# Fire Chief and Forest Fire Warden

---

It is with much gratitude I thank all those who helped make Richmond's fire record such a fine one for the past year when the fire danger was extremely high at various times.

We were fortunate in not having any forest fires. We did have three chimney fires and three building fires. Immediate discovery and prompt response by the firemen saved two of these which could of been a total loss in a short time.

The department conducted a six week course, one night a week, on operating the fire pump, and also a refresher course in using the resuscitator. Ten men attended this course.

The department purchased two hundred feet of hose to replace some poor lengths they had.

I urge your continued support in making another fine fire record in 1964.

Respectfully submitted,

ARTHUR E. STINSON

## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump — its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make a subject of play.

Lets all join with "Smokey the bear" and "Keep New Hampshire Green" and growing in 1964.

**SOUTHWESTERN N. H. DISTRICT FIRE**

**MUTUAL AID SYSTEM REPORT**

During 1963 we received 73 calls requesting assistance at fires, 437 pieces of apparatus were dispatched to handle these requests. For a comparison, during our first year, 1956, we dispatched 21 pieces of apparatus, a great example of the acceptance of Mutual Aid.

The Dispatchers handled approximately 30,000 telephone

calls, over 400 in one 8 hour shift during the dry season in October. Our Radio log sheets show a total of 15,799 fire transmissions and 14,482 police transmissions. Our Fire radio network has 178 units, and 23 police cars are equipped.

We find an increasingly amount of home monitors being put into service. Many Departments are fully equipped with each member having one. Those living adjacent to the stations have wired house speakers from their Base sets. These home monitors have proven a valuable addition to the departments, both for local fires and quick response for a Mutual Aid call.

26 Stations have now been equipped with Tone Decoders and the initial phone calls are being handled by the Dispatch Center. Additions are expected to be added to this number following Town Meetings.

ROBERT CALLAHAN,

Chief Coordinator

Circulation Data—	
Fiction	657
Non-Fiction	427

	<hr/>
Total	1635
Number of books added	370

Included in the above total are several new encyclopedias which I wish to mention — the 20-volume Young Peoples Encyclopedia of Science and the 17-volume Pictorial Encyclopedia of American History. These two sets are for grades 4-7. Harper's 4-volume Encyclopedia of Science and Grolier's Encyclopedia International are for grades 8-12 and adults. The latter set mentioned is so new that all of the volumes are not yet off the press. We have nine to date — there will be 20 when completed. We also had a gift of a 20-volume set of the Works of Charles Dickens for which we are very grateful.

The young people have earned the money for a new Hammond Atlas and are now working for a globe. They are selling name labels to earn this money.

Needless to say, concentrated effort was made by many people this year to get the library moved into the new quarters. On Nov. 16th, 15 young people and several adults turned out to help in the actual moving of the books. The boys packed and moved the books and the girls shelved them as they came in. At this point, my thanks go to the following people for their part in this undertaking — Nancy Atkins, Donna Brewer, Sharon Doubleday, Mary Lounder, Mary Tedford, Sharon Thresher, Jeanne Thompson, Bill Amidon, David Amidon, Timmy Brewer, Gordon Davis, Bobby Packard, Michael Rule, Bobby Tedford and Larry Wilson. To Mrs. Mona Packard and Mrs. Doris Doubleday for supervision in loading and shelving, to Eddie Martin for the use of his truck and to Mrs. Shirley Amidon for serving hot chocolate and cookies after the task was completed. There are still many things to be done but these will be completed in time.

It is a great pleasure working here and to see the young people taking such an active interest. They really appreciate a place to gather for study and chat. Our first Christmas tree was brought in and decorated by them and on December 30th, 43 of them enjoyed an evening of films.

I attended the New Hampshire Library Association Annual Meeting in May and the New England Library Association Annual Meeting in September. Both were held at Wentworth-By-the-Sea in Portsmouth. I am currently serving as Membership Chairman of the New Hampshire Library Association and have recently been elected to the By-Laws Committee of the New England Library Association.

My Board of Trustees and I urge you to come and see your new library. We are presently open on Wednesday from 3-7 p.m. We are planning a dedication sometime this summer, at which time a complete report on the project will be made. Until then I wish to thank all who have participated from the bottom of my heart. We never could have accomplished this much without your continued interest.

# Report of the Police Chief

---

I hereby submit my report for the year 1963.

We want to thank all those who have by their cooperation made our work easier. We sincerely hope that everyone will continue to promptly report any suspicious individuals or occurrences as soon as possible. Your department is here to serve you, but they cannot be of full service if they are not notified of happenings in the community.

During the past year your police department has investigated 14 instances of breaking and entering or stolen property. A stolen car was recovered.

We were called to investigate 10 disturbances of the peace and 13 incidents involving property damage. Two meetings were held with the youth of the town to establish cooperation.

Five undesirable individuals were transported out of town.

Your officers stood duty at the scene of twenty-one accidents, cooperated in the search for a missing person, and patrolled several areas where trouble was particularly prevalent. Warnings were issued and individuals taken to court in ten cases of traffic violations.

Delinquent dog taxes were collected and seven dogs were disposed of by the department.

Eight emergency messages were delivered and three warrants served.

The department has cooperated with the Athol and Winchester Police Departments, the sheriffs' department, and the State Fire Wardens in the enforcement of the fire ban.

The children waiting for the school bus and arriving home in the afternoon have had police protection.

One of your officers has been on duty at all the public functions held in the town.

During the summer we have tried to keep the beach free of congestion and undesirable conduct.

The department has cooperated with the Civilian Defense program in the town.

During the past year through the efforts of this department a traffic light was installed at Four Corners and a stop sign at the intersection of the Hatchery road and Route 32.

Respectfully submitted,

ROY B. HEISE

Board of Selectmen and Citizens of Richmond:

I hereby submit my report for the year ending December 31, 1963:

With the permission of the Selectmen, we are now using the old Fire House for a Control Center and Supply Depot. Some renovations have been made and more plans have been made for the future. Please visit it and help with it because it is for your protection.

We have received more Surplus Supplies, added a Radio Base Station and Mobil Unit and have received a F.C.C. License.

Your Director, with the help of the Deputy Director, has attended seventy five Federal, State, and Area meetings required by the Defense Department, as shown on the Program Papers for the Town, instructed a Shelter Manager Course in Keene, two Medical Self Help courses, and two Survival classes.

For a detailed accounting of our vouchers and transactions, please refer to the detailed account of Civil Defense in the Selectmen's Report.

We wish to thank the Town Officers and the Citizens of Richmond for the fine cooperation that we have received.

Respectfully submitted,

HECTOR G. HOLM

Director

# Report of the Board of Health

---

To the Selectmen  
Richmond, N. H.

The adoption of several sections of the State sanitary code, regarding standards of living, housing and sewage disposal, has had a major impact on the local health department this past year. It necessitated increased activity, not only for this office, but the cooperation with Keene.

To clarify unsanitary conditions existing in your town and to uphold the state code governing same, will ultimately benefit our town, and in so doing, does not create any undue hardship for the individuals involved. It will aid them in every way with their health and living conditions. Those who made this action necessary this past year have complied with all requests, which is very gratifying. These sanitary codes, along with others of importance, will be closely followed during the ensuing year.

Due to the dry spell last year, many families found it necessary to have water tests taken. Water pollution was active.

A close check was kept on careless disposal of refuse at the town beach and roadsides.

The appearance of fox rabies in the Northern part of the State makes it necessary that every one look with suspicion on a sick dog or cat. This is highly important. Two cases were reported, with proper attention given. The patients were treated by a doctor and a report filed. Both dogs were properly restrained for a ten day period, during which time their health and habits were closely watched. In one instance the animal was destroyed.

All communicable diseases should be reported to the local office, regardless of the Doctor's report. It is urged that you follow this request.

A weekly report, required by law, is sent into Concord every Monday covering all phases of the duties of the local Board of Health officer.

Respectfully submitted,

KATHRYN A. KLEIN

Health Officer
