

ARTICLE 3. Amend Article IV, Section B, relative to the General Residential District, Part 1, to read as follows:

1. It shall be a district of single family residences including manufactured housing. No other uses than those specified here will be permitted.

ARTICLE 4. Delete Article VII, Trailer Residential District, in its entirety.

ARTICLE 5. Amend Article VIII, Trailer Regulations, by deleting Section 1 and re-numbering Section 2 as Section 1 and changing to read as follows:

1. Regulating the parking and location of trailers.

No person shall park or occupy any trailer on the premises of any occupied dwelling or on any lot which is not a part of the premises of any occupied dwelling, except as provided in the following subparagraphs of this section.

Retain sub-sections a, b and c.

ARTICLE 6. Amend Article XII—Limited Commercial District, Section A-6, second sentence by deleting “Building coverage shall not exceed thirty (30) percent.” Replace with “Building coverage shall not exceed twenty-five (25) percent.”

ARTICLE 7. Amend Article XVI—Industrial Park District, Section B (Provisions) 1. (use) by adding Section g to read as follows:

Business offices, including operations which contain light manufacturing and/or on-site storage of their products for distribution.

ARTICLE 8. To see if the Town will vote to amend Article XXI of the Zoning Ordinance by deleting said Section and inserting the following in its place:

Every person, persons, firm or corporation violating any of the provisions of this Ordinance shall be fined a civil fine of not more than One Hundred Dollars (\$100.00) for each day that such violation is found by a court to continue after the conviction date or after the date on which the violator received written notice from the municipality that he is in violation of any Ordinance or Regulation adopted under this title, whichever date is earlier.

ARTICLE 9. To see if the Town will vote to amend the Town of Bedford Zoning Ordinance by amending Article XXIII by adding the following paragraph:

A. Lots of record described by a separate and distinct description in the Hillsborough County Registry of Deeds and being in separate and undivided ownership at the time of passage of this Ordinance shall be considered to meet the minimum lot size requirements of this Ordinance.

ARTICLE 10. Amend Article XXIV, Definitions, Section H, to read as follows:

H. Manufactured housing shall mean any structure, transportable in one or more sections which, in the traveling mode, is 8 body feet or more in width and 40 body feet or more in length, or when erected on site, is 320 square feet or more, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to required utilities, which include plumbing, heating and electrical heating systems contained therein. Manufactured housing as defined here shall not include presite built housing.

ARTICLE 11. Amend Article XXIV, Definitions, by adding a new Section W to read as follows:

W. Presite built housing means any structure designed primarily for residential occupancy which is wholly or in substantial part made, fabricated, formed or assembled in offsite manufacturing facilities in conformance with the United State Department of Housing and Urban Development minimum property standards and the local building code, for installation, or assembly and installation, on the building

site. For purposes of this Ordinance, presite built housing shall not include manufactured housing as defined in this Ordinance and in RSA 674:31.

ARTICLE 12. Amend Article XXVI, Signs, Section B, District Regulations, Part 1, to read as follows:

I. Residential-General Residential and Residential and Agricultural Districts.

ARTICLE 13. Amend Article XXVI—Signs, Section-General Provisions, by adding Paragraph 14 to read as follows:

Temporary banners shall be allowed by permit from the Selectmen for up to seven (7) days and no more than twice a year.

ARTICLE 14. To see if the Town will vote to change the classification of land identified as Tax Map 22, Lots 45, 46, 47 & 89 located at Patten Road, County Road and Back River Road from Residential-Agricultural to Apartment-Residential.

ARTICLE 15. To see if the Town will vote to change the classification of land identified on Tax Map 23, Lot 2, located on Route Three from Commercial to Civic & Institutional.

ARTICLE 16. To see if the Town will vote to change the zoning of the following: (by petition)

a thirty-one acre parcel of land located on Route 3 South, being a certain parcel of land in the Town of Bedford owned by Thomas Palazzi (Palazzi Corporation), from Commercial to Apartment/Residential zoning. Said parcel being lot #23-3 of the tax maps of the Town of Bedford. Said property being more particularly described as follows:

Parcel #3 belonging to Thomas Palazzi (Palazzi Corporation) located at Route 3 South, consisting of approximately 31 acres of land, serviced by both city water and city sewerage, bordered by Route 293 to the North, Route 3A to the West, the Merrimack River to the East and industrial zoning to the South. (The Planning Board is in favor of this article.)

ARTICLE 17. To see if the Town will rezone the following described parcel of land from Residential/Agricultural to Commercial. (by petition)

Beginning at a point on the easterly side of Center Court, so-called, at the southwesterly corner of Lot No. 5; thence N 26° 00' 00" W, a distance of 144.10 feet, more or less, to a point; thence in a generally northeasterly direction, on a curve to the right, having a radius of 25.00 feet, a distance of 33.54 feet, more or less, to a point on the southerly side of Bedford Center Road, so-called; thence N 50° 52' 30" E, a distance of 95.03 feet, more or less, to a point; thence 88° 24' 15" E, a distance of 170.89 feet, more or less, to a point; thence N 88° 24' 15" E, a distance of 170.89 feet, more or less, to a point on the southerly side of Extension of North Amherst Road, so-called; thence S 26° 00' 00" E, a distance of 108.66 feet, more or less, to a point; thence S 64° 00' 00" W, a distance of 422.00 feet, more or less, to a point of beginning. Containing 1.641 acres, more or less.

To further identify the parcel in more detail, reference is made to a plan marked "Plan of Land for Frank H. and Isabelle M. Barnard, Bedford, New Hampshire, dated September 9, 1974 and recorded in the H.C.R.D. (The Planning Board is not in favor of this article.)

ARTICLE 18. To see if the Town will rezone the following described parcels of land from Residential/Agricultural to Commercial. (by petition)

Parcel 1. Beginning on the other former land of the Boston and Maine Railroad at land formerly of George F. Barnard et al at a point one hundred (100) feet northwesterly from and at right angles to the center line of the formner location of the Manchester and Milford Branch of said Railroad and on a due course bearing North 02° East from Station 279 + 60.5 on said center line; thence running by said other land of said Railroad South 63° 48' West two hundred ten (210) feet and North 67° 41' 10" West two hundred seventy-two and four one-hundredths (272.04) feet to land formerly of Ann Townsend; thence turning and running North 14° 15' East by said last named land one hundred thirty-nine (139) feet to land formerly of Oliver et al; thence turning and running South 85° 50' East by said last named land four hundred eleven (411) feet to said land formerly of Barnard, et al; thence turning and running South 02° West by said last named land one hundred fifteen and fifty-one hundredths (115.51) feet to a point of beginning, by all of said last named measurements more or less; said parcel containing about seventy-four thousand, nine hundred forty-five (74,945) square feet, and being shown on a plan marked "Land in Bedford, N.H., Boston and Maine

Railroad to Horace E. Webber. E.D. Champman Real Estate Engineer, December, 1925”, recorded in H.C.R.D. (The Planning Board is not in favor of this article.)

ARTICLE 19. To see if the Town will rezone the following described parcels of land from Residential/Agricultural to Apartment Residential. (by petition)

Parcel 1. Beginning on the other former land of the Boston and Maine Railroad at land formerly of George F. Barnard et al at a point one hundred (100) feet northwesterly from and at right angles to the center line of the former location of the Manchester and Milford Branch of said Railroad and on a due course bearing North 02° East from Station 279 + 60.5 on said center line; thence running by said other land of said Railroad South 63° 48' West two hundred ten (210) feet and North 67° 41' 10" West two hundred seventy-two and four one-hundredths (272.04) feet to land formerly of Ann Townsend; thence turning and running North 14° 15' East by said last named land one hundred thirty-nine (139) feet to land formerly of Oliver et al; thence turning and running South 85° 50' East by said last named land four hundred eleven (411) feet to said land formerly of Barnard, et al; thence turning and running South 02° West by said last named land one hundred fifteen and fifty-one hundredths (115.51) feet to a point of beginning, by all of said last named measurements more or less; said parcel containing about seventy-four thousand, nine hundred forty-five (74,945) square feet, and being shown on a plan marked “Land in Bedford, N.H., Boston and Maine Railroad to Horace E. Webber. E.D. Chapman Real Estate Engineer, December, 1925”, recorded in H.C.R.D. (The Planning Board is not in favor of this article.)

ARTICLE 20. To see if the Town will vote to rezone the following described parcel of land from Residential/Agricultural to Apartment/Residential: (by petition)

That parcel of land currently owned by Violet Starita located easterly of the easterly end of Bedford Street, southerly of the Manchester Town Line and westerly of the other land of Violet Starita, currently zoned Commercial. Said parcel containing 15.064 acres. (The Planning Board is in favor of this article.)

ARTICLE 21. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

ARTICLE 22. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes, if needed, and raise and appropriate a sum of Ninety Thousand (\$90,000.00) Dollars for the payment of interest on such borrowing.

ARTICLE 23. To see if the Town will vote to direct the Selectmen to set a time during which owners of real estate shall be allowed a two (2%) percent discount for early payment of real estate taxes.

ARTICLE 24. To see if the Town will vote to direct the Selectmen to accept any and all gifts, grants or conveyances of land to the Town as may from time to time be required by the Town of Bedford Subdivision Regulations or the Town of Bedford Zoning Ordinance.

ARTICLE 25. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the state, federal or other governmental unit or a private source whichever becomes available during the fiscal year provided that such funds:

1. Be used only for legal purposes for which a Town may appropriate money;
2. Require the Selectmen to hold a prior public hearing on the action to be taken;
3. Not require the expenditure of other Town funds;
4. Be exempt from all provisions of RSA 32 relative to limitations and expenditures of Town monies.

ARTICLE 26. To see if the Town will vote to adopt the following Ordinance:

I. Provision

All grocery stores involved in the retail and/or wholesale selling of food items and alcoholic beverages shall be closed daily for a four consecutive hour period between the hours of 9:00 p.m. and 6:00 a.m.

II. Penalty for Violation

Any person or legal entity which shall violate any provision of this Ordinance or By-Law shall upon conviction thereof be fined not more than Fifty (\$50.00) Dollars per day. Every day that a violation continues after the person has received notice of the

existence of the condition that constitutes the violation shall be deemed a separate offense.

ARTICLES 27. To see if the Town will vote to authorize the Selectmen to withdraw from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, eighty five thousand and twenty six dollars (\$85,026.00) for use as setoffs against budgeted appropriations for the following priority purposes in amounts indicated or take any other action herein:

Appropriation	Amount
3 police cruisers	\$37,026.00
Dump truck	36,000.00
Pick up truck	12,000.00
	<hr/>
	\$85,026.00

ARTICLE 28. To see if the Town will vote to authorize the Selectmen to withdraw from the Capital Reserve Fund \$77,500.00 to be applied to the purchase of a bulldozer for use at the Sanitary Landfill.

ARTICLE 29. Shall we adopt the provisions of RSA 72:37 for the exemption for the blind from property tax? This statute provides that each inhabitant who is legally blind shall be exempt each year from the property tax on a residence to the value of \$15,000.00.

ARTICLE 30. To see if the Town will vote to authorize the Selectmen to enter into a contract with Manchester Transit Authority for the purpose of maintaining and subsidizing the bus service along Route 3 for a one year period, for a sum of Thirty-Four Thousand (\$34,000.00) Dollars.

ARTICLE 31. To see if the Town will vote to ratify a Confirmatory Quitclaim Deed executed by the Board of Selectmen, on behalf of the Town of Bedford, to Jeffrey F. Purtell, comprising an approximate twenty-one (21) acre parcel which is landlocked on all sides. The same parcel of land was deeded to the Town of Bedford by Tax Collector's Deed dated January 15, 1942, pursuant to a tax sale conducted for non-payment of taxes by Arthur Genest. Subsequent to said tax sale, Mr. Genest did pay all said taxes and the real estate taxes on said parcel have been paid continuously from 1942 through 1985. Prior to acquisition by Mr. Purcell, the property was owned for twenty-two (22) consecutive years by Peter J. King of Manchester, New Hampshire

and William Roeder of Los Angeles, California. The parcel is more particularly bounded and described as follows:

A certain tract or parcel of land situated in Bedford, County of Hillsborough and State of New Hampshire, and bounded and described as follows:

Beginning at a stake and stones on range line at the southeast corner of land now or formerly of Solomon Manning and West by said Manning land, 64 rods to a pile of stones; thence

1. South to land formerly belonging to John D. Riddle about fifty (50) rods to a stake and stones; thence
2. East by said last mentioned land, sixty-four (64) rods to a stake and stones in the range line; thence
3. North about fifty (50) rods to the place of beginning.

Containing 21 acres, more or less.

ARTICLE 32. To see if the Town will vote to move the gates and bars which currently close the east side of the road, which is otherwise known as New Merrimack Road, from their current position to a distance of approximately eight hundred (800) feet, in an easterly direction, in order that New Merrimack Road will be closed from the eastern corner boundary of the property of Marc and Claire Rioux, designated as Lot 13, Map 26 on the Bedford Town Map, to the existing gates and bars situated on County Road, with the provision that the cost of upgrading and improving eight hundred (800) feet of New Merrimack Road will not be borne by the Town of Bedford.

ARTICLE 33. To see if the Town will adopt an ordinance pursuant to the provisions of New Hampshire RSA Chapter 261:157-A, which shall waive the fee to be charged for a permit to register one motor vehicle owned by any person who was captured and incarcerated for thirty (30) days or more while serving in a qualifying war or armed conflict as defined in RSA 72:28 IV, and who was honorably discharged, provided the person has provided the City or Town Clerk with satisfactory proof of these circumstances.

ARTICLE 34. To see if the Town will vote to empower the Bedford Cemetery Trustees to relocate the Walker Monument (presently on private property) approximately 1000 feet east to a

location on Town property, adjacent to the Bedford Waste Water Treatment building and to raise and appropriate the sum of \$500.00 to underwrite the cost of the relocation.

ARTICLE 35. To see if the Town will enact an ordinance to adopt the Historic District Commission Regulations effective August 2, 1983 and Amended October 4, 1983, for enforcement purposes, pursuant to the provisions of New Hampshire RSA Chapter 674 entitled "Historic Districts".

ARTICLE 36. To see if the Town will vote to adopt a Conflict of Interest Ordinance pursuant to the authority granted to the Town at New Hampshire Revised Statutes Annotated, Chapter 31:39-A.

Text:

TOWN OF BEDFORD

CONFLICTS OF INTEREST ORDINANCE

A. GENERAL INFORMATION

1. TOWN OFFICIALS. As used in this Ordinance, unless the context indicates otherwise, this ordinance shall apply to all elected officials of the Town of Bedford . It shall also apply to individuals appointed to legally recognized Boards of the Town.

2. APPLICABILITY: This ordinance shall become effective April 15, 1986; in the event that the Board of Selectmen vote to make this ordinance applicable to Town employees, the ordinance shall apply to such employees upon the date designated by said Selectmen.

3. STANDARDS OF CONDUCT:

a. Personal, business, or professional activities:

Town officials must not take part in any personal business or professional activity or receive or retain any direct or indirect financial interests that place them in a position in which their private financial and pecuniary interests conflict with the public interest and the duties and responsibilities attendant with their positions as Town Officials. Town Officials must NOT:

- (1) Use information gained directly or indirectly as a Town Official (which information is not generally available to the public) in such a manner as to further private gain
- (2) Use their Town positions to induce, coerce or influence a person (including subordinates) in any way as to provide any benefits, financial or otherwise, to themselves or others.

b. Commercial Solicitation by Town Officials:

To eliminate the appearance of coercion, intimidation or pressure from title or position, Town Officials are prohibited from making personal commercial solicitations or soliciting sales at any time from the Town or from Town personnel who are subordinate to themselves.

- (1) This prohibition includes, but is not limited to, soliciting and selling insurance, stocks, mutual funds, real estate and any other commodities, goods or services.
- (2) Nothing herein shall prohibit a Town Official from offering to sell goods or services to the Town of a value in excess of \$100.00 as long as the Selectmen determine, by bid or otherwise, that the price to be paid for such goods or services is the best price obtainable for such goods or services of like quality. In the event that such goods or services being offered total \$100.00 or less, no Town Official shall be held to have violated this ordinance.

c. Conduct Prejudicial to Town Government:

Town personnel must avoid any action, whether or not specifically prohibited by this Ordinance that might result in or create the appearance of:

- (1) Using public office for private gain;
- (2) Giving preferential treatment to any person;
- (3) Impeding Town efficiency or economy;
- (4) Affecting adversely the confidence of the public in the integrity of the Town government.

4. BRIBERY, CORRUPT PRACTICES and GRATUITIES:

a. In general, Town Officials are subject to criminal penalties set forth by the Revised Statutes Annotated if they solicit, accept or agree to accept anything of value in return for performing or refraining from performing an official act.

b. Town Officials and their immediate families must not solicit or accept any gratuity for themselves, members of their families or others, either directly or indirectly, from or for any source that:

- (1) Is engaged in or seeks business or financial relations of any sort with any Town component
- (2) Conducts operations or activities that are either regulated by a Town component or significantly affected by Town decisions;
- (3) Has interests that may be substantially affected by the performance or non-performance of the duties of Town Officials.

5. EXCEPTIONS:

The general prohibitions in Paragraph 4 shall not apply to:

- a. The continued participation in employee welfare or benefit plans of a former employer;
- b. Accepting unsolicited advertising or promotional items that are less than \$100.00 in value;
- c. Trophies, entertaining, prizes or awards given for public service or achievement, or given in games or contests that are clearly open to the public generally;

- d. Things available to the public such as scholarships, free exhibitions by contractors and vendors at public trade fairs;
- e. Discounts or concessions extended Town wide or realistically available to all Townspeople;
- f. Participation by Town Officials in civic and community activities when any relationship with Town business dealings is remote (for example, taking part in a Little League or United Fund Campaign Luncheon that is subsidized by a private business or individual who deals with the Town);
- g. Town Officials taking part in widely-attended gatherings of mutual interest to Town and business, sponsored by or hosted by industrial, technical or professional associations;
- h. Situations in which participation of Town Officials in public ceremonial activities of mutual interest to business, industry and the Town which serves the interest of the Town;
- i. Contractor provided transportation, meals or overnight accommodations in connection with official business if arrangements for Town subsidized transportation, meals or accommodations are clearly not practical.
- j. Attendance at vendor training sessions if the vendor's products or systems are provided under contract to the Town and the training is to facilitate use of those products or systems by Town personnel.

6. USING TOWN FACILITIES, PROPERTY AND MANPOWER

- a. Town Officials must not directly or indirectly use or allow the use of Town property or resources of any kind, including property leased

to the Town for other than officially approved activities. Town facilities, property and manpower must be used only for official business.

7. OUTSIDE EMPLOYMENT OF TOWN OFFICIALS

- a. Town Officials must not engage in outside employment or other outside activity, with or without compensation that:
 - (1) Interferes with or is not compatible with performing their governmental duties;
 - (2) That would permit such official to exercise or appear to exercise a degree of control or regulation over a private sector competitor when exercising his official function;
- b. Town Officials may not participate in their governmental capacity in any particular matter in which they, their spouse, child, outside business associates or person by whom they are employed has a financial interest. A person may "participate" through decision, approval, disapproval, recommendation, advising, investigation or otherwise. A "particular matter" may be less concrete than an actual contract, but is more specific than rule making. The test is

whether the individual might reasonably anticipate that his or her government action or the decision in which he or she participates , will have a direct and predicable effect on his or her financial interest.

8. ENFORCEMENT PROVISIONS

- a. All Town Officials who have affiliations or financial interests which create conflicts or appearances of conflicts of interest with their official duties must disqualify themselves from any official activities related to those affiliations, interests, or entities involved. In the event there is a dispute as to whether an individual should disqualify himself from a particular board involving one or more particular issues, and said dispute cannot be resolved by the board involved, then the Selectmen shall make a final determination relative to such conflict.
- b. Nothing herein is intended to abrogate the right of appeal to the Superior Court of any individual official who has been disqualified from any Board or issue by the Board on which he sits or the Board of Selectmen.

ARTICLE 37 To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town to enter into a cooperative agreement, pursuant to RSA Chapter 53-A, for the purpose of joining together towns in a joint and cooperative effort for the disposal of solid waste in a manner which will meet federal and state regulations. The cooperative to be formed under the cooperative agreement will be designated the "TriCounty Solid Waste Management Cooperative". A copy of the current draft of the proposed cooperative agreement is posted with the warrant and is available at town offices during normal business hours. The Board of Selectmen is specifically authorized on behalf of the Town (a) to execute and deliver the agreement (with such changes therein from the posted agreement as the Board of Selectmen shall approve, such approval to be conclusively evidenced by the Board of Selectmen's execution thereof, and such other instruments, documents, and agreements as the Board of Selectmen, in cooperation with the Town counsel, may deem necessary or desirable in furtherance of the purposes of this agreement, including but not limited to instruments, documents and agreements with private parties for the collection, transportation, delivery and disposition of all or part of any solid waste generated within the Town to designated resource recovery facilities or such other facilities as may be designated by the Town for processing, or for other disposition or handling; (b) to cause to be performed all obligations which may from time to time be required pursuant to the terms of the cooperative agreement; and (c) to take action thereto

ARTICLE 38 To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town to enact ordinances concerning the supervision and regulation of the collection, transportation, delivery and disposition of all or part of any solid waste generated within the Town so that the same is delivered to a designated resource recovery facility or such other facilities as may be designated by the Town for processing or for other disposition or handling.

To hear reports of Agents, Auditors, Committees and other Officers therefore chosen and to transact any other business that may legally come before said meetings.

Given under our hands and seal, this _____ of February in the year of our Lord, Nineteen Hundred and Eighty Six.

**REPORT OF THE TRUSTEES OF THE
BEDFORD PUBLIC LIBRARY
1985**

The Bedford Public Library has entered the Computer Age in a large way this year. Our library, thanks to the foresight of our Director, Frances Wiggin, was chosen to be the first town library among 300 in the state, to establish a computer record of its inventory. Thanks go as well to the many volunteers who are assisting in the conversion of the library's printed records to tape and this producing an automated circulation system. Librarians from all over New Hampshire and from neighboring states have been visiting the library to see the system, since the Bedford Library was chosen for the State Demonstration Project.

Each week the Bedford Library has a column in *The Bedford Bulletin*, where information about new purchases—whether of computer software, new audio-visual aids, tax aids, Public Affairs pamphlets, etc.—is given; gifts from generous, and often anonymous, patrons are listed; programs offered by the library and by The Friends of the Library are described, and meetings to be held in the Meeting Room are noted.

In fact, the Library is one of the Cultural Centers of the town, where groups and clubs and individuals are free to meet. The Meeting Room was used 207 times in 1985 for a variety of functions, ranging from a gathering of the Hills-town Librarians and Trustees to a baby shower.

Replacing Deirdre Angwin, now Librarian of the Bedford Schools, is Kay Klein, our new Children's Librarian. In planning activities for children of all ages Mrs. Klein designs them "to expose children to related books so as to keep reading within the child's range of choices in a busy life".

The Trustees, as always, extend their warm thanks to the many volunteers whose contributions of time and talent make the library an advanced and dynamic center of learning and information services.

Respectfully submitted,

Alan Brennan, Chairman
George Fournier, Treasurer
Patricia Holland, Secretary

Registered Patrons 2980
 (This represents about one half of our patrons, those who have been re-registered and bar coded. The process of updating our entire patron list will take some time to complete.)

1985 has been exciting at the Bedford Library. Our progress toward automation continues. We anticipate to culminate the project by early 1987.

We have experienced several staff changes this year. In August, Deirdre Angwin, our Director of Children's Services, left to become Bedford's School Librarian. It was with deep regret that we accepted her resignation. Kay Klein was hired in September to replace Deedee. Kay is doing a superior job and is an excellent addition to the Staff. Pages who worked part of the year were Heidi Hanson, Kalyan Gupta and Hope Cass. Our current page is Diana Nieman.

Along with the Trustees, I would like to add my personal thanks to the Bedford Women's Club, The Welcome Wagon Club, the citizens and Friends of the Library for their many gifts. The Library received an Atari Computer System for the Children's Room from an anonymous donor. Everyone's continuing generosity is deeply appreciated.

A very special thanks to the men of the Kiwanis Club who continue to staff the Library on Sundays, and to all the volunteers who perform a myriad of services throughout the library.

To the Trustees and Staff, a large thank you for their support, dedication and excellent work.

Respectfully submitted,

Frances M. Wiggin
Library Director

REPORT OF THE BEDFORD POLICE DEPARTMENT

In last years report I discussed traffic conditions on Route 101 and Route 3. This year, as I am sure you will agree, most of the roads in Town are getting dangerous due to the increase in the traffic flow. During 1984 we investigated 601 accidents and made a total of 2,318 motor vehicle arrests. Totals for 1985 were, accident investigation 623, motor vehicle arrests 3,323.

I would like to take this opportunity to request the cooperation of each and everyone of you in using caution and obeying the traffic laws while driving in Town. With your help we can make Bedford a safer place to live.

Richard D. Audette
Chief of Police

BEDFORD FIRE DEPARTMENT

The Bedford Fire Department has responded to 751 calls during 1985. They include the following:

Building and house	10	Mutual Aid	15
Grass, brush & woods	46	Service Call	159
Automobile	34	False alarms	61
Chimney	28	Needless	22
Rescue	355		

The department answered 116 more calls than the previous year. This number represented an 18% increase and reflects the fact that, with the rapid growth of the town comes added responsibilities for its services.

Captain Leo Bongers, Jr., Lt. Randy Burbank plus some of the other firefighters have continued directing training twice a month. Some of the firefighters have taken advantage of advanced training in other training schools throughout the state.

National Fire Prevention Week was celebrated the second week of October. The highlight of Bedford's participation was demonstrations conducted throughout the week under the direction of Capt. Bongers, assisted by Capt. LeRoy Burbank, Lt. Randy Burbank and Firefighters Marc Beaulieu and Mark Tetrault. Nursing homes, schools and businesses were visited. Many kindergartens, Brownie and Cub Scout troops with their leaders toured the Fire Station.

As Chief, I have continued the Fire Prevention Program which includes inspecting all new and some old commercial businesses, nursery schools, kindergartens, nursing homes, foster homes, day care facilities, restaurants and motels, I have inspected wood and coal burning stoves. If anyone would like information about this matter, please call the station during daytime hours to make an appointment.

I remind all persons contemplating purchase of a kerosene space heater that you must first obtain a permit.

The Fire Department lends chimney cleaning equipment. Chimneys need cleaning every Fall, and more often if used continually. A word of caution—please keep ashes in metal containers and store out of doors.

This year's recipients of the Norman Richards Memorial Fund were the following West High seniors:

Kyle Aspinwall
Elizabeth Harris
Matthew Scribner

As Fire Warden, I appreciate your continuing effort to obtain fire permits before kindling outdoor fires. To all citizens of the town I would like to remind you that the law states that there will be no burning without a written permit from the Fire Department, except when the ground is covered with snow. You may obtain a seasonal permit for an incinerator or an outdoor fireplace, but no burning is allowed between the daytime hours of 9:00 a.m. and 5:00 p.m. Violators may be charged for the cost of extinguishing the fire and fined for starting a fire without a permit. You may obtain a permit from the Fire Department at the station between the hours of 7:30 a.m. and 5:30 p.m. Please check with the department if you have any questions. Our business number is 472-3219.

Our sympathy is extended to the family of Walter S. Melendy, who died in January, 1985. Walter served the town as a fireman and was a dedicated Chief for over 25 years.

I would like to take this opportunity to thank the people of Bedford for the generous contributions throughout the year. Gifts have been received from many families in memory of loved ones. Bedford Clubs have also made contributions that have enabled us to purchase supplies for our Rescue Operation.

My appreciation to all the firefighters in the department, to Central Dispatch, the Police and Highway Departments for their continuing support and help.

Smoke alarms save lives.

Respectfully submitted,

Ralph M. Wiggin
Chief

REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

FOREST FIRE STATISTICS - 1985

BEDFORD PLANNING BOARD 1985 ANNUAL REPORT

1985 was another year of continued activities with the Board holding a record total of 42 meetings during the year.

For future residential use, the Board approved 19 subdivisions creating a total of 284 new building lots throughout Bedford.

For non-residential use, nearly 250,000 square feet of office and commercial space was approved. Of significance was the development of the Foster Industrial Park on Route 3 as was forecast in the 1982 Route 3 Corridor Study. The first three parcels received approvals for this area and construction is slated for a spring start. More plans have already been submitted to expand in this area.

In the Route 101 area, the first phase of development of the Flatley Property, formerly known as the "egg farm" received conditional approvals. There was more activity on Constitution Drive nearly completing that office park.

There was activity regarding group care facilities for the elderly as Briston Manor began their second facility, and the 12,000 square foot Pond Haven facility on Route 101 is nearing completion.

The Board met on a regular basis with other Town boards and officials and the State Representatives to plan for the future. There will be several issues addressed at Town Meeting as a result. Also as a result, it seems eminent that the long sought Route 101/114 intersection improvements will be passed in Concord and become a reality by 1988. Other improvements being negotiated with State officials include intersection improvements along Route 101 towards Wallace Road all the way to Joppa Hill Road.

There will have to be much more hard work in the future to insure the continuation of orderly growth for Bedford. Our association with the Southern New Hampshire Planning Commission has enabled us to become a model for many of our neighboring communities. With the increased number of applicants before the Board and the continued attraction of Bedford to area developers, this association seems more valuable than ever. It should be mentioned that perhaps not too long in the

future, the Town will have to consider the position of a professional planner/town engineer to work not only with the Planning Board on a review basis but to project our long term goals and capabilities.

Finally, we have to continue progress in two more areas. The next year should witness the completion of the updating of the Town Master Plan. With the updating will come areas of discussion for ordinance and zoning changes annually. Secondly, we will have to forge ahead and work closely with our neighboring communities. With Manchester, for example, we have to work within designated municipal water and sewer franchise agreements and seek extensions in some areas. With our other neighbors, we must continue to work together to plan as a region and to work together in a united interest of all the individual communities.

Respectfully submitted,
Richard Stonner, Chairman

BEDFORD BOARD OF ADJUSTMENT ANNUAL REPORT

The Board of Adjustment meets on the third Tuesday of each month at 7:30 p.m. During 1985, the Board of Adjustment received and heard thirty-eight (38) applications for appeals from administrative orders of town officers, departments, and boards. Twenty-five (25) applications were approved and thirteen (13) were denied. Within a public hearing, each decision is determined on the basis of fact under the specific criteria specified by state statute.

John J. Reilly, Jr., Chairman
Richard Como, Secretary
Bruce Biscornet
Paul Harrington
W. Ray Walker
Martha P. Harris, Clerk
Donald Folsom, Alternate
H. Richard Spurway, Alternate

**ANNUAL REPORT
BEDFORD HISTORIC DISTRICT COMMISSION**

The Commission met monthly during the past year at 7:30 p.m. in the Court Room of the Town Office Building on the first Tuesday of the month. There were two months when no applications were received to process.

Fifteen cases were processed, and although only one was rejected, two others required the applicant to return for an additional session before gaining approval.

As a result of the subjective approach to several of the requests, the board will make an effort to amend the rules of the Commission in order to have the applications on a more objective basis. The public is welcome to suggest changes in the regulations in order to accomplish this objective.

Eugene Van Loan, Jr.
Chairman

BEDFORD BUILDING DEPARTMENT 1985 Annual Report

During the last three years, we have seen a marked increase in new housing construction. 1985 was a record year for the Town with 277 building permits for single family dwellings and 216 for condo and elderly housing units.

Development, growth, expansion, no matter how you regard it, Bedford was a "Boom Town" in 1985. It was a year never seen before and the "good times" are likely to continue in 1986.

Commercial construction and development in 1985 lost some of its momentum. Our Planning Board has a busy schedule ahead in the commercial sector of development which is mostly offices. The office building market in 1986 is more likely to show an upswing as evidence continues to pile up that supports this building ahead. The office "bubble" may not burst, but could mean a steady trend in office building.

The one category of construction that was "sizzling" in 1985 was that of single family homes and there is a very good chance that this strong housing activity will continue in 1986. The residential areas west of Wallace Road I expect will again continue to be the hottest area for single family homes.

The quality of building construction in Bedford? I feel safe to say "things are being done the way they are supposed to be done."

**Robert J. Marceau

REPORT OF THE PARKS AND RECREATION COMMISSION

Ongoing sports and recreational activities such as, Little League, Babe Ruth, American Legion baseball, T ball, swimming, soccer, tennis and jogging continued to grow in numbers of participants as the building boom in Bedford continued in 1985.

Early spring field maintenance has been a problem for a year or two since help has come essentially from high school and college students after school is over. With cooperation from the Public Works and Highways Department the Parks and Recreation commission will now share an employee who will be available, in early spring, to seed and fertilize playing and recreational areas. This person will also be available, in the summer months, to supervise the part time grounds maintenance personnel.

Because the town is growing at such a rapid pace and, the cost of land for recreation purposes is becoming prohibitive, the Commission investigated the current use of land, owned by the town and the State of New Hampshire, within the town boundaries. Two parcels, Lot 020-077 owned by the town and a piece of property owned by the state, (the latter lying between I-293 and the Merrimack River north of the I-293 bridge crossing and being 27 acres with 4,000 feet of river frontage) were thought to have potential for future recreational use. The 1986 budget, as presented by the Commission to the Board of Selectmen and the Budget Committee, reflects expenditures to do site evaluation of the town property and to commence preparation work on the state owned parcel. While the state has not fully committed itself, it has given every indication that it is prepared to issue a Temporary Use Agreement. Further, Representative Robert Smith (Rep. N.H.) has agreed to use his best offices to assist in the application for federal funds to assist in the development of this property.

Donald Jones, Chairman
Parks and Recreation
Commission

CONSERVATION COMMISSION 1985 ANNUAL REPORT

Since the adoption of the revised Wetlands Conservation District on March 13, 1984, the Planning Board and the Conservation Commission have been trying to protect wetlands. The present ordinance applies to all poorly and very poorly drained soils. Very poorly drained soils must be excluded from minimum lot size calculations. *Very poorly* drained soils should only have minor modifications of their natural state in an effort to protect groundwater resources. *Poorly* drained soils may be filled with a permit from the N.H. Wetlands Board. However, limitations on filling poorly drained soils exist in our town ordinance as well as by state regulation. The Hillsborough County Soil Conservation Service has been consulted to verify soil classifications and provide recommendations about erosion control.

The fifteenth annual meeting of the N.H. Association of Conservation Commissions was held in November with three representatives going from Bedford. The emphasis of the meeting was groundwater protection. The state legislature has funded an eight year statewide program of groundwater mapping. The relationship between groundwater and water in ledge fractures is very complex. Nevertheless, protection of groundwater and surface is essential to our ability to obtain potable water.

The Conservation Commission hopes to sponsor a household toxic waste collection program during 1986. We feel that materials such as old paint, pesticides, solvents, and petroleum products should be commercially treated. Many people have refrained from dumping these dangerous materials at our landfill in an effort to keep them out of the groundwater. Please refrain from disposing of any hazardous materials at the landfill and support our effort at the town meeting.

In 1985, the Conservation Commission received \$25,000 to hire a consultant to investigate groundwater contamination at our landfill site. Three wells were sampled in 1984 and found to contain undesirable contaminants. The Selectmen appointed a Sanitary Landfill Committee to oversee the selection of a consultant and to work with state officials to satisfy state requirements. A small part of this work has been completed. Results should be available by town meeting to allow future planning.

Pulpit Rock Development has continued at a modest rate. The Commission received the balance of a \$3000 donation from the Jr. Womens Club. The trail from the parking lot to Pulpit Rock has been named the "Kennard Trail" in appreciation of all the Kennard family has done for Bedford. The third annual spring workday was held with additional bridges being constructed downstream through the gorge. Additional trails have been laidout running south along the ridge above the west side of Pulpit Brook and back along the brook to "Pulpit Rock". A new Pulpit Rock pamphlet is being printed. People interested in helping with spring plans should contact either Dave Collins or Clark Gott.

Respectfully submitted,

Clark Gott

REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

A wide variety of services, resources and technical assistance is made available to your town through the dues-paying membership in the Southern New Hampshire Planning Commission. A professional planning staff, assisted by consultants in certain disciplines for which the Commission does not employ a full-time staff, work under the overall direction of your representatives in developing and carrying out planning programs that are deemed important for your community as well as for the region.

Staff services provided under the Commission's local assistance program are mostly decided by the communities themselves. However, certain general studies, notifications or acquisition of resources which are deemed useful to all member-municipalities are also made under this program with a directive of the Commission.

Local Assistance services provided to the Town of Bedford during the past year were as follows:

- At the request of the Board of Selectmen, updated the town base map (roads and highways). This necessitated the drafting of new roads built since the last update, typesetting and preparing the art work for printing;
- Assisted the Planning Board with necessary changes in the town's subdivision and site plan review regulations;
- Met with the Planning Board on four occasions to exchange ideas and receive inputs for developing the housing component of the master plan update;
- Developed a low-cost improvement scheme for five road intersections that are labeled as high-hazard locations due to a large number of traffic accidents.
- Purchased the 1981 aerial photos for the Town of Bedford from the U.S. Department of Agriculture;
- Provided the Planning Board and the Board of Selectmen with a suggested schedule for public notices and hearings pertaining to zoning and/or building code amendments to be considered at the March 1986 annual town meeting; and

- Co-sponsored the Municipal Law Lecture Series, to which Bedford officials were invited.

Bedford's Representatives to the Commission are:

Mr. Eugene M. VanLoan, Jr.—Treasurer

Mr. Al Lambert

Mrs. Elizabeth Corell—Alternate

Executive Committee Member—Mr. Eugene M. VanLoan, Jr.

Metropolitan Manchester Transportation

Planning Policy Committee:

Mr. Eugene M. VanLoan, Jr.

REPORT OF THE DISPATCH CENTER

Thanks to the voters of the Town of Bedford, the year brought many improvements to the Dispatch Center in the form of equipment.

In July the Honeywell VIP7814 Video Terminal was installed. This allows the Police Department to be directly linked with departments in-state and across the country for the purpose of exchanging police information.

In the fall the new console and recording equipment was installed. The console consolidates all radio equipment used by the Dispatch Center. Also installed at that time was a new and bigger generator, which allows all Dispatch equipment to function during a power outage.

With this new equipment we feel we are operating much more efficiently, however all this equipment is useless without someone to run it, therefore I wish to take this opportunity to thank the Dispatchers for a job well done. I also wish to thank all the departments that we work for and work with. Their cooperation makes the job easier.

Again a thank you to the voters of the town who allowed us the new equipment and all other citizens who throughout the year have given us their support.

David C. Bailey
Deputy Chief of Police
Dispatch Coordinator

ANNUAL REPORT OF THE SUPERVISORS OF THE CHECKLIST

The Supervisors of the Checklist report that 306 new registrations and 211 deletions were recorded in 1985. This represents 1771 Democrats, same as in 1984; from 3488 Republicans to 3473; and from 1818 to 1929 Independents for a total increase of registered voters from 7077 in 1984 to 7173 in 1985, an increase of 96 voters.

Residents are urged to register by filling out a form with the Town Clerk at the Town Offices during office hours which are Tuesdays, Thursdays and Fridays from 8:30 am to 4:30 pm; on Wednesdays from 8:30 am to 7:30 pm. Proof of age and residency is required.

Voters wishing to change their party affiliation may do so at the Town Office or when the Supervisors schedule open sessions which are mandated by law. In 1985 six sessions were held. These sessions are held on Tuesday evenings and Saturday mornings. Notices of dates and times are posted on the Town Office's Information Board, the Town Library Bulletin Board and published in the Bedford Bulletin and the Union Leader.

The last date in 1986 for voters already registered to change or declare a party affiliation for the September 9th State Primary Election is **June 3rd** as mandated by RSA 654:34. Additional dates prior to that will be announced. Voters who register subsequent to this date may declare a party when they register with August 30th being the last day to register for the Primary. RSA 654:27, 28, 8.

The Supervisors thank Edith Schmidtchen, Town Clerk and her Staff for handling the majority of the registrations.

Respectfully submitted,

Betty Folsom
Doris Peck Spurway
Beatrice Miller

**REPORT
PUBLIC WORKS & HIGHWAYS DEPARTMENT**

HIGHWAY DIVISION The continuing construction of new residential subdivision developments has again added many new roads to our highway system. The quality of construction of these roads has been maintained through strict enforcement of our "Minimum Road Standards" and progress inspections. Performance guarantees in the amount of 100 per cent of the cost of construction has been required by every developer. Additionally, and in conjunction with the Planning Board, this office has closely scrutinized developer plans and has required "off-site" improvements to existing roads in cases of prematureness of their developments.

Our annual GENERAL HIGHWAY "Summer & Winter" maintenance budget has not kept up with the additional roadway mileage needs and has resulted in some delayed maintenance and services. Additional concern exists in the area of insufficient manpower and the need for extended use of overtime personnel. It should be noted that part of this problem is due to the continuing vacancies in the department's staff.

We are pleased with the results of our "Resurfacing & Rebuilding" long range road upgrading program. Started in 1976, the results of this program have become apparent as we budget annually for the proportionate cost of the total life-cycle of our roads.

SEWER DIVISION Our municipal wastewater sewer system is currently completing two full years of continuous operation. We have not experienced any serious breakdowns or operating problems in the interceptor collection system or river crossing (Inverted Siphon) to the treatment plant in Manchester.

The initial capital cost (Town and State) is now distributed over a ten year bond issue period with all local repayments from the sewer user fees. Additional extensions of the sewer collection mains and facilities are being privately funded by developers needing such services.

The daily operating needs as well as the record keeping and quarterly sewer service billing responsibilities are being handled by the Public Works office for the Board of Sewer Commissioners.

LANDFILL DIVISION Our solid waste disposal dump site off of Wallace Road continues to expand commensurate with Town growth. Environmental concerns have added considerable cost in the form of additional sand and cover material. This office has recommended a 40% increase in our commercial dumping fees to help offset this additional cost.

Progress continues to be made referenced to the Solid Waste Resource Recovery Facility (Citizen/Vicon) to be constructed in Manchester. As a "participating community", we plan to convert the existing landfill area to a TRANSFER STATION and transport our refuse to the private facility for incineration. The start-up date of the new facility is now expected to be in early 1988.

In anticipation of the existing landfill dump closure, the Town has awarded a contract for professional engineering services and a hydrogeological study to help meet State mandated criteria.

MISCELLANEOUS This office continues to provide technical and engineering services to other departments, boards and commissions. Additionally, the department has continued to provide snow plowing services for the schools and all other municipal buildings. Under a new program this year, the department will provide one employee during the summer months to handle the grounds maintenance at the Town Recreation Area.

Armand A. Dugas
Public Works Director

**THE VISITING NURSE ASSOCIATION
OF MANCHESTER AND SOUTHERN NH
1985 REPORT**

Founded in 1897 the Visiting Nurse Association has an 89 year history of providing home health services to the greater Manchester community. The service area includes Auburn, Bedford, Candia, Goffstown, Hooksett, Manchester, Amherst, Milford, Mont Vernon, and other towns by arrangement. VNA is accredited jointly by the National League for Nursing and the American Public Health Association. It carries Medicare and Medicaid certification and receives partial program funding from the Greater Manchester United Way.

VNA Home Health Services provides nursing and aide services 7 days a week and 24 hours a day, with other services and therapies provided on a regular service schedule. These services also include comprehensive care for terminally ill and continue to be the program serving the largest number of residents.

VNA is committed to providing necessary services to people who are financially unable to pay the usual fees. Therefore, fees are explained to our patients at the first visit to the home and adjustments are made on an individual basis.

VNA Community Services continues to provide Immunization Clinics, Adult Health Screening Programs, including Blood Pressure Screening and Foot Care Clinics monthly throughout the community. Other programs include the Occupational Health Services Program and the Parent Child Health Programs which includes the Teenage Pregnancy Program. Walk-in Blood Pressure Screening, health counseling and education are provided Monday-Friday from 1:30-4 p.m. at the 194 Concord Street, Manchester office.

Town appropriations, grants, United Way and donations are a vital part of the funds which make these services possible for residents who are unable to pay. The Town of Bedford is represented on the VNA Board of Directors by Attorney William G. Thornton.

Sincerely,

Sarah Hubbard
Executive Director

Edith P. Schmidtchen, Town Clerk

July 17, 1985

Board of Selectmen
Town of Bedford
Bedford, New Hampshire 03102

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Town of Bedford, New Hampshire for the year ended December 31, 1984 and have issued our report thereon, dated July 17, 1985. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing, and extent of other such auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgement by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to the estimates and judgements required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with procedures may deteriorate.

Such study and evaluation disclosed the following conditions that we believe to be material weaknesses.

PREVIOUS AUDIT RECOMMENDATIONS

We are pleased to report that substantially all of our prior recommendations concerning the improvement of internal controls and business practices have been implemented during 1984. We commend Town officials and employees for the effective implementation of our prior recommendations.

The following observations and recommendations are a result of our examination of the Town's financial statements for the year ended December 31, 1984.

SEWER CONSTRUCTION RECORDS

Our audit of sewer construction activity for the year ended December 31, 1984 disclosed the following.

Accounting records and related documents were not available for our audit until May, 1985. The records provided were incomplete as several invoices, bank statements and passbooks could not be located.

In order to maintain adequate controls over construction activity, it is imperative that complete and timely financial records be maintained. Good business practices as well as Federal regulations governing the expenditure of United States Environmental Protection Agency funds require complete and timely records.

Although the current sewer project is virtually complete, we recommend that future projects be managed in such a manner to insure that adequate financial information is accumulated and records safeguarded. Increased involvement by the commissioners is central to effective project management.

SEWER DEPARTMENT EXPENDITURES

Our examination disclosed that sewer operating expenditures are approved for payment by the Public Works Director prior to payment by the Town Treasurer. Good internal controls require that the individual responsible for purchasing not have the ability to approve invoices for payment.

Under state statutes (RSA 149-1:19), all expenditures made by a sewer commission must first be approved by the board of commissioners.

We recommend that the manifests currently in use by the sewer department be signed by a majority of the board of commissioners prior to presentation for payment.

HIGHWAY DEPARTMENT

Observations regarding highway department operations as noted in this examination were communicated in a separate letter to the board of selectmen dated April 17, 1985.

DEVELOPER PERFORMANCE BONDS

We noted that the Town has accepted mortgage deeds as performance bonds for road subdivisions. We find no authority for Towns to accept land as a performance bond in state statutes.

We believe the Town to be in a vulnerable position in the event of developer default since the Town would already own the land as a result of tax sale proceedings.

It is our recommendation that the Board of Selectmen request cash as performance bonds for future road subdivisions.

MANIFEST SYSTEM

We noted that the members of the Board of Selectmen currently sign every vendor check issued by the Town. This practice is not necessary as the Town Treasurer, under state statutes, is the only signature required.

It is our recommendation that the Town implement a manifest system. A manifest system would require the selectmen to review a listing (Manifest) of checks to be issued including payee and amount. Once invoices supporting the checks are reviewed the selectmen would sign the manifest indicating approval for payment.

CASH DISBURSEMENTS SYSTEM

The Town currently records cash disbursements using a manually prepared journal. The current system requires the check to be written and subsequently recorded in the cash disbursements journal. We feel this to be a great duplication of effort on the part of Town employees.

In the absence of a computerized accounting system, the Town should consider a one-write type of cash disbursements system. Such a system provides a cash disbursements journal that is created simultaneously as the checks are written.

We recommend that the Town implement a one-write and manifest system to increase the efficiency of Board of Selectmen as well as Town employees.

PAYROLL ACCOUNT

Our examination disclosed that the payroll account was not reconciled throughout the year. Several additional audit hours were necessary to reconcile the account at year end.

Good internal controls as well as sound business practices dictate that all cash accounts be reconciled to the books on a regular and timely basis.

We recommend that the payroll account be reconciled on a regular basis throughout the year.

COMPUTERIZATION

As in our previous letter, we again feel that the Town of Bedford has sufficient volume of activity to warrant a detailed

study of possible computer applications at all levels of government. A substantial portion of the Town's records are still being maintained on a time consuming manual system.

Some of the applications of a computer system should be resident and property tax billings, voter lists, property tax assessment records, cash disbursements and payroll systems, detailed budgetary reporting system, word processing, direct posting of property and resident tax payments as well as a database which would be an integral part of the budgetary process for the ensuing year.

We are available to assist the Board of Selectmen in the process of reviewing hardware as well as software programs. We feel a properly designed computer system should improve financial data available and possibly reduce the need for additional staff to process the increasing activity of the Town.

CONCLUSION

We wish to express our appreciation to Town officials at all levels for their cooperation and assistance during the course of our audit.

Town officials should be commended for their efforts in responding to our previous commentary letter in a positive and organized manner.

**BEDFORD SCHOOL DISTRICT
SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District in the Town of Bedford, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the McKelvie School in said district on Thursday, March 6, 1986, at 7:30 p.m. in the evening to act upon the following subjects:

ARTICLE I. (by Petition) To see if the District will vote to authorize the construction and equipping of an addition to the McKelvie School and to appropriate a sum not to exceed \$2,435,000 for the aforesaid purposes, said sum to be in addition to any bond investment interest and other local, State or Federal funds made available therefor, and to raise the same by issuance of bonds or Serial Notes in accordance with the provisions of the Municipal Finance Act, Chapter 33 of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Bedford School Board to issue and negotiate said bond or notes in the name of or on the credit of the district, said board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds.

ARTICLE II. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the school district meeting, money from any source which becomes available during the fiscal year provided it meets all conditions of RSA 198:20-b.

ARTICLE III. To see if the District will vote to raise and appropriate the sum of \$143,237.00 as a deficiency appropriation, said sum to be made available to the School Board and School District prior to June 15, 1986. Said sum to exceed the 1985-86 appropriation by \$143,237.00 for the purpose of paying the increase in high school tuition to Manchester.

ARTICLE IV. To see if the District will vote to raise and appropriate the sum of \$199,700.00 for the purpose of removing asbestos from the Memorial School.

ARTICLE V. To see if the District will vote to withdraw \$11,000.00 from the Capital Reserve Fund for the purpose of developing preliminary architect and engineering plans for an addition to the McKelvie School.

ARTICLE VI. To see if the District will vote to raise and appropriate the sum of \$79,000.00 for the purpose of developing bid plans and specifications, for an addition to the McKelvie School. The bond issue to be voted at the March, 1987 Annual School District Meeting.

ARTICLE VII. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of the school district and agents and for the statutory obligations of the district.

ARTICLE VIII. To see if the District will vote to raise and appropriate a sum of money to fund the cost items related to an increase in teachers' salaries and benefits attributable to the Collective Bargaining Agreement being entered into by the Bedford School Board and the Bedford Education Association for the 1986-87 fiscal year. Such sum of money represents the additional costs attributable to an increase in salaries and benefits over those obligations payable under the prior Collective Bargaining Agreement.

(This article will be acted upon only if a Collective Bargaining Agreement has been achieved and the sum of money needed to fund such cost items is therefore known before the Annual District Meeting.)

Given under our hands at said Bedford this 10th day of February 1986.

REPORT OF THE SCHOOL BOARD

1985 has been a year of rapid growth in the elementary school population in Bedford. New students above the previous September enrollment totalled 30 in 1983, 28 in 1984, and 79 in 1985. By January of 1986, 34 more new students had entered. The increase in students has created pressures on staff, space, textbooks, and supplies. After several stable years, 61 additional high school students are being tuitioned to Manchester.

A Growth and Facilities Study Committee was established last January "to research, synthesize, and project conclusions that will provide a picture of future growth and the potential impact of growth on space, facilities, and programs." This committee, in its October report to the board, included Bedford population projections and school district population projections for the elementary grades for the years 1986 to 1995. Phase II of the same report shows the classroom space and special facilities needed for the projected enrollments in 1990 and 1995 and some options for housing these students. Superintendent Leavitt developed a plan for meeting the more immediate needs with an addition to McKelvie School. The School Board has responded by including warrant articles for the District meeting requesting funds for architect and engineering fees this year with a bond issue to be voted on at the 1987 meeting. Members of the community have petitioned via a warrant article that a bond issue be voted this year.

The School Board is also requesting funds for classroom alterations at both Peter Woodbury and Memorial Schools to accommodate the increasing population. Six additional teachers have been included in the budget to maintain the pupil-teacher ratio goals which the Board has established. A new elementary school is included in several of the future options suggested by the Facilities Study Committee. The Board is continuing to look for suitable land for future building needs.

The School Board has had other committees working actively this year and others are in the planning stages. The Program Review Committee presented its report in late spring. Some recommendations have been implemented such as extending school library hours; some are still being developed such as the Expectations Pamphlet, and one late bus at McKelvie—given a trial but discontinued. A high school study committee will be appointed. There will be 689 students attending Manchester High School West next year and tuition costs have been increasing rapidly. Referendum questions on high schools will again appear on the ballot.

A Public School Kindergarten Feasibility Study Committee reported to the Board in December of 1984 on the characteristics and educational benefits of a public school kindergarten program. Phase II of this study was deferred while the Facilities Committee was determining demographics. A Phase II Committee is now at work using these enrollment projections to determine space requirements and also costs of a kindergarten program. The State Department of Education has also been developing new standards for elementary schools and these may require kindergarten. The draft of these proposed standards will be reviewed by the School Board and comments forwarded to the State Department.

The Teacher Needs Committee has continued as a forum for improved communications between faculty, and administration, and the Board. A new teacher contract is presently in negotiation.

Another committee report reviewed by the Board this year was that of the Gifted and Talented Program Committee. The School Board has included in its budget funds for a teacher and supplies to implement this program. Extensive research has been done by the faculty and administration and the recommended program is the Enrichment Triad and Revolving Door Identification Model (Triad/RDIM) which has been widely tested in various school districts. This program has the goal of developing potential in all students. Two forms of Triad enrichment will be available to all: Type I activities expand students' interest by exposing them to content areas not included in the regular curriculum with speakers, demonstrations, etc., and Type II experiences include teaching of skills such as critical analysis, creative problem-solving, and basic research methodology. Type III experiences are individual guided studies in which students of above average ability, task commitment and creativity are likely to participate. These are student-initiated areas of study. This program will initially be established only at the Memorial School but may be expanded to other grades in the future after its effectiveness has been evaluated.

The School Board gratefully acknowledges the continuing efforts of administration, teaching staff, and other personnel as well as those of dedicated citizens who all contribute to the task of providing a quality education for our students. This year we particularly wish to thank both staff and community members who have devoted so many hours to the work of School Board committees.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE CITIZENS OF BEDFORD

Our 1984-85 primary school enrollment (grades 1-5) showed a dramatic increase of fifty-six students over the prior year. Our September, 1985 enrollments for the same grade levels increased by another sixty-three students. This increase of one hundred and nineteen pupils over a two-year period is significant and requires serious consideration for additional classrooms.

The Growth and Facilities Study Committee completed its year-long study in October, 1985. The following comments serve to summarize a portion of the report:

“Our Committee projected that the total school age population, grades one through eight, which in September, 1985 totalled 1,524, would increase in **1990 to 1,837** and in **1995 to 2,078**. The Committee believes that the assumptions were relatively conservative in view of the population growth in Bedford and Southern New Hampshire in the last several years. It should also be noted that as Bedford schools continue to develop an excellent reputation, that factor will be an increasingly positive one in the decision of families with school-age children to move into Bedford, thus potentially accelerating the in-migration trend.

It is recommended that the School Board review these projections annually to see if they are on target.”

“In summary, the findings of this Committee indicate substantial growth in the Bedford school population over the next ten years. We urge the School Board to present to the voters **this year** a plan that provides for new school facilities. We cannot afford to delay in addressing our facilities needs.”

The report of the Program Review Committee was completed in May, 1985. In addition to several recommendations, the report concluded with a summary which reads in part:

“When we began this endeavor, our primary focus was academic. However, as we progressed, another subject persistently and disquietingly claimed our attention, as well. Namely: Our zeal for academic achievement and intellectual enrichment was desensitized as to the emotional needs of our children.

Ostensibly, the primary mission of the school system is teaching academic skills, but it is also a large force in a child's socialization process, and cannot be severed from the development of the whole person.

The School Board must squarely address a significant deficiency in our students' ongoing development of coping skills. At a minimum, this matter incorporates the issues of:

1. Self-esteem
2. Independent thinking
3. Decision making
4. Dealing with stress related to parent, peer, and teacher pressures.

We feel that a failure to engage and resolve these issues would be an abdication of our shared responsibility to help students develop their full human potential.

We believe the philosophy of the Bedford School District, as written, already articulates a blueprint for excellence. For it to be translated into reality, however, will require a broader perspective and a more enlightened level of caring and commitment among all who share responsibility for our children."

Academic year 1984-85 was characterized by a number of new programs being implemented—a number of committees either reporting or becoming established, and a number of current programs being reviewed or updated.

Perhaps of most immediate significance was the establishment of a Foreign Language program scheduled to begin in September of 1985 at the McKelvie Middle School. The program that the school board has approved provides both an exploratory as well as standard sequential program for sixth, seventh and eighth grade students; and provides for gradual expansion into the elementary school over a five year period. Should the program evolve as proposed, Bedford school children will enjoy the unique advantages offered by the opportunity for an extended program of Foreign Language study by the late 1980's.

In response to the approval of new curricula in the areas of Industrial Arts and Home Economics, an additional position was added to each of these areas in order to fully implement these comprehensive programs. Other new or revised curriculums that were implemented for the first time in September of 1984 (Language Arts, How To, Computer Education) were reviewed and refined over the course of the year in a continuing effort to monitor implementation, plan for the future, and make necessary improvements. These projects involved the continued participation of staff and community with a goal to provide our students with quality educational programs.

A similar goal was espoused by the variety of committees that functioned over the course of this year including Computer Education Advisory, Gifted and Talented Program, Program Review, Kindergarten Feasibility Phase I, and the Teacher Needs Committee. Each of these broadly based committees not only focused their attentions and their reports on the present but also upon the future needs of Bedford schools from the unique perspective of their assigned tasks. Once again during the preparation of the next budget the Bedford School Board will examine priorities and make program decisions having benefit of a wide base of input.

Utilizing Federal funds, we have embarked on a project that will provide an extraordinary training program for teachers and administrators. Entitled "Focus on Teaching and Learning" the project seeks to take advantage of educational research on how students learn best and how students develop critical thinking skills. Participants will be learning and developing strategies for implementation in the classrooms of the district in each of the curriculum areas over the next two or three years. This project began during the summer of 1985 and is expected to make an impact on our programs over the coming months and years.

Our concern for the presence of friable asbestos in the Memorial School continues. Asbestos (Chrysotile) is present in the ceiling materials and boiler piping insulation in the old section of the school. It is currently encapsulated and presents no danger to persons under these conditions. However, it is present and could deteriorate under extreme conditions and should be removed.

Three members of our school community retired having served a total of forty-six years in Bedford. Robin Grant, an elementary school teacher retired after thirty-two years of teaching of which nineteen were in Bedford. Elizabeth Douglas, our school librarian served twenty-four years with thirteen years in district. Mary Maloney served as secretary to the principal at McKelvie School for fourteen years. We are indebted to the loyalty and service of these people and extend our best wishes for their good health and happiness in retirement.

In conclusion, I commend the continued participation and support of Bedford residents and its elected officials in providing a stimulating learning environment for the children of Bedford.

Respectfully submitted,

C.H. Leavitt
Superintendent of Schools

REPORT OF THE McKELVIE SCHOOL PRINCIPAL

To the Citizens of Bedford,

The enrollment at the McKelvie School continues to increase with 583 students in grades six, seven and eight. The September, 1985 enrollment is up from 567 in September of 1984. With the growth experienced to date and the projected increases in student population over the next several years, the availability of classroom space has become a major concern. The need for an additional sixth grade teacher and classroom, which is recommended in the 1986/87 budget, will put all available classroom space into use. This additional sixth grade will be located in the room presently utilized as the teacher's lounge/workroom and as the Curriculum Coordinators office. The space concern has already been experienced by the two foreign language teachers. These teachers move from classroom to classroom with their program. Their home-base/office is found in one-half of a classroom. Consideration of building proposals through the budetary process is important and will have a direct impact on our ability to house programs and to meet and maintain class size goals.

The school again this year has maintained the status of Approved Middle School with the New Hampshire Department of Education, Division of Instructional Services. This means that all state suggested and mandated minimum standards for middle/junior high schools have been met.

A major goal at the McKelvie School this year will be to complete a formal school evaluation process. The New England League of Middle Schools has developed a school evaluation process that is specifically designed to be applied to schools that are in fact, middle schools. The League's Evaluation Committee has identified component areas that are found in effective schools against which a school can be measured. The first step of the process will be a self-evaluation with data gathered from staff, parents and students. A second step involves an on-site visit by three consultants from the New England League. Their task will be to review the self-evaluation and to gather their own data during the visitation in order to develop an evaluation report for us. A comprehensive evaluation report will be completed at the end of the school year that will offer commendations as well as suggestions for change and improvement.

Five new professional staff members were employed for the 1985/86 school year. Mike Hague replaced Jonas Taub as the Community Youth Worker/Guidance Counselor. Charlene Carper assumed the duties of Assistant Principal replacing Nancy Andrews, who left the District in June to become a school principal in the seacoast area. Laren Carkin and Hilary Meyers were employed as foreign language teachers and Dierdre Angwin was hired to be the librarian for all three Bedford schools. She replaced Elizabeth Douglas who retired this year after a lengthy career in education. The front office staff has also changed with Edith Torrisi as secretary, and Helen Binette as clerk. Mary Maloney served as the school secretary for seventeen years prior to her retirement in June. On behalf of the school community, I wish both Mrs. Douglas and Mrs. Maloney good health and happiness.

The total curriculum offering increased this year as a modern foreign language program was implemented in September. All students in grades six, seven and eight have been given the opportunity to take, on an elective basis, either French or Spanish. This year, sixth and eighth graders are involved in an exploratory program while the seventh grade students began a two year commitment to the equivalent of a first year foreign language course. At the present time approximately eighty-five percent of the student population is taking either French or Spanish.

On behalf of the students and staff, I wish to thank the school volunteers, the Bedford Parent-Teacher Group and all organizations and persons who continue to provide support to our programs.

Respectfully submitted,

Robert Cook
Principal

REPORT OF THE PRINCIPAL MEMORIAL AND PETER WOODBURY SCHOOLS

The present enrollment of 968 students in the Primary Unit includes 416 students at Peter Woodbury and 552 students at Memorial School. This represents an increase of 71 students from the same time period last year.

The need for teaching space in the two Primary Unit Schools is critical. Five additional classroom teachers have been requested through the budgetary process for the 1986-87 school year. These are needed to keep pace with the increasing number of students. Rooms will be made available through the redesign of certain locations in the Peter Woodbury and Memorial Schools; however, this will impact on the library and gym programs in the school. This redesign of space virtually eliminates the possibility of any additional classrooms in the Primary Unit. The next step in the process would be to have programs such as art and music travel from class to class instead of having their own rooms.

This past summer, representatives of the Primary Unit staff as well as administration had the opportunity to attend a week-long training session in learning styles and teaching strategies. The intent of this training was to provide educators with the knowledge and skills necessary to assess students' learning styles and to select and implement a variety of specific teaching strategies. These strategies validate and challenge each style in order to increase students' ability to learn. Training has continued throughout the school year. The intent is to have the original group of trainees become the trainers of our total staff. We plan to conduct the training over the next two years. My personal feeling is that this is an exciting and worthwhile opportunity for our staff. It will have a major impact on the way teachers instruct their students and prove to be a tremendous benefit to our school district.

One indicator of a quality school system is its ability to provide a safe environment for its students. We, who are charged with this responsibility, work very hard striving for that end. This past summer and during the school year, various acts of vandalism have been committed at all three of our Bedford schools. I have communicated this to our students and hopefully have established in them a sense of pride and ownership in our schools. We have stressed that we should all be on guard for any uncaring individuals who commit any kind of vandalism. I

have requested that parents reinforce this point of view with their children and I invite all members of the community to report any vandalism to appropriate authorities.

Emphasis to improve the overall writing skills of our students and to develop familiarity with the computer continue to be major goals of the Primary Unit staff. We have continued with the implementation of the Writing Process which stresses daily reinforcement of writing skills for all our students. At the same time, teachers are continuing to work on the implementation and use of the computers in the classroom. We have been able, through the budgetary process, to purchase additional software and hardware to enhance the program's versatility.

Teachers at the Memorial School have identified the need for improving the quality and ability of our students in the area of listening. A schedule of workshops directed towards developing listening skills in our students was established and recently was completed. These skills will continue to be an emphasis of all teachers.

Through the generosity of the Bedford PTG, we have been able to provide a video taping unit and a large screen projector for use in the Primary Unit. Their support and cooperation has also enabled us to continue the worthwhile and valuable parent volunteer program. Their work is greatly appreciated by all staff members.

Administrative objectives for the Primary Unit 1985-86 school year include the following:

1. Work to develop theoretical and practical knowledge of learning styles and teaching strategies among the Primary Unit staff.
2. Facilitate a committee directed toward evaluating the procedure used to report student progress to parents.
3. Work with the Primary Unit counselors to develop more appropriate coping skills among our students.
4. Continue the ongoing objective of supporting all efforts to produce effective communication among staff, students, administration, school board and community.
5. Work with Primary Unit staff to increase classroom instruction time on-task by reducing inappropriate interruptions.
6. Continue to explore alternative uses of space at the Peter Woodbury and Memorial Schools which might best accommodate increased enrollment.

On behalf of the students and staff, I extend a thank you to all the volunteers who come into our schools. I also extend my own personal appreciation to all those who have helped carry on the work of educating the children of our community in the Primary Unit.

Respectfully submitted,

Arnold M. MacDonald

**SCHOOL DISTRICT MEETING
BEDFORD, N.H.
MARCH 14, 1985**

The annual School District Meeting was held on Thursday, March 14, 1985 at the McKelvie School, Bedford, N.H. Present were School Board members Sue Tyrie, Margaret Comiskey, Earl Legacy, Mary Ann Strong and Elaine Tefft. Budget Committee members present were Ed Moran, David Quinn, Thomas Riley, William Earnshaw and Jane Melendy (Selectman member). Also present was Superintendent Claude Leavitt, Assistant Superintendent Ray Raudonis and newly elected Selectman, Frank Davis.

Approximately 100 people were present.

School District Moderator, Eugene Van Loan, III, introduced the people on the stage, gave the invocation and explained the rules of procedure for the meeting.

Article I - To see if the District will vote to raise and appropriate the sum of \$119,000 as a deficiency appropriation, said sum to be made available to the School Board and School District prior to June 15, 1985. Said sum to exceed the 1984-85 appropriation by \$119,000 for the purpose of paying the increase in high school tuition to Manchester. Mr. Legacy made a motion to accept Article I; motion seconded by Mrs. Comiskey. Mrs. Comiskey addressed the article stating every year we are given an estimate of what the tuition payment to Manchester West High School will be. This is the deficit between what was budgeted and what the actual billing was. Vote on the article passed.

Article II - To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of the school district and agents and for the statutory obligations of the district. Mr. Legacy made a motion to accept the Budget Committees's budget of \$7,376,999; motion seconded by Mr. Quinn. Drew Gillett, Holbrook Road, has lived here for 8 years and has seen the budget go up considerably. He sees a 22% increase this year and is greatly upset. He made a motion that we amend the budget to be reduced by 5% for a total of \$7,062,774 or a \$314,225 savings; motion seconded. Mr. Gillett said he feels we do not know where the money is needed and that questions resides with the school committee.

He said we cannot afford this kind of increase every year. Jim Meighan, Woburn Abbey Drive, asked the rationale for the 5%. Mr. Gillett said he arrived at the 5% by looking at the 10% increase versus the tax increase and felt 4-5% over last year would be appropriate. Marian Villeneuve, Liberty Hill Road, said the budget keeps going up and we are getting the same. She said if we don't cut back somewhere, it will continually go up. She feels we have to do something about cutting back somewhere.

Andrea Solms, Pine Drive, feels the teachers still aren't paid enough. Jim Meighan is not comfortable with the motion and feels we should look at each area individually. Bob Allan, Birchwood Circle, said this is the most sensible and clear cut statement he has heard at a school district meeting and supports the 5% cut. John Holland, Glen Road, knows the budget committee looked very carefully at the budget and has confidence in them to scrutinize the budget. He is against the 5% arbitrary figure.

Edith Schmidtchen, Joppa Hill Road, said the teachers salaries are a negotiated item; would this be cut if we accept this 5% cut; no. Mr. Gillett said the intent is not for us to decide whether a teacher should be added or eliminated or whether they should have a raise; you put that problem back on those people who have the best ability to allocate those funds. He wants the town to decide what is an appropriate increase or decrease.

Becky Federico, Old Sawmill Road, PTG President, feels the School Board and Budget Committee have cut the budget as much as possible. She urges support for the budget and feels it is important for a quality education of our children. Dick Janelle, Rundlett Hill Road, feels a blind sabre at the school budget is very irresponsible and unfair. Paul MacEwen, Daniel Webster Highway, said if he could understand this budget and how much was left over in each line item, it would make more sense. He said it is so complex and is made that way on purpose. He feels it is hard to make an intelligent decision and the 5% cut would be the best way.

Patty Thompson, Meetinghouse Road, is opposed to this amendment. She said there are 2 enormous items we have no control over—tuition and special education. We have one of the finest school systems in southern N.H. and have to pay for it. She does not think the 5% cut should pass. Someone moved

the question; seconded; vote on the motion passed. Vote on the motion to reduce the budget by \$314,225 was defeated. A division vote was called for which showed 35 in favor and 56 opposed. Motion was defeated.

Drew Gillett made a motion to amend the budget to be reduced by the sum of 3% to \$7,211,464 or a reduction by \$165,535; motion seconded. Mr. Gillett does not feel this is an arbitrary slice at the budget. He said according to the minutes of last year, we were only charged \$2302/pupil instead of \$2487 which represents a savings. He said we are spending more per pupil in grammar school than any other town in the state. Margaret Comiskey said there is some confusion. The actual billing per high school student was \$2546 plus a \$75 surcharge. She said the major increases this year are tuition to Manchester, the deficit appropriation, 6% estimated increase in energy costs, 2 additional classrooms and furniture, negotiated salary increases which includes Blue Cross, Fica, etc. and the increase in the bus contract plus we need another bus. She said you can reduce the number of teachers, maintenance of buildings, but you have to pay your energy costs, transportation contract, high school tuition, etc., so there are a limited number of ways an overall cut can be reflected in the budget.

Paul Remus, Meetinghouse Road would support spending for the school. He disagrees with the first motion and disagrees more with this motion. He feels the way to deal with this is to propose an amendment to the motion and delete the word reduce and replace it with increase; motion seconded. Ed Moran thinks this is reflective of a degree of frustration. He said the difficulty is there are many mandated programs. He said most people here are interested in education but do not reflect a cross section of the town. He said the budget committee and school board spent a lot of time and have to be fair to the townspeople as a whole.

Eugene Van Loan, Jr., Wallace Road, asked if this motion passed would we still go line by line; yes. Jim Meighan thinks Mr. Remus' suggestion takes us from the real issue of whether we should discuss it line by line. He moved we vote on Mr. Remus' motion and defeat it. Moderator Van Loan said motion not accepted.

Ernie Brendle, Wathen Road, said all we hear is more and more spending. He thinks Bedford is going the wrong way and

feels we should show a little restraint. Ray Landy, Meetinghouse Road, teacher at McKelvie, said this is an all electric building and what is going to happen to the cost of electricity; will Public Service Company stick to a 6% increase. He feels we have had a hold the line budget for the past 10-12 years. He said the quality of education in the U.S. is being threatened. He would like discussion to revolve around the quality of education. If you want quality education, you have to pay for it. He keeps hearing about our good schools but every year he hears about cutting and the vast amount of money being spent on schools. Vote on the amendment to the amendment to remove the word reduce and replace with increase was defeated. Vote on the original amendment to reduce the budget by the sum of \$165,535 was defeated. Mr. Gillett called for a division vote. After seeing those in favor, Moderator Van Loan said we did not need to count further.

Going to the line items in the budget, 1100 - Regular Programs, Mr. Moran said the budget committee would like to make a motion to reinstate the \$51,000; motion seconded. Mr. Moran said this reflects the \$75/pupil surcharge for West High School. The committee was unable to get any answers related to this charge so deleted it on the condition we would put it back upon satisfactory explanation. A letter was received stating this was incurred first in 1972 for "I don't know was" expenses. The state allows this and we are stuck with it until 1987. The budget committee is still not satisfied with the accountability of this and are requesting the school board to pursue it further. We have introduced house bills seeking representation and accountability.

Marian Villeneuve asked if this house bill will become a reality and the Bedford School Board will have representation on the Manchester School Board. Mrs. Comiskey said we will not know until about the first of July. Mr. Moran said if the bill passes, Bedford will have representation on the Manchester School Board. Anna Van Loan said she was on the school board when this charge was initiated and was because Manchester did not include charges for maintenance of the buildings. At that time it was discussed and Bedford did agree to it and she believes we have to live up to it. Vote on the motion to increase the budget by \$51,000 passed.

Maureen Spector made a motion to increase the budget by \$2360; motion seconded. This is for an increase in substitute

teachers and nurses salaries. Sue Tyrie said the surrounding towns are all mostly lower than what is being requested and she read a list of them. Ruthie Johnson, Highland Farms Drive, is concerned about substitute's pay because it has affected her children. One teacher was so young the students called her by her first name. Another time one of her children said other teachers covered the class. Mr. Legacy said the question of supply and demand is in everyone's mind and other towns are having the same problem. He said we are competitive with other towns in the area and in September we will be at \$37.50. Dick Janelle said he differs with Mr. Legacy. We have quite a few well qualified substitutes and are only paying \$30/day. In Merrimack they get \$37.50. He said 17 subs got together and said they are going to start saying no. He said this is only \$2,000. Elaine Tefft said we are paying \$30 and going to \$37.50 in September which is a 25% increase; they want \$40 a day which is 33% increase. She would ask for support of the school board position and not vote for the \$40/day. Drew Gillett does not think this is the proper way to amend the budget but we should reduce it overall. He feels we should go back to the \$30. Mr. Moran said the budget committee understood there was a problem with the \$30 and were willing to abide by the \$37.50. He feels this is a perfect example of the polarities that are under discussion here.

Kathy Cassano, Elk Drive said subs have been making \$30/day since the fall of 1980 with no increase. Last fall Supt. Leavitt put in for a raise to \$37.50 for Bedford and Merrimack; the Merrimack School Board voted it in and Bedford said we should wait. She said Merrimack and Bedford are in the same supervisory union and share the same substitute list. There is a shortage of subs. She said today there were 6 teachers out at McKelvie with only 3 subs. The better the wages the more qualified subs you will attract. She said in the primary grades, many times gym and music have to be cut because there are no subs.

Martha Andria, North Amherst Road, is a qualified teacher but will not put her name on the list because she is worth more than that. She thinks \$40/day is cheap. She urges everyone to support this. Vote on the motion to increase the budget by \$2360 passed. A division vote was called for which showed 80 in favor and 27 opposed.

Paul MacEwen asked what the increase in instrument repairs was for. Margaret Comiskey said \$800 is for repair of a piano. He asked about the foreign language teacher for \$36,000. Mrs. Comiskey said this is one of the major increases in the budget. The school board placed its priority on reinstating a foreign language program. The money is for 2 foreign language teachers. French and Spanish will be taught. Mr. MacEwen asked about social science salaries. Mrs. Comiskey said this is the same number of teachers and represents a 6.9% increase in salary.

Nancy Damour, Maple Drive, asked why the decrease in English/language; are we cutting a position. Mrs. Comiskey said if we lost a teacher who has taught for a greater number of years than the replacement, the replacement would be at a lower salary. Mr. Gillett said the science salary is a 15.2% increase and the social studies is a 9% increase. Mrs. Comiskey said the salary increases represent step increases and the 6.9% increase is on the base salary. Some teacher's have earned a master's degree. Mr. Gillett said that still represents a 15% increase across the board. He made a motion we amend this section to correspond with the social science percentage. Mr. Van Loan said we need a number not a percentage. Mr. Gillett made a motion that the science salary at McKelvie be \$116,871 which represents a 9.3% increase over the 1984-85 budget to correspond with social science which means a decrease of \$6,344; motion seconded. Mrs. Villeneuve asked if this has to do with salaries how can we do this since they are negotiated. Moderator Van Loan said any of these motions do not change any particular line item because the school board budget is a total budget and it changes the bottom line. Mr. Gillett said this was the reason he made the motion to change the total figure at the beginning of the meeting. Vote to reduce the budget by \$6,344 was defeated.

1200 Series - Special Programs - \$699,919. Ralph Sidore, Gage Road, made a motion to increase the budget by \$24,000; motion seconded. He addressed the gifted and talented program stating it was in the school administration budget and dropped by the school board. He spoke in favor of this program. He feels it is necessary to meet the needs of children capable of handling this type of work. He feels more and better can be done for our children. Carolyn Richmond, Buttonwood Road, spoke in favor of this motion. She said the children at the top of the spectrum

need the support as well as the those at the bottom of the spectrum. Barbara Garry spoke in favor of the program and said it will benefit many children. She said they need some extra stimulation and teachers need these guidelines to work with the children. Mr. Gillett asked the cost of the 2nd and 3rd year of this program and how many children will benefit from it. Mr. Sidore said this program benefits all children. Mrs. Comiskey said the \$24,000 is for the first year, and if it were to expand to McKelvie it could be at least the same cost for a teacher and slightly higher. Stan Tefft, Meetinghouse Road, if this benefits all children, why is it gifted and talented. Mr. Sidore said this program was selected to avoid programs dealing with only a limited number of students. This program has 3 parts—to give extra programs to all students and those who have special interests will be given individually tailored program. Sue Tyrie said the school board fought long and hard with 3 programs—computer, foreign language and gifted and talented. She said this is the first time they are hearing from the community.

Dave Quinn, Caron Road, said many that have spoken are the same ones that have expressed confidence in the school board and budget committee, except when their special interest is not endorsed. He said we had a new program last year; this is a new program this year. The question is when do we stop adding new programs and when does the spending stop. He said we will run out of space, not due to overpopulation, but because we don't have enough space to run these programs. He said the school board gave this careful consideration and came up with a good alternative. He is totally opposed to this motion. Mr. Sidore said we need new programs because things change. He feels the school board expressed their feelings when they approved the program last fall. He agrees with their priority but also feels when a program has been properly identified, we should vote it in. Motion to increase the budget by \$24,000 was defeated. A division vote was called for which showed 43 in favor and 65 opposed.

1400 - Other Instructional Programs - \$24,670. Drew Gillett asked the cost for the foreign language program. Mrs. Comiskey said \$43,000 to \$46,000 is the total cost for the program. She does not feel we will need more textbooks over the next 2 years. This is for 6, 7, & 8 grades.

2110 - Attendance & Social Work - \$950.

2120 - Guidance - \$110,222.

2130 - Health - \$32,155. Lucy Albertson, South Hills Drive, is an RN and asked why the school nurses salary is only \$10,000 while the average teacher is around \$18,000. She said the 3 nurses have had at least 15 years experience and she feels RN's are essential to safety.

2140 - Psychological - \$13,500.

2150 - Speech Path. & audiology - \$51,262.

2190 - Other Pupil Services - \$53,877.

2210 - Improvement of Instruction - \$31,564.

2220 - Educational Media - \$63,500. Mary Ann Strong made a motion to amend the budget by adding \$3,000; motion seconded. She explained there was \$10,000 for library books but it was cut by \$3,000 by the budget committee. She feels this should be reinstated. Frank Davis said this was a case of not trying to abolish the library but the same amount had been level funded over the past years. The library is increasing every year to a point where we will have a full library. He said the budget committee felt this was one of the areas where we could exercise a little restraint. Andrea Solms feels this is out of line in that things change and new material are very important to have in a school library. She totally disagrees and is in favor of adding the \$3,000. Mary Ann Strong said this has been level funded but each year the same money buys less books. Frances Wiggin, Bell Hill Road, does not feel the issue has been addressed clearly. We subtract books all the time and also look to replacing books; she supports the \$10,000. Vote on the motion to increase the budget by \$3,000 passed.

2310 - All other objects - \$25,939.

2320 - SAU Management Service - \$110,207.

2330 - Special Area Adm. Services - \$43,483.

2400 - School Administration Services - \$209,378.

2540 - Operation & Maint. of Plant - \$391,606.

2550 - Pupil Transportation - \$545,890.

2560 - Food Service - \$192,703.

2600 - Managerial Services - \$18,925. Sue Tyrie made a motion to increase the budget by \$3,500; seconded. Mrs. Tyrie said they would like to take the opportunity to start a self evaluation process where outside people come in. Frank Davis said the reason this was deleted is the budget committee questioned the objectivity of an evaluation. The budget committee feels parents are on top of this and will be the judges if their child is getting a good education. Supt. Leavitt said the school board has high expectations for the achievement of our youngsters. We are continually keeping a watchful eye out for the education of our youngsters but it is always good to reflect, look at ourselves and see how well we are doing and report it to a group of educators who look at our introspection and self evaluation and see where we are doing well and offer suggestions if we are not doing well. This is why the administration has recommended this. It is another check on our attempt to maintain quality education. Vote on the motion to increase the budget by \$3,500 was defeated. A division vote was called for which showed 43 in favor and 62 opposed so the motion was defeated.

2900 - Other Support Services - \$490,001.

4000 - Facilities Acquisitions & Const. - \$500.

5100 - Principal - \$180,000. Interest - \$42,328.

5220 - To Federal Projects Fund - \$15,000.

5240 - To Food Service Fund - \$1.00. Mrs. Comiskey said the dollar is just to keep the food service account open.

1122 - Deficit Appropriation - \$119,000.

Vote on the total amount of the budget as amended at \$7,433,359 passed.

Article III - To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the school district meeting, money from any source which becomes available during the fiscal year provided it meets all conditions of RSA 198:20-b. Mrs. Tefft made a motion to accept Article III: seconded; vote on the motion passed.

Mrs. Comiskey offered the following resolution and moved adoption: WHEREAS, Earl Legacy has served on the Bedford School Board for the past eight months to fill an unexpired term, and WHEREAS, he has given freely of his time and knowledge, NOW THEREFORE, it is resolved that we, the citizens of Bedford, New Hampshire, extend our appreciation for this service. Seconded and passed.

Mrs. Comiskey offered the following resolution and moved adoption; WHEREAS, Sue Tyrie has served on the Bedford School Board for ten years; and WHEREAS, her interest and investment of time and talents have helped clarify the district's philosophy to the benefit of all children; and WHEREAS, her efforts have helped to build trust and communication among the home and school; and WHEREAS, her service has been dedicated to caring for children; NOW THEREFORE, be it resolved that we the citizens of Bedford, New Hampshire, extend our appreciation for these contributions and say, "Thank you, Sue." Seconded and passed.

Meeting adjourned at 9:55 p.m.

Martha Harris
School District Clerk

**TOWN OF BEDFORD, NEW HAMPSHIRE
REPORT OF SCHOOL DISTRICT TREASURER
for the Fiscal Year July 1, 1984 to June 30, 1985**

ACCOUNTANT'S REPORT ON COMPLIANCE

To the Members of the School Board
Bedford School District
Bedford, New Hampshire

We have examined the combined financial statements of the Bedford School District as of and for the year ended June 30, 1985, and have issued our report thereon dated September 20, 1985. Our examination was made in accordance with generally accepted government auditing standards, the provisions of "Standards for Audit of Governmental Organizations, Programs, Activities and Functions", promulgated by the Comptroller General, which pertain to financial and compliance audits; the Office of Management and Budget's "Major Compliance Features of Programs Administered by State and Local Governments" (the approved compliance supplement); and, except as described in the following paragraphs, provisions of Office of Management and Budget (OMB) Circular A-102, "Uniform Administrative Requirements for Grants-In-Aid to State and Local Governments", Attachment P, "Audit Requirements" and the Guidelines for Financial and Compliance Audits of Federally Assisted Programs (Guidelines), and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The reporting objectives for compliance audits contained in the Guidelines suggest an examination of all transactions for compliance purposes, as opposed to the selective testing required by Attachment P; therefore, we have followed the reporting objectives of Attachment P. In addition, the Guidelines do not provide sufficient guidance for determining the representative number of charges to be examined and performing the procedures to ascertain compliance. Accordingly, we utilized other materials as supplements in those areas.

Attachment P requires that the examination include a determination of whether the Federal financial reports (including financial status reports, cash reports, and claims for advances and reimbursements) prepared by the Bedford School District contain accurate and reliable financial data. We have been informed that OMB interprets the phrase "accurate and reliable financial data" to mean that the Federal financial reports present the underlying financial data of the grants

within limits that are reasonable and practicable to attain under the circumstances.

In our opinion, except for the matters that might have come to our attention had our examination encompassed the provisions of the Guidelines referred to in the second preceding paragraph, for the tested operations and records, the Bedford School District complied with the material terms and conditions of its Federal grants, contracts and agreements, and the tested Federal financial reports present the underlying financial data of the grants within the limits described in the preceding paragraph. Further, based upon our examination and the procedures referred to above and except for the matters that might have come to our attention had our examination encompassed the provisions of the Guidelines referred to in the second preceding paragraph, nothing came to our attention to indicate that the Bedford School District had not complied with the compliance matters referred to above, and the Federal financial reports do not present the underlying financial data of the grants within the limits described in the preceding paragraph.

This report is intended solely for the use of the Bedford School District and the cognizant audit agency and should not be used for any other purpose.

September 20, 1985

NOTES TO THE FINANCIAL STATEMENTS
June 30, 1985

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Fund Accounting

The accounts of the School District are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the School District:

GOVERNMENT FUNDS

General Fund—The General Fund is the general operating fund of the School District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds—Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Food Service and Federal/State Projects funds.

FIDUCIARY FUNDS

Trust and Agency Funds—Trust and Agency Funds are used to account for the assets held in trust or as an agent by the School District for others. The Capital Reserve Fund and the Student Activities Funds are shown in this fund type.

B. Account Groups (Fixed Assets and Long-Term Liabilities)

All government funds are accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets.

Their reported fund balance (net current assets) is considered a measure of “available spendable resources”. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the School District does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group. This account group is not a fund. It is concerned only with the measurement of financial position and not results of operations. Since they do not affect net current assets, such long-term liabilities are not recognized as governmental fund type liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

C. Basis of Accounting

The accounts of the General, Special Revenue, and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the School District, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. Exceptions to this general rule include: 1) accumulated unpaid vacation and sick pay, and 2) principal and interest on general long-term debt which is recognized when due. All Agency funds are accounted for using the accrual basis of accounting.

D. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the School Districts' operations. State Statutes require balanced budgets and the use of beginning general fund unreserved fund balance to reduce District Assessments. In 1984-85, the beginning fund balance was applied as follows:

Unreserved fund balance used to reduce District Assessment	\$ 73,460
Reserved For Encumbrances	<u>80,000</u>
Total Use of Fund Balance	<u><u>\$153,460</u></u>

E. Encumbrances

Encumbrances accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are, therefore, reported as part of the fund balance at June 30 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at June 30 consists of the following:

General Fund	
Facilities Acquisition and Construction	<u>\$80,000</u>
Special Revenue Fund	
Federal Projects Funds	<u>\$14,910</u>

F. Inventories

Inventory in the General and Special Revenue funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

G. Accumulated Unpaid Vacation and Sick Pay

Accumulated unpaid vacation and sick pay is not accrued in the governmental funds using the modified accrual basis of accounting. Employees may accumulate various amounts of sick and vacation leave based on length of service. Vacation pay accumulation does not exceed a normal year's allowance. Accumulated sick leave is indeterminable.

H. Interfund Transactions

During the course of normal operations the School District has numerous transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental fund financial statements reflect such transactions as transfers.

NOTE 2—CHANGES IN LONG-TERM DEBT

The following is a summary of long-term debt transactions of the School District for the fiscal year ended June 30, 1985.

	General Obligation Debt
Long-term Debt, Payable July 1, 1984	\$1,065,000
Long-term Debt Retired	<u>205,000</u>
Long-term Debt, Payable June 30, 1985	<u>\$ 860,000</u>

Long-term debt payable at June 30, 1985, is comprised of the following individual issues:

General Obligation Debt

\$700,000 1966 School Bonds due in annual installments of \$35,000 through June 15, 1986; interest at 4.10%	\$ 35,000
\$1,200,000 1972 Elementary School Bonds due in annual installments of \$80,000 through December 1, 1987; interest at 4.70%	240,000
\$1,000,000 1978 Memorial School Addition Bonds due in annual installments of \$70,000 through November 15, 1983 and \$65,000 through November 15, 1993; interest at 5.70%	<u>\$585,000</u>
Total	<u>\$860,000</u>

The annual requirements to amortize all debt outstanding as of June 30, 1985, including interest payments, are as follows:

Annual Requirements To Amortize Long-Term Debt

<u>Fiscal Year Ending</u>	<u>General Obligation Debt</u>		
June 30	Principal	Interest	Total
1986	\$180,000	\$ 42,327	\$ 222,327
1987	145,000	33,428	178,428
1988	145,000	25,962	170,962
<u>1989-1994</u>	<u>390,000</u>	<u>66,690</u>	<u>456,690</u>
Totals	\$860,000	\$168,407	\$1,028,407

All debt is general obligation debt of the School District, which is backed by its full faith and credit.

NOTE 3—PENSION PLAN

The teachers and employees are covered under the State of New Hampshire Retirement System. The District's contribution for normal cost of the plan is based upon an actuarial valuation of the entire State plan. Since the actuarial valuation is performed on the entire State plan the amount, if any, of the excess of vested benefits over pension fund assets for the Bedford School District is not available. The District does not have an accrued liability for past service costs. The retirement cost for 1984-85 was \$21,310.

NOTE 4—CAPITAL RESERVE FUNDS

The capital reserve fund balance held by the Trustees of Trust Funds at June 30, 1985, is as follows:

<u>Purpose</u>	<u>Amount</u>
Capital Outlay	<u>\$11,787</u>

NOTE 5—DEFICIT APPROPRIATION (\$119,000)

At the March 14, 1985 School District Meeting it was voted to raise and appropriate a \$119,000 deficit appropriation for the 1984-85 fiscal year for the purpose of paying increased high school tuition to the City of Manchester.
