1970

The Fire Department responded to 19 calls in 1970 with loss estimated at \$30,000.00. Mutual Aid was called upon for help on three occasions, and responded to seven calls to other towns.

These calls were for Fire Department manpower, and do not include Red Network calls for ambulance, police, checking smokes, permits, dump and other miscellaneous items that Red Network dispatchers are called on to perform.

As this will be my last annual Fire Department Report, I would like at this time to thank everyone who has supported the Fire Department actively and financially, to any degree, and made our work easier.

I I have not retired from the Fire Department and intend to support Chief Hatch, the officers and men, the Fire Department Auxiliary and the Red Network Ladies to the best of my ability and hope you will do the same.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture-- to bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if in an incinerator, grass burning, as well as garden trash and brush burning such burning is restricted by regulation to prior to 9:00 A.M. and after 5:00 P.M. with the following exceptions:

Commercial or industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.

2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children, keep matches out of reach of children, this action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?
3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help", and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

NUMBER OF FIRES REPORTED AND ACRES BURNED:

The total circulation for 1970 was 4,967 books, magazines, and records, with 787 adult borrowers and 775 children borrowers. The Bookmobile made three visits and 2,762 books were borrowed from the State Library.

We had six Story Hours, in charge of Mrs. Gwendolyn Andrew. These programs were for Lee Children, 4-8 years old.

We qualified again for \$100.00 in State Aid money. This money must be spent on reference books. With Library money we bought 155 books.

We wish to thank all donors for gift books.

Please remember that the Town of Lee Library is affiliated with the New Hampshire State Library. This means we can borrow from them most books requested by you. If we do not have the books needed by your children for school assignments, we can borrow them from the State Library.

OYSTER RIVER HOME HEALTH ASSOCIATION
Annual Report 1970

The Oyster River Home Health Association is a visiting nurse agency serving the towns of Durham, Lee, Madbury and Newmarket. It was incorporated on February 27, 1967 and the Board of Directors is made up of five members from each town. Included in the standing committees are physicians, registered nurses, a registered physical therapist, a registered dietitian, an attorney and lay persons.

The administrative nurse is Mrs. Lillian Howes, R.N. and Her assistants are Mrs. Norman Yeaton, R.N. and Mrs. Hugh McGill, registered physical therapist. The agency's office is located at 1 Madbury Road, Durham, where the nurse can be reached Monday through Friday. Telephone 868-5055 from 8 A.M. to 4 P.M. or through one's own physician. During the hours when the nurses are out on call, one may leave a message through the answering service at the same phone number.

Funds for the support of the association come from contributions from organizations and individuals, membership and nursing fees, grants and funds voted by the participating towns. Memberships (\$1.00) and contributions are tax deductible.

Continued support from the four towns through appropriations to be made at the 1971 town meetings is anticipated.

REPORT OF THE LEE CONSERVATION COMMISSION FOR 1970

The Lee Conservation Commission meets monthly, the first Tuesday of every month and would welcome any interested townspeople to attend our meetings by phoning either of the co-chairmen to learn the place of the meeting.

During the past year we have started on an inventory of the scenic, historic and natural areas of the town. We are mapping roads and potential trails. We are working on a Nature Trail for the Mast Way School and the townspeople and hope to have at least part of this open for use next summer.

We have looked into the possibilities of acquiring river front property of historical and natural interest with matching Bureau of Outdoor Recreation (a Federal Agency) funds. If an agreeable price can be worked out this would be a fine acquisition for the town.

We gave a half scholarship to a Lee youngster to attend Conservation Camp at Bear Brook State Park. This scholarship will be available every year to a qualified High School student from the Town of Lee.

We also sponsored tree improvement work on the town forest.

We received the \$750 from Spaulding Potter Trusts and this is now earning interest in the bank along with the money voted at previous Town Meetings. There is no large appropriation request in this year's warrant because these matching funds are no longer available. However, additional funding may be forthcoming in the future through the newly formed New Hampshire Association of Conservation Commissions to be used for acquisition of scenic, historic and natural areas in the town.

Respectfully Submitted,
Gail Sanborn

Co-chairmen
