BELMONT POLICE DEPARTMENT

Report for the Year Ended December 31, 1965

During 1965, your Belmont Police officers labored 4,497 hours and traveled 26,431 miles serving your needs.

Our work included the capture of two N.H. Hospital escapees who broke into Penny's Superette and were apprehended shortly thereafter driving a stolen car. One was wounded attempting to escape, and both are now confined to the State Prison.

A husband and wife team of bad check passers wanted throughout New England were captured on Route 140. Six subjects were arrested for two different breaks at Laconia Auto Wrecking Co. after investigation. We are proud that during 1965, your department solved 22.7 per cent of the burglaries, 33.3 per cent of the grand larcenies, 12 per cent of the petty larcenies, and all the auto thefts and assaults reported to us. This is a very good clearance rate, compared with the national average. Some \$39.80 out of every \$100.00 in stolen items was recovered through police activity. The \$2,904.00 in stolen property recovered, plus the \$2,300.00 turned over to the town from Municipal Court fines, more than pays the cost of the full-time policeman.

Juveniles continue to present a serious problem. Two 12-year-olds committed a house break last year, and an 11-year-old was arrested for shoplifting. There were 30 juveniles arrested, some of them young girls drinking or possessing alcoholic beverages, and 54 per cent of all persons arrested were under 24 years of age, while 32 persons arrested were 17 or younger. Of 154 arrested, 41 defendants had prior known records, and 50 were drunk or had been drinking at the time the offense was committed.

New radios were installed and during the nine months they have been operational, 2,300 transmissions have been

broadcast and received over them, enabling the Chief to maintain contact with his home while on patrol.

We lived within our budget, despite the unexpectedly heavy demands of Motorcycle Weekend. Our men participated in the Belknap County Riot Squad training and helped quell the riot at Weirs Beach. In a recent N.H. survey, compared with the average town our size, Belmont spends \$9,423.00 less per year for police protection, with \$4.12 per capita, contrasted with an average of \$8.42 for 20 other towns in the same population group.

It is an interesting fact that Belmont covers such a large area that it takes a policeman driving non-stop at legal speeds over nine hours to drive over every road in town just once during a day. Small wonder the many 70-hour weeks we put in, when you consider this.

Our heartfelt thanks to the Selectmen, the Budget Committee, our Special Officers, Sheriff Rodney Crockett and his Deputies and especially to you, the people of Belmont, whose devotion to the ideals of good citizenship make our task a much more rewarding one.

Respectfully submitted,

EARL M. SWEENEY,

Chief of Police

REPORT OF BELMONT FIRE DEPARTMENT

1965

The members of the Belmont Fire Department would like to say thanks to all the voters of Belmont for their assistance and cooperation in 1965.

This past year was a very dry season, and without your help of using extreme caution during the severe dry spell we could have had a major fire, and cost the town a lot of money. So let's keep up the good job of fire prevention for this coming season.

This past year the Fire Department has put into operation a fully equipped ambulance for the use of all the people in the Town of Belmont free of charge. The Department has six qualified First Aid men that operate the ambulance. It has proven its value many times since the start in December. It has made 14 ambulance runs to the Laconia Hospital in the first two months.

We had a busy season last year on fire calls. We had a total of 63 calls compared to 35 in 1964. There were 12 rescue calls, 37 fire calls in town and 14 Mutual Aid. We received help from Mutual Aid six times.

We have a very serious problem, I consider, in the Town of Belmont. During the daytime from 7:00 a.m. to 4:00 p.m. weekdays there is a very hard time to find anyone to respond to a fire call. We have 19 men (call men) and Fire Chief. All but three work out of town. For this reason I'm proposing a full-time man at the Fire Station from 7:00 a.m. to

5:00 p.m., five days a week. With a man at the station at these hours five days a week it would be a big help to the town. The town is growing rapidly every year and it means that the Fire Department has more property to protect.

Again I want to thank you all for your help and co-operation this past year.

ROBERT BORDEAU,

Fire Chief, Belmont, N.H.

FOREST FIRE WARDEN'S REPORT

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

We Must All Be Careful:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish or brush;
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5:00 p.m.
 - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

Fire Record for 1965:

State	887 Fires	1,255 Acres
District	169 Fires	450 Acres
Town of Belmont	7 Fires	2.8 Acres

REPORT OF THE CIVIL DEFENSE DIRECTOR

For the Year Ending December 31, 1965

The big project of your local Civil Defense this year was the purchase of a used 1952 model Ambulance for the Belmont Fire Department. With the help of C.D. and Fire Department personnel, this was equipped with new tires, painted, and completely remodeled and equipped, and will provide free emergency ambulance service to local residents, as well as attending every fire call in town.

This new piece of apparatus replaced the 1946 vintage panel truck which had been used for rescue work for a number of years, and on which the engine was burned out while answering an auto accident call last summer. The new rescue vehicle has already responded to a number of calls and should prove an invaluable asset to the town.

The new Police Department base station and two mobile radios purchased in 1964 with Civil Defense contributing half the cost, were installed in January, 1965 and have greatly increased the efficiency of the Police Department to date. Civil Defense Auxiliary policemen were used extensively over Motorcycle Weekend to augment the regulars, and helped break up the riot at Weirs Beach. Some riot equipment for these men was purchased with C.D. funds this year.

The necessary paper work to maintain liason with state and federal Civil Defense organizations multiplies every year, and we are happy to report that we are keeping up with it, for the Town of Belmont was the first community in the state to file their Program Papers during 1964.

We are conducting weekly radio checks of the RACES radio, and since the Fire Department is now using the Fenwick Hosiery Co. whistle for fire alarms, the siren on the Fire Station is being used exclusively for no-school signals, notice of firemen's monthly meetings, and as a Civil Defense alert warning system. This fulfills a need of long standing for a distinctive signal for Civil Defense purposes.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The Belmont School Board and Citizens of Belmont:

The first financial report audited by the State Tax Commission is included in the 1965 Annual Report in addition to other records and information necessary for school history. It is believed that this audit will give more public information than the Financial Report which is filed with the State Education Department.

Belmont introduced physical education for girls and boys in September 1965 giving more use to the gymnasium and shower facilities of the school. This innovation in the Belmont Schools is a popular addition to the curriculum and in keeping with the national Physical Fitness Program advocated by former President John F. Kennedy.

During the past summer and early part of the academic year the School Board has authorized the following projects:

1. Construction of excellent new cabinets for the home economics department.
2. Cement steps for the Gale School.
3. Sliding doors installed on home economics storage cases.
4. Minor painting renovations by the custodial staff.
5. Four new bookcases, one at Gale School and three at the High School.
6. Repaired doors in the physical education rooms.
7. Installed goal posts for the soccer field.
8. Purchased and erected climbing ropes, volley ball standards, and chinning bars for the physical education department.

The fall of 1965 will always be remembered as the year the Belmont High School Cross Country Team, ably coached by Mr. David Wilson, won the New Hampshire Champion-

ship in its class at the annual University of New Hampshire meet.

I wish to extend my appreciation and thanks to the School Board, the Municipal Budget Committee, the Selectmen, the School Treasurer, the Principals and Teachers, the School Lunch Director and Assistants, the Bus Superintendent and Operators, the Parent-Teacher Association, the Chief of Police, and all civic and social groups for their co-operation in the continued improvement of Belmont education.

Cordially yours,

HERMAN N. DONEGAN
Superintendent of Schools

REPORT OF THE CO-OPERATIVE SCHOOL STUDY COMMITTEE

For the Year Ended December 31, 1965

At the March, 1965 School District meeting, Moderator Stanley F. Hill was authorized to appoint a committee to study co-operative schools and bring in a report at the 1966 meeting.

Earl Sweeney was elected Chairman from the floor, and Moderator Stanley F. Hill was authorized to appoint the other four members. Mrs. Lelsie Roberts was named Clerk, and Wilson S. Mansfield, James F. Rhodes and Rodney Crockett were named as the other members. David Howland later replaced Rodney Crockett who resigned due to the pressure of other business.

Your committee sat in as an observer on a number of preliminary meetings which preceded the formation of the new Tilton-Northfield, Sanbornton Co-operative, known as the Winnisquam Co-Operative District.

We have worked closely with the Belmont School Board consisting of Chairman Maurice H. Simond, Jr., and members Lansing K. Reinholz and Mrs. Richard Moulton. We have also met with Mr. Paul Kilmister and Cmsr. Paul B. Farnum of the State Department of Education, and Attorney Richard Upton of Concord, who helped write some of the co-operative school law for the Legislature.

Current educational opinion holds that it is necessary to have larger enrollment areas in order to support the rising costs of education. This view was adopted by the State Board of Education and supported by the State Legislature in passing much of the legislation based on the report of the Interim Commission on Education of 1961.

This pressure to encourage larger units discourages high school units of less than 500 pupils. Looking at the projected

enrollment for Belmont High School, we feel we must take a realistic view of the problems that will face us.

In the not too distant future, State and Federal funds may be withheld to schools of small enrollment, diverting them to larger schools and thus forcing us to send our secondary pupils to a regional High School within the A R E A concept. (Authorized Regional Enrollment Area). Perhaps to Franklin High School. In such an event, the people of Belmont would have no representation in the School Board and no voice in fiscal matters or educational policies of the receiving school.

We feel that the voters of Belmont want to avoid this at all costs. We want to continue to have a voice in the education of our children, and we do not want them transported long distances in busses to high school.

As evidence that factors over which we have no direct control can cause changes in our school programs, we note that authorization of a recent State Legislature to allow changes in the boundary lines and composition of some school districts within the state, resulted in the dissolution of Union No. 59 of which Belmont was a member together with Tilton-Northfield, Gilford, Gilmanton and Canterbury; and the inclusion of Belmont in Union No. 18 with Franklin, Hill, and Sanbornton.

The only alternative to an A R E A program seems to be the Co-Operative School District. Changes in the State Law passed by the 1963 Legislature make it next to impossible for Belmont to hope to ever form a co-operative district of its own, due to the requirement for five surrounding towns as the minimum number to form a new co-op. Efforts to obtain enough tuition students to bring our high school up to 500 enrollment have also proven futile thus far.

We could, however, petition the new Winnisquam Co-Operative School Board to annex Belmont to their district. If such a program were approved by the voters and School

Boards of both districts, we would be an equal partner with Tilton, Northfield and Sanbornton in a grades 1-12 co-operative. We could have two members from Belmont elected to the Co-Operative School Board, and would have a voice in policy matters and financial affairs of the district. It would give us added purchasing power and economy and efficiency due to a larger unit.

The co-operating towns would "buy in" a share of the buildings and facilities in Belmont, and we would likewise own a share of the buildings and facilities in the other communities. It is hoped that we could continue to maintain Belmont High School until such time as it becomes necessary to expand its present facilities with a building program. At that time, our present high school plant would make an ideal Junior High for the co-operative district.

We would like to see a proposal for such annexation laid before the voters at a special meeting in 1966, with actual facts and figures so that they will have the opportunity to accept or reject such a program. We feel that until this is done, the future of our school system will be "adrift", and it will be difficult for any School Board to chart future action.

Accordingly, it is our recommendation that the Belmont School Board immediately petition the Winnisquam Co-Operative Board to study with us the feasibility of annexing Belmont to this new District, and that an article be inserted in the 1966 School District Warrant, to obtain a sampling of voter opinion on this subject. Also, that funds be included in the 1966 School District Budget to finance such a study, and a special School Meeting be called, if necessary, to implement this program.

Respectfully submitted,

Earl M. Sweeney, *Chairman*
