ANNUAL REPORTS 1969

1762 - 1969

FITZWILLIAM N. H.

THE COVER

The cover of this years Town Report will be recognized as the map of Fitzwilliam with a border of corner monuments and boundary markers designed by Jane Fiske. Mrs. Fiske's sketches were made from an album of photographs of these historic markers taken during the 1969 perambulation of the Town boundaries by the Selectmen.

Most of the monuments were erected about 1847, replacing some of the original "stake and stones" which were "spaced with 80 rods intervening".

From 1847 to about 1900 those responsible for perambulating the town boundaries carried a hammer and chisel and actually recorded the date of their visit by cutting the year into the faces of the monuments.

The monuments on the New Hampshire — Massachusetts state line were erected in 1894 and are characterized by their uniformity and having the line of the compass reading cut into the top face of the monument.

SELECTMEN'S REPORT

This 1969 Annual Report brings to an end the 60's, a decade in which many historic events took place. Even in such a small community as Fitzwilliam we have experienced the onrush of change. The one change, which in the long run, will have the most far-reaching effect is, of course, the incorporation of our local school into a regional educational system. It is not the purpose of this report to discuss the merits of our involvement in this cooperative venture except for its impact on the local tax structure. When we consider that 80% of our tax dollar goes for education it is understandable that our ability to provide local services does suffer. The dollar amount spent for roads, health, old age assistance and the needs of the poor were less in 1969 than in 1959. In this 10-year period, the overall amount spent for essential town services and functions has increased 50%. Our share of county costs are up 70% while the school assessment has risen 300%. In the same period the amount of uncollected property taxes, at the end of the fiscal year, has increased 1000%. If this trend is not reversed, or brought into balance with the present revenues, the only answer is an increased burden on the local taxpayer.

As in the two preceding years, the assistance of an appraiser, from the office of the State Tax Commission was employed in 1969 to assess new and improved properties. It will be noted elsewhere in the report that net assessed valuation of the Town increased approximately \$557,495.00. To facilitate the record keeping necessary to expedite the work involved in getting out the tax bills, the Board of Selectmen is considering employing the services of an accounting firm to compile the inventory, prepare the tax warrant and print the tax bills. This type of service is being used by more towns each year. After the first year, the cost should be less than at present and should result in a more uniform and safer system for our vital tax records.

The amount stated in the budget for town buildings includes the sum of \$1,200.00 for painting the exterior of the Library Building and \$2,700.00 for repairs to the roof of the Town Hall. The repairs to the Town Hall roof were scheduled for last year. Because of leaks in the oil storage tanks located in the basement of the building the installation of an outside underground storage tank was necessary. Money budgeted for the roof repairs was diverted to this emergency. A warm air heating, with two heating units was installed in the Library.

The Highway Department has functioned with a minimum of personnel and has tried to meet the requirements made upon it. The amount spent for general maintenance exceeded the budget while only about 25% of the amount budgeted for oiling was used.

A truckdrivers' strike and adverse weather conditions were contributing factors to the inability to get the usual amount of oiling done. The demand for salt and sand continue to take a larger part of the highway appropriation.

The Kemp Brook project will require about \$1,000.00 to complete. In this connection, the Board of Selectmen suggest that favorable consideration be given to Article 12 in the Warrant.

Under the TRA Program last year the final section of the Fullam Hall project was completed. The Selectmen have requested that a survey of the East Lake Road

be completed at the earliest possible date so that construction can get started with a minimum of delay. If favorable action is taken on the TRA item in the budget there will be approximately \$25,000 available for this project this year. It is the understanding of the Board of Selectmen that it may be possible to start work in that section of road which is between the Brigham Hill Road and Quarry Hill, then working north or south from this point.

The Board of Selectmen urge that favorable consideration be given to the amount, included in the budget by the Budget Committee, for the exchange of the present "payloader" for a new model of the same make or a similar model of another make. The present unit is 13 years old and continually needs more repairs. These repairs are not only costly but tie up the equipment at times when it is urgently needed. If the Town votes for the exchange, consideration will be given to the unit that can most readily be adapted to one of the snow plows the department now has. Article 18 has been placed in the Warrant, by the Selectmen, to dispose of other unusable items.

The matter of primitive or abandoned roads continues to be of serious concern to the Board of Selectmen. A research of the Town records dating back to 1900 lead to the conviction that the voters should give serious consideration to Article 19.

The following quote from an article in the winter issue of *Managing our Resource Environment*, by Prof. S. B. Weeks, Resources Economics Dept. U.N.H. is most timely. "Quote "---If the road has been "discontinued, subject to gates and bars" by vote of the town, that town is no longer responsible for maintenance but still retains all rights to the land for highway purposes. Such roads may be used by the public and they may be re-opened as a regularly maintained town road by vote.

When a road is "discontinued" by vote at town meeting without the phrase "subject to gates and bars" the existing right-of-way reverts to the abutters and the public loses all rights to the former public way. Such roads cannot be re-opened without acquiring a new right-of-way.

There are many miles of abandoned roads which have closed without a vote to "discontinue". These are classified as Class VI roads if they have not been maintained by the towns for five successive years. The public may use these roads."

It is hoped that a better understanding of the town's liability will result in a favorable vote.

The members of the Historic Commission have given considerable time to the study and layout of a Historic District. The map as laid out by the Commission encompasses four historic areas for the purpose of preserving the colonial character of our town. The basic plan of the proposed district conforms to the original layout of the town by Lots and Ranges.

In the original plan of Lots and Ranges the corner and boundary markers were generally "stakes and stones". These were gradually replaced with stone monuments and markers as indicated on the cover of this report. For many years the state law

required that the Selectmen, or an agent chosen by them, perambulate the boundaries every seven years to inspect the monuments and markers and renew the dates thereon. The 1969 legislature amended the law with the additional requirement that a copy of the perambulation report be recorded with the Secretary of State.

During the fall months, all known corner monuments and boundary markers were visited, dated and photographed by the Selectmen. A complete perambulation report is in the Selectmen's office and a like record has been filed with the Town Clerk and the Secretary of State. Two of the boundary markers on the Rindge line should be reset. It would also be desirable to have the boundary lines trimmed and marked, especially the New Hampshire and Massachusetts state line. The Selectmen wish to thank Mr. Harry Bennett of Richmond and Mr. Howard Ellis, Mr. Walter Stone and Mr. Felix Tommila of Fitzwilliam for their assistance in locating some of the more remote monuments.

While school affairs are not the primary obligation of the Board of Selectmen, the matter of Fitzwilliam's participation in Monadnock Regional School District does continue to be of great concern to many taxpayers. It is hoped that new proposals regarding the distribution and funding of foundation aid at the state level will be of some relief to Fitzwilliam taxpayers. The Selectmen have also been assured that steps have been or will be taken to ensure that all the property in the district will be assessed and taxed at the same rate.

The increased numbers of Fitzwilliam children as well as the added enrollments in other towns should be noted. A report of the Future Needs Committee is of particular interest and concern to many families with children about to enter the primary grades. To ensure that the elementary students remain as close to their homes as possible, a study might be made by those interested of the feasibility and/or possibility of the Town providing preschool and primary facilities on a lease basis.

The Board of Selectmen wish to express their appreciation to Miss Clara Quereau who retired as Town Treasurer on December 31, 1969. As treasurer of the School District from 1953 to 1961 and Town Treasurer from 1961 to 1970, Miss Quereau contributed greatly to the effectual management of school and town financial affairs. Mrs. Helmi Tommila who served as school board member from 1945 to 1948 and Financial Secretary to the School Board from 1955 to 1961 was appointed by the Selectmen to succeed Miss Quereau.

Respectfully submitted,

John R. Damon, Chairman
Howard C. Holman
William H. Davis, Sr.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 11, 1970

Board of Selectmen
Fitzwilliam, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Fitzwilliam for the fiscal year ended December 31, 1969, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given the Town Clerk as part of the permanent records.

SCOPE OF THE AUDIT

Included in the examination and audit were the accounts of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library, Village Precinct and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets - December 31, 1968 - December 31, 1969
(Exhibit A-1)

Comparative Balance Sheets, as of December 31, 1968 and December 31, 1969, are presented in Exhibit A-1. As indicated therein, the Surplus increased by \$22,959.17 in 1969, from \$9,856.58 to \$32,815.75. Inasmuch as there were no outstanding long-term notes or bonds on December 31, 1969, the Balance Sheet surplus of \$32,815.75 also represented the Current Surplus (excess of total assets over current liabilities) on that date.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1969, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net unexpended balance of appropriations of \$16,135.08, less a revenue surplus of \$10,618.02, resulted in a net budget surplus of \$26,753.10.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1969, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1969, as indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicted in this report are therefore subject to any changes which may be necessitated by the return of the verification notices.

GENERAL COMMENTSCorrection of Errors in Tax Lists and Warrants:

Attention is called to R.S.A. 76:14, relative to the correction of errors in the tax lists and warrants delivered to the Tax Collector. This statute provides as follows:

"76:14 Correction of Omissions or Improper Assessment. If the Selectmen, before the expiration of the year for which a tax has been assessed, shall discover that the same has been taxed to a person not by law liable, they may, upon abatement of such tax and upon notice to the person liable for such tax, impose the same upon the person so liable. And if it shall be found that any person or property shall have escaped taxation, the Selectmen, upon notice to the person shall impose a tax upon the person or property so liable".

Accordingly, taxes assessed in error should be corrected by the issuance of abatements, and taxes omitted from the original warrants given to the Tax Collector should be assessed on added tax warrants.

Uncollected Taxes:

As of December 31, 1969, delinquent property, poll and head taxes amounting to \$661.25 on account of the levies of 1967 and prior years remained outstanding on the Tax Collector's warrants.

The lists of uncollected taxes should be reviewed and where required, abatements should be issued by the Selectmen. The Tax Collector should take the necessary steps required to enforce collection of the remainder of these delinquent taxes.

Unredeemed Taxes:

As indicated in Exhibit C-2, there were, as of December 31, 1969, unredeemed taxes from the tax sales of the levies of 1966 and prior years as follows:

Levy of 1966	\$2,560.90
Levy of 1965	395.45
Levy of 1964	261.43
Levy of 1963	101.06
Levy of 1962	118.92
Levy of 1961	37.45
Levy of 1960	7.03
Levy of 1959	6.90
Levy of 1956	30.50
	<u>\$3,519.64</u>

Inasmuch as the statutory two-year period for redemption from tax sales has expired on these unredeemed taxes, the Tax Collector should deed all of the properties involved to the Town.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report of the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Fitzwilliam for their assistance during the course of the audit.

Yours truly,

s/O. Maurice Oleson, Director
Division of Municipal Accounting
State Tax Commission

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

FIRE PERMIT

A fire permit is needed for all outdoor fires in our newar woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

Exceptions: Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

PENALTIES

1. For kindling a fire without a permit. Maximum of \$200 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it, the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of \$25.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

FIRE WARDS' REPORT FOR 1969

The year 1969 saw the Fire Department respond to 30 calls - all of which were of a minor nature. Again this year we did not have a major fire loss.

In our budget we have asked for \$775 .00 to replace the base station radio located at the Depot station. This radio is 12 years old and any major repairs that have to be done would cost more than the radio is worth. We hope you will approve this item to help keep our equipment in A-1 condition.

We wish to thank the following people for the free radio coverage given the Town from their homes - Dorothy and Edward Grant, Marilyn and Robert Dunton, and Jane and Winston Wright. These people perform this coverage every year and without them our job would be much harder to accomplish.

To the men at the Meadowood County Area Fire Department, we express our sincere thanks for their continued free support to our community of their equipment.

In 1969 the men of the Fire Department donated \$1,650.00 to the Department to buy various pieces of equipment. Also, they donated \$1,790.00 to the other organizations of need. To the men we as Fire Wards express our appreciation for their support.

The Fire Wards have been investigating the future needs of the Department. We feel serious consideration should be given to the new fire station in the near future.

Again we wish to thank the townspeople for their fine fire prevention.

REPORT OF POLICE DEPARTMENT

The Police Department has provided year-round protection for our Township and assisted other Town Police Departments, along with State Police and Sheriff's Department.

The domestic animal problem in this town is growing and without proper respect for laws governing this, laws made by the citizens, it will be out of control.

Another increasing problem is snowmobiles used and operated in our town. No respect by a few will cause increased state control and take the "fun" out of it.

Our members attended police schools sponsored by Keene P.D. and Sheriff's Dept. where personnel from F.B.I. and State Police were instructors.

We wish to thank for all cooperation from Town Officials, citizens and all others who assisted us in this past year.

REPORT OF THE PLANNING BOARD

The Town Planning Board has held its regular meetings once a month during the year and, in addition, has held many special meetings. The Board now meets the first Thursday of every month.

During its deliberations, there has been much concern over the need for orderly growth of the town. It has now become quite evident that the town should reserve areas for future recreational needs. The Board has recommended that funds be provided by the Budget Committee for the development of a public beach for townspeople at Laurel Lake. While some of our neighboring towns are not so fortunate as we are in having a beautiful lake in their towns they have developed beaches for the use of their townspeople. We have none, and while we realize that it would have been less costly if this step had been taken years ago, we feel that any delay will be more costly.

The Board also feels that there should be a supervised summer program for children, probably at Emersan School. We are presently studying this program.

Another serious concern of the Planning Board is the lack of any regulations for the development of sub-divisions. As it now stands, any developer could purchase large areas of land and develop them with no concern as to what effect it would have on the town. We feel that developers must prevent overcrowding of the land, build standard roads, have proper drainage and provide adequate safety from fire. As our neighboring towns enact regulations Fitzwilliam becomes more vulnerable. We must naturally assume that the maintenance of roads built in these sub-divisions will eventually have to be taken over by the town, so the original construction is important.

Some study has been made of the possible need of a town water supply in the near future. It has been pointed out that industrial plants need water sprinkling systems, and the lack of a water system in town may have serious effect on the growth of business.

The Planning Board has recommended some ordinances to protect the interests of the town and its residents and they appear as Articles in the Town Warrant.

The Board wishes to express their thanks to all those people who have assisted them in the past year.

Respectfully submitted,

Daley E. Whipple
Chairman

REPORT OF THE LIBRARIAN - 1969

The library has been improved in various ways this year - a new furnace was installed in November, and is proving very satisfactory. Mr. Joseph Roche made two step-stools and a drawer for the office, free of charge. He also installed a book drop in the door last February which has been a big help in getting back overdue books.

Painting in the Reading Room was finished by volunteer workers of the Fitzwilliam Sewing Circle, who also donated and made lovely antique gold drapes for the Reading and Circulating Rooms. Then they purchased and put up, in these rooms, new white shades. More painting is needed in the Stacks and Childrens' Room and it is to be hoped the outside could be painted, too. The Garden Club kept us supplied with fresh flowers during the summer, which added beauty to our Circulating Room. The Club also had wooden snow protectors made and put over the shrubs for winter protection.

A total of 338 new books were added to our collection. One memorial book was purchased for Mrs. Sarah Pike, a past president. Many books were donated during the year by various people and we are happy to have had this help.

Books borrowed by patrons	4,519	State Books	100
Records	223	Magazines	489

The Bookmobile made 3 visits and we borrowed 1,186 books from them. I sent to Concord State Library for 100 special books. This is the last year the State will give \$100 for reference books - it is to be distributed on a different basis in the future.

Miss Sturtevant and I attended 5 Book Selection Meetings during the year and also several special meetings. Miss Krause and Miss Crosby visited our Library in November. Miss Krause is a State Official from Concord and Miss Crosby is Keene's new Consultant.

Miss Sturtevant has taken books to shut-ins on a regular basis and took charge of a summer reading program for children 6 to 12 years. Twenty five children took part and we hope to do this again next year. Miss Isabelle Bosworth put in over 100 hours of volunteer work helping me with the cataloging and filing. This work should be finished in 1970.

We thank the ladies who did volunteer work in the Library. Without their help this work would not have been done.

I have been happy to have the help of Miss Sturtevant again this past year.
