AMHERST
TOWN WARRANT

The State of New Hampshire

March 8, 1988

Polls will be open from 7:00 a.m. to 7:00 p.m. at Wilkins School.

Voting on Articles 1, 2 and 3 will be at the polls.

Remaining articles will be considered at the meeting held at 9:00 a.m., March 12 at the Middle School.

To the inhabitants of the Town of Amherst in the County of Hillsborough and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Wilkins School on Boston Post Road, Village on Tuesday, the 8th day of March, 1988 at 7:00 a.m. for the choice of Town Officers elected by official ballot and such action required to be inserted on said official ballot (Articles 1, 2 and 3).

The polls will open on said date at 7:00 a.m. and will close not earlier than 7:00 p.m. in the evening.

You are hereby notified that the second session of the annual meeting of the Town of Amherst will be held at the Middle School on Cross Road, Amherst on Saturday, March 12, 1988 at 9:00 o'clock in the morning to act on those matters not to be voted on by official ballot (Articles 4 through 36).

Article 1.

To choose all necessary Town Officers for the ensuing terms.

Article 2.

To see if the Town will vote to make the following changes in the Zoning Ordinance and Zoning Map for the Town of Amherst.

AMENDMENT #1

To add a new Section 3-10 to the Zoning Ordinance so that fire, health, and building regulations are applied to new and altered structures dependent on the proposed use.

Section 3-10, Use Group Classifications

A classification system is necessary in order that appropriate fire, health, building regulations can be recognized and applied to proposed new structures or those to be altered.

A. Scope The provisions of this section shall control the classification of all buildings and structures as to use group.

B. The provisions of this section shall not be deemed to nullify any provisions of the Zoning Ordinance.

C. General All buildings and structures shall be classified with respect to use in one of the use groups listed below and such existing or proposed use shall be specified on the application for permit.

1. Use Group A. Assembly
2. Use Group B. Business
3. Use Group E. Educational
4. Use Group F. Factory and Industrial
5. Use Group H. High hazard
6. Use Group I. Institutional
7. Use Group M. Mercantile
8. Use Group R. Residential
9. Use Group S. Storage
10. Use Group U. Utility and miscellaneous

D. Doubtful use classification. When a building or structure is proposed for a use not specifically provided for, the use classification shall be in the use group which it most nearly resembles, and the building or structure shall meet the health and safety requirements of that group.

E. Mixed uses and occupancy. When a building is proposed to be occupied for two or more uses, the provision of associated codes securing the greater public health and safety shall be applied.

F. Incidental uses. Where the use is supplemental to the main use of the building and the area devoted to such use does not occupy more than ten percent (10%) of the floor area, the building shall be classified according to the main use.

BALLOT QUESTION:

Are you in favor of Amendment #1 as proposed by the Planning Board to add new Section 3-10, Use Group Classifications to the Zoning Ordinance?

YES NO

AMENDMENT #2

Withdrawn by the Planning Board.

AMENDMENT #3

Withdrawn by the Planning Board.

AMENDMENT #4

To delete contradictions in the Zoning Ordinance as the wording of the Planned Residential Development ordinance allows 'bonus' bedrooms while other sections of the PRD ordinance prohibits 'bonus' bedrooms.

BALLOT QUESTION:

Are you in favor of Amendment #4 as proposed by the Planning Board to delete paragraph 4 of the Planned Residential Development ordinance thereby deleting reference to 'bonus' bedrooms?

YES NO

AMENDMENT #5

To delete wholesale business as a permitted use in the Limited Commercial zone.

BALLOT QUESTION:

Are you in favor of Amendment #5 as proposed by the Planning Board to delete wholesale business as a permitted use from Section 4-8, Limited Commercial Zone?

YES NO

AMENDMENT #6

Withdrawn by the Planning Board.

AMENDMENT #7

Withdrawn by the Planning Board.

AMENDMENT #8

To add 'Religious purposes' to the uses permitted by special exception in the Limited Commercial Zone.

BALLOT QUESTION:

Are you in favor of Amendment #8 as proposed by the Planning Board to add to Section 5-2, Uses Permitted by Special Exception in the Limited Commercial Zone to include religious purposes?

YES NO

AMENDMENT #9

To clarify the fact that the Amherst Zoning Ordinance does not prohibit mobile homes in all zones of the Town.

BALLOT QUESTION:

Are you in favor of Amendment #9 as proposed by the Planning Board to amend the wording of Section 3-6, Mobile Homes and Trailers so that the fact that mobile homes are not currently prohibited in Amherst is made clear?

YES NO

AMENDMENT #10

To add a new Section 4-17, Northern Transitional Zone and amend the Zoning Map for same.

Section 4-17 Northern Transitional Zone

General The purpose of establishing the Northern Transitional Zone is as follows:

1. To recognize, establish, and affirm an area of the Town in which lower density development is of itself, desirable.
2. To recognize the unique scenic and natural character of a portion of Town which forms a natural entry to the Northern Rural Zone.
3. To ensure that future development in this area of Town be of a type that is compatible with the area's scenic and natural character.
4. That the Northern Transitional Zone shall be bounded by Horace Greeley Road on the north, NH Route 101 on the south, and Amherst Town Line on the east. The westerly boundary is the intersection of Horace Greeley Road and NH Route 101.

A. Permitted Uses

1. One-family dwelling and accessory buildings.
2. Farm, agricultural, or nursery use.
3. Roadside stand for the sale of farm produce or nursery products.
4. Home Occupation.
5. Planned Residential Development - PRD - In order to achieve the purpose of this section, Planned Residential Development shall be encouraged as the principle method of future development of this zone.

6. Other development - all development in this zone other than Planned Residential Development shall adhere to the following:

B. Area and Frontage Requirements

1. The minimum lot area for any permitted use shall be 3.5 acres.
2. Each lot shall have a minimum frontage of three hundred (300) feet on the principle route of access to the lot.
3. If frontage is provided by a Class A or Class B reduced frontage, thirty-five (35) feet of frontage on a publicly maintained road shall be sufficient for the lot or lots.

C. Yard Requirements

1. Each structure shall be set back at least fifty (50) feet from the front lot line, or at such a distance as shall conform to the line of existing buildings on that lot.
2. Each structure shall be set back at least thirty (30) feet from the side and rear lot lines. In the case of corner property, this distance shall be increased to fifty (50) feet on that side bordering a street, lane, or public way.
3. Any accessory structure shall be set back at least thirty (30) feet from side and rear lot lines and at least fifty (50) feet from the front lot line and shall not exceed twenty-two (22) feet in height. This height requirement may be waived for farm structures.

BALLOT QUESTION:

Are you in favor of Amendment #10 proposed by the Planning Board to add a new Zoning District and amend the Zoning Map for the Northern Transitional Zone?

YES NO

AMENDMENT #11

To add to permitted uses in the Residential, Rural, Northern Rural and Northern Transitional (if adopted) zones 'Cluster Developments'.

Purpose To provide for an alternative single-family development plan that would provide areas of open space, reduce the amount of road maintenance by the Town, allow a predictable rate of development, and keep the integrity of existing zone densities intact.

Density The Basic number of lots allowed per parcel:

Option A. The basic number of lots is the same as would be obtainable for a conventional subdivision of the same parcel using the existing Town Zoning and Subdivision Regulations and having public roads. The applicant shall provide the Planning Board with a preliminary plan of the parcel to establish the basic number of lots.

Option B. The basic number of lots is the same as would be obtainable for a conventional subdivision of the same parcel using the existing Town Zoning and Subdivision Regulations and having private roads. The land area used for the private roads may be divided by the minimum lot area and the resulting number is to be added to the basic number of lots. The applicant shall provide the Planning Board with a preliminary plan of the parcel including the area of land used for private roads to establish the basic number of lots.

Minimum Parcel Area. 10 acres in the Residential and Rural zones.

25 acres in the Northern Rural and Northern Transitional zones.

Minimum Lot Area. 40,000 square feet in the Residential, Rural, Northern Rural and Northern Transitional zones. In the Northern Rural and Northern Transitional zones, the average minimum lot area shall be 80,000 square feet, with a maximum lot area of 5 acres.

Minimum Lot Frontage and Width. 100 feet at the edge of the road right-of-way with a width of 150 feet at the front structure setback line in the Residential and Rural zones.

150 feet at the edge of the road right-of-way with a width of 200 feet at the front structure setback line in the Northern Rural and Northern Transitional zones.

No Class A or Class B Reduced Frontage Lots shall be allowed in a Cluster Development.

Front Structure Setback. 100 feet from existing Town roads and 75 feet from proposed roads in the Residential and Rural zones.

300 feet from existing Town roads and 75 feet from proposed roads in the Northern Rural and Northern Transitional zones.

Side and Rear Structure Setback. 30 feet in the Residential and Rural zones. 40 feet in the Northern Rural and Northern Transitional zones.

Cul-de-Sac Turnaround Lot Frontage. 75 feet at the edge of the road right-of-way.

Slopes and Wetlands. No wetlands or slopes over 25% will be used to compute the minimum lot area. No dwelling will be constructed on slopes over 15%.

Number of Lots Per Minor Dead End Cul-de-sac. Twelve (12).

Open Space. To be a shape and size to be of value to the residents of the Cluster Development and be of land suitable to outdoor recreation and conservation. No open space will be disturbed or developed except with the approval of the Planning Board. The minimum area shall be the basic number of lots times 0.75 in the Residential and Rural zones and times 2.0 in the Northern Rural and Northern Transitional zones.

Phasing. The Cluster Development shall have a reasonable phasing plan based on the Town of Amherst Master Plan and Capital Improvements Plan and be defined in a maximum number of dwellings constructed each twelve (12) month period commencing with the date of the first permit.

Definitions.

Minor Dead End Cul-de-Sac. A road that does not carry traffic from other roads.

Major Dead End Cul-de-Sac. A road that may carry traffic from other roads to existing Town roads.

Private Road. A road constructed to the Town of Amherst Subdivision Standards but that may have a reduced width right-of-way and roadway surface. The Planning Board shall require adequate covenants, restrictions, and agreements including a Home Owners Association to insure that the Town will have no liability or responsibility to maintain said road.

Turnaround. The end area of a cul-de-sac used to reverse direction.

BALLOT QUESTION:

Are you in favor of Amendment #11 as proposed by the Planning Board to add cluster developments to permitted uses in the Residential, Rural, Northern Rural and Northern Transitional Zones?

YES

NO

AMENDMENT #12

To revise the Historic District Zoning Overlay map.

BALLOT QUESTION:

Are you in favor of Amendment #12 as proposed by the Planning Board to amend the Historic District Overlay Map so that lots or homes are not split by the boundary line?

YES NO

AMENDMENT #13

To amend the Zoning Map so that Lot #2-19-1, Old Nashua Road, will be included in the Industrial Zone.

BALLOT QUESTION:

Are you in favor of Amendment #13 as proposed by the Planning Board to include Lot #2-19-1, Old Nashua Road, in the Industrial Zone?

YES NO

AMENDMENT #14

To allow a maximum floor area ratio of thirty (30%) percent in the General Office Zone.

BALLOT QUESTION:

Are you in favor of Amendment #14 as proposed by the Planning Board to amend Section 4-14, General Office Zone to allow a maximum floor area ratio of 30% ?

YES NO

AMENDMENT #15

Withdrawn by the Planning Board.

AMENDMENT #16

To incorporate in the Zoning Ordinance the means for the formulation and implementation of impact fees by the Planning Board.

Purpose Land development in the Town of Amherst generates certain increases in the cost of providing capital facilities and Town services. A system of impact fees and dedication requirements is intended to recover a fair share of the cost associated with the development and to expend the funds on specific, dedicated capital improvements, Town services, environmental maintenance and protection, public health and welfare, safety, recreation, education and mobility.

1. Land development and redevelopment shall not be permitted unless adequate capital facilities and services exist or are ensured to support the development.

2. Land development and redevelopment shall bear a proportionate share of the costs of the provision of new or expanded capital facilities and services.

3. The imposition of impact fees and dedication requirements are the preferred methods of ensuring that land development and redevelopment bear a proportionate share of the cost of capital facilities and Town services necessary to accommodate or support the development or redevelopment.

4. Impact fees and dedication requirements shall be based on functional standards that define the provision of various kinds of capital facilities and services to be provided through the impact

fees and dedication requirements. Standards may be developed to provide for the following capital facilities and services and others as may be necessary:

Water resources	Roads
Waste Disposal	Drainage
Parks and Recreation	Conservation Land
Fire and Police Protection	Emergency Services
Public Cemeteries	Libraries
Transportation Facilities	Public Buildings and Housing
Capital Equipment	Schools & Educational Facilities.

All standards shall reflect the existing conditions, nature, levels of service, and character of the Town of Amherst as defined in the Master Plan and updated by the Planning Board.

5. All improvements in capital facilities and services affected by the imposition of impact fees and dedication requirements shall be defined in the Master Plan and scheduled in the capital improvements program of the Town of Amherst or the amendments thereto.

6. The provisions for the development, implementation, and administration of impact fees and dedication requirements, and amendments as may be required, from time to time, shall be prepared by the Planning Board and instituted as subdivision regulations of the Town of Amherst. Impact fees and dedication requirements shall be calculated by the Planning Board and Zoning Administrator as elements of the subdivision process and administered by the Board of Selectmen or their designee.

7. Fees collected under this ordinance shall be held in dedicated capital accounts and expended only for the purposes of the fee imposition and in accordance with the Master Plan, the capital improvements program or other authorization of the Town. Fees must be expended on a timely basis.

Definitions

Capital Facilities and Services. All facilities, equipment and services provided by the Town of Amherst as necessary to support the functions of government and to provide for environmental maintenance and protection; public health, education, safety and welfare; mobility; recreation; and intergovernmental cooperation.

BALLOT QUESTION:

Are you in favor of Amendment #16 as proposed by the Planning Board to enable the Planning Board to devise and implement a fee system (impact fee) to be levied on builders/developers, to provide for future needed Town services, schools, roads, etc.?

YES NO

AMENDMENT #17

To amend the Zoning Ordinance to provide an opportunity for more affordable and diverse housing opportunities.

Amend Section 5-5, Uses Permitted by Special Exception in the Rural Zone.

9. Multi-unit residential dwellings for use by persons who have reached or who reside with a spouse who has reached the age of fifty-five (55) years, or multi-unit residential dwellings, without age restrictions, that are designated as apartments, limited to two bedrooms per apartment and that cannot be sold as individual units for a period of ten (10) years from the date of Planning Board approval. Subject to the following conditions and standards:

(3-4-75) 3-8-88

a. Each dwelling may be a single structure or a cluster of connected structures containing not less than two nor more than twelve (12) dwelling units. 3-4-75

b. Tract density shall be a minimum of one-half acre for each dwelling unit, and the entire tract of land on which such a development is situated shall contain not less than fifteen (15) acres. 3-4-75

c. No structure shall be constructed to a height greater than thirty-five (35) feet, exclusive of chimneys or cupolas, measured from the lowest adjacent exterior elevation. (3-4-75) 3-11-86

BALLOT QUESTION:

Are you in favor of Amendment #17 as proposed by the Planning Board to amend the wording of Section 5-5, Uses Permitted by Special Exception in the Rural Zone to allow more diverse housing, which could include apartment type dwelling units?

YES NO

PETITION AMENDMENT #1

To amend the Zoning Map so that lots 20-37, 6-68-32 and 6-67 in the area across from the Meeting Place would become part of the General Office Zone.

BALLOT QUESTION:

Are you in favor of changing the Zoning Map for lots 20-37, 6-68-32 and 6-67 located across from the Meeting Place from Residential to the General Office Zone?

THE PLANNING BOARD RECOMMENDS A YES VOTE.

YES NO

PETITION AMENDMENT #2

Withdrawn by petitioners.

PETITION AMENDMENT #3

Withdrawn by petitioners.

Article 3. By Petition

Shall we adopt the provisions of R.S.A. 80:58-86 for a real estate tax lien procedure. These statutes provide that tax sales to private individuals for nonpayment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes.

Article 4.

To see if the Town will vote to raise and appropriate the sum of \$650,000 for the purpose of constructing a new Fire Station on the Town-owned land where the Police/Rescue Building is located. The sum to be raised by the issuance of notes or bonds on such terms and conditions as the Selectmen deem to be in the best interest of the Town and the Selectmen are hereby authorized to execute such on behalf of the Town or take action relative thereto.

Article 5.

To see if the Town will vote to raise and appropriate the sum of \$190,000 to extend water to those residents of the newly expanded Village Water District in the Fieldstone/Blueberry area. The sum to be raised by the issuance of notes or bonds on such terms and conditions as the Selectmen deem to be in the best interest of the Town and the Selectmen are hereby authorized to execute such on behalf of the Town or take action relative thereto.

Article 6. By Petition

Tax Impact 1.625

To see if the Town will vote to raise and appropriate the sum of \$650,000 to erect a new Fire Station adjacent to the present Police/Rescue Building on Town-owned land, or to take action relative thereto.

Article 7. By Petition

Tax Impact .475

To see if the Town will vote to raise and appropriate the sum not to exceed \$190,000 for the purpose of extending the Village District water lines to include those residents in the Fieldstone/Blueberry area (who have voted to extend the water district) or take action relative thereto.

Article 8.

To see if the Town will vote to give the Selectmen and Town Treasurer the authority to borrow money in anticipation of tax receipts.

Article 9.

To see if the Town will vote to authorize the Selectmen to make application for, receive and expend in the name of the Town such advances, grants and aids or other funds as may now or hereafter be forthcoming from the U.S. Government, from the State of New Hampshire or from any other state and private agency or person included but not restricted to New Hampshire Land Conservation Investment Program (L.C.I.P.) R.S.A. 221-A or take action relative thereto.

Article 10.

To see if the Town will vote to raise and appropriate such monies as may be necessary to defray Town charges for the period July 1, 1988 to June 30, 1989.

Article 11.

To see if the Town will vote to authorize the withdrawal of the \$2,734.81 balance in the Federal Revenue Sharing account and the interest earned to July 1, 1988 for use as offsets against budget appropriations for the following purposes: for MC800 for highway tarring.

Article 12.

Tax Impact .142

To see if the Town will vote to raise and appropriate the sum of \$56,700 to resurface for scheduled maintenance within the context set by the Road Agent the following roads: General Amherst, Nathan Lord, Gov. Wentworth, Thatcher Drive, Cobbler Lane, and Orchard View or take action relative thereto.

Article 13.

To see if the Town will vote to raise and appropriate the sum of \$10,000 to replace a stone bridge on the Boston Post Road South near Yunggebauers, and approve the withdrawal of this amount from the Bridge Capital Reserve Account or take action relative thereto.

Article 14.

Tax Impact .025

To see if the Town will vote to raise and appropriate the sum of \$19,000, \$9,000 of which shall be withdrawn from the Tennis Court Capital Reserve Account, the balance to come from taxes, for the purpose of rebuilding and resurfacing the tennis courts on Davis Lane as recommended by the Recreation Commission or take action relative thereto.

Article 15.

Tax Impact .028

To see if the Town will vote to raise and appropriate the sum of \$11,000 to purchase 2,000 feet of four inch hose or take action relative thereto.

Article 16.

Tax Impact .146

To see if the Town will vote to raise and appropriate the sum of \$58,310 to begin the process of orderly maintenance of the Town Hall or take action relative thereto.

Article 17.

Tax Impact .163

To see if the Town will vote to raise and appropriate the sum of \$65,000 requested by the Planning Board for the purpose of completing a Traffic Master Plan or take action relative thereto.

Article 18.

Tax Impact .313

To see if the Town will vote to raise and appropriate the sum of \$125,000 to be administrated by the Conservation Commission with the concurrence of the Board of Selectmen, for the purpose of acquiring land, at their discretion for the protection of natural resources and to provide open space in accordance with New Hampshire R.S.A. 36A-5 or take action relative thereto.

Article 19.

To see if the Town will vote to raise and appropriate the sum of \$118,100 to cover additional 1988 appropriation occasioned by an increase over budget of the Landfill and the necessity to solve the change in the computer system in the present fiscal year, or take action relative thereto.

Article 20.

To see if the Town will vote to delete the entire Driveway Ordinance as it is now written and request the planning Board to include these regulations in the subdivision regulations of the Planning Board.

Article 21.

To see if the Town will vote to amend the existing inter-municipal agreement between the members of the Souhegan Regional Landfill District by deleting from the section below those lines which are highlighted as follows:

Section VI B) Procedure

Any proposal for amendment, except a proposal for amendment providing for the withdrawal of a member town (which shall be acted upon as provided in Section III), may be initiated by a vote of a majority of all members of the Committee. The secretary of the Committee shall mail or deliver a notice in writing to the Board of Selectmen of each of the member towns that a proposal to amend this agreement has been made and shall enclose a copy of such proposal. The selectmen of each member town shall include in the in the warrant for the next annual or special town meeting called for the purpose, an article stating the proposal or the substance thereof. Such amendment shall take effect upon its acceptance by all the member towns by their Boards of Selectmen, acceptance by each town to be by a majority vote at a town meeting as aforesaid.

Section II Location of Regional Refuse Disposal Facility

The Regional Refuse Disposal Facility shall be located within the geographical limits of the District, and the Committee shall establish a permanent mailing address so as to legally conduct business as authorized by the State of New Hampshire. The initial site shall be located within the boundaries of the Town of Amherst. The District will receive solid waste within the District of a location or locations.

Article 22.

To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town, to enact ordinances concerning the supervision and regulation of the collection, transportation, delivery and disposition of all or part of any solid waste generated within the Town so that the same is delivered to a designated resource recovery facility or such other facilities as may be designated by the Town for processing or for other disposition or handling.

Article 23.

To see whether the Town will vote to authorize and empower the Board of Selectmen to enter into an intermunicipal agreement, subject to the provisions of R.S.A. 53-A and R.S.A. 149-M, between the Towns of Amherst, Hollis, Brookline and Mont Vernon, the purpose of which agreement shall be the creation of an entity or authority which would discharge the respective responsibilities of said four towns relative to septage waste management created by law and to authorize the Selectmen to enter into and execute a binding contract on behalf of the Town to accomplish said purpose on such terms and conditions as the Selectmen deem appropriate or take action relative thereto including the receipt of any available state or federal funding for septage management.

Article 24.

To see if the Town will vote to accept as a gift, an outdoor basketball court which will be built with no capital expense to the Town but with the understanding that future maintenance and liability will be the responsibility of the Town.

Article 25.

To see whether or not the Town will vote to authorize the Selectmen to execute any and all instruments necessary to transfer any ownership or interests which the Town may have in and to the Brick School property to the Amherst School District.

Article 26.

Tax Impact -.025

To see if the Town will vote to authorize the Board of Selectmen to execute an easement to Pennichuck Water Company for an underground pump station to serve both Milford and the Amherst Village District on the land owned by the Fire Department off Stearns Road (2-127). Pennichuck Water Company, who will own the station, to pay the Town \$10,000 for the easement, the Amherst Village District to furnish water to the Fire Station and to install emergency power also to be shared by the Fire Station.

Article 27.

To see if the Town will vote to establish a Trust Fund for the express purpose of paying down borrowed funds and direct the excess current use recovery income be placed therein for the payment of Town debt. The payment into the fund shall be made annually in June. Expenditures of the principal shall be limited to 20% unless the Town Meeting approves a more substantial sum and shall be at the discretion of the Selectmen who are hereby named agents for the fund.

Article 28.

To see if the Town will vote to increase the number of Library Trustees to seven in accordance with the regulation requiring an odd number of Trustees as cited in R.S.A. 202A:6 or take action relative thereto.

Article 29. By Petition

To see if the Town will vote to discontinue and allow to revert to the abutters the portion of Limbo Lane from the northeast corner of lot 20-36 of the Amherst tax maps northerly to the termination point of Limbo Lane.

Article 30.

To see if the Town will vote to sell under the terms and conditions deemed by the Selectmen to be in the best interest of the Town, that portion of Limbo Lane which was turned back to the Town by the State and which is no longer needed as part of the Town road system. This lot borders on Tax Map 6-32; 2-37 and a portion of 6-61.

Article 31. By Petition

To see if the Town will abandon and allow to revert to the abutters the portion of Mail Road lying between Horace Greeley Road and New South Drive.

Article 32. By Petition

To see if the Town will abandon and allow to revert to the abutters (owner of lot 5-23) a northwest corner to Col. Wilkins Road at the intersection of Old Milford Road. The abandonment was made necessary due to the request of the Planning Board and the relocation of Col. Wilkins Road.

Article 33. By Petition

To see if the Town will vote to discontinue and abandon so as to allow the title to revert to the abutters, the road running between the Stanley Glover property and the Dickerman property known as Cross Road or Old Route 93 from Route 122 at the intersection of Ponemah Hill Road, to Bon Terrain.

Article 34.

To see if the Town will vote to abandon and allow to revert to the abutters that portion of Cross Road or Old Route 93 running from Seaverns Bridge Road to Cross Road in the Windsor Park area.

Article 35. By Petition

To see if the Town will vote to discontinue and abandon so as to allow the title to revert to abutters, the road known as Old Joppa Hill Road.

Article 36.

To transact any other business that may legally come before the Meeting.

Resolution:

That the Selectmen be directed to form a committee of seven consisting of one Selectman, an attorney, an accountant and four members of the public to study and report back to the March 1989 Town Meeting, an alternate form of Town Government which might replace the Annual Town Meeting.

Given under our hands and seal this 8th day of February 1988.

5102 Brick School: An article will return the Brick School to the School District.

5103 Town Hall: Town Hall repairs will be addressed in an article.

5107 Insurance: Insurances have increased dramatically in Health & Life areas. Workers Compensation is up considerably and will continue high for several years based on experience.

5106 Legal: Legal increase to cover labor negotiations.

5110 Appraisal: Appraisal reflects the addition of a computer plus extra time to input the data base.

5501 Landfill	15,641.00		15,641.00	18,115.64	2,474.64		19,445	22,513
	\$611,520.00		\$611,520.00	\$665,198.45	\$64,741.19	\$11,062.74	\$708,269	\$728,410

Public Works & Highways:

5400 General Expense: The increase is due to an increase in wages, electric, diesel oil, motor vehicle maintenance. This account has been decreased \$18,000 for HC800 and outside hire.
 5402 Oiling: There is a slight decrease in this category due to a cut in our supplies and pipe.
 5403 Summer Maintenance: This account has increased slightly in our regular and overtime wages as well as outside hire.
 5404 Winter Maintenance: There is a slight increase in the wages in both these categories.
 5406 Parks & Playgrounds
 & 5407 Cemeteries:

The increase cost to the taxpayer from the Highway Department operating budget for 1988-89 is .04% or a total of \$2,324. It should also be noted that due to an increase grant from the State under the Highway Block grant, our paving article for 1988-89 was decreased \$8,100.

COMPARATIVE STATEMENT OF APPROPRIATIONS AND REVENUES

	Budget	Added	Total Available	Expended	Over	Under	Budget 1987	Proposed 1988
Recreation & Culture:								
5601 Recreation	\$ 27,550.00	\$	\$ 27,550.00	\$ 25,603.93	\$	\$ 1,946.07	\$ 52,229	\$ 78,345

6201-6209 Capital Reserves:

The change here reflects a decision of the Board to recommend to you their belief that only major capital expenditures should be funded through reserves and to phase out items which might more properly be addressed in the operating budget. Some adjustments in amounts have been made to reflect anticipated increase in costs for major capital items in the out year.

SELECTMEN'S REPORT

1987 has proven to be a year of growth, of progress, of discouragement, and of planning for the future. With the increased number of new subdivisions (28) and of approved units to be constructed (208), the Selectmen have become acutely aware of the need to take a long look at the future of the Town.

The Selectmen are increasingly aware of the tax impact we all feel. The requirements of the Town, County, School all scream for attention and given a finite source of funding, we must balance these demands. The Board has searched for solutions by spearheading with the Milford Board of Selectmen, an effort to streamline County government making it more responsive to the towns. We are looking at the restructuring of the County tax which may well require legislative and your active support.

Your Selectmen have come down hard on the Landfill. While realizing the immensities of their problems, we have asked them to seek a solution which will allow us to close the facility at a rate of funding we can absorb. We are receiving support of our effort to establish a recycling program. A committee will shortly be reporting back to the Board and to you. We gratefully acknowledge the willingness of the Souhegan Regional Landfill District to accede to our request to spread their capital investment to allow us to help control our tax rate.

We have found that our salary schedule was not sufficient to attract and keep good people; therefore, the Board spent many hours in research prior to providing our department heads a list of recommendations of realistic rates. It was necessary to slot Town employees into a plan which is equal, irrespective of the department they are employed by, therefore, this new study has been given to the School and the Library with the hope that these Boards will also adopt it. We asked all department heads to complete their 1989 budget request, first slotting the salaries into their budget while maintaining a level of funding requests which will keep the tax rate as flat as possible. We have been pleased with the results and hope you will agree with our efforts to treat our valued employees fairly.

Part of the salary schedule covers the Police, who now are members of a union. Our first negotiations have been completed and essentially resulted in the acceptance of our adopted salary and benefit packages offered by the Board to our other employees.

Additional miles of roads are constructed each year requiring the expansion of our highway facilities. The appearance of contaminants in water systems serving several homes in a subdivision caused us to examine the source and scope of the problem. Research indicated, this was not an isolated incident. We were joined by the Conservation Commission, who supplied us with a very comprehensive plan for the testing and preservation of our aquifers, and the Village District, who also were looking for future expansion plans. This led to the establishment of a new committee, under the leadership of Charles Bacon of the Conservation Commission, to study and develop a long range comprehensive water plan for Amherst.

For several years we have worked to solve related problems dealing with the establishment of a sewer district at Bon Terrain both to protect the aquifer, to expand our industrial base and further to seek a solution to the State mandate that the four towns in the Souhegan Regional Landfill District solve their septic problems jointly. After receiving State approval of the direction for both of these projects, we worked to establish a sewer district to relieve the Town as a whole from the problem of funding the sewer project. We further acquired jointly with the other three towns in the Souhegan Regional Landfill District, a federal grant to expand the Milford composting facility. After many months of work approved earlier by the Boards of Selectmen from both Amherst and Milford, we were advised that Milford was no longer interested in either of the projects. We are now beginning again to seek alternate solutions to both of these matters.

The declining quality of water at Baboosic Lake is being studied with funding jointly received from your tax dollars and those of Merrimack. We are acutely aware of the pressing need to save this resource which we share and expect to be prepared to discuss this with you by March 1989.

A long term solution of the space needs of the Town Hall remains priority. While the Board received reports from the Heaton Committee and the Citizens Advisory Committee and held two special Town Meetings to address the problem, we failed to present a plan which you were willing to fund. The School District is moving to the Brick School to give us some room. We have included a warrant for minimum repairs to the Town Hall in our budget. Unfortunately, this matter will not disappear and we will continue to bring to you for action on our requests until we find the combination and money which you can all accept.

Affordable housing seems to be the buzz word for the future. The remarkable real estate market which we experienced in the past few years has brought to our attention the urgent need to be sure our young people and our retired citizens can find a home in Amherst they can afford and allow them to remain an integral part of our community. We are actively working with a committee charged with this responsibility who will ultimately seek your report.

At the last Town Meeting, we asked you to fund a joint assessor to be shared with Milford realizing that both towns needed more than temporary help. This need was underscored by a challenge to our tax base which resulted in the revaluation of a class of properties and a very large unbudgeted expense for abatements. We found it impossible to hire a person to fill this slot partly due to a revaluation of Milford and to the need to address our own data base to obtain equity of assessment. Accordingly, we have hired an assessor who will devote four days a week to Amherst and will review the shared position with Milford in the future.

101A, that on again, off again rebuilding project is again the victim of federal cut-backs, however, we have been assured the setback is temporary and 101A will be back on the schedule next year. The Horace Greeley Road Bridge approved by Town Meeting four years ago, is still viable and we expect construction to start in the spring. We have placed in the warrant an article for funds to support the Planning Board's request for a town-wide traffic study. It is our urgent desire to increase our income by positioning the Town through this type of study to develop a schedule of impact fees to help the Town fund the demands of future development.

Many other matters have demanded our attention including a stump dump location, bike paths, the need for a planner, the problem of emission control and zoning violations. Without the volunteers who give so generously of their time to help the Town, we would be unable to address all of these problems.

At every annual meeting we have complaints about long term planning. The Board is committed to planning. We have detailed in the C.I.P., plans for the next eight years, but find ourselves unable to move forward without the support of the Town.

We are committed to finding additional funds through impact fees where possible; however, cognizant of the fact that if these are not carefully structured, they can adversely effect our search to expand our tax base. We are asking for two studies which will help the Planning Board in this important duty - a traffic plan, mentioned above, and a long term solution to our water problems - again we need your help to achieve our goal.

Our need to rely solely on the property tax to fund the Town, School, County, Landfill, Communications, Water, Future High School Development makes it important that everyone participate in the decision making. We must keep our taxes in line but of equal importance is the future of Amherst. The path to be taken should not be that of special interests but the considered decision of what is best for the whole Town.

LINDA DAHLMANN, Chairman
CATHERINE CUMMINGS
WILLIAM OVERHOLT
JOHN SILVA
RICHARD VERROCHI

SUCCESS!

As we go to press, we have been advised that our efforts directed towards County Government have resulted in the discovery of sizeable overpayments of 1988 taxes by the 29 towns and will result in a refund of \$108,346.00 to Amherst.

In April of 1987, Albert Junkins retired from the Amherst Police Department after fifty years of dedicated service. Officer Junkins served in the capacity of Constable, Chief and Special Officer. The Amherst Police Department wishes to extend our best wishes and sincerely appreciate the devotion to duty and the Town during this period.

We have had our computer system in operation for a full year now and it is difficult to envision how we operated without it. Immediate recall of stored data as well as statistics has resulted in greater efficiency within the department.

This year has been disappointing in regards to personnel. One officer was out of work for an extended period of time due to back surgery. Two officers, selected through interviews and after extensive background investigations, resigned from the New Hampshire Police Academy. This shortage created a further burden upon the department in the face of rising activity. In addition to the manpower constraints, there are negative economic factors brought on by the resignations. There are expenses for advertising, screening applicants, uniforms, and the in-service training required before going on the road.

The Amherst Police Department is entering its first year with a union. Contract negotiations were completed in November and a tentative agreement was reached.

I would like to take this opportunity to thank the people of Amherst for their support. It is our goal to serve you in a fair, professional and courteous manner. With this in mind, we look forward to 1988.

JOHN T. OSBORN, JR., Chief of Police

DOG OFFICER'S REPORT

During the year of 1987, there were 345 dog complaints. Some of the more frequent complaints include barking dogs, dogs hit or injured on the roadway, stray dogs, dogs killing or injuring livestock and dog bites.

Dogs that run loose and get into their neighbor's trash is the most frequent complaint. In a lot of cases, the homeowners go to work, leaving their dog out or in an open garage. They don't think about their dog's activities during the day. These dogs go into neighbors' garages and get into the trash or bother the neighbors' dog that is tied. Dog owners should be reminded that in 1974 Amherst adopted a dog ordinance. The leash law states that dogs should be on their own property or, if out walking with their owners, the dog should be on a leash or under voice control.

The State of New Hampshire requires all dogs over the age of three months to be licensed under R.S.A. 466:1. The dog license expires on May 1st each year. The State allows a one month grace period. After June 1st, a one dollar per month late fee is charged. There were 831 dogs licensed in 1987. Many people forget or don't realize their dogs have to be licensed every year. When a dog is picked up and not licensed or does not display the tags, this presents more problems. These dogs are brought to the Nottingham Kennel. The dog is kept, by law, for seven days. If the dog remains unclaimed after that period of time, the kennel tries to find a good home for it. If a dog is sick, injured or not able to be placed, it is taken to the Animal Rescue League in Goffstown.

A lot of the stray dogs are the same violators over and over. This results in summons being issued and possibly court appearances. There were 55 complaints this year for unlicensed dogs or dogs running at large.

I would like to thank the townspeople for their cooperation. I look forward to working with you again next year.

SALLY LONG, Dog Officer

ROAD AGENT AND ROAD COMMISSION

In order to make you aware of some of the more important problems of the Amherst Highway Department, this report will include a very brief outline of our responsibilities and a detailed report on the proposed future projects.

Your Highway Department garage is located on Dodge Road and our office is open Monday through Friday from 7:30 a.m. to 2:30 p.m. Our work day is from 6:30 a.m. to 3:00 p.m. During storms, we have our secretary answering calls at 673-2317.

Besides the Road Agent, the Highway Department consists of eight full time employees plus three part time employees when necessary. The responsibilities of the Department are summer and winter maintenance of all town roads - approximately 120 miles, the care of four cemeteries, care of the Commons, Library, Fire Stations, Clark and Wilkins School yards, Brick School. In addition, we also assist other Town departments when requested.

Our equipment replacement and purchases are carried out on a regular basis with the monies from the Capital Reserve Equipment and Motor Vehicle funds. We do not anticipate substantial increases in these accounts in the near future.

Since we are a member of the New Hampshire Municipal Association, it is possible for the Highway Department to take advantage of group purchasing in almost everything we purchase. This is based on State bids and we also have available to us group purchasing through the Nashua Regional Planning Commission.

In trying to keep the cost of our operation to a minimum, we have rented certain equipment rather than purchase it and, therefore, will continue to do so for our street sweeper, backhoe, and loader, as well as extra trucks for Winter Maintenance. This also eliminates the need to hire additional personnel. As a result of keeping our staff to a minimum, we are presently short one person as compared to six years ago. High school students have been employed as much as possible to supplement our work force, thus eliminating a full time employee.

The Road Agent, Road Commission and one Selectman hold bi-monthly meetings to discuss highway problems as they arise. A member of the Road Commission attends all Planning Board meetings as our liaison. As a result of this participation in the Planning Board meetings, we have requested that developers participate in the improvement of some Town roads reference the development's impact on these roads. So far, we have received excellent cooperation reference these requests. An example of this is on the north end of Green Road and part of North Hollis Road where these improvements were made at no cost to the taxpayers. Even with this cooperation, there are areas where the Town is responsible for some upgrading and this has a substantial impact on our budget. Also, over the next several years another item that is going to have a serious impact is the paving of Town roads that were built by developers twelve to fifteen years ago. When these roads were first accepted, their immediate effect on the budget was in the area of Winter Maintenance and minor Summer Maintenance. These roads now need to be added to our paving program. Because of

this, it is necessary for us to include an article this year for \$56,700 with an anticipated article of \$48,000 in the 1989-90 Warrant. Our proposed paving program for the next four years is as follows: 1988-89 - Governor Wentworth Road, General Amherst Road, Nathan Lord Road, Cobbler Lane, Thatcher Drive, Orchard View Drive. 1989-90 - Candlewood Drive, Columbia Drive, Hemlock Hill Ext., Waterview Drive, Northern Boulevard, Melody Lane Ext., Crockett Lane, Holt Road, Arrow Lane. 1990-91 - Flint Drive, Wildwood Lane, Honey Brook Lane, Parkhurst Drive, Northern Boulevard, Paul's Way, Center Road, Terrace Lane, Fernwood Lane, Briarwood Lane, Ridgewood Drive, Tech Circle, Winterberry Drive, Manhattan Park. 1991-92 - Crestwood Drive, Fieldstone Drive, Olde Lantern Way, Tanglewood Way, Pulpit Run, Thistle Lane, Holly Hill Ext., Boston Post South, Boston Post North, Foundry Street, Davis Lane, Corduroy Road.

We have available to us monies under the Highway Block Grant program, which we receive from the State of New Hampshire and in that we have included, over the next few years, programs to improve parts of Old Lyndeboro Road, Christian Hill Road, Chestnut Hill Road, Spring Road, Baboosic Lake Road, Mont Vernon Road, Boston Post South, Horace Greeley Road, Boston Post North, Mack Hill, Thornton Ferry Road II, Eaton Road, Green Road, Thornton Ferry Road I, Milford Street, West Street, Clark Avenue, Washer Cove Road, Front Street, Hillside Avenue, Norton Street, Old Manchester Road. We will also make some minor improvements to some of the gravel roads such as Austin Road, Nichols Road and Boston Post North. The balance of those funds are applied to the previously mentioned paving program. It should be noted that if the income from the Highway Block Grant increases, the amount of money requested in these warrant articles will be reduced. The monies under our Road Improvement account are applied to the paving program. It is our opinion that unless we support these programs, it will result in a substantial cost to the Town in later years and almost certainly require a bond issue to play "catch-up". We are, therefore, asking your support.

Our Bridge Capital Reserve funds should have sufficient monies to cover future needs. The bridge at the junction of Horace Greeley Road and Brook Road is scheduled for construction in 1988-89 fiscal year. We are also asking for funds to be released at this Town Meeting from this fund for the replacement of a small stone bridge on the Boston Post Road South by the Yungebauer property - \$10,000.

In drawing up the budget for 1988-89, we have stayed within the guidelines set by the Board of Selectmen and believe that the increased cost to the taxpayer for the operation of the Highway Department will be less than a half of 1%. In contemplating supporting or reducing this budget, the taxpayer should keep in mind that due to the growth in this Town, roads are constantly being added to our maintenance program, such as Howe Drive and Standish Way in 1987. In 1988-89, it is anticipated that we will be adding Thoreau Lane, Farmington Way, extension of New South Drive, Simeon Wilson Road, Boylston Road, Saddle Hill plus two more roads off Mack Hill Road and the extension of Rhodora Drive. Something else which you should take into consideration is that we are getting more and more commuter traffic and because of the

restrictions placed on the bridge in Milford, areas like Merrimack Road are seeing a greater increase in heavy truck traffic. We would also anticipate a substantial increase in the area of Corduroy Road and Boston Post Road South during the construction on 101A. We ask that you please keep these facts in mind when you make your decision on your Highway Department budget.

In closing, we would like to thank the Board of Selectmen for their assistance and guidance during 1987, the dedicated employees of the Amherst Highway Department and the taxpayers of Amherst for their continued support. We appreciated receiving your comments and suggestions on how we can better serve the community.

RICHARD G. CROCKER, Road Agent
MERIC ARNOLD, Road Commission Chairman
SAM KLEIN, Road Commissioner
GEORGE BOWER, Road Commissioner

AMHERST HIGHWAY SAFETY COMMITTEE

It is with regret that a more definitive date for the start of Route 101A is not available. Once again this project has been delayed because of the reduction of Federal Funds.

We are continuing the street lighting project throughout the Town. Our final goal is to have all major intersections with lights. This safety feature also assists strangers in locating streets and reaching their destination.

JOHN T. OSBORN, JR., Chairman
RICHARD G. CROCKER
MARSHALL STRICKLAND
MARCIA HOUCK

ROY MASTON
LINDA DAHLMANN

AMHERST FIRE DEPARTMENT REPORT

1987 has been both a good and bad year for the Amherst Fire Department. Our total number of calls decreased slightly from our 1986 totals. We also experienced great success in limiting the amount of damage done by fire and related emergencies in the past year.

In March 1987, the Town voted and passed our Warrant Article for a new truck which has been ordered and is expected to be delivered in March 1988.

However, in September the department experienced a great loss when Firefighter Bruce Tarpley of Engine 163, passed away while participating in his Engine Company's monthly training drill. Bruce was a dedicated firefighter for over ten years and will be sorely missed.

The Amherst Fire Department responded to a total of 176 calls during the period from January 1987 to December 1987. A breakdown of the types and number of calls is listed below:

Structure Fires	12
Chimney Fires	20
Brush Fires	27
Debris Fires	3
Accidental False Alarms	37
Malicious False Alarms	1
Smoke Investigations	5
Motor Vehicle Fires	9
Motor Vehicle Accidents	17
Oil Burner Malfunctions	8
Machine Fires	5
Electrical Fires	6
Hazardous Materials Incidents	3
Service Calls	6
Mutual Aid Given	17
Mutual Aid Received	4

The Fire Department operates eight pieces of fire apparatus which are divided into three engine companies and one ladder company. There are two engine companies and one ladder company manning five pieces of fire apparatus from the Central Station on Boston Post Road in the Village. In the South Station on Stearns Road, we have one engine company manning three pieces of fire apparatus.

Listed below are the engine and ladder companies, their officers and the number of calls each vehicle responded to:

Central Station

Captain David Hanlon
Lieutenant Tom Grella

Engine 161	133 Calls
Tanker 171	25 Calls

Captain Walter Nelson
Lieutenant Peter Anderson

Ladder 175 45 Calls
Engine 164 23 Calls

Captain Jeffrey Manson
Lieutenant Dennis Wheeler

Engine 163 85 Calls

South Station

Captain John Bachman
Lieutenant Mark Maloon

Engine 165 76 Calls
Tanker 172 8 Calls
Utility Van 166 65 Calls

We try to maintain a force of 52 Callmen and one full time Fire Inspector. However, at this time we have only 45 Callmen and one full time Fire Inspector. Anyone interested in becoming a member can contact any Fire Department officer for details on how to do so.

Fire Prevention Office

Fire Inspector, Norman Skantze, reported the following activities of the Fire Prevention Office for the period of January 1987 to December 1987.

Review of Site Plans for Proposed Development	- 12
Review of Blueprints for Proposed Construction	- 50
Site Inspections of New Construction	- 148
Final Inspection for Certificate of Occupancy	- 62
Inspection of Existing Buildings	- 24
Inspection of Oil Burning Equipment	- 140
Inspection of Solid Fuel Burning Appliances and Chimneys	- 20
Inspection of Foster Homes	- 3
Inspection of Day Care Facilities	- 8
Inspection of Places of Assembly	- 17
Inspection of Public Schools and Buildings	- 10
Inspection of Propane Storage Tank Installations	- 40
Fire Investigations	- 12
Hazardous Material Investigations	- 3

The responsibilities of the Fire Inspector include: Routine inspections of buildings during construction, inspections of existing buildings, inspection of hazardous materials use and storage, enforcement of other complaints regarding violations to the New Hampshire State Fire Code and Town Ordinances. The Fire Inspector is also responsible for public fire prevention education, fire and hazardous materials incident investigations, and responding to all daytime fire calls.

This year the Fire Department is presenting the Town with two Warrant Articles. The first is for the construction of a new Central Fire Station to be located on the Town owned land next to the Police/Rescue Building. We have severely out-grown the present Central Station and as vehicle and pedestrian traffic increase in

the Village the risks involved with responding also increases. This new location also affords better distribution of equipment meaning lower response times for many areas and much safer travel for fire personnel responding to the station and apparatus responding to the call. The cost of this building would be \$650,000.

The second warrant article requests \$11,100 for the purchase of 2000 feet of large diameter hose for the new truck. This is the final step in our program to replace the old 2 1/2 inch supply lines with the more efficient 4 inch hose. This enables us to deliver larger volumes of water more efficiently on the fire ground.

The Fire Wards would like to thank the members of the department for their many hours of hard work and dedication during the past year. Also many thanks to Barbara Landry, the Board of Selectmen and the people of Amherst for your support.

MARSHALL STRICKLAND, Chief
DAVID HERLIHY, 1st Assistant Chief
RICHARD E. CROCKER, 2nd Assistant Chief

REPORT OF TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest tax law may be violated, call your Forest Fire Warden, or Concord Forest Protection Headquarters at 603/271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

Forest Fire Statistics - 1987

Number Fires Statewide	403
Acres Burned Statewide	189
Cost of Suppression	\$44,682

District

Number of Fires	128
Cost of Suppression	\$8175.27
Town	24

AMHERST RESCUE SQUAD

In 1987, the Amherst Rescue Squad responded to 475 calls for medical assistance, including 76 calls to Mont Vernon and 28 mutual aid calls to surrounding towns, while receiving mutual aid two times from those towns.

In addition to providing emergency medical service for Amherst and Mont Vernon, the Squad stands by at Amherst Patriot football games and other public events such as the 4th of July celebration. The Squad conducts blood pressure clinics, assists in manning disaster shelters when needed, and demonstrates the ambulance and equipment to school children and other interested groups. The Cardiopulmonary Resuscitation (CPR) Instructors on the Squad have conducted many CPR courses for the lay public and special groups. Over 1000 hours of uncompensated time per person are contributed by members of the Amherst Rescue Squad each year.

The past year has been very eventful for the Squad. The ranks increased to 53 members. Over half of them are trained in the use of the cardiac defibrillator and five members are able to establish intravenous lines for fluid replacement in trauma and for stabilization of cardiac patients. The purchase of "state of the art" rescue equipment and the replacement of several medical items was made possible by funds from generous memorial contributions to the Squad in the names of Ann Moody and Ted Houck.

The Boy Scouts of America Explorer Post 2941 now has 16 active members, ranging in age from 15 to 17.

On November 4, 1987 the new 141 was put into service and work on refurbishing 142 is in progress.

This past summer 36 members of the Rescue Squad attended the Stevens Advanced Driver Training School in Manchester. This enhanced their driving skills of both our emergency vehicles. Also during this past year most members received hepatitis shots to protect them from contracting that communicable disease.

The Rescue Squad is very much aware that it is through the continued support of the community that they are able to provide quality, up-to-date medical care in the event of sudden illness or injury.

The Amherst Rescue Squad is always willing to enlist new members, especially persons available during the hours of 6:00 a.m. and 6:00 p.m. during the week. Any member is able to give interested parties information regarding membership and training. Prospective Explorers may contact the president of the Post, or any Squad member.

ZONING ADMINISTRATOR'S REPORT

Overall Building Permit activity for the year of 1987 increased 16% over the preceding year, however permits issued for new residential units declined 16%.

Development in the Town has continued along traditional lines with no proposals brought for new structures in the recently adopted Planned Office or General Office zones.

It is expected that Planning Board activities, which involve plan review, site and test pit and perc test evaluation, and administration, will continue apace for 1988. The past year has seen no decrease in applications to the Planning Board.

Report for the Year 1987

<u>Permits Issued For:</u>	<u>Permits</u>	<u>Value</u>
New Residences	70	10,657,000
New Commercial - Industrial	13	13,250,000
Additions/Alterations - Residential	273	2,183,075
Additions/Alterations - Commercial/Industrial	42	596,900
Public Building (Wilkins School to Oil Heat)	1	100,000
Barns	6	63,500

PLANNING BOARD

The Amherst Planning Board had an extremely busy and productive year in 1987. In addition to reviewing site plans, the Board instituted significant changes in procedural regulations, studied and proposed various changes in the Zoning Ordinance, and continued to fine tune the Master Plan. The Board also began to examine some of the larger problems that affect not only our community, but all those in Southern New Hampshire.

Thirty-eight meetings were held, approximately two thirds of which were spent reviewing site plans. The Board approved twenty-four conventional grid-type subdivisions and four Planned Residential Developments. The PRD's contained 57 units, while the subdivisions contained a total of 151 lots.

There were 13 lot line changes and consolidations approved and eight non-residential site reviews passed. Two earth material removal reviews were granted.

The remainder of our meetings were devoted to planning. In response to an amendment to State statutes, the Board revised the subdivision regulations to streamline application and approval procedures. Basically, these changes reduce the number of mandatory review phases from three to one, with two optional reviews.

As in past years, the Board examined existing zoning regulations and proposed several zoning amendments. One of these, the Planned Office Development, created an overlay zone on land with frontage on certain portions of Route 101. The zone is intended to promote development of offices in a park-like setting in order to preserve open space, minimize the fiscal impact of growth on the Town and provide an alternative pattern of land development on a major roadway, rather than the pattern experienced on Route 101A. The March Town Meeting approved this change.

Finally, the Board formed several sub-committees to study long-range planning issues, in order to make informed choices on methods of dealing with these problems in the future. The issues examined were Impact Fees, Growth Control and Affordable Housing.

The Board hopes to present a zoning amendment to the 1988 Town Meeting to give the Planning Board authority to impose Impact Fees on new development. These fees are intended to recover a fair share of the increased Town cost associated with development and to expend the funds on specified Town services and capital facilities. Approval of this amendment will be but a first step in implementing Impact Fees.

The Growth Management Committee reported that Amherst's growth rate was proportionate to the growth rate of the region. Therefore, at this time, growth control measures would not be legally appropriate. The Board will continue to monitor Amherst's growth rate.

The final issue, Affordable Housing is a complex problem which affects the entire region. The major impediment to the availability of moderately priced homes is skyrocketing land prices, over which the Board has no control. The committee has spent the

year gathering information on the issue. However, further study is necessary before concrete proposals can be made.

The Planning Board members would like to thank the Zoning Administrator, Russ Abbate, and the Recording Secretary, Barbara Galuk, for their invaluable assistance throughout the year. In addition, the Board would like to urge the Citizens of Amherst to make your views on planning known. Attend meetings, write letters or call Board members on the phone. This is your Town, your views are important to us.

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment is established by State Statutes to make rulings on issues of zoning. Three types of rulings are within the jurisdiction of the Zoning Board of Adjustment:

1. Requests for variances to zoning requirements based on special circumstances and existence of a hardship.
2. Requests for special exceptions which are allowed uses in the Zoning Ordinance but only when certain conditions are met.
3. Appeals of a decision of the Zoning Administrator.

The Zoning Board of Adjustment held one meeting each month throughout 1987. Overall 30 cases were heard in 1987 and three additional applications were withdrawn.

Rulings were made on 32 variance requests approving 19 and denying 13. Additionally, one variance was extended and the Board ruled that two requests did not require a variance. One of the thirteen denied variances applied for and received a rehearing. The rehearing, on the basis of new evidence, resulted in overturning the original decision and approving the variance. Two other requests for rehearsings were denied.

One special exception was applied for in 1987. This request was denied.

The Zoning Board of Adjustment heard four appeals on a decision of the Zoning Administrator. Of these, one was ruled in favor of the applicant, overturning the Zoning Administrator's ruling; and the other three upheld the decision of the Zoning Administrator.

AMHERST RECREATION COMMISSION

In 1987, a total of 1,164 boys and girls participated in Recreation Commission Youth Sports activities (Basketball-220, Baseball-270, Softball-170, Track-63, Tennis-54, Soccer-385). The ARC also sponsored an informal high school age basketball program in the winter one night per week. Skiing day trips are but one of the new programs being developed for this age group in which the ARC views as a priority to increase activities.

Adult basketball and volleyball for men and women had close to 100 consistent participants in 1987 and the programs continue to run through the end of the school year. Adult tennis lessons, as well as an informal women's doubles league, also achieved success in 1987. A goal of the ARC is to coordinate more tennis tournaments for the future. Adult enrichment programs and the Amherst Town Band, under the direction of Jean Stickney, continue to be popular community activities. The ARC is in the process of developing a series of weekend ski trips for adults of all ages.

The Recreation Commission is extremely concerned with developing an on-going year-round program and activities schedule for Amherst Senior Citizens. The finish of 1987 saw all new plans and ideas about to be put into full swing for 1988. A goal of the Commission is to attract many seniors to these programs to help enhance socialization as well as creating a healthy environment.

The ARC, along with the Selectmen, are still concerned with the extent of vandalism that continues to occur to recreation property and facilities. It is our hope that, through community awareness, and the development of new programs, the problem will begin to become solved.

Baboosic Lake Beach season memberships and daily guests increased in 1987. 140 family memberships were purchased with 25 of those being non-Amherst residents. The summer weather in 1987 helped to maintain a successful program at the beach. As in past years, on-going tests showed the water to maintain high standards for recreation use. The Recreation Commission views the Baboosic Lake recreation complex as a natural resource of significant value to the Town of Amherst. The ARC has developed some short and long-range plans which have been, or are being, addressed.

1. Make Baboosic Lake financially self-sustaining.
2. Enhance the Town's appeal by maximizing use of the total facility.
3. Increase activities offered (consistent food concession, develop a canoe and wind sail boat launch, on-going volleyball with some tournaments, feature large-scale picnics, ice skating and fishing, cross country, more parking, etc.)

Amherst's long-range capital improvement plan includes mention of the need for a Community Center. Such a facility would provide a solution to many of the needs mentioned in the Town's long-range plan. It could be used for such things as Senior Citizens' activities, movies, theatre productions, roller skating, indoor sports

activities, banquets, civic meeting hall, dances, band concerts, high school age drop-in activities, etc. Many would be significant revenue-producing activities which could make the Center self-supporting. The Recreation Commission endorses developing long-range plans for the construction of a functional, all-purpose Community Center in Amherst.

Town field facilities developed over the past few years have proven their worth with the growing number of participants from ARC programs, as well as privately - sponsored youth sports organizations, and business and neighborhood groups who coordinate the use of the fields throughout the Commission. To protect the large field investment made, the Commission has worked hard to develop a series of short and long-range plans to assure proper care and maintenance. The Recreation Commission feels very strongly about keeping all of the fields in a safe and playable condition.

The philosophy of Amherst Recreation sports and activities remains consistent, with a large emphasis put on just getting children and adults of all ages to participate and enjoy recreation as a whole. Volunteer coaches' clinics were offered in 1987 and will continue to help serve our programs in the future. A student referee program was also developed in 1987 and involved nearly 30 high school age participants who officiated both soccer and basketball games. This program will continue for other ARC sports and is seen by the Commission as a wonderful learning experience for its participants.

The Amherst Recreation Commission is more than aware that it is members of the community who really make recreation happen. Volunteers have helped in many ways in 1987, some which include: The Highway Department Crews for performing many helpful tasks connected with recreation, the Amherst Soccer Club and Amherst Patriots Football organization donating many hours of volunteer work and financial donations into the area of field care and maintenance. The Amherst Athletic Association for helping to prepare and maintain the Boston Post Road diamond for baseball, the Amherst Rescue Squad for first aid courses offered by Priscilla Donahey for coaches, all of the Amherst Men's Club donations, the Lionesses and Junior Women's Club for all donations and assistance, and the Amherst School District Administrators and Custodial Personnel for their continuing efforts in coordinating space and facilities used for our recreational programs. A "special thanks" to the hundreds of volunteers who expend so much time, effort, and energy as coaches, referees, scorers, timers, field laborers, and helping hands of Amherst Recreation.

AMHERST CONSERVATION COMMISSION

Land Acquisition

Your Commission found it far easier in 1987 to be given land than to buy it. We accepted with pleasure the important donation by Harold H. Wilkins, Jr., of about 70 acres of woodland on the south side of Lyndeboro Road, much of which had been in his family for generations. While he has retained the timber rights, his aim in making the gift was to insure that the land could never fall to development. In this protection of open space, the Town comes out the clear winner. (The title will not pass until the completion of the survey early in 1988.)

It was almost four years in the process, but late this year we finally acquired a lot of about five acres on Boston Post Road opposite Wilkins School. This abuts Beaver Brook on the south, the Great Meadow (long held by the Commission) on the west, and our Town's lot on the north. We are working with the Science Department of Wilkins School toward the development of some sort of nature study program.

It's time had come: thanks to ground roots support, the General Court passed the Trust for New Hampshire Lands' bill for the purchase of land outright or of its development rights, funding it with \$20,000,000. At the close of 1987, the Land Conservation Investment Program board, the state commission that will administer the law, had yet to finalize procedures. It appears that about \$7,000,000 will be set aside as matching funds for towns, with a rather complex application process. Because of the 1987 Town Meeting's acceptance of our article for \$75,000, we now have about \$180,000 to match.

Over the year we approached some ten owners toward acquiring their land. Several were not interested in selling, and for others the time was not right. We are, however, presently negotiating with one owner for a highly important and visible parcel. Early this fall we found that another owner is leaving us part of his land in his will, bringing the total of willed land to about 250 acres. While we do not count our chickens until they've hatched, we are grateful that in this day of fabulous prices, there are still those who care more about keeping Amherst land open than in realizing substantial financial profit.

We are working with the recently reactivated Amherst Land Trust, the Commission's Danielle Hudson is a member thereof. While we cannot, the Trust can buy land on the market, sell off building lots, and turn over at a price, (of course) conservationally valuable land to us.

Land Protection

Under the leadership of Danielle Hudson, our dredge-and-fill committee conducted on-site inspections for proposed alterations of wetlands and submitted its enlightened-layman opinions to both the ZBA and the State Wetlands Board. One heartening development that we hope will increase is that several owners asked us to go over their plans before they made formal applications. This procedure gives an opportunity to work out any problems in advance.

One problem that faces both Town and Commission and is as yet unresolved is how to deal with those wetland alterations made by owners, perhaps in ignorance of the law, without permit. While alterations may not have been major ones, this is how our wetlands disappear: by being nickel and dimed away.

The Commission, as well as the ZBA and Wetlands Board, has been put between a rock and a hard place with applications for wetlands alterations on lots of record that are basically unbuildable. We accepted three such lots in Holly Hill mainly so they won't come back to haunt the Town in the future. We believe that on-site inspection by members of the Planning Board (admittedly already overburdened) at the time when a developer is submitting his plans would preclude the creation of any more such lots.

Because the purity of our water is of such immeasurable importance, under the leadership of Scott MacEwen, we developed a proposed plan for aquifer protection and submitted it to the Selectmen and the Planning Board. The three groups are beginning cooperative efforts on it. Whatever is decided will not be cheap to implement, but what isn't affordable when the alternative is polluted water?

Land Maintenance

The Commission was involved in several cooperative efforts toward improving conservation land. The most visible piece is Beaver Brook Park, where the Amherst Gardeners have undertaken a project of planting and maintaining shrubs and perennials, the Highway Department mows the front, and Commission members mow those parts the heavier department machine cannot get to.

Under the supervision and physical labor of Howard Parkhurst, we created road access into Caesar's Brook Reservation off Mont Vernon Road. The project was accomplished with the help of the Highway Department and was largely paid for by abuttor Charles Vars, whose land we have been using for access. We are working toward an agreement for clearing and maintaining in useful product a field on the property.

We realized \$819 from Parkhurst's continued thinning of the Sherburne lot on the Souhegan River. Nate Ericson removed a shack found there and also cleaned out most of an old dump on the Townes' land. We cleared Joe English trails and the Bicentennial Trail, an annual chore. We also erected a professionally produced map of the Joe English Conservation Area, at the Brook Road parking lot, to replace an adequate but very amateurish one.

Miscellaneous

We sponsored Cynthia Spiritu at the nature camp of the Society for the Protection of New Hampshire Forests. She was the only applicant, the first we've had in some time. Various members attended meetings and conferences too numerous to mention.

HISTORIC DISTRICT COMMISSION

The Historic District Commission consists of seven members and three alternates, all of whom are appointed by the Board of Selectmen. The Commission (generally) meets once per month and by ordinance is charged with the responsibility of reviewing all applications for building permits as well as for exterior renovations.

During the past year, the Historic District Commission reviewed numerous applications for renovations, the installation of fences and also for two new homes to be built within the District. In addition, the Commission also amended the Historic District map so that lots that previously had been only partially within the District, will now be totally within the Historic District.

The Historic District Commission also reviewed the Space Needs Traffic Study prior to the October Town Meeting and determined that it was unanimously opposed to that study. It was the belief of the Commission that a more simplified solution to traffic and safety problems could be found that would minimize the number of signs and the disruption of the traffic flow and, thus, be more in keeping with the historic character of the Village green.

When reviewing parking and landscaping plans at the library, the Commission voted to make a general statement on parking in the District rather than a statement that pertained to just one site. That position is as follows: (1) No further sacrifice of green space for future public parking should be allowed and (2) Parking in front of residential homes/property should not be viewed as a solution to present or future public parking needs.

Finally, in addition to reviewing applications the Historic District Commission is also charged to work towards safe-guarding the beauty of the Historic District. With that charge in mind, the Historic District Commission devoted considerable time to the possibility of installing granite curbing in front of the library as well as around the mall area across from the library. At the present time, that effort continues.

MILFORD AREA COMMUNICATION CENTER

The long-awaited move of the Communication Center, originally scheduled for March or April 1987, took place on October 13, 1987. Our new quarters on the top floor of the Milford Town Hall are twice as large as the old location.

All radio and telephone equipment has been replaced with new state-of-the-art systems, all under warranty. Although numerous "bugs" appeared at first, especially with the radio equipment, these have largely been eliminated and solutions are in sight for the few remaining problems.

Our new primary radio antenna site at the Mont Vernon Fire Station has resulted in much better area coverage, with some 500 feet more height above sea level than the Milford Town Hall. We have, however, retained our standby radio systems, also all new, at the Milford Town Hall. Thus there is minimal exposure to control-line disruption, and emergency power is automatic in case of power outage.

As of the end of December 1987, we are awaiting shipment of a computer system donated by Digital Equipment Corporation. This item was greatly facilitate record-keeping and logging, as well as data-base availability for street locations, hazards, etc.

Communications activity increased during 1987 to a total of 256,659 items, of which 130,584 were radio transmissions and 126,075 were telephone calls or lobby assists for Milford Police. The new dual-console dispatch layout has definitely proved its worth, allowing two matters to be handled at once by two dispatchers without either having to wait for the other.

The auditing firm of Briggs & McDonnell was contracted to examine our books annually - the first time this has been done. The auditors gave us a clean bill of health for 1986's books, and will be examining 1987's records this spring.

My thanks to all Communication Center personnel and Milford Town Hall departments for helping us to pull together the loose ends of moving upstairs and, essentially, starting a new operation without any break-in coverage or service.

ARTHUR R. EDGAR
Director

WELFARE REPORT

Based on a decreasing case load, I have recommended a reduction in the Welfare Budget for the second consequent year. Charitable organizations provide the Town with a cost-effective means for providing assistance. Aid is temporary; often a single payment for rent, fuel assistance, food or medicine is sufficient.

Amherst Junior Women's, Lions, area churches and local businesses provide food baskets at the holiday season, payment of past due bills, fuel assistance and donations of clothing for needy children.

The preponderance of jobs in Southern New Hampshire and the lack of affordable rental units within the Town keep the number of individuals seeking assistance very low.

The elderly represent 10% of the households in Amherst. Some of these citizens, on fixed incomes, are faced with expenses which outstrip their ability to pay and they find it increasingly difficult to remain in Amherst.

I am concerned about elderly residents who may be in need of assistance, but are unwilling to apply. I appeal to all citizens to call to our attention the needs of these members of our community. Once known, the Town of Amherst can provide its legal and moral obligations to people who have been the foundations of our community.

LINDA A. DAHLMANN
Welfare Officer

COMMUNITY COUNCIL OF NASHUA, N.H., INC.

Community Council, a non-profit, comprehensive community mental health center serving southern Hillsborough County and accredited by the Joint Commission on Accreditation of Health Care Organizations, asks that you place our request for \$3,388 in funding support in your municipal budget for the ensuing year.

The State of New Hampshire continues to restrict its financial support, in the form of subsidization of discounted patient fees, to the chronically and severely mentally ill, to children, and to the elderly, with discounts based on income and family size.

The services that we render to adult outpatient clients continue to be excluded from state financial subsidies. However, in light of our conviction that all segments of the population, including adult outpatient clients, are equally deserving of affordable quality mental health services, we remain committed to seeking alternative sources of funds to provide a discounted fee schedule to that segment of the population.

Without sufficient external funding support, including yours, Community Council will be unable to extend reduced rates to adult outpatients. We urge your assistance for and on behalf of residents of your municipality, and point out that without professional clinical intervention, it is likely that many of the mental health problems of the adult outpatient population could deteriorate and become severe and/or chronic.

Our calculation of local support needed is formulated by assessing the amount of service it is anticipated your community will use in the budget year (based on a percentage weighted one-half by population and one-half by previous year's utilization). The total cost of the service is then reduced by anticipated patient and insurance payments, your community's United Way support and a share of our endowment income. The result is the amount needed from the community to cover the remainder of the expense.

Calculations for Amherst funding, therefore, are:

Population	=	6.02%
Utilization	=	3.87%
Total	=	9.89%
	x	.50
Allocation	=	4.95%

Based on FY 1987 history and trend, our agency budget includes 2400 hours of service to adult outpatients, at a cost of \$272,153. Calculations for Amherst are:

	\$272,153	x	4.95%	=	\$13,472.00
Less:	Patient/Insurance Fees			=	\$ 3,919.00
	United Way Support			=	4,399.00
	Endowment Income			=	\$ 1,766.00
	Needed From Amherst			=	<u>\$ 3,388.00</u>

A statistical analysis of activity of residents in the adult outpatient program in FY 1987, as well as a line-item program budget, are available.

Your stable and reliable support over the years is sincerely appreciated. We look forward to serving you in 1988 and in the future. It is your full funding of our requests that insures that no one, regardless of financial circumstances, is refused service.

CAROL S. FARMER
Director, Administration

MILFORD REGIONAL COUNSELING SERVICES

We are writing in answer to your letter asking for our budgeting request to the Town of Amherst. We would like you to include \$2,500.00, as you did last year, in your 1988 budget.

We have continued to expand our services to the people of Amherst and thanks to the Town's support, we have been able to maintain our low base fee of \$15.00 per visit. We have had a lot of people coming to us who could not afford service if we did not exist. We do feel that many families and individuals are being helped to get some control on their lives.

We continue to operate with a part time staff of ten. We have flexible hours which gives us an opportunity to serve people in the evenings and on Saturdays. Our student program successfully gives training to masters degree people as well as supplements our service.

Under a separate grant, the Ella Anderson trust, we have sponsored an adult Day Care program which is run at the Milford Home for Aged Women two days a week. We can be contacted should the Town have any referrals to this program.

We continue to offer groups at low fees. One of the new ones being offered is S.T.E.P. (Systematic Training for Effective Parenting), a program for parents of adolescents.

We greatly appreciate the support of the Town of Amherst.

DOROTHY F. COLSON, ACSW
Director

ST. JOSEPH COMMUNITY SERVICES, INC.

St. Joseph Community Services has had the pleasure of serving 10 Amherst residents this year. Two of these seniors have attended our Congregate Site and eight have been on our Meals-on-Wheels program.

We respectfully request \$50 per person served or \$500 towards next year's SJCS budget. This is the same individual level of funding we have requested for several years.

We have met with your recreation director. Our new Amherst/Milford Site Coordinator will be working cooperatively with him to serve our older population even more completely.

ELAINE T. LYONS
Executive Director
MHSA/FAAMA

NASHUA MEDIATION PROGRAM

The Nashua Mediation Program has serviced eight Amherst families in 1987. The breakdown is as follows:

Male	Age 13	School Referral
Male	15	School Referral
Male	15	School Referral
Female	14	Div. for Children & Youth Services
Female	16	Div. for Children & Youth Services
Male	15	Div. for Children & Youth Services
Male	14	Police Referral
Female	16	Family, Self-Referred

To help in preparing the budget for Town Meeting, I have enclosed a statement for mediation services from July 1, 1988 to June 30, 1989. The fee for mediation services to Amherst would be \$800.

The Nashua Mediation Program provides services, free of charge, to any Amherst family experiencing conflict or difficulties. We welcome referrals from the court, police, schools, social service agencies or the family involved. Families referred to the Mediation Program may be experiencing difficulty with communication, generational conflict, substance abuse, school truancy, acting out or delinquent behavior or child abuse or neglect.

Hillsborough County and the New Hampshire Division for Children and Youth Services are seeking proposals for programs designed to prevent out-of-home placement of juveniles. I will be submitting a proposal to the county for the Nashua Mediation Program. If that proposal is accepted, your fee for mediation services could be reduced by fifty percent.

CANDACE GREGG
Mediation Coordinator

SOUHEGAN NURSING ASSOCIATION

Souhegan Nursing Association is pleased to be your local home health care agency, having served Milford, Amherst and Mont Vernon for nearly 40 years. Skilled professional nurses furnish comprehensive care including venipuncture, I.V. therapy, subcutaneous infusion pumps, wound care, osotomy care and medications. Physical therapy, occupational therapy, speech therapy and medical social services are also provided. Home Health Aides assist patients with personal care and other activities of daily living. Our Homemakers help the ill and frail elderly remain in their homes by helping with housekeeping, laundry, meals and shopping. Companions relieve family members by supervising the adult who is unable to be alone. Our loan closet maintains an array of medical equipment for our patients use.

Community services promoting good health for area residents are blood pressure screening, diabetic screening, influenza vaccine clinic, childrens' immunization clinics, well child program, childrens' dental clinics and caregivers group.

During the year 9/1/86 - 8/31/87 the following list of services were rendered to Amherst citizens:

Visits:	1033
Well Child Program	16
Immunization Clinic:	82

Community Services provided during the year but not separated by community:

Blood Pressure Screening	1182
Diabetic Screening	30
Flu Clinic	30
Tine Tests	47
C.A.P.S.	15
Childrens' Carseats	70
Equipment on Loan	418

Souhegan Nursing Association is eagerly developing a long range plan which will assure our preparation for the future home health care needs of tomorrow.

CHRISTY BELVIN, President
Board of Directors

NASHUA REGIONAL PLANNING COMMISSION

We are pleased to report that 1987 has been a year of major accomplishment for the Nashua Regional Planning Commission, with significant progress made on numerous regional and local projects. The NRPC is a cooperative venture of twelve local governments in the Nashua Area which is supported, in part, by funding from each member community's dues. We perform long range transportation planning for the region, assist each town in its local planning and zoning efforts and develop plans and programs for the solution of regional problems such as solid waste disposal and water quality protection.

Perhaps the most significant regional accomplishment over the past year has been the completion of the Regional Aquifer Delineation Study, conducted by the U.S. Geological Survey. The final report and maps were released at a press conference at the NRPC offices in November, followed by NRPC-sponsored workshops explaining how this \$250,000 Study provides our communities with aquifer maps upon which legally-defensible aquifer protection regulations can be based. Due to the efforts of the Nashua Regional Planning Commission, which coordinated funding and support for this project, our region is the first part of New Hampshire to be mapped.

As we all know, transportation is a major problem in the Nashua Area and the NRPC is striving to improve traffic conditions and transportation opportunities for our region's residents. Notable accomplishments include the Transportation Improvement Program (TIP) which provides a ranked list of transportation improvement projects. Many of these projects, such as the Hudson Circumferential Highway, widening of the F. E. Everett Turnpike and construction of new highway interchanges are included in the Governor's Ten Year Highway Plan and scheduled for construction in the near future. We have also been active in encouraging the State to keep our project on schedule and to address concerns raised by our communities. For example, the NRPC sponsored a meeting of State and local officials to discuss the location of toll booths along the Circumferential Highway. We were also successful in convincing the State to expand the Route 101A Bypass Study Steering Committee to include local elected officials to ensure local input throughout the corridor selection process. Furthermore, the Commission has aided several towns in determining traffic impacts associated with proposed developments via our traffic impact review service and has established a regional traffic count system to provide reliable trend data for traffic studies in our region. In an effort to improve our total transportation system, the NRPC continued to provide transit planning services and, in concert with the Chamber of Commerce and City of Nashua, we have initiated a feasibility study of extending passenger rail service between Nashua and Boston.

In response to inquiries from several communities, the Commission is in the process of writing an Impact Fee Handbook under contract with the Office of State Planning. This handbook covers legal issues, methodologies for developing a reasonable and legally-defensible impact fee system, sample ordinances and issues associated with town administration.

As you might expect, the NRPC is inundated with requests for data about the Nashua Region. The Economic Profile, which was last prepared in 1981, has been rewritten and updated to include commonly requested information and help reduce staff time consumed by data research. In addition, computer science graduate students at Rivier College prepared a Program Plan and Software Product Performance Specification for our Regional Data Center which we hope to establish during the coming year as a public/private partnership.

The Merrimack River is one of our region's most important natural, scenic and recreational assets. As a follow-up to hearings sponsored by the Commission last year, the NRPC is conducting a detailed parcel-by-parcel analysis of land use, ownership and natural resources. We seek to identify parcels which could provide public access and park land and are reviewing the consistency of local master plans and land use regulations in the four communities bordering the river.

In an effort to help protect and enhance our region's historic resources, the NRPC has established an historic preservation program and has hired a part-time historic preservation specialist. This service is available on a 50/50 matching basis to assist communities with historic resource inventories, creation of local historic districts, National Register Nominations and preparation of historic preservation chapters for town master plans.

The NRPC is very enthusiastic about the prospects for a geographic information system (computer-based mapping) for the region and state as a whole. Commission staff attended an intensive training program at UNH on the use of new GIS software for microcomputers and recently conducted a survey and analysis of potential public and private sector users who could share the costs and benefits of a geographic information system in our region.

The Nashua Region Solid Waste Planning District continues to move closer to resolution of solid waste issues and a feasibility study for a waste-to-energy plant in Nashua has been completed. Using some of the data and analysis contained in this study, the NRPC completed and updated the Regional Solid Waste District Management Plan and after extensive nation-wide research, prepared a Regional Recycling Plan. The Solid Waste District and NRPC also sponsored two successful Household Hazardous Waste Collection Days at four different sites in the region to help increase public awareness and provide a means by which residents can dispose of hazardous wastes properly.

This has been a frustrating year for septage planning in the Nashua Area. On the positive side, we have secured funding for the construction of a facility to treat septage from the four towns of the Souhegan Landfill District. State and Federal funds earmarked for the project stand at \$495,000. However, the reversal by the present Board of Selectmen of Milford of the previous Milford commitment to allow the Souhegan Landfill District towns to use their grant and other monies to finance an expansion of the Milford Waste Water Treatment Plant has left towns with a grant but no place to use it. Efforts are underway to decide upon an alternative strategy, insure that the Federal and State grant

is not lost, and to finally fulfill the septage treatment obligation of the four towns under State law.

The Commission also provides direct technical assistance and information to its member communities. In Amherst, for example, we provided information on methods to provide elderly housing, techniques for scenic resource protection and visual impact assessments and the establishment of an impact fee system to help ensure that new development pays its fair share of the cost of growth.

The Nashua Regional Planning Commission looks forward to working with the Town of Amherst during the coming year; please contact us whenever we can be of assistance as we seek to address the complex issues facing our communities.

ROBERT W. VARNEY
Executive Director

TREE COMMITTEE

The Town was fortunate in 1987 to have a minimum of disease or damage to its trees. Nevertheless there were several dead trees removed and the second of two trees damaged in 1986 on Spaulding Common was replaced. Many trees on the commons and on school grounds were fertilized and pruned by the committee and the crabapple strip was pruned professionally just before Christmas.

Trees are donated each year which the committee will plant and care for until they are well rooted. Many thanks to those who generously provide these fine additions each year. The library received a tree this summer from the committee in memory of Mr. & Mrs. Robert Seamans.

The Town also received nine young maples this year from the State at no charge. Thanks to Richard Crocker and his crew, these trees as well as ten purchased by the committee, were planted in the lower cemetery area off Foundry Street.

REPORT OF THE LIBRARY TRUSTEES

June 14, 1987 saw the conclusion of the trustee's and library staff's program for larger and modern quarters with the dedication of the addition to the Amherst Town Library. It was indeed a day for the citizens of Amherst to be proud as the doors were formally opened with music by the Amherst Town Band. The program featured music groups, a folk singer, a story teller, a clown, refreshments and tours of the building completed by R.M. Aho and Sons Construction, Inc.

The addition and renovation was a Town project. Private donations to allow it to happen were received from many individuals, businesses and organizations. The Amherst Lions Club helped us move our collection. The Amherst Gardeners not only designed the landscaping but did much of the work. An Eagle Scout project included some landscaping in the back with a bird bath and bird feeder. Donuts and coffee were sold by the Junior Women's Club at soccer games with the proceeds given to help support the project. These are just a few of the many ways in which the citizens of Amherst came forward and became involved. The trustees were individually proud to have been able to be a part of what happened.

The Gilbert Stuart portrait of Charles Atherton given to the Amherst Town Library at its original dedication was returned from the Currier Gallery in Manchester to be displayed behind the circulation desk.

The time since June has seen the new meeting room become used increasingly more often by organizations in the Town. Our programs of information and entertainment have been started again with seminars on investing, the new tax law, etc.

Outreach programs have begun both for the children of the Town with "The Little Yellow Wagon", thanks to our children's librarian, Erna Johnson, and for the elderly with books available for home delivery by volunteers. The trustees have granted Erna Johnson a leave of absence to pursue a masters degree in library science which should permit her to further expand the activities of the Childrens Room. We look forward to her return and her new ideas. In the meantime, Liz Fairbairn has ably taken over Erna's duties.

Technology is also finding its way into our new building with our computer hookup which permits us to search for books anywhere in the state. The staff is also beginning to "bar code" our collection as the first step towards an automated circulation system which when implemented will give much greater control over our collection.

The trustees would like to thank our patrons for their perseverance during the construction project and for their support. We would also like to thank the library volunteers who have helped to maintain the excellent service for the Town and the Friends of the Library for their continued support. We cannot overlook or forget to thank our staff for the many hardships which they endured this past year. Their enthusiasm was invaluable.

MEMORIAL DAY

Weather: Hot, humid, sunny
Participants: Police, MASH Band, Scouts, Firing Squad, Selectmen, State Reps, Rev. Arnold Johnson, Marshal Bill Hopkins
Thanks: Ann Bergin, Chris Whittaker, Len Twiss, Ernest "Pop" Law for setting out flags
Events: Parade along usual Village route and ceremonies at each cemetery - low turnout of spectators

FOURTH OF JULY

Theme: "Anniversary Celebrations" specifically honoring Girl Scout's 75th and the U.S. Constitution's 200th
Marshal: Creeley S. Buchanan, Parade Marshal Emeritus
Float Judge: Bob Philbrick of Milford
Honored Guests: U.S. Senate Minority Leader Robert Dole, (Main Speaker), Secretary of Transportation Elizabeth Dole, U.S. Senator Gordon Humphrey, Mrs. Humphrey & Son, Daniel
Citizens of the Year: Elliot & Jean Lyon received the Powder Horn & Musket Award in the form of a silver Paul Revere Bowl
Sign Carriers: Lesley Baker, Courtney Bergin, Danielle Bucklin, Melissa Kimball, Meg Kokinakis
Weather: Warm, humid, breezy, cloudy (no rain!)
Paraders of Note: Gov. Michael Dukakis of Massachusetts
Winning Floats: "Best" - Junior Womens Club
"Original" - Grella & Son Landscaping
"Colorful" - Newcomers
Schedule of Events: Booths on the green, parade, ceremonies,
Saturday: Wigwam & Chapel open, Lioness Bike & Carriage Contest, Men's Club Field Events at Wilkins School
Sunday: Softball Tourney
Band Concert - Amherst Town Band
Ice cream sold by Amherst Community Foundation, Girl Scout Birthday Cake given away, U.S. Constitution Birthday Cake was not cut and donated to the Mt. Vernon Inn.
Thanks: Town Departments: Highway, Fire, Police, Rescue; Dave Hall, Tom Olsen, Tom Grella, Joe Luongo, Peter Bergin, Lyn Riccitelli, Louise & Bob Marley, Kip Kokinakis, Fay O'Neil, Ray Nolan, Francis Perry, Men's

ANN BERGIN
Chairman

SOUHEGAN VALLEY ASSOCIATION FOR THE HANDICAPPED

Over the Fiscal Year 1987, the Souhegan Valley Association for the Handicapped has continued to implement and revise "project independence", a plan to effectuate and sustain programs of the Association independent of State or Federal funds. As a result of this plan, many operational issues continue to confront the agency that will require additional detail planning and management.

1. Results of Most Recent Fiscal Year

Initially the Association had planned that its trainee work force would produce handcrafted wooden giftware in sufficient quantity to meet its revenue goals. However, sales were less than anticipated due to issues beyond our control.

The agency revised its forecasted product income to revenues from its sub-contracted services. Commitments were made to manufacturers and plans to accomplish these goals were undertaken. Throughout the year the Association continued to manufacture products and add industrial sub-contracts from industry, thereby increasing trainee based revenues to many times greater than the program has ever achieved before. Additional trainee based work was identified and new vendors were added to the agency's plans.

The size and volume of the work has been and still is testing virtually every aspect of the Association's managerial and physical plant capabilities.

2. Current Program Services

Creating additional training and work opportunities for the community has been a rewarding aspect of the program services over the past year. The Association has served more mentally and physically handicapped individuals than ever before. Additionally, new services for community based residents were created. "Home-works", a program designed to provide work opportunities for the handicapped and low income aged has been well received in the community. The Association has also expanded these services for the emotionally impaired, stroke and trauma victims, industrially injured and economically disadvantaged. Well over \$75,000 has been paid in direct wages to such populations. We believe this to be a significant and desired benefit to our community.

3. Planning and Projections for the Next Fiscal Year

Worked Based Planning:

Plans for the current fiscal year and short term future are to continue to expand the Association's work base as it is the primary means of revenue to continue services. Additional work must be identified in order not to allow the Association to become too reliant on a few resources.

Trainee and Homework Services:

Based on applications for services, the Association has a list of individuals applying for assistance that we are unable to serve at this time. It is our goal to increase our capacity over the next year to meet the needs of these individuals.

Current Fiscal Year Community Based Services:

During the past year the Association has provided employment based programs for over 100 individuals. Currently the Association serves 63 individuals from ten townships in the Souhegan Valley area. Services for the Town of Amherst provided for 17 individuals, amounting to seven workshop based residents and ten home workers.

Planned Services:

Our plans, based on current requests for and actual services, will maintain programs for 21 individuals, seven workshop trainees and 14 homeworkers. Applications beyond the projected services cannot be realized unless additional sources for funding can be identified during the next year.

4. Physical Plant Requirements and Recommendations

Material Handling:

The Association has identified the need to build a loading dock. The requirement toward this end has become self-evident over the past year with the volume of work related projects coming to the center. Additionally, material handling equipment is being sought in the way of a pallet jack and electric fork lift. This is being accomplished through a grant request to the Bean Foundation. Donations are being sought to design, purchase and construct this project and it is the workshop's goal to have it completed by late winter or early spring '88.

Utility Conservation:

As a part of costs containment the Association is attempting to identify additional ways to reduce utility costs. Plans in all areas of utility costs must be based modifying operational policy and replacement or repair of facility or equipment.

Transportation:

Replacement of the agency's two trainee transport vans are of extreme importance to the viability of services to the community. Without safe, dependable vehicles, the Association sees virtual shut down of services to the community. We have embarked upon efforts to fund raise the needed money.

Equipment:

The addition of counting scales will be required this year as it is necessary to allow trainees and staff options to better monitor work being completed.

5. Staffing

Wages:

Over the next year, the Association must continue to evaluate labor costs in a region in which we are paying well below the average wage. It is one thing to find individuals that are willing to work for less than the community average but it is another to expect to maintain a stable work force.

Volunteers:

The Association must continue to involve and increase community volunteers in its master plan. Besides the benefits to trainees in the areas of socialization and roll modeling volunteers offer staff resources to enable additional coverage not currently available as paid staff positions at this time.

6. Conclusions

Without additional assistance from alternate funding sources, the Association faces a difficult, if not impossible, task of serving the community. Community fund raising, township funding, corporate support and foundation grants will be of extreme importance to the Association over the coming two years. It is the Association's hope that instead of relying on community based fund raising support, we will be able to continue to increase trainee based work revenues to offset operational expenses. This will allow fund raising to support expenses, such as housing, social and recreational program improvements for the handicapped.

7. Town of Amherst Based Assistance

Our plans to serve 21 trainees from the Town of Amherst over the coming year will offer individuals a chance to grow and maintain themselves in our community. We believe the services we provide to Amherst are vitally important to community members and offer a significant resource to handicapped, elderly and low income residents.

The Souhegan Valley Association for the Handicapped is seeking assistance from the Town of Amherst toward its programs in the coming fiscal year. We respectfully request support in the amount of \$3,000 to assist us in meeting our goals. This support amounts to a yearly cost of \$143.00 per individual served.

STEVEN E. BOTHWICK
Executive Director

AUDIT

An audit of the books of the Town of Amherst has been performed by the firm of Carri, Plodzick and Sanderson. A copy of the Audit is available at the Town Hall during regular business hours.

SYNOPSIS OF TOWN MEETING

March 10, 1987

Voting took place on Tuesday, March 10, 1987 and Town Meeting was held on the subsequent two nights.

Acting under warrant for Town Meeting, polls opened at 7:00 A.M. and closed at 7:00 P.M. at the Wilkins School. 1205 ballots were cast.

Article #2 Zoning Ordinance and Zoning Map Amendments

Amendment #1 To Amend Section 4-7, 4-8, 4-9 and 4-14

Are you in favor of Amendment #1 as proposed by the Planning Board as follows: To amend the wording of Section 4-7, 4-8, 4-9 and 4-14, to make the allowable total floor area of a structure a percentage of total lot area (Commercial, Limited Commercial, Industrial and General Office Zones)?

Yes 783 No 265

Amendment #2 To Amend Section 3-6

Are you in favor of Amendment #2 as proposed by the Planning Board, to correct an error in the existing text. Manufacturing housing is currently "permitted" in all zones of the Town. Delete the word "prohibited".

Yes 863 No 216

Amendment #3 To Amend Sections 4-3, 4-4, 4-5

Are you in favor of Amendment #3 as proposed by the Planning Board, to allow greater height (22 feet) to accessory (garages, etc.) structures (Residential, Rural, and Northern Rural Zones)?

Yes 737 No 356

Amendment #23 To Amend All Remaining Sections Containing Words "Private Way"

Are you in favor of Amendment #4 as proposed by the Planning Board to delete words "private way" from the ordinance and replace with words "reduced frontage"?

Yes 653 No 403

Amendment #5 To Add a New Zoning District (Planned Office Development) and Overlay Map (As Posted) Depicting Such District, to the Town

Are you in favor of Amendment #5 as proposed by the Planning Board, to add a new Zoning district and overlay map to the Town, Section 4-16, Planned Office Development, to encourage general and professional offices in park-like settings?

Yes 702 No 396

Amendment #6 To Add Definition of a Private Road and Driveway to Section 9, Definitions

Are you in favor of Amendment #6 as proposed by the Planning Board to add definitions of private road and driveway to the Zoning Ordinance?

Yes 920 No 163

Amendment #7 To Amend Section 4-9, Industrial Zone

Are you in favor of Amendment #7 as proposed by the Planning Board to delete paragraph 11 and 12 and substitute a more detailed list of permitted uses (adding banks, coffee or sandwich shops, veterinary clinic, interior recreational establishments, public utility buildings, home occupation), and change wording of paragraph 8 and 9?

Yes 795 No 282

Amendment #8 To Add a New Zone and Zoning Map (As Posted) to the Town, Section 4-17, Northern Transitional Zone

Are you in favor of Amendment #8 as proposed by the Planning Board to add a new Zone and Zoning Map to the Town which zone would allow a higher density than that permitted within the Northern Rural Zone (a dividing factor of 3.75 rather than the current 5)?

Yes 356 No 727

Amendment #9 To Amend Section 9, Definitions, Planned Residential Development

Are you in favor of Amendment #9 as proposed by the Planning Board to amend the density formula used to determine bedrooms within a Planned Residential Development making said formula more sensitive to the predominating soil type of the land being subdivided. Such formula to apply to the Northern Rural and Northern Transitional zones?

Yes 691 No 381

Amendment #10 To Amend Section 9, Definitions, Planned Residential Development

Are you in favor of Amendment #10 as proposed by the Planning Board to make comparisons of overall density achievable within a conventional subdivision of land as contrasted to a Planned Residential Development form of subdivision?

Yes 631 No 415

Article #4

To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds for use as offsets against budget appropriation the amount indicated for the following purposes: \$33,530 for MC800

Selectman Catherine Cummings defined MC800 as oil for roads, \$33,530 to offset that amount. It was passed on a voice vote.

Article #5

To see if the Town will vote to give the Selectmen and Town Treasurer the authority to borrow money in anticipation of tax receipts. Passed by voice vote.

Article #6

To see if the Town will vote to authorize the Selectmen to make application for, receive and expend in the name of the Town, such advances, grants and aids or other funds as may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire or from any other state or private agency or person or take action relative thereto. This was passed by a voice vote.

Article #7

To see if the Town will amend the Rescue Vehicle Capital Reserve to permit that Capital Reserve to be utilized for repair or replacement of the existing ambulance or take action relative thereto.

After some discussion, Article #7 was passed by a standing vote needing a 2/3rds majority. 432 votes were cast: 399 for and 33 against.

Article #8

To see if the Town of Amherst will vote to raise and appropriate the sum of \$10,000 for the repair of Unit 142. The money to be raised by withdrawal from the existing Rescue Vehicle Capital Reserve and any balance to come from taxes or take action relative thereto.

John Sopka proposed to amend the article to delete the words "withdrawal from the existing Rescue Vehicle Capital Reserve and any balance to come". This amendment was defeated after some discussion.

After the discussion on repair of 142, the meeting questioned the wisdom of replacing a custom vehicle (present 142) with a cheaper stock vehicle. Chief Houck explained that the ambulance squad has decided that they would, in the future, add a third vehicle. 141 would be the primary ambulance and a stock vehicle; 142 would be the back-up ambulance and stock vehicle, and a third truck would now be used to carry the rescue equipment, also a stock vehicle. This would make the present rescue ambulance, an expensive custom vehicle, unnecessary and replaced by a less expensive and equally functional safe solution. Article #8 passed by voice vote.

Article #9

To see if the Town of Amherst will vote to raise and appropriate the sum of \$40,000 to replace Unit 141. The money to be raised by the trading of the existing vehicle, the withdrawal of sums available from the Rescue Vehicle Capital Reserve and the balance, if any, to come from taxes or take action relative thereto. This was passed by voice vote.

Article #10

To see if the Town will vote to raise and appropriate the sum of \$167,500 for the purpose of continuing the planned orderly replacement of fire equipment by replacing Engine 163 with a new pumper/tanker and allow, for safety reasons, the transfer of the existing tank on the 1952 GMC army tanker to the chassis of old 163. The funds necessary to defray the costs to be withdrawn from the existing Fire Truck Capital Reserve with the balance, if any, to come from taxes or take action relative thereto.

Selectman Cowenhoven proposed the following amendment: To see if the Town will vote to raise and appropriate the sum of \$167,500 for the purpose of continuing the planned orderly replacement of fire equipment with a new pumper/tanker to replace Engine 163. Engine 163 will be converted to a tanker with the addition of a new 2,000 gallon tank replacing, for safety reasons the 1952 GMC which will be sold, or take action relative thereto.

The article was passed by voice vote. A motion was made and passed for reconsideration of Article 10 due to an error.

The amended article was as follows: To see if the Town will vote to raise and appropriate the sum of \$167,500 for the purpose of continuing the planned orderly replacement of fire equipment with a new pumper/tanker to replace Engine 163. Engine 163 will be converted to a tanker with the addition of a new 2,000 gallon tank replacing, for safety reasons, the 1952 GMC which will be sold, the funds necessary to defray the cost to be withdrawn from the existing Fire Truck Capital Reserve with the balance, if any, to come from taxes or take action relative thereto.

The article was then passed as amended.

The next article to be considered was Article 15.

Article #15

To see if the Town will vote to raise and appropriate the sum of \$75,000 to obtain working drawings and specifications for the renovation of the Brick School and the Town Hall into office space as recommended by the Space Needs Committee or take action relative thereto.

Selectman Cowenhoven offered the following amendment: To see if the Town will vote to raise and appropriate the sum of \$75,000 to obtain professional services for the purpose of developing conceptual design through working drawings to solve the space requirements of the Town and School Administration services. The Moderator shall appoint a Citizen Advisory Committee comprised of a representative of all legitimate affected interests in the opinion of the Moderator.

The charge to the Committee shall be to review all appropriate options for the location of Town and School Administrative services, considering integrity of the Historic District, fiscal impact, public accessibility, parking, traffic flow and public safety.

The Committee, in addition shall consider: Existing buildings for rehabilitation, construction of new facilities, alternative uses of old buildings, financing of remodeling, phasing of construction.

The Committee shall report back to a recessed Town Meeting on July 1, 1987 for the purpose of obtaining a determination as to whether or not to proceed with the recommendation of the Committee or take action relative thereto; provided, however, that in no event shall this meeting, at the recessed hearing, raise and appropriate any amount in excess of the \$75,000 set forth above.

After some discussion, a substitute motion was offered deleting the money and recessing the meeting to June 15, 1987. This article was then passed as amended. The motion was made to have the Space Needs Committee make their presentation. This was passed by a hand vote.

Again a discussion followed. Selectman Overholt proposed the following substitute article:

To see if the Town will vote to raise and appropriate the sum of \$25,000 now for the purpose of developing conceptual design and with the possibility of appropriating an additional \$50,000 for the purpose of developing working drawings in a reconvened Town Meeting to solve the space requirements of Town and School Administrative services. The Moderator shall appoint a Citizen Advisory Committee comprised of a representative of all legitimate affected interests in the opinion of the Moderator.

The charge to the Committee shall be to review all appropriate options for the location of Town and School Administrative services, considering integrity of the Historic District, fiscal impact, public accessibility, parking, traffic flow and public safety.

The Committee, in addition shall consider: Existing building for rehabilitation, construction of new facilities, alternative uses of old buildings, financing of remodeling, phasing of construction.

The Committee shall report back to a recessed Town Meeting on June 15, 1987 for the purpose of obtaining a determination as to whether or not to proceed with the recommendation of the Committee or take action relative thereto.

This article was passed by a voice vote.

The meeting was adjourned until March 12, 1987 at 7:00 p.m.

March 12, 1987

Moderator Wight called the meeting to order at 7:00 p.m.

Article #11

To see if the Town will vote to raise and appropriate the sum of \$25,000 to establish a part time position of assessor, fund salary, fringe benefits, office equipment and expenses associated with the job or take action relative thereto.

Article #11 was amended as follows: To see if the Town will vote to raise and appropriate the sum of \$10,000 to establish a part time position of assessor, fund salary, fringe benefits, office equipment and expenses associated with the job or take action relative thereto.

Article was passed as amended.

Article #12

To see if the Town will vote to raise and appropriate the sum of \$26,000 to replace, as required by law, the 25 year old oil tank at the Town Hall and install the necessary monitoring equipment associated with the installation or take action relative thereto.

This article was passed by voice vote.

Article #13

To see if the Town will vote to raise and appropriate the sum of \$51,000 to pave the road to the Middle School and the Middle Field or take action relative thereto.

After some discussion this article was passed by a count of hands, 93 for and 67 against.

Article #14

To see if the Town will vote to raise and appropriate the sum of \$64,800 to pave Amherst Street from Boston Post Road to Milford town line or take action relative thereto.

After some discussion, this article was passed by a count of hands, 85 for and 72 against.

Article #16

To see if the Town will vote to raise and appropriate the sum of \$75,000 to be administrated by the Conservation Commission, with the concurrence of the Board of Selectmen, for the purpose of acquiring land, at their discretion for the protection of natural resources and to provide open space in accordance with RSA 36A-5 or take action relative thereto.

This was passed by voice vote.

Article #17

To see if the Town will vote to adopt the rules and regulations of the State Fire Marshall adopted pursuant to RSA 153:5 and 153:14 as regulations within the Town of Amherst.

This article was passed by voice vote.

Article #18

Shall we adopt the provision RSA 72:1-C authorizing any town or city to elect not to assess, levy and collect a resident tax.

A ballot vote was required by State Law. Results were 134 for and 3 against.

Article #19

To see if the Town will vote to discontinue and allow to revert back to the abutters that section of Old Route 101 beginning at the Bedford town line and going to the property of Stuart Jolly. The road was returned to the town by the State when the alteration to Route 101 was completed and was not properly abandoned at that time.

This was passed by voice vote.

Article #20

To see if the town will vote to discontinue and abandon, so as to allow the title to revert back to the abutters, the road known as Belden Mill Road (formerly known as Mill Road).

Elliot Lyon moved for withdrawal of this article and this article was withdrawn by voice vote.

Article #21

To see if the Town of Amherst will vote to authorize the Selectmen to convey a certain strip of land on westerly side of Chestnut Hill Road back to the abutting land owner (Carolyn Morrissette) which land was acquired by the Town by Deed of William McSweeney dated March 30, 1970 recorded in Book 2071, Page 216 of the Hillsborough County Registry of Deeds for the purpose of relocating the road, such relocation did not occur and the Selectmen are hereby authorized to execute a deed or other instrument necessary or required to make the conveyance.

This was passed by voice vote.

Article #22

To see if the Town will vote to establish a trust fund for the maintenance and care of the cemeteries and direct the application of accumulated excess trust income for perpetual care lots be placed therein for the general care, capital improvements to and expansion of the cemetery.

This was passed by voice vote.

Article #23

To see if the Town will vote to accept the area at Mother Gardener's, presently used as a sand pit, for the purpose of laying out an access road from Bon Terrain to Route 101-A as required by the State Highway Department. The construction of the road will be forwarded by the developer.

This was passed by voice vote.

Article #24

To see if the Town will vote to discontinue and abandon so as to allow the title to revert to abutters, the road known as Old Joppa Hill Road.

Linda Dahlmann moved for withdrawal of article based on request of residents of the Pulpit Run area.

This article was withdrawn by voice vote.

Article #25

To see if the Town will vote to discontinue and abandon so as to allow the title to revert to the abutters, the road known as Old Proctor Hill Road.

This was passed by voice vote.

Article #26

To see if the Town will vote to discontinue and abandon so as to allow the title to revert to the abutters, the road running through the Bon Terrain area known as Cross Road or Old Route 93.

This article was amended as follows: To see if the Town will vote to discontinue and abandon so as to allow the title to revert to the abutters the portion of the road running through the Bon Terrain area known as Cross Road or Old Route 93 confined in the Bon Terrain area.

This article was passed as amended.

Article #27 - By Petition

Shall we adopt the procedure outlined in RSA 673:2 and vote to elect the members of the Planning Board? If this procedure is adopted, the Selectmen shall chose one (1) Selectman as an ex-officio member and the remainder of the Planning Board positions shall be filled at the next regular Town election pursuant to RSA 669:17. Thereafter a Planning Board member shall be elected for the term provided under RSA 673:5, 11.

By request of the petitioners, a ballot vote was taken. Results were 79 for and 119 against.

Article #28

To transact any other business which may legally come before the meeting.

No other business was requested.

A total budget of \$3,326,528.00 was passed.

Regarding road abandonment, the suggestion was made to notify the abutters by mail and have maps ready for easy referral.

Retiring Selectman Garret Cowenhoven was given thanks for his service on the Board.

The meeting was recessed to June 15, 1987.

NANCY A. DEMERS
Town Clerk

AMHERST
TOWN WARRANT

The State of New Hampshire

March 1987

To the inhabitants of the Town of Amherst in the County of Hillsborough and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified and reminded to meet at the Wilkins School on Boston Post Road, Village on Monday, June 15th at 7:30 p.m. to reconsider Article #15 of the recessed March 1987 Town Meeting as follows:

To see if the Town will vote to raise and appropriate the sum of \$25,000 now for the purpose of developing conceptual design and with the possibility of appropriating an additional \$50,000 for the purpose of developing working drawings in a reconvened Town Meeting to solve the space requirements of Town and School administrative services. The Moderator shall appoint a Citizen Advisory Committee comprised of a representative of all legitimate affected interests in the opinion of the Moderator.

The charge to the Committee shall be to review all appropriate options for the solution of Town and School administrative services, considering integrity of the Historic District, fiscal impact, public accessibility, parking, traffic flow and public safety.

The Committee, in addition shall consider:

Existing building for rehabilitation
Construction of new facilities
Alternative uses of old buildings
Financing of remodeling
Phasing of construction

The Committee shall report back to a recessed Town Meeting on June 15, 1987 for the purpose of obtaining a determination as to whether or not to proceed with the recommendation of the Committee or take action relative thereto.

AMHERST
TOWN WARRANT

The State of New Hampshire
October 21, 1987

To the inhabitants of the Town of Amherst in the County of Hillsborough and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Wilkins School on Boston Post Road, Village on Wednesday, the 21st day of October, 1987 at 7:00 p.m. to take action on the following articles:

Article 1 - Acquisition of Land

To see if the Town will vote to raise and appropriate the sum of THREE HUNDRED THOUSAND and 00/100ths (\$300,000.00) DOLLARS to carry out the terms of a Purchase and Sale Agreement between the Town of Amherst and Amherst Inn Associates wherein the Town will acquire a 4.3 acre portion of Lot 6-68-32 on Limbo Lane as a site for future Town use. Said funds to be raised as follows:

- A. \$23,000.00 of the purchase price shall be a contribution from the Sellers pursuant to the terms of the agreement.
- B. \$77,000.00 shall be paid in cash at the time of closing by the Town.
- C. The balance of \$200,000.00 shall be in the form of a bond or note executed by the Selectmen together with interest at the prime rate as the same shall be determined as of November 1st of each year that said note is in effect at terms and conditions determined by the Selectmen to be in the best interest of the Town or take action relative thereto.

Article 2 - Renovation of Town Hall

To see if the Town will vote to raise and appropriate the sum of THREE HUNDRED SEVENTY-NINE THOUSAND and 00/100ths (\$379,000.00) DOLLARS for the purpose of renovating Town Hall, relocation of the employees during the renovation, providing for safety and parking at the Town Hall and for the professional fees associated with the contracts. The funds to be raised (payment to be made) in the following manner:

- A. \$126,000.00 to be raised by taxes in January of 1988;
- B. The balance to be raised by two bonds or notes of equal value to be paid in June of 1988 and December 1988 at terms and conditions deemed to be in the best interests of the Town of Amherst by the Selectmen, or take action relative thereto.

Given under our hands and seal this 18th day of September 1987.

RECESSED TOWN MEETING

June 15, 1987

The meeting was called to order at 7:30 p.m. by Moderator M. Arnold Wight. Linda Dahlmann, Chairman of the Board of Selectmen accepted, on behalf of the Town, a flag presented by Bonnie Struss representing the D.A.R. Chairman Dahlmann said that the flag would fly over Meadowview Cemetery.

Moderator Wight presented Article #15: To see if the Town will vote to raise and appropriate the sum of \$25,000 now for the purpose of developing conceptual design and with the possibility of appropriating an additional \$50,000 for the purpose of developing working drawings in a reconvened Town Meeting to solve the space requirements of Town and School Administrative services. The Moderator shall appoint a Citizen Advisory committee comprised of a representative of all legitimate affected interests in the opinion of the Moderator.

The charge to the Committee shall be to review all appropriate options for the solution of Town and School Administrative services, considering integrity of the Historic District, fiscal impact, public accessibility, parking, traffic flow and public safety.

The Committee, in addition shall consider: Existing building for rehabilitation, construction of new facilities, alternative uses of old buildings, financing of remodeling, phasing of construction.

The Committee shall report back to a recessed Town Meeting on June 15, 1987 for the purpose of obtaining a determination as to whether or not to proceed with the recommendation of the Committee or take action relative thereto.

Moderator Wight then read from the Scriptures and led the crowd in the Pledge of Allegiance. He then recessed the meeting at 7:42 to allow voters still entering the meeting to be checked in and seated. He called the meeting to order at 7:52 p.m.

The motion was made and seconded to close the meeting no later than 10:30 p.m. and was carried.

The summary of the Citizens' Advisory Committee Activity (CAC) was presented by Chairman Jeff Purtell.

The summary and review of the Town Hall Space Needs Committee Final Report of February 9, 1987 was presented by Richard Lalley, Superintendent of Schools.

The Village Green Option was presented by Joseph Swiezynski. The architect hired by the CAC explained and presented his recommendations to the meeting.

New Site Construction Locations was presented by Cliff Ann Wales.

The CAC consensus recommendation was presented by Burt Knight which was to improve the Town Hall now and buy land now to build when it becomes necessary. Or buy land now and construct a new Town Hall, move Town and School offices into the new building, and refurbish the present Town Hall for long term use. At an October meeting, final layout concepts and architectural drawings with firm

costs would be presented for consideration.

Jeff Purtell proposed the following amended article:
To see if the Town will amend Article 15 and vote to raise and appropriate the additional sum of \$50,000 to prepare working plans and costs for the remodeling of the Town Hall, negotiate a Purchase and Sales Agreement for the location of a new Town Hall and develop conceptual designs and cost estimates for a new Town Hall to each be submitted to the voters at a special Town Meeting for their final consideration or take action relative thereto.

The Board of Selectmen's recommendation was presented by Chairman Dahlmann who said that they strongly support the acquisition of land and construction of a new Town Hall. Of the five members of the Board, only John Silva was against this recommendation. He favored the original Town Hall and Brick School renovation project.

Bill Belvin presented the Ways and Means recommendation and said that they approved of plans for renovation of the Town Hall and also the acquisition of land for possible future use. They opposed the plan of immediate construction of a new building. He proposed the following article:

To see if the Town will amend Article 15 and vote to raise and appropriate the additional sum of \$50,000 to prepare working plans and costs for the remodeling of the Town Hall, negotiate a Purchase and Sales Agreement for land for the location of a future Town Hall, each to be submitted to the voters at a special or regular Town Meeting for their final consideration or take action relative thereto.

Barbara Landry, Town Administrator, discussed possible problems with plans for renovation.

Discussion followed regarding the first amendment on the floor. The Moderator removed it with no objection.

The Moderator then asked for a non-binding preference vote. Results were as follows:

1. Move School District offices out of Town Hall. Renovate Town Hall. Do nothing more. 48 voters were in favor.
2. Acquire land. Immediately proceed to build new facility. Do not renovate Town Hall. Few voters to count.
3. Move School District offices out of Town Hall. Renovate Town Hall for Town employees to use a minimum of five years, possibly longer. Acquire land for the possibility of building in the future. A show of hands indicated that this was favored by the majority of voters present.
4. Renovate the Brick School and Town Hall and stay in the Village - the original Space Needs Report. Few voters to count.

The motion was made to amend Article 15 by Don Stubbs. To see if the Town will amend Article 15 and vote to raise and appropriate the additional sum of \$50,000 to prepare working plans and costs for remodeling of the Town Hall, negotiate a Purchase and Sales Agreement for land for the location of a future Town Hall, each to be submitted to the voters at a special or regular Town Meeting for their final consideration or take action relative thereto. This was passed by a show of hands vote.

Bill Belvin moved for reconsideration of this amended article and it was denied by voice vote.

The Moderator adjourned the meeting at 10:45 p.m.

Chairman Jean Lyon of the Supervisors of the Checklist verified a voter count of 406 citizens.

NANCY A. DEMERS
Town Clerk

SPECIAL TOWN MEETING
October 21, 1987

The meeting was called to order by Moderator M. Arnold Wight at 7:05 p.m. He read a verse from the Bible and the Pledge of Allegiance was recited. A motion was made and seconded that the meeting be closed no later than 11:00 p.m. That motion was amended for a time of 10:00 p.m. for the business part of the meeting but allowing the polls to be open as long as necessary. That motion carried.

Selectman Linda Dahlmann moved to hear Article 2, Town Hall Renovation, and it was seconded. The motion carried.

Article #2

To see if the Town will vote to raise and appropriate the sum of three hundred seventy-nine thousand and 00/100ths dollars (\$379,000.00) for the purpose of renovating the Town Hall, relocation of employees during the renovation, providing for safety and parking at the Town Hall, and for the professional fees associated with the Contracts. The funds to be raised (payment to be made) in the following manner:

- A. \$126,000 to be raised by taxes in January of 1988.
- B. The balance to be raised by two bonds or notes of equal value to be paid in June of 1988 and December 1988 at terms and conditions deemed to be in the best interest of the Town of Amherst by the Selectmen, or take action relative thereto.

Selectman William Overholt moved for the adoption of Article 2 and amended it as follows:

To see if the Town will vote to raise and appropriate the sum of four hundred thousand and 00/100ths dollars (\$400,000.00) for the purpose of renovating the Town Hall, relocation of the employees during the renovation, providing for safety and parking at the Town Hall, and for the professional fees associated with the contracts. This sum to be raised by issuance of bonds or notes and upon such terms and conditions as the Selectmen deem to be in the best interest of the Town, the term not to exceed twenty (20) years, at the discretion of the Selectmen, or take action relative thereto.

The Selectmen, members of the Ways and Means Committee, the Citizens Advisory Committee, and the Space Needs Committee all spoke on the Article.

The time at the end of the presentation was approximately 9:00 p.m. A motion was made to extend the time of the meeting to 11:15 p.m. to insure there would be ample time for the polls to remain open for voting. This was passed. The motion was made to move the question regarding Article 2 and was passed by voice vote. There was no discussion from the floor. The polls opened at 9:07 p.m. However, there was no vote at that time to adopt the amendment on Article 2. This was questioned from the floor as many voters stood in line to cast their ballot. The Moderator then called for a motion to adopt Article 2 which then was so moved and passed. The meeting was called to order at 9:45 p.m. by Moderator Wight. David Lipkin questioned if the meeting could be challenged at a later time and said that he had wanted to speak to the amendment.

Selectman Richard Verrochi expressed the question of validity of the vote because the amendment was not passed before the vote was started. He asked Moderator Wight to declare the vote null and void. The Moderator denied this point of order and wanted support from the floor for the Moderator. He then appealed the decision of the Moderator. The Moderator then asked for support from the floor supporting his decision to let the vote stand. Selectman Verrochi had asked for the vote to be started again. A voice vote from the voters supported the Moderator.

Article 1 was started at 10:00 but after some discussion, it was recessed until the polls closed at 10:07 p.m.

The Moderator called the meeting to order at 10:08 p.m. Selectman Catherine Cummings moved for passage of Article 1 and was seconded.

Article #1

To see if the Town will vote to raise and appropriate the sum of three hundred thousand and 00/100ths (\$300,000.00) dollars to carry out the terms of a Purchase and Sales Agreement between the Town of Amherst and Amherst Inn Associates wherein the Town will acquire a 4.3 acre portion of Lot 6-68-32 on Limbo Lane as a site for future Town use. Said funds to be raised as follows:

- A. \$23,000.00 of the purchase price shall be a contribution from the Sellers pursuant to the terms of the agreement.
- B. \$77,000.00 shall be paid in cash at the time of the closing by the Town.
- C. The balance of \$200,000.00 shall be in the form of a bond or note executed by the Selectmen together with interest at the prime rate as the same shall be determined as of November 1st of each year that said note is in effect at terms and conditions determined by the Selectmen to be in the best interest of the Town or take action relative thereto.

Selectman Overholt spoke to the motion and moved to amend the article as follows changing paragraph "C" to read:

The balance of \$200,000.00 to be raised by the issuance of bonds and notes and upon such conditions as the Selectmen deem to be in the best interest of the Town, the term not to exceed three years, at the discretion of the Selectmen, or take action relative thereto.

The motion was made and seconded to adopt the amendment to Article 1 and was passed.

A motion was made to move the question and was seconded and passed. There was no discussion from the floor.

The announcement of the results of Article 2 was made by the Moderator. The article failed to pass by a 2/3rds majority vote. The results were that there were 285 ballots cast. 135 yes - 150 no.

There was confusion at this point as many voters got up to cast their ballots. The Moderator requested that all those who got up to vote to sit down until a vote was taken to vote.

Selectman Verrochi moved for the vote and advised that a 2/3rds majority was needed for passage. The Moderator had ruled that the meeting was not in the voting mode.

He advised that the motion on the voting mode should be voted down and seconded and passed because of the time limit set on the meeting. The time was 10:25 p.m. and the polls had to remain open for an hour. Selectman Overholt made a motion to extend the time of the meeting to 11:30 p.m. It was seconded and passed. Selectman Overholt then moved to vote, seconded and passed. Balloting started at 10:25 p.m. The polls closed at 11:25 p.m. 238 ballots were cast. The Article was defeated as there was not a 2/3rds majority. 125 yes - 113 no.

The meeting was adjourned at 11:40 p.m.

AMHERST VILLAGE DISTRICT

In January 1987, the District experienced two pump failures. The first pump to fail was replaced without any disturbance of water service. After the second failure, which was far more severe, water service was restored after only six hours of interruption thanks to the efforts of Superintendent John Hanlon and Commissioner Roger Topliffe as well as Mike Riccitelli, Jim Wetherbee and their crews. The submersible pumps are susceptible to this type of problem. To prevent further failures of this nature, the District has had the Public Service Company of New Hampshire improve the feed system to the pump house.

In April, our periodic test program detected an unacceptable coliform contamination level (bacterial count) in the well. A chlorination program was immediately activated under the guidance of members of the New Hampshire Water Supply & Pollution Control Commission. The problem was eliminated within a short time. The contamination was caused by the extensive flooding in the area adjacent to the pump house. The flooding and subsequent contamination of the well was one factor that caused the Commissioners to re-evaluate the plans for the back-up well.

The engineering of the District's water back-up supply has gone forward with an entirely new outlook for the future of the District. The possible contamination of the existing well and the new well, which is nearby, and the needs of the Town for public water, has led the District to plan for future expansion. The District has been working with the Pennichuck Water Works to provide a source of water to serve the long range plans for the Town.

During the summer months, the District conducted a major leakage detection program. Water Service Consultants, Inc., under the direction of Wade Campbell, located over ten major leaks which were quickly repaired to lessen water loss. The District continues to recommend that the piping from the curb boxes to the houses be replaced (at the customer's expense) at the time the District replaces the piping from the water main to the curb box (at the District's expense). This policy has been beneficial to both the District and the customer since the entrance piping is replaced at a substantial savings for the customer.

ROGER O. TOPLIFFE, Chairman
PETER B. ROTCH
DOUGLAS M. HEATON

AMHERST VILLAGE DISTRICT WARRANT

The State of New Hampshire
The polls will be open at 8:00 p.m.

To the inhabitants of the Town of Amherst in the County of Hillsborough in said State, qualified to vote in DISTRICT AFFAIRS:

You are hereby notified to meet at the Town Hall in said Amherst on Thursday the 24th of March, 1988 at 8:00 p.m., to act upon the following subjects:

1. To choose all necessary District Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray District charges for the ensuing year and make appropriations of the same.
3. To see if the District will give the Commissioners and District Treasurer the authority to borrow money in anticipation of District taxes.
4. To authorize the Commissioners to establish such Rules and Regulations that may be reasonably necessary for the operation of the District.
5. To authorize the Commissioners to enter into an agreement to purchase additional water to meet the needs of the District.
6. To raise and appropriate a sum not to exceed of \$1,200,000., \$85,000. to come from capital reserve fund, the remainder to be raised by 20 year municipal bond at the discretion of the Commissioners for the purpose of laying approximately 15,000 feet of 8" main to provide back-up water for the District.
7. To transact any other business which may legally come before the meeting.

Given under our hands and seal this 8th day of March, 1988.

ROGER O. TOPLIFFE
PETER B. ROTCH
DOUGLAS M. HEATON
Commissioners of the Amherst Village District

A true copy of Warrant-Attest:

ROGER O. TOPLIFFE

AMHERST SCHOOL DISTRICT

1988 WARRANT

State of New Hampshire

Hillsborough, ss:

School District of Amherst

To the inhabitants of the School District of Amherst, in the County of Hillsborough, and the State of New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Wilkins School in Amherst, New Hampshire on Tuesday, March 8, 1988, at seven o'clock in the morning to act upon the following subjects:

Article I. To choose by ballot a Moderator, a Clerk and Treasurer for the ensuing year, and one member of the School Board for the ensuing three years. (Polls will open at 7:00 A.M. and will not close before 7:00 P.M.)

Note: All other school business will be considered at the School District Meeting to be held on Monday, March 7, 1988 at 7:30 P.M. at the Amherst Middle School.

Given under our hands and seals at said Amherst this _____ day of February 1988.

Barbara Condon, Chairman
Jane Cosmo
Ann Logan
Kurt Pauer
Susan Weiske

AMHERST SCHOOL DISTRICT
1988 WARRANT

State of New Hampshire

Hillsborough, ss:

School District of Amherst

To the inhabitants of the School District of Amherst, in the County of Hillsborough, and the State of New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Amherst Middle School, in said District on the 7th day of March 1988 at 7:30 P.M. for the purpose of holding the Annual Meeting of the District and to act upon the Articles set forth in this Warrant:

- NOTE: The Annual Meeting of the District will reconvene at the Amherst Middle School on Wednesday, March 9, 1988 at 7:30 P.M. if additional time is needed to complete action on the Articles set forth in this Warrant.
- NOTE: The election of Moderator, Clerk, Treasurer, and one member of the School Board will be acted upon Tuesday, March 8, 1988 at the Wilkins School from 7:00 A. M. to 7:00 P.M. Voting will be by official ballot and checklist.
- NOTE: Under New Hampshire RSA 40:4-a: Any five voters may request in writing prior to a vote by voice or division vote that the vote be taken by secret written ballot. Upon receiving such a written request, the Moderator shall conduct the vote by secret "yes/no" ballot.
- NOTE: Under New Hampshire RSA 40:b: When any vote, other than by ballot, declared by the Moderator or other officer presiding shall, immediately and before any other business is begun, be questioned in writing or orally by seven or more of the voters present, the Moderator or other officer presiding shall retake the vote by secret "yes/no" ballot.

Article I. To hear the reports of officers, agents and auditors, and to take action with reference thereto.

Article II. To hear the reports of various committees regarding (1) possible cooperative school district agreements with Milford, Mont Vernon, Brookline, Hollis and/or Bedford, (2) possible Authorized Regional Enrollment Area (AREA) school agreement with Milford, (3) an Amherst High School and (4) any other options relating to high school instruction; also, to discuss said reports and to take non-binding expressions of vote regarding the various options.

- Article III. To see if the District will vote to accept the provisions of RSA 195 (as amended) providing for the establishment of a cooperative school district to serve grades 9 through 12 with the school districts of Milford and Mont Vernon, in accordance with the provisions of the proposed articles of agreement filed with the school district clerk.
- Article IV. To see if the District will vote to accept the provisions of RSA 195-A (as amended) providing for the establishment of an area school located in Milford to serve grades 9 through 12 from the school districts of Amherst, Milford and Mont Vernon in accordance with the provisions of the plan on file with the district clerk.
- Article V. To see what sum of money the District will vote to raise, appropriate and expend to engage architectural and engineering services for the purpose of providing professional assistance in planning for construction of Amherst High School, to develop schematic design layouts and an analysis of the total project costs and bid documents or to take any other action relative thereto.
- Article VI. To see if the District will vote to authorize the moderator to appoint a Cooperative School District Planning Committee in accordance with RSA 195:18, at least one of whom shall be a member of the School Board, to study the advisability of forming a cooperative high school district.
- Article VII. To see if the District will vote to raise, appropriate and expend the sum of \$43,850 for asphalt overlay at Wilkins School and asphalt seal at Clark School.
- Article VIII. To see if the District will vote to accept from the Town of Amherst the transfer of ownership for the property known as the Brick School and to raise, appropriate and expend the sum of \$44,704 for capital improvements and operating expenses of said Brick School for the 1988-89 school year.
- Article IX. BY PETITION OF TEN OR MORE VOTERS
- To see if the District will vote to raise, appropriate and expend the sum of \$32,847 to hire a full-time teacher and provide instructional materials in order to establish additional enrichment and acceleration opportunities for high ability/talented students at Amherst Middle School.
- Article X. To see what sum of money the District will vote to raise, appropriate and expend for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of said district and to authorize the application against said appropriation of such sums as are estimated to be received from the state and federal government, together with other income, the

School Board to certify to the Town Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxation.

Article XI. To see if the District will authorize the School Board to make application for and to accept and expend on behalf of the District, any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private trusts, foundations and individuals.

Article XII. To transact any other business that may legally come before this meeting.

Given under our hands and seals this ____ day of February in the year Nineteen Hundred Eighty Eight.

REPORT OF THE AMHERST SCHOOL BOARD

This past year has been an extremely busy and eventful one for Education in Amherst. Students, staff and parent volunteers have continued to excel in many areas resulting in numerous awards and special recognition for the district.

- Five students in our district were nationwide winners in the Invent America program.
- Three of our five Odyssey of the Mind teams won at the regional level. One team continued on to win at the state level and then went on to compete at the worldwide finals.
- Joyce Kenne, AMS librarian, was among 110 people nationwide who received the the National School Public Relations Association Award.
- The dedicated volunteers in our schools paved the way for Clark, Wilkins and the Middle School to once again receive the Blue Ribbon Achievement Award.
- The Amherst Middle School was selected by the U. S. Department of Education as one of 271 of the nation's outstanding secondary schools and received the award at a reception to honor them at the White House.
- Secretary of Education William Bennett visited the Middle School and personally commended the students, faculty and parents of the community for their commitment to education.

Clark School is celebrating its 50th birthday this year. Enrollments are higher this year causing an eleventh classroom to be created. Chris Trudo has aptly filled the dual position of guidance counselor/principal; this position having been developed to meet the ever increasing needs of the students and staff.

The Playground Committee at Wilkins continued their work of last year which resulted in the new playground being installed by late Spring, and enjoyed by children of all ages in the community. The conversion from electric to oil heat was completed at Wilkins on time and within budget.

A new access road to the Middle School was constructed by the Highway Department and has been successful in reducing the traffic load on Cross Road and providing greater safety for our students.

Last year's School District meeting authorized the creation of five committees to thoroughly study the high school options available to us. Our current tuition agreement with Milford terminates as of June, 1990. Each committee is made up of a school board member and numerous community citizens. The countless hours these people have devoted to their committees will make it possible for our town to decide upon the best educational and cost effective way to educate our high school students. Each option has been exhaustively studied and will be presented to the voters for their decision at this year's School District Meeting.

The School Board continues to strive for excellence in education. Our dedicated teachers, fine support staff, administrators and supportive parents make it possible to provide an education our community can be proud of. Dr. Richard Lalley and the entire SAU office staff continually put forth extra effort and dedication which has made my job as School Board Chairman easier and manageable.

As long as we are all committed to provide the best education we can, we must continue to strive for excellence in education, set realistic goals and remember that once achieved, goals need to be maintained and nurtured.

Respectfully submitted,

Barbara Condon, Chairman
Amherst School Board

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Much has happened during the past year which has been to the benefit and credit of the Amherst School District. Everyone---students, faculty, curriculum coordinators, support staff, administrators, school board members and community volunteers---have pulled together to accomplish what no individual or single group could achieve. I dedicate my report to their collective efforts and achievements. Here is a brief summary of their work.

*Amherst Middle School was honored as one of our nation's top schools in a White House Rose Garden Ceremony hosted by President Ronald Reagan in October. Accolades continued in January when U.S. Secretary of Education Dr. William Bennett and Governor John Sununu visited with the entire student body and staff.

*For the second year in a row an Amherst Middle School Odyssey of the Mind team competed in the World O.M. Finals. This year competitors from the United States, Canada and Mexico convened at Central Michigan State University; last year our two middle school teams competed on the Northern Arizona University Campus.

*"Invent America", a national program sponsored by the United States Patent Foundation, was initiated at the Middle School and Wilkins School by Joyce Kenne and Linda Hodgman, respectively. Five of our students emerged as national winners for their unusual inventions and received United States Savings Bonds.

*Once again our students--your children--performed admirably in the New Hampshire Statewide Standardized Testing Program. The fourth grade placed second out of 146 schools in total battery scores. The eighth grade ranked eleventh in a field of 123 schools while all tenth grade students at MASH came in third of the 75 high schools tested.

*All your schools--Clark, Wilkins and Middle--again received Blue Ribbon Volunteer Achievement Awards from the New Hampshire Association of School Volunteers.

*Several committees comprised of school board members and citizen have studied all conceivable options for educating our high school students when the tuition agreement with Milford and Mont Vernon expires in June, 1990. The citizens of Amherst will have been well served and well informed by these committees when the high school question comes up at the Annual School District Meeting in March.

*The Wilkins Playground Improvement Project is a remarkable success story. The carefully designed and constructed play structures stand as proof of the power of people to pull together for a common cause and of the positive difference one person can make; namely, Wilkins School teacher and playground committee chairperson Patricia Barry.

*A new Reading program has been implemented in Readiness through grade six; moreover, several Junior Great Books classes are underway with the help of parent volunteers. Financial support from the PTA to train Great Books discussion leaders helped make this possible.

*New student report cards were put into use this Fall following nearly two years of committee study.

*The electrically heated Wilkins School was converted this past summer to an oil-fired, hot air system and is expected to save several thousand dollars annually.

*Paul Collins successfully organized Amherst Middle School's first interscholastic basketball teams and plans are complete for interscholastic baseball to start in April.

Basketball coaches Porter Dodge and John Walter are to be commended for the skill and sportsmanship our students showed throughout the season. Interscholastics for boys and girls was approved by petitioned warrant article at the Annual School District meeting last March.

*Plans for the performance appraisal and professional development of school district personnel has taken a big step forward. The pursuit of excellence in administrative leadership and management and in classroom teaching is a constant endeavor. To this end the Amherst School District has developed methods of performance review that will help administrators, teachers and counselors build on strengths and strengthen areas needing improvement.

*Employee wellness came into sharper focus this year. A wellness team headed by Mary Casey, Clark School nurse, has initiated health risk appraisals and offered workshops in the areas of stress management and diet control. Many more activities are planned.

*Administrative and guidance services at Clark and Wilkins Schools were reorganized in August. This reorganization has improved services and brought our schools into compliance with the 1986 Minimum Standards adopted by the State Board of Education.

*Steady progress continues in the use of computers by students, teachers and administrators, thanks to staff members Sam Giarrusso and Cindy Dow and to a substantial infusion of grant funds from the Governor's Initiatives for Excellence in Education program. Were it not for Sam Giarrusso's grant writing efforts, the Amherst School District would be sorrowfully behind in its efforts to harness the computer to improve office productivity and classroom instruction.

Space does not permit me to list all that has been accomplished, but at least this list is representative of what has been achieved. Achieving a goal is never final. There's always work to be done if only to maintain the gains which have been made. I've said it before and I still believe it. The Amherst School District has what it takes to be a leader: It has personnel that are willing to set and meet challenging goals; it has students who take their education seriously; it has a dedicated school board and, very importantly; it has citizens who want the best for their children.

In closing, I wish to acknowledge a valued and experienced school board member, Kurt Pauer, who has decided not to seek reelection. His dedication to quality education and economy is well known. Kurt Pauer has been an effective spokesman for excellence and he will be missed.

Respectfully submitted,

Richard A. Lalley
Superintendent of Schools

REPORT OF CLARK SCHOOL PRINCIPAL

Fifty years ago Clark School opened its doors to the children of Amherst. Although many physical changes have taken place since that day in 1937, one thing remains the same. It is a school dedicated to seeing that each Amherst child has a secure foundation in school experience.

1987 has been not only an anniversary year but a year of change as well. The current enrollment of 218 at Clark School is the largest in our history, up 17% from last January. Some changes were necessary in order to maintain Clark School's integrity and accommodate the increased enrollment. An 11th classroom was created by moving the library to the office area and creating a new office from an unused bathroom; a minor miracle which resulted in more appropriate library space and an efficient, centrally located office which provides for close monitoring of those entering and leaving the building.

With physical changes came changes in staff. Sue Coy became the 11th classroom teacher. Mrs. Coy was our Chapter I Tutor in 1985 and taught fourth grade at Wilkins School last year. Her varied teaching experiences enrich our staff. Helen Ulicny, formerly Head Teacher at Jack and Jill Kindergarten, filled the vacant position as readiness teacher. Mrs. Ulicny, too, brings a wealth of experience to our staff. The need for a full time principal became more urgent as the school grew. Changes in state minimum standards recommendations brought into focus the need for increased guidance services. I was appointed to the combined position of Principal and Guidance Counselor of Clark School in August. We are now able to provide a weekly 40 minute guidance lesson for each class as well as increase time for individual and group counseling and meeting with parents and professional staff.

We have introduced a newsletter, Clark Capers, to share the work of the children and the thoughts and concerns of the staff. It is intended to be a means of communication for our wider school family and we welcome input and reactions from parents.

A summary of the highpoints of the year includes registration for fall 1987 which was held on March 20. Vision and hearing checks were once again a project of the Junior Women's and Lion's Clubs. Members of these organizations have been an important part of Clark school registration day for many years. We are grateful for their continuing contribution.

A parent orientation evening was held in May to provide parents of incoming students with information about school programs and services.

Mrs. Patience Jenkins, our Art Specialist, very effectively turned the halls of Clark School into an art gallery, displaying the representative art work of each student in the school to families as they came to visit. Working together our three Specialists organized a creative spring program of dance, music and costume which was well received by parents.

Late spring brought the excitement of Balloon Day, Field Day (ably organized by Marne Moegelin, Physical Education Specialist) and the Writing Festival. The Festival is a meaningful way to celebrate the accomplishments of the children and

the joy of reading and writing. The students' work, as always, was most impressive. Visiting author Bruce McMillan delighted the children with his presentation.

Clark School opened in September with its traditional staggered start, a unique concept which provides a secure and comfortable beginning for young children and offers an opportunity for teachers to meet parents and describe their programs.

Open House, that fun family evening when children share their school and their work with their parents, was held on October 22. We again welcomed visits from parents during American Education Week in November.

Amherst's own storyteller, Pete Houston, visited us in November, giving his time and talent to enchant the children with his tales.

During the holiday season we focused on thinking of others and giving rather than receiving. The children gathered toys to share with those less fortunate and made gifts for each other. Staff collected hats and mittens for needy children. The music program, conducted by our Music Specialist, Wilma Findlay, was the highpoint of the holiday season.

The contributions of many combine to make our Amherst schools as good as they are. The programs brought to us by the PTA enrich the children's experiences and help to bring the curriculum alive for them. In May the storyteller, Jennifer Justis, visited each classroom. This fall the children's understanding and appreciation of brass instruments was enriched by the visit of the Cantabrigia Quintet. The Starbird Puppet Theater performed an Eskimo legend and Peanutbutter-jam provided a lively program of puppets, songs and stories.

Through its grants program the PTA has provided us with much needed extras. This year we have received utensils for classroom cooking projects, chart stands for reading, a binder for writing activities, and cork strips for art display. Room mothers, always ready for any assignment, and so valued by each teacher, are also coordinated by the PTA. We are grateful for their continuing commitment.

Clark School won the Blue Ribbon School Achievement Award for volunteer programs again this year. Volunteers have become an integral part of the daily school experience at Clark School and the staff has become to depend on their enthusiasm, reliability and sensitivity. It is not always easy to find ways to say thank you to such a large and dedicated number of people who so willingly give us their time and talents, but we do appreciate all they do very much.

No school can be better than its teaching staff. Ours is top-notch. Not only do they continue to grow professionally by attending workshops and courses, they also share their knowledge with other teachers. Members of our staff teach courses, conduct workshops, serve on school-wide committees and help their colleagues to grow. Clark School is visited by many professionals from other school districts, an indicator of the quality of our program.

While no school can be better than its teaching staff, no staff can reach its potential without the cooperation and support of parents. We are able to do our

best because we know our parents are behind us. We thank them for being partners in their children's education. Just as the partnership that joins children, teachers and parents is important, so too is the strength that comes from a total staff effort. Each person on the support staff makes an important and necessary contribution to the education of the children. It is a team effort where each has a vital role to play.

It is clear that it takes the efforts of many to make a fine school. We are grateful for the support of the townspeople of Amherst and the tireless efforts of a progressive and dedicated school board which make our work possible. We especially thank Dr. Lalley for his help and encouragement in this year of change.

Our children are America's greatest resource. To reach their potential in today's ever-changing world they need not only facts and skills; they need to experience the satisfaction that comes from learning and to become inquiring adults who will continue to grow and learn throughout their lives.

As Amherst's early childhood unit we are dedicated to meeting the particular needs of the young child. We are committed to giving children a strong beginning on a lifelong journey of learning.

Respectfully submitted,

Christina H. Trudo
Principal

REPORT OF WILKINS SCHOOL PRINCIPAL

The realization that this is the 13th year of my leadership at the elementary school in Amherst is cause for reflection. This reflection is full of pride for the students whose educational program is the responsibility of a tremendous school faculty that is working to meet the individual students' needs.

First, I would like to as in the past set a perspective of the January enrollment.

January, 1987		January, 1988	
Grade 2	129	Grade 2	119
6 Classes		6 Classes	
Grade 3	131	Grade 3	128
6 Classes		6 Classes	
Grade 4	158	Grade 4	131
7 Classes		6 Classes	
Resource Room	4	Resource Room	5
Special Education	5	Special Education	4
Total	427	Total	387

Schools are continuing to have several reports written about their quality of education. New Hampshire has had an Alliance For Effective Schools' committee working on a prospectus for improving New Hampshire schools. With pride I look at the Wilkins School's accomplishments over the year. For the sixth year in a row Wilkins School received the Blue Ribbon Award for School Volunteers. The cooperative efforts of the entire school staff, administration, and school volunteer leadership, in conjunction with parents and other community members made this award possible. I would especially like to thank Jan Adams who without her time and effort we would not have accomplished this achievement.

In the fall of the year students in Grade four took the statewide California Achievement Test. When the reports came back, we found that our fourth graders were ranked at the top of the list of schools with more than 30 students. The district funded testing for our second grade students, however since it was not a statewide program there is no way of comparing their achievements. During the school year, Mrs. Julie Donnelly, Guidance Counselor at Wilkins, organized an orientation and explanation of the testing results for parents. Mr. William O'Connor, representative from the testing company, provided an excellent interpretation of the results.

During the spring we held an Invention Convention which was organized by Linda Hodgman, our Science Coordinator. The Invention Convention was open to all students at Wilkins with the purpose of encouraging more creative thinking and problem solving as well as keeping the inventive, competitive spirit alive in our country. Our first year was very successful having two students' inventions win

the state awards. Darrell Ericson, grade four, invented a "water cool chair" with a garden hose strung through the seat and back with the remaining hose used to water the lawn or garden. Christian Steriti, grade three student, invented a mailbox which would tell you when the mail arrived. We were proud of both boys who received a Savings Bond for their effort.

Another highlight for us was having the Playground Committee which was chaired by Pat Barry, teacher of second grade students, organize the very successful completion of a dream. The parents, friends and staff members who spent two very busy weekends building the playgrounds can see their efforts were well received by observing the children on the playground or spending some time with them after school or on weekends. I would like to thank everyone who helped fund our playground: the students, Sue Stitt and the Girl Scouts who brought in the cans for recycling, parents and friends who purchased magazines from the students, and parents and organizations who donated time and money to this community project.

At the elementary school level there are continuous activities occurring throughout the year which are highlighted in the school calendar; but some of the more important events of this year were:

1. In the fall we held several very successful parent information meetings which enabled the parents to become familiar with their child's daily schedule. Another benefit of the program was the teacher explaining the curriculum areas that would be covered during the year.
2. Grade four students enjoyed the three special days they had when the staff from the Squam Lakes Science Center came to our school discussing and participating in pond population, adaptation and snow shoeing all of which are covered in the Science Curriculum.
3. Grade level variety and art shows where students performed and showed off their artistic skills were well received.
4. The Writing Festival which displayed the individual and group writing skills was an excellent climax to the year. Having Bruce McMullin, author/illustrator of several children's books, speak to parents, staff, teachers and at a school assembly and the community members at the town library was a fitting ending to our Writing Festival Week.
5. I met with several families in homes to discuss the Wilkins School programs being offered and to listen to their concerns.

In the staff development area we have had a banner year for self improvement. Several courses were offered at Wilkins School for our staff and teachers from the surrounding area. Several teachers have become involved in a Masters Program through Rivier and Antioch. One of the goals for the school district is to train staff in the Here's Looking at You 2000 drug and alcohol program which has been instituted at all schools. To date the Wilkins School has had twelve staff attend the three day intense workshop. There has been a pervasive attitude of good spirit, hard work and dedication to the ideal of professional growth.

When we returned to school in September, 1987, there were some very evident changes. First, because of the large enrollment and recommended changes in the elementary minimum standards, the School Board appointed Chris Trudo as principal/guidance counselor at Clark School which enabled Julie Donnelly and myself to remain at Wilkins full time. Secondly, Jean Stefanik who was granted a sabbatical leave for 1987-88 was replaced by Cynthia Dow.

This year I would like to single out a few key people who without their assistance my job would have been more difficult: Mrs. Sue Stitt organized and ran the very successful C.A.N.S. Project to help fund the playground. Mrs. Jan Adams spent numerous hours coordinating the award winning Parent Volunteer Program at Wilkins School. Her diligence on the phone and at school resulted in one of the state's best volunteer programs. Mrs. Sue Sullivan was the magazine fund chairperson who enabled our school to receive over \$5,000 toward the playground. Mrs. Pat Barry, chairperson of the Playground Committee, was persistent and understanding of children's needs which resulted in a playground for the students at Wilkins School and the community at large.

I would like to take this opportunity to thank the many people responsible for the years of success we have had: past students, teachers, parents and School Board members that had the foresight to fund this school. The staff and I are also very thankful to the Amherst PTA. They have been a major contributor to the children of Amherst and I believe our organization is unequalled anywhere in our state.

I also wish to thank the present students, parents and faculty. Your support and concern continue to allow us to improve and strive for educational excellence. To the Amherst School Board, Barbara Condon - Chairperson, Kurt Pauer, Jane Cosmo, Ann Logan and Susan Weiske, thank you for your understanding and support which is essential to the educational program in our district.

Respectfully submitted,

Herbert F. Oliver
Principal

REPORT OF MIDDLE SCHOOL PRINCIPAL

It is an honor to report on the successes and accomplishments of the Amherst Middle School during the past year. Parents of students attending the Middle School, as well as taxpayers, can be pleased with the results, which are measurable and well deserved. These results are due to the support of both parents and taxpayers.

The enrollment for the opening of school was 541. This enrollment was slightly lower than what we had anticipated. Our projection seems to indicate that the demographics over the next five years will remain fairly constant.

The faculty turnover continues to be low. The following people have joined the Amherst faculty for the 1987-88 year. Mrs. Nancy Schaefer, teaches Health Education, and is replacing Mrs. Sharon Wasson, who moved to Colorado. Ms. Dawn Marie Storace replaces Mrs. Barbara Carbee, as a teacher of one of our Special Needs classrooms. Mrs. Martha Blouin, has joined the Learning Disabilities staff, as a teacher of reading. Ms. Kerri Lynn Williams, a staff member whom we share with Wilkins School, is working with learning disabled students. She is replacing Mrs. Randy Lewis, who is on a year's leave of absence. Mrs. Marcia Perry joined us in November as a part time Guidance Counselor replacing Mr. George Scollin who went to work for the Chelmsford, Massachusetts High School. Ms. Debra Dubray is replacing Mrs. Kathleen Floryan as a Physical Education instructor. Mrs. Floryan is on a year's leave of absence. Mrs. Melanie Gillick is a Home Economics teacher, replacing Ms. Sharon Cummings, who went to Londonderry High School.

The Middle School received word last spring, from the Department of Education, in Washington, D.C., that we were the recipient of the Excellence in Education Award as part of their Secondary School Recognition Program. We were one of 271 schools chosen. These schools included private schools, public schools, Defense Department schools, and schools administered by the Bureau of Indian Affairs. In the fall Mrs. Joyce Kenne, Mrs. Patricia Roberts, Dr. Richard Lalley, and I went to Washington, D.C. to receive our plaque and flag. On January 14, 1988, we were honored by a visit from William J. Bennett, Secretary of Education. Accompanying Secretary Bennett was Governor John Sununu. The entire student body and invited guests participated in an assembly, in which both of our visitors addressed the audience. The Secretary informed the students that they were privileged to attend such an outstanding school. He also said that it is unfortunate that what should be every child's birthright, to attend a great school, is not being met across the nation.

Our students and teachers continue to receive state and national honors. Three of our students won the Invent America contest. Because of their victories, the Invent America Foundation has given grants totaling \$9,500 to the School District, teachers involved in the program, and students at the Wilkins School. By winning the Susan B. Anthony Award for Creative Writing two years in succession, Christina Lamb, an eighth grade student, has set a statewide precedent. The National Association of School Public Relations has honored Mrs. Joyce Kenne for her commitment to education, by granting her The Award of Honor.

With the District voters' approval of a warrant article of the March School District Meeting, we were able to initiate our interscholastic sports program this fall. Our boys and girls have been scheduled for 14 basketball games, and 12 baseball and softball games for the 1987-88 school year. Our first year of basketball competition has proven to be very successful to date. The boys have won six and lost one, and the girls have won four and lost three.

The Middle School continues to have visitors from other schools around New England. Since June of 1987, we have had visitors from the following communities: Danvers, MA, Montague, MA, Portland, ME, Goffstown, NH, Gilford, NH, Franklin, NH, Richmond, RI, Auburn, NH, Notre Dame College, Manchester, NH, Providence, RI, Wyoming, RI, Gray, ME, Yarmouth, ME (three different times), Trumbell, CT, Weare, NH, Narranganset, RI, Litchfield, NH, Wilton, NH, and Chrano, RI. We are also honored to have various members of the Middle School faculty assist other school districts by speaking in these districts to faculty and administrators on program development. We have just been notified by the New Hampshire School Volunteer Association that we have again recieved the Blue Ribbon Award for our Volunteer Program. The success of this program is attributed to the dedication of Mrs. Carol Holden, Director of the Amherst Middle School Volunteer Program, and the commitment of the wonderful volunteers who assist our school. We wish to thank Anne Banghart, President of the Amherst PTA, and all of the PTA members for their continued support. Through their Educational Grants Program, we have been able to supplement the education of our students with many beneficial programs. The PTA is a true reflection of the community's commitment. They provide a level of education to the student body that is unsurpassed.

As we review the successes of the past year, we realize that we must continue to strive for improvement. We look forward to the expansion of the computer program. As our students and teachers gain more understanding of this educational tool, the future possibilities are endless. We wish to thank the teachers for their continued dedication to the youth of Amherst, as well as the PTA, the School Board and the Superintendent of Schools, Dr. Lalley, for their continued support in assisting us to provide an outstanding educational program. Most of all, we would like to commend the student body of the Amherst Middle School. Their ability, work ethic, and behavior are the reasons why we are successful.

Respectfully submitted,

Paul D. Collins
Principal

REPORT OF THE DIRECTOR OF SPECIAL INSTRUCTIONAL SERVICES

With nearly a three year retrospective, it is easy to say that one of the greatest assets of the Amherst School District's Special Services Program is its stability. Relatively few changes have been made, and those have only enhanced an already productive system. The consistency of the staff and programs continues to benefit our special needs students in all areas: reading, Chapter I, special education and gifted education.

The Child Find Screening Program had its second birthday last October and, under the professional guidance of Nancy Head, was again a success. All kindergarten children were tested and Clark School benefitted in its planning for incoming students from the information gained from last year's screening. Children attending area kindergartens were assessed in speech, language, hearing, vision, motor and developmental skills and times were provided for district five-year olds not enrolled in kindergarten.

Jean Stefanik, Extended Education teacher at Wilkins School, is on a sabbatical leave this school year. While we miss her, Cyndy Dow is turning in an extremely good performance as her replacement. Cyndy's skills and commitment have allowed the program to continue with minimal adjustments. Children continue to participate in special interest activities, accelerated or enriched academic areas, School Store, Wilkins Kids News and computers. Cyndy has also provided strong assistance in individual program planning for high-ability students.

Other staff changes this year included the addition of half-time learning disabilities specialist at Amherst Middle School, Martha Blouin, and the replacement of last year's teacher of the emotionally handicapped by Dawn Marie Storage. Both of these capable ladies are an asset to the already strong special services staff at AMS and are assisting in direct services to student and support to classroom teachers and parents.

As you are probably aware, the special education services in the Amherst School District are provided under both state (N.H.R.S.A. 186-C) and federal (PL 94-142) laws. It is the responsibility of the N.H. Department of Education, Special Education Bureau to monitor the services in each school district for compliance with the state and federal regulations. This spring, the Amherst School District will be visited by a team of special educators and administrators for an "on-site" review. This will take place over three days and will comprise interviews with staff, administration, and parents, as well as observations of programs and special education procedures. Although there is a great deal of preparation required for the on-site, we welcome the Team's expertise and observations of where we can improve our services to students.

Three new goals will be addressed by the special services department during the 87-88 and 88-89 school years. These are (1) increasing the use of computers for record keeping and instructional assistance; (2) implementing the recommendation to open a transitional or alternative high school program in September of 1988; and (3) studying the legality and feasibility of being the first NH school district to eliminate the labelling of handicapped students. A secondary set of goals will reflect services to preschool students as the revised federal

regulations concerning services to pre-school handicapped or potentially handicapped are enacted for the 89-90 school year.

Like many school districts across the country, Amherst continues to be challenged with how to provide support for the growing number of special needs students and the classroom teachers who work so hard with them. With thanks to the excellent special services staff, the commitment of the administration and school board and the support of the parents, the special services program continues to function well. The measure of this is the number of our students who progress from grade to grade, learning and applying new strategies, achieving success and increasing in self esteem. It is the greatest gift we can give our children. Thank you to all of you who contribute so much.

Respectfully submitted,

Kathryn L. Nicholls
Director of Special Instructional Services

REPORT OF THE CURRICULUM SUPERVISOR

During the past twelve months the curriculum coordinators have been involved in a variety of curriculum related projects. Working under the direction of the Curriculum Supervisor, the Coordinators have completed many of these projects. This report will highlight some of these accomplishments.

During the last few months of the 1986-87 school year the coordinators were involved with the implementation of a staff development workshop day, the development of a report on the school district's testing program, the development of a report on the California Achievement Test Program, and the development of their annual report to the School Board. The staff development workshop day was devoted to the topic of technology in the classroom. The day's activities were spent introducing teachers to new technology that may be useful in the classroom. Furthermore, during this time period, coordinators reported to the Curriculum Supervisor suggestions for streamlining the District's overall testing program. The coordinators also reported to the School Board the results of the CAT for the students in their respective subject areas. We are all proud to report that in all subject areas Amherst students exceeded the State and National average scores. The coordinators also made their annual reports to the School Board during this time. These reports highlight achievements in each subject area.

The 1987-88 academic year began with some changes in the ranks of the curriculum coordinators. Jean Stefanik, our previous Clark/Wilkins computer coordinator, is on a sabbatical leave. Jonathan Manley, our previous Middle School science coordinator, has left Amherst for a position with the Peterborough School System. The talents of both these coordinators will certainly be missed. Fortunately, we were able to fill these vacancies with two outstanding individuals. Cynthia Dow is our new Clark/Wilkins computer coordinator, and Bruce Fessenden is our new Middle School science coordinator.

One of the coordinator's first accomplishments of the current year was to develop, with the Curriculum Supervisor, a set of curriculum goals for the year. Eighteen goals were established. These goals are grouped in one of the four general areas: budget development, staff development, curriculum supervision, and curriculum evaluation.

In the area of budget development, the coordinators, for the first time, were able to computerize the budget at the teacher/coordinator level. This new procedure allows for a more orderly and detailed review of each individual subject area budget. It will also greatly reduce the amount of time and effort necessary to generate purchase orders. The coordinators did an outstanding job in the implementation of this new procedure. Sam Giarrusso, Middle School Computer Coordinator, deserves an additional "thank you" from us all for developing this new computer procedure for the development of the budget. Later in the year the coordinators will review the entire budget process for the purpose of making recommendations for further improvement.

In the area of staff development, the coordinators have reviewed their job descriptions and updated them. They have developed goals for their subject areas. They have also helped in developing and implementing our curriculum days.

In the area of curriculum supervision, grade level representatives were established in each grade level for each subject area. Meeting schedules were established for Curriculum Supervisor/curriculum coordinators and for the curriculum coordinators/grade level representatives. Meetings were also scheduled with the Milford curriculum coordinators. The eighth grade sign up process for MASH was reviewed and revised. The production of a Curriculum Review Handbook was started. The Curriculum Review Committees for Social Studies and Spanish was established, and work on these curriculum reviews has started.

In the area of curriculum evaluation, a system of identifying and eliminating non-essential content for each curriculum area was established. Efforts to streamline the state competency test continue. Work in the area of relating the California Achievement Test objectives to our curriculum objectives also continues.

Many curriculum related goals have been accomplished during the past year. These accomplishments would not have been possible without the dedication of our coordinators: Cynthia Dow, Sam Giarrusso, Marguerite Brockway, Ron Reid, Linda Maston, Darlene Smith, Toni Toniolo, Kathy Trasatti, Joanne Ancil, Hedda Cohen, Linda Hodgman, Bruce Fessenden, Gerry St. Amand and Porter Dodge.

1013,2013
3014

WORKBOOKS

Most workbooks are consumed in the course of their use and must be replaced. At Clark and Wilkins, workbooks are used primarily in language arts, reading, and mathematics. Workbooks at the Middle School are used primarily in language arts, reading, social studies, French and Spanish.

1014,2014
3015

TESTS

Funds in this account are used to purchase diagnostic and placement tests in reading and mathematics. It is the goal of the school district to have every student placed at his or her proper level of instruction in the regular curriculum and in the accelerated math program at the Middle School.

1016,2016
3017

INSTRUCTIONAL MATERIALS (Formerly Teaching Supplies)

These materials are instructional in nature and support the teaching of curriculum objectives in a direct way. Examples include: flash cards, activity cards, puzzles, simulations, manipulative materials, duplicating masters, timers, charts and posters.

1015,2015
3016

COMPUTER SOFTWARE

This account contains funds for computer software in all three schools to be used in the computer labs at the Middle and Wilkins schools and in individual classrooms throughout the District.

1017,2017
3018

TEXTBOOKS

The adoption of new social studies and Spanish textbooks accounts for the major portion in this account. Replacement textbooks in language arts, math and science account for the remainder of the request.

1018,2018
3019

GENERAL CLASSROOM SUPPLIES (Formerly Magazines)

General classroom supplies include such items as paper, pencils, markers, chalk, chalkboard erasers, rulers, protractors, meter sticks, glue, scissors, tapes and dispensers, paper clips, thumb tacks, crayons, tempera paints, brushes, class record/plan books, and transparency film; also, such home economics items as food and yard goods and such industrial arts items as lumber, metals, nails, stain and paint.

SPECIAL EDUCATION SALARIES

Evaluation of every aspect of the special education program is on-going. The following staff and program recommendations are made for fiscal year 1989. All special education costs, except for employee benefits, appear in the 1200, 1202, 1290 account series.

I. PROGRAM

- A. Continue early identification of pre-school and Clark School children's learning abilities, disabilities and learning styles.
- B. Continue non-categorical programs in which high risk learners and coded handicapped learners have equal access to special services at all schools.
- C. Continue to provide time for the District's certified special educators to conduct all educational testing, leaving limited psychological testing for the Regional Special Education Consortium.
- D. Insure that high risk and handicapped students receive necessary and sufficient support at the Middle School.
- E. Increase the use of computers for recordkeeping and instructional assistance.
- F. Keep all in and out-of-district special education programs and services in compliance with N. H. Standards for Education of Handicapped children and Federal Law 94-142, the Education of All Handicapped Children Act.

- G. Coordinate Amherst and MASH special education programs and procedures.
- H. Improve opportunities for gifted and talented students.
- I. Evaluate all out-of-district placements with the goal to return programs and students to the district whenever educationally and economically feasible. Implement recommendation to open transitional high school in the Fall of 1988.
- J. Study the legality and feasibility of being the first New Hampshire School District to eliminate the labeling of handicapped students.

II. STAFF

- A. The Director of Special Instructional Services is responsible for the development and maintenance of programs and services for educationally handicapped students as well as for students in grades R-8 whose development is accelerated beyond the average to the extent that they need and can profit from specifically planned educational programs.
- B. Learning disabilities teacher, pre-school/R1.
- C. Special education aide; pre-school/R1.
- D. Learning disabilities teacher, grades 2-3.
- E. Learning disabilities teacher, grades 4-5.
- F. Learning disabilities teacher, grades 6-8.
- G. Learning disabilities teacher, grades 6-8, half-time.
- H. Learning disabilities aide, grades 6-8.
- I. Wilkins resource room teacher, grades 2-4.
- J. Wilkins resource room aide, grades 2-4.
- K. Special education teacher, emotionally handicapped program, grades 5-8.
- L. Special education aide, emotionally handicapped program, grades 5-8.
- M. One and a half Speech and Language Pathologists cover speech and language referrals and assessments at the preschool, elementary and middle school levels and provide consultation to classroom teachers.

N. Wilkins Extended Education Teacher, grades 2-4.

O Wilkins Extended Education Aide, grades 2-4, half-time.

1206,2206

SPECIAL EDUCATION AIDE SALARIES

<u>Position</u>	<u>Rate</u>	<u>Hours</u>	<u>Days</u>	<u>Total</u>

SUBSTITUTES

18 substitute days estimated at \$45 per day.

1210-3220 These accounts cover workbooks, tests, teaching supplies, computer software, textbooks, and equipment required for special education instruction.

1220 NEW EQUIPMENT SPECIAL EDUCATION - CLARK
1 Apple II GS Teacher Desk Top Solution \$1,740

2220 NEW EQUIPMENT SPECIAL EDUCATION - WILKINS
1 Apple II GS Teacher Desk Top Solution 1,740

3220 NEW EQUIPMENT SPECIAL EDUCATION - MIDDLE
1 Apple II GS Teacher Desk Top Solutions \$1,740

Account numbers 1220, 2220, and 3220 request the purchase of five Apple II GS computers for five special education teachers who currently have no access to a computer. The inclusion of the computer in these special education classrooms will provide computer assisted instruction as well as enable the Amherst School District to go to a computerized Individual Education Plan system. The time saved by using computerized I.E.Ps will be significant and will allow further direct services, increased consultation and in-district testing, and better communication with regular education staff.

3250,4250 SPECIAL EDUCATION DIRECTOR SALARY
5250
$$\frac{\text{Teachers Masters, Step 16} \times 210 \text{ work days} \times 1.065 \text{ Responsibility Index} = \text{Annual Base Salary. Up to } \$1,000 \text{ may be awarded for meritorious service.}}{189}$$

1228,2228 OCCUPATIONAL THERAPY
3228
Amount budgeted for coded handicapped students who required occupational therapy:
16 hours/week at \$22.00/hour for 36 weeks = \$12,672

3236-5236 OUT-OF-DISTRICT SPECIAL EDUCATION TUITION
3240-5240 AND TRANSPORTATION
Planning tuition and transportation accounts for educationally handicapped students who require programs outside the District is very difficult. The number of variables is so great that accurate cost projections from one year to the next are very difficult.

Major variables include:

- * General handicapped population growth or decline
- * Students moving to and from the district
- * Graduation/Discharge from programs
- * Age of student
- * Success of previous intervention
- * Availability of programs
- * Child Find effectiveness
- * Timeliness of Rate setting by the State Dept. of Ed.
- * Program location

The Amherst School District has seen a significant increase in the number of handicapped students new to the district. During the summer of '87, approximately 50% of the new students were coded or had needs for special services. In addition, new federal regulations regarding district liability for pre-school handicapped or potentially handicapped children are having an impact. The Child Find requirement will include children from birth to three years of age, not only 3-5 year olds. This has broadened our approach to the pre-school population and has resulted in an increase of services to younger children.

The funds represented here reflect the costs for tuition and transportation to serve 42 Amherst School District students who require private day, private residential, or other out-of-district placements due to their severe educationally handicapping conditions. Based on known students and their needs at the current time and reflecting anticipated costs, the costs for tuition and transportation are projected for 1988-89 as follows:

Transportation:	\$ 84,760.00
Tuition:	\$629,584.00

The Amherst School District accepts tuition students from other districts special education programs on a space available basis to help defray District special education costs.

3328,4328
5328

REGIONAL SPECIAL EDUCATION CONSORTIUM (RSEC)

The District will receive an estimated \$196,000 in catastrophic aid from the State of New Hampshire to help defray special education costs. In addition, approximately \$37,850 in Public Law 94-142 and 89-313 funds go directly to Regional Special Education Consortium to help offset Amherst's expenses for psychological testing and out-of-district placement services.

The Amherst School District's share of the costs for psychological testing, and out-of-district placement and review services is estimated as follows:

Administration	44,196
Out-of-District Placement Services	22,663
Psychological Services	80,059
Total	<u>\$146,918</u>

Less Estimated Federal 94-142/89-313 Funds - \$37,850

Estimated Cost to District \$109,068

This budget is based on competitive rates charged by RSEC for services needed by handicapped students. School Board members and Superintendents from Amherst, Milford, Mont Vernon, Hollis and Brookline comprise the Board of Directors of the Regional Special Education Consortium.

GUIDANCE SALARIES

One part-time counselor serves Clark, another counselor serves Wilkins, and two counselors serve at the Middle School. Salaries based on teacher salary schedule.

1039,2039
3040

TESTING AND SCORING

The State Board of Education requires a statewide standardized testing program. Grades 4, 8 and 10 will be tested at State expense; grades 2 and 6 at District expense. The cost of administering Gesell developmental examinations to incoming first grade students is also budgeted in this account.

1040,2040
3041

HEALTH SALARIES

Salaries for Clark, Wilkins and Middle School Nurses are included in this account. Each nurse has a license to practice as a registered nurse in New Hampshire and performs several important functions, including but not limited to the following: 1) emergency first aid; 2) maintenance of student health records; 3) annual health screenings; 4) investigation of absences for possible health conditions; 5) prevention and control of communicable diseases; 6) prevention of accidents; 7) parent counseling on health issues (growth and development, common illnesses, hygiene, dental health and nutrition) and 10) assistance to teachers in carrying out the health instruction curriculum. Nurses are compensated as follows:

Level 1: Registered Nurse, Non-degreed - 80% of Teachers' Bachelors Scale, based on 37 1/2 hour work week.

Level 2: Registered Nurse, Degreed - 80% of Teachers' Bachelors Scale + \$1,500, based on 37 1/2 hour work week.

6049 WELLNESS PROGRAM

Funds to develop and implement a district-wide employee wellness program. Activities include health risk appraisals, preventive health care information, stress management, nutrition and fitness programs.

1052,2052
3053 CONSULTANTS

Amount budgeted for speakers and consultants in areas of need based on annual district goals and staff members' continuing education plans.

1053,2053
3054 PROFESSIONAL BOOKS

Funds to purchase professional books and periodicals for staff and general public reading.

1054,2054
3055 CURRICULUM COORDINATOR SALARIES

Coordination of instruction both within the District and with Milford is a high priority. The Middle School Assistant Principal has major responsibility for this coordination. Amherst's curriculum coordinator's meet regularly with their counterparts from Milford to improve curriculum content and coordination. Amherst coordinators also monitor the implementation of programs, recommend staff training, prepare budgets for their subject areas and maintain up to date inventories.

<u>Subject</u>	<u>Clark/Wilkins</u>	<u>Middle</u>
Language Arts	1,100	1,100
Science	1,100	1,100
Social Studies	1,100	1,100
Mathematics	1,100	1,100
Reading	1,100	1,100
Integrated Arts	1,100	1,100
Computers	1,100	1,100
	<u>\$7,700</u>	<u>\$7,700</u>

3056,5055 CURRICULUM REVISION

COMPUTER Curriculum Revision
5 Staff members (3 Clark/Wilkins,
2 Middle) @ \$200/week for 2 weeks.

LANGUAGE Arts Curriculum Revision
8 staff members (4 Clark/Wilkins,
4 Middle) @ \$200/week for 3 weeks.

MATHEMATICS Curriculum Revision
8 staff members (4 Clark/Wilkins,
4 Middle) @ \$200/week for 3 weeks.

1056,2056,
3057

STAFF DEVELOPMENT

Teachers, administrators, counselors and librarians are required to complete a minimum of 50 clock hours of approved inservice training every three years if they are to maintain a license to teach in New Hampshire. Classroom assistants, secretaries, nurses, and SAU office staff must complete at least 25 hours of training in accordance with an approved continuing education plan. \$70 per staff member helps defray some of the cost of attending conferences, workshops and institutes.

\$70 X 98 Professional Staff Members = \$6,860
\$70 X 21 Support Staff = 1,470

Required attendance at training
seminars for Curriculum Coordinators
and other personnel = 1,000

TOTAL \$9,330

1057,2057

COURSE REIMBURSEMENT

In accordance with the Agreement between the School Board and the Amherst Education Association, \$250 is budgeted per teacher for graduate level courses. Funds not used during the school year are returned to the general fund; they do not carry over from one year to the next.

AEA Bargaining Unit Members 87 X 250 = 21,750
Other Professional Staff
(Administrators, Guidance, Nurses) 11 X 250 = 2,750

TOTAL 98 X 250 = \$24,500

1059,2059
3060

LIBRARIAN SALARY

There is one librarian for Clark and Wilkins and another at the Middle School. Librarians are members of the Amherst Education Association and their salaries are based on the teachers' salary schedule. Summer library work is budgeted at \$400 per week for three weeks.

1067,2067
3068 EDUCATIONAL T.V.
Public television programs and teacher guides are available from New Hampshire Channel 11 at an enrollment rate of \$1.50/student. Clark and Wilkins Schools are enrolled.

1068,2068
3069 AUDIO VISUAL EQUIPMENT REPAIR
Funding to keep the district's audio-visual equipment in good repair including preventive summer cleaning and maintenance.

1069,2069
3070 FILM RENTAL
Funds for film rental are based on the following per pupil rates: R-4/\$1.25, 5-8/\$1.50.

1070,2070
3071 LIBRARY SUPPLIES
Supply items include such items as catalog cards, audio and video tapes, media-making materials and book rebinding.

1071,2071
3072 LIBRARY BOOKS
The acquisition, maintenance and replacement of reference, non-fiction and fiction books are budgeted in this account.

1072,2072
3073 MAGAZINES AND PERIODICALS
Subscriptions to professional magazines (e.g. Arithmetic Teacher, Instructor, Gifted Children Newsletter) and student magazines (e.g. Jack and Jill, Ranger Rick, World, Seventeen, Creative Computing, and Science Digest) are included in this account.

1073,2073
3074 AUDIO-VISUAL - LIBRARY
Filmstrips, tapes, records, transparencies and other audio and visual materials bring added depth to a topic, reinforce classroom instruction and provide effective review.

6076 CONTINGENCY - COST SAVING AWARDS
Food service workers, aides, custodians, secretaries and bookkeepers are eligible for cash awards for suggestions which document cost savings to the district. The majority of this account, however, is set aside for contingencies.

9002 SCHOOL BOARD SALARY
5 members at \$500 - \$2,500

- 9003 SCHOOL BOARD SECRETARY
The secretary attends school board meetings and keeps minutes of the proceedings. Estimated cost: \$7.90 hour X 4 1/2 hours/meeting X 24 meetings per year = \$853.
- 9008 SCHOOL DISTRICT REPORT
The estimated cost for 1,250 copies of the Annual School District Report is \$1,605.
- 9009 SCHOOL BOARD EXPENSES
Amount budgeted for school board members to attend state meetings and conferences; also funds for legal notices for District and other meetings, bid requests and board-commissioned studies.
- 9010 SCHOOL BOARD MEMBERSHIPS
Several services come with membership in New Hampshire School Boards Association: Negotiations updates, salary and fringe benefits surveys, training seminars, school law and PELRB information, school board policy recommendation and legislative and labor relations lobbying at the State House. The School Board is also a member of the New England School development Council.
- 9017 LEGAL SERVICES
Legal advice to the Board on matters involving State and Federal laws, negotiations, contracts and personnel.
- 9019 AUDIT SERVICE
Independent annual audit of all financial records and accounting procedures of the School District including general, federal, food service and capital funds.
- 9021 EXECUTIVE BOOKKEEPER SALARY
Full-time Business Administrator replaced by a part-time executive bookkeeper in 1985-86.
- 9034 EQUIPMENT MAINTENANCE AND REPAIR
Cost of service agreements on CONTEL/CADO Computer, Pitney Bowes Copier, IBM AT, typewriters, printer and calculators.
- 9036 RENTAL OF EQUIPMENT
Postage meter rental at \$165 annually.

9038 POSTAGE
 School and SAU mail is processed through the SAU postage meter.

9041 PRINTING
 Funds for printing district forms, stationery, staff directory, etc.

9042 OFFICE TRAVEL
 Authorized travel reimbursed at \$.22 per mile.

9043,9047 COURSE REIMBURSEMENT AND CONFERENCES
 Funds for the SAU office staff to enroll in skill improvement courses and conferences.

9044 OFFICE SUPPLIES
 Cost of copy machine paper, stationery, ledger pads, computer supplies, file folders, pens, pencils and various other office supplies.

9045 NEW EQUIPMENT
 Lease purchase payment on Pitney Bowes copier.

1076,2076 PRINCIPAL AND ASSISTANT PRINCIPAL SALARIES
 3077 CLARK, WILKINS AND MIDDLE SCHOOLS

(1)

Teachers Masters, Step 16 X # Work Days X
 189

Responsibility Index = Annual Base Salary

(1) Work Days: 205 - Assistant Principal
 220 - Principal

(2) Responsibility Index:

1.065 - Asst. Principal/Curriculum Supervisor
 1.100 - Clark School Principal (Part-time)
 1.140 - Wilkins School Principal
 1.190 - Middle School Principal

In addition, up to \$1,000 may be awarded annually to each administrator for meritorious service on the recommendation of the Superintendent and approval of the School Board. This annual merit award is non-accumulative. A Clark School Principal and Guidance Counselor is also budgeted in Acct. 1076. A major responsibility of the Middle School assistant principal, requiring an estimated 20% of his time, is to coordinate the development, implementation and evaluation of curriculums within Amherst R-8 and with MASH. Curriculum Coordinators for R-4 and 5-8 report to the assistant principal who reports directly to the Superintendent on this aspect of his work.

1077,2077

AUDITOR'S REPORT

CARRI, PLODZIK & SANDERSON
Accountants and Auditors
193 North Main Street
Concord, New Hampshire 03301
Telephone: (603) 225-6996

We have examined the general purpose financial statements of the Amherst School District as of and for the year ended June 30, 1987. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion the general purpose financial statements referred to above present fairly the financial position of the Amherst School District at June 30, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole.

SYNOPSIS OF ANNUAL SCHOOL DISTRICT MEETING
MARCH 16, 1987

Peter Wells, Sr., Moderator, called the annual meeting of the Amherst School District to order at 7:30 p.m. on March 16, 1987 at the Amherst Middle School. Voters were admitted by Checklist Supervisors Jean Lyon, Marie Chase and Edith Noble. There were 242 voters present.

Mr. Wells read the preamble to the warrant and lead the voters in the pledge of allegiance.

On the platform were Jane Cosmo, chairman of the School Board; Kurt Pauer, Barbara Condon, Donald Boyle and Ann Logan, the other members of the Board; Superintendent Richard Lalley and School Board counsel Brad Kidder.

Mr. Wells read the rules and procedures under which the meeting would be conducted. A warrant article would be read, a school board member would make a motion, a second would be made by another board member, followed by the recommendation of the Ways and Means Committee. A motion to limit debate would be considered if sufficient time had been given to voters to speak to the question. An amendment would be voted on with no further amendments made to it. A motion to reconsider an article must be made before the next article is read.

Mrs. Cosmo read a resolution in recognition of his service to retiring School Board member Donald Boyle and presented him with a plaque from the Board. She also presented a plaque to Mrs. Roberta Potter representing the Amherst chapter of the High Hopes Foundation for their work raising money for caring of children in need.

Mrs. Cosmo noted that the Board had requested Dr. Lalley to reduce the budget by \$100,000. She moved to present information under Article X. Mrs. Condon seconded the motion. Mrs. Cosmo then reviewed the budget process, noting that the figure \$8,205,238, without the two warrant articles with dollar amounts, compared with the \$7,744,775 of the 1986-87 budget and would result in a tax rate of \$18.56, and if both warrant articles were passed, the tax rate would be \$18.95.

Bill Belden noted that the Ways and Means Committee supports the budget and that the two warrant articles should be judged on their own merit.

Article I. To hear the reports of officers, agents and auditors, and to take action with reference thereto. Mrs. Cosmo moved that Article I be passed, seconded by Mrs. Condon. Motion carried.

Article II. To see if the district will vote to raise, appropriate and expend the sum of \$143,385 to convert the existing all-electric heating system at Wilkins School to a fuel oil/forced hot water system; said electric heating system to remain functionally in place to be used as a back-up to the fuel oil

system should the need ever arise. Mr. Pauer moved that Article II be passed. Motion carried. Mr. Pauer explained that the renovation would have a payback period of seven years or less. Mr. Wallace Warren of the Ways and Means Committee noted that it was in favor of the article and that \$12,000 would be reduced from the Wilkins electricity account. It was noted that there would be an above ground oil storage tank. Motion carried.

Moderator Wells suggested that discussion on Articles III, IV and V be conducted together, since they all dealt with study committees for the Amherst high school students.

Article III. To see if the School District will vote to create an AREA School Planning Committee to be appointed by the Moderator, consisting of three qualified voters of whom at least one shall be a member of the School Board in accordance with RSA 195-A:3 with the Planning Committee incorporating a capital improvement plan or to take any action relative thereto.

Mrs. Condon moved the article and Mr. Boyle seconded it. Mrs. Condon said that the Board is asking the voters to approve all three articles and update the 1982 high school study so that the voters may make an intelligent choice.

Many voters spoke on the articles, citing that a cooperative might be the first choice, but since Milford favored an AREA agreement, all options should remain open. It was also noted that the possibility of Hollis being included should be studied, and that at its school meeting Bedford had voted to study a cooperative. Regarding the decrease in enrollment at the Amherst Middle School, it was thought that this is temporary, and that the enrollment at the Milford High School will be decreasing. However, the Board was against bringing the 9th grade back to Amherst. It was brought out that although cost and control were issues, curriculum, continuity and quality of education must also be considered.

Elliot Lyon moved the question (to end debate). Seconded. The motion lost 94 yes, 111 no.

It was brought out that there are 6 or 7 other AREA agreements in New Hampshire, and the sending district does not have any say in the administration of the agreements. Mrs. Logan noted that a 600-student Amherst High School would not be able to offer the curriculum that is currently offered in Milford.

The question was moved and the vote was 139 yes, 81 no. Motion carried.

Article IV. To see if the School District will vote to create a Cooperative School District Planning Committee to be appointed by the Moderator, consisting of three qualified voters of whom at least one shall be a member of the School Board in accordance with RSA 195:18 to study the advisability of forming a cooperative high school district with Milford. Mrs. Condon moved the article, seconded by Donald Boyle. The vote was 228 yes, 0 no. Motion carried unanimously.

Article V. To see if the District will vote to authorize the moderator to appoint a Cooperative School Planning Committee in accordance with RSA 195:18, at least one of whom shall be a member of the School Board, to study the advisability of forming a cooperative high school district with Bedford. Mrs. Condon moved the article, seconded by Mr. Boyle. The vote was 203 yes, 21 no. Motion carried. The committee by state statute would be three members.

After several suggestions, Mr. Wells asked for a sense of the meeting to the question: Are you in favor of Amherst having its own high school being studied? The vote was 136 yes, 57 no.

Article VI. To see if the District will authorize the Amherst School Board to accept and expend Federal Land and Water Conservation Grant Funds in the amount of \$12,558 to improve Wilkins School Playground. Mrs. Condon moved the article, seconded by Mr. Boyle. She thanked the committee which had studied the playground and got quotations for equipment to be installed by volunteers. She noted that \$27,000 had been raised or pledged and there would be no cost to the district. The Ways and Means Committee supported the article unanimously. The motion carried on a voice vote; there were no votes in opposition to the motion.

Article VII. (By petition of ten or more voters) To see if the District will vote to raise, appropriate and expend the sum of \$11,408 to establish an interscholastic athletic program at the Amherst Middle School; said sum to cover expenses for coaches, director, officials, league fees, transportation, equipment, uniforms and supplies for the following interscholastic teams: girls and boys basketball, girls softball and boys baseball. Howard Robinson moved the question, seconded by Bob Heaton. Mr. Robinson noted that \$4,000 had been pledged for the program, and that the impact on the tax rate would be \$.02. He noted that playing and practice would be after school and that the program would be administered by the school. Mrs. Logan noted that the School Board voted against the program 5-0 since they did not feel they could support an expenditure after cutting \$115,000 from the budget. The Ways and Means Committee's recommendation was that the article be defeated - that the program was nonessential. Matt Eaton inquired about other middle schools and was told that all schools in the area with over 100 pupils had such a program in place. Bob Heaton asked voters to note that the School Board's position was financial not philosophical. The vote was 119 yes, 61 no. Motion carried.

Article VIII. To see what sum of money the District will vote to raise, appropriate and expend for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of said district and to authorize the application against said appropriation of such sums as are estimated to be received from the state and federal government, together with other income, the School Board to certify to the Town Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxation.

Mr. Boyle moved that the District vote to raise, appropriate and expend the sum of \$8,348,031 for the support of schools, for the salaries of school district

officials and agents, and for the payment of statutory obligations of said district. This figure represents the proposed budget of \$8,193,239 plus \$143,385 authorized by the District vote under Article II of this warrant and \$11,408 authorized by District vote under Article VII of this warrant. Also that the District authorize the application against said appropriation of such sums as are estimated to be received from the state and federal government, together with other incomes; the School Board to certify to the Town Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxation. Seconded by Mrs. Cosmo. Mr. Boyle reviewed the budget categories, noted increase in salaries, textbooks, out-of-district placements, and savings in fuel service. Mrs. Krantz of the Ways and Means Committee noted their vote had been 9 for, 2 against.

Lee Slocum moved to amend the budget by restoring 50% of the \$100,000 cut (\$50,000) to the budget. Seconded by John Stockman. The amendment was defeated on a voice vote. Article VIII was then carried on a voice vote.

Article IX. To see if the district will authorize the School Board to make application for and to accept and expend on behalf of the district, any or all grants or other funds which may now or hereafter be forthcoming from the United States Government, from the State of New Hampshire, or from private trusts, foundations and individuals. Mr. Pauer moved the article. Seconded and carried.

Article X. To transact any other business that may legally come before the meeting. Article moved by Mrs. Cosmo, seconded and carried.

Meeting adjourned at 10:55 p.m.

Louise Ainsworth Marley, Clerk
