TOWN WARRANT
Town of Tuftonboro
State of New Hampshire

The Polls Will Be Open From 10:00 AM to 7:00 PM

To the Inhabitants of the Town of Tuftonboro in the County of Carroll in said State, qualified to vote on Town Affairs:

You are hereby notified to meet at the Tuftonboro Town House in said Tuftonboro on Tuesday, the thirteenth day of March next, 2007, at 10:00 o'clock in the forenoon to act upon the following subjects:

Article 1 will be voted on by Ballot March 13th.

1. To choose all necessary Town Officers for the year ensuing.

You are hereby notified to meet at the Tuftonboro Central School in said Tuftonboro on Wednesday, the fourteenth day of March next at 7:30 PM in the evening to act upon the remaining articles:

2. To see if the Town will vote to raise and appropriate the sum of Three million nine hundred eighty nine thousand four hundred and twenty five dollars (\$3,989,425) for the purpose of building and equipping a Public Safety Facility. Three million nine hundred eighty nine thousand four hundred and twenty five dollars (\$3,989,425) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof.

(Recommended by the Board of Selectmen and Budget Committee)
(Secret ballot with two thirds vote required)

3. To see if the Town will vote to raise and appropriate the sum of Two million fifty thousand eight hundred twenty seven dollars (\$2,050,827) for the purpose of building and equipping a new library. One million nine hundred ninety thousand eight hundred twenty seven dollars (\$1,990,827) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof. The remainder of the

funds, Sixty thousand dollars (\$60,000), will come from library savings and trust accounts.

(Recommended by the Board of Selectmen and the Budget Committee)
(Secret ballot with two thirds vote required)

4. To see if the Town will vote to raise and appropriate the sum of Five hundred seventy five thousand dollars (\$575,000) for the purpose of purchasing land and building identified as tax map (55-02-006) located at 191 Middle Road in the Town of Tuftonboro. Five hundred seventy five thousand dollars (\$575,000) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof.

(Recommended by the Board of Selectmen and Budget Committee)
(Secret ballot with two thirds vote required)

5. To see if the Town will go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of Tuftonboro.

These actions include:

1. Establishment of a national program requiring reductions of U.S. greenhouse gas emissions while protecting the U.S. economy.
2. Creation of a major national research initiative to foster rapid development of sustainable energy technologies thereby stimulating new jobs and investment.

In addition, the Town of Tuftonboro encourages New Hampshire citizens to work for emission reductions within their communities, and we ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions.

The record of the vote of this article shall be transmitted to the New Hampshire Congressional Delegation, to the President of the United States and to declared candidates for those offices.

6. To see if the Town, having a Master Plan adopted by the Planning Board in 1985 and updated in 2006, will vote to authorize and direct the Selectmen to appoint a committee to prepare a Capital Improvement Program in accordance with RSA 674:5. This is a petitioned warrant article. (Recommended by the Selectmen)

7. To see if the Town will vote to raise and appropriate the sum of Fifty thousand dollars (\$50,000) for state wetlands permitting and preliminary design work to repair Lang Pond Road. (Majority vote required)

(Recommended by the Selectmen and Budget Committee)

8. To see if the Town will vote to raise and appropriate the sum of Nine thousand eight hundred dollars (\$9,800) to construct a boat ramp on Mirror Lake at Route 109 (Governor Wentworth Highway). (Majority vote required)

(Recommended by the Selectmen and Budget Committee)

9. To see if the Town will vote to raise and appropriate the sum of Eighty four thousand dollars (\$84,000) for the repair of the High Street culvert. (Majority vote required)

(Recommended by the Selectmen and Budget Committee)

10. To see if the Town will vote to raise and appropriate the sum of Forty one thousand eight hundred dollars (\$41,800) to purchase and equip a new police cruiser. (Majority vote required)

(Recommended by the Selectmen and Budget Committee)

11. To see if the Town will vote to raise and appropriate the sum of Ninety seven thousand one hundred dollars (\$97,100) for the renovation of the Transfer Station. (Majority vote required)

(Recommended by the Selectmen and Budget Committee)

12. To see if the Town will vote to raise and appropriate the sum of One hundred eighty five thousand dollars (\$185,000) for the paving of town roads. (Majority vote required)

(Recommended by the Selectmen and Budget Committee)

13. To see if the Town will vote to raise and appropriate the Budget Committee's recommended amount of Two million four hundred seventy two thousand eight hundred nineteen dollars (\$2,472,819) to defray town charges. This article does not include any special or individual warrant articles. (Majority vote required)

(Recommended by the Selectmen and Budget Committee)

14. To transact any other business that may legally come before this meeting.

Given under our hands and seal this 26th day of February, in the year of our Lord, Two Thousand and Seven.

A TRUE COPY OF WARRANT ATTEST:

William Albee

Susan H. Weeks

William L. Stockman

Selectmen of Tufonboro

Cow Island	25-2-140	500.00
TOTAL ASSESSED VALUE		\$7,956,750.00

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Tuftonboro
Tuftonboro, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Tuftonboro, as of and for the year ended December 31, 2005, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Tuftonboro's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Tuftonboro, as of December 31, 2005, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information on pages 6 through 19 and 45 through 48, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Tuftonboro's basic financial statements. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining nonmajor funds financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

2006 SELECTMEN'S REPORT

The 2006 March Town Meeting gave the Selectmen plenty of things to work on throughout the year. Some of the highlights for the year were as follows:

* Purchasing the former Tupeck property adjacent to the town offices. We have not developed any plans for its use other than to have it available for future cemetery expansion.

* In May Ted Wright completed his tenure as Codes Enforcement Officer and we hired Jack Parsons as our full time Codes Enforcement Officer. After researching the fee schedules of other neighboring towns, we have increased our permit fees to offset the cost of the inspections.

* The compactor building at the Transfer Station has been completed. A new sign was installed at the entrance and the hours were changed to be more consistent with actual usage. In 2007 we propose to revamp the recycling portion of the facility to make recycling easier and more efficient.

* The Cheney Farm easement was finalized in August. The federal grant was increased and paid for half of the final cost of the easement. Future generations will enjoy the same scenic vista we know and love today.

* Jeanie Forester was contracted as part-time Town Administrator through Municipal Resources, Inc. She works 16 to 20 hours per week as needed. When she joined Tuftonboro in late September, Jeanie's primary focus was to assist the Selectmen in the budget process. Other responsibilities have included soliciting bids for the ambulance, waste management, and website contracts; research on and stewardship of various projects; communicating with Town Counsel, governmental agencies and vendors on various issues on behalf of the Selectmen; and assistance in planning and facilitating more effective/efficient communication among departments, boards and committees. Her efforts have increased efficiencies and aided the Selectmen in responding more quickly to issues. Her schedule is flexible to meet the needs of the Selectmen (meetings, work sessions, hearings, etc.) while maintaining some regular office hours.

* Selectman Weeks represented the Selectmen on the Governor Wentworth Regional School District Withdrawal Feasibility Study Committee. The Committee voted in the affirmative for the feasibility of New Durham withdrawing from the District, with Selectman Weeks voting in the minority. The Committee's plan would have had New Durham creating its own district and owning its own elementary school while tuitioning middle school and high school students to Governor Wentworth. Ultimately, the State Board of Education rejected the Committee's recommendation and so New Durham will remain in the District for the foreseeable future.

* The revaluation of the town was completed in time for the final tax billing period of 2006. The abatement process required many hours of meetings with taxpayers, walking properties, and attending hearings in Concord, but the actual percentage of abatements applied for was lower than is typical for a revaluation. There are still a few cases where the landowners have appealed to the State and we will go through a public hearing process in Concord as the state schedules them over the next year or two.

* The Lang Pond Road repair project is estimated at \$145,200. This project will rebuild Lang Pond Road as it abuts Mirror Lake. It will repair and/or replace three existing culverts which are either too short or too small and will provide a buffer between the road and the lake to prevent siltation from the road entering the lake. It will also address public access and parking. We are requesting \$50,000 for 2007 to do the surveying and engineering work required to obtain all required permits. We will then budget the construction for 2008. All of this work will be available for 80% reimbursement by the State.

* We have negotiated a purchase and sale agreement with Lee Gould to obtain his property at 191 Middle Road subject to Town Meeting vote. We expect this property to be used for public recreation purposes. We believe it may be needed in the future for school purposes - possibly athletic fields/facilities or possibly even a school. If the Town does not buy the property, it will be listed for sale right after Town Meeting and would likely be purchased by a developer. We believe it is good planning for the future to preserve this parcel.

* The Dearborn property at 220 Middle Road was purchased. This property as well as the library and town office properties gave us the ability to consider several options for the fire department, police department and the library. Our architects gave us preliminary prices for five different schemes including possible renovation and expansion of the existing police department and possible uses of the existing library building as well as new construction on the Dearborn lot. After numerous meetings and discussions, the Selectmen unanimously chose the option of building a combined police and fire facility on the Dearborn lot as being the best option for the present and future needs of the town.

* Bonnette Page and Stone (BPS) was hired as project manager for the Public Safety Facility. They have provided more detailed cost estimates to our chosen design and have contracted to work with us through the bidding process. BPS is also working with the library so the two construction projects can be coordinated as much as possible for potential cost savings. BPS will not bid on the construction of either project.

* The Warrant for 2007 shows a budget of \$3,989,425 for a Public Safety Facility. This is a not-to-exceed price. Since the project has not been put out to bids yet, the budget has to be high enough to cover everything or else nothing can

happen. If the library and the Public Safety Facility are both passed by the voters, there would be significant savings on bond costs, construction management costs, and likely many other items which would reduce the cost of both projects. Bonding and construction management costs alone would be reduced by at least \$66,424.

* There are three bond articles on the Town Warrant for 2007. These articles will be discussed individually then voted on by secret ballot following the discussion of all three articles. Each article must receive a 2/3 majority of all those voting in order to pass. After Town Meeting, the Selectmen will begin formal negotiations to determine the terms of the bond(s) including the maturity dates. Accompanying this report is a spreadsheet entitled "Estimated Debt Schedules" which illustrates some of the possibilities and the impacts of the bonds on our tax rate. The Selectmen have recommended each of the articles for passage and will continue to work diligently to make informed decisions for the best interests of the Town.

TOWN OF TUFTONBORO

Annual Town Meeting Minutes

March 15, 2006

At a legal meeting of the inhabitants of the Town of Tuftonboro, County of Carroll, and State of New Hampshire on Tuesday, the fourteenth day of March, at ten o'clock in the forenoon at the Town House, the meeting was called to order by Moderator Daniel F. Barnard, Jr. The polls were declared open for voting and to remain open until 7:00 PM or until all present that wish to vote have voted.

Ballots were also cast for school officers and for articles on the school warrant, as provided for under the SB2 plan. These ballots were then taken to Wolfeboro to be counted.

The result of the town balloting under **Article 1: to choose all necessary Town Officers for the year ensuing:**

Selectman for Three Years		Library Trustee for Three Years	
William L. Stockman, Sr.	513	Marsha B. Hunter	620
Donald (Ted) S. Wright	152	Write-in	2
Write-in	3		
Budget Committee for Three Years		Moderator for Two Years	
Joe W. Ewing	510	Daniel F. Barnard, Jr	635
Lloyd P. Wood	530	Write in	1
Write-in	13		
Trustee of the Trust Funds for Three Years		Supervisor of the Checklist for Six Years	
Eric J. Letendre	153	Barbara Wood	573
Barbara L. McClure	459	Write in	10
Write-in	2		
Cemetery Trustee for Three Years		Supervisor of the Checklist for Two Years	
Barbara L. McClure	609	Jeanne B. Tempest	599
Write-in	3	Write in	3

2. Are you in favor the following amendment to the Zoning Ordinance as recommended by the Planning Board?

To delete the words "at any residence" from **10.4.1 Limitations** [of residential tenting and residential vehicles] and replace them with "shall be by permit only" so that 10.4.1 will read as follows: Such occupancy of either tents or recreational vehicles shall be by permit only and the occupancy shall not exceed a total of four weeks per year. No more than one such unit may be occupied in connection with any residence." (The purpose of this amendment is to facilitate enforcement of the four weeks limitation.)

YES 513 **NO 172**

3. Are you in favor the following amendment to the Zoning Ordinance as recommended by the Planning Board?

To delete the words "temporarily placed upon a residential Lot" from the first sentence of **10.4.2 Location** so the sentence reads as follows: Any tent or recreational vehicle shall be located as inconspicuously as possible so as to minimize to the greatest degree possible the unit's visibility from public roads or neighboring lands?

YES 515

NO 137

4. Are you in favor the following amendment to the Zoning Ordinance as recommended by the Planning Board?

To add the following statement to **14.4.2 Procedures for Permits**: The Code Enforcement Officer may require a N. H. Licensed Land Surveyor's certification or survey to verify that a structure meets the required setback(s). Non-conforming lots shall generally be required to have a foundation location plan certified by a N. H. Licensed Land Surveyor. (The effect of this change will be that applicants will have a better understanding of when and/or why a surveyor is needed in the construction process.)

YES 475

NO 172

5. Are you in favor of increasing the board of selectmen to 5 members?

(Petition warrant article.)

YES 282

NO 387

March 15, 2006 – Tuftonboro Central School

Moderator Daniel F. Barnard called the second portion of the 2006 Annual Meeting to order at 7:30 PM. The meeting was opened with a salute to the flag which was dedicated to the memory of Albert Dow Jr. who passed away in January, followed by a prayer offered by Reverend Bill Hartford of the Tuftonboro Methodist Church. The Moderator welcomed Jason Boucher as the new Sgt. for the Tuftonboro Police Department.

The Moderator explained the new voting materials each voter received when they checked in at the meeting. The yellow card is to be used for voting and the two color-coded yes/no ballots on the back of the card should be used if a secret ballot is requested. Non-registered voters were identified by a show of hands. Housekeeping reminders were announced.

Moderator Barnard announced the results of the election of March 14th – 682 townspeople cast ballots, 39 of them by absentee vote. The officers elected stood to be recognized and will be sworn in after the three day waiting period. The meeting then proceeded with the remaining articles of the Town warrant.

Article 6.

To see if the Town will vote to raise and appropriate the sum of One hundred fifteen thousand dollars (\$115,000.00) for the purchase of a 2.48-acre parcel of land (42-1-15) on Middle Road, which abuts the Town Office. The Selectmen and the Budget Committee recommend this appropriation. (Majority vote required)

A motion was made by Selectman Bill Stockman and seconded by Jack Widmer to adopt article 6 as read. Selectman Stockman explained this property came up for sale in the summer of 2005. The Town made an offer on the property and signed a purchase and sales agreement contingent on approval at town meeting. The lot will be used for future expansion to the town cemetery and the town office parking lot. The Moderator called for a vote on the article. The article was declared passed.

Article 7.

To see if the Town will vote to raise and appropriate the sum of One hundred thousand dollars (\$100,000.00) for the purpose of starting preliminary site work and design of an expansion to the Tuftonboro Free Library. This will be a non-lapsing warrant article as per RSA 32:7 and will not lapse until the project is completed or until December 31, 2011 whichever comes first. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)

The article was moved by Selectman Susan Weeks and seconded by Irwin "Win" Wood to adopt article 7 as read. Lindalee Lambert, Co-Librarian of the Tuftonboro Free Library explained the work that has been done in conjunction with a space needs consultant and an architect to begin the process of expanding the library. Rick Friend asked if the Town is considering putting a new Library next to the piece of land just approved for purchase, next to the Town Office? The Selectmen indicated it might be a possibility.

Barbara Wood made a motion to amend the current article and insert the words "at the present site" after the word expansion. Roger Wingate seconded the motion to amend the article. The Selectmen questioned why the Town would seek to limit the use of funds to one site. Barbara Wood stated that if the consultant thinks the present site is best, the library should expand in that spot.

The Moderator called for a vote on the proposed amendment to the article, which reads:

To see if the Town will vote to raise and appropriate the sum of One hundred thousand dollars (\$100,000.00) for the purpose of starting preliminary site work and design of an expansion "at the present site" to the Tuftonboro Free Library. This will be a non-lapsing warrant article as per

RSA 32:7 and will not lapse until the project is completed or until December 31, 2011 whichever comes first. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)

The Moderator called for a show of hands. The amendment to the article passed.

Further discussion ensued about the expansion project. Several residents asked what the ultimate cost of the expansion project would be, how will the project be funded, will the space for parking be increased. Library Trustee Carolyn Sundquist informed the residents the expansion is a \$1,000,000.00 project and they will be asking the Town for the majority of the funds and will also be doing some fundraising, grants etc. The parking will be addressed in the expansion. Helen Whall asked why the Library does not ask for more money now. The Trustees explained that they had originally asked for \$250,000.00 to put in a capital reserve account and the Selectmen and Budget Committee recommended \$100,000.00 to begin the project. Vote by a show of hands in the affirmative and the amended article was declared passed by the Moderator.

Article 8.

To see if the Town will vote to raise and appropriate the sum of Twenty eight thousand two hundred thirty dollars (\$28,230.00) for the purchase of a Police computer network (software and hardware). The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)

A motion was made by Selectman Chip Albee and seconded by Jack Widmer to adopt the article as read. Selectman Albee explained the Police Department computer system is outdated and only one person can use it at a time. The proposed new system is used by most police departments in the area and can be used by several officers at the same time. No discussion or questions from the floor and the Moderator asked for a vote by a show of hands. The article was declared passed.

Article 9.

To see if the Town will vote to raise and appropriate the sum of One hundred ninety two thousand three hundred fifty dollars (\$192,350.00) for the renovation of the Transfer Station. Of these funds \$132,477.00 will come from unreserved fund balance. The balance of \$59,873.00 is to be raised from taxes. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)

The article was moved by Selectman Susan Weeks and seconded by Paul Thornton. Selectman Weeks explained that the original bids for this work went out this past summer (2005) and the bids returned were much higher than budgeted last year for the project. The project was put out to bid in

January 2006 and the work will be completed before summer. Rick Friend asked if the Town is considering having a swap shop at the site? Selectman Weeks said it was not discussed as part of this project, but it will be addressed as part of the renovations to the main building. The Moderator asked for a vote by a show of hands. The article was declared passed.

Article 10.

To see if the Town will vote to raise and appropriate the sum of Three hundred sixty five thousand dollars (\$365,000.00) for the purchase of land and preliminary design work for a Public Safety Building. This will be a non-lapsing warrant article as per RSA 32:7 and will not lapse until the project is completed or until December 31, 2011 whichever comes first. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required)

A motion was made by Selectman Susan Weeks and seconded by Rick Friend. Selectman Weeks made a computer presentation about the proposed Public Safety Building. The presentation outlined that our current buildings are not able to meet future needs. The buildings are in need of repair, have inadequate space/storage, not secure and not functional. Based on the findings of the Public Safety Needs Assessment Committee, the Town hired an architectural firm to do a space needs analysis and toured several other Public Safety buildings around the State. The Selectman then began looking for centrally located land. Once a site has been determined the Town will do a design and schedule public meetings to get input and develop a financial plan. Some residents asked if the Fire and Police Departments had to be together. Others expressed concern about placing the building on residential land on Union Wharf Road. Selectman Weeks explained that the lot being considered as a possible site on Union Wharf Road has been sold.

Gary Chehames made a motion to amend the article by inserting the words "*adjacent to the Town Office building*" after the word land and reducing the dollar amount from \$365,000.00 to \$250,000.00. Irwin Wood seconded the motion. Selectman Weeks addressed this issue stating although it makes sense to put the Public Safety building on this land the parcel is not large enough. Several others spoke about making sure the Town finds a large enough piece of land to build the Public Safety complex. The Moderator asked for a vote on the amendment proposed by a show of hands. The amendment has failed.

Barbara Wood informed voters that the Selectmen would be required to have public hearings with the Conservation Commission and Planning Board, as well as two public hearings to see if the Town wants to go forward and place the issue on the warrant for next year. Vote by show of hands in the affirmative and the article was declared passed by the Moderator.

Article 11.

To see if the Town will vote to raise and appropriate the sum of Four hundred thirty thousand dollars (\$430,000.00) to purchase a conservation/preservation easement on the Wayne Cheney Farm, 70 Middle Road in Tuftonboro. Of the \$430,000.00, \$73,500.00 will come from federal grant money, \$11,000.00 from the Conservation Fund and \$62,500.00 from fund balance. The balance of \$283,000.00 is to be raised by taxes. The Selectmen recommend this appropriation. The Budget Committee recommends \$73,500.00 for this appropriation. (Majority vote required)

A motion was made by Selectman Bill Stockman and seconded by Ann Hackl to adopt article 11 as read. Selectman Stockman outlined the history of this article. In 2004, the town raised and appropriated the sum of \$62,500.00 to purchase a conservation/preservation easement on the Wayne Cheney Farm. The appraisal for the conservation/preservation rights in 2004 was \$147,000.00. The easement took longer to draft than expected and Mr. Cheney put the property on the market. When the property went on the market, the Town stopped working on the easement. In November 2005, Mr. Cheney took the property off the market and work on the easement resumed. The Cheney's asked for another appraisal and the figure in the warrant article reflects the difference in the value. Ann Hackl spoke on the article asking the town to support the preservation of this landmark as they have in the past. Several others spoke in support of the article citing the preservation of open space and historical landmark. Chris Ruel requested that the article be moved. All in favor. The Moderator asked for a vote on the article. The article was declared passed.

Article 12.

To see if the Town will vote to raise and appropriate the sum of One hundred eighty five thousand dollars (\$185,000.00) for the paving of town roads. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

Selectman Chip Albee made a motion to adopt article 12 as read. Paul Thornton seconded the motion. Selectman Albee explained this money would be used to pave Sodom Road, New Road, County Road and North Line Road. The Moderator asked for a vote on the article. The article was passed.

Article 13.

To see if the Town will vote to raise and appropriate the Budget Committee's recommended amount of Two million two hundred twenty five thousand

four dollars (\$2,225,004.00) to defray town charges. This article does not include any special or individual warrant articles. The Selectmen recommend this appropriation. (Majority vote required)

A motion was made by Selectman Susan Weeks and seconded by Jack Widmer. Barbara Wood asked for an explanation about the proposed Town Administrator position for \$22,000.00. Selectman Weeks explained the Town Administrator would be helping the Selectman to draft policies, implement policies, gather necessary information for Selectmen so they can make informed decisions, establish priorities, evaluate the town work flow and make recommendations to the Selectmen. Several people voiced their concerns regarding the Town Administrator position.

Ken Cookson made a motion to amend the warrant article by reducing the amount to raise and appropriate by \$22, 000.00 for a new figure of \$2,203,004.00. Irwin Wood seconded the motion. Selectman Albee explained there had been some debate among the Board of Selectmen about this position, but they are looking to experiment and try it for one year to see if it will work. The Moderator asked for a vote on the amendment proposed, reducing the budget by \$22,000.00 to a figure of \$2,203,004.00. The amendment to the article was defeated.

No further discussion or questions from the floor, the Moderator asked for a vote on the article 13 as read. Vote by show of hands in the affirmative and the article declared passed.

Article 14.

To transact any other business that may legally come before this meeting.

Lee White of the Tuftonboro Association announced the Annual Road Side clean up will be held this year on Saturday, April 22nd from 8:00 AM – 12:00 PM, rain or shine. The Association is asking anyone who is interested to sign up at the conclusion of the meeting or at the Town Office. A dumpster will be at the Town Office and safety vests and trash bags will be provided.

Selectman Bill Stockman made a motion to adjourn the meeting. The motion was seconded. The meeting was adjourned at 9:15 PM. There were approximately 235 people in attendance.

Respectfully submitted,
Heather Cubeddu
Town Clerk

HIGHWAY DEPARTMENT

With 2006 being one of the warmest years on record it ended with bare ground, as well as February 1st with no snow cover! There was also lots of rain throughout the year with some flooding.

Work included brush clearing and chipping around town. Drainage and ditch work done on Eaglemere Road, Phineas Graves Road, Federal Corner Road, North Line Road and County Road.

Paving was done on Sodom Road, Harvest Lane, North Line Road and reclaiming and paving the north end of County Road.

Respectfully submitted,
Stephen Hunter
Road Agent

TUFTONBORO POLICE DEPARTMENT

2006 Report

Activity in many areas increased in 2006. Arrests were up nearly 70%. Nearly 25% involve domestic violence. 46% of the arrestees had used involve alcohol or drugs. Accidents were up approximately 40%. Motor vehicle stops were up over 100%. With the new computer system, we changed some of the criteria so that calls or incidents that previously would generate a report or log note now are entered as a call for service. This was to save officer time on cases that were unfounded or did not require an investigation and to better track our activity. One example would be a false burglar alarm. Previously it would require a non-criminal incident report and a call for service. Now it is just a call for service. This resulted in calls for service being up. Incidents requiring a report went down due to many of them being entered as a call for service. Calls for service were up 300% to 2,784. Incidents requiring a report were down. The net effect is activity is up and requests for service are up. I expect overtime to be up this year because of the increased demands on our time and the new officer going through training. This may also mean more assistance will be required from other agencies.

In February, Sgt. Jason Boucher joined the department. In July, Officer Sheehy left to work as a NH Forest Fire Ranger. She has stayed on to work part-time. We have progressed in filling the open position. Hopefully by the time of Town Meeting, a new officer will be hired. There were no full-time certified applicants so we will have to send the new officer to the NH Police Academy in April. The officer will have field training after the academy. The officer would most likely not be working alone until the fall. In October, retired K9 Koda died due to cancer.

We have been working with the Board of Selectmen, Fire Department, Town Administrator and Stewart Associates on the public safety building program. This is after several years of studies and reports. The current police station is two offices and a garage attached to the Town Office. Although it is relatively new, it does not address current needs specific to a police station. Evidence storage is a converted closet. It is too small and was not designed for storage of evidence. Storage space is minimal and one office is used to store equipment and files. Increased arrests and reports have filled our files and there is no room for more cabinets. Our current space is filled to capacity. In fact in order to comply with Americans with Disability Act (ADA) requirements, many of our current desks and files would have to be removed. The new building is projected to meet the needs of the Town for 20+ years.

The lack of a safe location for booking arrests is costly to the Town in terms of officer time. Currently with an arrest, we have to go to another department after checking to see if their booking room is available. While there the officer will often have to wait to complete the booking process and wait for a bail commissioner. With the ability to book arrests in Tuftonboro, less travel time will be involved for the officer. Also the necessary paperwork can be done while waiting to complete the booking process. Presently, the officer has to return to the station to start the paperwork for the arrest.

We also often end up going to other towns to interview victims, witnesses and suspects. Many of these interviews could be handled at our station if we had a facility which provided privacy and safety. Our current facility does not provide that.

The Police Department thanks the New Hampshire State Police and the Carroll County Sheriff's Department for their assistance and cooperation. We sincerely appreciate the ongoing support we have from the Town and citizens.

Respectfully submitted,
Andrew Shagoury
Chief of Police

The Tuftonboro Fire Rescue Department's training is conducted every Thursday of the month. Fire Department meetings are held on the first and third Thursdays, Business meetings on the second Thursday, and EMS Trainings on the fourth Thursday. Over 3,500 hours of fire and medical trainings were completed in 2006.

Officers of the Tuftonboro Fire Rescue Department are:

Chief Adam L. Thompson
Deputy Chief Richard Piper
Captain Ernest Gagne
Captain Kyle Joseph
Lt. Frank Tranchita
Lt. Caleb Pike

Department Apparatus includes:

Melvin Village Station - Engine 2, Utility 2, Boat 3, ATV & Trailer, Forestry 1
Mirror Lake Station - Engine 4, Rescue 1, Boat 2 (Airboat), OVMAA HAZMAT trailer,
EM Generator
Winners Circle Farm - Engine 1
Pier 19 (summer months) - Boat 1

In 2006 the Tuftonboro Fire Rescue Department had several changes. Captain Kyle Joseph has returned to a call position with our Department. Kyle now works full time for the City of Laconia Fire Department. We wish him well with his new job. Also in 2006, the town hired its second full time employee for the Fire Department. Firefighter Caleb Pike was promoted to Lieutenant, and started full time with the Department in March. This full time position has helped the Department, and me, to move forward with increased fire prevention and day-to-day operations. Lt Pike has worked throughout the year on all projects that have been delegated to him and the other Department members with great enthusiasm. The Department currently has 26 members. The Department's call members remain a very important part of the Fire / Rescue Department.

At the Tuftonboro Town Meeting in March of 2006, the Town appropriated funds to secure a property and to design a public safety building. The Fire Rescue Department has been working with the Town Selectmen, its architects, and the Tuftonboro Police Department to design a public safety building that will serve the Police Department, Fire Rescue Department and the Emergency Management Department for the next 20 years. This has been a long process, with many designs being completed and reviewed. The newest design, which can be seen at the town offices, is a good design for the building's current site, which has some constraints due to size.

As the Fire Chief of the Town of Tuftonboro, I would like to invite all of the town's residents to visit the Mirror Lake station for a tour of the Department's stations and equipment. The Department's normal business hours are Monday - Friday from 8:30am to 5:00pm. Please call 569-3381 for further information, or to set up a weekend visit.

It is my goal to have a building design that will accommodate the current and future needs of the Department, as well providing greater protection for the Town of Tuftonboro, and taking the pressure off the current stations.

At the completion of the 2006 boating season, the Fire Department brought the current 1991 Eastern Fire Boat to Eastern Boat Company in Milton, NH. The boat was tested with the current equipment and weight that the boat carries. It was found that our boat was much heavier than a standard boat of the same size. The plywood in our boat's construction had become water-logged during the years that the boat's scuppers were below water level. It is the opinion of Eastern Boats that a new engine will not help our current boat with its power and weight issues. Several options for a replacement boat were considered, as well as gutting the current boat and rebuilding it, and re-powering as well.

It was found that the best option for the town, and Department, would be a 27-foot Eastern boat. The cost of this boat would be \$52,240.00, after a \$10,000 trade in from our current boat. The selectmen have decided that the boat will not be placed on this year's warrant article, due to the large amount of warrant articles in 2007. We will try to replace the boat in 2008, as long as the selectman and budget committee recommend it as a warrant article.

The Department's calls have gone down from 472 for the year 2005, to 408 in 2006. This reduction in calls was influenced by our change in weather patterns. We had less serious storms move through the area, and a wet spring and summer, keeping the fire danger very low throughout the year. Also, with reduced snowfall, the recreational injuries were reduced. The Department has been working throughout the year to promote fire prevention for the residents of the town. The Department continues its program of giving out smoke detectors to those people that cannot afford them. The Department has also been assisting homeowners in putting up proper street numbers. Having a proper street number posted is very important in order for our emergency services to quickly locate your residence in case of an emergency.

We also continue to check fire extinguishers and send them out to Tri State Fire Equipment if hydro testing and recharging is needed. It is recommended that each home have a smoke detector in the living spaces and least one 2 1/2 - 5 pound dry chemical fire extinguisher in a place where all family members know where it's kept. If a resident has questions on fire extinguishers, or other safety questions, please call the Mirror Lake Station at 569-3381.

The Department has received several inquiries about concerns that the entire town would not be within the 5-mile distance of a fire station. It has been verified, by traveling from a central location in Center Tuftonboro, that all of Tuftonboro would be covered with the two current stations and a central station. The engine from Winner Circle Farm would be moved in to one of the substations.

I continue to have questions from concerned citizens that the Melvin Village and Mirror Lake Fire stations will be closing. It remains my opinion that the Town should keep the current stations as sub stations, with a class "A" piece of

apparatus in each. If the stations become too costly to operate, then the townspeople could make the decision to close one or both stations.

The Town currently has Ossipee Corner on automatic response for the Route 171 areas, which is the one area that is just out of the 5-mile range toward the Ossipee town line. Our Department currently has the same type of automatic response agreement with Moultonboro for the Tuftonboro town line to Suissevale.

In 2007, the Tuftonboro Fire Rescue Department will provide the Town's residents and guests with the highest quality care and protection as possible. The Fire Rescue Department would like to thank everyone for their tremendous support throughout the year.

Respectfully Submitted,
Adam L. Thompson, Chief
Tuftonboro Fire Rescue

EMERGENCY MANAGEMENT

In 2006 the emergency management department had a break from storms and other problems that it had faced in past years. This time has allowed me to attend meetings and trainings to deal with future natural or man made disasters. We have been working with the State, Huggins Hospital and other surrounding towns to come up with a plan in case of a pandemic emergency. The state of NH has been broken down into All Hazardous Regions and then into points of distribution (PODS). Southern Carroll County has 3 PODS-Tuftsboro, Ossipee and Wakefield. The current state mandated plans will be funded by Federal money. The point of contact for our region is Carol Tubman of Huggins Hospital. The emergency management department will be looking for citizens of the town that are willing to volunteer their time once this plan is complete.

Respectfully Submitted,
Adam L. Thompson
Emergency Management Director

REPORT OF FOREST FIRE WARDEN AND STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdf.org.

Fire activity was very high during the first several weeks of the 2006 fire season, with red-flag conditions issued by the National Weather Service and extreme fire danger in many sections of the state. The largest forest fire during this period occurred in late April and burned 98 acres. The extremely dry conditions in spring resulted in over twice the amount of acreage burned than in all of 2005. Our statewide system of fire lookout towers is credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. Fires in the wildland urban interface damaged 6 structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

TRANSFER STATION

2006 Recycling Report

This year was full of surprises, changes, and improvements at the transfer station.

We added a compactor building and re-routed traffic in hopes of increasing our recycling thus decreasing the amount of trash that goes to a landfill. We appreciate everyone's efforts to recycle and encourage all to continue to help us reduce the cost associated to landfill space.

We disposed of 1,829 tons of household garbage and 318 ton of construction debris totaling 2,147 ton of materials.

We recycled plastics, tin, aluminum cans, glass, cardboard, paper, electronics, tires, batteries, propane tanks, florescent lights, scrap metal and appliances. Our total recycled weight was 332 tons.

We look forward to providing the citizens of Tufonboro with greater efficiency in 2007.

Respectfully submitted,
Scott W. Greenwood

TOWN OF TUFTONBORO
PARKS AND RECREATION COMMISSION
Annual Report 1/24/07

The eleven member Parks and Recreation Commission met twelve times during 2006. The following is a report of major projects and undertakings.

Winter 2006 was a big disappointment for those who enjoy winter sports. The 3rd Annual Woman's Ski for Scholarship, scheduled for 2/5/06, was rescheduled to 2/19/06 and finally cancelled due to lack of snow.

The ice rink was downsized by 50%, set up with volunteer effort and flooded with the help from the Tuftonboro Fire Department. The rink then sat idle in Davis Field waiting for the type of weather conducive to good ice making. The P&R Commission hired two people to help with ice rink maintenance: one to help keep the area plowed and the ice free of large amounts of snow, and the other to do the light scraping needed to keep the ice smooth. As the snowless winter progressed, rain water collected below the rink, resulting in sub-rink frost heaves.

The storage shed at Davis Field ice rink area was constructed over the winter by the Construction Trades program from the Region 9Vo-Tech Center and was finished during May '06. This houses the snow blower and other equipment needed for the rink as well as for the baseball diamond.

The Parks and Rec link was created off the town's website and was up and running for the summer. Swim lesson and other applications were available for downloading.

Work parties to spread sand and upgrade pitcher's mound at Davis Field happened during May, and another work party to clean Nineteenmile Bay Beach happened in June. Through the volunteer efforts of Mike Phelps, the electricity at the pavilion was in place in time for summer and was very instrumental in the computer-run scorekeeping for the Tuftonboro Torpedoes swim team.

Tuftonboro's swim program saw another banner year with over 100 swimmers signing up for lessons or swim team. The lesson program expanded to include afternoon lessons as well, with the entire program running from 9 AM to 2:45 PM under the direction of two instructors, with assistance from a swim team helper and four teenage assistants. A new swim activity was added this year as a direct result of the cancellation of the Ski-for-Scholarship. The Swim-for-Scholarship occurred during the evening of 7/24 under pristine weather conditions. Twelve swimmers took part in this premier event, swimming one or more 15-minute segments. A total of \$737 was raised for the Tuftonboro Scholarship Fund. It is expected that this will become an annual event and we urge many other community members to please become involved.

Many discussions occurred about how to monitor the beach and enforce the rules since many kids aren't using the docks safely and adults are bringing their dogs to the beach during the evenings. The selectmen are supporting beach monitoring to help enforce the rules during the summer 2007 and will be looking for volunteers to help with this.

The Mirror Lake boat ramp was the topic of many discussions as well because of its poor condition and the difficulty people have had in launching their boats, especially following periods of rain. The selectmen and budget committee have approved a proposal for fixing the ramp, and will include it in the warrant for voter's approval this March.

The 2nd Annual Town Picnic occurred on 9/10 with sixty residents attending under a cloud/sun sky. The weather was warm enough for swimming, the food was great as usual and a small handful of volunteers contributed to the music.

The playground at Tuftonboro School now has two new benches, courtesy of Darrin "Bucky" McClean, which he completed by 9/06 as part of his Eagle Project. A second Eagle Project is in the works by Chris Mancuso, who will rebuild one of the storage boxes at the beach.

Long range plans for the playground are to add more swings, including one that is handicap accessible.

Parks and Rec is actively researching land for basketball/tennis courts. The selectmen are in the process of purchasing the Gould property and have suggested that a portion of that location be used for this purpose.

The Parks and Rec Commission was the recipient of a generous donation from the Vegetables for Charities project. Since there are no projects ongoing at the moment, it was decided to save this donation for future needs.

Respectfully submitted,
Parks and Recreation Commissioners

Town of Tuftonboro Summer Swimming Report 2006

The swimming program began on June 26th under Coach Terry Colby. I, Mary Ann Murray, joined her on June 27th after completing my school year. After a week of pre-season practice we registered 85 youngsters for swim lessons and 45 youngsters signed up for swim team.

The lessons went very well with great weather and only two classes having to be rescheduled due to a thunder storm early one morning. Kathy Roseen and I split the classes up into nine groups. The groups in the lower levels 1-4 were very large and we needed to hire the helpers from last year to assist in crowd control and instruction. Teddy Oram, Kate Oram, Lydia Meserve and Amanda Moody were an invaluable help.

The swim team was most successful, swimming 5 meets. The first meet was a demonstration meet between the team members. This meet was run to test the new software that was donated to the team. The program sets up the meets, runs the meets, prints labels for ribbons, and provides rosters and information for the coaches. It was most helpful to have Laura Starr-Houghton, a computer expert, running this program. Her able assistants, Patty McAlarney and Mary Hager, two of our dedicated swim team parents and her Mother, Marguerite Eckles were instrumental in keeping the meet running.

The team also swam Wolfeboro at Wolfeboro and had three home meets, two with Meredith and one with Camp Huckins. The second Meredith meet concluded in a tie and included lots of fun relays with the teams mixing together. Ice Cream sundaes were enjoyed by both teams after the meet. Meredith brought the toppings and Tuftonboro provided the ice cream.

Parents, Grandparents and guardians are to be commended for their dedication to the program and faithfully bringing the youngsters every day. They were also most generous with their time assisting at the meets: timing, scoring and getting ribbons ready.

Recommendations for next year would include the addition of lifeguards. Many parents mentioned that they were concerned about the numbers of youngsters at the beach, unsupervised and doing dangerous things on the docks. The other recommendation would be to hire 2-3 more instructors and readjust the salary to an hourly rate, based on experience.

Hopefully, priority would be given to those assistants who have devoted themselves to the program. The training could be part of their salary and would lower their hourly rate the first year.

Respectfully submitted,
Mary Ann Murray

CONSERVATION COMMISSION REPORT FOR 2006

Tuftonboro residents should be proud of the achievement that was accomplished at the 2006 town meeting when the Cheney Farm Easement was finalized. This picturesque property will remain as part of the character of the town as many of us have remembered from the past and will remain so for future generations. The two-acre Libby Park Easement, with the help of Mrs. Davies is close to completion with the multitude of heirs to be notified, the boundary line adjustment, court involvement, snowmobile club agreement, and surveys; this project should come to completion this year. The newly approved Land Protection Objectives and Acquisition Criteria statement adopted in 2006 will guide the commission when easements are requested, and received by the commission and are currently being reviewed. Three requests were received in 2006. Water seems to be in the news and of concern to many and we feel it is a major asset to Tuftonboro and should be protected by ordinances, buffers, and easements wherever possible. The commission will be working closely with the Planning Board to implement the wishes of the residents per the Master Plan Survey in the area of conservation and protection of our sensitive assets.

Ann Hackl has been an inspiration and one of the most productive volunteer workers for the town in the conservation arena, battling for the preservation of the character of the Town and preserving its most important resources. The commission will miss Ann and hope that her endeavors are most productive which will give her time to return to the projects she has worked so diligently on for the Town. Barbara Garabedian has replaced Ann as a board member and with Dawn Evans has been working on updating all the easements in Town. The Conservation Commission adopted the Rules of Procedures document in 2006.

The 2006 workload for the Department of Environmental Services (DES), one part of our tasks as Conservation Members, was 28 Permit Approvals, 18 new Dredge and Fill Applications 10 new Expedited Dredge and Fill Applications and 10 Permit by Notification Applications. The newer application for minimum repairs, known as the Permit by Notification, is a streamline process and takes less time for the DES approval.

The Conservation Commission thanks the residents of Tuftonboro for their continued support and will work towards the protection of the many unique and important natural resources of the Town.

Respectfully Submitted,
Mike Phelps, Chair
Gary Chehames

PLANNING BOARD REPORT 2006

The year 2006 saw two major happenings in Tufonboro: the completion and adoption of the 2006 Master Plan, and the emergence of a major trend in multi-lot subdivisions.

The decision to review and update the 1984 Master Plan came in 2004. In 2005 the Planning Board hired Joanna Whitcomb of Chase Brook Associates as a consultant. The board and Joanna continued their work thru 2006, and after two years of many Board workshops, two questionnaires, and five public hearings the Board on November 14th adopted the 2006 Master Plan.

This document is a guide for town decisions about future growth and development, along with defining the town's vision and its guiding principles.

In 2006 the Planning Board saw increased development activity, meeting with developers for Preliminary Discussions on two approximate 20 lot subdivisions, and with the acceptance of Formal Applications for two developments of approximate 25 lots each. Also in 2006 an approved 24 lot sub-division was introduced to the real estate market. Individual lots continue to be sold and developed.

At year end 2006 the Planning board decided that its objective in 2007 was to implement the zoning changes that were presented in the Master Plan.

Other Board activities involved minor subdivisions, boundary line adjustments, voluntary mergers, and site plan reviews. The public continued to use the board for discussions on future projects.

During 2006 John Cook resigned from the Board and was replaced by Ted Wright. Mike Abraham joined the Board as an alternate.

A complete compilation of the Boards activities prepared by Joan Theve are archived in the Tufonboro Free Library, and minutes are kept at the Town Office with Secretary Jackie Rollins.

Current Members consist of:
Anthony Lyon, Chair
Dan Derby, Vice Chair
Rick Friend
Wilson Stewart
Joan Theve
Ted Wright
Sue Weeks, Selectman Representative
Mike Abraham, Alternate
Jackie Rollins serves as our Secretary

Respectfully Submitted,
Anthony Lyon, Chair

2006 ZONING BOARD OF ADJUSTMENT

2006 brought to the ZBA an average caseload, with 19 applications heard. 14 were for variances granted, mostly for minor setback infringements or expansion of non-conforming uses. 1 variance request was denied. 1 variance application was deemed a "Natural Expansion" and therefore no variance was needed. 1 Special Exception was granted. 1 Special Exception was denied. 1 application for Equitable Waiver of Dimensional Requirements was granted. All documentation of hearings are available at the town offices.

Bob Murray and Jim Cubbedu were elected Chairman and Vice Chairman, respectively. We welcome John Cook, Betsy Frago, and Barbara Wood as our newest members.

Current board membership consists of:

Bob Murray, Chairman

Jim Cubbedu, Vice Chairman

Niel Hanson

Wolfgang "Bill" Kaiser

Tony Lyon, Planning Board Representative

John Cook, Alternate

Betsy Frago, Alternate

Barbara Wood, Alternate

Jackie Rollins serves as our Secretary

Respectfully Submitted,
Bob Murray, Chairman

CODE ENFORCEMENT OFFICER/HEALTH OFFICER FOR THE YEAR 2006

163 Building Permits
25 New Homes
123 Electric Permits
59 Plumbing Permits
59 Certificates of Occupancy
10 Sign Permits
13 Driveway Permits
\$11.5 Million in overall building construction,
\$6.3 million in new homes.

The position of Code Enforcement Officer became a full time position in 2006 in order to keep up with the workload demands, and giving the community greater access and coverage. Both office hours and field hours are posted at the Town Hall for the public's convenience.

The number of building permits again increased from 2005 as did the number of electric permits, plumbing permits, certificate of occupancy and sign permits.

As part of the responsibilities as the Health Officer, the mosquito surveillance planning is finished and posted on the town website. Pandemic planning is currently ongoing as part of a coordinated effort within the town.

Overall 2006 proved to be a very busy year and it is anticipated that growth will continue into 2007.

Respectfully submitted,
John (Jack) A. Parsons
Code Enforcement Officer
Health Officer

REPORT OF THE TRUSTEES OF THE TRUST FUNDS

During 2006 the Trustees of the Trust Funds for the Town of Tuftonboro managed the following funds:

1. Fire Truck Capital Reserve
2. Charles Davis Fund
3. Leon F. Sheperd Scholarship Fund
4. Tomb Library Fund
5. The Tuftonboro Scholarship Fund

The Fire Truck Capital Reserve Fund is still held in Capital Reserve by the Trustees.

In managing these funds, the interest from the Leon F. Sheperd Fund was distributed to seven Tuftonboro students for their continuing education; the Davis Fund earnings were given to five residents over seventy years of age; the Tomb Fund earnings were transferred to the Tuftonboro Free Library Board for the purchase of books.

The Tuftonboro Scholarship Fund, created in 1999, continued to grow with contributions from friends and a generous donation from Spider Web Gardens. Because of the mild winter the "Ski for Scholarship" fund-raiser had to be cancelled but the Trustees, with the help of the Parks and Recreation Commission, sponsored the "Swim for Scholarship" at the town beach to raise funds and awareness in the community about this fund. Approximately \$700 was realized from this endeavor. For the first time the Trustees were able to award generous scholarships from this fund to three very deserving Tuftonboro Scholars. Continued contributions to this fund from the community will help it to continue to grow so the scholarships will be expanded. We thank all those Tuftonboro citizens who have had the faith to contribute to this Scholarship Fund.

All funds except Capital Reserve monies are currently invested in conservative Mutual Funds.

Barbara L. McClure
David Haeger
Dick Frucci

REPORT OF THE TRUSTEES OF THE CEMETERY TRUST FUNDS

The Cemetery Trustees this year have invested the cemetery trust funds in conservative mutual funds which have performed quite well. The interest earned by this fund is contributed each year to the town to help defray the town's costs in maintaining the cemeteries whose "perpetual care" funds are administered by the Trustees. The interest generated by these funds varies as the market varies, often covering costs completely, sometimes not with the shortfall being underwritten by the town.

In 2006 the Trustees addressed a long-standing problem at the Town Hall Cemetery. Granite posts were installed at the end of the main cemetery road to keep traffic confined to the roadway. Posts were also installed on both corners of the primary cross road with the similar purpose of making sure traffic does not encroach on cemetery plots. The main road was then graded.

Another item undertaken in 2006 by the Trustees was the rewriting of Section VII of the Cemetery Rules and Regulations to establish new limits for monument sizes, monument size being determined by plot size. It was also established that any monument of a non-traditional nature must have the prior approval of the Trustees. Plot fees were increased slightly.

Cemetery Sexton Michael Haeger has resigned and Tom Bussiere has been hired to fill the position. The Cemetery Sexton oversees the placing of plot cornerstones and supervises any burial preparations. The Cemetery Trustees thank Michael for a job well done and are grateful that he will be available to help Tom when needed.

Ann Hackl, Chairman
David Haeger
Barbara McClure

TUFTONBORO FREE LIBRARY

Annual Report for 2006

The library was open 256 days in 2006. Circulation totaled 32,164, a substantial increase for the 7th year in a row, and a 50% increase overall just since 2002. Book circulation outpaced all other materials combined (audios, videos, DVDs, CDs) by a two-to-one margin. We issued 185 new library cards, for a year-end total of 3,104 registered patrons. We added 1,843 items to the collection, and discarded 638. Total collection now stands at 24,541, in a building designed to house 20,000.

Lack of adequate space for library services, resources, and programs continued to be the major issue facing the library in 2006. Despite more than 150 feet of extra shelving added in 2005, in July we were forced to shift books by 14 authors to the meeting room. By October, the list of "remotely shelved" authors was up to 28, and we were out of space again. During the year, staff and trustees worked with architect Tom Wallace to develop a plan for a new building. The town-owned land behind the present library was mapped for wetlands and topography, and a site for the new building was selected.

We recorded total attendance of 2,164 for 134 library-sponsored family and children's programs this year. Programs included weekly preschool storytime, weekly visits from both first grades, weekly outreach visits to the nursery school and two home day cares, monthly Saturday crafts programs throughout the winter, six-week summer reading program with four special performances plus themed craft workshops, and the annual Christmas gift, The Polar Express. For adults, we inaugurated First Thursday, a six-month series of popular, informal book and author luncheons held on the first Thursday of the month, January through June.

Other community groups using the Hamel Meeting Room 149 times in 2006, included the U.S. Coast Guard Auxiliary, Hikers, Tuftonboro Association, Homeschoolers' Book Club, Clearlakes Chorale, Newcomers Garden Group, Wolfeboro Arts & Crafts Association, Abenaki Tower Association, Happy (rug!) Hookers, Tuftonboro Cooperative Nursery School, Tuftonboro Historical Society, SAT prep tutoring, Ladies of the Lake Quilters' Guild, and the D.A.R.

Original art exhibits this year included work from many talented local artists including Nancy Piper, Winnie O'Shaughnessy, Wes Seay, Robert Demario, Peg Scully, Diane Kirkup, the Embroidery Guild, and the Newcomers photography group, as well as wonderfully imaginative multi-media projects by TCS K-6 students.

The Friends of the Library's annual Book & Bake Sale in July broke financial records once again, and they also sponsored a fascinating program for their annual meeting in September, with film editor Erik Ewers providing a world premiere sneak preview of Ken Burns' new documentary about World War II. The FOL contributed over \$4,000 in extra funding this year, including money to upgrade the website and put the catalog online, as well as for new DVDs, books for newborns, and family passes to area museums and attractions. Thanks to FOL Chair Dick Frucci, and Board members Tony Lyon, Barbara Widmer, and Dave Lee.

Technology upgrades this year included two new computers with flat

screen LED monitors for public Internet access, and a color laser printer. We introduced WiFi service in June, just in time for a tremendous summer influx of wireless users, and it continues to be regularly used — often out of hours in the parking lot or on the front bench! A new electronic circulation system was also purchased, to be installed early in 2007.

Donations in 2006 totaled \$20,333, or about 17% of the total budget. In addition to many generous gifts from individual patrons and community organizations, gifts from the D.A. Hamel Family Foundation and the Henry F. Hurlburt III Charitable Trust were used in support of collection development and equipment purchase. Gifts from the Hoppin Trust and the Hall family provided funding for the new circulation system and patron access computers and printer. A grant from the Eaglemere Foundation supported the purchase of children's books and media. A grant from the Gates Foundation will underwrite patron access to downloadable audiobooks from home in 2007. Gifts from the Mirror Lake Community Church and grants from the Governor Wentworth Arts Council and Kids, Books, & the Arts supported library programming for both children and adults.

We also extend thanks to patrons who gave their time to the library in 2006. Bob and Marsha Nussbaum gave all the foundation shrubs a good trimming. Barbara Wood and Joan Theve once again cleaned out and restocked the cutting garden. Louise Nelson made new range finder signs for the ends of all the stacks. Nicole Haeger volunteered most of her Saturday mornings throughout the year to read shelves and wash picture books, and officially joined the staff as our new student intern in September, when former intern Randy Lawrence-Hurt departed for college.

Thanks to all of our patrons who expect excellence in library service, to the Trustees who support our efforts to provide it, and to the staff members who ensure it: Sally Andersen, Jennifer Caldwell, Penny Garrett, and Nicole Haeger.

Respectfully submitted,

REPORT TO THE PEOPLE OF DISTRICT ONE

By Raymond S. Burton, Executive Councilor

It is an honor to report to the people of this large Northern District in my capacity as Executive Councilor, one of several elected public servants. The five member Council was founded in the NH Constitution and much of NH law provides an additional avenue at the top of your Executive Branch of State Government.

2007 will be a year when members of the Council are charged with conducting public hearings on the State of New Hampshire 10-year transportation plan. With inflation affecting basic transportation costs, and presently no plan for an increase in the State gasoline tax, I don't look for any new projects becoming a reality. We'll be lucky to complete what is currently in the plan.

I continue to seek volunteers to serve on the 300 or so Boards and Commissions as prescribed by New Hampshire law. There are some great opportunities to serve your state government! Send your letter of interest and resume to my office, or to Kathy Goode, Director of Appointments/Liaison to the Council, Governor's Office, State House, 107 North Main Street, Concord, NH 03301. Tel. (603) 271-2121. To find out what openings are available and to see a list of boards, visit the NH Secretary of State's website at www.sos.nh.gov/redbook/index.htm.

The NH web site is very valuable for citizens. If internet is not available to you, use your local public or school library to go to www.nh.gov and find all state agencies, general court (representatives) and senate members, mailing addresses, and where legislative bills and proposals are. I send my weekly schedule to some 500 e-mail addresses that include town offices, county officials, district media, NH House and Senate members, and others. If you would like to be on that e-mail list please send your e-mail address to rburton@nh.gov. I often include other public notices and information.

It is an honor to continue to serve you now in my 29th and 30th years as a public servant. Contact my office anytime about your ideas, concerns and problems with state government. I respond to all inquiries and challenges.

Sincerely Yours,
Raymond S. Burton
Executive Councilor

To the SELECTMEN and RESIDENTS of the TOWN of TUFTONBORO

The Tri-County Community Action/Carroll County is a private, non-profit agency that was established in 1965. The Carroll County Resource Center is located at 448 White Mountain Highway, Tamworth, NH. We have had contact with 1,022 of Tuftonboro's citizens, processed 73 Fuel Applications, 24 elderly, 19 disabled and linked 906 with other programs.

TRI-COUNTY COMMUNITY ACTION HAS SPENT \$93,740.00 ON TUFTONBORO'S CITIZENS BETWEEN JULY 1, 2005 AND JUNE 30, 2006.

Tri-County Community Action is dependent upon funding from your town and neighboring communities countywide to provide necessary services for the less fortunate citizens in our communities. The local funds are combined with Community Services Block Grant, Fuel Assistance, New Hampshire Emergency Shelter Grant, Homeless Programs, EFSP, McKinney and private and corporate benefactors. We are the conduit through which USDA Surplus Food is distributed to the 13 Food Pantries and three dinner bells, a group home and a nursing home throughout the Carroll County in order to serve our residents.

Carroll County Community Contact has successfully partnered with individuals and families to assist them to identify barriers blocking the way to self-sufficiency.

We have provided information, referrals and assisted with advocacy for more than 25,156 contacts in Carroll County last year.

We greatly appreciate the support, cooperation and partnership with your elected officials, staff and residents.

Sincerely,
Marge M. Webster
Director of Development

COALITION COMMUNITIES ANNUAL REPORT

Tuftonboro continues to be an active member of the Coalition Communities comprised of 34 towns across the State. This group has fought since 1999 against the Statewide Property Tax, Donor towns and worked to persuade the Legislature to adopt targeted aid - helping towns that need it rather than sending education money to every community, no matter how wealthy.

The tax is now relatively low and the un-equalized rate is scheduled to drop from \$2.51 to \$2.24 per \$1,000 in FY08. Towns like Tuftonboro that raise more under the Statewide Property Tax than we need under the education funding formula are allowed to keep the excess in the Governor Wentworth School District if it is spent on education locally. The excess amount in 2006 was \$2,281,314.00 and was kept within the school district. In prior years the amount sent to the state was as follows: 2003 - \$1,126,999; 2004 - \$1,001,623; 2005 - \$946,544.

The Coalition is closely monitoring the new Legislature in the wake of the NH Supreme Court's September ruling that declared unconstitutional part of the current education funding formula on grounds it fails to define an "adequate education." The Court set a June 30, 2006, deadline for the Legislature to define adequacy. However, it delayed ruling on the formula itself, which creates some uncertainty for our financial planning.
