## HIGHWAY DEPARTMENT

### COMMISSIONER'S REPORT

To William A. Bixby, Charles R. Grant and Lewis P. Goodhue, Selectmen of Wolfeboro, N. H. :

I hereby submit the following report as Highway Commissioner of the Town of Wolfeboro for the year 1917.

#### General Repairs

Owing to the late Spring and urgent demand for men and teams for farming, the work on the Town roads was somewhat delayed, but most of the roads were thoroughly gone over, with the aid of the road machine, before July 1st.

Heavy rains, which caused washouts, made necessary extra repairs, of more than \$1,000. I have re-laid 40 old culverts and put in several new corrugated ones.

The extra cost of teams, labor and material makes a great difference in the cost of road work from what it has been in years past.

#### State Aid Construction

Beginning near John Libby's house and continuing to Tuf-tonboro line, a distance of 4,500 feet, I have built water-bound macadam. This piece of road was built at a cost of \$5,949.63. of which the State paid \$637.75.

#### State Aid Maintenance

Five hundred feet has been resurfaced on North Main Street, a large culvert put in near South Wolfeboro and nearly all the road treated with a coat of No. 45 oil and gravel, also 50 barrels of Tarvia B were used as a second application where it was resurfaced and new road last year.

#### Ossipee and Suncook Trunk Line

Beginning at the railroad crossing at Wolfeboro Falls. 950 feet of bituminous macadam road has been built, using 73 barrels Tarvia X.

### Farm or Lake Wentworth Road

Beginning at the south end of the improved road this piece of road has been graded and widened with gravel. More than 2,500 feet of this has been built, also 500 feet near Brookfield line at a cost of \$1,927.58, a fraction less than 65¢ per foot. One half of this was donated to the Town—\$500 by Mr. Hopewell.

### Cotton Mountain Road

Five hundred dollars was appropriated by the Town to widen and rail this road, but scarcity of help prevented this from being completed. Four hundred dollars has been spent. The remaining \$100 will complete the road.

For the cost of Highway Department see detailed report.

## REPORT OF THE LIBRARIAN

---

To the Board of Trustees of the Wolfeboro Town Library.

GENTLEMEN:—

The twelfth annual report of the librarian is herewith presented.

In the brief space allotted, one can but outline the work of the library for the past year.

In the early days of the war, the government called on the Public Libraries to assume their share of the work. Believing that those at home should know the conditions at the front, we are buying the best books on the war. These are read even to the exclusion of fiction. The local and government bulletins are placed on the reading tables, and later put on file. In after years, these will be valuable as history. Through the efforts of the Library officials, the town a little more than met its apportionment of \$112.20 for the War Library fund. Some 300 good books and many magazines have been collected for the camp libraries. The transportation charges have been paid from the fine money. We shall continue sending books as long as the war lasts.

The total circulation for the year has been 17,883, of these classes: fiction, 8,443; non-fiction, 3,414; children's books, 6,026.

Three hundred and fifty books have been added to the two libraries. The contributions have been fewer, as most people preferred to give to the war camps.

Some work has been done in the outlying districts of the town. During the summer months a station was established at North Wolfeboro under the care of Miss Edith Haines. This winter, Miss MacLaughlin and Miss Morrill are doing something of the same thing in connection with their school work at East Wolfeboro and South Wolfeboro.

Books are still sent regularly to the Huggins hospital. For the fourth year, Mr. Daniel Morgan has carried these without remuneration.

During the months of July and August, the experiment was tried of opening the library from 11 to 12 o'clock in the morning in addition to the regular hours. This proved so satisfactory that it will be repeated another season.

For the same months, a Story Hour for the children was held every Wednesday morning. The interest was not sufficient to warrant a second attempt, unless perhaps with the little ones.

How we are to find time for the cleaning and repairing of books, is an ever increasing problem, and we sometimes wonder if there need be so much of it. No one would think of soiling or mutilating a book borrowed from a friend. Why should not books purchased with public or gift funds receive the same care?

The following is a record of the money taken at the desk during the past year :

To carry on the work of a public library is a responsibility, and at the same time a great privilege.

We extend thanks to the trustees, citizens, and friends who are ever so guarded in their criticism, so generous in their praise.

Respectfully submitted,

ELIZABETH BREWSTER, Librarian

Feb. 1, 1918.

### REPORT OF LIBRARY TREASURER

Pierce A. Horne, Treasurer of the Wolfeboro Town Library Board of Trustees, in account with the Town of Wolfeboro, for the fiscal year ending Jan. 31, 1918 :

## WOLFEBORO COMMITTEE OF PUBLIC SAFETY

TO THE HONORABLE BOARD OF SELECTMEN:

We hereby submit a report of the activities of the Wolfeboro Committee of Public Safety during the past year. On April 11 last, in accordance with instructions received from Hon. Henry W. Keyes, Governor of New Hampshire, your honorable board appointed a committee of five members to be known as the Executive Committee of Public Safety, and whose duty it would be to supervise all activities in connection with the war. Mr. Harry L. Miles was appointed Chairman of this Executive Committee, and in order to secure the greatest possible efficiency, sub-Committees were selected as follows: Food Production and Conservation, Starr Parsons, Chairman, Carroll D. Piper, Clerk; Protection, Hugh H. Wallace, Chairman, William J. Britton, Clerk. Later in the year, in connection with the conservation program, a committee on canning was organized with Mrs. Inez B. Wentworth as Chairman.

As the most vital object to be attained seemed to be an increase in local food production, the committee having that in charge bent all its energies toward enlarging the acreage to be laid down to food crops. Well attended mass meetings were held to arouse interest and enthusiasm in the matter, bulletins on various phases of the subject were widely distributed, and the committee further undertook to furnish the townspeople an adequate supply of seed at cost, as well as provide suitable land for those having none available.

Through the kindness of the Trustees of the Brewster Academy and Mr. Louis Dusenbury, nine acres of land were placed at the disposal of the Committee. This land was prepared for planting by the town teams and divided into forty plots, the renter paying only the actual cost of plowing and harrowing. Many smaller plots were made available, which, with the increased activity among the farmers, undoubtedly increased Wolfeboro's acreage devoted to food production at least 100 per cent.

The work of the Protective Committee was more routine in its character, and, although somewhat less conspicuous, was nevertheless of great value. At the request of the State Committee on Public Safety all resident aliens and persons of known German sympathies were listed. The amount and location of all explosives was recorded, and at the suggestion of this committee the sale of fireworks on July 4 was prohibited.

Under the efficient direction of Mrs. Inez B. Wentworth, canning demonstrations were held during the summer months in various parts of the town, and as a result a very large amount of fruit and vegetables was saved for winter consumption.

The Secretary feels that the efforts of the members of the Committees who served entirely without remuneration should be publicly acknowledged, especially of the Chairmen, Messrs. Miles, Parsons, Wallace and Mrs. Wentworth, who have devoted much valuable time and energy to the work, and Mr. C. D. Piper, who attended to the tremendous amount of detail incident to the purchase and distribution of \$1,700 worth of seed.

Your Committee feels that the results from the point of view of increased food production and a wider appreciation of the value of the home garden will prove of positive value and benefit not only in the troubled times which loom before us, but in the years to come. In view of the present abnormal shortage of foodstuffs, we feel that the work of the Committee should continue during the coming year, and respectfully recommend an appropriation of \$200, to cover necessary expenses.

A statement of the finances for the current year is appended hereto.

Respectfully submitted,

ERNEST H. TRICKEY,

For the Committee.
