GEORGE W. STANLEY.

## REPORT OF SCHOOL BOARD.

To the inhabitants of the town of Piermont, we present the following report of the schools in town for the year ending Feb. 15, 1904.

Again we are pleased to note the progress made during the past year. During the winter there has been a great deal of sickness which, of course, has interfered with the term's work to a certain extent, but, all things being considered, we believe the schools as a whole have done thorough work. Some of our schools are very small, and we hope in the near future that more may be united which, we believe, would be beneficial to all concerned. We have been well pleased with our teachers; some of them have done excellent work.

Our grading is progressing but is not wholly complete in all the schools. We think the schools are gradually improving and trust they will so continue till they rank among the highest in the rural section of the state.
