

Town of
GREENFIELD
NEW HAMPSHIRE

2012
ANNUAL
REPORT

Jarvis “Jerry” M. Adams, III
April 3, 1931 – Feb. 26, 2012

The 2012 Town Report is dedicated to Jarvis “Jerry” Adams, III whose support for the Town of Greenfield is greatly appreciated. Greenfield is truly a better town as a result of the hard work and time that Jerry provided to the community. Jerry held the following offices during his tenure as a volunteer and elected official:

- New Hampshire Municipal Association Volunteer Award 2000
- Selectman - 3 Terms 1994-2002
- Planning Board Selectmen’s Representative 1994-2002
- Planning Board Coordinating Secretary 1986-1993
- Planning Board Alternate 1985
- Planning Board Member 1977-1984
- Health Officer 1994-1999
- Historical Society Building Commission, Selectmen’s Representative 1999
- Greenfield School Study Committee 1985

Catherine P. Shaw, Town Office*

~A Fond Farewell~

Peter W. Hopkins

Happy Retirement Peter!

Peter's support for the Town of Greenfield has spanned the last 50+ years. After consulting the Town Reports over five decades, we tracked down some of the ways that Peter has served the Town and its residents. The following are just some of the positions that Peter Hopkins has held:

Moderator 1975-2004, acting 2012
Deputy Moderator 2004-2012

Building Inspector 1994 – 2012
Code Enforcement Officer 2001-2012
Health Officer 2001-2012

Emergency Management Director 2003-2009
Civil Defense Director 1979-1980

Deputy Fire Warden, first elected in 1973
Fire Department Volunteer, since 1961

SELECTMEN'S REPORT

2012 was definitely a big mud year. Our DPW crew worked their hearts out to keep the roads passable for several weeks during the spring using huge amounts of crushed rock and gravel. Residents on Cavender Road were particularly affected because the road was impassable several times. On behalf of the town, the Selectboard wants to thank the DPW for their hard work.

As we moved through the year, we conducted a number of conversations with our department heads on various problems and solutions.

Issues raised were:

- Rerouting the road to the Recycling Center for safety - Done
- The need for a town gravel resource to mitigate the cost of road reconstruction
- Replacing the network server at the Town Office - Done
- Reconstructing the walkway to the Town Office - Done
- Removing ductwork mold, installing dehumidifier at the Meeting House - Done
- Re-shingling one side of the Town Office roof - Done
- Emergency repair of the Meeting House roof – Done
- More extensive work on the Meeting House roof
- Repairing the Meeting House steeple
- Needing new voting booths - Done
- Lighting the walkway and parking lot at the Town Office – Done
- Security system for Town Office - Done

Many of these projects were accomplished this year, all within budget and have given us reason to be proud that we were able to accomplish so much even with limited financial resources. A great deal of thanks goes to Tim Murray and Aaron Patt for working out the details of these projects, getting solid quotes, and implementing the directives from the Board. We also had an anonymous donor who helped with the cost of the large street light at the Town Office parking lot. You have our heartfelt thanks.

The projects that are still waiting to be done in 2013 are a more extensive repair of the Meeting House roof and the repair of the steeple, and the opening of the proposed new DPW/Material transfer site on Forest Road.

During the fall, we were very fortunate that Ray Cilley offered his crane to help remove the wooden pieces that had begun to fall off the Meeting House steeple. While up there, pictures were taken of the roof. Some of the slates were missing in various places leaving the building open to the weather. At the time, we were still getting quotes from various craftsmen to repair the steeple but an emergency repair was necessary to fix the roof before serious damage was done. Tim Murray found an expert in slate roof repair who came and did a quick fix for us but recommended more extensive work to ensure the continued viability of the roof. While he was here, Tim discussed the steeple repair with him and found that the man knew another craftsman who is a steeplejack and has ties to the Historical Preservation Society. He evidently had worked on several projects with him and thought that he would give us a reasonable quote to fix the steeple. Tim called him and had him give us a quote which was much better than the one we originally got of \$60,000. The two men will work together sharing the scaffolding and therefore keeping the cost down on the project. This year, you will find a warrant article to add \$20,000 to the Town Building Maintenance Capital Reserve Fund. This added money will

make it possible for us to fix both the roof and the steeple for \$55,000. We feel that this is a win win situation and highly recommend that it passes.

The other project that we are working on is a proposed DPW/Material transfer site. This land is located next to Greenvale Cemetery and was given to the town by Emma Gibson many years ago. The lot has a great deal of gravel on it that could be used to relieve the town of some of the cost of reconstructing roads. Having a gravel source in a more central location would help us to realize a savings on the diesel fuel from having to travel so far with the big trucks. The first phase of the plan would be to open the lot, log some of it for revenue, and to begin to remove gravel as needed. Eventually, a salt shed could be built back from the road behind a buffer of trees. A swath of trees would also be left between the site and the cemetery. The first step in the process to get this project underway would be the site plan that will cost about \$15,000. You will find a warrant article being presented this year as well for this.

We also thank our other employees for the great work they have done this year: Dee Sleeper for hunting down the nice voting booths, Kathy Valliere for her continued work to make sure the tax money comes in to pay the bills, Tim's crew for their help on many of the projects, Catherine Shaw and Katherine Heck for keeping an eye on the finances, and Carol Burgess for bringing in \$17,838 in revenues even though the prices are down.

And we thank all the departments for sharpening their pencils when we asked again, and again for that little bit more to keep the town tax rate flat.

To some, it may seem like the town is operated by the various paid departments but volunteers play a huge role in the operation of our town. Whether it is the Budget Committee, the Conservation Commission, the Cemetery Trustees, the Code Officer, the Energy Committee, the Emergency Management Director, the Fire Department, the Planning Board, the Recycling Committee, the Roads Commission, the School Board Representative, the Supervisors of the Checklist, the Trustees of the Library, the Trustees of the Trust Funds, the Technology Committee, or the Zoning Board, volunteers count, and it is what makes us a vital community. Our thanks go to all the volunteers that help to run our beautiful town, past and present. We couldn't do it without them.

Last but by no means least, we thank Peter Hopkins for his many years of service to the town. He has our best wishes for a wonderful retirement in Myrtle Beach.

The Board of Selectmen,

Rob Wimpory, Chair
Karen Day
Debra Davidson

**2013
TOWN WARRANT
and
BUDGET REPORTS**

2013
TOWN WARRANT

Town of Greenfield
State of New Hampshire

To the inhabitants of the Town of Greenfield, in the County of Hillsborough and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Meeting House in said Greenfield on **Tuesday, the 12th day of March 2013**, to act on the following subjects. The polls will be open at the Town Meeting House from 10:00 am – 7:00 pm. The meeting will reconvene on **Saturday, the 16th of March 2013 at 9:00 am.**

Article 1: To choose all necessary town officers for the year ensuing.

Article 1(a): To hear the reports of agents, standing committees, or other officers heretofore, and chosen and to pass any vote relative thereto.

Article 1(b): To vote by ballot on the following proposed amendments to the Greenfield Zoning Ordinance.

Amendment Number 1: Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town Zoning Ordinance as follows: Amend Section II Definitions by adding the following sentence after “For Purposes of this ordinance, certain terms are defined as provided in this section:” **“Doubts to the precise meaning of terms in these definitions, or those that are not found in these definitions, shall be determined by referencing the Merriam Webster Collegiate Dictionary, 11th Edition.”**

Amendment Number 2: Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the town Zoning Ordinance as follows: Amend Section II Definitions by arranging the definitions alphabetically.

Amendment Number 3: Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the town Zoning Ordinance as follows: Amend Section IV General Regulations and Restrictions N. Noise Ordinance so that **all references to daytime be 7:00 a.m. to 10:00 p.m. and all references to night time be 10:00 p.m. to 7: 00 a.m.**

Amendment Number 4: Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the town Zoning Ordinance as follows: Amend Section XV Board of Adjustment A:4 delete “~~Chapter 31, Sections 60-89, NH Revised Statutes Annotated, 1955, as amended~~” and add in its place “**RSA 673:3**” to reflect change in state law.

Amendment Number 5: Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the town Zoning Ordinance as follows: Amend Section IV General Regulations and Restrictions P. After Building Code: insert the following sentence. **“The purpose of the adoption of these codes is to establish uniform rules and regulations for the construction of buildings and structures within the Town of Greenfield.”**

Article 2: To see if the Town will vote to require that the annual budget and all special warrant articles having a tax impact shall contain a notation stating the estimated tax impact of the article as outlined in RSA 32:5, V-b. (Majority vote required).

Article 3: To see if the Town will vote to authorize the Selectmen to enter into a seven year lease/purchase agreement in the amount of **One Hundred Seventy Six Thousand, One Hundred Ninety Four Dollars (\$176,194.00)**, net of \$20,000 trade-in for the Town's 2002 10-wheel dump truck, for the purpose of buying a 2014 MACK 10-Wheel Dump Truck fully equipped with dump body and plow package and to further raise and appropriate the sum of **Twenty Five Thousand, One Hundred Seventy One Dollars (\$25,171)** for the first year's payment for that purpose. This lease agreement contains a municipal escape clause. (Majority vote required)

Article 4: To see if the town will vote to raise and appropriate the sum of **Fifteen Thousand Six Hundred Dollars (\$15,600)** for Surveying and Engineering Services to establish the feasibility of using town property on Forest Road (R7-28) for gravel processing for the Department of Public Works on the acreage adjacent to the Greenvale cemetery property. If this article passes \$10,000 can be reduced from the Department of Public Works Salt and Sand line item in article 6. (Majority vote required).

Article 5: To see if the town will vote to raise and appropriate the sum of **One Hundred Twenty Five Thousand Dollars (\$125,000.00)** for the purpose of providing Road Reconstruction on Town roads. (Majority vote required).

Article 6: To see if the town will vote to raise and appropriate the sum of **Five Hundred Thirty One Thousand, Four Hundred Fourteen Dollars (\$531,414.00)** to support the Highway Department. If article 4 passes this article will be reduced by \$10,000. Allocation as follows: (Majority vote required).

Article 17: To see if the town will vote to raise and appropriate the sum of **Nineteen Thousand, Three Hundred Nineteen Dollars (\$19,319.00)** for the purpose of purchasing generators, all associated equipment, and installation associated with the generators; 50% of this amount to come from a matching grant from the Department of Homeland Security with the remaining funding to be derived from Fund Balance. This article has no affect on Taxes. (Majority vote required).

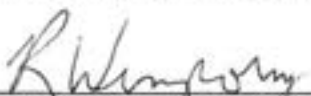

Article 18: To see if the town will vote, pursuant to RSA 289:6, III to reinstate the Board of Cemetery Trustees. If this vote is adopted, a new board of cemetery trustees shall be elected at the town meeting of 2014. (Majority vote required).

Article 19: To see if the Town will vote to support Researching the Replacement of the Old Meeting House Cemetery Fence and for the Cemetery Trustees to provide the cost and the method at Town Meeting in 2014. (Majority vote required).

Article 20: To transact any other business that may legally come before this meeting.

Given under our hand and sealed this 14th day of **February** in the year of our Lord
Two Thousand Thirteen.

GREENFIELD, N.H. BOARD OF SELECTMEN

Rob Wimpory, Chairman

Karen A. Day, Selectwoman

Debra Davidson, Selectman

BUDGET OF THE TOWN

OF: Greenfield

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 2013 to December 31, 2013

or Fiscal Year From _____ to _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the operating budget and all special and individual warrant articles in the appropriate recommended and not recommended area. All proposed appropriations must be on this form.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address below within 20 days after the meeting.

This form was posted with the warrant on (Date): _____

GOVERNING BODY (SELECTMEN)

Please sign in ink.

Under penalties of perjury, I declare that I have examined the information contained in this form and to the best of my belief it is true, correct and complete.

Rob Wimpory, Chairman _____

**2012
TOWN MEETING
MINUTES**

2012
TOWN MEETING

Town of Greenfield
State of New Hampshire

13 March, 2012

Moderator Peter Hopkins opened the meeting at 10:00 AM. Supervisor of the Checklist Linda Dodge read the checklist with 979 names. The Moderator lead the Pledge of Allegiance. The Moderator proceeded with Article 1 of the Town Warrant by opening the polls.

Article 1: To choose all necessary town officers for the year ensuing.

Moderator Peter Hopkins closed the polls at 7:00 PM. Results were tabulated and reported, and the meeting was to reconvene at 9:00 AM on Saturday March 17, 2012.

Town Meeting reconvened on Saturday March 17, 2012 as scheduled. Moderator Peter Hopkins called the meeting to order at 9:08 AM. He began by having the local Boy Scout troop bring in the colors, and then lead the Pledge of Allegiance, and followed with the House Rules.

1. There will be no smoking in the hall.
2. Unless otherwise stated before the meeting starts we will follow the articles as printed in the warrant.
3. The Moderator will read all articles; everyone has a right to hear what we are voting on.
4. Anyone wishing to speak to an article will wait to be recognized, stand and state his/her name.
5. Every article should have a fair hearing; therefore a motion to pass over the article will not be accepted.
6. Any person wishing to speak to an article a second time must wait until all those who wish to speak have had a chance to speak.
7. Anyone proposing an amendment to an article must submit the amendment in writing.
8. Once we have voted on an article we will not reconsider.
9. The meeting is being recorded.
10. Please keep your comments directed to the article and address the chair, not back and forth among individuals.
11. And last, if the Moderator has made a ruling that the assembly disagrees with they may overturn his ruling with a majority vote.

Motion was made, seconded, and carried to accept the rules as read.

Results of the town elections were then read as follows:

ConVal School District ballot results: (Greenfield only)

Article #1	YES = 147	NO = 182
Article #2	YES = 141	NO = 187
Article #3	YES = 173	NO = 149
Article #4	YES = 166	NO = 154
Article #5	YES = 190	NO = 128

Article #6 YES = 81 NO = 242
Article #7 YES = 213 NO = 106
Article #8 YES = 258 NO = 56

OFFICER ELECTION RESULTS:

Selectman for Three Years: Debra Davidson received 159 votes, John Gryval received 152 votes, therefore Debra Davidson is elected for the ensuing three years.

Town Clerk for Three Years: Edith “Dee” Sleeper received 306 votes, and therefore is elected for the ensuing three years.

Supervisor of the Checklist for Six Years: Linda Dodge received 307 votes, and therefore is elected for the ensuing six years.

Budget Committee Members for Three Years: Myron Steere received 307 votes, and therefore is elected for the ensuing three years. One seat remains vacant.

Budget Committee Members for Two Years: No one was elected, and therefore two seats remain vacant.

Budget Committee Member for One Year: No one was elected, and therefore one seat remains vacant.

Trustee of Trust Funds & Cemetery Trustee: Janet Moller received 287 votes, and therefore is elected for the ensuing three years.

Library Trustee for Three Years: Jami Bascom received 304 votes, and therefore is elected for the ensuing three years.

Library Trustee for Two Years: Bruce Dodge received 302 votes, and therefore is elected for the ensuing two years.

Planning Board Members for Three Years: Stephen Chicoine received 228 votes, Robert Marshall received 265 votes, therefore Stephen Chicoine and Robert Marshall are elected for the ensuing three years.

School Board Representative for Two Years: Jennifer Davis received 142 votes, Myron Steere received 143 votes, therefore Myron Steere is elected for the ensuing two years.

School Board Moderator for Three Years: Although Greenfield voters did not elect anyone, the seat will be filled according to the entire school district results

At this time the Moderator announced that the PTO has food available for breakfast and lunch. This is the first time they have done this.

Debra Davidson, newly elected Selectman, thanked everyone for their support and stated she is looking forward to serving the residents.

The Moderator thanked the staff and volunteers who run our town, and then introduced the new Town Administrator, Aaron Patt.

Resident Gil Bliss thanked out-going Selectman Aaron Kullgren for his service.

The Moderator then stated that we currently have an unusual number of non-resident department heads, and stated he would like a blanket agreement to allow them to address the meeting as needed.

Motion was made and seconded. Voice vote: motion passed.

Article 1(a): To hear the reports of agents, standing committees, or other officers heretofore, and chosen and to pass any vote relative thereto.

Planning Board Member Robert Marshall stated that the Planning Board is in the process of master planning for the next ten years. They currently have a survey for residents to participate in and encouraged feedback.

Peter Hopkins stated that the Roads Committee is still working on plans for reconstructing and repairing roads.

Recycling Committee Member Neal Brown stated that though this committee has not been needed for a few years, they have reconvened to discuss future plans.

Article 1(b): To vote by ballot on the following proposed amendments to the Greenfield Zoning Ordinance.

Amendment Number 1: Are you in favor of the adoption of Amendment No.1 as submitted by petition for the Zoning Ordinance as follows:

Amend Section V.C.1 Telecommunications/Personal Wireless Service Facilities, Purpose and Intent, District Regulations, Location, for the purpose of reinstating the Special Exception requirement for the General Residence District, by editing to read:

*Telecommunications/Personal Wireless service facilities shall be permitted in all zoning districts. Special exception by the Zoning Board of Adjustment is required for all zoning districts except Rural Agricultural ~~and the General Residence district.~~ Applicants seeking approval for telecommunications/personal wireless service facilities shall first evaluate existing structures for the siting of telecommunication/personal wireless service facilities. Only after finding that there are not suitable existing structures pursuant to Section C (4) herein, shall a provider propose a new ground mounted facility.
(Recommended by the Planning Board)*

YES = 233 NO = 92 Therefore the amendment passes.

Amendment Number 2: Are you in favor of adoption of Amendment No.2 as proposed by the Planning Board for the Zoning Ordinance as follows:

Proposed Amendment to the Zoning Ordinance Section IV General Regulations and Restrictions

Add the following language:

“Q. Unregistered Trailers and Storage Containers

It shall be unlawful for the owner or occupant of any premises to have or permit thereon any unregistered trailer or storage container within the lot’s building setback unless such placement is temporary and associated with on site building construction or renovation. Such placement shall occur only after receiving a permit issued by the Code Enforcement Officer for a period of sixty (60) days or less. Such permit is renewable.”

Also, add the following to Definitions:

Storage Container- A weather- resistant receptacle designed and used for the storage or shipment of goods, wares, materials or merchandise. Examples include, but are not limited to, “portable on demand storage units”, metal shipping containers, or cargo boxes detached from motor vehicles.

“Storage Container” shall not include minor accessory structures or other structures for which a building permit is required. (Recommended by the Planning Board)

YES = 193 NO = 133 Therefore the amendment passes.

Amendment Number 3: Are you in favor of adoption of Amendment No.3 as proposed by the Planning Board for the Zoning Ordinance as follows:

Proposed Amendment to the Crotched Mountain Rehabilitation and Education District 2012 Section III. Districts

(Existing language)

Superimposed over certain of the above districts are Special Purpose Districts in which special regulations and restrictions apply. These districts are identified and defined hereinafter as follows: Industrial District and Wetland Conservation District. In all cases where these special Purpose districts are superimposed within other zoning districts, that District whose regulations are more restrictive apply.

NOTES:

1. The voters of the Town of Greenfield have adopted the New Hampshire Model Floodplain Development Ordinance, which places restrictions on building within the floodplain.

2. “In 2011, the voters of the Town of Greenfield voted to create a new Special Purpose District called the Crotched Mountain Rehabilitation and Education District. When conflicts emerge between this district and underlying General Residence District, the use regulations and dimensional requirements of the Crotched Mountain Rehabilitation and Education District shall apply.” (Recommended by the Planning Board)

YES = 202 NO = 114 Therefore the amendment passes.

Amendment Number 4: Are you in favor of adoption of Amendment No.4 as proposed by the Planning Board for the Zoning Ordinance as follows:

Town of Greenfield **Groundwater Protection Ordinance**

I. INTRODUCTION

This ordinance is established to preserve and protect the Town of Greenfield's groundwater resources within the designated areas for the health, safety, and general welfare of current and future residents. It is hereby acknowledged that groundwater is the most important source of drinking water and is an integral part of the hydrologic cycle that warrants protection from contamination.

II. AUTHORITY

Authority for this ordinance is granted pursuant to RSA 674:16, II and RSA 674:21, innovative land use controls, RSA 147:1, local health regulation and RSA 485-C, defining Best Management Practices.

III. GROUNDWATER PROTECTION DISTRICT

The groundwater protection district is an overlay district which is superimposed over the existing underlying districts and includes within its boundaries the Stratified Drift Aquifers and Wellhead Protection Areas for public water supply wells as defined under Section V of this ordinance as shown on the map entitled "Town of Greenfield Groundwater Protection District Boundaries" 2012 and subsequent addenda.

IV. APPLICABILITY

This ordinance applies to all uses within the designated boundaries of the Groundwater Protection District, except for those uses exempt under Section XII, Exemptions, of this ordinance.

V. DEFINITIONS

Aquifer: a geological formation composed of rock, sand, or gravel that contains significant amounts of potentially recoverable water.

Designee: A person appointed by the Planning Board or Board of Selectmen to issue/monitor Conditional Use Permits and Spill Prevention, Control and Countermeasure Plans (SPCC). Such individual shall be a qualified professional whose credentials are acceptable to the State DES.

Groundwater: subsurface water that occurs beneath the water table in soils and geologic formations.

Gasoline station: a place where petroleum products are received by tank vessel, pipeline, tank car, or tank vehicle and distributed for the purpose of the retail sale of gasoline.

Impervious: not readily permitting the infiltration of water.

Impervious surface: surface through which regulated substances cannot pass when spilled. Surfaces that are not considered to be impervious are asphalt, untreated wood, gravel, soil (including hard packed), concrete if cracks, holes or unsealed seams are present.

Junkyard: an area, which is maintained, operated, or used for storing, keeping, buying, or selling junk or for the maintenance or operation of an automotive recycling yard, and includes garbage dumps and sanitary landfills. This does not include motor vehicle dealers registered with NH DMV under RSA 261:104 and controlled under RSA 236:126.

Outdoor storage: storage of materials where they are not protected from the elements by a roof, walls, and a floor with an impervious surface.

Petroleum bulk plant or terminal: a place where petroleum products are received by tank, vessel, pipeline, tank car, or tank vehicle and are stored or blended in bulk for the purpose of distributing such liquids by tank vessel, pipeline tank car, tank vehicle, portable tank, or container.

Public water system: a system for the provision to the public of piped water for human consumption, if such system has at least 15 service connections or regularly serves an average of at least 25 individuals daily at least 60 days of the year.

Regulated substance: petroleum, petroleum products, and substances listed under 40 CFR 302, 7-1-05 edition (Code of Federal Regulations-Environmental), excluding the following substances: ammonia, sodium hypochlorite, sodium hydroxide, acetic acid, sulfuric acid, potassium hydroxide, potassium permanganate, and propane and other liquefied fuels which exist as gases at normal atmospheric temperature and pressure.

Sanitary protective radius: The area around a public water supply well which must be maintained in its natural state as required by Env Dw 301 or 302 (NH Code of Administrative Rules-community water systems); Env Dw 301.06 and Env-Dw 302.06 (NH Code of Administrative Rules-other public water systems)

Seasonal High Water Table: The depth from the mineral soil surface to the upper most soil horizon that contains 2% or more distinct or prominent redoximorphic features that increase in percentage with increasing depth as determined by a licensed Hydrogeologist, Soils Scientist, Wetlands Scientist, Engineer or other qualified professional approved by the Planning Board.

Secondary containment: A structure such as a berm or dike with an impervious surface which is adequate to hold at least 110% of the volume of the largest regulated substances container that will be stored there.

Snow dump: an area where snow from roadways and parking lots is deposited for disposal.

Stratified-drift aquifer: A geological formation of predominantly well sorted sediment deposited by or in bodies of glacial melt water, including gravel, sand, silt or clay, which contains sufficient quantities of water to wells.

Surface water: streams, lakes, ponds, and tidal waters, including marshes, water-courses and other bodies of water, natural or artificial.

Wellhead protection area: The surface and subsurface area surrounding a water well or well field supplying a community public water system, through which contaminants are reasonably likely to move toward and reach such water well or well field.

VI. PERMITTED USES

All uses permitted by right or by special exception in the underlying zoning district(s) are permitted in the Groundwater Protection District, except those uses expressly prohibited in Section VII or listed as regulated uses in Section VIII of this Ordinance.

VII. PROHIBITED USES

The following uses have been identified as posing a potential threat to the quality of groundwater resources. Therefore the establishment or operation of these uses is prohibited within the Groundwater Protection District.

1. Hazardous waste disposal facility
2. Solid waste landfill
3. Junkyard
4. Outdoor storage of road salt or other deicing chemicals
5. Snow storage area
6. Motor vehicle dealers (including boats, snowmobiles, motorcycles and similar motorized equipment) facilities for the sale of power equipment, which provide product repair and service, facilities for vehicle body repair and paint shops, vehicle service stations, vehicle radiator, tire, exhaust, transmission shops, tire retreading facilities, and other facilities for the repair and service of internal combustion engines or vehicles powered by them, including the storage, warehousing or parking of vehicles in connection with their repair or service.
7. Petroleum distribution, through the use of above or underground storage tanks and piping; or petroleum fuel dispensing activities.
8. Wastewater or septage lagoon.
9. The following waste handling and disposal practices: new or private municipal solid waste disposal areas; regional solid waste disposal areas; private or special solid waste disposal areas; resource recovery facilities; transfer stations; biomedical waste treatment facilities and regional processing centers; hazardous waste water facilities; septage disposal areas; publicly –owned treatment works; wastewater treatment systems which discharge to the groundwater other than those which treat domestic sanitary sewage and sanitary sewage generated from public and private restrooms.
10. Waste processing systems: floor drains, dry wells (except those permitted by state regulations), or other leaching structures intended to convey waste or spillage to the groundwater, excluding publicly owned or domestic septic systems and excluding non-contaminated roof drainage or storm water runoff to the ground.
11. Facilities that require underground storage or transmission of petroleum liquids or hazardous materials: underground storage tanks, underground distribution systems, and liquid fuel pipelines.
12. Textile mills, tanneries, and apparel production facilities which engage in dyeing, textile coating or treatment
13. Wood product manufacturing facilities which engage in hardwood or softwood veneer or plywood production, wood preservation, production of reconstituted wood products, and pulp and paper manufacturing.
14. Printing and publishing facilities, which engage in plate-making, commercial lithography, photoengraving, and gravure.

15. Production facilities, which engage in the production of chemicals, petroleum or products, derived from petroleum, or coal.
16. Facilities for the production of rubber and plastic products, which engage in the manufacture of, coated rubber products, elastomeric and resin cements, tires and tubes.
17. Facilities which are primary metal industries or fabricate metal, clay glass, and electrical parts that engage in foundry operations, metal forming, machine shops, chemical processes for mirror or glass coating, metal plating, degreasing shops, and etching operations or which engage in the use, storage, handling, or disposal of hazardous materials.
18. Facilities for the generation of electrical power by the means of fossil fuel, except for those intended for the generation of electricity during emergencies and those facilities which utilize natural gas as a fuel.
19. Petroleum terminals and fuel oil dealers.
20. Facilities for wholesale trade which engage in: coal, ore, and mineral sales and metal salvage, sale of paints, varnishes, solvents, and hazardous chemicals.
21. Personal and business service organizations which engage in dry cleaning, industrial laundering, motorized equipment rental, funeral services (excluding those connected to a municipal sewerage system with industrial pre-treatment), photographic processing operations (excluding those connected to a municipal sewerage system with industrial pre-treatment), and furniture stripping and finishing.
22. Laboratory facilities which engage in biological or chemical research or testing with the exception of those facilities associated with the testing of a public or private water supply or with photographic processing from radiological examination, or those which are connected to a municipal sewerage system with industrial pre-treatment.

VIII. REGULATED USES

The following uses may be permitted in the Groundwater Protection District subject to certain conditions. Regulated uses require the granting of a Conditional Use Permit by the Planning Board/designee and are subject to a greater standard of protection than those uses that are otherwise permitted within the underlying district.

A. Regulated uses must:

1. Be a use that is permitted in the underlying district either by right or by Special Exception
2. Be a use that is not listed as a Prohibited Use in Section VII of this Ordinance
3. Use and/or install best management practices (BMPs) as required under state administrative rule, Best Management Practices for Groundwater Protection, Env-Wq 401.

B. Regulated uses include:

1. Any use that is a Permitted Use in Section VI of this ordinance which has (or will have upon completion of construction) a total impervious surface area of 2,500 square feet or greater, or which results in an impervious area of 15% or greater of the parcel's area.
2. Any use which involves the storage, handling, and use of regulated substances in quantities exceeding 100 gallons of liquid or 800 pounds of dry weight at any one time. This shall include an approved Spill Prevention, Control, and

Countermeasure (SPCC) plan in accordance with Article X of these regulations.

C. The applicant shall submit a completed Conditional Use Permit application to the Planning Board certifying that all applicable requirements specified within Articles IX and X, have been met prior to the issuance of the Building Permit. In the event that a Building Permit is not required for the regulated use, the applicant shall submit a Conditional Use Permit application to the Planning Board or its designee for review and approval.

IX. PERFORMANCE STANDARDS

A. No floor drains, dry wells (except those permitted by state regulations), or other infiltration devices that discharge wastewater into the ground shall be installed.

B. Storage of Regulated Substances shall be as follows:

1. Regulated substances shall be stored in an enclosed structure or under a roof, which minimizes storm water entry.
2. All structures used to store regulated substances shall be protected from storm water run-off and groundwater intrusion and must be at least 50 feet from surface water or storm drains, at least 75 feet from private wells, and outside of the sanitary protective radius of wells used by public water systems. The floor of the area in which the material is being stored shall be coated to protect the surface of the floor from deterioration due to spillage of any such materials.
3. Regulated substances shall be stored in an area that is secured against intrusion from unauthorized people or animals.
4. Regulated substances shall be stored in their original containers with proper labels including contents and warnings. In the event that the original container is not available, or if the regulated substance is a waste product, an alternate container may be used but shall be properly labeled with information that would otherwise be included on the original container.
5. Outdoor storage is permitted if all of the above conditions are met (with the exception of IX.1) and if stored in a secondary containment with a storage capacity of 110% containment.

C. Storage of Fertilizers, Compost, and Animal Manure shall be stored in accordance with Best Management Practices for Agriculture in New Hampshire, NH Dept. of Agriculture, Markets, and Food, July 2008, and any subsequent revisions.

D. All inactive wells on the property (those wells that are not in use or properly maintained at the time the plan is submitted) shall be considered abandoned and must be sealed in accordance with We 604 of the New Hampshire Water Well Board Rules.

E. Excavation and blasting activities must be conducted in a manner that minimizes groundwater contamination, adverse impacts to hydrology, and the dewatering of drinking water supply wells. The use of best management practices must be included in these activities (see Env-wq 401 Best Management Practices for Groundwater Protection).

F. The refueling, washing, and maintenance of motor vehicles used as part of any permitted/regulated activities shall be conducted out of the groundwater protection area wherever possible. Otherwise, such refueling or maintenance shall be conducted on an impervious surface with appropriate containment area. Spill response material shall be readily available and easily accessible.

G. In addition to the above standards, the following performance standards are required and must be submitted for all activities involving Regulated Uses:

Storm Water Management Plan that meets the minimum requirements set forth in the most current New Hampshire Storm Water Manual, and/or uses accepted innovative practices for the treatment and control of storm water. The plan must identify

- a. Location of storage or transfer of regulated substances and/or other potential sources of pollution, as well as structural pollution control methods or non-structural practices that minimize the release of regulated substances into the storm water or discharge to the ground.
- b. Storm water discharge setbacks between public and private water supply wells and storm water practices that meet setbacks in the Innovative Land Use Planning Techniques, Section 2.1 Permanent Storm water Management.
- c. A stipulation that expansion or redevelopment activities shall require an amended storm water plan and may not infiltrate storm water through areas containing contaminated soils without completing a Phase I Assessment in conformance with ASTM E 1527-05 (American Society of Testing and Materials-Environmental Assessment)
- d. Must maintain at least four feet vertical distance between the bottom of the storm water practice and the average seasonal high water table as determined by a qualified professional.

X. SPILL PREVENTION, CONTROL, AND COUNTERMEASURE PLAN (SPCC)

In addition to the requirements set forth in Section IX Performance Standards, any Regulated Use that includes the use of regulated substances shall submit a Spill Prevention, Control and Countermeasure Plan to the Planning Board/designee. SPCC plans completed to meet state or federal requirements may be submitted provided they reflect the application before the Planning Board. The Planning Board /designee shall then make a determination as to the effectiveness of the plan to prevent, contain, or mitigate releases of regulated substances into the environment in the event of a catastrophic occurrence. The Planning Board/designee may retain the services of a third-party consultant to assist in reviewing any plan presented, the cost of which the applicant will reimburse. The plan shall include the following:

A. A detailed description of the facility, storage area of regulated substances, and type and amount of each regulated substance shall be submitted. A map acceptable to the Planning Board/designee showing the layout of the facility and storage area as well as nearby surface water and wellhead protection areas must be included.

B. A list of facility contact information, including phone numbers, for all those who will be accountable for emergency response, and all appropriate federal, state and local agencies that must be notified in the event of a catastrophic occurrence.

C. A prediction of the direction of the flow of any regulated substance and potential quantity that could be released into the environment. A description of the proposed materials and equipment that would be used to divert, capture or absorb any regulated substance must be also submitted.

XI. PRE-EXISTING NONCONFORMING USES

A. All uses that previously existed prior to the adoption of these regulations, and which do not conform to these regulations, shall be permitted to continue as the same use and capacity at the time of adoption so long as the use does not pose a threat to the public health, safety or welfare, or otherwise constitute a nuisance. Any pre-existing nonconforming use must be in compliance with all applicable state and federal requirements, including Env-Wq 401, Best Management Practices Rules.

B. Change of Use

1. Any change of use of a non- conformity will require a Conditional Use Plan and a Spill Control and Countermeasure Plan approved by the Planning Board/designee.

C. Expansion of Structure or Intensity of Use

1. Any expansion/change of structure or change of intensity involving a non-conforming Regulated use requires a Conditional Use Permit to be submitted and approved by the Planning Board/designee.

XII. EXEMPTIONS

The following uses are exempt from all or some of the requirements of this ordinance as noted herein:

1. Private residences are exempt from Article IX, Performance Standards.
2. Any business, including home occupations, where regulated substances are stored in containers of not more than 5 gallons are exempt from Performance Standards, Section B.
3. Storage of heating fuels for on-site use or fuels for emergency electric generation are exempt from Performance Standards, Section B.4 provided that storage tanks are kept indoors on a concrete floor or have corrosion control, leak detection, and secondary containment in place.
4. Storage of motor fuel in tanks attached to vehicles with permanent fuel lines are exempt from Performance Standards, Section B.
5. Storage and use of office supplies is exempt from Performance Standards, Section B.
6. The temporary storage of construction materials and equipment on a site where they are to be used is exempt from Performance Standards, Section B until the project is completed.
7. The sale, transportation, and use of pesticides as defined in RSA 430:29 XXVI (NH Statutes-Agriculture, Horticulture and Animal Husbandry)_are exempt from all provisions of this ordinance.
8. Household hazardous waste collection projects regulated under Env-Wm 401.03 (b)(1) and 501.01 (b) (NH Code of Administrative Rules-Hazardous Wastes) are exempt from the Performance Standards , Section B of this ordinance.
9. Underground and aboveground storage tank systems that are in compliance with applicable state rules are exempt from inspections under Article XIII of this Ordinance.

XIII. INSPECTIONS AND MAINTENANCE

1. The Board of Selectmen/designee may perform routine inspections to verify compliance with Performance Standards or inspections initiated by a complaint of a potential violation. Prior notice will be given to the property owner and/or occupant for compliance inspections.

2. All commercial properties within the Groundwater Protection District using or storing regulated substances in containers having the capacity to hold more than five gallons are subject to inspections in accordance with this section unless the facility is exempt under section XII of these regulations.

3. The Board of Selectmen may charge the property owner or commercial occupant a fee, a schedule of which shall be developed by the Board of Selectmen, for routine inspections.

4. A detailed description of the maintenance of structures and storm water management devices for any use requiring approval by the Planning Board/designee shall be filed with the Planning Board prior to the issuance of a certificate of occupancy or within 30 days of completion of the proposal. Such narrative shall include specifications, frequency, and responsible party (including contact information). A copy shall also be filed at the Registry of Deeds for Hillsborough County and shall include a statement that the requirement of maintenance of the structures and storm water management devices shall run with the land. Costs of said filing shall be borne by the applicant.

XIV. ENFORCEMENT

Any violation of the requirements established in this ordinance is subject to the enforcement procedures and penalties set forth in RSA 676 (Administrative and Enforcement Procedures) or RSA 485-C (NH Safe Drinking Water Act).

XV. RELATIONSHIP BETWEEN STATE AND LOCAL REQUIREMENTS

Where both the State and the Town have existing requirements, the more stringent shall be used.

XVI. SAVING CLAUSE

If any provision of this ordinance is found to be unenforceable, such provision shall be considered separable and shall not be construed to invalidate the remainder of the ordinance.

XVII. EFFECTIVE DATE

This ordinance shall be effective upon the adoption by the municipal governing body.

Summary of Best Management Practices for Groundwater Protection Rules

Storage

- Store regulated substances on an impervious surface.
- Secure storage areas against unauthorized entry.
- Label regulated containers* clearly and visibly.
- Inspect storage areas weekly.

- Cover regulated containers in outside storage areas.
- Keep regulated containers that are stored outside more than 50 feet from surface water and storm drains, 75 feet from private wells, and up to 400 feet from public wells.
- Secondary containment is required for regulated containers stored outside, except for on-premise use heating fuel tanks, or aboveground or underground storage tanks otherwise regulated.

Handling

- Keep regulated containers closed and sealed.
- Place drip pans under spigots, valves, and pumps.
- Have spill control and containment equipment readily available in all work areas.
- Use funnels and drip pans when transferring regulated substances; perform transfers over impervious surface.

Release Response Information

- Post information on what to do in the event of a spill.

Floor Drains and Work Sinks

- Cannot discharge into or onto the ground.

*Regulated container means any device in which a regulated substance is stored, transported, treated, disposed of, or otherwise handled, with a capacity of five gallons or more. The term does not include fuel tanks attached to and supplying fuel to a motor vehicle.

For more information on best management practices for groundwater protection visit the DES Drinking Water Source Protection webpage at <http://des.nh.gov/organization/divisions/water/dwgb/dwssp/index.htm>, or contact the NH Department of Environmental Services at (603) 271-2947 or (603) 271-0688.

Disclaimer: Statutory information contained in this fact sheet is current as of February 2, 2007. Statutory or regulatory changes that may occur after February 2, 2007, may cause part or all of the information to be invalid. If there are any questions concerning the status of the information, please contact DES at (603) 271-3644. (Recommended by the Planning Board)

YES = 229 NO = 95 Therefore the amendment passes.

Article 2: To see if the town will vote to raise and appropriate the sum of **Thirteen Thousand, Twenty-Five Dollars (\$13,025)** for the purpose of purchasing generators and all associated equipment and installation associated with the generators; funding is to be derived from fund balance. (Majority Vote required)

John Gryval, Emergency Management Director, stated that the Town did not purchase the generators last year due to a lack of matching Federal and/or State funds.

Voice vote: Article passes.

Article 3: To see if the town will vote to create an Assessment Capital Reserve Fund in order to fund the reappraisal of all real estate within the municipality every five years as directed under RSA 75:8-a, and to name the Board of Selectmen as agents to expend these funds, and

in accordance with RSA Chapter 35, to raise and appropriate the sum of **Ten Thousand, Five Hundred Dollars (\$10,500)** to be placed in said account (Majority Vote required) *Selectmen Support this article.*

Aaron Patt, Town Administrator, explained that since paying in advance is no longer allowed, we need to save in advance, and this fund would serve that purpose.

There was discussion about the assessing firm we are currently using, including many concerns about accuracy. The Selectmen acknowledged the concerns and stated that there is a form on the Town website for feedback, and that they will look at that more closely. Residents were also encouraged to thoroughly review their assessments individually.

Voice vote: Article passes.

At this time the Budget Advisory Committee made a motion “to address Article 6 before Article 4. The reason for moving Article 6 is to know the results for Pay-As-You-Throw program before review of the Recycling Center Budget.”

There was a brief discussion as to why the Budget Advisory Committee would want to do this. The answer was that they are concerned about the fact that the Recycling Center’s budget is higher than the Fire Department, and that the requested increases in wages and staff may or may not be necessary, depending on the results of Article 6.

Voice vote: undetermined. Hand count: YES = 50 NO = 48. Motion passed.

Article 6: To see if the town will adopt a Pay-As-You-Throw (PAYT) Trash Disposal program at the Recycling Center and further to raise and appropriate the sum of up to **Ten Thousand Dollars (\$10,000)** for the purpose of establishing the PAYT program. PAYT has been shown to increase recycling and decrease the amount of trash tonnage at recycling centers. The Pay-As-You-Throw program will require residents to purchase trash bags for the purpose of increasing revenues at the Recycling Center. (Majority Vote required) *The Selectmen designate this a special warrant article and support this article.*

There was a lengthy discussion regarding this article. One comment was that this program could increase the amount of recycled trash and decrease the compacted trash, thus decreasing costs and increasing revenues. Another comment was that it is not costing what was appropriated for trash removal, but other items in the budget not related to removal are going up, and therefore it is not a recycling issue but rather funds mismanagement.

The purchasing of bags for the programs was discussed at length, including concerns about the cost for the Town to purchase the bags and the costs to households afterward. Several residents stated that they feel they already recycle everything they can and that there would be an increased need for employees to police the recycling center and/or handle the trash and they do not see this being taken into consideration.

Motion was made to move the question. There was a request for paper ballots on this issue.

Ballot result: YES = 30 NO = 75 Article fails.

Article 4: To see if the town will vote to raise and appropriate the sum of **One Hundred Sixteen Thousand, Two Hundred Thirty Nine Dollars (\$116,239)** to support the Recycling Center. Allocation as follows: (Majority Vote required)

RECYCLING CENTER

Advertising	100.00
Building Repairs/Maintenance	5,000.00
Contract Services	
Electronics Recycling	2,000.00
Monadnock Disposal	35,000.00

Retirement	2,913.00
Supervisor Wages	33,098.00
Telephone	840.00
Tire Removal	400.00
Total	<u>\$116,239</u>

There was a motion made by the Budget Advisory Committee to reduce the Recycling Center budget by Ten Thousand Dollars (\$10,000.00) relative to the failing of Article 6.

Voice vote: Amendment passes.

There was a brief discussion regarding costs of health insurance and protective clothing.

Voice vote: Amended article passes.

Article 5: To see if the town will vote to raise and appropriate the sum of up to **Five Thousand, Dollars (\$5,000)** for the purpose of expending funds that will be offset by the Used Oil Collection Grant Assistance Program, to purchase materials and/or obtain services to establish, improve, or operate a used oil collection center in accordance with the terms and

conditions of Used Oil Collection Grants at the Recycling Center. This is for two reimbursement grants of up to \$2500 each that will offset expenditures made by the Recycling Center. (Majority Vote required) *Selectmen Support this article.*

There was a brief discussion about what the grant funds actually are spent on, Carol Burgess, Recycling Center Supervisor, explained the grant purpose and the need to increase proper storage of used oil.

Voice vote: Article passes.

Article 7: If Article 6 passes, to see if the town will vote to adopt the provisions of RSA 31:95-H to create a revolving fund for the Pay-As-You-Throw program and to restrict the revenues from the Pay-As-You-Throw program to expenditures for the purpose of solid waste disposal, with such revenues and expenditures accounted for in a revolving fund to be known as the Recycling Center PAYT fund, separate from the General Fund, and further, to name the Board of Selectmen as agents to expend these funds. The town treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the Board of Selectmen for specific purposes related to PAYT and to offset Recycling Center expenses. (Majority Vote required) *Selectmen Support this article.*

Since Article 6 failed, this article is now a non-issue. Motion to pass over.

Voice vote: motion passes.

Article 8: To see if the town will vote to raise and appropriate the sum of **Six Hundred Eight Thousand, One Hundred Eighty Two Dollars (\$608,182)** to support the Operation and Maintenance of the Town. Allocation as follows: (Majority vote required)

Ambulance	17,001
Building Inspector/Code Enf.	6,520
Cemeteries	17,355
Conservation	3,450
Elections/Registrations	29,145
Executive	130,707

Other General Government	41,025
Parks & Recreation	13,400
Patriotic Purposes	1,100
Payroll Expense	45,600
Planning Board	16,250
Principal on Bonds	65,000
Regional Association Dues	3,145

Street Lighting	5,000
Welfare Administration	27,345
Zoning Board of Adjustment	5,000
	<u>\$608,182</u>

There was little discussion on this article. However, when asked about increases to the “Other General Government” line item, Aaron Patt, Town Administrator, explained that the town offices need a new server, which could cost thousands of dollars. Mr. Patt is actively pursuing quotes.

Voice vote: Article passes.

Article 9: To see if the town will vote to raise and appropriate the sum of **Four Thousand, Two Hundred Eleven Dollars (\$4,211)** for the purpose of renewing a one-year agreement with the Code Red Emergency Notification System; funding to be derived from fund balance. This article has no impact on taxes to be raised. (Majority vote required)

Loren White, Fire Chief, answered brief questions, stating that the system is up and running, he has a price guarantee, and there absolutely is privacy protection.

Voice vote: Article passes.

Article 10: To see if the town will vote to raise and appropriate the sum of **Seventy Five Thousand, Six Hundred Eleven Dollars (\$75,611)** to support the Fire Department. Allocation as follows: (Majority vote required)

FIRE

Building Repairs/Maint.	2,000
Chief's Wages	2,000
Dues & Subscriptions	1,000
Electricity	4,250
Emergency Management	750
Equipment	2,250

W.A. '08 - #16 Backhoe	21,089
Total	<u>\$538,404</u>

Moderator Peter Hopkins introduced Tim Murray, Highway Department Supervisor, who addressed the budget.

There was some discussion regarding road maintenance vs. road reconstruction, and long term plans. The Roads Committee is still working on the long term portion, as the needs are extensive. They hope to have an in-depth plan next year. It was also noted that some work may be done by a third party.

Resident Conrad Dumas made a motion to amend the article by increasing the budget by Fifty Thousand Dollars (\$50,000.00) for road reconstruction.

Voice vote: Amendment fails.

Voice vote: Original Article passes.

Article 13: To see if the town will vote to raise and appropriate the sum of **Twenty Five Thousand Dollars (\$25,000)** for the purpose of purchasing a Pick-up Truck for the Department of Public Works. Funding is to be derived from fund balance. This article has no impact on taxes to be raised. (Majority vote required)

Budget Committee Member Norm Nickerson stated that the Highway Department is currently using big trucks for errands. Purchasing a pick-up truck would be more efficient.

An amendment was made “to raise and appropriate Five Thousand Dollars (\$5,000.00) for the purpose of purchasing a used pick-up truck for the Department of Public Works.” There was a brief discussion about the costs of used vehicles vs. new vehicles.

Voice vote: Amendment fails.

Head count vote: Original article passes 44 to 42.

Article 14: In the event Article 13 does not pass, to see if the town will vote to raise and appropriate the sum of **Twenty Five Thousand Dollars (\$25,000)** and place said amount in the existing Highway Equipment Capital Reserve Fund. Funding to be derived from fund balance. This article has no impact on taxes to be raised. (Majority vote required) – *Selectmen support this article.*

Motion was made to pass over the article.

Voice vote: Motion passes.

Article 15: To see if the town will vote to raise and appropriate the sum of **One Hundred Twenty Five Thousand Dollars (\$125,000)** for the purpose of providing road reconstruction on Town roads. (Majority Vote required)

There was lengthy discussion about reconstruction and maintenance and the difference between the two, as well as how to prioritize what roads get done first. Peter Hopkins stated that since it is such an overwhelming project, the Roads Committee are taking more time to establish a plan, and it will be presented next year at Town Meeting.

Amendment was made to “allow for the unspent money to be held over for up to five years for the purpose of road reconstruction”.

Voice vote: Amendment passes.

Voice vote: Amended Article passes.

Article 16: To see if the town will vote to raise and appropriate the sum of **Seventy Five Thousand, Eight Hundred Four Dollars (\$75,804)** to support the Stephenson Memorial Library. Allocation as follows: (Majority Vote required)

LIBRARY	
Books/Periodicals/Videos	6,350
Building Repairs/Maintenance	1,200
Clerical Wages	648
Computer Equipment	200
Computer Software	300

Computer Support/Maint.	1,500
Dues & Professional Expenses	200
Education/Conventions	400
Electricity	3,600

Programs/Entertainment	1,500
Sewer Fees	618
Telephone	1,700
Total	<u>\$75,804</u>

Neal Brown addressed this article stating that survey results indicated that residents would like the library to be open on Saturdays, and therefore the library hours will be changing from Monday, Wednesday, and Friday to Wednesday through Saturday. This will also be more energy efficient. Several residents commended the library staff and stated that they are glad to have a place in town for families to enjoy.

Voice vote: Article passes.

Article 17: To see if the town will vote to raise and appropriate the sum of **Twenty Five Thousand Dollars (\$25,000)** for the purpose of purchasing and outfitting a Police Cruiser. (Majority vote required)

There was a brief discussion about leasing compared to purchasing.

Voice vote: Article passes.

Article 18: To see if the town will vote to raise and appropriate the sum of **Two Hundred Twenty Six Thousand, Six Hundred Eighty Two Dollars (\$226,682)** to support the Police Department. Allocation as follows: (Majority Vote required)

POLICE	
Chief's Salary	65,000
Computer Support/Maint.	1,000
Full-Time Wages	44,824
Gasoline	10,000
General Supplies	1,500
Insurance - Dental	1,260
Insurance - Disability	976
Insurance - General Liability	3,633
Insurance - Health	22,340
Insurance - Life	55
Insurance - Vehicle	760

Mutual Aid	16,384
Over-Time Wages	3,000
Part-Time Wages	20,500
Personal Equipment	3,500
Postage	200
Radio Repair/Maint.	200
Retirement	22,550
Telephone	3,000
Training Services	1,500
Vehicle Repair/Maintenance	4,500
Total	<u>\$226,682</u>

There was no discussion.

Voice vote: Article passes.

Article 19: To see if the town will vote to raise and appropriate the sum of **Ten Thousand Dollars (\$10,000)** and deposit this amount in the existing Town Buildings Maintenance Capital Reserve Fund. *Selectmen Support this article.*

There was some discussion regarding the repairs needed for the Meeting House steeple. Selectman Karen Day stated that there is currently **Fourteen Thousand Dollars (\$14,000.00)** in this Capital Reserve Fund, but it isn't enough to complete the repairs. There was a question regarding grants for this purpose. Selectman Day stated that they have not yet researched this option, but they will.

Resident Andrew Heck made a motion to amend the amount requested to Thirty Thousand Dollars (\$30,000.00).

Voice vote: Amendment passes.

Voice vote: Amended Article passes.

Article 20: To transact any other business that may legally come before this meeting.

Budget Committee Member Myron Steere thanked the Select Board for keeping the budget "relatively flat".

Resident Conrad Dumas asked for public involvement of the Roads Committee.

PTO Member Laura Merzi thanked everyone for supporting the PTO efforts. Myron Steere thanked the PTO for offering food.

Selectman Rob Wimporoy stated that if we had been able to collect the outstanding taxes we would have over One Hundred Thousand Dollars (\$100,000.00) more available to the Town. Several residents took offense to the comment, citing that there may be circumstances for outstanding taxes. Mr. Wimporoy apologized for his remarks.

Fire Department Member Linda Dodge announced that there is still a need for volunteers in the Fire Department.

There being no other business to come before the town, the meeting was adjourned at 2:04 PM.

Respectfully Submitted,

Edith P Sleeper,
Town Clerk

**2012
OTHER ANNUAL REPORTS**

CODE OFFICER REPORT

2012 has been another quite year for building in Greenfield, as it has been throughout the country. After spending all of my life to date, in the Town of Greenfield, I have decided to retire to the south and a warmer climate. This has not been an easy decision as I will be leaving so much of my life behind, but it is time to start anew. I thank the community for their support for all the activities I had enjoyed participating in over the years.

The following table shows the permits for the last four years:

Type of Permit	# 2009	# 2010	# 2011	# 2012
New Homes	3	4	5	3
Additions & Renovations	10	9	9	9
Out Buildings	6	9	7	2
Decks	3	4	1	1
Other	4	20	14	9
Total permits	26	46	36	24
Fire Inspections	6	4	3	4
Health Inspections	4	4	5	2

I wish to thank the citizens and craftsmen who live or work in Greenfield, for their support and efforts to make the job of Code Officer an enjoyable and learning experience for me. Mike Borden has agreed to take on the Code Officer position and I feel very confident Mike will be able to be as helpful to the craftsmen and citizens as I have in the past.

Peter Hopkins
Code Officer

CONSERVATION COMMISSION REPORT

During 2012, the Conservation Commission coordinated the eighth annual town-wide roadside clean-up effort, collaborated with the Planning Board, and met with local land trusts and federal land grant programs to discuss several local conservation easements and the eradication of invasive species on conserved lands.

This year the Roadside Roundup had favorable weather and we had a good turn out on April 21, 2012. The Roundup taps a wide range of volunteers in town. Thanks to our numerous volunteers for helping Greenfield be a beautiful place to live. We collected over 250 bags of trash. Special thanks go out to the GIVers, the Greenfield Woman's Club, and all the merchants who participated in the raffle. The GIVers lent the manpower needed to stuff the envelopes that went to every household in town, the Woman's Club put on a wonderful dinner to reward our Road Rangers, and various merchants in the area provided wonderful raffle prizes. We also thank Carol and her crew at the Recycling Center for securing and managing the dumpster.

Our Ham and Bean dinner after the Roadside Roundup was a big success this year, attracting more people than usual to hear the Planning Board's presentation of what they learned from the Photo Shoot that residents conducted for the Master Plan visioning process. The results of the photos contributed by many residents suggested a strong desire by town residents to maintain the rural character of Greenfield.

We continue to assist residents with the conservation easement process, answering questions and providing as much information as possible to landowners who wish to see their land remain as open space. We are working with the federal Wetlands Reserve Program to help eradicate bittersweet and buckthorn on a conservation easement in Greenfield held by this program. We also worked with the Mondanock Conservancy on a new conservation easement in town.

Lastly, we again had an information booth at the Blueberry Jamboree on August 4. For those who stopped by that very hot day, we offered blueberry bushes for sale and had several town maps and heard people's wildlife stories.

The Commission continues to be short of members, which hinders our ability to take on special projects, such as inventorying wetlands and other natural resources in Greenfield or developing outdoor programs for residents of all ages. If you're interested in helping with our work please consider joining us. We have several vacant positions and we enthusiastically encourage people to join us as a full member or volunteer. We meet at 7:30pm on the 4th Wednesday of each month, in the Town Office Building. We're a hard working bunch, but we keep the mood upbeat and fun.

Neal Brown
Karen Day
Carol Irvin, Chairman

DEPARTMENT OF PUBLIC WORKS

The winter of 2012 ended early but led directly into a costly mud season; Cavender Road was first to be affected, soon followed by County Road, Muzzey Hill Road, Old Bennington Road, Swamp Road and Cornwell Road. Slip and Gulf Roads also proved to be very hard to navigate. Residents provided DPW with numerous anecdotes of “the mud” in prior years, and most agreed that the 2012 mud season was the most difficult in recent memory. The Department of Public Works spent twice its budgeted amount for stone to fill in the most serious sections of deep mud. During the summer months DPW returned and removed sections of Cavender, County, and Gulf Roads in order to put down fabric and structural gravels that should help provide a better base for driving in the spring months. Mountain Road and Zephyr Lake Road, as well as part of Slip Road, saw new culverts and much needed asphalt. A portion of Mountain Road was ground and returned to dirt, allowing for a better and safer driving surface.

Town Meeting was very positive for the Department of Public Works. Residents voted to purchase the department’s first pickup, which has helped us serve residents more efficiently by reducing the consumption of gas, and reducing the wear and tear on the large equipment during smaller transport jobs. Residents voted to spend money on long overdue roadwork; we have received numerous positive responses to the work that Brox’s Asphalt provided and we hope to continue paving roads in 2013. Various culverts were replaced throughout the town, including culverts on Miner Road and New Boston extension.

The odor at the Meeting House, believed to be a skunk at first, was investigated and an air quality test was taken. The result was the discovery of unacceptable levels of mold. The building underwent a mold remediation project just prior to winter and a dehumidifier was purchased that now monitors moisture levels. The roof of the Meeting House saw some rehabilitation as well. Old broken slate tiles were replaced and several areas of immediate concern that were identified during the securing of the steeple were replaced, re-flashed and buttoned up through the use of an emergency expenditure.

The Town Office building had its own facelift. The east side roof was replaced in an emergency expenditure after the discovery of numerous shingles on the ground in the handicapped parking lot. The concrete steps were demolished and removed and a new paved sidewalk installed. Three new lights in the parking area were installed, with help from an anonymous donation from a resident in town. This act of generosity has greatly improved nighttime safety in the parking lot for the public and vehicles. DPW will provide some additional landscaping in the front of the parking lot to route water to the catch basin as the weather warms again in 2013.

Safety is always a high priority for the DPW department. This year we relocated the road to the transfer station for the safety of the employees and residents. Extra fill was brought from the DPW yard along the entrance road to the Transfer Station in order to provide that department with more usable land. This resulted in a dramatic clean up for both properties.

The Department of Public Works has had a very successful and rewarding year. We greatly appreciate the support and encouragement of the residents and we look forward to providing ongoing improvements throughout the town.

Respectfully submitted,
Timothy Murray, DPW Supervisor

GREENFIELD FIRE DEPARTMENT ANNUAL REPORT 2012

This past year we had an increase in calls for emergency services from 206 in 2011 to 260 in 2012. Fire calls were down 15% while rescue calls were up 42%.

We had opportunity to utilize the CodeRed emergency notification system for a weather event this past year. We trust it is as comforting for you as it is for us, to have this means of communicating with the residents that have registered for proactive or reactive emergency information. Please be sure to verify your personal contact information each year, to insure we are using your current phone numbers and e-mail addresses.

Several of our members are relocating or have chosen to retire from volunteering on the fire department. We will truly miss their presence and participation, especially during the week days. Their experience and wisdom will make for even a greater void. This will however make opportunity for other qualified members to broaden their own experiences and wisdom.

Fortunately we have had a couple of past members return to the department and a couple of new volunteer members join our ranks. We are currently planning a membership drive to help strengthen our staffing ability. Please do not discount your ability to serve as a volunteer with us, there is plenty of safe ways for you to help. Even urging others to join us in providing this invaluable service to your family, friends and neighbors will be extremely helpful. Daytime help would be especially appreciated.

As always, if you are 18 or retired, we have an opening for you. No experience required. Just call me anytime at 562-5007 and leave a message or stop anyone of us in your travels around town.

Respectfully Submitted,
Loren D. White – Fire Chief

HUMAN SERVICES ANNUAL REPORT

The 2012 year has continued to present financial challenges to many Greenfield residents. As a result an increase in assistance from the Town Welfare Department has been needed to help these families with financial difficulties. Continued unemployment, underemployment, layoffs and increases in fuel and utility costs have contributed to the hardships these families have had to endure throughout this past year. The Welfare Department and the Select Board have responded to these needs in a timely and supportive way. I would like to thank the Board for their continued support and feedback which they continue to offer myself and this Department in order to ensure all needs are met in a fiscally responsible way. The Welfare budget is funded entirely from our resident taxes, so the care and welfare of those in need is a responsibility shared by us all.

The town assisted 22 families in 2012, which is the same number as last year. However the largest expenditures were for rent/mortgage assistance, security deposits to help individuals secure housing, utilities and fuel, which have increased in cost throughout this past year. The average monthly expenditure from this office was \$1800.00 a month. The 2013 budget reflects an increase to address these increased needs moving forward.

The majority of the recipients are families with children. Several residents were assisted with obtaining safe and secure housing due to homelessness or the risk of becoming homeless. The shelter system was contacted and referrals for support were made: however due to lack of availability and cost, the shelter option was not utilized this year. The cost to the Town to pay for someone in the homeless shelter is more expensive than an affordable rent and landlords are often willing to negotiate with the Department to assist in preventing eviction or obtaining affordable housing for families in need. Mortgage lenders have not been as willing to negotiate and the many problems that home owners face in order to get mortgage and interest relief continued to result in the Town assisting with mortgage payments. Welfare liens were filed with the Hillsborough County Registry of Deeds on those properties, so if the property is sold the Town is ensured reimbursement for the amount of assistance provided by this Department.

Part of the Welfare Administrators responsibilities in administering town Welfare assistance include; providing applicants with referrals to other community resources, monitoring and supporting job searches and maintaining a close review of the budget. There are clear guidelines in place outlining what is considered to be a basic need. A maximum amount can be included when determining if the resident qualifies for assistance to meet that need. In addition to the financial support, the office has also supported applicants with job searches, the filing of applications and payment negotiation/arrangements with specific companies to help defer costs. The application process is very thorough and requires verification of the information provided along with a signed release of information to allow the director to clarify information as needed. The application must be complete and signed before the process of determination can begin. Walk in hours are Wednesday from 5-7 PM and by appointment. Applications can also be downloaded from the Town of Greenfield website or picked up at the Town Offices during regular business hours.

We would like to once again thank the wonderful organizations and individuals that have generously continued to give to our residents in need; these include: the GIVers, Greenfield Covenant Church, Divine Mercy Parish, Peterborough Rotary Club, Crotched Mountain Rehabilitation Center, Salvation Army, residents and other generous patrons who have provided support to the families and their overall community; especially in times of great need.

Respectfully Submitted,

Leah Fiasconaro-Conway-Welfare Director

PLANNING BOARD

2012 was an active year for the Planning Board. Updating the Master Plan dominated the Board's agenda. Beginning with a meeting of local businesses in February, Board members began a systematic collection of the opinions of the public about how the Town should move forward in the foreseeable future. Many thanks to volunteers throughout the community who participated in the photo shoot, completed written surveys (either on line or handwritten) and who took part our round table discussion last spring helping identify values we hold for the community. Processing this data, the Planning Board developed a "Vision Statement" that we feel accurately reflects the wishes of the community we serve.

While the Master Plan work was under way, we became aware of, and applied for, a Community Planning Grant offered by NH Housing, operating as agent for the US Department of Housing and Urban Development. We have used that grant to provide a comprehensive review of our Zoning Ordinance , Site Plan Review and Subdivision Regulations to assure that they are consistent with one another, not contradictory, and user friendly. That review of the Zoning Ordinance has been completed and we are happy to report that, on the whole, our Zoning Ordinance is sound and covers most areas that town our size needs. We have found some minor changes that will be brought to the public at Town Meeting time to clarify and update some language of the ordinance to bring it into compliance with current RSAs, and make it more user friendly. Our Site Plan Review Regulation and Subdivision Regulations have also been reviewed with similar findings. Watch for public hearings on changes there as well.

In other business, the Planning Board has reviewed four subdivision applications and one Site Plan Review this year as well as several public hearings on tree trimming of Scenic Roads by both the Town DPW and PSNH as part of their regular maintenance work. Collaboration between the Planning Board and the Board of Selectmen, has resulted in a new Economic Development Advisory Committee, meeting for the first time in January, to provide recommendations to the town on how to promote economic development.

The Planning Board has an ambitious agenda for 2013. In addition to updating the Capital Improvements Plan (CIP), the Board will be moving forward in our Master Plan update, finishing sections on future land use and housing. We will be applying for a second grant early this year and hope to be able to bring to the public in 2014 an innovative land use practice, a Neighborhood Heritage Ordinance, which would be a tool to help us accomplish two of the goals identified by the public in our Master Plan Vision exercise: preservation of the rural character of the community and the village, while promoting economic development to help broaden the tax base. Watch for community conversations, articles in the *Spirit* and public hearings that we will be conducting to help us collectively deliberate this issue.

The Planning Board would like to thank Catherine Shaw and Aaron Patt for their support and assistance in the execution of our duties this year. Most importantly, we would like to thank all members of the community who have volunteered their time, services and opinions on issues of great concern to us all as residents of the Town. Remember that Planning Board meetings are open to the public. Tentative agendas and minutes of recent meetings are available for review on the Town website or at the Town Offices. We look forward to continuing this important work for your town.

Respectfully submitted:

Robert Marshall, Chair
Greenfield Planning Board

GREENFIELD POLICE DEPARTMENT Report 2012

In 2012 the Greenfield Police Department received three grants. They were from the State of New Hampshire. These grants totaled \$10,103.50:

Greenfield State Park Underage Alcohol Enforcement Patrol \$2,052.00

Greenfield State Park Enforcement Patrol \$1,051.50

New Hampshire Department of Safety \$7,000.00

The grants received through these sources helped with additional staffing of police personnel on weekends for specific patrol functions during peak times and purchasing of equipment that otherwise would not have been budgeted for.

The Greenfield Police Department further generated a total of \$1,811.49. This revenue was generated through court fines, pistol permits, criminal and motor vehicle reports, and parking violations.

	2011	2012
Calls for Service	3,020	2,317
Alarms – Residential & Business	21	47
Animal Control Complaints	78	68
Assist other police agencies	75	75
Thefts	24	26
Burglaries	5	7
Assaults	5	18
Arrests	56	50
Domestic Disturbances	49	18
Motor Vehicle Accidents	40	25
Motor Vehicle Complaints	33	37
Motor Vehicle Stops	1,587	1,029

This year I have noted an increase in the amount of time this agency spent in the Jaffrey – Peterborough District Court for arraignments, trials, pre-trials, or motion hearings. This increase was largely due to the serious nature of the offenses being committed within our jurisdiction. This year this agency brought 65 additional criminal / motor vehicle cases to the Jaffrey – Peterborough District Court.

Please note that the calls for service do not reflect the phone calls received directly at the police station on the 547-2535 line, nor does it include individuals who stop at the station requesting police services. The statistics provided are compiled by the Hillsborough Sheriffs Office Dispatch Center.

Please call the Greenfield Police Department at 603-547-2525, if you need immediate police assistance.

Respectfully,
Brian L. Giammarino, Chief
Greenfield Police Department

“Dedicated to the Safety and Security of Our Community”

GREENFIELD RECYCLING CENTER 2012 ANNUAL TOWN REPORT

I would like to thank all the residents and volunteers for your support and help in this past year. Your willingness to do “the **right thing**” and “**in the right way**” has made a huge difference because the recycling volume is steadily increasing while the volume of trash is decreasing. You are to be congratulated.

The following will show you the results of your efforts:

Total Trash 2012	Total Trash 2011
241.93 tons	263.05 tons
\$27,721.95 @ \$115 per ton	\$30,250.75 @ \$115 per ton

This is a decrease of 8% in trash in 2012, which is a savings of \$2,528.80 in hauling fees:

Total Bulky/C&D Waste 2012	Total Bulky/C&D Waste 2011
64.53 tons	68.49 tons
\$7,420.95 @ \$115 per ton	\$7,876.35 @ \$115 per ton

Total trash & Bulky/C&D Waste 2012	Total trash & Bulky/C&D Waste 2011
306.46 Tons	331.54 Tons
\$35,142.90	\$38,127.10

The Bulky/C&D waste is not calculated as a percentage of increase or decrease because it is impossible to know what to expect within a year due to homeowners taking on DIY projects, moving, or cleaning out. This is one of the services provided for the residents at the center. Our goal is to collect enough revenues to cover this cost.

The following **recyclables** were processed and sold in 2012:

<input type="checkbox"/> Mixed paper	61.28 tons	<input type="checkbox"/> Steel Cans	4.12 tons
<input type="checkbox"/> Plastics	13.45 tons	<input type="checkbox"/> Baled Plastic	2.07 tons
<input type="checkbox"/> Cardboard	19.82 tons		

The total weight of all these recycled and sold products was **100.74 tons**. These items represent a **savings of \$11,585.10** in trash disposal cost.

In addition to these recyclables, your efforts have also included the following items:

- | | |
|--|--|
| <input type="checkbox"/> Wet cell batteries = 1543 lbs. | <input type="checkbox"/> Precious metals = 2.95 tons |
| <input type="checkbox"/> Household batteries = 210 lbs. | <input type="checkbox"/> Aluminum = 4 tons est. (unsold) |
| <input type="checkbox"/> Scrap metal = 26.07 tons | <input type="checkbox"/> Used oil = avg. 1200 gallons |
| <input type="checkbox"/> Tires = 3.11 tons | per whole year. One gallon |
| <input type="checkbox"/> Electronics = 6.19 tons | of oil averages 7 lbs. = 4.2 |
| <input type="checkbox"/> Glass = avg. 35 tons | tons |
| <input type="checkbox"/> Fluorescent bulbs = 41 lbs. in ballast
& 1,628 feet of tubes plus 260
bulbs | |

Residents have made a great effort on other recycling programs such as; Cell Phones for Soldiers & Box Tops for Education, along with ink cartridges for the school, and plastic caps, which come from the plastic containers that are being recycled separately. Since we do not have the volume to benefit from the caps ourselves, except to keep them out of the waste stream, these caps are being transported to Peterborough by a volunteer for further recycling with their plastic loads.

A lot has been said about the cost of the Recycling Center budget. Every town is different depending on the equipment provided and the layout of the center. Some towns have more compactors, more dumpsters, larger buildings or a larger footprint than Greenfield, so it is very difficult to compare towns except by the tax rate.

See the following calculation to understand the cost of the Recycling Center to the average household:

\$106,239.00	Approved Budget
<u>\$ - 4,493.75</u>	Monies returned to the town
\$101,745.25	Actual budget expended
<u>\$-17,838.86</u>	Total 2012 Revenues
\$ 83,906.39	Total net Expense
\$.528	Est. Tax rate per \$1000 on \$83,906.39 of actual expense
\$ 105.67	Annual tax on a \$200,000 home put towards the recycling ctr cost
\$ 8.81	Cost per month to that household
\$ 50.00	Compare to the average monthly rental for a residential dumpster (\$40-\$60 monthly fee, \$480-\$720 annual cost)

A few small projects have been completed this year thanks to volunteers. Several oversized shelving units were rescued from the demolition container to provide several new shelving units for the Library. Thanks go to David Bridgewater who has completely rebuilt one of the units. Forest Road Welding built the bicycle rack holding useable discarded bicycles available to the residents. Thank you. New signs for the two plastic windows were designed and made by Diane Boilard using the metal signs that were given to us by Sheldon Pennoyer to recycle. Thank you.

Thanks go to the DPW crew for their time and efforts to help the Recycling Center. These are a few of the projects:

- ❑ A ramp was made for the new blue metal container for easy access
- ❑ The back lot was widen and cleaned up for more area to be accessible for use
- ❑ The new road coming up to the recycling center was constructed
- ❑ The frame and installation of the new entrance sign was accomplished
- ❑ A metal ramp was provided for the Bobcat to have access into a storage trailer

In December of 2012, the contract with Monadnock Disposal Service (MDS) came up for renewal. A new contract was negotiated **down to \$90** per ton, which will **save \$25** per ton in disposal costs. Based on an average tonnage of 245 tons for the Solid Waste and 65 tons for the Bulky Waste/C&D, this would be an additional yearly **savings of \$7,750** for waste disposal. Thanks to Matt Peard of MDS for diligently working with us on this important service to the town.

Market prices fell dramatically starting in June without warning. That is usually the best time of year for high pricing on cardboard but not in 2012. It rallied somewhat in late fall which is when we decided to sell. We will wait patiently for higher prices on the other commodities. As a result of these fallen commodity prices the 2012 revenues were down over the previous year, but we will continue to watch the markets as we head into 2013 to ensure that residents receive the best offset to the overall cost of the center's operations.

Thank you for your continued efforts to recycle and your support.

Respectfully submitted,
 Carol Burgess, Supervisor
 Ray Wesoly, Attendant

STEPHENSON MEMORIAL LIBRARY TRUSTEES' REPORT FOR 2012

Well, so much for that Mayan apocalypse! Your library is still here and ready to serve you in 2013.

Our librarians and our patrons have adjusted well to the new "Saturday" schedule begun in April:

Wed	10:30 - 8 pm	Thu	11:00 - 6 pm
Fri	10:30 - 4 pm	Sat	10:00 - 2 pm

By all measures the new schedule is now working well. The circulation has rebounded and visits are moving steadily up - particularly by children and parents. It is so heartening to watch their wee ones as they excitedly discover the pleasures of reading. Their bright faces reflect the immense power that books and reading bestow upon us humans – a power that Emily Dickinson so eloquently captured in this lovely poem: **There is no Frigate like a Book**

*There is no Frigate like a Book
To take us Lands away—
Nor any Coursers like a Page
Of prancing Poetry—*

*This Traverse may the poorest take
Without oppress of Toll—
How frugal is the Chariot
That bears the Human soul*

Libraries like the Stephenson have three important things to offer: The first is information. The second? Information. The third? You guessed it! Here's what happened information-wise in 2012:

Collection information: Following a year of hard work, Gail and Kristin will soon begin to crank the new Alexandria library information system at full throttle. We now have cataloged ~ 10,000 total titles in 5 formats (DVDs, CDs, books, large print books & magazines) and users will soon be able to access the lot of them directly on line.

Cyberspace information: The SML has continued to provide the community fast computing and internet access, and this information highway is thriving. Indeed, the librarians have had to set a 30 min time limit during periods of high-use. And for those looking for after-hours wireless internet access, the SML parking lot has become one of the hottest spots in town.

Seat-of-the-pants information: Our intrepid librarians cheerfully dispense information to any and all comers who happen through SML's doors. They have had to field questions like: *Which way to New Boston Road? Have you heard of this magazine about composting rubber tires? Where can a fella get lunch around here? Is there somewhere I can buy gas? Where's Plowshare?* Helping strangers is taken very seriously at the SML, because, who knows? It just might bring good fortune to our little library. Can you imagine what might befall us if we unwittingly helped a lost Warren Buffett find his way to East Cupcake?!

Did you happen to know? That all the pupils at Greenfield Elementary School have SML library cards!....That demand for downloadable e-books and audios is up > 500-fold since 2007....That use of "Tumblebooks" (e-books for kids) has doubled in each of the past three years....And so it goes!

Unfortunately, all is not well with your Library's physical condition, and it must be remedied before it gets any worse. There are several drafty windows that need to be replaced in the old section, and there are leaks to be addressed in its ancient stone/masonry foundation. The most pressing problem is the deterioration and rot in the exterior wood of both

sections – particularly in the wooden soffits and trim in the eaves of the old building’s back side.

We have invited bids to repair and paint the exterior of the entire Library, in 2013, and we have sponsored a 2013 Warrant Article requesting the funds needed to get it done. We hope that you will attend and lend us your support for this important Article at Town Meeting.

Vision for the Future: We are still pursuing a long-range plan to strengthen the Stephenson’s role as a community resource. Our first steps in this process were to provide residents with better tools for coping with information technology, and to equip the Library Staff with the up-to-date system they need to manage the Library’s resources. Our next step is to define a role for the library as a major asset in the Town’s Emergency Management system. If you have any ideas about that or anything else that might keep the SML relevant to your community’s needs, we’d appreciate your input. Just fire away to Kristin or Gail or one of us.

THANKS to all you generous donors who provided over 200 new items for our collection and to those who contributed other valuable materials and unselfishly gave their time to the Stephenson. We appreciate you all very much.

BOARD OF TRUSTEES TOWN REPORT 2012

The town's first year arranging burials at Greenvale Cemetery resulted in nearly \$1,000 in new funds to offset taxpayer expense in maintaining Greenfield's cemeteries. In the process, we were able to offer a reduced rate to local residents for cremation interments, thanks to the efforts of Sexton Merrill Villmore.

The multi-year process to replace the Greenvale water system was completed, thanks to a number of local people, most notably our Public Works Department, under the direction of Tim Murray. Bumps in the road included stolen electrical cable pulled out of the ground and a sudden discovery by PSNH that service on a temporary pole placed by them years ago was all of a sudden unusable. In addition to Tim, we got great help from Kyle Fontaine of North Pack Electric, plumber Jarvis Adams IV, Mike Rector of Greenfields Landscaping and Patty Donovan painted the new electrical board. The town now has a new submersible pump running to Zephyr Lake, including new plastic piping, which replaces the rusted and leaking metal pipes. Also, there is a new electrical panel.

Now we turn our attention to the dilapidated picket fence surrounding our historic Meeting House in the village. Attempts to repair and maintain the fence have not kept up with its general degradation and trustees have embarked on a fundraising drive that will offset funding we hope to obtain at this year's town meeting. Local contractor/new Building Inspector Mike Borden was involved in the most recent fence there and he has developed a great synthetic replacement that looks good and will require little maintenance. Along with the work being done on the steeple, our Village District will hopefully look a little spruced up at this time next year.

Merrill Villmore's arborist efforts are paying off at Greenvale, as there are new tree plantings, the previous planted trees are receiving better care and the evergreens are protected each winter against the hungry deer, all coming at less cost than we used to spend on insecticide and fertilizer.

Trustees have nearly completed an updating of the grave registry, filling some gaps that had existed in the records; and hope to put a copy for public use on the town website this year. We sold one new grave lot this year and buried 10 people, four of them cremation interments. Steve Carson of Holt-Woodbury Funeral Home was invaluable this year, providing excellent digging service, and Carl Young of Plowshare Farm once again was responsible for keeping Greenvale neat and trash-free. Jeremy Gagnon's company kept the grounds looking great as always and we appreciate the local pride he puts into his work.

The trust fund side of our job has been as bleak as the general economy but we still gave out a scholarship to a graduating Conval senior from Greenfield, provided support to the library and to the town for cemetery maintenance, although at reduced levels due to interest rates. We will listen to other ideas on investment of our trust funds in the coming year, but for now will be sticking with our conservative approach of safe, yet low-yield bank deposits. We did open a capital reserve account with the NH Public Deposit Investment Pool, giving us a second venue for our trust funds, in addition to People's Savings Bank.

Cemetery Trustees/Trustees of Trust Funds
