## DEDICATION

The 1990 Town Report is dedicated to Marie Boyle whose love for the town showed in her dedication to the many areas in which she worked for the town.

Marie has served as Administrative Assistant, Executive Secretary to the Selectmen, Welfare Director, Deputy Town Clerk, and Editor for the annual Town Report which was given an award for its excellence by the New Hampshire Municipal Association. Marie presently serves on the Industrial Council and is Chairperson for the Charter Commission which is involved in re-writing the Town Charter. In addition to town committees, Marie is a member of the Goffstown Lions Club.

Marie and her husband Henry live on Carr Ct, and are parents of six children. They also have 2 grandchildren.

Thank you Marie for your dedication and service to our community.

# GENERAL INFORMATION ABOUT YOUR TOWN

The Town of Goffstown was named for Colonel John Goffe, an early settler, soldier and civic leader.

Goffstown is located in Hillsborough County, nine miles west of the City of Manchester on NH Route 114, north of Bedford on Route 114; east of New Boston on Route 13; south of Weare on Route 114. It is sixteen miles to Concord, the state capital.

The town has a population of approximately 14,949 (Planning Dept.), and occupies approximately 37 square miles.

Goffstown was incorporated in 1761 and is governed by a Board of three Selectmen. Legislative policy, including passage of the Town Budget, is determined by the annual Town Meeting. The town provides a full array of governmental services, library and recreational services.

The Board of Selectmen meets every Monday afternoon at 3:30 p.m. at the Town Hall, 16 Main Street, where the Town offices are located. Town office hours are 8:30 a.m. to 4:30 p.m. Monday, Tuesday, and Friday, 8:30 a.m. to noon on Wednesday and 8:30 a.m. to 6:00 p.m. on Thursday.

Voter registration qualifications - must be 18 years of age and a citizen and resident of Goffstown; voter registration with Supervisors of the Checklist and Town Clerk. New registrations accepted up to ten days prior to elections. Absentee ballots are available for qualified voters at Town and State primary and general elections.

Dog licenses expire on April 30 of each year. A dog must be licensed at three months; rabies certificate required. Fees are \$7.00 for unneutered animals; \$4.50 if neutered. A penalty of \$1.00 per month is assessed as of June 1. Licenses are available at the Town Clerk's office.

Automobile registration is renewable in birth month to residents. Resident tax receipts are no longer required, since the Town has voted to discontinue this tax. Auto renewal decals are available to N.H. residents for an additional fee of \$2.50.

Goffstown collects property taxes semi-annually. The first payment is due July 1; second payment due December 1 at the Tax Collector's Office. Property is assessed as of April 1 - the tax rate for 1990 was \$19.82 per thousand.

A town zoning ordinance controls land uses in Commercial, Industrial, Residential, Agricultural, Flood Plain and Conservancy Open Space Zones.

Fire permits are issued at Fire Stations and must be picked up in person between 7:30 a.m. and 5:00 p.m.

The Goffstown Police Department is located on Route 114 across from the Hillsborough County complex and adjacent to the County Nursing Home.

The Public Works Department is located at the end of Depot Street in Goffstown Village. Rubbish pickup is once a week; schedules available at Town Hall. Sanitary landfill is located off Laurier Street in Pinardville, open 8 a.m. to 5 p.m. except Sundays and holidays. Dump stickers are required; available at Town Clerk's office. Days, hours, and fees are subject to change.

The Parks and Recreation Department is on Mast Road. Goffstown boasts two supervised playgrounds with excellent programs; two public swimming pools, six public tennis courts; athletic fields and an outdoor ice skating area; with supervised year round programs for youth and adults.

The Goffstown Public Library is located on the corner of High Street and Mast Road; and is open from 10:00 a.m. to 8:00 p.m. on Monday and Wednesday; 10:00 a.m. to 6:00 p.m. on Tuesday, Thursday and Friday, and 10:00 a.m. to 3:00 p.m. on Saturday. During the winter months of January, February and March, the library is open on Sundays from noon to 2:00 p.m., with volunteers performing staffing duties.

The Goffstown School District is governed by an elected nine member School board; its budget is determined by the annual School District meeting.

The public schools consist of two elementary schools, grades 1-4; one middle school, grades 5 and 6; Goffstown Jr. and Sr. High School, grades 7 -12.

The School Department offices are located in the White Building, at the end of School Street in Goffstown Village.

## SELECTMEN'S REPORT

The Board of Selectmen are pleased to report to you that in 1990 numerous issues have been addressed on behalf of the citizens of Goffstown.

In the field of Solid Waste, we feel there is a consensus among the Board of Selectmen, Solid Waste Commission and Recycling Committee on the direction for handling solid waste and recycling. A joint report from the respective Chairmen follows this report. We look forward to making continued progress on this issue in 1991.

Congratulations to all of you for your participation in the curbside recycling program in 1990. The participation rate is excellent. 1991 should provide for more materials and tonnage to be recycled out of our waste stream.

In 1990 we also approved a 10 year extension to the non-exclusive cable TV contract. We thank the committee for their efforts in this matter.

The Henry Bridge Road relocation project progressed with the completion of a survey and obtaining the land from the County. This relocation will provide for a safer access to and from Mast Road. We thank all those who have worked tirelessly on this issue.

We continue to work with the Police Department in their effort to achieve accreditation. We also hired a new Town Administrator, Eric Meserve, who brings many years of experience to the position. We thank Michael Parada, former Administrative Assistant for all his efforts over the last 2½ years.

The Board of Selectmen with the Department heads have initiated some streamlining of procedures, amending of the personnel plan and held the line with no new positions for 1991. With the cost of living index at 5%, we are pleased to develop a budget with less than a 5% increase for 1991. Our action, despite very high increases in insurance rates, retirement rates and increased demand for service, could not have been accomplished without the assistance of our Department Heads.

We hosted 10 students from Kunitachi, Japan this past summer. This program has broadened our horizons and has been beneficial to all of those involved.

You'll notice the Town Clock on the Town Hall tower has been repaired and is featured on the cover of the Town Report. We pray for the safe return of all our military personnel from the Persian Gulf. Our hearts and thoughts are with our fellow Selectman, Paul Smith, who is presently serving in the Persian Gulf.

Finally, we gratefully acknowledge the efforts of all of you who serve on the various Committees, Commissions, Boards and Councils. Without your efforts and the support of our citizens, we could not accomplish the goals and objectives on behalf of the Town of Goffstown.

Vivian Blondeau, Chairman  
Board of Selectmen

# SOLID WASTE REPORT

The Board of Selectmen, Solid Waste Commission and the Recycling Committee are pleased to report, to the citizens of Goffstown, the progress on a number of solid waste programs and issues in 1990.

## **Solid Waste Plan:**

A solid waste plan has been submitted to the State of NH as required by law. The Town has received a response from the State requesting further information, clarification or modification of language in a number of areas. We anticipate completion of the document in 1991.

## **Landfill closure:**

The Town has completed the majority of the work necessary for submission of a hydrogeologic plan to the State. This is part of the requirement for State permitting of a closure plan. With the funds, requested in 1991, we expect to design and receive State approval for a closure plan of the Goffstown Landfill. We shall also continue testing the landfill through our monitoring wells on a schedule that should reduce our costs from previous years yet comply with State requirements.

## **Solid Waste Ordinance:**

The Town's Solid Waste Ordinance has been amended in draft form. This Ordinance will be considered by the Selectmen in early 1991.

## **Recycling Ordinance:**

The Town of Goffstown has a new Recycling Ordinance in effect. This Ordinance was passed in 1990, after public hearing, and should assist us in the future in reducing our end disposal costs for solid waste.

## **Curbside Recycling:**

The Town of Goffstown began a curbside recycling program for single family residential units. The recycling program collects glass, newspaper and aluminum cans. This program is expected to expand to the multi-family units and condominium units that are willing to participate in the program. This challenging program will occur in 1991.

## **Recycling:**

Additionally, scrap metal recycling continued in 1991 and with your assistance, we hope to do more composting and cardboard recycling in the coming year. The Town was successful in receiving a grant for recycling funds from the State of New Hampshire. Goffstown will consider a pilot program for plastics recycling being offered to the area towns. 1991 was the start of our Christmas tree chipping with the mulch available free to Town residents.

**Household Hazardous Waste Collection Day:**

We look forward to holding our third household hazardous waste collection day in 1991. In June, 1990 we held an extremely successful collection day. Some people were turned away but this year will be better than ever.

As the Board of Selectmen, Solid Waste Commission and the Recycling Committee have worked together in 1990, one of our most important goals was to work in a harmonious manner, in the same direction, to resolve Goffstown's future needs in the area of solid waste. We believe we are well on our way to completing this goal.

In 1991, we expect to design and obtain a State permit for a solid waste transfer station/recycling facility. The Town is considering the town owned property known as the Grasmere gravel pit and will review other sites as well. Additionally, we will work to have the State approve a closure plan for the Goffstown landfill. The capacity is rapidly diminishing at the landfill. Due to steep slopes and surrounding water, the landfill closure will be difficult and costly.

In 1992, we expect to present the actual cost of construction and operation of the transfer station with a recycling area for scrap metals, composting and other materials not covered in the curbside recycling program. The system would be functional in mid-1992 allowing us to end the use of the landfill and begin the actual closure.

We thank you for your support and look forward to addressing these issues in 1991-1992.

Vivian Blondeau, Chairman  
Board of Selectmen

Barbara Griffin, Chairman  
Solid Waste Commission

Philip Benoit, Chairman  
Recycling Committee

## **1991 TOWN WARRANT**

To the inhabitants of the Town of Goffstown in the County of Hillsborough, State of New Hampshire, qualified to vote in Town affairs, and to the inhabitants of the School District in the Town of Goffstown, qualified to vote in School District affairs:

You are hereby notified to meet at the Goffstown High School in said Town on Tuesday, the 12th of March, 1991 at seven o'clock in the forenoon, to act on the following subjects:

The polls will open at 7:00 am and close at 7:00 pm at the Central polling place and will open at 7:00 am and close at 7:00 pm in the Fifth District at Bartlett School.

You are hereby notified to meet at the Goffstown High School on Wednesday, March 13, 1991 at 7:00 pm where the business meeting will take place.

None of the articles in the warrant, except those relating to the election of officers and those covering questions on the ballot shall be considered during the time that the polls are open.

### **ARTICLE 1**

To choose all Town officers, trustees, commissioners, and School District officers for the ensuing year.

### **ARTICLE 2**

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article III, Section A and B, by amending the following definitions: Governing Body, Billboards, Dormitories, and adding the following definitions to the Zoning Ordinance: Legislative Body, Daycare Homes, Family Childcare Homes, Family Group Daycare Homes, Group Childcare Centers, Maximum Seating Capacity, Community Wastewater Systems and Municipal Wastewater Systems. (Recommended by the Planning Board) (By Official Ballot)

The above amendments and additions are intended to clarify the intent of those uses and activities listed.

### **ARTICLE 3**

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Replace Article IV, G, 2, Sanitary Protection, with the following: The minimum distance from septic systems and/or leach fields shall be as outlined in the State of New Hampshire Subdivision and Individual Sewage System Design Rules. (Recommended by the Planning Board) (By Official Ballot)

#### **ARTICLE 4**

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Remove Article IV, H, 1 and 2 and replace them with new subsections 1 and 2. The replacements are to the off-street parking requirements by defining the width and length of a parking space (which reduces the length from 20' to 18.5') and also describes the size and amount of handicapped spaces to be included in each site plan proposal.

Also, the Planning Board is attempting to define the parking requirements for uses conducive to Goffstown and to specify the aisle width to improve parking lot safety, circulation and aesthetics. (Recommended by the Planning Board) (By Official Ballot)

#### **ARTICLE 5**

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amending Article V, Section B, 2, c, e, and f. The proposed amendment pertains to the following: Churches and other similar places of worship, Schools and Colleges, Daycare Homes and Family Childcare Homes. (Recommended by the Planning Board) (By Official Ballot)

#### **ARTICLE 6**

Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amending Article V, Section B, 3, b, to replace Nursery Schools with the current State term of "Family Group Daycare Home" and listing four (4) minimum criteria. (Recommended by the Planning Board) (By Official Ballot)

#### **ARTICLE 7**

Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Move Article V, Section B, 3, f (3) to newly added #4 and insert into #3 the following: "that the lot meet all area, height, and setback restrictions in the R-1 and R-2 zoning district". (Recommended by the Planning Board) (By Official Ballot)

#### **ARTICLE 8**

Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amending Article V, Section B, 4 as follows: Adding after "multiple family dwellings", and other permitted uses and uses permitted under special exception. (Recommended by the Planning Board) (By Official Ballot)

## **ARTICLE 9**

Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Add new subsection "i" to Article V, Section C, and amend subsections 2 and 3. The new subsection proposed to add Group Child Care Center to the Agricultural zone as a special exception. The amendments are to define the types of dwelling allowed in the Agricultural zone and to require site plan for the uses indicated under special exception. (Recommended by the Planning Board) (By Official Ballot)

## **ARTICLE 10**

Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Add new subsections E, 3, e, and E, 6, to Article V, Section E, and amend subsection 2. The new subsections proposed to allow Group Child Care Center in the Commercial zone as a special exception and to refer all site plans to the landscape and screening section in the non-residential site plan regulations. The amendment is to add language which would allow anyone proposing a child care facility in their home in a commercial zone may occupy any floor. (Recommended by the Planning Board) (By Official Ballot)

## **ARTICLE 11**

Are you in favor of the adoption of Amendment No. 10 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article V, D, 2, d, remove utility substations from permitted uses, put in Sec. 3, c, and add utility services transmission and reception towers to include setback requirements, safety fences, landscape screens, signs, storage of equipment on site, setback requirements of towers, supports and anchors, parking, certification by Registered Engineer, appropriate State and Federal approvals and Site Plan Review by the Planning Board. (Recommended by the Planning Board) (By Official Ballot)

## **ARTICLE 12**

Are you in favor of the adoption of Amendment No. 11 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Replace Article V, Section F, Subsections 1, 2, 3 and 4 and amend Section 7, Industrial District I, Description and Purpose and Permitted Uses be amended to define the intended use of the Industrial zone. (Recommended by the Planning Board) (By Official Ballot)

## **ARTICLE 13**

Are you in favor of the adoption of Amendment No. 12 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article VI, B, Open Space Development Ordinance be amended in the following areas: Objectives, Definitions, Permitted Density, Permitted Uses, Requirements for Approval of Open Space Developments and Regulations. (Recommended by the Planning Board) (By Official Ballot)

**ARTICLE 14**

Are you in favor of the adoption of Amendment No. 13 as proposed by petition of the voters for this Town:

To see if the Town will vote to change the zoning of the following described parcel of land from the present zoning of Residential-1 and Agricultural to Commercial.

The portion of a parcel of land currently owned by John M. Kilmartin & Son, Inc., located on the northerly side of North Mast Road being the southwesterly portion of Tax Map 7, Lot 71. (Not recommended by Planning Board) (By Official Ballot)

**ARTICLE 15**

To see if the Town will vote to raise and appropriate the sum of Five Hundred Twenty Five Thousand (\$525,000) Dollars for the purpose of financing the relocation, construction and improvements to Henry Bridge Road; said appropriation to be inclusive of State or Federal grants-in-aid;

Such sum is to be raised by the issuance of bonds or notes not to exceed Five Hundred Twenty Five Thousand (\$525,000) Dollars under and in compliance with the provisions of the Municipal Finance Act (N.H. Revised Statutes Annotated Chapter 33) as amended and to authorize the Selectmen to issue and negotiate such bonds or notes, to determine the rate of interest thereon and the mature and other terms thereof, to take such other actions as may be necessary to affect the issuance, negotiation, sale and delivery of such bonds and notes as shall be in the best interest of the Town of Goffstown, to authorize the Selectmen to apply for, accept and expend any funds from the State of New Hampshire, the Federal Government and private sources such as letters of credit as may become available to reduce the amount to be raised by the issuance of bonds or notes by the amount of such grants-in-aid and to take any other action relating thereto. (Recommended by Budget Committee)

( $\frac{2}{3}$  Majority Vote Required)

**ARTICLE 16**

To see if the Town will vote to raise and appropriate the sum of Eight Thousand Dollars (\$8,000) for the purpose of interest payments related to financing the Henry Bridge Road Project. (Recommended by Budget Committee)

## ARTICLE 17

To see if the Town will vote to raise and appropriate the sum of One Hundred Sixty Eight Thousand Dollars (\$168,000) to purchase a fire truck and authorize a withdrawal of Eighty Thousand Dollars (\$80,000) and any accrued interest from the capital reserve fund created for that purpose, the balance of Eighty Eight Thousand Dollars (\$88,000) to come from taxation. (Recommended by Budget Committee)

## ARTICLE 18

To see if the Town will vote to raise and appropriate the sum of Ten Thousand, One Hundred Fifty Four Dollars (\$10,154) to purchase a front door for the Library and to authorize the withdrawal of Five Thousand, One Hundred Fifty Four (\$5,154) and any accrued interest from the capital reserve fund established for that purpose, the balance of Five Thousand Dollars (\$5,000) to come from taxation. (Recommended by Budget Committee)

## ARTICLE 19

To see if the Town will vote to raise and appropriate the sum of Three Thousand Two Hundred Dollars (\$3,200) for the Grasmere Grange Hall Renovation Project. This would cover the cost of a boundary survey of the Grasmere Grange Hall property, owned by the Town of Goffstown, identified as tax map 28, lot 28. (Proposed by the Goffstown Historic District Commission and the Grasmere Grange Hall Committee.) (by petition) (Recommended by Budget Committee)

## ARTICLE 20

To see if the Town will vote to raise and appropriate the budget appropriated by the Budget Committee in the amount of Eight Million, Eight Hundred Five Thousand, Forty-Six Dollars (\$8,805,046).

Note: This budget will be predicated by estimated revenues in the amount of Four Million, Seven Hundred Twelve Thousand, Seven Hundred Forty-Three Dollars (\$4,712,743) and will relate an estimated amount to be raised by taxes of Four Million, Ninety-Two thousand, Three Hundred Three Dollars (\$4,092,303). (County Tax and School District Commitment not included.)

## ARTICLE 21

To see if the Town will vote to discontinue that portion of the unimproved road known as **Fern Street**, from Moreau Street running Northwesterly for a distance of approximately 233 ft. (Two Hundred Thirty Three Feet) up to the Easterly boundary of Lot #18-64, subject to the reservation in the Town of the existing sewer, drain, water pipe, electrical, telephone, and any other utility easements for the installation, repair and maintenance thereof, as recommended by the Paper Roads Committee and shown on Goffstown Tax Map #17 and pursuant to NH RSA 231:43 and 231:46.

## **ARTICLE 22**

To see if the Town will vote to discontinue that portion of the unimproved road known as **Montreal Street**, from Roosevelt Street running Northerly for a distance of Approximately 286 ft. (Two Hundred Eighty Six Feet) up to the Southerly boundary of Lot #15-154, subject to the reservation in the Town of the existing sewer, drain, water pipe, electrical, telephone, and any other utility easements for the installation, repair and maintenance thereof, as recommended by the Paper Roads Committee as shown on Goffstown Tax Map 15 and pursuant to NH RSA 231:43 and 231:46.

## **ARTICLE 23**

To see if the Town of Goffstown will vote to return Goffstown to a ballot which indicates the political party affiliation of each of the candidates for public office. (By petition) (Partisan Official Ballot System — RSA 669:12)

## **ARTICLE 24**

To see if the Town will vote to authorize the Selectmen to apply for, receive, and expend money from any other governmental units or private sources to be used for purposes for which the Town may legally appropriate money, provided (1) that such grants and other monies do not require the expenditure of other Town funds; (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32, relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.

## **ARTICLE 25**

To see if the Town will vote to authorize the Selectmen to borrow from time to time such sums of money in anticipation of taxes as needed to meet the necessary running expenses of the Town.

## **ARTICLE 26**

To see if the Town will vote to establish a Solid Waste Commission of which 7 members shall be elected for one year by the official ballot in March 1992 and 4 members shall be appointed annually by the Board of Selectmen to serve as an advisory commission to the Board of Selectmen on matters of solid waste and recycling.

The proposed Solid Waste Commission shall form its own bylaws.

## **ARTICLE 27**

To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deed, purchase, prescription or gift.

**ARTICLE 28**

To see if the Town will vote to authorize the Board of Selectmen to accept the dedication of any street shown on a subdivision plan approved by the Planning Board, provided that such street has been constructed to applicable Town specifications as determined by the Board of Selectmen or their agent.

**ARTICLE 29**

To hear the reports of Town Officers, Auditors and Committees and to pass any vote relating thereto.

**ARTICLE 30**

To transact any business that may legally come before said meeting.

Given under our Hands and Seal this      day of February 1991.

VIVIAN BLONDEAU  
ALBERT LACHANCE  
PAUL SMITH

# **MINUTES 1990 TOWN MEETING MARCH 14, 1990**

The 1990 Goffstown Town Meeting opened at 7:25 PM at the Goffstown High School with John Sarette leading the Pledge of Allegiance to the flag. There were 407 people present.

Moderator Rodney Stark introduced Selectman Robert Wheeler, John C. Sarette, and Vivian Blondeau. He also introduced Selectman elect Alfred Lachance and Bernard Tetrault, Michael Parda Administrative Assistant, Gini Barss Town Accountant, Gossett McRae Assistant Moderator, Marie Boyle Executive Secretary, Marlene Gamans Town Clerk, and Paul Smith, Selectman elect and Budget Chairman and members of the Budget Committee.

Moderator Stark stated that the tie vote for the office of selectman would be broken at 10:00 AM on Thursday, March 15, 1990 in the Town Clerk's office. Mr. Lachance and Mr. Tetrault each tallied 850 votes on election day. Moderator Stark stated that with 9365 registered voters only 2133 people voted, and that this is a disappointing average of only 22% of the voters that turned out.

The second annual "Volunteer of the year" award was presented to Carl Bickford by David French and his committee. Moderator introduced Diane Ryan, who designed the cover for the annual report this year. Diane also played a big part in the design of the renovations of the Town Hall. Diane then presented the Selectman with a large framed poster of the cover of the town report. Selectman presented flowers to Diane for a job well done.

Moderator Stark stated that meeting would close at 10:00 PM and would resume at 1:00 PM on Saturday, March 17, 1990. The moderator then read the rules of the meeting.

It was moved and seconded that we dispense with the reading of the warrant and that we take the articles one at a time. Seconded and passed.

## **ARTICLE 1**

To choose all Town officers, trustees, commissioners, and School District officers for the ensuing years, including one member of the Board of Selectmen for three (3) years and one member of the Board of Selectmen for one (1) year.

All town officers were elected on March 13, 1990 except the office of Cemetery Trustee. Frances Buckley was nominated and elected to the position for a three year period.

## **ARTICLE 2**

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town zoning ordinance as follows:

To change Article IV — General Provisions, Section C, 2,c by deleting the words “six months” and adding “one year” so that the new section will read, “(c) If any such non-conforming use of land ceases for any reason for a period of one year, any subsequent use of the land shall conform to the regulations specified by this ordinance for the district in which such land is located,” (Recommended by the Planning Board) (By official ballot)

YES—1348      NO—485      Article passed

## **ARTICLE 3**

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the town zoning ordinance as follows:

To change Article IV — General provisions, Section C, 9 by deleting the words “six months” so that the new section will read, “9. Abandonment of a non-conforming use for one year shall extinguish it”. (Recommended by the Planning Board) (By official ballot)

YES—1306      NO—502      Article passed

## **ARTICLE 4**

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town zoning ordinance as follows:

To change Article V — District Regulations, Section B, 4, by adding a new paragraph to read: “j. Minimum lot frontage — shall be half the required lot width.” (Recommended by the Planning Board) (By official ballot)

YES—1132      NO—663      Article passed

## **ARTICLE 5**

Are you in favor of Amendment No. 4 as proposed by the Planning Board for the Town zoning ordinance as follows:

To change Article V — District Regulations, Section B, 5, by adding a new paragraph to read: “k. Minimum lot frontage — shall be half the required lot width”. (Recommended by the Planning Board) (By official ballot)

YES—1134      NO—669      Article passed

## **ARTICLE 6**

Are you in favor of Amendment No. 5 as proposed by the Planning Board for the town zoning ordinance as follows:

To change Article V — District Regulations, Section C, 4 by adding a new paragraph to read: “i. Minimum lot frontage — shall be half the required lot width.” (Recommended by the Planning Board) (By official ballot)

YES—1113      NO—669      Article passed

## **ARTICLE 7**

Are you in favor of Amendment No. 6 as proposed by the Planning Board for the Town zoning ordinance as follows:

To change Article V — District Regulations, Section C, 4, a, by deleting the words “dwelling unit” and adding “dwelling” so that the new section will read: “a. Minimum lot area per two-family dwelling — 3 acres.” (Recommended by the Planning Board) (By official ballot)

YES—1337      NO—467      Article passed

## **ARTICLE 8**

Are you in favor of Amendment No. 7 as proposed by the Planning Board for the Town zoning ordinance as follows:

To change Article V — District Regulations, Section E, 4 by adding a new sentence to read: “f. Maximum coverage of lot by buildings — 25%”. (Recommended by the Planning Board) (By official ballot)

YES—1207      NO—541      Article passed

## **ARTICLE 9**

Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the Town zoning ordinance as follows:

To change Article IV — General Provisions, Section H, 1 by adding a new paragraph to read: “g. Automobile sales and services, repair garages and service stations. One space per 200 gross square feet with a required minimum of 5 spaces.” (Recommended by the Planning Board) (By official ballot)

YES—1340      NO—438      Article passed

## **ARTICLE 10**

Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the Town zoning ordinance as follows:

To remove Article VII — Enforcement and Administration, Section A, 9, 1 and replace it with RSA 676:17 Fines and Penalties (Copies of RSA on file at Town Clerk and Selectmen’s Offices). (Recommended by the Planning Board) (By official ballot)

YES—1217      NO—447      Article passed

## **ARTICLE 11**

Are you in favor of the adoption of Amendment No. 10 as proposed by petition of voters for this Town:

To have the zoning of Map 18 Lot 32 changed from Residential (R2) to Commercial. The above mentioned property abuts Map 18, Lot 30 which is presently zoned and located in a commercial area. (Recommended by the Planning Board) (By official ballot)

YES—1140      NO—603      Article passed

## **ARTICLE 12**

Are you in favor of the adoption of Amendment No. 11 as proposed by petition of voters for this Town:

To see if the Town will vote to change Map 34, Lot 43A from a zoning of Residential (R1) to Commercial (C). This lot is located at 14 Pleasant Street and has been used for more than thirty years as an auto repair facility. (Recommended by the Planning Board) (By official ballot)

YES—1239      NO—568      Article passed

## **ARTICLE 13**

Are you in favor of the adoption of Amendment No. 12 as proposed by petition of voters for this Town:

To see if the Town will vote to change Map 5, Lot 85 from a zoning of Agricultural (A1) to Residential (R1). Property is located on left side of Wallace Road, across from Orchard Highlands Condominium and next to Residential (R1) zoning and would only be a continuation. (Recommended by the Planning Board) (By official ballot)

YES—1172      NO—609      Article passed

## **ARTICLE 14**

Are you in favor of the adoption of Amendment No. 13 as proposed by petition of voters for this Town:

To see if the Town will vote to amend the Zoning Ordinance as follows: Article III, Page 7, currently reads — “Church — A building and/or other structures used principally by a body or organization of religious believers to regularly assemble for worship.” At the end of the sentence add the words — “and/or ministry”. (Not recommended by the Planning Board) (By official ballot)

YES—490      NO—1302      Article defeated

## **ARTICLE 15**

Are you in favor of the adoption of Amendment No. 14 as proposed by petition of voters for this Town:

To see if the town will vote to change zoning of Map 3 Lot 64 from an Industrial zone to Residential (R1) zone. The land is located off the Goffstown Back Road and abuts land owned by WKBR and the Piscataguog River. (Not recommended by the Planning Board) (By official ballot)

YES—596      NO—1207      Article defeated

## ARTICLE 16

Are you in favor of the adoption of Amendment No. 15 as proposed by petition of voters for this Town:

To see if the Town will vote to change the zoning of Map 17, Lot 55, located on Mast Road in Pinardville, from Residential to Commercial (C). (Not recommended by the Planning Board) (By official ballot)

YES—393 NO—1405 Article defeated

## ARTICLE 17

Are you in favor of the adoption of Amendment No. 16 as proposed by petition of voters for this Town:

To see if the Town will vote to amend the Zoning Ordinance as follows: Article IV — General Provisions: Add to sub-chapter “F”: “Sign Regulations”: Section 2. General provisions: Add Sub-section 11. “Portable signs: Portable signs shall be allowed for rental on commercially zoned lots for informational and sales use. Owners of such signs shall pay an annual fee of \$100.00 per sign to the Town of Goffstown, payable to the Building/Zoning Official's office. Enforcement and penalty of violators of this chapter shall be subject to the provisions stated elsewhere within this ordinance.” (Not recommended by the Planning Board) (By official ballot)

YES—385 NO—1392 Article defeated

## ARTICLE 18

Are you in favor of the adoption of Amendment No. 17 as proposed by petition of voters for this Town:

To see if the Town will vote to amend the Zoning Ordinance as follows: Article V — District Regulations: change sub-chapter “F”: Industrial District — “I” Paragraph 4 — Prohibited Uses: Section b-(2): To be the following: Garbage, offal, or dead animal reduction or dumping, ash dumps and trash to energy incinerators, excluding any ash dumps, incinerators, sewerage treatment or disposal plants that are owned and operated by the Town of Goffstown. Enforcement and penalty of violators of this chapter shall be subject to the provisions stated elsewhere within this ordinance. (Recommended by the Planning Board) (By official ballot)

YES—1294 NO—487 Article passed

## ARTICLE 19

Are you in favor of the adoption of Amendment No. 18 as proposed by petition of voters for this town:

To see if the Town will vote to amend the Zoning Ordinance as follows: Article V — District Regulations: Add to Sub-Chapter “F”: Industrial District — “I”: Paragraph 5 — Add Sub-Section f., Maximum allowable height or span for a vertical or horizontal smoke stack — 50 feet. (Not recommended by the Planning Board) (By official ballot)

YES—504 NO—1254 Article defeated

## **ARTICLE 20**

Are you in favor of the adoption of Amendment No. 19 as proposed by petition of voters for this Town:

To see if the Town will vote to change Map 5, Lot 49-1 from Industrial to Commercial. This parcel comprises of 13.8 acres directly across from Kelly's Kars, Riley's and the Animal Rescue League. Parcel was formerly owned by Roy and is the Realtek Estate parcel next to the Roy Farmhouse. Land was previously Commercial, but had expired. (Recommended by the Planning Board) (By official ballot)

YES—1326      NO—495      Article passed

## **ARTICLE 21**

Are you in favor of the adoption of amendment No. 20 as proposed by petition of voters for this Town:

To see if the Town will vote to change map 23, Lot 1 from Residential to Commercial. This parcel comprises of one lot with 2.29 - 2.78 acres at the intersection of Route 114 and Route 114A Mast Road. (Right hand side heading toward Goffstown - Jarosz residence). (Not recommended by the Planning Board) (By official ballot)

YES—406      NO—1388      Article defeated

## **ARTICLE 22**

Are you in favor of the adoption of Amendment No. 21 as proposed by the petition of voters for this Town:

To see if the Town will vote to amend the Zoning Ordinance by adding to Article IV, Section L as follows: "No increase in present incineration or incinerators shall be allowed within town limits." (Not recommended by the Planning Board) (By official ballot)

YES—731      NO—1081      Article defeated

## **ARTICLE 23**

Are you in favor of the adoption of Amendment No. 22 as proposed by the petition of voters for this Town:

To see if the Town will vote to change Map 4, Lot 63 from a zoning of Residential to Agricultural. The Schricker Farm at 200 New Boston Road. (Recommended by the Planning Board) (By official ballot)

YES—1417      NO—418      Article passed

## **ARTICLE 24**

To see if the Town will vote to raise and appropriate the sum of Two Million One Hundred Thousand (\$2,100,000) Dollars for the purpose of financing Goffstown's share of Manchester's Wastewater Treatment Plant expansion and renovation and to purchase additional sewerage capacity of 800,000 gpd. Monies to be raised through issuance of bonds or notes by the town

under and in compliance with the Municipal Finance Act, RSA 33, as amended, the Selectmen being authorized to issue and negotiate such bonds or notes and to determine the rate of interest thereon, the maturity and the other terms and provisions thereof as may be in the best interests of the Town. (Recommended by the Budget Committee)

Moderator Stark stated since this is a bond issue, voting will be on a paper ballot, polls to be open one hour after discussion ends, and a  $\frac{2}{3}$  vote is required to pass this article. Alfred Greene presented an amendment to this article, which read, "Before implementation of the above is allowed the Board of Selectmen is charged with the responsibility of fully determining with professional engineering assistance whether it is more economically feasible in the long run to go the route of independent sewage treatment and how at this point it might be legally accomplished." Mr. Green spoke to the article. Mr. Green stated that he did not oppose the article but felt the town should look into our own sewage plant. Mr. Green felt that there was not sufficient investigation by the selectmen to have our own treatment plant. Arthur Rose, Sewer Commisisoner stated that the town was mandated by the Supreme Court to join with Manchester. Also, when Hoyle Tanner worked out the plan, federal funds were available if we joined with Manchester, and there would not be any federal funds if the Town of Goffstown had a sewage plant alone. If we were to have a plant alone, we would have to start all over again. We would have to buy at least 100 acres plus put in another interceptor. We would be back to square one. It was stated that if you were not connected to the sewer line, there would not be any charge. Only users will be charged for this to pay for the bond, Federal law states this. If the sewer line comes within 100 feet of your property, the owner of property must hook up to the sewer line.

A motion to stop debate on the amendment was made and seconded. A vote on the amendment was taken. Voted to stop discussion on the amendment. Passed. A motion was made and seconded that we vote on Article 24.

Article 24 (Paper Ballot) YES—334 NO—46 Article passed

### **ARTICLE 25**

Shall a Charter Commission be established for the purpose of revising the municipal charter or establishing a new municipal charter?

Vivian Blondeau moved the article and also spoke in favor of this article. Vote taken by paper ballot.

YES—284 NO—29 Article passed

### **ARTICLE 26**

To see if the Town will vote to raise and appropriate the sum of Nine Thousand One Hundred (\$9,100.00) Dollars towards the purchase of ballot counting machines. (Recommended by the Budget Committee)

Robert Wheeler spoke to the article. He stated that it would be more cost effective to tally votes with these machines. No discussion.

Article 26 Passed.

## **ARTICLE 27**

To see if the Town will vote to raise and appropriate the sum of Eighty Thousand (\$80,000.00) Dollars to be placed in a Capital Reserve fund toward the purchase of a new Fire Truck to replace Engine 6. (Recommended by the Budget Committee)

Robert Wheeler spoke to the motion. This money is half the amount that is needed to purchase a new fire truck. The cost is divided into half so that it would help ease the tax burden by saving the money over a two year period. No discussion.

Article 27 Passed.

## **ARTICLE 28**

To see if the Town will vote to raise and appropriate the sum of Five Thousand One Hundred Fifty-Four (\$5,154.00) Dollars to be placed in a Capital Reserve fund towards the reconstruction of the front entry of the Goffstown Public Library. (Recommended by the Budget Committee)

Vivan Blondeau spoke to the article. This money is to be used to bring the library building up to safety code, and the reconstruction would help with heat loss. This money to be put in CIP long range planning fund.

Article 28 Passed.

A petition was presented to the moderator which read "We, the undersigned voters petition the Moderator to hear Article 31 before Article 30. (If article is approved) This was signed by five people.

Petition defeated.

A motion was made to suspend the meeting until Sat., March 17, 1990 at 1:00 PM. Motion passed.

The Town Meeting resumed on March 17, 1990 at 1:25 PM with 244 people in attendance.

A petition to discuss article 41 and 42 first today was defeated.

## **ARTICLE 29**

To see if the Town will vote to raise and appropriate the sum of Forty Six Thousand Eight Hundred Fifty-Five (\$46,855) Dollars to perform hydro-geological studies of the Grasmere town-owned gravel pit on the Goffstown Back Road to determine its feasibility as a demolition dump. (Recommended by the Budget Committee)

Philip D'Avanza spoke to the article. The question was raised as to why the town is considering this gravel pit for a demolition dump when this area is near the river. It was suggested that we take the time to come up with a plan that we are all comfortable with and that we look into other sites that might be more suitable for a demolition dump, before we vote to spend this kind of money. A motion to end debate was made. Motion to end debate passed.

A motion to vote article 29 was made. Article 29 defeated.

### **ARTICLE 30**

To see if the Town will vote to raise and appropriate the sum of Sixty Six Thousand Eight Hundred Fifty-Five (\$66,855) Dollars to be used to pay for engineering studies and tests to be performed at the Grasmere town owned gravel pit to determine its suitability as a site for a construction and demolition debris dump and a double lined municipal solid waste landfill. If this site is found to be unacceptable, the appropriated sums remaining will be used to begin the same tests at another potential landfill site to be identified within the town. (By petition) (Not recommended by the Budget Committee)

Since article 30 was to perform one more study than article 29, a motion to vote was made. Article 30 defeated.

A motion to reconsider article 30 was made. Motion defeated.

### **ARTICLE 31**

To see if the Town will vote to raise and appropriate the sum of Twenty Thousand (\$20,000) Dollars to be used to pay for engineering studies and tests to determine if the town owned Grasmere Gravel Pit Site is suitable for a double lined landfill. If the site is determined not to be acceptable for a double lined landfill, the funds are to be used to perform engineering testing to determine the suitability of another potential landfill site to be identified within the town. (By petition) (Recommended by the Budget Committee)

Article 31 Dismissed.

### **ARTICLE 32**

To see if the Town will vote to raise and appropriate the sum of One Hundred Forty Thousand (\$140,000) Dollars to cover the costs of recycling throughout the Town. (Recommended by the Budget Committee)

Robert Wheeler spoke to the article. He explained the recycling process and spoke in favor of it. Robert Draper also gave a brief history of the recycling program which started in 1989 with several pilot areas in the town. It was stated that since recycling costs more, it would behoove residents to recycle to help earn revenue to help with the costs.

A motion was made to end debate. Motion to end debate passed. A motion to vote on article 32 was made.

Article 32 Passed.

### **ARTICLE 33**

To see if the Town will vote to make recycling mandatory throughout the Town of Goffstown, commencing with the onset of Town-wide recycling.

Robert Wheeler spoke to the article. He stated that mandatory recycling would be more effective than volunteer recycling. Mandatory recycling to begin in June or July of this year. A motion to vote on article 33 was made.

Article 33 Passed.

At this time, flowers were presented to Jean Wheeler and Sara Ann Sarette in appreciation for sharing their husbands with the town for all the years that Bob and John served the town.

### **ARTICLE 34**

To see if the Town will vote to adopt the following: That the Town of Goffstown cares about the environment, and wanting to do whatever is needed to protect the beauty and well being of the Town of Goffstown, and recognizing the fact that re-cycling of waste articles is a better way of handling our solid waste problems than has been done in the past, the voters hereby agree that recycling be made mandatory in the Town of Goffstown, and that this said recycling effort be commenced as soon as it is financially and lawfully able to be done, but not later than Fiscal Year 1993. (By petition)

Article 34 dismissed.

### **ARTICLE 35**

To see if the Town will vote to raise and appropriate a sum not to exceed \$10,000 to engage an architectural firm to prepare preliminary architectural and engineering plans and specifications and a cost estimate for renovations to the Grasmere Grange hall. The purpose of this renovation would be to bring the building up to present codes and handicapped accessibility. (By petition) (Not recommended by the Budget Committee)

Teri August spoke to the article. Dee Little stated that the money raised would be used to have a study done on the building to see what is needed to bring the building up to safety code, and also make the building handicap accessible. As of now, the building is in need of much repair. A motion to end discussion was made.

Article 35 passed.

### **ARTICLE 36**

To see if the Town will vote to raise and appropriate the sum of Two Thousand and 00/100 dollars to be used to pay expenses, including but not necessarily limited to labor incurred by the highway department in curbside pick-up of leaves and yard waste. (By petition) (Not recommended by the Budget Committee)

Robert Wheeler made the motion to dismiss this article. He stated that money was already in the highway budget for this, so there was no need to set aside more funds. The motion to dismissed passed.

Article 36 dismissed.

### **ARTICLE 37**

To see if the Town will vote to raise and appropriate the sum of Six Thousand (\$6,000) dollars to provide maintenance and repair items to the Grasmere Grange Hall in order to allow the continued use of the building. These items include fire extinguishers, illuminated exit signs, panic hardware for exit doors, emergency lighting, updated electrical service entrance and other similar items. (By petition) (Not recommended by Budget Committee)

Article 37 dismissed.

### **ARTICLE 38**

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Four Hundred (\$10,400) Dollars to fund Contracted Services for a Recycling Coordinator. (Recommended by the Budget Committee)

Article 38 passed.

### **ARTICLE 39**

To see if the Town will vote to raise and appropriate the sum of One Thousand (\$1,000) Dollars to support secretarial and administrative fees for the Solid Waste Commission. (Recommended by the Budget Committee)

Article 39 Passed.

At this time, Peter Jenkins made the motion to reconsider article 29. Peter was not eligible to make the motion as he had voted in favor of the article. Fred Plett then made the motion to reconsider article 29. Motion was seconded. The motion to reconsider the article was brought up as it was felt that not enough information was given when the article was discussed. If this article passed it was felt that a demolition dump would give more life to the landfill. A motion was made to stop debate. Motion to stop debate passed. Motion to reconsider article 29 was made. Motion to reconsider article 29. Defeated.

### **ARTICLE 40**

To see if the Town will vote to raise and appropriate the budget appropriated by the Budget Committee in the amount of Nine Million, One Hundred Eighteen Thousand, Five Hundred Forty-One (\$9,118,541) Dollars.

Note: This budget will be predicted by estimated revenues in the amount of Four Million, Nine Hundred Seventeen Thousand, One Hundred (\$4,917,100.00) Dollars and will relate an estimated amount to be raised by taxes of Four Million, Two Hundred One Thousand, Four Hundred Forty-One (\$4,201,441.00) Dollars. (County Tax and School District Commitment not included).

(Recommended by the Budget Committee).

The budget figure of Nine Million, One Hundred Eighteen Thousand, Five Hundred Forty-One (\$9,118,541.00) Dollars was presented. After deducting Forty-Six Thousand, Eight Hundred Fifty-Five (\$46,855.00) Dollars and Twenty Thousand (\$20,000.00) Dollars which were the budget figures for articles 29 and 31 which were defeated, and Ninety Thousand (\$90,000.00) Dollars for an insurance rebate, then adding Ten Thousand (\$10,000.00) Dollars for article 35 which was passed, the final figure of Eight Million, Nine Hundred Seventy-One Thousand, Six Hundred Eighty-Six (\$8,971,686.00) Dollars was presented.

No discussion

Article 40 Passed as revised.

#### **ARTICLE 41**

For the safety of the citizens and particularly the children of Goffstown, we as registered voters in the Town of Goffstown do request that included in the town budget for this year is funding for a Walk light to be installed on Mast Road at the intersection of Wallace Road and that the elected officials take necessary action to ensure the installation. (By petition)

Sara Stanhope spoke to the article. She stated that this intersection was a very busy one, and that there have been several bad accidents in this area. Fred Plett stated that the Planning Board had just received two copies of a \$30,000.00 Corridor study of Mast Rd. from Greer Rd. to the Library. He also said that the study would be discussed at the March 28 Planning Board meeting. Then, there will be public hearings. Town Counsel advised that since there was not any money mentioned, the articles could only send a message to the people.

Article 41 defeated.

#### **ARTICLE 42**

For the safety of the citizens and particularly the children of Goffstown, we as registered voters in the Town of Goffstown do request that included in the town budget for this year is funding for a Walk light to be installed on Mast Road at the entrance of Barnard Park and that the elected officials take necessary action to ensure the installation. (By petition)

Article 42 dismissed.

#### **ARTICLE 43**

To see if the Town will vote to see if Goffstown's moneys shall not be spent for legal fees to oppose policies voted for by the Goffstown electorate. (By petition)

After a discussion period, it was felt that legal counsel was needed to be available to the elected officials of the Town of Goffstown.

Article 43 defeated.

#### **ARTICLE 44**

To see if the Town will vote to see if Goffstown's solid waste shall not be incinerated and no incinerator ash shall be allowed in. (By petition)

Article 44 dismissed.

#### **ARTICLE 45**

To see if the Town will vote as follows: This ordinance prohibits payment of the annual dues scheduled for June 1990 to the Tri-County Solid Waste Management District from which Goffstown voted to withdraw its membership at the September and November 1989 Special Town Meetings. (By petition)

After much discussion about paying our dues to Tri-County, Robert Wheeler said that we are still obligated to pay the dues and that if the town did not pay the DRA would insert the fee into our budget. A motion to end debate was made. Motion to end debate passed.

Vote on Article 45 Article defeated.

#### **ARTICLE 46**

Shall we adopt the provisions of RSA 72:28, V and VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veterans' exemption is \$100, rather than \$50. (By paper ballot)

YES—128 NO—28 Article passed.

#### **ARTICLE 47**

Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400, rather than \$700. (By paper ballot)

YES—127 NO—28 Article passed.

#### **ARTICLE 48**

To see if the Town will vote to adopt N.H. RSA 261:157A to waive the fee to be charged for a permit to register one (1) motor vehicle owned by any person who was captured and incarcerated for thirty (30) days or more while serving in a qualifying war or armed conflict as defined in RSA 72:28 IV, and who was honorably discharged; provided the person has provided the Town Clerk with satisfactory proof of these circumstances.

Article passed

#### **ARTICLE 49**

To see if the Town of Goffstown will vote to authorize the Board of Selectmen to execute any and all necessary documents with various abutters along Tibbetts Hill Road, Center Street and Lauren Lane, and to take such other action as may be appropriate, in order for the Town to acquire certain temporary construction easements, permanent rights of way, and drainage easements necessary to complete construction of road and related improvements designed for access to the new Tibbetts Hill Middle School; any money necessary to acquire such easements having been raised and appropriated by vote of the Goffstown School District in March, 1989.

Jim Turbyne presented an amendment to article 49 which read "Such action shall not be taken until a satisfactory cost analysis shall be done by the developer on proposal 1 and proposal 2 as presented to the planning board. Further, having this cost analysis, the selectmen shall determine what action is in the best long range of interests of the town." Jim also spoke to the amendment.

There were two Proposals put forth for improving Tibbetts Hill Rd. in conjunction with the new school building program. Proposal 1 was to repave the present Tibbetts Hill Rd. and do some widening—Also removal of the hump on Center St.

Proposal 2 entailed moving Tibbetts Hill Rd. behind the Georgantas house and building a new intersection. Many people involved preferred Proposal 2, but its higher cost made it prohibitive and it was finally decided to go with Proposal 1.

Mr. Turbyne's amendment would make it mandatory for the School Building Committee to revisit the two alternatives and consider which would be the best in the long run, and report back to the Board of Selectmen with their findings.

Motion to vote on the amendment was made. Motion passed.

Motion to vote on article 49 Article 49 passed.

### **ARTICLE 50**

To see if the Town of Goffstown will vote to authorize the Board of Selectmen to take by eminent domain proceedings such properties located along Tibbetts Hill Road, Center Street, and Lauren Lane as may be necessary for the public purpose of making certain improvements to said roads in order to provide access to the new Tibbetts Hill Middle School, the money necessary for all damages assessed in connection therewith having been raised and appropriated by vote of the Goffstown School District in March, 1989.

Jim Turbyne presented an amendment to article 50. The amendment was the same at Article 49. Discussion on article 49 and 50 were the same. Motion to vote on the amendment to article 50 was made. Motion passed.

Motion to vote on article 50 made. Article 50 passed.

### **ARTICLE 51**

To see if the Town will vote to authorize the Selectmen to apply for, receive and expend money from any other governmental units or private sources to be used for purposes for which the Town may legally appropriate money, provided (1) that such grants and other monies do not require the expenditure of other Town funds; (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32, relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.

Article 51 Passed

### **ARTICLE 52**

To see if the Town will vote to authorize the Selectmen to borrow from time to time such sums of money in anticipation of taxes as needed to meet the necessary running expenses of the Town.

Article 52 Passed

### **ARTICLE 53**

To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deed, purchase, prescription or gift.

Robert Wheeler spoke to the article. This language is added because of a particular difficulty we had in the transaction from the town. Basically when the Selectmen conveyed this piece of property we conveyed it with a reversionary interest. It said that if the land is no longer to be used for educational purposes, it must revert back to the town. The School Board wants to trade land for land because there's an abutting property who's land they need— They want to be able to offer a land trade and in order for them to do that, we have to relieve the reversionary right we hold. No Discussion.

Article 53 Passed

### **ARTICLE 54**

To see if the Town will vote to designate and proclaim April 22, 1990, as Earth Day 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment". (By petition)

Article 54 Passed

### **ARTICLE 55**

To hear the reports of Town Officers, Auditors and Committees and to pass any vote relating thereto.

Fred Plett moved to accept all reports as printed in the town report.

Article 55 Passed.

### **ARTICLE 56**

To transact any business that may legally come before said meeting.

Motion to adjourn at 6:20 PM.

Submitted by

Marlene M. Gamans, Goffstown Town Clerk

Marie Boyle, Deputy Town Clerk

Attest

The Accompanying Notes to the Financial Statements are an Integral Part of This Report.

## **MANAGEMENT LETTER**

Board of Selectmen  
Town of Goffstown, New Hampshire:

As part of my examination of the financial statements of the Town of Goffstown, New Hampshire for the year ended December 31, 1989, I made a study and evaluation of the Town's system of internal control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of other auditing procedures that are necessary for the expression of an opinion on the financial statements, and to assist me in planning and performing my examination of the financial statements.

My examination of the financial statements made in accordance with generally accepted auditing standards, including the study and evaluation of the Town's system of internal accounting controls for the year ended December 31, 1989, would not necessarily disclose all weaknesses in the system because it was based upon selected tests of the accounting records and related data. Accordingly, I do not express an opinion on the Town's system of internal control taken as a whole. However, such study disclosed the following weaknesses, upon which I am presenting my comments and recommendations for your consideration.

### **PROCEDURES MANUALS**

The Town should continue in its efforts to complete the creation of procedures manuals for all departments.

### **SEWER FUND AND CAPITAL PROJECTS FUND**

The Town should maintain a current general ledger record of activity in these funds, reconciling accounts in a manner similar to the procedures used in the General Fund.

### **MOOSE CLUB PARK GRANT**

Under the terms of the grant, Low Income participants would be allowed refunds of unused funds remaining after completion of the project. I was unable to ascertain the criteria used to determine those individuals who received refunds during 1989. Available information indicated that all 1989 refund recipients were classified as Moderate Income.

### **ABATEMENTS**

The Town should establish written criteria for determining taxpayers who qualify for hardship abatements. I was unable to document any verification of income procedure for hardship abatements granted in 1989. The Town may wish to encourage the use of Elderly Tax Liens instead of granting abatements.

## **PAYROLL**

The Town should formalize and standardize its payroll reporting system. Currently, different departments use different reporting methods to verify and approve payroll for town employees. These records are not always clear and do not provide a basis for verification. A uniform method of computing and reporting payroll should be adopted.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance of the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements.

Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate due to changes in conditions, and the degree of compliance with the procedures may deteriorate.

It should be noted that this letter is intended to criticize only the system of integral accounting control, and is not directed at any individual or group of individuals.

Very truly yours,  
Patrick J. Kelly

## SELECTMEN'S REPLY TO MANAGEMENT LETTER

Patrick J. Kelly, CPA  
713 Chestnut Street  
Manchester, New Hampshire 03104

Dear Mr. Kelly:

We appreciate your thorough examination of our financial records and welcome your suggestions for improving our records and procedures. After reviewing your comments and recommendations of our accounting system for 1989, we offer the following:

**PROCEDURE MANUALS** — Each department has completed writing their manuals and they are now on our computer data base providing instructions for people covering while an employee is absent from their department. The State manual has also been completed and training sessions have been scheduled for the Spring of 1991.

**SEWER FUND & CAPITAL PROJECTS FUND** — As of January 1991 the Sewer Funds were setup on our computer system to facilitate financial reporting and budget processing.

**MOOSECLUB PARK GRANT** — The information available showed that there were no low income participants; therefore, refunds were made to the moderate income participants.

**ABATEMENTS** — The Board of Selectmen, with the assistance of the Assessing Department, have drafted criteria for hardship abatements. They are also in the process of writing procedures for liens.

**PAYROLL** — The process of standardizing the payroll reporting system is being addressed and by the middle of 1991 a better system will be implemented.

**CONCLUSION** — The Board of Selectmen will continue to update and implement appropriate accounting procedures to safeguard public funds. Once again, we thank you for your efforts to assist us in this endeavor.

Sincerely,  
Vivian Blondeau, Chairman  
Board of Selectmen

## ZONING BOARD OF ADJUSTMENT

The Board of Adjustment, after public hearing and notices, has the authority and responsibility to hear and decide appeals from decisions made by administrative officials in the enforcement of the Zoning Ordinance, authorize variances and make special exceptions in accordance with provisions of the Zoning Ordinance and applicable state laws.

Regularly scheduled hearings are held on the first Tuesday of each month at 7:30 p.m. at the Town Hall. In addition, special public hearings and meetings are held as required. Notices of hearings are posted in the Town Hall and advertised in the Goffstown News. Applicants and abutters are notified by registered mail. All hearings and meetings are public, everyone is invited to attend.

Claire Girard whose outstanding service as secretary to this board is sincerely appreciated and deeply missed.

It is with sadness and a sense of loss that we note the passing of Paul Bartel who was the Vice-Chairman of this board. We shall remember his dedicated public spirited service to the Town of Goffstown.

Respectfully submitted,  
Henry Grady, Chairman  
Zoning Board of Adjustment

# GOFFSTOWN POLICE DEPARTMENT 1990 ANNUAL REPORT

The Goffstown Police Department handled 15,702 calls for service in 1990, versus 13,483 in 1989. This reflects an increase of 16.5%. There were a total of 3,424 arrests made during 1990.

You will find a listing of complaints and arrests at the end of this report, along with a comparison to 1989.

The number of motor vehicle accidents declined, with 592 accidents reported in 1990, and 725 reported in 1989. There were two tragic fatalities in 1990, one the result of a drunken and drugged driver, the other a bicycle accident.

Crimes against persons involve a greater allocation of resources, and have greater impact than crimes against property. There were 45 assault complaints and 65 assault arrests made in 1990; 96 reports of domestic violence and 30 arrests for domestic assault; and 38 child abuse and neglect cases handled in 1990.

Significantly, there were 61 narcotics complaints received, and 44 drug arrests made during 1990. As we have reported in the past, the department's drug enforcement effort remains a high priority, and we have continued to participate in major trafficking investigations. This is done in concert with the NH Drug Task Force, the Drug Enforcement Agency and other local law enforcement agencies.

To aid in this effort, the Department applied for and was awarded a \$41,000.00 federal grant, through the Attorney General's office. These monies helped to offset salaries, overtime, and purchase needed equipment, necessary to combat illicit drugs.

## PROJECTS

In June of 1989, the police department entered the Accreditation process by sending its first payment to the **Commission on the Accreditation of Law Enforcement Agencies**. We are continuing with self assessment, which consists of a review of approximately 800 standards applicable to an agency our size.

The Accreditation process gives us access to the latest in law enforcement practices, and provides an opportunity to critically examine our policies and procedures. This will help insure the best possible delivery of service to the community. Moreover, this will assist in containing the cost of professional liability insurance. It is a trying process but we believe a worthwhile goal which will have many long term benefits.

Our Crime Prevention Officer, Sgt. Donald Davidson, in cooperation with the School District, began teaching the DARE curriculum in 1989 in grade 6. The **Drug Abuse and Resistance Education** project is a comprehensive program which will become an indispensable part of the drug education and prevention effort. During 1990, Detective Susan Lebel was also trained as a DARE Instructor, for this important effort.

Our students are very receptive to this program, and we are pleased to be able to make a contribution to the "next generation." Our elementary students of today, are tomorrow's hope for a drug free America.

## DIVISIONS

The patrol division worked very hard providing continued quality police service. Well trained patrol officers are the "heart" of any police department. With a 16+% increase in the calls for service, each officer is called upon to utilize our resources wisely. We are averaging 43 new calls per day.

While our police officers are the heart of the organization, our **Communications** department is the "nerve center" for emergency services, providing 24 hour dispatching for both the police and fire departments. This department also provides contractual services to the New Boston Police and Fire Departments, and the Weare Police Department.

## STATISTICS

The Police Department received a total of 15,702 calls for service during 1990, versus 13,491 in 1989. This is an increase of 16.4%.

A listing of calls for service follows:

<b>Year:</b>	<b>1990</b>	<b>1989</b>	<b>% diff.</b>
Calls for Service	15702	13491	16.4%
<b>Complaint Category</b>			
Accidents:	592	725	- 18.3%
Investigated	415	540	- 23.1%
Reported not Inv.	177	185	- 4.3%
Accidents w/injury	67	124	- 46.0%
Fatalities	2	2	0.0%
Hit & Runs	65	82	- 20.7%
Homicide	1	0	100.0%
Assaults	45	134	- 66.4%
Burglaries	111	111	0.00%
Civil	100	107	- 6.5%
Domestic Violence	96	104	- 7.7%
Courtesy Calls	524	695	- 24.6%
Child Abuse/Neglect	38	25	52.0%
Criminal Mischief	244	161	51.6%
Disorderly Conduct	67	89	- 24.7%

Dog/Animal Complaints	286	326	- 12.3%
Escape	2	56	- 96.4%
Motor Vehicle Complaints	466	509	- 8.4%

Rape Complaints	0	3	-100.0%
Robbery Complaints	1	0	100.0%
Sex Complaints	5	14	- 64.3%
Suicide	9	20	- 55.0%
Suspicious Persons	180	206	- 12.6%
Suspicious Vehicles	216	207	4.3%
Thefts	411	445	- 7.6%
All Other Complaints	11407	8860	28.7%
Total:	14953	12766	17.1%

## ARRESTS

The Goffstown Police Department made a total of 3,424 arrests during 1990, versus 2,558 in 1989, an increase of 33.9%. Of the 3,424 arrests in 1990, 853 were for criminal offenses, 2,571 for motor vehicle offenses. 158 of the total arrests were of juveniles (persons under the age of 18), and 155 were alcohol offenses.

Motor Vehicle Arrests	1990	Juv.	1989	
Speed	1098		853	28.7%
DWI	148		135	9.6%
Oper. Aft. Revo.	127		73	74.0%
Reckless Operation	8	3	3	166.7%
Non-Inspection	498		91	447.3%
Other M/V Offenses	692	14	493	40.4%
Written Warnings (not an arrest)	3823		2339	63.4%
Total:	6394		3987	60.4%

Criminal	1990	Juv.	1989	
Homicide	0		0	0.0%
Negligent Homicide	1		2	- 50.0%
Kidnapping	0		1	-100.0%
Assault	65	11	74	- 12.2%
Assault (Domestic)	30		33	- 9.1%
Arson	0		0	0.0%
Escape	2		8	- 75.0%
Larceny	43	13	65	- 33.8%
Burglary	15	1	23	- 34.8%

Disorderly Conduct	63	15	82	- 23.2%
Criminal Mischief	18	10	161	- 88.8%
Narcotics	44	5	62	- 29.0%
Forgery	1		2	- 50.0%
Resisting Arrest	26	1	17	52.9%
Criminal Liability	3	1	5	- 40.0%
Other Criminal Offenses	542	84	375	44.5%
Total:	853		910	- 6.3%
 Total Activity Combined:	 22792		 18388	 24.0%

Note: Other Arrests includes 155 alcohol related offenses.

As your Chief, and on behalf of the employees, allow me to express our appreciation for your continuing support and cooperation. If at any time you feel that you or a member of your family has been done a disservice, please contact me or a supervisor directly. You may be assured that complaints about departmental procedures, or its personnel, will be handled in a fair and impartial manner. Annual statistical summaries of internal investigations are available upon request.

If you have not already done so, we would invite you to visit our facility, now three years old, on Mast Road. Our Crime Prevention Office would be happy to arrange group tours. And please remember, the prevention and suppression of crime is everyone's responsibility.

Respectfully Submitted,  
 Stephen R. Monier  
 Chief of Police

# CALLS FOR SERVICE 1986-1990

# **EMERGENCY MANAGEMENT 1990 ANNUAL REPORT**

The Emergency Management organization is responsible for the maintenance and development of the Town's emergency readiness response in the event of a natural or man-made disaster.

In 1976 Goffstown developed an Emergency Operations Plan (EOP), with the assistance of the State and Federal Government. This is updated on an annual basis, and underwent a major revision in 1988 by Deputy Director Ed Tuthill, to address the concerns of the Hazardous Materials Act (Sarah Title III), passed by the Federal Government.

During 1990, the State Emergency Management Agency, tested Goffstown's Emergency Operations Center (Communications), as part of a national exercise.

Our emergency management group also assisted in the development of an evacuation plan for the Glen Lake Dam hydro plant, in the unlikely event of a dam failure.

Goffstown participates in the EMA program with the State and Federal Emergency Management agencies, and as such is reimbursed for its expenditures.

Respectfully Submitted,  
Stephen R. Monier  
Director

# INDUSTRIAL COUNCIL REPORT

The Goffstown Industrial Council was established in 1966 for the purpose of providing industrial, commercial, manufacturing and warehouse facilities in developing the growth and prosperity of the Town of Goffstown by encouraging the welfare of local industries and prompting the establishment of new industries. During 1989, the Council was reactivated, and following an All-Boards' meeting took on the assignment of dealing with the solid waste issue. Ultimately it became apparent that this issue exceeded the scope and capacity of the Council.

The Industrial Council presently seeks people interested in becoming members and has been formed into three sub-committees to look into different avenues which they can explore in order to reach their goals. These three committees cover the areas of Marketing, Industrial Sites and the building that presently houses the Upper Elementary School. The Upper Elementary School has been under active consideration during 1990, we expect to report on this project in early 1991.

In our opinion those areas need to be expanded so that Goffstown can achieve a more balanced tax base. If you would like to participate in 1991, all interested parties and ideas are welcome.

With the present economy, the Industrial Council is needed more than ever.

Arthur Rose, Chairman

# GOFFSTOWN PARKS AND RECREATION ANNUAL REPORT — 1990

In 1990 the Parks and Recreation Department continued to provide programs for all age segments and interest levels for the people of Goffstown. This year with the help of corporate sponsorship we had two outstanding outdoor concerts during our summer program. Our 11th Annual Goffstown Gallop road race attracted a record number of runners. With the addition of the new gym at the Maple Ave. School we have added program time for more community activities. We are constantly striving to meet the leisure time needs of the people of Goffstown. We can not do this by ourselves. I would like to thank the countless volunteers who give their time and expertise to help out in our youth programs. Without these volunteers we would not be as successful as we are.

I also would like to take this opportunity to thank the Parks and Recreation Commission for their efforts on behalf of the department and the people they represent. Brad Parkhurst for his efforts in going above the call of duty for the department as well as to the Goffstown All-Sports Booster Club, Friends for Recreation, Men's 30 & over Basketball, Goffstown Lions Club, Goffstown Rotary Club, Goffstown Mothers Club.

I would also like to thank the Goffstown Board of Selectmen and the Budget Committee for their support as well as the Goffstown School Board and their Principals and staff for their continued cooperation.

Thanks also go to the Goffstown Police, Fire, Highway, Library and Water Departments for their cooperation and help. And most of all, I want to thank the people of Goffstown for the support that you have shown for the Goffstown Parks and Recreation Department.

Respectfully submitted,  
David L. French, Director  
Parks & Recreation Dept.

# **SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION**

All dues-paying members of the Southern New Hampshire Planning Commission are offered a wide range of services, resources and technical assistance by a professional planning staff who, from time-to-time, are assisted by specialized consultants on an as-needed basis. Under the direction of your representatives, the staff develops and carries out planning programs that require a regional perspective, as well as those which pertain more directly to your community.

Local planning assistance requests are frequently received from your Planning Board and/or Board of Selectmen. With the concurrence of the Commission, certain general studies are conducted, notifications made and training workshops held that are considered essential for all member municipalities.

Services that were performed for the Town of Goffstown during the past year are as follows:

1. Provided testimonies, some in support and some in opposition, to the House and Senate committees of the 1990 Legislative Session on a few bills which pertain to planning and zoning. SB 337; SB 358; SB 359; HB 1121; HB 1119; and HB 1375 dealing with impact fees deserve a special mention.
2. Co-sponsored the Municipal Law Lecture meetings. These meetings were well attended by Goffstown officials.
3. Conducted a six-hour training workshop for the planning board members. Two representatives from the Goffstown Planning Board attended that workshop.
4. Reviewed and offered comments to the Mast Road Plaza Traffic Impact Study. Also developed a cost-sharing schedule for this project.
5. Using the GIS (Geographic Information System), prepared a computerized soils map for the town showing developmental constraints.

Goffstown's Representatives to the Commission are:

Mr. Arthur W. Rose  
Mr. Robert Wheeler  
Mr. Milton Myers

Executive Committee Members:

Mr. Arthur W. Rose  
Mr. Robert Wheeler, Treasurer

Metropolitan Manchester Transportation Planning Policy Committee:

Mr. Elmer T. Nickerson

# SEWER COMMISSION

The Goffstown Sewer Commission administers and maintains the municipal sewer system for the citizens (users) of Goffstown. In addition to the regularly scheduled meetings the Commissioners hold special public meetings.

In January, 1990, a Public Hearing was held in regards to the Facility Plan Update. This report was compiled by the engineering firm of Hoyle, Tanner & Associates, Inc. and addresses several major areas of concern. In particular . . . the identifying and prioritizing of future capital improvement projects; review of the present financial requirements; analysis of available funding options for future improvements; establishment of an accessibility fee program to offset funding for future expansion of the system and the impact of future land use planning on the Town's sewer program. This report provides the Commissioners the necessary planning and financial information to effectively manage and administer the system during the next decade. It is the intention of the Commissioners to implement an aggressive program in 1991 to expand the system beginning with those prioritized areas. A copy of this report is available for public review at the Town Library and the Town Clerk's office.

Another Public Hearing was held in February, 1990, to discuss a bonding article which was voted on at the March Town Meeting. The purpose of this bond was to finance Goffstown's fair share of the Manchester Wastewater Treatment Plant expansion and renovation and also to purchase an additional 800,000 GPD (gallons per day) of flow. This additional 800,000 GPD will be mainly for the future growth of Goffstown and its sewerage requirements. The Commissioners wish to thank all the voters for their approval of this article. Manchester is now in the design stage of increasing their treatment plant from 26 million GPD to 33 million GPD of flow. Our additional gallonage will give us a total capacity of 2.8 million GPD of flow.

Again the Commissioners look forward to 1991. Goffstown should be directly connected to the Manchester system by March and will then have one complete sewerage system thus beginning the first step in the cleaning up of our lakes and rivers.

The Commissioners meet the first Tuesday of every month at 6:30 P.M. in the Town Hall. Individuals requesting to be on the agenda must contact the Commission Chairman to schedule an appointment. For assistance please call 497-8992.

Sincerely,  
John S. Davis  
Chairman

# VISITING NURSE ASSOCIATION OF MANCHESTER & SOUTHERN N.H., INC.

The Visiting Nurse Association has been providing the residents of Goffstown with a full range of home health services since 1965. The VNA Board of Trustees and staff take this opportunity to reaffirm their commitment to excellence in health care, and to the provision of services designed to ensure that being cared for at home is safe, comfortable and convenient.

Over the past year the VNA has forged ahead with new endeavors. In January of 1989 the VNA formally acquired the former Greater Manchester Child Care Association (GMCCA) to insure that affordable quality child care services would continue to be available in our community. Shortly after the acquisition of the center, a major renovation project of the physical facility began. From March to the present, hundreds of skilled tradesmen representing 13 labor unions and many local businesses have come forward offering time and materials for the project.

The VNA's programs have continued to thrive and expand. VNA home care and community health services are provided through its affiliates.

**VNA Home Health & Hospice Services, Inc.** is Medicare and Medicaid certified, provides intravenous and enteral therapies; skilled nursing care; physical, occupational and speech/language therapies; nutrition counseling and medical social services; certified home health aides; Hospice care for the terminally ill; and long term care for the elderly and the handicapped. Medical equipment, such as beds and wheelchairs, is also available. Payment for service includes health insurance, and private payment. Fees are explained to our patients at the first visit to the home and for those unable to pay the usual fees, adjustments are made on an individual basis.

**VNA Personal Services, Inc.** provides private duty nurses, home health aides, homemakers, companions, personal care assistants and child care in the home.

**VNA Community Services, Inc.** provides free Immunization Clinics for all age groups monthly and Free Blood Pressure screening clinics. Watch your local paper for date and place. Foot Care clinics are held monthly at our 194 Concord Street office by appointment and blood pressure checks are done weekdays from 1:30-4:00 p.m. Occupational Health programs are provided to business and industry on site. Parent-Child Health Services include the Teenage Pregnancy Program, the Parent-Baby (ad) Venture Program for children at risk of abuse and neglect, the Child Care Connection for child care providers, and the Training Program concerned with preventing drug and alcohol use among adolescents in high schools.

**VNA Child Care Center** provides a full-range of state-licensed child care, tailored to each child's needs. Programs include Infant/Toddler (ages 6 weeks to 36 months); Preschool (ages 3-5); and Kindergarten (age 5). The center also provides Extended Care, which is a before and after-school program for children grades 1 through 6, and special full-day programs during some holidays, school conference days, and school vacations. The summer session provides creative, fun programming for children ages 3 to 11. As needed, VNA also offers families a continuum of coordinated health and social services, both directly from the VNA and through working arrangements with other community resources.

Town appropriations, grants, United Way allocation and donations are a vital part of the funds that help to defray the cost of unpaid services. A representative(s) of the town of Goffstown serving on the VNA Board of Trustees are Donald Haskell, Reverend James Christon, Stephanie Bray and Jacqueline Lake Killgore.

Sincerely,  
Sarah Hubbard  
President

# PLANNING BOARD STATEMENT FOR TOWN REPORT

Northeastern real estate woes were top national headlines during most of 1990. The Banking system now in deep shock from mortgage defaults combined with earlier losses from loans to lesser developed countries and the exposure to high risk loans (alias junk bonds) is facing peril unprecedented since the great depression of the 1930's.

Foreclosure auction notices were the most rapidly growing section of the Real Estate Classified advertisements during the year. Goffstown experienced defaults or cancellation of four major developments which were in progress; and as is usually the case a significant number of projects approved by the planning board have never been started.

With this economic debacle in clear view the Planning Board must be the steadying influence with primary concern focused on the quality of life in Goffstown in the short and long term.

Short term concerns are typically manifest in site plan or subdivision review, bonding, evaluation of ordinance effectiveness and code enforcement. As always, the Board has the responsibility of being reasonable to the individual or business that is trying to develop a parcel while ensuring that the Town is not left with roads that are not finished or a traffic snarl that's unbearable. Without doubt there are abutters who don't think the Board was always strict enough and property owners who know the Board is always too strict.

During 1990 the Planning Board established and implemented a technical review committee consisting of representatives from Public Works, Police, Fire, Code Enforcement, Conservation Commission and Planning Office. This committee meets with the proponent of a major development prior to the public hearing with the Planning Board to review the plan's technical aspects. This system benefits everyone: the developer knows what the town expects of him early in the project when he has less or little invested; the planning board is presented with a plan at the public hearing that is significantly more complete and usually satisfies the requirements of the various town departments; the public and abutters who attend the hearing typically see a plan that complies with the town ordinance and applicable codes hence it wastes less of their time.

This was the first year that an application was requested from a potential developer prior to scheduling a Conceptual Hearing before the Planning Board. This process allows us to keep better records of who had presented conceptual plans and enhances the preparation of the hearing agenda.

Applications reviewed were as follows:

Category	1988	1989	1990
Site Plans	25	21	15
Subdivisions	35	56	35
Conceptual	NA	NA	45
TOTAL	<u>60</u>	<u>77</u>	<u>95</u>

Recognizing that the current financial market conditions will, in all probability, only be remembered as a passing business cycle in a few years, the Planning Board must spend a portion of its time trying to address long range community planning. Tools typical of this process are the master plan (complete with its various adjunctive studies such as the corridor studies, the ground water plan and the like), Zoning ordinance analysis, analysis of State and regional trends, and the capital improvement planning process.

In May, the Board received the second phase of the Mast Road corridor study and after a public hearing and review accepted the study. One aspect of grave concern to the Board members is the indication of significantly deteriorating traffic conditions in the "Main Street" area of Goffstown Village. The corridor study indicated that the only apparent method of improving the situation would be to construct a bypass but that the feasibility of such a concept was beyond the scope of the corridor study. Accordingly, the Planning Board established a Bypass study committee to examine the feasibility of a bypass.

Planning activities would slow to a crawl if it were not for the efforts of our planning office staff, Andre Garron, Planning Board Coordinator and Christine Moloney, Secretary to the Board, and we would like to thank them for their excellent work during the year.

Gossett McRae  
Chairman

# **FIRE DEPARTMENT**

The Goffstown Fire Department received a total of 1,023 calls for Emergency Service in 1990.

Several categories of service that were responded to for 1990 are listed at the end of this report.

In January of 1990 we received delivery of our new Water Tanker for the East Goffstown Station. This Tanker was approved at the 1989 town meeting. Tanker 5 carrying 1800 gallons of water will increase our water supply in rural areas of town where no water is available.

The Goffstown Fire Department is requesting that a new pumper be purchased in 1991 to replace Engine 6 in the Pinardville Station. In 1990, \$80,000 was requested and voted on to replace this pumper in 1991. Another \$88,000 has been placed in the 1991 budget for the completion of this project.

This year 5,553 hours were spent by our personnel in training. From these hours of training we have certified Firefighters and EMT's at various levels of certification. They are as follows:

- 12 Firefighters at State Level I
- 17 Firefighters at State Career Level
- 3 Firefighters at State Level II
- 6 Firefighters at State Level III
- 3 Firefighters at State Driver/Operator
- 1 Fire Instructor Level
- 1 Company Officer Level
- 8 Emergency Medical Technicians
- 6 EMT Esophageal Obturator Airway Certified
- 3 EMT Defibrillator Certified

In conclusion, I would like to thank all department members and their families, citizens, selectmen, department heads, town boards and town department employees for their support this year.

## EMERGENCY MEDICAL SERVICES

The Emergency Medical Services activity has been consistent with that of the last few years. Our personnel have maintained a service that any community would be proud of. Both our fulltime and volunteer EMT's have been busy with training and emergency calls.

Fund raising by the Goffstown Emergency Medical Services Association (G.E.M.S.A.) has focused on a second ambulance fund. This has been a challenging period for fundraising. However, people have responded well and the fund for the ambulance now stands at \$30,000. This is half of the funding needed to purchase and equip a second ambulance. The GEMSA organization welcomes new people to help with raising money to support EMS in Goffstown.

With the help of volunteers, letters are being sent to those people transported by ambulance. This letter describes how the ambulance service is maintained in Goffstown and how vital contributions are to its existence. This is helping in both bringing in revenue and educating the general public about our service.

People are the most important ingredient in the Town's medical services. We have Emergency Medical Technicians in many areas of town. Those that live outside the Village are utilized as First Responders. This gives us the capability of having an EMT on the scene of an incident very quickly.

Additional EMT's are needed . . . If you are interested in this rewarding volunteer activity please contact the Goffstown Fire Department.

Richard E. Fletcher  
Fire Chief

# REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During calendar year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All these fires are preventable, but **ONLY** with your help.

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, **without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.**"

Violations of RSA 224:27 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1990, including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire Division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), an incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

## FOREST FIRE STATISTICS — 1990

	State	District	Town of Goffstown
Number of Fires	489	27	14
Acres Burned	479	10	2

Gilbert Testa  
Forest Ranger

Richard E. Fletcher  
Forest Fire Warden

## BOARD OF FIRE WARDENS

The Fire Department which handles over one thousand fire and rescue calls each year is run by a five member board of fire wardens with each member elected at large for a three year term. The Board of Fire Wardens in Goffstown was established in 1885 and derives its authority from RSA:154. The Board has evolved into a policy setting and directing body with administrative functions handled by the chief of the department.

The department operates three stations in the community: Pinardville, Goffstown Village, and East Goffstown. All stations are manned by full-time paid personnel during the weekdays. Evening, night, weekend and holiday fire and rescue calls are handled by part-time paid and volunteer personnel. With this hybrid arrangement the community is provided with the best possible protection for the lowest possible cost.

Approximately eighty percent of the community is not served with municipal water which naturally makes firefighting a bit more difficult. In order to overcome this handicap the fire department, working with the Planning Board, has implemented a program of requiring that developers in non water areas install a fire pond or a cistern with a hydrant like connection. Additionally, when notified of a potential fire in a structure the department brings up to 4000 gallons of water to the scene.

The Board of Fire Wardens is grateful to all citizens in Goffstown for their support. The Board recognizes that fire protection is expensive and therefore it is constantly evaluating new concepts which will hopefully make the department's operations even more efficient and cost effective. The Board also is appreciative of the outstanding effort of the full time personnel and offers a special thanks to the call and volunteer personnel who are absolutely indispensable to our operations.

Gossett McRae  
Chairman

### MONTHLY CLASSIFICATION TOTALS

Good Intent	38	Structure Fires	10
		Year's Total Calls	<u>1023</u>

# CONSERVATION COMMISSION

The Conservation Commission's responsibilities are to oversee the Town's conservation land and to protect wetlands (including spillways, marshes and bogs, flood plain areas, rivers and lakes).

The Conservation lands around the Uncanoonuc Mountain Base Pond, and South Mountain have been plagued with private encroachment onto the Town's property. Monitoring seems to be a role we are being forced to play. The North Mountain now has a refurbished white dot trail and 3 lookouts on top of the mountain.

The South Mountain has a new trail at the top that circles the mountain and includes 3 lookouts. Final cleanup and marking of trail will occur in the early Spring.

Dredge and fill requests concerning wetlands are down due to reduced construction, however, what is now becoming most visible are the illegal filling of wetlands by existing property owners. **Remember**, wetlands are valuable resources (holding tanks, nature's water filtration, plants and wildlife habitate areas).

We would like to encourage all of our residents to enjoy our lakes and explore our new trails. Please, NO motorized vehicles on conservation land, and please pack out what you have packed in.

Any Goffstown citizen interested in becoming involved with the Conservation Commission is most welcome. For information, call Evelyn Miller at 497-2337.

Respectfully submitted,  
Evelyn Miller, Chairman

## LIBRARY ANNUAL REPORT

During 1990, the Goffstown Public Library continued offering a wide variety of informational, recreational, and cultural services to the community. The year's cultural activities began with the four day arts residency, January 17-20, with actor Phillip Walker of the African American Drama Company performing his one man show "Can I Speak for You, Brother?" Mr. Walker also conducted storytimes, workshops, and assemblies at the library and at area schools. His performances in Goffstown were viewed by over 2500 children and young adults ages 2½ through 18 and by more than 250 adults. The Phillip Walker residency as well as the one day residency of the Pontine Movement Theatre in April was made possible by a grant from the rural Arts Program at the New Hampshire State Council on the Arts.

Earth Day 1990 and National Library Week provided opportunities for the library to extend its informational and recreational services to the community. On April 22, Earth Day and the beginning of National Library Week, people of all ages attended an environmental fair at the library. Town departments and organizations provided background information as to their purposes and activities related to local environmental concerns. Friends of the Library were also on hand to encourage reading through a no TV watching pledge for National Library Week. On April 25, Goffstown Library joined hundreds of other libraries throughout the country in the National Library Week celebration of "Night of a Thousand Stars", a family read-aloud program with local celebrities reading favorite stories. In addition to these special activities, the library continued to provide reading discussion programs for adults through grants from the New Hampshire Humanities Council.

Sunday openings resumed during the winter months — January through March — under the sponsorship of the Friends of the Library organization. Volunteers staffed the circulation desks from 12 noon until 2 P.M. making it possible for residents to enjoy the library on Sundays. This revitalized Friends organization, chaired by Tess Marts, also sponsored a well received Halloween story telling concert which raised money to support the programs of the Goffstown Public Library.

Other community organizations contributed resources to expand the library's services. The Goffstown Mothers Club provided free passes to the Boston Museum of Science. The Earth Day Committee provided free passes to the New England Aquarium. The Goffstown Lions Club added large print books to the collection. A note of thanks and appreciation goes to all those who contributed time, money, and interest to the Goffstown Library in 1990. Community involvement makes the library a vital institution and insures continued growth in resources and services.

Children's programs flourished with preschool storytimes for ages 2½ to 6 and afterschool storytimes for children in grades 1 through 4. Summer reading programs encouraged recreational reading for children ages 6 through 13 through a variety of activities including a specially designed book discussion series for children in grades 5 through 8 and their parents. This discussion is on adult friends. Afterschool storytimes and a summer reading program were also offered at the Bartlett School Library.

Goffstown Library services at the Bartlett School Library expanded in 1990 to include the circulation of paperbacks to adults. Longer hours of operation and a sizeable collection of paperbacks for adults made recreational reading materials more accessible to adults in the Pinardville area.

Statistics gathered each October to measure library services showed yet another increase in library usage. Comparisons of usage between a typical week in October 1989 were as follows:

	October 1989	October 1990
Materials circulated	5015	5771
Materials used in the library	405	437
Attendance in the library	718	850
Reference transactions	77	118

In spite of a slump in the housing market, more new cards were issued in 1990 showing an increase interest in the library by longtime Goffstown residents.

Members of the Library Board of Trustees, with Robert Hynes chair, and the library staff joined together to form a Planning Committee. The Committee prepared and, on election day, distributed a written survey on the services and facilities of the library. The Committee used this survey as the basis of a planning document (3-4 years), one of the goals being to prepare a 20-year plan within 2 years. Anyone interested in participating in the planning process is encouraged to contact the library director.

Another of the plan's goals, which is consistent with the Goffstown Master Plan, is to explore the possibility of creating a branch library in Pinardville. In the summer of 90, the trustees worked with the Goffstown School Board to take possession of a portable classroom from the Maple Avenue School. The Trustees moved the unit, which was no longer needed at the school, into storage. The Planning Committee will determine whether this portable classroom can be used as an initial branch library in Pinardville. Thanks go again to the School Board for this gift.

The Goffstown Library Staff, Board of Trustees, and Friends look forward to providing more services to the community in 1991.

# GOFFSTOWN HISTORIC DISTRICT COMMISSION REPORT OF 1990 ACTIVITIES

The Goffstown Historic District Commission continued its work concerning historic preservation in 1990.

We considered two applications for certificates of appropriateness from properties in our two historic districts. One was from the Goffstown Historical Society in the Parker Station Historic District requesting permission to enclose two horse stalls to become storage and office and the other was from the Hillside United Methodist Church on Center St. in the Grasmere Historic District for a handicapped walkway. Both applications were approved and passed along to the Building Inspector, who was to follow up by issuing the building permit at the appropriate time.

Regarding the Grasmere Grange Hall, which is part of the Grasmere Historic District, the Commission members along with the Grasmere Grange Hall Committee, submitted articles for the 1990 Town Warrant for funds for fire safety installations and for funds for an architectural survey of the building relating to future use of the second floor and handicapped access. The fire safety funding was included in the 1990 town budget and the architectural survey was approved. An architect was selected, Sheerr McCrystal of New London, and the survey was completed in December, 1990.

With the assistance of the State Historic Preservation Office, we participated in the preparation of the National Register application for the Grasmere Grange Hall. The building was named to the Register in September, 1990. A Grasmere Hall Centennial Celebration was held Sept. 29, 1990 which was very successful, including a talk on old houses, tours of the Grange Hall with an exhibit of old photographs, a tea, a supper, and an "Old Fashioned Lawn Party Flea Market."

We also continued our work on our local cultural resources survey and met with residents of two areas of the town in conjunction with the possibility of proposing new historic districts in those areas. These possible districts included properties on Shirley Hill Road, referred to as "Top of Shirley Hill" and properties on Main St. and South Mast St. "The Traffic Circle." After two informational meetings with residents and a written survey of the property owners, the Commission decided to postpone the districts, as the properties wishing to be included would provide a "patchwork" effect, which the Commission felt was not appropriate to maintain its standards.

In 1991 the Commission expects to complete more of its minimum documentation surveys of the town and evaluate them relating to the state-wide historical contexts and also to continue its public education process, through its newsletters and its programs. Regarding the Grasmere Grange Hall, we plan to submit a warrant article for funds for a survey of the Grange lot which is town owned as the first step in the future Grasmere Grange Hall Renovation Project.

Dee Little, Chairman

Dan McNerney, Vice Chairman

Brenda Henk, Secretary

Terri August, Doug Gove, Armand Archambault, Alice Rohr, Bruce Bynum, Sally Healy, Eleanor Porritt, David White and Selectman Paul Smith.

# CAPITAL IMPROVEMENT PLAN COMMITTEE

The 1991 - 1996 CIP Report constitutes the ninth (9th) report on Capital Improvement projects since the Committee's inception in 1982. The CIP Committee has undertaken an in-depth and exhaustive review of Goffstown's CIP process since the submission of its last report. That review began with the adoption by the Planning Board, the Selectmen, and the School Board of the Charge to the Committee (attached) and the renewal of the Committee's Statement of Purpose (attached), first adopted in the November 1981 Master Plan. Those documents refocus and recommit the CIP Committee to the long range planning purposes to which it was first intended. The purpose of CIP is to assist in the identification of long range, capital items that have been projected by other Town and School committees and departments and to provide a coordinating effort, that balances long term needs with short term abilities.

This year the coordinating effort has come through the real participation of Committee members, staff liaisons, and other interested people who have worked to develop a broader understanding of the needs of municipal government beyond their own committee or department. The balancing of long term needs and short term abilities has come through a redefinition of a CIP "project" in Goffstown, abandonment of the "pay as you go" approach previously relied upon, and further recommendations for program planning and financial policies.

The CIP Program requires the firm commitment of all Town and School committees and departments. This will insure that realistic planning for programs, services and improvements and replacements to infrastructure are continued. There also needs to be a renewed commitment and understanding of all appropriation agencies (including the Selectmen, School Board, Budget Committee, and Town and School District Meetings) of the need to insure sufficient funding mechanisms to prevent the crisis management which tends to develop when long term needs (even those that time and time again are called for in revisions to the Master Plan) are put off into the future. The CIP Program has consistently sought to not only minimize, but eliminate, the impact of CIP on the Town and School tax rates. In order to do this in the 1991 - 1996 Plan the Committee is recommending a true commitment to funding through an aggressive bonding and capital reserve process. As the plan shows, this process isolates "rolling stock" as a CIP item which will require consistent levels of funding in years to come which are individually fairly small and thus can be dealt with as an annual aggregate number. By removing those items from the bulk of the CIP planning process, the Committee hopes to focus attention on getting accomplished the infrastructure replacement and improvement items long recommended by the Master Plan and now deemed to be of critical importance in the Corridor Study series undertaken by the Planning Board. There is no need to continue this

or any other planning process unless there is some interest in following up on cited problems and recommendations. The CIP Committee believes that its 1991 - 1996 Report provides the necessary balancing of long and short term concerns with a planned and reasoned cost and tax rate impact that should be adopted by (or critically revised by) the Planning Board, Selectmen and School Board.

Also attached to this report is the revised CIP Project definition and Program Planning and Financial Policies Recommendations.

Respectively Submitted,  
Anthony C. Marts, Chairman

# DEPARTMENT OF PUBLIC WORKS

The following is a brief report of some projects completed during the past year and an indication of future activities.

## HIGHWAY DIVISION

This division has again provided the daily maintenance required in the 140 mile Town road system, including plowing, sanding and salting in the winter months and many repairs and improvements during the summer construction season.

As part of our "20 Year Plan", over one mile of Tirrell Hill Road (including the steep hill) was completely rebuilt under our road reclamation program. An additional one half mile of Black Brook Road to the Dunbarton Town line was also completed as part of this year's project. Nearly nine miles of paved roadway was shimmed and resurfaced as needed, in accord with our pavement condition rating plan. In cooperation with the new school building (off Tibbetts Hill Road) committee, we assisted them with the design and construction of several off-site improvements on Center St., Tibbetts Hill Road, and Lauren Lane which are scheduled to be completed this Spring.

Several bridge guard railings were repaired and painted in keeping with our bridge safety maintenance program. The Traffic Lights on Mast Road at Daniel Plummer Road were completed and put into operation. Some 200 signs (street names, regulatory, speed, stop, and warning signs) were replaced due to accidents, wear and vandalism. A much sought after R.O.W. for the relocation of Henry Bridge Road across Hillsborough County land was acquired for the new intersection plan.

## SOLID WASTE DIVISION

This division operated two rubbish truck crews providing curbside collection of waste for approximately 4,200 residential homes plus all schools and other municipal buildings. Additionally, a subcontractor (B.F.I.) was engaged to provide collection, transportation, and marketing of recyclable materials from the same serviced routes. This new recycling program has been successful with estimates of up to 85 percent participation rates. A Recycling Coordinator (Peter Shellenberger) was hired for a six month period to help promote and coordinate the recycling program, additional separation at the landfill and educational activity.

The landfill waste disposal facility was again operated by two fulltime equipment operators with some part-time help to cover Saturdays. In addition to their regular working responsibilities of providing waste cells, adequate compaction and daily cover (sand), they also collected the commercial tipping fees (coupons), directed users to the proper separation areas and enforced the operating regulations.

Higher commercial dumping fees and free residential use restricted to Wednesdays and Saturdays, plus shorter "Open" hours (9 a.m.-4 p.m.) allowed existing personnel to carry out additional and necessary work without any increased cost. Special activities included a "household hazardous waste disposal day" and a "Christmas tree recycling day". These activities contributed to the environmental preservation of our landfill area. Recent engineering studies (by our consultant) indicate that we have about 2 years of capacity left at the current landfill site.

## **SEWER DIVISION**

Sewer main repairs and adjustments were made to the system throughout the year in both the Pinardville area and the Village area. Annual flushing of sewer lines was carried out as well as some "televising" of problem mains requiring root cutting and other specialized repairs. Approximately four dozen manhole covers and frames were adjusted on certain streets to accommodate the road resurfacing program.

The interceptor line (green pipe) from the new pump station in the Village (added to the Treatment Plant) on East Union Street is still a dry pipe due to delays in work being done in Manchester. Our best estimate at this time is that we will start flowage to the Manchester Treatment Plant sometime in early Spring. We are still operating under a State Attorney General consent decree from month to month without financial penalty to date, however, the moratorium on new sewer extensions continues until the interceptor pipe becomes operational.

The licensed position of Sewer Treatment Plant Operator (Grade 1) will be phased out as soon as we go "on line" with Manchester. The new Pump Station will not require a fulltime operator.

## **CEMETERY DIVISION**

Routine lawn maintenance of three Town cemeteries (Westlawn, Hillside, and Shirley Hill) is handled by two summer employees supervised by one of the Highway Foreman. They handle all interments as well as special annual flower plantings for the Memorial Day holiday. Shrubbery and tree replacements are carried out each year.

Department personnel have also provided assistance to several other Town departments, commissions, boards and special committees.

In conclusion, I want to express my appreciation to the many people who have assisted us in carrying out our diverse operations and responsibilities.

Armand A. Dugas  
Public Works Director

# GOFFSTOWN CHARTER COMMISSION

The Goffstown Charter Commission was created by Goffstown voters at the March 1990 town meeting with the objective of writing a municipal charter. The commission was organized in accordance with the provisions of NH State Law (RSA 49-B).

An organizational meeting was held on April 17, at which time the following officers were elected: Chair, Marie Boyle; Vice-Chair, Rufus "Bud" Young; Secretary, JoAnn D'Avanza. We have met weekly since then, and have spoken and visited with town officials and community groups; department heads and State officials. We've reviewed charters of several other communities both within and outside New Hampshire. All of our meetings have been open to the public and we have held two public hearings. The charter is the result of many hours of deliberation, debate and compromise. By no means is everything in this document by unanimous approval.

We want to make it clear from the outset that the charter is not in any way to be construed as a criticism of Goffstown's government as it has been constituted. Rather it is an attempt to address the concerns of many citizens of the community. The Town has grown and society has changed, and this is a way we see to deal with that growth and those changes in a manner which still keeps a system of checks and balances in place.

One of the first things we addressed was the form of government, and the assignment of executive and legislative responsibilities. The complexity of present day issues has become increasingly difficult for three part-time Selectmen. We studied various alternatives and finally agreed to replace the Board of Selectmen with a seven-member Town Council and a full-time Town Administrator. We are proposing six voting districts; one councilor will come from each district, and there will be one at-large councilor. In this way, we feel there will be an equitable distribution of responsibility and it will provide a forum where parochial interests will find it more difficult to dominate. The Administrator will be responsible for the day to day affairs of the Town and for Town employees. He will be fully accountable to the Council.

We also agreed that a budgetary town meeting would be a compromise between the open town meeting as we know it and none at all. Critics have complained that town meetings are a thing of the past — that nobody wants to sit through a lot of articles and speeches, nobody shows up unless they have a vested interest, etc., etc. Those who advocate the town meeting feel that it's a place where an individual's voice is heard and an individual's vote counts.

In connection with the budgetary town meeting, we are also proposing retention of the Municipal Budget Act (MBA). This charter is only for the Town of Goffstown, it does not affect either the School District of the two water precincts which are separate entities. If we abolished the MBA, we would also do away with Budget Committee oversight of the School District and the water precincts, and we felt that would be inappropriate. We are also retaining the Planning Board and the vote of the public on zoning issues.

A limit of two consecutive terms is proposed for appointed and elected officials, with the exception of the Town Clerk/Tax Collector position. This is an attempt to get more participation in local government and to forestall the appearance of a "good old boy" network. Procedures for Initiative, Referendum and Recall petitions further insure public oversight and control.

We're also proposing a return to the partisan ballot for local elections. The State and federal government's elections are partisan; and it is our hope that with political parties selecting the candidates, they'll be seeking the most qualified people for the various offices.

The proposed charter is now in the hands of our attorney, it will then be sent to the NH Secretary of State for his review and comment. We will then present the proposed charter to the Board of Selectmen, and we intend to have copies of it widely dispersed for public information. The last time that a proposed charter was presented to the Town was in 1971. That charter proposed a City form of government and was soundly defeated. We hope that this Town Council form is more in line with what the townspeople want for Goffstown.

This has been a most difficult and challenging undertaking, and we're all proud of the work we've accomplished. We'd like to thank all of the department heads, town officials and others who have spoken with us and given us their ideas and insight. We'd also like to thank you, the people of Goffstown for providing us with this opportunity. We hope the results of our labors meet with your approval.

Respectfully submitted,  
Goffstown Charter Commission  
Marie Boyle  
Rufus "Bud" Young  
JoAnn D'Avanza  
Leonard Crotty  
Lawrence "Larry" Emerton

# GOFFSTOWN CHARTER COMMISSION LETTER

To the Citizens of Goffstown:

We submit this letter with deep regret and disappointment. The Charter which we have been working on for the past year cannot be voted on at the March election.

We worked very diligently, however, we were recently made aware that we inadvertently missed a deadline which invalidated the legal submission of the Charter and it cannot be included on the March 1991 ballot.

Our Chairman visited with Secretary of State Gardner in an attempt to find a way around this technicality, but there doesn't seem to be one.

He informed us that because of new legislation being proposed for Charters in this session of the Legislature, it's probably just as well, since there will be changes made that would have made this Charter very difficult to manage.

The Charter is completed. If a new Charter Commission is formed in the future, the work we have done will be available for their consideration and use.

Again, we are very disappointed that we cannot present our Charter for your consideration at this time.

Sincerely,  
Goffstown Charter Commission

CC: Goffstown Board of Selectmen  
Goffstown Town Clerk

## GOFFSTOWN VILLAGE WATER PRECINCT

The Village Precinct continued to improve water quality and services during 1990. To eliminate freezing problems, the services for several homes were lowered. Where ledge prevents this and water must be allowed to run continuously, special meters to record this consumption have been installed.

Precinct employees also replaced 250 feet of water main on Park Lane improving a rust and pressure problem that existed on this dead end pipe.

A pilot program for corrosion control on #2 well was initiated this summer. This program will help in making a final decision on which chemical will be used on a permanent basis for corrosion control at the well field.

Our meter replacement program is on going with the installation of another 100 new remote reading meters and the installation of meters in previously unmeted locations.

An order has been placed for a precast concrete building to be used at the chlorine plant to provide safe storage and handling of chemicals used in water treatment. We expect this building to be on site by the end of January 1991.

In August of this year Superintendent Keith Moore submitted his resignation to go into business for himself. Keith had been employed by the Precinct for twenty years. The Commissioners went to extend their best wishes to him and success in his new business venture. Named to replace Keith as Superintendent is Lee Minnich. David Bridgeman was hired in October bringing the staff up to working level.

During 1990 the Precinct Commissioners attended several seminars relative to the Safe Drinking Water Act of 1974. The major item facing Goffstown and thirty-five other communities in New Hampshire is the June 29, 1993 deadline to filter water that is supplied from open surface reservoirs. Possible alternatives are listed below:

- Regionalization (tie in with other filtered supplies)
- Rely on wells for the entire water supply (would require another storage tank)
- Compliance with the new regulations to filter water

We **may** be able to obtain an extension of up to three years for building a filtration facility.

A special article has been placed in the 1991 Annual Meeting Warrant to authorize a study for determining how Goffstown Village Precinct can best meet the new filtering regulations, and to appropriate any necessary funds for this investigation.

Respectfully submitted,  
Herbert Slattum, Chairman  
Gardner Lamson, Vice-Chairman  
Albert Gilbert, Treasurer  
Allen Gamans, Jr.  
Henry Burnham

**WARRANT FOR THE ANNUAL MEETING  
MARCH 18, 1991**

To the inhabitants of the Goffstown Village Water Precinct qualified to vote on Precinct affairs.

You are hereby notified to meet at the Goffstown Upper Elementary School in said Goffstown, in said Precinct, on Monday, March 18, 1991, at 7:30 in the evening to act upon the following articles:

**ARTICLE I**

To choose all necessary officers for the ensuing year, including a Moderator and Clerk.

**ARTICLE II**

To elect one (1) member to the Board of Water Commissioners for a term of five (5) years.

**ARTICLE III**

To see if the Precinct will vote to accept the report of the Board of Water Commissioners to appropriate the sum of Three Hundred and Fifty Thousand, Three Hundred and Eighty-Eight Dollars for the ensuing year.

**ARTICLE IV**

To hear the various reports of the Precinct and to pass any vote relative thereto.

**ARTICLE V**

To see if the Precinct will vote to allow the Board of Water Commissioners the right to borrow in excess of One Thousand Dollars (\$1000.00) due to any emergency that may arise.

**ARTICLE VI**

To transact any other business that must lawfully come before this meeting.

Given under our hand and seal this 25th day of January 1991.

Albert H. Gilbert 1991  
Henry L. Burnham 1992  
Herbert S. Slattum 1993  
Gardner Lamson 1994  
Allen D. Gammans, Jr. 1995

# GRASMERE VILLAGE WATER PRECINCT

The Grasmere Village Water Precinct is presently in a new stage of development. Over the past 25 years, we have gone from a budget of \$4,000 to over \$55,000 for 1991.

In 1980, the budget was approximately \$20,000 which means a growth tripled in the last decade. In 1965 we had 100 customers on the system. Now we serve over 500 and by fall we expect 10 more homes as well as the new Tibbetts Hill Middle School.

During the past summer the town replaced part of the water main on Center St. well as a new main up Tibbetts Hills Rd. and Lauren Lane to the new school.

We now have in the precinct a "certified operator" as required by the State of New Hampshire Dept. of Environmental Services. Theodore Rohr has completed the course offered by the state and is licensed.

These new requirements as well as extra time needed to work with the developers, makes it necessary to compensate the commissioners. This we are proposing in the budget for 1991.

We have had a busy year. We are prepared to go forward with extended service to our precinct. We thank each of you for your support and cooperation in our efforts.

Commissioners of  
Grasmere Village Water Precinct  
Theodore J. Rohr, Chmn.  
William Swanson  
Arthur Rose, Jr.

## 1991 BUDGET OF THE GRASMERE VILLAGE WATER PRECINCT

### APPROPRIATIONS OR EXPENDITURES

	<b>Commissioners' Budget Current Year</b>
Cost of Water	\$42,000.00
Salaries	1,660.00

### *In Memory of Doris Bailey*

We will not forget Doris Bailey. During her 28 years as a school nurse educator in the Goffstown School District, she was regarded by all who knew her as exemplary. Doris reflected the highest personal and professional standards associated with school nursing. She was considered one of the very best by the New Hampshire School Nurses' Association who selected her as the first recipient of the New Hampshire School Nurse of the Year Award.

Doris loved her students and served their needs with a quiet, supportive and caring manner. Students and faculty trusted Doris as she was always there for them when it counted the most.

The accounts of her good deeds and humanitarian effort on behalf of the school and community attest to her nursing skill and her Christian spirit.

Doris lived her life and practiced her profession with consummate integrity. We will all miss her but know that we are better for her having lived among us.

## MINUTES OF OFFICIAL SCHOOL DISTRICT MEETING

Thursday, March 15, 1990

The Moderator, Larry Emerton, called the meeting to order at 7:11 p.m. Official count of registered voters present = 530, admitted by check-list.

Moderator announced that NO SMOKING permitted in the building; flag salute led by Alice Tirrell Knight, the oldest State Representative in the State of N.H.

Moderator introduced the School Dist. officers, school principals, school administrators and office staff and the School Board members.

Also school Attorneys Alan Hall and Ann Clark, School Board members present: Chr. Donna Kelly, Helen Skoglund, Charles Carr, Leonard Crotty, Elin Kinder, Mike Ryan, SaraAnn Sarette, Barbara Simons and Sue Tremblay.

Moderator introduced the Class I State Champion Field Hockey members present: Sara Schaffrath, Diana Parkhurst, Kim Dodge, Kim LeClair and read a Citation from Gov. Gregg to the Goffstown Area Field Hockey team with congratulations. It was announced that Sara Schaffrath was chosen by the school to represent the school at the State House in Concord.

A letter was read regarding a Scholastic Arts Award recognizing 13 Goffstown High School students in art achievement. Blue Ribbons were awarded to John Piel and Crystal Speck who were introduced to the audience.

Moderator introduced School Bd. Chr. Donna Kelly who awarded plaques to Len Crotty ('89-90), Michael Ryan ('89-90), Helen Skoglund ('78-90) (12 years and Vice Chr. this past year) Helen Skoglund awarded a plaque to Chr. Donna Kelly for her 14 years of service ('76-90).

The Moderator announced the winning of the AAU (American Athletic Union) Mars Candy Co. award for academic excellence in character to student John Sirois. Short speech of Thanks from John, thanking the Town, the teachers and his parents.

Moderator read rules and regulations under the RSA's of the State of NH and Roberts Rules will prevail. Non-residents and non-registered voters will be able to speak only with the majority vote of the voters present.

Explanation of "calling the question" and how the written ballot request must be in writing handed to the clerk and signed by 5 registered voters. Mod. read the legal statement of the posting of the School District Warrant.

Elaine C. Emerton, Clerk

**GOFFSTOWN SCHOOL DISTRICT WARRANT**  
**1990**  
**THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District in the town of Goffstown, in the county of Hillsborough, State of New Hampshire, qualified to vote in District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE GOFFSTOWN AREA HIGH SCHOOL IN SAID DISTRICT ON THURSDAY, THE FIFTEENTH DAY OF MARCH, 1990, AT SEVEN O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS:

**ARTICLE 1.** To determine and appoint the salaries of the School Board and Truant Officers, and fix the compensation of any other officers or agents of the District.

Moved by Barbara Simons, 2nd, Donna Kelly. Barbara Simons requested that the salaries be accepted as printed in the Town Report. Mod. asked for any discussion. There was none. Mod. asked for the vote — voice vote in the affirmative, none against. Mod. declared the Article passed.

**ARTICLE 2** To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Moved by Sara-Ann Sarette, 2nd, Helen Skoglund. No discussion. Mod. asked for the vote. Voice vote unanimous in favor — Mod. declared the Article passed.

**ARTICLE 3.** To see if the District will vote, under the provisions of RSA 198:20-B, to authorize the School Board to apply for, accept, and expend without further action by the School District Meeting, money from any source which becomes available during the 1990-91 school fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money. Further, that the School Board hold a public hearing prior to spending such money.

Moved by Elin Kinder, 2nd Sara-Ann Sarette. No discussion. Mod. asked for the vote. Voice vote unanimous in favor — Mod. declared the Article passed.

**ARTICLE 4.** To see if the District will vote to raise and appropriate the sum of One Hundred Fifty-Seven Thousand Dollars (\$157,000.00) to replace the boiler burner and distribution system for the old section of the Maple Avenue Elementary School. (Recommended by Budget Committee.)

Moved by Elin Kinder, 2nd Sue Tremblay who explained the old burner was installed in 1953 and an old fashioned steam-heating system — updated in 1960 and 1982 a new burner was installed. The new Maple Ave. addition will have the forced hot water system and needs to be compatible with the older building's system. The pipes are very corroded with poor heat dis-

tribution. The engineer recommends that it be replaced, hopefully this summer. Bob Pokigo stated that the money in this article should have been included in the original school bond. Mrs. Tremblay said that many hours were spent in researching and the committee tried not to ask for more money in the original bond. The heating aspect and money was never put into the budget of \$12.9 million. Mod. asked for the vote — Voice vote in favor, loud — against, few. Mod. declared Art. passed.

**ARTICLE 5.** To see if the District will vote to raise and appropriate the sum of Eight Thousand Three Hundred Dollars (\$8,300.00) as the School District share for the purchase of ballot counting machines for elections. (Recommended by Budget Committee.)

Moved by Donna Kelly, 2nd by Helen Skoglund. Donna explained that the machine is a “counting machine”, not a voting machine and it would save valuable time and long hours of counting ballot votes. Mod. asked for discussion — none, followed by voice vote with voices unanimous in the affirmative. Mod. declared the Article passed.  
(The Town’s share of the machines voted in was \$9100.00)

**ARTICLE 6.** To see if the District will vote to approve an \$11 million dollar cap on the 90/91 Goffstown School District budget. 700 or more yes votes will be required at a special school district or the March 1991 District Meeting to exceed the \$11 million cap on the 90/91 school budget. It is requested that this article be voted on before the article dealing with the sum of money the District will raise and appropriate and that this article be voted by voter checklist paper ballot. (As petitioned by voters.)

Moved by Charles Carr, 2nd Donna Kelly. Mr. Carr moved to “pass over” this Article. Question from Mr. Kinder; can the article be brought up at the end of the meeting or another time? Answer, yes, one time only. If you vote yes on this motion, it will be passed over — a no vote means a vote for the Article. Mod. asked for the vote — YES - loud, NO - also loud — The moderator being in doubt of the vote asked for a standing vote and for the counters to please come forward. Standing vote = in favor, 277, against 145. Mr. Kinder then moved to reconsider this Article, 2nd Jess Shapiro. Mr. Kinder stated that he would hope everyone would vote against the Article so that it would not be brought up again. Discussion followed re: a paper ballot vote, a statement from Mr. Kincaid that he thought the first “pass over” request was illegal, as the art. asks that “this art. be voted by voter checklist paper ballot.” Moderator asked for the school counsel Alan Hall for his opinion, Mr. Hall — Mr. Hall stated that legally “a written petition would have to come from five voters, written, five voters in attendance at the meeting at the time of the meeting, not prior to, when this petition was submitted.” Mod. stated that no one moved the article. Ellen Vermokowitz said she understood that the art. had never been moved or seconded. The voice vote for reconsideration of this art. — yes, some — no, very loud. The vote for a reconsideration of this article was declared defeated by the Moderator.

**ARTICLE 7.** To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials, and agents, and for the payments of statutory obligations of the District, or take any other action in relation thereto.

Moved by Paul Smith, Chr. of Budget Comm., 2nd by Helen Skoglund, (\$11,849,778.) Mr. Smith explained that the work in the past year over the budget was arduous and difficult. Also, that the art. has the support of the School Board and the Budget Committee.

Mr. Wheeler, question — does this dollar figure consider the two special articles just passed. Is the total of the budget exclusive of our action on the 2 spec. art. — Answer, Mrs. Skoglund No, the budget fig. just asking to be voted on do not include the 2 art. dollar figures. Mrs. Skoglund stated that they conferred with the DRA and that “they” did it the right way. Mr. Beau-doin asked if he has five signatures, can this be a ballot vote? Ans. — yes. Tess Marts made comments on the Article, that the budget was “cut and cut” in many areas and encouraged a positive vote on the article, also commented of the Town of Goffstown with a good sense of community.

Donna Kelly stated that since the budget started, \$400,000 was cut from the budget and that the students are given a wonderful education with an above average performance from the teachers. Question — George Hebert, any new teachers in this budget? Answer, Mrs. Skuglund, there is one less teacher next year in this budget.

Mr. Hebert discussed “co-curricular” salaries (line 14-10) on budget — Mrs. Tremblay explained this year that the Dept. Heads salaries were included in the co-curricular salaries . . . Mr. Hebert also asked about Line 24-10, office of the Principal. Mrs. Tremblay explained that the new school that is being built will need a Principal. The new school will be open in Sept. 1991 and this is a '90-91 budget and that the Principal will have to come in to organize his staff etc. so that he will be prepared, working for one year before new school is occupied. Elin Kinder, stated that it is common practice to hire a principal ahead who will coordinate new programs and staffs from four different buildings and students from six different buildings. There are different philosophies from upper-elementary and Jr. High programs; also will be interviewing all the teachers in our district to come up with compatible teams. In the new school, there will be one Principal and an Assistant Principal. Myrtle Clapp stated that the people should be “tightening their belts” and really consider this art. before they vote for the \$11 million budget — also thinks that more things can be cut. Mr. Larry Brown, stated that last year the voters voted a 3 year increase in salaries for the teachers . . . is the education paralleling in education and performance. Ans. Yes, from Mrs. Kelly who asks for everyone’s support.

Moderator asked if everyone ready for the ballot vote explaining that this is not a Bond issue and that the polls do not have to be open for one hour.

The paper ballot vote commenced at 8:29 p.m. and closed at 9:13 p.m.

The ballot vote results for Article #7: YES - 331 . . . NO - 185. Mod. declared art. passed.

During counting of the ballots, Mr. Al Baines announced Jr. Baseball registration is scheduled for this next Sat. - \$15.00 for ages 13, 14, 15 . . . \$12.00 for ages 7-12. There were 550 youngsters in the Little League program in 1989.

The Moderator reminded of the Town Meeting being continued on Sat., March 17th at 1:00 p.m.

**ARTICLE 8.** To see if the District will vote to approve the following School Tax Cap. The 91/92 school budget shall not exceed 1.65% of the Goffstown net evaluation as determined on April 1, 1990. (As petitioned by voters.)

Moved by Mr. Marts that we pass over this Art. #8, 2nd by Donna Kelly. The Moderator announced he had a request for a paper ballot signed for this article and signed by five registered voters; also, it is the legal opinion of the School District counsel that this meeting cannot bind the '91-92 meeting, therefore if you wish to vote on this art. tonight, you will be giving only an advisory opinion to next year's meeting. Mod. asked for discussion, none. Mod. asked for vote to pass over the art. Voice vote was unanimous in favor of moving over the Article.

**ARTICLE 9.** To see if the District will vote to approve the following Salary and/or Benefit Change Proposal. Effective March 16, 1990, any contract and/or agreement made by or voted on by the Goffstown School Board involving teacher, administrative, support staff or SAU#19 personnel salary or benefit changes must be submitted in warrant article form to the voters of Goffstown School District for their approval at their School District Meeting in March. (As petitioned by voters.)

Moved by Donna Kelly, 2nd by Rodger Grace. Mrs. Kelly moved to pass over this article. She also explained that last year a 3 year contract was negotiated and the first year of that contract was brought before the voters last year and was passed. This year, in the budget line, is the contract for the 2nd year which we just voted in tonight. We do not go ahead and make the decision what to give the teachers without the governing body's vote. Mod. asked for vote to pass over this article. Voice vote with loud YES, two discernible NO's. Mod. declared the article "passed over."

**ARTICLE 10.** Be it resolved we the residents of the Goffstown School District find the State of New Hampshire to be negligent in the funding of Public Education, thus creating an undue burden on the local property taxpayers. We demand that the State of New Hampshire Legislature begin in earnest to study methods for substantially increasing State aid to education.

The moderator declared that he would step down because of his being involved at the State level as a State Representative. Ass't. moderator Gossett McRae presided on this art. Moved by Donna Kelly, 2nd by Rodger Grace. Jeff Snay stated he thought this to be a federal problem, and that the school board should join with the Claremont school board to file a class action suit against the State of NH and the federal government.

Mr. Kincaid — stated the State does not have the money and the State might come up with a new type of tax along with their own set of rules. He advises a vote against this article. Mr. Pokigo has grave reservations against this type of art. and asks, “is the School Board behind this article?” Mrs. Kelly said, “Yes” — Mr. Pokigo asks how does the board propose that they come up with this money? Mrs. Kelly responds that they would look at the education in the State of NH and ask the State to revamp some of the ideas they have so the funding that is promised to education is not taken away and used on other State projects. “We do not propose a new tax.” Alice Tirrell Knight stated that the State did not cut the money to the schools this year. Mrs. Kelly also said, “let’s tell the Legislature to really look into and come up with a way to fund education.

George Fullerton — states that the property tax system is “colonial” and is in favor of a broad base tax, a state income tax. Should pay by “ability to pay.”

Kathy Ball asks how are these demands made to the State Legislature?

Mrs. Kelly — the vote tonight will advise the State how we feel, then a letter from the School Board and the second step would be up to the Legislative body to come up with the solution. Also, advises that you get in touch with your legislature.

Mr. Robert Wheeler stated re: the State, “if you mandate, you send the check” if there is an article in the Constitution; and if you don’t get the check, we don’t obey the rules. Also, that we should join in with other school boards and municipalities that have made that statement. Mr. D’Avanza concerned with this article; after voting in the budget and then going to the State to have them reimbursed to us what we cannot afford. He lived in NJ when they passed a rescinding 2% sales tax that was never rescinded and today is now 7%.

Mr. Carrel moved the question, 2nd by Jess Shapiro — voice vote unanimous to stop debate. Moderator asked for the vote on the article — both YES and NO sounded the same. Moderator asked for a standing vote . . . YES = 199 — NO = 202. Moderator declared that Article #10 defeated.

**ARTICLE 11.** To see if the Goffstown School District will vote to authorize the School Board to acquire by exchange, taking or other appropriate means, a certain parcel of land located on the southerly side of Lauren Lane known as Tax Map 8, Block 74, Lot A, for the public purpose of completing an access road to Tibbetts Hill School; and, if appropriate, to further authorize the School Board to exchange the aforesaid parcel for a lot not to exceed 2.5 acres in size to be subdivided out of the Tibbetts Hill School parcel; and to further authorize the School Board to take such other action as may be necessary or appropriate, including execution of documents and obtaining state and local approvals, to finalize such transfers of property; all monies necessary to carry out the foregoing having been raised and appropriated by vote of the Goffstown School District in March 1989.

Moved by Sue Tremblay, 2nd by Barbara Simons. Mrs. Tremblay explained that this article would give the School Board the authority to acquire property near the Tibbetts Hill site that is needed to get a road on and exchange what is not needed at the other end of the property so funds would not have to be expended for land that is needed for the road. Mr. Wike — asked — what land is being spoken of: Mrs. Tremblay; we need a piece of property on Lauren Lane and would like to exchange a piece of property further down on Tibbetts Hill Road at the other end of the property the school is being built on. She stated Mrs. McRae owns the piece of land needed and will exchange a building lot on Tibbetts Hill Road with no exchange of money. Moderator asked for the vote — voice vote unanimous in the affirmative. Moderator declared the Article passed.

**ARTICLE 12.** To see if the Goffstown School District will vote to authorize the School Board to take all necessary action, including the execution of appropriate documents, for the purpose of adjusting any disputed boundary lines between the 60+ acre Tibbetts Hill School property and parcels of land located adjacent thereto, all monies necessary therefore having been raised and appropriated by vote of the Goffstown School District in March 1989.

Moved by Barbara Simons, 2nd by Sue Tremblay. This article is similar to Art. #12. This is for small pieces of Property along Tibbetts Hill Road for right of ways for waterlines, sidewalks, etc. needed for the new school. Peter Georgantas asked what little pieces of land is needed and who will they affect? Mr. Kinder stated that this will affect everyone along Tibbetts Hill Road and stated that he and Mr. Georgantas have had previous discussions re: negotiations and whatever action is needed to take the property. Mr. Kinder stated that he is wrong and that this does not relate to Peter's property. It relates to a piece of property further up the road where there is an encroachment over a boundary line of an existing building and the school's property — this is to correct that boundary line.

Mrs. D'Avanza — not satisfied with wording of this article, that it should state what Mr. Kinder said and that it should be amended. Mr. Kinder says the intent of the art. is clear. Mod. asked the vote — voice vote unanimous in favor. Art. declared passed.

**ARTICLE 13.** To transact any other business that may legally come before this meeting.

Moved by Sara-Ann Sarette, 2nd by Charles Carr to adjourn the meeting. Moderator declared the meeting adjourned at 10:08 p.m. after the unanimous voice vote in the affirmative.

# INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board  
Goffstown School District  
Goffstown, New Hampshire

We have audited the accompanying general purpose financial statements of the Goffstown School District and the combining and individual fund financial statements of the School District as of and for the year ended June 30, 1990, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Goffstown School District at June 30, 1990, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1990, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

August 21, 1990

## ADMINISTRATION

Acting Superintendent of Schools	Owen P. Conway
Business Administrator	Benjamin H. Hampton
Assistant to the Superintendent for Special Needs	Carol A. Kingston

**GOFFSTOWN ANNUAL SCHOOL HEALTH REPORT**  
**September 1989 - June 1990**

**Bartlett School**

Bartlett School had an enrollment of 250 students last school year. These pupils were screened routinely for vision and hearing. They were also weighed and measured to monitor their growth and see how they compare with the acceptable guidelines for their age. In addition, the fourth graders were seen by our school physician, Dr. Caron, for scoliosis screening, as well as an abbreviated physical.

The school received services from the visiting nurses three times during the year for an immunization clinic; a public service and a great asset to our community. We welcomed students from the Voc. Tech. Each spent a day at the school learning hands on, the daily routine of school nursing.

Dental students also spent time at Bartlett, teaching each class about dental health and good oral hygiene. These students were well received by all, and this experience was an eye opener for many.

Respectfully submitted,  
Jeannine C. Laroche, R.N.

**Maple Avenue Elementary School**

The 1989-1990 school year began with an enrollment of 456 students and ended with 452 students.

During the first few weeks of school, all the students were checked for pediculosis (head lice) with the help of P.F.T. volunteers. Vision and hearing screenings were also done on all students. Throughout the year, height and weight measurements were taken. Parents were notified of any potential problems that required referral to a physician.

The immunization survey for the State of New Hampshire was completed. This consisted of reviewing immunization records to make sure that they were in compliance with state immunization laws. The 9 students who needed further immunizations were updated after parental notification.

Daily medications were administered to six students throughout the year along with many temporary medications. Daily monitoring of blood pressures and blood glucose levels were done on two students.

All fourth grade students had their blood pressures checked; Dr. Norman Caron, the school physician, completed school physicals along with scoliosis screenings on 53 fourth grade students whose parents gave written consent for the physicals.

Respectfully submitted,  
Catherine Morin, R.N., B.S.N.

## **Upper Elementary School**

David Rouillard, School Nurse at Upper Elementary School, reports the school year 1989-90 ended with an enrollment of 335 students.

All student's health records were evaluated to be sure immunizations were in compliance with state laws.

All fifth and sixth grade students were given the opportunity to view an "age appropriate" film on puberty. Parents were sent home permission slips and cordially invited to attend. An open discussion followed each film.

Also, at the beginning of the year head checks for pediculosis were performed on all fifth and sixth graders.

As in the past, the school nurse continues to attempt to contact every absent child's parents. This is done for the child's safety.

It is my hope in the near future to show additional films on the hazards of cigarette smoking, nutrition and dental care. It is also my hope in the near future to screen each child for height, weight, blood pressure and scoliosis.

It has been a rewarding first few months. I hope to improve your child's health care by contributing not only my health services, but by teaching preventive health issues.

Respectfully submitted,  
David Rouillard, RN

## **Goffstown Area Jr./Sr. High School**

Our focus for this year's health program has been to promote wellness and all aspects of illness prevention.

Thank you to the many community agencies that have been most helpful in supplying services to the health program and outreach networks.

Manchester Visiting Nurses Association has supplied free immunization clinics at Bartlett School and at St. Lawrence Church Hall making this free service very available to our students and community.

Our school was again audited by the Bureau of Disease Control from the State Department of Health and Human Services. The following is the final report of this audit.

STATE OF NEW HAMPSHIRE  
DEPARTMENT OF HEALTH AND HUMAN SERVICES  
DIVISION OF PUBLIC HEALTH SERVICES

Mr. William H. Marston, Principal  
Goffstown Senior High School  
27 Wallace Road  
Goffstown, NH 03045

Dear Mr. Marston:

Recently I audited immunization records on a select number of students in your school. I appreciated working with your two nurses, Doris Bailey and Ann Gamache.

All of the 112 records audited school wide were accurate by New Hampshire immunization standards. This, of course, reflects 100% compliance, a worthy achievement!

I commend you, Doris and Ann for your protection of these High School citizens. Do not hesitate to telephone if I can be of any assistance to you or your staff.

Sincerely,

Constance S. Cascini, RPHN  
Immunization Program  
Bureau of Disease Control  
NH Division of Public Health

cc: Doris Bailey, RN  
Ann Gamache, RN

All seniors graduating from Goffstown High were given an immunization card and audit. This is a necessary prevention program needed by students and adults.

The Visiting Nurses Association was helpful in setting up a pilot program for pregnant teenagers and teenage parents. The Visiting Nurses have been helpful for advice and consultation when needed.

Health Options was most helpful for the research they contributed for the socialization curriculum presented to the special needs students.

In recognition of "Health Awareness Week" a healthful change of pace breakfast was offered for all staff members. Our notice is included:

#### "NOTICE"

To All Staff Members:

For a healthful change of pace, breakfast will be offered on Friday, March 9.

Join us in Caf B at 7 a.m.

This is offered in observance of Cancer Prevention Month and co-sponsored by:

Ann Gamache  
Doris Bailey  
American Cancer Society  
Mrs. Enman and Staff  
Mrs. Goode and Home Ec. Classes and Students

Nursing students from St. Anselm College and the New Hampshire Technical College at Manchester were here observing school nursing. This experience is part of their public health curriculum.

Our health assessment was conducted at appropriate grade levels and parents were contacted if any problems were noted. The health assessment consists of blood pressure screening with a reminder of what the student can actively do to maintain a normal blood pressure. Height, weight, vision, hearing and scoliosis screening were included. The student's diet and rest habits are discussed and healthful advice given. Lack of breakfast is still a number one problem.

Sports physicals were completed on students wishing to have a free examination. Dr. Norman Caron was attending physician. A free physical is offered each May for students wishing to participate in competitive sports. This also includes cheerleaders and managers. This physical covers the school year for all sports.

Seminars and workshops attended during the year were held at Lake Shore Hospital, St. Anselm College and the Manchester Visiting Nurses Association.

Respectfully submitted,  
Doris Bailey, R.N.  
Ann Gamache, R.N.

**MAPLE AVENUE ELEMENTARY SCHOOL**  
**Marc A. Boyd, Principal**

It is extremely difficult to write an annual report for the Maple Avenue Elementary School. The school is so alive with programs, activities, and people that enhance the education of the children. No one-page annual report can do "justice" to what happens at the Maple Avenue Elementary School during the course of one year.

The 1989-1990 school year was one of construction. The children and staff had the opportunity to literally watch the construction of our new addition, which was occupied in September of 1990 (but that's for another year's annual report). It was both a pleasant and annoying experience for all. While the anticipation of the new building and the actual construction company were wonderful, the daily operation of the school was an experience in itself. I must commend the entire staff and students for their tolerance during the construction. Their flexibility and general willingness to help make the ordeal a positive experience for all.

We averaged 456 students throughout the year within nineteen classrooms for an average class size of twenty-four students.

The 1989-1990 school year brought the following staff members to the Maple Avenue Elementary School:

Linda Garland - Guidance  
Linda Kettenring - Reading Specialist  
Nancy Stehno - Affective Ed. Teacher  
Linda Mack - Librarian  
Cathy Morin - Nurse  
Susan Fischer - Acting Secretary  
Carol DeSchuiteneer - Cafeteria Worker  
Donna Magarian - Cafeteria Worker  
Tony Walker - Custodian  
Bev Robie - Special Education Aide  
Muriel Tyler - Special Education Aide  
Lorraine St. Laurent - Federal Grant Aide

With the close of the 1989-1990 school year the following individuals left the school staff:

Ken Roy - Physical Education  
Lynda Byam - Special Education Aide  
George Harradon - Custodian

It must be noted that George Harradon retired in June of 1990 after devoting 22 years as a custodian at the school. We all wish George a long and healthy retirement. He will be missed at the school.

There are just so many activities, programs and people that I should recognize in the next few paragraphs that help create the positive learning environment we have at the school. It would be impossible to list them all but I shall try to reveal a little of the "tip of the iceberg".

The volunteer program at the school is incredible. Last year we documented a minimal of 2,000 hours of volunteer time by the parents, guardians and community members at large. This staggering amount of time not only speaks for the commitment of the community to the children's education but for the staff's willingness and support of working with the parents in a joint effort to meet the educational needs of the children.

The volunteer program, coordinated through the Parent Faculty Together organization, was responsible for the success of a number of programs at the school. One in particular was the "Publishing Center". Through the efforts of the staff, students and volunteers, over 1200 books written by the children were typed and bound or, in other words, "published" during the course of the year.

For "I Love to Read and Write Week" we had a Read-In where dignitaries from around the state were invited to the school to read a story to one of the classes. Governor Gregg, Miss New Hampshire, Nacky Loeb, Tom Bonner of Channel Nine, School Board Members, local town officials and a host of others spent the day reading their favorite children's stories to the children.

On Earth Day a giant parade was held through the center of Goffstown by the children. Each class represented what can be done to protect our environment. The parade was the culmination of many weeks' worth of classwork by the children on the environment.

Our Spring Literacy Festival provided the children with a forum to exhibit the books they have written and to meet with actual people who write for a living. During the Festival, the children had the opportunity to discuss writing with a published author, Laura McCarthy. They also had the opportunity to speak and discuss writing with people throughout the state who write for a living in small groups.

Mrs. Hazelton, our music teacher, helped the children provide the music for the third grade Thanksgiving program, the fourth grade Holiday program and the Memorial Day program.

How could I leave out the most joyous day of the year for the children—Spring Fling! Well, I could continue at great length, but for the sake of time and paper, I will conclude with the following:

During the three years as principal at the school, I am continually amazed by the commitment to education by the community and parents. I am also impressed with the quality, sensitivity and desire to meet the emotional and educational needs of the children by the school staff. Your children are extremely fortunate to have the caliber of people working at the school and we are extremely fortunate to have your wonderful children to educate.

## **BARTLETT ELEMENTARY SCHOOL**

**Leon J. Cote, Principal**

The decade of the 90's will continue to elevate our educational process both in computer technology and educational basics. We at Bartlett School are a unified faculty that strives towards educational excellence for all our students while we are bridging education to the future. Grade one teachers are Mrs. Rebecca Audley, Miss Patricia Albanese and Mrs. Mary Lane. Mrs. Lee Duncan and Mrs. Leila Lavigne are second grade teachers with many years of continued service. Third grade teachers are Miss Priscilla Letendre, Miss Maylene Kloza and Miss Diane Sullivan who had been teaching one of our fourth grades. Teaching fourth grade is Mrs. Rita LaRocca and Mrs. Julie Belbin. Mrs. Mary Lane and Mrs. Rita LaRocca are co-coordinators of our classroom computer programs.

During the crisis in the Middle East, Bartlett School including staff, students, Community Club and parents have adopted the 94th Military Police Unit and will correspond with them during their tour of duty in Saudi Arabia.

Mrs. Barbara Carbonneau and Mrs. Anne-Marie Kalinski are special education teachers assisted by Mrs. Donna Perozzi and Miss Katherine Caneveri respectively. Mrs. Carbonneau's class meets for a full day and Mrs. Kalinski has a morning and afternoon pre-school session. Mrs. Cynthia Horan is the Occupational Therapist servicing our special education students. Special service teachers are: Mrs. Jeanne Paskevich, speech; Mr. Eugene Crews, resource room, assisted by Mrs. Mariam Brown who is new to our staff; Mrs. Georgia Paris, Chapter I; Mrs. Julia Webb, reading supervisor; Ms. Cheryl Giffen, guidance counselor and Mrs. Jeannine Laroche, school nurse.

The students have a weekly physical education class taught by Mrs. Candance Champagne and an art class once a week taught by Mrs. Lisa Plourde. Many of the class art projects decorate our corridors during the school year. Our music teacher is Mrs. Melanie Hazelton who meets with each class once a week. She has had the students perform for in-house assemblies for various holidays.

Mrs. Linda Mack is school librarian for Bartlett School. We share Mrs. Mack with Maple Avenue and Upper Elementary Schools. Volunteers from the Bartlett Community Club give many hours on a scheduled weekly basis working in the library. We are grateful for their service.

Daily nutritious lunches are prepared in our kitchen and served daily by Mrs. Cecile Lampron and Mrs. Lorraine Pinard.

Mr. Donald Champagne, custodian, is responsible for keeping the building clean. Mrs. Ruth Myers, secretary, will assist you on many school matters.

I am very pleased with the parent/teacher interaction which exists in our building which benefits the children. Parents visit and meet their child's teacher at our annual open house in the fall. This is always well attended and a successful event. Teachers encourage parent/teacher conferences as necessary during the school year.

I would like to thank the Bartlett Community Club for their continued support in providing outside assemblies, field trips and the end of the year Fun Day for our students.

This is the last school year that we will be educating fourth grade students with the opening of our new middle school in September 1991. Grades 4-8 will be attending the new school on Tibbetts Hill Road.

We, the entire staff at Bartlett School, are very grateful to the citizens of Goffstown for their continued support of our fine school. Thank you.

## **UPPER ELEMENTARY SCHOOL**

**William E. Brendle, Principal**

This year has been a year of transition, preparation and anticipation at the Upper Elementary School.

The teachers have attended many of the New England League of Middle School workshops. These workshops deal with the many aspects of middle school education. Some of the topics dealt with by these workshops have addressed the following topics: Heterogeneous grouping in the Middle Schools; Teaching Reading in the Middle Level; Important Health Messages; Advise/Advisor Programs; Developing Effective Teaching Plans; Scheduling in the Middle School; Teaching Mathematics in the Middle School; and Teaching Reading in the Middle School.

A number of seminars have also addressed the transition from the Elementary school to the Middle school.

Two annual conferences take place each year sponsored by the New England League of Middle Schools. We have teacher representation from grades 5, 6, 7 and 8 who have attended these conferences in the past and will be attending this year.

The other, the Unified Arts Conference, involves the teachers of Music, Art and Physical Education and deals with their roles in the middle school. Our teachers in these areas have attended these conferences.

Our Staff Development days have been planned to address the concepts and philosophies of the middle school. We have had workshops on cooperative learning that have been most helpful to staff members.

The teachers have been working in clusters and doing cooperative learning techniques with the knowledge gained from their conferences, workshops and seminars. Their successful transition to the new middle school should be greatly enhanced.

As the time draws near for the change and move to the middle school, the mood seems to be one of anticipation and excitement. By the end of the school year, our staff should be comfortably prepared for our new middle school opening.

### **MIDDLE SCHOOL** **Stephen O'Neil, Principal**

Over the past years the Town of Goffstown has devoted hundreds of hours in a community wide effort to develop the concept of Middle School education. Now, as we see these plans come to fruition, a new Middle School on Lauren Lane at Tibbetts Hill exists and serves as a "bridge to the future" for the nine hundred and fifty students who will begin the upcoming school year there.

With this opening of the new Middle School, parents, teachers, and students will begin a new experience! As we bridge the future with a new facility, we also bridge the elementary and the Middle School student to the secondary level of education. The uniqueness of being in "The Middle" requires a distinctly different format to achieve success. First and foremost, a true middle school should have a mission statement which sets the tone for the total educational environment. All programs exist to perpetuate the philosophy which then produces a "self-enhancing" school. Our learning environment at the Middle School should evolve from the unique needs of the adolescent. The varied rates of social, emotional, physical and cognitive development require that a level of acceptance and a sense of caring exist for all students. The administration, faculty, staff, and parents will serve as the adult role models and set the tone to create an atmosphere for our Middle Level learners to grow, develop and experience success. Our Middle School instructional programs will be geared to develop positive self-concepts through affective interventions. A student centered focus of instruction designed to teach transferable skills will promote the self-worth one needs to continue as a successful learner.

Following the warm fall and mild winter season, the building project is on schedule. Both the interior and exterior work should be completed for the opening of school in September 1991. With the dedication to this project by citizen committees, the architect, the clerk of the works, and contractors, we envision this timely progress to continue. During the upcoming spring months many significant tasks will be addressed ranging from developing the class schedules, design of grade level teams, and developing hand-books and reporting procedures, to name just a few. We will also be developing strategies to keep parents and the community informed of our day-to-day activities and after school programs. We look forward to working with our parents and the Goffstown community to create a Middle School that we can all be proud of.

We are honored to bring the rich traditions of the past to our new facility. It is our hope that this dedication to quality education by the Goffstown community will continue to serve our future generations of students.

**GOFFSTOWN AREA HIGH SCHOOL**  
**William H. Marston, Principal**

This has been a busy year and one with difficult challenges. We, along with numerous other schools and communities, have begun to identify and agree to directions for the future. This, at a time when our economy has changed significantly and the threat of a Middle East crisis makes for much uncertainty.

We have worked closely with Mr. O'Neil, the new Middle School Principal, in formulating a plan for the opening of the new school at Tibbetts Hill. Staffing, program emphasis, building readiness, staff training, etc. have all required much cooperation and effort on the part of many people here at the area High School as well as at the Upper Elementary and Bartlett Schools. Having Mr. O'Neil here at this building and sharing our office space has allowed us to more effectively work and plan together. We are excited about the new opportunities awaiting our Junior High School students and faculty beginning in September of 1991.

The school improvement process so enthusiastically reported to you in last year's report continues to be, in my opinion, the vehicle for positive change. However, with the reality of significant budget cuts and teacher layoffs for 91-92, morale has suffered. Action plans intended to improve specific aspects of the school may find more difficult "sledding" as we grapple with the impact of budget cuts on staffing patterns, instructional accounts, etc.

The monthly *Newsline* has been well received by many of you and continues to receive very positive comments about its purpose and content. There are plans to improve on format, and to expand content for another school year.

The first edition of the *Grapevine*, a student newspaper, was issued in December and brings to reality yet another goal in our plan to provide a forum for student news and opinions. A very special thank you to Pat Merrill and Janet Bartels who as parents have assumed the advisorships for a most challenging project. We are very grateful and feel very fortunate to have such committed parents.

I have felt for a long time that our regular education students need a place to go during the school day to receive extra help and/or tutorial services in a particular subject or subjects during their study time. Beginning last September we began a pilot program called Scholastic Lab. This lab is staffed by regular faculty and is available to students who need additional support. A student can request such support, or be referred by a teacher, counselor, or parent. The purpose of this program is to help reinforce classroom learning and provide an opportunity for regular education students to receive timely support and help.

The Parent Advisory group continues to meet on a monthly basis and parent representation is slowly increasing in numbers. Specific ways in which parents can help with school improvement are being discussed and prioritized. To date the group has discussed many issues and concerns and heard from several student organizations about their feelings regarding school environment, strengths and weaknesses, etc. We need your involvement too!

Beginning with the third ranking period of the current school year, mid-term progress reports will be issued to all students rather than to just those experiencing academic difficulty. The parent advisory meetings identified a strong desire on the part of parents for this to occur. We agree.

Perhaps the greatest challenge to the High School during the rest of this decade will be our commitment to increase instructional effectiveness for all students. As research continues to identify the different learning styles of individuals, we as administrators and teachers must be willing to add new instructional approaches and to critically review the traditional ones.

I wish to extend my appreciation to Mr. Conway, Mr. Hampton and Mrs. Kingston of the Central Office for their support, encouragement and leadership. The faculty and the support staff continue to meet the challenges of each school day with skill, dedication, humor and cooperation. I am very proud to be their principal. And, as always, a special thanks to parents and students who take an active, responsible and cooperative role in the affairs of the school. Our students are among the very best. And, finally, a special thanks to our school board members who work long and hard to help improve our schools.

# **REPORT OF THE SUPERINTENDENT OF SCHOOLS**

## **Owen P. Conway, Acting Superintendent**

The information provided by each of the individual reports comprising the report of the Goffstown School District represents a substantial commitment to change, innovation, and progress.

All schools have been affected by the long-awaited opening of the middle school at Tibbetts Hill. The transfer of grades and faculty represents not only a physical change, but an organized shift of our educational program and direction to better meet the needs of the students in the middle grades. It is a testimony to the dedication of our citizens, parents, teachers, administrators, and School Board members that such a significant project is nearing completion.

Although the concrete focus has been on the new middle school, the project itself has afforded an opportunity for all schools to begin to define their role within our entire school system. Progress has been made in this regard and this development will continue to receive maximum support and attention in the ensuing years.

A resolute dedication to the needs of our students has characterized my association with the staff, administrators, and School Board members in the past several months. That association has been deeply rewarding and meaningful to me. The prospect of continuing that relationship and serving the students and citizens of Goffstown as Superintendent of Schools is especially rewarding.

# SCHOOL BOARD REPORT

On behalf of the Goffstown School Board I would like to thank the people of Goffstown for their encouragement and support this past year. As reported by the Building Committee Chairman our new school at Tibbetts Hill is progressing well and is expected to open on schedule in September '91. The Board has worked hard to present the town with a responsible budget this year. Our commitments to the bond issue, increased retirement costs mandated by the state and the third year of our negotiated teachers' contract have added to the bottom line. However, the Board has responded by a reduction in the program cost of more than \$150,000 over last year's figure.

We would like to introduce our new Superintendent, Owen Conway and Business Administrator, Ben Hampton to the SAU #19 Staff and wish them well in their new endeavors. The Board would like to express its appreciation and gratitude to Sara-Ann Sarette for her many years of hard work on the Board. Additionally, the Board would like to express its congratulations and appreciation to Bill Brendle, Principal of Upper Elementary School, who is retiring this June after 29 years of service to the children of Goffstown.

We are about to embark on a new era of education in Goffstown. After many years of portable classrooms and our Jr. High causing overcrowding at the High School, we will now have a new facility which will give us the capabilities to provide the best quality education for the children of Goffstown.

Elin B. Kinder, Chairman  
Goffstown School Board

## GOFFSTOWN SCHOOL BUILDING COMMITTEE REPORT FOR 1990

1990 was an extremely busy year for the Goffstown School Building Committee. It is hard to believe that it was only two years ago in March of 1989 when the School District meeting approved a \$12.9 million bond issue for the construction of a new school on Tibbetts Hill Road and a substantial addition to the Maple Avenue School and improvements to the Bartlett School. The final design work for these various projects was a tremendous task and was largely completed during 1989. This left the actual performance of the work for 1990. The fact that all of these projects have proceeded on schedule is a tribute to the many teachers and administrators who have worked on this project, our architect, Earl Flansberg and Associates, our construction manager, Bonnette, Page & Stone, and all those who have worked with us to make these projects a reality.

The Maple Avenue addition was completed on time and on budget and was available for school opening in September 1990. I am sure that all those who have had an opportunity to see it have been pleased with the quality and workmanship in the new addition. It is representative of the quality and workmanship which will also be a part of the new Middle School.

Improvements to the Bartlett School are still being worked on. Unfortunately, the new lift was not available for school opening in September, but work is nearing completion.

The off site work in the Tibbetts Hill Road vicinity proved to be one of our most difficult and frustrating tasks of this project. This was largely due to our efforts to try to come up with a solution for road construction which would satisfy all interested parties. We believe that the final design has accomplished that, although not without some delay and redesign efforts. As of this report, the hump in the road in Center Street has been removed; the intersections at Tibbetts Hill Road and Center Street and Tibbetts Hill Road and Lauren Lane have been improved; the water line has been installed in Tibbetts Hill Road; and Tibbetts Hill Road and Lauren Lane have been provided with a base layer of pavement. During 1991, the finish layer of pavement will be provided to all of these areas and final grading, curbing and sidewalks will be completed.

Extensive work has been completed on the new Middle School. The two classroom wings and the center core facility have been closed in on schedule so that work can proceed inside the building during the winter. Much of the on site grading work and construction of athletic fields has been completed. Unfortunately, we were unable to accomplish final grading and seeding of the athletic fields this Fall as we had hoped. However, the project is on schedule and on budget and we are very excited about the quality of the facility which the Town of Goffstown will have at this school.

In September of 1989, the building project sold its first bonds. Five million dollars worth of bonds were sold at an interest rate of 6.9%. In August of 1990, the project sold the remaining bonds, \$7.9 million worth of bonds at 6.8%. We were very pleased that the interest rate on these bonds was significantly less than the 8% which we had estimated when this project was presented to the School District meeting in March of 1989. This savings on the interest rate will save this project over \$1.5 million over the twenty year life of these bonds. On June 30, 1990 the building project returned \$237,000 to the School District which represented interest income earned on the investment of the proceeds from bond sale. As many of you will recall, the building project had committed to the March, 1989 School District meeting that it would return all income earned on proceeds from the bond sale. The building project expects to turn over in excess of \$200,000 in additional interest income earned in 1991.

In conclusion, the Building Committee is very pleased with the progress made on the school building project in 1990. All of the aspects of the project will be completed by September of 1991 within the \$12.9 million budget. The tax impact of the school building project will be less than was estimated at the March, 1989 School District meeting. The project has accomplished much needed improvements at the Bartlett School and has completed a wonderful addition at the Maple Avenue School. The new Middle School will greatly improve the physical plant for education in Goffstown, and accomplished the much needed retirement of the Upper Elementary School. The building of this facility also will add years to the life of the high school by transferring the seventh and eighth grades from the high school facility to the new school. As additional benefits, the school building project accomplished off site improvements on Center Street and Tibbetts Hill Road which have long been overdue. Also, the Upper Elementary school building will be turned over to the Town of Goffstown for use by the Town or for sale as the Town sees fit.

Respectfully submitted,  
E. Tupper Kinder, Chairman  
Goffstown School Building Committee

**GOFFSTOWN SCHOOL DISTRICT WARRANT**

**1991**

**Election of Officers**

**THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the School District in the town of Goffstown qualified to vote in District affairs:

YOU ARE HEREBY NOTIFIED TO MEET ON TUESDAY, THE TWELFTH DAY OF MARCH, 1991, AT THE GOFFSTOWN AREA HIGH SCHOOL, EXCEPT THOSE WHO RESIDE IN THE FIFTH DISTRICT VOTING PRECINCT, WHO ARE NOTIFIED TO MEET AT THE BARTLETT SCHOOL IN SAID PRECINCT, AT SEVEN O'CLOCK IN THE FORENOON, TO CAST BALLOTS FROM THAT HOUR OF SAID DAY UNTIL SEVEN O'CLOCK IN THE EVENING FOR THE FOLLOWING DISTRICT OFFICERS:

1. To choose three members of the School Board for the ensuing three years.
2. To choose one member of the School Board for the ensuing two years.
3. To choose a Moderator for the ensuing three years.
4. To choose a Clerk for the ensuing three years.
5. To choose a Treasurer for the ensuing three years.

GIVEN UNDER OUR HANDS AT SAID GOFFSTOWN THIS FIFTEENTH DAY OF FEBRUARY, 1991.

SCHOOL BOARD

# GOFFSTOWN SCHOOL DISTRICT WARRANT

1991

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Goffstown qualified to vote in District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE GOFFSTOWN AREA HIGH SCHOOL IN SAID DISTRICT ON THURSDAY, THE FOURTEENTH DAY OF MARCH, 1991, AT SEVEN O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS:

1. To determine and appoint the salaries of the School Board and fix the compensation of any other Officer or Agents of the District.
2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
3. To see if the District will vote, under the provisions of RSA 198:20-B, to authorize the School Board to apply for, accept, and expend without further action by the School District Meeting, money from any source which becomes available during the 1991-92 school fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money. Further, that the School Board hold a public hearing prior to spending such money.
4. To see if the District will vote to raise and appropriate the sum of Eighty-One Thousand Five Hundred Dollars (\$81,500.00) for the removal of asbestos and replacement of asbestos insulated pipe fittings and floor tiles at the Goffstown Area High School and for the removal and replacement of asbestos floor tiles at the Maple Avenue School. (Not recommended by Budget Committee)
5. To see if the District will vote to raise and appropriate the sum of Seventy-Four Thousand Dollars (\$74,000.00) for site improvements to include the removal of existing paving; grade and install gravel base; compact; pave; install curbs and a resilient play surface at the Bartlett Elementary School. (Recommended by Budget Committee)
6. To see if the Goffstown School District will vote to reduce salary increases in the 110 lines by a total of \$661,452.00. (As petitioned by voters) (Not recommended by Budget Committee)
7. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town, or to take any action in relation thereto.

8. To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS AT SAID GOFFSTOWN THIS FIFTEENTH DAY OF FEBRUARY, 1991.
