The Undersigned hereby certifies that he has examined the foregoing accounts, and finds them correctly cast and properly vouched.

S. E. WILLIAMS,  
Auditor.

REPORT OF THE  
SUPERINTENDING SCHOOL COMMITTEE  
OF THE  
TOWN OF SOUTH NEWMARKET.

---

I herewith submit the following brief report of the school year just closing:

It is my fortune to be the victim of the Selectmen and secure my official position by appointment. This time it came so near the close of the year that of the work of the first two terms I know but little.

The number of scholars enrolled in the town, is 90 males, and 74 females, 164 in all.

The school in the village has been all the year in a prosperous condition. The teachers have been faithful and efficient. Certainly no change can be desired at the present time. A fourth teacher could be added to advantage.

PRIMARY SCHOOL.

Miss Hattie E. Sauborn, teacher. Number enrolled for two terms.\* First term 47, second term 50. Average daily attendance; first term 42 1-2, second term 42 1-4. Text books in use are Franklin Readers, Walton's Arithmetic, Eclectic. Geography, Duntonian Primary Tracing Books.

\*This report is written before the third term reports can be made out. Hence for the village but two terms are reported.—Sup't Com.)

### ROLL OF HONOR.

This includes all who were present every half day during the term without being tardy. First term, James O. Pike, Geo. L. Chase, John W. Coe, Bertrand Miller, Nellie W. Pease, Rogena McCabe, Mabel Sanborn, Hannah Kelley, Rufus Pease, Harry Chase. Second term, Rogenia McCabe, Mary G. Kendall, Helen B. Kendall, Hannah Kelley, and John Lynch.

The work of Miss Sanborn has been lessened somewhat during the last year by the removal from her school of quite a number, at the beginning of the school year. These were added to the other departments. She still has all she ought to attempt to teach, if justice to the children is desired. I see by her register that she has taught this school for twenty-six terms. It will be well for the children who attend if she can be retained as many more.

### INTERMEDIATE SCHOOL.

Miss C. Florence Hayes, teacher. Whole number enrolled for two terms, 46. Average attendance, 38.

Text books in use, Franklin Readers, White's Arithmetic, Eclectic Geography, Swinton's Grammar, Munroe's Speller.

### ROLL OF HONOR.

Michael J. Griffin, Maggie Kelley, Mary L. McCabe.

Geo. W. Lyons was absent one day on account of sickness.

In department James Frawley has a higher rank than any boy, being 99 1-3.

Alice Tilton, Grace Walton, Bessie Ordway, Nellie Conner, Mamie Conner, Minnie Smith, Ida Harrington and Blanche Sanborn, have 100, which is perfect.

The scholarship in this department has been improving during the year. I wish parents would visit this school, and the same I would say for all of them.

## HIGH SCHOOL.

Mr. A. W. Richards, teacher. Number of pupils enrolled, First term, 52; second term, 46; third term, 48. Average daily attendance, two terms, 41. Text books in use: Rhetoric, Quackenbos, Physiology, Dalton, Histories, Anderson and Lossing's, Arithmetic, White's Complete, Algebra, Greenleaf's Elementary, Bryant and Stratton's Book Keeping, Science of Common Things, Eclectic Geography, Franklin Fifth and Sixth Readers, Progressive Speller, Grammar, Quackenbos.

There are either too many scholars, or too many studies, or both, in this department. The time is so fully taken up that sometimes the teacher has to manage to have two classes reciting at one time. This seems impossible, probably, yet I have seen it done. Mr. Richards tries to render all the help in his power to every person in the school; and to do thorough work in that department with as many scholars as he has, is almost more than can be done. Not more than half a dozen, I suppose, will leave the school this term. But at the beginning of next term, a class of about a dozen will feel, as a matter of course, that they must go into the high school. Some of them need to stay another year where they are. But it is custom, and no examination being necessary, qualified or not, they go up higher.

I am still impressed with the fact that we need our school graded, with term and annual examinations, if we would properly elevate the standard of scholarship.

Mr. Richards does good work and gives good satisfaction.

## DISTRICT NO. 2.

There has been variety in this school this year: two terms and three teachers. Peace and prosperity; strife and confusion.

Miss Norris taught the first term; Miss Abbie A. Pease and Mr. C. H. Trickey, the second.

Number enrolled the first term, 14; second term, (under Miss Pease) 17; under Mr. Trickey, 15. Average daily attendance for the year, 13.

Roll of Honor for the first term: Fred S. Foss, Harry J. Marden, Frank A. Morse, Herbert W. Smith, Clara E. Bowley, Edith M. Fogg, Flora A. Foss.

During the first term the school was interfered with by the measles, otherwise everything went well. Miss Norris gave satisfaction.

Miss Abbie A. Pease came at the opening of the second term. It was her first attempt at teaching. She had not been there long until trouble began; the longer she remained the worse it grew. Feeling the effect of it, she did not have a fair chance to prove her ability as a scholar or an administrator. I hope she will not be disheartened by the work of her first term, but try again. It is to be hoped for the good of the District that a special effort may be made on the part of the citizens to secure and maintain peace with the teachers of the school, and that no personal animosity of a generation's existence, will be vented on the instructors of the children.

Mr. Trickey came at the call of the Prudential Committee to finish the second term. He is a teacher of experience, a fine scholar, and gave good satisfaction. Everything went well during his administration.

Taken as a whole our schools are doing well. I can see where changes could be made that in my judgment would improve them; but money must be had for this. The High School needs a new dictionary. Maps should be purchased. I would acknowledge the services of Mr. James B. Martin, who, being elected Superintending Committee at the last town meeting, served the greater part of the year with acceptability to the people, when he resigned because of leaving the town.

The Prudential Committee, Mr. Charles E. Durrell, and Mr. Elbridge J. Sanborn, have done their work well.

There are other suggestions I might make, but I forbear. I hope the highest good will be sought in our public instruction: and that all the advantages will be afforded to our schools that can be, to make them more efficient than ever they have been.

O. S. BAKETEL, Superintending Committee.
