#### Warrant Article #2 - Amendment #1 - Zoning Ordinance:

To see if the Town will vote to adopt Amendment No. 1 to the Town's Zoning Ordinance as recommended by the Planning Board to revise the definition of "Private Road" contained in Section 3.31 as follows: "A traveled way not open to public use as a matter of right for vehicular travel, the maintenance and repair of which shall be borne by the subdivider, or land owners using the Private Road."

the subdivider, or land owners using the Private Road."
Proposed by the Planning Board. Recommended by the Planning Board (7-0-0).
ARTICLE 2: Yes No
Warrant Article #3 – Amendment #2 – Zoning Ordinance:
To see if the Town will vote to adopt Amendment No. 2 to the Town's Zoning Ordinance as recommended by the Planning Board to revise Section 4.3, District Regulations, Subsection 4.3.1, Rural - Residential District, Subsection 4.3.1.3, Frontage, to state that "Each lot shall have Frontage on a State or Town highway with a Class I, II, III, IV or V classification, or Private Road constructed to Town standards as required by the Planning Board. The minimum distance for Frontage shall be no less than 200 feet except where a road cul-de-sac dictates a shorter Frontage of not less than 100 feet and satisfactory to the Planning Board."
Proposed by the Planning Board. Recommended by the Planning Board (7-0-0).
ARTICLE 3: Yes No
Warrant Article #4 – Amendment #3 – Zoning Ordinance:
To see if the Town will vote to adopt Amendment No. 3 to the Town's Zoning Ordinance as recommended by the Planning Board to amend Section 8, Cluster Single-Family Development and Multi-Family Residential Development, Subsection 8.1, Purpose, to state that "The purpose of this Section is to encourage flexibility and variety in residential development in order to promote more efficient use of land in harmony with its natural features; to make more economical the provision of roads, water, septic disposal and other services; to promote designs which enhance the privacy, safety and enjoyment of residents; to provide for a diversified housing stock; and to preserve Open Space."
Also to amend Subsection 8.2.6, General Requirements, to state "Open Space in developments approved under this Section shall be Common Land amounting to a minimum of fifty (50) percent of the total area of the lot or parcel being developed. Developments creating Affordable or Workforce Housing units in compliance with Section 10 are only required to set aside a minimum of twenty-five (25) percent of the parcel as Common Land."
Proposed by the Planning Board. Recommended by the Planning Board (7-0-0).
ARTICLE 4: Yes No

#### Warrant Article #5 – Amendment #4 – Zoning Ordinance:

To see if the Town will vote to adopt Amendment No. 4 to the Town's Zoning Ordinance as re	ecommended by the
Planning Board to amend Section 10, Affordable or Workforce Housing, as follows:	

Subsection 10.3, Procedures, shall be amended to state "The Planning Board is authorized to review and approve plans for creation of Affordable or Workforce Housing in two ways:

10.3.1 Creation of Affordable or Workforce Housing as part of a Cluster Single-Family Development or Multi-Family Residential Development in the same manner specified in Section 8 of this Ordinance, as applicable, except as modified in this Section.

10.3.2 Creation of Affordable or Workforce Housing through the creation of new individual lots.

Subsection 10.4, Affordable or Workforce Housing Criteria, Subsection 10.4.1, Minimum Number of Affordable Units shall be amended to add the following language before the existing text: Minimum Number of Affordable Units created within a Cluster Single-Family Development or Multi-Family Residential Development in compliance with Section 8 of this Ordinance: [existing wording]

Subsection 10.6 Affordable Housing Incentives for This Section, Subsection 10.6.2, Areas and Dimensions, shall be amended as follows:

10.6.2.1 The Planning Board is authorized to permit the following incentives for Cluster Single-Family Development or Multi-Family Residential Development provided that the criteria in Section 10.5 are met, except that as an incentive to develop Affordable or Workforce Housing units, the cluster parcel may have as little as 150 feet of frontage along a State or Town highway with a classification of I, II, III, IV or V or Private Road.

10.6.2.2 A single lot created for an Affordable or Workforce Housing unit may have as little as 125 feet of frontage along a public or Private Road.

10.6.3 Water and Sewer Requirements, shall be amended as follows: As an incentive to develop Affordable or Workforce Housing units, the minimum size of the individual lot or the maximum number of lots permitted in a Cluster Development shall be determined by utilizing current NH Department of Environmental Services standards for the quantity of land necessary to provide a proper and adequate water supply and septic disposal system for each development containing Affordable or Workforce Housing units.

Proposed by the Planning Board. Recommended by the Planning Board (7-0-0).

Article 07	APPROPRIATIONS TO CAPITAL RESERVE FUNDS	
	To see if the Town will vote to raise and appropriate the sum of \$258, following Capital Reserve Funds previously established:	500 dollars to be placed in the
	1) Fire Department Truck Capital Reserve Fund * \$80,00	- (0064 - Fund Balance as of 12/31/18 \$34,038.10) - (0048 - Fund Balance as of 12/31/18 \$176,020.95) - (0070 - Fund Balance as of 12/31/18 \$5,273.40) - (0068 - Fund Balance as of 12/31/18 \$153,450.31) - (0027 - Fund Balance as of 12/31/18 \$32,395.20)
	Recommended by the Board of Selectmen 3-0-0.	
		Yes No
Article 08	APPROPRIATIONS TO EXPENDABLE TRUST FUNDS	
	To see of the Town will vote to raise and appropriate the sun of Expendable Trust Funds previously established:	\$151,000 dollars to be places in the following
	1) Transfer Station Expendable Trust Fund * \$25,000	- (0058 - Fund Balance as of 12/31/18 \$9,436.75) - (0034 - Fund Balance as of 12/31/18 \$93,036.91) - (0049 - Fund Balance as 12/31/18 \$24,756.52) - (0051 - Fund Balance as of 12/31/18 \$1,959.07) - (0046 - Fund Balance as of 12/31/18 \$1,892.93)
	Recommended by the Board of Selectmen 3-0-0.	Yes No
Article 09	SOCIAL SERVICES	
	To see if the Town will vote to raise and appropriate the sum 1) Children Unlimited - \$4,000 2) Tri-County Community Action - \$3,000 3) Jackson Chamber of Commerce - Fireworks - \$3,000 4) The Gibson Center - \$2,500 5) White Mountain Community Health - \$1,279 6) Starting Point - \$1,765 7) Conway Area Humane Society - \$2,000 8) Jackson Chamber of Commerce - Beautification Project - 9) Northern Human Services - \$716 10) Eastern Slope Regional Airport - \$300	
	Recommended by the Board of Selectmen 3-0-0.	
		Yes No

#### Article 10 VALLEY CROSS ROAD BRIDGE

To see if the Town will vote to raise and appropriate the sum of \$872,361 for the purpose of replacing the Valley Cross Road Bridge with \$697,889 (80%) by participating in the State Aid Bridge Grant Program with the town's share of \$174,472 (20%) to be withdrawn from the Bridge Repair Expendable Trust Fund. Recommended by the Board of Selectmen 3-0-0.

			Yes	No
Article 11	TOWN REVALUATION			
	To see if the Town will vote to raise and appropriate the sum wide revaluation and further to authorize the withdrawal of \$ Capital Reserve Fund. Recommended by the Board of Selection	40,000 from	the Tow	
			Yes	No
Article 12	GENERATORS			
	To see if the Town will vote to raise and appropriate the sum purchasing a generator for the Fire Department. \$7,500 will \$7,500 will come from general taxation.  Recommended by the Board of Selectmen 3-0-0.			
			Yes	No
Article 13	CEMETERY - DUNDEE FENCE			
	To see if the Town will vote to raise and appropriate the sun replacing the Dundee Cemetery fence and further authorize Cemetery Trust Funds. Recommended by the Board of Sele	the withdra	wal of \$7	
			Yes	No
Article 14	SOLAR ENERGY			
	To see if the Town will vote to authorize the Selectmen all agreements which they deem necessary and approp the Town, including up to a 20 year site license, for Sole execute documents reasonably related thereto, necess Agreement (PPA) for a solar energy system that will ser facilities.	riate and in ar Energy, a ary to facil	n the be and to ta itate a P	st interests of ake actions and lower Purchase
	Explanation: This action would allow the Town of Jacks system at no upfront cost. During the first six years of t purchase solar electricity at rates comparable to the To seventh year, the Town would have the opportunity to 60% of the upfront cost of the system. The on-site solathe majority of the Town's electricity needs, saving the years, and reducing carbon emissions by more than 74,	he PPA, the wn's curre buy the sy ar energy g Town roug	e Town v nt utility stem for eneration shly \$40	would rates. In the rapproximately on would offset 0,000 over 40
	Recommended by the Board of Selectmen 3-0-0.			
			Yes	No

Article 15	SOLAR ENERGY CAPITAL RESERVE FUND		
	To see if the Town will vote to establish a Solar Energy Sysunder the provisions of RSA 35:1 for the purpose of a future Energy System and to raise and appropriate the sum of \$5 Further, to name the Board of Selectmen as agents to expression and the Board of Selectmen 3-0-0.	ire purchase of 5,000 to be pla	the Solar ced in this fund.
		Yes	No
Article 16	PAY-AS-YOU-THROW		
	To see if the Town will vote to authorize the Selectmen to mandatory "Pay-As-You-Throw" trash disposal program.	establish and	implement a
	Recommended by the Board of Selectmen 3-0-0.

#### **SELECTMEN'S REPORT 2018**

2018 was a year of significant progress in many areas of Jackson municipal government. Coordination of efforts between departments continues to improve with a focus on serving the best interest of town residents and business owners.

The year saw marked improvement at the transfer station. We are continuously trying to refine the flow patterns and convenience of dealing with our waste products. A *Pay-as-you-Throw* concept has been proposed, which would encourage recycling and cut the overall costs of disposing of our solid waste.

The Valley Cross Road Bridge reconstruction project is progressing. Engineering studies are in place, and we are moving towards the actual construction phase. Although the town will need to fund the total cost of the project initially, there will be an 80/20 cost share rebate from the state. A line of credit has been established to cover the costs of reconstruction until we receive that reimbursement.

Unfortunately, NHDOT had to make a number of unanticipated repairs to the Jackson Covered Bridge during 2018, due to mishaps and driver negligence. In addition, there will also be a scheduled re-decking of the road and walkway. All of this work is schedule to be done in March-May 2019, with as little inconvenience as possible.

Late in the year, a new propane fired generator for town offices and police station was delivered and installation will be completed in the spring. This project provides the assurance that municipal functions will continue during any power outage.

Upper Saco Valley Land Trust, which holds easements on a number of Jackson properties, received a grant from NHDES in 2018 to study drinking water protection in its eleven-town service area. USVLT representatives made a public presentation at the Whitney Center which emphasized the importance of a comprehensive water protection ordinance. Clearly working together with other communities to protect our common aquifer is in the best interest of all parties.

A process is underway to study the feasibility of solar power for town buildings, and we have received a proposal from Revision Energy. The installation would reduce our carbon footprint and the town's cost for electricity used. More information will be available as the project moves forward. The selectmen will be asking for a mandate from residents to proceed with this initiative at town meeting.

Jackson joined with ten other local municipalities this year to help make our community "Age Friendly." Dr. Marianne Jackson has been an energetic point person for this initiative, which has five working groups to address the problems of our community's aging population.

The Old Library has been a focus in 2018, and how best to use the building. It is a wonderful structure, and it makes sense to utilize it to its fullest potential. This, like many issues, is the subject of ongoing discussion, and we, as your selectmen, are available to listen to residents' opinions and to the best of our ability continue to keep Jackson the wonderful place it is.

Respectfully submitted, Richard Bennett Chairman

Selectmen: John Allen, Bob Thompson and Richard Bennett

#### 2018 Assessing Report

Jackson's real estate market continues to be very strong overall as the supply of available properties for sale has dropped considerably from few years ago and prices have risen. New construction and major renovation projects are abundant throughout town. Strength in the market has been fairly widespread amongst all classes of property. It is necessary to follow market changes and make appropriate adjustments in the assessing system to maintain property tax equity.

2019 marks the return of another five-year assessing cycle in which property assessments will be updated for the final tax bill in late fall. The New Hampshire Constitution requires that all property valuations are "taken anew once in every five years" and RSA 75: 8-(a) requires that "assessments are at full and true value at least as often as every fifth year." Please remember that property tax bills are more dependent on changes in the budget from year to year than they usually are on individual assessment changes. If the various budget components making up the tax rate increase, then most property tax bills will increase. In New Hampshire, the tax rate has four components: municipal, county, local education and state education. We urge taxpayers to educate themselves on the budget and to attend town and school meetings where spending decisions are made.

All Jackson properties will be reassessed for the 2019 tax year. Special emphasis is made on sale properties as they are the true indicators of market value. These sale properties are analyzed to identify market trends and make needed adjustments to recalibrate the assessing system. Many properties have been visited over the past few years as part of our cyclical reinspection and data verification program, but there are still many that will be reviewed in this update year. When properties are visited, an appraiser will normally measure the exterior of each structure, request an interior inspection to confirm important characteristics, and take a new photograph. We ask for your cooperation in this endeavor as the quality of the town's assessment base and equity of the property tax in general starts with accurate physical information.

The town is working with its long-time contract assessors, Northtown Associates, of Jefferson to complete the 2019 update project. They carry photo identification and their vehicles are on file with the town office and police department. Notices are also posted in the Jackson E-News at times when they will most likely be visiting properties around town. If you have any questions about property taxes and the assessing function, please call the town office or check out the town's website.

#### PROPERTY TAX EXEMPTIONS & CREDITS

## Available to Jackson Taxpayers

## Filing Deadline is April 15<sup>th</sup>

#### **ALL VETERAN'S TAX CREDIT - RSA - 72:28-b**

- A person shall qualify for the All Veteran's Tax Credit if the person is a resident of this state who served not less than 90 days on active service in the armed forces of the United States, and
- Was honorably discharged or an officer honorably separated from service; or the spouse
  or surviving spouse of such resident, provided that Title 10 training for active duty by a
  member of a national guard or reserve shall be included as service under this paragraph;
- Provided however that the person is not eligible for and is not receiving a credit under RSA 72:28 or RSA 72:35.
- The applicant must provide a copy of their DD214 (discharge document) or other sufficient proof when applying for this credit.
- The credit is in the amount of \$500 and is applied to the amount of taxes owed. (Passed by voters in March 2017)
- A husband and wife, each qualifying for a tax credit, shall each be granted a tax credit upon the residential real estate as provided under RSA 72:28, I or II.

#### **DISABLED VETERAN TAX CREDIT - RSA 72:35**

- The applicant must provide a copy of their DD214, (discharge document), or other sufficient proof when applying for this credit.
- A Disabled Veteran Tax Credit is in the amount of \$1,400 and is deducted from the amount of taxes owed. (Passed by voters in March, 2004)
- Any person who has been honorably discharged or an officer honorably separated from the military service of the United States and who has total and permanent service-connected disability, or who is a double amputee or paraplegic because of service-connected injury, or the surviving spouse of such a person, shall receive a standard yearly tax credit in the amount of \$1,400 of property taxes on the person's residential property. The qualification for this credit includes the applicant providing written documented proof that the veteran has been determined, by the US Veteran's Administration, to be totally and permanently disabled as a result of a service-connected injury.

**ELDERLY EXEMPTION: RSA 72:39-a**: Must be a resident of NH for at least three years prior to April 1st of year exemption is applied. Must be 65 years of age on or before April 1st of year for which exemption is claimed. Own real estate individually or jointly (if real estate owned by spouse, must have been married at least 5 years).

Net income of \$23,100 or if married - \$34,650.

Asset limitation of \$75,075, excluding the value of residence.

Amount of exemption:

65-74 years of age: \$23,100
75-80 years of age: \$34,650
80 years or older: \$57,750

**SOLAR EXEMPTION: RSA 72:61 – 64:** Home owners who have installed solar energy can file for a solar energy system (property tax) exemption with the town of Jackson. RSA 72:61 through RSA 72:64 inclusively, which provide for an optional property tax exemption from the property's assessed value, for property tax purposes, for persons owning real property which is equipped with solar energy systems intended for use at the immediate site. "Solar Energy Systems" are defined in RSA 72:61 as "A system which utilizes solar energy to heat or cool the interior of a building or to heat water for use in a building and which includes one or more collectors and a storage container. 'Solar energy system' also means a system which provides electricity for a building by the use of photovoltaic panels." The property tax exemption shall be in the amount equal to 100% of the assessed value of qualifying solar energy equipment under these statutes.

**BLIND EXEMPTION: RSA 72:37:** Must be legally blind as determined by The Blind Services Department of the Vocational Rehabilitation Division of the Education Department. Amount of exemption is \$25,000\* deducted from his/her residential real estate equalized.

**IMPORTANT:** Filing deadline for all Exemptions and Credits is April 15th. Application forms are available at the Selectmen's Office.

For information please contact the Selectmen's Office at 603-383-4223.

#### **Bartlett Jackson Ambulance**

### 2018 Annual Report

Bartlett Jackson Ambulance again had a busy year in 2018 with 550 emergency medical calls. Calls for our service included medical emergencies, traumatic injuries, motor vehicle collisions, fires, back country carry-outs, and assistance to surrounding towns. We are proud to have served our community strictly using paid-call volunteers dedicated to helping friends, neighbors, and visitors in the towns of Bartlett, Jackson, and Hart's Location.

All members of the service are nationally certified and New Hampshire licensed EMT's, Advanced EMT's, and Paramedics who have gone through rigorous training, testing, and continuing education to provide professional emergency medical care at the basic and advanced life support level. Several of our members have pursued advanced medical training and we are proud to have physicians, physicians' assistants, critical care nurses, and pre-medicine students among our ranks. Our service is further strengthened with members from the United States Air Force, law enforcement, American Mountain Guide Association, and the National Ski Patrol, just to name a few. We are thankful to have such a diverse group of medical providers who deliver high quality and compassionate care to our patients.

Bartlett Jackson Ambulance Service continues to partner with local EMS school systems, such as SOLO, ALSI, and The Kane Schools, as well as serving as a clinical site for EMT and AEMT students. We have also teamed up with the VNA and other home health care providers of the Mount Washington Valley and the Carroll County Coalition. Beyond this, our recruitment has been up, and we have added multiple new EMT's, AEMT's, and paramedics to our roster.

From our previous years research and inquiries on how to decrease emergency department visits, we have implemented changes in our procedures that have helped reduced our call volume by 50 calls in one year! We have created a new website that will allow for greater transparency, communication, and accessibility for our town members to better understand our services and how to contact us more efficiently. The addition of the second ambulance has significantly reduced the need for mutual aid coverage as we have been able to cover secondary calls with our own personnel. Thanks to our second ambulance and bolstered roster, we have been able to provide ALS level mutual aid for our neighboring EMS services.

Many folks continue to use equipment from our loan project, from lift systems to walkers, crutches, canes and other home health care devices. BJAS would like to thank the people that have donated equipment to this project, your donations have greatly enriched the lives of those in need and your generosity has been greatly appreciated. Thanks to our donations, we may be able to offer help to those with special needs in the coming year.

We would like to thank the towns of Bartlett and Jackson, the citizens of both towns and the folks of Hart's Location for their support, we can't do this without you! We would like to thank both the New Hampshire Fish and Game and the New Hampshire State Police from Troops E and F, for their continued support and for all that they do to keep us safe in both urban and wilderness settings.

We would also like to thank Mountain Rescue Service, Bartlett Fire, Jackson Fire, Bartlett Police, Jackson Police, Carroll County Sheriffs dispatch and officers, the United States Forrest Service, Memorial Hospital, and Saco River Medical group for your efforts, trust, and support of BJAS. Thank you, AMC, Attitash, Jackson Ski Touring, Black Mt. Patrol, The Kane Schools, and SOLO for sharing your professional, compassionate, and hardworking personnel and students, it has been a pleasure to work with them all. We would also like to recognize the amazing crews of both DHART and Life Flight of Maine for their support and coverage when we need them most. Lastly, we want to thank the crew at Northern Extremes for supplying equipment and personnel for remote wilderness rescues. Working with all of you has been a pleasure and we look forward to strengthening these relationships with the coming year.

Respectfully submitted,

Jackson Town Report 2018

As always Bartlett Recreation would like to thank you for your continued support of *our and your* department. Many children and adults from both Jackson and Bartlett benefit from our recreation department, its programs, events and functions. As we enter 2019, I am encouraged that we will continue to see an increase in the number of Jackson residents who use our many programs.

As part of the funding we receive from Jackson, we continue to pay dues for Jackson to the Carroll County Recreation Department Association. By doing so it allows Jackson Soccer to participate in the annual soccer tournament. We were sad that the tournament was cancelled due to unsafe weather conditions. We continue to offer the Boston Flower Show trip in March, at a discounted rate, and all the other sports and programs we offer. We work closely with the Jackson Grammar School to get out the word out about our programs.

We are still in need of a few volunteer board members for our recreation committee and would love to fill them with some Jackson residents. If you're interested, please give us a call. The commitment is a once a month meeting during the school year, and some volunteerism for some events, one of which is 'Taste of The Valley' our largest fundraiser of the year.

Our vision statement remains the same, 'continue to create a community through people, park and programs'. Our mission statement remains the same as well, 'To provide a variety of quality recreation and leisure programs for all age groups within the communities of Bartlett, Jackson & Harts Location. To utilize the existing parks and recreation facilities within the Town of Bartlett to the best advantage establishing formal partnerships between the town, school and other providers of facilities. To develop long range master plans for existing and future recreation facilities and programming as well as to continually assess the recreational needs of the community.

As we head into a new year, my door remains open to you all, please do not hesitate to give me a call, email or even stop by.

Respectfully submitted,

Annette G. Libby Executive Director

TOTAL COUNT:	106
Total Estimated Cost: \$7,029,340.03	
Total Collected Fees: \$34,975.04	

When I am out doing Building inspections. There are still a number of residential homes that either do not have working smoke detectors or have inadequate smoke detectors. State law requires smoke detectors in every bedroom. The law also requires smoke/carbon monoxide detectors on each floor within 10 feet of the bedrooms. On one inspection, I asked the homeowner where the smoke/carbon detectors was they said it was in the desk draw. In another house, they were not working and I looked for a date on the units and they were from 1989. Smoke and Carbon monoxide detectors are good for 10 years, then they need to replace. If you are reading this, please check your detectors. Do not take this for granted. By implementing these steps, I hope to make many more homes a safer place to live.

Radon gas in the home and the water is showing up in high levels where test for here in Jackson. Radon is a colorless, odorless, radioactive gas. It forms naturally from the decay (breaking down) of radioactive elements, such as uranium, which are found in different amounts in soil and rock throughout the Jackson. Radon gas in the soil and rock can move into the home and into underground water. It is easy taking care of in new construction by put a stone or PVC pipe system in the ground before the basement floors are poured with concrete. Then piping it to the outside. The same can be done in existing homes but it is much hard to do. When it is in the water, it can be remove by means of a thing called bubbler. It bad to have radon in the water because you inhale the small radioactive particles when taking showers.

A few of the new homes that where build are super energy efficient. The wall and ceiling insulation requirements are exceeded greatly. These homes all have triple pane windows. All of the home build this year all use propane-fired boilers. I have not seen an oil fire boiler go in a house in two years. Most of the homes are all using propane instant on water heaters.

I would again like to thank the Town Administrator and Administrative Assistant who assist me with my job. From printing out tax cards, to finding files, and assisting people with building permits when I am out of the office, they are a huge help. I would also like to thank the Selectmen for their support.

Respectfully Submitted,

Kevin Bennett Building Inspector

## Jackson Conservation Commission Annual Report 2018

The purpose of the Conservation Commission is to protect the town's natural resources and maintain and improve environmental quality. By statute, the Commission is responsible for the conservation of natural resources in the Town of Jackson. The Commission's duties include keeping an index of all open areas, including wetlands, and conducting research into the possible use or proposed use of open spaces.

The Commission reviews dredge and fill permits, participates in a voluntary water quality monitoring program organized by the state, reports to the Board of Selectmen on issues related to the Wildcat River Management Plan, and helps educate the public on environmental and conservation issues.

#### Prospect Farm

The Prospect Farm area of Jackson is the crown jewel of the town. It offers wild and undisturbed forests, clean rivers and streams, and sweeping panoramic views of the area. This multi-use area continues to draw many people seeking solace from the drumbeat of society. We contracted the annual mowing of the apple orchard, historic cellar holes, and views, and replaced trail and historic signage when necessary. One of our work sessions focused on clearing and burning the invasive Japanese knotweed near the stump dump site. Our work on updating the Prospect Farm management plan has begun and is a priority for 2019.

#### Jackson Falls

Jackson Falls is one of the most popular natural areas in the town and is enjoyed by thousands of visitors and townspeople each year. Restoration efforts at the falls continued with our work sessions focusing on planting seedlings, spreading conservation seed mix, and distributing wood chips to designate paths and to help cover exposed tree roots. We installed several "revegetation area" signs to discourage rogue pathways. 2018 saw the first full year of the split-rail fencing installed in 2017. The fencing has been very successful funneling foot traffic to designated pathways, mitigating human caused erosion.

Parking is a major concern at the falls and continues to be one of the top challenges in the summer months. We continue to work with the State DOT, the Jackson selectmen, local law enforcement, and town road officials on the best way forward.

Continued use of a seasonally removable bathroom facility located at the upper portion of the falls seems to be a great relief to all. Volunteer efforts to control the trash accumulation around the site are ongoing.

Soil scientist Greg Howard and Hydrologist Sean Sweeny were hired to reassess the ever-changing effects of natural and human caused erosion. A list of recommendations is forthcoming which we will be implementing in the coming year.

#### Easement Monitoring

We completed our annual monitoring of the six existing conservation easements in town and shared our updates with The Society for the Protection of New Hampshire Forests.

#### Wetlands Permits

We expedited two wetland permits (Adams Rd., Eagle Mt. Rd.) and monitored four others (JSTF and Kendall property, Jackson Water Precinct, Doublehead parking lot, and Meserve Brook.) We continue to monitor the development of a wetlands plan between Black Mountain Ski Area and New Hampshire Department of Environmental Services for the removal of snow making water from Great Brook, a part of the Wildcat River wild and scenic designation.

#### **Monthly Meetings**

As always, the public is encouraged to attend and share their vision for the use and conservation of our beautiful town. Our meetings are typically 5:30 PM at the town office building on the first Monday of each month.

The board would like to thank Hank Benesh for filming our monthly meetings, and Susan Ross-Parent, minute taker.

Tom Seidel, Chair Brian Byrne, Vice chair Margaret Graciano, Secretary Bill Terry Pam Smillie Mike Dufihlo

## **Emergency Management Directors Report 2018**

Greetings,

Once again I can report that the year has passed without any large emergencies. This does not mean that we have not been busy either planning for emergencies or identifying areas that require attention in order to mitigate the effect of any possible emergency. There have been two projects that we have been working on to that end.

The first is to acquire a backup generator for the Town Office/ Police Department Building. At last year's Annual Meeting the voters budgeted for this project. We also applied for a 50/50 matching grant from the State Department of Homeland Security. This grant was approved. At this writing a contractor has been chosen and the generator should be installed soon. This will ensure for uninterrupted power in case of an emergency.

The second project that is underway is to update our Hazardous Mitigation Plan. This is done every five years and identifies areas that need to be addressed to minimize the impact of potential emergencies. It is required of a municipality before that town can apply for any grants or reimbursement from the State or Federal government. It is paid for by a grant from the State Department of Homeland Security. Both of these projects will be completed in the very near future.

It should also be noted that the Town of Jackson Police Department sent their three full time officers to SOLO Wilderness Medical School for training as Medical First Responders. I cannot stress how important that this training has been to the welfare of our Town. They are usually the first on scene and this training will help our EMS response immensely. Several members of the Fire Department are also taking this course.

Once again I will ask that everyone make sure that their house is properly numbered so that we can find you in case of an emergency. And also to remind everyone of the Neighbor Care Program that is full of helpful resources and can be found on the Town's website.

Thank you to the Selectman and all of the Town's Employees for their efforts in making Jackson a very well run community when it comes to planning for or dealing with any and all emergencies.

Stay safe,

Thomas Greig Health Officer/ Emergency Management Director Town of Jackson, NH

#### **Fire Department Annual Report 2018**

I am happy to report that call volume for 2018 is below normal with 112 calls for service.

Due to the aging of our Fire Station, building maintenance and upgrades are ongoing. Planned work for this year shall consist of window and door replacements, ongoing electrical upgrades, interior painting, as well as some roof repairs to the back of the building. And hopefully a garage door replacement.

This year The selectman and the fire department will start the process of putting a committee together to look over the long range goals of what we should consider to remodel or replace the fire station in the distant future.

We have had an increase in our membership this year. In 2019, we will be conducting training for these new members to get them prepared for anything that they may encounter, we will also be conducting some Specialty Swift Water Training, vehicle and forestry training.

In January of 2019 we replaced our Ford Pickup which had 80,000 plus miles on it. The Fire department uses this truck for many purposes such as Fire inspections, training out of town and keeping up to date on the Thorn Mountain Radio Site and as well as many other duties. This vehicle has been very useful rescuing injured people off of mountains and as well many flooded people due to the storms we have had. We hope that you will support this for the Fire Station.

For 2019, The Jackson Fire Department is considering upgrading its fleet of extrication and rescue tools. These tools which include hydraulic "Jaws of life" cutters, spreaders and rams, were originally purchased in 1995 and has served the Department well for over 20 years. At this time, The Jackson Firefighters Association (The non-profit that supports training and equipping of the Jackson Fire Department) partnered with the town, residents and homeowners to raise sufficient funds to equip the department with these state-of-the-art rescue tools.

After almost 20 years of solid service life, the department is again is looking to upgrade its rescue and extrication tools. Technology has advanced to the point that the department is looking into battery operated tools, which are more maneuverable and do not need a generator to operate. They are also more powerful than the existing generator operated tools. The cost to purchase and upgrade these new rescue tools of \$25,000 - \$30,000,

In 1995 and again in 2005 (For thermal imaging equipment), the Fire Department committed to partnering with the town and the community by raising the necessary funds for these important life safety tools. We will again be looking to partner with the town and the community in the future to upgrade the Jaws of Life. Please look for more information soon, and if you have any questions, or would like to contribute to this effort, please contact the Jackson Fire Department or any Jackson Firefighter.

We are always looking for new members to join our team at the Fire Department. So if anyone is interested please don't hesitate to stop in and see us anytime.

In closing, please remember to check your smoke detectors and CO detectors for proper operation and make sure to put in fresh batteries each year. It is extremely important to make sure your house is properly numbered so that we can locate you in case of emergencies.

Thank you to all departments that assist us and everyone for their support.

Sincerely,

Jay Henry Jackson Fire Chief

## Report of Forest Fire Warden and State Forest Ranger

This past year we were fortunate enough to have favorable weather conditions in the spring and summer which limited the amount of wildfire activity throughout the state. Your local fire departments and the Division of Forests & Lands worked throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire danger days. Our fire lookouts are credited with keeping many fires small due to their quick and accurate spotting capabilities. The towers' fire detection efforts were supplemented by the NH Civil Air Patrol when the fire danger was especially high.

Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2018 season threatened structures and one structure was destroyed, a constant reminder that wildfires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at <a href="https://www.firewise.org">www.firewise.org</a>. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

In 2019, we will be recognizing Smokey Bear's 75<sup>th</sup> birthday! Dressed in a ranger's hat, belted blue jeans, and carrying a shovel, he has been the recognized wildfire prevention symbol since 1944. The NH Forest Protection Bureau and local fire departments will be celebrating Smokey Bear's 75 years of wildfire prevention throughout the year. Smokey's message has always been about personal responsibility – remember his ABC's: Always Be Careful with fire. If

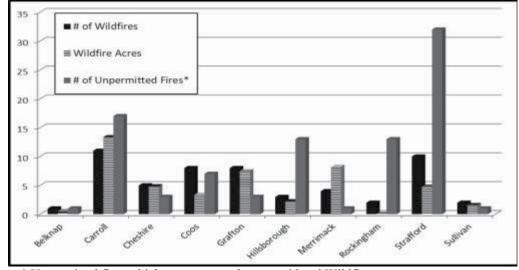

you start a fire, put it out when you are done. "Remember, Only You Can Prevent Wildfires!"

As we prepare for the 2019 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing <u>ANY</u> outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be obtained by visiting <u>www.NHfirepermit.com</u>. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the local fire department or DES at 603-271-3503 or <u>www.des.nh.gov</u> for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfl.org.

#### 2018 WILDLAND FIRE STATISTICS

(All fires reported as of December 2018)

Year	Number of Wildfires	Wildfire Acres Burned	Number of Unpermitted Fires*	
2018	53	46	91	
2017	65	134	100	
2016	351	1090	159	
2015	143	665	180	
2014	112	72	53	

<sup>\*</sup> Unpermitted fires which escape control are considered Wildfires.

	CAUSES OF FIRES REPORTED							
	(These numbers do not include the WMNF)							
Arson	<b>Debris Burning</b>	Campfire	Children	Smoking	Railroad	Equipment	Lightning	Misc.
1	1.0	4	1	_	0	-	2	24

#### **Fire Permits:**

Open burning in New Hampshire requires a permit unless there is sufficient snow cover on the ground to prevent the spread of the fire. Rules for burning can be obtained from your local warden or from the state website: www.nhdfl.org.

Please be reminded that Fire Permits are no longer available at the Transfer Station.

The Town of Jackson now has the ability to issue fire permits online. To obtain the online permit, please go to <a href="www.nhfirepermit.com">www.nhfirepermit.com</a>. Permits can also be obtained through Fire Warden, Ken Crowther, Deputy Warden, Kevin Bennett (when available at the Fire Department) and Road Agent, Pat Kelley at the Highway Garage (56 Main St.).

Respectfully submitted,

Ken Crowther, Fire Warden Tom Trask, Forest Ranger Disc. #6

REMEMBER, ONLY YOU CAN PREVENT WILDFIRES!

#### 2018 Jackson Highway Report

It is early December as I sit here writing this report for you. If I look out the window it has a striking resemblance to February not the end of November. As I add up the totals so far, we already have a little over forty inches of snow this season. Thank you in advance for your patience while we do our work clearing the roads of snow and ice in Jackson.

This past year has gone well. The end of 2017/2018 winter was a long drawn out affair. It's not usual to get ice storms in April, but we got through it all. Because of the wet weather and wet, heavy snow, we were using a great deal of sand. We found the use of the Grizzly screen we bought a couple of years ago to be invaluable. It allows us to screen out frost, snow, and frozen sand and spread clean sand on the roads.

Our road work this year went very well. We were able to reclaim (grind up), regrade, and pave a new base on all of Jackson Highlands Road. Also, a new layer of pavement was put down on North Hampshire Ridge Road and Lower Highlands Road. A top coat was put down on Switchback Road. When we reclaim a road and add a new base, we need to put a top coat on it to seal the road up. The base layer is strong but porous, so it needs to be sealed. We have found waiting a year before adding the top coat, fixes any imperfections in the base layer. We leased-purchased a mini-excavator this past spring from Caterpillar. That has worked out fantastic. It is allowing us to work faster and with fewer traffic interruptions while working on or in the roadway. We have used it ditching and replacing culverts, and helped the Water Precinct with an emergency, late fall, water leak repair.

It seems the summer flew by really fast. The usual mowing, ditching, grading, and miscellaneous road work went well, as it should. The sidewalk repair that was supposed to have happened this year was put on hold. The NHDOT couldn't get their work done so that hindered us in completing our work. During the summer of 2019, we are scheduled to get the sidewalk done. We will see how the State comes along. The paving plan at this point for 2019 will be on Whitney's Hill Road. Culverts will get changed and the loop will be reclaimed and paved. The two side roads will be paved, and a top seal coat will go on Jackson Highlands as well.

Thanks again to Julie Hoyt and Julie Atwell for your help. You both do an amazing job. A big thank-you to Brookie Dodge for filling in while one of our guys was out. Jim, Joe, and Gary, you guys are great. Thank you for doing good work. Thank you to the Selectman for your input and advice. Jackson Fire and Jackson Police, it is a pleasure working hand-in-hand to make this a great, safe Town.

Respectfully submitted,

Patrick Kelley Road Agent

## **Jackson Historical Society**

A mission of the Jackson Historical Society is to display and care for articles of historic interest pertaining to Jackson. A further aim is to promote the interest in 19<sup>th</sup> century artists who came to the White Mountains and painted the landscapes.

One item of interest is the painted curtain on the stage of old Town Hall. From the 1890s through the early years of World War II, northern New England's town halls, opera houses and grange halls presented an exciting mix of entertainment, where local talent and travelling theater companies performed, very often set against large painted curtains depicting a wide assortment of scenes. Curtains still exist in 500 towns in New Hampshire, Vermont, and Maine.

The scene on our curtain is set in a15th century French garden with two young lovers, who may be quarreling, with one facing rejection. The curtain, 9 x 20 feet, was installed circa 1900 and is in excellent condition. As part of the Historical Society's lease of the building, we are responsible for its preservation. It is kept raised to prevent the colors fading and is only lowered once a year for a few days for all to see, and for special occasions, the last being a wedding.

Grand Drape by Unknown Artist, c.1900 Jackson Historical Society, Former Jackson Town Hall, Jackson. NH

Since renovating the second floor of the Old Town Hall into the Museum of White Mountain Art at Jackson in 2012, the Historical Society has mounted an annual exhibition. This year's show has two parts. Part one, "From Sketch to Canvas", displays artists' on-site sketches with their finished paintings. Part two, "Artists in Residence of the Grand Hotels", features five artists who painted while staying at one of the grand hotels and includes a painting from that location.

The exhibition opened with a reception on October 12, when Jackson artist Erik Koeppel gave a talk on using on-site sketching rather than photographing the scene to be painted. The show will continue through April, 2019.

Benjamin Champney sketch, Mt Kearsarge

Benjamin Champney oil, Mt Kearsarge

The Historical Society is generally open Saturdays and Sundays 10:00 – 3:00 or by appointment. For more information, contact Warren Schomaker at 603-383-4060 or <a href="mailto:info@jacksonhistory.org">info@jacksonhistory.org</a>.

#### JACKSON PUBLIC LIBRARY

In 2018, the library had a total number of 15,197 library visits. The library was a bustling spot in town. For a third summer all patrons enjoyed the additional Sunday open hours. They were so successful that the library will now remain open on Sundays. The library held over 80 programs thru out the year and this accounted for an additional 1,473 visits of both children and adult.

The library continues to benefit from its strong Friends of the Jackson Public Library group. This group is instrumental in planning and arranging the frequent programs at the library. Folks were entertained by Galileo Galileo-The Starry Messenger; Jay Philbrick the world famous local photographer and The History of the Jigsaw Puzzle. The Memorial Day weekend annual used book sale event was also held this year. During the fall months though, the book sale evolved into more frequent smaller sales held at the former Jackson library building. The Friends organization will be continuing with these sales thru 2019! Because of the funding from the friend's organization, the library was able to add 389 new items valued at \$7,751.

The library added 102 new patrons this year. The library's circulation for the year was 16,076 items. This includes kids books, DVD's and game and puzzles! The library has many many different materials for all Jackson residents.

The library received a key gift from the Jackson Women's Sewing Club. This group disbanded after 100 years of serving Jackson. The library was the beneficiary of this group's efforts. The library was able to lay a patio and install a pergola at the back of the building this summer for additional library space in the warm weather. It is an exciting step for the library and a dedication and plaquing dedication was held in October to commemorate the completion. The library also strengthened its partnership with the Jackson Ski Touring organization this year. There is a story book on the Ellis River ski trail and on the Kissing Bridge Trail. Families enjoy skiing page to page down the ski trail!

Pumpkin Lego People were at The Library this year! The display was popular with families and kids – more than 4 families were seen under the tree at the display assembling a Lego creation! Also, the library participated in the Jackson Farmer's Market this summer. Our willing & dedicated staff moved books and supplies around the loop to THE to participate. Volunteers also assisted with selling used books at this market too. The library also helps it's Jackson-ites enjoy themselves out of town by holding passes to various NH museums. These passes are available to all patrons and it is easy to get one! Keep it in mind if you plan to visit the Currier Museum or a NH State Park!

The Jackson library patrons remain active users of the New Hampshire state InterLibrary loan program. This was a state wide automated reservation system but unfortunately the automation is no longer. The state is the midst of replacing this system but in the

meantime our library staff keep busy in a more manual method fulfilling the wishes for materials from other NH libraries. A van travels the state delivering requested materials (books or movie videos etc.) to Jackson if a patron would like materials that Jackson does not have. There were 657 items brought to Jackson and Jackson loaned out 317 items to other libraries.

The library continues to thrive in large part to the dedicated staff that greet all who enter with a smile and to the many volunteers that do countless tasks for the library. There were over 440 volunteer hours in 2018.

Please keep the library in mind for copying, printing- color or black and white needs. The library has WiFi for your own devices but also has computers available for patron use. Also, library staff can assist with technical questions and conundrums. Also, if you aren't a library patron already- please consider stopping in to check out all that is offered at the library. Reading materials to computers to a wide variety of programs – the Jackson Public Library is a vibrant, bustling community center.

#### REPORT OF OLD LIBRARY MANAGEMENT COMMITTEE

The Old Jackson Library is like a little jewel box waiting to be opened. The building is available for use at a nominal fee, subject to approval by Selectmen and the Protestant Chapel Association. Applications and fee schedules are available at the Town Office and all bookings are now done through that office.

Although we no longer actively manage the building, the Management Committee still contributes gardening additions and chores, seasonal decorations, and suggestions. We purchased trees and lights for Christmas, and once again thank the Mountain Garden Club for the lovely wreath adorning the front door. We're looking forward to Spring with lots of newly-planted crocus pushing through. The Old Library Trust continues to hold their annual meeting and contribute funds for improvements.

The Old Library hosts regularly scheduled groups such as French Club, knitting, bridge, and yoga. Art in Bloom had some beautiful displays again this year, and the Jackson Community Church held a successful estate sale on the grounds. The Friends of the (new) Jackson Library have a wonderful collection of books on the remaining shelves at the Old Library for occasional sales. In addition, the space was used throughout the year for homeowner and water association meetings, discussion groups, and interfaith gatherings. So far, only one wedding has been held at the Old Library but it's ready and waiting to provide the perfect venue for your celebrations and other gatherings.

Respectfully submitted, Marge Furlong Alicia Hawkes Ellie Speirs

## Jackson Planning Board 2018 Annual Report

People find their way to Jackson many ways, some lucky enough to be born here, some lured by hiking and skiing in the White Mountains, others attracted by the beauty of a fall foliage drive. The physical beauty, proximity to the mountains and closeness to nature may be the primary attraction, but what makes Jackson special is the community that so many have worked hard to develop, grow and maintain. We are indeed fortunate to call Jackson our home, and for many, a second home, but like most good relationships, it takes caring, good communication, and an investment of time and effort to keep vibrant.

The Planning Board plays a critical role in listening and setting goals for the community through the Master Plan renewed every ten years, most recently completed in 2016. One of the goals set in the plan was to review how we might encourage housing diversity to meet the needs of the community. In 2018, the Planning Board established the Jackson Housing Opportunity Matters committee. Scott Badger, Vice Chair of the Planning Board, chairs the committee and is joined by Betsey Harding, Secretary of the Planning Board, and volunteers: Roger Aubrey, Dick Badger, Kevin Bennett, Emily Benson, Gail Doktor, Sarah Duffy, Margaret Graziano, Tish Hanlon, Bob Kantack, Barbara Theriault, Bob Thompson, and Jim Wasco. The Committee took advantage of a Municipal Technical Assistance Grant from Plan NH and hired Steve Whitman from Resilience Planning. Several community work sessions were held and revisions to the Jackson Zoning Ordinance were recommended to encourage housing diversity. The work of the Committee continues and we hope to see more results of their efforts in the coming months.

Other Planning Board activity in 2018 was light. Most notable in the approval of one subdivision application was the lack of clarity in the Zoning Ordinance as to what constitutes a private road. Warrant articles for changes to the ZO will be presented at Public Hearing to be voted on at the Town Meeting.

Planning Board efforts for 2019 will include a follow up initiative started in 2018 to ensure we protect water quality and a Capital Planning process to meet the mandated responsibility of the Planning Board. I am pleased to acknowledge the efforts of Planning Board Members in 2018, especially Scott Badger, Vice Chair and Betsey Harding, Secretary, who have stepped up to lead and represent the Planning Board on the Housing Committee, and the continued efforts of Dick Bennett, Kathleen Dougherty, Sarah Kimball, and Chris McAleer. The Board welcomes the addition of Huntley Allan as Alternate and hopes that we can encourage others to fill the remaining three Alternate positions to help with our efforts in the coming year.

William Terry Chairperson

# Police Department 2018 Annual Report

With 2018 "in the books", it is the opportune time to take a look at where we are and where we are headed as an agency. We had some real successes this past year and it is all attributed to the excellent staff here at Jackson PD. They are committed professionals that understand the true meaning of the words, community service. Although one of the smallest agencies in Carroll County we exemplify the Latin phrase, "Sed Parva Forti"; Small but Mighty!

Last year we made significant advances in our efforts to improve police services to the public. Because we have an older population here in Jackson, as well as a thriving outdoor recreational culture, I saw a need for more effective emergency medical assistance when duty called. We are often the first to arrive at calls for help. Due to the logistical challenges of having an ambulance based out of town, I felt that there was more we could do as an agency to help those in need. After consulting with Bartlett Jackson Ambulance for some direction, we mapped out a strategy for skill based training. During the year we received advanced first aid training from both the New Hampshire Fire Academy as well as SOLO in Conway. Now, all the members of the Jackson Police Department are certified in either advanced first aid or as Wilderness First Responders. Working cooperatively with B/J ambulance we have shortened the window from "tone out to treatment" for serious medical calamities. This kind of synergy, saves money and saves lives. This is a model of service used in many small, rural areas and I look forward to obtaining even more comprehensive skills to better serve those in need.

Community service is, and remains, the heart of this agency. We continue to find unique and effective ways to connect with and help others. This year, in addition to our usual efforts with Bike Safety Day and the After-School Program, we had some great new programs. Working with the local cub scout troop, we helped design and install doggie waste bag stations around the town. We also instituted a house check program that homeowners can register for on-line to alert us when they will be away. This information is valuable when combined with our proactive neighborhood patrols. Our accomplishments did not go unnoticed as the entire Jackson Police Department was recognized by McDonald's Corporation with a Community Policing Award. A great honor and a testament to the hard work of the Officers of Jackson.

We did suffer some setbacks this year. Manpower and shift coverage remains a challenge. Since 2016 we have lost 2 officers by resignation that represented 32 hours of labor. This factor, combined with increase demand for police services, came to a critical point this summer. The New Hampshire State Police, who assist us when we have no coverage, suffered a severe labor shortage. With their loss of Troopers, they acknowledged that they could no longer provide the same supplemental help to towns in Carroll County. This drew other resource we rely on, the Sheriff's Office, away from towns with police agencies to cover those communities that have no police coverage at all. These changing dynamics mean that Jackson needs to be less reliant on those other agencies and more self-sufficient. As of this writing, the Sheriff's Office has lost two deputies as well.

My proposal, of expanding a current part-time position to 32 hours a week, would provide police coverage 16 hours a day, 7 days a week. By comparison in 2016, the Town funded 3 full time officers and 2, 20 hour a week part time officers. That combination of labor is no greater

than my request now. Although there is a slight increase in labor costs, I've eliminated \$6,000.00 of part time officer money, deferred the purchase of a police cruiser, as well as provided no increase in the rest of the police budget for the third year in a row. My proposal, will not only provide the right coverage for our community's needs, but does so at a cost/value level no other agency or town enjoys in our area.

We look forward to continuing to serve both the residents and visitors of Jackson. We remain committed to the highest ideals of justice, fairness and service above self as we patrol this wonderful town.

Respectfully Submitted, Chief Christopher C. Perley Jackson Police Department

## Supervisors of the Checklist 2018 Annual Report

In 2018 the supervisors of the voter checklist held public sessions on Jan 23<sup>rd</sup>, Mar 3<sup>rd</sup>, March 15<sup>th</sup> Jun 5<sup>th</sup>, Sep 12<sup>th</sup>, and Oct 26 for the purpose of maintaining the voter checklist. We prepared checklists for the March 1<sup>st</sup> school meeting, the March 13<sup>th</sup> town election, the March 15<sup>th</sup> town meeting, the September 11<sup>th</sup> state primary elections and the Nov 6<sup>th</sup> Federal elections.

#### The voter participation in the:

Town Election was 889 eligible voters with 278 voting for a 31% turnout State primary election was 904 eligible voters with 344 voting for a 38% turnout General election was 914 eligible voters with 638 voting for a 70% turnout.

#### At years end the voter makeup stood at:

280 registered democrats0 registered Libertarians189 registered Republicans441 registered as undeclared

#### Respectfully submitted,

Supervisors of the Checklist
Barbara Meserve
Jeanette Heidmann, departing
Fred Tompkins
Betsey Harding, appointed replacement

#### 2018 Town Clerk/ Tax Collector Report

While most people are somewhat familiar with the fact that the Town Clerk is responsible for vehicle registrations, there are many other duties and functions that are not as well known. These responsibilities are many and varied. We are governed by the Town Government, the State of New Hampshire RSA's and Administrative Rules and require direct interaction with many of the Town's Departments, Boards and Commissions.

#### Town Clerks work in conjunction with the following State Agencies:

- NH Department of Safety Division of Motor Vehicles
  - Bureau of Registration
  - Bureau of Title and Anti -Theft
  - Bureau of Financial Responsibility

One of our primary functions is to serve as a Municipal Agent for the State where we issue vehicle registrations, titles, license plates, decals and corresponding reports of each. There were 1,708 motor vehicle transactions processed in 2018, and over \$338,837.47 in revenues realized.

#### - NH Secretary of State:

- Division of Vital Records Administration
- Division of Archives and Record Management

The Town Clerk is responsible for the preparation, certification, issuance and filing of vital statistics; licenses and certified copies (marriage, births, and deaths), in accordance with state law.

Jackson vital records go back to 1850 and the Town Clerk serves as custodian of town records, town ordinances, Oaths of Office, meeting minutes, etc. and is responsible for their preservation. There were 137 vital record transactions processed in 2018, and over \$3,225.00 in revenues realized.

#### - NH Secretary of State:

#### - Election Division- US Compliance with HAVA and ADA Requirements

The Town Clerk is responsible for the planning, organizing and directing of all Town, State and Federal elections; including accepting filings for town and state office; preparing the town, school and warrant ballots.

The Clerk also serves as an election official at the polls; preparing and handling absentee ballots; assisting the Moderator with official election tallying and results; and the recording and reporting of the same to the Secretary of the State's office, local, state and national news agencies.

#### -NH Division of Revenue Administration

As Tax Collectors we are primarily responsible for mailing tax bills and collecting revenue for property taxes which funds most of the towns' operating budget, yield tax (timber), excavation gravel tax and current use (Land Use Change) penalties. We are primarily responsible for mailing over 3,200 tax bills annually with a value over \$4,885,534.00 and \$5,049,517.63 collected and remitted to the Treasurer in

2018. We coordinate and prepare unpaid accounts for lien/ deeding notices, and initiate the proper recordings with the Registry of Deeds as required.

#### **Dog Licensing**

Dog owners... 158 dogs were registered in 2018. All dogs do need to be licensed annually with the town per RSA 466:1 by April 30<sup>th</sup>. Be sure your dog has a current rabies vaccination and come in to register it. Late fees start to accrue after April and as the year progresses fines and legal proceedings could result in civil forfeiture.

As clerks it is our responsibility to provide vital and public services to all in a fair and impartial manner and to carry out the mandates of the law. We attend regular conferences and training to stay up-to-date with ever changing requirements of Local, State and Federal Agencies. We strive to provide all services to the residents and tax payers of our community in an efficient, caring, professional and courteous manner.

Respectfully Submitted,

Karen E. Burton
Certified Town Clerk & Tax Collector

#### PROPERTY TAXES - FAQ's

#### When are property taxes due?

Property taxes are due twice each year – in July and December. Invoices are mailed 30 days prior to the due date to the homeowner of record. If for whatever reason, the property owner fails to receive a tax bill, it is the property owner's responsibility to inquire as to the amount as well as pay the tax before the date of delinquency.

#### What constitutes a tax year?

The tax year begins on April 1<sup>st</sup> and ends March 31<sup>st</sup> of the next year. So, the July bill is paying the taxes for April 1<sup>st</sup> through September 30<sup>th</sup>, and the December bill covers October 1<sup>st</sup> through March 31<sup>st</sup>.

### Does the Tax Collector send a copy of my property tax bill to my mortgage company or bank?

No. If you have an escrow account for your property taxes, check with your mortgage company or bank to see if they need a copy of your tax bill in order to make a payment on your behalf.

#### Can I make prepayments or partial payments on my property tax bill?

Yes, both are accepted. Prepayments are held as credits and applied to reduce your next property tax bill. Partial payments on overdue property tax bills help reduce the amount of interest you pay.

#### What happens if a lien is placed on my property for delinquent taxes?

A lien is recorded at the Carroll County Registry of Deeds. According to State law (RSA 80:87), interest on the lien is assessed at 18% per annum, on a per diem basis, and additional costs will be incurred for the costs of searching for and notifying those with a 'vested interest' in your property – typically mortgage companies. Two years from the date of the lien, the town may begin the process of deeding your property. If a lien has been placed on your property, you are encouraged to contact the Tax Collector if you have questions about releasing the lien and avoiding the deeding of your property.

#### Does the Town place lien information on my credit report?

No, the Town does not report information about your lien to credit companies. However, if you apply for a loan, make a large credit purchase, or attempt a refinancing, those who research your credit history may obtain this information from the Registry of Deeds and may list this information on your credit report.

#### How are my property taxes calculated?

Your July property tax bill is an estimated amount because the tax rate for the year is not set until October of each year. It is generally one half of your previous year's tax bill. The December bill reflects the new tax rate for the year. The rate is expressed as a percentage per \$1,000.00 of your property's value as of April 1<sup>st</sup>. Based on the new tax rate, your full-year bill is calculated, and you are billed for the difference between the July (estimated) bill and the full-year amount.

#### **TOWN TREASURER'S REPORT 2018**

As the year 2018 ends, the Town of Jackson remains financially sound. All of our accounts are insured by the FDIC. Our daily and long term financial relationship continues with TD Bank.

As Town Treasurer, I continue to insure our cash and check receipts are accounted for and deposited on a daily basis.

Our backup financial planning continues with Mascoma Bank of Lancaster, NH in the form a Tax Anticipation Note (TAN).

It has been a pleasure working with my deputy BT Barbara Theriault, Town Administrator Julie Atwell, Town Administrative Assistant Julie Hoyt, Town Clerk/Tax Collector Karen Burton and deputy Town Clerk/Tax Collector Gloria Hutchings, as well as all the town employees of Jackson.

Respectfully submitted,

Kathleen M. Dougherty Town Treasurer

#### 2018 REPORT OF JACKSON CEMETERY TRUSTEES

It was another busy year for lot assignments, with eleven at the Village Cemetery and one at Dundee. Although we were able to add a few new lots in the Village with the removal of the old shed, the number of available full-size lots are dwindling. There is an area reserved for cremations. Dundee still has lots of room in a serene and more private setting.

Records for both cemeteries have been recently updated and are available for viewing on the town website. They are organized alphabetically, by plot number, and by date of death.

Eastern Green continue to maintain the Village Cemetery in pristine condition and are scheduled to do some needed tree-trimming when weather permits. Rick Davis continues to take good care of Dundee and reports that the wood fencing surrounding the property has reached the end of its life. Over the years it been patched up here and there but now needs to be replaced fully.

Respectfully submitted, Alicia Hawkes Lee Phillips Barbara Theriault

#### **Trustees of Trust Funds Report 2018**

The assets under the oversight of the Trustees of the Trust Funds and managed by Bank of New Hampshire continued to be invested in a manner that was consistent with both the short and long term objectives of the respective accounts in an environment that saw capital market volatility increase over the course of the year. The Capital Reserve Fund emphasizes safety of principal in order to provide ongoing liquidity for various needs with a secondary goal of enhancing yield. As such, the Fund was invested in high quality U.S. government and corporate obligations with maturities laddered between three months and five years. This has been a prudent approach that has insulated the Fund from the volatility seen in riskier assets. With the Federal Reserve increasing short term rates over the course of the year, the yield to maturity for the Fund increased from 2.19% at the end of the prior year to 2.92% as of December 31, 2018.

The Trust Fund accounts are invested with a longer time horizon due to their perpetual nature in a well diversified portfolio of equity and fixed income investments as indicated by the governing statutes. Following two strong years of performance in 2016 and 2017 (+0.66% for the last four months of 2016 and 13.58% for 2017), the Trust Fund declined just over -4% in 2018 which was the result of a stock market decline which saw the S&P 500 fall -13.52% during the fourth quarter. Given the level of market volatility, the Trust Fund portfolio held up well as a result of its fairly balanced asset allocation and its diversified approach which are two factors that should provide a solid foundation over the long run.

#### JACKSON WATER PRECINCT COMMISSIONERS REPORT – 2018

The water precinct system operations through 2018 was a typically active year.

Our limestone contactor was replenished with limestone media aggregate. This allows water to be neutralized, maintaining a pH of 7.0 or better. We plan to do more next year with the contactor, and every four to five years thereafter.

There was a bad section of 8 inch ductile iron watermain identified along route 16, north of the Village. The bad section was replaced, and future work may be required, at some time. Planned water service interruptions did occur during construction phase of this replacement. We appreciated the patience and understanding of those affected.

Finally, the watermain loop project, that will extend from Green Hill Road to Red Fox Pub got underway in December, 2018. This important project will provide better service and water quality to all of our members. First though a more consistent chlorine disinfection, and better disinfection by-products. It will help immensely with system isolation and distribution repair and maintenance.

The ceramic media filter vessels were serviced, which is now an annually scheduled job. Our Switchback Storage Tank site and filter plant, and Meserve Brook Pipeline, were cleared of small trees and encroaching brush during the summer, as a routine measure. Preventive maintenance, generally following manufacturer specifications are followed, with all major machinery in the filter plant.

Work continues at the filter plant this ensuing year will include production pump maintenance, and begin rotation out and rebuilding the actuating filter control valves. This is to repair deteriorated pipe conditions, causing a recent water main leak in this area.

Regarding The Meserve Brook Dam Area, we continue working cooperatively with the USFS in different capacities. Permitting and design work are near complete for the rehabilitation of the Meserve Brook Dam, and access road. Some of the work is expected to completed this spring, relative to the

Given, development in the source water protection area will continue, diligence is needed to ensure the purity of our drinking water. Water quality regulations have become more and more stringent. We see the more stringent water quality standards as good for all, but it does increase our goals relative to source water protection. In the future, an overlay district for source water, watershed protection, maybe should be considered. This may not be likely in the near future, but if considered, would be in collaboration with the planning Board.

We would like to thank all of the Jackson Water Precinct Members for the continued confidence and support you have shown this board. We understand the importance of

maintaining our water supply quality. We welcome you to attend our monthly  $10\,\mathrm{AM}$  meeting held the second Monday of each month.

Respectfully Submitted,

**Board of Commissioners** 

Karl Meyers, Chairman Kevin Pratt Michell Pratt

#### **2018 Zoning Board of Adjustment Report**

In calendar year 2018, the ZBA granted a variance from the front setback requirements for an addition to the rear of the structure at 276 Iron Mountain Road at the request of the owner, David H. Mason of Newburyport MA.

#### **RESULTS OF THE JACKSON TOWN MEETING MARCH 15, 2018**

Polls were opened at 8:00 AM and closed at 7:00 PM on March 13, 2018 by Moderator Willis Kelley to vote on Article One.

The town meeting was called to order by Moderator Kelley on Thursday, March 15, 2018 at 7:00PM. Moderator Kelley then led the attendees in the Pledge of Allegiance and one verse of God Bless America. Robert Thompson led the group in a moment of prayer and reflection.

#### Article 01: ELECTION OF OFFICERS

To choose the necessary officers for the ensuing year.

#### Elected Candidate - # of votes **Position**

Town Moderator Willis Kelley - 240 Selectmen for 3 yrs. Robert Thompson – 146 Helene Matesky - 243 Trustees of the Trust Funds for 3 yrs. Trustees of Cemeteries for 3 yrs. Lee Phillips - 248 Library Trustee for 3 yrs. Darlene Ference - 228 Library Trustee for 3 yrs. Denise Sachse (W-I) - 67Supervisor of the Checklist Jeanette Heidmann - 239 Vacant

Supervisor of the Checklist

School Moderator for 1 yr. Sacha Tracey (W-I) - 61 Member of the School Board for 3 yrs. Jessica DellaValla – 231

Member of the School Board for 3 yrs. Kate Fournier – 228

School Treasurer for 1 yr. Christine Thompson – 236 School Clerk for 1 yr. Gino Funicella (W-I) – 16

Moderator Kelley, I want to clarify something that has not been able to do for the last few years that we can do. When we get to the Operating Budget of the Town there are quite a few line items that consist of that item, we will be voting on the entire budget. I will be going thru that by line item to ask if there are any questions, at that time I can now accept if someone wants to make a motion on an amendment to the line item, I can accept a motion and if its seconded and passed. That amount up or down amended will be taken from the bottom line and voted on at that at the end. However, that is really only a recommendation and the selectmen still have the authority to take any line item amount that was verbally agreed to and add it to where they see fit to run the town. Moderator Kelley, I ask for a very orderly meeting, everybody being polite, no going back and forth. Direct all your questions and comments to the moderator, I will try to give everyone an opportunity to speak. Anyone with a question must speak up and state your name so the clerk can hear it and record your name for the minutes. With that Moderator Kelley would like to entertain a motion to dispense with the reading of the warrant as we will be reading each article as we pick them up. Motion is moved and seconded and passed unanimously.

#### **Article 02: OPERATING BUDGET**

To see if the Town will vote to raise and appropriate the Selectmen's recommended Operating Budget of the Town in the amount of \$2,095,899 not including appropriations by special warrant articles and other appropriations voted separately (see 2018 Budget). Recommended by the Board of Selectmen 3-0-0.

**DISCUSSION:** 

Office of the Selectmen: No Comments
Office of the Town Clerk: No Comments

**Financial Administration:** Sarah Clemons, is this the salaries and benefits of the Town Office? Selectmen Thompson directs everyone to page 14. Sarah would like to say the Jackson Municipal Workers are being treated very well and fairly. As an example if we take the position of Town Administrator and the salary of \$52,831 and Statutory Benefits of \$10,054 added together is \$62,884. We give 14 paid holidays and PTO for the 1-3 years of 25 days, and for 4-7 years a total of 30 days.

**Assessing:** No Comments

**Legal:** Penny Miller why the big difference between the actuals vs the budget. Are we expecting anything involving legal. Moderator Kelley, we have put \$60,000 in for years in anticipation. Jerry Dougherty III, I would like the selectmen to comment on the financial issues not the Moderator. James Porath, she asked if there are any ongoing legal suits against the town. Selectmen Thompson states there is currently no ongoing suits.

Planning Board: No Comments **Zoning Board**: No Comments

**General Government Parks & Buildings:** Jeanette Heidmann, the Town Hall Expenses show as zero for 2018 where is that being covered? Selectmen Thompson responds.

**Cemeteries:** No Comments

**Insurance:** Sarah Clemons, is this our health insurance or does it include the insurance on our building? John Allen says if you turn to page 14 it has a breakdown for health insurance and property liability. Sarah Clemons, I think we have an extravagant negotiated insurance reimbursement. We pay two individuals \$17,108.50 to not take our health insurance. Because they can prove they have health insurance from another source. Please explain why the Town of Conway gives a flat rate of \$1,250 and the Town of Bartlett gets a flat rate of \$1,800 to their personnel who do not take town insurance. Selectmen Bennett states it is a negotiated figure for the people who opt out of our health insurance come forth in January with proof of insurance. They proved to us that they have insurance and what that insurance costs. Our negotiation is to pay them their share of that money that would be incurred by the town if they chose to take the town policy. An example: Two employees, the family plan would be \$56,000, our negotiated reimbursement that they pay their insurance premium with. The reimbursement of \$34,000 saves the town \$22,000. We feel it is a valid negotiation and good fiscal responsibility. Sarah Clemons, I have checked with other towns, the State of New Hampshire, Concord, Moultonborough, and other places and the State of New Hampshire doesn't give a reimbursement to their employees. Dick Bennett, it's not apples to apples there's a different benefit package in Conway this is our benefit package. Conway has a number of benefits they give to their employees and if they pay out a stipend that's their way of negotiating. Jerry Dougherty III, does the town have a stated policy for the buyback of benefit or is it an individual negotiation. Selectmen Bennett, confirms it is in our policy. Jerry Dougherty III, so it's a stated policy amount. Selectmen Bennet, no it's not because we don't know what the amount is going to be until they come in with their insurance and what their share of it will be. So we don't know

what that is, we can try to budget for it or estimate it. Jerry Dougherty III, typically towns have a policy whereby they have a stated amount that they will buy back the policy. It's not a dollar for dollar or 50%. It sounds to me your negotiating what the amount would be. Selectmen Thompson, well yes when we did a study we found that there were negotiated amounts in towns. If someone comes to our town and hired by our town and they have an another market insurance plan and their getting together with their spouse and their trying to figure out what makes sense. Should we try to go on the towns insurance policy or should we stick with the one we have. Our negotiated reimbursement program allows us to have them verify their out of pocket expenses and at that point negotiate a reimbursement program with them so they would not come onto our health insurance policies and stick with their spouse's policy. We found one town had a policy in place where they replaced 55% of the cost to the employee, so if that employee was on a family plan and that would cost the same amount as our cost would end up with \$16,500. Rather than try to hire this program out and come up with a set formula. some of our negotiations are below some of the other amounts. There are towns Dublin, Sunapee and New Boston are all at \$5,000, Weirs is at \$5,500, Winnisguam is at \$5,000. Goffstown is at \$6,492 not to say we wouldn't come up with a policy at some point in time. Every negotiation we get into directly saves the town money. So we do not have a set amount at this time. Jerry Dougherty III, the idea that employees take one of the spouse's insurances rather than the other is not unusual it is typical. For example, the school board, SAU 9 has a policy where they will buy back the benefits and its quite a bit less than what your discussing. I think a stated policy would be better than a negotiation. Penny Miller, as a benefit are they getting a 1099 or a W2? Are we paying FICA, Social Security and Pension on this benefit or are they getting a 1099? Selectmen Thompson, no again, it's a reimbursement, they come in and verify their out of pocket expenses for their health insurance plan and their reimbursed the amount they can verify. Every year they come, they verify their insurance policy and verify their out of pocket expenses. Penny Miller, so we should be giving them a 1099. Julie Atwell states it's on the W2. Penny Miller, so if it's on the W2 then we are paying FICA, Social Security and Pension on it. That's quite a big raise, I wish my company would do that.

James Porath, if we're adding that onto wages, is that also calculated into Pension Benefits when they go to retire? Selectmen Thompson, we do not pay Social Security or Retirement on that, it's a reimbursement only. It's not a wage, it's an insurance out of pocket expense reimbursement it doesn't qualify for social security or pension. Scott Badger, it's not common practice either the amount or the methodology in the public sector or the private sector. I have a business and we don't offer any compensation to someone who chooses not to take our insurance. Nancy Davis, this is an annual event, it's not a onetime buy out that happens every year. Selectmen Thompson, the cost of an insurance policy for a family plan here in town is anywhere from \$28,000 to \$30,000 a year. Nancy Davis asks, so is that's a zero deductible. I've never heard of an insurance policy for a family costing \$30,000. Jeanette Heidmann, so the people that do take the policy do not receive an out of pocket reimbursement. Is that correct? Selectman Thompson, that is correct. Jeanette Heidmann, that feels like a discriminatory practice. Then why don't we pay the people that have insurance who elect not to take insurance the \$2200 or \$2800 if they are an individual or family policy.

Jeanette Heidmann I would like to make a motion if I may. Moderator Kelley will come back to Jeanette Heidmann, there are a couple of people who haven't spoken. Gino Funicella having been a former selectman we never had this, when did this come about? What did you negotiate with? How many people are getting this benefit? You don't have to name names. Selectmen Thompson, typically you would want a job in a municipality primarily for the

insurance benefit. But that doesn't include everybody. We really are not allowed to talk about numbers because it would be a violation of HIPPA privacy rights. Tom Pizor, I think the Selectmen have worked hard to put together a budget I understand from prior management experience myself, it's very difficult to handle payroll, tax issues and the incoming of Obama Care. Perhaps it would be worthwhile to bring in a Professional Insurance Expert, Payroll Expert to have a separate town meeting to discuss the details.

Moderator Kelley believes we have heard enough comments that the selectmen have a message that they need to discuss this. Moderator Kelley says this thing will take all night and he is not going to take that. Priscilla Protasowicki states this is my first time here so I would like to at least ... Moderator Kelley interrupts Priscilla Protasowicki saying you will wait till I address you please I was talking. Thank you. Now I will recognize you. Priscilla Protasowicki, I had my hand up first but you kept ignoring me. The gentlemen Selectmen Thompson said the average is \$30,000 for insurance I would like proof of that in writing. Selectmen Thompson, that is not a problem. Jeanette Heidmann, with the understanding that the allowance for these 2 individuals let's assume \$34,000 I would like to move that we reduce this line item leaving only \$6,000 so that would be a reduction of \$28,000 for this line item with the recommendation that it come out of the health insurance fund.

Moved and Seconded: Any discussion on the moved and seconded.

Peter Benson you don't have to go far from the report from last year to know references last year's Town Report page 90, this is not the price is right, this is people's lives, their livelihoods, we don't throw numbers around to reduce the budget without any consideration, the budget is not up this year I don't think we overpay our employees, I don't think we underpay our employees. I think we treat them fairly and they are our biggest asset and I think we need to continue to treat them that way. Jerry Dougherty III, a clarification on the vote a yes vote would mean her amendment carries. Moderator Kelley, states all those in favor would be voting in favor for the amendment to be approved. A no vote would be for defeating the amendment. Selectmen Thompson, if the budget is reduced by the amount in the motion is somebody going to increase that line item by \$56,000 if the people decide to come on our policy instead? In theory that could happen and we would need to find that money. Frank Baker, am I correct believing when the town reimburses an employee for his insurance expense away from the town, the town then saves its premium amount on the policy with the town. Selectmen Thompson, we are protected from him taking an insurance policy from our town. Sarah Clemons, I have done some research on insurance and in valley and in our school systems is less than \$20,000 for a family plan. It's time we negotiate as this gentleman said, prior to that we should get someone in here and get some investigating into our policies. Moderator Kelley, we have that. Jerry Dougherty III, a clarification on what Bob Thompson said, Bob said the town would be unprotected and the town would have to have \$56,000 if this motion carries the employees that negotiated that position with you would renegotiate in this year? Selectmen Thompson, they can cancel their insurance policy and then elect to take the towns family policy turn. Jerry Dougherty III, within this coming year? Selectmen Thompson, yes. Jerry Dougherty III, then the negotiation was meaningless. Moderator Kelley, we have an amendment to reduce the insurance line by \$28,000 and it's been seconded. Regardless with what happens with this the selectmen will have to do by statute to honor contracts and anything else. We can take an amendment it's an advisory amendment. Selectmen Thompson, according to our Town Counsel the negotiation may still be a binding contract.

Vote on Dollar Amendment: Defeated

**Building Inspector:** No comment

Police Department: Penny Miller, what is the difference between the police wages and the highway wages they are just about same \$193,000 yet the difference in the FICA and MEDICARE expenses is huge. Do we not have to pay some expenses for the police? The police are \$3,892 and the same amount of wages on the highway we pay \$14,836. Selectmen Thompson, the police have two part-time officers probably have a much lower FICA expense. Chief Perley, police wages fall under a state retirement known as Group 2. Group 2 participants do not pay Social Security additionally there's some Social Security exemptions for other members of our agency. That is why you see the reduction in Social Security, FICA and retirement. We have a substantially reduced retirement costs compared to 2016 because of the makeup of the employees. Sarah Duffy for a couple of police lines like supplies, utilities, etc. there have been some overages for this year. Is that a one time? Chief Perley, we spend by the bottom line and budget by the line. Dick Badger, I would like to comment on the job Mr.(Chief) Perley has performed since taking the position as Chief.

#### **Article 03: APPROPRIATIONS TO CAPITAL RESERVE FUNDS**

To see if the Town will vote to raise and appropriate the sum of \$268,500 dollars to be placed in the following Capital Reserve Funds previously established:

1) Fire Department Truck Capital Reserve Fund \* \$80,000

(0003 - Fund Balance as of 12/31/17 \$184,216.84)

2) Road Reconstruction Capital Reserve Fund \* \$65,000

(0064 - Fund Balance as of 12/31/17 \$33,450.27)

3) Highway Truck Capital Reserve Fund \* \$50,000

(0048 - Fund Balance as of 12/31/17 \$123,926.05)

4) Bartlett / Jackson Ambulance Capital Reserve Fund \* \$20,000

(0070) - Fund Balance as of 12/31/17 \$45,568.51)

- 5) Heavy Highway Vehicle Capital Reserve Fund \* \$30,000
- (0068 Fund Balance as of 12/31/17 \$121,502.82)
- 5) Police Cruiser Capital Reserve Fund \* \$15,500
- (0027 Fund Balance as of 12/31/17 \$15,589.43)
- 6) Revaluation of Town Property Capital Reserve Fund \* \$8,000

(0004 - Fund Balance as of 12/31/17 \$37,113.96)

Recommended by the Board of Selectmen 3-0-0.

**VOTE:** Verbal Approval (unanimous)

#### Article 04: APPROPRIATIONS TO EXPENDABLE TRUST FUNDS

To see if the Town will vote to raise and appropriate the sum of \$116,000 dollars to be placed in the following Expendable Trust Funds previously established:

- 1) Transfer Station Expendable Trust Fund \* \$50,000
- (0028 Fund Balance as of 12/31/17 \$113,178.60)
- 2) State Aid Reconstruction Expendable Fund \* \$30,000
- (0058 Fund Balance as of 12/31/17 \$9,214.60)
- 3) Bridge Repair Expendable Trust Fund \* \$25,000
- (0034 Fund Balance as of 12/31/17 \$83,828.20)
- 4) Dry Hydrant Expendable Trust Fund \* \$5,000
- (0049 Fund Balance as of 12/31/17 \$19,564.71)
- 5) Police Department Equipment Expendable Trust Fund \* \$3,000
- (0051 Fund Balance as of 12/31/17 \$35.16)
- 5) Fire Department Equipment Expendable Trust Fund \* \$3,000
- (0046 Fund Balance as of 12/31/17 \$1,135.43)

Recommended by the Board of Selectmen 3-0-0.

#### **DISCUSSION:**

Jeanette Heidmann, I have a general question, can someone please explain the difference between Capital Reserve Funds and Expendable Trust Funds. Moderator Kelley, that Capital Reserve Funds requires when they expend a vote at the town meeting. Expendable Trust Fund your authorizing the selectmen to expend without that vote. Jerry Dougherty III, I don't quite understand it could you please repeat it? Moderator Kelley, the difference between a Capital Reserve Fund and an Expendable Trust Fund. Capital Reserve Fund requires the voter approval to expend unless its worded with an added clause and to authorize the selectmen to expend it. And all our Capital Reserve Funds I confirmed are written to expend. Jerry Dougherty III, the selectmen understand my position on this. My problem is with that wording having the selectmen be the decider once we raise the funds for truck, fire truck or whatever. The people don't get to vote on it anymore, in fact the selectmen don't even decide once they raise the money they spend it. Taking us out of the loop, there is a way to fix it and I've discussed it with the selectmen before but I just wanted to clarify it. Selectmen Thompson, confirms that other option is a bonding and does not feel that it makes sense at this time. Moderator Kelley, clarifies that to change the way we do the Capital Reserve Fund would require a warrant article on the warrant and voted on by you. The warrant would require a written ballot with a 2/3 majority to pass.

**VOTE** = Verbal Approval (unanimous)

#### Message received from the Town Attorney Peter Malia - Regarding Article 4

All – I just want to clarify the answer to a question that was asked last night. Someone asked about the difference between a Town of Jackson Capital Reserve Fund (CRF) and a Town of Jackson Expendable Trust Fund (ETF).

There is no difference between these two types of funds under NH law today as far as how the money can be spent. "The Basic Law of Budgeting" on p. 29 says "If a town...meeting has properly voted to name agents to expend a capital reserve fund or a town-funded trust fund, money that has already been appropriated to one of these funds may be spent without further appropriation."

Julie confirmed for me this morning that the Selectmen have been named as agents on all Town of Jackson CRFs and on all Town of Jackson ETFs. Therefore, the Selectmen can spend money from these funds for the purposes for which these funds were created without further Town Meeting approval.

The only difference between these funds is that the statutes which allow them are slightly different as far as the legal purposes for which they can be created.

The statute governing Expendable Trust Funds, RSA 31:19-a, is broader than the statute governing Capital Reserve Funds, RSA 35:1 (and also 35:1-a and 1-b).

The Expendable Trust Funds statute, RSA 31:19-a, allows a trust fund to be created "for the maintenance and operation of the town; and any other public purpose that is not foreign to the town's institution or incompatible with the objects of its organization."

However, the Capital Reserve Funds statute, RSA 35:1, specifies this type of fund for these purposes:

- I. The construction, reconstruction or acquisition of a specific capital improvement, or the acquisition of a specific item or specific items of equipment; or
- II. The construction, reconstruction, or acquisition of a type of capital improvement or the acquisition of a type of equipment; or
- III. A reappraisal by appraisers of the department of revenue administration or such other appraisers, appraisal firms or corporations approved by the commissioner of revenue administration, of the real estate in such town for tax assessment purposes; or
- III-a. The acquisition of land; or
- IV. The acquisition of a tax map of said town; or
- V. Extraordinary legal fees and expenses related to present or foreseeable litigation involving the town or its officers and employees; or
- VI. Municipal and regional transportation improvement projects including engineering, right-ofway acquisition and construction costs of transportation facilities, and for operating and capital costs for public transportation.

The DRA document link below also discusses these two types of funds on pages 27-30.

#### Regional Planning Commission & Economic Development District

As the Regional Planning Commission serving 50 municipalities and 25 Unincorporated Places of Northern New Hampshire, North Country Council continues to move forward as a proactive resource for our communities, partners and the region, providing professional economic development, community, regional, transportation and solid waste planning services to serve your needs. Here are some of the highlights from the past year:

- Continue to play a key role in the administration and compliance of federal regulations for funding received for infrastructure improvements at the former Wausau paper mill site in Groveton.
- Administrator for the Pemi Baker Solid Waste District.
- Provided technical assistance and staff support to the Town of Littleton Parking Commission for a study and plan for management of parking in downtown Littleton.
- Provided grant writing and technical assistance to assist communities, highlight of this work is the awarded \$500,000 CDBG to retain and create 27 jobs at the Friendship House in Bethlehem and a feasibility study for to identify the need for expanded care in the Cottage Hospital service are through Grafton County.
- Administered and provided technical assistance to communities and organization seeking Northern Border Regional Commission (NBRC) grants within the region.
- Coordinated household hazardous waste collection events serving 19 towns in the region.
- Assisted NH Fish & Game, White Mountain Community College, and the Androscoggin Watershed Council with
  assessments of stream crossings in the Androscoggin River Watershed, as well as outreach to municipalities to
  help them use them information gathered to prioritize and plan culvert improvement and replacement projects.
- Completed 199 traffic counts (160 for NHDOT and 39 locally-requested counts) throughout the region to provide consistent and reliable data for use when planning infrastructure improvements.
- Facilitated the efforts of the North Country Scenic Byways Council to steward, improve, and promote the North Country's system of scenic byways." Make the second sentence a new bullet, change to "Performed pavement condition assessments of local roads for the Towns of Groton and Wentworth to assist with planning and budgeting for roadway maintenance.
- Assisted communities in the region with the development and submittal of proposals for roadway and bicycle and
  pedestrian safety and improvement projects to be considered for funding through the Statewide Ten Year
  Transportation Plan, the Transportation Alternatives Program, and the Federal Lands Access Program.
- Assisted the Town of Littleton with development of Bicycle and Pedestrian Infrastructure Improvement Plan.
- Provide technical mapping services to various communities in the region, including assistance to the Bath Conservation Commission for an Aquatic Resource Mitigation (ARM) Fund grant application and to the Town of Bethlehem for a map of public parking areas.
- Provided member municipalities with guidance on records storage, prime wetlands designation, private
  development on federal land, bonding, interpretation of local regulations, and to several communities with the
  process for cell tower review, master plan updates and capital improvement programing. Dues provided match
  funding to enable some additional hands-on assistance with updates to local land use regulations, zoning
  amendments, downtown revitalization, and MTAG and hazard mitigation grant applications.
- Facilitated bulk purchase by communities of the NH Planning and Land Use Regulation books.
- In economic development we continue our strong relationship with the Department of Commerce and the Economic Development Administration (EDA) in bringing funding and project development to the region. This year's highlight of our work with EDA include continuous work with the Comprehensive Economic Development Strategy Committee meeting on a bi-monthly basis to complete the five year update by December of 2018. This effort in 2019 will take a deeper dive into the regions communities the Council will host regional roundtables

161 Main Street Littleton, NH 03561 - 603-444-6303 - www.nccouncil.org

focused on better understanding the needs and unique assets of the regions communities. Through this funding North Country Council Staff is able to provide various types of technical assistance and project development support around the region.

All of us here at North Country Council look forward to serving your community. The Council is your organization. We are dedicated to both supporting our individual members and promoting our region's success. We look forward to working with you in the months ahead.

Respectfully submitted,

Michelle Moren-Grey

## Town of Jackson 2018 Report on the Mt. Washington Valley Economic Council

For more than 28 years the Economic Council, serving all communities in Mt. Washington Valley, has been dedicated to the expansion of business opportunities, providing skills training and facilitating a public forum for issues critical to the future of our communities. The Council's Business Incubator strives to provide economical, efficient and productive support to businesses that help to diversify our local retail and recreation economy.

Located at the Tech Village, some of the services provided by the Council include:

**Revolving Loan Fund** – This year there are 21 active loans in the valley. The loan portfolio of \$1.1 million supports starter businesses and those at a critical point of transition in their growth. The fund has made loans to over 80 businesses totaling some \$6.2 million over its lifetime.

**Boot Camps** – Through technology education and business skills training, the popular Boot Camps improve management and staff skills and offer workshops on a wide variety of development needs that are both affordable and convenient.

**Eggs & Issues** – This monthly Business Leaders' breakfast meeting features keynote speakers who help stimulate entrepreneurship, networking and critical issues information among the business community.

**S.C.O.R.E.** (Service Corps of Retired Executives) – This service provides free and confidential business guidance and/or planning from seasoned experts. Whether a fledging business or one preparing for growth, SCORE offers invaluable support to businesses in need of sound business plans or developing marketing/operating strategies.

The Economic Council is funded through a combination of grants, loan fund interest income, membership dues, corporate sponsorships and town memberships like Jackson's. It is a vital part of our local economic development and welcomes our support.

Respectfully submitted,

Scott Badger – Jackson Representative

E-mail: info@nrra.net Web Site: www.nrra.net

Dear NRRA Member.

As a member of Northeast Resource Recovery Association (NRRA), your community has access to all the services of this first in the nation, 38-year old recycling cooperative. Your member-driven organization provides you with:

- Up-to-date **Technical Assistance** in waste reduction and recycling including solid waste contract negotiations;
- Cooperative Marketing to maximize pricing and Cooperative Purchasing to minimize costs;
- Current Market Conditions and Latest Recycling Trends, both regionally and nationwide;
- Innovative Programs (i.e. Dual Stream, Consolidation and Single Stream);
- Educational and Networking Opportunities through our Annual Recycling Conference, our Monthly "Full of Scrap" email news, monthly Marketing meetings, members' only website, workshops and Fall Facility Tours;
- NRRA School Recycling CLUB a program to assist schools to promote or advance their recycling efforts;
- NH DES Continuing Ed Credits;
- NH the Beautiful Signs, Grants, Bins and Recyclemobiles.

NRRA membership has grown to include more than 400 municipalities, businesses and individuals in New Hampshire, Vermont, Massachusetts, Connecticut and Maine. NRRA, as a non-profit organization, is unique in that we do not charge a "brokerage fee" or work to maximize profit gains, but rather has a minimal "Coop" Fee" which is re-invested to further your recycling programs and solid waste reduction efforts in schools and municipalities.

Through your continued support and dedication, NRRA has assisted our members to recycle over 54,000 tons in fiscal year 2017-2018!

Please contact NRRA at 800-223-0150 / 603-736-4401 or visit our website at www.nrra.net

"Partnering to make recycling strong through economic and environmentally sound solutions"

#### **Bartlett/Jackson Transfer Station**

#### Congratulations for being such active recyclers!

Below please find information on the positive impact your recycling has had on our environment.

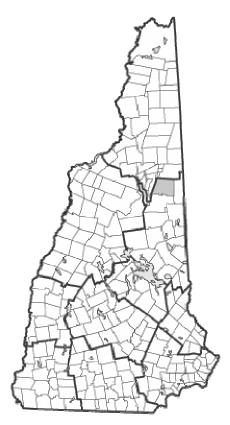

The recyclable materials listed below were sent to market to be remanufactured into new products through your non-profit recycling organization, the Northeast Resource Recovery Association.

Recyclable Material	Amount Recycled In 2018	Environmental Impact!  Here is only one benefit of recycling materials rather than manufacturing products from virgin resources
Electronics	71,422 lbs.	Conserved enough energy to power 9.1 houses for one year!
Paper	124.58 tons	Saved 2,118 trees!
Scrap Metal	168.7 gross tons	Conserved 472,350 pounds of iron ore!
Steel Cans	7.6 gross tons	Conserved enough energy to run a 60 watt light bulb for 443040 hours!
Tires	40.7 tons	Conserved 26.8 barrels of oil!

#### **Avoided Emissions:**

Recycling uses much less energy than making products from virgin resources, and using less energy means fewer greenhouse gases emitted into the atmosphere.

By recycling the materials above, you have avoided about **1,355 tons** of carbon dioxide emissions. This is the equivalent of removing **288 passenger cars** from the road for an entire year.

#### Incorporated: 1800

**Origin:** Once consisting of several large land grants given by Governor John Wentworth, the town was first named New Madbury, after the seacoast town. In 1800, the town was incorporated as Adams, in honor of President John Adams, who was then in office. The name Adams stuck until 1829, when General Andrew Jackson was inaugurated as President. Governor Benjamin Pierce, a staunch backer of President Jackson, was influential in changing the name of the town to Jackson. Jackson is the location of the Honeymoon Bridge, a scenic covered bridge built in 1876 that is popular with newlyweds for wedding photographs.

Villages and Place Names: Black Mountain Cabin, Ducks Head, Dundee, Jackson Falls, Panno Place

Population, Year of the First Census Taken: 180 residents in 1800

**Population Trends:** Population change for Jackson totaled 508 over 57 years, from 315 in 1960 to 823 in 2017. The largest decennial percent change

was a 59 percent increase between 1970 and 1980. The 2017 Census estimate for Jackson was 823 residents, which ranked 193rd among New Hampshire's incorporated cities and towns.

**Population Density and Land Area, 2017** (US Census Bureau): 12.3 persons per square mile of land area. Jackson contains 66.8 square miles of land area and o square miles of inland water area.

#### JACKSON NEIGHBOR CARE PROGRAM

Do you require assistance in an emergency? Providing Jackson emergency responders with this info can help them better assist you in time of need.

The Jackson Neighbor Care Program is part of the Office of Emergency Management for the Town of Jackson. Working with the Selectmen, Police and Fire departments and Bartlett-Jackson Ambulance, the Office works to stay aware of those residents who may need extra help in the event of an accident or emergency. This is not only a matter of public health and safety, but it helps to build and strengthen community relationships.

If you would like to have the Police Department aware of any special needs you may have, please complete the form below and return it to the Town Office: **The Selectmen's Office, PO Box 268, Jackson, NH 03846.** If someone you know requires assistance during an emergency, please urge them to complete and return this form.

This information is protected and will be kept confidential. It is for local official use only. This information is being requested on a volunteer basis and is for informational purposes for town officials and emergency responders if needed. Submitting this form does not represent a guarantee of services based on specific needs, but may serve as a useful document at the time of an emergency. This form should be filled out each year to keep our records up-to-date.
