SELECTMEN'S REPORT

TO THE CITIZENS AND TAXPAYERS OF FARMINGTON, NEW HAMPSHIRE

In submitting our report for the year just closed, we wish to call attention to a few points which in our opinion will interest all citizens of the town.

At the March meeting the voters authorized us to purchase two Ford ton trucks, which we did, at a cost of \$1,400. We were then confronted with the necessity of building a garage in which to house them. This was accomplished, at a cost of \$354, by building an addition to the tractor shed in the rear of the town hall.

As we already had a tractor purchased with the intention of lessening the expense of road work, it was necessary to have a road machine strong enough to use with it. Accordingly, we bought a Stockland grader and scarifier combined at a cost of \$1,006.75. A study of the following report will show the cost of the summer road work to be \$8,230.43, as compared with \$9,944.95 for the year 1926, a saving of \$1,714.52. This, in spite of the severe rains, which, as you know, raised havoc with all country roads, necessitating a good deal more work than usual.

At the town meeting you voted to continue the state road on Charles street. This road was started but we were obliged to leave it incomplete in order to work on some of our country roads which were in a dangerous condition owing to the heavy rains. We would also call to your attention the fact that we were able to keep the cost of the state road down by using the remainder of the Mad river appropriation. This was done by taking the rocks from Charles street to reinforce the banks of the river, thus taking care of two items under one expense account. It is our belief that this was a fortunate

maneuver as the river would otherwise have done a lot of damage at the time of the flood.

Your appropriation of \$1,000 for the repairs of sidewalks was insufficient to attract an outside contractor. Owing to the amount of road work to be done, that department was unable to attend to this, therefore, you have on hand the original appropriation.

In closing, we would call your attention to the fact that although handicapped at the beginning of the year by the Trask lawsuit, which we were fortunate enough to settle out of court for the amount of \$2,420, we were able to reduce the debt \$1,774.37.

The following report will give you an exact record of the transactions made by us for the year 1927.

Respectfully submitted,

HARRISON G. WALDRON,

LEON E. KNOX,

ERROL S. HALL,

Selectmen of Farmington.
