E. DERRY FIRE PRECINCT \$2.62

AREA: 37.18 Square Miles Acres 23,796 +/-

TOWN MAINTAINED ROADS: 153 miles

EXEMPTIONS

All persons desiring to apply for any exemptions must fill out a permanent application with the Assessing Department not earlier than January 1, but before April 15 in the year in which you qualify for said exemption. Further information may be obtained from the Assessing Department, and or the reverse of your tax bill.

OPTIONAL ADJUSTED ELDERLY EXEMPTION

1) a person has to have been a resident of the State of New Hampshire for at least five (5) years preceding April 1st; 2) must have a net income from all sources, except those listed in RSA 72:43c, of less than \$10,000, or if married, less than \$12,000; 3) own assets of any kind, tangible or intangible, less bonafide encumbrances, not in excess of \$100,000.00; 4) is at least 65 years old on or before April 1st; and 5) must not have received transfer of the property from a blood relation, or person related by marriage, within five (5) years prior to date of application (April 1). An exemption of \$68,000 for residents 65 years of age up to 74, \$101,000 from 75 years of age up to 79, and \$135,000 from 80 years of age and older is applied to the assessed value of the property.

EXEMPTION OF THE BLIND

Pursuant to RSA 72 those persons considered legally blind as determined by the Administrator of Blind Services of the Vocational Rehabilitation Division of the Education Department may apply for the exemption for the blind. Amount is \$15,000 off the assessed value. Applications are accepted at the Assessing Department not before January 1 and not after April 15.

VETERAN'S CREDIT

1) the person has to be a resident of the State of New Hampshire for at least one (1) year previous to April 1st of the year in which the exemption is applied for, 2) has to have served not less than ninety (90) days in the Armed Forces of the United States in a war or conflict as outlined in RSA 72:28; 4) must have been honorably discharged. The exemption in the amount of \$100.00 is applied to the amount of tax due. An exemption of \$1,400.00 is also available to the Veteran if he/she is 100% permanently disabled as a result of a service connected injury. A copy of the DD214 or discharge paper is required when applying.

CURRENT USE

In order to encourage appreciation for the environment, conserve land and other resources, and to maintain open space, there are provisions for placing land in Current Use status where it is taxed at a lower rate. Many restrictions apply, including in most cases, a 10 acre minimum. If you desire to investigate it further, you may inquire at the Assessing Department or refer to RSA 79-A (amended).

MANUFACTURED HOUSING

Whenever a person moves manufactured housing into a city or town for the purpose of residing in the Town, or whenever a person purchases an existing manufactured unit, he shall, within fifteen (15) days, register with the Assessing Department of the Town. (RSA 72:7-b)

GIFTS TO CONSERVATION COMMISSION

Under the provisions of RSA 36-A:4, Conservation Commission may receive gifts of money and property, both real and personal, in the name of the city or town, subject to approval of the Town Council. Such gifts are to be managed and contained by the Commission for the purpose for which intended.

DERRY FIRE DEPARTMENT

PROCLAMATION

On The Settlement of The Nutfield Colony

- WHEREAS:** *The Towns of Derry, Londonderry and Windham in the Province of New Hampshire urge citizens to participate in the 275th Anniversary of the beginning of the settlement of Nutfield, and*
- WHEREAS:** *Nutfield's vast land tract between Piscataqua and Merrimack Rivers being the Frontier of old New England in the Seventeen Hundreds, and*
- WHEREAS:** *We like to pause and acknowledge the challenges of the sturdy immigrants who first came here, staked out the land, settled here, and*
- WHEREAS:** *They introduced the production of linen making and the first white Irish potato planting in North America. They brought with them their beliefs, knowledge, skills and their pioneer courage to accept the challenges of the land and work with the Indians, allowing them to move forward and help defend the Ideals of Democracy at places such as Lexington and Bunker Hill, and*
- THEREFORE:** *We send out **THE CALL** to welcome and urge our fellow citizens, and the various schools and service organizations to take part in this salute to the pioneers by incorporating the adopted theme idea for the year 1994 as **NUTFIELD FRONTIER** in any programs being planned during the historic 275th year of the Celebration of the old Nutfield Frontier.*

-In God We Trust-

275TH ANNIVERSARY NUTFIELD FRONTIER 1719 1994

DERRY + LONDONDERRY + WINDHAM NEW HAMPSHIRE

Purpose of the 275th Anniversary Logo

To create community spirit and awareness of the past, present, and future in the Towns of Derry, Londonderry, and Windham.

Trees and Wildlife represent Life

Nutfield was heavily forested: chestnuts, walnuts, butternuts, hickories and oaks provided food, shelter, fuel, and tools.

Abundant animals provided food and clothing: deer, duck, turkeys, beaver, rabbit, muskrat, bear, and moose from the forest; fish and clams from streams and lakes.

Native Americans represent Partnership

The Abernake, and Penacook tribes traded furs and taught the settlers how to trap, grow crops, and preserve foods.

Scottish Settlers represent Regional Ancestors

Men, women, and children fought in the siege of Londonderry, Ireland, for the English King and were given the opportunity to practice their religious beliefs in the New World. Sailed to Boston and dispersed: families came to Nutfield with knowledge of flax growing, linen making, potato farming, and education.

With Thanks to the Artists

Logo designed and drawn by Patricia Verani, artist and sculptress living in Londonderry.
Logo colored and screen printed by Dale Harding, graphic designer and production artist living in Derry.

Historic District Commission Heritage Report 1993 - 1994

The Commission members have met with the Historical Society Directors four times during the year with added workshops and committee meetings as needed.

The highlight of this year was the planning and working with Windham and Londonderry in the celebration of the 275th Anniversary of Nutfield, in developing a proclamation, a logo and a collectible stamp cancellation produced by the Postal Service to commemorate the anniversary of the frontier settlement.

Forest Hill Cemetery has been surveyed, marked, and mapped by Eagle Scout Eric Morkus under the direction of Commission member Richard Holmes. As part of the 275th Celebration, there have been over 25 tours to see the early settlers' markers conducted by Mr. Holmes.

A Brief History of Derry, with art work by Deborah Curtin, was reprinted and is available at the libraries and Broadway Book Store.

We received donations to our Witch Hazel collectable bottles project which helped restore the belfry at the Adams Female Academy. The bell is on loan to the present owner, Scott Richardson, by the Derry Historical Society.

A review of the Veterans Memorial Hall was requested by the Recreation Department, because some have asked that the balcony be taken down to allow more recreational usage. Commissioner Dave Udelsman, an architect, suggested that the balcony could be modified to provide a walking/running track, with proper egress, without harming the integrity of the original design. Commissioner Udelsman noted that the Veterans Memorial Hall is another link in Derry's history, and with current improvements of the Adams Memorial Building in planning stages, and the town's Bicentennial and Fire Museum across the street, this corner of town has good potential as a civic and cultural center and should be incorporated into the town's master plan. This is one key in creating strong economic growth for our town.

On the anniversary of his being the first American in space (May 5, 1961), Alan Shepard was remembered this year with a window display at the Broadway Book Store. In celebration back in 1961, the town of Derry became "Spacetown, U.S.A." and enjoyed an instant parade.

Concerned neighbors in the Windham Road area were bemoaning the loss of the old stone wellhouse of the Lafayette Spring Crystal Water Company. The Commission made a survey and a report of the site and sent copies to the State Preservation Office. It is hoped that a suitable marker will be placed at this historical site in the near future.

The Adams Memorial Building which is listed on the National Register has been saved from possible demolition by the action of the Town Council, the Derry Historical Society, and the Greater Derry Arts Council.

The Commission is looking into the possibility of getting onto the National Register the Station #1 Fire house and the Derry Depot.

Respectfully submitted,
Ralph Bonner,
Chairman, DHDC

Chief Garone and Town Administrator, Bill Jackson, along with other recreation staff give support to Derry Police Officers running for N.H.S.O. Torch Run.

Town Administrator's Report

In July of 1993, Derry started its third form of government in 10 years. In 1983, a 5 member board of selectmen and an administrative assistant ran the town - in 1986, a Mayor and five member Town Council with an administrator took over, and finally 1993 saw the current form - a 7 member Town Council and a town administrator at the helm.

Last year was the year of many changes in town. The town is steel reeling after the recent court ordered revaluation. This coupled with the continued slowness in the economy has hit Derry particularly hard. Through all of this we have tried to maintain the expected level of service for the community.

This Town Report outlines some of the projects the Town's Departments and Boards have been involved with during the year. It is important to state that all of the Town departments operate on the "team" principal. We are all aware of the needs of each department and how that need fits into the level of service we provide to you, the residents of the town.

This past winter was an example of how this town operates under adverse conditions. In a word the weather was "horrendous". You would have to go back many years to find a winter that produced the amount of ice that we had to contend with. Yet when all was said and done - the Town did not require any supplementary money to deal with the expense of maintaining the roads. Did we have perfectly plowed and cleared roads - certainly not! But what we did have was all of the town departments: police, fire, highway, parks & rec, etc. putting their best effort forward to deal with the problem. This by itself would not work if it wasn't for the patience and help of the public at large - you understood the problem, changed your driving habits, put up with conditions you would not normally put up with and thereby helped us all make it through. At times you were angry and couldn't understand why things were not "happening" but you stuck it out - you are the final ingredient to making town government work!

It has been a pleasure being of service to you during this past year as Town Administrator - a tough and trying year for all but a year once again that brought forth the best in Derry. Next year will be even better!

William H. Jackson
Town Administrator

Derry Development and Preservation Corp. (DDPC) Report FY 1994

The DDPC has been asked for the first time to provide a report for the annual Derry Town Report. This request underscores one of the significant accomplishments of the Town and the DDPC during FY 1994. We are all moving in an ever focusing common direction to provide a proactive and friendly business environment in Derry. The cooperation and involvement of the Town Administrator and Town Council, the Planning Board and Planning Department as well as other Boards and Departments involved in Commercial and Industrial development has been instrumental in laying the

foundation for improving Derry's image in the business community. These efforts are paying off as I will describe later in this report.

Some of you may be asking yourself "What is the DDPC"? Very briefly, the Derry Development and Preservation Corp. (DDPC) is a private non-profit local economic development corporation. We have one full time paid employee (Executive Director) and approximately 35 volunteer Board members comprised of Derry residents and business owners. We have been in existence as a corporation for about two years. In FY 1994 we were supported entirely by the Town. In FY 1995, fully one third of our funding now comes from DDPC internal sources, and we will continue to reduce our reliance on Town financial support until we are completely self supporting.

Our mission is to create jobs in Derry and diversify the tax base by promoting and assisting the startup and expansion of local businesses as well as the relocation of businesses to Derry. Our portfolio of services is focused in two areas:

Business support services:

We assist companies with a wide range of general support services and resources. Our services include but are not limited to the following areas:

- Business Plan Development
- Marketing Assistance
- Space Acquisition
- Efficiency Studies
- Job Placement and Training
- Vendor Matching
- Assistance with Permitting
- Problem Resolution

These services are provided in-house or through utilizing the services of various State and Local Agencies including the NH Job Training Council, the NH Department of Resources and Economic Development, the NH Industrial Research Center and the Derry Planning Department.

Financial Assistance:

The DDPC has a variety of financing resources available to any business that will create new jobs within Derry through start-up, expansion or relocation. Some of the basic programs include:

- Community Development Block Grant Program available through the NH Office of State Planning.
- Small Business Administration direct lending
- DDPC internal revolving loan fund
- "Matchmaking" services with other sources of public and private financing to complete a financing package.

Our overall goal is to evolve as a "one stop shopping" source for a businesses start-up, expansion or relocation needs.

Our major accomplishments during FY 1994 are as follows:

- The successful resolution of the Needham/Jensen ("Dynaco") Community Development Block Grant (CDBG) Loan default. These negotiations resulted in all principle, interest and legal fees being returned to the State and the DDPC. The DDPC Revolving Loan Fund received over \$100,000 as a result of this settlement. This money is now available to be used in business loan packages in Derry.

- The DDPC assisted in the lease up of the Klev-Bro building by facilitating the move of one company to the building from out of state, the expansion of two Derry companies into the facility, and the start-up of one Derry company in the building. We are presently working with several other companies to complete the lease up of the building. The best news is that when the building is full, there will likely be as many or more jobs created in the building as in the original Dynaco plans for occupying the building.
- The DDPC found a permanent home on the second floor of the Fleet Bank building in downtown Derry. This 2 room office suite as donated to the DDPC by Fleet Bank. Our thanks go out to Branch Manager, Nancy Sullivan as well as the entire Fleet organization for their generosity. Their donation saves the DDPC and the Town of Derry in excess of \$7,000 per year in leasing costs.
- The DDPC and the Town successfully acquired a \$100,000 CDBG loan for the Nutfield Brewing Company. This loan approval from the State culminated almost two years of ongoing DDPC support for this start-up company that will locate in the Klev-Bro building and create in excess of 10 jobs.

Much of our day-to-day accomplishments are "behind the scenes". Due to confidentiality requirements, our accomplishments only become public when the company we are working with feels the time is right. As of this writing, we are working actively with approximately 15 companies who are considering start-up, expansion or relocation in Derry.

Commercial and Industrial interest in Derry has increased significantly in the last 6 months. As the economy continues to improve and the word gets out that Derry has a proactive business environment, this interest should accelerate. If we continue to work together, Derry has a very bright future. The DDPC looks forward to being a part of that future.

Respectively submitted,
 Ronald C. Hilfiker,
Executive Director

Derry Fire Department Report FY 1994

The past year has found several changes to the Derry Fire Department. The most significant change was the retirement of James J. Cote as Chief of the Department. Jim had been with the fire department for 29 years and was chief for 17 years. A retirement dinner was held in his honor with many local chiefs, town/state officials and many of his friends and relatives in attendance. I know I speak for all the members of the department when I say "THANK YOU" for your many years of dedicated service to the Derry Fire Department and the Town of Derry.

Another major change came with the retirement of Donald F. Gelinis who was the Emergency Medical Services Supervisor. Don was very instrumental in making Derry's ambulance service what it is today, one of the best (if not the best), in New Hampshire (See EMS report).

In April Gary McCarragher was brought on board as the deputy chief. Gary is a well qualified individual who is an asset to the department.

In September of last year the first truck that had been refurbished was delivered to the department. In April of this year the second of the vehicles had been completed and delivered. Both vehicles are back in service and are expected to provide us with at least 5 years of service. These trucks are over 17 years old and replacements must be considered and planned for at this time. The third vehicle to be refurbished is the water tanker truck. This vehicle should be completed by December, thus completing the refurbishing project.

The vehicle maintenance division continues to keep our aging fleet on the road and in service. Their preventive maintenance program and emergency repairs have saved this department and the town a considerable amount of money.

The most critical issue in this department continues to be the lack of additional manpower. During the last budget season this issue was addressed at length with the council, and will be a high priority item again this year. We continue to see an increase in emergency calls with the same amount of personnel.

The fire prevention bureau continues to provide an inspection service to the town with a high degree of professionalism. The number of routine inspections of commercial buildings, and the investigations of fires as well as alarm activations, keep the inspectors extremely busy.

All the members of the department continue to stay abreast of the latest firefighting techniques by taking re-certification exams each year. This provides the department and the town with the best trained men and women to carry out the mission of providing the best protection from loss of life and property. This department will continue to strive to provide the best service to the town as we move to the twenty first century.

Respectfully submitted,
 Ronald D. Gagnon, *Fire Chief*

Emergency Medical Services Report

The Derry Fire Department Ambulance Service once again had a record number of calls during this past year. The ambulance service call volume has steadily risen each year, creating increased demands on our available resources. The department continues to staff ambulances with personnel removed from the fire apparatus. All personnel are cross trained as Firefighter/EMT's or Firefighter/Paramedics, which allows for this cross-staffing or fire apparatus and ambulances. This system has always been manageable for the department in the past, however, has become more difficult in recent years due to the increased call volume. The primary goal of the Derry Fire Department EMS System continues to be to provide the highest quality pre-hospital emergency medical care, as economically efficient as possible.

The Department is very proud to once again lead the EMS industry in the State of New Hampshire by being the first to utilize 12-lead electro-cardiograms in the pre-hospital environment. The use of this 12-lead EKG will allow department paramedics to more accurately assess a cardiac patient and quicken advanced treatments to deal with a true cardiac emergency. The Department feels very fortunate to have the Parkland Medical Center assist with program implementation expenses and program development. The Parkland Medical Center is continuously supportive of all efforts of the Derry Fire Department to provide the highest quality pre-hospital care.

Finally, the Derry Fire Department would like to recognize former EMS Supervisor Donald Gelinis who retired in July of 1993. Donald Gelinis was instrumental in the development of the Derry Fire Department's EMS System. Without his ingenuity, professionalism, and dedication to providing nothing but the best emergency medical service to the people within our response districts, the system would not be nearly as exclusive as it is today. Donald Gelinis will always be known as the person who created Derry's Advanced Life Support Pre-Hospital Emergency Medical Service. The Department would like to say "thank you" and "best of luck" to Donald Gelinis. Your contributions to this Department and commitment to service will always be respected by department personnel, citizens of the Town and the patients we continue to provide with advanced life support pre-hospital care.

Respectfully submitted,
Michael J. Gagnon, *EMS Coordinator*

Police Department Report - 1994

This fiscal year saw an increase in the number of police officers patrolling the streets of Derry. The Department's allotted strength went from forty-two officers to forty-seven officers. The Department is now comprised of the Chief of Police, two Captains, four Lieutenants, eight Sergeants, thirty Patrolmen, five Civilian Dispatchers, and seven Civilian Support Personnel.

Attached you will see a Functional Organizational Chart that will represent how the Police Department is currently structured.

The crime statistics for Fiscal Year '94 show a direct correlation to and are consistent with National Crime Statistics released by the FBI for the same period of time. While total crime reports have dropped off slightly, there has been an increase in crimes against persons. Assault cases are on the rise. This may be attributed to society becoming less tolerant of Domestic Violence and related offenses as well as some elements of our society not being deterred by the presence of law enforcement or the threat of incarceration.

One of the additional positions in the agency allowed for an additional investigator to assist in the investigation of sexual assault cases. These types of cases are being reported more frequently as the community's awareness grows.

Property crimes such as burglary and vandalism have decreased slightly. This is, in all likelihood due to the increased police presence in the Town. We have noted, however, that the vast majority of burglaries that occur in Derry are committed by persons that are motivated by drug habits. They commit these crimes to support their illegal activities in the drug trade. Consequently, we continue to see increasing drug activity related to Cocaine and Crack Cocaine. This year we raided a Crack House on English Range Road, several automobiles and a motorcycle were seized in that raid.

One notable burglary was committed at a local gun shop.

Thirty-five firearms, both handguns and rifles, were reported stolen. An intensive investigation by the Department led to the recovery of twenty-eight of the guns and the arrests of five people for crimes related to the burglary.

During this past year, the Derry Police Department investigated 793 motor vehicle accidents, and 192 of those involved personal injury, injuring 251 people. We recorded three fatal accidents during the past year, two were alcohol related cases. The total number of accidents was elevated in part because of the extremely harsh winter weather we experienced last year.

The Department stopped 7,623 motor vehicles for various motor vehicle law violations. One thousand six hundred sixty three motor vehicle summonses and 6,116 warnings were issued.

Community Relations continues to be a high priority for the Derry Police Department.

This year we became involved in the Derryfest Celebration bringing the Convincer (Seat belt education) to Derry and sponsoring a Crime Prevention Booth at the event.

Officer Bob Napoli initiated a new program where youngsters are rewarded if observed wearing a helmet while riding a bicycle. The youngsters are given a ticket for a free ice cream at a local ice cream shop.

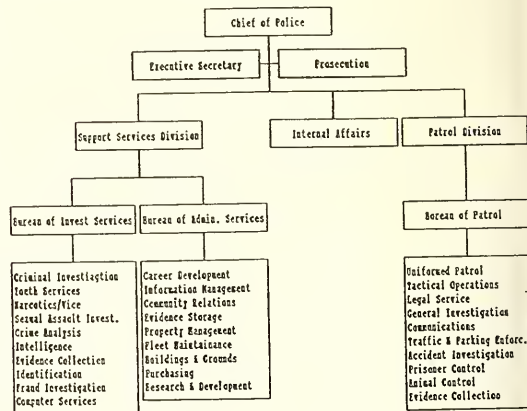

These types of activity can only foster positive feelings between the Community and members of our Department.

This year we installed a new computer system. The system totally automates the record keeping function and fully integrates all of the Department's records. Dispatching officers to crimes is also automated with a computer aided dispatch program.

The added efficiency of the Department will enable us to better serve the citizens of Derry.

DERRY POLICE DEPARTMENT
FUNCTIONAL ORGANIZATION CHART
AS OF SEPTEMBER 1997

Planning Department Report FY 93-94

The Planning Department remained busy during the 1993-1994 fiscal year. This past year we continued working on special projects which we hope will have a long-term positive impact on the Town.

The Department has been working with the Upper Room Teen Center on successful completion of their Community Development Block Grant. Work included partial grant application material, on environmental impact report and the selection of an architect for the renovation of the barn. Actual work is scheduled to begin in the Fall of 1994.

Work with the Hoodcroft Country Club, the Derry Conservation Committee, private land owners and volunteers regarding the possible expansion of the golf course into an 18 hole facility continues. Final wetland mapping was completed this year and the project is moving forward.

A federal grant was successfully obtained for Phase I of the Derry Bikeway and Trail Program. Currently, engineering designs and actual construction has begun in earnest. We hope to obtain additional grant money for future phases of the trail.

Staff assistance continues to be provided to the Planning and Zoning Boards on a weekly basis. We have assisted in the completion and adoption of the 1994 Master Plan update. We are also assisting the Planning Board with a Growth Management Ordinance, Impact Fee Ordinance and revisions to the Land Development Control Regulations. Computerizing the planning and zoning files continues, as well as the implementation of the Geographic Information System (GIS) computer program.

Another major project the Department, in conjunction with the Derry Development and Preservation Corporation, undertaken this past year, was to successfully obtain a Community Development Block Grant for a new business venture - a micro brewery company which will locate in the former Klev-Bros. Shoe building.

We continue to work with the Southern New Hampshire Planning Commission, Transportation Planning Advisory Technical Committee, looking at the region's transportation needs; and working with the Commission's Economic Development Committee.

The Department has recently begun working with the Town Administrator's office on a Federal Grant/Funding Locator CD-Rom which will allow us to research federal grants and funding programs.

In conclusion, I would like to commend Jeanne Owen in assisting myself and the Department with her dedication, as well as Virginia Rioux and Gloria Hebert for their daily assistance. I would also like to thank the Planning Board chairman, Mary Ann Edman, as well as the Planning Board members for their support and assistance. The Planning Department looks forward to continuing to provide service to the community.

Respectfully submitted,
PLANNING DEPARTMENT
George Sioras, *Planning Director*

Derry Recreation Department

The doors of this fiscal year have been closed and a new one slowly opens.

With its closure, our thoughts drift and also reflect upon the many happenings that have been transpired during this time, along with the passing of the years.

The crossroads of life are that of many. Folks greet us from all walks of life; and when we least expect it, they are no longer with us.

We are born, we live, and we depart realizing the in between counters that we are touched by and bring us memorable memories.

Julie "Dolly" Torre and John Walsh are no longer with us. We, in Recreation, feel their loss; yet through this loss, we are grateful, for they have walked with us on our path of life.

1719 to 1994, WOW!!! 275 years. In celebrating our 275th year of "Nutfield's" foundation, we held a canoe excursion down Beaver Brook. Approximately twenty enthusiastic canoeists joined us with a bit of glimpsing back in time, narrated by historians Ralph Bonner and Donald Houston. The paddles hit the rapids and the group, of all ages, were off to view scenery.

Thinking along the lines of our heritage and its preservation, ice is no longer taken from Hood Pond for business, but is replaced with ice skating in the winter. During the summer we hear the laughter of children playing games on the playground, along with doing crafts. Swim instructions are taught at all levels in the a.m. and open swim with life guards on duty in the afternoon and weekends.

Adopt-a-Park project is well and alive with the continuation of energetic Rotarians from the Derry Village Rotary Club. Through their hard work and effort, a new dock system was installed. This has made it more efficient for swim instruction and for fun during recreational swim. Hundreds of youth and adults have utilized these docks and we are grateful to the rotarians.

Dan Carraher completed his Eagle Scout Project at Hood, erecting a bicycle rack. Participants can leave their bike undercover and lock them while they enjoy our park.

Drifting over to a wonderful piece of land willed by Dr. Alexander and Dr. Carr, better known as Alexander/Carr Playground, we, in Southern New Hampshire, feel we have the best sledding hill.

Besides winter sledding, people can warm up by the fireplace watching their children and grandchildren enjoy a safe place participating in winter games. Family and group cross country ski instructions are taught on our expanded trails. This beautiful area is also used to teach our Special Olympic Team.

During the summer months, our Day Camp is held there with children ranging from five to twelve years of age. The eight week program is well attended with its participants enjoying crafts, sports, special days, and parents night.

Located on Pond Road at Beaver Lake is Gallien's Town Beach where the water has never been better. For residents only, this recreational area brings one back to nostalgic family outing days where everybody knows everyone. Unfortunately "Swimmers Itch" was reported to be present at the Lake. The state's Environmental Service Status Reports were

of no findings.

A new program, Wiggles & Giggles, has been a smash hit with our fun and fitness for pre-schoolers. Moms benefit socially also. They meet other moms in their child's age level and find new found friendships.

Another new program we added is the "Lets Go Fishing" course co-sponsored by the State of New Hampshire Fish & Game Department. One of our employees is a state certified instructor. We found this program to be beneficial and much enthusiasm was shown.

Our sports programs continue to grow with emphasis on safety, sportsmanship, fun, and no stress are important features that we accentuate in all activities.

As always, our dedicated staff and volunteers bring forth their own quality of enthusiasm and expertise. We give our sincere thanks to each and every one of them. For without their giving, Recreation could not achieve the quality leisure recreation for our community.

In closing, it is with gratitude and appreciation that we pay tribute to the schools, churches, clubs, organizations, businesses, and individuals. They continually support us in all of our worthwhile endeavors. We give our heartfelt thanks to you all.

Sincerely,
Diane Morrill LaPlante
Derry Recreation Coordinator

Derry Housing & Redevelopment Authority Report

Nineteen ninety-four so far has been devoid of any major catastrophes. Economic prospects, if not prosperity, continues to improve. Demand for housing subsidies for families always increases in poor economic times, and our waiting list has grown over the past year. The demand has lessened now, undoubtedly reflecting improvement in the unemployment rate, effecting primarily the intact families. Single parent families have always predominated on the rent assisted rolls, which should not surprise anyone. We are currently assisting the maximum number of families and elderly allowed with our present funding. As opportunities arise, we will attempt to increase the number of families we are able to assist.

On a somewhat different note, the Authority continues to look for opportunities to support downtown revitalization. Our Commissioners are in contact with the Derry Development and Preservation Corporation and the Derry Strategic Planning Steering Committee to pool ideas for a potential downtown project. The commissioners are willing to commit a portion of our operating reserves to a worthwhile project which meets the criteria of job creation and revitalization.

Hopefully our next annual report will be providing details on how successful those efforts have been.

Respectfully submitted,
John Brown,
Executive Director

Town Welfare Department Report

The Town of Derry Welfare Office has seen a sharp increase in the number of clients seen over the past Fiscal Year. The Welfare Office assisted an average of 31 families/single individuals per month. An average of \$6,646.43 was paid out monthly for General Assistance. An average of 25 new clients call this office weekly for appointments and though some do not qualify, all Derry residents are entitled to apply.

The Welfare budget did exceed the allocated budget for the Fiscal year 1993-1994 by 9,757.12. However, this amount would have been much higher if not for the Rockingham Community Action Program and other programs such as the Derry Community Fund, Salvation Army and Sonshine Food Pantry.

The Derry Welfare Department will be presenting a Work Program to the Town Council this Fall and with their approval will begin immediately. This will entail all able-bodied individuals to work off their assistance working for departments throughout the Town and also being "loaned" out to various non-profit organizations in Town. As with other surrounding towns, this will greatly help out as the Town will benefit from extra persons in the labor force and they will be working for direct assistance only. The client is also aided by learning new job skills and therefore qualify them for future employment.

It has become extremely difficult to keep up with the increasing number of clients that come to the office requesting

assistance, plus keep up with the paperwork and incoming and outgoing calls, but thanks to Susan Sullivan, a volunteer from Town who has been acting as secretary, it has greatly relieved the burden.

The Derry Welfare is available to all Derry resident who are having difficulty financially. They must verify they are Derry residents and they must demonstrate their income is insufficient to meet their basic living needs.

In the past 8 months since I took over this office, I have seen a sharp incline in the number of residents and taxpayers who are for one reason or another out of work and unable to pay rent, mortgage, electric, heat and food. The economy is not, judging by this office, improving in this area. People are finding it increasingly difficult to make ends meet and find themselves at my door, albeit unwillingly. Rockingham Community Action has also seen an alarming increase in the number of new clients asking for "Crisis" and will very shortly run out of FEMA funds for this period to help finance this operation.

Fuel Assistance this year is being cut by the Federal government and it is still unknown how much will be available for this area come Winter. Without the help of this valuable program, I foresee Derry Welfare paying for more heating fuel and electricity if we have another Winter like the one we had last year.

943 — Total number of persons assisted 7/1/93 - 6/30/94
(249 families — 117 single individuals)

Total Asst. Rendered 7/1/93 - 6/30/94 \$79,757.12
Reimbursements 7/1/93 - 6/30/94 \$3,914.92
(includes reimb., on liens, Medicaid, client reimb.)

Respectfully submitted,
Jane Wilkalis, *Welfare Officer*

Public Works Department Report

The Public Works Department, as always, was a very busy Town Department during Fiscal Year 1994.

HIGHWAY

Many events occurred during the year that required Department response, however, as in 1993, the winter of 93-94 proved to be the most demanding. This past winter was another touch one as over 90 inches of snow fell. Many storms occurred during the year which required the Town's Highway Department to be called out over 30 times for snow and ice control services. The entire department worked to the limit - often twenty-four hours straight.

The Town's new road grader was invaluable for heavy duty plowing, particularly in the downtown area and "cutting ice" on treacherous roadways. The new **Snow Ordinance** proved to be very helpful in minimizing snow dumping on our roadways. The practice of blowing or shoveling snow onto roadways is very dangerous and costly to taxpayers. The worst storm of this past winter occurred on January 17th when the heavy rain turned to heavy snow overnight. With a sharp temperature drop, the entire Town became an ice cube. Ice covered roadways lasted for weeks causing residents to remember the "old days". This past season, again, has proven that a well maintained fleet with trained personnel can

"do the job" for the Town. Often times citizens take our snow fighters for granted. The time and effort to prepare and actually fight storms is generally not known to the average citizen.

Outside snow and ice storms, the Department of Public Works managed its six divisions through reduced budgets.

ROADWAY MANAGEMENT PROGRAM

The eighth year of the Town Roadway Management Program included the reclamation or recycling of High Street, Railroad Avenue, Mt. Washington Street and Adams Pond Road.

In addition to these roadways, Tinkham Avenue was fully reconstructed, including installation of a new stormwater collection system and a portion of new water main.

The department shimmed (paved) 3.4 miles of roadway using the Town's grader acquired in FY94 and Town forces. These roads were: Exeter Street, Everett Street, Forest Street, Floyd Road, Juniper Road, Sunset Avenue (Windham Road to Woodland Street), Stark Road, Woodland Street, Wildwood Avenue and Westgate Road.

STONE SEAL PROGRAM

The department stone sealed Paul Avenue, Gregoire Street, Doris Avenue, Delores Avenue, Young Road and Opal Circle.

In the spring of 1994, the Town swapped the Town's bulldozer that was once used at the landfill, for a new excavator backhoe. With the landfill closed, the Town no longer had a need for the bulldozer, thus making the excavator a more valuable piece of equipment.

Although the department repaired or reconstructed over six miles of road in the past year, the overall average condition of roadways in Derry continues to decline. The Roadway Management Program and Stone Seal Program must be funded to levels that will allow this department to continue improvements of existing infrastructure and not continue losing ground. The department is optimistic that funding levels will increase as the economy improves.

RECYCLING

In Fiscal Year 1994, the Town improved citizen participation in the Townwide Recycling Program. Again Derry has led the state in the concept called "commingled recycling". This type of recycling has resulted in an easier transition to recycling for all Derry residents. The program's original design was to reduce Derry's solid waste shipped to the Penacook incinerator by twenty-three percent. As of June 1994, the Town was recycling over twenty-three percent of its municipal rubbish related waste stream. The twenty-three percent rate does not include waste tire recycling, composting, scrap metal recovery, batteries, waste oil and textile recycling. If these other types of recycling are included, Derry is recycling approximately forty-five percent of its total waste stream. The Town continues to recycle textiles and junk mail and is now generating approximately \$100,000 in revenues for the Town to help offset taxes. Keep it up, Derry!

VEHICLE MAINTENANCE

The Vehicle Maintenance Department installed a waste oil furnace in the fall of 1993. This resulted in a dramatic reduction in use of fuel oil as well as eliminating the need to pay to remove waste oil from the Transfer Station. Budgets for fuel

oil purchases have dropped by many thousands of dollars as a direct result of this installation. Public Works continues to be in the forefront of saving taxpayer dollars.

WATER DIVISION

The Water Division completed and upgraded existing old water mains on West Everett Street, Mitchell Avenue and Central Court. The new eight inch water mains will help to provide better fire protection capabilities in these areas of the water system.

WASTEWATER DIVISION

The Wastewater Division completed many capital improvements at the Town's Wastewater Treatment Plant in FY94. These improvements have resulted in full compliance with all state and federal permit requirements. With the first phase of improvements completed, the department is investigating alternatives to increase capacities and thus potential revenues for the overall Wastewater Division. We all look forward to the day when the only time this "plant" is discussed is during budget season.

I would like to take this opportunity to again thank all residents of Derry for their input and comments throughout the past year. Citizen input is a positive step in providing a first class department to service the entire Town of Derry. The department will strive to improve its level of service by increasing efficiency and productivity.

Respectfully submitted,
Alan G. Swan, P.E.
Director of Public Works

DERRY'S RECYCLING PROGRAM
% RECYCLED TRASH

Derry Planning Board Report

July 1, 1993 - June 30, 1994

The Derry Planning Board has met nearly every Wednesday evening this fiscal year in public sessions. It has held a total of 29 regular meetings, 17 workshops, and 6 public hearings. The Board also conducted several Saturday site walks. At practically every meeting, its task has been to find the proper balance between the right of a property owner to use his property in the way he sees fit, and the rights and concerns of the abutters and the community at large. It is also conered with encouraging commercial and industrial development in order to broaden the tax base.

Statistical Information - FY93-94

	# plans	# lots	# approved
Preliminaries	7	94	63
Finals	23	114	88
Site Plans	5	-	5*
Discussions	12	-	-
Public Hearings	5	-	-
Workshops	16	-	-

*Includes approval of new courthouse.

Among other procedural changes, the Board implemented a policy for determining the necessity for full site plan reviews which is presented by the Town Planner. The Site Plan Determination process addresses minor changes of use and/or expansions to determine if a full site plan review is required or waived. The Board reviewed 10 proposals and waived the site plan review requirement for 7.

The major emphasis for '93-'94 has been the adoption of the 1994 Master Plan. According to the RSA's, the Master Plan and Capital Improvements Plan are prerequisites for any zoning changes which may manage growth. Such changes would include establishment of impact fees or growth management ordinances.

Due to the property revaluation and resultant tax increases which occurred in the autumn of 1993, the Planning Board's task has become increasingly difficult because of its concern that any new home would add to the already over-burdened infrastructure, especially the school system. Although some attempts were made to manage growth by phasing earlier in the year, the Board finally took a position based on its Land Development Control Regulations and disapproved two preliminary subdivision proposals, (a total of 31 new building lots) on the grounds of prematurity. As a result of that decision, litigation has ensued, but no new subdivision plans have been presented, as developers are awaiting the court's judgment.

The Board held final public hearings and adopted the 1994 Master Plan in June. It is currently in the process of compiling data and public input necessary to draw up an interim growth management ordinance (short-term), an impact fee ordinance, and a growth management ordinance (long-term). Other projects include the review and recommendation for adoption by the Council of the Aquifer Protection Ordinance proposed by the Conservation Commission and an ordinance regarding sexually-oriented businesses; review, amendment and update of certain sections of the Zoning Ordinance; and review and amendment of the Land Development Control

Regulations. Planning Board subcommittees are currently working on these projects.

Because of the tax climate in town, the Board continues to face a number of challenging issues in the course of routine business. It has been imperative that the Board constantly remind itself of its purpose as stated in New Hampshire RSA 672:1, 674:1 and 17, and Article 100, Section 103 of the Derry Zoning Ordinance, namely, to promote health, safety, and general welfare of the community. The Planning Board is extremely grateful for the diligence, expertise, direction, experience, and cooperation provided by George Sioras, Jeanne Owen, and all the staff at the Offices of Development and Code Enforcement, the Public Works Department, as well as Ken Rhodes from the consulting engineering firm of Costello, Lomasney, and deNapoli, and the Town's attorney, Edmund J. Boutin.

The Board anticipates many and varied agenda items will continue to be brought before it, and intends to deal with each item on its own merits, according to the facts presented as they relate to the applicable laws, with diligence and professionalism to the best of its ability.

Respectfully submitted,
PLANNING BOARD
Mary Ann Edman, *Chairman*

Zoning Board of Adjustment

Annual Report FY93 - 94

The Zoning Board of Adjustment (ZBA) holds regularly scheduled meetings on the first and third Thursdays of every month at 7:30 p.m. in the Courtroom of the Adams Memorial Building. As always, the public is invited to attend and/or consider serving the community in the capacity as a ZBA member. Town residents interested in doing so should forward their names and qualifications to the Town Council. All ZBA members serve on a volunteer basis, and must be willing to make a commitment to attend meetings.

The purpose of the ZBA is to hear requests from citizens who feel the law has been too strict or unfairly applied to them. It is a difficult task to decide what is the best interest of the Town who made the law and what is fair to the citizens who have to live with it.

Statistical Information - FY93 - 94	23 Meetings
VARIANCES Granted 31	EXCEPTIONS Granted 26
Denied 17	Denied 8
TOTAL 48	TOTAL 34

There were 8 requests for rehearings - 4 granted. Four Administrative Appeals with 3 upheld and 3 cases withdrawn. The total number of requests reviewed was 97.

The Board would like to take this opportunity to thank our outgoing members, Tony Gallo, Marion Willis and Jim Mitchell for their years of dedicated service to the Town. Their knowledge and experience has been, and will continue to be missed.

The Board welcomes new members Patricia Norton, Paul Hopfgarten (regular members); and Jim Lupine, David

Gingras, Frank Sapareto and Paul Dacier (alternates). Congratulations to Matt Campanella, alternate, who was appointed regular member. As Chairman, I thank them for their commitment to serve the community.

I would also like to thank Jon Zirpolo (regular member) and Larry Varga (alternate) for their continued dedication to the Town of Derry as ZBA members. Additionally, I would like to thank the Town of Derry for voting to increase the number of alternates from 3 to 5. It is in fairness to all applicants to be heard by a full Board of five.

In April, 1994, the Board voted to appoint Bruce Gurley, Chairman; Jon Zirpolo, Vice-Chairman; and Paul Hopfgarten, Secretary.

Finally, this report would be incomplete if I failed to mention the importance of the administrative staff at the ZBA office, (40 Fordway) who prepare the cases and assist the applicants regarding the presentation process.

Respectfully submitted,
ZONING BOARD OF ADJUSTMENT
Bruce W. Gurley, *Chairman*

Derry Public Library Report

July 1, 1993 to June 30, 1994

Making connections with our community and striving for service excellence have been the major themes underlying Derry Public Library's initiatives over the past fiscal year. These perspectives are exemplified by the many project and programming efforts undertaken with other agencies. In addition, customer service has been the focus of staff training and development.

We are grateful for the many cooperative ventures undertaken with other community organizations. These efforts enabled Derry Public Library to involve area preschools in celebrating National Library Week, present a health education series with Parkland Medical Center, receive gifts from the Nutfield Exchange Club for the summer reading program, provide illumination of holiday wreaths through the Derry Rotary Club, participate in annual giving with the Greater Derry United Way, co-sponsor a student recital and concert with Southern New Hampshire Community School of the Arts, and provide adult reading and discussion programs through the New Hampshire Humanities Council.

Service excellence training began with Derry Public Library's participation in an Effective Reference Performance (ERP) program. This communication model is designed to ensure 100% accuracy at the reference desk. The head of our adult reference department is one of 20 licensed trainers in the ERP methodology, and all of our reference staff have completed the course. In addition, great performance in providing customer service is an every day concern and the focus of ongoing training efforts.

Without the help of many volunteers, the library could not accomplish its mission, nor would its spirit be welcoming and inclusive. Volunteers contributing over 900 hours processed books, corrected catalog entries, conducted an inventory, returned books to their shelves, told stories to children,

assisted with children's programs, wrote grants, and presided over book discussion programs. One Eagle Scout developed an historical subject guide to the adult fiction collection.

In carrying out our mission to provide children with early childhood reading experiences, Derry Public Library conducted 423 children's programs with a total attendance of 5653. For the first time, the library offered a program for 2 year olds who were unaccompanied by a parent. Toddlers visiting the children's room now have a space of their own since one of our offices was furnished and decorated specifically for them.

In our first adult literacy initiative, Derry Public Library conducted a "Connections" program which provided an opportunity for 7 new adult readers to become excited about reading through a discussion of quality children's literature. This was a cooperative effort with the Adult Tutorial Program, the New Hampshire Humanities Council and the New Hampshire State Library.

On August 18, 1993, Derry Public Library switched from a manual to an automated circulation control system. Combined with the online public catalog and automated acquisitions system, these automation efforts have allowed us to serve our customers with increased efficiency and accuracy. Catalog searchers now know the availability status of all items in the collection. With a Library Services and Construction Act grant, we were able to offer increased access to our computer catalog holdings by connecting via modems to Pinkerton Academy's Saltmarsh Library, Taylor Library and the library at Hood School. Derry Public Library now operates a 20 node local area network which will soon be expanded to 27 users. A CD-ROM encyclopedia was installed in the children's room, and a network expansion is underway which will offer additional CD-ROM data bases, modem access to employment information, Internet access, and a graphical interface to the online catalog.

The Library's Board of Trustees changed with the appointment of Karl Schenker by the Town Council on November 2, 1993. Board members Marsha Cook and Janet Corliss were elected in March 1994. New officers were elected in June. The current board members are: Janet Conroy (Secretary), Marsha Cool, Janet Corliss (Treasurer), Janice Graham, Elizabeth Ives (Vice-Chair), Joan Paduchowski, and Karl Schenker (Chair).

The installation and dedication of a permanent sign on the corner of East Broadway and Marlboro Rd. was the crowning event of our year. Donated by the Keith family in memory of their mother, the sign is a tribute to the importance of reading in the life of Barbara Keith. As a gift to the town, it is also a tribute to the spirit of giving and generosity.

Respectfully submitted,
John Courtney, *Director*

Taylor Library Report - FY 94

Long range planning and completion of short term goals have been the focus of FY 94 at Taylor Library. As we plan for this year and continue long range plans, I am encouraged by our accomplishments and challenged by our potential.

Feedback from the public indicates that our children's programs are highly successful. If numbers are an indicator as well, that proves their popularity. In August, 204 persons attended the performance of Steve Thomas, magician, which marked the end of the '93 "Ketchup on your Reading" summer program. Of the 27 children enrolled, 52 completed their reading charts, reporting 1214 books read during the six-week program. During that period, children attended special story hours, craft classes, local history tours and three special family programs, including a sing-a-long/dessert concert. Scarcely two weeks later we found ourselves flooded with parents enrolling their preschoolers in our story hours which continued through May.

We want parents to get the habit of reading to their children early, taking their children to the library and introducing them to the pleasure of selecting books for their enjoyment. Hopefully children who enjoy trips to the library will return on their own once the habit has been established.

In October, by popular request, I provided an evening program for different aged groups at which I read scary Halloween stories. Space limitations dictate the kinds of programs which we can offer once summer weather ends and outdoor programs can be held.

This summer's '94 summer reading program, "Go Undercover with Books" gained increased enrollment with 140 children enrolled, reporting 1886 books read. Jerry and Nancy Bell, Celtic storytellers-minstrels, entertained 205 parents and children in June to kickoff the summer program and help us celebrate the 275th anniversary of the founding of Nutfield.

Adult programs included the now traditional holiday readings in December and a new Valentine program which I presented to senior citizens at their Meals on Wheels site.

Introducing the public to the library's services remains one of the most enjoyable parts of my job. To this end I conduct numerous class tours of the library by request of local teachers. On Sunday, April 17th in conjunction with the celebration of Founder's Day in Nutfield, we held a two-hour open house at the library. During that time 100 persons toured the library, many in search of early records of local history or sources for genealogical research. Many of them were pleased to learn that we have the results of two Eagle Scouts' projects to assist in locating the graves of many of our early settlers and ancestors at Forest Hill Cemetery. Steven Spinney's guide to Forest Hill Cemetery was augmented this year with the publication of Erik Mourtgos's "A Guide to the Old Section of the Forest Hill Cemetery in East Derry, New Hampshire". With Erik's permission, Taylor Library has duplicated copies of this guide which are available at the library. Copies of our new brochure outlining our library services were printed and distributed at the open house. Printing of this brochure was provided by a generous donor.

It was a pleasure to host a staff meeting of town department heads at the library in September. For some, it was their

first visit to Taylor Library. It was a surprise to discover the numerous services housed in such a small area. For cooperation to increase between town departments, I feel it is important for each to know the functions and working conditions of the other. Hopefully these meetings will continue to move from one site to another.

As visibility and popularity of the library and its programs increases, so does its circulation of materials. Our overall circulation of books and nonprint materials is up 27% over last year. Leading circulation are juvenile books. Programs are up 12% and the number of persons served in these programs up 30%.

Our building and grounds have often received compliments for their appearance and upkeep. These comments are well earned and should be directed to our dedicated board of elected library trustees who take their roles seriously. Also sharing the praise should be various town departments to whom we turn on occasion for their cooperation and services not to mention Greg Moser, our janitor, who shows pride in conducting his duties. Parks Department keeps our walks clear in winter and on numerous occasions we've called on our neighboring cemetery workers to assist us. Public Works Department removed our worn out book drop and installed our new one. We are grateful to them also for the curbing and no parking signs installed on East Derry Road, the first preventing further erosion of our property and protecting our drainage system, and the latter preventing parking in a dangerous location.

The addition in June of two granite benches has not only enhanced the beauty of our grounds but have been used all summer in our outdoor programs. The cement sidewalk has been extended on the west side of the library, and two copper drainspouts have been replaced, the slate roof repaired, and the final coat of paint has been made to the cedar fence erected last year.

The number and quality of library services at Taylor Library could not be provided by our small core of two full time and two part time staff. Volunteers make it happen. To show our gratitude for their service, in November we held a volunteer recognition night at which they were honored for their service. Town Administrator William Jackson graciously acknowledged their contributions and presented each with a photograph of the library and a volunteer certificate.

In addition to those recognized at that event, we are indebted to numerous business and services: Hatch Printing, Broadway Books, the Derry News, R. E. Reynolds Installation Service, A & J Homes, Inc., New Hampshire Landscaping, Inc., Precision VCR and TV Repair, Michael Chever, First Parish Church, and East Derry Store.

Thank you to library users who so generously responded to our budget cut in magazines and provided gift subscriptions for same; for donations of various craft supplies and for the 275 food items given to the food pantry in recognition of the 275th anniversary of Nutfield; for their response to our request for public input regarding public libraries. The staff was humbled by the donor (who wishes to remain anonymous) who arrived with a three-pound can full of quarters saved over a period of a year. She requested the money be used for children's books.

Such generosity and appreciation of the public for our ef-

forts is both rewarding and encouraging. Derry's Headstart children have expressed their thanks for our efforts in their behalf for the "Gift of Reading" program which we initiated and continue to support. In tight economic times it is imperative that we let our needs be known and share our resources. To my knowledge we are the only town department who presented a budget to the Town Council which was less than the previous years. It has demanded innovation of trustees and staff to meet our needs. Cooperation of town departments has been imperative to make it work. Help from the public has too. However, the tremendous increase in services provided this year, if continued, will demand a larger FY 96 budget if we are to continue to provide quality service to increasing numbers.

No annual report of the library would be complete without paying recognition to deserving staff and trustees. Linda Merrill, my assistant, continues to provide new ideas for exciting children's programs while maintaining order in our office and juggling course work for the Library Techniques program at UNH in which she is enrolled. Charlotte Smith is a versatile retired school librarian who provides order out of chaos of our vertical file and works the circulation desk during many story hours. She volunteers much time to the library as well. Susan Cook tracks our circulation and patron statistics monthly by computer. Newcomer Charlotte Stetler assists at the circulation desk, shelves books, and performs various duties twice weekly.

Our library trustees are ably led by chairperson Virginia True who is as often seen at the library wielding a paint brush or rake as a gavel. Richard Apgar oversees our buildings and grounds, and Marjorie Allen serves as secretary to the board. They are assisted in their decision making by Elaine Rendo and newly elected Pamela Otis. We bade farewell to Mary Garvey in March. For thirteen years she served the library well and was recognized for these efforts with the presentation of a certificate signed by Town Administrator William Jackson and the Town Council.

I look forward to my twelfth year as librarian here. No doubt there will be challenges, but with the support of you, the public, and a supportive staff and trustees, we will meet them.

Respectfully submitted,
Marjorie Palmer, *Director*

Animal Control Report

1993 - 1994

Preschoolers enjoy field trip to Apple Acres.

*Darasz family enjoys weekly trip to library.
Peter reads to Casey; Zach selects a magazine.*

*Linda Merrill & Becky Rutter lead a guessing game
as part of summer program.*

We have reached another milestone down at the Dog Pound. The Animal Control Officer has made it through twenty years of hard times, good times and bad times, but has survived, never the less. Don't get excited, I'm not going anywhere just yet! I enjoy working with the animals and the people of Derry too much to ride off into the sunset.

Good news! The rabies epidemic has slowed down to a trickle it seems, largely due to many, many sick animals being killed off during the past harsh winter we all endured. We must not, however, become complacent and let our guard down. There is still a threat out there! Keep your cats and dogs rabies shots up to date in order to protect them and your family from possible exposure.

Cat problems are on the increase due to cats not being spayed or neutered by their owners. The fact that cats seem to be a "throw-a-way" item, more's the pity! If you can no longer keep your cat, please take it to a Humane Society or a veterinarian for humane euthanasia of just casting it out to fend for itself. Please!

STATISTICS:

We logged 3,608 phone calls, picked up 218 dogs and of that number, 143 were returned to owners; 23 were euthanized and 52 adopted. There were 47 dogs turned over to us for adoption due to financial or moving circumstances. All but 2 were adopted.

There were 67 dog bites reported to us as well as 19 cat bites, 1 bird, 1 ferret, 1 rabbit and 1 raccoon bite. Five dogs were confined at the kennel for rabies observation, and I am happy to report that all are fine. Seventy-four warnings were issued, 50 license orders written as well as numerous verbal warnings. Six nuisance abatements with fines were issued.

In the wild life department, we received 109 raccoon calls; 3 confirmed rabid. One raccoon supported "quills" and was more likely rabid but was not tested. Calls regarding: 17 woodchucks, 2 moose, 3 snapping turtles, 8 various birds, 2 geese, 2 porcupines, 4 snakes, 12 squirrels, 2 pigs, 7 bats and 4 beaver were received and dealt with accordingly.

Dogs killed 3 rabbits, 2 cats and 4 chickens.

We investigated 30 cruelty complaints - primarily dogs in cars, dogs tied out with no shelter or water. Animals being left tied outside in the cold, tied to door handles of trucks. This is not acceptable. Please be more caring and concerned for your pets. Put yourself in their place and THINK how you would feel if you were left out under those conditions.

We want to thank all the good, kind people who donated blankets, clean rugs and food to the dog pound and to everyone who helped us to make it through the past year in one way or another.

Respectfully submitted,
Forence B. Ouellette
Marlene Bishop

Derry Conservation Commission 1993 - 1994

The Commission held its regular monthly meetings in the Paul Collette Room of the Derry Public Library through November, then moved back to the Adams Memorial Building when the handicap access ramp was completed. At our meetings we assessed twelve dredge and fill permit applications and seven sit plans. We responded to several reports of possible illegal work in wetlands. All of these activities required many field visits. Commission members attended several out-of-town meetings including quarterly regional conservation commission meetings, the Annual Meeting of the NH Conservation Commission Association in Concord and the Annual Tufts Environmental Conference.

The Aquifer Protection Ordinance Sub-committee consisting of Commission and Planning Board members was able to continue work when the long-awaited state-issued aquifer maps were received. A set of overlay maps were prepared showing where the aquifers impacted Town Zoning areas. With this information, a first submittal was made to the Planning Board and returned by them for further revision. The next step is a planned July 1994 public information meeting.

Special activities during the year included the winter duck resting box cleanout with cookout at Cole Marsh Dam, and also the annual Spring Beaver Brook canoe trip where we joined with several other commissions. This year it may not have been real white water canoeing, but for some it was not water!

At our May meeting, Steve Landry of the NH Department of Environmental Services brought us up to date on the ongoing Beaver Lake Cleanup Project.

There were several changes in commission membership during the year. In October, Norma Bursaw, Treasurer, resigned due to pressure of school work, and Richard Phelan, Alternate, was appointed to full member. The Council then re-appointed Constance Ward and Francis Cormier as Alternates and appointed Eileen Chabot as Alternate. Eileen has had previous experience as a Conservation Commission member in Massachusetts. We welcome Francis and Connie back to the Commission. In November, Richard Bergeron was elected Treasurer. In April, Richard Phelan did not request re-appointment because of his health, and the Council then appointed Francis Cormier as a full member, and a new member, William Hoyt as Alternate.

New officers elected were: Albert Doolittle, Chairman; Robert Lindsay, Secretary; Richard Bergeron, Treasurer. Norma Bursaw and Richard Phelan were valuable, hard working Commissioners, and we do miss them.

Respectfully submitted,
Albert W. Doolittle, *Chairman*

Recreation and Parks, Buildings and Grounds, Cemetery and Tree Warden Report

We're trying a little different report this year in that we thought we'd take some of the most frequently asked ques-

tions and give our answers.

Q. What does the Rec. and Parks Dept. consist of?

A. It is the Recreation and Parks but also includes a Buildings and Grounds division, Forest Hill Cemetery division and Tree Warden. Five divisions in all with 13 permanent employees.

Q. How come no rubbish barrels?

A. When total recycling became mandatory we tried to recycle out of rubbish barrels. It just didn't work. It was unbelievably messy and unsafe. It is much easier to recycle by picking up individual litter. We try to keep all areas reasonably clean and townsfolk and groups who use the areas have been extremely helpful picking up after themselves.

How come we line Hood Jr. High and Pinkerton fields?

A. This is a reciprocal agreement in which the schools buy all the materials and we line the fields. In return we make use of many school facilities. We use school fields and gyms at all the public schools. At Pinkerton we have Legion, Babe Ruth, Little League using the diamonds. The Demons and Wolverines use the Oval and main football field. Co-ed softball, Men's softball, Girl's softball, T-ball and Grasshoppers use the smaller diamonds. The track is used by many citizens for running/exercising, the family fun runs, the Hood Park Hershey track meet and many other special events.

Q. Is it O.K. if an organization/group works on the ball fields?

A. It most certainly is! Anything is welcomed that improves the fields.

Q. Why haven't we taken better care of the Adam's Memorial Building?

A. Portions of the building have gone unused, a private venture to renovate it fell through, zero budgets for 3 straight years, new court house being delayed have all played a part in a low maintenance budget for this building.

Q. Why do we allow some of the memorials which are placed on grave sites at Forest Hill Cemetery?

A. These are changing times and folks are choosing many different ways to remember loved ones. We feel Forest Hill Cemetery is a very unique cemetery and certainly a beautiful one. Its beauty and uniqueness lie in the differences between Forest Hill and many other cemeteries.

Q. Why do we see cemetery spelled cemetery so often?

A. It's a very common misspelling of the word. Sometime years ago it was misspelled in a computer and it seems it has been tough to keep it correct through the years.

Q. As Tree Warden, how come you can't cut trees down after August until the following July?

A. We keep a list of problem trees by dated complaint. If the request is a reasonable one we file it in chronological order. When the new fiscal year starts July first we make contact with a professional tree service and get estimates. For the last two years we have had an \$8,000.00 tree budget. Most of that is spent in the first two months of cutting from our reservation list.

Q. How come some fields are in such poor condition?

A. Use, water, fertilization are the differences in a good field and a poor one. Constant use is the number one enemy of a ball field. The fields need a chance to come back during the off season. Our fields have no sprinkler systems. The dry spells of the last two summers damages the grass immensely.

Once again tight budgets keep us from fertilizing correctly and affording the kind of care needed. The numbers of fields that we have to care for, which has grown immensely over the years, also plays a major role in trying to keep the fields up.

Q. Why registration fees?

A. We sometimes tend to forget that Derry is the fourth largest City/Town in the state. Our programs have grown tremendously in numbers causing expenses to grow at the same rate. Fees help defray these costs.

Q. How come we can't have a field/gym?

A. Once again the growth of all activities has put a strain on field and gym use. In our reservation system we try to be fair to all concerned. Returning groups or activities get first choice on their normal use. If these same activities expand or new ones start up we try to work it out, if possible, with other groups using the area.

Q. I thought recreation was just for kids?

A. Nothing could be further from the truth! In this world of stress it is more important than ever for folks of all ages to become involved in some form of recreational activity.

I would like to thank so many people for their volunteer work in so many different capacities for this department. I'm truly afraid to mention names for fear I certainly will forget someone! You are all very much appreciated by this department.

Obviously there are many other questions for this department's five divisions. Please feel free to ask them at any time. My door is always open to all.

Respectfully submitted,
Don Ball, *Director*

Highway Safety Committee 1993 - 1994

This history of the Highway Safety Committee is that it was originally conceived to provide a means to access State and Federal Funds for various safety needs of the Town. Over the years since its beginning in the late 60's, many funds have been funneled to our Town to include ambulances, police vehicles, radar units and many other worthwhile projects.

This past year has been a busy one for the Committee. We have reviewed many concerns of various citizens of the Town. The Committee meets every third Thursday of the month at the West Side Community Center at 9:00 a.m. The public is invited to attend any of these meetings. Should you have a particular problem that deals with highway safety, it can be brought before us by submitting your request to the Town Administrator at the Town Hall. It will then be forwarded for our consideration.

Some of the major projects that we have reviewed are: providing additional handicapped parking throughout the Town; elimination of the left turn at the intersection of Pearl Street and Crystal Avenue was accomplished to prevent the high rate of accidents at that location; parking around Pinkerton Academy was also discussed with recommendations to the Town Council to help alleviate the parking on the side streets which causes an undue hardship on the residents of the respective neighborhoods. We also participated in obtaining

state funds for a "Chemical Free Night" for the graduating class of Calvary Christian School. This project was a great success and there was no cost to the Town. The state also funded the "Traffic Pre-emption System" used by the Fire Department at the lighted intersections about Town.

We continue to work on crosswalk compliance for both vehicles and pedestrians by proper signing and locations of the crosswalks themselves.

The Police Department, through the gracious efforts of TV 38, has provided additional safety programs with our assistance.

The Committee is appointed by the Town Council and is made up of volunteers from the Town; the Police, Fire and Highway Departments are represented to provide additional information to the Committee as needed.

The civic minded citizens of the Town who serve on the Committee are as follows: Chairman, Roger Montbleau; Vice Chairman, Grant Benson; Secretary, James Roy; Surveyors, Dean Ellis and John Sobolewski.

Building & Health Department Report July 1, 1993 to June 30, 1994

It is with considerable satisfaction that this report is prepared for presentation to the citizens of Derry. In 1993 we set our goals to present the best inspectional service to the taxpayers and to the contractors who support our services through the permit system. Our office is responsible for numerous types of inspections, including but not limited to, new construction, additions, pools, electrical, plumbing, chimneys, septic systems, commercial, industrial, day care facilities, foster homes, restaurants. In 1993/1994, our office performed approximately 2200 inspections, made numerous trips to Concord with potential rabies suspects, investigated over 300 complaints, sent out 236 letters which required some type of further action, and issued 1452 permits.

We have endeavored to improve the quality of living in the Trailer Parks by updating the electrical services and improving water services that have been neglected for several years. This could not have been accomplished without the cooperation of the Tenants Association, Town Administrator and the efforts of both Building and Fire Departments, although our credit was not recognized.

Additionally there were some buildings that were required to be razed and removed as they posed a threat to the safety of the public. This program is still ongoing and is being pursued through the owners.

We were faced with an influx of tenant/landlord disputes which were health related and somewhat proportioned to the amount of apartments and rental units in the Town, very few of these problems required any further legal action through the Court system. It is my hope that the coming year will show a decrease in these types of problems as we are concentrating on improving housing standards.

We have continued to increase the professionalism of the department with training seminars and national certifications. I must express my appreciation to my co-workers for their

support and assistance through some less than ideal times and them for making my job easier, Robert Mackey, Building Inspector; Gloria Hebert, Administrative Secretary; Virginia Rioux, Secretary.

Assessing Department Annual Report
July 1, 1993 - June 30, 1994

Another busy year consumed the Assessing Department's time for fiscal year 1994. This was due in large part to the Board of Tax and Land Appeals Ordered reassessment update which began in September 1992, and ended in August 1993. The State of New Hampshire Board of Tax and Land Appeals ordered that the Town of Derry perform an assessment update, which was effective for April 1, 1993, the beginning of the tax year. Looking beyond the order and the obvious analysis and resulting estimates of value, is the task of performing reassessment updates - in house - on a routine basis every year, which cycled 'field' inspections every 3 to 4 years. We hope to initiate this process for 1994.

The overall plan for such activity will allow us to keep assessed values current to market trends. The plan is currently under review by the Town Council/Board of Assessors. This will help to stabilize the tax rate from year to year, curtail and

minimize to a great degree the need for outside appraisal assessment firms and consultants. Another result of annual review is that abatement activity should be kept to a minimum. Overall costs for this plan should reduce current expenditures when the department's operating budget, staffing needs, consulting and attorneys' fees, and abatement (overlay reserve) dollars are considered.

The reassessment project marks the first time this department has been able to utilize the full potential of the valuation programs under our "Univers" computer. The system was purchased during the revaluation of 1989, and provides full Computer Assisted Mass Appraisal (CAMA) capabilities. Valuation "models" were updated during the 1993 reassessment update for vacant land, residential, commercial, and industrial structures, as were income models for commercial, industrial and apartment properties.

In its Final Order Relating To Reassessment the Board of Tac and Land Appeals (BTLA) found that the project was successful by all accounts. They praised the Assessing staff and the Town. They said . . . "Based on this review (Appraisers), it appears to the board that the assessments are within normally accepted limits and that the reassessment is satisfactory. The board therefore rules the Order of September 11, 1993 has been satisfied. The order is hereby removed pursuant to RSA 71-B:17 (supp)". A copy of this order can be found on the bulletin board at Town Hall.

Although the project came to an end in August 1993, it was, and must be, the catalyst which will institute yearly (annual) re-assessments/value changes in the assessment role.

I believe this is crucial to the well being of the Town, not only from an individual taxpayers stand point, but for the overall health of the Town's fiscal standing. As stated above, it is anticipated that the tax rate will stabilize from year to year, staff will be able to function independently, and abatements will be curtailed. These are all cost saving items, which will keep the assessment function on track. Also, I believe that the Town will never have to conduct another re-valuation using mass appraisal companies, or be ordered by any State Authority to re-assess again.

Turning to current assessed values (1993) in comparison to current market trends, our study of the level of assessed values to sales is 98%. The State of New Hampshire Department of Revenue Administration showed, through its annual sales to assessment ratio survey that the average assessed value in Derry was at a level of 96% (as of April 1, 1993). The BTLA's ratio study is 98%. Our study shows co-efficient of dispersion of 8%, the DRA's study shows their co-efficient of dispersion (COD) was 7.05%. The BTLA's COD is 9.81%. These figures, by all standads, shows that assessments across he board are equitable.

The abatement count for 1993 was down from 1992 by approximately 200 accounts to a total of 650. This continues to cause a drastic backlog for the Department. Although, through the help of our consultants, we have been able to dispose of most of them in a timely manner. Our ability to review as many cases as we have is in direct relation to our consulting services.

Listed below are some statistics covering the past twelve months with a comparison to previous years:

1. Real estate transfers - 1,163 for 1994; 1,294 for 1993; 1,198 for 1992; 981 for '91, 1,210 for '90; 1,602 for '89; 1,980 for '88.
2. Mortgage "deeds" - 3,320 for 1994; 2,963 for 1993; 2,925 for 1992; 2,096 for '91; 3,314 for '90; 3,211 for '89; 3,352 for '88.
3. Total accounts, both taxable and tax exempt are: 11,026 for 1994; 10,912 for 1993; 10,469 for '92; 10,403 for '91; 10,305 for '90; 10,035 for '89; 9,724 for '88; 9,430 for '87; and 8,747 for '86.
4. For 1994 there are:
 - a. 1,602 qualified veteran exemptions (credits) all categories.
 - b. 305 qualified elderly exemptions all categories.
 - c. 11 qualified blind exemptions.
 - d. 8 qualified physically handicapped exemptions.
5. For 1994 there were:
 - a. 935 building permits reviewed by our staff.

b. and there were approximately 915 permits reviewed in 1993; approximately 900 reviewed in 1992.

(these figures include review of permits which were carried over from one year to the next due to no activity or partial "completion". This usually equals approximately one third of the total each year.)

The Town's total net valuation (taxable value) upon which the tax rate was set for tax year 1993 was \$98,861,496 and the tax rate was; for DERRY \$39.90, and for EAST DERRY \$39.14 - per thousand dollars of assessed valuation. An estimate of net ANNUAL assessed value for 1994 is \$1,000,000,000 - keeping in mind annual re-assessment of values.

In conclusion, the year was very productive, although very hectic. Our goal to reassess property on an annual cycle is near a reality. The Town Council, acting as the Board of Assessors is now reviewing the annual re-assessment procedure. They will be making the final decision on this important policy soon, which will affect the 1994 tax assessment role.

Thanks for a job well done go to my staff, Ms. Rioux, Mrs. Chapman, and to Mrs. Geraldine LaPlume for all their support. Mrs. LaPlume replaces long time employee Mrs. Joyce Whitford. Mrs. LaPlume comes to the Assessing Department from the Welfare Office, where she was Welfare Director for the past 12 years. Mrs. LaPlume also comes to us with a real estate background, and she has added a much needed dimension to the office staff with this expertise. I also thank all the other Town Departments for their assistance, insight, and counsel. Thanks are extended to Mrs. Zolla for again filling in and tying up many of those loose ends. Last but not least, thank you to the public for all their understanding and patience. Looking forward to a healthy and productive fiscal year 1995.

Respectfully submitted,
David N. Gomez, CMA, CNHA
Assessor

Dear Tax Collector:

Attached is a copy of the tax rate calculation as set by this department. The amount of the property tax warrant should be close to the amount indicated as "**Total Property Tax Commitment**", but may vary by the amount of inventory penalties if your municipality uses inventory forms. Please contact your governing board and us if these amounts are not close.

Good luck in your collection efforts this year.

Sincerely yours,

Andrea M. Reid

The Town Clerk's Report

We are continuing to see changes in this office. As I reported last year, the installation of computer equipment to process our vital records has resulted in doing all our records on this system. It has cut down the reporting time as well as producing a tamper-proof record.

We are now processing over 1100 motor vehicle registrations each month by mail. We are getting very close to my goal of 50% mail registrations. In February, 1994, we started doing transfers or registrations, thereby, saving our residents a trip to the registry. Needless to say, this service has been received very well.

Regretfully, we lost an employee in December. Due to a family member's transfer to another state, Nancy Butts was forced to leave the town's employ. We all miss her very much, but wish her well in her new home.

On a happier note, we have added Debbie Mailloux from the Dept. of Public Works to our staff. Debbie quickly learned the duties and procedures and is definitely an asset to this office.

As you can see from the statistics in another part of this report, we are providing more services to more residents. This in turn, results in a great need for additional help as well as more space. The lack of help prevents us from performing many tasks on a timely basis or providing all the attention the task may need. If an employee is away for any reason, it is a serious setback.

The lack of space is a major problem. We are buried under with records that we must preserve and we do not have the proper facilities. It is not a problem that will go away and one that the town must give some very serious consideration to soon.

Respectfully submitted,
Pauline H. Myers, *Town Clerk*

ANNUAL TOWN ELECTION
MARCH 8, 1994

The Town Election was held at Grinnell School for Districts 1 and 4 and at Derry Village School for Districts 2 and 3.

Moderator William Zolla opened the polls at 7:00 a.m. at Grinnell School with the Pledge of Allegiance. He then read the Town Warrant. Edward Bureau, School Moderator read the School District Warrant.

Assistant Moderator Roger Beliveau read the warrant and opened the polls at Derry Village School. He was assisted by Roy Feinauer and Marion Pounder. A motion by Phyllis Sapp to suspend reading of the school warrant and seconded by Frank Lukosius was passed.

The ballot boxes were inspected and the voting began. Absentee ballots were processed at 1:00 p.m. at both polling places. The Optech ballot counters were in use throughout the day.

The polls were closed at 8:00 p.m. The Optech counters' results were run on tape and unread ballots were tallied. At 9:30 p.m., the results of the voting was announced and the higher vote candidates were declared winners of their respective races. The meeting was then adjourned.

The ballots were sealed according to the State of NH Election laws and brought back to Town Hall.

Auditor's Report

Plodzik & Sanderson Professional Association

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Town Council
Town of Derry
Derry, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Derry as of and for the year ended June 30, 1993, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Derry as of June 30, 1993, and the results of its operations and cash flows of its non-expendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Derry. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

August 26, 1993

PLODZIK & SANDERSON
Professional Association

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL CONTROL STRUCTURE BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the Town Council
Town of Derry
Derry, New Hampshire

We have audited the general purpose financial statements of the Town of Derry, as of and for the year ended June 30,

1993, and have issued our report thereon dated August 26, 1993.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Derry for the year ended June 30, 1993, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Derry is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

Activity Cycles

- Budgeting
- Treasury or financing
- Revenue/receipts
- Purchases/disbursements
- External financial reporting
- Payroll/personnel
- Data processing

For all the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management

in the general purpose financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our considerations of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

GENERAL ACCOUNTING SYSTEM

As indicated in our previous letter, we are pleased the Town has set goals for upgrading its computer capabilities and is presently looking at all aspects of its accounting system. Unfortunately, systems development has not been realized to the extent planned and the Town continues to struggle with the limitations of its present system. Where many of the conditions cited in our previous letter were still present in the accounting system at June 30, 1993, the following is considered an update of our previous report dated September 1, 1992.

During the course of our review, the following conditions were noted that were considered to be material weaknesses as defined above:

Computerized Systems and Personnel Resources

Of particular concern during our current audit is an apparent erosion of the quality of Town's accounting records. Mostly, weaknesses appeared to relate to the expanding volume and complexity of accounting matters. As the Town has continued to become more sophisticated in its operations, the level of accounting ability within the department has declined. Further, overall development of accounting systems is handicapped by electronic data processing limitations. Our audit disclosed a number of situations where accounting records were not complete or did not balance, especially in the areas of capital projects, fixed assets and interfund balances. We further observed that current personnel are finding it difficult to complete all that is required of the department. While management has indicated that this is the direct result of a decrease in department personnel, we believe that a number of changes could be made which would provide for greater internal control, overall efficiency and better use of personnel resources.

It was apparent from our audit testing that deficiencies in the accounting records were not identified and corrected in a timely manner during the course of the year. As a result, we spent considerable additional time during the course of audit fieldwork to reconcile the accounting records in order to prepare financial statements and to satisfy audit requirements. Given the size of the community and complexity of operations, it is imperative that accounting records be up to date and accurate. Otherwise, management decisions made on the basis of such information could be disastrous.

We therefore, recommend that serious consideration be given to the development of accounting systems and to raising

the level of accounting knowledge and experience within the department.

Also, the following reportable conditions were noted that we do not consider to be material weaknesses:

Payroll Deductions

Our audit of payroll transactions disclosed that the value of insurance premiums in excess of \$50,000 of coverage was not being taxed to employees. Apparently, personnel responsible for preparing the payroll were not aware of these tax laws.

We reviewed these IRS requirements with appropriate personnel during the course of our audit fieldwork.

Duplications in the Accounting Records for Fixed Assets

Our testing of fixed asset revealed deficiencies in the application of accounting procedures to construction in progress. Amounts were being recorded during the course of construction projects and in total when the project was completed. Generally accepted accounting principles require that capital project costs be accumulated separately as "Construction in Progress" during the construction phase and then capitalized in appropriate asset categories when the project is completed.

Further duplication was noted due to a lack of accounting for the removal of assets which had been replaced or disposed of in connection with a given capital project.

We reviewed appropriate procedures with management and accounting personnel during the course of audit fieldwork.

Basis for Recording of Fixed Assets

Our testing found that current additions to infrastructure type assets are being capitalized at a standard cost rate; disregarding the actual costs incurred to acquire or construct the given asset. The standard cost rates were developed to establish an estimate of what the historical cost of the fixed assets were in order for the Town to have a starting point to account for fixed assets. From that point forward actual costs must be used. Therefore, over a period of time, the estimate originally established will be replaced by actual historical cost as fixed assets are added and deleted. We reviewed these generally accepted principles with accounting personnel.

Commitment of Water Rents

Presently, only water rents to be taken to lien are committed to the Tax Collector.

RSA 38:22, Municipal Lighting and Water Systems - Liens and Collection of Charges States that "A municipality may commit bills for charges to the Tax Collector with a warrant signed by the appropriate municipal officials requiring him to collect them . . ." Accordingly, we recommend that a formal commitment of all water rents be made. This provides the Collector with proper authority for collection of amounts due and also documents approval of these billings.

In addition to the foregoing reportable conditions, the following other matters came to our attention that we have discussed with management as opportunities for efficiency and/or cost savings related to the administration of the Town:

Updating of the Present Data Processing System

While greater flexibility would be possible with certain software modifications, it is possible for the Town to utilize

its present system differently for greater efficiency. Based on our discussions with management and the Town's present software vendor, it has been determined that accounting for interfund transactions could be automated, thereby, removing the need for several checking accounts along with the control measures necessary for maintaining balance in the present system. This alone would save the Accounting Department, Treasurer and Independent Auditors considerable time.

Overlapping Receipts and Disbursement Systems

Also because the present system does not provide for the automation of interfund activities, it is easier for the Town to maintain separate checking accounts and make separate deposits from collection sources to the General, Water and Sewer Fund accounts. Unfortunately, this creates difficulties for the Treasurer in reconciling the various accounts. As previously mentioned, the automation of interfund transactions would allow the Town to utilize a single cash disbursement system for all funds. We further recommend that consideration be given to centralizing collection activities. Cash could then more easily be managed and currently needed overlapping functions could be eliminated.

Purchasing Controls

In addition to cash management and the easing of bookkeeping difficulties, we believe that further improvements and efficiency are possible within the network-based system by programming certain levels of control. By programming purchase policies and entering purchasing requests from department offices, time in processing purchase orders could be saved by capturing data at the point of origin. This information would not need to be checked against budgets and reentered by accounting personnel if these functions could be automated.

Spreadsheet Based Accounting Records

Currently, because the existing general ledger system is incapable of maintaining and reporting project-to-date information, a number of detailed records are maintained on personal computers at various department locations in order to provide information that is needed by management. This creates the need for a layer of control that could otherwise be eliminated if the basic general ledger system could provide for the type of reporting that is needed. This is very inefficient in that information must be entered more than once to several places. Further, accounting information on PCs that are outside of the Finance Department may not be entirely accurate if it is not routinely reconciled to the central general ledger system. In a centralized network-based system, all users would be able to share the same information and download specific data for analysis as individual department needs arise. The layer of control between department records and the General Ledger would, as a result, not be required.

Library Accounting Records

In the past, we have recommended that consideration be given to the maintenance of the Library accounting records as individual funds on the Town's central accounting system as with any other department. With an appropriate system, we continue to believe that this would be possible.

Documentation of Receipts - Charges for Services

Using the Building Department as an example, our audit of cash receipts transactions disclosed that remittances are not usually detailed as to the individual transactions which make up the total of permits collected. While the Building Department has a very good record of each permit issued, the Accounting Department does not. Whenever possible, numerical control should be exercised by those persons responsible for the Town's bookkeeping records. Further, responsibilities for the rendering of services and collections should be segregated.

In its efforts to upgrade its computer facilities, the Town should consider its present inability to account for revenue transactions in detail. As a result, each department maintains these records manually, but they are not reconciled with general ledger accounts. If this level of automation were possible, the need for departmental records would not be necessary as it could be made available from the central accounting system.

Tax Accounting Applications

The Tax Collector's computer system is limited as to the types of reports that can be printed, thus, a clear audit trail does not exist for amounts reported on the Summary of Warrants.

In upgrading computer systems, we recommend that consideration be given to these needs.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL CONTROL STRUCTURE USED IN ADMINISTERING FEDERAL FINANCIAL ASSISTANCE PROGRAMS

To the Members of the Town Council
Town of Derry
Derry, New Hampshire

We have audited the general purpose financial statements of the Town of Derry, as of and for the year ended June 30, 1993, and have issued our report thereon dated August 26, 1993. We have also audited the compliance of the Town of Derry with requirements applicable to major federal financial assistance programs and have issued our report thereon dated August 26, 1993.

We conducted our audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and office of Management and Budget Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement and about whether the Town of Derry complied with laws and regulations, noncompliance with which would be material to a major federal financial assistance program.

In planning and performing our audits for the year ended June 30, 1993, we considered the internal control structure of the Town of Derry, in order to determine our auditing procedures for the purpose of expressing our opinions on the general purpose financial statements of the Town of Derry and on the compliance of the Town of Derry with requirements applicable to major programs, and to report on the internal control structure in accordance with OMB Circular A-128. This report addresses our consideration of internal control structure policies and procedures relevant to compliance with requirements applicable to federal financial assistance programs. We have addressed internal control structure policies and procedures relevant to our audit of the general purpose financial statements in a separate report, *Independent Auditor's Report on the Internal Control Structure based on an Audit of General Purpose Financial Statements Performed in Accordance with Government Auditing Standards*, dated August 26, 1993.

The management of the Town of Derry is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and that federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures used in administering federal financial assistance programs in the following categories:

Activity Cycles

- Budgeting
- Treasury or financing
- Revenues/receipts
- Purchases/disbursements
- External financial reporting
- Payroll/personnel
- Data processing

General Requirements

- Political activity
- Civil rights
- Cash management
- Federal financial reports
- Allowable costs/cost principles
- Drug-free workplace
- Administrative requirements

Specific Requirements

- Types of services
- Eligibility
- Matching, level of effort and earmarking
- Reporting
- Cost allocation
- Special requirements, if any
- Monitoring subrecipients

Claims for Advances and Reimbursements

Amounts Claimed or Used for Matching

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended June 30, 1993, the Town of Derry expended 96 percent of its total federal financial assistance under major federal financial assistance programs.

We performed tests of controls, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for advances and reimbursements and amounts claimed or used for matching that are applicable to each of the Town of Derry's major federal financial assistance programs, which are identified in the accompanying Schedule of Federal Financial Assistance. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

Under standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgement, could adversely affect the Town of Derry's ability to administer federal financial assistance programs in accordance with applicable laws and regulations. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that noncompliance with laws and regulations that would be material to a federal financial assistance program may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure policies and procedures used in administering federal financial assistance would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, during the course of our review, no matters were noted that were considered to be material weaknesses as defined above.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

*INDEPENDENT AUDITOR'S REPORT ON
COMPLIANCE BASED ON AN AUDIT OF GENERAL
PURPOSE FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS*

To the Members of the Town Council
Town of Derry
Derry, New Hampshire

We have audited the general purpose financial statements of the Town of Derry, as of and for the year ended June 30, 1993, and have issued our report thereon dated August 26, 1993.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with laws, regulations, contracts and grants applicable to the Town of Derry is the responsibility of the Town's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Town's compliance with certain provisions of laws, regulations, contracts and grants. However, the objective of our audit of the general purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests indicate that, with respect to the items tested, the Town complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the Town of Derry had not complied, in all material respects, with those provisions.

This report is intended solely for the information and use of management and others within the Administration. This restriction is not intended to limit distribution of this report which is a matter of public record.

*INDEPENDENT AUDITOR'S REPORT ON
COMPLIANCE WITH THE GENERAL REQUIREMENTS
APPLICABLE TO FEDERAL FINANCIAL
ASSISTANCE PROGRAMS*

To the Members of the Town Council
Town of Derry
Derry, New Hampshire

We have audited the general purpose financial statements of the Town of Derry, as of and for the year ended June 30, 1993, and have issued our report thereon dated August 26, 1993.

We have applied procedures to test the Town of Derry's compliance with the following requirements applicable to its federal financial assistance programs, which are identified in the Schedule of Federal Financial Assistance, for the year ended June 30, 1993:

General Requirements

- Political activity
- Civil rights
- Cash management
- Federal financial reports
- Allowable costs/cost principles
- Drug-free workplace
- Administrative requirements
- Claims for advances and reimbursements
- Amounts claimed or used for matching

Our procedures were limited to the applicable procedures described in the Office of Management and Budget's *Compliance Supplement for Single Audits of State and Local Governments*. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the Town of Derry's compliance with the requirements listed in the preceding paragraph. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the second paragraph of this report. With respect to items not tested, nothing came to our attention that caused us to believe that the Town of Derry had not complied, in all material respects, with those requirements.

This report is intended solely for the information and use of management and others within the Administration. This restriction is not intended to limit distribution of this report which is a matter of public record.

*INDEPENDENT AUDITOR'S REPORT ON
COMPLIANCE WITH SPECIFIC REQUIREMENTS
APPLICABLE TO MAJOR FEDERAL
FINANCIAL ASSISTANCE PROGRAMS*

To the Members of the Town Council
Town of Derry
Derry, New Hampshire

We have audited the general purpose financial statements of the Town of Derry, as of and for the year ended June 30, 1993, and have issued our report thereon dated August 26, 1993.

We have also audited the Town of Derry's compliance with the following requirements that are applicable to each of its major federal financial assistance programs, which are identified in the accompanying schedule of federal financial assistance, for the year then ended June 30, 1993:

Specific Requirements

- Types of services
- Eligibility
- Matching, level of effort and earmarking
- Reporting
- Special requirements, if any
- Monitoring subrecipients
- Claims for advances and reimbursements
- Amounts claimed or used for matching

The management of the Town of Derry is responsible for

the Town's compliance with those requirements. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit of compliance with those requirements in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the Town of Derry's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the Town of Derry complied, in all material respects, with the requirements listed above that are applicable to each of its major federal financial assistance programs for the year ended June 30, 1993.

This report is intended solely for the information and use of management and others within the Administration. This restriction is not intended to limit distribution of this report which is a matter of public record.

*INDEPENDENT AUDITOR'S REPORT ON
COMPLIANCE WITH SPECIFIC REQUIREMENTS
APPLICABLE TO NONMAJOR FEDERAL FINANCIAL
ASSISTANCE PROGRAM TRANSACTIONS*

To the Members of the Town Council
Town of Derry
Derry, New Hampshire

We have audited the general purpose financial statements of the Town of Derry, as of and for the year ended June 30, 1993, and have issued our report thereon dated August 26, 1993.

In connection with our audit of the general purpose financial statements of the Town of Derry and with our consideration of the Town's control structure used to administer federal financial assistance programs, as required by Office of Management and Budget Circular A-128, *Audits of State and Local Governments*, we selected certain transactions applicable to certain nonmajor federal financial assistance programs for the year ended June 30, 1993. As required by OMB Circular A-128, we have performed auditing procedures to test compliance with the following requirements that are applicable to those transactions:

Specific Requirements

- Types of services
- Eligibility
- Matching, for level of effort and earmarking
- Reporting
- Cost allocation
- Special requirements, if any
- Monitoring subrecipients
- Claims for advances and reimbursements
- Amounts claimed or used for matching

Our procedures were limited to the applicable procedures described in the Office of Management and Budget's *Compliance Supplement for Single Audits of State and Local Governments*. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the Town of Derry's compliance with the requirements listed in the preceding paragraph. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the Town has not complied, in all material respects, with those requirements.

This report is intended solely for the information and use of management. This restriction is not intended to limit distribution of this report which is a matter of public record.

*INDEPENDENT AUDITOR'S REPORT ON
SUPPLEMENTARY INFORMATION SCHEDULE
OF FEDERAL FINANCIAL ASSISTANCE*

To the Members of the Town Council
Town of Derry
Derry, New Hampshire

We have audited the general purpose financial statements of the Town of Derry for the year ended June 30, 1993, and have issued our report thereon dated August 26, 1993. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Town of Derry, taken as a whole. The accompanying Schedule of Federal Financial Assistance is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. The information in that schedule has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements, taken as a whole.

TOWN CHARTER

AS VOTED

MARCH 1993

Effective Date

July 1, 1993

ARTICLE 1

INCORPORATION; TOWN COUNCIL FORM OF GOVERNMENT; POWERS

SECTION 1.1 Incorporation

The inhabitants of the Town of Derry shall continue to be a body politic and corporate under the name of the "Town of Derry" and as such to enjoy all the rights, immunities, powers and privileges and be subject to all the duties and liabilities now appertaining to or incumbent upon them as a municipal corporation. All existing debts and obligations shall remain obligatory upon the Town under this Charter.

SECTION 1.2 Town Council Form of Government

Except as otherwise provided in this Charter, all powers of the Town shall be vested in a Town Council.

SECTION 1.3 Construction

The powers conferred under this Charter are to be construed liberally in favor of the Town, and the specific mention of particular powers is not intended to limit in any way the general powers of the Town as stated in Section 1.1.

SECTION 1.4 Intergovernmental Relations

Subject only to express limitations in the provisions of the New Hampshire Statutes, the Town may exercise any of its powers or perform any of its functions under this Charter and may participate in the financing thereof, jointly or in cooperation, by contract or otherwise, with the State of New Hampshire or any political subdivision or agency thereof, or the United States of America or any agency thereof.

SECTION 1.5 Districts

The Town shall continue to be divided into 4 Districts for the purpose of electing Town Councilors from such Districts. The boundaries of the presently established Districts shall remain as drawn until boundaries are redrawn by the Town Council based on the decennial Census of the United States. So far as reasonably fair and practicable, all Districts shall be equal in population. The Town Council shall, if necessary, adjust and establish new boundaries based on decennial Census data. The Town Council may

establish its own rules and procedures governing the conduct of redistricting. However, the Town Council shall hold at least one public hearing concerning new District boundaries.

CHARTER COMMISSION COMMENTS: Article 1 defines the form of government the Town shall have in order to change from a mayor/council form to a council/administrator form in compliance with RSA 49-D.

ARTICLE 2

ELECTIONS; ELECTION OFFICIALS; CONDUCT OF ELECTIONS

SECTION 2.1 Composition of Board of Election Officers

The Supervisors of the Checklist, the Moderator and the Town Clerk shall constitute the Board of Election Officers. The Moderator shall be the Chairman. The Town Clerk shall serve as the Clerk of the Board.

SECTION 2.2 Moderator

There shall be a Moderator of the Town who shall have all the powers and duties granted by this Charter and State law. The Moderator shall be elected at large at the regular Town election for a term of 2 years. The Moderator shall have the power to appoint all election officials except those which this Charter or State law requires to be elected or otherwise appointed. The Moderator shall determine whether all ballots from all polling places are to be counted in one or more locations. Vacancies in the office of Moderator shall be filled pursuant to State law.

SECTION 2.3 Supervisors of the Checklist

(A) There shall be 3 Supervisors of the Checklist who shall hold office for 6 years (and until their successors are elected and qualified), elected on a staggered basis so that one Supervisor is elected every two years.

(B) Vacancies among the Supervisors of the Checklist shall be filled pursuant to State law. The person so appointed shall hold office until the vacancy for the unexpired term is filled at the next regular Town election.

(C) The Supervisors of the Checklist shall elect a chairman for a term of 2 years.

SECTION 2.4 Duties of the Supervisors of the Checklist

The Supervisors of the Checklist shall have such powers and duties as are specified under State law.

SECTION 2.5 Conduct of Elections

(A) The election officers, whose duty it is to conduct regular and special elections, shall conduct Town elections in accordance

with State law. All elected Town officers shall be elected by use of the Non-Partisan Ballot System established by State law.

(B) The regular Town election shall be held on the second Tuesday in March in each year. The Town Council shall by ordinance establish other election dates, polling places and balloting hours.

(C) Persons who would be qualified under State law to vote in a biennial election in the Town if held on the day of a Town election, shall be qualified to vote in the Town election.

(D) The filing period for candidates to be placed on the ballot for Town elections shall be 10 days, beginning on the seventh Wednesday before the Town election. A filing fee of one dollar will be charged unless a candidate files petitions complying with State law and requesting that the candidate's name be printed on the ballot.

SECTION 2.6 Preparation of Ballots

The Town Clerk shall prepare separate ballots to be used at all local referenda and at elections at which Town officers are chosen. The ballots shall contain in appropriate sections the names of all candidates in such order as permitted by State law, without party designation. Below the list of names of the candidates of each office, there shall be as many blank spaces as there are offices to be filled at the election. No titles, military, professional or otherwise, shall accompany the name of any candidate on the ballot.

SECTION 2.7 Preservation of Ballots

All the ballots cast at each election shall be preserved, maintained, and sealed as required by State law.

SECTION 2.8 Contested Elections

(A) Any person for whom a vote was cast and recorded for any office at a town election may, before the expiration of 3 days after the date of the election, apply in writing to the Town Clerk for a recount of the ballots cast for such office and shall pay to the Town Clerk the fee authorized by State law, for the use of the Town. The Town Clerk shall appoint a time for the recount not earlier than 5 days and not later than 10 days after the receipt of the application. If a recount is requested for a Town office, no person shall assume that office until the recount is completed.

(B) The recount shall be conducted by the Board of Election Officers acting as a Board of Recount, in compliance with State law. The Board shall determine the results of any recount. Decisions of the Board in cases of contested elections shall be final.

(C) Tied elections for any elected Town office shall be determined by lot in a manner decided by the Town Clerk in the presence of the candidates who are tied, if upon notice from the Clerk they elect to be present.

(D) If any 10 voters of the Town shall, before the expiration of 7 days after the date of the regular Town election or special election, apply in writing to the Town Clerk for a recount of the votes on any ballot question affecting the Town only, the Clerk shall appoint a time and place for the recount, not earlier than 5 days nor later than 10 days after receipt of the application. The recount shall be conducted in accordance with State law. Applicants shall pay to the Town Clerk, for use of the Town, the appropriate fee as established by State law.

SECTION 2.9 Certification of Election and Appointment

(A) Written notice of election or appointment to any Town office or board shall be mailed by the Town Clerk to the person elected or appointed, within 48 hours after the appointment is made or the results of any vote are certified to the Town Council. If, within 10 days from the date of the notice, such person shall not take, subscribe to and file with the Town Clerk an oath of office, such neglect shall be deemed a refusal to serve and the office shall be deemed vacant, unless the Town Council shall extend the time in which such person may qualify.

(B) The removal from office in accordance with this Charter, with or without cause, of a person elected or appointed or otherwise chosen for a fixed term, shall give no right of action for breach of contract.

(C) Except as otherwise provided by law, before entering upon the duties of office, every person elected or appointed to Town office shall take and subscribe to an oath of office as prescribed by law, which shall be filed and kept in the office of the Town Clerk. Any oath required by this section may be administered by any officer qualified by law to administer oaths.

(D) All elected Town officials shall take office on the first Monday following their election and shall hold office until their successors are duly elected and qualified.

CHARTER COMMISSION COMMENTS: Article 2 further defines election officials, conduct of elections and procedures for establishing certification of elected or appointed officials.

ARTICLE 3

PETITIONS: FREE; INITIATIVE; REFERENDUM

SECTION 3.1 Free Petition

(A) Individual Petitions, Action Discretionary. The Town Council shall receive all petitions which are addressed to them and signed by a registered voter and may, in their discretion, take such action in regard to such petitions as they deem necessary and appropriate.

(B) Group Petitions, Action Required. The Town Council shall hold a public hearing and act by taking a vote on the merits of every petition which is addressed to it and which is signed by at least 100 registered voters. The hearing shall be held by the Town Council, or by a committee or subcommittee thereof, and the action by the Town Council shall be taken not later than 60 days after the petition is filed with the Town Clerk. Hearings on two or more petitions filed under this section may be held at the same time and place. The Town Clerk shall mail notice of the hearing to 10 petitioners whose names first appear on each petition at least 7 days before the hearing. Notice shall be given by publication of a summary of the contents of a petition at least 7 days prior to all such hearings, at public expense. No hearing shall be held upon more than one petition containing the same subject matter in any 12-month period. No hearing or action by the Town Council under this section shall be required in the case of any petition to suspend the implementation of an ordinance adopting a budget or enacting a land use regulation.

SECTION 3.2 Initiative Petition

(A) Commencement of Proceedings. Initiative procedures shall be started by the filing of an initiative petition with the Town Clerk. The petition shall be addressed to the Town Council, shall contain a request for passage of a particular measure set forth in the petition, and shall be signed by no less than 20 percent of the total number of votes cast in the last regular Town election.

Signatures to an initiative petition need not be all in one paper. All such papers pertaining to any one measure shall be fastened together and shall be filed in the office of the Town Clerk as one instrument, with the endorsement thereon of the names and addresses of the persons designated as filing the same. With each signature to the petition shall be stated the place of residence of the signer, giving the street and number, if any.

Within 7 days after the filing of an initiative petition, the Town Clerk shall ascertain by what number of registered voters the petition is signed, and what percentage that number is of the total number of votes cast in the last regular Town election, and

shall attach thereto a certificate showing the result of such examination.

The Town Clerk shall forthwith transmit the certificate with the petition to the Town Council and at the same time shall send a copy of the certificate to the first person designated on the petition as filing the same.

When such certificate establishes that the petition appears to have been signed by the requisite number of registered voters, the petition shall be deemed to contain requisite signatures unless written objections are made with regard to the signatures thereon by a registered voter within 7 days after such certificate has been issued, by filing such objections with the Town Council and a copy thereof with the Town Clerk. The validity of any such objection shall be determined by the Town Council at their next regular meeting.

(B) Requirements for Passage and Submission to Electorate. If the Town Council determines that the petition contains the requisite signatures of registered voters, and if in the opinion of the Town attorney the petitioned initiative measure may lawfully be passed by the Town Council, the Town Council shall within 20 days after the petition has been finally determined to be sufficient: (1) pass the measure without alteration; or, (2) schedule a special Town election to be held on a date not less than 30 nor more than 60 days thereafter, and submit the measure without alteration to a vote at that election. However, if any other Town election is to occur within 60 days after the petition has finally been determined to be sufficient, the Town Council may omit a special election and submit the measure to a vote at such other Town election.

The ballot presenting an initiative measure shall state the nature of the measure in terms sufficient to communicate the substance thereof. The question shall be whether the initiative measure should be adopted.

SECTION 3.3 Referendum Petitions

(A) Commencement of Proceedings. Referendum petitions must be filed with the Town Clerk within 30 days after adoption by the Town Council of the measure or part thereof protested by the petition. Referendum petitions shall identify specifically the measure or part thereof protested and must be signed by no less than 20 percent of the total number of votes cast in the last regular Town election. The procedures of Section 3.2 (A) shall apply to referendum petitions except that the words "measure or part thereof protested" shall, for this purpose, replace the word "measure" in the said section whenever it may occur, and the word "referendum" shall replace the word "initiative" in said section.

(B) Suspension of Effect of Measure or Part Thereof Protested. When a referendum petition is filed with the Town Clerk, the measure or part thereof protested shall be suspended from taking effect, except for emergency ordinances adopted under Section 6.3

of this Charter or ordinances adopting a budget or land use regulation, which shall not be subject to suspension. Such suspension shall terminate when:

1. There is a final determination of insufficiency of the petition; or
2. The filers of the petition withdraw it; or
3. 30 days have elapsed after a vote of the Town on the measure or part thereof protested.

(C) Action on Petition. When a referendum petition has been finally determined to be sufficient, the Town Council shall reconsider the protested measure or part thereof by voting whether to repeal it. If the Town Council fails to repeal the protested measure or part thereof within 30 days after the day the petition was finally declared sufficient, the Town Council shall submit the protested measure or part thereof to a vote of the Town at a special Town election to be held on a date fixed by the Town Council. Such special election shall be held not less than 30 nor more than 60 days after the Town Council's vote on repeal. However, if any other Town election is to occur within 60 days after the Town Council's vote on repeal, the Town Council's may omit a special election and submit the protested measure or part thereof to a vote at such other Town election.

The ballot presenting a referendum measure under this section shall state the nature of the protested measure or part thereof in terms sufficient to communicate its substance. The question shall be whether the referendum measure should be repealed.

SECTION 3.4 Submission of Proposed Measure to Voters.

The Town Council may, on its own motion, submit any proposed measure, or a proposition for the repeal or amendment of any measure, to a vote of the Town at a regular or special Town election in the same manner and with the same force and effect as provided by this Charter for submission of initiative or referendum measures.

SECTION 3.5 Measures with Conflicting Provisions.

If two or more initiative or proposed measures passed at the same Town election contain conflicting provisions, only the one receiving the greater number of affirmative votes shall take effect.

CHARTER COMMISSION COMMENTS: This Article establishes the same provisions as the present Charter, except to revise the requirement of signers needed to initiate further action by the Town Council, to clarify the period for scheduling special initiative or referendum elections and to clarify the language generally.

ARTICLE 4

JUDICIAL AND ADMINISTRATIVE BOARDS

SECTION 4.1 Elected Boards

(A) Trustees of Trust Funds. There shall be a board of 3 Trustees of Trust Funds whose powers and duties are provided by State law. Trustees of Trust Funds shall be elected at the regular Town election for terms of 3 years, one Trustee each year. Vacancies shall be filled by appointment by the Town Council for the unexpired term.

(B) MacGregor Library Trustees. There shall be a board of 7 Trustees of the MacGregor Library who shall be elected at the regular Town election for terms of 3 years, staggered so that no more than 3 Trustees are elected at one time. Vacancies shall be filled by appointment by the Town Council for the unexpired term.

(C) Taylor Library Trustees. There shall be a board of 5 Trustees of the Taylor Library who shall be elected at the regular Town election for terms of 3 years, staggered so that no more than 2 Trustees are elected at one time. Vacancies shall be filled by appointment by the Town Council for the unexpired term.

SECTION 4.2 Administrative Boards.

(A) Planning Board. There shall be a Planning Board, whose powers and duties are provided by State law. The Planning Board shall consist of 9 members, of whom 6 are appointed and 3 are ex officio. The 6 appointed members shall be appointed by the Town Council for terms of 3 years, except that initial appointments shall be staggered so that no more than 2 appointed members shall have terms that expire in a single year; a vacancy occurring before the end of a term shall be filled for the unexpired term. The 3 ex officio members shall consist of the Town Administrator, an administrative officer of the Town designated by the Administrator, and a Town Councilor designated by the Town Council for a one year term. There shall also be 3 alternate appointed members appointed in the same way as regular appointed members, except no more than one alternate appointed member's term shall expire in a single year.

(B) Housing and Redevelopment Authority. There shall be a Housing and Redevelopment Authority whose powers and duties are provided by State law. The Authority shall consist of 5 members appointed by the Town Council for terms of 5 years, except that initial appointments shall be staggered so that no more than one member's term shall expire in a single year. Vacancies shall be filled for the unexpired term.

(C) Conservation Commission. There shall be a Conservation Commission whose powers and duties are provided by State law. The Commission shall consist of 5 members appointed by the Town

Council for terms of 3 years, except that initial terms shall be staggered so that no more than 2 members shall have terms that expire in a single year. Vacancies shall be filled for the unexpired term. 3 alternate members shall be appointed in like manner, except that no more than one alternate member's term shall expire in a single year.

(D) Historic District Commission. There shall be a Historic District Commission whose powers and duties are provided by State law. The Commission shall consist of 5 regular members. 3 regular members shall be appointed by the Town Council for 3 year terms except that initial appointments shall be staggered so that no more than one member's term shall expire in a single year. One regular member shall be a Town Councilor, designated by the Town Council for a term of one year. One regular member shall be an appointed member of the Planning Board designated by the Planning Board for a term of one year. In addition to regular members there shall be 2 alternate members, appointed by the Town Council for terms of 3 years, with terms staggered as in the case of regular members. Vacancies shall be filled for the unexpired term.

SECTION 4.3 Judicial Boards Zoning Board of Adjustment.

There shall be a Zoning Board of Adjustment whose powers and duties are provided by State law. The Board shall consist of 5 regular members appointed by the Town Council for 3 year terms, except that initial appointments shall be staggered so that no more than 2 members shall have terms that expire in a single year. In addition, there shall be 3 alternate members, appointed in the same way as regular members, except that no more than one alternate member's term shall expire in a single year. Vacancies shall be filled for the unexpired term.

SECTION 4.4 Terms of Office

The terms of office of all members of appointed boards shall begin on April 1 and end on March 31.

SECTION 4.5 Certain Vacancies

(A) Unless otherwise provided in this Charter, in the event of a vacancy in an elected office, the Town Council shall fill the vacancy by appointment until the next regular Town election, at which time the vacancy shall be filled by election for the remainder of the unexpired term..

(B) Unless otherwise provided in this Charter, vacancies in appointed boards, commissions or committees shall, be filled by available alternate members selected by Town Council for the unexpired term.

SECTION 4.6 Board Membership Restriction

No member or alternate member of any Administrative or Judicial Board of the Town shall serve on any other Administrative or Judicial Board of the Town, except for ex officio members or Town Councilors designated to serve as members of a board.

SECTION 4.7 Other Administrative Committees

Other administrative boards and committees may be established as necessary by the Town Council.

SECTION 4.8 Meetings with Town Council and Town Administrator

The Town Council and the Town Administrator shall meet during the month of January, and more often if Town affairs so warrant, with the Chairmen of all standing town committees and boards to review significant actions taken by the committees, projects currently under discussion, and anticipated activity for the coming year.

CHARTER COMMISSION COMMENTS: Article 4 transfers appointment of various committees and boards to the Town Council.

ARTICLE 5

THE GOVERNING AND LEGISLATIVE BODY

Section 5.1 The Town Council

Except as otherwise provided by this Charter, the governing and legislative body of the Town shall be a Town Council exercising all powers authorized by State law. The Town Council shall consist of 7 councilors, of whom 3 councilors shall be elected at large, and one councilor shall be elected from each District.

Section 5.2 - Terms of Office

The term of office for members of the Town Council shall be for three years, or until the election and qualification of their successors.

Section 5.3 Qualification for Office as Town Councilor

To be eligible for election to the office of Town Councilor, a candidate must be 18 years of age, be a resident of the Town for at least one calendar year before the election, and in the case of a District Councilor, be a resident of the District to be represented. If a Councilor or any elected official of the Town moves from the Town, or from the District in the case of a District Councilor, and establishes a domicile in some other place, the office shall be declared vacant and shall be filled as provided for by this Charter.

SECTION 5.4 Selection of Chairman and Chairman Pro Tem

The Council shall, by the affirmative vote of a majority of all its members, at its first regular meeting following each regular Town election, choose one of its members Chairman for a term of

one year. The Council shall choose one of its members Chairman Pro Tem, for a term of one year, who shall act in the absence or disability of the Chairman. In the event of a vacancy occurring in the office of Chairman, the Council shall choose one of its members Chairman at the next regular meeting to serve for the unexpired term. The Chairman shall be the official head of the Town for all ceremonial purposes, shall preside at all meetings of the Council and may speak and vote at such meetings.

SECTION 5.5 Election of Councilors

Town Councilors shall be elected for terms of 3 years on a staggered basis, under the following schedule: At the first regular Town election following the effective date of this Charter (1994), there shall be elected one Councilor-at-large and the Councilor for District 1; at the second ensuing regular Town election (1995), there shall be elected one Councilor-at-large and the Councilors for District 2 and 4; at the third ensuing regular Town election (1996), there shall be elected one Councilor-at-large and a District Councilor for District 3. Thereafter, Town Councilors shall be elected on the same schedule in each ensuing 3 year cycle.

SECTION 5.6 Removal of Councilors

The Town Council may, on specific charges and after due notice and hearing, at any time remove one of its own members for cause, including but not limited to prolonged absence from or other inattention to duties, crime or misconduct in office, or as specified in this Charter.

SECTION 5.7 Filling of Town Council Vacancies

In case a vacancy occurs in the Town Council for any reason, the remaining Town Councilors shall, by majority vote, appoint an acting Councilor from among persons eligible to hold the vacant office, to serve until the next regular Town election, at which point the vacancy shall be filled by election for the remainder of the unexpired term.

The Town Council shall act to fill a vacancy no later than 21 days after the vacancy has been officially declared. If such action is not taken within 21 days, the appointment shall be made by the Chairman of the Council. The person so appointed shall be sworn and commence to serve forthwith.

SECTION 5.8 Compensation; Expenses

The Town Council shall establish an annual salary and expense allowance for its members, subject to the following: No increase in such salary or expense allowance shall be effective unless it shall have been adopted by a two-thirds vote of all the members of the Town Council. The new salary and expense schedule shall be included in next Town budget process, and shall take effect in the fiscal period to which that budget applies. No Councilor in office at the time the new schedule is adopted shall receive any

benefit of the new schedule during the remainder of the Councilor's then-current term of office.

SECTION 5.9 Rules; Meetings; Quorum

(A) The Town Council shall from time to time establish rules for its proceedings. Regular meetings of the Town Council shall be held at a time and place fixed by the Council but which shall be not less frequent than once monthly. Special meetings of the Town Council may be held on the call of the Town Administrator, or the Chairman of the Council, or on the call of any three or more members, by written notice delivered to the place of residence or business of each member at least 48 hours in advance of the time set. Sessions of the Town Council shall be open to the public, in accordance with RSA 91-A. Every matter coming before the Town Council for action shall be put to a vote, the result of which shall be duly recorded.

(B) A majority of all the members of the Town Council shall constitute a quorum. The affirmative vote of a majority of all the members of the Town Council shall be necessary to adopt any appropriation. Except as otherwise provided by law or this Charter, any other action or measure may be adopted by a majority vote of those present.

SECTION 5.10 Council Staff

The clerk of the Town Council shall be the Town Clerk. The Clerk of the Town Council or designee shall give notice of all meetings of the Town Council to its members and to the public, shall keep a record of its proceedings and shall perform such duties as may be assigned by the Charter, by ordinance, or by other vote of the Town Council.

SECTION 5.11 Town Councilors - Incompatible Offices.

Except as otherwise provided in this Charter, members of the Town Council shall not hold any other office or employment with the Town. Former members of the Town Council shall not be eligible for appointment as a compensated Town officer or employee until one year after the expiration of their service.

CHARTER COMMISSION COMMENTS: Article 5 provides for a 7 member Town Council and allows for a Chairman of the Town Council to be chosen from one of its members.

ARTICLE 6

ORDINANCES

SECTION 6.1 Municipal Legislation

Municipal legislation shall be by ordinance. Each ordinance shall be identified by a number and a short title. The enacting clause of each ordinance shall be "The Town of Derry Ordains," and the effective date of each ordinance shall be specified in

it. All ordinances shall be recorded at length uniformly and permanently by the clerk of the Town Council, and each ordinance so recorded shall be authenticated by the signature of the Chairman of the Town Council and the Clerk of the Town Council.

SECTION 6.2 Ordinances

(A) An ordinance may be introduced by any Councilor at any regular or special meeting of the Town Council. Upon introduction of any ordinance, the Clerk of the Town Council shall distribute a copy to each Councilor and to the Town Administrator, shall file a reasonable number of copies in the office of the Town Clerk and shall post a copy in such other public places as the Council may designate.

The full text of the proposed measure or ordinance need not be included in the notice if an adequate statement is included, describing the proposal and designating the place where the proposal is on file for public inspection.

(B) Every proposed ordinance shall be introduced in writing in the form required for final adoption. Any ordinance which repeals or amends an existing ordinance shall set out in full the ordinance, sections or subsections to be repealed or amended, and shall indicate matter to be omitted by enclosing it in brackets or by strikeout type, and shall indicate new matter by underscoring or by italics.

(C) After the ordinance's first reading, it shall be published in a newspaper of general circulation in the Town at least once, together with a notice of the time and place when and where it will be given a public hearing and be considered for final passage.

(D) No ordinance shall be passed finally on the date on which it is introduced, except in cases of emergency involving the health or safety of the people or their property. Every adopted ordinance, except as otherwise provided by this Charter, shall become effective at the expiration of 30 days after adoption or at any later date specified therein.

No ordinance shall be amended or repealed except by another ordinance adopted in accordance with this Charter, or as provided in the initiative and referendum procedures of this Charter.

SECTION 6.3 Emergency Ordinances

An emergency ordinance shall be introduced in the form and manner prescribed for ordinances generally, except that it shall contain statements after the enacting clause declaring that an emergency exists, and describing the scope and nature of the emergency in clear and specific terms. A preamble which declares and defines the emergency shall be separately voted on and shall require the affirmative vote of two-thirds of all the members of Town Council.

Action on an emergency ordinance shall be taken without amendment at the meeting at which the ordinance is introduced. No ordinance making a grant, renewal or extension, whatever its kind or nature, of any franchise or special privilege shall be passed as an emergency ordinance and except as provided by law relating to utility lines, no such grant, renewal or extension shall be made otherwise than by the regular procedure established for ordinances. After its adoption, an emergency ordinance shall be published as prescribed for other adopted ordinances. It shall become effective upon adoption or at such time as it may specify.

SECTION 6.4 Codification of Ordinances

Not later than 18 months after taking office under this Charter and at least every fifth year thereafter, the Town Council shall have prepared a revision or codification of the ordinances of the Town which are appropriate for continuation as local laws of the Town.

SECTION 6.5 Existing Ordinances

All by-laws, ordinances, rules, restrictions and regulations of the Town of Derry which are in effect as of the effective date of this Charter, and are not inconsistent with this Charter, shall remain in effect after the adoption of this Charter until they expire by their terms or are repealed, modified or amended by the Council.

SECTION 6.6 Charter Objection

On the first occasion that the question on adoption of a measure is put to the Town Council, if a single Councilor objects to the taking of the vote, the vote shall be postponed until the next meeting of the Town Council whether regular or special. If 2 or more other Councilors shall join in the objection, such postponement shall be until the next regular meeting. This procedure shall not be used more than once for any agenda item. Any item once postponed shall not be further postponed under this section. The Charter objection privilege is not available with respect to an emergency ordinance.

CHARTER COMMISSION COMMENTS: Article 6 clarifies the procedures by which the Town Council would establish and govern by ordinances.

ARTICLE 7

GENERAL POWERS

SECTION 7.1 General Powers of the Town Council

Subject to the provisions of this Charter, as the elected body serving as the legislative and governing body of the town, the Town Council shall exercise all the powers and duties of selectmen, city councils and boards of aldermen and such other

powers and duties provided by State statute or the Constitution of the State of New Hampshire. Except as otherwise provided by State law or this Charter, the powers of the Town Council may be exercised in a manner determined by it.

SECTION 7.2 Regulation of Fees and Other Charges

In accordance with State law, the Administrative Code and this Charter, the Town Council shall approve and regulate all fees and charges, whether for reclamation, impact, use, permits or any other charges that may be made by any department or agency, for the use of the facilities or services of the Town.

SECTION 7.3 Delegation of Powers

The Town Council may delegate to one or more Town agencies the powers to grant and issue licenses and permits vested in the Town Council by State law, and may regulate the granting and issuing of licenses and permits by any such Town agency. The Town Council may in its discretion, rescind any such delegation without prejudice to any prior action taken on such licenses or permits.

SECTION 7.4 Inquiries and Investigations

The Town Council may require any elected or appointed Town officer or employee, any official appointed or confirmed by the Council, or any member of an elected Town board or elected Town commission to appear before it and to give such information as the Town Council may require in relation to such person's office, function or performance. The Town Council shall give at least 48 hours written notice of the general scope of the inquiry which is to be made to any person it shall require to appear before it under this section.

The Town Council may make investigations into the affairs of the Town and into the conduct of any Town agency, and for this purpose may administer oaths and require the production of evidence.

CHARTER COMMISSION COMMENTS: Article 7 further establishes other general powers of the Town Council as the legislative and governing body of the Town.

ARTICLE 8

ADMINISTRATION OF GOVERNMENT

SECTION 8.1 Town Administrator

The chief administrative officer of the Town shall be the Town Administrator (hereinafter called the "Administrator"). The Administrator shall be appointed by the Town Council upon the affirmative vote of at least 5 members of the Council. The Administrator shall hold office at the pleasure of the Town Council. The Town Council shall fix the Administrator's salary and terms of employment.

SECTION 8.2 Qualifications

The Administrator shall be appointed solely on the basis of qualification for the office, with special reference to education, training and previous experience in public or private office. The Administrator need not be a resident of the Town or of the State of New Hampshire at the time of appointment, but must establish residence in the Town within a period fixed by the Town Council. The Administrator shall devote full time to the office and shall not hold any other public office, elective or appointive, except as authorized by this Charter, nor engage in any other business or occupation unless with the approval of the majority of the Town Council.

SECTION 8.3 Evaluation of Administrator's Performance

During the budgetary process following the first anniversary of the Administrator's service to the Town and during each subsequent budgetary process, the Town Council shall conduct an evaluation of the Administrator's performance in office. After such evaluation, the Town Council shall determine whether the Administrator's overall performance in office has been satisfactory or unsatisfactory. The Town Council shall also establish the Administrator's compensation for the ensuing year.

SECTION 8.4 Removal of Administrator

(A) The Administrator may be removed by a majority vote of all members of the Town Council as herein provided. The Town Council shall adopt a resolution stating its intention to remove the Administrator and the reasons therefor, a copy of which shall be served on the Administrator. Immediately upon delivery to the Administrator of the resolution stating the intent of the Town Council, the Administrator shall be relieved of office and all further duties.

(B) The Administrator may reply thereto in writing within 10 days, and upon request, shall be afforded a public hearing which shall occur not earlier than 10 days nor later than 15 days after such hearing is requested. After the public hearing, if one is requested, and after full consideration, the Town Council, by majority vote of all its members, may adopt a final resolution of removal. The Administrator shall continue to receive full salary until the effective date of a final resolution of removal. The action of the Town Council in removing the Administrator shall be final.

During the period between adoption of a resolution under Paragraph (A) of this section and final action under Paragraph (B), the Town Council shall, by majority vote of all its members, appoint an interim Administrator to serve at the will of the Town Council for not more than 90 days. If a final resolution of removal is not adopted, the Administrator shall resume office forthwith.

SECTION 8.5 Acting Town Administrator

(A) Whenever by reason of sickness, absence from the town or other unexpected cause, the Town Administrator shall be unable to perform the duties of the office for a period of 3 successive working days or more, the Town Council shall appoint an Acting Town Administrator.

(B) The Acting Administrator shall have all the powers and perform all the duties of the Administrator except to the extent that said powers and duties may be specifically restricted by Town Council resolution. The Acting Administrator shall be paid such salary for services hereunder as may be prescribed by the Town Council.

SECTION 8.6 Powers and Duties of Administrator

(A) The Administrator shall be the chief administrative officer of the Town, shall supervise and be responsible for the administrative and financial affairs of the Town and shall carry out the policies enacted by the Council. The Administrator shall be charged with the preservation of the health, safety, and welfare of persons and property and shall see to the enforcement of the ordinances of the Town, this Charter and general State laws governing administration of the Town. The Administrator shall supervise and direct the administration of all Town departments and personnel therein.

(B) Except as otherwise provided by this Charter, the Administrator shall appoint upon merit and fitness alone, and may remove all officers and employees of the Town, subject to the provisions of pertinent statutes and the Administrative Code. Appointment of officers and employees who report directly to the Town Administrator shall be subject to confirmation by vote of the Town Council.

(C) The Administrator shall fix the compensation of all Town officers and employees appointed by the Administrator, within the limits established by existing appropriations.

(D) The Administrator shall have full jurisdiction over the rental and use of all Town facilities under the Administrator's control. The Administrator shall be responsible for the maintenance and repair of all Town property under the Administrator's control, within the limits of existing appropriation.

(E) The Administrator shall keep a full and complete inventory of all property of the Town, both real and personal.

(F) The Administrator shall be responsible for purchasing all supplies, material and equipment for all departments and activities of the Town.

(G) The Administrator shall keep the Town Council informed of the needs of the Town, and make such reports and recommendations as the Administrator may deem advisable or as the Council, as provided by this Charter or by ordinance, shall direct.

(H) The Administrator shall have and perform such other powers and duties not inconsistent with the provisions of this Charter as now are, or may be, conferred or imposed upon the Administrator by ordinance, or by general State laws. The Administrator shall have the right to take part in the discussion of all matters before the Town Council, but not the right to vote.

SECTION 8.7 Non-interference by Individual Members of the Town Council

The Town Council shall act in all matters as a body. Members of the Council shall not seek individually to influence the official acts of the Town Administrator, or any other officers; or to direct or request, except in writing, the appointment of any person to, or removal from, office; or to interfere in any way with the performance by such officers of their duties. Any member of the Town Council violating the provisions of this section, as determined through procedures established in this Charter, shall forfeit the office.

SECTION 8.8 Appointive Officers

(A) There shall be appointed by the Administrator, subject to confirmation by vote of the Town Council, a police chief, a fire chief, a health officer, one or more assessors, town attorney, a tax collector and such other officers as may be necessary to administer all departments which this Charter and the Town Council shall establish. Assessors shall, prior to appointment, have demonstrated knowledge of property appraisal or assessment and of the laws governing the assessment and collection of property taxes. The powers and duties of appointed officers and heads of departments shall be those prescribed by state law, by the Charter or by ordinance.

(B) The Town Council may engage as needed such other attorneys as are deemed in the best interest of the Town or to provide legal advice to the Town Council.

SECTION 8.9 Departments; Administrative Code

The Town shall have departments, divisions, boards or committees as may be established by this Charter or as the Town Council may establish by ordinance. It shall be the duty of the Administrator to draft and to submit to the Town Council within 9 months after assuming office, an ordinance consistent with this Charter to be titled as the "Administrative Code", which provides for the division of the administrative service of the Town into departments or agencies and defines the functions and duties of each.

The ordinance shall include, subject to any collective bargaining agreements that may be agreed upon, provisions for a merit plan to ensure that all appointments and promotions in the service of the Town shall be made solely on the basis of merit and only after appropriate examination or review of the applicants' relative knowledge, skills, abilities and experience and provisions governing discipline and dismissal of personnel. Subsequent to the adoption of such ordinance, upon recommendation of the Administrator, the Town Council by ordinance may amend it to create, consolidate or abolish departments, agencies or other divisions of the Town, define the functions and duties of each, or otherwise amend it.

The chief officer of each department shall have supervision and control of such department and shall have the power to prescribe rules and regulations for the conduct of such department, not inconsistent with general law, this Charter, the Administrative Code, and the provisions of the merit plan. Prior to adoption of the Administrative Code, the Administrator shall have the power to establish temporary rules and regulations to ensure economy and efficiency in the several divisions of Town government.

SECTION 8.10 Town Clerk

There shall be a Town Clerk, elected for a term of 3 years. The Town Clerk shall have such authority and perform such duties as provided by State law. Vacancy in the office of Town Clerk shall be filled in accordance with State law.

CHARTER COMMISSION COMMENTS: Article 8 defines the position of the Administrator, qualifications, powers and duties, and that the Administrator now serves under the direction and supervision of the Council. Further, that no Councilor shall, as an individual, interfere with official acts of the Administrator. The article also provides for election of the Town Clerk for a 3 year term.

ARTICLE 9

FINANCE

SECTION 9.1 Fiscal Year

The fiscal year of the Town shall begin July 1 and run through the subsequent June 30 in each year.

SECTION 9.2 Preparation of Budget

The preparation of the fiscal budget of the Town shall begin at such time as specified by the Administrator, or as directed by the Administrative Code. The chief officer or director of each department shall submit to the Administrator an itemized estimate of the expenditures for the next fiscal year for the department or activities under the officer's control. In presenting the budget to the Town Council, the Administrator shall also include

a detailed report of estimated revenues other than those to be derived from real estate taxes, paying particular attention to departments or activities that are self-sustaining.

SECTION 9.3 Submission of Budget; Budget Message

(A) By April 1 the Administrator shall submit to the Clerk of the Town Council a proposed budget for the ensuing fiscal year which shall provide a complete financial plan of all Town funds and activities for the ensuing fiscal year, an accompanying budget message and supporting documents, including the estimated effect of the proposed budget on the tax rate.

(B) The message of the Administrator shall explain the budget for all Town agencies both in fiscal terms and in terms of work programs. It shall outline the proposed financial policies of the Town for the ensuing fiscal year, indicate any major changes from the current fiscal year in financial policies, expenditures and revenues, together with the reasons for such changes; summarize the Town's debt position and include such other material as the Administrator deems desirable or the Town Council may reasonably require.

SECTION 9.4 Action on the Budget

(A) Public Hearing. The Town Council shall publish in one or more newspapers of general circulation in the Town a general summary of the proposed budget as submitted by the Administrator with a notice stating: (1) the times and places where copies of the proposed budget are available for inspection by the public and (2) the date, time and place not less than 2 weeks after such publication, when a public hearing on the proposed budget will be held by the Town Council.

(B) Adoption. The Town Council shall enact the budget, with or without amendments, by May 31. In amending the budget, it may delete, decrease, increase or add any programs or amounts, except it may not decrease expenditures required by law or for debt service.

If the Town Council fails to take action with respect to the budget by May 31, such budget shall, without any action by the Town Council, be deemed to have been adopted, and shall be available for the purposes specified.

SECTION 9.5 Quarterly Budget Reports

At the beginning of each quarterly period during the fiscal year, and more often if required by the Town Council, the Administrator or designee shall submit to the Town Council data showing the state of the Town's financial affairs. The Administrator shall, at the Town Council's first regular meeting in the quarterly period, using the same data furnished to the Town Council, provide a report to the public that shows the relation between the estimated and actual income and expenses to date, together with outstanding indebtedness and estimated future expenses.

SECTION 9.6 Appropriations After Adoption of Budget.

No appropriation shall be made for any purpose not included in the annual budget as adopted, unless approved by a two-thirds majority of all the members of the Town Council after a public hearing. The Town Council shall, by resolution, designate the source of any money so appropriated.

SECTION 9.7 Transfer of Appropriations

No expenditure shall be made, and no obligation for expenditure shall be incurred, except pursuant to a duly adopted appropriation or a transfer of appropriation permitted by this section.

(A) **Intradepartmental Transfers.** The Administrator may approve a transfer of appropriations from one budgeted account to another budgeted account within a department, provided that the transfer or transfers do not exceed 10 percent of the appropriated budget for the department for the fiscal year, that funds are available to support the transfer and that the amount to be transferred is not essential for the effective operation of the account or accounts from which the transfer is to be made. In no event shall the amount of any such transfers exceed the total of \$10,000.00 in a single department without approval of the Town Council.

(B) **Interdepartmental Transfers.** With the approval of the Town Council, the Administrator may transfer any unencumbered appropriation balance or any portion thereof from one department to another.

SECTION 9.8 Capital Improvements Plan

(A) The Town Administrator, after consultation with the Planning Board, shall prepare and submit to the Town Council a capital improvements plan at least one month prior to the final date for submission of the budget. The capital improvements program shall include:

- (1) A clear summary of its contents.
- (2) A list of all capital improvements including major replacements which are proposed to be undertaken during the next 6 fiscal years, including, but not limited to, equipment, sewer and water mains or facilities, roads, sidewalks, bicycle paths or lanes, public open spaces and recreation facilities, new police or fire stations, and other new public facilities and major items of equipment, with appropriate supporting information as to the necessity for such improvements.
- (3) Cost estimates, methods of financing and recommended time schedule for each improvement.
- (4) The estimated annual cost of operating and maintaining the facilities to be constructed or acquired.

(B) The capital improvements plan shall be based on a period of not less than 6 years and shall be guided by the Master Plan for the Town.

(C) The foregoing information may be revised and extended each year with regard to capital improvements still pending or in process of construction or acquisition.

(D) The Town Council and Planning Board shall meet annually in preparation for and review of the capital improvements plan in a manner determined from time to time by the Town Council.

(E) A summary of the updated capital improvements plan with estimated costs shall be included in the Town report and the current year costs of the capital improvements plan shall be included in the Town budget.

(F) The Town Council shall publish in one or more newspapers of general circulation in the Town a general summary of the capital improvements plan and a notice stating: (1) the times and places where copies of the capital improvements plan are available for inspection by the public; and (2) the date, time and place not less than 2 weeks after such publication, when a public hearing on said plan will be held by the Town Council.

(G) After the public hearing and on or before 60 days prior to the start of the ensuing fiscal year, the Town Council shall by resolution adopt the capital improvements plan with or without amendment, provided that each amendment must be voted separately and that any increase in the capital improvements plan as submitted must clearly identify the method of financing proposed to accomplish the increase.

SECTION 9.9 Lapse of Appropriations; Special Revenue Funds
Every appropriation, except an appropriation for a capital expenditure or dedicated funds permitted by State law, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure shall continue in force until the purpose for which it was made has been accomplished or abandoned. The purpose of any such appropriation shall be deemed abandoned if 2 years pass without any disbursement from, or encumbrance of, the appropriation. Special Revenue Funds may be established in accordance with State law for a specific purpose only upon receiving a vote of two-thirds of all the members of the Town Council.

SECTION 9.10 Purchasing Procedure

The Administrative Code shall establish purchasing and contract procedure, including the assignment of all responsibility for purchasing to the Administrator or designee, and the combination purchasing of similar articles by separate departments. The Town

Council shall establish dollar limits for purchases and contracts which must be by competitive bid and shall establish the bidding procedures. No competitive bids shall be required when purchasing through the State of New Hampshire or at the State of New Hampshire bid prices. Requirements for bids may be waived in specific instances by a two-thirds vote of the Town Council. The Council shall establish dollar amounts for purchases and contracts, over which no purchases shall be made or contracts entered into without the affirmative vote of a majority of the Town Council. If the Town Council has voted to make a purchase or enter into a contract, the Administrator shall carry out the vote of the Council and enter into such transaction on behalf of the Town.

SECTION 9.11 Special Assessments

When it appears either by petition or Council deliberation that the cost of a public improvement should be defrayed in part or whole by special assessment upon the property especially benefitted, the Town Council shall have authority to so declare by resolution. The Town Council shall hold a public hearing prior to enacting any special assessment resolution. Such resolution shall state the estimated cost of the improvement, the proportion of the cost to be borne by special assessment and the proportion to be borne by Town general revenues. The resolution shall designate the areas of the Town or the premises on which the special assessment shall be levied and the conditions of payment of the levy. Adoption of the resolution shall require an affirmative vote of two-thirds of all the members of the Town Council.

The Town Council shall prescribe by ordinance, complete special assessment procedures concerning plans and specifications estimate of costs, notices, hearings and any other matters concerning the financing of improvements by the special assessment method.

SECTION 9.12 Fiscal Control

The Administrative Code shall establish procedures governing fiscal control of all Town finances, including, but not limited to, a pre-audit of all authorized claims against the Town before payment.

SECTION 9.13 Bonding of Officials

Any Town officer or employee (other than Town Councilor) may be required by the Administrator to give a bond for the faithful performance of the duties of the office. The Administrator and all officers receiving or disbursing Town funds shall be so bonded. All official bonds shall be corporate surety bonds, and the premiums thereon shall be paid by the Town. Such bonds shall be filed with the Town Clerk.

SECTION 9.14 Investments, Trust Funds

The Trustees of Trust Funds shall invest and account for funds under their supervision in accordance with State law.

SECTION 9.15 Grants, Gifts

The Town Council may apply for, accept and expend monies received from the State, Federal, or other governmental units, or from private sources which become available during the fiscal year. A procedure for accounting for such monies shall be provided for in the Administrative Code. No Town funds shall be expended as matching funds for such monies unless lawfully appropriated for such purpose.

SECTION 9.16 Town Treasurer

There shall be a Treasurer of the Town, elected for a term of 3 years. The Treasurer shall have custody of all monies belonging to the Town and shall pay out the same only upon orders of the Administrator and the Chairman of the Town Council or as otherwise authorized by State law. The Administrator shall initiate and sign a document, to be co-signed by the Chairman of the Council or designee, listing payments to be made. The Administrator shall attach to the document all supporting papers, as specified by the Administrative Code, authorizing the Treasurer to make payment.

The Treasurer shall deposit all monies, invest excess funds and account for same as directed by this Charter, the Administrative Code, and State law. A vacancy in the office of the Town Treasurer shall be filled by appointment by the Town Council for the unexpired term.

SECTION 9.17 Borrowing Procedure

Subject to the applicable provisions of State law and the Administrative Code, the Town Council, by resolution, may authorize the borrowing of money for any purpose within the scope of the powers vested in the Town and the issuance of bonds of the Town or other evidence of indebtedness therefor, and may pledge the full faith, credit and resources of the Town for the payment of the obligation created.

SECTION 9.18 Independent Audit

Independent compliance and financial audits shall be made of all accounts of the Town at least annually and more frequently if deemed necessary by the Town Council. Such audits shall be conducted according to auditing procedures of the American Institute of Certified Public Accountants, the National Committee on Government Accounting, and other such procedures which may be necessary under the circumstances, by certified public accountants experienced in municipal accounting. Summaries of the results of such audits, including findings and recommendations and any management letters, shall be made public. At least once every 5 years the Town Council shall change auditors. An annual report of the Town's business for the

preceding year shall be made available to the public not later than 90 days after the close of the fiscal year.

CHARTER COMMISSION COMMENTS: Article 9 allows the initial presentation of the budget to be made by the Administrator, and makes provisions for intradepartmental and interdepartmental transfer of appropriations. Provides for election of a Town Treasurer. Requires change of auditors at least once every 5 years.

ARTICLE 10

GENERAL PROVISIONS

SECTION 10.1 Availability of Town Records

In compliance with RSA 91-A, a copy of all ordinances, the Administrative Code or other rules and regulations adopted by any town agency, board or individual shall be filed in the office of the Town Clerk and made available for review by any person requesting such information.

SECTION 10.2 Liability of Town Officers and Agencies

All town officers and members of town agencies shall be deemed to be public or municipal officers or officials. The Town shall indemnify any such officer or member for expenses or damages incurred in the defense or settlement of a claim against the officer or member which arose while acting in good faith within the scope of official duties or employment, but only to the extent and subject to the limitations imposed by State law.

SECTION 10.3 Prohibition

(A) No officer or employee of the Town shall appear as counsel before any agency of the Town of Derry.

(B) Any Town officer or employee who has a substantial financial interest, direct or indirect or by reason of ownership of stock in any corporation, in any contract with the Town or in the sale of any land, material, supplies or services to the Town or to a contractor supplying the Town, shall make known that interest and shall refrain from voting upon or otherwise participating in the transaction as a Town officer or employee. Any Town officer or employee who willfully conceals such interest or willfully violates the requirements of this section shall be guilty of malfeasance in office or position and shall forfeit the office or position. In addition, the transaction shall be voidable by the Town Council if the person contracting with or making a sale to the Town has knowledge that this section has been violated.

(C) Activities Prohibited

1. No person shall be appointed to or removed from, or in any way favored or discriminated against with respect to any Town

position or appointive Town administrative office because of race, sex, political or religious opinions or affiliations.

2. No person shall willfully make any false statement, certificate, mark, rating or report in regard to any test, certification or appointment under the provisions of this Charter or the rules and regulations made thereunder, or in any manner commit or attempt to commit any fraud preventing the impartial execution of such provisions, rules and regulations.

3. No person who seeks appointment or promotion with respect to any Town position or appointive Town office shall directly or indirectly give, render or pay any money, service or other valuable thing to any person for or in connection with any test, appointment, proposed appointment, promotion or proposed promotion.

4. No person who runs for Town office shall solicit or assist in soliciting any assessment, subscription or contribution for any political party or political purpose whatever from any person holding any compensated appointive Town position.

SECTION 10.4 Severability

If any provision of this Charter is held invalid, the other provisions of this Charter shall not be affected thereby. If the application of this Charter or any of its provisions to any person or circumstance is held invalid, the application of this Charter and its provisions to other persons and circumstances shall not be affected thereby.

SECTION 10.5 Specific Provisions Shall Prevail

To the extent that any specific provision of this Charter conflicts with any provision expressed in this Charter in general terms, the specific provision shall prevail.

SECTION 10.6 Procedures

(A) Meetings. All multiple member bodies of the Town whether elected or appointed or otherwise constituted, shall meet regularly at such times and public places within the Town as they may prescribe. Except in emergencies, special meetings of any multiple member body shall be held on the call of the respective chairperson or by one-third of the members thereof, by written notice delivered to the residence or place of business of each member at least 48 hours in advance of the time set. A copy of the said notice shall also be posted on the Town bulletin board.

Special meetings of any multiple member body shall also be called within one week after the date of the filing with the Town Clerk of a petition by at least 100 voters which states the purpose or purposes for which the meeting is to be called. Meetings of all multiple member bodies shall be open and public; however, a

multiple member body may meet in a non-public session as permitted by RSA 91-A.

(B) Agenda. Except in cases of emergency, at least 48 hours before any meeting of a multiple member body is to be held, an agenda shall be posted containing all items which are scheduled to come before the meeting. No action taken on a matter not included in the posted agenda shall be effective unless the body first adopts by special vote a resolution declaring that an emergency exists and that the particular matter must be acted upon at that meeting for the immediate preservation of the peace, health, safety or convenience of the Town.

(C) Rules and Minutes. Each multiple member body shall determine its own rules and order of business unless otherwise provided by this Charter or by State law. The Town Clerk or designee shall take and keep the minutes of the respective proceedings. Such rules and minutes, except as provided for in RSA 91-A, shall be a public record kept available in a place convenient to the public at all times, and certified copies shall be kept available in the Town Clerk's office.

(D) Voting. Except on procedural matters, all votes of all multiple member bodies shall be taken by a call of the roll and the ayes and nays shall be recorded in the minutes, provided, however, that if the vote is unanimous, only that fact need be recorded.

(E) Quorum. A majority of the members of a multiple member body shall constitute a quorum, but a smaller number may adjourn from time to time and compel the attendance of the absent members in the manner and subject to the penalties prescribed by the rules of the body. No other action taken by a number of members smaller than the quorum shall be valid or binding.

SECTION 10.7 Duties of the Chairman of the Town Council

(A) The Chairman of the Town Council, in addition to other duties as provided for in this Charter, shall, after consulting with the Administrator, prepare the agenda for presentation to the Council.

(B) The Chairman shall meet with the Administrator as often as they both shall deem necessary in order to ensure that the Administrator and the Town Council are in agreement as to decisions made, or to be made, and to share information that may be of benefit to the Chairman and the Town Council regarding public relations, economic development plans, or other public matters the Council may request the Administrator to pursue.

(C) The Chairman shall advise the Town Council on a monthly basis as to activities and progress on matters assigned to the Chairman.

(D) As a member of the Town Council, the Chairman shall be fully subject to the non-interference requirement of Section 8.7 of this Charter.

(E) In order to carry out the Chairman's responsibilities, the Chairman shall be furnished a desk, office space, and secretarial services as needed. Upon leaving office the Chairman shall immediately turn over all papers, files, or other matters to the duly elected successor.

SECTION 10.8 Definitions

Unless another meaning is clearly apparent from the manner in which the word is used, the following words as used in this Charter shall have the following meanings:

(A) Charter. The word "charter" shall mean this Charter and any amendments to it made through any of the methods provided under RSA 49-B.

(B) Days. The word "days" shall refer to calendar days.

(C) Emergency. The word "emergency" shall mean a sudden, unexpected, unforeseen happening, occurrence or condition which necessitates immediate action.

(D) Initiative Measure. The words "initiative measure" shall mean a measure proposed by initiative procedures under this Charter, but excluding:

1. Matters relative to the organization or operation of the Town Council;
2. An emergency measure passed in conformity with this Charter;
3. The Town budget;
4. Tax anticipation notes;
5. An appropriation for the payment of the Town debts or obligations;
6. Any appropriation of funds necessary to implement a duly adopted collective bargaining agreement;
7. Any proceeding, or part thereof, relating to the election, employment, appointment, suspension, transfer, demotion, removal or discharge of any Town officer or employee;
8. Any proceeding repealing or rescinding a measure, or a part thereof, which is protested by referendum procedures:

(E) Majority Vote. Unless otherwise expressly provided, the words "majority vote" shall mean a majority of those present and voting with a quorum of the body present.

(F) Measure. The word "measure" refers to a specific act, or proposal. The specific act or proposal may be a resolution, an ordinance, a referendum vote to be taken, or other proposed action, depending on the matter to be acted on.

(G) Multiple Member Body. The words "multiple member body" shall mean any body consisting of two or more persons, whether elected, appointed, or otherwise constituted.

(H) Number and Gender. The singular number may be extended and applied to several persons or things; words imparting the plural number may include the singular; words imparting the masculine gender shall include the feminine gender; and words imparting the feminine gender shall include the masculine gender.

(I) Referendum Measure. The words "referendum measure" shall mean:

1. a measure protested by referendum procedures under this Charter, including a specific item in the Town budget, but excluding items 1 through 7 listed in the definition (E) Initiative Measures, or;
2. any proceeding of the Town Council providing for the submission or referral of a matter to the voters at an election.

(J) Town. The word "Town" shall mean the "Town of Derry."

(K) Agency. The words "Town Agency" shall mean any board, commission, committee, department, or office of the Town government.

(L) Voters. The word "voters" shall mean registered voters of the Town of Derry.

CHARTER COMMISSION COMMENTS: Article 10 includes some of the general policies or provisions now included in the present Derry Charter, and defines other duties and responsibilities of the Council Chairman.

ARTICLE 11 TRANSITIONAL PROVISIONS

SECTION 11.1 Continuation of Government

All members of the Town government, elected or appointed, except those abolished by this Charter, shall continue to perform their duties until the expiration of their current term, and until successors to their respective positions are duly appointed, elected and qualified, or their duties have been transferred. The Town Council shall take whatever measures are necessary to effectuate an orderly transition and shall take whatever actions are necessary to enable such transitions in office to comply with the provisions of this Charter.

SECTION 11.2 Continuation and Compensation of Personnel; Abolition of Office of Mayor

(A) Until expressly changed after the effective date of this Charter, the compensation of all officers and employees of the Town shall be the same as in effect June 30, 1993.

(B) Any person holding an office or position in the service of the Town, or any person serving in the employment of the Town, shall retain such office or position and shall continue to

perform the duties thereof unless or until provisions shall have been made in accordance with this Charter for the performance of such duties by another person or agency. No person in the permanent full-time service of employment of the Town shall forfeit pay grade or time in service by reason of such transfer. All such persons shall be retained in capacities as similar to their former capacities as is practical.

(C) The office of Mayor shall be abolished as of the effective date of this Charter. The present incumbent shall become a Councilor-at-large, and shall have all privileges, rights and access to information as any Councilor, and shall serve until the expiration of the elected term, March 9, 1995.

(D) The Administrator, responsible to the Mayor for the administration of all Town affairs placed in the Administrator's charge under the former Charter, shall, upon the effective date of this Charter, serve under the direction and supervision of the Town Council. Any prior agreement for employment of the Administrator, express or implied, shall terminate upon the effective date of this Charter. A new agreement for employment may be approved by the Town Council under the provisions of this Charter.

SECTION 11.3 Council Salaries

The salary to be paid each Town Councilor shall, as of July 1, 1993, not exceed \$2500.00 per annum. In addition to this sum, the Chairman of the Town Council shall receive an additional sum of \$1500.00. Such salaries shall continue until changed by the Town Council pursuant to Section 5.8 of this Charter.

SECTION 11.4 Transfer of Records and Property

As of the effective date of this Charter, all records, property and equipment of any Town agency, the powers and duties of which are assigned in whole or part to another Town agency, shall be transferred to the Town agency to which such powers and duties are assigned.

SECTION 11.5 Effective Date

This Charter shall take effect July 1, 1993, except as otherwise provided. Prior to that date, the Town Council shall prepare for transition to the form of government established by this Charter.

SECTION 11.6 Absorption of the East Derry Fire District

If at any time the voters of East Derry Fire District vote to dissolve the district, the functions, responsibilities and duties of the district shall become the responsibilities of the Town. All permanent full-time employees of said district shall be transferred to the Town fire service in capacities as similar to their former capacities as is practicable.

CHARTER COMMISSION COMMENTS: ARTICLE 11 provides for the transition procedures relating to elected or appointed officials, and any other employees of the Town. It provides for the abolishment of the Mayor's position and allows the incumbent to become a Councilor-at-large for the remainder of the person's elected term of office. The Administrator is now to be hired and employed by the Council and, accordingly, is now under their direction and supervision. It also establishes the effective date this Charter will replace and present document.

ABOUT THE COVER: The Taylor Mill, located on Island Pond Road, was in operation about 1805 and was owned by Robert Taylor. Originally the saw was an "up and down" type but after the Civil War was converted to a circular saw. When the property was purchased by Ernest K. Ballard in 1939 it was restored to an up and down saw mill. The mill was given to the state after his death in 1954. (Peter Correia of Derry is the artist)
