TOWN OFFICERS**

TOWN OF STODDARD

NEW HAMPSHIRE

For the fiscal year ending

June 30, 2010

DEDICATIONS

WE DEDICATE THIS TOWN REPORT IN MEMORY OF

DOROTHY "DO" SECCO

1919 – 2008

When Do Secco moved to Stoddard, it was love at first sight. For her, Stoddard had all the best qualities of small town life. She truly enjoyed our lakes and woods and divided her time between them and her own gardens, as they all provided pleasure to her eyes and, through her favorite birds, her ears too. And, as is true perhaps only in small towns, she felt that those in our town had both opportunity and responsibility to help others in our town. Often opinionated and never hesitant to voice her thoughts, Do was always active in town discussions and decisions. Through her involvement in the Ladies' Fellowship and the Stoddard Garden Club, she expressed her happiness with living in this wonderful town.

SARAH "SALLY" DU PONT CAHILL

1929 – 2010

Sally Cahill was loved for her quiet help and care for the folks in town. She could be found placing gifts for the town's children under the Church tree, planning a Christmas Eve buffet gathering followed by a hymn sing at the Church. In warm weather she could be found mowing a lawn or tending to a flower bed.

She especially loved nature and fed apples to her pond's resident beaver. A trip to Upton Pond usually included a glimpse of several deer that lived within shouting distance of the Cahill's peaceful home.

She reveled in planning a surprise, horse drawn gig trip from their home to the Church, one Sunday morning. She and the restorers of the Irish gig, working on this trip, were hard pressed to get the project arranged without George finding out. He was always near her but we pulled it off didn't we, Sally?

SELECTMEN'S ANNUAL REPORT

One of the first of many significant changes of the past year was the hiring of a Compliance Officer, Harry Power. This was a joint effort between the Planning Board and Board of Selectmen. With his knowledge of the statutes and zoning ordinances, and the Town itself, Harry has proved to be a tremendous help to the Selectmen, his first official act being the development of an updated Building Permit.

At the request of several residents and pursuant to statute, the Board appointed an Archival Records Committee. The volunteer committee will pursue documenting existing Town records and their proper storage. Receipt of some grant money is expected to help with the challenge. Additionally, a policy was adopted that makes all Town-related records, including those maintained in private homes, official Town records and property of the Town.

A Loss Prevention Committee was also formally created. This Committee is responsible for conducting a program of health and safety inspections to identify and eliminate unsafe work conditions or practices, control health hazards and ensure full compliance with Safety and Health Standards.

The Board is attempting to craft Job Descriptions for every Town employee and have put 90-day and annual performance reviews into place for all. Personnel files are being maintained for each employee. Any Town employee who might come into contact, through the performance of their duties, with children or the elderly will be subject to a background check.

Through research and obtaining new quotes, the Town realized significant savings on paving Kings Highway, purchasing heating oil for Town buildings, and on website development and hosting. The current website is much more current and informational than ever before and expected to only get better. Companies were researched to provide management of the Transfer Station and requests for bids have been received from four companies. While not yet fully evaluated, it is evident there will be significant savings to the Town over recent years past. We are also saving money on development and printing of this 2010 Annual Report!

In November 2009 our administrative assistant, Evelyn Nadeau, resigned leaving us with a significant gap to fill. As we searched for a replacement we met, mostly by chance, our present interim administrator, Jim Coffey, who agreed to assist us. Jim came to us with years of experience in municipal business administration as well as serving on his own Town's Board of Selectmen and Chair of the Board of Directors of the Southwest Regional Planning Commission. We soon realized that having an experienced Town Administrator could benefit the Town by bringing an increased level of local government skills to the Selectmen and residents and allowing for improved handling of day-to-day affairs on a more immediate basis.

Since January 2010 when we began this arrangement, the office hours have been increased to include Monday from 1:00 PM to 6:00 PM and the actual hours for Wednesday and Friday have not been diminished. The door is unlocked and service is provided to the public whenever the office is staffed. The only exception is late evenings/nights when our treasurer or assessor is there working alone.

Since January, we have developed an improved method of protecting our data/computer records, created a basic disaster restoration plan, and a simple network at Town Hall to improve efficiency. We have installed a tax collection billing system to replace the existing manual collection method. Both Ellen Mason and Helen Wheeler have received initial training and the system is installed and will be fully operational for our mid-2010 tax billing. This system will save considerable time for the tax collector and the Town office staff. It will do, in seconds, reports that often took a week or more to complete, specifically the MS-61, tax collector's report, and the MS-1, report of taxable property used for setting the tax rate. These are complex forms that all towns and cities must complete for the NH Department of Revenue Administration. While setting the system up, we found nearly \$576,000 in untaxed property for the Granite Lake Village District owned by PSNH. This system will result in greatly reduced opportunity for errors and provide greater financial accountability between the tax collector, treasurer and the Selectmen's office.

Planned for implementation on July 1, 2010 is an accounting system designed for local governments that will also provide for significant improvement in financial reporting and lead to improved management of expenditures and revenues, along with significant assistance for budgeting.

We feel that a great deal has been accomplished this past year and are eager to continue making such positive progress. Integral to that goal, we hope that the Town will vote to create the position of Town Administrator so that our relationship with Jim Coffey can continue. The ability to delegate some responsibilities to him has been invaluable.

Finally, we wish to thank all the Town's volunteers, those that contribute so much in so many ways to the Town. We have many, and the Town is so much better for them.

PLANNING BOARD REPORT

The Planning Board has met on a regular basis throughout the year; first Tuesday for regular business, and third Tuesday for a work session. Those of you who read these reports know that there was quite a bit of unfinished business, and this board has tried to complete some of it.

Regular business dealt with was a minor subdivision on Whitney Road, a minor subdivision on North Shore Road at Granite Lake, and a lot line adjustment on Whitney Road.

The Board has discussed ways to engage the residents in future planning for the town. On the recommendation of Bob Fee, Joni Doherty from Franklin Pierce University was invited to give a presentation on Deliberative Democracy. The board is investigating the possibility of getting a grant for this project so we can bring it to the community. Terry McMahan prepared a handout to be given to new board members, to acquaint them with how the board functions, and with simple rules of decorum.

Projects completed during the year were: Established Rules and Procedures for the Planning Board, researched and established a small newsletter with reports from town boards and committees, (one issue so far), update of the Site Plan Review Regulations. The board also has re-written three ordinances which will be presented to the voters; the National Flood Insurance Program, Sexually Oriented Businesses, and the Lighting Ordinance, (Dark Sky).

Next on the agenda is a review of the Subdivision Regulations. There are state mandated rules that need to be incorporated in our regulations, as well as updates. The Community Planning Ordinance also needs updating.

As always, we encourage town residents to participate with the idea on how to make Stoddard a better town to live in. Attend the public hearings, and voice your opinion and/or your concerns.

It has been my privilege to serve as the chair person this year, and I thank my colleagues on the board: Bob Fee, Bev Gay, Terry McMahan, George Preston, and Dale Smith for their input. Alternates Harry Power, and Margo Santoro participated when needed. Patricia Putnam, secretary and Selectmen's Representative, Sandy Holland, kept us all in line.

Chair, Planning Board

PROPOSED OUTDOOR LIGHTING ORDINANCE

I. SCOPE:

This ordinance applies to all new lighting fixtures on any property.

II. PURPOSE:

The intent of this ordinance is to maintain the rural character of the Town of Stoddard in part, by preserving the visibility of nighttime skies, and to minimize the impact of artificial lighting on nocturnal wildlife. This ordinance recognizes the importance of lighting for safety and security while encouraging energy conservation, and promotes good neighborly relations by preventing outdoor light glare from intruding on nearby properties or posing a hazard to pedestrians or drivers.

III. PROVISIONS:

1. Outdoor floodlights and spotlights must be:

a. Shielded so that they do not shine above the horizontal.

b. Aimed so that they do not trespass into a neighbor's yard or onto public ways.

2. To prevent glare of unnecessary light on bodies of water in town: Night lighting on waterfront properties would be allowed for safety reasons only. When the dock is not in active use, lights will be turned off to avoid reflection from the water.

IV. EXEMPTIONS:

1. Temporary logging, construction operations or landscaping work occurring on/or near residential properties between 5 AM and 9 PM are exempted from the provisions of this ordinance.

2. Seasonal/decorative lighting displays, using low wattage bulbs, are exempted from this ordinance.

PROPOSED SEXUALLY ORIENTED BUSINESS ORDINANCE

SCOPE:

This ordinance is designed to address a sexually oriented business and regulate its operation in the Town of Stoddard.

WHAT THIS ORDINANCE REGULATES:

Any business in Stoddard that stores, sells or trades adult material not suited for minors under the age of 18. Any business that offers adult themed services, such as an Adult Cabaret, Adult arcade, Nightclub or a Commercial establishment that allows adults to show nudity for the purpose of entertainment. The applicant is responsible for reviewing RSA 571-B to understand the definitions of terms used in this ordinance.

WHAT THIS ORDINANCE DOES NOT REGULATE:

Any private function, event or gathering held on private property or building as long as it falls under the guidelines of New Hampshire state law RSA Chapter 571-B, section 571-B:1 to protect minors from exposure to adult materials.

BASIC REGULATIONS:

1. A sexually oriented business shall not operate within a one (1) mile radius of an existing school, church, licensed day care center, playground, library or within One Thousand (1000) feet of an existing residence.
2. Sexually oriented materials and services shall not be displayed in public in a manner in which minors may be exposed to their content.
3. Signs advertising a sexually oriented business shall not use vulgar symbols or vulgar language that depicts sexual acts or products. Images depicting sexual acts and/or positions shall also be prohibited. This includes silhouettes that depict humans posing nude.
4. Businesses that exclusively sell adult material, products or services shall have an entrance area to allow verification of age before entrance to the area where the material or services are presented. This area is to be void of advertising and images depicting the services and/or products. Products and services shall not be visible from this entrance area.
5. All businesses that sell adult materials and services shall be open to inspection at anytime during business operation to ensure compliance of this ordinance by a municipal authority of the State of New Hampshire.
6. Signs and advertising shall fall within the current Community Planning Ordinances (Zoning) regardless of location.

***TOWN OF STODDARD, NEW HAMPSHIRE
FLOODPLAIN MANAGEMENT ORDINANCE***

SECTION

- I. PURPOSE
- II. ESTABLISHMENT
- III. PERMITS
- IV. CONSTRUCTION REQUIREMENTS
- V. WATER AND SEWER SYSTEMS
- VI. CERTIFICATION
- VII. OTHER PERMITS
- VIII. WATERCOURSES
- IX. SPECIAL FLOOD HAZARD AREAS
- X. VARIANCES AND APPEALS
- XI. DEFINITIONS
- XII. SEVERABILITY
- XIII. ENFORCEMENT

SECTION I - PURPOSE

Certain areas of the Town of Stoddard, New Hampshire are subject to periodic flooding, causing serious damage to properties within these areas. Relief is available in the form of flood insurance as authorized by the National Flood Insurance Act of 1968. Therefore, the Town of Stoddard, New Hampshire has chosen to become a participating community in the National Flood Insurance Program, and agrees to comply with the requirements of the National Flood Insurance Act of 1968 (P.L. 90-488, as amended) as detailed in this Floodplain Management Ordinance.

This ordinance establishes a permit system and review procedure for the development activities in the designated flood hazard areas of the Town of Stoddard, New Hampshire.

SECTION II - ESTABLISHMENT

This ordinance, adopted pursuant to the authority of RSA 674:16, shall be known as the Town of Stoddard, New Hampshire Floodplain Management Ordinance. The regulations in this ordinance shall overlay and supplement the regulations in the Town of Stoddard, NH Zoning Ordinance, and shall be considered part of the Zoning Ordinance for purposes of administration and appeals under state law. If any provision of this ordinance differs or appears to conflict with any provision of the Zoning Ordinance or other ordinance or regulation, the provision imposing the greater restriction or more stringent standard shall be controlling.

The following regulations in this ordinance shall apply to all lands designated as special flood hazard areas by the Federal Emergency Management Agency (FEMA) in its "Flood Insurance Study for the County of Cheshire, N.H." May 23, 2006 as amended, together with the associated Flood Insurance Rate Maps dated May 23, 2006_or as amended, which are declared to be a part of this ordinance and are hereby incorporated by reference.

SECTION III - PERMITS

All proposed development in any special flood hazard area shall require a permit.

SECTION IV - CONSTRUCTION REQUIREMENTS

The Selectmen or their designee shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is located in a special flood hazard area, all new construction or substantial improvements shall:

- a. be designed (or modified) and adequately anchored to prevent floatation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy,
- b. be constructed with materials resistant to flood damage,
- c. be constructed by methods and practices that minimize flood damages,
- d. be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment, and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

SECTION V - WATER AND SEWER SYSTEMS

Where new or replacement water and sewer systems (including on-site systems) are proposed in a special flood hazard area the applicant shall provide Selectmen with assurance that these systems will be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and on-site waste disposal systems will be located to avoid impairment to them or contamination from them during periods of flooding.

SECTION VI - CERTIFICATION

For all new or substantially improved structures located in special flood hazard areas, the applicant shall furnish the following information to the Selectmen:

- a. the as-built elevation (in relation to NGVD) of the lowest floor (including basement) and include whether or not such structures contain a basement.
- b. if the structure has been flood proofed, the as-built elevation (in relation to NGVD) to which the structure was flood proofed.
- c. any certification of flood proofing.

The Board of Selectmen shall maintain the aforementioned information for public inspection, and shall furnish such information upon request.

SECTION VII - OTHER PERMITS

The Board of Selectmen shall not grant a building permit until the applicant certifies that all necessary permits have been received from those governmental agencies from which approval is required by federal or state law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U. S. C. 1334.

SECTION VIII - WATERCOURSES

1. In riverine situations, prior to the alteration or relocation of a watercourse the applicant for such authorization shall notify the Wetlands Bureau of the New Hampshire Department of Environmental Services and submit copies of such notification to the Board of Selectmen, in addition to the copies required by the RSA 482-A: 3. Further, the applicant shall be required to submit copies of said notification to those adjacent communities as determined by the Board of Selectmen, including notice of all scheduled hearings before the Wetlands Bureau.
2. The applicant shall submit to the Board of Selectmen certification provided by a registered professional engineer, assuring that the flood carrying capacity of an altered or relocated watercourse can and will be maintained.
3. The Board of Selectmen shall obtain, review, and reasonably utilize any floodway data available from Federal, State, or other sources as criteria for requiring that all development located in Zone A meet the following floodway requirement:

"No encroachments, including fill, new construction, substantial improvements, and other development are allowed within the floodway that would result in any increase in flood levels within the community during the base flood discharge."

SECTION IX - SPECIAL FLOOD HAZARD AREAS

1. In special flood hazard areas the Board of Selectmen shall obtain, review and reasonable utilize any 100-year flood elevation data available from an federal, state or other source including data submitted for development proposals submitted to the community (i.e. subdivisions, site plan approvals).
2. The Board of Selectmen's 100-year flood elevation determination will be used as criteria for requiring in Zone A that:

a. All new construction or substantial improvement of residential structures must have the lowest floor (including basement) elevated to or above the 100-year flood elevation.

b. All new construction or substantial improvements of non-residential structures must have the lowest floor (including basement) elevated to or above the 100-year flood level; or together with attendant utility and sanitary facilities, shall:

(i) be flood proofed so that below the 100-year flood elevation the structure is watertight with walls substantially impermeable to the passage of water;

(ii) have structural components capable of resisting hydrostatic and hydrodynamic loads and the effects of buoyancy; and

(iii) be certified by a registered professional engineer or architect that the design and methods of construction are in accordance with accepted standards of practice for meeting the provisions of this section.

c. All manufactured homes to be placed or substantially improved within special flood hazard areas shall be elevated on a permanent foundation such that the lowest floor of the manufactured home is at or above the base flood level; and be securely anchored to resist floatation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors.

d. All recreational vehicles placed on sites within Zone A shall either:

(i) be on the site for fewer than 180 consecutive days;

(ii) be fully licensed and ready for highway use; or

(iii) meet all standards of Section III of this ordinance and the elevation and anchoring requirements for "manufactured homes" in Section IX (2) (c) of this ordinance.

A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.

e. For all new construction and substantial improvements, fully enclosed areas below the lowest floor that are subject to flooding are permitted provided they meet the following requirements:

- (i) the enclosed area is unfinished or flood resistant, usable solely for the parking of vehicles, building access or storage;
- (ii) the area is not a basement;
- (iii) shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwater. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be no higher than one foot above grade. Openings may be equipped with screens, louvers, or other coverings or devices provided that they permit the automatic entry and exit of floodwater.

SECTION X - VARIANCES AND APPEALS

1. Any order, requirement, decision or determination of the Board of Selectmen made under this ordinance may be appealed to the Zoning Board of Adjustment as set forth in RSA 676:5.
2. If the applicant, upon appeal, requests a variance as authorized by RSA 674:33, I (b), the applicant shall have the burden of showing in addition to the usual variance standards under state law that:
 - a. the variance will not result in increased flood heights, additional threats to public safety, or extraordinary public expense.
 - b. if the requested variance is for activity within a designated regulatory floodway, no increase in flood levels during the base flood discharge will result.
 - c. the variance is the minimum necessary, considering the flood hazard, to afford relief.
3. The Zoning Board of Adjustment shall notify the applicant in writing that:
 - a. the issuance of a variance to construct below the base flood level will result in increased premium rates for flood insurance up to amounts as high as \$25 for

\$100 of insurance coverage; and

- b. such construction below the base flood level increases risks to life and property.

Such notification shall be maintained with a record of all variance actions.

4. The community shall:

- a. maintain a record of all variance actions, including their justification for their issuance, and
- b. report such variances issued in its annual or biennial report submitted to FEMA's Federal Insurance Administrator.

SECTION XI - DEFINITIONS

The following definitions shall apply only to this Floodplain Management Ordinance, and shall not be affected by the provisions of any other ordinance of the Town of Stoddard, New Hampshire.

1. "Area of Special Flood Hazard" is the land in the floodplain within the Town of Stoddard subject to a one-percent or greater possibility of flooding in any given year. The area is designated as Zone A on the FIRM.
2. "Base Flood" means the flood having an one-percent possibility of being equaled or exceeded in any given year.
3. "Basement" means any area of a building having its floor subgrade on all sides.
4. "Building" - see "structure".
5. "Development" means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavating or drilling operation or storage of equipment or materials.
6. "FEMA " means the Federal Emergency Management Agency.

7. "Flood" or "Flooding" means a general and temporary condition of partial or complete inundation of normally dry land areas from:
 - a. the overflow of inland or tidal waters, or
 - b. the unusual and rapid accumulation or runoff of surface waters from any source.
8. "Flood Insurance Rate Map" (FIRM) means an official map of a community on which the Administrator has delineated both the special hazard areas and the risk premium zones applicable to the community.
9. "Flood Insurance Study" (FIS) means an examination, evaluation, and determination of flood hazards and if appropriate, corresponding water surface elevations, or an examination and determination of mudslide or flood - related erosion hazards.
10. "Floodplain" or "Flood-prone area" means any land area susceptible to being inundated by water from any source (see definition of "Flooding").
11. "Flood proofing" means any combination of structural and non-structural additions, changes, or adjustments to structures that reduce or eliminate flood damage to real estate or improved real property, water and sanitation facilities, structures and their contents.
12. "Floodway" - see "Regulatory Floodway".
13. "Functionally dependent use" means a use that cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking and port facilities that are necessary for the loading/unloading of cargo or passengers, and ship building/repair facilities but does not include long-term storage or related manufacturing facilities.
14. "Highest adjacent grade" means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.
15. "Historic Structure" means any structure that is:
 - a. listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;
 - b. certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;

- c. individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or
- d. individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:
 - (i) by an approved state program as determined by the Secretary of the Interior, or
 - (ii) directly by the Secretary of the Interior in states without approved programs.

"Lowest Floor" means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided, that such an enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of this ordinance.

16. "Manufactured Home" means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. For floodplain management purposes the term "manufactured home" includes park trailers, travel trailers, and other similar vehicles placed on site for greater than 180 consecutive days. This includes manufactured homes located in a manufactured home park or subdivision.

17. "Manufactured Home Park or Subdivision" means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

18. "Mean sea level" means the National Geodetic Vertical Datum (NGVD) of 1929, North American Vertical Datum (NAVD) of 1988, or other datum to which base flood elevations shown on a community's Flood Insurance Rate Maps are referenced.

19. "New construction" means, for the purposes of determining insurance rates, structures for which the "start of construction" commenced on or after the effective date of an initial FIRM or after December 31, 1974, whichever is later, and includes any subsequent improvements to such structures. For floodplain management purposes, *new construction* means structures for which the *start of construction* commenced on or after the effective date of a floodplain management regulation adopted by a community and includes any subsequent improvements to such structures.

20. "100-year flood" - see "base flood"

21. "Recreational Vehicle" is defined as:

- a. built on a single chassis;
- b. 400 square feet or less when measured at the largest horizontal projection;
- c. designed to be self-propelled or permanently towable by a light duty truck; and
- d. designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel or seasonal use.

22. "Regulatory floodway" means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height.

23. "Special flood hazard area" - see "Area of Special Flood Hazard"

24. "Structure" means for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank that is principally above ground, as well as a manufactured home.

25. "Start of Construction" includes substantial improvements, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or part of the main structure.
26. "Substantial damage" means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.
27. "Substantial Improvement" means any combination of repairs, reconstruction, alteration, or improvements to a structure in which the cumulative cost equals or exceeds fifty percent of the market value of the structure. The market value of the structure should equal:
- a. the appraised value prior to the start of the initial repair or improvement, or
 - b. in the case of damage, the value of the structure prior to the damage occurring.
- For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. This term includes structures that have incurred substantial damage, regardless of actual repair work performed. The term does not, however, include any project for improvement of a structure required to comply with existing health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or any alteration of a "historic structure", provided that the alteration will not preclude the structure's continued designation as a "historic structure".
28. "Violation" means the failure of a structure or other development to be fully compliant with the community's flood plain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required under Section VI, Section IX (2)(b), Section VIII (3)(4), or Section X (1)(2)(3) of this ordinance is presumed to be in violation until such time as that documentation is provided.

29. "Water surface elevation" means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929, North American Vertical Datum (NAVD) of 1988, or other datum, where specified, of floods of various magnitudes and frequencies in the floodplains.

SECTION XII - SEVERABILITY

The invalidity of any section or provision of this Ordinance shall not invalidate any other section or provision thereof.

XIII SECTION - ENFORCEMENT

It shall be the duty of the Board of Selectmen (or their designee) to enforce and administer the provisions of this Ordinance in accordance with RSA 676.

POLICE DEPARTMENT REPORT

2009 has brought a new member to our department. We would like to start by welcoming our new police officer, Dominic Busto. Dominic previously was a full time Police Officer in Connecticut. In the past year Dominic has underwent a state physical test followed by two hundred hours of Para Military training at the Police Academy located in Concord. This is a fourteen week commitment that consists of nights and weekends. We are very fortunate and grateful for Dominic's persistence and hard work at completing these requirements. Dominic will be working very hard protecting the safety of our community. Welcome Dominic!

We have also welcomed a new administrative assistant, Frannie Ashworth, to the department. She helps with computer work and paperwork to help reduce the time that police officers spend on administrative tasks. This frees up our time so that we are able to spend more time working on patrol and doing investigative work.

We would like to remind citizens that the Animal Control officer is Tom Chagnon. Tom's effort is much appreciated by this department. Please contact Tom with any animal control issues that arise. Animal Control can be contacted through our dispatch center at (603) 355-2000. Should Tom not be available, the call will be passed on to this Department.

The majority of our Calls for Service were due to accidents. Many things factor in these accidents, speed being the main factor. We will be aggressively increasing traffic patrols on Route 123 to ensure our community's safety. Vehicles' adhering to speed limits and a safe minded public is always a priority to this department. With the beautiful weather that has arrived, there will be many more walkers present on our roadways.

In addition to the accidents, domestic violence and theft have been on the rise. During the past year there have been four arrests. Two of these involved Driving While Intoxicated (DWI) and two involved domestic violence. We are pursuing more criminal cases than before and doing much more investigative work due to the lack of state funds available to the State Police.

Over the last several years we have requested that each homeowner assure that their house is identified with the lot number. Having a house identified is very important in providing a quick response to an issue. If you have not yet identified your property with numbers that are at least three inches high in a clear available location please do so in order to locate you if an emergency arises.

This station would like to thank the town's people for their continued support and assistance during the past year. If there is ever an emergency, please call 911 immediately. You can also contact our dispatch service directly by calling (603) 355-2000. For any non-emergency issues please call the Stoddard Police Department at (603) 446-3597. If needed, the answering machine will take your message and we will return your phone call as soon as possible.

Respectfully Submitted,
David Vaillancourt, Constable/Police Chief

STODDARD FIRE AND RESCUE REPORT

The department call volume for January to December: we responded to 30 fire, 50 medical, 19 motor vehicle accidents, and 7 mutual aid calls.

As many of you are aware, our town has experienced some major weather events in recent years, like the floods of 2005 and ice storm of 2008. We experienced heavy rains in June and July of 2009. One of these storms caused the water level to rise creating strong moving currents near the Highland Lake Dam that pulled one of our residents into the spillway. Our department personnel responded to this dangerous situation and was able to pull the resident safely from the dam. When the water level is high we recommend that all people and watercraft vehicle maintain a safe distance away from the dam. The unusual weather has pushed and tested our personnel and they have demonstrated their abilities to proficiently and professionally respond to an emergency. We would also like to thank our members for their continued commitment that they give to the fire & rescue department and community.

The FCC made a ruling for radio frequencies to be utilized in "Narrow Band", and for the Public Safety sector by January 1, 2013. The FCC is running out of frequencies to license. Narrow Band doubles the number of frequencies. Starting January 1, 2012 Southwestern Fire Mutual Aid will comply with the FCC ruling and begin the changeover to Narrow Band. This project will take about 1 year to have the entire Fire Mutual Aid System changed before January 1, 2013. This means that we need to replace six (6) portable and six (6) mobile radios by 2012 for reprogramming. We have started purchasing replacement monitors, portables and mobile radios from our budget and next year we will have to ask for funding to replace the balance of the equipment in the 2011/2012 budget.

New members are Jennifer & Alan Merrill to the department. Alan is an Emergency Medical Technician & Jen is a Fire Fighter Level 1. Jen & Alan are also members of the Peterborough Fire & Ambulance Department.

Most of all we would like to thank Mill Village Country Store, Land Contactors, Any Time Auto and Jean & Lewis Clark for their support throughout the year.

Respectfully submitted,

Chief P.J. Lamothe

Fire Captain Brian Michaud

Fire Lieutenant Donnie Holland

Deputy Chief Randy Weaver

Rescue Captain Margo Santoro

FOREST FIRE WARDEN REPORT

We responded to about 4-5 brush type fires both mutual aid and at home. We wrote out quite a few permits for camp fires and brush burning. We have made quite a few improvements with some of the seasonal fire pits last year. Please know that the law requires all burning a minimum of 25' to 50' from a structure if possible. As we are handing out permits we are continuing to improve on all camp fires. As you know the law requires everyone to obtain a written fire permit as soon as the snow starts to melt away and bare ground shows. Still we are having problems with non-permit fires. Please be advised that it is unlawful to burn without a proper fire permit. Remember if you can see the flame you need to obtain a written permit. No fires of any kind are allowed on decks or porches. All fire pits have to be on the ground.

We are asking this year for the residents of the town to give consideration to purchasing a new brush truck and trailer. We are encountering several problems with the existing one. Fuel leaks, truck not starting during winter months, equipment out in all types of weather, are just some of the problems. This vehicle is more than just a brush truck; it carries all of your ice rescue equipment, fourwheeler and trailer for moving equipment into the wilderness and also for lost persons in the woods. This truck is a very vital piece of equipment and responds to almost every call. It was used to transport fuel, generators, food, and essentials for the town's people during the disasters we encountered. It responded to numerous calls for carbon monoxide and chimney fires during the events.

I want to thank everyone for being responsible with their fires and making sure they are well attended and totally put out when the permit requires. By everyone being conscientious of their surroundings it makes it safe for all and protects our environment. Remember, we live in a highly wooded area where people enjoy hunting, fishing, and walks on the trails that are provided by land owners. We enjoy watching the habitat that live in the woods.

Remember only you can prevent forest fires.

Respectfully,

Joseph Sarcione
Forest Fire Warden

STATE FOREST FIRE WARDEN REPORT

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdf.org.

Spring fire season was unusually short this past year, with wet weather beginning the third week in April and lasting virtually all summer long. Consequently both the number of fires and the number of acres burned were below the last five year average. Due to state budget constraints, the staffing of our statewide system of 16 fire lookout towers was limited to class III or higher fire danger days. Despite the reduction in the number of days staffed, our fire lookout towers are credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. The towers fire spotting capability was supplemented this year by contracted aircraft and the Civil Air Patrol when fire danger was especially high. Surprisingly the largest single fire this year occurred in late November during an unusual dry spell, in the northern Coos County town of Clarksville. This fire burned 17.1 acres and is presumed to have been caused by a careless hunter. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2009 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

STODDARD BUILDING COMMITTEE REPORT

The nine-member Building Committee established in September 2008 was charged with a monumental task: to determine the cost of maintenance, construction . . . and/or reconstruction of Stoddard's public buildings.

The land surveying that was recently completed in 2009 on the fire station, old fire station, police building, town library and the Gould House answered the question, "What can be planned for those structures when considering any future expansions?"

The Committee has discussed many times the priority for each municipal unit. Town Offices for the Town Clerk, Selectmen, and shared space for the Tax Collector & Treasurer were assigned **Priority #1**. The library and police building were given **Priority #2 & #3**. Both the library and the police building have adequate land mass for expansion. The consensus from a library trustee, who has heard from the public who frequent the building, as well as the majority of the Building Committee, is: the present location is the ideal spot. Our Police Chief, who is also a committee member, states that, when a future addition is planned to the department facility, it should double the building size. The Town Clerk, Tax Collector, Treasurer and our Police Chief were all interviewed as to what they need regarding their work space and storage.

At the May 2010 Town Meeting, there will be four options to consider, each with recommendations by the Building Committee. There will be a chart up front that will show the tax impact on each option, i.e. cost per thousand. Please keep in mind that the cost per thousand does not represent the total Town of Stoddard tax increase anticipated. The school increase is up \$1.13 per thousand (per the SAU). The County tax is projected to increase from \$806,950 paid last year to \$855,675 this year; this is almost a \$49,000 increase or 6%. And, of course, depending upon what warrant articles pass at town meeting, the true tax rate set by the Department of Revenue Administration will be set from that result.

In closing, the Building Committee meets nearly every Thursday evening and has clocked in well over **400** man hours! We have met with architects, structural engineers, and design/build companies and have hammered out the cost for the options. Dick Briere, our Chairman, has done a phenomenal job keeping the Committee running smoothly and has put in many more hours than just the Thursday meetings. Each member of the Committee has been a pleasure to work with and has contributed freely of their time and expertise. Yes, sometimes we don't all agree, but that 's why we have nine members for diversity and not just three.

DAVIS PUBLIC LIBRARY REPORT

Our little Library is growing in leaps and bounds, limited only by its walls. The collection is continuing to grow and is current and attractive. In just a few years we have expanded the hours from four each week to up to seventeen now. In 2009, 2125 patrons visited the Library and checked out 2167 books and 289 movies. At least 567 patrons used the Library computers and an untold number used their laptops both inside and outside the building, thanks to our wireless service, available at all hours. In our collection are 1659 adult books, 3039 children books, 240 videos, 176 children videos and 91 audio books. Since our Library participates in the NH Inter-Library Loan (ILL) program, our patrons are also able to borrow a great variety of books from other libraries.

We welcomed Kelly Taylor who joined our staff as Director in September. She brings significant experience in computer skills, resiliency, and humor and has attended a number of workshops to learn more about her job. Her goals this year include obtaining a higher quality of literature and non-fiction, increasing library use by readers 5 to 20 years of age, and cataloging the collection.

The Trustees have also attended some well organized workshops and meetings. Among other things, we have concentrated on compiling a book of Policies to guide the operation of the Library and have identified some valuable resources for support.

The Summer Reading Program continues to be successful in gathering in the children and enticing them to read. Tuesday morning story times and ice cream socials help our younger readers to know how important they are to us. Last spring we were awarded a generous grant of 125 wonderful books from the Children's Literacy Foundation (CLiF) whose director came to James Faulkner School and educated and entertained the school children in a lively presentation about the joys of reading. Participation in the Olde Home Days parade has been a big hit for young Library fans.

Our monthly adult Book Club is an informal group of book lovers who enjoy sharing their thoughts on reading and is open to all. We utilize selections from the NH State Library Book Bag program and can access the ILL system so participants do not need to purchase the books.

The Friends of the Library, about two years old now, is a small and dedicated corps of volunteers who are our fund-raising arm. Soon after they began, a gracious volunteer completed the comprehensive and exhaustive application and the group attained a 501(c)(3) non-profit status which has enabled the Friends to support the Library on a more comprehensive level. They have taken over the yearly book sale and had a second very successful fall rummage sale, an opportunity for Stoddard residents to share their unneeded treasures. In March they hosted a well attended event with NH author, Ernie Hebert, who spoke of his process in writing *The Dogs of March* and Halloween visitors were spooked by Friends distributing goodies. The Friends purchased and erected a screen house at the rear of the Library driveway last summer, which will return this spring, repaired from damage from a fallen tree. The group donates at least two books monthly and they have provided the Library with a number of interesting Museum passes and handy bookmarks. We are fortunate for their faithful support and very grateful that they have chosen to serve the Town of Stoddard in this way.

DAVIS PUBLIC LIBRARY REPORT continued

The many opportunities for media use have made it easy to communicate the various activities of the Library. Dates continue to be listed on the monthly printed calendars as well as on the Stoddard website and Library blog (davispubliclibrary.blogspot.com).

None of this would be possible without the continuing generous support from the Town of Stoddard, the dedicated staff, and faithful donors. In addition to grant-writing and fund-raising, our amazing volunteers have cut down trees, removed brush, laid down pavers, hammered, installed, carded, typed, covered, labeled, read, called, checked-out and in, encouraged, recruited, delivered, typed, proofed, baked, stamped, researched and investigated, folded, gathered, knitted, counted, sorted, sold, set-up and cleaned-up, hauled and stored. We are fortunate and grateful to have such strong community involvement and support.

Marcia Kayser, Trustee Chair

CONSERVATION COMMISSION REPORT

This past year, the conservation commission welcomed two new members: Scott Semmens, a science teacher with the Hopkinton high school, who brings GIS/GPS mapping and wildlife tracking skills to the board and Paul Crosby, the forest/property manager for Andorra Forest. Paul has extensive experience as a north-country logger and forester with the UNH Cooperative Extension Service.

While regular meetings have been sparse over the past year, with the addition of two new and enthusiastic members, meetings will be more regular as we undertake the task of conducting a natural resource inventory of the town's natural resources. Chairman Geoff Jones was nominated to serve on the board of directors for the New Hampshire Association of Conservation Commissions. He represents NHACC on the New Hampshire Forest Sustainability Standards Work Team that is responsible for producing the 2nd edition of "Good Forestry in the Granite State".

The Stoddard Conservation meets on the third Thursday of the month at 7 pm, Town Hall. In October, the meeting day will be changed to the first Thursday of the month, in order to accommodate the schedules on new commission members busy schedules.

If folks have issues that need to be brought before the Conservation Commission they can contact the chair, Geoffrey Jones at 446-3439 or write to PO Box 336, Stoddard, NH, or via e-mail: geoffreytjones@gmail.com.

ZONING BOARD REPORT

This year, a long-standing and valued member of our Zoning Board, Sandy Sherman, retired from the board. She has served on the board since 1997, and we "Thank" her for the many years she has shared with us. A new member has joined our board:

Maureen Meyer. Welcome to the board, Maureen!

With the economy in a tailspin ~ building has been significantly lessened compared to the early years of 2000. Applications for variances/special exceptions have also slowed down. The Shoreland Protection Act, which governs development along NH shorelands and the waterfront buffer that protects our waters, greatly affects us here in Stoddard.

WATERFRONT RESTRICTIONS: Development near the water has its own special set of limitations: a buffer zone of 50 ft. from the edge of the high water mark shall be left undisturbed to prevent siltation into the waterway. There are other restrictions that apply to waterfront buildings or decks, porches and alterations to those buildings, so please be familiar with those restrictions **BEFORE PLANNING ADDITIONS** whether they are new or pre-existing zoning. Being "Grandfathered" does not mean you are exempt, but instead, that you may need a variance **BEFORE** proceeding with any alterations within the 25 ft side line or within the 50 ft setbacks from water. A **STATE SHORELAND PERMIT** is required for many constructions, excavating or filling activities within the protected waterfront buffer. If a state permit is required, please obtain that permit before applying to the Zoning Board.

For more information, visit the DES Shoreland website: www.des.nh.gov/espa

FYI: In the Town of Stoddard, a building needs to be set back 25 feet from its lot lines. This application to not only the interior living space of the building, but also the porches, additions, decks, garages, etc. A utility shed that is **LESS THAN 100 sq. ft.** can be located as close as 15 feet from a lot line. Utility sheds, garages or other storage buildings over 100 sq. ft. need to be a minimum of 25 feet from any lot line.

COMPLIANCE OFFICER REPORT

In August 2009, I was hired by the Board of Selectmen to be the Stoddard Compliance Officer.

The first order of business was to establish a flow sequence for issuance of Building Permits and written complaints from citizens regarding zoning and any claimed violations.

Building permit applications can be obtained online or at the Selectmen's office. Once you complete the Building Permit, leave it at the Selectmen's office and they will then contact me. I will call the applicant and set up a mutually convenient time for the site visit. If all is found to be in compliance, I will return the stamped permit to the Selectmen's office for their signature.

Any complaints or concerns by the public, the Planning Board or the Zoning Board of Adjustment must be in writing addressed to the Board of Selectmen who will pass that on to the Compliance Officer for investigation.

If you have questions about your project and whether or not you need a Town Permit or a State Permit, feel free to give me a call at 446-7778.

Harry R. Power
Compliance Officer

CAPITAL IMPROVEMENTS PROGRAM

PURPOSE:

The purpose of the Capital Improvements Program (CIP) is to prepare and annually update a six-year projected budget of capital expenses. Capital expense includes construction or purchase of buildings, land, major equipment, and expenses met through bonding or capital reserve funds.

The CIP Committee is further tasked to annually review the Stoddard Master Plan and to make recommendations to the Planning Board and Select Board concerning the implementation of the policies contained in it.

6-YEAR CAPITAL IMPROVEMENTS BUDGET COMMENCING JULY 2010:

The CIP 6-year budget has not yet been incorporated into the annual budget process by town officials, and therefore has not been updated from what was reported in last year's town report.

MASTER PLAN REVIEW:

The CIP Committee has selected the following policies from the Master Plan as being timely for inclusion in the town's planning process:

1. Develop a Comprehensive Future Land Use Plan that expands on the future land use section of this Plan, and adopt the Comprehensive Plan as a component of the Master Plan. *This is the first of the two top-level policies in the Master Plan. It forms the framework for reconciling all other policies.*
2. Implement appropriate growth management tools through the Community Planning Ordinances and Subdivision and Site Plan Review processes. Regularly review, revise and update these Ordinances and Regulations. Review and revise Town fiscal processes (to facilitate data tracking and multi-year comparisons such as building permits). *This is the second of the two top-level policies in the Master Plan. Some review of ordinances has been done, but it lacks coherence and clarity of purpose because no overall plan for growth has been prepared. Some progress in modernizing the town's fiscal processes has been made by the newly established Financial Advisory Committee, and this work should be continued and incorporated into the regular processes of the town.*
3. Provide extra-curricular activities for school children. *This is the third policy listed in the Recreation section of the Master Plan. The town does have some assets suitable for recreation, e.g. the ball field, beaches, town hall and community room, but few programs are developed for their utilization.*

Details on the selection of these policies are to be found in the CIP Committee minutes of March 10, 2009.

CAPITAL IMPROVEMENTS PROGRAM continued

RECOMMENDATIONS:

The CIP Committee makes the following recommendations in the interest of serving the town government process in a more effective manner:

- The selectmen should incorporate the updating of the CIP 6-year budget into their annual budget preparation process.
- The Select Board should establish a formal procedure for coordinating the work of the committees. The CIP Committee believes that the responsibilities listed below will prove effective.
 - Projects are identified by town officers and departments.
 - Cost estimates are prepared by the officers and/or by the Building Committee.
 - Budget projections and comparisons of alternative timing and project selection are processed in conference by the Selectmen and town officers/department heads, with the CIP Committee giving any requested assistance.
 - The Financial Advisory Committee factors in operating & maintenance impacts.
- Select Board should annually set priorities for the work of the committees.

CEMETERY COMMISSION REPORT

2009 - 2010

DOW HILL CEMETERY: (new section) is in good condition with the lovely white gate and nicely blooming Memory trees. The access road is much appreciated by workers and visitors alike.

DOW HILL CEMETERY: (old section) is still a work in progress. However, we were able to upright 59 tipping and damaged headstones at a cost of \$4,720.00. We will continue our work to improve the cemetery grounds with a thorough mowing, weedwacking and raking. We will also cut and prune overhanging and winter damaged trees along the cemetery walls. We are awaiting the expertise of the New Hampshire State Archeologist, Dick Boesvert. With his assistance, we will proceed in a proper and legal manner regarding the irregular terrain and standing water found in the oldest burial area, located in the lower east area of the cemetery.

ROBB CEMETERY: is in good condition.

STEVENS CEMETERY: is in good condition and appears serene with its three white gates shining in the sunshine, after having 87 tipping headstones uprighted at a cost of \$6,960.00. However, this cemetery has been the victim of two episodes of vandalism, first noted after Halloween in October 2009 and most recently, a second noted in April 2010 where 4 headstones were damaged. This is a sad sign of disrespect.

I would like to thank our cemetery caretaker, David Young, for his diligent work during the spring and summer of 2009, with its constant rains, which proved a challenge to keep the grounds mown. Thanks again, David, for a job well done.

To my committee - this has been a year of learning for me, but I am always willing to learn from knowledgeable teachers. To Beverly Power - thank you for all your fine work over the past 15 years as chairman of the Stoddard Cemetery Commission - you are missed!

Respectfully,
MaryLou Stymest, Chairman

HEALTHCARE, HOSPICE AND COMMUNITY SERVICES

Report to the Town of

STODDARD

2009

Annual Report

In 2009, Home Healthcare, Hospice and Community Services (HCS) continued to provide home care and community services to the residents of Stoddard. The following information represents activities in your community during the past twelve months.

Service Report

<i>Services Offered</i>	<i>Services Provided</i>
Nursing	84 visits
Physical Therapy	55 visits
Occupational Therapy	27 visits
Home Health Aide	9 visits
Chronic Care	4 hours
Health Promotion Clinics	12 hours

Prenatal and well child care, hospice services and regularly scheduled "Nurse Is In" clinics are available to residents. Town funding partially supports these services.

Financial Report

The actual cost of all services provided in 2009 with all funding sources is projected to be \$27,856.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town.

For 2010, we request an appropriation of \$800.00 to continue to be available for home care services in Stoddard.

Thank you for your consideration.

HIGHLAND LAKE UNIFIED ASSOCIATION

Joseph P. Van Schaick, president

P.O. Box 347

Stoddard, NH 03464

The Highland Lake Unified Association is an environmental association concerned with the health of Highland Lake and it runs a lake host program, performs the water testing and weed watch.

In 2009 the lake hosts examined over 2400 boats and trailers both entering and leaving the lake at two (2) public boat landings in Stoddard. This was for eleven (11) weekends and included nine (9) fishing tournaments.

The weed watch team, mostly in canoes and kayaks and other small boats, covered the coves looking for exotic weeds.

The water testing was conducted by William Bearce and his team. See his report for details.

The Highland Lake Unified Association is preparing for the 2010 boating season on Highland Lake and is seeking additional funding this year.

Federal funding has been eliminated and once again there will be drastic cuts in the funding for the Lake Host Program which makes it virtually impossible to run it without help.

We have two (2) public boat landings which we cover during the summer; over 2400 boats and trailers entering and leaving the lake.

Last year, with the help of Stoddard, road associations, generosity of our members and a raffle we were able to cover the program.

Joseph P. Van Schaick
President

WATER QUALITY ON HIGHLAND LAKE

The first sampling date for 2009 occurred on 7/2 with the Department of Environmental Services yearly visit. Samples collected from Barden Pond Brook, North Inlet, Pickerel Cove, Carr Brook, Rice Brook, Kennedy Brook and Dead Brook for tributary sampling.

The North and South deep spots composite sampled for Chlorophyll-A along with samples at depths specified by the DES. Secchi disk readings at North deep spot was 2.75 meters and South deep spot was 2.85 meters. Weather for this event was rainy and cool. Results from DES show pH average at 6.3, ANC or acid neutralizing capacity taken at deep spots was 2.7 at the north and 2.3 at the south end. Total Phosphorus averaged out to 13ug/l. Dissolved oxygen taken at deep spots and the north end has a thermocline occurring at 4 meters and readings are good at the surface. The south end doesn't have a thermocline so readings are good throughout the water column. Chlorophyll-A samples were taken with results of 3.85 which are good.

The second sampling event occurred on 8/9/09 with good results. The lake level stayed up due to above normal rain. The lake temperature is lower than normal due to high tributary flow in and the cool weather during July. Ecoli samples were taken at the first beach and at the shallow end of the big bay that is used for swimming. Results came back low and no problem for swimming.

The third sampling event occurred on 9/13 with similar results. Overall the lake is in good shape with results of all tests normal for lakes in New Hampshire. Water clarity was a little better than previous years.

We could use a few volunteers for helping with sampling on some of the south end spots and/or driving the samples to Concord.

William Bearce, Chairman
Water Testing

ARCHIVES COMMITTEE REPORT

The Stoddard Board of Selectmen constituted and appointed members to an Archives Committee this past year. The Town Archives Committee is comprised of the Town Clerk, Tax Collector, Treasurer, and four appointed members listed below in accordance with the N.H. Municipal Records Board and governed by N.H. RSA 33-A. The purpose of the committee is to preserve the integrity of the Town's history (its records and vital statistics) for the present and for future generations.

There are a number of issues associated with town records in Stoddard. These are:

- 1) The municipal and historic records of the Town of Stoddard are dispersed throughout the town in various town offices, private homes, the Historical Society, and the Davis Public Library. No one in Town knows the full extent and nature of the archival material that are housed in these various locations, nor the condition of this material.
- 2) As the Town of Stoddard does not have a central repository for all municipal and historic records, there is risk to the integrity and safety of these records in their current locations.
- 3) Stoddard is one of the few towns in the southwestern part of the State not to have a systematic plan to inventory and to archive all town records, nor a secure, central repository for these records.

A scope of work for the Archives Committee has been developed, and preliminary inventorying of records has started. This involves identifying the locations of town records, determining the types and extent of records in existence, and assessing their condition. Towards this end, an application for a "Moose Plate" Conservation Grant as been submitted to the NH State Library to assist Stoddard fund the preservation and digitization of town records. As time permits, the Archives Committee will also work with interested private organizations in Stoddard such as the Historical Society to assist in the inventorying of their records.

Respectfully submitted by the Archives Committee:

Joan Read, Town Clerk
Pat Putnam, Town Treasurer
Ellen Mason, Tax Collector
Arlene DiCorcia
Ed Saleski

Any structure erected for less than 15 days is exempt. Are you in favor of adding the Temporary Structures regulation as proposed by the Planning Board for the Stoddard Community Planning (Zoning) Ordinance?
Recommended by the Stoddard Planning Board

Yes 115

No 280

ART. 12: Sexually Oriented Businesses. The intent of this regulation is to establish reasonable and uniform provisions to regulate the secondary effects of sexually-oriented businesses within the Town of Stoddard in the interests of public health, safety and welfare,

ART 38: To see if the Town will vote to raise and appropriate the sum of \$52,000.00 to accomplish road improvements to the Stoddard roads around Granite Lake as prompted by the Andy Chapman DES report dated October 15, 2007.

The Selectmen recommend this appropriation.

John Halter speaks briefly on his motion. These are 3 very important & expensive articles which were placed on the Warrant as placeholders. Meaning work had not been completed & Selectman had not received a formal budget. By placing them on the Warrant as placeholders and they had been discussed at the Budget hearing we are putting them (Art. 38,41& 42) on the warrant tonight. The reason we are moving them forward to the beginning is that we will be hearing significant amendments that may impact how you vote the rest of the evening and by moving them up front we can see what will be happening quickly and move on to the rest of the business.

No discussion, Motion carries to move Art. 38,41 & 42 to the beginning of the Warrant.

Mrs. Nicoletti moves the article be adopted. John Halter seconded.

AMENDMENT BY Nick Nicoletti makes an amendment to change the article in 2 ways. First to reduce the figure to \$6,000.00 and second to change the wording at the end of the article.

Nick Nicoletti speaks for the first Amendment. In discussion with the project manager who is doing the environmental watershed study, his recommendation presented to the committee is that in order to better prioritize the work that has to be done it is best to have some or the major part of the study treated & have recommendation from the Environmental Service before we come to what will be the Towns share & we (the association) are trying to do this in the most responsible way. Seconded by Terry Mc Mahon. No discussion.

FIRST AMENDMENT IS ADOPTED

SECOND AMENDMENT by Nick Nicoletti to add the wording at the end of the Article **OR** to do temporary erosion control measured along No. Shore Rd, in each case as recommended by the Granite Lake Association. Seconded by Terry McMahan. No discussion.

Motion carries on second amendment.

Article 38: will now read:

To see if the Town will vote to raise and appropriate the sum of \$6,000.00 to accomplish road improvements to the Stoddard roads around Granite Lake as prompted by the Andy Chapman/DES report dated October 15, 2007 or to do temporary erosion control measured along No shore Rd, in each case as recommended by the Granite Lake Association. No discussion..

ARTICLE 38 IS ADOPTED WITH BOTH AMENDMENTS.

ART. 41: To see if the Town will vote to raise and appropriate the sum of \$50,000,00 for renovations to the Nathan Gould house as recommended by the Building Committee and approved by the Selectmen. *A Majority of the Selectmen recommend this appropriation.* Moved by John Halter & seconded by Nick Nicoletti.

AMENDMENT by Dick Briere to lower the amount to \$5,000.00 Seconded by John Halter. Discussion by Dick. The reason for the Amendment is that the Building Committee needs more time to evaluate all the possible alternatives & do the best thing for this property & the

community. The committee needs a little working money for fees on estimates, electrical work & the parking lot. Bob Fee asks if the estimates come back for the Gould House can we have a special town meeting in the future. Moderator states No.

ART. 41: would now read, To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for renovations to the Nathan Gould house as recommended by the Building Committee and approved by the Selectmen.

ART: 41 IS ADOPTED AS AMENDED

ART 42: To see if the Town will vote to raise and appropriate the sum of \$50,000.00 for renovations to the Stoddard Town Hall as recommended by the Selectmen.

A majority of the Selectmen recommend this appropriation.

Motion by John Halter, seconded by Nick Nicoletti . Discussion by Dick Briere stating that he & a contractor crawled under the Town Hall & found some repairs needed. Drainage work, insects & electrical are some of the problems More discussion. Dick would like to make an amendment of \$5,000.00 More discussion. Carol Clark would like to have a new furnace & also Mr. Antak would like to see a qualified engineer come & tell us what would be needed. Dick Brier states in his career he has seen & inspected many old buildings & is very qualified. Carol Clark remarks that being the Town Hall is now on the National Historic Registry the building should be preserved. A plaque will be presented to the Town.

On a standing vote the Amendment fails.

2nd AMENDMENT by Harry Power to read: To see if the Town will raise & appropriate the sum of \$20,000.00 for the renovations to the Stoddard Town Hall as recommended by the Selectmen. Seconded by Beverly Gay. No discussion. On a standing vote 2nd amendment fails

3rd AMENDMENT by Dick Briere to read : To see if the Town will raise & appropriate the sum of \$15,000.00 for the renovations to the Stoddard Town Hall as recommended by the Selectmen. Seconded by Bill Congreve. Discussion follows.

Voice vote declared too close to call by the Moderator. On a standing vote the 3rd amendment passes easily.

The article passes as amended # 3 which now reads:

To see if the Town will raise & appropriate the sum of \$15,000.00 for the renovations to the Stoddard Town Hall as recommended by the Selectmen.

ARTICLE 42 IS ADOPTED AS # 3 AMENDMENT

ART. 15: To see if the Town will vote to raise and appropriate the sum of \$250,308.00 to defray Town charges for the ensuing year. *The Selectmen recommend this appropriation.* Motion by Sandy Holland, seconded by John Halter.

Discussion by Harry Power asking for explanation on increases in the Financial Administration #4150. Selectman Halter explains rising fuel costs & compliance officer for the increase.

ARTICLE 15 IS ADOPTED.

ART. 16: To see if the Town will vote to raise and appropriate the sum of \$8,180.00 as the operating budget for the Stoddard Planning Board for the ensuing year. *The Planning Board and Selectmen recommend this appropriation.*

Motion by Beverly Power, seconded by Pat Putnam. No discussion.

ARTICLE 16 IS ADOPTED.

ART. 17: To see if the Town will vote to raise and appropriate the sum of \$1,125.00 for membership with the Southwest Region Planning Commission for the ensuing year. The Planning Board and Selectmen recommend this appropriation.
Motion by Pat Putnam, seconded by Bev Power. No discussion.
ARTICLE 17 IS ADOPTED.

ART. 18: To see if the Town will vote to raise and appropriate the sum of \$2,094.00 as the operating budget of the Stoddard Zoning Board of Adjustment for the ensuing year. The Zoning Board of Adjustment and Selectmen recommend this appropriation. Motion by Bev Power, seconded by Pat Putnam. No discussion.
ARTICLE 18 IS ADOPTED.

ART. 19: To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to maintain E-911 records. The Selectmen recommend this appropriation.
Motion by John Lightbody, seconded by PJ Lamothe. No discussion.
ARTICLE 19 IS ADOPTED.

ART. 20: To see if the Town will vote to raise and appropriate the sum of \$38,400.00 for the operating budget of the Stoddard Police Department. The Police Department and Selectmen recommend this appropriation.
Motion by David Vaillancourt, seconded by Jo-ann Vaillancourt. No discussion.
ARTICLE 20 IS ADOPTED.

ART. 21: To see if the Town will vote to raise and appropriate the sum of \$7,000.00 for Antrim ambulance service for the ensuing year. The Fire and Rescue Department and Selectmen recommend this appropriation.
Motion by Marylou Eaton, seconded by PJ Lamothe. No discussion.
ARTICLE 21 IS ADOPTED.

ART. 22: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for paramedic intercept services from Diluzio Ambulance Service, LLC, City of Keene, Fire Department or any other agency the Stoddard Fire & Rescue Department utilizes. The Fire and Rescue Department and Selectmen recommend this appropriation. Motion by Louis Clark, seconded by PJ Lamothe. PJ explains about the paramedic intercept that may be needed.
ARTICLE 22 IS ADOPTED.

ART. 23: To see if the Town will vote to raise and appropriate the sum of \$42,000.00 for the operating budget of the Stoddard Fire & Rescue Department for the ensuing year. The Fire and Rescue Department and Selectmen recommend this appropriation. Motion by PJ Lamothe, seconded by Joe Sarcione. Mr. Baggs thanks the Fire & rescue for the fine service given to his wife & himself. A round of applause.
ARTICLE 23 IS ADOPTED.

ART. 24: To see if the Town will vote to raise and appropriate the sum of \$3,500.00 for the operating budget of the Stoddard Fire Warden. The Fire Warden and Selectmen recommend this appropriation. Motion by Joe Sarcione, seconded by Louis Clark. No discussion.
ARTICLE 24 IS ADOPTED.

ART. 25: To see if the Town will vote to raise and appropriate the sum of \$195,806.00 for winter and summer maintenance, emergencies and planned repair of Town roads and bridges. The Selectmen recommend this appropriation.

Motion by David Vaillancourt, seconded by Louis Grandpre'.

Discussion follows .

AN AMENDMENT by Beverly Gay to decrease the amount to \$145,806.00..Seconded.The article would then read: To see if the Town will vote to raise and appropriate the sum of \$145,806.00 for winter & summer maintenance, emergencies & planned repair of Town roads bridges.

More discussion by Pat McMahon, Lou Grandpre'on King Street paving recommending to keep the original amount the same.More discussion.

ARTICLE 25 AS AMENDED FAILS.

Back to the original motion. Joe Sarcione questions the increase from last year. Selectman Grandpre' explains higher cost in paving & plowing. Joe feels everything is not being done by the contract especially ditches.

ARTICLE 25 IS ADOPTED AS PRESENTED for the amount of \$195,806.00.

ART. 26: To see if the Town will vote to raise and appropriate the sum of \$191,200.00 for Recycling and Transfer Station expenses for the ensuing year. The Selectmen recommend this appropriation. Motion by John Halter, seconded by Sandy Holland. Discussion follows: Contract of 3 years has 2 years left. Extra bin on site for electronic equipment, (TV'S Computers etc.) is an extra cost.

ARTICLE 26 IS ADOPTED.

ART. 27: To see if the Town will vote to raise and appropriate the sum of \$1,900.00 for The Community Kitchen Inc. in Keene, NH for reimbursement of services provided to Stoddard residents for the 2008 year. **(By Petition)** The Selectmen recommend this appropriation. Motion by Marylou Eaton, seconded by Marsha Kayser.

No discussion.

ARTICLE 27 IS ADOPTED.

ART. 28: To see if the Town will vote to raise and appropriate \$800.00 for HCS - Home Healthcare, Hospice and Community Services to support the continuance of visiting nurse and home health services being provided to the residents of Stoddard. **(By Petition)** The Selectmen recommend this appropriation.

Motion by Marylou Eaton, seconded by Marylou Stymest. No discussion.

ARTICLE 28 IS ADOPTED.

ART. 29: To see if the Town will vote to raise and appropriate a sum not to exceed \$1,200.00 to support an exercise program funded for the Senior Citizens of the Town of Stoddard, designed by the Home Healthcare, Hospice and Community Service, known as "AGE IN MOTION". This program for all area Seniors (60+) will meet in the Town Hall on Tuesday and Thursday afternoons for a period of 10 weeks. The funds will cover the cost of a trained physical exercise leader and equipment. **(By Petition)**....

The Selectmen recommend this appropriation. Motion by Pat McMahon, seconded by Marylou Eaton. Discussion: Pat McMahon asks if this is enough money to support this program. The amount by petition is what they asked for which should be enough.

ARTICLE 29 IS ADOPTED.

ART. 30: To see if the Town will vote to raise and appropriate the sum of \$1,250.00 for Monadnock Family Services, a non-profit agency which provides quality mental health services to residents of Stoddard and which is requesting said amount to help underwrite the cost of services provided to residents. The amount is based on a per capita fee of \$1.25 based on the 2006 census. MFS has not raised the per capita cost this year. **(By Petition)**

The Selectmen recommend this appropriation.

Town Budgets & Financial Records

AUDITOR'S REPORT

The records of the Selectmen, Town Clerk, Tax Collector, Treasurer, Trustee of the Trust Funds, Cemetery Commission, and Library Trustees have been examined pursuant to RSA 41:31 for the year ending June 30, 2009.

This audit was conducted by balancing all accounts, checking all income and expense vouchers and verifying the method of handling all aspects of the financial positions of the Town of Stoddard. This included the procedures used by the duly elected Officers and appointed personnel charged with the responsibilities of the positions listed above.

In the opinion of this Auditor, the above accounts, together with their financial statements, present fairly the financial position for the year end of the Town of Stoddard. These records also conform to generally accepted accounting principles applied using the cash basis method.

Respectfully submitted,

Gale Saleski, Auditor

Kathleen Whitcomb, Auditor

Town of Stoddard

Granite Lake Village District

**STATE OF NEW HAMPSHIRE
GRANITE LAKE VILLAGE DISTRICT**

To the inhabitants of the Granite Lake Village district in the towns of Nelson and Stoddard NH, located in Cheshire County who are qualified to vote in Village District affairs, you are hereby notified of the annual meeting to be held at the Chapel-by-the-Lake in Munsonville, NH on Saturday, April 24, 2010 at 9:00 A.M. to act on articles 1 through 8, including election of officers.

Article 1. To choose one commissioner for a term of three years and to see who the inhabitants of the District will elect for the offices of Clerk, Moderator, and Treasurer, each for the term of one year. Nominated for Commissioner, Brian Pratt; Clerk, Sally Ripley; Moderator, John Halter, and Treasurer, Barbara Ropiecki.

Article 2. Shall the village district accept the provision of RSA 33.7 providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Commissioners to issue tax anticipation notes? (Majority vote required.)

Article 3. To see if the District will vote to raise and appropriate the sum of \$2,000.00 to defray Village District expenses for the ensuing year and make appropriations of the same.

Article 4. To see if the District will vote to raise and appropriate the sum of \$750.00 to purchase liability insurance to cover the District.

Article 5. To see if the District will vote to raise and appropriate the sum of \$5000.00 to add to the Capital Reserve Fund for dam maintenance/repair/replacement established Dec.2008.

Article 6. Shall the Village district accept the provisions of RSA 31:95-b providing that any village district at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the commissioners to apply for, accept and expend, without further action by the village district meeting, unanticipated money from a state, federal, or other governmental unit or a private source which becomes available during the fiscal year?

Article 7. To see if the District will appropriate the sum of \$3000.00 left from last year's surplus to pay for an updated hydrology study allowing the District to raise the dam planks 24 inches from 21 inches as needed.

Article 8. To see if the District will vote to have its next annual meeting on Saturday, April 23, 2011 A.M. at the Chapel-by-the-Lake, Munsonville NH

Respectfully submitted,

Sally Ripley, Clerk

Granite Lake Village District: Summary of Minutes of Annual Meeting 2009

At 9:03, Moderator John Halter called the meeting to order and read the opening warrant paragraph: To the inhabitants of the towns of Nelson and Stoddard, NH, located in Cheshire County and those qualified to vote in the Village District, you are hereby notified of the annual meeting to be held at the Chapel-by-the-Lake, Munsonville, NH, on Saturday, April 25, 2009 at 9:00 a.m. to vote on Articles 1-9 and election of officers.

Article 1. To choose one commissioner for a term of three years and to see if the inhabitants of the district will elect for the office of Clerk, Moderator, and Treasurer, each for the term of one year. The following people are nominated: Phil Hamilton, Commissioner; Sally Ripley, Clerk; John Halter, Moderator; Barbara Ropiecki, Treasurer. *Article moved, seconded, and unanimously approved.*

Article 2. To see if the District will vote to authorize the Commissioners to borrow in anticipation of taxes. *Article was moved and seconded and after a brief discussion passed unanimously.*

Article 3. To see if the District will raise and appropriate the sum of \$2600.00 to defray Village District expenses for the ensuing year and make appropriations of the same. *Article moved, seconded and unanimously passed without discussion.*

Article 4. To see if the District will raise and appropriate the sum of \$750.00 to purchase liability insurance to cover the District. *Article was moved and seconded. Discussion focused on the limits and type of insurance. The cost was questioned and the moderator responded that when the GLVD was formed about 16 years ago, it was in order to purchase insurance at a considerable savings as a municipality rather than a private association. The dam itself falls into the low-risk category. The vote in favor was unanimous.*

Article 5. To see if the District will raise and appropriate the sum of \$1500.00 to add to the capital reserve fund. *Article was moved and seconded "Barb" said she had spoken to the state, which had requested an amendment stating what the money would be used for. "Kevin" offered "capital reserve fund for maintenance and repairs of the dam," and the motion was formally made, seconded and the amendment opened for discussion. Points made: DRA requires that there must be a specific purpose for a reserve fund; not routine maintenance but major repairs or rebuilding. To take money out of a reserve fund, a warrant article is required. In response to a question about the present size of the reserve fund, "Barb" responded that it is presently \$1500 plus interest since December; it was set up with the fund agent for the trustees of trust funds in Stoddard, as a CD earning 2.72% interest. In response to a comment about the small size of the fund, she added that last year the GLVD withdrew the entire balance of the fund to pay for the dam project. The funds are not commingled with Stoddard's. The wording finally settled on was "Capital reserve fund for dam maintenance/ repair/ replacement of the dam established Dec. 2008". Votes on the amendment and Article 5 were both affirmative.*

Article 6. To see if the District will vote to pay off in full the construction loan balance of \$14,600.36 to avoid additional interest fees. *Motion was promptly moved and seconded, after which the moderator stated that the article must immediately be amended to read "raise and appropriate" to follow state regulations. The amendment was moved, seconded and voted in the affirmative. A detailed discussion followed. The major information offered included: This article will raise next year's tax bill by a factor of 3.2 for the Village District portion of the tax; after that the rate will go down again, barring a catastrophic problem. The initial cost of the repair was \$9,000 and Nelson paid half of that because their road crosses the box culvert. We had money left over in the old reserve fund and about \$39,000 is left. "Barb" stated that paying the loan off rather than extending it for the full ten years would save \$3,032 in interest. It was suggested that given the coming need to reface the dam, it might be advisable to increase the reserve fund, perhaps by \$5000. The amended article was read: 6. To see if the District will raise and appropriate the sum of \$14,600.36 to pay off in full the construction loan balance to avoid additional interest fees. Motion was made and seconded. The vote was affirmative. "Barbara's" hard work in getting the lowest rate possible on a construction loan was commended.*

Article 7. To see if the District will accept funds from the Granite Lake Association, or from any other source, for dam maintenance, repair and/or replacement. Motion was moved and seconded. *"Phil" offered an amendment reading: "to see if the District will accept funds from the Granite Lake Association or any other source, to be put in the capital reserve fund for dam maintenance, repairs, and /or replacement". In response to a question about the allowable use of general fund money, the moderator said that general fund and reserve funds were for impoundment of water only. Further discussion ensued about the differences between the Granite Lake Association and the Granite Lake Village District, after which the amendment was moved and seconded. The moderator read the amended article and called for a vote, which was affirmative*

Article 8. To see if the District will raise and appropriate the sum of \$3,000.00 to pay for an updated hydrology study allowing the District to raise the dam planks up to 24 inches from 21 inches as needed. *Motion was moved and seconded. An extended discussion developed about the implications of the raised plank level, the winter water level and the differing perspectives of DES, whose primary concern is dam safety, and Fish and Game, which emphasizes the lake ecosystem. It was pointed out that \$3000 will not be available until December, though the funds could be borrowed in anticipation of taxes. The article was voted affirmatively.*

Article 9. To see if the District will vote to hold its next annual meeting on April 24, 2010 at 9:00 A.M. at the Chapel-by-the-Lake, Munsonville NH. *In response to a question, it was noted that only if the fiscal year ended June 30 would it be possible to hold the meeting in the summer to accommodate people who do not arrive till then. Article moved and seconded. Vote was affirmative.*

The moderator requested a motion to adjourn, which was moved, seconded and voted affirmatively. The meeting was adjourned about 10:15.

Respectfully submitted

Sally Ripley, Clerk
