AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
 2. Secure the required burning permit.
 3. Keep your fires under control.
 4. Completely extinguish your fires before leaving them.
 5. See that your children are properly cautioned.
- Everyone will benefit by it.

Superintendent's Report

There have been several changes in the teaching staff of the High School. Mrs. Carol Herting is the new Home Making teacher; Mr. Norman Deschenes is the new French teacher and Mrs. Judith Russell is the new Social Studies teacher. On October 1st Norman Yeaton was called into service with the National Guard Air Force. At the moment he is sharing the duties in the shop with Mr. Nelson. Shop teachers are in extremely short supply and we should all be very grateful to Mr. Nelson for helping us in a most difficult situation.

The 1961-1962 staff is a good one and every effort should be made to keep these teachers. Teachers continue to be scarce and each year it gets more difficult to find replacements. Beginning teachers are asking for and getting higher salaries each year. In order to compete for teachers we must pay the salaries which teachers demand, or take what is left after everybody else gets through picking. It is difficult for us, who competed with twenty five or thirty other candidates for a teacher position, to realize that it is the teacher now who has the choice of many different positions, and is able to take the one which looks most attractive to them. There are several young people who are

graduating from the Teacher's Colleges in January, and they are being beseiged by Superintendents who still have positions to fill.

The key to a successful school program is good teachers. Warner, because it is a high school which receives tuition pupils who could attend other high schools, is of necessity in direct competition with those schools. In order to survive we must meet that competition.

You will recall that several years ago Minimum Standards were set up for high school by the State Department of Education. For the past year a committee has been studying these standards and have come up with further proposals which will mean further expansion of our curriculum if these proposals are adopted by the State Department of Education. Some of these proposals we are already meeting. Additional service must be provided in the Fine Arts, Physical Education, Library and Guidance Program.

We live in a swiftly changing and dangerous age. Twenty years ago our way of life was challenged by Nazi Germany and Fascist Italy. Today it is being challenged by Soviet Russia and Communist China. This is no time to be complacent. We must develop our young people to their highest capacity. A second rate effort by us as parents or a second rate effort on the part of our children will not be enough if we are to meet the challenge.

WILLIAM C. STERLING,
Superintendent of Schools
