## THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 1:00 P.M. to 6:30 P.M.

To the Inhabitants of the Town of Newbury in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Newbury on Tuesday, the 14th day of March, next at one of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will vote to recess the business meeting until Wednesday, March 15, 1978, at 7:00 p.m.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.
4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to accept the minutes of the 1977 Town Meeting as printed.
6. To see if the Town will authorize the Selectmen to sell tax acquired properties to the highest bidder at a duly advertised auction.
7. To hear reports of the Town Officers, Agents and Committees heretofore chosen and pass any vote related thereto.
8. To see if the Town will raise and appropriate the sum of \$929.45 for Town Road Assistance on Class IV and V Roads, the State to contribute the sum of \$6,196.33.
9. To see what action the Town wishes to take with regard to raising and appropriating the sum of one thousand, five hundred dollars (\$1,500) to finance Newbury's Bicentennial Celebration. (By Petition)
10. To see what action the Town wishes to take with regard to Office of Chief of Police returning to the vote of the town at the March 1979 Town Meeting, and to rescind all previous votes on same. (By Petition)
11. To see what action the Town wishes to take in regard to prohibit the drinking and/or carrying of, open containers of alcoholic beverages on public streets, docks, beaches and parking lots. (By Petition)
12. To see if the Town will accept a road located in Forest Brook Subdivision from Nicholas and Doris Polka, subject to Road Agent's and Selectmen's acceptance.
13. To see if the Town will accept a road located at the foot of Ledge Hill from Tonnes Tonnessen, subject to Road Agent's and the Selectmen's acceptance.
14. To see if the Town will raise and appropriate the sum of four hundred nineteen dollars and ninety-eight cents (\$419.98) for the Belknap-Merrimack County Community Action Program.
15. To see if the Town will raise and appropriate the sum of one thousand five hundred dollars (\$1,500) to paint the Veteran's Memorial Hall.

16. To see what action the Town wishes to take in regard to the heating system in the Town Hall and to raise and appropriate the sum of one thousand five hundred dollars (\$1,500) for the same.

17. To see if the Town will raise and appropriate the sum of \$745.00 to cover the cost of the dies for the Town Bicentennial Coins.

18. To see if the Town wishes to authorize the printing of the reports of the Trustees of the Trust Funds and of the Auditors' report of those accounts in summary form rather than in full detail in the annual Town Report.

19. To see if the Town will accept as a gift, a 50' wide strip of railroad land between Morse Road and the Mountain Road belonging to various parties, with the provision that said parties may reserve a right of way thereon, and also will agree that the Town will not be obligated to build a road at any time in the future on this land, as set out in the proposed deed to be given to the Selectmen.

20. To see what action the Town wishes to take in regard to the site preparation and maintenance of attendant facilities at the present dump site and to raise and appropriate \$6,000 to accomplish same.

21. To see if the Town will appropriate the sum of thirty-nine thousand five hundred dollars (\$39,500) to purchase a Tanker-Pumper and authorize the withdrawal of the amount required for this purpose from the Fire Department Equipment Reserve Fund.

22. To see if the Town will raise and appropriate the sum of \$1,800 to reroof the Blodgett's Fire Station and the old section of the Newbury Center Fire Station.

23. To see if the Town will raise and appropriate the sum of \$5,350 to buy a 1978 Plymouth Station Wagon Police Cruiser as a replacement for the older cruiser.

24. To see what action the Town wishes to take in regard to alleviating a dangerous curve which abuts the Barron property on Bay Point Road, and to raise and appropriate \$2,500 to accomplish same.

25. To see if the Town will raise and appropriate the sum of \$5,000 for the Fire Department Equipment Reserve Fund.

26. To see if the Town will raise and appropriate the sum of \$7,000 for the Highway Department Equipment Reserve Fund.

27. To see if the Town will raise and appropriate the sum of \$1,500 for the Dock Repair Capital Reserve Fund.

28. To see what action the Town wishes to take in regard to holding our Town Meeting at Mt. Sunapee State Park in 1979.

29. To transact any other business that may legally come before said meeting.

Given under our hands this 21st day of February in the year of our Lord Nineteen Hundred and Seventy-Eight.

## SELECTMEN'S REPORT

The year 1977 has come to a close, and as we think back we find Newbury still holding its own as a good place to live.

Shortly after last year's town meeting, arrangements were made with New London Dispatch to monitor our police calls. We have had very few complaints, and since people experienced with police problems answer the phone, we can't have anything but better phone coverage in time of emergency. We do recommend, however, that persons making a call identify themselves so that the officer can keep in touch with the situation in case further information is needed.

We have spent considerable time attempting to solve our dump problem.

The Town has been ordered to cease burning at the dump as of April 1, 1978. We have contracted for the installation of a compactor at the present site for a five-year period. It is the hope that during the five-year interim period, some more economical means of disposal will develop.

All solid waste except heavy metal items such as refrigerators, tires, stumps, brush and construction materials can be put in the compactor. Special designated areas will be set up for the exceptions by the time the compactor operation begins.

We have had extensions of our burning dump since July 1975 and consider ourselves fortunate that we have avoided this more costly method until now.

A word about taxes. We are able to enjoy a lower tax rate this year as a result of a small increase applied to landowners and lake shore property. All house lots were increased as well, with the result that everyone is paying some of the increase in assessed valuation. We were forced with the necessity of raising the assessed valuation of the Town by at least 10 percent if for no other reason than to keep up with inflation and to avoid our percentage of assessed value from dropping too much.

We found that our land values and shoreage rates per foot were considerably lower in relation to selling prices of recent transactions. This fact is why the above categories were raised slightly to keep up with the inflationary pressure of real estate sales.

The State Tax Commission establishes the tax rate after the Selectmen submit the assessed valuation, and many other figures for their consideration.

1978 is the 200th Anniversary of the Incorporation of our Town. In order to properly recognize our bicentennial, a committee is working on plans to celebrate this occasion. We would hope that everyone in town will be able to attend the various events being planned and make this a memorable celebration.

In closing we express our appreciation to the Highway, Fire and Police Depts., all who perform their duties for our well-being. Also to the numerous people who are serving on various boards and committees and in other individual positions which are all part of running the town. Many of these positions are filled without compensation by civic-minded people who believe in keeping Newbury a good place to live.

**BLODGETT AREA SEWER REPORT**

During 1977 operations at the Blodgett Area Sewage Treatment Plant were uneventful. Greater rainfall required more pumping to the Imhoff tank. Maintenance included repair and painting of the pickup truck, painting of the silos, and repair of manhole covers. The plant is always open for inspection on application to the plant operator, Russell Ricard.

### Calls responded to in the year 1977:

Structural Fires	2
Chimney Fires	6
Brush Fires	2
Dump Fires	2
Car Fires and Rescues	3
Mutual Aid Responses	6
False Alarms	1
Other Fires	5
<b>Total</b>	<b>27</b>

We wish to thank the town for the new addition to the Fire Station.

This year there has been an increase in calls responded to, this increase does not mean that there will be more next year, however we should not expect less. This year too, there has been an increase in Mutual Aid calls received and requested.

The unselfish dedication of the officers and members of this department has and will continue to serve, protect and benefit our town.

Our thanks for continued support and cooperation.

Respectfully submitted,  
CHIEF SCOTT WHEELER

## PLANNING BOARD REPORT

The Planning Board held 13 meetings during the year with several of them lasting into the late hours of the evening. New subdivisions, large and small, have been plentiful and have consumed most of the board's time. Attendance at meetings by members of the board has been good.

The board appreciates the continued confidence and interest shown in planning by the people of Newbury.

Respectfully submitted,  
HAROLD FOLSOM  
Chairman

## NEWBURY PUBLIC LIBRARY

The year at the library has been a quiet one, possibly a disappointing one. Circulation of books was 2,510, a decline from the 1976 circulation of 2,827. New Hampshire State Library statistics for 1976 report the per capita circulation for the state (1975) as 6.1; the Newbury circulation per capita was 3.5. We would very much like to improve this. Trustees made trips to the Dartmouth Bookstore in May and October, adding 130 books to the collection. A list of these books is always sent to The Argus-Champion. The library is now open on Saturday morning from 10 to noon, particularly for the benefit of students, as well as Monday and Wednesday afternoons from 2 to 5. Between April and October the library has been open Monday nights from 6:30 to 8:30.

The "International Encyclopedia" was purchased as well as, for younger readers, the "New Book of Knowledge"; the latter will circulate. The library appreciates the books left by the State Library Bookmobile and the films ordered once a month from the State Library by Mrs. Nye for the schoolchildren next door.

An Open House was held in April in recognition of National Library Week. We welcomed about 31 people.

A card catalog file and a bookcase were purchased. The fence in front of the library was repaired and painted.

We would like to express our thanks to Donald Failla for his interested care of the library building and grounds. Since Donald's illness John Davis has taken over this responsibility.

The trustees and librarian look forward to the coming year, hoping the community which the library serves will help the library improve and grow. We will welcome their interest and suggestions.

## **REPORT OF THE DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN**

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of  $\frac{1}{4}$  of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

## **REPORT OF THE HIGHWAY DEPARTMENT**

We have had a busy year but with the late arrival of snow and cold we start the winter in good shape. The equipment is in good condition with no major purchases anticipated in 1978. Winter work was quite expensive due to the excess snows in January and December.

We have to ask for a slight increase in appropriations for 1978 due to rising costs of everything we purchase including labor.

We take this opportunity to thank the officers and people of Newbury for their continued cooperation.

## 1977-1978 SCHOOL REPORT

Governments show thus how successfully men can be imposed upon, even impose upon themselves, for their own advantage. It is excellent, we must allow. Yet this government never of itself furthered any enterprise, but by the alacrity with which it got out of its way. It does not keep the country free. It does not settle the West. It does not educate. The character inherent in the American people has done all that has been accomplished; and it would have done somewhat more, if the government had not sometimes got in its way.

Henry David Thoreau  
"Civil Disobedience" 1848

Although the year just past has seen some respite from the problems affecting our national economy, and, as some would argue, the beginnings of a recovery, the year past has been a time when the choices facing your Kearsarge Regional School Board have seemed more difficult than ever. Caught between the spiraling costs of providing a top-flight education and mandates from state and Federal agencies on the one hand, and demands, on the other hand, from our constituencies that we not only provide such education at a minimum cost, but increase the number and expanse of services available from the school system as well, we have faced several most difficult judgments. It would seem both to board members and to educators that the layman may often desire that his educational institutions not only be operated at bargain prices, but that those institutions provide the cutting edge of social change by serving functions that formerly were served by parents within the unit of the family. As we approach the season of annual budgets and the Annual Meeting of the Kearsarge Regional School District, we would do well to ponder the priorities in so-called "free" public education.

Granted, the Board has this year given a great deal of deliberation to reviewing numerous matters that have to do with the day-to-day operation of our schools, such as instructional development, maintenance of facilities and personnel decisions. Beyond this, however, the board has sought to make available to students of the region the best possible education at the most reasonable cost to the taxpayers; to act responsibly in the face of challenges which, though they face us all on an individual basis, are magnified greatly by the sheer dimension of a regional school system. We are all, citizens and school district alike, adversaries of the high cost of energy and inflation.

Increasing costs in terms of pennies more for the goods we consume as individuals amounts to a great deal of money when school materials are dispensed over our six-town district. The costs for heat and electricity with which we try to deal as private citizens become much more onerous when measured in terms of five school buildings in various states of repair serving several hundred students during the darkest, coldest months of a New England winter. Needless to say, the days when the gift of a farmer's dried cordwood defrayed a scholar's tuition are a thing of the past. Transportation expense, now a significant item in our own personal budgets that is a far cry from pre-1974 levels, seems to increase geometrically in the approximately 1700 miles over which we transport students each school day of the year.

Despite the fact that some of these costs can be controlled by careful management, there are others over which the board has very little control. Our public demands education of a quality that is competitive with state and national standards, and well it should. What we find frustrating, however, are the demands on the periphery of actual education levied upon us, often by well-intentioned agencies and often by parents themselves. Currently, schools and school personnel are requested not only to solve the problem of why Johnny can't read, but to make sure he is knowledgeable in various personal, social and hygienic matters as well as occupied or entertained during hours beyond the academic calendar of the institution. Further, we seem to have the mistaken notion that all of this can be served up at no additional cost to the consumer.

As a result, it is clear to me that as we face the future we are going to be dealing with a series of difficult choices drawn from a line of diminishing options. As the board's transportation committee has discovered this year in negotiating a new bus contract, the day of cheap and flexible school transportation is almost as much a part of the past as the farmer's cordwood and the one-room schoolhouse.

Services that we have become accustomed to in the past may have to be eliminated just in order to stay even with the spiral of inflation. The notion that citizens may **demand** certain services because they are **entitled** to them may have to go by the boards and give way to a more restricted attitude towards those things we have learned to take for granted. In fact, I think that blindly **demanding** what we consider we are **entitled** to, while ignoring the sources of revenues to support services, is not only selfishness, but the height of folly and a perversion of the democratic ideals upon which our system is based. It should be clear to us all that there is truly no such thing as a "free" public education (or anything else, for that matter). For each new service we demand, for each additional mile we would have our buses travel, for each new Federal mandate, there is a price that must be paid.

To paraphrase Henry David Thoreau: The government does not educate our children, nor, particularly in the case of our state, does the government pay for the education of our children. As Thoreau indicates, it is the character inherent in the American people that accomplishes these tasks. My only hope is that we have enough character to face not only the sacrifices, but also the difficult decisions that await us.

As always, I would welcome your comments to guide my deliberations as a member of the Kearsarge Regional School Board, and I look forward to seeing you at the Annual Meeting.

Respectfully submitted,  
THOMAS N. BIUSO  
Kearsarge Regional School Board  
Member for Newbury

## NEWPORT AREA HOME HEALTH AGENCY

Your Newport Area Home Health Agency has been very busy this year, making a total of 900 more visits than 1976 and adding six new services or programs to our many functions. Services offered to residents of Newbury include: skilled nursing services such as dressing changes, injections ordered by a doctor; rehabilitation services such as physical therapy; preventive services such as health promotion and maternal-child health programs (including immunization, dental and well-child clinics).

During the past year we have established a weekly Discharge Planning Program with the four hospitals serving the area and are now able to assist families with early discharges. We have also added the Federal WIC (Women, Infants, Children) food supplement program, a Senior Hypertension Screening Program held monthly in Newport, Home Health Aides services and general health guidance to all persons regardless of age who need the service.

Programs available and utilized by townspeople are as follows:

	1976	[proj.] 1977
	# visits	# visits
1. Care of Sick	1420	1425
2. Health Promotion	0	350
3. Maternal-Child (incl. Pregant Mothers)	0	200
4. Immunizations & Well Child	700	500
5. Senior Screening Program	0	440
6. Dental Clinic (July & Feb.)	116	122
7. WIC (since October)	0	62
8. Physical Therapy	300	268

With our increased services, we have been keeping statistics which indicate each participating town is receiving visits in relative proportion to its population size. You may note that despite the overall budget increase, we have been able to maintain the same per capita request for the fifth consecutive year, and that Town appropriations have dropped from 33% of last year's budget to approximately 20% of this year's budget request.

We now have the equivalent of 3.4 full-time staff nurses, and participate in the Dartmouth Medical School Program which provides the staff with the latest medical information.

We are pleased to note the active participation of community residents on our board of trustees, and the increased referrals from residents concerned for their neighbors' welfare. We appreciate this community involvement and welcome your continued support for the agency.

Respectfully,  
ROBERTA LEARY R.N.  
Director

## REPORT OF THE HEALTH OFFICER

The year 1977 was marked by preliminary steps of many developers to cut large tracts of land into house lots. Newbury is indeed fortunate that she passed rigid subdivision regulations when she did. Instead of crowding, on pocket handkerchief-size lots, the new developments have more five and ten acre lots or "home sites" than the required two acres.

Many of the proposed developments will not be pushed but are a long range investment. Before the subdivision can be approved, we witness a test hole to insure that on each lot there will be a proper place for sewage disposal. If the new house is placed at the selected site this is adequate for the test pit. However, if the purchaser decides on a different location, a new hole will have to be witnessed.

Slowly the old substandard systems around the lake are being renewed. In all too many locations there is no room for proper disposal systems and the owners must choose between going to the "Laundromat" or spending hundreds of dollars renewing their inadequate disposal areas.

One new problem has arisen this year and that is persons who are willing to have sewage disposal areas, feel their right to have the water from their sinks and washing machines go to the top of the ground should not be interfered with by the state. In an older day sink water and wash water went into a covered hole called a "cess pool." This was the supplement to the old-fashioned "privy." Property owners must be aware that ANY MEANS OF WASTE DISPOSAL MUST HAVE OFFICIAL APPROVAL. Gas-fired toilets, chemical tanks and all the rest are for disposal and MUST BE APPROVED.

With the continued cooperation of our home owners, we feel Sunapee, Todd and Chalk Pond are getting better, but only constant vigilance will keep this hoped-for trend.

ERNEST L. SHERMAN  
Health Officer

## TAX MAP

The Newbury Tax Map, as of December 31, 1977, was completed to the cutoff date of 1973, with all identifiable lots plotted and tabulated. During 1978, transfers and sales through 1977 will be plotted and tabulated. The selectmen will confer with the surveyor to supply missing information and to correct any errors.

## KEARSARGE VALLEY COMMUNITY ACTION REPORT

Over the past four years, the Kearsarge Valley Community Action Program has been the focal point of social services delivery in this area. It has provided, through its staff and facilities, assistance to the community as a whole, as well as to low-income families. With the renovation of our multipurpose facility we have been able to expand our capacity to serve the needs of local residents.

In addition to maintaining "Outreach" hours at the selectmen's office from 9 to 11 a.m. on the third Thursday of each month, we have also provided the following programs and services:

Head Start, Senior Congregate Meal Site in Warner, Handicapped Services, Operation Green Thumb, Food Stamp Assistance, Winterization, Manpower Employment Assistance, Adult Health Clinic, Fuel Loans, Oil Burner Efficiency Testing, Senior Transportation and Housing Assistance. We have initiated a Thrift Shop and a Food Co-op, featuring produce that is available to all Kearsarge Valley residents, at the Community Center in Warner.

Your financial support is needed for the continued support of the area center, rather than for specific programs, which receive their funding from various sources. The share of our total operating budget for which we ask the town of Newbury to contribute is based upon the percentage of local resident participation in Community Action Programs or services. This is the most equitable procedure for dividing the costs among the eight area towns.

The Kearsarge Valley Community Action staff appreciates the interest and support from the volunteers and residents of Newbury and anticipates working on behalf of your community again this year.

Sincerely,  
PATRICIA McMAHON  
Kearsarge Valley  
Community Action

Office of the Selectmen

Town of Newbury

Newbury, New Hampshire 03272

Gentlemen:

This will confirm my telephone conversation with Ernest Sherman on January 12, 1977. I have reviewed your letter of January 10, 1977, to Chief Jones and in my opinion under RSA 105:2-a after the enactment of regulations by the Selectmen there is no requirement that the Chief agree in writing to accept them and follow them as a condition of his

employment. They are the regulations adopted by the Selectmen and the Chief is bound to follow them; if he does not he may be dismissed under the Statutory procedures. The only thing that needs to be done with the Policies is to insure that Chief Jones receives a copy. You have accomplished that in your letter of January 10, 1977.

This will also confirm that I advised Mr. Sherman that under no circumstances should the pay of the Chief be withheld for any reason. If he has done the work, he is entitled to be paid. By failing to pay him the Town is simply inviting a law suit and possibly adverse publicity.

If you have any questions about any of this, please do not hesitate to call me.

Very truly yours,

Robert Upton II

**FORMAL POLICIES FOR THE CHIEF OF POLICE  
OF NEWBURY, NEW HAMPSHIRE**

Pursuant to RSA 105:2-a the Selectmen of Newbury hereby adopt the following formal written policies for the Chief of the Newbury Police Department:

1. The Chief of Police shall receive the same hourly pay as the Road Agent for the Town of Newbury.

a. Time and one-half will be paid for on-active-duty hours which exceed forty hours per week.

b. The Chief shall take a minimum of one day off in eight. During such time off and during any vacation or sick leave the Chief shall designate another officer to act in his place.

c. The Chief shall accumulate vacation time at the rate of one and one-quarter days per month or fifteen days per year which shall not be accumulated beyond thirty days.

d. The Chief shall accumulate sick leave time at the rate of one and one-quarter days per month or 15 days per year, which may not be accumulated beyond ninety days. In no event shall sick leave be used for vacation time.

e. The Chief shall receive all State and Federal holidays which may be taken on the day they occur or at such other time as shall be practicable. Such days shall not be counted as vacation time.

2. The Chief shall submit a weekly time sheet for himself and all members of his department which shall indicate all dates and hours worked.

3. During such time the Chief shall be away from his published telephone number and during such time he shall be off duty, a recording device shall be used by him to provide those persons attempting to reach him with the telephone number of the Newport Dispatcher for the name and number of the officer on duty. The cost of such recording device shall be borne by the Town of Newbury.

4. The Police Department vehicle shall not be used by the Chief or any other person except during active duty time for official police business or for emergencies.

5. The Chief shall not enter into any agreement or contract for the detailing of police officers or the use of Town equipment or vehicles at any dance, carnival, circus, fair, concert show or other public meeting or assembly. Any such agreement or contract shall be made only by the Selectmen of the Town of Newbury pursuant to Article 13 of the 1976 Warrant and RSA 105:9 as amended. All fees paid for the detailing of such police officers or for the use of Town equipment or vehicles shall

be paid to the Town.

6. The position of the Chief of Police is a full-time employment. The Chief and any other officers also employed on a full-time basis shall not accept employment or pay from any person or organization during his hours of employment with the Town of Newbury. Nothing contained herein shall restrict the Chief or any other full-time officer from engaging in other employment during the time he is officially off duty. It is expected, however, that such secondary employment shall neither impair his efficiency nor judgment while the Chief or such officer is on duty.

7. Special officers shall be responsible for the purchase and maintenance of their personal uniforms and equipment except for badges, insignias and non-personal equipment which shall be purchased by and remain the property of the Town.

8. The Chief shall insure that special police called out for emergencies receive compensation for such time.

9. The Chief of Police shall enforce all laws of the State of New Hampshire and ordinances of the Town of Newbury.
