To the inhabitants of the town of Haverhill qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said town on Tuesday, the 10th day of March, 1925, at ten o'clock in the forenoon, to act on the following matters:

Article 1. To choose a town clerk.

Article 2. To hear the reports of the selectmen, treasurer, cemetery commissioners, and any other town officers heretofore chosen, and to pass any vote relating thereto.

Article 3. To choose one selectman for the term of three years, a town treasurer, one or more highway agents, one or more auditors, one library trustee for the term of three years, one cemetery commissioner for the term of five years, one trustee of trust funds for the term of three years, and all other necessary town officers.

Article 4. To raise and appropriate money for the support of the poor.

Article 5. To raise and appropriate money for the construction of state trunk line roads.

Article 6. To raise and appropriate money for maintenance of state trunk line roads.

Article 7. To raise and appropriate money for the construction of state aid roads.

Article 8. To raise and appropriate money for the maintenance of state aid roads.

Article 9. To raise and appropriate money for removal of snow on trunk line and state aid roads.

Article 10. To raise and appropriate money for laying out, building and repairing highways and bridges.

Article 11. To raise and appropriate money to pay interest and principal of outstanding town notes.

Article 12. To authorize the selectmen to issue interest-bearing orders or notes to provide for current town expenses in anticipation of taxes, and to see if the town will extend for another year the authority granted the selectmen at the annual meeting of 1924 to issue notes or bonds covering the refunding of notes given in connection with rebuilding the Woodsville - Wells River bridge; and to pass any vote relating thereto.

Article 13. To raise and appropriate money for town libraries.

Article 14. To raise and appropriate money for Memorial Day.

Article 15. To raise and appropriate money for cemeteries in said town, and pass any vote relating thereto.

# Report of Selectmen

---

To the citizens and tax payers of Haverhill:

The Selectmen herewith submit their report for the year ending January 31, 1925, and on the following pages will be found the detailed statements.

## NEWBURY BRIDGE PAINTING

It was decided on inspection, by both the Haverhill and Newbury selectmen that this bridge needed painting. This job was advertised for bids and three were received, the lowest bid being \$1,750. We all considered this figure too high and concluded to have it painted by day labor, which we did at a saving of \$800.

## WOODSVILLE-WELLS RIVER BRIDGE

The Woodsville-Wells River bridge is now completed, two coats of paint being applied this year.

The law suit against the United Construction Co. in regard to the Woodsville-Wells River bridge came to a trial in the United States District Court, held at Montpelier, November last and a verdict for the full amount of the damages, assessed at \$53,642.18 was awarded the towns. The construction company carried the case to the court of appeals, and will be heard in the near future.

## STATE AID CONSTRUCTION

On account of Trunk Line Construction in 1923 no money was expended in the State Aid Construction during that year. The amounts raised in 1923 and 1924 was expended this year. 3350 feet of stone base road was built. Included in this piece of construction was a cement bridge. The total expenditure covering the construction was \$6,234.19 which in our judgment is the most road ever built in this town for the same

amount of money per foot, considering the distance the material was drawn. The trunk line and state aid roads have all been oiled and sanded this year.

## HIGHWAYS

During the past year we have been obliged to exceed the Highway appropriation. The amount of \$16,000. was raised this year for highways. One half of this is paid to Woodsville Precinct for their maintenance thereby leaving \$8,000. for the town highways. In our judgment the town highways can not be maintained in a satisfactory manner for this amount, for this reason we recommend that the sum of \$20,000. be raised for highways in 1925 which will give only \$2,000, more for the support of the highways outside of Woodsville.

During the past year we have built about 2000 feet of permanent road, most of which was stone base. We think this policy should continue. A new bridge was built at East Haverhill, also one at Haverhill. The old iron bridge at Pike was taken to number six district and put in the place of an old wooden bridge. All the iron bridges in the town were painted this year which was very much needed.

## FINANCIAL

During the past year we have increased the town indebtedness to the amount of \$6,509.58. The reason of this increase being the expense of the Woodsville-Wells River bridge law suit, the reduction in valuation of the Town Histories and other town charges for which no appropriations were made. The town owes no more money than it did a year ago. The increase of indebtedness is due to the decrease of our assets. We started the year with \$11,686.85 in the treasury and have been able to do the years business without borrowing any money. This has not been done before for a good many years.

We, the selectmen wish to call the taxpayers attention to the fact that there are very few uncollected taxes for the past three years. You will note that the

uncollected is on the decrease. The figure for 1922 being \$330.43, 1923 was \$207.54 and 1924 only \$58.28. From the total of the three years uncollected now remains the sum of \$88.05. We wish to express our appreciation of the efficient manner in which our collector has collected the taxes for the past three years.

Respectfully submitted,

JONAS N. BROWN  
ARTHUR E. DAVIS  
WESLEY G. WHITE,  
Selectmen.

# Annual School Report

## WOODSVILLE UNION HIGH SCHOOL DISTRICT REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Woodsville Union High School District:

I am offering the following for my fourteenth annual report.

The noticeable change in registration for the present year is the increased enrollment in the high school where there are 24 more pupils than at this time last year. There are 169 enrolled in the senior high, 58 in the junior high, and 219 in the first six grades, making a total of 446 pupils.

The following are the teachers of the district for the present year:

Senior High School: G. Hampton McGaw, Headmaster, French, Latin, and United States constitutional history; Carroll H. Lowe, Submaster, science and mathematics; Margaret G. Sheldrick, commerce; Maude A. Laurance, French, Latin, and English; Lillias R. Warren, English, history, and commerce; Nellie Bannister, English and mathematics; Martha H. Foster, domestic arts; Bertha C. Manchester, English and manual training.

Junior High School: Nettie W. McCoy, Principal, mathematics, history, music, literature; Martha Bishop, French, science, history, and literature.

Grades: VI, Helen Franklin; V, Mary Mitchell Mann; IV, Sda M. Cnossen; II, Harriet Pelletier; II, Lida R. Caldon; 1, Florence S. Lang; music, Alice M. Brown; school nurse, Lottie M. B. Underhill.

The report shows 29 pupils were not absent nor tardy during the year in the first eight grades. Grade VIII, Leo Christopher, Audrey Keyser, Lillian Mann, Sumner Miller, Harry Pettee, Esther Stoughton, Lyle Waddell, Frances White, Jessie Woodward; VII, Winifred Atwood, Mary Brown, Renato Castello, Dorothy Cummings; VI, Letezia Duca, Frances Mann, George Roy; V, Mabel Brill, Dick Martin, Raymond Atwood,

Leonard Prescott; IV, Bartlett Mann, John Fullerton, Neil Fullerton, Albian Weeks, Roland Thayer; III, Charlotte Boothroyd, Irving Brown; II, Nathan Brill, Liziebelle Powers.

The noticeable record for the year in attendance is the very small number of tardy marks. The total number in all schools was 191, less than half of the number for the previous year. When we contrast this record with that of a few years ago when the number of tardinesses ran above a thousand, we realize that the systematic and persistent attention of the teachers to this problem has given worth while results. The per cent of attendance in all schools was again 95. The grades had five no-school days and the high school six.

The adoption of a 38 week school year should add materially to the efficiency of the schools. Every year the school is called upon to perform a larger service in the community. More time must be allowed if the task is to be well done. No longer does it suffice to learn the three R's nor to memorize the pages of a text book. Other vital subjects hithertofore unemphasized are fast rivaling the so-called fundamentals in educating the child to take an active part in modern society and industry. The schools must teach healthful living, the duties of citizenship, the choice of a vocation, the responsibilities of the family and home life, how to use leisure time worthily, and character building. In our present social order no agency but the school can undertake this huge task and to accomplish it the school must change its aims and teachers must gain a bigger vision of their opportunities.

In grades four, five and six the teachers are carrying on a system of individual spelling where each pupil has his own list of words and is checked up by the teacher frequently. While this method is rather more exacting than the old on teachers, it enables each pupil to progress as rapidly as his ability and application permits. In the first year of the junior high, Miss Bishop is teaching for the first time a course in vocational civics. The purpose of this course is to give the boys and girls some knowledge of the opportunities which various common occupations offer. Indoor exercises and games and supervised recess periods are

now common to all grades. The field day held last June aroused a desirable interest among the boys and girls of all grades in competitive sports. Health supervision continues to show progress. Miss Underhill reported 157 cases of treatment during last year. The Woodsville Woman's Reading Club have generously supplied milk for those needy pupils who seemed undernourished. Health habits have been emphasized.

The grade school gave a successful public entertainment during the fall term and the proceeds have been used for pictures, bookcases, records, and equipment for in-door and out-door games.

The Woodsville Woman's Club have given \$10 to be used as first and second prizes in grade eight for excellence in English. This gift shows a commendable interest in the schools.

I call to your attention the appended report of Headmaster McGaw which gives somewhat in detail the outstanding features of the work being done in the high school.

Respectfully submitted,

Norman J. Page.

## REPORT OF THE HEADMASTER

---

To the Superintendent of Schools:

I offer herewith my seventh annual report of the Woodsville High School, covering the year ending on this date.

The recent registration is the largest yet recorded in the history of the school, one hundred and sixty-nine pupils having enrolled this year. There are seventy-six boys and ninety-three girls; four post-graduates are taking commercial studies; the senior class has thirty members. Forty-four recent graduates are in school or college; this is about forty per cent of graduates of the last four years. There are fifty-eight tuition pupils.

It is worthy of note that from the Eighth grade every graduate, except one who moved from town, entered the local High School; and that during the summer vacation only two pupils left High School, both of these moving from town and entering school at their new residence. Also, last September there returned to

High School six pupils who for various reasons had dropped out of school during the previous year.

The program of studies remains in general as it was last year. Review periods once a week for the studies of the elementary grades have been introduced. The aim of this work is to keep fresh in mind the fundamentals of spelling, arithmetic, geography, and grammar.

The addition of one extra teacher this year, making eight in all, has allowed a better arrangement of the daily program, the inclusion of several new classes, and the division of groups formerly too large. The year has been lengthened by two weeks, thus giving at least one hundred eighty recitations in every subject, excluding holidays and other special occasions.

Twenty-four pupils were graduated on June 13, 1924—Dorothy M. Blake, Adell N. Blodgett, G. Dean Cochran, Amy B. Downing, Chester W. Downing, Raymond E. Downing, Hazel L. Hardy, Lillian M. Hutchins, Ethelyn B. Lane, Eleese V. Lowe, Gwendolyn M. McMeekin, Adine E. Nelson, Barbara W. Page, Theda O. Page, Russell J. Plummer, Alfred E. Rosa, Alice T. Rosa, Helen L. Sault, Haines K. Schoff, Ralph M. Stone, Miriam C. Sweet, Myrtle B. Tracy, C. Jeanette Weeks, and Lulu B. White. First honor was taken by Dorothy Blake, and second honor by Barbara Page. The Alumni Attainment medal was awarded to Barbara Page.

Prize Speaking was held on May 2, 1924. First prizes were awarded to Henry Connolly and Alta Colby, and second prizes to Roger Downing and Margaret Bailey.

The other extra-curricular activities have continued to prosper—Lyceum, orchestra, interscholastic debate, Cycle, Education Week program, Alumni Association, baseball and basket ball.

Much to be commended are the record of attendance, and the spirit of willingness to take part in school activities. We yet need the elimination of detrimental habits, such as smoking and too many evenings of idleness instead of diligence in preparing school work; more eagerness to learn, rather than merely going to school; better care of books and equipment, with requirement that those who heedlessly damage

property be made to pay for the same; a locker room where pupils may keep clothing and lunch safe and sanitary.

Respectfully submitted,  
G. H. McGaw.

## REPORT OF THE SCHOOL BOARD OF HAVERHILL

---

The undersigned members of the Haverhill School Board desire to call the attention of the voters and taxpayers to the various reports covering the activities for the past year.

The reports of our Superintendent and of the New Headmaster of Haverhill Academy are especially designed to furnish the voters with the extent of progress made at the various schools.

During the past year quite a number of minor repairs and improvements were effected at the different school houses. At the Haverhill Academy extensive alterations were made in the way of putting in a new floor in the attic, providing double windows in the basements, and tightening all the windows in the building for the purpose of securing a more satisfactory heating result.

The entire outside of the Pearson Hall building was painted, and Mrs. H. M. Scott of Evanston, Ill., the daughter of the late Mr. J. H. Pearson, very generously contributed the sum of \$100.00 towards the expense. Mrs. Scott also donated a large sign which was placed over the entrance of the Hall. In the interior of the building the entry - halls and stairway walls were painted, and the domestic science (Dining Room) and Laboratory rooms were renovated.

At the Talbirt Place which is at present sublet to Mr. Jas. Barber, repairs were made on the roof and the rooms were re-papered and painted.

At North Haverhill School Building the water question still gives considerable trouble. Last winter we were confronted with frozen water-pipes and in order to avoid a similar occurrence this winter a large amount of grading and banking had to be done. Some time in the future it may be deemed necessary and a wise move to drill an Artesian Well at that School Building, in order to do away with the constant expense, worry and trouble the present system entails.

The transportation of the High School Students is being handled in a very satisfactory manner at present. Since the beginning of the winter term Mr. Geo. E. White has been transporting the Students in a very handsome and comfortable all-closed-in Reo Bus. In order to enable him to secure this conveyance the Board had to assure him of the continuance of the job of transporting the students from the North-end of the town for an indefinite period.

Mr. Fred. A. White who is at present transporting the students from the South-end in a Buick Truck has intimated to the Board that he might also secure a conveyance similar to the one used by his brother for the next school year, providing the payment for performing the work would be increased. It is needless to say that the investment and up-keep of a bus like the one used by Mr. Geo. White is considerably high, and the members of the Board, therefore, desire that the town appropriate a larger sum of money for the coming school year. Their recommendation is the sum of \$2,400.00 to be equally divided between Mr. Geo. White and Mr. Fred White. All the members of the Board as well as our Superintendent feel that the transportation of the students is in very safe and efficient hands, a factor which has to be largely considered.

For the purpose of acquainting the tax payers with the financial condition of the District at the present time we beg to submit a financial statement showing the approximate assets and liabilities of the District.

We also desire to draw the attention of the voters and tax payers of the district to the budget for the fiscal year from July 1, 1925 to June 30, 1926.

Mr. Daniel Carr of North Haverhill is the retiring member of the Board.

Respectfully submitted.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and citizens of Haverhill School District:

I am herewith presenting my fourteenth annual report, the eighteenth in the series of district superintendents' reports.

The total enrollment is 25 more than at this time last year, 408 in all. These are distributed as follows:

Haverhill Academy: 82 pupils, Friend Holmes Jenkins, Headmaster; Henry E. Dockler, Submaster; Edith Morrill, Ruth Wadleigh and Arthur Welcome, assistants; Haverhill Grammar, Minnie Morris, 22 pupils; Haverhill Primary, Rosie B. Russell, 33; Ladd Street, Virginia Smith, 27; Pike Grammar, Hazel Russell, 25; Pike Primary, Mabel Tragansa, 18; East Haverhill Grammar, Nan E. Keleher, 18; East Haverhill Primary, Helen Foster, 28; Number Six, Elma Howard, 16; Number Ten, Grace Winchester, 13; Number 9-15, Lily Sawyer, 21; Brier Hill, Gertrude Walker, 23; North Haverhill Grammar, Mildred Foster, 17; North Haverhill Intermediate, Thelma Nichols, 27; North Haverhill Primary, Sadie R. Carr, 38.

The record for attendance during 1923-24 was better than for the preceding year. The per cent of attendance for all schools was 93 per cent and the number of tardinesses was 733, 200 less than in 1922-23. With the exception of a few cases the attitude of parents and pupils on this matter is quite satisfactory. There was an average of  $5\frac{1}{2}$  no-school days due to bad weather, holidays and teachers' institutes.

The school nurse, Miss Underhill, reports 53 school visits, 138 home visits, and 116 cases where defects have been remedied. Nine children attended the clinic in June for the removal of adenoids and tonsils. Nearly every child in school has been vaccinated. Henceforth every child must be vaccinated upon entering the first grade. Teachers are emphasizing health

habits. Health is the most important subject in the course of study.

There were eighteen graduates from Haverhill Academy in the class of 1924: Walter Batchelder, George Batchelder, Charles Belyea, Alice Blaisdell, Josephine Carpenter, Helen Chasson, Edward Chasson, Clifford Dargie, Audrey Dearborn, Verna Dennis, Lester Foote, Stephen Howard, Dorothy Keyes, Frank Keyes, Nellie Lange, Louis Pike, Gladys Rollins, Alta Thayer.

Twenty-four pupils finished the eight grade work in June. All but three entered high school. The list follows: Ethel Blaisdell, Mildred Cady, Paul Carter, Howard Dearborn, Henry Dearborn, Blossom Dennis, Dorothy Demeritt, Albert Dargie, Ethel Fisher, Dennis Hobbs, Philip Howard, Iva Hoyt, Mary Ingerson, Shirley Knapp, William Lange, Lucy McKeen, Ruby Montgomery, Harold Moses, Beatrice Pierce, Calvin Reed, Alice Robinson, Clifton Rollins, Laura Stevens, Maxime White.

These pupils were not absent nor tardy during the year: Arden Atkins, Madeline Bemis, Wyman Blake, Lucien Brunelle, Burton Cady, Daniel Carr, George Day, Stanley Demeritt, Frank Ellsworth, Ethel Fisher, Arleen Gray, Emily Gregory, Letitia Hardy, Philip Howard, Mildred Jones, Charlotte Keith, Louis Pike, Maxime White, Kenneth Wilson, Sarah Wright.

The report of Headmaster Jenkins covers the work of the Academy. The high school is now so large as to over crowd the main room. The arrangement of the desks causes unsatisfactory lighting. Most of the desks are old, battered and uncomfortably small for high school students. There is need of sufficient new desks to properly seat all. Again, some arrangement of the Academy building should be devised to allow more room for a study hall and probably for more recitation room in the same building. The passing of classes to Pearson Hall and back in all kinds of weather is most unsatisfactory from the standpoint of health and economy of time. It is possible that the grades could be transferred to Pearson Hall and the entire Academy building be utilized for the high

school. Such an arrangement would be decidedly to the advantage of both the grades and the high school, giving each more freedom. I ask that careful consideration be given this suggestion.

May I call your attention to a paragraph in last year's report on the need of better scholarship and also to one on the value of teaching subjects which will aid in fitting the child to his environment. I have suggested in the Woodsville school report some of the aims of modern education which have to do with the above mentioned subjects. The curious minded can easily find this paragraph in the Woodsville report. The social and industrial life of the community changes so rapidly that our system of education is unable to keep pace with it and this comes about largely because we fail to realize how out of date signal fires and ox carts are in the age of the radio and automobiles.

Respectfully submitted,

NORMAN J. PAGE.

## REPORT OF THE HEADMASTER OF HAVERHILL ACADEMY

---

To the Superintenrent of Schools:

I submit, herewith, my first report as Headmaster of Haverhill Academy.

Program of studies for 1924-1925.

Academic Curriculum—1st year: English, Latin, Algebra, History of Civilization; 2nd year: English, Latin, French, Geometry; 3rd year: English, Latin, French, Physics; 4th year: English, U. S. Constitutional History, Latin, Review Mathematics or French or Chemistry.

English Curriculum—1st year: English, History of Civilization, Algebra, Arithmetic and Bookkeeping; 2nd year: English, French, Geometry, Modern History; 3rd year: English, French, Physics, Economics and Business Practices; 4th year: English, U. S. Constitutional History, Chemistry, Reveiew Mathematics or French.

Domestic Arts Curriculum—1st year: English, History of Civilization, Algebra or Practical Mathematics, Household Appliances; 2nd year: English, French or Geometry, Modern History, Physiology and Nursing; 3rd year: English, French or Economics and Business Practices, Physics, Household Organization; 4th year: English, U. S. Constitutional History, Household Management, Chemistry or French.

Agricultural Curriculum—1st year: English, History of Civilization, Algebra or Practical Mathematics, Animal Production and Shopwork; 2nd year: English, French or Geometry, Modern History, Plant Production and Shopwork; 3rd year: English, French or Economics and Business Practices, Physics, Farm Engi-

neering and Shopwork; 4th year: English, U. S. Constitutional History, Chemistry, Rural Life Problems and Farm Management.

The above subjects are taught by five teachers: Friend H. Jenkins, Latin, Review Mathematics, Geometry; Henry Dockler, Physics, Chemistry, English II and IV, Economics and Business Practices; Miss Edith Morrill, French, History; Miss Ruth Wadleigh, Domestic Arts, English I and III, Practical Mathematics, bookkeeping; Arthur Welcome, Agriculture and Algebra.

Total registration to date, this year 82, last year 80. Present enrollment, this year 77, last year 75. Boys, 34, Girls 48. Enrollment by class: First Year Class, 30; Second Year Class, 21; Third Year Class, 24; Fourth Year Class, 7. Enrollment by Courses: Academic, 6; English, 57; Domestic Arts, 12; Agricultural, 7. Total Number of Tuition Pupils 15. Distributed as follows: Piermont, 10; Wentworth 2; Warren 1, Orford 1, Benton 1.

The Academic, Domestic Arts and Agricultural courses are suffering for want of members. This is a fact to be deplored, especially in regard to the Agricultural course. Inasmuch as our school is supported almost entirely by an agricultural community, it should, therefore, derive the benefits of the training which the school offers to its young men and women.

While the course of study that a pupil pursues in high school is optional, as it should be, it remains an undisputed fact that pupils will choose the course most attractive. The solution, therefore, for building up this much needed course would seem to be to make it more attractive. We are attempting to do this as far as possible, but we are somewhat limited by state regulations in regard to the course.

Two stock judging teams entered the stock judging contest with seven other schools at Hopkinton Fair. Our teams won second and sixth places in poultry and cattle judging respectively. This was the first attempt of the team at cattle judging.

A schedule for drill in the "Fundamentals," including arithmetic, spelling, place geography and grammar, has been arranged and two hours a week is given up to this work.

A four piece orchestra was organized at the beginning of the year, which is furnishing music not only for school affairs, but also for many of the community gatherings.

The boys' basket ball team has won only two of the nine games played this year and the girls one of the three games played. From the point of view of games won thus far, the season has been rather unsuccessful. However, this year's team is inexperienced and is rapidly developing into a team that should reflect credit next year.

The attendance has been very satisfactory. Twenty-nine have a perfect record of attendance for the first half of the year.

The large touring car used by Mr. White for carrying the North Haverhill pupils has been replaced by an up to date Reo speed wagon, thus making it possible to carry in comfort all the pupils from North Haverhill at once.

The class rooms of Pearson Hall have been repaired and renovated, adding much to the efficiency of school work as well as to the appearance. The outside wood work has also received a new coat of paint.

The standard of scholarship is being materially raised as fast as conditions warrant.

A good spirit of cooperation seems to exist between pupils, teachers, parents and community in general.

Our aim as a school is nothing short of promoting American democracy by developing American citizens.

Respectfully submitted,  
F. H. JENKINS, Headmaster.

### AUDITOR'S REPORT

---

I have, this day, examined the accounts of the School Board and Treasurer of the Haverhill Town School District for the period from July 31, 1923 to June 30, 1924 and find them correct.

I find a cash balance at the Woodsville National Bank on June 30th, 1924 of \$231.62 but inasmuch as I find outstanding checks Nos. 1844, 2211, 2298, 2317, 2320 and 2322 totalling \$110.50, the actual balance in the hands of the Treasurer is \$121.12.

Three notes (Temporary Loans) amounting to \$7,500.00 were destroyed by burning in the presence of the School Board.

There are outstanding three notes amounting to \$7,833.33 of which \$5,916.67 will mature February 15, 1924.

M. A. MEADER, Auditor.
