1732-1953

THE WOODMAN GARRISON

1660 - 1896

Garrisons or fortified houses were built in New England during the seventeenth and eighteenth centuries to give protection to the English colonists against attacks from the Indians and also after 1689 from the French. In 1694 Durham, or Oyster River as it was then known, suffered extensively from an attack by the French and Indians. An account of this was printed by Cotton Mather in his *Magnalia Christi Americana* under the heading of "Bloody Fishing at Oyster River." By 1694 fourteen garrisons had been built in Durham but one of them, the Huckins' garrison, was not standing at that date since it had been destroyed by the Indians in 1689. The fourteen garrisons were the Meader, the Davis, Smith's, Bunker's, the Jones, Beard's, Woodman's, Huckins', the Burnham, Drew's, the Adams, Bickford's, the Edgerly and Goddard's.

The Woodman garrison was built by Captain John Woodman who came to Durham in 1656 or 1657. In 1660 John Woodman received a grant of land of twenty acres and probably built the garrison about that time. The garrison was attacked by Indians several times. It remained in the possession of the Woodman family until late in the nineteenth century. The last member of the family to own it was Professor John S. Woodman of Dartmouth College.

After the New Hampshire College of Agriculture and the Mechanic Arts was moved to Durham in 1893 the Woodman garrison was occupied at different times by Professor Charles L. Parsons of the Chemistry Department and Professor Clarence W. Scott of the English Department. The Woodman garrison was burned on November 8, 1896. The present Durham school building is near the site of the garrison. More detailed information concerning the Durham garrisons will be found in *Landmarks in Ancient Dover, New Hampshire* by Mary P. Thompson. The original hearthstone has been restored near the site and marked with a plaque by the Women's Club of Durham.

EDGAR DANIEL CHESLEY — 1871-1947

The people of the town of Durham take this opportunity to pay tribute to the memory of one of its finest citizens and public servants. Edgar Daniel Chesley, whose untimely death in the fall of 1947 saddened the village, helped the town come of age. Except for a brief period in the early Twenties, "Ed" Chesley served as Road Commissioner from 1912 to November, 1947.

During that time, he played an important role in the transition from horse and buggy to the modern automobile. Under his supervision, the town's 40 miles of dirt roads, treacherous in spring and dusty in summer, changed to smooth, hard-top thoroughfares.

"Ed," for everyone called him by that name, was typical of all that is good in New England. Educated in the local grammar school, at Franklin Academy in Dover and thence at Berwick Academy, he devoted his life to the town of Durham. Thrifty, shrewd and industrious, his familiar figure inspired confidence wherever he appeared. His technical knowledge of road-building was practical and sound. His devotion to the town's well-being was legendary.

The memory of "Ed" Chesley will live long in the minds of Durham's citizens. His contribution to the progress of the town will be evident long after future generations have come and gone.

ARTHUR P. STEWART, *Town Clerk*

WARRANT FOR TOWN MEETING

TUESDAY, MARCH 10, 1953, AT 9:00 A. M.

NEW HAMPSHIRE HALL

Two Hundred and Twenty-second Meeting

To the inhabitants of the Town of Durham, County of Strafford, State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at New Hampshire Hall on the University Campus, at Durham, N. H., on Tuesday the tenth day of March, 1953, A. D. at Nine O'clock in the forenoon to act upon the following subjects:

1. To choose a Town Clerk, one Selectman for a term of three (3) years, a Town Treasurer, a Collector of Taxes, one Auditor for a term of three (3) years, four members of the Budget Committee for a term of three (3) years, and all other elective Town Officers for the ensuing year.

2. To see if the Town will vote to adopt the budget as submitted and recommended by the Budget Committee. (See details following).

3. To see if the Town will vote to raise and appropriate the sum of \$12,100.00 to defray the cost of its share of the operation of the Strafford County Government.

4. To see if the Town will vote to authorize the Selectmen to borrow necessary money in anticipation of taxes.

5. To see if the Town will direct a discount of 1% to be made to those persons who shall pay their taxes within a period of six (6) weeks from the date the Tax Rate is approved by the State Tax Commission.

6. To see if the Town will vote to adopt the provisions of Chapter 171-A of the Revised Laws of the State of New Hampshire relative to playing games of Beano (See Ballot).

7. To see if the Town will vote to release the unused funds, namely \$1536.00, remaining in the Road Bond balance set up

by Paragraph C. Article 15, as adopted at Town Meeting held March 12, 1946, and allow such balance to revert to Cash Surplus.

8. To see if the town will vote to create a Capital Reserve Fund pursuant to the provisions of Chapter 160, Laws of New Hampshire, 1943, as amended, for the purpose of providing a fund for the purchase of highway maintenance equipment; and to transfer to said fund the sum of Three Thousand dollars from the unencumbered cash surplus remaining from 1952.

Explanatory Note — At this time the Town has a 20-year-old Caterpillar Grader and a Tractor of approximately the same age. Although both of these pieces of equipment have given and are giving reasonably good service, their condition is such that major breakdowns can be expected at any time. Although equipment of this type is useful and necessary in maintaining the Town's services, it has never been contemplated that the Town needed or could afford new equipment of this type (\$12,000.00 to \$18,000.00 per unit). There are, however, later models of equipment of this type available at various times that would be satisfactory for the Town's needs. This fund would enable the Selectmen to purchase newer equipment as favorable opportunity presents itself to replace old and obsolete equipment.

9. To see if the town will vote to create a Capital Reserve Fund pursuant to the provisions of Chapter 160, Laws of New Hampshire, 1943, as amended, for the purpose of providing a fund for financing extensions of existing sewer mains; and to transfer to said fund the sum of Three Thousand dollars from the unencumbered cash surplus remaining from 1952, providing that such extensions serve entrants to the system in accordance with Section 7, Regulations of the Durham Sewer Department, 1951, and that the cost of such extensions in excess of \$225.00 per contracted entry shall be pro-rated against all abutting property owners in direct ratio to the front footage of property of the abutters; and provided further, that such fund shall not be used for new developments except to bring lines to the entry of such development pursuant to the provisions of Section 8, Regulations of the Durham Sewer Department, 1951, and the Sub-division Control Regulations of the Durham Planning Board.

10. To see if the town will authorize the Board of Selectmen to act as agents of the town pursuant to Paragraph 9, Chapter 160, NHL, 1943 as amended, to carry out the objectives of Articles 8 and 9. (Explanatory note: Under the enabling legis-

lation, the trustees of trust funds retain custody of the Capital Reserve Funds, invest such funds, and account for same. Disbursements from the fund are made by the Trustees of Trust Funds upon certification of the Board of Selectmen acting as agents as provided by Article 10).

11. To see if the town will vote to allow the collector of taxes additional compensation for his services in collecting the State Head Tax and permit the Board of Selectmen to fix the amount thereof.

12. To transact any other business that may legally come before this meeting.

Given under our hand and seal this 23rd day of February in the year of Our Lord one thousand nine hundred and fifty-three.

JAMES C. CHAMBERLIN,
RALPH B. CRAIG,
MALCOLM J. CHASE,

A true Copy — Attest:

Selectmen of Durham

JAMES C. CHAMBERLIN,
RALPH B. CRAIG,

SELECTMEN'S REPORT

The Board of Selectmen wish to submit the following report highlighting the major activities of your town government during the municipal year 1951-1952.

The construction of Edgewood Road from Strafford Avenue to Main Street was completed during the early summer months. Although it had been envisioned that this project might better be constructed in stages, at the request of the University, plans were revised and the entire project was completed prior to the opening of the fall term at the University. We believe that this road is a fine addition to the street system in the town. Unquestionably, the opening of this road has reduced the amount of traffic on other heavily travelled streets. In the early fall, the job of resurfacing the sidewalk in the business section of town was completed, including the placement of 140 feet of granite curbing. It is our belief that a small amount of money appropriated annually for the construction of sidewalks is sound planning. It is planned during 1953 to add additional curbing in the center of the town and to improve conditions on Garrison Ave. In each succeeding year, a limited amount of this sidewalk construction will be planned in an effort to improve the lot of the pedestrian in other sections of Town. The Town Road Aid funds were spent again this year, as was true in 1951, on the rebuilding of Bennett Road in the Packers Falls section of town. The traffic on this road, we believe, warrants these improvements and it is our long range plan to apply these TRA construction funds in this area until the entire Bennett Road has been re-built. Considerable time and effort has been spent by Don Plaisted and his crew in improving the condition of our secondary roads. Much of this work has been devoted to improving the drainage facilities and clearing the right of way along these roads. We plan to rebuild a number of culverts at various points in the Town in order to further improve our highway system.

Work has already begun on the job of removing ledge outcroppings which impede travel and snow removal on the Durham Point Road. It is planned that this type of highway improvement will be carried out also in other parts of the town. Approximately eight miles of town roads were tarred this past year, and it is planned to schedule approximately the same

amount of this type of work in 1953. Approximately one hundred street identification signs were purchased and erected both in the village and in the outlying sections of the town.

We are pleased to call your attention to the improved conditions at the town dump. The problem of trash disposal in the town has been of particular concern to us because of the increased amount of such material which we now have to handle. As we all know, the dump is in a location which presents a serious fire hazard during dry weather. It was found advisable to keep an attendant at the dump constantly in order to control the fire hazard and assist people using the dump. Despite the relatively dry conditions during the past year, there were no fire alarms sounded. It was, however, necessary on seven occasions to place a still alarm requesting assistance from the fire department in order to make certain that the forest fire danger be kept to a minimum. We would like to take this opportunity to commend the people in Durham on their intelligent use of our limited trash disposal area and would further request that those using the dump refrain from hauling brush or similar inflammables to the dump during critically dry periods.

The operation of the Durham Water Department has over the past few years given us sufficient experience to warrant at least a temporary reduction in water rates which became effective during the first quarter of 1953. It is our sincere hope that these reduced rates can be continued in the future. We are concerned over the present inability to provide for minor extensions of the Water Department and we have established a reserve fund which will permit these minor extensions when it is felt conditions warrant them. Any future expansions of the sewer system is also of considerable concern to us and inasmuch as the Sewer Department is not self-liquidating as is the Water Department, we have requested that the town set aside \$3,000 from the 1952 cash surplus to provide for limited construction of sewer line extensions.

Acting upon the authority given us in the last town meeting, we made arrangements to rent the second floor of the town hall to the firm of Hersey Associates, thereby producing additional income for the town.

A number of discussions have been had with the University

authorities in connection with the fluoridation of the town water supply, and it is hoped that the University will see fit to provide this additional treatment, which will help in reducing the dental caries problem of the children in town.

As directed by a vote in the last town meeting, the Board of Selectmen went on record with the secretary of the Air Forces regarding the proposed Newington Air Base. The town voted last March 285 in favor of and 603 opposed to this Base. One member of the Board of Selectmen attended a hearing which the Secretary of Air Forces granted to a group of citizens representing communities in Strafford and Rockingham counties, and at this time, pointed out the severe hardships which such an Air Base would undoubtedly place upon the taxpayers of Durham. Members of the Planning Board and the Board of Selectmen have attended numerous regional meetings during the past year which have been designed to plan a mutual effort toward solving the various problems which the taxpayers of Durham and other communities will face when the Air Base, with the resulting population increase becomes a reality.

It will be of interest to many people in Durham that one of our few remaining historical landmarks, the Mill Pond Dam, was restored. Age had taken its toll on the sluice gates and through the efforts of the Jenkins family and Mr. Wilfred Batchelder, who contributed his time and materials, the gates have been repaired.

At this time, we would like to acknowledge with many thanks the efforts of Mr. George Deming who has, as many of you know, been most active in the work of the Planning Board. His untiring efforts have been greatly appreciated by the Board of Selectmen and his departure from Durham is our loss. We would also like to acknowledge and thank all of the many persons in town who have so willingly assisted us in finding solutions to a wide variety of problems. Our thanks to Wilfred Osgood, Phil Paine, George Thomas, and members of the Historical Society for their assistance in the preparation of this year's town report.

Signed

RALPH B. CRAIG
 JAMES C. CHAMBERLIN
 MALCOLM J. CHASE

REPORT OF PLANNING BOARD

Organization:

The Board continued with the same organization as during the year 1951, The Board of Selectmen having appointed Mr. George Thomas to a second term of five years. At its first meeting following the Town Meeting of 1952, the Board organized with Mr. George H. Deming as Chairman, and Mr. L. Phelps Latimer as Secretary.

Program:

At its first meeting following Town Meeting, the Planning Board adopted subdivision regulations pursuant to the authority granted it by the voters of the town at the Town Meeting of 1951. These regulations are recorded with the Registrar of Deeds at the County Court House in Dover. To date, no subdivisions have been considered under these regulations. The Board did review the extension of the University development but this subdivision was plotted, and the plan made a matter of record prior to the adoption of the subdivision regulations.

A considerable amount of time has been spent by the Board's representative in the work of the Seacoast Area Planning Committee. The Committee has accomplished some constructive work leading toward a better understanding of the problems incidental to the location of the airbase in Newington and the assumption of responsibilities for adjustments by the Federal Government. The problems are far from settled and a continuing interest will need to be maintained if the interests of Durham and other communities in the area are to be protected.

The Planning Board, at the request of the Board of Selectmen, prepared during the year a summary of Durham's future with respect to schools, water and sewage disposal facilities. In the preparation of this summary, the Board was assisted by the following citizens serving on committees in each area of interest: Dean Lauren Seeley, Mr. W. H. Hartwell, Mr. Edmond W. Bowler, Mr. Albert G. Welch, Mr. Donald H. Chapman, Mr. T. R. Meyers, Mr. William Prince, Mr. Dayton Henson, Mrs. Clayton Cross, Dr. Fred E. Allen, and Mr. Lester Vander Werf. The committee on sewage disposal was assisted by Mr. Lariviere of the State Board of Health. This report has been filed with the Board of Selectmen.

The members of the Planning Board appreciate the opportunity of working with the officers of the Town and the willingness of numerous citizens of the Town to help the Board with its work.

GEORGE H. DEMING, *Chairman*

REPORT OF THE TRUSTEES OF TRUST FUNDS

As can be seen from the tabulated report of finances, new funds acquired were from sale of lots in the Durham Town Cemetery as follows:

Mr. & Mrs. M. M. Smith	\$75.00
Mrs. Heman Fogg	75.00
Ralph B. Craig	75.00
Wesley & Lillian Davis	75.00
Mrs. William Fisher	75.00
	————— \$375.00

Interest is added to existing accounts through savings accounts in the Durham Trust Company, and dividends from U. S. Government Bonds and Boston and Albany Railroad Stock.

Expenditures are for labor in the maintenance of burial plots about town and in the Durham Cemetery, with two exceptions — the Ffrost Temperance Association was paid \$125.00 to its present membership, and the Smith Town Improvement Fund paid \$45.00 for the placing of the bronze plaque on the granite monument in the Triangle.

There is an increasing tendency for the present sale of cemetery lots to one-half size or space for six burials, instead of the full-sized lots for twelve plots. With the increased cost of maintenance it may become necessary to increase the price of lots to assure perpetual care as in the past.

Increased labor costs may also make it necessary to curtail the amount of work done on the scattered plots about town, especially where the amount in trust is not adequate.

The annual school appropriation was not paid from the Doe Fund this year as the sale of standing timber was anticipated and some costs may be expected in this transaction.

It may be of interest to note that the amount of bond for the trustees has been increased.

Burials recorded in the Town Cemetery were:

Heman C. Fogg	May 7, 1952
Julio Berzunza	September 20, 1952
William J. Fisher	October 30, 1952
George N. Bauer	December, 1952

Signed:

WALLIS S. RAND,
EDWARD L. GETCHELL,
PHILIP A. WILCOX,

Trustees of Trust Funds

REPORT OF HEALTH OFFICER
For Year 1952

The following communicable diseases were reported in Durham during the year:

<i>Diseases</i>	<i>Number of Cases</i>	<i>Diseases</i>	<i>Number of Cases</i>
Chicken Pox	2	Mumps	3
German Measles	4	Scarlet Fever	5
Measles	11	Typhoid Fever	1

In cooperation with the Durham Women's Club, Mrs. Rose H. Behan, Public Health Nurse, N. H. State Department of Health, arranged for 6 Child Health and Immunization clinics. At these clinics, 31 physical examinations and 63 immunizations and vaccinations were given. Dr. Robert F. Wilson, Dover, N. H. was the attending physician at the Clinics.

The water and milk supplies of the town were tested at regular intervals by the Health Officer. Restaurants and stores were inspected periodically to maintain proper sanitary conditions and practices. At the 1952 Town Meeting, it was voted to approve the addition of fluoride to the Durham water supply to reduce dental decay in our children, provided this treatment can be arranged by the University.

Dr. Edward Katz served as Acting Health Officer from September 1 to December 31 during my absence from Durham.

Respectfully submitted,

L. W. STANETZ, *Health Officer*

REPORT OF THE FIRE CHIEF

The following is the report of the activities of the Durham Fire Department from January 1, 1952 through December 31, 1952:

Local Calls

Chimney Fires	Oil	Auto	Bldgs.	Grass	Dump*	Electrical	Brush	Resuscitation	Rubbish	Misc.
4	5	6	14	11	7	13	11	3	2	20

Out of Town Calls

Doyer
3

Madbury
1

Barrington
1

Total calls made — 101

*All dump fires were still alarms.

The following is a list of the equipment in the Durham Fire Department —

- 1 Seagrave Pumper of 500 Gal. Capacity
- 1 O C D Pumper of 500 Gal. Capacity
- 1 Robinson Ladder Truck
- 5 Scott Air Paks
- 1 E & J Resuscitator
- 1 Ford Pumper of 500 Gal. Capacity
- 1 Chevrolet Tank Truck 500 Gal. Capacity and small pump.
- 1 Set Flood Lights and Generator
- 6 All Service Masks
- Spare Cylinders of Air

At this time I wish to thank the Fire Commissioners, the State and Local Police, the Public Works Department for their very fine cooperation, and any others who assisted the department in any way. I also wish to thank the officers and members of the Fire Department for their wonderful cooperation, which helped to hold the fire losses in Durham to a minimum.

Respectfully submitted,

CARROLL M. NASH, *Chief*

REPORT OF POLICE DEPARTMENT

Following is a report on the activities of the Durham Police Department from Jan 1st, 1952 to Dec. 31st, 1952.

No. of Calls, Days	92	Number of Arrests:	
No. of Calls, Nights	107	State Police	49
		Motor Vehicle	15
Total Calls	199	Fish and Game	4
		Sheriff Department	1
		Durham Police	30
Total Arrests Made			99
Disposition in Local Court	98	Violations:	
Bound Over for Grand Jury	1	Motor Vehicle	89
		Civil	1
Total Cases Disposed of	99	Criminal	9
		Total Violations	99

In the spring one of our officers attended the Training School conducted by the Sheriffs Depts. of Strafford and Rockingham Counties. This was a course in all phases of law enforcement that will be beneficial to the department in the performance of police duties. On Dec. 12, one of our officers attended a crime conference held in Concord, N. H. conducted by the F. B. I.

During the year, on numerous occasions, this Department has been called on to aid other departments.

We wish at this time to thank the State Police and the Motor Vehicle Department for their cooperation during the past year.

Respectfully submitted,

POLICE DEPARTMENT

WELDON RAND, Treasurer

REPORT OF THE HAMILTON SMITH LIBRARY

The two most attractive areas in the University Library are, at the present time, places of special appeal to Durham townspeople. The exhibit room on the second floor was repainted during the year, and thereby greatly improved as a background for the constantly changing exhibits that hold as much interest for townspeople as they do for campus folk. The Charlotte Thompson Room, for the town's children, has been made colorful and inviting with fresh paint and improved lighting. The new card catalog cabinet, above which now hangs a framed photograph of "Aunt Lottie" Thompson, for whom the room was named, and the bronze plaque to the left of the photograph all bear witness to the continuing interest of Miss Thompson's friends.

Durham is fortunate to have so attractive a room and so good a collection for the children of the community. The \$500.00 in taxes paid the University is approximately the amount spent on books for children. Service to adults is a bonus to the town. But as the youthful population increases, the need becomes constantly more emphatic for some arrangement whereby students of high school age may be more adequately taken care of. This will in time be a question Durham taxpayers must face.

1952 saw 10,709 volumes added to the library. On January 1, 1953, the library collection numbered 196,306. Durham Public Library books, which are included in this count, increased by 222. Thirty books were withdrawn. Hence, on January 1, the Durham Public Library collection numbered 4,740.

LIBRARY HOURS

During the academic year:

8 a.m. to 10 p.m. Monday through Friday

8 a.m. to 5 p.m. Saturday.

6 to 10 p.m. Sunday.

During Summer School:

8 a.m. to 9 p.m. Monday through Thursday.

8 a.m. to 5 p.m. Friday and Saturday.

During vacations:

8 a.m. to 5 p.m. Monday through Saturday.

Respectfully submitted,

THELMA BRACKETT, *Librarian*

AUDITORS' REPORT

Durham, N. H.

Feb. 24, 1953

The Board of Selectmen,
Durham, N. H.

Gentlemen:

We have audited the books of the selectmen, treasurer, town clerk, tax collector, justice of the municipal court, trustees of trust funds, water department and sewer department and submit our report herewith. We have examined the bonds of the trustees of trust funds, tax collector, treasurer, town clerk and town bookkeeper in accordance with the law and found them in good order.

We offer the following comments and suggestions.

Selectmen's Books. In the budget as adopted at the March meeting of 1952, there was an item of \$500 for garage rent budgeted specifically as general expense of the highway department. In the selectmen's books this item is charged to Town Maintenance, whereas it should have been charged to General Expenses of the Highway Department and we have so shown the item in our report. Town Maintenance should not be burdened with this charge. There is an error of ten cents in adding the social security tax withholdings. The tax was underpaid ten cents. The maintenance column was underfooted by ten cents.

We think the erection of a community Christmas tree was a fine idea. However, we object to the charge being made to Patriotic and Memorial Day expense. We have set it up as a separate item in our report. Possibly the matter should be voted on at town meeting in the future.

Tax Collector's Books. We recommend that the tax collector make at least monthly remittances to the treasurer in accordance with the law. We further recommend that the tax collector use the standard forms in remitting to the treasurer, so that the treasurer's books will show the breakdown of the remittances. The breakdown cannot be obtained from the treasurer's books under the present practice. The treasurer has to get his breakdown from the tax collector's report at the end of the year.

Poll Taxes. We are of the opinion that it should be possible to get a more accurate poll tax list. This year there appeared on the list the name of a person who has been dead for some years. There seems little excuse for this. According to law only the selectmen have the legal right to abate taxes. Technically every incorrect name of the list should be abated. From the present system it is impossible to determine the unpaid polls with any accuracy. Poll taxes should be submitted to the collector on a legal warrant.

Head Taxes. Much the same can be said regarding head taxes as is stated above regarding poll taxes. Those names improperly on the list should be abated by the selectmen in due form.

Town Clerk's Books. The town clerk should make remittances regularly each month to the treasurer in detail so that the treasurer's books will show the breakdown. The audit of the dog licenses issued indicates that the town clerk owes the town two dollars. This item is shown in detail on the report of the audit of the town clerk's books.

Trustees of Trust Funds. We again recommend that the trustees keep a cash receipts and disbursements book.

Water Department. There were some errors of classification on the water department books and they have been indicated on the books.

In general the books were in better shape this year and less time was required to audit them.

Respectfully submitted.

STANLEY R. SHIMER,
LEROY J. HIGGINS,
ARTHUR W. JOHNSON,

Auditors

*Per \$100 assessed value.

Note: 1930 through 1947 figures are taken from State Tax Commission reports; figures for 1948 through 1951 from town office records. Revaluation by State Tax Commission in 1950.

From 1925 through 1947 Durham's tax rate was as much as 25 to 35 per cent lower than the state average. Durham had the lowest tax rate in the county for 1930 and 1935, and from 1942 through 1947.

From "This Is Durham", a handbook of information about Durham, including its government, to be published by the League of Women Voters of Durham, April 1952.

HERE'S HOW YOU VOTED

On November 4, 1952 citizens of Durham exercised their voting privilege or obligation as follows:

There were 1576 names on the check list.

There were 1372 votes cast (88% of total)

	Republican		Democratic	
President and Vice-President	Eisenhower-Nixon	1067	Stevenson-Sparkman	294
Governor	Hugh Gregg	1030	Wm. H. Craig	285

SCHOOL WARRANT

To the Inhabitants of the School District in the Town of Durham qualified to vote in district affairs:

You are hereby notified to meet at the Durham Center School Auditorium in said district on the 14th day of March, 1953, at 7:30 o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation which is to be raised by taxes by the town.
10. To see if the District will authorize the School Board to make application for and to receive in the name of the Dis-

trict, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the Federal Works Agency, or other U. S. Government or State Agencies.

11. To see if the district will vote to petition the State Board of Education to become a member of a proposed cooperative school district including Barrington, Durham, Lee, and Madbury.

12. To transact any other business that may legally come before said meeting

Given under our hands at said Durham, N. H. this 12th day of February 1953.

REPORT OF SUPERINTENDENT

To the School Board Members and Citizens of Durham:

It is with mixed feelings that I submit this my third annual report concerning the administration of your schools. Starting February 2, 1953, I will begin work in Washington under the Point IV Program with the ultimate goal as Educational Specialist in Tehran, Iran. Words cannot express the satisfaction which has been gained by me in working with the people of this community. I will long remember this fine experience.

I hope that you will give Mr. Arthur Toll, my successor, such wonderful support.

Teachers

With the continued doubling of grades, Mrs. Lorraine Parhiala, a University of New Hampshire graduate with experience in Pittsfield was hired to teach in Grade II.

Mrs. Esther Herrick, a graduate of Keene with experience in Claremont replaces Mrs. Vinner in Grade IV.

Mrs. Mary Sawyer, a graduate of Michigan State College and experience in same state replaces Mrs. Ruth Goffe in Grade V.

Lillian Greene was hired in place of John Whalen as Music Supervisor. She has done outstanding work besides working in the towns of Milton and Rollinsford.

Mrs. Gene Schultz has been given a years leave of absence in Grade VI effective at the close of this year.

The University continues to help in Music and Physical Education. This as always is greatly appreciated.

Your teachers continue to give Durham an excellent program. They have also shown keen professional interest in taking courses and attending workshops. You are fortunate to have such an efficient staff. In this regard John Day deserves special commendation

Repairs

Most of the major repairs in the Durham Center School have now been completed including the following:

1. All poor classroom curtains replaced.
2. Top floor completely painted.
3. Outside trim painted.
4. Cafeteria storage closet constructed and painted.
5. Cafeteria ceiling repaired and painted.
6. Gym floor refinished.
7. Outside doors repaired and many small items cared for.

To care for increased enrollment about 80 new desk units were purchased and 60 metal folding chairs. These two items will probably need ordering annually.

With the exception of a small amount of painting which should be completed, the Durham Center School is in first class condition.

In other parts of this school report you will find records of school census, tuition pupils, reports of other school personnel and also a write up on the proposed cooperative school district.

I hope that Durham will face the school issue squarely and do something as soon as possible to head off the many headaches which face the people in the future.

Thanks again for your fine cooperation.

Respectfully submitted,

ARTHUR W. DANIELSON

THE DURHAM CENTER SCHOOL**Durham, New Hampshire****February 1, 1953**

To the Superintendent, Schoolboard and Citizens of Durham:

It is my privilege to present the annual report of the work of the Durham Center School. This particular report will merely high-light the activities of the school.

The Spring of 1952 saw the development of a Flutophone Band in the third grade under the leadership of Miss Lurvey. The School Band was further expanded under the direction of the Music Department of the University of New Hampshire. The Spring Concert which featured both groups was enjoyed by a large audience.

In May, Stanford Achievement tests were given to grades four through eight. In all grades but one, the groups showed scores far above the expected point in every subject tested.

The operetta Hansel and Gretel was presented during May and was attended by parents and friends.

When school opened in September of 1952 it was found necessary to schedule two sessions of kindergarten, to establish two first grades, two second grades and two fifth grades.

With increased enrollments, the Hot Lunch program has expanded to take care of at least 250 pupils. More equipment has been added to take care of the larger numbers. A 20 cubic foot deep-freeze has recently been purchased to take care of meat and fowl products donated by the Department of Agriculture.

Miss Lillian Green, new music supervisor, is doing much to further interest in music. A stringed group has been formed and a school orchestra organized. The Music Department of the University continues to do fine work with the Band. The Annual Christmas Concert showed the results of the splendid work done by all those connected with our music program.

Many new textbooks have been added to our system. A unified program of science, beginning in the fifth grades and extending through the eighth, has been established. A re-shuffling of the Social Studies program has brought about a more thorough and logical study of world and domestic problems.

Our Parent-Teacher Association now numbers some 250 paid members. Its meetings are largely attended and much interest shown. The association's interest in the school is greatly appreciated.

I take this opportunity to thank the superintendent, the schoolboard members, the teachers and citizens of Durham for their whole-hearted cooperation in helping to make our school a better school.

Respectfully submitted,

JOHN H. DAY, *Principal*

SCHOOL NURSE REPORT

1951-1952

To the Superintendent of Schools, School Board, and Parents:

I herein submit a brief report of service rendered the town of Durham for period beginning September 1951 to June 1952.

The annual weighing and measuring of all pupils and the Massachusetts Vision Testing was carried out. Frequent inspections of the teeth, throat, skin, hair, and scalp were made.

Seventy-two pupils were examined by Dr. Rudd and Dr. McGregor.

	Defects Found		Defects Found
Glands	6	Skin	1
Teeth	6	Underweight	2
Flat Feet	3	Posture	4
Tonsils	1	Hernia	1
Lungs	1		

Two hundred and fifty-seven Tuberculin Patch Tests were given. There were 11 positive reactions. In each case X-rays were taken and the reports came back normal.

Defects found during the year.

	Number Affected	Reported to Parents	Received Treatment	Defects Corrected
Ears	4	4	4	4
Tonsils	3	3	2	2
Glands	8	1	1	1
Lungs	1			
Nervous system	1	2	2	
Nutrition	2			
Kidneys	1	1	1	
Glandular T. B.	1		1	1
Vision	39	39		21
Skin	11	11	11	11
Scalp	2	2		2
Posture	4	4	4	
Speech	2	2	1	
Teeth	33	33		24

Communicable Diseases		Small Pox	
Chicken Pox	5	Vaccinations	
Measles	6	Number vaccinated	313
Mumps	33	Number unvaccinated	0
Pediculosis	3		
Scarlet Fever	2		

I wish to thank the Superintendent of Schools, the School Board, Doctors, Teachers and Parents for their helpful co-operation during the school year.

Respectfully submitted,

RUTH P. HOPKINS, R.N., *School Nurse*
