Dedication

Madelyn Williamson has always been a woman of great devotion and commitment to the town of Epping. Since her initial residency began some 30 year years ago, Madelyn's voluntary involvement in a host of community services and her "We can do this" attitude, has always provided a sense of guidance and inspiration that has influenced many people in town, as well as the town itself.

Madelyn's early involvement in Epping began in the Community Theater where, for 15 years, she could be seen performing in a host of roles and singing in the various production plays. But this was only the beginning . . .

For the past 21 years, Madelyn has been a member of the Epping Cemetery Preservation Committee where she has helped locate, chart, clean, and provide direct descendant research on over 80 cemeteries in town. She also had been instrumental in the adoption of state laws protecting cemeteries from vandalism.

For the past four years and ongoing she has been a member of the Epping Historic Commission and for the past nine years, she has been the curator for the Historical Society.

For the past eight years, Madelyn has been a Justice of the Peace and Notary Public, as which she has performed over one hundred wedding ceremonies.

She has had the pleasure of working with the town's building committee to help create the look and feel of the Epping Safety Complex. She has also assisted in particular building designs, such as the dormers and brick that are now an integrated part of the new Wal-Mart. While working with the Town Selectman, Madelyn became instrumental in re-adopting and bringing back the "Boston Post Cane" to Epping, which recognizes and honors the oldest person in town. Madelyn has been

honored by being the cane's presenter three times.

With her love of gardening and landscaping, Madelyn can be found enjoying time and tending to her lovely gardens and creating wonderful wreaths at her home at Clover Farm. Madelyn continues to be a strong supporter of her town and community. She does this because she enjoys it tremendously and also because "it's simply the right thing to do". Through Madelyn's caring, contributions and effort, Epping continues to be a better place, thanks to her.

Madelyn Williamson

Joy True, President of the Epping Historical Society, is a lifelong resident of Epping. Throughout the years, she has been active in many community organizations.

Joy has been a Cub Scout den mother, a 4-H leader, a Sunday School teacher, a school volunteer and, a library volunteer. She was a member of the Epping Fire Department's "Firebelles" Ladies Auxiliary, a member of the DAR, a member of the Fern Rebecca

Lodge, a volunteer for the "Upping Epping" Scholarship Fund, and an organizer of the street clean-ups in the 1970's.

She taught the "Water and Kids" water safety program in the Elementary School.

Joy worked with Irene Cote verifying town records, and was on the committee to return Watson Academy to its former state.

Joy was instrumental in establishing the Epping Historical Society, and was its first president.

She has located and catalogued several old cemeteries in town, and served on the "Old Home Days" committee.

Currently, Joy is busy helping to refurbish the Historical Society building. She is cataloguing old pictures of the town and townspeople, and is recording past vital statistic records, in response to an increasing number of requests for this information.

Joy has been committed to improving what we have in the town by honoring its past while looking toward the future.

Joy True

In Memoriam

Roger Gauthier 1929-2005

Roger Gauthier at the dedication of the new water tower in his honor.

Born in Epping on December 14, 1929 to Hermina and Joseph Gauthier, Roger moved to Bartlett Street in 1936, where he lived for 65 years. He attended Epping Grammar School and graduated from Watson Academy in 1948. Roger enlisted in the Army in 1949. After being discharged, he worked in the Goldberg Shoe Shop in Haverhill, where he met his wife Helen. From 1955-1957 Roger

and he served on the Fire Department until the 1960's. While on the Fire Department Roger was involved in several rescue attempts on the Lamprey River, and rose to the rank of Captain. At the age of 16, Roger joined the Epping Police Department as a cadet under Chief Eddie Lavoie. In the 1960's, Roger coached Little League. He served as a coach for the Legion Softball program in the early 1970's. Roger was also a

worked for City Concrete. After 1957, he worked at National Footwear here in Epping, only to leave there to work at City Concrete again as a dispatcher until 1968. In 1970 he joined the Carpenters Union in Haverhill. From 1974 Roger worked at the Haverhill Post Office until retirement in 1991.

Roger's service and dedication to the Town was long and diverse. In 1946 he joined the Epping Fire Department as a cadet

Roger's service and dedication to the Town of Epping was long and diverse. He served on the Fire Department, Police Department, Water and Sewer Commission and as Selectman.

member of the Civic Fact Finders for 6-7 years. Roger served as Selectman from 1979-1985, took a break and then served from 1992-1997. While serving as Selectmen, Roger spearheaded the clean up of the Keefe Environmental Services site.

Roger served twice on the Water and Sewer Commission first from 1976-1979, then from 1999 to 2005. As Chairman of the Water and Sewer Commission he was instrumental in building the new wastewater treatment facility and water tower.

He is survived by his wife, Helen Gauthier, of Epping; two daughters, Linda G. Gauthier of Epping and Lisa A. Gauthier of Savannah, Ga.; three sons, Joseph R. Gauthier and his wife, Sharon of Epping, Edward P. Gauthier and his wife, Terri of Nottingham, and Selectman Thomas M. Gauthier Sr., and his wife, Kimberly, of Epping; 10 grandchildren; four great-grandchildren; three sisters, Rita Curtis of Hampton, Irene Talbot of San Antonio, Texas, and Lucille Howard of Nottingham; several nieces and nephews.

Town Meeting Minutes

March 8, 2005

The deliberative session of the Town Meeting was held on Tuesday February 8, 2005 at the Epping Middle High School Gymnasium. The meeting was called to order by Moderator Robert Goodrich at 7:05 p.m. The deliberative session was adjourned at 10:15 p.m. Board of Selectmen Chairman Susan McGeough made a presentation to Frances Allen in appreciation of her many years of service to the community. A second presentation was made to Charlie Goodspeed in appreciation of his contributions to two major projects in the Town. The first was to stabilize and reattach the emergency stairway at the Town Hall. The second project was the demolition and reconstruction of the Mill Street Bridge. The final presentation by the Board was to Hank Letourneau for his years of dedication to protecting the citizens of Epping. Hank is a lifelong resident of Epping and has spent his entire career as an EMT and Firefighter. The 2004 Town Report has been dedicated to Hank.

Police Chief Greg Dodge then made a presentation to Part Time Police Sargeant Richard Newman in honor of his 25 years of service in the Epping Police Department. Since joining the department in 1980, Dick has covered the Saturday night patrol and has served as acting chief when Greg has been away.

The following discussion took place and final voting was by official ballot on March 8, 2005. The polls opened at 8:00 a.m. and closed at 7:30 p.m. There were 1377 regular voters and 33 absentee voters for a total of 1410 voters. There were 55 new voters who registered at the polls. Ballot clerks were Ann Marie Gomez-Amaru, Andrew Vallone, Patricia Sutcliffe, and Barbara MacDonald. The results are as follows.

Budget Committee – 3 Years

ARTICLE 2: AMENDING ZONING ORDINANCE ARTICLE 19

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town zoning ordinance to change Article 19 as follows: To clarify that sandwich boards and other such signs are considered free-standing signs for purpose of regulating the same and to require a Conditional Use Permit for the installation of internally lighted signs in the Highway Commercial, Central Business, and Industrial Commercial Zones where such signs are currently permitted without the requirement for such a permit. [RECOMMENDED BY THE PLANNING BOARD]

Results: Planning Board Chairman Rob Graham explained that the planning board has always assumed that free standing signs were under their jurisdiction, but there had been questions about this and this article will clarify the issue. In addition, internally lit signs will be regulated to be sure they are tasteful and comply with the surrounding architecture.

YES – 924 NO – 390

Article 2 PASSED

ARTICLE 3: AMENDING ZONING ORDINANCE ARTICLE 6

Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town zoning ordinance to change Article 6 as follows: to clarify incon-

sistencies regarding regulatory requirements for the installation of multi-family units within zones where permitted and to update the definition of wetlands as required by state law in determining minimum lot sizes for such facilities. [RECOMMENDED BY THE PLANNING BOARD]

Results: Rob Graham explained that the amendment would give a definition of wetlands that is consistent with the State's definition. Multifamily units will require 40,000 square feet per unit and any wetlands cannot be used as part of this area.

YES – 1019 NO – 301

Article 3 PASSED

ARTICLE 4: AMENDING ZONING ORDINANCE ARTICLE 8 Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance to change Article 8 (Flood Plain Development Ordinance) as follows: to adopt the latest FEMA revisions to the flood plain maps. The adoption is required to allow citizens to participate in the national flood insurance program. The new maps take effect in May 2005 and are shown on aerial photos for clearer delineation of the flood boundary. The remainder of the ordinance will be unchanged. [RECOMMENDED BY THE PLANNING BOARD]

Results: Rob Graham explained that the Federal government is mandating this change. If this is not passed by the Town, a resident's flood insurance could be in jeopardy.

YES – 1080 NO – 244

Article 4 PASSED

ARTICLE 5: AMENDING ZONING ORDINANCE ARTICLE 9 Are you in favor of the adoption of Amendment No. 4 as proposed by the planning board for the town zoning ordinance to Article 9 (Riverbank Protection District) as follows: to increase the setback from 100 feet to 150 feet from the banks of the rivers named in the District for the installation of septic systems, stormwater drainage structures, and other convey-

ances of water that may degrade water quality. This setback applies to the Lamprey, North, Pawtuckaway, and/or Piscassic Rivers. [RECOMMENDED BY THE PLANNING BOARD]

Results: The purpose of this article is to reinforce the Planning Boards goal to promote high water quality standards and to protect the watershed areas.

YES – 1000 NO – 333

Article 5 PASSED

ARTICLE 6: AMENDING ZONING ORDINANCE ARTICLE 10 Are you in favor of the adoption of Amendment No. 5 as proposed by the planning board for the town zoning ordinance to Article 10 (Epping Wetlands Ordinance) as follows: to increase the setback for structures from 50 feet to 75 feet from the edge of wetlands where the wetlands are over 1 acre in size or are contiguous with the banks of the Lamprey, North, Pawtuckaway, and/or Piscassic Rivers and to update the definition of wetlands to the state mandated definition. [RECOMMENDED BY THE PLANNING BOARD]

Results: This article will also protect the watershed areas, but it applies to all wetlands, not just riverbank properties.

YES – 969 NO – 358

Article 6 PASSED

ARTICLE 7: AMENDING ZONING ORDINANCE ARTICLE 11 Are you in favor of the adoption of Amendment No. 6 as proposed by the planning board for the town zoning ordinance to Article 11 (Administration) as follows: To update all references to building codes from the 2000 version of the BOCA building code to the 2003 International Building Code versions. To provide the Building Official with authority to have certain plans and submissions reviewed by technical professionals. To clarify the expiration date of building permits and the process to apply for a new building permit upon expiration. [RECOMMENDED BY THE PLANNING BOARD]

Results: This article will update the

building codes to the ones we are currently using. It will also give all building permits a one year expiration period. This will allow the Building Inspector to require the builder to conform to newer codes if their project is not completed within one year.

YES – 905 NO – 395

Article 7 PASSED

ARTICLE 8: AMENDING ZONING ORDINANCE ARTICLE 13 Are you in favor of the adoption of Amendment No. 7 as proposed by the planning board for the town zoning ordinance to Article 13 (Zoning Board of Adjustment) as follows: To eliminate duplicative provisions. [RECOMMENDED BY THE PLANNING BOARD]

Results: This article will make it clear that any Dual Use Special Exception must be a permitted use in the zone. It also eliminates the requirement for Site Plan Review by the Planning Board for Special Exceptions.

YES – 969 NO – 286

Article 8 PASSED

ARTICLE 9: PROHIBITING THE CONSTRUCTION METHOD OF HAMMER OR PILE-DRIVING Are you in favor of the adoption of Amendment No. 8 as proposed by citizen petition in accordance with RSA 675:4 for the town zoning ordinance for all districts as follows: To prohibit the construction method of hammer or vibratory pile-driving within 1,500 feet of any occupied building, or property containing domestic animals, without the written permission of the property owner. Existing construction projects are exempted. [BY PETITION; NOT RECOMMENDED BY THE PLANNING BOARD]

Results: Richard Irving, one of the Petitioners explained that the reason for this article is the recent construction at the Lowes site. The sound and vibration from the pile-driving was horrendous and this article would give the residents near such construction the right to say no to the method. Planning Board Chairman Rob Graham expressed his opinion that this article is

short sighted. There are several buildings that have been approved that are on unsteady ground where pile driving would be the safest method of construction. Allowing residents to have veto power over the method of construction could hold up the project. Resident Will Mailhot urged passage of this article saying that the noise was too loud if you were living within 200 feet of construction. Code Enforcement Officer Kevin Kelley remarked that all piles were driven successfully with no reported damage. He felt that the 1500 foot distance (1/4 mile) in this article was unreasonable. There are many areas in Town where the soil type would require pile driving for safety, and without this option the land would be worthless. Rita Mailhot stated that until the frost is gone they will not know for sure if there is any damage. Also, since she works nights and needs to sleep in the day time, sleep was impossible. Selectman Kim Sullivan explained that the Board of Selectmen did what they could to mitigate the noise. He thought the noise was greater 1500 feet away than it was at the site, and doesn't believe this article is necessary.

YES – 384 NO – 943

Article 9 FAILED

ARTICLE 10: DISCONTINUANCE OF TURKEY HILL ROAD

To see if the Town will vote to discontinue absolutely those portions of a Class VI roadway, known as Turkey Hill Road, from Route 87 to a point 187 feet north of the boundary of the Preston and Burley properties. Turkey Hill Road originates at Campground Road (Route 87) at the Preston property and continues northerly to the former property of John Warren and North River Road [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 5-0]

Results: Rob Graham explained that the section of road to be discontinued runs through a proposed subdivision. Rather than have the subdivision use the old roadway, this would allow them to create a new roadway that would be shorter in length and have less sur-

face area. This would give the Town a shorter road to maintain, and would allow the developer to better preserve open space. The abutters were satisfied with this article, and there will be no encroachment on the Burley property.

YES – 804 NO – 469

Article 10 PASSED

ARTICLE 11: POLICE CRUISER To see if the Town will vote to authorize the Board of Selectmen to enter into a three (3) year lease agreement for the purpose of leasing and equipping a new 2005 Ford police cruiser package vehicle for the Police Department; and to raise and appropriate the sum of Ten thousand seven hundred and fifty dollars (\$10,750.00) for the first year's payment. This lease agreement will contain a non-appropriation clause and is expected to cost a grand total of Thirty-two thousand two hundred and fifty dollars (\$32,250.00) with a One-Dollar (\$1.00) purchase option at the end of the lease term. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 5-0; RECOMMENDED BY THE BUDGET COMMITTEE 10-0-1]

Results: Police Chief Greg Dodge explained that the Department currently has two 1998 Crown Victorias, one an unmarked car with 189,000 miles on it, and one cruiser with 125,000 miles. He plans to retire one of these vehicles. The Department also has two 2001 cruisers, one 2003 cruiser, and two 2004 vehicles.

YES – 791 NO – 558

Article 11 PASSED

ARTICLE 12: POLICE COPS FAST GRANT

To see if the Town will vote to raise and appropriate the sum of \$70,810.00 (Seventy Thousand Eight Hundred Ten Dollars) for the hiring of two additional full-time police officers to include benefits. \$20,810.00 (Twenty Thousand Eight Hundred Ten Dollars) is to be raised by taxes. The balance of \$50,000.00 (Fifty Thousand Dollars) shall be provided by an approved three year United States Department

of Justice Office of Community Oriented Policing Services Grant funded at \$50,000.00 per year. Approval would call for a total estimated increase of \$264,365.00 (Two Hundred Sixty Four Thousand Three Hundred Sixty Five Dollars) in fiscal years 2004, 2005, and 2006. \$114,365.00 (One Hundred Fourteen Thousand Three Hundred Sixty Five Dollars) is to be raised by taxes with a total offsetting revenue from the grant of \$150,000.00 (One Hundred Fifty Thousand Dollars). Upon termination of the grant period (3 years) the Town would fully fund the two additional full-time police officer positions. [MAJORITY VOTE REQUIRED; NOT RECOMMENDED BY THE BOARD OF SELECTMEN 1-4; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 6-5]

Results: Chief Dodge explained that this is part of the same grant that was awarded to Epping last year. Epping was one of only three towns in New Hampshire to receive this grant, and one police officer was approved at last year's meeting. He was able to keep the grant open and present it again this year for the remaining two officers. Due to the increased commercial and residential growth there is a growing need for more officers. Last year we did not know the impact Wal-Mart would have, but there were a total of 278 calls to that location over the last year. **Because of the reluctance of the Selectmen and Budget Committee to approve this article, he agreed to amend this article to request only one officer rather than the two.** Tom Dwyer asked if we are going to be looking for another officer once Lowes opens, why not take both of the officers instead of just one. Rich McFadden stated that there is a lot of training that goes into hiring a new officer. He felt we would benefit by letting the federal government pay for this training. Art Reed agreed with all the reasons why we should take this grant and urged the Town not to reduce the article to one officer. This is the last year this program will be avail-

able, so we should take advantage of it while we can. Chris Downie asked if we would have to pay back the grant money if we did not continue to fund the position. The answer was yes. She also wanted to know why the Board of Selectmen did not support the article. Dianne Gilbert replied that she did not feel the Town could afford to totally fund the officers once the grant had expired. Kevin Kelley spoke in favor of keeping the two officers. With the addition of 200 new homes that are approved and the opening of Epping Crossing, Epping and its police force will only get busier. Budget Committee Chairman Jim McGeough said that he felt the Town needed at least one additional officer. Rockingham county is the fastest growing county in the country and with growth comes increased crime. **A hand vote was taken on the amendment and the amendment failed.** Kim Sullivan then made a motion to **amend the article to change the years to 2005, 2006 and 2007.** The motion was seconded by Susan McGeough. A hand vote was taken and **the amendment passed.** Kim Sullivan stated that he would have supported one new officer, but felt the Police budget was too high and we should be requesting help from the developers to provide the services. Chief Dodge said that whether this article passes or fails, we should still request money from the developers.

YES - 527 NO - 811

Article 12 FAILED

ARTICLE 13: FIRE APPARATUS To see if the town will vote to raise and appropriate a sum of thirty-nine thousand five hundred dollars (\$39,500) for the purpose of replacing the 1983 Fire Utility Vehicle. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; NOT RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 4-6-1]

Results: Fire Ward Charlie Goodspeed presented this article. He said that initially the department was planning to purchase a used pickup truck with a 5th

wheel trailer to carry the equipment, but after further consideration they had decided to look for another utility vehicle. In 1995 the Town passed an article establishing a special revenue fund separate from the general fund for the purpose of acquiring, constructing, and maintaining facilities and equipment for the purpose of providing public safety. The Town must vote the specific amount and purpose of any expenditure from this fund. In 1999 we voted to use money in this fund to pay the mortgage on the Safety Complex. Last year the income derived from ambulance calls was \$150,000 and the mortgage payment was \$135,000. There is currently \$205,000 in the fund and we should plan to keep at least \$150,000 in the fund. The fire wards would like to **amend the article to use \$49,500 of the excess for a used utility vehicle. In this way there would be no tax impact. The amendment was made by Charlie Goodspeed and seconded by Dianne Gilbert.** Kim Sullivan questioned using the money in this manner. He had hoped to use excess funds to buy down the principal on the mortgage, but the Selectmen did not know the correct balance in the fund. Town Administrator Steve Fournier verified the article that created this fund and said he had worked with the bookkeeper to get the correct number. **The amendment was passed with a hand vote.** A discussion ensued about the nonrecommendation by the Budget Committee. The board would support the article as it currently reads, but their original statement in the warrant cannot be changed. **Sandy Cray asked if the article could be amended to state that no money would be raised by taxation. A motion was made by Susan McGeough and seconded by Dianne Gilbert to amend the article to state No money will be raised by taxation. The amendment passed with a hand vote.** The article as amended reads as follows:
To see if the town will authorize the expenditure of forty-nine thousand five hundred dollars (\$49,500.00)

from the Public Safety Facilities and Equipment Fund for the purpose of replacing the 1983 Fire Utility Vehicle. No money will be raised by taxation.

YES - 858 NO - 476

Article 13 PASSED

ARTICLE 14: FULL-TIME FIRE FIGHTER PARAMEDIC To see if the town will vote to raise and appropriate the sum of Thirty Thousand (\$30,000) for the purpose of funding a third full-time Fire Fighter Paramedic. This amount represents all compensation and benefits and the position being filled after July 1, 2005. [MAJORITY VOTE REQUIRED; NOT RECOMMENDED BY THE BOARD OF SELECTMEN 2-3; NOT RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 4-6-1]

Results: Charlie Goodspeed explained that the Fire Wards had done a study of when calls had been received and the response time to the calls. They found that between the hours of 6:00 a.m. and 10:00 p.m. the average response time to a call was less than 3 minutes. During the time period of 10:30 p.m. and 6:00 a.m. the response time was greater than 9 minutes. They felt that the Town deserved better service and the best way to do this would be to hire an additional Paramedic. Jim McGeough from the Budget Committee felt the article should have been written to show the amount that would be needed for a full year and requested that an amendment be prepared to do this. Michael King felt that the salary was excessive for an entry level position, especially compared to police officers or school teachers. Charlie Goodspeed responded that they were looking for an EMT Paramedic, not an entry level employee and that they should be able to hire one for between \$40,000 and \$45,000 per year. The additional money would be for benefits. **An amendment was made by Susan McGeough and seconded by Jim McGeough to amend the article to include the sentence Approval would call for a total estimated increase of \$60,000 for fiscal**

year 2006. The amendment passed with a hand vote. Kim Sullivan spoke against the article saying that he did not think there was enough activity during the night hours to be worth the investment. Charlie Goodspeed emphasized the point that you cannot put a value on human life and in some instances the response time will make a difference. The article as amended now reads:

To see if the town will vote to raise and appropriate the sum of Thirty Thousand (\$30,000) for the purpose of funding a third full-time Fire Fighter Paramedic. This amount represents all compensation and benefits and the position being filled after July 1, 2005. Approval of this article would call for a total estimated increase of Sixty Thousand Dollars (\$60,000) in fiscal year 2006.

YES - 492 NO - 845

Article 14 FAILED

ARTICLE 15: CREATION OF EPPING TELEVISION EXPENDABLE TRUST FUND

To see if the town will vote to establish an expendable trust fund under the provision of RSA 31:19-a and to name the Board of Selectmen as agents to, an Epping Television Fund for the purpose of replacing and improving equipment for Epping Public Television and to raise and appropriate the amount of Three Thousand Six Hundred Forty Two Dollars and Twelve Cents (\$3,642.12) which represents the amount of franchise fees collected in 2004 above operating expenses for Epping Television. This sum will come from previous year's fund balance and no amount will be raised by taxation. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 5-0; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 10-0-1]

Results: Susan McGeough explained that under our cable TV contract, the town is paid a franchise fee for every resident who signs up for the cable service. These fees are used to fund

the Epping TV channel and purchase equipment for it. Currently, if there are excess fees they are returned to the general fund. This article would allow the excess to go into a fund that could be used for future TV equipment and corrects an article in last years warrant that was worded incorrectly. She made an **amendment to change the dollar amount to \$3,642.12**, which is the current amount remaining from 2004. When this article was originally prepared the amount of surplus was not known. The Town recently purchased equipment that will allow the viewer to see maps and plans, so there is less money remaining than originally thought. **The amendment was seconded by Kim Sullivan. A hand vote was taken and the amendment was passed.** The article as amended reads:

To see if the town will vote to establish an expendable trust fund under the provision of RSA 31:19-a and to name the Board of Selectmen as agents to, an Epping Television Fund for the purpose of replacing and improving equipment for Epping Public Television and to raise and appropriate the amount of Three Thousand Six Hundred Forty Two Dollars and Twelve Cents (\$3,642.12) which represents the amount of franchise fees collected in 2004 above operating expenses for Epping Television. This sum will come from previous year's fund balance and no amount will be raised by taxation.

YES - 946 NO - 405

Article 15 PASSED

ARTICLE 16: CREATION OF TOWN HALL IMPROVEMENT EXPENDABLE TRUST FUND

To see if the town will vote to establish an expendable trust fund under the provision of RSA 31:19-a and to name the Board of Selectmen as agents to, a Town Hall Improvement Expendable Trust Fund for the purpose of the maintenance, repairs and improvements to town hall and to raise and appropriate the amount of

Twenty Thousand Dollars (\$20,000.) This sum will come from fund balance and no amount will be raised by taxation. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 8-2-1]

Results: Susan McGeough stated that the Town Hall is a focal point in town, but is very old and often needs repairs. Rather than presenting an article each year, this would allow us to take any surplus from the end of the year to make it available for Town Hall repairs. Kim Sullivan spoke against the article saying that if we put this money in a trust fund it will not be available to buy down the tax rate. He would rather raise money for repairs as it is needed.

YES - 995 NO - 350

Article 16 PASSED

ARTICLE 17: HIGHWAY TRUCK FUND

To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be added to the existing Highway Truck Capital Reserve Fund. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 7-3-1]

Results: Susan McGeough spoke in favor of this article saying that by putting some money aside each year, there will be less tax impact when we do need to purchase a new truck. Mike King asked how much money is currently in the fund. Steve Fournier replied that there is currently \$31,086.27 in this fund.

YES - 804 NO - 527

Article 17 PASSED

Article 18: BACKHOE / FRONT END LOADER

To see if the Town will vote to authorize the Board of Selectmen to enter into a five (5) year lease agreement for the purpose of leasing a new 2005 backhoe/loader for the highway department; and to raise and appropriate the sum of Twelve thousand five hundred seven dollars (\$12,507.00) for the first year's payment. This lease agreement

will contain a non-appropriation clause and is expected to cost a grand total of sixty-two thousand five hundred and thirty dollars (\$62,535.00) with a One-Dollar (\$1.00) purchase option at the end of the lease term. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 7-3-1]

Results: Kim Sullivan spoke against this article. He feels that we should repair the vehicle we currently have. He also questioned whether the numbers in this article represent a firm proposal. Steve Fournier replied that the trade in value for our current vehicle was confirmed, that we would go out for bid on a new machine, and would not exceed the money stated in this article. Michael King also spoke against the article, but Susan McGeough felt we should replace the current backhoe. After a recount the vote was

YES – 661 NO – 665

Article 18 FAILED

ARTICLE 19: LANDFILL CLOSURE FUND To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be deposited into the existing Landfill Closure Capital Reserve Fund. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 10-0-1]

Results: Resident Thomas Kyle asked if we had been given a firm date for closing the Landfill. Susan McGeough replied that we have not. When this happens the fund will probably only cover engineering fees. The actual closure will cost much more. There is currently \$86,815.07 in this fund.

YES – 999 NO – 335

Article 19 PASSED

Article 20: CREATION OF A RECREATION ASSISTANCE EXPENDABLE TRUST FUND To see if the town will vote to establish an expendable trust fund under the provision of RSA 31:19-a and to name the Board of Selectmen

as agents to, a Recreation Assistance Expendable Trust Fund for the purpose of assisting individuals who could not afford to take part in recreation programs due to financial hardships and to raise and appropriate the amount of one thousand dollars (\$1,000) which represents the amount of donations collected last year for the previously mentioned purposes. This sum will come from previous year's fund balance and no amount will be raised by taxation. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 9-1-1]

Results: Camille Hackett of the Recreation Commission explained that last year they had done some fund raising and wanted to be able to use this money to help children who would otherwise not be able to afford the fees, attend the programs. There will be an application process to award the money.

YES – 987 NO – 371

Article 20 PASSED

ARTICLE 21: REPAIRS AND RENOVATIONS TO TOWN CEMETERIES To see if the town will vote to raise and appropriate the sum of fourteen thousand dollars (\$14,000.00) for repairs and renovations needed in twenty-one of the town owned or adopted cemeteries. Such renovations or repairs to include: clearing of brush and undergrowth, repairs to walls, fences and gates, and restorations to headstones. Such appropriation is to be offset by existing trust fund monies if available. Regular maintenance expenses for these cemeteries are included in the proposed 2005 Town Budget. Recommended by the Board of Cemetery Trustees. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 4-1 RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 8-2-1]

Results: Paul Spidle of the Cemetery Trustees explained that Epping has over 80 cemeteries, but most of them are privately owned. Several years ago

a committee identified 25 cemeteries in town that needed some restoration. There are trust funds created to help maintain the cemeteries, but by law only the interest from these funds can be used and there is not much money currently available. Most of the money in this article would go to repair headstones. The Town currently owns only Central Cemetery and the West Epping Cemetery on Folsom Lane but has officially adopted 12 cemeteries. **Paul Spidle then made a motion to amend this article to read “renovations needed in the fourteen of the town owned and adopted cemeteries”. The motion was seconded by Susan McGeough. The amendment passed with a hand vote.** The article as amended reads:

To see if the town will vote to raise and appropriate the sum of fourteen thousand dollars (\$14,000.00) for repairs and renovations needed in the fourteen of the town owned and adopted cemeteries. Such renovations or repairs to include: clearing of brush and undergrowth, repairs to walls, fences and gates, and restorations to headstones. Such appropriation is to be offset by existing trust fund monies if available. Regular maintenance expenses for these cemeteries are included in the proposed 2005 Town Budget.

YES – 943 NO – 441

Article 21 PASSED

ARTICLE 22: SEPTAGE RECEIVING STATION To see if the Town will vote to raise and appropriate an amount of one hundred forty-five thousand dollars (\$145,000) to install a septage receiving station at the Waste Water Treatment Facility. Said money to come out of trust funds/Surplus of the Sewer Department, if funds are available. This will have no impact on the tax rate. This Warrant Article shall be non-lapsing. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 5-0; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 9-1-1]

Results: Water & Sewer Commissioner Henry DeBoer explained that this is the same article that was presented last year, but the commissioners decided to loan money to the Water Department for the new water tower so funds were not available. Last year they received \$150,000 in fees from septage haulers and this money was an estimate of what should have been paid. They want the receiving station so they will know for sure how much they should be billing these haulers. In the future they will have to pay for sludge removal and they plan to pay for this from the fees billed to septic haulers.

YES – 1000 NO – 343

Article 22 PASSED

ARTICLE 23: PAINTING ROUTE 27 WATER TOWER To see if the Town will vote to raise and appropriate an amount of fifty thousand dollars (\$50,000) to paint the existing water tower on Route 27. Said money to come out of trust funds/Surplus of the Water Department, if funds are available. This will have no impact on the tax rate. This Warrant Article shall be non-lapsing. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 5-0; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 10-0-1]

Results: Henry DeBoer explained that this was another article that passed last year but money was used for the new water tower instead. They expect to have enough connection fees this year to fund this article, but the article is non-lapsing so it could be continued.

YES – 962 NO – 398

Article 23 PASSED

ARTICLE 24: HOAR POND WELL #3 To see if the Town will vote to raise and appropriate an amount of one hundred fifty thousand dollars (\$150,000) for the drilling and connection of Hoar Pond Well #3. Said money to come out of trust funds/Surplus of the Water Department, if funds are available. This will have no impact on the tax rate. This Warrant Article shall be non-laps-

ing. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 5-0; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 10-0-1]

Results: Henry DeBoer explained that developers will be needing more water than we presently have the capacity for. WCV (elderly housing units) is requesting 150,000 gallons per day and will be paying approximately \$500,000 in connection fees. Some of this money will be used for this article and the remainder will be used for the water tower. The State Dept. of Environmental Services requires that we have excess water available in case our main well goes down. It is a benefit to commercial developers if they can use Town water and sewer, and the connection fees paid by developers should pay for the improvements in the water and sewer systems.

YES – 974 NO – 365

Article 24 PASSED

ARTICLE 25: REJOINING ROCKINGHAM PLANNING COMMISSION To see if the Town will vote to reestablish its membership with the Rockingham Planning Commission for the purpose of assisting the Town in its interaction and communication with state agencies regarding the transportation projects and planning, environmental impacts and permitting, regional growth management efforts, and provide education assistance to citizens and town officials on such issues. The Planning Commission is a voluntary membership agency that provides other direct assistance to member communities in the form of grant opportunities for a wide range of projects and technical map production. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 3-2]

Results: Selectman Dianne Gilbert spoke against this article because membership in the Rockingham Planning Commission requires dues, and this article was presented too late for a money article. She stated that the dues would be \$4,918 and that amounts to

a fee of 85 cents for every resident of Epping. Kim Sullivan spoke in favor of the article saying that the Planning Board thought it was in the Town's best interest to be a member because of the many services the Commission provides. In particular they provide maps, help with grant applications, and are a liaison with the State regarding the plan for Route 125. He plans to amend the Town budget to include money for the dues should this article pass. Susan McGeough also spoke for the article, stating that the Town will need to update our master plan and the Planning Commission would provide assistance for this project.

YES – 887 NO – 431

Article 25 PASSED

ARTICLE 26: EPPING YOUTH ATHLETIC ASSOCIATION To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000) in support of the Epping Youth Athletic Association. [MAJORITY VOTE REQUIRED; RECOMMENDED BY THE BOARD OF SELECTMEN 5-0; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 10-0-1]

Results: Robin O'Day from the EYAA spoke for this article. She explained that the EYAA has been in existence for 20 years and provides baseball, softball, and basketball programs for our youth. They have never increased their request for funds from the Town, and raise the rest of their budget through registration fees and sponsors.

YES – 1108 NO – 257

Article 26 PASSED

ARTICLE 27: ADULT TUTORIAL PROGRAM To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) to be distributed to the Adult Tutorial Program for services estimated to be rendered to residents of the Town during the year 2005. [MAJORITY VOTE REQUIRED. RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 9 – 1-1]

Results: The director of this program spoke of their willingness to provide the Town with a quarterly report of the hours of service provided to Epping residents. In this way the Town would have assurance that the donation was benefiting the people of Epping.

YES – 832 NO – 488

Article 27 PASSED

ARTICLE 28: AIDS RESPONSE SEACOAST To see if the Town will vote to raise and appropriate the sum of Five Hundred Twenty Five Dollars (\$525.00) to be distributed to the Aids Response Seacoast for services estimated to be rendered to residents of the Town during the year 2005. [MAJORITY VOTE REQUIRED. RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 6 – 4-1]

Results: Town resident Siobhan Senier spoke for this article. She had been asked how much of this organization's budget had been spent on services to residents of Epping. Over the last 10 to 15 years they have provided services to 12 Epping residents at an annual cost of \$4,000. Since AIDS spreads across town boundaries, she considers that the entire budget of this organization benefits Epping.

YES – 758 NO – 567

Article 28 PASSED

ARTICLE 29: AMERICAN RED CROSS — GREAT BAY CHAPTER To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) to be distributed to American Red Cross – Great Bay Chapter for services estimated to be rendered to residents of the Town during the year 2005. [MAJORITY VOTE REQUIRED. RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 8 – 2-1]

YES – 909 NO – 429

Article 20 PASSED

ARTICLE 30: AREA HOMECARE AND FAMILY SERVICES To see if the Town

will vote to raise and appropriate the sum of Two Thousand Six Hundred and Ten Dollars (\$2,610) to be distributed to Area Homecare & Family Services for services estimated to be rendered to residents of the Town during the year 2005. [MAJORITY VOTE REQUIRED. RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 7 – 3-1]

Results: Budget Committee member Paul Spidle spoke against this and other donation articles because many of these organizations also get funding from the county, state or federal government. Since we all pay taxes to these entities we would in essence be paying twice for their services. Pam Tibbetts, also a Budget Committee member spoke in favor of supporting these articles. In her business she sees many people of limited resources who need the help these organizations provide. It is difficult to find anyone who will provide a service for free and people on a "bare-bones" budget need this assistance.

YES – 905 NO – 425

Article 30 PASSED

ARTICLE 31: SEACOAST BIG BROTHER/ BIG SISTER PROGRAM To see if the Town will vote to raise and appropriate the sum of One Thousand Six Hundred Twenty Dollars (\$1,620) to be distributed to Seacoast Big Brother/Big Sister Program for services estimated to be rendered to residents of the Town during the year 2005. [BY PETITION: MAJORITY VOTE REQUIRED. RECOMMENDED BY THE BOARD OF SELECTMEN 4-1; RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 9-0-2]

Results: Resident George Kimball explained that the soccer program had been part of the EYAA, but became part of the Lamprey River Youth Soccer because they provided a more extensive program. There are two parts of the program and this article would be for equipment for the part of the program which serves Epping children only. Resident Danielle Dulin stated that the second part of the program includes other towns also, but it is a benefit to Epping youth.

YES – 875 NO – 474

Article 42 PASSED

ARTICLE 44: CODE ENFORCEMENT VEHICLE To see if the Town will vote to raise and appropriate a sum of nineteen thousand-five hundred dollars (\$19,500) for the purpose of purchasing a used four wheel drive utility vehicle for the Code Enforcement Officer/Building Inspector. If approved by the voters the current Ford Escort will be sold and the proceeds will be deposited into the general fund to offset the cost of the used vehicle. [BY PETITION: MAJORITY VOTE REQUIRED. NOT RECOMMENDED BY THE BOARD OF SELECTMEN 2-3; NOT RECOMMENDED BY THE MUNICIPAL BUDGET COMMITTEE 2-8-1]

Results: Code Enforcement Officer Kev-

in Kelley explained that he is currently using a 1996 Ford Escort. That vehicle has high mileage and the brakes and transmission need to be repaired. He would like to have the Town purchase a used vehicle that would enable him to get to building sites during the winter and the upcoming mud season.

YES - 287 NO - 1047

Article 44 PASSED

ARTICLE 45: BICYCLE/BRIDLE PATH ALONG PLUMER ROAD The residents and adjoining neighbors of Plumer Rd., request the Epping Planning Board initiate an impact fee upon the developers of Hamilton Heights and soon to be developed area now known as Dungarvan Farm. The fees to provide a bicycle/bridle path along Plumer Rd. for the safety of the residents who walk, bicycle and ride horses. [BY PETITION: MAJORITY VOTE REQUIRED]

Results: Susan McGeough explained that she believed this article had been presented because of the number of subdivisions that have been proposed and the fact that we do not have sidewalks in these areas. The Town's attorney has said that this article would probably not be legal. Plumer Road resident Greg Tillman stated that he had not signed this petition, but he thought it was a good idea. There are a lot of residents who use this road for walking, riding or walking their dogs. He felt that developers should provide

sidewalks. He urged the Town to support this article even if it is not legal.

YES - 849 NO - 491

Article 45 PASSED

ARTICLE 46: OPERATING BUDGET To see if the Town will raise and appropriate an operating budget, not including appropriations by special warrant articles or other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling **four million three hundred five thousand three hundred seventy dollars (\$4,305,370) as recommended by the Budget Committee and the Board of Selectmen.** Should this article be defeated, the default budget shall be four million one hundred thirty six thousand nine hundred eighty-two dollars (\$4,136,982), which is the same as last year with certain adjustments required by previous action of the town or by law or by the governing body may hold one special meeting, in accordance with RSA 40:13,X and XVI, to take up the issue of a revised operating budget only. [MAJORITY VOTE REQUIRED]

Results: Kim Sullivan made a **motion to increase the budget to \$4,310,370.** The additional \$5,000 is to fund line 01-4191-1690 which is the Planning Board Miscellaneous Line. This would provide the necessary funds should

Article 25 regarding the Rockingham Planning Commission pass. **The motion was seconded by Susan McGeough. A hand vote was taken and the amendment passed.** The article as amended reads:

To see if the Town will raise and appropriate an operating budget, not including appropriations by special warrant articles or other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling *four million three hundred ten thousand three hundred seventy dollars (\$4,310,370) as recommended by the Budget Committee and the Board of Selectmen.* Should this article be defeated, the default budget shall be four million one hundred thirty six thousand nine hundred eighty-two dollars (\$4,136,982), which is the same as last year with certain adjustments required by previous action of the town or by law or by the governing body may hold one special meeting, in accordance with RSA 40:13,X and XVI, to take up the issue of a revised operating budget only

*Respectfully Submitted
Linda Foley, Town Clerk*

Committee Reports

Board of Selectmen

This past year, we lost a valued member of the community with the passing of Roger Gauthier. Roger served the community for many years on the Board of Selectmen, and continued to serve the Town until the end on the Water and Sewer Commission. Roger's dedication and love for the community will be sorely missed. We were proud to work with the Water and Sewer Commission to dedicate the new water tower in his honor.

The Town continues to welcome new businesses to Town. This year Epping became home to one of the first Lowe's Home Improvement Centers in New Hampshire. We also saw the opening of a number of stores and restaurants in the Epping Crossings Plaza and Walgreens, which is helping to make our community a commercial center of this part of the region.

In 2005 the Town completed its first Town wide revaluation of properties in almost a decade. This is always a contentious, but necessary process. As required by the state constitution and made more important as a result of the State Education Tax and the response to it by the Department of Revenue Administration (DRA), updating values will become a regular event in the lives of cities and Towns in New Hampshire. To have the state tax to be assessed fairly, the entire state must update its values on an ongoing basis. Thus each community will have its properties values "certified" once every four years by the DRA. As the town continues to grow and since an increase in population translates into an increase in the demand in housing and, in return, services, it is essential that property values be kept current. The State requires that Towns perform a revaluation so that all properties can be brought to current market value and contribute an equitable portion of the

total tax burden. By maintaining our values close to market value we ensure that every home and business is being taxed fairly.

One of the issues that the Town will be facing shortly is the growing demand on the limited capacity of our solid waste facility. With the residential growth that we have been experiencing, we have also been vastly increasing the amount of waste that must handle. Along with the increase in volume, we have also had to face large increases in the fees that we pay for waste disposal. We are asking you, the residents to help reduce our costs by increasing the amount you recycle. The more recycling we do, the less we put into the waste stream. Recycling also generates revenues that help offset the cost of operating the facility. In 2005, the Town brought in about \$119,000 in revenues from the transfer station alone. The Board of Selectmen intends to study various ways in which we can encourage more recycling in the coming year. Anyone interested in joining a committee to study the Town's options, should contact the Selectmen's Office. We are including in this report our guidelines for the recycling facility, to begin the process. (See page 16)

With 2005 ending, the Board of Selectmen has closed a very busy and productive year. We would like to take this opportunity to thank all of the residents of the community for your patience during the past few years and your continued understanding. By working together, we will continue to make Epping a great community.

Epping Board of Selectmen:

*Susan V. McGeough, Chair
Thomas Gauthier, Vice Chair
Dianne Gilbert
Christopher Murphy
Kim Sullivan*

Cemetery Trustees

We, the Epping Cemetery Trustees, are happy to report the completion of a great deal of much needed maintenance in our cemeteries during 2005.

Our budget for the year included the usual annual amount of \$6,000.00 for normal maintenance, as well as \$14,000.00 from the warrant article passed last year to do long deferred repairs. The Trustees met somewhat informally during the year, appointing Paul Spidle as superintendent to oversee the actual work to be done. Marilyn Perry served as contact with the Trustees. The actual mowing and repairs were completed by several individuals from the community. We thank everyone for their efforts. Work completed included several mowings of the larger cemeteries, a thorough clean-up of over twenty cemeteries that have been adopted by the Town, restoration of the stone wall at the West Epping Cemetery, and resetting of stones in Central Cemetery and elsewhere. The broken pieces of the vandalized West Epping Cemetery gate have been collected. We hope to have the gate repaired and re-hung soon.

Our budget request for 2006 is only the \$6,000.00 for annual maintenance. This should allow us to do a general clean up in all the Town cemeteries and occasional mowing in the major ones.

Anyone who is interested in submitting a bid to mow some or all of the cemeteries next summer is invited to contact any Cemetery Trustee or the Selectmen's Office for more information.

Respectfully submitted,

*Daniel Harvey
Paul Ladd
Marilyn Perry*

Refuse & Recycling

General Guidelines

The refuse and recycling facilities in Epping are open to residents only. To use these facilities, a resident must first purchase a Solid Waste Permit for \$5.00/yr. for each vehicle at the Clerk's Office and attach this permit to a side or rear window of their vehicle. Vehicles that do not have a Solid Waste Permit that matches the registration and inspection sticker will not be allowed to enter any of Epping's dumping facilities.

Any resident who wishes to use a vehicle that does not have a Solid Waste Permit to haul items to a dumping facility must get a special permit at the Clerk's Office.

The removal of items from Epping's dumping facilities (scavenging) is not permitted, except for items left at the Recycling Center's swap shop area.

Transfer Station

Open Wed 2 p.m.–7 p.m., Sat & Sun 9 a.m.–4 p.m.

- **Household trash only.** No construction debris, no bulky items, no recyclable and no hazardous materials are to be placed in to the compactors.

Recycling Center

Open Wed 2 p.m.–7 p.m., Sat & Sun 9 a.m.–4 p.m.

- **Automotive Items:** Used engine, transmission or hydraulic oils can be left at no charge. If you wish to keep your container see the attendant, otherwise leave it in a clearly marked and sealed container by the oil recovery tank.
 - Lead acid auto batteries can be left by the motor oil recovery tank at no charge.
 - Anti-freeze is not accepted.
- **Aluminum Cans:** soda and beer cans.
- **Cardboard:** corrugated cardboard, boxes and cartons. Flattened if possible. No paper board (i.e. cereal, pasta or shoe boxes). No wet or waxed cardboard (i.e. orange juice or milk cartons).
- **Glass:** clear, green, and brown bottles and jars. Rinse and remove the lids. Labels can be left on. No plate glass, light bulbs or ceramics.

- **Paper:** the facility can accept "anything that tears" cardboard (broken down), newspaper, office paper, junk mail, boxboard (cereal boxes, etc), brown paper bags, soft cover books, magazines, computer paper, envelopes. The following is not allowed: Tyvek envelopes, aseptic packaging (drink boxes, etc.), blueprint paper, food contaminated paper products (paper plates, napkins, pizza boxes), hard cover books, carbon paper, plastic bags.
- **Plastic:** soda, milk, water and juice bottles/jugs and colored plastics #2 (includes laundry detergent, bleach, some shampoo and motor oil containers).
- **Steel Cans:** pet food, vegetable and fruit juice containers. Rinse out. Labels can be left on.
- **Swap Shop:** Used items in good usable condition can be left for others to pick up (such as books, toys, knick knacks, etc.) Used clothing can be left in bags at the swap shop for transport to non-profit agencies.

Stump Dump

Open Sat & Sun 9 a.m.–4 p.m.

- **Tires:** Up to 4 tires per resident per week. Each tire must have a "Tire Tag" attached. Tags will be available at the at the Stump Dump for a fee of \$2 for automobile and light truck tires, \$13 for truck tires (series 920 or larger). All tires must have the rims removed.
- **Bulky Items:** Bulky items are taken at the Stump Dump at no charge. Bulky items include, but are not limited to, furniture such as couches, mattresses, chairs and tables; carpeting/rugs.
- **Scrap Metal:** Scrap metal (iron, aluminum, copper, etc.) will be taken at no charge.
- **Appliances:** Household appliances **without** refrigerant chemicals/Freon, must have an "Non-Freon Appliance Sticker" attached. "Non-Freon Appliance Stickers" will be available at the Stump Dump at no charge. These appliances include, but are not limited to, washing machines, ranges, stoves, and dishwashers.

Household appliances that do **contain** refrigerant chemicals/Freon must have a "Freon Appliance Sticker" attached to each item. These stickers will be available at the Stump Dump for a fee of \$10 each. These appliances include, but are not limited to refrigerators, dehumidifiers and air conditioners.

Code Enforcement and Building Inspection

The Town of Epping continues its rapid growth and this office has been very busy. Epping saw almost a quarter of a million square feet of commercial construction in the past year including Lowe's Home Improvement Center, The Epping Crossing retail site, Walgreen's and numerous other commercial businesses. We saw 55 new homes, 5 duplexes, one three-unit residential building, 5 manufactured homes, and a total of 657 permits were issued. Several residential developments are poised to begin construction, with possibly over two hundred units in the developments on Blake and Prescott Roads alone.

With the volume of both commercial and residential growth not only this year but forecasted to continue for some time, it was time for additional resources to be added to this office. In last year's budget request I justified the addition of a part-time administrative staff person and a part-time inspector, but as it turned out I was able to

acquire one full-time person for both these tasks. I want to take this opportunity to introduce my assistant Lanie Ling. Ms. Ling performs administrative tasks, and assists with field inspections as well. Her presence has brought another level of customer service to this office. She can be reached at (603) 679-5441, extension 112 and I at extension 113, or e-mail me at codeenforcement@townofepping.com.

*Sincerely,
Kevin Kelley*

Conservation Commission

In 2005, the Conservation Commission worked with Rockingham Land Trust and the Lamprey River Advisory Committee (LRAC) to protect more than 70 acres at the junction of the North and Lamprey Rivers. This land will now remain open and available to Epping residents for hiking, skiing, fishing, and other recreation, in perpetuity.

In addition, the Forestry Committee, working with the LRAC, has created a trail system, kiosk, and interpretive map on the Tilton Bridge Landing area, on Route 87. We encourage you to get out and enjoy these hidden, scenic gems of Epping.

The Commission continues to spend hours reviewing development plans and wetlands fill applications, and sending comments to the Planning Board and the state Department of Environmental Services for review.

And finally, the ever popular Lamprey River Canoe Race ran for the 28th year! We'd like to thank everyone who helped, because we couldn't have done it without your assistance; and we thank everyone who came to paddle or watch, because that's why we're all here! This year's race is scheduled for the last weekend in April, and we hope to see you all again.

*Epping Conservation Commission:
Greg Tillman
Jeff Conrad
Sonja Gonzalez
Scott Pim*

Fire Department

Please let me start by thanking the citizens of Epping for the tremendous support the Epping Fire Department has received in 2005. You have helped us in so many ways and we are as always grateful. I would first like to recognize our members. As many area towns struggle for membership, we continue to grow, in fact with 61 active members, we are at the highest staffing levels in the department's history. Of course this coincides with both the growing population and the growing demand for our services so we always have room for more volunteer staff and encourage you to call the station for information about joining. The second way we are supported by you is through the Firefighters Association fundraisers. The Spring Dance, the carwashes, the occasional spaghetti supper, and of course,

the donations we receive all contribute to the well being of the department and the support of the volunteer members. Thank you!

I would like to take this opportunity to publicly thank retired chief Hank Letourneau for his 24 years of service to the town of Epping and to the Epping Fire Department. He redefined the terms public servant, leader, and for many of us, good friend. Thank you for this Hank, and also for your continued support of the department.

As our not so little town continues to change and grow, so must the fire department. While I feel we are able to meet your needs and expectations quite well today, we need to continue to plan for the future. The fact is that the way we have done things in the past is not necessarily going to be adequate in the future. Aging vehicles will continue to need to be replaced and full time staff will need to be expanded. We understand the limited resources that are available to fund these changes, as we are taxpayers in the community as well. We will only bring forward these proposals when we feel that it is necessary.

This year the revenue from the ambulance is projected to be about \$140,000. The money collected goes to pay the bond on the Public Safety complex and has also been used to purchase the newest vehicle in our fleet this past year. Our 1983 rescue vehicle has finally been retired and replaced by a 2006 utility truck. Hundreds of hours of time were put in by our volunteers to convert this plain box style truck into an emergency response vehicle we can all be proud of. The efforts put forth by our volunteers saved the town several thousands of dollars. Special thanks goes out to Lieutenant Mark Nickerson and Lieutenant Bruce Chapman for the long hours they put in on this project and the special skills they bring to our department.

Our Explorer post continues to thrive and now has 16 youth members. The Exploring program is part of the Boy Scouts of America and gives

young men and women age 14 to 18 the opportunity to explore different careers. In the case of Fire Exploring, they can give back to the community at

the same time.

In closing, a few good safety points we should all remember. When you see emergency lights, red or blue,

Epping Fire Department — 61 Members

Epping Fire Department

approaching from behind or in front of you, you are required to pull to the right and stop. All too often this law is not followed and it can hinder everyone's safety and also hinder our response times. We would like all residents to please be sure that you have your house number displayed in such a manner that it is clearly visible from the road. Finally, remember to change your smoke detector batteries when you change your clocks for daylight savings time in the spring and the fall. Sometimes the department receives smoke detectors as donations and they are available to the public at no charge. If you don't have a working smoke detector, please call the station to see if we have any available. In closing, I would like to wish you all a safe and prosperous year.

*Respectfully,
Brian Toomire, Fire Chief*

General Assistance (Welfare) Department

Another year has come and gone, and as in the past I've shared with you the

many resources that are available to our Epping residents who are unable to provide for themselves and their families. The State welfare reform programs place urgency in times of crisis on cities and towns to provide services. The Statute RSA: 165 implies that, "If a person is poor and unable to maintain himself or herself" the Town has no other choice but to assist.

The Food Pantry is available year-round to serve those in need. To visit the food pantry, please call my office or come in to see me so I can reach the appropriate person to help you. Because I am aware of other resources such as federal programs, state programs, county assistance programs I am able to direct the people of Epping with resources that serve the needs of the poor as well as the budgetary needs of the town. There is Rockingham Community Action Program which has been a significant resource in meeting the needs of our residents.

I have many brochures for information on the Legal Advice & Referral Centers, Families First, Healthy Kids, and Senior Prescription Discount Pilot Programs. The Compass Program is still going strong. This is a program to help the unemployed or underem-

ployed develop skills that will lead to self-sufficiency and offer job-training services.

If you feel that you or your family needs assistance or information how to receive assistance, please do not hesitate to call my office at 679-1202, ext. 114. My office hours for appointments are Wednesday, 9 a.m. to 12 noon.

*Phyllis E. McDonough,
Welfare Administrator*

Harvey-Mitchell Memorial Library

The Library had a busy and industrious year in 2005. More patrons borrowed more books over the past 12 months than in the previous year and more people used the computers as well. There were no staffing changes over the past year. Our four dedicated staff members continued to provide excellent service during our first full year of extended hours.

The Lydia Ladd Room, more often called the Children's Room, underwent dramatic changes this year. The dark and somewhat gloomy room has been made light and cheery with colorful new paint and oak furnishings paid for in part by a grant from the McPhee family. In addition, a welcoming space has been created for Epping's older children. Unveiled in October, this space has grown steadily in popularity with elementary, middle, and high school students.

This year marks the first full year of Library automation. All transactions were recorded on the Library server, allowing for electronic tracking of media, as well as value-added features such as reserving circulating books for patrons. Full automation has provided more accurate record keeping and more reliable statistics.

The Library began participating in the State Library's special long-term loan of large print books in June. This

program allows the Library to offer a diverse and constantly changing array of books at no cost. Use of large print books has already increased at the Library due to this program.

Special Library events and programs were on the rise in 2005. Some highlights include:

- National Library Week
- "J" Day, a celebration for junior readers
- Teen Read Week
- Children's Book Week
- Harry Potter Events
- Pajama Nights
- A second Preschool Storyhour has been added this year. The program now convenes on **Wednesday mornings at 10:30 a.m. and Thursday afternoons at 1:30 p.m.**
- New public use computers were added in October, allowing patrons to make better use of our DSL network.
- The Summer Reading Program events in July resulted in the Library's highest monthly attendance, as well as our highest circulation of media.

On behalf of the Board of Trustees and Staff, I would like to thank the citizens of Epping for their continued support.

*Respectfully submitted,
Amanda Reynolds Cooper
Director*

Library Stats for 2005

(as of 12/21/05)

Items Circulated.....21,050
Interlibrary Loans719
Attendance 11,049
Computer Uses.....2,054
New Items 1,545
(books, audio books, videos, and magazines)

Autographed bookplate of "Harry Potter and the Half-blood Prince" won from Scholastic Press. We are the only Library in NH to win this prize.

Epping Historical Society & Museum

The Epping Historical Society and Museum are open from 6–9 p.m. Monday evenings and 10 a.m.–2 p.m. on Wednesdays.

This has been an extraordinary year for your society.

After a year's delay, the remains found at the accidentally disturbed Chase cemetery were reburied at a memorable Christian and Native American Ceremony last spring. Members of the Chase family were present. The Epping Historical Society was involved and contributed with the State of New Hampshire throughout to this conclusion. The full State report documenting the findings is at the historical society.

The Historical Society Building, after decades, is finally being painted by volunteers, courtesy of our neighbors Carteret Mortgage Company who generously provided the paint.

The Boston Post Cane was given to our oldest resident, Miss Annie Julia

Wells during a most memorable ceremony at the Epping Town Hall.

By Memorial Day the Veteran's Monument in the park will be cleaned by the Cemetery Preservation Committee of the Historical Society. Existing overgrown shrubbery has been removed and it is planned to be replaced in the early spring. It is hoped that two park benches may be donated to further enhance this special place.

During the year we have welcomed many visitors some from as far away as Alaska.

We always welcome your donation of old Epping or family photos which can be copied and returned. We house a full resource center including collections of old Epping photos of homes and people, thousands of computerized vital and genealogical entries & and records of our 80 cemeteries. A treasure trove for any researcher!

Come and get involved! Dues are nominal. Any member of our board may be contacted for further information.

Board of Directors & Members at Large:

President: Joy True (679-8855)

Vice President: Dan Bennis

Curator/Secretary: Madelyn Williamson (679-5482)

Members at Large: Joe Denoncour, Fran Allen

Planning Board

In 2005 the Board welcomed newly elected member, Greg Tillman, who replaced the Secretary on the Board, Austin Bishop. The Board would like to thank Austin for serving on the Board as an elected member for three years and wishes him well on a job that took him out of state. Robert Graham remained Chairman, Cory McPhee Vice-Chairman, Steve Illsley Treasurer, and Alternate Mike Morasco. Susan McGeough was appointed to serve as the

Selectmen's Representative, with Kim Sullivan serving as the Selectmen's alternate. Circuit Rider/Planner, Ben Frost, and the Planning Board Assistant is Phyllis McDonough.

The Town has seen many retail businesses open in 2005, such as Lowe's, Olympia Sports, Payless Shoes, Verizon, Super Cuts, and five eating establishments, Applebee's, Wendy's Quiznos, China Jade and Lucky Fortune. In all, the Board has reviewed and approved ten Subdivision applications totaling 156 single-family lots, eight Site Plan reviews, one of which was denied, two Minor Site Plan reviews and three Lot Line Adjustments.

All contacts and issues relating to planning in the Town of Epping should be forwarded to the Town Planners, Ben Frost and for long-range planning related issues, Clay Mitchell. Generally scheduled office hours for the Planner are Thursday afternoon starting at approximately 4:00. However, contacting the Planning Board secretary at 679-1202 ext. 114 will insure that time is available.

In response to the growth of the town, the Board has continued its work on updates to the Master Plan, the regulations and several new zoning amendment proposals. We appreciate your attention to zoning matters at the town meeting and election.

The entire Board as always wishes to thank the citizens of Epping for their continued support, interest, and input we received throughout the year. Please continue to let us know how we're doing.

We thank you for your commitment and continued service.

Officers: Robert Graham, III, Cory McPhee, Steve Illsley, Greg Tillman, and Selectmen's Representative Susan McGeough.

Circuit/Rider Planner Ben Frost and Planning Board Assistant Phyllis McDonough.

Alternate: Mike Morasco.

Comparison for 11/30/04 to 11/30/05

Police Department

Every year we see changes in the make up of our Town and the obvious change this year is the expansion of the Town's commercial businesses. With the opening of Lowe's and Walgreen's the Police Department has assumed the added responsibilities these stores bring and continue to maintain the best services possible to the citizens of Epping. You have all read and heard about the impacts that large commercial stores have brought to Epping, but be assured that we will continue to seek ways to minimize the financial burden to our town.

There were a few personnel changes in 2005, Officer John Walsh resigned his position after completing his military enlistment and went on to work in the fire service. Officer Thomas Clivio of Fremont, NH filled that vacant position and he will graduate from the Police Academy in March of 2006. He will be a great addition to our department and we wish him well as he begins his law enforcement career. In addition I appointed Officer Richard Cote to Detective a move that brought relief to that division. I know Detective Cote will do a great job and will work closely with Detective Turner on solving an increasing caseload. On a sad note, Prosecutor, Attorney Karen Springer has taken a new job with the Rockingham County Attorney's Office. The entire department thanks Karen for her fine service to the Town and wishes her well in her new position.

Your Police Department has received a 26% increase in calls for service ending one of our busiest years. As reported last year, felony cases went up sharply and this past year increased by another 46%. In 2003 there were 48 reported felonies, 71 in 2004, and 104 in 2005. Increases to calls for service, accidents, and criminal incident reports has required a great deal of time spent by the officers investigating these reports which ties up our resources that should be spent preventing criminal activity. Though we have attempted

to increase our staffing levels we have not been able to do so in the past few years. Our commitment as always, is to improve these numbers and to find ways in which we can better serve the needs of our residents and reduce the number of reportable crimes. A full listing of crimes, arrests, accidents, and calls for service are listed in the accompanying box.

As you can see there has also been an increase in burglaries most of which were residential. Three suspects were arrested for two of the burglaries. This was a part of a trio that were burglarizing properties throughout New Hampshire, parts of Vermont and Massachusetts. In these cases one of the three would knock on the door of a residence to see if there was anyone home. If someone were to answer the door the person would just ask to use the phone or look for directions. Should no one be at home the trio would break in and steal valuables from the homeowner. It is imperative that all residents keep their properties

secure when away from home and to also consider installing an alarm system or at the very least have a reliable neighbor watch your home while you are away.

We encourage all citizens to contact the police department to report any unusual or suspicious activity. It should never be thought as an inconvenience or imposition to call our department, as it is our duty to investigate all reported incidents thoroughly and efficiently. It is also our duty to follow-up with you and report our findings. There are several small things we urge all residents to do such as making sure your property is secure, properly lit, and vehicles are locked. You can also inquire with the Epping Police about local crime trends in Epping or the local area, and we will share that information with you, so you can feel safe and secure.

If you have any questions or comments about anything that we do, please contact the police station during normal business hours at 679-5834. In

closing I want to thank the men and women of the Epping Police Department for their hard work and dedication. I also want to thank the Town's people and the Epping Board of Selectmen for all the positive feedback we have received, both in terms of telephone calls or support during Town meetings. Your support has been a positive influence on the officers as they carry on with their daily activities. The residents of this Town are our customers and we want to insure that your tax dollars are well spent.

Please have a safe 2006!

*Respectfully Submitted,
Gregory C. Dodge, Chief of Police*

Recreation Department

Two Thousand and five has proven to be a great year in leisure activities for the Town of Epping. Many of the programs that the Recreation Department offered ran at capacity. The Department provided many new programs and joined with other organizations to help with the running of their activities. The department exceeded the anticipated revenue, while spending much less than we had forecasted.

Anne Lucas official joined the After-School staff in mid-January. Anne created some very memorable activities for the children to take part in. In late spring, the After School Task force was created to increase awareness for the importance of After-School in Epping. The group meets on a regular basis to set new goals for the after-school program. The After-School program took an active role in the PTO's annual Spring Carnival.

The Easter Bunny dropped a few eggs in late April at the playing field behind the SAU building, what fun it was looking for those eggs in a foot of snow! Children had the chance for a photo with the Big Bunny and lots of candy in their belly. The Recreation Department hosted a Pepsi Pitch, Hit and Run competition in May at the Mary Blair Park

David, Dylan and Kyle show off their catch of the day.

Meghan puts the finishing touches on the summer community service project.

on a wet Sunday afternoon. The turn out was great and we will offer the program for years to come.

The Financial Assistance fund went to the voters in March. The warrant article was overwhelmingly approved. The funds that had been donated by Wal-Mart were deposited into the account. The funds allowed over 900 hours of summer and after-school programming to be offered to children that would otherwise have been unable to attend. Thank you for your support! If you would like to contribute to this fund please contact the Recreation Office.

What a great summer we had this year! We had lots of fun, some great

new trips all over the state. The new trips included a Fisher Cats game and very popular Chuck E. Cheese's and movie adventure. Sharon Harvey signed on as an A*VISTA member for the ten week program. During the summer Sharon organized some great community learning projects for the children. The campers enjoyed assembling the blue bird houses that they got to hang at Fox Run Conservation Area. Sharon had so much fun that she decided to sign up for the AMERICORP Member position at the After School program.

The Middle School Adventure Program was a huge success during the summer. We went on five exciting trips. Hiking, Mountain Biking and the Ropes Course were some of the highlights. Keep an eye out for this summer's action packed adventures. Recreation Department is hop-

ing to offer this type of programming through the fall months.

The fall of 2005 has brought the highest enrollment in the After School in the history of the program. The current program is running at building capacity. Donations have been strong in the past year. Two large corporations, Comcast and Wal-Mart, came forward to donate nearly five thousand dollars to the program. The funding was used to create a computer lab at Watson Academy and provided scholarships to five children.

The Christmas Tree lighting had a record number of attendees. Many families joined the Recreation Department and Historical Society in greet-

ing Santa at the annual event. Caroling and cookies were enjoyed by all those that attended. The December vacation camp enrollment doubled over last year, and was a great way to say goodbye to 2005.

Be sure to look for new Recreation Programs in 2006. We will be offering Flag Football, more Teen trips, summer sports camps and bigger and better holiday events. Let's make this year even better than last! Feel free to give suggestions in regards to new programs; we are always open to feedback from the community. Thank you for another great year!

Town Clerk's Report

The Town Clerk's Office implemented on line motor vehicle registration for renewals during May of 2005. This service is provided by our software provider, Interware Development Company, and can be accessed through the Town's website. Although only a few residents chose this method of registration, we are attempting to provide services to help our ever changing population. Another change in our activity was the increase in Dump Permit fees from \$1.00 to \$5.00 as directed by the Selectmen. It is important that the dump permit you purchase match the month of expiration of your vehicle registration.

Looking ahead for 2006 we are looking at many proposed changes in the voter registration system and the accessibility of our polling place.

*Linda Foley,
Town Clerk*

Water and Sewer Department

The year 2005 was one of mixed emotions for the Board of Commissioners. We sadly lost two of our associates, both of whom succumbed to sudden

illness. Chris Pipitone was briefly an interim administrator for the Board. We miss his spirit and enthusiasm for the job.

Roger Gauthier was our long time leader and Chairman of the Board.

Roger was instrumental in bringing the Water & Sewer Dept. to where it is today. With the Selectmen's permission the new water tank was dedicated to Roger and will be known as the "Roger Gauthier Tank". A plaque will be placed noting that soon. Both Roger and Chris will be missed.

Joe Foley was appointed to the Board. Mike and I look forward to working with Joe. He has already brought many good ideas to run the systems more efficiently. His contributions have been many over a short period of time.

We were very busy this year. We have completed the installation of a second water tower behind Walmart, completed a significant upgrade to the waste water treatment plant, and provided new services for a variety of new businesses in Town and have connected the Pine and Pond Park to our water system.

In order to provide fire protection

to Epping we were mandated by the NHDES to increase our water storage capacity. This task was started last year and the new water tower was brought on line this fall. The new water tower which has a capacity in excess of 300,000 gallons is more that 1.5 times the capacity of our old tower on Pleasant Street which will remain in use. The new tower has cost \$874,440 to date with only small issues remaining to be completed. This obviously, was an expense too large to be borne by the rate payers. The construction costs of the tower were funded entirely by connection fees (and one donation of \$175,000 by SR Weiner). There will be additional operating costs for this tower i.e. electrical power, phone and maintenance costs which will be incorporated into the rate structure.

The sewage treatment plant was also expanded this year. In order to make sure that we could get an operating license for the maximum design capacity of 500,000 gpd it was necessary to purchase and install the third phase of the Zenon treatment stations. This was unanticipated but it was felt that if we did not upgrade and increase our capacity now that in the future we

might not be able to be licensed to operate at the full design capacity. The costs for this upgrade were paid out of the reserve funded by the sewer connection fees, not by the rate payers.

This year we provided sewer and water services to a number of new commercial accounts. The connection fees will go to the reserve accounts of the sewer and water funds where they will be held until needed for expansion, replacement or significant repair of existing facilities. Please see the accompanying chart for the a breakdown of the funds that were collected.

The Pine and Pond Park was connected to the water system in December. The water in the park had been determined to be contaminated by the presence of MTBE in amounts less than 20ppb. The Park which had its own wells is now on Town water (It has been on Town sewer for some years). The cost of making the connection and the connection fees will be paid by the Oil Fund Disbursement Board, which approved this project in October. Adding the Park to our system adds about another 20,000 gpd in water usage.

Another vexing problem is rain water infiltration. On a typical day we process about 140,000 gallons of sewage. When we have a heavy rain, particularly of some duration, we have inflows of as much as 750,000 gpd. There will be a focused effort to minimize infiltration around manholes and other obvious sites where rain can enter the sewer system. Another source of water is sump pumps. A small sump pump running half the time in a basement can add 3500 gpd or more. Because it comes in through the sewer system all of this water is treated as sewage and processed at our expense. This year there will be an effort to encourage people to pipe the outflow of their sumps outside where it can drain to the Town's storm drains.

Due to increased operational expenses (mostly electrical needs) it was determined that it was necessary to raise rates by 10%. This was an action

The Town Clerk's Office had the following activity during the period of January 1, 2005 through December 31, 2005:

Motor Vehicle Permits Issued	8,348	\$944,776.67
Municipal Agent Transactions	6,851	17,127.50
E-Reg Transactions	106	183.50
Dog Licenses	717	4,406.00
Dump Permits	3,440	9,948.00
Marriage Licenses	48	2,160.00
Vital Records Certificates	157	1,705.00
UCC Filings		2,237.00
Miscellaneous		809.40
Total Remitted to Treasurer		983,353.07

that was not taken lightly but reflected upon the fact that our costs have increased and our operating expenses need to be covered by our operating income. The increase was effective in the last quarter of 2005. Of the systems in the State our charges remain in the lower quarter even after the increase.

In conclusion, our goals remain the same, to deliver clean drinking water of high quality, to maintain some of the lowest rates in the State of NH, and to add to the quality of life for Epping residents.

*Henry DeBoer,
Chairman Epping Water and Sewer
Commission*

Zoning Board of Adjustment

The Zoning Board of Adjustment consists of five elected members: Chairman Paul Langdon, Jr., Vice Chairman Ron LaChance, Thomas Dwyer, Jr., Dick Fisher, and newly elected member, Dave Mylott. Alternate is Paul Spidle. The Board would like to thank Chairman Paul Brown and alternate Greg Tillman for serving on the Board. The Zoning Board Secretary is Phyllis McDonough.

In 2005, the ZBA heard Fifteen requests for Variances Eleven were granted, Two denied and One tabled. There was One Special Exception granted.

New Hampshire law strictly controls the actions of ZBA Boards in the state. By law a ZBA can only grant three kinds of requests: an appeal of a previous administrative decision regarding the meaning of the Town Ordinance; a request for a Special Exception (if it meets all the specific conditions of the Town Ordinance), and request for a Variance from the literal wording of the ordinance — if it meets five tests spelled out in state law. Therefore, your Zoning Board of Adjustment earnestly asks every person considering an appeal to read

Epping's Zoning Ordinance carefully beforehand, and to refrain from submitting any request which cannot be granted within these laws. By so doing they will save themselves time, expense and frustration.

For example, Epping's Zoning Ordinance states that certain uses are permitted by Special Exception in the Aquifer Protection District, provided they will not pollute the aquifer, significantly reduce the volume of water which it contains, or discharge hazardous materials on site. It is the ZBA's responsibility to decide whether or not a request meets these conditions. If the ZBA finds all the conditions have been met, it must grant the request; if it finds even one condition is not met, under the law it cannot grant it.

If a variance is requested, by State law the ZBA can grant it only if all five criteria are met:

- Value of surrounding properties would not be reduced.
- Granting the appeal would be in the public interest.
- Denying the appeal would effectively prevent the owner from making any reasonable use of the land.
- By granting the appeal substantial justice would be done.

- The use must not be contrary to the "spirit and intent" of the zoning ordinance. The courts have ruled "when an ordinance contains a restriction against a particular use of the land, The ZBA would violate the spirit and intent by permitting that use."

The principle underlying these laws is only the voters have power to change their zoning ordinance. No ZBA has this power.

Members have the ability to attend law lectures for Zoning Boards sponsored by the New Hampshire Municipal Association.

The Board would like to remind the public that the Zoning Board of Adjustment meets as needed and all meetings are televised on EPTV. The Board also invites the public to attend the meetings.

"Your Zoning Board of Adjustment"

Officers: Paul Langdon, Jr., Ron LaChance, Thomas Dwyer, Jr., Dick Fisher, and Dave Mylott

*Alternate: Paul Spidle
Zoning Board Secretary: Phyllis McDonough*

Auditor's Report

PLODZIK & SANDERSON

Professional Association/Accountants & Auditors

193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX-224-1380

INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of the Board of Selectmen
Town of Epping
Epping, New Hampshire

In planning and performing our audit of the Town of Epping for the year ended December 31, 2004, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinions on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities caused by error or fraud, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

During the course of our review, the following conditions were noted that were considered to be material weaknesses or reportable conditions as defined above:

UPDATE OF PRIOR YEAR FINDINGS

General Books of Account

We are pleased overall, with the efforts made by the Town Accountant to address many of the general ledger deficiencies which were noted last year.

As a result of these improvements, we were required to make fewer adjustments at year-end in order to close the general fund of the Town. The enterprise funds (water and sewer) still present a major challenge in preparing financial statements at year-end in accordance with generally accepted accounting principles. Further discussion will ensue regarding this issue.

Town of Epping
Independent Auditor's Communication of Reportable Conditions and Other Matters

There are still financial management issues which must be addressed by responsible parties as enumerated by the following findings:

Ambulance Billings

Finding

The Town contracts with a private company specializing in the collection and accounting for ambulance services provided. There is no indication that the monthly reports received from the service organization are reconciled to any documentation retained by the fire department.

Recommendation

We have not been provided with any information that suggests written procedures have been prepared by the fire department, which would detail monthly steps to be followed by responsible individuals to verify the information supplied by the servicing company. We repeat our last year's suggestion that the fire department provide the Board of Selectmen with written procedures to be followed each month in order to confirm information provided from the service organization.

Purchase Order System

Finding

We noted in last year's report, that the Board of Selectmen had adopted a new policy effective January 2004, which increased the threshold requirement for the issuance of a purchase order from \$300 to \$1,000. We suggested that verifying compliance with established procedures should be included in the new Administrator's responsibilities. We have noted that purchase orders are at times still being submitted with the invoice, which makes the system ineffectual.

Recommendation

We suggest a review of the entire purchase order system to address any departmental issues which may preclude the proper use of purchase orders.

2004 AUDIT FINDINGS

2003 School Tax Liability Adjustment

Condition

The school tax liability at December 31, 2003, was understated by \$170,000 due to an inaccurate recording of the liability on the financial statements. This caused the unreserved fund balance to be overstated by this amount.

Cause

The general ledger presented to the auditors for 2003, disclosed this amount as a payment to the school district against the net school district tax liability for fiscal 2003-04. However, this was actually a disbursement from impact fees to the district, which the district recorded as an estimated revenue, and reduced the amount due from the Town. Therefore, the credit was in effect taken twice. A prior period adjustment was made to the beginning fund balance, in order to reflect the correct liability owed.

*Town of Epping
Independent Auditor's Communication of Reportable Conditions and Other Matters*

Recommendation

It is important to segregate each fund and maintain separate accounting for the transactions therein. As we have stated previously, reliance cannot be made on the annual independent audit to correct posting errors and to balance the various interfund activity which may occur over a twelve month period.

Finding

There were substantial errors made in the Revised Estimated Revenues form (MS-4) used by the N.H. Department of Revenue Administration in setting the annual property tax rate, which resulted in a revenue shortfall in the general fund of approximately \$329,000. Along with the prior period adjustment to fund balance as mentioned above, and the use of \$529,000 of unreserved fund balance against the 2004 tax rate, the Town's surplus has been reduced dramatically.

Cause

The offset to the sewer department budget included the town appropriation for waste disposal of \$170,225 in error. Therefore, this amount was not raised as part of the 2004 property taxes. Also, there were estimated revenue amounts from Federal and State sources totaling \$338,306. The amount of revenue received for both sources was only \$34,913. These three errors alone resulted in a revenue shortfall of \$473,618. Excess revenues in other areas helped offset these erroneous estimates.

Recommendation

After discussion with various parties, we were still not able to determine exactly who arrived at the amounts involved. Clearly the State can and does adjust estimated revenues, but usually only upon information supplied by the governmental entity. In any event, we suggest that tax rate papers be reviewed by the independent auditor prior to finalization by the Town; at least until such time as Town employees feel qualified to perform an accurate review.

Treasurer's Monthly Bank Reconciliation

Finding

The Treasurer has not performed monthly bank reconciliations suitable to balance with the Town's general ledger system. A member of the audit team met with the Treasurer in September, and reported that the Treasurer was preparing a monthly summary based solely on activity (receipts and expenditures) that have cleared the bank statement for the month. As a result of this bookkeeping failure, the Town Accountant has assumed the responsibility of preparing monthly reconciliations of cash balances with the general ledger system. In addition to additional work for the Accountant, which is not her responsibility, this causes weaknesses in internal accounting controls.

Cause

The Treasurer is of the opinion that her responsibilities under the State Revised Statutes Annotated (RSA), is to only include in her monthly report, transactions which have cleared the bank during the month.

Town of Epping
Independent Auditor's Communication of Reportable Conditions and Other Matters

Recommendation

We totally disagree with the Treasurer's position in this matter. We believe that RSA 41:29 is very clear when it states in part as follows: "... The town treasurer shall keep in suitable books provided for the purpose a fair and correct account of all sums received into and paid from town treasury ..." This has always implied that entries are made by the Treasurer at the time the transaction occurs, not when they appear on a bank statement.

In summary, it is only logical that a monthly Treasurer's report, in order to balance with a general ledger system, must include all monies collected and expended during that period. Also, the bank statement should be reconciled just as one would reconcile his or her own personal checking account, including applicable deposits in transit and outstanding checks.

Water and Sewer Departments Funds

Finding

The accounting for water and sewer funds by the Town is incomplete and has been for some time. Each year, the Town relies on the independent auditors to close the accounts and reconcile fixed assets, capital reserve funds, capital projects within the water and sewer funds, and the contributed capital of each fund. Also, interim reports received by the Commissioners have been deficient, and at times, lacked required information necessary for decision making purposes.

Cause

The Town has not been fortunate enough to have hired skilled individuals who have possessed the necessary training to maintain a full and complete enterprise fund accounting system. Also, lack of sufficient time has contributed to incomplete recordkeeping.

Recommendation

We are fairly confident, that given a certain period of time, the present Town Accountant will be able to understand and maintain a full and accurate enterprise fund accounting system. We believe, that with technical assistance, there can be marked improvement in this area of the Town's recordkeeping system.

Enterprise Funds (Capital Reserve Funds)

Finding

The sewer and water fund capital reserve funds have been established for specific purposes in accordance with the state statutes and are in the hands of the Trustees of Trust Funds. There are presently two funds each for water and sewer. Oftentimes, monies going to or from the funds are not recorded until the annual audit.

For example, funds were expended in 2003 and 2004 for the Hoar Well totaling \$85,016.54. The trust funds disclose a balance of \$23,119.15 in the Hoar Well Capital Reserve Fund at December 31, 2004, with no withdrawals in 2003 or 2004 to reimburse the water fund for the expenditures. However, there was \$45,300 withdrawn from the water main extension capital reserve fund for this purpose. Even if this is a proper withdrawal for the Hoar Well Project, the withdrawal still does not cover the expended amount.

*Town of Epping**Independent Auditor's Communication of Reportable Conditions and Other Matters**Cause*

It is extremely confusing for everyone involved with the record keeping system to determine funding sources when sewer and water capital projects are involved. The trustees can only disburse funds when they have something in writing which authorizes them to do so. It certainly is not within the parameters of the annual independent audit to determine that expenditures on a project are within the guidelines established for the specific capital reserve.

Recommendation

Because the enterprise funds are restricted funds, consideration should be given to closing out the capital reserve funds and transferring the balances to the respective water and sewer funds. Elected officials could then eliminate two present problems. One being whether or not funds are being expended properly for the intended capital reserve, and the second, not having to account for the specific funds due at year-end from the reserves. Any balance would be part of the restricted water and sewer fund retained earnings.

*Police Grants**Finding*

The police DARE fund is not in the custody of the Town Treasurer.

Cause

Activity in the past has been limited and there was not an awareness of the State requirement regarding the custody of the funds.

Recommendation

The DARE funds should be turned over to the Treasurer for expenditure in accordance and in a manner consistent with the other funds of the Town.

New Reporting Standard

During June of 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. This statement drastically changes the way in which financial statements are prepared and requires additional information to be reported in order for the financial statements to be in compliance with accounting principles generally accepted in the United States of America. Statement No. 34 took effect for the Town of Epping for the fiscal year ended December 31, 2004.

The Town has not implemented GASB Statement No. 34, but has presented the financial statements following the format that was in effect prior to GASB Statement No. 34. While we have conducted our audit following generally accepted auditing standards as we have in past years, we have issued an adverse opinion this year because the financial statements are not presented following the model established by Statement No. 34. As described more fully in our audit opinion, the financial statements are missing several required statements and supplementary information, and the format presented does not follow Statement No. 34. The opinion does not mean to imply that the figures presented are incorrect, but that they are not presented in accordance with generally accepted accounting principles.

*Town of Epping**Independent Auditor's Communication of Reportable Conditions and Other Matters*

We recommend that the Town of Epping take action to implement GASB Statement No. 34 as required by accounting principles generally accepted in the United States of America.

This report is intended solely for the information and use of management, the board of selectmen, and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

2006 Town Warrant Articles

To the inhabitants of the Town of Epping, County of Rockingham, in the State of New Hampshire, qualified to vote in town affairs:

First Session

You are hereby notified to meet for the First (Deliberative) Session of the annual town meeting, to be held at the Epping Middle High School Auditorium, Epping, NH on the eighth day of February 2006 being Wednesday, at seven in the evening (7 p.m.) The First (Deliberative) Session will consist of explanation, discussion, and debate of each of the following warrant articles, and will afford those voters who are present the opportunity to propose, debate and adopt amendments to each warrant article, except those articles whose wording is prescribed by state law.

Second Session

You are also notified to meet for the Second Session of the annual town meeting, to elect town officers by official ballot and to vote by official ballot on the warrant articles as they may have been amended at the First Session, to be held at the Epping Middle High School, Epping NH, on the Fourteenth day of March 2006, being Tuesday, at eight o'clock in the forenoon (the polls are to be open at 8 a.m. and may not close prior to 7 p.m.) to act upon the following:

Article 1: Election of Officers

To choose necessary town officers for the ensuing year:

- Two Board of Adjustment Members for three (3) years.
- Three Budget Committee Members for three (3) years.
- One Budget Committee Member for one (1) year.
- One Cemetery Trustee for three (3) years.
- One Supervisor of the Checklist for six (6) years.

- One Fire Ward for three (3) years.
- Two Library Trustees for three (3) years.
- One Moderator for two (2) years.
- Two Planning Board Members for three (3) years.
- Two Selectmen for three (3) years.
- One Trustee of the Trust Funds for three (3) years.
- One Water and Sewer Commissioner for three (3) years.

Article 2: Planning Amendment 1

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town zoning ordinance to change Article 2 Section 3, West Epping Commercial Business Zone as follows: To remove certain uses as permitted uses that the planning board feels are incompatible with the scale, uses, and lots in the area. The following uses are proposed to be removed: wholesale establishments, motel/hotel, shopping malls and plazas, recreation establishments/campgrounds, and gasoline stations. **[Recommended by the Planning Board 4-0-0]**

Article 3: Planning Amendment 2

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the town zoning ordinance to change Article 2, Section 6 Residential Zone and Section 7 Rural Residential Zone by changing the following parcels from Residential to Rural Residential: Map 7, Parcels 1 and 2. Map 13: Parcels 1 through 16. Map 19: Parcels 1 through 3. Map 20: Parcels 1 through 19. Map 26: Parcels 43 through 45 and 87 through 93. The amendment will change the permitted uses and raise the minimum lot sizes. **[Recommended by the Planning Board 4-0-0]**

Article 4: Planning Amendment 3

Are you in favor of the adoption of Amendment No. 3 as proposed by the

Planning Board for the town zoning ordinance to amend Article 3, Industrial Commercial Zone and Article 2, Section 6 Residential Zone and Article 2, Section 5 High Density Residential Zone by changing the following parcels from their existing zoning to be included in Article 2, Section 4 Central Business Zone: Map 29: Parcels 178, 186 through 193, 198 through 202, 205, 206, 208 through 216, 285 through 291, 293, 294, and 296. The amendment will change the permitted uses for these properties in an effort to encourage more non-residential development in areas near the core of downtown and promote high-density mixed uses in downtown. This change seeks to encourage revitalization of Epping's downtown and make it a destination for the Town. **[Recommended by the Planning Board 3-0-1]**

Article 5: Planning Amendment 4

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the town zoning ordinance to amend Article 10 Epping Wetlands Ordinance to provide greater protections to wetland resources that are associated with the Piscassic River in the triangular area of Epping bounded by Route 125, Route 101, and the border with the Town of Brentwood. The proposed amendment will increase buffer requirements for these wetlands and mitigation requirements for impacts. The proposed amendment will also limit water withdrawals from wetland resources to public safety and drinking water purposes. **[Recommended by the Planning Board 4-0-0]**

Article 6: Reaffirm the Adoption of the Provisions of RSA 41:14-a: Allowing the Board of Selectmen to Acquire or Sell Land or Buildings

To see if the Town will reaffirm their adoption the provisions of RSA 41:14-a

which authorizes the Board of Selectmen to acquire or sell land, buildings, or both, provided that the Selectmen first submit the proposed acquisition or sale to the Planning Board and Conservation Commission for review and recommendation, and further provided that they first hold two public hearings on the proposal. Then Selectmen may proceed, provided that if 50 or more registered voters petition the Selectmen, the acquisition or sale shall not proceed until it is approved by the voters at town meeting. **[Recommended by the Board of Selectmen 4-0]**

Article 7: Amending the Elderly Exemption

To see if the Town will vote to modify the Elderly Exemption from property tax in the Town of Epping, based on assessed value, for qualified full time resident taxpayers to be as follows: for a person 65 years of age up to 74 years, \$50,000; for a person 75 years up to 79 years, \$65,000; for a person 80 years of age or older \$75,000. To qualify, the person must have resided in the State of New Hampshire at least 5 consecutive years preceding April 1, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married or a domestic partner for at least 5 years. In addition, the taxpayer must have a net income of not more than \$19,000 or, if married, a combined net income of not more than \$29,000, and own assets not in excess of \$50,000; excluding the value of the property this exemption is applied to and which is the person's primary residence. **[Recommended by the Board of Selectmen 4-0]**

Article 8: Spraying for Mosquitoes

To see if the Town will vote to support the method of widespread spraying for the treatment and extermination of mosquitoes, insects and other pests. **[Recommended by the Board of Selectmen 4-0]**

Article 9: Town Hall Improvement Expendable Trust

To see if the Town will raise and appropriate the sum of twenty thousand dollars (\$20,000) to be placed in the previously established Town Hall Improvement Expendable Trust Fund. This sum will come from fund balance and no additional funds will be raised through taxation. **[Recommended by the Board of Selectmen 3-2; Not Recommended by the Municipal Budget Committee 2-7-1]**

Article 10: Landfill Closure Fund

To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be deposited into the existing Landfill Closure Capital Reserve Fund. **[Not Recommended by the Board of Selectmen 1-4; Not Recommended by the Municipal Budget Committee 0-9-1]**

Article 11: Compactor/Container Purchase for Transfer Station

To see if the town will raise and appropriate the sum of thirty thousand dollars and no cents (\$30,000.00) for the purchase of a new solid waste compactor and container and to perform any necessary site work at the transfer station. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 7-2-1]**

Article 12: Police COPS FAST Grant

To see if the Town will vote to raise and appropriate the sum of \$42,135.00 (Forty Two Thousand One Hundred Thirty Five Dollars) for the hiring of one additional full-time Police Officer including benefits. \$17,135.00 (Seventeen Thousand One Hundred Thirty Five Dollars) is to be raised by taxes. The balance of \$25,000.00 (Twenty Five Thousand Dollars) shall be provided by an approved three year United States Department of Justice Office of Community Oriented Policing Services Grant funded at \$25,000.00 per year. Approval would call for a total estimated increase of \$132,831.00 (One Hundred Thirty Two Thousand Eight Hundred Thirty One

Dollars) in fiscal years 2006, 2007, and 2008. \$57,831.00 (Fifty Seven Thousand Eight Hundred Thirty One Dollars) is to be raised by taxes with a total offsetting revenue from the grant of \$75,000.00 (Seventy Five Thousand Dollars). Upon termination of the grant period (3 years) the Town would fully fund the additional full-time Police Officer position. In the event federal funding expires, the Town authorizes an additional \$6,000.00 (Six Thousand Dollars) be raised and appropriated to fund the additional officer. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-2-1]**

Article 13: Highway Truck Expendable Trust Fund

To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be added to the existing Highway Truck Capital Reserve Fund. **[Not Recommended by the Board of Selectmen 1-4; Not Recommended by the Municipal Budget Committee 1-8-1]**

Article 14: Funds For ETV

To see if the town will vote to raise and appropriate the sum of \$19,343.00 (Nineteen Thousand Three Hundred Forty Three Dollars) to be placed in the previously established Epping Television Expendable Trust Fund. These funds represent the difference between the Epping Television Operating Budget and the amount of money collected in franchise fees in 2005. This sum will come from the fund balance and will have no impact on the tax rate. **[Recommended by the Board of Selectmen 5-0; Recommended by the Municipal Budget Committee 9-0-1]**

Article 15: Lease/Purchase of Ambulance

To see if the town will vote to authorize the Board of Selectmen to enter into a five (5) year lease agreement not to exceed one hundred ninety-five thousand dollars and no cents (\$195,000.00) for the purpose of leasing and equipping

an ambulance for the Fire Department, and to raise and appropriate the first year's lease expenditure of an amount not to exceed thirty nine thousand dollars and no cents (\$39,000.00) from the Public Safety Facilities Fund, a fund solely financed by revenue from the ambulance fees. This lease agreement will contain a non-appropriation clause and will have a one dollar (\$1.00) purchase option at the end of the lease. There will be no tax impact in 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 16: Contribution to Adult Tutorial Program

To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) to be distributed to the Adult Tutorial Program for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 7-3-1]**

Article 17: Contribution to Aids Response Seacoast

To see if the Town will vote to raise and appropriate the sum of Five Hundred Twenty Five Dollars (\$525.00) to be distributed to the AIDS Response Seacoast for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 5-4-1]**

Article 18: Contribution to the American Red Cross — Great Bay Chapter

To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) to be distributed to American Red Cross — Great Bay Chapter for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; No Recommendation from the Municipal Budget Committee 5-5]**

Article 19: Contribution to the Area Homecare and Family Services

To see if the Town will vote to raise and appropriate the sum of Two Thousand Six Hundred and Ten Dollars (\$2,610) to be distributed to Area Homecare & Family Services for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 5-4-1]**

Article 20: Contribution to the Seacoast Big Brother/big Sister Program

To see if the Town will vote to raise and appropriate the sum of One Thousand Six Hundred Twenty Dollars (\$1,620) to be distributed to Seacoast Big Brother/Big Sister Program for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 5-4-1]**

Article 21: Contribution to Child and Family Services

To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000) to be distributed to Child & Family Services for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 22: Contribution to the Community Diversion Program

To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred and Ninety Dollars (\$1,590) to be distributed to Community Diversion Program for services estimated to be rendered to residents of the Town during the year 2006. **[Not Recommended by the Board of Selectmen 0-5; Not Recommended by the Municipal Budget Committee 4-5-1]**

Article 23: Contribution to the Lamprey Health Care

To see if the Town will vote to raise and appropriate the sum of Three Thousand Seven Hundred Eighty Dollars (\$3,780) to be distributed to Lamprey Health Care for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 24: Contribution to the Richie McFarland Children's Center

To see if the Town will vote to raise and appropriate the sum of Three Thousand Eight Hundred Fifty Dollars (\$3,850) to be distributed to McFarland Children's Center for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 5-4-1]**

Article 25: Contribution to the Retired Senior Volunteer Program

To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300) to be distributed to Retired Senior Volunteer Program for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 26: Contribution to the Rockingham County Community Action

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Two Hundred Eighty-Five Dollars (\$10,285) to be distributed to Rockingham Co. Community Action for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 27: Contribution to Rockingham Nutrition and Meals On Wheels

To see if the Town will vote to raise and appropriate the sum of Three Thousand Nine Hundred and Ten Dollars (\$3,910) to be distributed to Rockingham Nutrition & Meals On Wheels for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 28: Contribution to A Safe Place

To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500) to be distributed to A Safe Place for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 29: Contribution to Seacoast Hospice

To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500) to be distributed to Seacoast Hospice for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 30: Contribution to Seacoast Mental Health Center

To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500.00) to be distributed to Seacoast Mental

Health for services estimated to be rendered to residents of the Town during the year 2006. **[Not Recommended by the Board of Selectmen 0-5; Not Recommended by the Municipal Budget Committee 3-6-1]**

Article 31: Contribution to Sexual Assault Support Services

To see if the Town will vote to raise and appropriate the sum of One Thousand Two Hundred and Fifty Dollars (\$1,250) to be distributed to Sexual Assault Support Services for services estimated to be rendered to residents of the Town during the year 2006. **[Recommended by the Board of Selectmen 3-2; Recommended by the Municipal Budget Committee 6-3-1]**

Article 32: 2006 Operating Budget

To see if the Town will vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling four million eight hundred eighty-one thousand one hundred two dollars and eighty-one cents (\$4,881,102.81). Should this article be defeated, the default budget shall be four million seven hundred twenty seven thousand two hundred eighty-eight dollars and thirty nine cents (\$4,727,288.39), which is the same as last year, with certain adjustments required by previous action of the Town or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. **[Recommended by**

the Board of Selectmen 5-0; Recommended by the Municipal Budget Committee 9-0-1]

Article 33: By Petition: Contribution to Lamprey River Youth Soccer

To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000) to be distributed to Lamprey River Youth Soccer. **[Recommended by the Board of Selectmen 4-0; Recommended by the Municipal Budget Committee 6-3-1]**

Article 34: By Petition: Contribution to the Epping Youth Athletic Association

To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000) in support of the Epping Youth Athletic Association. **[Recommended by the Board of Selectmen 4-0; Recommended by the Municipal Budget Committee 9-0-1]**

Article 35: By Petition: Discontinuance of Two Right of Ways Between Meadowbrook Drive and Town Tax Map 17 Lot 9

To see if the Town will discontinue two 50ft dedicated ways between Meadowbrook Drive and Tax Map 17 Lot 9.

Article 36: By Petition: Rescind 2004 Town Meeting Noise Ordinance

To see if the Voters of the Town of Epping will rescind its vote of March 9, 2004 where Article 48 changed the noise ordinance to read, "so that from 7 a.m. to 9 p.m. residents can use and enjoy, on their own property, recreational vehicles and other operating equipment" and return the ordinance to its original language and intent.

2006 Town Budget

****SPECIAL WARRANT ARTICLES****

Special warrant articles are defined in RSA 32:3.VI, as appropriations: 1) in petitioned warrant articles; 2) appropriations raised by bonds or notes; 3) appropriations to a separate fund created pursuant to law, such as capital reserve funds or trusts funds; or 4) an appropriation designated on the warrant as a special article or as a nonlapsing or nontransferable article.

Letters to the Community

School Board

In my message last year, I stressed the importance of the Epping School District making changes in the areas of space, curriculum, and programming in order to offer a quality education to our children and prepare them for the future. And thanks to your generosity at the polls last March, those changes are about to become a reality! As of this writing, nothing is tangible yet — there are no massive piles of dirt, no construction crews or heavy equipment — but I assure you, they will be appearing very soon! By the end of March, construction of the middle school addition, new high school gymnasium, and other renovations — including more parking lots and more efficient roadways for busses and other vehicles — should finally be in full swing.

And with all the commotion that goes with a major construction project — such as roadways and parking lots suddenly being off-limits, fences popping up, and walkways being inaccessible — we ask for your *understanding* and *patience*. For the next 18 months, our growing pains will not be pleasant. At times, we will be inconvenienced. We will need to take the long way around rather than the direct route. We will need to park farther away and walk longer distances. Our athletic teams, regardless of whether they are school-sponsored or town-sponsored, will need to be very creative in finding adequate space in which to hold their games and practices. And many of the “after hours” activities that are currently scheduled at the middle-high school will need to find new homes temporarily. This will be a classic example of things getting worse before they get better. But please bear with us and don't lose sight of our goal . . . I assure you the final product will be well worth it!

When you go to the polls this year, you will see only two Warrant Articles

pertaining to the schools. The first is a proposal for Epping to withdraw from the current SAU-14 — which is comprised of Chester, Epping, and Fremont — and instead, establish an Epping-only, single district SAU. This plan comes before the voters after careful and thorough study by the Epping SAU Planning Committee comprised of: two School Board members, Scott Booth and Bob Lonek; one Budget Committee member, Paul Spidel; and four representatives of the community, Joe Foley, Marci Morris, Dick Marcotte, and Mark Vallone. The committee determined that it would be more equitable for Epping to operate its own SAU for the following reasons:

1. There would be no tax impact and no additional cost to the community.

- a. Epping can operate its own SAU for the same cost as remaining in SAU-14.
- b. Epping would no longer subsidize the smaller school districts of Chester and Fremont.
- c. SAU budget would be part of the Epping school budget, subject to official ballot vote.

2. Epping would receive 100% of SAU services.

- a. Epping currently receives only 50% of services. Chester and Fremont each receive 25%.
- b. A single-district SAU would be specifically focused on Epping's needs.
- c. A single-district SAU would be directed and evaluated by Epping.

3. Epping would determine its own fate.

- a. Chester also continues to pursue withdrawal from SAU-14.
- b. Fremont is pursuing a cooperative school district with Sanborn Regional.

- c. If we do not act now, another district will likely determine our fate.

This is an initiative that is *unanimously* supported by the SAU Planning Committee, the Epping School Board, and the Municipal Budget Committee. It has also received the approval of the New Hampshire State Board of Education.

The second Warrant Article is the school budget. Both the School Board and Budget Committee have spent countless hours preparing and reviewing this budget. The goal was to present to the voters of the town a budget which would keep costs as low as possible because of the tax impact of the recent town-wide revaluation. The evidence of this accomplishment is a budget figure which is only \$8,640 more than the default budget. There are many benefits to this proposed budget in that it maintains current school programs and allows us to carry on with several of our district initiatives. Some of these initiatives include implementing student learning plans starting at Grade 4, separating the middle school and high school, and continuing to offer an expanded curriculum. We feel it is vitally important to maintain these goals despite the fact that, due to a continued decrease in the Fremont enrollment, we have considerably less revenue from Fremont tuition as they are phased out of our school district and head to Sanborn Regional. It is also important to note that last year, the school district returned \$192,071 to the town's General Fund.

In response to the questions many of you have asked with regard to the reaccreditation status of the high school, here is an update on where we currently stand. As you may recall, last year we were placed on warning status by the New England Association of Schools and Colleges (NEASC)

and our chances of being reaccredited looked bleak. The visiting team from NEASC came in October and spent three days assessing our high school. And although we have not yet received any official report, we have been given verbal feedback stating that we will receive conditional accreditation contingent upon completion of the new building. We were also commended for our efforts to physically separate our middle and high school students. So it is clear that passing the bond vote for our building proposal last March by an overwhelming 76.5% weighed heavily in our favor in the eyes of the NEASC team. Solving our space issues and showing good faith efforts to separate our middle school and high school students were very positive steps toward insuring our continued accreditation.

I will close by recommending that

you read the other articles written by our school administrators that are also published in this Annual School Report. They provide excellent information regarding other initiatives and improvements that are currently taking place in our schools.

And last, but not least, we wish to express our heartfelt thanks to our administrators, teachers, staff, and volunteers for their tireless dedication to our students and a special thanks to you, the voters, for your continued support in educating our young citizens of Epping.

*Respectfully submitted,
Susan H. Kimball, Chair*

*On behalf of the Epping School Board:
Scott Booth, Vice Chair
Pamela Tibbetts
Jeffrey LeDuc
Robert Lonek*

Superintendent of Schools

Every once in a while a book comes along that takes something that you have been contemplating and gives you the perspective as well as the words. That book for me was *Good To Great* by Jim Collins. I spent an enjoyable time this summer with his words and conclusions. In a nutshell the author and a team of researchers studied companies to identify which had made the leap from good to great and sustained those results for at least fifteen years. The results were remarkable in that the companies identified were not those they anticipated to be on the "good to great" list. In studying companies over a period of five years, they were also able to identify a framework that would enable any company to become great. So what does this have to do with Epping School District? The message is not to run our schools like a business, for most businesses have not reached greatness. Our charge is

to steadily march to our greatness and to sustain it, and we can learn from Jim Collins and his researchers.

The framework for "good to great" is described as a flywheel representing the whole system; this system needs to have a buildup period before it can break through. The buildup is critical to the ultimate success. Surprisingly, it did not start with a revolutionary idea or program, nor did it happen all at once. It could not even be attributed to dumb luck. It was rather a process in which the flywheel was pushed with sustained force in one direction building momentum until the organization reached its breakthrough. The companies that reached their breakthrough point did so with disciplined people, disciplined thought, and disciplined action in that order.

Disciplined People

1. They were shocked to discover that the great company leaders were not of celebrity status, but rather shy and quiet. They were a strange mix of "personal humility and professional will." In other words, it was not about them.
2. They also found that they did not start with a vision and strategy. Rather they "first got the right people on the bus, the wrong people off the bus, and the right people in the right seats — and then they figured out where to drive it." It was a matter of the right people working together that determined the vision and the strategies. If you have the wrong people, it doesn't really matter where you think you're going, because you just won't get there.

Disciplined Thought

1. They learned that you must believe that you can and will reach your goal. However, it was imperative that at the same time people also acknowledged the brutal facts which they faced. It was also interesting that the breakthrough to greatness only

came after confronting the brutal facts.

2. They also learned that great companies talked about what they were passionate about, what they could be the best at, and what drove them economically. In doing so, they were able to identify a simple practical understanding — their hedgehog — and they stuck to it.

Disciplined Action

1. They found that companies with disciplined people and disciplined thought naturally developed disciplined action. This happened without hierarchy, bureaucracy, or excessive controls. It happened with people being given the freedom, responsibility, and opportunity within the company's framework of understanding their hedgehog concept.
2. They also found the companies carefully used technology rather than relying on it to transform their business.

Our flywheel has been pushed and it has started to move. The Epping School District is following a process similar to that described above. We have new leadership and we have started to get the right people on the bus and in key positions. This year we restructured our leadership to have an elementary, middle, and high school principal each focused on their respective schools as well as the school district.

As we continue this process and transition from good to great, there will be other changes such as getting people in the right seats to prepare for the physical separation of the middle and high schools and to help push our flywheel in the right direction.

During the last two years, we have begun to have conversations about our own brutal facts and faced some of them head on. One was the realization that Epping was going it alone with an Epping-only school system. We break ground this March on a building project that honors that direction. On the ballot this March is a warrant article to withdraw from SAU14, making for an Epping-only SAU focused on Epping Schools. This year and next we face the withdrawal of Fremont students and a reduction of tuition revenue to support our schools. Our budget addresses this and requests that we hold on to our current resources in order to keep our flywheel moving. Then we have No Child Left Behind and new state initiatives. Our educational charge is now that all children will learn, and we must keep each and every one of them on the bus until graduation.

However, we have educational systems in place that don't sufficiently address these new challenges. It will take

As part of its annual artist-in-residence program, fourth grade students create tiles for exterior murals that were unveiled this past year at Epping Elementary School.

different thinking and a break from traditional school structures, and we will have to do it utilizing existing resources. The district has begun a personal learning plan initiative in which every student starting in grade 4 will develop and refine his or her individual learning plan as he or she transitions through our schools. The objective is to begin the conversation early and to continue the conversation in order to prepare the school staff, students and parents for learning now and into the future. This year the high school has instituted teaming in grade 9 to address student failure rates. Next year this concept will be introduced to grade 10, followed by a more traditional grade 11 and 12 experience as students begin to determine their ultimate post-secondary and career path.

We must continue to face our brutal facts and have honest and diligent dialogue to determine the truth of our situation. In this truth, we will find the right direction and that will be our "hedgehog" — simple, practical, and steady. If we truly believe that Epping Schools will become great schools, then we must embrace change. Yet we must also acknowledge that we must create a climate in which the truth can be heard and that everyone has the opportunity to be heard. We are at our breakthrough point and each of us must seize the opportunity, participate responsibly, and strive to listen as well

Statistical Data: School Year 2004–2005

	Average Daily Membership	Average Daily Attendance	Percent of Attendance
Elementary	388.4	372.2	95.8
Middle School	261.8	251.9	96.2
High School	430.2	403.5	93.8
Kindergarten	27.1	25.7	94.8

as be heard. We must take the time to seek out our own truth and find our true direction.

As Jim Collins has stated — “Greatness is not a function of circumstance. Greatness, it turns out, is largely a matter of conscious choice.”

I ask you to make that conscious choice and participate in transforming Epping Schools from Good to Great.

Barbara Munsey

Building Committee

As busy as the Middle-High School usually is, things are getting ready to gear up as the pre-construction phase is nearing completion and construction is about to begin!

During pre-construction the plans from the schematic shown last March have developed into more detailed drawings. Representatives from our architects, Frank P. Marinace Architects A. P., have been hard at work meeting extensively with staff and administration to gather program and space requirements. They have compiled a list of needs and requests and have worked with the contractor, Conneston Construction Inc. (CCI), consultants, and the building committee to revise the plans. The result is a building design that meets the requirements of the District's Middle School philosophy, as well as facility and space needs, while staying within budget.

The more visible part of the process is about to begin. Drawings will soon be sent to sub-contractors for bidding. After completing the bid process, CCI will be ready to break ground in March of 2006 and this is when the real changes begin. Site fencing, reduction of parking and changes to pedestrian traffic will be the rule of the day as construction gets up to speed. As the new addition grows, renovations will begin within the existing building followed by the construction of the new gymnasium. While there may be trials and inconveniences along the way, it

will all lead to a new facility ready for the fall of 2007.

The building committee members and I thank you for your continued support.

*Jeffrey Nollet, Chairperson
Epping Building Committee*

Elementary School

Fourth annual First Day program

Epping Elementary School opened on August 29, 2005. 300 adults joined their children in classes and then took part in an orientation session put on by school and community organizations such as Title I, Epping Police and Fire Departments as well as the Harvey Mitchell Library. Our school welcomed new staff members Dan Bastein (Physical Education), Rachel Pattee (Grade 1), Kathy Stanley-Burdig (School-Home Coordinator), Leah Taylor (Special Education), Katie Buchanan (Preschool), and Molly Reilly (Kindergarten). The school also welcomed Jack Anderson as its new Technology Coordinator and a part-time instructor for technology education (Dea Mayne).

Continued efforts to improve reading and writing

Epping Elementary continued its effort to improve student achievement in reading and writing. Summer reading programs were expanded to provide more tutoring and to encourage more reading by students and their families. First grade students took part in the second year of a federal research project on technology and learning. Two classes were provided free online reading lessons called Headsprout as part of the curriculum. The school's Title I program and budget were revised so that the school could hire two more reading tutors and increase after school support for students at risk of academic failure.

Continuous teacher training

Epping Elementary teachers continue

to take their training very seriously and participate in a wide variety of training directly geared to improving student learning. This past summer, ten teachers studied electricity as part of a National Science Foundation program to improve science instruction. Another team of teachers attended a week long summer institute at Plymouth State University on how to integrate curriculum to improve student achievement.

A partnership with area colleges and universities

As part of our school's effort to improve reading and writing, Epping Elementary has formed partnerships with the University of New Hampshire and other colleges. This year, over 20 teachers have participated in graduate courses on literacy that are conducted right here at school by the University of New Hampshire. The courses, called Learning Through Teaching, bring university professors into the school to observe teachers, conduct classes and lead groups of staff members in small group observations of effective instruction. UNH professor and author Thomas Newkirk is conducting research on boys and reading in first grade teacher, Carole Bilodeau's class. UNH student volunteers visit our school to tutor grade two students in reading. Student teachers from Franklin Pierce College, Rivier College and Chester College of New England are also conducting internships at our school under the supervision of EES teachers.

New testing implemented

In October, students in grades three, four and five were tested as part of the New England Compact Assessment Program. NECAP is a series of mathematics and language arts tests that replaced New Hampshire's previous NHEIAP test and meets federal requirements for assessing student academic achievement in grades three through eight. The school is also starting to use a new test for reading in kindergarten and first grade called the DIBELS (Dynamic Inventory of Basic Early Litera-

cy). This type of test will help teachers in the early grades better track student progress in reading.

Enrichment activities

For the sixth straight year Epping students are taking part in the Artist in Residence program. Every K-5 student will have the opportunity to participate. The Artist in Residence program is funded by a grant from the NH Council for the Arts, funds from the Epping School District, and money from assorted fundraisers conducted during the year.

This year Epping Elementary School is offering lessons in world languages after school. Epping Elementary Administrative Assistant Cheryl MacLeay, who was born in Montreal, Quebec, teaches the French lessons. Janina Hernandez, a teaching intern from San Antonio, Texas, will teach Spanish. Epping High School alumnus Josh Denoncour has returned from Japan to offer lessons in Japanese. Enrollment in these programs has been very high, an indication that there is a great deal of interest in world language.

Epping Elementary has just started another after-school program called Gadget Club led by Mr. Gregoire, the Assistant Principal and Ashely Foster, a para-professional. Students in Gadget Club will work with Legos and computers to design and build robots and other devices. The program is designed to spur interest in science, mathematics and technology.

After school programs this year also include a Homework Club, Study Buddies, Leap Frog, Passport around the World, and Adventure Club. Before-school programs include Jump Rope Club, Friendship Club, Safety Skills and Library.

Student service projects

Epping students learned valuable lessons of service to the community and to the nation this year. Fifth graders under the direction of Mrs. True led a drive to collect school supplies, clothes and relief money for students dis-

Grade 5 students stand in front of boxes of school supplies and clothes they collected to donate to schools affected by Hurricane Katrina.

placed by Hurricane Katrina. Students from Cutoff, Louisiana welcomed our donation of clothes and socks while students from Ellisville and West Jones Elementary in Ellisville, Mississippi received back packs filled with school supplies and hand-written letters from our students. It was very heart warming to see both the spirit of generosity by our students and staff and the genuine thanks shown in the many letters of thanks we received from these Gulf region schools.

Mrs. Harris's grade 4 class worked after school and made crafts to raise money for the SPCA. The Student Council, under the direction of Mrs. Keeler and Mrs. Masury, collected tab tops for the Shriners and box tops for school supplies, plus raised funds for the Exeter Area Chamber of Commerce Children's Fund.

Volunteers

I am pleased to report that Epping Elementary was recognized as both a Blue Ribbon and a Gold School for its volunteer program. Thanks to parent volunteer Abby Constantineau and Guidance Counselor Toni Brown who recruited and trained new volunteers and managed the schedules of the many veteran volunteers. Thanks also to the hundreds of volunteers who contributed so much to our program.

Epping PTO

The PTO continues to be a major supporter of Epping Elementary. PTO fundraisers helped pay the cost of bus transportation for field trips, sponsor performances by a story teller and evening lectures for parents. The PTO purchased and installed a slide and miniature rock-climbing board for the playground. Once again PTO volunteers operated the daily snack program, held a Halloween Dance and put on an ice cream social. The PTO also organized a spring fair that was very well attended. Thank you, PTO.

Many thanks to all the dedicated parents, teachers, custodians, aides, food service workers, office staff and volunteers who work for the benefit of our students and who make this school a wonderful place to learn and grow. You are welcome to see this dedicated staff working with great kids, please feel free to call our school at 679-8018 to arrange a visit.

*Mark Vallone,
Elementary School Principal*

Middle School

I am both pleased and honored to write the first Annual Report for Epping Middle School. When the Epping community voted to build a new middle school

last March, it decided, to paraphrase Robert Frost, to commit to a road less traveled that will make all the difference. While we won't fully be moving into the new building until September of 2007 and are still challenged by lack of space in the short term, Epping Middle School has begun to forge an identity that is based on best Middle School practice as identified by the National Middle Schools Association and the New England League of Middle Schools (NELMS).

We can see evidence of our work through the following:

■ Before the start of the school year, faculty and administration met last summer along with a representative from NELMS to produce the first Middle School Student, Parent, and Staff Handbook. The entire Handbook can be accessed on line at the District's website. There was a fairly significant shift in philosophy from previous handbooks in that we are trying to promote those behaviors we want to see from our students rather than rules and consequences for negative behavior. Expectations for students and staff are best represented through our six Guiding Principles:

1. Respect and encourage the right to teach and the right to learn at all times.
2. Be actively engaged in learning; ask questions, collaborate, and seek solutions.
3. Be on time to fulfill your daily commitments.
4. Be appropriate; demonstrate behavior that is considerate of the community, the school, and yourself.
5. Be truthful; communicate honestly.
6. Be respectful and accountable for your choices.

These principles are consistently reinforced, especially through our expanded Advisory Program and hopefully will be fully enculturated by the time we move into the new building and have grades 6, 7, and 8 under one roof.

In addition to our Advisory Program that connects every student with at least one adult in the building, we have also expanded our mentoring programs for students. We have established an affiliation with the University of New Hampshire which matches up college students with 8th grade students; and this program will expand to all three grades next year. Mentoring support is also provided through the Big Brother/Big Sister program.

Our staff is deeply involved in quality, comprehensive professional development that is supported by NELMS and UNH; . . . and our commitment to our own learning should impact student learning and performance. All faculty are being trained in a NELMS sponsored program for reading across the curriculum. This program was chosen to address a need to improve student literacy levels, a deficiency identified through the yearly tests given by the State of New Hampshire. Additionally, we have members from all teaching teams (including the entire 7th grade team) taking an onsite course in Portfolios and Assessment provided by UNH. NELMS is also providing us with their Teacher-in-Residence who spends several days a month in our school to provide teams and individual teachers with support for the progressive changes. We are attempting to meet middle school student needs as well as to work toward becoming identified as a Spotlight School.

The evidence listed previously represents only a starting point, and we understand there are still challenges to meet. Some of those challenges include:

■ Striving for better communication with parents and the community. In an effort to get parents more involved, we have begun a Parent Teacher Organization as well as a bi-monthly newsletter that gets sent home with students. The purpose of each is to provide forums for communication and to establish the types of learning relationships necessary to ensure the success all middle school students

will need to meet the demands of high school and beyond. We have had a solid core group of parents attend the initial PTO meetings and would encourage all parents to contact the school to find out how they might better support their student(s) by attending PTO functions/meetings or inquiring about information provided in our newsletter.

■ The Middle School's learning environment requires a collaborative effort with both the High School and Elementary School since we share space with both schools. The coming year will require an ongoing cooperative effort between schools as we all continue our school improvement efforts while trying to negotiate extensive construction and prepare for a move that will ultimately have a positive impact on all three schools. The community will also be impacted in the short term as traffic patterns change and parking spaces are reduced.

I would like to thank the community once again for their support in voting to construct a new middle school; it will make a significant difference to students and staff in all three schools. In the meantime, we are not waiting for the move to the new facility to begin the necessary changes for improving teaching and learning that will better prepare students for the constantly changing world in which they live.

*Respectfully submitted,
Gary Tirone*

Epping Middle School Interim Principal

High School

The phrase I would use to describe my first year at Epping High School is "on the move". This year has been filled with many exciting changes and challenges. The most obvious change is that Epping High School is its own school. We are concentrating on Grade 9-12 issues and establishing our own traditions.

We opened the doors to Epping High School in the 2005-2006 school year with 400 students, a new coat of

paint, new lockers for our students, and a renewed sense of working to help all children achieve their highest potential. Our first day was a celebration of the start of an academic year with a whole school meeting, a complete class schedule, and time to get reacquainted with friends and faculty.

Within the first few weeks of school, we hosted the New England Association of Schools and Colleges (NEASC) visiting committee. This is the accrediting body for secondary schools in our region. While we are still awaiting their written report, they left us with a positive spirit and encouragement that our new pathway would lead us to our desired goal of being a school that is effective for all our students.

Leadership

In order to better service students and to model the teaming approach adopted by the faculty, we formed an administrative team. Assistant Principal Dagmar Franke works with our clubs and activities, SST students, and the CARE program. Melorah Bisailon, the Student Services Coordinator, works with student management and discipline. As the Curriculum Coordinator, Jon Altbergs works with all teachers to deliver instruction and heads the Grade 9 team.

The structure of the guidance office has also changed. We now have one counselor focused on Grade 9 and another focused on Grade 10. This is our first step in reorganizing to better meet the needs of our students. Next year one guidance counselor will work with freshmen and sophomores while the other will work with juniors and seniors to focus on school-to-work and college transitions.

Why Make Changes?

My focus for the year has been on the new R's: Regard, Respect, Responsibility, and Rigor. For me:

- *Regard* is focused on self-belief.
- *Respect* is focused on self-respect, as well as respect for others and ones surroundings.

- *Responsibility* is both being responsible and taking responsibility for actions.
- *Rigor* is pushing oneself to achieve academically and personally.

These words are not a catchy slogan. They are the filters I use as I evaluate any potential changes to EHS. I do not believe in change simply to change. Any change must add to or offer opportunity for students to embrace one of the new R's. To that end, I have focused all of my energy into developing a culture of Epping *pride*. For if our students can be proud of where they come from and have the tools needed to achieve their goals, then we as a school are successful. Success in life is more than simply academic success. It is our goal to help students develop into the best people that they can become.

Student Learning

This facet of our school has undergone the most changes. The emphasis is to raise the academic challenge to all students while providing academic support to those students who struggle.

Grade 9 Team

The Grade 9 team is composed of the English, math, biology, civics, and special education teachers, as well as the Grade 9 guidance counselor. The teachers meet daily to align curriculum, share ideas, and discuss student progress. The team also established the freshman seminar, a required class that focuses on career options and study skills. The team has focused its efforts on success for all students by providing students and parents with as much information as possible on academic progress and growth. The team instituted a freshman parent night. The team also sends out weekly graded progress reports. All of these efforts have made significant improvements. The freshman failure rate is on decline. The failure rate for Grade 9 has decreased by 14%.

Tutoring and CARE Programs

In order to provide all students with opportunities for success, we have established an after school tutoring program and a credit recovery section to the CARE Program. The tutoring program is staffed by teachers five days a week and is available to all Epping High School students free of charge.

The CARE program has traditionally been an enrichment program. This year we have added a credit recovery aspect, as well as GED preparation courses and courses in math, English, and science.

Northwest Evaluation Association (NWEA)

Another tool that we are using to promote academic achievement is the NWEA *Measures of Academic Progress*. This test, referred to as the NWEA or the "Map", is a computer-based test of a student's learning level in math, English language usage and reading. Because the test is computer-based, it is adaptive. As a student answers questions the test becomes harder or easier for the student as he or she works, giving a more accurate picture of what the student is able to do. Each of our freshmen and some of our special education students will take this test that is designed specifically for him or her. The test will give teachers and students information about skills and concepts individual students have learned and will allow teachers to adjust instruction.

Purchase of Academic Materials

The school has developed a budget cycle so that we can concentrate our purchasing on specified curriculum content. In years past, each department has pieced together their curriculum purchases leading to partial textbook adoptions. This has led to all of our departments constantly striving for equitable curriculum materials. With the new budget cycle, each department will make their purchases and be able to revise classroom instruction and curriculum as an entire department. It will

also help insure that all departments receive the instructional materials they need in a timely manner.

Curriculum

The courses at Epping High School now have written *curricula* for the courses offered using a consistent format and methodology known as *Understanding by Design*. Our next goal is to establish assessments that measure how well our students have learned the essence of the courses that they have taken as students. These assessments and essential questions will also help us focus on school-wide skills that we need to focus on so that our students will enter the work force and/or college with all of the skills necessary to succeed.

Student Life

Epping High School continues to offer many opportunities for students to develop themselves beyond the classroom. At present, we have 15 different clubs and organizations along with a student government that offers students the chance to learn leadership skills, as well as develop a commitment to community service. Throughout the community and abroad, our students continue to make wonderful contributions.

On the athletic field, our students once again represented our community with style and grace. We held the second annual homecoming celebration this year with home games in all varsity sports, a dance, and a bonfire. Our football team is in its second season as an NHIAA varsity level sport and went 4 and 5. The volleyball team had an energizing season with many tough fought matches that the 3 and 13 record does not represent. On the soccer field, EHS once again experienced much success with both the girls' and boys' varsity teams making it to the playoffs; and the girls' varsity team securing a New Hampshire State Class M Runner-Up banner that will be displayed in the gym. We are into basketball season, and both the girls' and boys' teams are out on the court doing Epping proud.

Coming Attractions

Next year promises to be as exciting as this year. The school will implement its block schedule to allow us to better deliver the curriculum. A Grade 10 team will join the established Grade 9 team, and we will pilot our first bridging activity, which will allow students to showcase what they know and are able to do.

Thank You

I thank you for the opportunity and privilege of leading EHS. I have the honor of working with an excellent and motivated faculty, a respectful and caring student body, parents who are committed to their children, and a community that cares about the future and education. I am humbled by the commitment that the community of Epping has towards its youth. Thank you for allowing me to be a part of this great community.

*Respectfully Submitted,
Dixie Bacallao Tremblay, Principal*

Director of Special Services

The Epping Special Education Department began the 2005-2006 school year with a renewed focus on improving student outcomes especially in the area of literacy as well as supporting district initiatives. Special Education staff members, in collaboration with their peers, have been working to examine best educational practice and share ideas to enhance the students' ability to access the general curriculum. This process is filtered through the compliance process with the Individuals with Disabilities Act (IDEA 2004), N. H. Rules for the Education with Disabilities Act and No Child Left Behind (NCLB) legislation.

Services

As of December 2005, the school district provided special education ser-

vices to 190 identified students. The services include speech and language therapy, occupational therapy, behavioral consultations with our in-school psychologist, adventure-based counseling, post-secondary support from our School-to-Career counselor, and remedial instruction in specialized reading programs, math, and written language from our Special Education teachers. Our physical therapy services are provided through a certified contracted employee.

New Space

While we gratefully await the ground breaking of our new middle school addition, the Special Education staff is to be highly commended for their creative and innovative approach to finding effective ways in which to provide high quality instruction from the Preschool through High School level. At the SAU building, we thank the Epping Head Start program for sharing their space and resources.

Support Staff

The Special Education department is supported by a paraprofessional staff that is competent and professional. These individuals are dedicated to supporting our children and expanding their professional knowledge. These individuals support students with moderate/significant disabilities throughout the school day in a variety of settings. Our department is strengthened by their willingness to go the "extra mile".

The Epping Community, parents, staff, students, volunteers, custodians, school board members and superintendent have given freely of their time and energy to make the Epping School District a wonderful place in which to teach and learn. It is a place I am honored to call my place of employment. Thank you for all your support.

*Respectfully submitted,
Catherine Zylinski
Director of Special Services*

Plan for Withdrawal from SAU 14

EPPING SCHOOL DISTRICT

ANALYSIS AND PLAN FOR WITHDRAWAL FROM SAU 14

(On December 14, 2005 the NH State Board of Education recommended that this plan be adopted for submission to the voters of Epping.)

**(Copies of the appendices can be requested from SAU 14 at
213 Main Street, Epping, NH 03042, 679-8003)**

**Epping SAU Planning Committee
October 2005**

Report of the Epping SAU Organization Study Committee

In March, 2005 the voters of the Epping School District, pursuant to RSA-194-C voted to approve the creation of an Epping SAU Planning Committee to research and analyze the question of whether the Epping District should continue its membership in SAU 14 or to seek another form of SAU organization.

SAU 14, made up of the school districts of Chester, Epping and Fremont, had seen a number of developments and observations that led many residents in each community to question the value of continued membership in the SAU. After several years of effort to work with the Epping District to fund and build a new high school in Epping, the Fremont District voted in 2004 for a long-term tuition agreement to send its students to Sanborn High School. As a result of this action, the three towns of SAU 14 would soon send their students to three different high schools- Pinkerton, Sanborn and Epping. This development has made coordination of K-12 curriculum and program at the SAU level very difficult.

Over the past decade the districts gradually assumed more responsibility for services and programs previously provided by the central office. For example, the SAU position for special education services was eliminated as each district hired its own director of special services. In another instance, Epping hired its own director of curriculum. During the brief Epping-Fremont Cooperative Agreement, a part-time administrator was hired to assist in the planning of a new cooperative district and K-12 school system. After the dissolution of the Epping-Fremont Cooperative School District, this administrator was dedicated to the Chester School District. With these changes, Chester and Epping residents, as well as the Epping Budget Committee, have more and more questioned the value of the services received from the central office relative to the tax burden of membership in the SAU.

There have also been other strains on SAU 14. Both Chester and Epping have voiced dissatisfaction regarding a perceived lack of attention to their districts by the superintendent or a perceived lack of SAU services or by the cumbersome nature of operating a three-town SAU in the 21st century. SAU 14 takes up nearly 400 square miles and is served by three different school boards. With a joint board governing the SAU, administrators and board members have often been forced to spend inordinate amounts of time at night meetings. They are further strained by their need to develop multiple budgets for the three school districts and the SAU, the various Epping scenarios that have occurred under SB-2, the Epping Fremont Cooperative, and the SAU withdrawal plans for two prior Chester Committees and the present plans for Chester, Epping and Fremont Committees. SAU 14 staff must supervise and track a total of six collective bargaining contracts which commits members to more evening meetings and more central office management. Even the process of investigating SAU withdrawal requires the services of the superintendent, further aggravating the strain. These time consuming operations serve to detract from the time needed to improve the educational programs in each district.

During the summer of 2005, each of the three districts formed its own committee to examine continued membership in SAU 14. Epping's Committee was made up of School Board members Scott Booth and Robert Lonek, Budget Committee representative Paul Spidle, and Community members Joe Foley, Marci Morris, Dick Marcotte and Mark Vallone. Superintendent Barbara Munsey served as a non-voting member of the committee.

Under RSA 194 – C: 2 III, the duties of the Epping SAU Planning Committee have been to:

1. Study the advisability of establishing a school administrative unit, its organization, operation and control, and the advisability of contracting, maintaining and operating a school or schools for the unit.
2. Estimate any related construction and operating costs for the schools.
3. Investigate financial matters.
4. Prepare educational and fiscal analysis of the impact on the remaining districts and disposition of school administrative assets.
5. Submit a report of its findings and recommendations to school districts in the existing school administrative unit.

The Epping SAU Planning Committee met regularly beginning August 30 through October 19, 2005. The Committee identified three possible recommendations to investigate:

1. Recommend that Epping remain in SAU 14.
2. Recommend that Epping withdraw from SAU 14 and form a new SAU with another district or districts.
3. Recommend that Epping withdraw from SAU 14 and form its own school administrative unit.

Members of the committee reviewed RSA 194-C and studied the budget and organization of a number of school administrative units of similar-size communities as well as previous reports of school planning committees. The committee also analyzed the budget impact of each of the recommendation scenarios. Finally, the committee discussed the pro and con arguments related to remaining in SAU 14, forming a new SAU with another community or communities, and withdrawing from SAU and forming a single district SAU.

The committee looked at the 2005-2006 SAU budgets for Newmarket, Moultonborough, Raymond, and Litchfield which each have their own school administrative units as well as their own high school. The inclusion of a high school was thought critical as Epping maintains its own high school unlike Chester and Fremont. Committee members investigated the possibility of forming an SAU with Nottingham a neighboring town with similar characteristics as Epping. The group analyzed the budget and program impact of various SAU 14 scenarios such as Chester's possible withdrawal from SAU 14 leaving Epping and Fremont as partners. The committee requested and received from Superintendent Munsey budget scenarios that were the most cost effective for each recommendation. Finally, the committee reviewed the pro and con arguments for each recommendation. (See Appendices for details)

On September 28th, the Epping SAU Planning Committee voted 5-0 to recommend withdrawing from SAU 14 and creating a single district school administrative unit.

By law, the Epping Planning Committee is required to develop a plan for providing superintendent services for a proposed school administrative unit that meets all the requirements of RSA 194-C:4 and signed by a majority of the planning committee. The plan must be submitted to the Fremont and Chester Districts that make up SAU 14 with Epping, and be brought to the Epping District for public hearing and input at least 14 days prior to submission to the State Board of Education. The plan may be revised after such hearings.

By law, the New Hampshire State Board of Education must review the proposed plan within 60 days of submission to ensure that all the services required by RSA 194-C: 4 have been met. The State Board will recommend either for or against the plan's adoption. The plan may be modified to address the State Board of Education's concerns. The plan, including the State Board's recommendation, then goes to the voters of the Epping School District for acceptance or rejection on March 14th, 2005.

If a 3/5th majority of voters casting ballots on March 14th vote to adopt the proposed plan, the plan is approved. A single district Epping SAU office will be created, effective July 1, 2006.

The Epping Planning Committee examined where to locate a new SAU office for Epping and concluded that the new SAU office should remain in its present location in the former Epping Central School building. This would eliminate the cost of building or leasing a new facility and also permit the districts of Chester and Fremont to lease central office space and services if needed. Such an arrangement would reduce the transition costs for these districts and increase the amount of revenue available to the Epping School District.

After voting to recommend withdrawal, the Epping Planning Committee voted to accept the proposed plan on October 5, 2005. The committee met again on October 19 to review the final draft and budget estimate and voted to recommend that the withdrawal take place July 1, 2006. The committee noted that, if Epping did not withdraw in July 2006, its share of the Joint SAU budget would rise due to a drop in the official enrollment in Chester that was caused by a change in how the State of New Hampshire counts the home school student population. The committee concluded that moving to a single-district SAU in 2006-2007 would cost no more than continuing the present SAU 14 arrangement. The committee further concluded that the benefits of receiving 100% of central office services in a single district SAU, rather than just 50% of SAU services for the same cost, would lead to substantial improvement in the quality of education received by the students of Epping.

A Public Hearing on the Proposed Plan for Withdrawal from SAU 14 was held October 20, 2005 at 6:30 p.m. at the Epping High School Media Center. The following points were made by the committee.

1. SAU 14 superintendent answers to three bosses – Chester, Epping and Fremont.
2. There's no commonality between Epping's K -12 system and Chester/Fremont grade 1-8 systems.
3. The three district SAU negatively affects SAU and school accountability.
4. An Epping-only SAU will be directed and evaluated by only the Epping School District.
5. The Epping High School has different needs and priorities.
6. Coordination of initiatives and programs between the three districts has been an issue.
7. Epping may pay the largest share, but can be outvoted by the other two districts.
8. An Epping-only SAU will be part of the regular budget subject to control by SB-2. At present the three districts determine the cost of the SAU and Epping must pay.
9. Epping schools need a system of setting goals and evaluating performance.
10. The cost of an Epping SAU (\$339,000) is the same cost of participating in SAU 14 next year.
11. A single-district SAU is focused on Epping's needs and means 100% services for the same cost.
12. In the state formula governing SAUs, the larger district (Epping) subsidizes the smaller districts.
13. As Epping continues to develop commercially, Epping's cost to remain in the current SAU 14 will increase proportionately getting worse in future years.
14. Epping has multiple housing developments in the works and a single-district SAU makes sense.
15. Chester has formed a SAU Planning Committee three times and has petitioned to withdraw from SAU 14.
16. Fremont is sending their high school students to Sanborn and Fremont will ultimately end up with the Sanborn Regional School District.

17. If Chester successfully passes their plan to withdraw from SAU 14, Epping would end up in a SAU with Fremont.
18. Epping Budget Committee supported the warrant article to study SAU cost and services. Epping will receive 100% of SAU services instead of 50%. This is a win – win.
19. After receiving the Epping cost for the proposed 2006-2007 budget, the committee voted to withdraw from SAU 14 effective July 1, 2006. It made no sense to remain.
20. The state SAU formula does not allow Epping to increase the Chester and Fremont share of costs.
21. Epping needs to determine its own fate. If not another district will likely determine it for us.
22. It is time for Epping to act and be on our own.
23. The choice is to pay \$338,000 for 100% of services and time in an Epping-only SAU or to pay \$338,000 for 50% of services and time in a Chester, Epping and Fremont SAU.
24. In conclusion the Epping SAU Planning Committee recommends the withdrawal of Epping from SAU 14 effective July 1, 2006.

The original plan has not been revised as no public comment requiring amendment was received. Copies of this plan including appendices were sent to the chairperson of each of the three school districts in SAU 14. Copies were also made available at the hearing and at the schools, town library, and town hall.

NOTE: This report will also include a summary of the State Board of Education response to the plan and its appendices. (The response is noted on the cover page.)

The Epping Planning Committee has carefully considered options regarding the future of school administrative services for Epping and believes firmly that an Epping-only SAU will provide the maximum services for the students of Epping and maximum value for all its residents. The committee recommends that voters read the Committee's recommendation carefully, review all the information provided and vote on this question in March 2006.

SCHOOL BUDGET FORM

BUDGET FORM FOR SCHOOL DISTRICTS WHICH HAVE ADOPTED
THE PROVISIONS OF RSA 32:14 THROUGH 32:24

OF: EPPING, NH

Appropriations and Estimates of Revenue for the Fiscal Year From July 1, 2006 to June 30, 2007

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list ALL APPROPRIATIONS in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the school clerk, and a copy sent to the Department of Revenue Administration at the address below.

This form was posted with the warrant on (Date): 1/27/06

Please attach a copy of this completed supplemental schedule to the back of the budget form.

DEFAULT BUDGET OF THE SCHOOL

OF: EPPING, NH

Fiscal Year From July 1, 2006 to June 30, 2007

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

1. Use this form to list the default budget calculation in the appropriate columns.

2. Post this form or any amended version with proposed operating budget (MS-26 or MS-27) and the warrant.

3. Per RSA 40:13, XI, (a), the default budget shall be disclosed at the first budget hearing.

2006–2007 Warrant Article Information

WARRANT ARTICLE 1

WITHDRAW FROM SAU 14 & FORM AN EPPING SAU

<u>SAU</u>	<u>COST</u>	<u>SERVICES</u>
EPPING SAU	100%	100%
SAU 14 MEMBER	100%	50%

BENEFITS:

1. NO ADDITIONAL COST TO COMMUNITY.

- Epping can operate its own SAU for the same cost as remaining in SAU 14.
- SAU budget will be part of Epping budget subject to official ballot vote.
- Eliminates Epping subsidizing smaller school districts. Epping's future share of SAU 14 costs will increase as Epping attracts more commercial development.

2. 100% SAU SERVICES FOR EPPING.

- A single SAU will be focused on Epping's needs.
- A single SAU will be directed and evaluated by Epping.

3. EPPING DETERMINES ITS OWN FATE.

- Chester continues to pursue withdrawal from SAU 14.
- Fremont continues to pursue a cooperative school district with Sanborn Regional.
- The time is right to act now. If not, another district will likely determine our fate.

COST: \$0

TAX IMPACT: \$0.00

RECOMMENDED BY:

- SAU PLANNING COMMITTEE
- EPPING SCHOOL BOARD
- EPPING BUDGET COMMITTEE

WARRANT ARTICLE 2

2006-2007 BUDGET

BENEFITS:

1. Maintains current school program.
2. Continues with district initiatives to implement student learning plans, separate the middle and high schools, continue teaming throughout all schools, and improve curriculum.
3. Proposed budget is only \$8,640 more than the default budget.

NOTE: The district continues to work hard to balance educational improvements while meeting the increased obligations and decreasing high school tuition revenue. The school board per the request of the budget committee has reduced the budget by \$200,000 and increased the revenue by \$100,000. The budget cuts are spread throughout the budget with major cuts in technology and school administration. Additional revenue was identified in impact fees.

EXPENDITURE INCREASES:

Teachers' Collective Bargaining	\$277,741
Paraprofessionals' Collective Bargaining	\$51,741
Debt on Cafeteria & Middle School Project	\$563,081
Health Insurance	\$228,240
Speech Services	\$66,978
Electric & Fuel Oil	\$68,500
Transportation	\$26,204
Board Adjustments	(\$200,000)
Other	<u>\$2,458</u>
	\$1,084,943

REVENUE CHANGES:

More State Tax & Education Grant	\$79,509
More Building Aid	\$138,267
More Food Service Funding	\$34,254
Less Tuition	(\$301,620)
Less Other	(\$89,255)
Fund Balance Returned Last Year	<u>(\$192,071)</u>
	(\$330,916)

TAX IMPACT:

PROPOSED BUDGET	\$14,103,140	\$2.37
DEFAULT BUDGET	<u>\$14,094,500</u>	<u>\$2.36</u>
DIFFERENCE	\$8,640	\$0.01

PROPOSED BUDGET RECOMMENDED BY:

1. EPPING SCHOOL BOARD
2. EPPING BUDGET COMMITTEE

EPPING SCHOOL DISTRICT BUDGET 2006-2007

PERSONALIZED LEARNING

ALL STUDENTS WILL LEARN

SUPPORTED BY:

- ✓ **NO CHILD LEFT BEHIND**
- ✓ **NH PUBLIC SCHOOL STANDARDS**
- ✓ **NEW ENGLAND ASSOCIATION OF SCHOOLS & COLLEGES**
- ✓ **NEW ENGLAND LEAGUE OF MIDDLE SCHOOLS**
- ✓ **EPPING SCHOOL DISTRICT**

PERSONALIZED LEARNING STRATEGIES

I. STUDENT LEARNING PLANS

- ✓ Develop and implement student learning plans in grades 4 & 5
- ✓ Refine student learning plans in grades 6 to 8
- ✓ Refine student learning plan in grade 9
- ✓ Implement student learning plans in grade 10
- ✓ Refine guidance programs in grades 11 & 12
- ✓ Assess individual student learning gains in language, reading & math

II. SMALL LEARNING COMMUNITIES

- ✓ Continue teaming in the elementary school
- ✓ Refine teaming in the middle school
- ✓ Refine teaming in grade 9
- ✓ Implement teaming in grade 10
- ✓ Expand the CARE program
- ✓ Continue to separate middle and high schools
- ✓ Continue to develop middle and high school concepts
- ✓ Continue to define school administration structure
- ✓ Build the new middle school/high school gymnasium
- ✓ Form a single district SAU focused on Epping Schools

III. CURRICULUM

- ✓ Train all teachers in curriculum mapping K to 12
- ✓ Complete reflective science maps in K to 5
- ✓ Develop consensus social studies maps in K to 5
- ✓ Complete reflective maps in all middle school subjects
- ✓ Complete reflective maps in high school subjects
- ✓ Develop high school competencies in line with outcomes & standards
- ✓ Stay the course in district literacy & mathematics initiatives
- ✓ Begin the coordination of district curriculum K to 12
- ✓ Expand advanced placement options

Deliberative Session Minutes

February 9, 2006

Call to Order: Moderator Robert Goodrich opened the meeting at 7:09 p.m. and Board members were introduced.

Budget Committee Vice Chairperson Brenda McCartney introduced the Budget Committee members in attendance. They were Jim McGeough (Chairperson), Laurie Bentz, Liz Conrad, Michael King, Ron LaChance, Paul Spidle and Mark Nickerson.

School Board Chairperson Sue Kimball introduced the School Board members and administrators in attendance. They were Board members Scott Booth, Pam Tibbetts, Jeff LeDuc, Superintendent Barbara Munsey, Business Manager Martha Williamson, School Counsel Jill Desrochers and Principals Mark Vallone, Dixie Tremblay and Gary Tirone. She also introduced School District Clerk Robin O'Day.

School Board Chairperson Sue Kimball read an opening statement thanking EPTV for their continued support in taping all school board meetings throughout the school year. She also took a moment to recognize the EHS Girls Class M State Runner-Up banner for the 2005 soccer season. Chairperson Kimball discussed the future building projects that will be starting soon in the Epping School District and some of the curriculum changes that have happened throughout the school year. She asked for patience this year from the community as the construction process will be disruptive to both buildings and fields by all organizations that use them throughout the year. Chairperson Kimball also provided an update regarding the reaccreditation status of the high school. She reported that the Epping School District has been given verbal notification by the New England Association of Schools and Colleges (NEASC) that Epping High School has been awarded conditional accredita-

tion contingent upon completion of the new middle school building. Chairperson Kimball thanked all staff and volunteers, as well as the voters, for their continued support of the students of Epping.

Moderator Goodrich read the Rules of Procedure. He explained the purpose of the Deliberative Session and the process of voting for amendments.

Article 1: Shall the Epping School District accept the provisions of RSA 194-C providing for the withdrawal of the Epping School District from School Administrative Unit No. 14 involving the school districts of Chester, Epping and Fremont, in accordance with the provisions of the Epping SAU Withdrawal Study Committee's proposed plan to form a single Epping SAU receiving 100% SAU services at the same cost as remaining in the present SAU and receiving only 50% of the SAU services? (3/5 vote required)

**Recommended by the Epping School Board
Recommended by the Epping Budget Committee
Approved by the State Board of Education**

Chairperson Kimball made a Motion to accept Article 1 as read. Seconded by Member Tibbetts. Motion passed.

Member Booth presented Article 1. Member Booth stated that over the last several years there have been changes to basic services that have directed more time away from Epping's needs as more services were being re-directed to both Chester and Fremont. Accepting this Article would allow Epping to retain 100% of services that they are already paying for. Approval of the Article would also allow Epping the flexibility of contracting out services to Chester and Fremont, which is not available under the current system. Costs could be streamlined giv-

ing Epping more control of spending. Chairperson McGeough of the Budget Committee spoke in favor of this Article and stated that, in his opinion, this is a financially wise move for Epping to make.

There was some discussion about future costs if Epping withdraws so Superintendent Munsey explained the financial breakdown. She also explained that the costs would most likely remain the same but that the District would be getting 100% of the services for their money as opposed to getting only 50% of services for the same amount. Currently Chester and Fremont each utilize 25% of the SAU's services.

George Kimball made a Motion to restrict any future discussion on Article 1. Seconded by Jeff LeDuc. Motion passed.

Article 2: Shall the Epping School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$14,103,140? Should this article be defeated, the default budget shall be \$14,094,500, which is the same as last year, with certain adjustments required by previous action of the Epping School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (Majority vote required)

**The Epping School Board Recommends
\$14,103,140**

**The Epping Budget Committee Recommends
\$14,103,140**

Chairperson Kimball made a Motion to accept Article 2 as read. Seconded by Jeff LeDuc. Motion passed.

Member Jeff LeDuc presented this article. The Epping School Board feels that they have made an attempt this year to keep costs as low as possible realizing that the impact of the re-valuation to town property has been difficult for many of the taxpayers in town. Member LeDuc stated that over \$190,000 has been returned back to the town from last year's budget.

There were questions and discussion regarding the dues that the school district pays to various organizations for their administrators, teachers and the School Board. It was explained that this is common practice in both private and public sectors and that services offered by these organizations to our Board and administrators far outweigh the cost of the dues.

There were some questions regarding the breakdown of costs in the budget and Superintendent Munsey

explained the Revenue and Expenses breakdown on page 9 of the financial handout.

After some discussion regarding technology and related costs, member Tibbetts explained the need to keep our technology equipment up-to-date.

A gentleman from the audience, Mr. Kelly, felt that the budget was presented well and costs seem to be in-line. In his desire to see technology a priority in the schools he made a Motion to amend Article 2 to increase the budget by \$50,000, with the \$50,000 to be placed in the Technology Line. Seconded by George Kimball.

There was discussion on the Motion and Budget Committee member Liz Conrad urged voters to keep the budget as previously presented and the need to think about the hardship that voters are already facing this year.

After a hand vote the Amendment was defeated 27 against to 22 in favor. Motion to amend Article 2 failed.

There was discussion regarding administrators' salaries and the increasing costs to the budget. It was stated that in order for our teachers to continue offering our children a quality education, they need to keep learning themselves so that every generation of students can do better than the generation before them.

Don Sisson made a Motion to Move the Question on Article 2. Seconded by Dianne Gilbert. Motion passed.

Mike Morasco made a Motion to restrict further discussion on Article 2. Seconded by Scott Booth. Motion passed.

A reminder was given to attend the polls on March 14th from 8:00 a. m.-7:00 p.m.

Meeting was adjourned at 8:45 p. m.

Respectfully submitted,

*Robin A. O'Day
School District Clerk*

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Epping School District
Epping, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Epping School District as of and for the year ended June 30, 2005, which collectively comprise the School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express opinions on the financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Epping School District as of June 30, 2005, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 30, 2005 on our consideration of the School District's internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

*Epping School District
Independent Auditor's Report*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Epping School District's basic financial statements. The combining and individual fund statements and schedules are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the Epping School District. The combining and individual fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
