AMHERST
TOWN WARRANT

The State of New Hampshire

March 10, 1987

Polls will be open from 7:00 a.m. to 7:00 p.m. at Wilkins School.

Voting on Articles 1 and 2 will be at the polls.

Remaining articles will be considered at the meeting held at 7:00 p.m., March 11 and March 12, 1987 at Middle School.

To the inhabitants of the Town of Amherst in the County of Hillsborough and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Wilkins School on Boston Post Road, Village on Tuesday, the 10th day of March, 1987 at 7:00 a.m. for the choice of Town Officers elected by official ballot and such action required to be inserted on said official ballot (Articles 1 and 2).

The polls will open on said date at 7:00 a.m. and will close not earlier than 7:00 p.m. in the evening.

You are hereby notified that the second session of the annual meeting of the Town of Amherst will be held at the Middle School on Cross Road, Amherst on Wednesday, March 11, and Thursday, March 12, 1987 at 7:00 o'clock in the evening to act on those matters not to be voted on by official ballot (Article 3 through 24).

Article 1.

To choose all necessary Town Officers for the ensuing terms.

Article 2.

To see if the Town will vote to make the following changes in the Zoning Ordinance and Zoning Map for the Town of Amherst.

AMENDMENT #1

To amend Section 4-7, 4-8, 4-9, 4-14 to require a maximum total floor area for a site, regardless of the number of stories of the building/s.

Section 4-7, Commercial Zone: The maximum floor area ratio shall be 25%.

Section 4-8, Limited Commercial Zone: The maximum floor area ratio shall be 20%.

Section 4-9, Industrial Zone: The maximum floor area ratio shall be 40%.

Section 4-14, General Office Zone: The maximum floor area ratio shall be 20%.

BALLOT QUESTION:

Are you in favor of Amendment #1 as proposed by the Planning Board as follows: To amend the wording of Sections 4-7, 4-8, 4-9, 4-14 to make the allowable total floor area of a structure a percentage of total lot area (Commercial, Limited Commercial, Industrial and General Office Zones.)?

YES

NO

AMENDMENT #2

Amend Section 3-6 to read: The storage or use as a permanent residence of a house trailer or mobile home is permitted in all zones of the town within and subject to the criteria of a Planned Residential Development; and, on land fronting on Truell Road and Willow Lane.

Travel trailers, as determined by the State Tax Commission, may be stored, unoccupied, in all zones of the town. (3-12-64) 3-10-87.

BALLOT QUESTION:

Are you in favor of Amendment #2 as proposed by the Planning Board as follows: To correct an error in the existing text. Manufactured housing is currently 'permitted' in all zones of the Town. Delete the word 'prohibited'?

YES NO

AMENDMENT #3

Amend Sections 4-3, Residential Zone, 4-4, Rural Zone, 4-5, Northern Rural Zone, to allow a maximum height of 22 feet for accessory buildings in these zones.

BALLOT QUESTION:

Are you in favor of Amendment #3 as proposed by the Planning Board as follows: To allow greater height (22 feet) to accessory (garages etc.) structures (Residential, Rural and Northern Rural zones)?

YES NO

AMENDMENT #4

Amend the definition and associated wording of 'private way' to read 'reduced frontage', wherever the words 'private way' appears.

BALLOT QUESTION:

Are you in favor of Amendment #4 as proposed by the Planning Board to delete words 'private way' from the ordinance and replace with words 'reduced frontage'?

YES NO

AMENDMENT #5

Add new Section 4-16, Planned Office Development (POD)

PURPOSE Planned Office Development allows an alternative pattern of land development on land which has frontage on Route 101 from the Bedford line to Horace Greeley Road. The Planned Office Development District shall overlay existing zoning districts along Route 101 and for residential uses be subject to the size requirements of the overlaid zone. The Planned Office Development overlay district shall be as shown on Tax Map #8 as adopted at Town Meeting and include the accompanying listed lot numbers.

It is intended to encourage the development of general and professional offices in a park-like setting in order to preserve open space and retain the rural character of the neighborhood. It is recognized that a Planned Office Development will permit orderly and attractive growth while at the same time minimizing the fiscal impact on the town of such growth. The overall site design and amenities shall reflect and enhance the rural character

of the area. The Planning Board shall determine whether the proposed Planned Office Development, namely the site plan or layout, is suitable to the area within which it is to be located and is consistent with the Master Plan and its reasonable growth objectives.

A. Permitted Uses

1. Professional and general offices (as defined in the General Office Zone). Specifically excluded is a retail establishment for the sale of general merchandise or service type shops.

B. Minimum Lot Area

Planned Office Development may be permitted on single or adjacent tracts of land, under one ownership or to be brought under one ownership, which have a net tract area of no less than ten (10) acres. Net tract area shall mean the total area of the tract or tracts less the area in the Wetlands Conservation District, Floodplain Conservation District. On-site determination of soil types shall be conducted at the request of the Planning Board by an agent of the Hillsborough County Soil Conservation Service or a qualified soils scientist approved by the Town of Amherst. Planned Office Developments may be built only on the net tract area.

C. Frontage, Yard and Building Requirements

1. A lot for any proposed Planned Office Development shall have a minimum frontage of two hundred (200) feet on the principle route of access to the lot.

2. Each new structure or addition to an existing structure shall be set back at least three hundred (300) feet from the front lot line on Route 101.

For corner lots, building setbacks shall be one hundred (100) feet from streets which are not major arterial streets and three hundred (300) feet from streets which are major arterial streets. For the purpose of this section, Route 101 shall be considered a major arterial street.

All transportation and communication facilities as well as all parking shall be placed at the rear of the proposed development and screened. Twenty percent (20%) of the parking area shall be required to be landscaped islands.

3. Each new structure or addition to an existing structure shall also be set back at least one hundred (100) feet from the side and rear lot lines.

4. Any lot bordering a residential use shall have a mature landscaped buffer installed between any building and such Residential Zone.

5. No structure shall be constructed to a height greater than thirty-five (35) feet exclusive of chimneys or cupolas, measured from the lowest adjacent exterior elevation.

6. The floor area ratio shall be a maximum of twenty percent (20%).

7. A minimum of fifty percent (50%) of the area of any lot shall not be utilized for construction including parking.

D. Roads

Each Planned Office Development shall only have one access on Route 101. The driveway or road shall be privately owned and maintained by the Planned Office Development.

E. Conditions

An applicant for approval of a proposed Planned Office

Development shall make application to the Planning Board in the same fashion as specified in the non-residential site plan review regulations. At least two preliminary discussions of the concept should be held with the Planning Board. In the course of review of the proposal by the Planning Board, the Board shall hear evidence presented by the applicant and determine whether, in its judgment, the proposal meets the objectives and purpose set forth above, in which event the Board may grant approval to the proposal subject to such reasonable conditions and limitations as it shall deem appropriate.

1. Architectural Design

It is the intent of the Planning Board to encourage designs, colors, and landscape plans that reflect and enhance the open, rural character of this area of Amherst. The architectural character of each proposed structure should be traditional in style. In order to maintain a high standard of construction and appearance, exterior walls of each building should be constructed of durable, permanent materials (i.e. brick, textured concrete, quarry or fieldstone).

a. The applicant shall provide the Planning Board with architectural design renderings.

b. The applicant shall provide complete landscape design plans (including type and placement of plantings) for Planning Board approval. There should be a variety of plant materials used in the landscape plan (i.e. large and small deciduous trees; large, medium and small shrubs; large and small evergreen trees and/or shrubs; and ground covers). Landscape materials shall be of long-lived varieties. Plants and other landscape elements shall be permanent in nature. Short-lived materials, such as annual flowers, may be used to accent or supplement the basic permanent landscape plan. Landscaping should be placed so as not to obstruct sight lines for pedestrians and vehicles.

c. Lighting. Soft lighting of the building exterior will be permitted, provided that the light source is not visible and that it complements the architecture. The lighting should not draw inordinate attention to the building.

Parking lot, service area, pedestrian walkway, and roadway lighting will be provided by free-standing fixtures with cut-off light sources to assure that the source is not seen from the street or adjacent parcels. The material and color of the fixtures will be evaluated in terms of their compatibility with the architecture and natural site characteristics.

2. Impact Studies

The applicant will provide traffic, environmental, and fiscal impact studies to the Planning Board.

F. Limitation of Subdivision

No lot shown on a plan for which a permit is granted under this Ordinance may be further subdivided and a permanent covenant to this effect shall be recorded and presented with the site plan application.

G. Signage. In addition to the requirements set forth in Section 3-4, the following specifications shall apply:

Size - maximum of thirty (30) square feet.
Height - maximum of ten (10) feet.
Materials - wood and/or stone masonry.
Setback - minimum of fifty (50) feet.
Lighting - shielded spot lighting.

The Planning Board will require a plan for signage and traffic control. Any directional signs on the site will be reviewed by the Planning Board. A directory sign of ten (10) square feet will be permitted. It should be located within fifty (50') feet of the associated business or structure.

March 1987

BALLOT QUESTION:

Are you in favor of Amendment #5 as proposed by the Planning Board to add a new Zoning District and overlay map to the Town, Section 4-16, Planned Office Development, to encourage general and professional offices in park-like settings?

YES NO

AMENDMENT #6

To add the definition of a private road and driveway to Section 9, Definitions.

Private Road. A road or road system layout, on private property, from the public road to the development. Such private property and private road shall be permanently encumbered with deed restrictions, satisfactory to Town Counsel, which shall insure that the private road does not become a Town road.

Driveway. A private lane from the public road traversing private property, ordinarily leading to a single residence.

BALLOT QUESTION:

Are you in favor of Amendment #6 as proposed by the Planning Board to add definition of private road and driveway to the Zoning Ordinance?

YES NO

AMENDMENT #7

To amend Section 4-9, Industrial Zone, to delete some retail and business uses and encourage other uses as follows:

Delete lines 11, 12 in Paragraph A, Permitted Uses.

Change wording of lines 8 and 9 to read:

8. Corporate and business offices compatible with other permitted uses in the zone and/or professional offices for individual or group practice, including doctors and dentists (including medical or dental clinics), counseling services, engineers, architects, planners, insurance and accountants.

9. Wholesale business and storage.

Add: 11. Banks.

12. Coffee or sandwich shops (except for fast service types).

13. Veterinary clinic.

14. Interior recreational establishments.

15. Home occupation.

16. Public utility buildings, structures or facility.

BALLOT QUESTION:

Are you in favor of Amendment #7 as proposed by the Planning Board to delete paragraphs 11 and 12 and substitute a more

detailed list of permitted uses (adding banks, coffee or sandwich shops, veterinary clinic, interior recreational establishments, public utility buildings, home occupations) and change wording of lines 8 and 9?

YES

NO

AMENDMENT #8

To add a new Section 4-17, Northern Transitional Zone as follows:

General The purpose of establishing the Northern Transitional Zone is as follows:

1. To recognize, establish, and affirm an area of the Town in which lower density development is of itself, desirable.

2. To recognize the unique scenic and natural character of a portion of Town which forms a natural entry to the Northern Rural Zone.

3. To ensure that future development in this area of Town be of a type that is compatible with the area's scenic and natural character.

4. That the Northern Transitional Zone shall be bounded by Horace Greeley Road on the north, NH Route 101 on the south, and the Amherst Town Line on the east. The westerly boundary is the intersection of Horace Greeley Road and NH Route 101.

A. Permitted Uses

1. One-family dwelling and accessory buildings.

2. Farm, agricultural, or nursery use.

3. Roadside stand for the sale of farm produce or nursery products.

4. Home occupation.

5. Planned Residential Development - PRD - In order to achieve the purpose of this section, Planned Residential Development shall be encouraged as the principle method of future development of this zone.

6. Other development - all development in this zone other than Planned Residential Development shall adhere to the following:

B. Area and Frontage Requirements

1. The minimum lot area for any permitted use shall be 3.75 acres.

2. Each lot shall have a minimum frontage of three hundred (300) feet on the principle route of access to the lot.

3. If frontage is provided by Class A or Class B reduced frontage, thirty-five (35) feet of frontage on a publicly maintained road shall be sufficient for the lot or lots.

C. Yard Requirements

1. Each structure shall be set back at least fifty (50) feet from the front lot line, or at such distance as shall conform to the line of existing buildings on that lot.

2. Each structure shall be set back at least thirty (30) feet from the side and rear lot lines. In the case of corner property, this distance shall be increased to fifty (50) feet on that side bordering a street, lane, or public way.

3. Any accessory structure shall be set back at least thirty (30) feet from side and rear lot lines and at least fifty (50) feet from the front lot line and shall not exceed twenty-

two (22) feet in height. This height requirement may be waived for farm structures.

BALLOT QUESTION:

Are you in favor of Amendment #8 as proposed by the Planning Board to add a new Zone and Zoning Map to the Town which zone would allow a higher density than that permitted within the Northern Rural zone (a dividing factor of 3.75 rather than the current 5) to be known as the Northern Transitional Zone?

YES

NO

AMENDMENT #9

To amend the paragraph under Densities in a Planned Residential Development to read:

In a Planned Residential Development, density shall be determined by the following method. In the Residential, Rural, and Commercial zones divide the net tract area by two (2) and multiply the result by four (4) if soils are of slight limitation, or three (3) if more than 50% of the net tract area is of moderate limitation.

In the Northern Rural and Northern Transitional zones divide the net tract area by 3.75 if more than 50% of the net tract area is classified as slight (multiply by four); or by 4.25 if more than 50% of the net tract area is classified as moderate (multiply by three).

The result of these calculations shall be the number of bedrooms permitted in the entire development.

If bonuses as explained in the section on Bonuses are granted by the Planning Board, then the total number of bedrooms in any PRD shall not exceed the amount of bedrooms possible under Densities and the Bonus formula.

BALLOT QUESTION:

Are you in favor of Amendment #9 as proposed by the Planning Board to amend the density formula used to determine bedrooms within a Planned Residential Development making said formula more sensitive to the predominating soil type of the land being subdivided. Such formula to apply to the Northern Rural and Northern Transitional zones?

YES

NO

AMENDMENT #10

To amend the paragraph under Bonuses in the Planned Residential Development to read:

The Board shall review a proposed PRD and consider the extent to which it meets or addresses the objectives set forth in this ordinance and the Master Plan and may, in its judgment, grant bonuses in the form of an increase in the number of bedrooms.

Guidelines for bonus consideration shall be based on a comparison of the number of bedrooms allowed in a grid proposal on the tract in question versus a PRD on the same tract. The number of bedrooms for a grid shall be determined by multiplying the number of lots by 3.5.

Bonus bedrooms, if granted, shall be based upon the following considerations:

1. If more than 50% of the net tract area soils are of slight limitation, and the number of bedrooms allowed in the PRD is equal to or greater than 130% of bedrooms possible in a grid proposal, then no bonuses will be permitted.
2. If more than 50% of the net tract area soils are of moderate limitation and the number of bedrooms allowed in the PRD is equal to or greater than 125% of bedrooms possible in a grid proposal, then no bonuses will be permitted.

BALLOT QUESTION:

Are you in favor of Amendment #10 as proposed by the Planning Board to provide a mechanism within the Zoning Ordinance to enable the Planning Board to make comparisons of overall density achievable within a conventional subdivision of land as contrasted to a Planned Residential Development form of subdivision?

YES

NO

AMENDMENT #11

Proposed by Petition

To see if the Town will make the following amendment to the Town Zoning Ordinance:

Under Article IX, Definitions, Section 9-1, Densities, page A36, to add a third and last paragraph to read as follows:

'All of the above notwithstanding, the total number of dwelling units within the PRD shall not exceed the total number of acres calculated as the net tract area.'

BALLOT QUESTION:

Are you in favor of amending Section 9, Definitions, Planned Residential Development, as proposed by petition of the voters of this Town, to limit the total number of dwelling units within a Planned Residential Development to the number of acres calculated as the net tract area? The Planning Board recommends a NO vote.

YES

NO

AMENDMENT #12

Proposed by Petition

To see if the Town will make the following amendment to the Town Zoning Ordinance:

Under Article IX, Definitions, Section 9-1, Bonuses, page A37, to delete the entire paragraph and substitute the following language:

'Notwithstanding any other portion of this Ordinance no bonus bedrooms shall be allowed.'

BALLOT QUESTION:

Are you in favor of amending Section 9, Definitions, Planned Residential Development, as proposed by petition of the voters of this Town, to delete the paragraph which allows the Planning Board to grant bonus bedrooms? The Planning Board recommends a NO vote.

YES

NO

AMENDMENT #13

Proposed by Petition

To see if the Town will make the following amendment to the Town Zoning Ordinance:

Under Article IX, Definitions, Section 9-1, Minimum Lot Area, pages A35-36, to delete the first sentence only, and substitute new wording, as follows:

'Planned Residential Developments may be permitted on single or adjacent tracts of land, under one ownership, or to be brought under one ownership, which have a net tract area of no less than twenty (20) contiguous, buildable, non-wetland acres in the Residential, Commercial, and Rural Zones, and thirty (30) contiguous, buildable, non-wetland acres in the Northern Rural Zone.'

BALLOT QUESTION:

Are you in favor of amending Section 9, Definitions, Planned Residential Development, as proposed by petition of the voters of this Town, to require that the net tract area of a Planned Residential Development be increased to a minimum of twenty (20) contiguous, buildable, non-wetland acres in the Residential, Commercial and Rural zones, and thirty (30) contiguous, buildable, non-wetland acres in the Northern Rural zone? The Planning Board recommends a NO vote.

YES

NO

AMENDMENT #14

Proposed by Petition

To change Lot 20-37 on Map 20 and to change lots 6-68-32 and lot 6-67 on Map 6 of the Tax Maps of the Town of Amherst from Rural Zone to General Office Zone.

BALLOT QUESTION:

Are you in favor of changing the zoning map for lots 6-67, 6-68-32 and 20-37, the Sir Williams' restaurant lot and two adjoining lots to the south from Residential to General Office Zone, as proposed by petition of voters of the Town? The Planning Board recommends a NO vote.

YES

NO

Article 3.

To see if the Town will vote to raise and appropriate such monies as may be necessary to defray Town charges for the period July 1, 1987 to June 30, 1988.

Article 4.

To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds for use as offsets against budget appropriation the amount indicated for the following purposes: \$33,530 for MC800.

Article 5.

To see if the Town will vote to give the Selectmen and Town Treasurer the authority to borrow money in anticipation of tax receipts.

Article 6.

To see if the Town will vote to authorize the Selectmen to make application for, receive and expend in the name of the Town, such advances, grants and aids or other funds as may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire or from any other state or private agency or person or take action relative thereto.

Article 7.

To see if the Town will amend the Rescue Vehicle Capital Reserve to permit that Capital Reserve to be utilized for repair or replacement of the existing ambulance or take action relative thereto.

Article 8.

Tax Impact: 0

To see if the Town of Amherst will vote to raise and appropriate the sum of \$10,000 for the repair of unit 142. The money to be raised by withdrawal from the existing Rescue Vehicle Capital Reserve and any balance to come from taxes or take action relative thereto.

Article 9.

Tax Impact: 0

To see if the Town of Amherst will vote to raise and appropriate the sum of \$40,000 to replace unit 141. The money to be raised by the trading of the existing vehicle, the withdrawal of sums available from the Rescue Vehicle Capital Reserve and the balance, if any, to come from taxes or take action relative thereto.

Article 10.

Tax Impact: .146

To see if the Town will vote to raise and appropriate the sum of \$167,500 for the purpose of continuing the planned orderly replacement of fire equipment by replacing engine 163 with a new pumper/tanker and allow, for safety reasons, the transfer of the existing tank on the 1952 G.M.C. army tanker to the chasis of old 163. The funds necessary to defray the costs to be withdrawn from the existing Fire Truck Capital Reserve with the balance, if any, to come from taxes or take action relative thereto.

Article 11.

Tax Impact: .063

To see if the Town will vote to raise and appropriate the sum of \$25,000 to establish a part time position of assessor, fund salary, fringe benefits, office equipment and expenses associated with the job or take action relative thereto.

Article 12.

Tax Impact: .066

To see if the Town will vote to raise and appropriate the sum of \$26,000 to replace, as required by law, the 25 year old oil tank at the Town Hall and install the necessary monitoring equipment associated with the installation or take action relative thereto.

Article 13. Tax Impact: .130
To see if the Town will vote to raise and appropriate the sum of \$51,000 to pave the road to the Middle School and the Middle School field or take action relative thereto.

Article 14. Tax Impact: .165
To see if the Town will vote to raise and appropriate the sum of \$64,800 to pave Amherst Street from Boston Post Road to Milford Town Line or take action relative thereto.

Article 15. Tax Impact: .209
To see if the Town will vote to raise and appropriate the sum of \$75,000 to obtain working drawings and specifications for the renovation of the Brick School and the Town Hall into office space as recommended by the Space Needs Committee or take action relative thereto.

Article 16. Tax Impact: .191
To see if the Town will vote to raise and appropriate the sum of \$75,000 to be administrated by the Conservation Commission, with the concurrence of the Board of Selectmen, for the purpose of acquiring land, at their discretion for the protection of natural resources and to provide open space in accordance with N.H. R.S.A. 36A-5 or take action relative thereto.

Article 17.
To see if the Town will vote to adopt the rules and regulations of the State Fire Marshall adopted pursuant to R.S.A. 153:5 and R.S.A. 153:14 as regulations within the Town of Amherst.

Article 18.
Shall we adopt the provision R.S.A. 72:1-C authorizing any town or city to elect not to assess, levy and collect a resident tax.

Article 19.
To see if the Town will vote to discontinue and allow to revert to the abutters that section of Old Route 101 beginning at the Bedford Town Line and going to the property of Stuart Jolly. The road was returned to the Town by the State when the alteration of Route 101 was completed and was not properly abandoned at that time.

Article 20.
To see if the Town will vote to discontinue and abandon, so as to allow the title to revert to the abutters, the road known as Belden Mill Road (formerly known as Mill Road).

Article 21.
To see if the Town of Amherst will vote to authorize the Selectmen to convey a certain strip of land on westerly side of Chestnut Hill Road back to the abutting land owner (Carolyn Morrisette) which land was acquired by the Town by Deed of William McSweeney dated March 30, 1970 recorded in Book 2071,

page 216 of the Hillsborough County Registry of Deeds for the purpose of relocating the road, such relocation did not occur and the Selectmen are hereby authorized to execute a deed or other instrument necessary or required to make the conveyance.

Article 22.

To see if the Town will vote to establish a trust fund for the maintenance and care of the cemeteries and direct the application of accumulated excess trust income for perpetual care lots be placed therein for the general care, capital improvements to and expansion of the cemetery.

Article 23.

To see if the Town will vote to accept the area at Mother Gardener's, presently used as a sand pit, for the purpose of laying out an access road from Bon Terrain to Route 101A as required by the State Highway Department. The construction of the road will be forwarded by the developer.

Article 24.

To see if the Town will vote to discontinue and abandon so as to allow the title to revert to abutters, the road known as Old Joppa Hill Road.

Article 25.

To see if the Town will vote to discontinue and abandon so as to allow the title to revert to abutters, the road known as Old Proctor Hill Road.

Article 26.

To see if the Town will vote to discontinue and abandon so as to allow the title to revert to the abutters, the road running through the Bon Terrain area known as Cross Road or Old Route 93.

Article 27. By Petition

Shall we adopt the procedure outlined in R.S.A. 673:2 and vote to elect the members of the planning board? If this procedure is adopted the selectmen shall choose one (1) selectman as an ex officio member and the remainder of the Planning Board positions shall be filled at the next regular town election pursuant to R.S.A. 669:17. Thereafter a planning board member shall be elected for the term provided under R.S.A. 673:5, 11.

Article 28.

To transact any other business which may legally come before the meeting.

Given under our hands and seal this 9th day of February 1987.

Linda Dahlmann
Garret P. Cowenhoven
Catherine Cummings
William Overholt
John Silva

Private Library Fund						245,000		
	\$1,148,710	\$1,937,922	\$2,184,769.68	\$411,400.06	\$164,552.38	\$1,359,933	\$3,099,523	\$1,617,490
				-164,552.38				
				\$246,847.68				

- (1) Resident Tax: There is a warrant to do away with Resident Taxes. The cost of collection is 42% leaving a net income to the Town of \$5.80 per bill. We feel this can be more effectively collected by a .10 increase to the tax rate.
- (2) Yield Tax: Not budgeted until tax rate hearing, no assessment until April.
- (3) Town Clerk Fees: The collection of various statutory fees for service of the clerk; e.g. vital statistics, U.C.C., dump permits, etc.
- (4) Rent of Town Property: Brick School and Landfill only at present.
- (5) Income from Trusts: From Trustees in payment of half the cost of the cemetery.
- (6) Computer: From School district for purchase of the CAD0 System, including maintenance.
- (7) Insurance Adjustments: Premium refund from pool. Amount varies depending on losses.
- (8) Ambulance Income: Amount assessed to Mont Vernon for their share of service.
- (9) F.R.S.: Balance of fund which has been discharged by Congress.
- (10) Surplus: Amount of general fund balance at end of fiscal year available to reduce taxes.

COMPARATIVE STATEMENT OF APPROPRIATIONS AND REVENUES

	Budget	Adjustment	Total Available	Expended	Over	Under	Budget 1986	Proposed 1987
General Government:								
5100 Town Officers Salaries	\$ 46,558.00	\$ 0.	\$ 46,558.00	\$ 45,878.86	\$	\$ 679.14	\$ 48,813	\$ 53,367

5118 Contingency	\$593,143.90	\$ 3,543.28	\$596,687.18	\$613,401.97	\$52,660.96	\$35,946.17	\$695,359	\$693,122

5100 Town Officers Salaries: Step increases of 5% for Town Clerk & Tax Collector. Treasurer's salary increased to reflect more closely the time actually worked. No change for Selectmen.

5101 Town Office Expense: Total decreased because of establishing a new category for appraisal previously a line item in this budget. New office equipment for this function is included in office expense. Step increases are included for staff. Cupola requires immediate repair and represents the only increase in this budget. Includes chimney repair. The total is down because the cost of Police/Rescue janitor has been transferred to that account. Extra janitor in Town Hall is for rug care.

5102-5104 Brick School: Is up by the transfer of the janitor (\$6000) and by building repairs totaling \$6400.

5105 Election: Changes annually by number of elections expected.

5107 Insurance: Down slightly due to becoming member of N.H.M.A. Liability Pool.

5110 Appraiser: New category. See above.

5118 Contingency: Statutory fund for unexpected expenditures.

COMPARATIVE STATEMENT OF APPROPRIATIONS AND REVENUES

	Budget	Adjustment	Total Available	Expended	Over	Under	Budget 1986	Proposed 1987
Public Safety:

5200 Police: The increases are principally \$17,425 for the additional officer; \$10,250 for overtime which was removed from last year's budget; 5% increase in wages; \$1380 for additional phone line; \$4000 increase in cruiser cost; \$2200 for new video equipment; \$4500 for new computer account - this includes supplies, repairs and replacement, if necessary, for a system and software package which was donated to the department.

5201 Fire: Telephone up \$100; lights up \$1070; equipment repair up \$300; tools & equipment up \$4200 - \$2400 of which is for replacement of two portable radios; the balance for purchase of personal protective equipment. Salaries - full time up 5%, call men up 5%. Office supplies, Fire Prevention Office additional \$100.

5207 Communications: The increase in this line is our assessment from the intermunicipal agreement with the Milford Communications Center.

	Budget	Adjustment	Total Available	Expended	Over	Under	Budget 1986	Proposed 1987

5400 General Expense:

Wages in this category, as well as the other categories throughout the budget, increased a total of \$15,642 as a result of the step raises and the increase use of part-time employees. Other increases in this category totaled \$9900 covering telephone, electric, heat, diesel fuel, tires, signs, maintenance supplies, building maintenance, office supplies and light equipment repair. We have decreased our gasoline account by \$4000.

5402 Oiling:

This account increased \$34,827 which covered sand, hot top, outside hire and MC800 (\$29,330).

5403 Summer Maintenance:

A total increase of \$7800 in gravel, outside hire and supplies.

5404 Winter Maintenance:

Increased \$13,600 which covered salt, sand, outside hire and heavy equipment repair.

5406 Parks & Playgrounds:

An increase of \$400 in our outside hire account and a total decrease of \$1910 in supplies, light equipment repair and tree removal.

5407 Cemeteries:

An increase of \$700 in this category covered outside hire, light equipment repair, tree care and headstone repairs.

	Budget	Adjustment	Total Available	Expended	Over	Under	Budget 1986	Proposed 1987
Sanitation:								
5501 Landfill	\$ 13,832.00	\$	\$ 13,832.00	\$ 20,784.39	\$ 6,952.39	\$	\$ 15,641	\$ 19,445
5502 Landfill Assessment	290,125.00		290,125.00	218,504.00		71,621.00	247,217	310,531
	\$303,957.00	\$	\$303,957.00	\$239,288.39	\$ 6,952.39	\$71,621.00	\$262,858	\$329,976

5502 Landfill Assessment: This is the amount assessed to Amherst by the S.R.L.D. as part of an intermunicipal agreement. It is based on valuation and population.

COMPARATIVE STATEMENT OF APPROPRIATIONS AND REVENUES

	Budget	Adjustment	Total Available	Expended	Over	Under	Budget 1986	Proposed 1987
Recreation & Culture:								
5601 Recreation	\$ 24,144.00	\$	\$ 24,144.00	\$ 23,763.91	\$	\$ 380.09	\$ 27,550	\$ 52,229
5605 Baboosic	16,590.00		16,590.00	14,548.90		2,041.10	10,000	10,965
5606 Adult Education	0		0	1,190.85	1,190.85		100	100
5607 Memorial Day	700.00	- 247.50	452.50	452.50	0	0	200	700
5608 July 4th	4,177.00	+ 247.50	4,424.50	4,424.20	.30	.30	2,500	3,000
	\$ 45,611.00	\$ 0	\$ 45,611.00	\$ 44,380.36	\$ 1,190.85	\$ 2,421.49	\$ 40,350	\$ 66,994

Recreation & Culture: The major change in this department is the addition of \$22,000 for field care. Other minor increases in program will be offset by increased fees.

	Budget	Adjustment	Total Available	Expended	Over	Under	Budget 1986	Proposed 1987
Planning & Zoning:								
5906 Regional Planning	\$ 4,656.00	\$	\$ 4,656.00	\$ 4,656.00	\$	\$ 0	\$ 4,579	\$ 30,710
5907 Planning Board	8,945.00		8,945.00	8,313.55		631.45	7,875	8,000
5908 Board of Adjustment	3,290.00		3,290.00	2,454.48		835.52	2,450	1,700
5909 Zoning	47,771.00		47,771.00	56,602.72	8,831.72		59,314	67,615
	\$ 64,662.00	\$ 0	\$ 64,662.00	\$ 72,026.75	\$ 8,831.72	\$ 1,466.97	\$ 74,218	\$ 108,025

5906 Regional Planning: The major increase in this line item is the result of funding Septic Management, a solid waste alternative study and household hazardous waste collection. The dues to N.R.P.C. has increased also by 17%.

5909 Zoning: The change here reflects the increased steps in our personnel plan and the addition of a separate line item to cover a part time electrical inspector. This department is self-funding by fees.

	Budget	Adjustment	Total Available	Expended	Over	Under	Budget 1986	Proposed 1987
Debt Service:								
5951 Payment on Debt	\$	\$	\$	\$	\$	\$	\$ 90,000	\$ 45,000
9552 Interest on Debt							76,500	68,367
	\$	\$	\$	\$	\$	\$	\$ 166,500	\$ 113,367

5951-5952: Reflects the payments due on a 20 year bond to fund construction of the Library.

COMPARATIVE STATEMENT OF APPROPRIATIONS AND REVENUES

	Budget	Adjustment	Total Available	Expended	Over	Under	Budget 1986	Proposed 1987
Capital Reserves:								
6201 Zoning Vehicle	\$ 2,000.00	\$	\$ 2,000.00	\$ 2,000.00	\$	\$	\$	\$
6202 Rescue/Communications	3,000.00		3,000.00	3,000.00	-	-	0	0
6203 Fire Truck	35,000.00		35,000.00	35,000.00	-	-	35,000	35,000
6204 Grader	8,500.00		8,500.00	8,500.00	-	-	8,500	8,500
6205 Recreation	0		0	0	-	-	0	0
6206 Rescue Vehicle	10,000.00		10,000.00	10,000.00	-	-	25,000	16,000

6208 Bridge	0		0	0	-	-	0	0
6209 Highway Vehicle Res.	15,000.00		15,000.00	15,000.00	-	-	15,000	20,000
	\$ 89,625.00	\$	\$ 89,625.00	\$ 89,625.00	\$	\$	\$ 99,625	\$ 95,625

6201-6209 Capital Reserves: The change here reflects a decision of the Board to recommend to you their belief that only major capital expenditures should be funded through reserves and to phase out items which might more properly be addressed in the operating budget. Some adjustments in amounts have been made to reflect anticipated increase in costs for major capital items in the out year.

SELECTMEN'S REPORT

The Board of Selectmen began the year with a challenge from the Town Meeting to cut \$180,000 from its budget. It did so by doing several things, including cutting some previously unused items, restructuring some tasks, and delaying some services until a future year. The resulting budget was very tight, but we think the Town Department Heads have risen to the task. We sincerely thank the citizens who attended all of our special meetings to reallocate the funds available to us for their input; the Board of Jack & Jill School for their help and the School Board for the reinstatement of Traffic Aides. We took a different track this year, using a zero-based approach to the budget. The results, we think you will see, produced a very tight and realistic document and represents our estimates of the needed money to fund essential services.

During 1986, the need for interaction with other jurisdictions in our area, which is becoming more urban in nature, became very evident. Since many of our problems are regional in scope, N.R.P.C. is serving as the catalyst to arrive at regional solutions. We have been working with the Commissioners of the S.R.L.D., the Selectmen of the other three member towns, the Regional Landfill Committee and officials from several communities who are planning alternative solutions to land-filling in an effort to get out of the landfill business and limit our possible liability for pollution.

We have worked closely with the School Board and are addressing a potential safety problem on Cross Road by asking your approval of a plan to blacktop the road to the Middle School Field enabling us to remove buses and other traffic from Cross Road. We believe we have found a solution to the disparity in pay grades between the School and Town. We are addressing a concern for bike and pedestrian safety by asking Joan Giese to chair a committee to assist us in finding a reasonable long term solution. A new long term contract for services between the School and the Town has been approved and we look forward to continued cooperation between the Boards.

Amherst has looked to neighboring Milford for cooperative solutions to several problems, among them the disposal of septage and a possible link-up of sewers from Bon Terrain. We have experienced savings in the new computer purchase by joining Milford in the bidding process and are exploring other mutually satisfactory methods of purchasing. In line with this philosophy, both towns are asking for approval of a shared assessor and have agreed to consider the joint marketing of the town to guide the commercial and industrial growth process.

Recognizing the serious problems before us at Baboosic, we continue to seek solutions through a joint effort with Merrimack. Amherst people represent about two-thirds of the

residents affected by this problem with Merrimack having about one-third. To best serve the Town, a short term interim solution which will buy us time to implement a long range plan may be desirable. An addition to the obvious problem with septage and year-round occupancy, we are considering limiting building and whether it is advisable to build a boat ramp. The Board expresses its gratitude to the members of the newly formed Baboosic Association for their assistance and continued interest in these problems.

We have made great strides in solving our insurance problems by joining the N.H.M.A. Liability Pool. This makes us, for all intents and purposes, self-insurers in some measure and underlines the need for your cooperation in helping us stem vandalism in Town. Also we now pay a large deductible, the cost of claim service and legal fees formerly paid by the company. We view insurance as necessary for catastrophic loss and look to you all to assist us in our efforts to keep claims and damages at a minimum.

The N.R.P.C. and our Planning Board are close to the completion of the long awaited Master Plan and Capital Improvement document which will guide our future. We are experiencing great pressures of growth and find the planning functions ever more demanding. We are asking developers to fund, as a part of the subdivision approval, engineering assistance to the Planning Board to evaluate various submissions. We recognize that we may, in the future, need to consider funding a planner to augment this effort. The restriction of the legal system makes the enforcement of our zoning codes difficult, costly, frustrating and time consuming. We aim to preserve the character of the Town while planning for the future and allowing for the constraints placed upon the community by the courts.

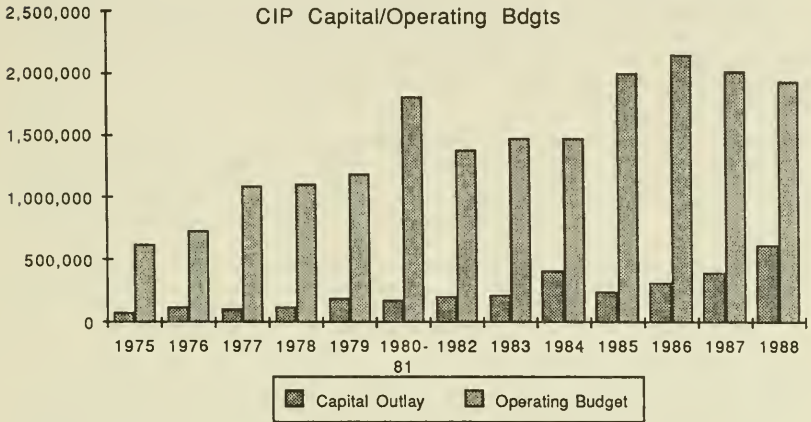

The Selectmen have each been assigned projects of special concern. This has resulted in 101A widening being reinstated in the State Highway plan. The required survey of oil tanks has been completed and a plan for replacement implemented by an initial article in the warrant. A space needs committee has come up with a good solution to the serious over-crowding of our office functions and a permanent use for both the Brick School and Town Hall is also addressed in the warrant. A concentrated effort, mentioned earlier, to solve both the landfill and septage problems, seems to be reaching a workable solution. The ongoing computer problems have been solved by a commitment to gradually switch to another system. Bon Terrain sewer study is now nearing completion. The \$22,000 cost of these two phases has been fully funded by private donations. A problem with perpetual care trusts has been satisfactorily settled with the Attorney General's office in an acceptable manner and will release future funds to the Town for cemetery care to the Trustees.

The Town is in a sound financial condition and in view of the reliance on tax rate to fund services, the increases have remained manageable. However, the tax effort controlled by the Selectmen represents a small portion of the total bill which you pay. Your interest in and support of the budgets of the county and school is also necessary to our success in keeping the total within acceptable bounds.

Municipal Capital Expenditures vs. Equalized Assessment

NEW HAMPSHIRE MUNICIPAL ASSOCIATION

NHMA has recently completed one of its busiest and most successful years in terms of training, handling inquiries, re-focus of its magazine to a more topical issue circulation, and publications. At the same time, it represented municipal concerns before the 1986 legislative session - the first of annual sessions - and produced a sound legislative policy for advocacy in 1987-88.

NHMA membership is at an all-time high of 228 of New Hampshire's 234 towns and cities - only 6 communities with a total population of 1,160 are non-members. While this helps support NHMA through dues, it provides considerably more in intangible benefits when speaking on behalf of communities to the legislature and the public.

NHMA's group insurance programs provide vital, competitive member benefits offering employee health, major medical and dental benefits for over 16,000 people in 208 participant units; and, providing comprehensive property and liability risk management to nearly 100 governments as of January 1st. NHMA continues to endorse the separately administered workers' and unemployment compensation programs it started in 1977, returning over \$2,000,000 per year in dividends and interest.

Within the last year, NHMA's staff has significantly changed with a new Legal Counsel, Communications/Research Director, Finance Management Specialist and Municipal Risk Manager as well as several new support staff. With extensive computerization, NHMA is prepared to serve members for the future as it's Executive Committee plans now for new quarters in 1988 to invest its current rental dollars in a permanent local government center.

All this happens because of your continued support, financial and philosophical, in a strong voice for local government.

JOHN B. ANDREWS
Executive Director

AUDIT

An audit of the books of the Town of Amherst has been performed by the firm of Carri, Plodzik and Sanderson. A copy of the Audit is available at the Town Hall during regular business hours.

ROAD AGENT AND ROAD COMMISSION

In order to make you aware of some of the more important problems of the Amherst Highway Department, this report will include a very brief outline of our responsibilities and a detailed report on the proposed future projects.

Your Highway Department garage is located on Dodge Road and our office is open Monday through Friday from 7:30 a.m. to 2:30 p.m. Our work day is from 6:30 a.m. to 3:00 p.m. During the months of June, July and August we anticipate that we will again be on a four day work week. During storms, we have our secretary answering calls at 673-2317.

Besides the Road Agent, the Highway Department consists of eight full-time employees plus three part-time employees when necessary. The responsibilities of the Department are summer and winter maintenance of all Town roads - approximately 120 miles, the care of four cemeteries, care of the Commons, Library, Fire Stations, Clark and Wilkins School yards, Brick School and the playing fields. In addition, we also assist other Town departments when requested.

Our equipment replacement and purchases are carried out on a regular basis with the monies from the Capital Reserve Equipment and Motor Vehicle funds. We do not anticipate substantial increases in these accounts in the near future.

Since we are a member of the New Hampshire Municipal Association, it is possible for the Highway Department to take advantage of group purchasing in almost everything we purchase. This is based on State bids and we also have available to us group purchasing through the Nashua Regional Planning Commission.

In trying to keep the cost of our operation to a minimum, we have rented certain equipment rather than purchase it and therefore will continue to do so for our street sweeper, backhoe and loader, as well as extra trucks for Winter Maintenance. This also eliminates the need to hire additional personnel. As a result of keeping our staff to a minimum, we are presently short one person as compared to six years ago. High school students have been employed as much as possible to supplement our work force, thus eliminating a full-time employee.

The Road Agent, Road Commission and one Selectman hold bi-monthly meetings to discuss highway problems as they arise. A member of the Road Commission attends all Planning Board meetings as our liaison. As a result of this participation in the Planning Board meetings, we have requested that developers participate in the improvement of some Town roads reference the development's impact on these roads. So far, we have received excellent cooperation reference these requests. Even with this cooperation, there are areas where the Town is responsible for some upgrading and this has a substantial impact on our budget. Also, over the next several years

This year has been most productive. The Amherst Police/Rescue facility now has an Emergency Generator and the communications system has been upgraded so that we have the capability of dispatching and toning out all emergency services. These improvements enable Amherst to have a functional Emergency Operations Center, in the event of a disaster, or to supplement Milford Area Communication Center should their equipment fail or they are saturated because of a disaster in another community.

Because of the generosity of Digital Equipment Corporation, the Amherst Police Department acquired a complete Records Management Computer System. This contribution, in conjunction with the services of Special Officer Geoff Ziminsky, Mont Vernon Police, a software engineer of Digital has provided the Amherst Police Department with a functional system and software package without creating a tax burden upon the citizens of the Town.

It is not necessary for me to tell you that Amherst is changing rapidly. Even though the population has not reflected a great change, commercial areas are not restricted to Route 101A area. Route 101 has started to develop and there are numerous developments in the planning stages throughout the Town. These changes alone would justify an additional officer but when you consider Amherst being in the middle of expanding communities, directly in commuter paths to Nashua, Manchester, and Boston and traffic increasing daily on our highways, dedicated traffic enforcement is required to maintain highway safety. Every instance that an officer has an individual under arrest, at least that one cruiser and officer are off the road, and unable to handle calls. The time varies but seldom is it less than an hour. Most juvenile detentions consist of more than one detained at the same time and the officer must wait until the parents of all parties arrive to release the individual in custody. This, on numerous occasions, has taken hours because the juvenile was not from the local community and a parent must travel great distances.

The additional officer would enable this department to have a supervisor on duty during the evening shifts and provide additional coverage when one of the patrol units makes an arrest. During the evening hours most domestics, fights, and disturbances

at local business establishments occur. The additional man is necessary to abate the situation before serious involvements or fights develop. The supervisor would serve this purpose and function as a third patrol sector increasing the coverage and reducing response time to calls.

It has been a pleasure to serve you this past year. I thank you for your cooperation and support.

JOHN T. OSBORN, JR., Chief of Police

DOG OFFICER'S REPORT

During the year of 1986, there were 334 dog complaints. Some of the more frequent complaints include barking dogs, dogs in a neighbor's trash, and dogs that are loose harassing those that are restrained. Many of these complaints involve the same dogs over and over. Dog owners are reminded of the State Laws which exist to protect citizens from such nuisances.

One serious problem this year has been dogs chasing and killing deer and domestic animals, such as rabbits, chickens, geese, lambs and horses. The owners of those dogs which are caught in the act of maiming or killing such animals are liable for veterinarian costs or the cost of the loss of the animal. In most instances, the dogs involved are family pets not being restrained, and the owners find it hard to believe that their pet would do this.

Another serious problem this year is dogs running at large. Many dog owners are allowing their dogs to run loose while they are away at work, shopping, visiting, or doing errands. Many of these dogs are not wearing any identification tags which makes it difficult to locate an owner should they be picked up by the dog officer. As a result, they are taken to Nottingham Kennel until they are claimed by their owner. Unfortunately, not all of the dogs taken to Nottingham Kennel are claimed. The staff of Nottingham Kennel try to find good homes for those dogs that are not claimed. The results have been good and only 4 of the 105 dogs impounded had to be taken to the Humane Society in Goffstown.

Out of the 334 dog complaints received, 254 were stray dog complaints, 34 were barking dog complaints, 14 were dog bite reports, and 9 were reports of dogs hit by motor vehicles. There were 931 dogs licensed in 1986, and 92 summons issued for either unlicensed dogs or dogs running at large.

Thank you for your cooperation this past year. I will look forward to working with you in 1987.

SALLY LONG, Dog Officer

AMHERST FIRE DEPARTMENT REPORT

During the period of January 1986 through December 1986, the Amherst Fire Department responded to a total of 181 calls. A breakdown of the types and number of calls is listed below:

Structure Fires	9
Chimney Fires	26
Accidental False Alarms	35
Malicious False Alarms	5
Electrical Fires	9
Motor Vehicle Fires	15
Motor Vehicle Accidents	15
Brush/Grass Fires	14
Illegal Burning	6
Smoke Investigations	3
Debris/Dump Fires	5
Machine/Equipment Fires	11
Hazardous Material Incidents	3
Service Calls	4
Mutual Aid Given	15
Mutual Aid Received	6

These calls were answered by eight pieces of fire apparatus located at the Central Fire Station on Boston Post Road and the South Fire Station on Stearns Road. The firefighters and fire apparatus are divided into four engine companies that make up the Amherst Fire Department.

Listed below are the engine companies, their officers and the number of calls each engine responded to.

Central Station, Boston Post Road

Captain David Hanlon
Lieutenant Tom Grella

Engine	161	135 Calls
Tanker	171	25 Calls

Captain Walter Nelson
Lieutenant Bruce Bowler

Ladder	175	27 Calls
Engine	164	31 Calls

Captain Jeffrey Manson
Lieutenant Dennis Wheeler

Engine	163	99 Calls
--------	-----	----------

South Station, Stearns Road

Captain John Bachman
Lieutenant David DeGeronimo

Engine	165	70 Calls
Tanker	172	6 Calls
Utility Van	166	52 Calls

Fire Prevention Office

Fire Inspector Norman W. Skantze reported the following activities of the Fire Prevention Office for the period January 1986 through December 1986.

Review of Site Plans for Proposed Development	39
Review of Blueprints for Proposed Construction	61
Inspection of Existing Buildings	73
Inspection of Oil Burning Equipment	95
Inspection of Solid Burning Appliances & Chimneys	23
Inspection of Foster Homes	7
Inspection of Day Care Facilities	5
Inspection of Places of Assembly	24
Investigations (Fires)	19
Investigations (Hazardous Materials)	6

The responsibilities of the Fire Inspector include: Routine inspection of buildings during construction, inspection of existing buildings, inspection of hazardous materials use and storage, fire prevention education, investigation of fires and hazardous materials incidents, enforcement of other complaints regarding violations to the New Hampshire State Fire Code and Town Ordinances. In addition to these, the Fire Inspector responds to all daytime fire calls, and assists the Chief and Deputies in the day to day operations of the Fire Department.

This year the Fire Department is presenting the Town with two articles that concern the replacement of fire apparatus. The first is for the replacement of Engine 163 which is 22 years old. This truck was scheduled for replacement last year but was postponed due to the unanticipated repairs needed for Ladder 175. The cost of replacing Engine 163 is \$175,000.

The second article requests \$5,500 to replace the chasis of the 2,000 gallon Tanker 172 which is 35 years old.

The Fire Wards would like to take this opportunity to express our appreciation and congratulations to Deputy Chief Richard G. Crocker on his retirement this year from the Amherst Fire Department. His retirement follows 37 years of service to this organization and his participation will be greatly missed.

The Fire Wards would also like to thank the members of the department for all of their many hours of service to the Amherst Fire Department.

MARSHALL STRICKLAND, Chief
DAVID HERLIHY, First Deputy Chief
RICHARD E. CROCKER, Second Deputy Chief

REPORT OF TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our Town and State forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our State has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

Forest Fire Statistics - 1986

Number Fires Statewide	840
Acres Burned Statewide	751
Cost of Suppression	\$275,956

District

Number of Fires	153
Acres Burned	49.6
Cost of Suppression	\$14,397

GILBERT TESTA, State Forest Ranger

AMHERST RESCUE SQUAD

In 1986, the Amherst Rescue Squad responded to 454 calls for medical assistance, including 78 calls to Mont Vernon and 39 mutual aid calls to surrounding towns, while receiving mutual aid three times from those towns.

In addition to providing emergency medical service for Amherst and Mont Vernon, the Squad stands by at Amherst Patriot football games and other public events such as the 4th of July Celebration. The Squad conducts blood pressure clinics, assists in manning disaster shelters when needed, and demonstrates the ambulance and equipment to school children and other interested groups. This year the Cardiopulmonary Resuscitation (CPR) Instructors on the Squad have conducted many CPR courses for the lay public and special groups such as dental office personnel. Some of the members have given "mini" first aid courses to coaches and school nurses from Amherst and the surrounding towns. Over 1000 hours of uncompensated time per person are contributed by members of the Amherst Rescue Squad each year.

The past year has been very eventful for the Squad. The ranks swelled to 42 members, and over half of them were trained in the use of the cardiac defibrillator, Hurst cutters were added to our rescue capabilities, through funds from general contributions to the Squad, and a Boy Scouts of America Explorer Post 2941, with nine active members, ranging in age from 14 to 17, was established. Cardiac equipment has been purchased for 142 so that both vehicles now are able to provide defibrillation if needed. This was made possible through memorial funds given in the names of Jane Foote and Katherine Moorehouse.

This year the Squad is asking the Town, through a warrant article, to replace 141 and repair 142 with funds from the ambulance reserve. The Rescue Squad is very much aware that it is through the continued support of the community that they are able to provide quality, up-to-date medical care in the event of sudden illness or injury and it is hoped that this warrant will be well received.

The Amherst Rescue Squad is always willing to enlist new members, especially persons available during the hours of 6:00 a.m. and 6:00 p.m. during the week. Any member is able to give interested parties information regarding membership and training. Prospective Explorers may contact the president of the Post, or any Squad member.

MARCIA HOUCK, Chief	PRISCILLA DONAHEY, Med. Capt.

LOUISE MARLEY, Secretary	CATHY JO BUTLER, Med.Lt.Supply
JERRY ETHREDGE, Scheduler	JOSEPH GAFFEN, Res.Lt.Training
RICHARD RIDOLFO, Explorer Pres.	EUGENE HEIGHTON, Res.Lt.Maint.

AS A REMINDER - the EMERGENCY phone number for residents in the 673 and 672 dialing areas is 911. All others still use 673-1414.

MILFORD AREA COMMUNICATION CENTER

The Milford Area Communication Center completed its first year as a separate entity from the Town of Milford on December 31, 1986. The Center is now operating under an Intermunicipal Agreement among the four towns of Milford, Amherst, Mont Vernon and Wilton. The Director is appointed by a four-member Board of Governors, who are appointed in turn by the four towns -- one Board member per town.

The Center's operating budget is reviewed by a Budget Committee composed of one Selectman from each of the member towns. Funding is provided by the member towns on a per-capita basis; each town's share is the total budget times that town's percentage of the total population of the covered area towns. Also, the Town of Milford receives a credit in lieu of rent, capital equipment usage, etc.; this amount is determined by multiplying the total area population by 30 cents per capita.

Our new Dictaphone 24-hour logging recorder was delivered in April, and has been invaluable from the start in allowing instant playback of all radio and telephone traffic. Exact times are automatically placed on the tapes at the time of recording, making it possible to document the proper sequence of events during an incident, such as how long it really took for an ambulance, cruiser, fire department, etc., to get onto the scene after the caller reported the incident.

The Center is now a member of the New Hampshire Municipal Association (non-voting), making it possible to obtain broad insurance and health coverage at reduced cost. We are also insured against professional liability through a commercial carrier; this insurance was a problem in the past, but is now obtainable under our new status.

The communications console was struck by lightning during the summer of 1986, rendering it inoperative. A partial repair has been made, but the board is only at about 60% effectiveness. Due to difficulty in getting factory support, etc., the Governing Board determined that it was not economically feasible to keep putting money into partial repairs resulting in questionable console reliability. Therefore, new equipment was ordered, and should be in place by the middle of March 1987. The cost of this purchase has been spread over a five-year period, lessening financial impact on the towns in any one year. At the end of this time, the equipment will be owned outright, and the towns' yearly assessment for the Center's operation will drop sharply.

A new AT&T MERLIN telephone system will also be installed by March 1987, providing far superior telephone capability at lower overall cost. As in the case of the radio equipment, the telephone system will be owned outright after four years, with a corresponding drop in budget needs.

All regular dispatchers will receive accredited in-service training during the year of 1987, providing for a more professional operation.

The Center is looking into the possibility of obtaining a computer system for more efficient handling of logging calls. (Although no 1987 budget money is earmarked for this, we will use the \$2,000 budgeted in 1986 for a new tone encoder, which will not be needed now that the new radio consoles will provide toning capability.)

The Center has engaged the auditing firm of Fred Briggs & Associates to examine our books on an annual basis and also to suggest possible changes in bookkeeping procedure to upgrade our operation. This service will provide added protection for the interests of the member towns.

There were 223,182 logged items during 1986, of which 113,376 were radio transmissions and 109,806 were either telephone calls or lobby assists for Milford Police. We are now scheduling two dispatchers per shift for sixteen hours a day during the most busy times. The new radio consoles will be a double installation making it possible for both dispatchers to handle radio and telephone communications without getting in each other's way. This will cut down waiting time on all calls.

I would like to thank all the department heads, Selectmen, Chiefs, dispatchers and others who have graciously assisted me in taking over as Director on September 1, 1986 upon the resignation of Ms. Anne Dalrymple. Anne was responsible for getting most of the Center's programs in motion during the bulk of 1986, and her advice has been invaluable to me in assuming the Director's post. I will continue to strive for increased efficiency and reliability in the Center's operations, while maintaining the best possible cost effectiveness for the member towns. The whole concept of a regional dispatch system is based upon mutual cooperation, and I will welcome any suggestions from the community as to improving our service.

ARTHUR R. EDGAR, Director

AMHERST RECREATION COMMISSION

In 1986, a total of 1126 boys and girls participated in Recreation Commission youth sports activities (basketball 214, softball 172, baseball 267, track 35 and soccer 438).

Figures do not include an informal high school age basketball program conducted on an experimental basis one night a week in the winter. Enthusiasm shown will see the program grow in seasons to come. It is an age group for which the ARC would like to develop more programs and activities as time goes on.

Adult basketball and volleyball for men and women, group tennis lessons at all ages under Ulla Johnson and Jim Young, and Adult Enrichment classes continue to be popular activities sponsored annually by the ARC. Under the direction of Jean Stickney, the Amherst Town Band has become an integral part of community activities.

The Commission is gravely concerned with the extent of vandalism that has occurred during the year to recreation property and facilities. The dollar value is not the issue as much as why and how it is happening and means to prevent it. The Commission urges all in the community to become involved in addressing the issue.

Baboosic Lake Beach season memberships and number of daily guests decreased over last year's figures. Seventeen plus days of the 70 day season were lost due to weather conditions. As in past years, ongoing tests showed the water to maintain high standards for recreation use.

The Recreation Commission views the Baboosic Lake recreation complex as a natural resource of significant value to the Town of Amherst, feeling it essential to create a self-sustaining and highly utilized facility. Some meaningful short and long range objectives have been developed:

- 1) Make Baboosic Lake financially self-sustaining
- 2) Enhance the Town's appeal by maximizing use of the total facility
- 3) Increase use of the beach area by increasing activities and facilities (basketball court, boat ramp, ice skating, boating, XC skiing, picnic areas, water slide, food concession, more parking, etc.).
- 4) Make Baboosic Lake a year-round and full activity facility

Amherst's long range capital improvement plan includes mention of the need for a community center. Such a facility would provide a solution to many of the needs mentioned in the Town's long range plan. It could be used for such things as senior citizen activities, movies, theatre productions, indoor soccer and roller skating, civic meeting hall, banquets, basketball, dances, Town Band concerts, etc. Many would be

significant revenue producing activities which could make the center self-supporting.

The Recreation Commission endorses developing long range plans for the construction of a functional, all-purpose community center in Amherst.

Town field facilities developed over the past few years are paying big dividends for ARC programs, privately sponsored youth sports organizations, and business and neighborhood groups which continually vie for time and use of newly created soccer fields and baseball/softball diamonds. To protect the large investment made, the Commission has developed a series of long range plans to assure proper care and maintenance for all Town playing fields.

All other things aside, the Recreation Commission is always very cognizant of the fact that it is members of the community who really make recreation happen. Helping hands have been abundant during 1986 in a multitude of ways; Highway Department crews plowing the village skating rink and accomplishing a myriad of tasks connected with recreation programs and Baboosic Lake, Amherst Patriot Organization's financial assistance and volunteer labor to finish work on Lower Wilkins Field, and the donation of the Upper Wilkins concession building to the ARC, Amherst Athletic Association's work in preparing the Boston Post Road baseball diamond for play, soccer coaching clinics organized and sponsored by the Amherst Soccer Club, the Amherst Rescue Squad First Aid class given by Pricilla Donahey for youth coaches, Amherst Mens Club donations of the baseball backstop and field equipment at the Boston Post Road Field, the construction of field signs by Mat Michaelis, and services rendered by Amherst School District administrators and custodial personnel within the system.

Generous contribution from the Moody Foundation and Amherst Community Foundation were gratefully received during 1986.

And to the hundreds of volunteers who expend so much time, effort, and energy as coaches and referees, a most enthusiastic vote of thanks from each of us to each of you.

HISTORIC DISTRICT COMMISSION

The Historic District Commission is charged by ordinance with responsibility of reviewing all applications for building permits within the Historic District. The Commission completely rewrote and revised the Historic District Ordinance which revision was adopted by the voters at the 1986 Town Meeting. The revised ordinance clarified the duties of the Commission and the criteria for reviewing building permits. It also expanded the district boundaries to include the approaches to the Village.

During 1986 the Commission reviewed numerous applications for renovations for additions to existing structures.

WELFARE REPORT

Last year's reservations on the positive impacts of Senate Bill #1 on the Town's welfare budget were unfounded. In response to a diminished case load, I have recommended a 50% reduction in General Assistance. Charitable organizations, appearing as line items within the welfare budget, provide the Town with a cost effective means of providing assistance.

The majority of welfare cases are temporary, providing help until employment is found or state assistance takes over. Rent, food, medicine and fuel assistance are the types of aid requested.

Supplement assistance is provided by the Lions, Amherst Junior Women's Club, St. Patricks' Pantry, Amherst Congregational Church and local merchants who provide food baskets at the holidays, payment of past due bills, fuel assistance, donation of clothing for needy children. Welfare assistance is a community effort. The Town of Amherst, combined with these local organizations, expand the welfare network reaching out to provide assistance for neighbors faced with hard times.

LINDA DAHLMANN, Welfare Officer

MILFORD REGIONAL COUNSELING SERVICES

This year the number of requests for service from Amherst has continued to grow. We are, therefore, requesting \$2500.00 instead of the \$1000.00 we asked for last year. Next year we will be faced with greatly increased rent and utility costs because the St. Joseph Facility will no longer be available to us. This will mean a sizeable increase in our overall cost per client hour. We will try to maintain our services to low income families at a base cost of \$15.00 per hour; but, we will have to depend more on the towns' support in order to do this.

We have a staff of ten dedicated people who work for us part time to answer the needs of our referrals. We now have four staff members who provide service all day Saturday.

We also have an active student training program which makes more staff time available for those who cannot find any means to pay.

In the first six months of this year, we have noted a substantial increase in services rendered to Amherst. We have had 342 visits from Amherst families. We had approximately 220 visits from Amherst residents for the year last year. We feel that we have developed a needed service for this area and hope that the towns will continue to help maintain it.

DOROTHY F. COLSON, ACSW
Director

ST. JOSEPH COMMUNITY SERVICES, INC.

As you begin your budgeting process for the 1987 Town Meeting, St. Joseph Community Services respectfully requests assistance in maintaining our service to your Senior Citizens. We have served three (3) Amherst seniors at our Senior Centers and three (3) Amherst Seniors have had home delivered meals this year. Maintaining our request level for these Title III participants at \$50 we request \$300 be funded by your Town.

Four (4) Amherst low income homebound persons have been served under the Title XX program. This program is augmented with County Funds.

Thank you for your consideration of our program.

ELAINE T. LYONS
Executive Director
MHSA-FAAMA

SOUHEGAN NURSING ASSOCIATION

It is with pride and pleasure that we at Souhegan Nursing Association have been caring for people in their Milford, Amherst and Mont Vernon homes for 38 years. Registered Nurses provide skilled services and long term care to the acute and chronically ill. Home health aides provide personal care to the ill and elderly, assisting their families with their care. Homemakers do light housekeeping, laundry and prepare meals, often allowing individuals to remain in their homes rather than an institution. We provide free of charge, beds, wheel-chairs, crutches, canes, commodes, walkers and other durable medical equipment to our patients.

Visits to our office on North River Road are made for blood pressure readings, administration of medication and health counseling.

In addition, the agency offers free immunization clinics and dental clinics. A well child program for financially eligible families is available so that our children receive good medical supervision early in life. Infant and toddler carseats are available through our rental program.

Adult clinics are held regularly for blood pressure screening and diabetic screening. We also offer, at a nominal charge, an influenza vaccine clinic for senior citizens.

Caregivers of Aging Persons is a group meeting regularly to provide support, education and resources for individuals responsible for the care of a loved one.

Our future looks exciting as more services become a reality. We are presently developing a Senior Self Help Program and a Companion Care Program. Adding both of these programs will more fully meet the health care needs of our community.

During the Year 9/1/85 - 8/31/86 the following list of services were rendered to Amherst Citizens:

Nursing Visits	250
HHA Visits	391
Office Visits	46
Well Child Program	18
Immunization Clinic	50

Community Services provided during the year, but not separated by town:

Blood Pressure Clinic	1265
Diabetic Screening	84
WIC Program	309
Pieces of Equipment on Loan	329
Carseats on Loan	103
Caregivers - Aging Persons	12
Tine Tests	64

Mantoux Tests	2
HIB Vaccine	41
Lead Screening	1

ROBERT V. MCKENNEY, President
Board of Directors

NASHUA MEDIATION PROGRAM

The Nashua Mediation Program serviced seven Amherst families in 1986. The breakdown is as follows:

Male	Age 16	Police Referral
Female	14	Division for Children & Youth Services
Female	15	School Referral
Male	14	School Referral
Female	16	School Referral
Male	14	Court Referral
Female	17	Division for Children & Youth Services

To help in preparing the budget for Town Meeting in March, I have enclosed a statement for Mediation services from July 1, 1987 through June 30, 1988. The fee for Mediation services to Amherst would be \$500.00.

The Nashua Mediation Program provides services, free of charge, to any Amherst family experiencing conflict or difficulties. We welcome referrals from the court, police, schools, social service agencies or the family involved.

Hillsborough County and the New Hampshire Division for Children and Youth Services are seeking proposals for programs designed to prevent out-of-home placement of juveniles.

CANDACE GREGG
Mediation Coordinator

SOUHEGAN VALLEY ASSOCIATION FOR THE HANDICAPPED

Community Services Report and Budget Request

Over the past year the Association has made dramatic changes in its operations and services to the community. Since we no longer receive funds from the state or federal government, the Association has been able to identify, create and implement unique new services for improvement of financial resources to the population of underemployed, retired, handicapped and home bound individuals. These programs that could not have been offered under government regulations represent programs and services not being offered anywhere else in New Hampshire or the country and have allowed the agency to become a leader in the nation in employment programs for the handicapped and disadvantaged.

Souhegan Valley Association for the Handicapped

Operating much as it has over the past eight years of services to the community, the workers continue to be provided employment, social, educational and recreational programs. In addition to providing daily programs for the developmentally disabled and physically handicapped, the Association has expanded services to the disabled senior, trauma injured, industrially injured and emotionally disabled.

Homeworks

This newly developed program has been developed for individuals wishing to earn income but are limited to occasional opportunities of good health, physical handicaps, emotional disability or economic conditions that restrict the household from having spouse or head of household earn additional income.

Senior Services

Employment of this population has often been difficult to find for healthy seniors and almost unheard of for the disabled senior. The Association has made a commitment to providing work opportunities to this population through work programs provided at the center or in the home.

Economic Benefits to Community

Projected wage payments to the disabled and handicapped members of our community may reach well over \$100,000 in the fiscal year 1987. These funds are of direct benefit to the community and economic safety of the individuals as well.

Although the attempt is to become self-reliant in income through products and services to the community, the Association continues to require additional amounts of funds to provide programmatic activities to the population served. It is for this purpose that we request from the Township of Amherst, New Hampshire \$3000.00. This is the first request for

additional revenues in eight years of services and reflects increased demand for services. It amounts to \$215.00 per client per year and provides employment, educational, social and recreational opportunities for individuals that are in need of such services, including, but not limited to, the developmentally impaired, physically handicapped, age disabled and economically disadvantaged.

STEVEN E. BOTHWICK
Executive Director

COMMUNITY COUNCIL OF NASHUA, N.H., INC.

We continue to offer a comprehensive array of mental health services within our service catchment area, which includes Amherst. The State of New Hampshire, which is our principal source of funds, continues to restrict its financial assistance to subsidizing the cost of service to children, the elderly, and the chronically and severely mentally ill. The latter are clients whose mental illness history may include previous extensive hospitalization or other long-term intensive care, or clients who are disabled, immobilized, and/or represent a risk to themselves or others. In order to qualify for State funding, we must discount the fees of these clients to a level affordable after consideration of their income and number of dependents; State funding is then provided to cover the amount of these discounts.

The services we provide to the adult outpatient population continue to be excluded from State financial assistance. We remain convinced that this population strongly requires and is equally entitled to affordable mental health care of high quality. This segment of the clients we serve suffers emotional distress caused by stress, anxiety, depression, conflict, etc. They are treated using individual or group psychotherapy, chemotherapy, marital therapy or family therapy. Although the mental health problems of the adult outpatient population do not yet qualify, by State definition, as "chronic" or "severe" it is likely that their condition will deteriorate without professional intervention.

Community Council is not required to apply the discount schedule, described above, in establishing the fee for services rendered to adult outpatients; however, we make every effort to do so by actively pursuing alternate sources of funds to cover these discounts, including municipal support from our service area municipalities, including Amherst, and United Way.

We sincerely appreciate your previous support, and look forward to its continuance for next year and into the future. Please keep in mind that inadequate financial resources resulting from the failure of the communities we serve to respond to our request for funding support will force us to have to refuse service to those unable to pay our full fee.

CAROL S. FARMER, Director

AMHERST CONSERVATION COMMISSION

During the year the Commission was the grateful recipient of one gift of money and two of land. The daughters of the late Ann Moody gave \$5000 in her memory. The Gordon P. Bowlers gave a parcel of about two acres in the Great Meadow in memory of his grandfather, Gustaf Peterson. Beacon Associates donated an eight acre meadow on the north side of Fairway Drive in the southern section of Town. At the same time, the Selectmen turned over to Commission management an abutting three-and-one half acre tax-taken lot. These two pieces, together with the 17 acre state forest abutting the latter and a 14 acre lot south of the drive and lying partly along the Souhegan River and Beaver Brook make up some 42 acres of protected open space in the area.

While the Commission purchased no land during the year, it has had feelers out on several pieces. Limited funds necessarily make the Commission reactive in this respect, for it cannot compete on the open market for desirable property. Amherst residents have repeatedly said they want to keep the Town open and rural. Are they willing to back their desire with the necessary funding? The Commission has a \$75,000 land acquisition warrant article for the 1987 Town Meeting. It urges the Town's support - while there is still land available and before prices escalate further.

One exciting possibility has come through the creation of the Trust for New Hampshire Lands, which is urging the 1987 session of the General Court to pass a \$50,000,000 bond issue to save open space statewide while it's still available. Half the money would go toward the State's purchase of development rights. The rest would be available to towns as matching funds to meet their own particular land acquisition needs. Get in touch with our representatives.

The Commission realized \$637 from selective cutting of timber by Howard Parkhurst on Caesar's Brook Reservation. Members again cleared trails under the direction of Thornton Stearns. Wallace Key made and erected a handsome sign on Mont Vernon Road for the Roland K. Fraser Memorial Trail along Caesar's Brook.

Protection of Amherst's water purity has been of high priority this year. Under the leadership of Scott MacEwan, the Commission has developed an aquifer protection plan which it hopes to implement in cooperation with the Selectmen and the Planning Board.

The dredge-and-fill committee under the leadership first of David Atkinson and then of Danielle Hudson has made its usual inspections of proposed activity involving wetlands and other Town waters, submitting its enlightened layman's opinions to the New Hampshire Wetlands Board and to the Town's Zoning Board of Adjustment and Planning Board. The Committee is keeping a close eye on the Woodland Park/Souhegan Club

development on Thornton's Ferry Road No. 2. Danielle Hudson and Scott MacEwan have kept the Commission in touch with proposed developments through their faithful attendance at Planning Board meetings.

Once again, the Commission sent no one to the worthwhile conservation camp sponsored by the Society for the Protection of New Hampshire Forests. Lack of applications is laid to the camp being held before the close of school - a problem the SPNHF is trying to correct by changing the site of the camp.

AMHERST HIGHWAY SAFETY COMMITTEE

Once again the status of the 2.2 miles of Route 101A has changed. It has been returned as a priority and anticipated construction will start within the next two years.

As you travel through Town you must be aware of more and more street lights installed at dangerous intersections. This has been accomplished by relocation of lights which were at less strategic positions. During the changes, old outdated fixtures were replaced with brighter, more cost effective units.

MEMORIAL DAY

Memorial Day, 1986, dawned clear and bright and stayed warm and sunny.

Participating were the Middle School and MASH bands, Girl Scouts, Boy Scouts, Cub Scouts, Firing Squad, Selectpersons, State Reps, Minister Alan Druckenmiller of Messiah Lutheran Church, Marshall Bill Hopkins, Amherst Police and Color Guard.

Observances were held along the usual route at two Town cemeteries, Civil War Monument, and World War I Monument. Closing ceremonies at the Reviewing Stand at the WW I Common featured the ministers, the Bergins, and the MASH Band. Special thanks to Ernest "Pop" Law for setting out flags.

ANN C. BERGIN, Chairperson

TREE COMMITTEE

In 1986, the crabapple trees on Carriage Lane were pruned. One large tree on the main Common was removed and some general pruning was done on the larger trees. Due to an automobile accident on Spaulding Common, we replaced one of the two damaged trees and plan to replace the other in the spring. Two more memorial trees were planted this year. One was planted on the Flatiron Common in memory of Richard Kitchen and the other on WW II Common in memory of Reginald Goings. We replaced a tree in front of the Congregational Church also. We plan to plant a tree at the Library in the spring in memory of Mr. and Mrs. Robert Seamans. Mr. Seamans was a founding member of the Tree Committee and Mrs. Seamans maintained an active interest in the Library.

I'd like to thank my committee for all their support, advice, and their strong backs. Also, thanks to Richard Crocker for his continuing cooperation with us.

ANN J. TAUSSIG, Chairman

ZONING ADMINISTRATOR'S REPORT

Building permit activity for new housing units in Amherst leveled off in 1986 and totals were not as high as predicted, probably reflecting a general pause in the housing industry.

Planning Board activity for the year, however, does not follow this trend. During 1986, some four hundred fifty (450) units of housing were proposed or pending before the Board signaling accelerated growth rates for the Town in the coming years.

REPORT FOR THE YEAR 1986

<u>Permits issued for:</u>	<u>Permits</u>	<u>Value</u>

RUSSELL V. ABBATE, Zoning Administrator

PLANNING BOARD

In 1986, the Town of Amherst Planning Board held thirty-six meetings. Generally, the first and second Wednesdays of the month were used for review of proposed subdivisions and site plans. The third Wednesday of each month was reserved for Planning Board work sessions, which were open to the public.

The Planning Board approved one Planned Residential Development and eleven standard grid-type subdivisions. The Planned Residential development contained sixteen duplex lots and one existing dwelling. The eleven grid-type subdivisions contained a total of twenty-eight lots.

During the year, fourteen Commercial-Industrial Site Plans were approved. The Planning Board also approved ten lot line changes.

The Planning Board members would like to thank the Zoning Administrator, Russell Abbate, and the recording secretary, Barbara Galuk, for many long hours of patience throughout the year.

CHARLES R. TIEDEMANN, JR., Chairman

NASHUA REGIONAL PLANNING COMMISSION

The Nashua Regional Planning Commission has made significant progress on several key regional projects during 1986. The final reports of the Aquifer Delineation Study, conducted by the U.S. Geological Survey, were delivered by the end of the year. A handbook for using these materials, "A Practical Guide to Groundwater Resources and their Protection", was prepared by the Commission in the past year, as well. Aquifer protection workshops have been held in nearly all of the region's member communities, and the staff has assisted several towns in preparing aquifer protection ordinances and regulations.

In reaction to the new legislation regarding a water resources element for municipal master plans, Chapter 167, the Commission has prepared "Water Resources Management and Protection Components, a Descriptive Model for the Preparation of the Municipal Master Plan". This is a guide for communities that would like to add a water resources section to an existing master plan, or to include such a section in a new master plan. The staff is gearing up to assist communities in this endeavor.

Silver Lake, at the Silver Lake State Park in Hollis, was the subject of a comprehensive study of water quality and the impacts of land use around the lake that was completed in the Fall.

The Commission successfully coordinated a bi-regional Household Hazardous Waste Collection Project in June, under the auspices of the Nashua Regional Solid Waste District. Collections were held at the Milford Wastewater Treatment Plant and the Nashua Public Works Garage. The project involved all of the communities in the Nashua Regional Solid Waste District and the Wilton Recycling District. All of the Commission's member communities, except Litchfield and Pelham, are members of one of the districts and participated in the project.

A septage disposal study prepared for the Souhegan Regional Landfill District was completed in the spring and federal grant monies are being pursued in order to implement the most viable option.

In October the NRPC released its "1986 Housing Market Study of the Nashua Region". The study confirmed the fast rising prices of the early part of the year and pointed out some disturbing news. To buy a house in the region a family needs an income of at least \$50,000, which is 16% of the average income in the region. As a result of these findings, the Commission is pursuing a grant from the NH Housing Finance Agency to study the feasibility of a public-private partnership to do something about the situation.

In June an "Infrastructure Study of the Nashua Region" was completed. This report was the basis for a decision to prepare a Regional Capital Improvements Plan. It was decided that there are several areas for which it would be advantageous to look at and plan for certain infrastructure facilities from a regional viewpoint. The Regional CIP should be completed in June.

The Commission has continued to strive forward in 1986 with its regional highway planning efforts. Notable accomplishments include the preparation of the Transportation Improvement Program (TIP), which provides a prioritized list of transportation improvement projects within the region. The 1986 TIP contained over \$90 million worth of highway improvement projects to be conducted in the NRPC communities over the next five years, with approximately 90 percent of the funds to be secured from federal and state sources. Furthermore, the Commission has aided several towns in determining traffic impacts from the increased pressure of development via our traffic impact review service. In addition, plans are currently underway to develop and implement a mechanism by which towns may assess developers a road payback fee to help pay for the cost of development pressure on local roads.

The commission has been equally active in providing local planning assistance. Many communities have taken advantage of our "circuit rider" program which makes a professional planner available to the Town on a part-time basis. In addition, we have completed several master plans and are working on or have completed capital improvements plans for six communities. The usual assistance in reviewing plans and impact statements and writing ordinances has been in great demand as well.

The Amherst Master Plan was completed by the staff and turned over to the Planning Board in February. The help and dedication of those Amherst residents that stuck with the committee should be greatly appreciated by the citizens of the Town. The resultant document is truly a reflection of the Town and should prove useful in the future.

Commission staff worked with a committee of Town residents in preparing a Capital Improvements Plan for Amherst, which was completed in November. The Plan is a policy document that establishes a recommended scheduled of capital projects that the Town will need over the next six years. It is a long range planning document that will be of great assistance to local officials and Town residents in planning for large expenditures and seeing the 'big picture' of capital spending.

MARLA S. ENGEL
Sr. Regional Planner

TOWN HALL SPACE NEEDS COMMITTEE

The committee held its first meeting in the Selectmen's office on July 17, 1986. As we sat down around the table, trying to find room amongst the clutter of the Selectmen's files, we all realized there was a purpose to our formation. This was amplified as we toured the Town Hall and Brick School, interviewed the Town employees, and investigated the space needs of the Town functions.

We are proposing a comprehensive, long range plan to satisfy the space needs of the Town offices. The plan addresses the desires of the majority of respondents to the survey for the Master Plan who want to maintain Town functions in the Village and use the Brick School for Town office space. The plan also addresses the long range parking and traffic flow problems around the Town Hall and the Historical District of the Town.

The Plan recommends some radical changes in regard to traffic patterns around the Village. The committee feels the Town has to face up to the fact that there are problems now and they will get worse if nothing is done. Many people resist change, but the committee hopes the residents will look at the positive aspects of these changes especially the additional park areas that would be returned to the Village.

The overall plan is expensive, in the range of \$1,000,000. However, it is less costly than building a new Town office facility and maintains the historical value of the Town Hall and the Brick School.

The committee would like to thank the Bean Foundation for their generous gift of \$5,000 given to us for public educational expenses related to the appropriation request for improvements to Town Buildings. We are using this money to print and distribute an informational brochure of our proposal to all Amherst residents.

On June 16, 1986, the Selectmen of the Town of Amherst, N.H. formed the "Town Hall Space Needs Study Committee" with the charge to study the following areas:

1. The space required to perform the Town function in five years, in ten years and in twenty years.
 - a. Offices that require close proximity to each other for administrative purposes or because they share employees.
 - b. Functions that are likely to experience the most growth in the next twenty years.

2. The space requirements with the Town function and School Supervisory Union combined.
 - a. Assumptions with and without the additional personnel to administer a high school.
 - b. The traffic and parking problems now and in the next twenty years.
3. The physical condition of the existing Town Hall and the Brick School. Can their restoration help solve the space needs?
4. An approximate cost figure to institute the recommendations of the committee.
5. Expandibility of facility to meet future needs including available land, traffic flow and increase size of physical plant.
6. Growth rates to be used in the study should conform to the new Master Plan.

The Selectmen later expanded the charge to include recommending a use for the existing Town Hall and the Brick School if a new facility is found to be the best solution for the above needs. They also advised the committee not to consider private tenants when determining space needs in the study.

The committee makes the following recommendations based on their investigations of the present situation and future needs of the Town:

1. Immediate repairs should be made to the foundation of the Town Hall to stop settling that has taken place over the years.
2. The present Town Hall is overcrowded and does not adequately serve the needs of the Town.
3. The Brick School should be renovated and used for the following Town functions:

First Floor:	Town Clerk Tax Collector Treasurer Zoning Administrator Building Inspector Fire Inspector Town Administrator
Second Floor:	Selectmen's Office Highway Department Office Assessor's Office Accounting Office
Third Floor:	Future Expansion
Basement:	Employee Lounge Facilities Storage

3. The existing Town Hall should be renovated and used for the following functions:

First Floor: Large Public Meeting Room (100 People)
Several Other Smaller Meeting Rooms of
Various and Variable Sizes

Second Floor: Recreation Department
School Administrative Offices

4. Road ways and parking around the Town Hall and Brick School should be modified to provide safe pedestrian traffic in the vicinity of the Town Hall, and adequate parking facilities for the proposed new uses of the Town Hall and Brick School.

The total cost of the renovations and site work for both locations will be approximately \$1,005,000.00. This includes drawings, architectural fees, and supervision of construction.

The committee recommends that money for drawings, architectural fees and bidding (\$75,000.00) be appropriated at the 1987 Town Meeting. Money for construction should be appropriated at the 1988 Town Meeting. Construction could then start July 1, 1988 and be complete by June 1, 1989.

The committee gratefully acknowledges the expert help of George Bower for his help in developing the parking and traffic plans recommended by the committee. George developed many alternatives for both the Town Hall and Brick School areas, enabling the committee to recommend a traffic and parking plan which suits both the space needs and the long range plans of the Town.

REPORT OF THE LIBRARY TRUSTEES

At Town Meeting in March 1986, the Town approved a bond issue for \$900,000 for expansion and renovation of the Town library. Trustees' activities this year centered around completion of the library building project.

Trustees received three bids for construction of the building and awarded the contract to the low bidder, R.M. Aho and Sons Construction Inc., Nashua. In September, a small ground-breaking ceremony was held. The project is approximately 50 percent complete at this writing and is expected to be finished before June 1.

Trustees also appointed a building committee to oversee the construction. James Shildneck is chairman of this committee. Other members are Robert Blakeman, Martin Michaelis and Richard Sherwood. An engineer, Ann Dodd, was selected as clerk-of-the-works. She spends time each day at the building site and coordinates details with construction crews, architect, library staff and trustees.

Dedication of the new building is planned for June 14, 1987. Part of the festivities will include the return of the Gilbert Stuart painting of Charles Atherton which is owned by the library and is now on display at the Currier Gallery of Art in Manchester.

Although \$900,000 was approved for the addition and renovation at Town Meeting, library trustees and the library fund raising committee agreed to raise the remainder of the \$1,100,000 needed for the project. Both groups have continued to solicit necessary funds. To date more than \$197,000 has been raised, including \$36,500 from the State Library Services and Construction Act and \$30,000 from the Bean Foundation. The rest of the funds were contributed by individuals, businesses and local clubs and organizations.

The new library has generated community support from a number of groups. The Amherst Gardeners agreed to provide and coordinate landscaping for the building. The Amherst Historical Society plans to help furnish a room in which some of its collection will be housed.

Trustees, library director Mary Ann List and library staff continued to work on ways to improve library services to the Town. Books on tape are now available for circulation to patrons. Using a computer donated by Digital Equipment Corporation, the library hooked up to the State Library's data base to search for inter-library loan requests.

Children's story hours became increasingly popular which required librarian Liz Fairbairn to assist Erna Johnson in the children's room. Programs for adults were held in the library on Sundays. Library construction has prevented holding programs at the library this winter but more community activities

will be scheduled after the building is complete.

A daily circulation record was reached on July 14, 1986. A total of 785 books and materials was checked out from the library. Trustees and the library director continued to review and revise all the library policies. Maximum fines were increased from two to three dollars. Forest Athey, a library trustee for many years, moved out of town and was replaced by Harding Sortevik. Trustees and library staff attended many state sponsored meetings and seminars throughout the year.

Much of the work done at the library could not be accomplished without the volunteers who contribute to maintaining excellent service to the Town. The trustees are very grateful to these volunteers, the staff and the Friends of the Library for their help and support.

Lastly, we would like to thank you, the library users, for your enthusiasm and patience during the building project. We apologize for any inconvenience the construction might have caused you and look forward to better serving the community with a new and renovated library in 1987.

Hours of Service

September-June

Mon.-Thurs. 9:30 a.m. - 8:30 p.m.
Fri. 9:30 a.m. - 5:00 p.m.
Sat. 9:30 a.m. - 3:30 p.m.
Sun. 1:00 p.m. - 4:00 p.m.

Total Hours: 60½ hours per week

July-August

Closed Sundays; Sat. 9:30 a.m. - Noon

Total Hours: 54 hours per week

Many volunteers have worked to enrich library services this year. Approximately 1700 hours have been given by the Friends of the Library and other volunteers for such jobs as helping with circulation, processing and repairing books, leading programs, decorating the library, handling exhibits, helping in the children's room, and fund raising.

For the valuable work of staff, trustees, and volunteers we are truly grateful.

MARY ANN LIST, Library Director

Article #2. Zoning Ordinance and Zoning Map Amendments

Amendment #1

Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town's Zoning Ordinance as follows: To amend the wording of Section 3-7, Paragraph C, so that 680 square feet will be the minimum required total living area:

Yes	538	No	251
-----	-----	----	-----

Amendment #2

Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town's Zoning Ordinance as follows: To amend Section 4-12, Watershed Protection District to delete the word 'designated'?

Yes	542	No	195
-----	-----	----	-----

Amendment #3

Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town's Zoning Ordinance as follows: To delete current wording of Section 3-5 and substitute new wording so that off-street parking requirements are detailed and increased?

Yes 675 No 194

Amendment #4

Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town's Zoning Map as indicated on posted map to make the boundry between the Residential and Rural zoning districts, the centerline of Thorntons Ferry Road II?

Yes 643 No 193

Amendment #5

Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town's Zoning Map as indicated on the posted map to change the zoning of the 100 x 1000 foot strip from Rural to Residential?

Yes 560 No 281

Amendment #6

Are you in favor of amending Section 6-8, Penalties, as proposed by the Planning Board as follows: In accordance with RSA 676:17, as amended, any person, firm, or corporation violating the provisions of this Ordinance is punishable by a civil fine of up to \$100 per day, for every day after the conviction date that the violation continues, or after the date on which the violater received written notice from the municipality that he is in violation, whichever date is earlier?

Yes 663 No 189

Amendment #7

Withdrawn by the Planning Board.

Amendment #8

Are you in favor of amending all sections of the Zoning Ordinance containing the words 'two and one-half' story to delete same and limit maximum height of structures to thirty-five (35) feet, exclusive of chimneys or cupolas, measured from the lowest adjacent exterior elevation?

Yes 641 No 230

Amendment #9

Are you in favor of amending Section IX, as proposed by the Amherst Planning Board for the Zoning Ordinance, to add the following definition of a story: 'Story', that portion of a building included between the upper section of a floor and the upper surface of the floor or roof next above. (Crawl spaces, unfinished and unoccupied attic spaces, cellars when not to be occupied shall not be considered a story.)

Yes 717 No 175

Amendment #10

Are you in favor of amending the Zoning Ordinance to add a new Section 4-15, Historic District, as proposed by the Planning Board, as per the above wording?

Yes	652	No	196
-----	-----	----	-----

Amendment #11

Withdrawn by the Planning Board.

Amendment #12

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board as follows: Amend the required set-backs in the existing Industrial Zone along Route 101-A so that such building and parking set-backs are consistent at one hundred (100) feet for building and fifty (50) feet for parking?

Yes	772	No	102
-----	-----	----	-----

Amendment #13

Are you in favor of the adoption of Amendment #13 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Adding a new section to the Zoning Ordinance to allow the conversion of existing larger houses in the Limited Commercial zone to be converted, by special exception, from one to two-family dwellings?

Yes	563	No	331
-----	-----	----	-----

Amendment #14

Are you in favor of the adoption of Amendment #14 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Add in a new section to the Zoning Ordinance to provide for safe and aesthetically pleasing in stallation of dish antennae?

Yes	602	No	295
-----	-----	----	-----

Amendment #15

Are you in favor of amending Section 4-5, Northern Rural zone as proposed by the Planning Board for the Town Ordinance as follows: To reaffirm that lower density for a portion of the Town is a desirable goal, recognizing a town wide obligation to provide diverse, affordable housing and to permit transfer of development rights as one means of attaining this goal?

Yes	596	No	284
-----	-----	----	-----

Amendment #16

Are you in favor of amending the zoning map for the lots on Paul's Way as proposed by petition of voters of this Town to include in the Commercial zone, lots #2-43-2, 2-43-3, 2-43-4 and 2-43-5, as shown on the posted map?

Yes	145	No	724
-----	-----	----	-----

Amendment #17

Withdrawn by petitioners.

Amendment #18

Withdrawn by petitioners.

March 12 & 13, 1986

On Wednesday, March 12, 1986, Articles 3-8 and 22-29 were acted upon at the Amherst Middle School. 640 registered voters were checked in.

Article #3.

To see if the Town will vote to raise and appropriate the sum of \$1,100,000 for the purpose of buying property and constructing an addition of approximately 8,000 square feet to the present library, renovate the existing structure, fund architectural fees and contingent expenses for this purpose under and in compliance with the Municipal Finance Act RSA 33 as amended. Further to accept and approve the use of grants which may become available and the expenditure of privately raised funds which may be available to reduce the amount of bonded indebtedness incurred. The sum finally to be raised by the issuance of bonds or notes upon such terms and conditions as the Selectmen deem to be in the best interest of the Town, provided, however, that the term of said indebtedness will not exceed twenty years at the discretion of the Selectmen who are hereby authorized to determine the terms which are in the best interest of the Town or take action relative thereto.

John Moorhouse proposed the following amendment to Article 3:

To see if the Town will vote to raise and appropriate the sum of \$1,100,000 of which no more than \$900,000 will be raised by the issuance of bonds and \$200,000 by private fund raising for the purpose of buying property and constructing an addition of approximately 8,000 square feet to the present library, renovate the existing structure, fund architectural fees and contingent expenses for this purpose under and in compliance with the Municipal Finance Act RSA 33 as amended. Further to accept and approve the use of grants which may become available and the expenditure of privately raised fund which may be available to reduce the amount of bonded indebtedness incurred. The sum finally to be raised by the issuance of bonds or notes upon such terms and conditions as the Selectmen deem to be in the best interest of the Town, provided, however, that the term of said indebtedness will not exceed twenty years at the discretion of the Selectmen who are hereby authorized to determine the terms which are in the best interest of the Town or take action relative thereto.

The amendment was adopted by voice vote. The Townspeople then proceeded to vote on this Article as amended. The polls opened at 8:27 p.m. and remained open until 9:30 p.m. The Article was passed with 424 votes for and 212 against. A two-thirds majority vote was needed for passage.

Article #4.

To see if the Town will vote to raise and appropriate such monies as may be necessary to defray town charges for the period of July 1, 1986 to June 30, 1987. \$2,784,414.00.

Cliff Ann Wales of the Ways and Means Committee proposed an amendment to Article 4 of a reduction of \$180,000. It was seconded by Douglas Heaton of the Ways and Means Committee.

Article 4 was passed as amended - hand count of 152 in favor and 116 opposed.

Total operating budget \$2,604,914.00.

A motion for reconsideration of Article 4 was defeated.

Article #5.

To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing funds for use as offsets against budgeted appropriations the amount indicated for the following purposes: Oiling \$26,767.00.

Passed

Article #6.

To see if the Town will vote to give the Selectmen and Town Treasurer the authority to borrow money in anticipation of tax receipts.

Passed

Article #7.

To see if the Town will authorize the Selectmen to make application for, receive and expend in the name of the Town, such advances, grants and aids or other funds as may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other State or private agency or person or take action relative thereto.

Passed

Article #8.

To see if the Town will vote to accept and authorize the Trustees of the Library to expend in the name of the library, such advances, grants and aids or other funds which may become available from any governmental or private source for the purpose of furnishing and equipping the new library renovation or take action relative thereto.

Article #8 was amended as follows:

To see if the Town will vote to make application to accept and receive and expend in the name of the library such advances, grants and aids or other funds which may become available from any governmental or private source for the purpose of furnishing and equipping the new library renovation or take action relative thereto.

Passed as amended

Article #9.

To see if the Town will vote to raise and appropriate the sum of \$30,000 for the purchase and installation of an emergency generator to power the Police/Rescue Building or take action relative thereto.

An amendment was proposed to Article 9 as follows:

To see if the Town will vote to raise and appropriate the sum of \$30,000 for the purchase and installation of power and/or alternate heat if practical for the Police/Rescue Building or take action relative thereto.

Passed as amended

Article #10.

To see if the Town will vote to raise and appropriate the sum of \$26,700 to upgrade the Police radio equipment or take action relative thereto.

Passed

Article #11.

To see if the Town will amend the Fire Truck Capital Reserve to permit that Capital Reserve to be utilized upon approval by the Town for capital equipment associated with the fire trucks as well as for the purchase of truck themselves, or take action relative thereto.

Passed

Article #12.

To see if the Town will vote to raise and appropriate the sum of \$52,750 to replace the ladder on Ladder Truck #1, and to approve utilization of the Fire Truck Capital Reserve as now authorized and withdrawal of said amount from the Fire Truck Capital Reserve or take action relative thereto.

Chief Marshall Strickland proposed the following amendment:

To see if the Town will vote to raise and appropriate the sum of \$100,000 to replace the ladder on Ladder Truck #1, and to approve utilization of the Fire Truck Capital Reserve as now authorized and withdrawal of said amount from the Fire Truck Capital Reserve or take action relative thereto.

Passed as amended

Article #13.

To see if the Town will vote to raise and appropriate the sum of \$4,800 to erect a storage facility for the Recreation Department, or take action relative thereto.

Withdrawn

Article #14.

To see if the Town will vote to raise and appropriate the sum of \$5,000 to establish a capital reserve for the orderly replacement of the recreational equipment of the Town, and to give the Selectmen the authority to expend the funds as necessary to carry out the intent of this article, or take action relative thereto.

Withdrawn

Article #15.

To see if the Town will vote to raise and appropriate the the sum of \$15,000 to replace the lighting and wiring and fixtures and to make appropriate repairs to the alarm system as required by the Town Fire Inspector, and the covering in the Brick School, or take action relative thereto.

Passed

Article #16.

To see if the Town will vote to raise and appropriate the sum of \$50,000 to be administered by the Conservation Commission with the concurrence of the Board of Selectmen for the purpose of acquiring land at their discretion for the protection of natural resources and to provide open space in accordance with NH RSA 36-A5, or take action relative thereto.

The following amendment was proposed to Article #16:

To see if the Town will vote to raise and appropriate the sum of \$50,000 to be administered by the Conservation Commission with the concurrence of the Board of Selectmen for the purpose of acquiring land and buildings at their discretion at the Baboosic Lake site for this protection.

Amendment defeated

The original Article was then voted on and defeated.

Article #17.

To see if the Town will vote to raise and appropriate the sum of \$1,100 to participate in the services of the Nashua Mediation Service, or take action relative thereto.

Passed

Article #18.

To see if the Town will vote to raise and appropriate the sum of \$1,000 to participate in the Milford Counseling Service program, or take action relative thereto.

Passed

Article #19.

To see if the Town will vote to raise and appropriate the sum of \$10,500 to conduct a feasibility study and develop a plan for handling the problem of septage in the Baboosic Lake area, or take action relative thereto.

The following amendment was proposed to Article #19:

To see if the Town will vote to raise and appropriate the sum of \$10,500 contingent upon participation of the Town of Merrimack, to conduct a feasibility study and develop a plan for handling the problem of septage in the Baboosic Lake area.

Amendment was withdrawn

The original Article was then voted on and passed.

Article #20.

To see if the Town will vote to raise and appropriate the sum of \$3,200 to update the recording and public address system in the meeting hall, or take action relative thereto.

On the initial vote, Article #20 was defeated; 57 votes yes, 70 voted no.

The Article was brought up for reconsideration and after an explanation regarding the need for the system, the Article was passed.

Article #21.

To see if the Town will vote to raise and appropriate the sum of \$5,000 to fund the first year testing of Underground Hazardous Storage Tanks (L*U*S*T), or take action relative thereto.

Passed

Article #22.

To see if the Town will vote to exempt former prisoners of war from the fee charged for a permit to register one motor vehicle as permitted by RSA 261:157-a.

Passed

Article #23.

To see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen. Chapter 380 of the Laws of 1985 requires the Town to adopt written welfare guidelines prior to April 1, 1986. (Copies of the full text of the proposed guidelines are on file with the Town Clerk.)

Passed

Article #24.

To see if the Town will vote to adopt a plan for extending to employees of the Milford Area Communication Center the benefits of Title II of the Federal Social Security Act (Old Age, Survivors, Disability and Health Insurance) as authorized by Chapter 101 of the Revised Statutes Annotated amended by Chapter 302 and 322 of the Laws of 1955 and the sum necessary to defray the Town's share of the cost thereof being raised as part of the general budget.

Passed

Article #25.

If a plan for social security coverage is adopted to see if the Town will authorize the governing board of the Milford Area Communication Center facility to execute, on behalf of that facility, the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the Town will designate the administrator of the Milford Area Communication Center facility as the officer to be responsible for the administration of this plan.

Passed

Article #26. By Petition

Shall we adopt the provisions of RSA 72:37 for the exemption for the blind from property tax? This statute provides that every inhabitant who is legally blind shall be exempt each year from the property tax on a residence to the value of \$15,000.

Passed

Article #27. By Petition

To see if the Town will vote to discontinue and allow to revert to the abutters, that section of Old Route 101 beginning at the Bedford Town line and going to the property of Stuart Jolly. The road was returned to the Town by the State when the alteration of Route 101 was completed and was not properly abandoned at that time.

Defeated

Article #28. By Petition

To see if the Town will vote to designate County Road from the junction with Ravine Road to the Souhegan River a "scenic road" as set forth in RSA 253, or take action relative thereto.

Passed

Article #29. By Petition

To see if the Town will vote to discontinue and allow to revert to abutters, that section of old Route 101 between the footbridge at Pine Road and Horace Greeley Road.

Passed

Article #30.

To take the sense of the meeting whether in view of the 1.) large federal deficit, 2.) the sharp decline in oil prices, 3.) the conservation of energy which has been encouraged through higher oil prices, the citizens of Amherst would favor an increased federal taxation on oil or its by-products (gasoline and heating oil) the increased tax not to exceed the decrease in oil prices, and its revenue to be used to help reduce the federal deficit.

NBC News was in attendance to cover the reaction of the citizens at the meeting. However, several opposed, feeling that this Article was out of order. Selectman Arnold spoke in favor of the Article. Robin Warren of the Ways and Means Committee moved to table the Article. This was seconded and there was a majority vote in favor of tabling the Article.

A motion was made to untable Article 30 on March 13th as presented the previous evening. This motion was defeated.

Article 31. By Petition

To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of Amherst and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the U.S. Department of Energy's (DOE's) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan.

The following amendment was proposed to Article 31:

To see if the Town will petition the Department of Energy to work cooperatively with the State of New Hampshire, the Town of Amherst, for strict application of the siting guidelines, proposed by the Nuclear Regulatory Commission.

We are certain that the results of this analysis will reveal that the State of New Hampshire, the Town of Amherst, is a completely inappropriate site for a high level radioactive waste depository.

Passed as amended

A sense of the meeting was taken to see if the citizens would prefer that Town Meeting be held before the school meeting. The majority of those present said that they would prefer this.

The meeting was adjourned at approximately 11:30 p.m.

The new Town Officers were sworn in by Moderator Wight.

For the record and to fulfill the requirements of the Department of Revenue Administration, will you ratify the entire amount raised by this meeting? The figure you have adopted is \$3,897,414.

Passed

AMHERST VILLAGE DISTRICT

As you are aware, most of New England's ground water is moderately acidic and the Amherst Village District is no exception. This acidity has a detrimental effect on all piping and most particularly on copper pipes and the lead solder commonly used in sweating joints of household plumbing. We, therefore, have embarked upon a corrosion control program under the guidance of the N.H. Water Supply and Pollution Control Commission to treat the water and prevent additional deterioration of the piping and improve the overall quality of the water.

To implement this program, both Roger and Nancy Topliffe have attended the twelve week course conducted by the N.H. Water Supply and Pollution Control Commission and have obtained the necessary licenses for water treatment and distribution. The treatment should minimize further deterioration of the system and extend its useful life.

In addition to the water treatment equipment, new flow measurement and recording equipment have been installed. This combined with an energetic leak detection and repair program have greatly reduced loss due to leakage. Since the soil in Amherst is so sandy with excellent drainage, much water can be lost due to leakage before it percolates to the surface and is observed. If a running water sound is heard in the basement of your home and nothing is running in the house, it could be a water leak at the water main. If so, please advise us so that we can locate the source to minimize waste.

Much progress has been made on the back-up well. Thru the generosity of Mr. Philip Sargent and Mrs. Martha Parker, who have deeded at no cost to the District, access and permission to install piping across their property to the new well site. AVD hopes to proceed with the initial phase of this program in the spring.

John Hanlon and Nancy Topliffe have done their usual outstanding job of continuing to keep the system running with the able assistance of Mike Riccitelli and Jim Wetherbee and their crews.

DOUGLAS M. HEATON, Commissioner
ROGER O. TOPLIFFE, Commissioner
PETER B. ROTCH, Commissioner

AMHERST VILLAGE DISTRICT WARRANT

The State of New Hampshire
The polls will be open at 8:00 P.M.

To the inhabitants of the Town of Amherst in the County of Hillsborough in said State, qualified to vote in DISTRICT AFFAIRS:

You are hereby notified to meet at the Town Hall in said Amherst on Tuesday the 24th of March, 1987 at 8:00 P.M., to act upon the following subjects:

1. To choose all necessary District Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray District charges for the ensuing year and make appropriations of the same.
3. To see if the District will give the Commissioners and District Treasurer the authority to borrow money in anticipation of District taxes.
4. To transact any other business which may legally come before the meeting.

Given under our hands and seal this 6th day of March, 1987.

DOUGLAS M. HEATON
ROGER O. TOPLIFFE
PETER B. ROTCH
Commissioners of the Amherst Village District

AMHERST SCHOOL DISTRICT

1987 WARRANT

State of New Hampshire

Hillsborough, ss:

School District of Amherst

To the inhabitants of the School District of Amherst, in the County of Hillsborough, and the State of New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Wilkins School in Amherst, New Hampshire on Tuesday, March 10, 1987, at seven o'clock in the morning to act upon the following subjects:

Article I. To choose by ballot a Moderator, a Clerk and Treasurer for the ensuing year, and two members of the School Board for the ensuing three years. (Polls will open at 7:00 A.M. and will not close before 7:00 P.M.)

Note: All other school business will be considered at the School District Meeting to be held on Monday, March 16, 1987 at 7:30 P.M. at the Amherst Middle School.

Given under our hands and seals at said Amherst this day of February 1987.

Jane Cosmo, Chairman
Donald Boyle
Barbara Condon
Ann Logan
Kurt Pauer

School District of Amherst

To the inhabitants of the School District of Amherst, in the County of Hillsborough, and the State of New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Amherst Middle School, in said District on the 16th day of March 1987 at 7:30 P.M. for the purpose of holding the Annual Meeting of the District and to act upon the Articles set forth in this Warrant:

Note: The election of Moderator, Clerk, Treasurer, and two members of the School Board will be acted upon Tuesday, March 10, 1987 at the Wilkins School from 7:00 A.M. to 7:00 P.M. Voting will be by official ballot and checklist.

Note: Under New Hampshire RSA 40:4-a: Any five voters may request in writing prior to a vote by voice or division vote that the vote be taken by secret written ballot. Upon receiving such a written request, the Moderator shall conduct the vote by secret "yes-no" ballot.

Under New Hampshire RSA 40:-b: When any vote, other than by ballot, declared by the Moderator or other officer presiding shall, immediately and before any other business is begun, be questioned in writing or orally by seven or more of the voters present, the Moderator or other officer presiding shall retake the vote by secret "yes-no" ballot.

Article I. To hear the reports of officers, agents and auditors, and to take action with reference thereto.

Article II. To see if the district will vote to raise, appropriate and expend the sum of \$143,385 to convert the existing all-electric heating system at Wilkins School to a fuel oil/forced hot water system; said electric heating system to remain functionally in place to be used as a back-up to the fuel oil system should the need ever arise.

- Article III. To see if the School District will vote to create an AREA School Planning Committee to be appointed by the Moderator, consisting of three qualified voters of whom at least one shall be a member of the School Board in accordance with RSA 195-A:3 with the Planning Committee incorporating a capital improvement plan or to take any other action relative thereto.
- Article IV. To see if the School District will vote to create a Cooperative School District Planning Committee to be appointed by the Moderator, consisting of three qualified voters of whom at least one shall be a member of the School Board in accordance with RSA 195:18 to study the advisability of forming a cooperative high school district with Milford.
- Article V. To see if the District will vote to authorize the moderator to appoint a Cooperative School District Planning Committee in accordance with RSA 195:18, at least one of whom shall be a member of the School Board, to study the advisability of forming a cooperative high school district with Bedford.
- Article VI. To see if the District will authorize the Amherst School Board to accept and expend Federal Land and Water Conservation Grant Funds in the amount of \$12,558 to improve Wilkins School Playground.
- Note: \$25,116 is budgeted for this project, to be offset on the revenue side by a \$12,558 Land and Water Conservation Grant and \$12,558 from fundraising and donations. No District funds are required for this project.
- Article VII. BY PETITION OF TEN OR MORE VOTERS.
- To see is the District will vote to raise, appropriate and expend the sum of \$11,408 to establish an interscholastic athletic program at Amherst Middle School; said sum to cover expenses for coaches, director, officials, league fees, transportation, equipment, uniforms and supplies for the following interscholastic teams: girls and boys basketball, girls softball and boys baseball.

Article VIII. To see what sum of money the district will vote to raise, appropriate and expend for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of said district and to authorize the application against said appropriation of such sums as are estimated to be received from the state and federal government, together with other income, the School Board to certify to the Town Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxation.

Article IX. To see if the district will authorize the School Board to make application for and to accept and expend on behalf of the district, any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private trusts, foundations and individuals.

Article X. To transact any other business that may legally come before this meeting.

Given under our hands and seals this ____ day of February in the year Nineteen Hundred Eighty Seven.

REPORT OF THE AMHERST SCHOOL BOARD

Our management goals this year included:

To receive a school budget that did not increase the tax rate.

To re-examine our Middle School philosophy and programs of study on student needs and community expectations.

As this goes to press both of these goals are being worked on with the cooperation of our administrators. The School Board began investigating high school options. Two members met with Bedford High School Study Committee throughout the summer and fall. We've been examining the pros and cons of cooperative and AREA School District arrangements with Bedford, Milford and Mont Vernon. These alternatives will be discussed at School District Meeting. Milford has also been studying elementary, middle and high school space needs. Our thanks to Peggy Barter for serving as the Amherst School Board's representative to the High School Space Study Committee.

Cooperation between the Board of Selectmen and School Board continued with twice yearly meetings and the signing of a new three year service agreement which saves taxpayers money by making full utilization of town highway department, school facilities and custodial personnel.

Elizabeth Shaw retired last June after teaching 24 years in Amherst at the Brick, Clark, Wilkins and Middle Schools. In those 24 years she had nearly perfect attendance.

The district has saved \$25,000 by locating a Regional Special Education Consortium program for emotionally handicapped students at the Amherst Middle School.

We are extremely proud of the following achievements this past year:

- Amherst Middle School Olympics of the Mind team competed in the world finals in Flagstaff Arizona.
- Clark, Wilkins and Amherst Middle School received Blue Ribbon School Achievement awards for high levels of parent volunteerism for the school year 1986-86 at a ceremony February 9, 1987, at the State House, Concord,
- Amherst Middle School has been nominated for consideration in the National Secondary School Recognition Program sponsored by the U.S. Department of Education.
- Amherst 4th graders placed 4th out of 153 New Hampshire School Districts on the California Achievement Tests (CAT's)

- Amherst 8th graders placed 9th out of 123 New Hampshire School districts on the California Achievement Tests (CAT's).

A \$25,000 plan to improve Wilkins School playground can be carried out without use of district funds through the efforts of Patricia Barry and the playground committee. Nearly \$12,000 has been raised and another \$12,500 awarded by the Federal Land and Water Conservation Fund.

The State Department of Education has approved Amherst's Staff Development Master Plan for the next five year period. The plan sets forth procedures to relate district goals to teachers' recertification.

Representative teachers, administrators and a school board member have been working on developing a more effective Teacher Evaluation process.

In closing I'd like to thank all of our employees who work so hard for the education of our students. Our administrators who are committed to improving instruction and spend many evening hours attending our school board meetings, our teachers who try to individualize instruction to a diverse student body, our guidance counselors, nurses and aides whose services are so essential and appreciated, our food service staff, our custodians who are to be commended for maintaining the excellent condition of our school buildings and grounds and the central office staff and school secretaries for their dedication and competence. In addition, my gratitude to our PTA and dedicated volunteers and organizations for their time and money spent on behalf of our students and schools.

Respectfully submitted,

Jane Cosmo, Chairperson
Amherst School Board

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The citizens of Amherst have every reason to be proud of their schools. Our fourth and eighth grade students placed very near the top for the second year in a row on State-wide standardized achievement tests. In their first entry into N.H. Olympics of the Mind competition, two Amherst Middle School teams won in their division and travelled to the University of Northern Arizona to compete in the World O.M. finals. All your schools -- Clark, Wilkins and Middle -- will receive Blue Ribbon Achievement Awards on February 9 at the State House for their outstanding school volunteer programs. Clark and Wilkins Schools have received this award several times before under the able leadership of volunteer coordinator Jan Adams. This year marks the first time the Middle School has been so honored and much of the credit goes to volunteer coordinator Carol Holden. Four New Hampshire schools, one of them being our middle school, have been nominated by Education Commissioner Dr. John MacDonald for a national school recognition award. This awards program, sponsored by the U.S. Department of Education, is aimed at recognizing unusually successful programs that meet the educational needs of students. The Amherst School District has also been very successful in competition with other school districts for Governor's Initiatives for Excellence in Education grants. Two Governor's computer grants have been awarded to the Amherst School System; one entitled "Computers for Teachers" and the other, "Integration of Computers in the Classroom". The Computers in the Classroom application topped all others in the State. The extraordinary efforts of Sam Giarrusso, computer teacher at the Middle School, made these funds possible and puts Amherst in the forefront in the utilization of computers by teachers and students. Finally, the Wilkins Playground Improvement Committee, chaired by Patricia Barry, is also to be commended for raising \$25,000 for the playground, half the amount coming from the Federal Land and Water Grant Fund.

I devote the remainder of my report to a clear and major educational and economic issue: The education of our high school students. I believe that the best alternative for the foreseeable future is to reenter into an AREA (Authorized Regional Enrollment Area) Agreement with Milford and to closely tie that return to a commitment by the Milford School Board to develop a capital improvement plan for MASH. A plan to upgrade and expand the building to house 1400 students could accommodate the projected number of high school students from Amherst, Milford and Mont Vernon to the year 2000 and possibly beyond, as the enrollment projection on the next page shows.

PROJECTED MASH ENROLLMENT BY DISTRICT

The Amherst, Milford and Mont Vernon School Boards deliberated long hours on how to structure the warrant articles to best present all the alternatives to the voters in March and decided to include articles which call for: (1) A vote on establishing a cooperative high school planning committee, (2) A vote on establishing an AREA planning committee with the additional charge to the committee to develop a capital improvements plan for MASH, and, (3) should any of these articles pass, a plan for the Districts to meet at the same time in the Fall to hear and act upon the recommendations of the planning committee.

There are several alternatives to educating our high school youth. What is needed is a way to identify and weigh the relative advantages and disadvantages of each alternative. In an attempt to meet this need I offer the following matrix. The numbers in the matrix range from "1" (Unfavorable to Amherst) to "5" (Favorable to Amherst). The numbers appearing in the matrix are mine and mine alone and are no more important than the numbers you would put in to summarize your views.

REPORT OF THE PRINCIPAL
CLARK AND WILKINS ELEMENTARY SCHOOLS

It is with great pleasure that I submit my annual report for the Clark and Wilkins Schools. Our enrollment at both Clark and Wilkins Schools increased over the 1985-86 school year.

Clark School enrollment 1985-86 163 versus 1986-87 181
Wilkins School enrollment 1985-86 402 versus 1986-87 475

With the 181 students at Clark School we have 4 readiness classes and 6 first grades. Joining our team at Clark teaching readiness is Kathleen Gauvin who has had several years of experience at that level. Kathy is also an instructor in the Math Their Way program which is used so effectively at the early elementary level. Additions to the Wilkins School include Mrs. Sue Coy who was at the Clark School last year as a Chapter I teacher, Mrs. Louise Ashworth who was with the Special Education Consortium, Mrs. Cheryl Bonus who substituted in our system last year, and Mrs. Sharon Chatham who had taught primary level education in Illinois. Mrs. Sharon Redes joined the Wilkins School as our school nurse when Mrs. Julie Donnelly accepted the guidance position at the Clark and Wilkins Schools. The reading consultant position was filled by Mrs. Joanne Antcil who had a similar position in Nashua. Returning to our school but changing grade level were Mrs. Michelle Emmond, Mrs. Maureen Lessard and Mr. Gerry St. Amand.

In the area of staff development several staff members have been involved in taking computer courses at school under the direction of Ms. Jean Stefanik and Mr. Sam Giarrusso. Since reading is the curriculum area being reviewed, several of the staff have attended workshops and have taken a reading course which was offered at Wilkins School. Because of our involvement with N.E.S.D.E.C. we had two staff members visit a school in Rhode Island that was reviewing computers in their school. Another group went to Glastonbury, Connecticut to review their reading program. A team from N.E.S.D.E.C. visited the Wilkins School to assess the school morale and climate.

Committee work for staff includes: report cards, staff development, evaluation, curriculum areas, grade levels, and Wilkins playground. Students and parents have helped the funding of the playground by selling magazines and the collection of aluminum cans. With the magazine drive under the direction of Mrs. Sue Sullivan we were able to clear over \$9,000 for the new playground. The C.A.N.S. (Collecting Aluminum Cans for New Structure) project began in December and will continue until June. As of the end of January we have collected 1178 pounds which transforms into \$269.01. Let's all help collect the aluminum cans and drop them off at Wilkins School or the sanitary land fill. I wish to thank Mrs. Sue Stitt for organizing this environment project.

During this school year in addition to the various committee assignments, our school has achieved many honors. I was very proud of our fourth grade

students who scored fourth in the state on the state-wide California Achievement Tests. Our students were first in schools over 30 students. I commend the staff, parents, superintendent and school board for funding an educational program that helps us meet the needs of our students. Our second graders also took the C.A.T.'s, however these were not state-wide and only local information was given.

Both Clark and Wilkins received recognition as Blue Ribbon Schools for the number of volunteers and volunteer hours logged in service to our schools. I would like to thank Mrs. Jan Adams who organizes and directs this very successful program. For the last year I have served as chairman of the board for the State Volunteer Program. I have also had the opportunity to speak of our volunteer program at the State Volunteer Convention, a state women's association meeting as well as the National Principal's Convention. I am proud of our parents, grandparents and friends continued support in our schools by volunteering for the numerous hours. Our music and art teachers combined forces to present an outstanding program to share with the community what their curriculum provides for the students. The Variety Show and the Art Shows in the spring of 1986 proved to very successful. For the 1986-87 school year the teachers have joined to present one show for each grade level. I am writing this while the fourth grade students are preparing for their special program on February 19.

The basic academic programs continue to be reviewed and improved by the staff. Classroom teachers have been reviewing the curriculum to determine if there are areas which we can eliminate because of duplication since there have been areas added to our curriculum over the last few years. The grade level teachers are also reviewing and meeting with the special services teachers to continue communication and insure continuity of skills are being taught.

I wish to thank the School, Dr. Lalley, and all the staff at Clark and Wilkins who through their efforts have continued to provide an environment for excellent education to occur. Parents, students and various community organizations also receive my gratitude for their assistance and donations to the elementary schools.

Respectfully submitted,

Herbert F. Oliver
Principal

REPORT OF THE PRINCIPAL
AMHERST MIDDLE SCHOOL

It is with great pleasure that I submit my annual report for the Amherst Middle School. During the past year, we have been very proud of the accomplishments of our students, teachers and program. We have had students win state contests in creative writing, State Student Energy Fair, Math Counts, DAR American History Essay contest, Mock Trial, art and musical performances. We have also had the honor of two of our Olympics of the Mind teams winning the state championships and participating in the national meet in Flagstaff, Arizona. We wish to commend all of these students and their teachers for truly exceptional performances. We look at this commitment with a sense of pride realizing that our Olympic of the Mind winners would not have been able to participate in the Flagstaff contest if it had not been for the financial support of individuals, local groups and business. This form of partnership certainly enhances a feeling of togetherness that we all share in helping to improve and foster the educational experience of this age group.

We have had a very slight turnover in the teaching faculty for the 1986-87 school year. Mrs. Judy Moore transferred from the Wilkins School to grade 6 to fill in for Mrs. Mary Alyce Martin, who is on a year's leave of absence. Miss Tracey Page was hired to teach the 6th grade, filling in for Mrs. Alice Giarrusso, who is on a one year sabbatical. Mrs. Donna Hamel returned to Amherst Middle School faculty after a one year sabbatical leave and resumed her duties in the Foreign Language Department. We are also pleased that Mrs. Sharon Wasson has returned as the teacher of Health Education. She was on our faculty prior to moving to Virginia and had just moved back to town when Mrs. Lindsay Moran resigned this position. Mrs. B.J. Carbee joined the faculty as a teacher of a Resource Room, which was originally staffed by a teacher from the Regional Special Education Consortium. The responsibility for this program has been assumed by the Amherst School District. Mrs. Nancy Wilson and Mrs. Marlene Pelletier have been hard at work as Instructional Aides in our two Resource programs.

The enrollment for the 1986-87 school year reached it's lowest point in the thirteen year history of the Middle School. This year we have 550 students, from a high of 850 students a few years ago. Projecting the enrollment over the next four years, we will start to increase again in the 1987-88 school year and expect to gain 29 students by next September. This growth should continue with slight increases over the next few years.

We are pleased to announce that through the efforts of Mrs. Lindsay Moran and Mrs. Sharon Wasson we were able to obtain a grant of \$1,700 from the New Hampshire Highway Department toward the purchase of a substance abuse program called "Here's Looking at You, 2000." We are also thankful for a matching contribution from the Amherst Lions Club of \$1,700 to enable us to get all of the material necessary for this program.

This school year found our teachers back at school sitting at their students' desks learning how to use computers. As part of a \$95,000 grant from the Governor's Initiative Grant - Computers for Teachers, our teachers were provided with computers to learn how to use them as management tools to make their classroom management of grading, etc. more efficient.

Last spring, through the generosity of Mr. Peter Wells and his family, the Wells Public Speaking Contest was initiated. The prize money for our winners was provided by the Wells children in a trust of money left to them by their mother. Anyone who had an opportunity to listen to our contest finalists (grades 5 through 8) would have been most impressed by their performance and the quality of speeches given that evening. This contest will become an annual event and we encourage all who are interested, to attend. The Annual Union Leader Spelling Bee Contest became a focal point for our students this year, with 25 students participating in an evening spelling bee in January to determine the school spelling champ. Our winner is going on to the county championship and hopefully from there she will be victorious and move on to the national championships. Last June, Mr. Ronald Reid received the distinction of being named N.H.'s Art Teacher of The Month. Joyce Kenne has been nominated to the National School Public Relations Association in Washington, D.C. for an award for outstanding contribution to the Middle School and community for her work as editor of our newsletter. Mrs. Gail Pierson was nominated for consideration as the N.H. Teacher of The Year. And, I was honored to be chosen by the Commissioner of Education to work on two committees: (1) the Student Achievement Program, which included drafting the proposal for the entire state for the testing of grades 4, 8 and 10 and the review process of all the companies that submitted to receive this contract and (2) to represent middle school administrators in the revising of the standards and guidelines for middle school education for the state of New Hampshire.

We have just received word that we have been selected as one of four schools to represent the state of New Hampshire in the National Secondary School Recognition Program. The other schools include, Nashua H.S., Londonderry H.S. and Sanborn Regional High School.

We wish to commend our 8th grade students on their achievement on the state wide standardized testing program. The Middle School ranked 9th in the total battery for the state. A close examination of this ranking will show that with the exception of one community, no other school had more than 30 students in their 8th grade. Anyone who wishes to review these results and state wide comparisons may do so. This information is available in the Middle School Library.

For the first time, the Amherst Middle School received an award from the N.H. Volunteer Association for our outstanding volunteer program. We wish to thank our volunteer director, Mrs. Carol Holden for all her dedication and hard work.

The success of the Middle School is directly related to the dedication of the teachers in this school, their commitment and dedication to the students they serve and their long hours of conferencing with parents, meeting as teacher teams and developing programs and curricula. This may be duplicated in other school districts but will never be exceeded. The Amherst PTA, under the leadership of Mr. and Mrs. Ronald Nelson, provided another human element that is unequalled in their support and commitment to making our school excellent. Mrs. Caroline Wojcicki, our Room Mother Chairperson, and her room mother committee enabled our fall coffees to be extremely successful. I wish to thank Dr. Richard Lalley and the Amherst School Board for their continued support in enabling us to truly provide an outstanding educational program for the students in our school.

Respectfully submitted,

Paul D. Collins
Principal

REPORT OF THE DIRECTOR OF SPECIAL INSTRUCTIONAL SERVICES

After an unusually busy time in special services last year, it is encouraging to see new programs and recommendations off and running smoothly and to have the opportunity to spend concentrated time on larger and more far-reaching issues.

The Amherst School District plan to assume the Resource Room program at the Amherst Middle School from the Regional Special Education Consortium (RSEC) has resulted in a cost savings to the district of approximately \$25,000. This program for middle school students with emotional and behavioral needs is now administered as a district program and has allowed us to continue a high quality program under our own administration at a savings to the district.

Our relationship with the RSEC continues to be a valuable and productive one, and is becoming more efficient all the time. In a cooperative manner we have reviewed and revised our needs and developed a more concise "fee-for-services" contractual system. The RSEC staff continues to provide excellent coverage in assessment and psychological consultation, and in addition, will provide counseling to individual special needs students. As this is a service often required for a student under an Individualized Education Plan (IEP), it is helpful both to the district and the student to have that service close at hand, immediately available in an emergency and less costly than private services. The Consortium's willingness to do evaluations in conjunction with our special education staff has resulted in a more effective and timely assessment system. A major goal of this 1986-87 school year was to develop district "assurances" required under both state and federal handicapped law. The RSEC staff has worked long hours with the Amherst School District staff to develop a clear, concise document, thus aiding the district's efforts to be in compliance with handicapped mandates.

Another requirement of state and federal handicapped legislation is "Child Find"; services to pre-school potentially handicapped children. In keeping with this requirement, the Amherst School District primary grade special education staff, along with many helpful volunteers, initiated a disabilities screening program for all five-year olds in Amherst. This was met with great enthusiasm by kindergarten staff and parents and will allow us to plan with and for incoming readiness and first graders for September 1987. The program will continue next fall and we look forward to a possible expansion to 3 and 4 year olds in the near future.

Looking more closely at the Amherst School District special education programs has resulted in two established needs: clarification of learning disabilities and remedial reading and better support at the secondary level for students leaving Amherst Middle School (AMS) with emotional/behavioral needs. It is our hope to redirect a large number of learning disabled students from the remedial reading program into the Learning Disabilities program, thereby providing them with a program in compliance with special education requirements

and enabling a number of non-coded students needing reading support to go into the reading program. This would require an additional half-time learning disabilities teacher, and would greatly facilitate services to both handicapped and non-handicapped students. The need for support of secondary behaviorally disordered students has been on-going, space allocation being a major hurdle. AMS staff will continue to work with Milford Area Senior High School (MASH) and RSEC personnel to facilitate the development of such a program.

The Spring and Fall of 1986 saw the rise of several new issues in special services, one of the most significant being Extended Education at AMS and more staff support for Extended Education at Wilkins. A part-time aide has been added to assist in the Wilkins program and a planning grant was applied for and received from the New Hampshire Department of Education (May 1986) to study gifted education in the Amherst schools. Several staff and administrative members, as well as a parent representative, participated in this grant. Resulting from the study was the recognition of excellent existing activities for high-ability students in the district, as well as the need for a more formalized approach to extended education at AMS. It is the very strong recommendation of the grant committee to place a part-time teacher of extended education at AMS to begin serving students and teachers in grades 5 and 6. It is the feeling of the committee that this would enhance services not only to high-ability students, but to students in the mid-range as well, as teachers are aided in their endeavor to teach all levels of students in the classroom. Ultimately, this support would continue through grade 8; MASH and the Milford administration are also working to develop opportunities for extended education which would facilitate the transition of these students to the high school level.

I am proud to say that one of our special education teachers at AMS, Gail Pierson, was nominated for New Hampshire's Teacher of Year. Although she was not chosen, it was extremely rewarding to witness the support and affection which Gail garners from her fellow staff members. She is truly a special educator and deserves all the recognition she received.

I continue to be grateful for the continuity and high quality of the special services teaching staff, the expertise and sensitivity of the administration, the support of the Amherst School Board, and the increasing involvement and contact with the community. All of this helps a difficult job get done easily and contributes toward a better understanding of all special needs students and a coordinated effort in their behalf.

Respectfully submitted,

Kathryn Nicholls
Director of Special Instructional Services

REPORT OF THE CURRICULUM SUPERVISOR

During the past year, a great deal of time, effort and attention has been devoted to the curriculum related issues. The Curriculum Coordinators working under the direction of the Curriculum Supervisor developed a series of goals for the 1986-87 academic year in August of 1986. These goals were grouped into four general categories: budget development, curriculum evaluation, professional development, and curriculum supervision.

Before the development of curriculum related goals began, some new members were selected to serve as coordinators. This new group consisted of: Toni Toniolo, elementary-math; Joanne Anctil, elementary-reading; Marguerite Brockway, elementary-integrated Arts; and Ron Reid, middle-integrated arts.

One of the first major concerns of the Coordinators and the Curriculum Supervisor this year was the development of the budget. Suggestions for streamlining the budget process were developed by this group. Many of these suggestions were later incorporated into the School District's budget process. The Coordinators continue to work on budget development in the areas of standardization and computerization. It is one of the goals of this group to completely computerize the budget process beginning at the Coordinators level and continuing through the issuing of purchasing orders. We foresee accomplishing this goal with the next budget.

In the area of curriculum evaluation, a number of projects are currently underway. Curriculums are being reviewed to earmark units of the curriculum that may be replaced in favor of the units devoted to higher level thinking skills. Furthermore, the District's assessment program is also under review. It is the goal of the Coordinators to examine the State Testing program to see if some of the District's previously established testing programs are redundant in light of the State's new testing program. In pursuit of these objectives, the Coordinators have closely examined the State's testing program. Also, many of the Coordinators have attended workshops in order to familiarize themselves with the development, implementation and reporting procedure of the State's testing program.

In the area of curriculum supervision there have been a number of developments. First of all, the Coordinators continue to meet both within the School District and with their counterparts in Milford for the sake of coordinating curriculums.

Coordinators established liaison people at each grade level to facilitate the building level meetings within each discipline. Coordinators from the Clark/Wilkins Schools and the Middle School Coordinators continue to meet monthly to coordinate curriculums within the School District. Periodic meetings between Amherst Middle School Coordinators and MASH Department Heads take place to insure curriculum coordination between School Districts. The Curriculum Supervisor continues to serve on the Milford Curriculum Council to facilitate

curriculum development between districts and to offer an Amherst point of view in dealing with curriculum related issues at MASH.

Work on two curriculum areas has begun this year. A Reading Committee was formed in the Spring of 1986 to revise the Reading Curriculum. Some of the Committee's members attended a Connie Muther workshop on curriculum revision and textbook selection. Using this method, the Committee did a reading needs assessment, established a philosophy statement, and then generated a list of priority statements for the reading program. Using the above criteria - needs assessment, philosophy statement, priority list - the Committee reviewed publishers' materials. The Committee then plans to recommend for purchase that publisher's material that comes closest to satisfying the Committee's criteria. This process will be completed by the Spring of 1987. Implementation of the program will begin in the Autumn of 1987.

The seventh and eighth grade French curriculum is also being reviewed. This is being done in conjunction with the Milford Middle School and with MASH. Implementation of the revised French Curriculum will take place in the Autumn of 1987. This process will also be followed next year when our Foreign Language teachers review the Spanish Curriculum.

One additional goal that is being pursued in the area of curriculum supervision is the development of a Curriculum Revision Schedule. It is the intention of the Coordinators to develop a curriculum document that not only sets a timeline for curriculum revision, but also sets forth guidelines and parameters for all future curriculum development in the Amherst School District.

The area of professional development was another general goal of the Curriculum Supervisor and the Coordinators. In pursuing this general goal this group has been involved with writing grant proposals, developing subject area goals, creating professional day offerings, and implementing the in-school visitation program.

The Curriculum Supervisor was actively involved in the pursuit of two grant proposals: the Education for Economic Security Act (EESA) grant and The Integrating Computers into the Curriculum grant. The EESA grant was approved. Thus providing the School District with \$1,449 in funds for the purpose of training Math and Science teachers in the areas designated by the School District. A decision on the computer grant has not been made at this time.

Each Coordinator also developed a set of specific goals for their subject area. Each of them is responsible for meeting these goals by the end of the school year.

The Coordinator also spent a great deal of time and effort in developing the School District's Curriculum Days. The January 30th Curriculum Day offers a variety of workshops to teachers. This year teachers had fifty-nine workshops from which to choose during this day-long program. The basic concept of the day is to have teachers and administrators teach teachers. The Curriculum Supervisor

and the Coordinators either conduct these workshops or obtained workshop presenters from outside the School District. The April 17th Curriculum Day is currently in the early stages of development. The theme for the day's activities is curriculum development.

One other aspect of the professional development goal is the in-school visitation program. This program is facilitated by the Coordinators. It offers teachers the opportunity to visit other classrooms for the purpose of seeing first hand what goes on in their subject area(s) at other grade levels.

There has been much that has been accomplished in the area of curriculum development during the past year as the above indicates. These accomplishments would never have been possible without the constant efforts of Coordinators: Jean Stefanik, Sam Giarrusso, Marguerite Brockway, Ron Reid, Linda Maston, Darlene Smith, Toni Toniolo, Kathy Trasatti, Joanne Anctil, Hedda Cohen, Linda Hodgman, Jon Manley, Gerry St. Amand and Porter Dodge.

Respectfully submitted.

Paul F. Tumas
Curriculum Supervisor

AMHERST'S STATE-WIDE STANDING IN 1984-85 COSTS PER PUPIL

COSTS PER PUPIL ARE BASED ON 1984-85 EXPENDITURES. THESE FIGURES INCLUDE ALL COSTS EXCEPT THOSE FOR TRANSPORTATION, CAPITAL OUTLAY AND DEBT OBLIGATIONS. COSTS PER PUPIL REPORTED BELOW ARE FROM OFFICIAL N.H. DEPARTMENT OF EDUCATION DATA ANALYZED BY THE CENTER FOR EDUCATIONAL FIELD SERVICES IN DURHAM. REPORT ISSUED NOVEMBER 12, 1986.

- A. HIGHEST ELEMENTARY: WATERTON VALLEY AT \$7,218
LOWEST ELEMENTARY: MILAN AT \$1,420 PER PUPIL
MEDIAN ELEMENTARY: \$2,283
AMHERST ELEMENTARY: 2,816 (RANKS 32 OUT OF 155 OR 79TH PERCENTILE)
- B. HIGHEST MIDDLE/JR. HIGH: SUNAPEE AT \$3,619
LOWEST MIDDLE/JR. HIGH: PITTSFIELD AT \$1,523
MEDIAN MIDDLE/JR. HIGH: \$2,548
AMHERST MIDDLE SCHOOL: \$2,943 (RANKS 14 OUT OF 54 OR 74TH PERCENTILE)
- C. HIGHEST HIGH SCHOOL: LINCOLN WOODSTOCK AT \$4,649
LOWEST HIGH SCHOOL: MERRIMACK VALLEY AT \$2,084
MEDIAN HIGH SCHOOL: \$2,970
M.A.S.H.: \$2,459 (RANKS 62 OUT OF 75 OR 17TH PERCENTILE)
- D. HIGHEST TOTAL K-12: WATERTON VALLEY AT \$7,218
LOWEST TOTAL K-12: MILAN AT \$1,430
MEDIAN K-12: \$2,420
AMHERST TOTAL K-12: \$2,884 (RANKS 38 OUT OF 158 OR 76TH PERCENTILE)

AMHERST SCHOOL DISTRICT

3013

STUDENT AWARDS

Funds in this account support student awards in academic and intramural programs, including 8th grade certificates and all ribbons and trophies given at the Science Fair.

1013,2013,
3014

WORKBOOKS

Most workbooks are consumed in the course of their use and must be replaced. At Clark and Wilkins, workbooks are used primarily in reading, phonics and mathematics. Workbooks at the Middle School are used primarily in English, reading, spelling, composition, computers, social studies, health, math, French, Spanish and instrumental music.

1014,2014,
3015

TESTS

Funds in this account are used to purchase diagnostic and placement tests in reading, mathematics and algebra. Our goal is to have every child placed at his proper level of instruction in the regular curriculum and in the accelerated math/algebra program at the Middle School.

1016,2016
3017

TEACHING SUPPLIES

This account includes all teaching supplies for each curriculum area.

1015,2015,
3016

COMPUTER SOFTWARE

This account contains funds for computer software in all three schools to be used in the computer labs at the Middle and Wilkins schools and in individual classrooms throughout the District.

1017,2017,
3018

TEXTBOOKS

The adoption of new R6 Reading textbooks accounts for the major increase in this account.

SPECIAL EDUCATION SALARIES

The District receives \$50,609 in catastrophic aid from the State of New Hampshire to help defray special education costs. In addition, approximately \$37,850 in Public Law 94-142 and 89-313 funds go directly to the Regional Special Education Consortium to help offset Amherst's expenses for psychological testing and out-of-district placement services.

Evaluation of every aspect of the special education program is on-going. The following staff and program recommendations are made for fiscal year 1987. All special education costs except for employee benefits appear in the 1200, 1202, 1290 and 1291 account series.

I. Program

- A. Continue early identification of pre-school and Clark School children's learning abilities, disabilities and learning styles.
- B. Continue non-categorical programs in which high risk learners and coded handicapped learners have equal access to special services at all schools.
- C. Continue to provide time for the District's certified special educators to conduct all educational testing, leaving limited psychological testing for the Regional Special Education Consortium.
- D. Insure that high risk and handicapped students receive necessary and sufficient support at the Middle School.
- E. Increase the use of computers for recordkeeping and instructional assistance.
- F. Bring all in and out-of-district special education programs and services into compliance with N.H. Standards for the Education of Handicapped Students and Federal Law 94-142, the Education of All Handicapped Children Act.
- G. Coordinate Amherst and M.A.S.H. special education programs and procedures.
- H. Improve programs for gifted and talented students.
- I. Evaluate all out-of-district placements with the goal to return programs and students to the district whenever educationally and economically feasible.

- J. Study the legality and feasibility of being the first New Hampshire School District to eliminate the labeling of handicapped students.

II. Staff

- A. Learning disabilities teacher, pre-school/R1.
- B. Special education aide; pre-school/R1
- C. Learning disabilities teacher, grades 2-3.
- D. Learning disabilities teacher, grades 4-5
- E. Learning disabilities teacher, grades 6-8.
- F. Learning disabilities teacher, grades 6-8, Part-time (New)
- G. Special education aide, grades 5-8.
- H. One and a half Speech/Language Pathologists to cover speech and language referrals and assessments at the preschool, elementary and middle school levels and to provide consultation to classroom teachers.
- I. Wilkins School resource room teacher.
- J. The Director of Special Instructional Services is responsible for the development and maintenance of programs and services for educationally handicapped students as well as for students in grades R-8 whose development is accelerated beyond the average to the extent that they need and can profit from specifically planned educational programs. The Director reports to the Superintendent of Schools.
- K. Special education teacher for emotionally disturbed program, grades 5-8.
- L. Special education aide for emotionally disturbed program, grades 5-8.

The positions noted above in K and L reflect the successful assumption during the 1986-87 school year of the Regional Special Education Consortium program by the Amherst School District. This program was run by the RSEC at the Middle School as an out-of-district program for several years. This program takeover saved the District \$25,000 in out-of-district tuition and transportation charges.

3236-5236
3240-5240

OUT-OF-DISTRICT SPECIAL EDUCATION TUITION
AND TRANSPORTATION

Planning tuition and transportation accounts for educationally
handicapped students who require programs outside the District
is very difficult. The number of variables is so great that
accurate cost projections from one year to the next are very
difficult.

Major variables include:

- General handicapped population growth or decline
- Students moving to and from the district
- Graduation/Discharge from programs
- Seriousness of educationally handicapping condition
- Age of student
- Success of previous intervention
- Availability of programs
- Child Find effectiveness
- Timeliness of Rate setting by the State Department of Education
- Program location (transportation/residential)

The funds represented here reflect the costs for tuition and trans-
portation to serve 38 Amherst School District students who require
private-day, private residential, or other out-of-district placements
due to their severe educationally handicapping conditions. Based on
known students and their needs at the current time and reflecting
anticipated costs, the costs for tuition and transportation are
projected for FY 1988 as follows:

Transportation:	\$ 62,200.00
Tuition:	\$528,010.00

The Amherst School District will accept tuition students from other districts for special education programs on a space available basis.

3238,4328
5328

REGIONAL SPECIAL EDUCATION CONSORTIUM (RSEC)

The Amherst School District's share of the costs for psychological testing, out-of-district placement and review services breaks down as follows:

Out-of-District Placement Services	26,819
Psychological Services	60,702
Total:	87,521
Less Federal 94-142 and 89-313 Funds:	37,850
Cost to District:	49,671

This budget is based on competitive rates charged by RSEC for services needed by handicapped students. School Board members and Superintendents from Amherst, Milford, Mont Vernon, Hollis and Brookline comprise the Board of Directors of the Regional Special Education Consortium.

\$7600

1029,2029,
3031

GUIDANCE SALARIES

One counselor serves Clark and Wilkins schools; two counselors serve at the Middle School. Salaries based on teacher salary schedule.

1039,2039,
3040

TESTING AND SCORING

The State Board of Education requires a statewide standardized testing program. Grades 4, 8, and 10 will be tested at State expense; grades 2 and 6 at District expense. The cost of administering Gesell developmental examinations to incoming first grade students is also budgeted in this account.

1040,2040
3041

HEALTH SALARIES

Salaries for Clark, Wilkins and Middle School Nurses are included in this account. Each nurse has a license to practice as a registered nurse in New Hampshire and performs several important functions, including but not limited to the following: (1) emergency first aid; (2) maintenance of student health records; (3) annual health screenings; (4) investigation of absences for possible health conditions; (5) prevention and control of communicable diseases; (6) prevention of accidents; (7) parent counseling; (8) administration of prescription drugs; (9) parent counseling on health issues (growth and development, common illnesses, hygiene, dental health and nutrition) and (10) assistance to teachers in carrying out the health instruction curriculum. Nurse are compensated as follows:

Level 1: Registered Nurse, Non-degreed - 80% of Teachers' Bachelors Scale, based on 37 1/2 hour work week.

Level 2: Registered Nurse, Degreed - 80% of Teachers' Bachelors Scale + \$1,500, based on 37 1/2 hour work week.

1052,2052,
3053

CONSULTANTS

Amount budgeted for speakers and consultants in areas of need based on annual district goals and individual continuing education plans. Two full days for training and curriculum development are again recommended in the FY 1988 school calendar.

1053,2053,
3054

PROFESSIONAL BOOKS

Funds to purchase professional books and periodicals for staff and general public reading.

1054,2054
3055

CURRICULUM COORDINATOR SALARIES

Coordination of instruction both within the District and with Milford is a high priority. The Middle School Assistant Principal has major responsibility for this coordination. Amherst's curriculum coordinators meet regularly with their counterparts from Milford to improve curriculum content and coordination. Amherst coordinators also monitor the implementation of programs, recommend staff training, prepare budgets for their subject areas and maintain up to date inventories.

<u>Subject</u>	<u>Clark/Wilkins Salaries</u>	<u>Middle School Salaries</u>
Language Arts	1,000	1,000
Science	1,000	1,000
Social Studies	1,000	1,000
Mathematics	1,000	1,000
Reading	500	1,000

Extra Curricular Activities	-	700
Special Subjects	500	500

1055,2055,
3056

CURRICULUM DEVELOPMENT SALARIES

Social Studies R-8

\$4,800 To fund 8 staff members (4 Clark/Wilkins, 4 Middle) at \$200/week X 3 weeks for the purpose of revising the existing social studies curriculum.

Foreign Language 7-8

\$400 to fund 2 staff members to work for one week on revising the French curriculum for grades 7 and 8.

1056,2056
3057

STAFF DEVELOPMENT

Teachers, administrators, counselors and librarians are required to complete a minimum of 50 clock hours of approved inservice training every three years if they are to maintain a license to teach in New Hampshire. Classroom assistants, secretaries, nurses, and SAU office staff must complete at least 25 hours of training in accordance with an approved continuing education plan.

\$65 per staff member helps defray some of the cost of attending conferences, workshops and institutes.

\$65 X 98 Professional Staff Members	=	\$6,370
\$65 X 21 Support Staff	=	1,365
Required attendance at training seminars for Curriculum Coordinators and other personnel	=	<u>1,000</u>
	Total	\$8,735

1057,2057,
3058

COURSE REIMBURSEMENT

In accordance with the Agreement between the School Board and the Amherst Education Association, \$250 is budgeted per teacher for graduate level courses. Funds not used during the school year are returned to the general fund; they do not carry over from one year to the next.

AEA Bargaining Unit Members	87 X 250	=	\$21,750
Other Professional Staff (Administrators, Guidance, Nurses)	10 X 250	=	<u>2,500</u>
	97 Total		\$24,250

1059,2059,
3060

LIBRARIAN SALARY

There is one librarian at Clark and Wilkins and another at the Middle School. Librarians are members of the Amherst Education Association and their salaries are based on the teachers' salary schedule. Summer library work is budgeted at \$350 per week for three weeks.

1067,2067,
3068

EDUCATIONAL T.V.

Public television programs and teacher guides are available from New Hampshire Channel 11 at an enrollment rate of \$1.50/student. Clark and Wilkins Schools are enrolled.

1068,2068,
3069

AUDIO VISUAL EQUIPMENT REPAIR

Funding to keep the district's audio-visual equipment in good repair including preventive summer cleaning and maintenance.

- 1069,2069,
3070 FILM RENTAL
- Funds for film rental are based on the following per pupil rates: R-4/\$1.25, 5-8/\$1.50.
- 1070,2070,
3071 LIBRARY SUPPLIES
- Supply items include such items as catalog cards, audio and video tapes, media-making materials and book rebinding.
- 1071,2071,
3072 LIBRARY BOOKS
- The acquisition, maintenance and replacement of reference, non-fiction and fiction books are budgeted in this account.
- 1072,2072,
3073 MAGAZINES AND PERIODICALS
- Subscriptions to professional magazines (e.g. Arithmetic Teacher, Instructor, Gifted Children Newsletter) and student magazines (e.g. Jack and Jill, Ranger Rick, World, Seventeen, Creative Computing and Science Digest) are included in this account.
- 1073,2073,
3074 AUDIO-VISUAL - LIBRARY
- Filmstrips, tapes, records, transparencies and other audio and visual materials bring added depth to a topic, reinforce classroom instruction and provide effective review.
- 6076 CONTINGENCY - COST SAVING AWARDS
- Food service workers, aides, custodians, secretaries and bookkeepers are eligible for cash awards for suggestions which document cost savings to the district. The majority of this account, however, is set aside for contingencies.
- 9002 SCHOOL BOARD SALARY
- 5 members at \$500 - \$2,500
- 9003 SCHOOL BOARD SECRETARY
- The secretary attends school meetings and keeps minutes of the proceedings. Estimated cost: \$6.55/hour X 4 1/2 hours/meeting X 24 meetings per year = \$707.

9008 SCHOOL DISTRICT REPORT

The estimated cost for 1250 copies of the Annual School District Report is \$1,605.

9009 SCHOOL BOARD EXPENSES

Amount budgeted for school board members to attend state meetings and conferences; also funds for legal notices for District and other meetings, bid requests and board-commissioned studies.

9010 SCHOOL BOARD MEMBERSHIPS

Several services come with membership in the New Hampshire School Boards Association: Negotiations updates, salary and fringe benefit surveys, training seminars, school law and PELRB information, school board policy recommendation and legislative and labor relations lobbying at the State House. The School Board is also a member of the New England School Development Council.

9017 LEGAL SERVICES

Legal advice to the Board on matters involving State and Federal laws, negotiations and personnel.

9019 AUDIT SERVICE

Independent annual audit of all financial records and accounting procedures of the School District including general, federal, food services and capital funds.

9021 EXECUTIVE BOOKKEEPER SALARY

Full-time Business Administrator replaced with a part-time executive bookkeeper in 1985-86. Three-day/week position continued in 1987-88.

9034 EQUIPMENT MAINTENANCE AND REPAIR

Cost of service agreements on CONTEL/CADO Computer (\$3,544), Pitney Bowes Copier (\$844), IBM AT (\$689), typewriters and calculators (\$500).

9036 RENTAL OF EQUIPMENT

Postage meter rental at \$46 quarterly, \$184 annually.

- 9038 POSTAGE
School and SAU mail is processed through the SAU postage meter.
- 9041 PRINTING
Funds for printing district forms, stationery, staff directory, etc.
- 9042 OFFICE TRAVEL
Authorized travel reimbursed at \$.22 per mile.
- 9043,9047 COURSE REIMBURSEMENT AND CONFERENCES
Funds for the SAU office staff to enroll in skill improvement courses and conferences.
- 9044 OFFICE SUPPLIES
Cost of copy machine paper, stationery, ledger pads, computer supplies, file folders, pens, pencils and various other office supplies.
- 9045 NEW EQUIPMENT
Included in this account is \$8,000 for the last year of a five-year plan to purchase a CONTEL/CADO computer. This system is used to jointly by the Town and School Department and the cost is shared on a 60%-40% basis, respectively. Also budgeted is an estimated \$500 for computer software and \$500 for the District's share of a Customer Support Agreement. This Agreement provides training, phone assistance, and system review. In addition, \$2,512 applies toward the lease-purchase of a Pitney Bowes copier and \$1,000 is earmarked for an newly-required IRS magnetic tape of Federal tax withholding records.

1076,2076,

PRINCIPAL AND ASSISTANT PRINCIPAL SALARIES AT CLARK, WILKINS AND MIDDLE

Salaries for principals are determined as follows:

	(1.)	(2.)
<u>Teachers Masters, Step 16</u>	X # Work Days	X Responsibility Index =
189		Annual Base Salary

(1.) Work Days: 205 - Assistant Principal
220 - Principal

(2.) Responsibility Index:
1.065 - Assistant Principal/Curriculum Supervisor
1.140 - Elementary Schools Principal
1.190 - Middle School Principal

In addition, up to \$1,000 may be awarded annually to each administrator for meritorious service on the recommendation of the Superintendent an approval of the School Board. This annual merit award is non-accumulative. A Clark School head teacher stipend (\$3,000) also budgeted in Account 1076. A major responsibility of the Middle School assistant principal, requiring an estimated 20% of his time, is to coordinate the development, implementation and evaluation of curriculums within Amherst R-8 and with M.A.S.H. Curriculum Coordinators for R-4 and 5-8 report to the assistant principal who reports directly to the Superintendent on this aspect of his work.

1077,2077,
3078

SECRETARY/CLERICAL SALARY

School	Daily Hours	Hourly Rate	Days	Total
Clark	8	8.04	235	15,115.20

1117	HEATING OIL - CLARK	
		10,625 gallons #2 fuel oil at estimated \$.67 per gallon
2118,3119	ELECTRICITY AND HEATING	
		Wilkins - Estimated 485,005 KWH @ .0933 /KWH Middle - Estimated 1,371,479 KWH @ .0933 /KWH
1119,2119, 3120	CLASSROOM EQUIPMENT REPAIRS	
		Classroom equipment repairs at Clark and Wilkins consist primarily of desk tops and chair seats, backs and glides. The Middle School account includes these repairs as well as repairs to the following: Woodshop sharpening (hand saws, dado sets, planer and jointer knives, circular saw blades); woodshop tool maintenance (drill press, jointer, lathe); metal shop tool maintenance; and home economics (scissor sharpening, sewing machine and stove service); and computer repairs.
2121	EQUIPMENT REPLACEMENT/NON-INSTRUCTIONAL - WILKINS	
	Simplex Clock Master	\$595

3108,5108 ALARM/ENERGY MANAGEMENT/ELEVATOR MAINTENANCE

Service Contracts or calls for the following:

Middle School: Energy Management System	\$3,000
Intrusion, Fire and Freezer Alarm	1,000
Emergency Power Generator	300
Elevator	227
Wilkins School: Energy Management System	800

5122 EQUIPMENT REPLACEMENT - MAINTENANCE DEPARTMENT

Wilkins - Vacuum Cleaner \$500

1122,2123, REPAIRS TO BUILDINGS
3124

Repair of door and window hardware (closures, locks), and carpets. Replacement of broken glass, ceiling tiles and fluorescent light covers.

3125 CARE AND UPKEEP OF GROUNDS

Middle: (1) Bark Mulch; (2) Top seeding and fertilizer on two playing fields and front lawn areas; (3) stone dust for playing fields.

3127,5127 VAN MAINTENANCE

Fuel, inspection, snow tires, tune-ups and general maintenance.

3131,4131, SCHOOL BUS FLEET INSURANCE
5131

The Amherst school district pays \$500 per bus annually for a \$10,000,000 excess blanket catastrophe liability policy. This policy acts as excess over Marinel's \$1,000,000 policy should Marinel's limits be exhausted in any particular claim.

3133,4133 SCHOOL BUS CONTRACT
5133

Marinel Transportation, Inc. is contracted to transport students, Readiness through the 12 grade, for a period of five years starting July 1, 1984 at the following sums:

1984-85	\$16,050.60/bus
1985-86	16,515.00/bus
1986-87	16,810.20/bus
1987-88	17,121.60/bus
1988-89	17,458.10/bus

Marinel presently provides 20 busses and drivers for School Board approved morning and afternoon routes and for a "late" bus to transport students who participate in after school activities from M.A.S.H. and the Middle School.

6132 SCHOOL BUS FUEL

Estimated annual fuel consumption: 56,800 gallons at an estimated \$.78 per gallon bid price.

1135,2137,
3138 PRINTING

Amount budgeted to cover the cost of printing report cards, records, forms, handbooks, curriculums.

Fund Balances - July 1	160,338	19,824	11,901
Fund Balances - June 30	157,457*	11,054	6,300

*Encumbrances are not the equivalent of expenditures and are, therefore reported as part of the fund balance at June 30 and are carried forward to be paid in the subsequent year. Outstanding encumbrances at June 30, 1986 total \$48,753, leaving an unencumbered fund equity of \$108,704.

AMHERST SCHOOL DISTRICT

AUDITOR'S REPORT

CARRI, PLODZIK & SANDERSON
Accountants and Auditors
193 North Main Street
Concord, New Hampshire 03301
Telephone: 603-225-6996

We have examined the general purpose financial statements of the Amherst School District and the combining fund and account group financial statements of the School District as of and for the year ended June 30, 1986. Our examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, the general purpose financial statements referred to above present fairly the financial position of the Amherst School District, at June 30, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in our opinion, the combining fund and account group financial statements referred to above present fairly the financial position of each of the funds and account groups of the Amherst School District, at June 30, 1986, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining fund and account group financial statements.

SYNOPSIS OF ANNUAL SCHOOL DISTRICT MEETING
MARCH 10, 1986

Peter Wells, Sr., Moderator, called the annual meeting of the Amherst School District to order at 7:45 p.m. on March 10, 1986 at the Amherst Middle School. Voters were admitted by Checklist Supervisors Jean Lyon, Marie Chase and Lynn Riccitelli. Mr. Wells led the voters in the pledge of allegiance and read the preamble to the 1986 school warrant.

On the platform were Kurt Pauer, chairman of the School Board, plus the other board members Ann Logan, Jane Cosmo, Diana Lambert and Donald Boyle. Also present were Superintendent Richard Lalley and counsel Brad Kidder.

Mr. Wells explained the rules under which the meeting would be conducted. After each article is read, a motion would be made by a school board member and seconded. Then the member would speak to the question, followed by a statement from the Ways and Means Committee, with a 2 minute limit. A vote to reconsider would only be accepted immediately after the article was voted, before the next article was read. The moderator would vote only to break a tie, and his vote would be in the negative.

Mr. Wells introduced Mr. Lalley who presented a "State of the School District" address. Mr. Lalley noted that the financial affairs of the district are in order, that the district has attained high standards within the financial limits of the budget, and that his office is compiling a Manual of Business Office Procedures. He spoke of the areas of concern which he had been working on: cost control, the pre-school handicapped children, special education, reorganization of the union office, MASH. Superintendent Lalley also noted gifts of \$1,500 from the Amherst Community Foundation for the redesigning of the computer lab and \$3,000 from the Amherst Mens Club for sports equipment. He announced that at the annual meeting of the Milford School District on March 8 a vote of 70% to 30% was taken not to terminate the tuition agreement among Milford, Amherst and Mont Vernon.

Kurt Pauer explained the budgeting process wherein cuts were made by the Superintendent prior to submission to the board, the proposal for public kindergarten was withdrawn, and further budget reductions were made by the board in January and February after meetings with the Ways and Means Committee.

Cliff Ann Wales, chairman of the Ways and Means Committee, spoke of possible future expensive programs facing the town, such a high school building program, kindergarten, town septic and solid waste problems, welfare, Baboosic Lake cleanup, possible full time paid fire and rescue personnel. The committee recommended an increase of only 8% with a controlled growth rate.

Jane Cosmo presented a resolution thanking Paul and Hope Caulfield for providing an area for town youth sports for the last six years, presenting them with a plaque.

Ann Logan presented a resolution thanking Louis and Marjorie Heaton for providing a safe, well-lit pond for ice skating for the youth of Amherst for 30 years, presenting them with a plaque.

Kurt Pauer noted that Diana Lambert was retiring after three years on the School Board, commending her work while a member.

Article I. To hear the reports of officers, agents and auditors, and to take action with reference thereto. Jane Cosmo moved passage of Article I. Seconded by Kurt Pauer. Motion carried.

Article II. To see if the district will vote to authorize the Amherst School Board to transfer \$6,100 from the Clark School Addition Funds and to spend the same for engineering services to examine the feasibility of converting existing electric heating systems at the Wilkins and Middle Schools to oil-fired or gas-fired heating systems for some other heating systems; and to authorize the Amherst School Board to close out the Clark School Building Fund by transferring the remaining balance of said fund including all principal and interest accrued thereon as of 30 June 1986 to the general fund of the school district. Kurt Pauer moved Article II be passed. Seconded by Ann Logan. Mr. Pauer explained that the money would pay for the study and engineering drawings of a conversion with a probable savings of 30-50% on energy costs and pay-back period of 5 years. Wallace Warren of the Ways and Means Committee noted it was in favor of the article.

Peter Hansen moved to amend article II to read "...that the balance of said fund including all principal and interest as of 30 June 1986 is to be transferred to the account general fund of the School District to become part of the school district unreserved fund balance to be used to reduce taxation in the 1986-87 school year. Seconded. A hand count showed 148 votes for, and 84 against. The motion carried. The amended article was then passed by voice vote.

Article III. To see if the district will vote to direct the School Board to negotiate an appropriate long-term contract with the Milford School Board for sharing the cost of renovating, expanding or replacing Milford Area Senior High School, or to take any other action relating thereto. Ann Logan moved acceptance of Article III. Seconded by Donald Boyle. Mrs. Logan explained that at the Milford School District Meeting an article for \$25,000 to study the Milford Schools was passed. Several voters expressed concerns about the overcrowding at MASH and the rising per pupil cost. Article III passed by voice vote. A sense of the meeting ascertained that the voters were in favor of a long-term agreement which should include voting rights for Amherst.

Article IV. To see if the district will vote to raise, appropriate and expend the sum of \$93,984 to cover the deficit of the 1985-86 budget which is anticipated by reason of the unexpected increase in the number of tuition students attending Milford Area Senior High School, the unexpected increase in the number of handicapped students requiring out-of-district program placement and the unexpectedly large increase in school bus fleet, school property and liability

insurance premiums. Mr. Pauer moved passage of Article IV. Seconded by Mrs. Logan. Mr. Pauer noted that an anticipated deficit of \$184,943 had been reduced to \$93,984 by freezing some accounts and an unanticipated reduction in heating costs. Harding Sortevik of the Ways and Means Committee noted that it recommended approval of the article. Motion carried.

Article V. To see what sum of money the district will vote to raise, appropriate and expend for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of said district and to authorize the application against said appropriation of such sums as are estimated to be received from the state and federal government, together with other income, the School Board to certify to the Town Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxation. Donald Boyle moved that \$7,644,691 plus the \$93,984 of the Article IV and the \$6,100 of Article II a total of \$7,744,775 be raised. Seconded by Diana Lambert.

Mr. Boyle referred to the hand-out given to the voters and explained areas where reductions have been made. Mrs. Cliff Ann Wales, chairman of the Ways and Means Committee moved that the district raise and appropriate \$7,619,775, a reduction of \$125,000. Seconded. William Belvin of that committee explained the committee's position, noting that the total tax increase of school and town would be \$338.00 per \$1,000 of the taxes if all warrant articles were passed.

Voters spoke in favor of and against the amendment. Over five voters had presented a request in writing for a secret written ballot. The polls opened at 11:10 p.m. with voting by check list and yes/no ballot. The polls closed at 11:30 p.m. The count was 105 yes, 114 no. The motion on the amendment failed. A written request for a secret ballot on Article V was withdrawn. The original motion was carried by voice vote.

Article VI. To see if the district will authorize the School Board to make application for and to accept and expend on behalf of the district, any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private trusts, foundations and individuals.

Mrs. Lambert moved the article, Mr. Pauer seconded. The article carried.

Article VII. To transact any other business that may legally come before this meeting. Mrs. Lambert moved the article. Seconded by Mr. Pauer. Article carried.

Upon a motion to adjourn, the meeting adjourned at 11:45 p.m.

Respectfully submitted,

Louise Ainsworth Marley, Clerk
